Investor Presentation – February 2026
Camlin Fine Sciences Limited

This presentation and the accompanying slides (the "Presentation"), which have been prepared by **Camlin Fine Sciences Limited** (the "Company"), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

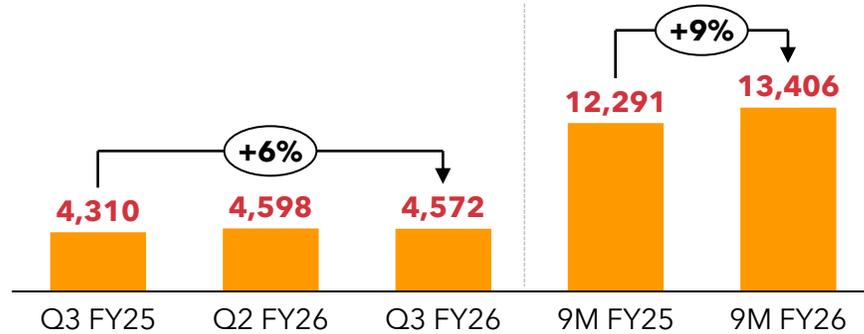

This presentation contains certain forward looking statements concerning the Company's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time by or on behalf of the Company.

**Q3 & 9MFY26
Performance Highlights**

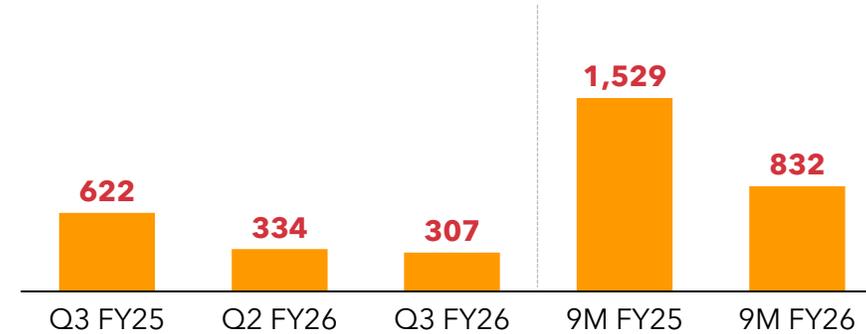

Q3 & 9MFY26 Operational Highlights

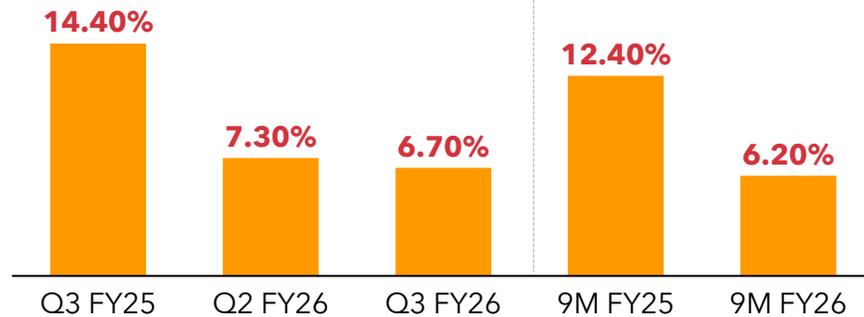

Revenue (Rs. In Mn)

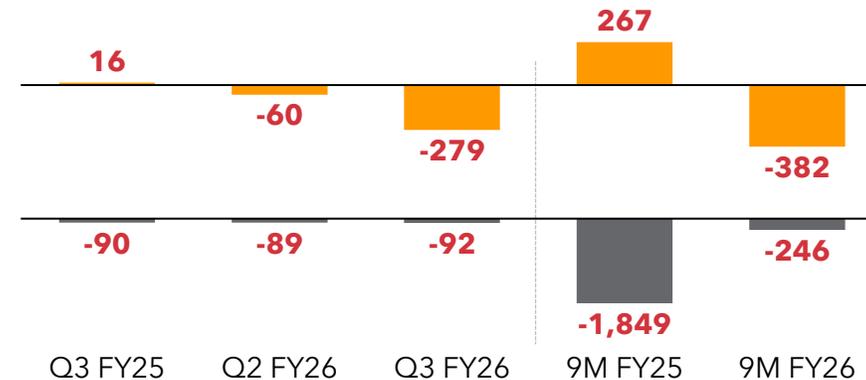

Operational EBITDA (Rs. In Mn)

EBITDA Margin %

PAT (Rs. In Mn)

Continued Operation

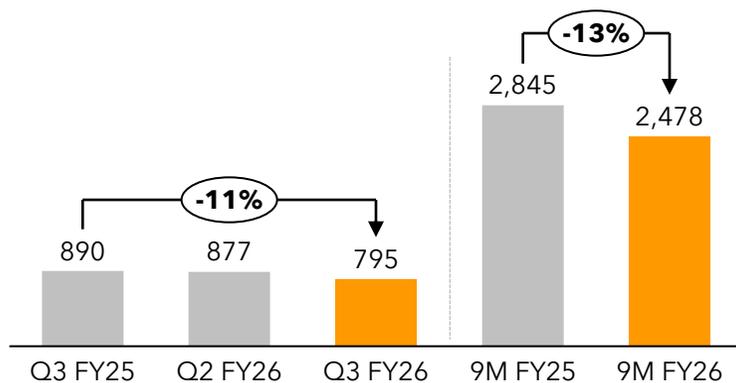

Discontinued Operation

- Revenue for the Q3FY26 stood at Rs. 4,572 mn, registering a growth of 6.1% YoY.
- Pricing pressure on Straights impacted the profitability
- Blends business maintains steady growth across key markets.
- CFS acquired controlling stake in Vinpai on 30th November and contribution Rs. 129 mn revenue in Q3FY26
- Vanillin business was impacted by tariff-related challenges.
- Benefits of higher realization on internal channel inventory of Vanillin in subsequent quarters due to withdrawal of tariff.
- Employee costs and other expenses remain under control but increase due to acquisition of Vinpai during the quarter
- EBITDA for the quarter was Rs. 307 mn, with a margin of 6.7%.
- Fire incident was reported at one unit in Brazil on February 7, 2026; loss assessment by insurer in progress, operations at the unit suspended. However, other unit continues to operate, alternative arrangements being made to service the customers, quantum of loss not determinable at this stage.
- CFS Europe likely to be liquidated, Losses of discontinued operations would be curtailed
- Outlook for the remaining financial year:
 - Vanillin business expects to improve on realisations as well as volume with withdrawal of US tariff
 - Blends likely to maintain growth momentum in all geographies despite challenges in CFS Brazil

Pertains to Diphenol CFS Europe and CFSWL discontinued operations

- Incorporated in **2011**
- **Specializes in natural functional ingredients** derived from algae, plants, minerals, and fibers, offering alternatives to chemical additives
- **Serves food, cosmetics, and nutraceutical industries**, leveraging cross-technology expertise to enhance nutritional value
- **Operates two sites** in Saint-Dolay (Morbihan) and near the port of Saint-Nazaire
- **Developed 3,500+ formulations** with a team of **43 employees**

Acquisition Details:

- Acquisition of majority stake in Vinpai representing ~83.82% of outstanding share capital.

Key Rationale

- » **Portfolio Diversification:** Vinpai specializes in algae- and plant-based functional ingredients that offer natural alternatives to chemical additives, allowing CFSL to enter the high-growth natural ingredients space.
- » **Market Expansion & Synergies:** The acquisition allows CFSL to leverage Vinpai's existing footprint, as Vinpai serves customers in over 36 countries.
- » **Enhanced R&D Capabilities:** Combining Vinpai's R&D capabilities in functional ingredients with CFSL's existing expertise is designed to foster innovation.
- » **Financial Growth:** The move is intended to drive revenue growth and improve margins through a more diversified product offering.
- » **Cross-Selling Opportunities:** Vinpai's expertise in the food industry, along with its expansion into cosmetics and nutraceuticals, opens new cross-selling avenues for the combined entity.

*Breakup excludes revenue from Other Products # From continued operations

Powered by Vertical Integration

- Efforts in both organic and inorganic expansions, showcases company's commitment to fortifying position in the market
- Strategic focus on captive consumption ensures utilization of raw materials for downstream products
- Strategic forward integration into Blends and Vanillin swings company's business model to high-value additives / solutions

Process Optimization Initiatives

- **Vanillin Production Optimization:** Continuous improvement at Dahej plant, refining processes and setting a future - oriented strategic direction
- **Animal Nutrition:** Dedicated to the continuous improvement and development of products using technical expertise of CS Dresen and customizing products to suit the market needs, anticipated for the upcoming year
- **Quality Enhancements:** Focused on Analytical and Quality Enhancements through Instrumental Analysis and Method Development, which play critical roles in ensuring the integrity and efficacy of our products

Product Development:

- **High-Quality Hydroquinone:** Developed a high-quality specialized grade for Hydroquinone, leading to the crucial phase of conducting plant trials
- **Catechol Downstream Products:** Development of new downstream products in progress
- **Antioxidant Innovations:** Continuous development and enhancement of quality antioxidants, tailored specifically for discerning customers. These products have smoothly transitioned from R&D to full scale production and have already made market debut
- **Naturals & Emulsifiers:** Newest offerings include emulsifier-based ingredients designed to enhance texture, consistency, mouthfeel, appearance, process efficiency and yield for diverse range of food industry applications
- **Upcoming Products:** FY26 will see the commercialization of many new speciality ingredients.
