+++++

INDIGENOUS DEFENCE MANUFACTURING

Equipped with Inhouse **RESEARCH, DESIGN & DEVELOPMENT**
aimed at “**INDIGENISATION**”

OUR OBJECTIVES

MISSION

To continuously strive to deliver innovative, cost efficient, and modern engineering solutions laced with the latest technology to benefit the Indian Armed Forces.

VISION

To become the go-to company for world-class Engineering products within India by contributing towards “Make in India” and supporting the Indian Government, PSUs, and Private Customers through constant and continuous improvement in it’s products and services.

VALUES

Performance with pride and honor wherein ethical behavior is encouraged. The company operates ethically and responsibly with its employees, customers, partners, suppliers, and shareholders.

ABOUT US

www.krishnaallied.com

COMPANY OVERVIEW

Krishna Defence and Allied Industries Limited is a rapidly advancing defence company, providing critical components to Indian Navy for its warships and developing special products for Indian Army, in line with the national goal of achieving indigenous defence products manufacturing capabilities and self-sustainability in the years to come.

With the engineering skills, Late **Mr. Ashwin N. Shah**, the founder and an inspirational leader, started an engineering company to manufacture Dairy Equipment in 1997 with a small investment and small team at Kalol, Gujarat.

State-of-the-art Manufacturing Facility

Defence Products
Halol, Gujarat

Dairy Equipment
Kalol, Gujarat

Some of our Products

- Ship Building Steel Sections
- Improved Space Heating Device
- Weld Consumables
- Ballast Bricks
- Specialised Steel Sections for Armoured Vehicle
- Milk Cooling Tanks
- Robotic Milk Collection Unit
- Stainless Steel Milk Can

Serving above verticals with **Intense R&D & technological capabilities**, Manufacturing strength & Path breaking strategy

Our Team includes **30 Experienced Engineers & 280 Skilled Workforce**

- **1997**
Started with **manufacturing Dairy Equipment**
- **2006**
Entered the Defence Sector with inhouse development of Ship Building Steel Sections required for ship building for Indian Navy which was earlier being imported and the journey continues by enhancing the defence capabilities
- **2022**
Listed on **NSE Emerge Platform**

- 1 Vertically integrated **Defence solution provider**
- 2 Catering to **indigenously developed defence products**
- 3 Industry expertise into **special steel alloys and steel products**
- 4 Comprehensive **in-house capabilities of research, design and development**
- 5 Providing wide range of equipment for **Defence & Dairy**
- 6 Latest –
 - **Increased stake in Waveoptix to 40%**
 - **Obtained ABS & DNV class certification for Ship Building Steel Sections**
 - **Advance Stage talks with VABO for JV**
 - **Acquired 20% in Conceptia**

INFRASTRUCTURE OVERVIEW

Accredited with ISO 9001:2015 Quality Management System as Manufacturer & Exporter

Our manufacturing capability includes a wide range of critical assemblies and precision components with close tolerances made possible through in-depth know-how on metallurgy, precision machining, assembly, specialized fabrication facilities with a series of multi-level inspections during the production process.

Manufacturing capacity doubled, with new capacity operational from April 2025.

KALOL
Manufacturing of "Dairy Equipment" ~40,000 sq. ft.

VADODARA
Regional office

MUMBAI
Head office

HALOL
Manufacturing of "Defence Products"
~1,00,000 sq. ft. Total
(~60,000 sq. ft. Existing + ~40,000 sq. ft. New)

BENGALURU
Electronics Manufacturing & Testing Lab
~ 2,000 sq. ft.

Optical Military & Tactical Cable Assembly
(Recent Addition)
~ 4,000 sq. ft.

DEFENCE PRODUCTS (1/2)

Ship Building Steel Sections In-house Development

Description

These are specialized steel sections which are used as stiffeners for the hull construction of Naval warships.

Application

It is used as stiffeners in shipbuilding, especially in the Ship Hull which maximizes resistance to buckling due to increased strength to weight ratio of **1:3**.

Description

Successfully obtained DNV and ABS class certifications for bulb bar.

Application

Opens up opportunities in the Non-Defence applications. It is used as stiffeners in commercial shipbuilding.

Special Steel Alloy Welding Wire In-house Development

Description

It is made-up of complex alloys developed for high tensile and high impact toughness

Application

It is used for welding special steel in critical Naval Platform

Welding Electrodes In-house Development

Description

It is specially developed fused flux for saw welding provides complete shielding of weld arc ensuring moisture free weld joints.

Application

It is suitable for all kinds of Welding, developed for High Tensile Weld Joints being used in critical Naval Platform.

DEFENCE PRODUCTS (2/2)

Special Steel Alloy Ballast Bricks

Description

It has low magnetic signature and high corrosion resistance.

Application

It is used as balancing and counterweight for critical Naval Platform.

Armoured Steel Profile

Description

It is a specialised steel profile with high tensile and complex properties designed for armored vehicles (previously imported)

Application

It is utilized in manufacturing of armoured vehicles and has exceptional toughness and strength.

Improved Space Heating Device Transfer of Technology from DIPAS & DRDO

Description

It is an improved and fuel efficient version of a traditional Bukhari. This equipment ensures almost zero emission of carbon monoxide which is a poisonous gas.

Application

It is used by the Army at high altitude for room warming to protect from extreme cold temperatures.

DAIRY EQUIPMENT

Stainless Steel Milk Cans

Description

It is made of food grade AISI 304 (18/8) stainless steel with capacity ranging from 5L to 50L.

Features

- Strong and sturdy body
- Easy Use and cleaning
- Corrosion and crack resistant
- Provides extended shelf life to milk

Robotic Milk Collection Unit

It is our “Patented Technology” and measures the Milk weight, FAT, SNF, Density, Protein, Lactose, Added Water, Sample Temperature & Freezing point simultaneously with Adulteration detection.

- Eliminates manual handling of milk
- Summary report of milk collected
- Automatic dosing of chemicals and water

Milk Cooling Tanks

It is used by Dairies for cooling of milk during procurement and capacity ranges from 300L to 10,000L

- Energy efficient condensing unit gives fast cooling & saving energy
- Multiple cooling circuits for efficient cooling
- Optimised cooling efficiency with micro processor controlled system

02

WAY FORWARD

www.krishnaallied.com

NEW BUSINESS PROSPECTS

Specialised Weld Consumables for
Defence & Aerospace

Additional Components for
Armoured Vehicles

Advanced Technology Integration in
Ship Repair & Maritime Services

Approval in Progress for BV, LRS, and IRS for
Ship Building Steel Sections

Certification in Progress for Higher Grade of
Weld Consumables

STRATEGIC EXPANSION INTO MARINE & OFFSHORE ENGINEERING SERVICES

**Acquires 20% stake
in Conceptia Software
Technologies Pvt. Ltd.**

Market Potential

Government focus on **Make in India** & indigenous shipbuilding

Opportunities for long-term defence & commercial maritime contracts

Increased global demand for **naval and offshore engineering services**

Driving Synergies & Strategic Growth

Leverage Conceptia's technical expertise and **infrastructure** to accelerate marine and offshore engineering capabilities

Capitalize on rising defence and commercial **shipbuilding opportunities** across India and international markets

Enhance KDAIL's position as a comprehensive **defence and marine solutions provider** through integrated offerings

EXPANDING BUSINESS PROSPECTS

WAVEOPTIX DEFENCE SOLUTION PRIVATE LIMITED

Shareholding increased to **40%**, up from the earlier **25%**

Special focus on **Optic Fibre over Radio Frequency** for long distance and secure signal transmission

Incorporated in **August 2023**

Associate Company of **Krishna Defence**

Manufacturing of **Defence & Space Electronics**

Dedicated team with **expertise in Radio Frequency Technology**

Designing, Developing and Manufacturing of **RF/Microwave/Optics Systems solution for Defence and Aerospace**

EXPANDING BUSINESS PROSPECTS

WAVEOPTIX DEFENCE SOLUTION PRIVATE LIMITED (Cont...)

Product/ Solutions

- Bi-Directional RFOF for HF/VHF/UHF Radio
- Multi-Link RF over Fiber for Submarine Radio Communication system
- Antenna Remoting System for RF Search Receiver System (1.5MHz to 3GHz)
- 10 Channel phase matched RFoF Link for EW COMINT DF Systems for DF Applications & System (6GHz & 18GHz version)
- FO Cable Assemblies
- Intermatable to Amphenol and TE Connectors

Infrastructure

- Design & Development Team
- Manufacturing & Testing
- RF Testing Facility (9KHz to 44GHz)
- Optical Manufacturing & Testing Facility

USP

- Designed & manufactured in India to meet global standards
- End-to-End System Realization Capability
- Fully Equipped Design House
- Distinctive advantage in RF, Digital, and Optics through in-house expertise
- Swift prototyping of intricate RF and Optics Systems
- Expertise in LAND, NAVAL, and AIR Worthy Qualification, backed by experience.

ACHIEVEMENT

Within just 6 months of establishment, company has successfully developed and supplied their FIRST Indigenously Developed Bidirectional RF Over Fiber module for Radio Communications to the Indian Defense, fulfilling a crucial need.

COMPOSITE DOORS AND HATCHES

Joint Venture with VABO Composite

(Netherlands)

Signed MoU with VABO Composites, establishing a strategic partnership, to enhance KDAIL's product offerings and expand the market reach across India & the ASEAN region.

KDAIL will hold a 51% share in a joint venture with VABO Composite (Netherlands).

Both VABO and KDAIL will make initial investments to establish a state-of-the-art manufacturing setup in India.

Manufacture composite doors, hatches, and superstructures for the Indian Navy.

Potential for exporting these products to Southeast Asia, the Middle East, and Europe.

Composite Doors & Hatches in the last phase of trial with Indian Navy.

Established In-House Pressure Testing Facility and Conducted Trials.

Doors

Hatches

**Collaboration in
Advanced Stage
with VABO**

WAY FORWARD

We are aiming to grow at
30 - 40% CAGR for the
next 3 to 5 years

Development of New Defence Products

The company is working towards new product development for the defence to indigenise the products which are currently being imported, Off set contract obligation and collaborate with Defence Research Agencies / Foreign agencies to develop and manufacture the products.

New Facility for Composite Doors & Hatches

Establishing a new manufacturing facility in collaboration with VABO, planned for FY26, to strengthen production capabilities and meet growing demand in the defence sector.

Defence Electronics

Investing in company specifically incorporated for designing, developing and manufacturing defence electronics for Defence & Aerospace.

03

FINANCIAL HIGHLIGHTS

www.krishnaallied.com

KEY BUSINESS HIGHLIGHTS FOR FY25

Capacity Expansion at Halol Facility

Increased manufacturing capacity for shipbuilding steel sections, with the additional capacity becoming operational in April 2025.

DNV and ABS Class Certification

Obtained DNV and ABS class certifications for Bulb Bars, opening up opportunities in non-defence applications, specifically as stiffeners in commercial shipbuilding.

Strategic Stake Acquisition

Acquired a 20% stake in Conceptia Software Technologies Pvt. Ltd., a leading design and engineering partner in marine, shipbuilding, and oil & gas industries across India, the Middle East, and Asia Pacific, with over 20 years of expertise

New Joint Venture with VABO Composites

Signed an MoU with VABO Composites, now in the company formation stage, to manufacture composite doors, hatches, and superstructures for the Indian Navy. The joint venture also opens opportunities for export to Southeast Asia, the Middle East, and Europe.

Increased Shareholding in Waveoptix

Raised stake in Waveoptix Defence Solutions Pvt. Ltd. from 25% to 40%.

Order Book Status

As of March 31, 2025, the order book for Defence vertical stands at INR 2,686 Mn, representing 1.4x of FY25 revenue

TEAM & TIMELINE

www.krishnaallied.com

MEET THE TEAM

Mr. Ankur Shah – Managing Director

He holds a degree of Bachelor of Engineering (Production) from University of Bombay. He has an overall experience of 22 years in all kinds of Steel working including Smelting, Rolling, Drawing, Heat Treatment, etc. He is currently involved in managing the overall business operations of the Company. Under his leadership, Company has been successful in expanding its diversified product portfolio and customer base.

Mr. Sandeep Kadam – Director Operations

He has completed his Bachelor of Engineering (Mechanical) from North Maharashtra University, Jalgaon in the year 1997. He is Heading the operations at Halol factory. He has an experience of around 25 years in the field of Project Management/ Industrial & Product Engineering. He is currently involved in the manufacturing and engineering operations of the Company.

Mr. Ravindranatha Maroli – General Manager

He has completed his Bachelor of Engineering (Industrial Production) and MBA (Operations). He has an experience of around 30+ years. He is heading the operations at Kalol Factory and developing it towards system adherence and continuous improvement in manufacturing and processes at plant.

Mr. Ajinkya Gaekwad – CEO (Composite Division)

He completed his B.Tech in Mechanical Engineering from VJTI, Mumbai, and pursued a PG Certificate program at IIM-A. With around 12 years of design and development experience at L&T Defence, he is now responsible for the composite division at KDAIL and plays a key role in marketing Defence products.

Mr. Piyush Patel – Chief Financial Officer

He is the company's Chief Financial Officer since January 1, 2014, holding a Bachelor's in Science and a Diploma in Taxation Laws & Practice from The Maharaja Sayajirao University of Baroda. He is an Associate member of the Institute of Cost Accountants of India and brings 21 years of expertise in Finance, Accounts, Taxation, Audit, and manages these areas for the company.

Mr. Rohit Shintre – Product Development Head

He has completed his B.Tech in Mechanical Engineering. He builds upon his background of running a design automation startup serving Indian MNCs as well as the MSME segment. He brings in experience in handling multi-disciplinary teams for product design, development & delivery, developing processes, procedures & tools to improve work efficiency and increase profitability of the company. He leads the product development initiatives and new product opportunities.

Mr. Jay Shah – Chief Business Officer

He has completed his masters from University of Mumbai. He comes with a wealth of experience of 10+ years in business development. He is engaged with the company since last 4 years actively involved in the business development and manages the Homeland Security division in the company.

BOARD OF DIRECTORS

Mrs. Preyal Shah – Chairperson & Additional
Non-Executive Director
Commerce Graduate

Mr. Divyakant Zaveri – Independent Director
Chartered Accountant | Corporate Management

Mr. Ankur Shah – Managing Director
Production Engineer

Mr. Jaykumar Toshniwal – Independent
Director
Chartered Accountant | PG - IIM Ahmedabad

Mr. Sandeep Kadam – Director Operations
Mechanical Engineer

Rear Admiral Anil Kumar Dutta –
Independent Director
Naval Architect | Defence Consultant | Ex-Indian Navy Flag Officer

OUR EVOLUTION

1997

Established and started the organisation with manufacturing of Dairy Equipment

2006

Entered the Defence Sector and became an ToT partner with DMRL, Hyderabad for Shipbuilding Steel Sections

2008

Recognition from DMRL, Hyderabad for successfully manufacturing Ship Building Steel Sections, used in Naval warships

2014

Awarded Defence Technology Absorption Award from Ministry of Defence by the Honourable Prime Minister, Shri Narendra Modi

2018

Awarded INDIA SME 100 Awards organized by India SME Forum and Ministry of MSME

2024

Collaboration with VABO Composites (Netherlands) for Composite Doors & Hatches

2023

Established an associate company in Bangalore focused on manufacturing Electronic Tactical Communication Converters.

2022

Listed on NSE Emerge Platform; Developmental Order Received for Special Steel Sections for Armoured Vehicles

2021

Developed and delivered Ship Building Steel Sections to Indian Navy

2019

Signed 3 TOT with DIPAS (DRDO), New Delhi & received order for supply of specialized weld consumables for critical application of Indian Navy

2025

Capacity expansion at the Halol (Gujarat) facility has been completed and operational; Acquired 20% stake in Conceptia Software Technologies

05

BUSINESS OVERVIEW

www.krishnaallied.com

DEFENCE

Providing **INDIGENOUS SOLUTION** to the INDIAN DEFENCE INDUSTRY

01

In-house Development,
manufacturing and supply of
Products

02

**Transfer of Technology from DRDO
& others,** production and supply of
Products

Providing solutions to **Indian Navy** and **Indian Army**.

Providing **INDIGENISED SOLUTION**, thereby curtailing
dependence on imports, in line with the “**Make in India**”
initiative.

Catalyzing the growth of India’s Defence ecosystem by
harnessing our intrinsic capabilities.

QUALITY

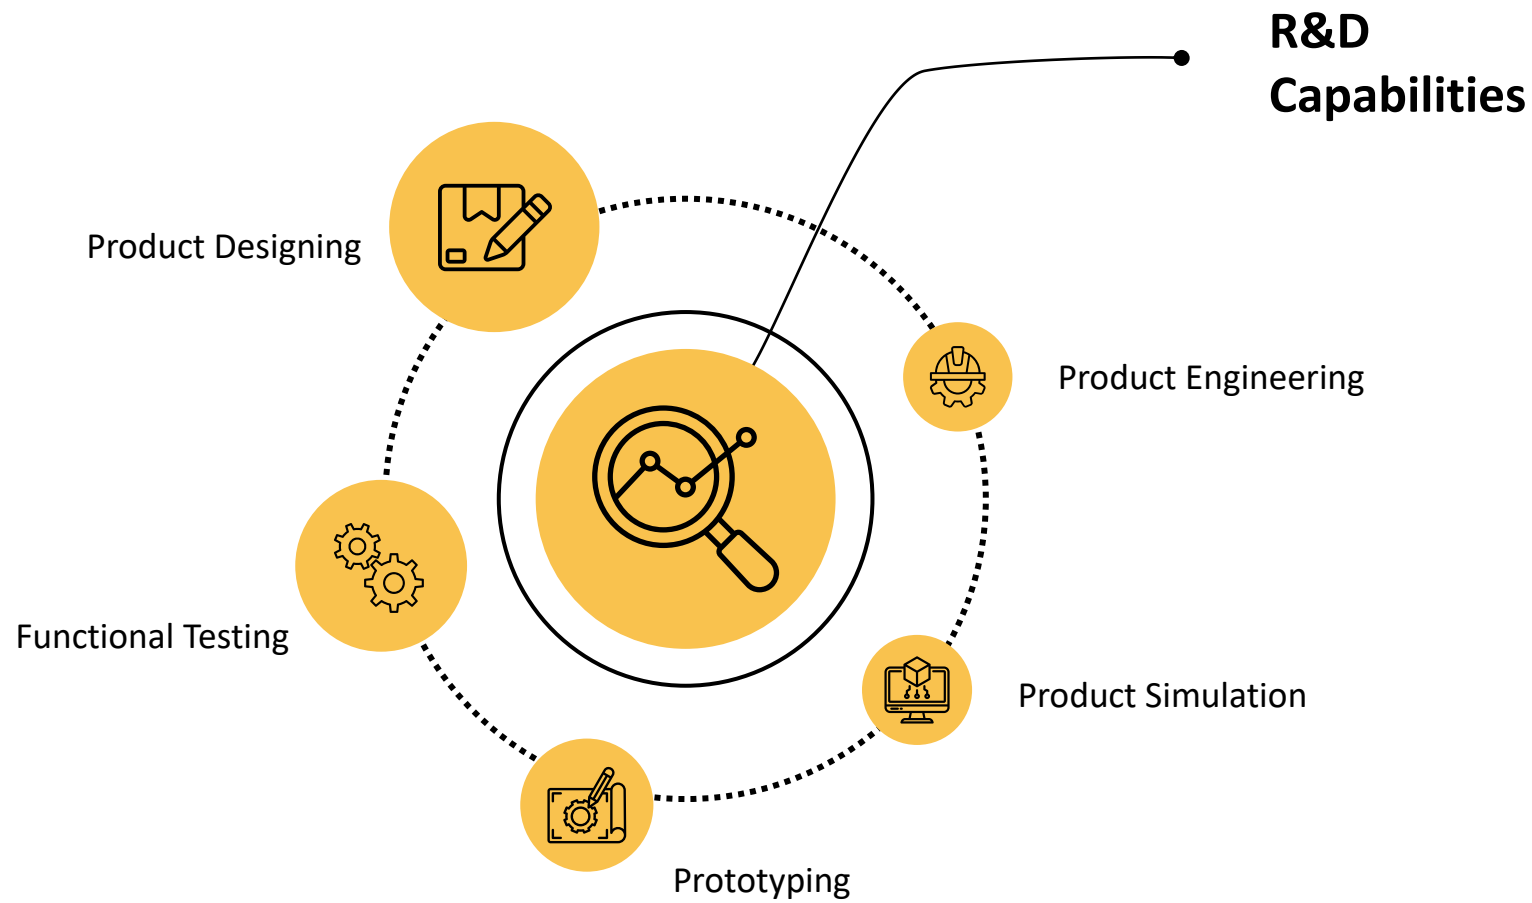

**ON TIME
DELIVERY**

**Approved and Registered
Vendor** for Defence
Products

R&D CAPABILITIES

Our Research & Development Activities are being focused on developing new products and solutions leading to improved production process and improved quality of existing products

- R&D activities are mainly **undertaken at our manufacturing facilities** at Kalol and Halol.
- An **experienced and qualified team of engineers and metallurgist** leverage our adaptability and manufacturing agility by continually investing in Research and Development.
- Keeping up with the latest technological developments in the precision manufacturing industry, leading to **development of complex products and assembly.**

COMPETITIVE STRENGTHS

Registered and approved vendor for Indian Navy for supply of **specialised steel section for Naval Shipbuilding** in India to all the prominent ship builders

Precision Engineering Expertise leading to **inhouse development** and manufacturing of various products

Partnered with DRDO and its divisions like DMRL, DIPAS and R&DE for various Transfer of Technology for indigenous manufacturing of Defence Products

Vertically integrated defence solution with Make in India Capability having industry expertise in steel and special steel alloy products

Innovative R&D and technological capabilities along with experienced and qualified team of engineers.

DAIRY

- 🔹 Growing at a steady pace
- 🔹 Operating on an Autopilot mode
- 🔹 Wide Range of Dairy Equipment
- 🔹 Wide customer base across the country

The company started its engineering activities by **introducing Stainless Steel Cans** for the dairy industry.

Since 1997, our dairy equipment has brought in **hygienic Milk Collection & Storage** which brought a revolution in the industry.

Our customer base encouraged us to develop and add new products like milking machines and milk cooling tanks for the dairy segment.

Holding a **patent for the invention of Automated Milk Analysis and Collection Apparatus called Robotic Milk Collection Unit (RMCU)**, which analyzes the dairy farmer's milk not only for Fat & SNF but also tests the milk for adulteration.

06

INDUSTRY OVERVIEW

www.krishnaallied.com

DEFENCE INDUSTRY OVERVIEW (1/2)

**Military Fixed
Wing**

**Naval Vessels & Surface
Combatants**

**Missile & Missile
Defence System**

Indian Defence Sector's top three largest Market Segment

Other market segments include military rotorcraft, submarines, artillery, tactical communications, electronic warfare and military land vehicles.

- Changing geopolitical scenarios in Indian borders, including territorial disputes with neighbouring countries resulting in growing demand for defence equipment in India to secure our borders.
- India has been ranked among the top importers of Defence Equipment over last five years to attain technological advantage over the opponent countries.
- To modernise the armed forces and reduce dependency over external dependence for defence procurement, several policy support initiatives have been taken by the government to encourage 'Make in India' activities.

Indian Navy Outlook

India's vision **to be among top 5 ship building nation** and ship repair hub of the world in the next decade.

Indian navy aimed to have a force of **minimum 175 - 200 warships by 2035** from the current 132.

Indian navy has **68 warships and vessels on order**, which is collectively estimated to be **INR ~2 Lakh Crore**.

DEFENCE INDUSTRY OVERVIEW (2/2)

In **FY24**, defence **production surged by 16.7%** while defence **exports grew by 32.5% YoY** & India is now **exporting to 85+ countries** due to collaborative efforts.

By **FY29**, defence exports are projected to reach **₹50,000 crore** (US\$ 5.8 billion), building on the milestone of **₹21,000 crore** (US\$ 2.43 billion) achieved in CY24.

India ranked among the **top 25 arms exporting nations** in 2024

India has one of the strongest military forces in the world and holds a place of strategic importance for the Indian Government.

The Presence of Indian Private Sector has grown since opening of the defence sector for indigenised manufacturing

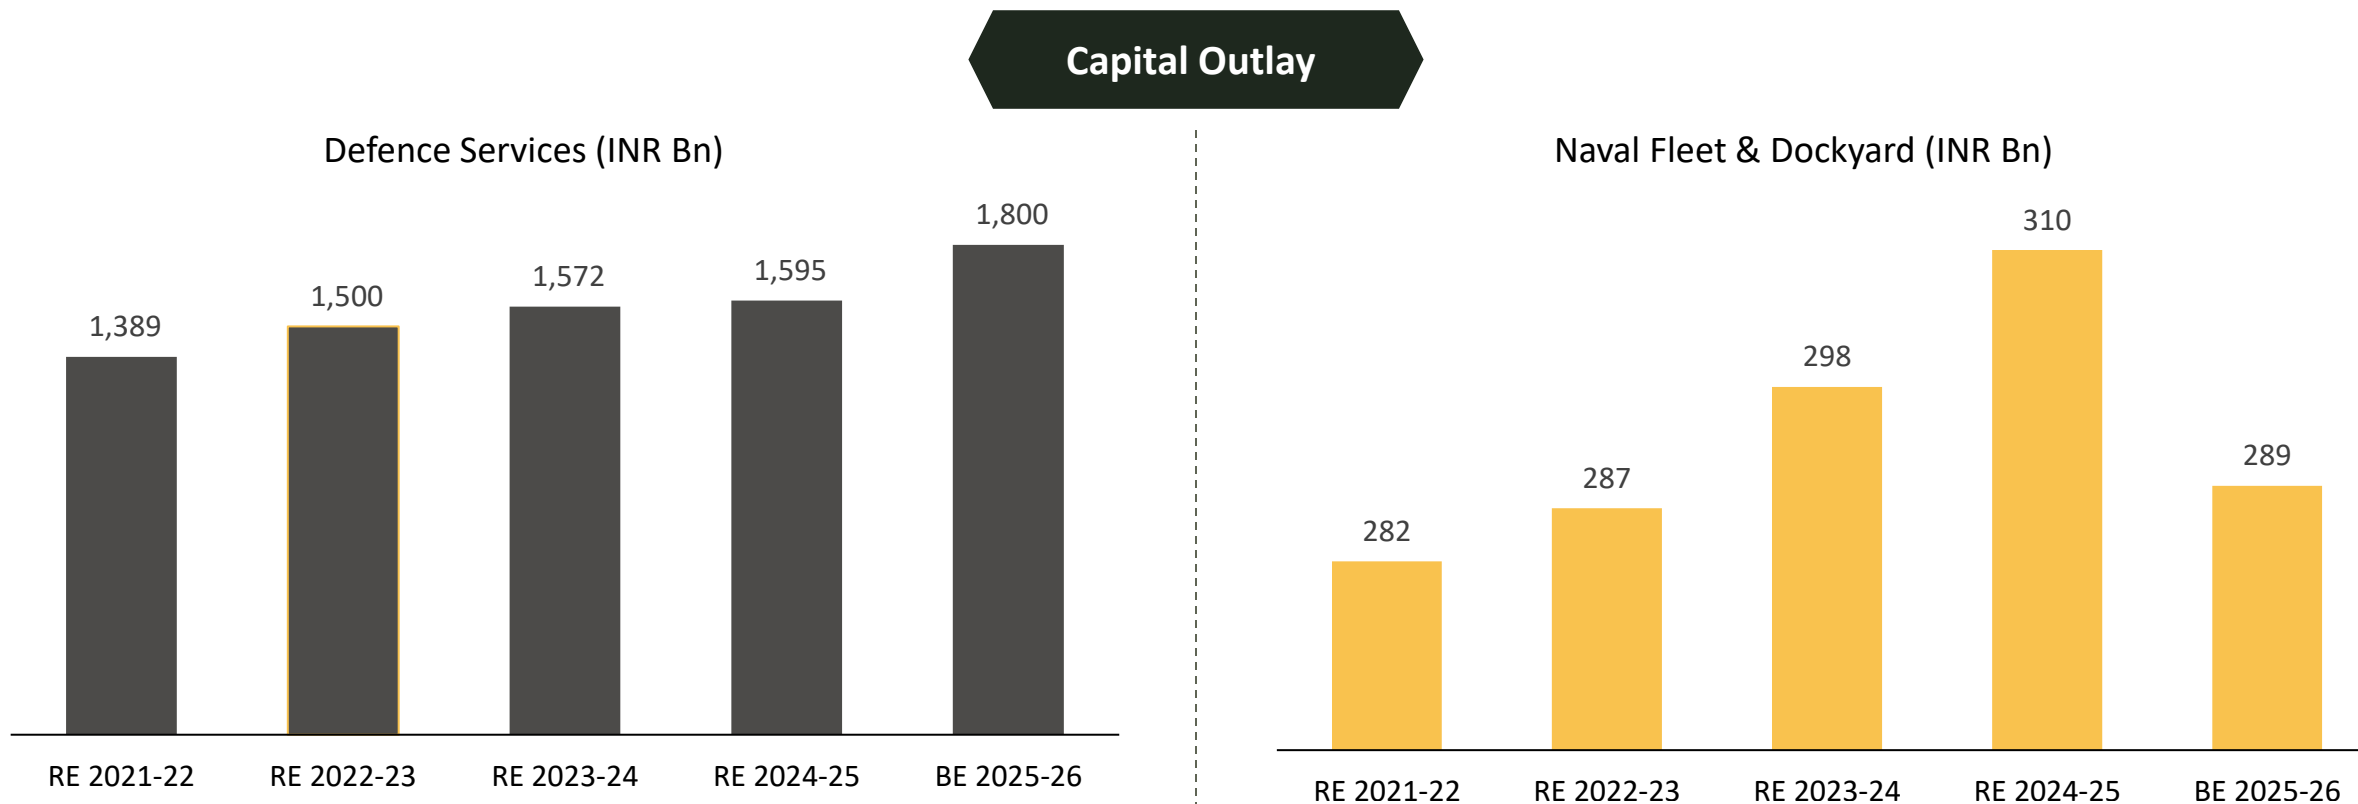

Indigenous production of defence equipment is at the core of the "Make in India" Initiative.

Key defence manufacturing companies in India are currently focusing on designing and developing various indigenous weapons and essential products to boost domestic manufacturing capabilities and align with Government's vision of "Aatmnirbhar Bharat".

DEFENCE BUDGET OUTLOOK

Defence Budget Enhancement

An additional ₹50,000 crore is expected to be allocated to the defence budget through a supplementary budget, aimed at expediting the acquisition of critical military equipment and reinforcing India's commitment to modernising its armed forces and boosting operational readiness.

STRONG TAILWINDS IN INDIA'S DEFENCE & MARITIME SECTOR

Strategic Opportunity for Krishna Defence

- Strategic opportunity for Defence-grade components & systems
- Well-positioned to support India's naval infrastructure growth

Unprecedented Growth & Policy Support

- **INR 8.45 trillion** in DAC-approved defence acquisitions (FY22–25) — **3.3x** increase over the previous three years
- **INR 2.35 trillion** in mega shipbuilding orders expected in FY26–27 — **3.1x** current order book of listed defence shipyards

Capacity Expansion Across Key Shipyards

- **Mazagon Dock Shipbuilders Ltd:** INR 40–50 bn capex; doubling platform capacity; new ship repair yard & US Navy partnership
- **Cochin Shipyard Ltd:** INR 27.7 bn upgrades; new dry dock; only Indian yard capable of 110,000 DWT build / 125,000 DWT repair
- **Garden Reach Shipbuilders & Engineers Ltd:** Expanding to build 28 vessels concurrently by FY25; aiming for faster delivery & larger orders

Supporting Macro Trends

- **India's coastline** expanded to **11,098.81 km** (+48%) — expanding naval surveillance needs
- **Defence Budget FY26:** Raised to **₹6.81 trillion** (+9.5% YoY) — reinforcing sustained investment momentum

AWARDS & APPRECIATION

Chairman **Mr. Ashwin Shah** receiving **DTA Award** from **Honourable Prime Minister Narendra Modi**

Managing Director **Mr. Ankur Shah** receiving the **Transfer of Technology** from Honourable **Defence Minister of India Shri Rajnath Singh**.

DTA Award

SME Award

NMRL Award

Recognition with an **Appreciation Certificate** from **Defence Metallurgical Research Laboratory (DMRL), Hyderabad** for successfully developing **Bulb Bars** (ship building steel sections), a critical component for the Indian Navy's indigenization program, as the project was of **National Importance involving Import Substitution**.
