Sub: Submission of Revised Annual Report for the Financial Year 2024-25.

Dear Sir/ Madam,

This is to inform you that the Company had submitted its Annual Report for the financial year ended 31st March, 2025 on 20th August, 2025.

However, it has been observed that Note No. 47 – Segment Reporting was inadvertently missed out in the Notes to the Financial Statements section of the Annual Report. Accordingly, we are submitting herewith the Revised Annual Report for the financial year 2024-25, wherein the said note has now been appropriately included.

We confirm that except for the inclusion of the omitted note, there are no other modifications in the financial statements or the Annual Report.

We sincerely regret the inadvertent omission and inconvenience caused.

The revised Annual Report is being submitted in compliance with Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We request you to kindly take the same on record and update the records accordingly.

Thanking You,
for **Lehar Footwears Limited**

Stepping Ahead with Purpose

At Lehar Footwear, every pair of footwear weaves a tale of creativity, resilience and a commitment to superior quality. From fashionable open-toe sandals to sturdy school shoes, our extensive footwear collection has made its way into homes all over India and beyond. Like a work of art, our products are carefully designed to blend style, comfort and durability, allowing us to serve a wide range of customers from all walks of life and satisfactorily address their evolving needs.

We delivered our highest-ever revenue of ₹ 277.2 Crores in FY2024-25, a milestone made possible through resilience, a strategic roadmap, and disciplined execution, even in a subdued industry environment.

By strengthening manufacturing and team competencies, we prioritised product innovation, expanded core segments and reimagined collections with improved designs for better grip while maintaining trusted quality. Efficient resource allocation and operational efficiencies contributed to better margins and cash flows. Consolidated our position in domestic markets while distribution channels and maintained steady growth in international markets through stable exports. Strategic brand building efforts and an enhanced digital presence helped us improve customer engagement and gradually expand our customer reach.

As part of our commitment to support the government's nation-building initiatives, we have taken a bold step by diversifying into a new business segment – supplying

tool kits under the PM Vishwakarma Scheme. This strategic move aligns with the government's vision of promoting inclusive growth by fostering skill development and promoting self-reliance among traditional artisans and workers across India. As a preferred vendor with an early mover advantage under the scheme, this major opportunity enables us to step beyond footwear and expand our reach. By providing quality tool kits, we aim to scale responsible growth while empowering livelihoods and strengthening India's skills and economic development.

Leading the way in non-leather mass footwear manufacturing in North India, Lehar Footwear steps ahead with clarity, confidence and agility. Leveraging clear growth visibility, we will continue to deliver real value through every product we create: putting people, purpose and progress at the core of our journey.

About Lehar Footwear

Shaping the Future of Mass Footwear

Lehar Footwears Limited (Lehar Footwear), a homegrown brand established in 1994, has consistently pursued innovation and excellence to fulfil the non-leather footwear aspirations of diverse customer categories. Our core focus is the open footwear segment, where we specialise in manufacturing non-leather footwear and EVA/PVC/PU injected footwear products, suitable for all occasions.

Today, we are recognised as a leading non-leather mass footwear manufacturer in North India, celebrated for our high quality, stylish, comfortable and durable products that consistently meet and exceed customer expectations, positioning us as a key player in the mass footwear industry.

Guided by seasoned leadership, we have focussed on understanding our customers' needs and evolving preferences while staying attuned to the latest fashion trends. With this approach and supported by an experienced R&D team, we have developed a comprehensive range of non-leather footwear featuring contemporary and trendy designs, including slippers, school shoes, sandals, canvas and sports shoes.

Our products are manufactured at 5 world-class integrated manufacturing facilities in Rajasthan and Haryana, with majority of our products being BIS compliant.

Additionally, we maintain robust omni-channel distribution channels and branding strategies to complement our manufacturing capabilities. Our products are widely available to customers through a wide network of wholesalers and distributors spread across India and exported to regions in Asia, Africa and the Middle East. We supply footwear, particularly school shoes, to state governments under welfare schemes via Business to Government (B2G) sales. Additionally, we have a solid presence through retail outlets and large format stores including DMart, FirstCry, Reliance Retail, Spencer's and V2 Retail. Capitalising on the rise of digital trends, our products are also sold on major e-commerce websites such as Flipkart and Bijnis.

By offering footwear suited to everyday needs, we have established ourselves as a one-stop destination for all footwear needs. Building on this trust and sustaining our

Product Suite

Footwear for Every Need

From everyday comfort to formal wear, we offer an extensive range of footwear to support diverse customer needs. Each product is crafted with precision to deliver style, durability and comfort to the wearer. Uniquely designed and competitively priced, our products adhered to the highest quality standards, representing the brand 'Lehar' with trust and consistency.

ENTERED FAST-GROWING EVA AND SPORTS SHOES FOOTWEAR CATEGORY

During the year, we strategically entered the fast-growing EVA footwear segment, in line with our commitment to innovation and fulfilling evolving consumer preferences. EVA footwear is witnessing strong demand, due to its superior attributes, such as lightweight comfort, durability, water resistance and affordability, making it increasingly popular across diverse demographic and geographic segments.

The EVA segment in India has demonstrated robust growth in recent years, driven by rising consumer preference for casual and utility footwear.

Recognising this structural trend, we, at Lehar Footwear, have launched a focussed range of EVA slippers and sandals with contemporary designs and competitive pricing, leveraging our existing manufacturing capabilities and extensive retail network.

Additionally, we are diversifying into the fast growing sport shoes category to cater to customer demands across age groups. To support this, we have set up a dedicated manufacturing facility, marking a significant step in expanding our portfolio and strengthening our presence in the footwear market.

New Business Segment

Diversifying Growth with New Opportunities

In FY2024-25, we embarked on an exciting new business avenue: supplying tool kits under government welfare schemes. This marks a significant milestone forward in our commitment to growing with purpose.

Our agreement with National Small Industries Corporation (NSIC) through the PM Vishwakarma Scheme represents a big leap towards diversifying our revenue streams and customer reach while contributing to the nation's economic development.

ABOUT PM VISHWAKARMA YOJANA

The Central Sector Scheme, with an initial outlay of ₹ 13,000 crores, is a flagship employment generation programme of the Government of India, expected to benefit 30 lakh families. It aims to provide 360-degree support to artisans and craftspeople across 18 trades, through skill training, providing tool kit and credit access

KEY HIGHLIGHTS OF TOOLKIT BUSINESS

- The agreement, valued at ₹ 298 crores, is signed with NSIC for the supply of tool kits under the PM Vishwakarma Scheme, transitioned from proof-of-concept to high-scale execution
- Expected to secure additional orders under the current scheme
- Lehar Footwear is one of the major vendors under the PM Vishwakarma Scheme
- Scope of work under the current agreement includes management of the entire supply chain covering procurement, assembling, packaging, warehousing, quality control and last-mile delivery of carpenter tool kits, as prescribed by NSIC
- Components of the tool kits to be partly manufactured in-house and partly outsourced
- Develop a network of domestic manufacturers and import vendors
- Warehousing facilities established across all four regions, namely Jaipur [West], Delhi [North], Patna [East] and Vijayawada [South] to support nationwide distribution

Key Characteristics of Toolkit Business

STRENGTHENED POSITIONING:

Strong execution capabilities have made us a preferred implementation partner for the PM Vishwakarma scheme

HIGH CAPITAL EFFICIENCY:

Leveraging an asset-light business model to deliver high returns, with return on capital employed (RoCE) exceeding ~50%

ROBUST ORDER VISIBILITY:

Outstanding orderbook worth ~₹ 195 crores as on March 31, 2025, with an execution timeline of 6-9 months and expected incremental order under the current orderbook.

DRIVE RESPONSIBLE GROWTH:

Supplying tool kits aligns with our vision of driving sustainable growth while contributing meaningfully to nation-building activities

EARLY MOVER ADVANTAGE:

As a key vendor under the PM Vishwakarma Scheme, we gain an early mover advantage, enhancing credibility while fuelling our long-term prospects and competitive edge

STRONG DEMAND:

Delivered ~ 43% sales growth in FY2024-25 driven by strong demand for toolkits

BROADER PARTICIPATION:

Well-positioned to diversify into new product categories under the scheme, enabling broader participation across both existing and new verticals, expanding reach and customer base and increasing revenues

Chairman's Message

Dear Stakeholders

With great pride, I present Lehar Footwears Limited's Annual Report for FY2024-25, a year marked by many defining moments. In the fiscal year, we achieved our highest ever sales, launched new products and expanded into a new business segment while growing our core footwear business.

From introducing a new EVA footwear category to venturing into the supply of tool kits under the government's PM Vishwakarma Scheme, we stepped up with a clear sense of purpose.

In an evolving environment, our focus on product innovation, operational efficiencies, strengthening competencies, maximising resources and expanding reach helped us maintain stability while laying a strong foundation for future possibilities.

ECONOMIC OVERVIEW

In FY2024-25, the global economy grew at a modest 3.3% due to various challenges, including geopolitical tensions, trade disruptions, rising debt and extreme weather conditions. Against this backdrop, India stood strong and resilient with an estimated real GDP growth of 6.5% in FY2024-25, sustaining its position as the fastest growing major economy worldwide. Key forces that drove this economic buoyance included increased private and government spending, steady growth in service and agricultural sectors, a growing middle class and supportive policy measures.

Yet, few challenges persisted. Certain segments of the population, particularly rural and lower-income segments, faced financial strain, impacting consumption, keeping domestic growth relatively stable. The state and central elections led to a temporary slowdown in government led orders. Additionally, global geopolitical crisis led to logistical disruptions, slowing export growth. Despite uncertainties, new opportunities such as the government's thrust on nation-building initiatives opened new avenues for business diversification.

GROWING WITH PURPOSE

At Lehar Footwear, we responded swiftly by exploring a new business segment of supplying tool kits under the PM Vishwakarma Scheme, through an agreement worth ₹ 298 crores signed with the National Small Industries Corporation (NSIC). This strategic milestone will enable us to expand meaningfully while participating in the nation's welfare and skill development. Orders under the scheme are progressing well, with over ₹ 100 crores already delivered. As on March 31, 2025, we have an outstanding orderbook worth ~₹ 195 crores, with an execution timeline of 6-9 months. Our strong execution capabilities have placed us among the best performing vendors under the product category, with additional order expected. Additionally, we plan to expand our product portfolio under the scheme, covering new categories for wider participation across new and existing verticals.

Aligned with our diversification focus, we continued to grow our core footwear business with new and trendy product launches. FY2024-25 was a year of consolidation for the footwear industry, leading many players to recalibrate their strategies. At Lehar Footwear, we focussed our R&D efforts on EVA and closed footwear (sports shoes) product lines, to define a clear path forward. The launch of our single mould EVA footwear in FY2024-25, with the latest design and trends, targeting the younger demographic, demonstrates our innovative R&D competencies.

FINANCIAL PERFORMANCE

FY2024-25 was a year of strong performance, where we recorded our highest ever Revenue from Operations at

₹ 277.2 crores, up from ₹ 194.3 crores in FY2024-25, an impressive 43% growth, primarily driven by robust growth in our newly established tool kit business. Despite higher contributions coming from our lower margin tool kit business, we managed to maintain steady EBITDA margins of 9.4%, reflecting our strong focus on cost discipline and strategic pricing. Meanwhile, our Profit Before Tax (PBT) stood at ₹ 14.4 crores, marking a rise of 61.8% over ₹ 8.9 crores in the previous year. Demonstrating financial prudence, we saw a remarkable improvement in our Cash Flow from Operations to EBITDA ratio – from 10% in FY2023-24 to 78% in FY2024-25, a whopping 68% increase. This milestone reflects the strength of our robust working capital management, efficient collection mechanisms and cost effectiveness.

FORTIFYING CAPABILITIES

During the year, we undertook significant measures to enhance operational efficiencies and optimise resource allocation across our businesses.

In our core footwear segment, we revamped and realigned our domestic distribution to enhance our reach and cater to a wider customer base. Simultaneously, we increased the wallet share with existing export customers while exploring new markets. We continued to improve and expand our product offerings, aiming to become a one-stop destination for all footwear categories.

To support our toolkit business, we implemented a robust supply chain, quality control systems and distribution network. Additionally, we adopted a lean, asset-light model, enhancing efficiency, maximising resource allocation and strengthening our execution capabilities.

We also actively participated in multiple government tenders to drive B2G sales during the fiscal year. Furthermore, we established warehouses across all four regions, expanding our presence and ability to deliver for national level projects at scale. Our near-flawless execution under the PM Vishwakarma Scheme has reinforced trust in our execution capabilities, positioning us well for participation in future government initiatives.

We are proud to say that we have received ₹ 8.5 crores in financial assistance from the Government of India to set-up our in-house design studio. Apart from underscoring our growing credibility as a leading industry player, this significant milestone will go a long way in boosting our design capabilities and driving product innovation, helping us efficiently meet evolving customer preferences.

OUTLOOK

The Indian footwear segment stands at a favourable junction, supported by proactive government measures,

rising disposable incomes and growing demand for quality, branded products. Key initiatives such as increasing import duties, possible extension of the Production Linked Incentive (PLI) scheme and establishment of the Footwear Design and Development Institute (FDDI) are expected to boost local manufacturing capabilities. Additionally, the new BIS standards, effective April 2025, will help improve product quality and safety while ensuring fair competition for manufacturers, reinforcing customer trust and brand credibility.

At Lehar Footwear, we are well-gearred to capitalise on these positive trends while driving sustainable growth. By leveraging our core capabilities, we plan to foray into the closed footwear segment with the launch of sports shoes in FY2025-26. Furthermore, we intend to increase the penetration of new products both in domestic and global markets while focussing on driving sales in the value segment and government tender businesses. To support our next phase of growth, we will continue to strengthen our Pan-India distribution reach while deepening our presence in large format stores and modern retail chains. Simultaneously, we plan to actively develop a strong distribution network to scale our global reach.

As I conclude, I would take this opportunity to express my heartfelt gratitude to all stakeholders for your continued trust in our capabilities and vision.

With every step forward, we strive to pursue greater heights, driving business excellence, creating enduring value for all stakeholders and playing an integral role in the nation's development.

With warm regards,

RAJ KUMAR AGARWAL

Chairman and Whole time Director

Strategic Priorities

Every Step Aligned for Scalable Progress

At Lehar Footwear, we have implemented clear business strategies to remain agile and responsive in a dynamic marketplace while sustaining our leadership in non-leather mass footwear manufacturing. By leveraging our robust in-house capabilities, extensive distribution network and targeted branding initiatives, we have diversified our portfolio, identified new avenues for growth and broadened our market presence. With this clear roadmap in place, we continue to drive long-term sustainable growth and deliver enduring value to all stakeholders.

PORTFOLIO DIVERSIFICATION

We have consistently prioritised innovation and quality excellence to create new products while enhancing our current lineup. This dedication has enabled us to launch new offerings with the latest designs, effectively addressing our existing customers' evolving needs and reaching out to new customer segments. Additionally, we have focussed on identifying new market trends and manufacturing BIS compliant products. This has helped us remain agile and gain a competitive edge in an evolving landscape while increasing our market share over the unorganised and non-certified manufacturing segment. In FY2024-25, we launched single-mould EVA footwear targeting the younger demographic, introducing the latest designs and trends. The Company plans to enter the closed footwear segment with the launch of sports shoes in FY2025-26 to capitalise on growing demand for sports shoes. As one of the fastest growing categories within the footwear industry, sports shoes offer broad appeal across all age groups, providing everyday utility with present day fashion. This positions the Company to further diversify portfolio and expand reach across new segments while scaling growth.

SEIZING GROWING OPPORTUNITIES IN GOVERNMENT BUSINESS

In recent years, we have had the opportunity to work closely with various government and quasi-government institutions under various government schemes on footwear projects under our B2G sales segment. With this experience behind us, we entered into a strategic tie-up with NSIC under the PM Vishwakarma Scheme to enter a new business segment of supplying tool kits and have established a sound pipeline for FY2025-26 in the existing product categories, announced under the Scheme. Being one of the preferred partners under the PM Vishwakarma Scheme, we are well-positioned to enter new product categories and expand our offerings under the scheme, enabling broader participation across both existing and new verticals. Our flawless execution of this partnership has reinforced the Company's capabilities to take up similar schemes in the future, strengthening our role in nation building schemes/projects.

DRIVING FINANCIAL EXCELLENCE

In FY2024-25, we achieved the highest ever sales of ₹ 277.2 crores. We also maintained a stable EBITDA margin at 9.4%, despite a higher contribution from lower-margin tool kit business, underscoring our commitment to cost discipline and efficient pricing mechanisms. Additionally, we optimised our working capital cycle, resulting in a significant improvement in our Cash Flow from Operations to EBITDA ratio, from a mere 10% to an impressive 78% during the year, reflecting our ongoing efforts to sustain financial excellence and sustainable growth.

EXPANDING OPERATIONAL CAPABILITIES

To cater to rising demand and evolving consumer preferences, we expanded our operational competencies by successfully setting up a new business unit during the fiscal year, without placing any additional stress on the balance sheet. This strategic expansion demonstrates our financial prudence and efficient resource allocation. To support this, we also established warehouses across all regions (North, West, East and South), expanding our presence, improving our logistical agility and ability to deliver national level projects.

STRENGTHENING SELLING AND DISTRIBUTION NETWORKS

In FY2024-25, we utilised our strong selling and distribution capabilities to consolidate our market share in key geographies. We operationalised a fully integrated supply chain and distribution network for both business segments, enabling us to streamline operations, improve efficiency and respond to customer demands swiftly and reliably. We also boosted our on-field sales team to reinforce our channel partnerships and conducted regular performance reviews to strengthen our dealer distribution network, ensuring we effectively meet our target customer needs while expanding our market share. By identifying key growth markets, we aim to establish a Pan-India network of distribution warehouses and amplify our presence in large format stores and modern retail chains. Furthermore, to expand our international presence, we plan to create a deep-rooted global distribution network.

Proxies submitted on behalf of Companies, Societies, Partnership Firms, etc. must be supported by appropriate resolution/authority, as applicable.

2. Information or details pertaining to the Directors proposed to be appointed or re-appointed pursuant to Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2 issued by The Institute of Company Secretaries of India are provided in **Annexure A** of this Notice.
3. The Company has notified closure of Register of Members and Share Transfer Books from **Tuesday, September 09, 2025 to Monday, September 15, 2025 (both days inclusive)** for the purpose of the Annual General Meeting.
4. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company / Bigshare Services Private Limited.

Members holding shares in electronic form may note that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend (if declared). The Company or its Registrar and Transfer Agent, Bigshare Services Private Limited ("Bigshare") cannot act on any request received directly from the members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant by the members.

5. Members holding shares in electronic form are requested to intimate immediately any change in their address or bank mandates to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to intimate any change in their address or bank mandates immediately to the company or Bigshare.
6. Members are requested to produce the enclosed attendance slip/e-voting form, duly signed as per the specimen signature recorded with the Company, for admission to the meeting hall. Members holding shares in dematerialised form are requested to bring their DP-ID and Client-ID numbers for easier identification for attendance at the meeting.
7. All documents referred to in the Notice and Explanatory Statement are available for inspection at the registered office of the Company during the business hours between 10:30 A.M to 6:00 P.M on all working days of the Company up to the date of the Annual General Meeting of the Company.
8. Members desirous of getting any information on the accounts or operations of the Company are requested to forward their queries to the Company at least Ten (10) working days prior to the meeting, so that the required information can be made available at the meeting.
9. Members are requested to immediately notify any change in their address either to the Company or its Registrar & Share Transfer Agent. In case the shares are held in dematerialised form, this information should be sent by the Members to their respective depository participants. Members are requested to quote their folio numbers / DP-ID and Client-ID numbers in their correspondence with the Company.
10. In case of change in residential status of Non-Resident Indian Shareholders, the same should be immediately informed to the Registrar & Share Transfer Agent of the Company along with particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank.

22. The route map to the venue of the Meeting is <https://maps.app.goo.gl/RaZtEYw97vWEmCx9> for easy location.
23. **E- Voting:**

The instructions of shareholders for remote E-voting are as under:

- i. The voting period begins on September 12, 2025 09:00 AM and ends on September 14, 2025

05:00 PM. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 08, 2025 may cast their vote electronically. The e-voting module shall be disabled by Bigshare for voting thereafter.

- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed

entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Management Discussion and Analysis

ECONOMIC OVERVIEW

Global Economy

FY2024-25 witnessed the global economy entering a phase of heightened uncertainty, shaped by shifting policy priorities, escalating trade tensions, and a fragile recovery from earlier disruptions. As per IMF's April 2025 World Economic Outlook titled "A Critical Juncture amid Policy Shifts", global growth is expected to slowdown to 2.8%, well below the 2000–2019 average of 3.7%.

This downward revision is largely driven by an increase in global trade barriers, particularly new tariff measures by the US and reciprocal actions by trading partners. These developments have disrupted trade and investment flows, adding to policy uncertainty worldwide. Advanced economies are projected to expand modestly – 1.8% for the US and just 0.8% for the euro area – amid tighter financial conditions and weakening demand. Emerging markets and developing economies are forecast to grow by 3.7%, but continue to face challenges from capital outflows and restricted access to credit.

Inflation continues to ease globally, with headline inflation expected at 4.3% in 2025, although the disinflation process remains slower than initially projected. Risks to the outlook remain firmly on the downside, including geopolitical tensions, market volatility, and declining global development support – factors that could disproportionately impact credit-dependent emerging economies.

Against this backdrop, the IMF stresses the need for globally coordinated responses to preserve macroeconomic stability. For India, this calls for strengthening economic resilience through prudent fiscal management, inclusive financial systems, and adaptive policy frameworks.

Indian Economy

Despite on-going global headwinds and geopolitical uncertainties, the Indian economy continued to display resilience and robust momentum through FY2024-25. The Reserve Bank of India's March 2025 bulletin highlighted that strong domestic demand, supportive policy measures, and structural reforms were instrumental in sustaining India's steady macroeconomic performance.

India's GDP grew at an estimated 6.5% during FY2024-25, supported by broad-based recovery across consumption, investment, and government expenditure. Sectors such as construction, trade, and financial services remained key growth drivers, aided by infrastructure development and credit expansion.

Inflationary pressures moderated, with consumer price inflation falling to 3.6% in February 2025, driven by lower food prices. However, core inflation remained at 4.1%, reflecting lingering cost pressures. The RBI's calibrated monetary policy and fiscal support helped maintain liquidity stability and foster growth.

The external sector held firm despite global market volatility, although sustained foreign portfolio investment (FPI) outflows exerted pressure on the rupee. Domestic investors provided partial support, but currency depreciation remains a key risk.

India's labour market also improved. Manufacturing registered its second-highest employment growth since PMI tracking began, while services saw healthy hiring trends. Urban unemployment dropped to 6.4%, indicating resilient domestic demand.

With GDP touching USD 4.3 trillion by FY2024-25-end, India is poised to overtake Japan and soon become the world's fourth-largest economy. While it still trails China significantly, India's ascent is notable.

Looking ahead, the RBI projects 6.5% growth for FY2025-26, with inflation remaining within target. While global risks persist, India's growth outlook remains positive, supported by sound fundamentals and proactive policymaking.

INDUSTRY STRUCTURE AND DEVELOPMENT

Global Footwear Industry

The global footwear market continued to demonstrate strong momentum in 2024, building on the positive trend of the previous year. The market was valued at approximately USD 463.9 billion in 2024, as per estimates by [Fortune Business Insights](#), up from USD 386.7 billion in 2023, indicating sustained growth. This expansion was fuelled by rising demand across categories – ranging from athletic and casual shoes to formal and fashion footwear – underpinned by increasing health consciousness, evolving lifestyle preferences, and a greater focus on comfort and performance.

Technology and sustainability continue to shape the industry landscape. Brands are increasingly adopting eco-friendly materials and innovative manufacturing processes, including 3D printing and recycled components, to meet the growing consumer appetite for sustainable footwear. Meanwhile, the on-going surge in e-commerce has expanded global reach and made customised, digitally-enabled shopping experiences a norm rather than a novelty.

Emerging markets in Asia-Pacific and Latin America have remained key growth engines, thanks to urbanisation, rising disposable incomes, and expanding retail infrastructure. The athletic footwear segment, in particular, has witnessed robust demand, driven by heightened focus on wellness and active lifestyles.

Looking ahead, the global footwear market is projected to grow at a CAGR of 6.9% and reach approximately USD 789.5 billion by 2032. Key drivers include changing fashion cycles, sports and fitness trends, digital influence, and technological upgrades in footwear design and comfort –reinforcing the sector's long-term growth potential.

Indian Footwear Industry

India remains the world's second-largest footwear producer, contributing approximately 13% to global production. In 2024, the Indian footwear market was valued at around USD 18.8 billion. The sector continues to be a significant employment generator, providing livelihoods to approximately 4.5 million individuals, with women comprising around 40% portion of the workforce. The organised segment of the industry has been gaining ground, propelled by the proliferation of e-commerce platforms, changing consumer preferences towards branded products, and the expansion of retail infrastructure. However, the unorganised sector still holds a considerable share, presenting both challenges and opportunities for formal players.

In terms of exports, the industry witnessed a robust performance in FY2024-25, with leather and non-leather footwear exports surging by approximately 25% to USD 5.7 billion. This growth was primarily driven by healthy demand from key markets such as the United States and the United Kingdom.

Regulatory developments have also shaped the industry landscape. The Bureau of Indian Standards (BIS) Quality Control Orders (QCOs) for various categories of footwear, including leather and polymer-based products, came into effect on August 1, 2024. These mandates aim to enhance product quality and standardisation across the sector. To facilitate a smooth transition, the government has allowed the sale of non-BIS-certified inventory manufactured or imported before the implementation date until July 31, 2026.

Outlook

The Indian footwear industry is poised for significant growth, with projections estimating the market to reach USD 46 billion by 2033, growing at a CAGR of 10.1% from 2025 onwards. Key growth drivers include the increasing shift towards non-leather footwear, rising health and fitness awareness boosting demand for athletic shoes, and the continued expansion of online retail channels.

While challenges such as competition from the unorganised sector and regulatory compliance persist, the industry's trajectory remains positive, supported by favourable demographic trends, technological advancements, and evolving consumer preferences.

Emerging Trends in the Footwear Industry

The global and domestic footwear landscape is evolving rapidly, shaped by shifting consumer preferences, technological advancements, and increased environmental consciousness. Several key trends are redefining how footwear is designed, marketed, and consumed:

Sustainability and Eco-Conscious Materials: There is growing emphasis on sustainability across the footwear value chain. Consumers are increasingly aware of the environmental impact of their purchases, prompting brands to adopt greener alternatives. The use of recycled materials, plant-based or vegan leathers, and eco-friendly production methods is on the rise. These efforts are not only aimed at reducing the industry's carbon footprint but also at aligning with consumer demand for non-leather and ethically produced products.

Comfort-Driven Innovation and Functional Design: Comfort is emerging as a key purchase criterion across all footwear categories. Driven by increasing health awareness and active lifestyles, there is rising demand for footwear that blends style with utility. Brands are investing in ergonomic designs, advanced cushioning technologies, and breathable materials to deliver superior comfort. The growing popularity of athleisure and casual wear also reflects this comfort-first mindset.

New BIS and export market opportunity: The Indian government has introduced new BIS (Bureau of Indian Standards) quality standards, effective April 2025. These new regulations aim to improve product quality, safety, and competitiveness in global markets, benefiting both domestic manufacturers and consumers. By ensuring compliance with national standards, the industry can improve product quality, build trust, and access global markets. This also helps level the playing field for domestic manufacturers, making it easier for them to compete with imported brands.

Competitive advantage for Indian footwear industry: After re-election to its second term, the Trump administration imposed steep protective tariffs on goods imported into the United States, including leather and non-leather footwear. These tariffs are intended to be reciprocal and address trade imbalances and will have a significant impact on the global footwear industry. However, as the tariffs on the Indian footwear industry are lower than those imposed on competing nations – China, Vietnam and Bangladesh – it could enjoy a comparative advantage. Out of the country's USD 4 billion leather and non-leather footwear exports in April-Feb of FY2024-25, the US accounted for 22% or USD 870 million.

These trends are likely to shape future product development, marketing strategies, and competitive positioning within the footwear industry, both in India and globally.

Factors Driving Industry Growth

The Indian footwear industry is witnessing strong growth, backed by favourable policy support, changing consumer preferences, and a rising demand for branded, high-quality products.

Growth Drivers

To promote domestic manufacturing and reduce reliance on imports, the Government of India has raised import duties on finished footwear and is considering expanding the Production Linked Incentive (PLI) scheme. These efforts, alongside initiatives like Make in India and the establishment of the Footwear Design and Development Institute (FDDI), are enhancing local capabilities and creating a more competitive domestic ecosystem.

There is a growing need for investment in dedicated design and R&D centres, especially for non-leather footwear. While many Indian manufacturers replicate existing styles, innovation in design and materials are crucial to compete globally. R&D-driven production can help the industry shift from traditional methods to more automated and scalable operations, while aligning with global sustainability trends.

India's rising disposable incomes are also transforming consumer behaviour. The premiumisation trend is evident, with the share of premium footwear projected to rise from 47% in FY2020-21 to 49% in FY2024-25. Consumers are increasingly opting for branded products that offer better design, comfort, and durability – spurring growth for both established and emerging brands.

Technology is further reshaping the industry. Innovations such as smart footwear with fitness tracking and posture correction features are gaining traction. These high-tech offerings, combined with performance-enhancing materials, are elevating consumer expectations and expanding the premium segment.

Population growth and urbanisation continue to boost demand. India's projected population of 1.5 billion by 2030, along with increasing urban concentration, is expected to fuel sustained demand for fashionable, functional, and easily accessible footwear.

Challenges of the Indian Footwear Industry

Despite strong fundamentals, several challenges persist. The dominance of the unorganised sector – accounting for around 70% of the market – makes it difficult for organised players to compete on price and reach. Inventory management also

remains a key concern, with excess stock leading to high holding costs and impacting profitability.

The labour-intensive nature of footwear manufacturing adds further pressure on costs and operational efficiency. Moreover, intense competition, both from domestic and global players, has led to thin margins and pricing pressures, particularly in mass-market segments.

While these challenges are real, the industry's shift towards premiumisation, digital transformation, and design-led growth presents significant opportunities for agile, brand-focused players.

Company Overview

With over 30 years of experience, Lehar Footwears Limited (referred to as 'Company' or LFL) continues to be one of North India's prominent mass-market footwear manufacturers. Lehar focusses on delivering fashionable and affordable non-leather footwear, offering a wide array of products across 1,300+ active SKUs. These include lightweight open footwear, EVA/PVC/PU-injected footwear, Hawai slippers, school shoes, canvas shoes, sports shoes, and PVC shoes – serving men, women, and children across multiple customer segments.

LFL has built a strong presence in over 27 states, supported by a robust distribution network of 520+ dealers nationwide. Additionally, the Company maintains an active export footprint, supplying products to various countries across Africa, the Middle East, and South East Asia.

The Company operates five integrated manufacturing facilities located in Rajasthan, along with two factory outlet retail stores in Jaipur. These production units are equipped with advanced machinery and adhere to global standards of manufacturing and quality. Continued investment in technology and infrastructure has enabled the Company to diversify its product portfolio.

By leveraging design, affordability, and scale, LFL remains committed to offering reliable and value-driven footwear to millions of consumers across India and beyond.

Expansion into Government-Supported Initiatives: PM Vishwakarma Scheme

In addition to its core footwear business, Lehar Footwears Limited has forayed into a high-impact new business segment – the Tool Kit business, which commenced in Q2 of FY2024-25. This strategic diversification aligns with the Government of India's PM Vishwakarma Yojana, a flagship Central Sector Scheme focussed on uplifting traditional artisans and craftspeople across 18 trades. The scheme provides end-to-end support including skill development, access to credit, and the provision of toolkits, with a total outlay of ₹13,000 crores aimed at benefiting 30 lakh families.

Under this initiative, the Company has been granted an order for supply of carpenter toolkits – covering procurement, assembling, packaging, warehousing, and quality control – based on standards prescribed by the National Small Industries Corporation (NSIC). This business has now transitioned from a proof-of-concept phase to full-scale execution with a Pan-India network of warehouses and robust delivery capabilities.

Lehar's strong execution capabilities and reliable delivery have earned it a leading position as one of the major vendors under the PM Vishwakarma Scheme. This early-mover advantage not only provides a high-return, asset-light business opportunity but also aligns the Company with India's employment-generation programmes. It offers a sustainable long-term growth runway while reinforcing Lehar's role in contributing meaningfully to nation-building efforts.

Segment-Wise or Product-Wise Performance

Footwear business

In FY2024-25, the Company sold approximately 1.7 crore pairs of footwear, compared to 1.9 crore pairs in FY2023-24. Revenue was primarily driven by three core segments – the domestic channel, government tenders, and exports.

Despite a challenging consumption environment, particularly in rural and semi-urban areas, the Company maintained stable domestic volumes. The domestic channel continued to be the largest contributor, accounting for 54% of total footwear revenue in FY2024-25, followed by exports at ~25% and government tender at ~21%.

Toolkit business

The Company sold 69,288 toolkits in FY2024-25 and as of March 31, 2025, the company has an outstanding order book of ~₹ 195 crores, with an execution timeline of 6 to 9 months. In addition, company is expected to receive additional order under the current order book, further enhancing sales visibility.

Operational Performance

In FY2024-25, Lehar Footwears Limited achieved several important operational milestones, marking a pivotal year in its strategic evolution across both the footwear and toolkit businesses.

The **footwear segment** saw a strong consolidation, led by the launch of EVA footwear, a fast-growing category targeted at younger, trend-conscious consumers. The Company successfully commissioned new machinery to support this

product line, enabling timely market entry and strong traction in the premium low-cost segment. This move has broadened Lehar's product portfolio and enhanced its relevance in evolving market segments. The company plans to enter into the closed footwear segment with a focus on sports shoes towards further improving its positioning in the market.

Export sales registered mild growth during the year. However, addition of new product category has created a strong platform for future expansion. With favourable geopolitical conditions and growing demand from international buyers, the Company remains focussed on increasing wallet share in its existing overseas markets, while simultaneously exploring entry into new geographies.

Domestically, sales began to recover after a prolonged slowdown towards the end of the financial year, especially in the low and mid-range categories where rural demand had previously remained tepid. Early signs of stabilisation were visible by Q4, suggesting improved consumer sentiment and better offtake across trade channels.

The government tender business, however, remained muted due to the impact of state and central elections, which delayed procurement cycles in key markets. This segment is expected to regain momentum in FY2025-26 as the administrative machinery normalises and fresh tenders are rolled out.

The **Tool Kit business** has rapidly scaled from a proof-of-concept to full-fledged operations, supported by a Pan-India infrastructure network. Warehousing and logistics facilities have been set up across all four regions – Jaipur (West), Delhi (North), Patna (East), and Vijayawada (South) – enabling efficient distribution. A robust pre-dispatch quality assurance system has been implemented to meet NSIC standards, alongside a customer service network comprising a central call centre and on-ground technical support. With a largely asset-light model, parts of the tool kits are manufactured in-house while the rest are sourced through a network of vetted vendors.

Lehar's Toolkit business cemented its position as a preferred implementation partner under the PM Vishwakarma Yojana. The Company ensured seamless execution and uninterrupted supply throughout the year. Backed by a robust operational setup and a strong bid pipeline, Lehar is also preparing to enter new product categories under the scheme, enabling broader participation across both existing and new verticals.

Outlook

Lehar Footwear enters FY2025-26 with renewed momentum and a sharp focus on scaling its operations across both core and new business segments. The Company is actively executing a refreshed sales and distribution strategy, targeting high-potential markets, strengthening its dealer network, and expanding its on-ground sales force to ensure agile market responsiveness and deeper customer penetration.

In the **footwear segment**, FY2025-26 will mark a key phase of product expansion and portfolio diversification. The successful launch of the EVA category has opened up fresh avenues for growth, and will drive sales, especially among younger consumers seeking comfort and style. Looking ahead, your Company is preparing to enter the **closed footwear and sports shoes segments**, a new manufacturing facility has been setup for the closed footwear and sports shoes segments and is expected to be

commercialised and operational by July 10, 2025, enabling market coverage and portfolio diversification.

On the international front, exports are poised for an upswing, supported by improving geopolitical conditions and favourable demand dynamics. The Company plans to deepen its presence in existing international markets, while also exploring opportunities in new geographies. Additionally, the government footwear supply business, which saw a slowdown during the election year, is expected to regain traction as procurement cycles normalise.

In the toolkit segment, Lehar's position as a preferred implementation partner under the PM Vishwakarma Yojana continues to strengthen. A robust bid pipeline is already in place for FY2025-26 in current product categories. The Company is also planning to expand its participation into new toolkit categories under the scheme, thereby broadening its presence across both existing and emerging verticals. This aligns with Lehar's vision of supporting national employment generation and skilling efforts while unlocking a sustainable, asset-light growth opportunity.

With a clear roadmap in place, Lehar Footwear is poised to harness operational synergies, deepen its impact in both commercial and government channels, and build on its strengths in manufacturing, innovation, and execution. The Company remains committed to delivering long-term stakeholder value while supporting India's broader development goals.

Risks and Concerns

Effective risk management is a critical component of Lehar Footwear's strategic execution and operational performance. The Company acknowledges that while certain risks are inherent to the business environment, proactive identification and mitigation can ensure long-term resilience and sustained growth.

Operating in a highly competitive industry, Lehar Footwear faces constant pressure from both domestic players and international brands. However, the breadth of its product portfolio provides a strategic advantage, allowing the Company to cater to diverse consumer segments. To further strengthen its competitive positioning, the Company is enhancing its market reach through a deeper retail footprint and an expanded distribution network.

Rapidly evolving consumer preferences present another key challenge. A failure to align product offerings with current trends may affect customer engagement and sales. To stay ahead of this curve, the Company places a strong emphasis on continuous product innovation and fashion-forward design, ensuring offerings remain relevant and appealing across markets.

Talent retention is also a priority, especially in today's competitive employment landscape. The Company mitigates this risk by offering attractive compensation packages, fostering career growth, and nurturing a supportive work culture that encourages employee engagement and development.

With increasing reliance on digital platforms and data-driven operations, cybersecurity is an area of growing concern. Lehar Footwear has implemented comprehensive security protocols to safeguard sensitive information and maintain operational integrity.

The Company continuously monitors its key risks and engages with relevant Board committees to evaluate and address emerging challenges. Through a structured and dynamic risk management approach, Lehar Footwear remains committed to preserving stakeholder value while pursuing strategic opportunities.

Human Resources / Industrial Relations

At Lehar Footwear, Human Resource Management is viewed as a key enabler of business success. The Company fosters a performance-driven, customer-centric culture supported by engaged and value-oriented employees. Its HR strategy is closely aligned with organisational objectives, with a strong focus on the holistic development of its workforce.

Employee training and development remain a priority, aimed at enhancing knowledge, skills, and collaboration across functions. Structured training programmes are designed not only to improve current job performance but also to prepare employees for future roles and leadership opportunities within the organisation.

Recruitment processes continue to be streamlined and aligned with business needs, ensuring that the right talent is brought on board at the right time. In addition, various employee engagement initiatives have been implemented to boost morale, strengthen team cohesion, and enhance workplace satisfaction.

As of March 31, 2025, the total workforce of the Company, including contractual employees, stood at 781 people on roll, including contractors. Lehar Footwear remains committed to investing in its people and nurturing a positive and inclusive work environment.

Internal Control Systems and Their Adequacy

The Company has established a well-structured and adequate internal control system tailored to the scale, nature, and complexity of its operations. This framework incorporates defined authorisation hierarchies, supervision mechanisms, checks and balances, and detailed procedures, all governed by documented policy guidelines and operational manuals. These controls ensure that all transactions are properly authorised, accurately recorded, and compliant with applicable regulations and internal policies.

Operational managers maintain control over key processes through the use of standardised operating procedures, financial authority matrices, and process manuals, which are periodically reviewed and updated to drive continuous improvement and operational efficiency.

A strong internal audit function is central to the Company's governance framework. The internal audit system operates independently to evaluate the effectiveness of controls, ensure compliance, and identify potential areas for enhancement across all functions.

Audit findings and recommendations are regularly reviewed by senior management and presented to the Audit Committee of the Board. Based on these insights, corrective actions are implemented in a timely manner to strengthen the overall control environment and support sustainable business performance.

To

Members

Lehar Footwears Limited

A-243 (A) Road No.6, V.K.I. Area Jaipur, Rajasthan-302013

I Gaurav Goyal, Proprietor of Gaurav G & Associates, Company Secretaries, in whole time practice, the Secretarial Auditor of Lehar Footwears Limited ("the Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on 31st March 2025, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C, D and E of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments from time to time (the "Listing Regulations").

MANAGEMENT'S RESPONSIBILITY FOR COMPLIANCE WITH THE CONDITIONS OF SEBI LISTING REGULATIONS

1. The compliance with the conditions of Corporate Governance is the responsibility of the management of the Company, including the preparation and maintenance of all relevant supporting records and documents. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in SEBI Listing Regulations

AUDITOR'S RESPONSIBILITY

2. My responsibility is limited to examining the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
3. I have examined the relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.
4. I have conducted the examination in accordance with the Guidance Note on Corporate Governance Certificate and the Guidance Manual on Quality of Audit & Attestation Services issued by the Institute of Company Secretaries of India ("ICSI").

OPINION

5. Based on my examination of the relevant records and according to the information and explanations provided to me and the representations provided by the Management, I hereby certify that the Company has complied with the conditions of Corporate Governance as stipulated in the abovementioned SEBI Listing Regulations during the year ended 31st March 2025.
6. I furtherstate that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

RESTRICTION ON USE

7. The certificate is addressed and provided to the members of the Company solely for the purpose to enable the Company to comply with the requirement of the SEBI Listing Regulations, and it should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

FINANCIAL STATEMENTS

Independent Auditor's Report

To
The Members of
Lehar Footwears Limited

Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying Statement of Standalone Financial Statements of **Lehar Footwears Limited** ("the Company"), which comprise the balance sheet as at 31st March, 2025, and the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "Standalone Financials Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2025, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	Auditor's Response
Revenue Recognition: Revenue is one of the key profit drivers. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year	Our audit procedures with regard to revenue recognition included testing controls, around dispatches / deliveries, inventory reconciliations and substantive testing for cut-offs and analytical review procedures.
Discounts and Incentives: Discounts and incentives to dealers / customers are administered through various schemes. These are material items of business cost. The calculation of the amount of expense to be recognized is both voluminous, complex and involves significant judgement. There is a risk that such expense for discounts and incentives may be inaccurately recognized.	Our audit procedures included assessment of the design and implementation of controls, in addition to testing the effectiveness of key controls in respect of recognition of the expenses for such discounts and incentives. We have considered each significant type of discount recognized and assessed the appropriateness of the judgement applied while recognizing the expenses including the methodology and inputs used in calculating the amount and in some cases, re-performed the calculation. Our audit procedures also included verification of appropriate authorization, analytical review and actual charge for the year and review of historical trends in respect.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this audit report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact, since these reports are expected to be made available to us after the date of this audit report hence currently, we have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related

to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures

in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the company to express an opinion on the statement.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure I** statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to adequacy of Internal Financial Controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure II**. Our report expresses an Unmodified Opinion on the adequacy and operating effectiveness of the company internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note No. 39 to the financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts, which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. a) The management has represented that Refer Note No 43.5 to the financial statements, to the best of its

knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- b) The management has represented Refer Note No. 43.5 to the financial statements, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e) as provided under (A) and (B) above contain any material misstatement.
- v. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with & the audit trail has been preserved by the company as per the statutory requirements for record retention.

6. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, reporting under clause 3(vi) of the Order is not applicable to the Company.
7. In respect of statutory dues:
 - a) In our opinion, the Company has been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax,

- Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at 31st March, 2025 for a period of more than six months from the date they become payable.
- b) According to the information and explanation given to us there are no dues referred to in sub-clause (a) which have not been deposited on 31st March, 2025 on account of any dispute.
 8. According to the explanations and information given to us by the management and as verified by us, there are no transactions which were not recorded in the books of account and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
 9.
 - a) According to the records of the company examined by us and as per the information and explanations given to us, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any financial institution or banks or lender.
 - b) According to the records of the company examined by us and as per the information and explanations given to us, The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - c) According to the records of the company examined by us and as per the information and explanations given to us, term loans availed by the company have been used for the purpose for which they were raised.
 - d) According to the records of the company examined by us and as per the information and explanations given to us, on an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
 - e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures other than Section 8 company i.e. Lehar Foundation and the company has neither raised any funds from anyone to meet the obligation of its subsidiary nor company has raised any fund on the basis of pledge of shares held in Lehar Foundation.
 10.
 - a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
 - b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
 11.
 - a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
 - c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
 12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
 13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
 14.
 - a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
 - b) We have considered the internal audit reports of the company issued till date, for the period under audit.
 15. In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors, and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
 16.
 - a) The Company is not engaged in business of Non-Banking Financial Company or Housing Finance Company or Core Investment Company requiring registration under the Reserve Bank of India Act, 1934.

Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable. The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
 - b) The Company is not a part of a Group as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and accordingly, reporting under clause 3(xvi)(d) of the Order is not applicable.

17. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
18. There has been no resignation of the statutory auditors of the Company during the year.
19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither, give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. According to the information and explanations given to us by the management, and on the basis of our examination of the records of the company, the company has spent the entire amount as per the requirement of section 135 of the Companies Act, 2013, and therefore sub-clauses (a) and (b) of clause (xx) of para 3 are not applicable.
21. The reporting under clause 3(xxi) is not applicable in respect of audit of financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure II To the Independent Auditor's Report

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Lehar Footwears Limited (hereinafter referred to as "the Company") as of 31st March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate

because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 CORPORATE INFORMATION

"Lehar Footwears Limited" (the company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange in India. Lehar Footwears Ltd. is one of the leading regional mass-footwear manufacturers of high quality and stylish non-leather footwears since 1995. Company is selling its products under 'Lehar' brand through trade distribution channel, retail multi brand outlets, export markets, government schemes and ecommerce marketplaces. The Company has 4 manufacturing plants situated at Jaipur and Kaladera (Chomu) and the company is also engaged in the supply of toolkit under PM Vishwakarma Scheme through its warehouses at Jaipur, Vijayawada, Patna and Delhi.

The Board of Directors approved the Financial Statements for the year ended 31st March, 2025 and authorised for issue on May 19, 2025.

2 SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period and land has been carried at revalued amount, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Functional and Presentation Currency

The financial statements are prepared in Indian Rupees ("INR") which is the Company's presentation currency and the functional currency for its operations. All financial information presented in INR has been rounded to the nearest lakhs with two decimal places unless stated otherwise.

2.3 Use of Estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the year.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgments and estimates relating to carrying value of assets and liabilities include useful lives of Property, plant and equipment, impairment of Property, plant and equipment, investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

2.4 Classification of Assets and Liabilities as Current and Non Current

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realization in cash and cash equivalent, the Company has determined its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.5 Recognition of Revenue and Expenditure

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Notes forming part of the Standalone Financial Statements

for the year ended 31st March, 2025

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of Goods

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the effective interest rate method. Interest income is included under the head "Other Income" in statement of profit and loss.

Export Incentive

Duty drawback is recognized on the accrual basis whereas MEIS/Rodtep credit income is recognized on receipt basis.

Expenses

All expenses are charged in statement of profit and loss as and when they are incurred.

2.6 Property, Plant & Equipment

Property, plant and equipment (except land) are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than land) and impairment loss, if any. The Land has been carried at revalued amount and revaluation is carried out at reasonable period.

Depreciation is provided for property, plant and equipment on a straight line method so as to expenses the cost less residual value over their useful lives assets as prescribed in Schedule II of the Companies Act, 2013 except Dies & Moulds. The useful life of Dies & Moulds has been assessed as per the technical assessment of the management. The estimated useful lives and residual

value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Depreciation is not recorded on capital work-in progress until construction and installation is completed and the asset is for intended use.

2.7 Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of software licenses which are amortised over license period which equates the useful life on a straight line basis over the period of its economic useful life.

2.8 Inventory

Inventories consists of Raw Material, Work In Progress, Finished Goods, Stores & Spares and Packing Materials.

Inventories are valued at the lower of cost or net realisable value. Cost is determined on weighted average basis.

Raw materials, Stores & Spares & Packing material: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition on the weighted average basis.

Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity on a weighted average basis. Cost of finished goods includes other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Employee benefits

a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive

Notes forming part of the Standalone Financial Statements

for the year ended 31st March, 2025

obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Defined Contribution Plan

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

c) Defined Benefit Plan

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits. The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

d) Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961. Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income tax Act, 1961. Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized. Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized. Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

2.10 Income Tax

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income. The Company offsets current tax assets and current

Notes forming part of the Standalone Financial Statements for the year ended 31st March, 2025

tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

2.11 Lease

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is recognised at the lease commencement date.

Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, as reduced by any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement date to the end of the lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle

the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent Liability is disclosed in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or where no reliable estimate is possible. Contingent liabilities are not recognised in financial statements but are disclosed in notes.

Contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised in financial statements and are disclosed in notes when it is virtually certain that economic benefits will inflow to the Company.

2.13 Foreign Currency Transactions

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting date are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recognised using the exchange rate at date of initial transactions, are not retranslated.

In respect of forward contracts, the premium or discount on these contracts is recognized as income or expenditure over the period of the contract. Any profit or loss arising on the cancellation or the renewal of such contracts is recognized as income or expense for the year.

2.14 Impairment

Non-financial assets

The carrying amount of non- financial assets other than inventories are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognised as an expenses in the Statement of Profit and Loss, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the

Notes forming part of the Standalone Financial Statements

for the year ended 31st March, 2025

higher of an asset's fair value less cost to sell and value in use. Value in use is ascertained through discounting of estimated future cash flows using a discount rate that reflects the current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels into cash generating units for which there are separately identifiable cash flows.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment had been recognised.

Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix.

2.15 Government Grant

Government grants are recognised when there is a reasonable assurance that the grant will be received and all attached conditions will be complied with. Government grants relating to an expense item is recognised in the statement of profit and loss over the period necessary to match them with costs that they are intended to compensate are expensed. Government grants relating to asset is deducted directly from the carrying value of the asset.

2.16 Earning Per Share (EPS)

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic

earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. The Company did not have any potentially dilutive securities in any of the years presented.

2.17 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.18 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset, until such time as the assets are substantially ready for the intended use or sale. Interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. The borrowing costs other than attributable to qualifying assets are recognised in the profit or loss in the period in which they incurred.

2.19 Financial Instruments

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transactions costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and loss.

Financial assets

All regular way purchases or sale of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sale of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Notes forming part of the Standalone Financial Statements

for the year ended 31st March, 2025

Classification of Financial Assets

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(v) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Derecognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation

specified in the contract is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.20 Insurance Claim

Insurance Claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.21 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The company operates predominantly in two segments related to (a) footwear, Accessories and Other like product and (b) Toolkit and others.

2.22 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.23 Change in Accounting Policy – Government Grants (Capital Subsidy)

Nature of the change:

During the current financial year, the Company has changed its accounting policy for government grants related to the acquisition of property, plant and equipment. Previously, such grants were accounted for as deferred income and amortized over the useful life of the related asset. The Company has now elected to deduct such grants directly from the carrying amount of the asset.

Reason for the change:

The Company believes that this new policy results in financial statements providing more reliable and relevant information by reflecting a more accurate carrying amount of the asset and associated depreciation expense.

Impact of the change:

The change in accounting policy has been applied retrospectively in accordance with Ind AS 8. The comparative figures for the previous year have been restated. The impact of the change on prior year figures is summarized below:

The change has no impact on the net profit of respective year since under earlier policy an amount equal to depreciation charge was credited to P&L Account from the deferred income account and depreciation was debited to P&L Account by a similar amount. Under new policy the figure of depreciation is already net resulting in Nil impact on net profit of the company due to such change in accounting policy.

In balance sheet, now the value of concerned fixed assets is appearing net of grant recognized instead of earlier practice of presentation on a gross value and deferred income on liabilities side of balance sheet.

2.24 Recent Accounting Pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31st March, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

NOTE 36 - EMPLOYEE BENEFIT

(A) Defined Contribution Plan:-

The Company operates defined contribution retirement benefit plans for all qualifying employees. Contributions are made to registered provident fund and Employee state insurance administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

(₹ In Lakhs)

Particular	Year ended 31 st March, 2025	Year ended 31 st March, 2024
Contribution to provident fund and other fund recognised in Statement of Profit and Loss	47.04	41.96

(B) Defined Benefit Plan:-

Gratuity

In accordance with the provisions of Payment of Gratuity Act, 1972, the company has defined benefit plan which provides for gratuity payment. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the year of employment with the company. The gratuity plan is a partially funded plan.

These plans typically expose the Company to actuarial risks such as: Investment, Interest rate, longevity and salary risk:

Investment risk: The present value of the defined benefit obligation is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Notes forming part of the Standalone Financial Statements

for the year ended 31st March, 2025

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk: The present value of the defined benefit obligation is calculated by reference to the best estimate of the mortality of plan participants during their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary escalation risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

No other post-retirement benefits are provided to the employees.

The actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at 31st March, 2025 by a certified actuary of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

Compensated Absence

Compensated absence liability recognised at the year end is ₹ Nil (Previous Year ₹ Nil). The above is based on actuarial valuation report. The report considers assumptions with respect to discount rates, salary escalation, retirement age, mortality, rate of leaving service, leave availment pattern, disability and other relevant factors. the method used is Projected unit Credit Method.

Assumptions:

The principal assumptions used for the purposes of the actuarial valuations are given below:

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values. Risk of other factors for the company is considered to be insignificant in valuation.

NOTE 41 - FINANCIAL INSTRUMENTS : RISK MANAGEMENT

Financial risk management policy and objectives

The key objective of the Company's financial risk management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business. NOTE 45 - RESTATED FINANCIAL STATEMENT AS AT 31ST MARCH, 2024 AND 01ST APRIL, 2023

Change in Accounting Policy – Government Grants (Capital Subsidy)

Nature of the change:

During the current financial year, the Company has changed its accounting policy for government grants related to the acquisition of property, plant and equipment. Previously, such grants were accounted for as deferred income and amortized over the useful life of the related asset. The Company has now elected to deduct such grants directly from the carrying amount of the asset.

Reason for the change:

The Company believes that this new policy results in financial statements providing more reliable and relevant information by reflecting a more accurate carrying amount of the asset and associated depreciation expense.

Impact of the change:

The change in accounting policy has been applied retrospectively in accordance with Ind AS 8. The comparative figures for the previous year have been restated. The impact of the change on prior year figures is summarized below:

The change has no impact on the net profit of respective year since under earlier policy an amount equal to depreciation charge was credited to P&L Account from the deferred income account and depreciation was debited to P&L Account by a similar amount. Under new policy the figure of depreciation is already net resulting in Nil impact on net profit of the company due to such change in accounting policy.

In balance sheet, now the value of concerned fixed assets is appearing net of grant recognized instead of earlier practice of presentation on a gross value and deferred income on liabilities side of balance sheet.

During the year ended 31st March, 2025 the retrospective reclassifications/restatement have been carried out in respect of certain items in the financial statement of previous period. Accordingly to comply with the requirement of Ind AS-1, the company has presented a 3rd Balance Sheet at the beginning of earliest period i.e. as on 01.04.2023. Major restatement/reclassifications are explained as under:-

NOTE 47 - SEGMENT REPORT

Information regarding the results of each reportable\ reported segment is included below, performance is measured based on segment profit (before tax), as included in the internal management reports that are reviewed by the Company's Executive Director. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis. The operations predominantly relate to (a) Footwear, Accessories & other like products and (b) Toolkit & Others.
