MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY OVERVIEW

In 2024, the global economy exhibited resilience amid a challenging environment. Inflation rates eased toward central bank targets, supported by steady growth in major economies. Although labour markets showed signs of slight softening, unemployment rates remained near historic lows, underscoring the overall strength of economic activity. Real household incomes improved due to nominal wage growth and declining inflation.

Geopolitical tensions and uncertainty surrounding the U.S. presidential election contributed to intermittent volatility in financial markets. With a GDP growth of 3.2% for the year, the world economy reflected a spirit of cautious optimism, steadily advancing amid evolving macroeconomic conditions and persistent structural headwinds.

Within the advanced economies, the U.S. reported a robust growth of 2.8%, while the Eurozone grew by 0.9%, with Germany reporting negative growth for the second consecutive year. China's economy had a moderate 5% growth owing to weak consumer demand and the slowing property sector. India, on the other hand, emerged as one of the fastest-growing economies in the world.

Global inflation eased from 6.8% in 2023 to an estimated 5.9% in 2024, driven by softening labor markets and easing prices for food, energy, and commodity. Advanced economies neared central bank targets, enabling room for monetary easing.

Outlook

The International Monetary Fund (IMF) has revised its global growth forecasts downward due to escalating trade tensions, notably due to the United States implementation of sweeping tariffs. These measures have prompted retaliatory actions from key trade partners, leading to heightened global trade tensions and a shift toward economic realignment.

Global Growth is forecasted at 2.8% in 2025 and 3.0% in 2026, reflecting a deceleration from previous estimates (Reuters). Advanced Economies are expected to grow at 1.4% in 2025 and 1.5% in 2026, with the United States projected to grow at 1.8% and the Eurozone at 0.8% in 2025.

Emerging Markets and Developing Economies, however, are anticipated to expand by 3.7% in 2025 and 3.9% in 2026, with India leading at 6.5% growth in both years (Business Today). Global inflation is projected to ease more gradually than previously anticipated in 2025 to 4.3% and 3.6% in 2026 (IMF)

In summary, the global economic landscape is transitioning to a phase of slower growth, influenced by protectionist policies and geopolitical uncertainties. While advanced economies face subdued expansion, emerging markets, particularly India, continue to exhibit resilience. Inflation is on a downward trajectory, though challenges remain in aligning with central bank targets across regions.

INDIAN ECONOMY OVERVIEW

India remains the world's fastest-growing large economy, with real GDP growth projected at 6.5% in FY 2024–25, in line with its ten-year average. Exports of goods and services crossed US\$ 820 billion, marking a 6% year-on-year increase despite global challenges. On the demand side, private consumption is expected to grow by 7.3%, driven by a revival in rural spending. Supply-side growth is supported by a projected 6.4% rise in gross value added (GVA), with agriculture expected to grow by 3.8%, industry by 6.2%, and services by 7.2%. The services sector continues to be the main growth driver, supported by strong performances in finance, real estate, and public services.

Infrastructure development has progressed significantly, particularly in transport. Key achievements include the expansion of the railway network, modernisation efforts under the PM GatiShakti involving 434 projects worth ₹. 11.17 lakh crore, improved port efficiency, and the national highway network growing to 1.46 lakh kilometres. In aviation, ₹ 91,000 crore has been allocated for ongoing capital expenditure, and 619 regional routes have been made operational under UDAN.

Looking ahead, India is expected to maintain its growth momentum. The IMF forecasts GDP growth of 6.2% in 2025 and 6.3% in 2026, while the RBI projects 6.5% for FY 2025–26 and 6.7% for FY 2026–27. Key growth enablers include strong agricultural output, early signs of manufacturing revival, and resilience in the services sector. Inflation is expected to be moderate to 4.0%, though global and weather-related risks remain.

To boost growth further, the government has allocated ₹ 11.21 lakh crore for capital expenditure in FY 2025–26 and plans to revitalise 50 major tourist destinations. Additionally, the RBI has cut the repo rate to 6.0% to support borrowing and demand, and income tax reductions are expected to spur consumption. With solid fundamentals and policy support, India is well-positioned to sustain high growth in the coming years.

Outlook

The industry is set for strong growth in 2025, riding the wave of strong domestic tourism and a steady revival in inbound arrivals. Infrastructure upgrades are further boosting the sector's performance. In a significant push, the FY 2025-26 Union Budget earmarked ₹ 2,541 crore for tourism, with plans to develop 50 new destinations. Parallely, the commercial office space market is fueling hospitality growth, with 2024 gross leasing hitting 89 million sq. ft. and net absorption at 50 million sq. ft. across key cities. A 16% uptick is expected in 2025, driven by Global Capability Centres (GCCs), IT/ITeS and tech startups. This commercial momentum is sparking business and MICE travel demand, paving the way for mixed-use developments of offices, hotels and retail. While global trade shifts could impact cross-border travel, continued public-private collaboration will be vital in cementing India's rise as a premier global hospitality hub.

OVERVIEW OF THE GLOBAL HOSPITALITY AND TOURISM INDUSTRY

The Global Travel & Tourism industry remains well poised for expansion following remarkable recovery from the Covid-19 pandemic. During the year, the industry continued to witness resurgence in both leisure and business travel. As per UN Tourism, tourist arrivals worldwide grew by 11% in 2024 over the previous year, registering a 99% recovery from pre-pandemic levels. Most destinations exceeded their 2019 levels; however, arrival of tourists in Americas and Asia Pacific remained slightly behind their pre-pandemic levels.

The year 2024 saw robust growth in tourism earnings. As per UN Tourism, the total international tourism receipts in real terms reached \$ 1.6 trillion growing by 3% over the previous year and 4% over 2019. As per World Travel and Tourism Council (WTTC), the Travel & Tourism sector accounted for 10.0% (US\$ 10.9 trillion) of the global GDP and 10.6% (356.6 million jobs) of total jobs in 2024. Strong demand for travel & tourism, robust performance in large source markets, increased air connectivity and enhanced visa facilitation have contributed to the impressive recovery in global travel & hospitality industry.

OVERVIEW OF THE INDIAN HOSPITALITY AND TOURISM INDUSTRY

In FY 2024-25, Indian Hospitality industry sustained its strong growth momentum, establishing new benchmarks. Growth continued to be driven by economic stability, favorable demographics, robust domestic demand outpacing supply and the government's thrust on improving infrastructure and connectivity in the country.

India's tourism sector, rich in heritage, culture, and diversity, is emerging as a key driver of economic growth

playing a vital role in the Indian economy. As per WTTC, the direct economic contribution of the Travel & Tourism sector to the Indian GDP in 2024 was ` 20.9 trillion (growth of 19.9% over 2019), contributing 6.6% to the overall GDP of the country. Additionally, the sector has contributed appx. 9.1% (46.3 million jobs) of total jobs in 2024, exhibiting a healthy 16.3% growth over 2019.

During the year, the sector witnessed robust growth, with domestic air passenger traffic exceeding 2019 (pre-pandemic) levels by 12%. Foreign tourist arrivals, while growing over the previous year by 1.5%, remained below pre-pandemic levels by 12%, indicating significant headroom for growth. The Government of India reinforced its strong commitment in positioning India as a global leader in tourism by enhancing its thrust on infrastructure creation, boosting employment and promoting diverse tourism segments, including spiritual, medical and heritage tourism. Tourism sector's large economic multiplier effect is expected to contribute towards India's transition into one of the world's leading developed nations by 2047.

With over 2 lakh keys across segments, India still remains significantly underpenetrated in comparison to the global hospitality industry. As of 2023, India had 0.27 hotel keys per thousand people, which was considerably lower than the then global average of 2.2 hotel keys per thousand people. India's favorable demographic profile also present unique opportunity for the hospitality sector going forward. India's urban population, second largest in the world, comprised of 35-37% of its total population in 2024, significantly below the global average of 57%. The number of cities with more than 1 million population, is expected to increase from 52 in 2011 to appx. 75 in 2024. Increasing urbanisation is leading to emergence of new Tier 2 & Tier 3 cities in India with huge potential for economic activity thereby creating new jobs, attracting favorable investments and development of multiple business sectors including hospitality. The luxury segment of the hospitality sector, in particular, is experiencing substantial growth, fueled by rise in disposable incomes and a large, expanding base of travelers willing to invest in high-end travel experiences.

The Company has institutionalized an adequate system of internal controls, with documented procedures covering all corporate functions and hotel operating units. Internal controls provide reasonable assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls, and compliance with applicable laws and regulations.

The internal audit process based on the audits of operating units and corporate functions provides positive assurance. It converges the process framework, risk and control matrix and a scoring matrix, covering all critical and important functions inter alia revenue management, hotel operations, purchase, finance, human resources, and safety. A framework for each functional area is identified based on risk assessment and control, while allowing the unit to identify and mitigate high-risk areas. These policies and procedures are updated periodically and monitored by the Group Internal Audit. The Company aligns all its processes and controls with best practices.

Internal controls are reviewed through the annual internal audit process, which is undertaken for every operational unit and all major corporate functions under the direction of the Group Internal Audit. These reviews focus on:

1. Identification of weaknesses and improvement areas
2. Compliance with defined policies and processes
3. Compliance with applicable statutes
4. Safeguarding tangible and intangible assets
5. Managing risk environment, including operational, financial, social, and regulatory risks

The Board's Audit Committee oversees the adequacy of the internal control environment through periodic reviews of audit findings as well as the review of the resolution mechanism for critical audit issues. The statutory auditors have opined in their report that there are adequate internal controls over financial reporting at TGB.

INDEPENDENT AUDITOR'S REPORT

To

The Members of TGB BANQUETS AND HOTELS LIMITED

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of **TGB BANQUETS AND HOTELS LIMITED** ("the Company"), which comprise the Balance Sheet as at **March 31, 2025**, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at **March 31, 2025**, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the standard on auditing specified u/s. 143(10) of the act (SAs). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of financial statements section of our report. We are independent of the company in accordance with the code of ethics issued by ICAI together with Independence Requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide the basis for our audit opinion on the financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. There is no key audit matter with respect to financial statements to be communicated in our report.

Information other than Standalone Financial Statements and Auditor's Report thereon

The company's Board of Directors' are responsible for the preparation of the other information. The other information comprises the information included in the management discussion and analysis, board's report including annexure to board's report, Business responsibility report, Corporate governance and Shareholder's information but does not include the financial statement and our auditor's report thereon.

Our opinion on the financial statements does not cover the information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the

financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order issued under section 143(11) of the Act.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional Scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.

Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause a Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the afore said financial statements comply with the Indian Accounting Standards

prescribed under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e) On the basis of the written representations received from the directors of the Company as on **March 31, 2025** taken on record by the Board of Directors, none of the directors is disqualified as on **March 31, 2025** from being appointed as a director in terms of Section 164(2) of the Act.
- f) Based on our examination which included test checks, performed by us on the Company, have used accounting software for maintaining their respective books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software.

Further, for the period audit trail (edit log) facility was enabled and operated for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

- g) With respect to the adequacy of the **internal financial controls over financial reporting** of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amend:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

- i) With respect to the other matters to be included In the Auditor's Report in accordance with Rule 11 of the **Companies (Audit and Auditors) Rules, 2014**, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether,

directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The same is not applicable as no dividend is declared.

2. As required by the **Companies (Auditor's Report) Order, 2020 ("the Order")** issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **TGB BANQUETS AND HOTELS LIMITED** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TGB BANQUETS AND HOTELS LIMITED** (“the Company”) as of **March 31, 2025** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of TGB BANQUETS AND HOTELS LIMITED of even date)

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, and Plant and Equipment.

(B) The Company does have intangible assets and has maintained proper records showing full particulars of the same.
 - (b) The Company has a program of verification to cover all the items of Property and Plant and Equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property and Plant and Equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
 - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
 - (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made there under.
- ii. (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for inward goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.

(b) The Company does not have working capital limits in excess of Rs. 5 crores against current assets, in aggregate, during the year, from banks or financial institutions. Hence the reporting under this clause is not applicable.
- iii. The Company has not made investments in companies, firms, Limited Liability Partnerships, but granted unsecured loans to other parties, during the year, in respect of which:
 - (a) According to information and explanations given to us and on the basis of our examination of the records of the Company, The Company has not provided any fresh loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year; however there is balance outstanding in the loan given earlier years

A) The aggregate amount during the year, and balance outstanding at the balance sheet date with

respect to such loans or advances and guarantees or security to subsidiaries, joint ventures and associates is NIL.

- B) During the year the Company have given loan of ₹ 51.94 lakhs and balance outstanding at the balance sheet date with respect to such loans or advance to parties other than subsidiaries, joint ventures and associates is ₹ 2748.18 lakhs.
- (b) According to information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
- (c) According to information and explanations given to us and on the basis of our examination of the records of the Company, loans have been granted by the Company. However Repayment of principal and payment of interest is not stipulated.
- (d) According to information and explanations given to us and on the basis of our examination of the records of the Company, loans have been granted by the Company. However no amount is over due and hence, reporting under clause 3(iii)(d) of the Order is not applicable.
- (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, no loans have been renewed by the Company during the year. Hence, reporting under clause 3(iii)(e) of the Order is not applicable.
- (f) The Company has granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year.

(Amount in Lakhs ₹)

Particulars	All Parties	Promoters	Related Parties
Aggregate amount of loans/ advances in nature of loans			
- Repayable on demand (A)	2748.18	Nil	Nil
- Agreement does not specify any terms or period of repayment (B)	Nil	Nil	Nil
Total (A+B)	2748.18	Nil	Nil
Percentage of loans/ advances in nature of loans to the total loans	100.00 %	0.00%	0.00%

- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

- ix. (a) The Company has taken loans or other borrowings from lender. However there is no default in repayment and hence reporting under clause 3(ix)(a) of the Order is not applicable.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has taken term loan during the year and it was used for the same purpose for which it has been taken hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long- term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) No complaints received by the Company from the whistle blower complaints during the year (and upto the date of this report).
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion on the basis of our examination of the financial statements and representations made by the company it has not conducted any Non-Banking Financial or Housing Finance activities during the year.
- (c) According to the information and explanations given to us during the course of the audit and on the basis of our examination of the financial statements of the company and representations made by the company, in our opinion the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
- (d) According to the information and explanations given to us during the course of the audit and as represented to us by the company in our opinion, there is no core investment company within Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvii) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors of the Company during the year.

xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. As per information and explanations given to us during the course of the audit and based on our examination of the records of the company, there are no unspent amounts towards Corporate Social Responsibility (CSR) on ongoing projects or other than ongoing projects. Accordingly transfer of unspent amount to a special account in compliance with provisions of sub-section (6) of Section 135 of the Companies Act, 2013 or transfer to a Fund specified in Schedule VII to the Companies Act 2013 in compliance with second proviso to sub-section (5) of Section 135 of the said Act is not applicable and accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order is not applicable for the year.

xxi. The company is not required to prepare consolidated financial statements and hence clause 3(xxi) of the Order regarding qualifications or adverse remarks by the auditors of the companies included in the consolidated financial statements is not applicable.

TGB Banquets and Hotels Limited (“the Company”) is a public limited company domiciled in India and is listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE). The Company is into provision of Restaurants; banquets and hotel services since 1999.

2. Basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (IND AS) as notified the provision of the Companies Act, 2013 (“the Act”) and guidelines issued by the Securities & Exchange Board of India (SEBI). The Ind AS is prescribed under Section 133 of the Act read with Rule 3 of Companies (Indian Accounting Standard) Rules, 2015 and with Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements have been prepared on a historical cost basis, except

- a. For Land which is valued at the Fair value.
- b. For certain financial instruments at fair value.

3 Summary of significant accounting policies

i. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle
- b. Held primarily for the purpose of trading
- c. Expected to be realized within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle
- b. It is held primarily for the purpose of trading
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii. Foreign Currencies:

These financial statements are presented in Indian Rupees (“INR”) which is also the Company’s functional currency.

All amounts have been reported in Indian Rupees in lacs *except for share and per share data, unless otherwise stated*. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

Transactions in Foreign Currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary Assets and Liabilities denominated in foreign currencies are translated at the foreign currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of the monetary items are recognised in profit and loss account. Non-monetary items that are measured at historical cost in foreign currency are translated using the exchange rates at the date of initial transactions.

iii. Fair value Measurement

The company measures financial instruments, such as, investment in quoted equity shares etc at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For the purpose of financial disclosure, the company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

iv. Use of Estimates:

The preparation of financial statements requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at

the date of the financial statements and the reported amounts of incomes and expenses during the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Difference between the actual results and estimates are recognised in the period in which the results are known or materialize.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

In the assessment of the company, the most significant effects of use of judgments and / or estimates on the amounts recognised in the financial statements relate to the following areas:

- Useful Lives of property, plant & equipments,
- Valuation of inventories,
- Measurement of recoverable amounts of assets / cash-generated units,
- Assets and obligations relating to employee benefits,
- Evaluation of recoverability of deferred tax assets, and
- Recognition and measurement of provisions and contingencies:

v. Going Concern:

The board of directors have considered the financial position of the Company at 31st March, 2025 and projected cash flows and financial performance of the Company for at least twelve months from the date of approval of these financial statements as well as planned cost and cash improvement actions, and believe that the plan for sustained profitability remains on course.

The board of directors have taken actions to ensure that appropriate long-term cash resources are in place at the date of signing the accounts to fund the Company's operations.

vi. Property; Plant & Equipments:

- a) Property; Plant & Equipments are stated at cost of construction or acquisition less accumulated depreciation / amortization and net of impairment except for land which have been measured at fair value.
- b) Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to the property, plant & equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.
- c) An item of property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the Asset. Any gain or loss arising on the disposal or retirement of an item of property, plant & equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

vii. Capital work in progress

Projects under which property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

viii. Depreciation

Depreciation is calculated on cost of items of Plant and machinery forming part of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method. Freehold land is not depreciated.

ix. Financial Instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial Assets

a. Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place [regular way trades] are recognized on the settlement date, trade date, i.e., the date that the Company settle commits to purchase or sell the asset.

b. Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

i. Debt instruments at amortized cost:

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held with an objective of collecting contractual cash flows
 - Contractual terms of the asset give rise on specified dates to cash flows that are "solely payments of principal and interest" [SPPI] on the principal amount outstanding.
- After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate [EIR] method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

ii. Debt instruments at fair value through other comprehensive income [FVTOCI]:

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The asset is held with objective of both - for collecting contractual cash flows and selling the financial assets
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income [OCI]. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

iii. Debt instruments, derivatives and equity instruments at fair value through profit or loss [FVTPL]:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iv. Equity instruments measured at fair value through other comprehensive income [FVTOCI]:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company has made such election on an instrument by- by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

c. De-recognition:

A financial asset is primarily derecognized when:

- i. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either [a] the Company has transferred substantially all the risks and rewards of the asset, or [b] the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- ii. the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership.

d. Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss [ECL] model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, deposits, trade receivables and bank balance
- b. Trade receivables or any contractual right to receive cash
- c. Financial assets that are debt instruments and are measured as at FVTOCI
- d. Lease receivables under Ind AS 17
- e. Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on Point c and d provided above. The application of simplified approach requires the company to recognize the impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant

increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive [i.e., all cash shortfalls], discounted at the original EIR.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance [or reversal] recognized during the period is recognized as income/ expense in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

- a. Financial assets measured as at amortized cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- b. Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

B. Financial liabilities:

a. Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

b. Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

i. Financial liabilities at fair value through profit or loss:

Financial liabilities valued at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied for liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are

recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

ii. Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

iii. Financial guarantee contracts:

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

c. De recognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

C. Reclassification of financial assets:

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses [including impairment gains or losses] or interest.

D. Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously

x. Impairment of Assets:

(a) Financial Assets :

At each balance sheet date, the Company assesses whether a financial asset is to be impaired. Ind AS 109 requires expected credit losses to be measured through loss allowance. The Company measures the loss allowance for financial assets at an amount equal to lifetime expected credit losses if the credit risk on that financial asset has increased significantly since initial recognition. If

the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for financial assets at an amount equal to 12-month expected credit losses. The Company uses both forward-looking and historical information to determine whether a significant increase in credit risk has occurred.

(b) Non-financial Assets :

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss to such extent. When an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU) is increased to the revised estimate of its recoverable amount, such that the increase in the carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

xi. Valuation of Inventories:

- a) Inventory comprises stock of food and beverages , Liquor stock and stores and spares and is carried at lower of cost and net realizable value.
- b) Inventory of Cutlery, crockery, linen & uniform are amortised over the period of forty eight months except in case of obsolesces and other losses, wherever considered necessary.

xi. Cash and Cash Equivalents

Cash and cash equivalent comprise cash on hand and demand deposits with banks which are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

xii. Revenue Recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company in exchange for transferring control of goods and services to the customer and the revenue can be reliably measured, regardless of when the payment is being made. Effective April 01, 2018, the company has applied Ind AS 115 which replaced IND AS 18 Revenue recognition. Revenue is measured at the fair value of the consideration received or receivable and net of rebates, value added taxes, goods and service tax and loyalty reward points. The company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Rendering of services

Revenue from rendering of hospitality services is recognised when the related services are rendered.

Rooms, food, beverages, banquets and other services

Income from guest accommodation is recognised on a day to day basis after the guest checks into the Hotels and are stated net of allowances. Sale of food and beverages are recognised at the point of serving these items to the guests. Revenue from other services is recognised as and when rendered. The company collects Value Added Tax (VAT), and GST on behalf of the Guests and therefore are not economic benefits flowing to the company, hence, these are excluded from revenue.

Income from other allied services

In relation to laundry income, communication income, airport transfers income and other allied services, the revenue has been recognised by reference to the time of services rendered...

Interest Income

Interest Income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest Income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying value on initial recognition.

Windmill Energy Income

Revenue from windmill energy generation is accounted for on the basis of units generated against consumption at the Hotel, taking into consideration the energy charges and fuel charges charged by Torrent Power Ltd according to PPA agreement with them.

xiii. Borrowing Cost:

- a) Borrowing cost is recognized as expense in the period in which these are incurred.
- b) Interest and other borrowing cost on specific borrowings, attributable to qualifying assets are capitalized.
- c) Foreign Exchange difference arising on repayment of foreign exchange term loan has been adjusted to interest cost.

xiv. Lease :**Finance Lease:**

Leases where the Company assumes substantially all the risks and rewards of ownership are classified as finance lease. Such leases are capitalized at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognized for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Operating lease

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognized as operating lease. Operating lease payments are recognized as an expense on a straight line basis over the lease term unless the payments are structured to increase in line with the expected general inflation so as to compensate for the lessor's expected inflationary cost increases.

xv. Tax expense

Tax expense comprises of current tax and deferred tax.

- a) Income tax expenses are recognized in statement of profit and loss, except when they relate to items recognized in other comprehensive income or directly in equity, in which case, income tax expenses are also recognized in other comprehensive income or directly in equity respectively. Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

- b) Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. The deferred tax arising from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction are not recognized. Deferred tax asset are recognized only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized.

Deferred tax assets and liabilities are offset when the Company has a legally enforceable right to do the same.

xvi. Employee Benefits:

- (a) Short term employee benefits are recognized as expenses at the undiscounted amount in the Statement of Profit and Loss of the year for which the related service is rendered.
- (b) Defined Contribution Plan: Monthly contribution to the provident fund which is under defined contribution schemes are charged to Statement of Profit & Loss.
- (c) Defined Benefit Plans: Gratuities to employees are provided for their actuarial valuation using the projected unit credit method. Actuarial gain and losses net of deferred taxes arising from experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise. Any short falls in case of premature resignation or termination to the extent not reimbursed by LIC is being absorbed in the year of payment.

xvii. Provisions, Contingent Liabilities and Contingent Assets

Provision is recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that the outflow of resources will be required to settle the obligation and in respect of which reliable estimates can be made.

A disclosure for contingent liability is made when there is a possible obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision/ disclosure is made. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognized in the financial statements. Provisions and contingencies are reviewed at each balance sheet date and adjusted to reflect the correct management estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are renewed at each balance sheet date.

xviii. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders after deducting preference dividend and attributable taxes by the weighted average number of equity shares outstanding during the period.

Diluted Earnings per share, the net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity share holders.

xix. Exceptional items

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

xx. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 107 – Financial Instruments – Disclosures

Information about the measurement basis for financial instruments shall be disclosed as a part of material accounting policy information. The Company does not expect this amendment to have any significant impact in its financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

xxi. Assets held for Sale :

Sale of business is classified as held for sale, if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification as held for sale is met when disposal business is available for immediate sale and the same is highly probable of being completed within one year from the date of classification as held for sale.

31 - SEGMENT REPORTING

The Company's Business falls under single reportable segment under Indian Accounting Standard.

32 - Loans and Advances, Trade Receivables and Trade Payables

The balances of Loans and advances given, unsecured loan received, debtors and creditors are subject to balance confirmation by the respective parties and necessary adjustment if any will be made on its reconciliation.

33 - Goods and Service Tax Liability

The GST liability could not be reconciled with GST portal and GST liability is taken as per books of accounts. The interest on GST liability and late return filing fees will be accounted as a when paid, however it may not have any material amount.

34 - DISCLOSURES AS REQUIRED BY INDIAN ACCOUNTING STANDARD (IND AS) 19 EMPLOYEE BENEFITS

The Company has classified the various benefits provided to employees as under:-

(a) Defined contribution plans**-Provident fund**

The Company has recognized the following amounts in the statement of profit and loss:

Employers' contribution to provident fund :- Current Year ₹ 3.43 Lakhs (Previous Year ₹ 3.21 Lakhs)

(b) Defined benefit plans**- Gratuity**

-Compensated absences - Earned leave

In accordance with Indian Accounting Standard 19, actuarial valuation was done in respect of the aforesaid defined benefit plans based on the following assumptions-

Economic Assumptions

The discount rate and salary increases assumed are the key financial assumptions and should be considered together; it is the difference or 'gap' between these rates which is more important than the individual rates in isolation.

Discount Rate

The discounting rate is based on the gross redemption yield on medium to long term risk free investments. The estimated term of the benefits/obligations works out to zero year. For the current valuation a discount rate of 6.73% p.a. (Previous Year 7.21% p.a.) compound has been used.

Salary Escalation Rate

The salary escalation rate usually consists of at least three components, viz. regular increments, price inflation and promotional increases. In addition to this any commitments by the management regarding future salary increases and the Company's philosophy towards employee remuneration are also to be taken into account. Again a long-term view as to trend in salary increase rates has to be taken rather than be guided by the escalation rates experienced in the immediate past, if they have been influenced by unusual factors.

The assumptions used are summarized in the following table:

	Gratuity (Unfunded)		Compensated Absences Earned Leave (Unfunded)

38. FINANCIAL INSTRUMENTS - ACCOUNTING CLASSIFICATIONS AND FAIR VALUE MEASUREMENTS

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.

The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique: Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effects on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effects on the recorded fair value that are not based on observable market data.
