

Engineered for the
future

Adani Ports and Special Economic Zone Limited
Annual Report 2015-16

In less than two decades, we have built, acquired and developed an unparalleled portfolio of ports infrastructure and services across India - for India.

Adani Ports and Special Economic Zone Limited is India's largest ports developer and operator company; our ten strategically located ports and terminals represent 24% of the country's port capacity, handling cargo of vast hinterland, demonstrating that when it comes to servicing core national needs, Adani Ports is prepared with scale, scope and speed.

Entrepreneurial spirit and execution expertise have been central to our success.

We do not intend to stand still; our ambition for the next decade is even greater.

Chairman's statement

Dear shareholders,

"DOUBT IS NOT A PLEASANT CONDITION, BUT CERTAINTY IS ABSURD" WAS SAID BY VOLTAIRE, THE FAMOUS FRENCH PHILOSOPHER.

TODAY, WHILE THE GLOBAL MARKETS SEEK SOME DEGREE OF CERTAINTY WITHIN A HIGHLY VOLATILE ENVIRONMENT, INDIA HAS EMERGED AS A BEACON OF HOPE ESPECIALLY AS THE OTHER BRIC NATIONS START TO SLOW DOWN OR STAY IN RECESSION. THE NEXT DECADE COULD WELL BE INDIA'S DECADE IN THE WORLD.

When the Adani Group's foray into ports was initiated in 1998, little did we know then that in just 18 years we would become the nation's largest ports and logistics player. The capabilities we now have in place, the current economic position of India, and the speed with which the Government has moved on the policy front has opened up several opportunities for us and placed us well to take advantage of India's strategic position within the global shipping network.

We thus grew from a single port company to 10 ports in a short span covering the entire coast line of India. We have the ports of Mundra, Kandla, Hazira, Dahej and Murmugao in the west, Dhamra and Vishakhapatnam in the east and Ennore in the South. This together with signing of definitive agreement to acquire Kattupalli in Tamil Nadu, and the port under development at Vizhinjam, gives us a significant strategic advantage and an opportunity to serve our customers on a pan India basis.

These deep draft ports act as strategic hubs that provide unmatched connectivity to different inland spokes like warehouses, silos and inland container depots. This allows us to create an integrated logistics network to connect our 10 ports with customers deep in the hinterland, transforming us into a larger holistic services provider. This reality is without precedent in India and plays to the strength of the core capabilities that the Group already possesses.

Next is our effort to bypass India's congested roads and railways with

a coastal shipping strategy that the Government is strongly advocating. This is a greener solution and helps add much-needed capacity to India's rail and road network. From a business perspective, this augments our revenues and margins as APSEZ benefits from loading and unloading charges at ports on both sides as well as gains other revenue streams associated with marine and logistics charges.

Yet another opportunity we are strongly positioned to capitalise on is container transshipment. Our network of container ports is unmatched in the country. This is further augmented through joint ventures with two of the world's largest shipping lines, MSC and CMA CGM, thereby giving us the advantage of having partners who can capitalise on the different staging points we offer across India's coastline, with best access to countries within and beyond our subcontinent.

We have several other exciting initiatives at various stages of development. This includes a globalisation strategy to expand our ports and logistics footprint, a top management strategy that focuses on the growth and development of in-house talent, ramping up our business transformation program to continue enhancing processes and take advantage of next generation technologies. We believe that the latter will drive a new phase of process efficiency, an innovation program that includes partnerships with some of the top universities of the world and a green program that will see us make our ports zero discharge on every front.

While the business continues to perform strongly, our proudest moments come from the stories we hear about the lives we have had the opportunity to influence. Adani Foundation's education programs have already touched the lives of over 150,000 young students; our healthcare programs touch the lives of over 200,000 people every year, the sustainable livelihood programs have made over 35,000 people and their entire families self-reliant and the Foundation has improved the lives of over 500,000 people across 177 villages by providing better roads, drinking water and other basic facilities. We are grateful to have been given this opportunity.

The days ahead are exciting and I would like to thank our customers, employees, shareholders, bankers, governments and the Board for making 2015-16 another excellent year.

Gautam Adani
Chairman, Adani Group

THIS REVIEW IS MY FIRST AS YOUR CEO, SO I EXTEND A WARM WELCOME TO OUR EMPLOYEES, SHAREHOLDERS, PARTNERS WHO SUPPORT APSEZ AND THE COMMUNITIES IN WHICH WE OPERATE.

We started this new business year from a position of strength that comes from being India's largest ports infrastructure and logistics company.

APSEZ operates strategically located ports along India's 7,500 kilometre coastline. We make trade happen and are a big part of the chain that links ports to factories, power plants, commodities and ultimately Indian consumers.

We are creating wealth and value, supporting jobs and communities not just around us but also across India: the goods and commodities that leave our ports reach 90% of India's economy.

I believe our depth of talent, experience and execution skills, combined with our ability to apply new ideas and technology, will set us apart not only in India, but in the world at large as one of the best run ports and logistics companies.

Performance in Financial Year '16

APSEZ delivered another strong financial performance last year. With total operating income topping US\$ 1 billion for the first time on a consolidated basis, our income increased 16% to ₹7,941 crore (FY2015: ₹6,838 crore). EBITDA margin increased 19% to ₹4,651 crore (FY2015: ₹3,902 crore). Profit after tax increased 24 percent to ₹2,867 crore (FY2015: ₹2,314).

These strong financials stem from

our robust operations. Cargo throughput and container handling improved and outperformed our peers in India. The total cargo handled by all Adani ports rose 5% to 152 MMTs, including 3.35 million Twenty-Foot Equivalent Units (TEUs), which increased 17%. For the first time, volume growth at our eastern ports, at 23%, exceeded that on the west coast. Dhamra, Vizag and Kattupalli ports led the way, reflecting private ports' growing share of the overall cargo movement.

Coal volumes declined by 8% compared to the previous year, due to a fall in imported coal; container volumes increased 17% and crude and petroleum volumes rose 35%. Containers now account for 32 % of our total cargo, up from 29 % a year earlier, reflecting our success in diversifying and reducing an over-reliance on any one type of cargo across our ports portfolio.

During the year, APSEZ started the process to acquire Kattupalli Port from L&T Shipbuilding. The deal awaits completion but in the four-month period after APSEZ became Kattupalli's operator, volumes at the port in Tamil Nadu rose from 7,900 TEUs per month to more than 11,500 TEUs per month.

We are proud to say that APSEZ became the only Indian infrastructure company to be assigned an international investment grade rating from the three major international ratings agencies: BBB- by Standard & Poor's, BAA3 by Moody's and BBB- by Fitch Ratings.

In July 2015, APSEZ raised US\$650 million through its first dollar-

denominated bond issue, receiving an overwhelming response from foreign investors. Significantly, this was the largest bond issue by an Indian infrastructure company. The proceeds were used to repay our existing foreign currency-denominated external commercial borrowings and to fund capital expenditure projects.

Priorities for the year ahead

Our priorities will be to improve margins as well as bottomlines and efficiencies through the enhanced use of technology, diversifying our cargo mix, boosting capacity utilization and lowering finance costs.

We will continue to grow container volumes to reduce our dependence on individual commodities. A good example of this will be the commissioning in FY17 of Mundra's CT4, a joint venture with CMA- CGM, making Mundra the largest container port in India. Capacity utilisation will also increase at our other western ports at Tuna-Tekra, Goa and Hazira. At Dhamra, Dahej and Kattupalli, we will introduce facilities to handle fertilizer and agro products, which will offset a potential decline in imported coal volumes.

The use of technology and innovations to improve productivity and create new growth opportunities is increasingly setting us apart from competitors. We will continue to embed technology in all aspects of our business to enhance ports efficiency and enhance our ability to become a connector of logistics services across the trade supply chain, thereby enhancing efficiencies for customers and

ourselves.

We also intend to maintain our conservative debt-to-equity ratio, while our capital expense will reflect our strategic priorities.

Our strategy

The APSEZ strategy is clear. We are developing a world-class portfolio of ports and allied logistics across India to:

- Capture the benefits of India's emergence as a global container transshipment hub
- Develop the immense opportunity in coastal shipping that moves cargo from east to west India (avoiding India's congested roads and railways)
- Position APSEZ as a business partner and integrated logistics business rather than simply a port services provider

An example of the first of these strategic aims was our investment to develop India's first international deep water seaport at Vizhinjam in Kerala, with the state government. Vizhinjam will help position India as a competitive global transshipment hub and stake a claim to the annual one million-plus TEUs of Indian cargo transhipped through foreign ports like Colombo in Sri Lanka.

Similarly, work is under way to expand the Adani International Container Terminal (AICTPL) in Mundra. AICTPL is a joint venture with Terminal Investment (part of Swiss-based Mediterranean Shipping Company, the second largest shipping liner in the world). The project aims to create a transshipment hub for the Middle East, South Asia and India with a

Tied-up cargo as well as partnership cargo grew 6% in 2015-16, accounting for about 72% of the total Mundra port volumes.

total quay length of 1,460 meters and cargo handling capacity of 3.1 million TEUs. Construction is due to conclude next year when the terminal will be capable of handling 18,000 TEU container vessels, with a cumulative capacity of 6.6 MMT.

APSEZ ports and our proposed development of associated logistics will benefit from several public infrastructure projects in India designed to stimulate industrial activity. The most significant of these proposals is Sagarmala, a government initiative to revitalise India's coastal shipping and inland waterways, which retain the potential to handle 30 MMT of cargo, improve port connectivity with rail and road and stimulate the emergence of manufacturing clusters near major ports. Our ports will gain from the activity that comes with improved connectivity, notably due to APSEZ's unique ability to recognise volume and revenue twice: as cargo departs our eastern ports, and when it arrives on the other side of the country.

Dhamra will be an important feeder port for the coastal shipping of coal from the east to south and west coasts of India, while all our ports will benefit from traffic growth resulting from their proximity to the newly-formed Coastal Economic Zones proposed under Sagarmala. APSEZ can add capacity at Mundra, Hazira and Dhamra, enabling these ports to benefit from the longer-term growth opportunities presented by Sagarmala.

I believe these activities will accelerate us towards our strategic destination: a fully-integrated logistics business. We possess a strong experience in developing

logistics hubs, including two Export Import (EXIM) yards and two Inland Container Depots (ICDs), with a third ICD (Punjab), due to start operations this year. These hubs, together with a container transportation network made possible by APSEZ's eleven private rail rakes, are helping our ports expand hinterland connectivity while reducing congestion across India's strained and inadequate road network.

At APSEZ, we will do all of this in a way that is safe and sustainable – for the economy, for the environment and for the neighbouring communities across our operations. That means making APSEZ a business in which our people are proud to work, and where education, health and career development go hand-in-hand with ambition and expansion.

Outlook for 2016

Our outlook for 2016 reflects confidence in our business and the Indian economy. Cargo volumes are forecast to grow 10-15%, with profit after tax also expected to rise 10-15%. APSEZ's greater capacity positions the company attractively to capitalize on growth in domestic and external trade as well as the increased need for logistics infrastructure in India.

→ Our vision for a sustainable business

At APSEZ, we have a clear set of guiding principles for the business:

Nation building

APSEZ's strategic objectives align with national infrastructure priorities, enabling us to be a significant contributor to the development of our country.

Our pan-India port presence supports the country's growing cargo handling needs, decisively helping to drive industry and commercial activity towards India.

With our string of port assets, we are the only Indian company suitably positioned to capitalise on India's marine transportation priorities firmly positioning India on the global transshipment map.

Investment

We believe in the contrarian approach of investing to grow and create markets, rather than merely servicing demand.

Today, APSEZ is India's largest commercial port developer and operator having around 24% of the country's total cargo handling capacity.

Integration

The ports are our pivotal assets around which we build ancillary services to transport cargo seamlessly across India, from the port to our customer's door.

We occupy the complete logistics chain – from vessels management to anchorage to handling, storage and cargo evacuation. From a company focused on creating port capacity, APSEZ has evolved into a provider of integrated port infrastructure services.

APSEZ's evolution has enabled it to enter into alliances with leading Indian businesses to provide complete logistics solutions.

De-risking

We have expanded, diversified and de-risked our business, reducing an over-reliance on a single cargo type.

We have de-risked our business by handling a balanced complement of coal, crude oil, containers and other cargo.

We will soon commission our fourth container terminal at Mundra, which will make Mundra the largest container port in India.

Long-term view

Our ambition is to create a sustainable and globally competitive business.

Our port and SEZ in Mundra create significant opportunities

for companies wishing to commission port-based manufacturing facilities, and capitalise on related logistics and market advantages.

Partnerships

By creating an attractive business environment, we are seen as more than just a ports service provider – a reliable business partner.

Through our partnerships with leading global shipping liners, we have reduced their logistic expenses through shared infrastructure ownership in exchange for assured multi-year revenues.

Currently, DP World operates a container terminal in Mundra (CT-1) while the world's second-largest global shipping line, Mediterranean Shipping Company, in joint venture with APSEZ started operating a terminal at Mundra in 2014 (CT-3) and is in the process of expanding its facilities (CT 3 extension). CMA CGM, the world's third-largest shipping line, is partnering APSEZ to build a new container terminal at Mundra (CT-4). These partnerships bring with them prospects of a sizeable increase in international traffic.

→ Financial performance as on 31.03.2016

APSEZ delivered another strong financial and operational performance last year. We will continue to look at improving our margins and operational efficiency through a combination of enhanced technology use, optimised our cargo mix and reduced net finance costs.

→ The Adani approach to corporate responsibility

Overview

At APSEZ, our projects are aligned with the nation-building goal of Adani Group. As a responsible Business Group, APSEZ dedicates itself to the communities in which it works along with 10,400 Group employees. Apart from the general employee well-being and welfare, APSEZ strives towards 'Zero Harm' status across all its operating locations. Safety is ensured through a series of initiatives by the Company. These include codifying plant-wise

safety targets, enforcing robust incident reporting systems and enhancing safety awareness through classroom training sessions and internal communication protocols.

Adopting a pro-people, bottom-up, participatory approach in rendering CSR services, APSEZ (under the aegis of the Adani Foundation) works towards planning initiatives, indigenous in nature, bridging the gaps in existing services delivered by the government. It devotes

significant time and resources to support, empower and help grow the communities that neighbour its operations. The CSR programmes and initiatives by the Foundation are process-driven, environmentally responsible, transparent and replicable in order to maximise public benefits.

Adani Foundation focuses on four core areas: education, community health, sustainable livelihood and rural infrastructure development. Working closely with the communities, it assumes the role of a facilitator by creating an enabling environment for numerous families. Currently operational in 12 states, Adani Foundation reaches out to 4 lac-plus families from 1470 villages and towns of India with a human-centric approach to make the processes sustainable, transparent and replicable.

APSEZ supports several educational, community health, livelihood and rural infrastructure development initiatives of the Foundation across various locations like Mundra, Ahmedabad, Dhamra, Tiroda, Udupi, Surguja, Kawai and Chhindwara.

In 2015, APSEZ was ranked 76 out of 700 companies in the 'Great Places to Work®' survey in India.

Our major CSR initiatives

Education

Adani Foundation believes that Education represents the stepping stone to improve the quality of life, especially for the poor and the vulnerable. The ideology behind the education initiatives lies in the essence to transform lives through the continuous enhancement of knowledge and empowerment. The objective behind the education initiative is to provide 'quality' education to all, along with a unique learning experience to young minds.

Adani Vidya Mandir

The Foundation has invested resources in Mundra. Adani Vidya Mandir (AVM) Bhadreswar (Gujarat), a school under the aegis of Adani Foundation, was developed with a unique concept to provide free quality education to students from underprivileged backgrounds. In the last academic year, the school comprised 379 students, with 111 students from fishing communities. Besides regular curricular, co-curricular and extra-curricular activities, the school ensured additional coaching for students to make them cope with the syllabus and other pupils.

In Surguja (Chhattisgarh), Adani Vidya Mandir was established in 2013 for project site children. The school runs on the same model as other AVMS and provides free quality education to the underprivileged children of the region. The school had strength of 381 students.

There were various government schools supported by Adani

Foundation for infrastructure and school material. Subsidised schools like DPCL DAV Public School in Dhamra region (Odisha) catered to nearly 300 students from the periphery villages. The school provided them quality English-medium education at subsidised costs.

Other educational initiatives

During 2015-16, a total of 7,827 students from 27 schools completed the M-KEN project successfully, wherein students who were weak in reading and writing were provided assistance.

The career guidance programme, Disha, benefited 2,797 students from 21 government schools of Mundra (Gujarat) and 131 students from three high schools in Tiroda (Maharashtra). In order to impart soft skill and social skill among students, project Parvarish was implemented benefitting 300 students from 16 government schools.

To enhance learning ability, the e-learning software was installed in

20 schools on a pilot basis. Another 10 schools have been brought under the purview of this programme, after receiving a tremendous response.

Project UDAAN

Udaan is a learning-based initiative focusing on youth from various schools across the state. Under this project, a two day-long free-of-cost exposure tour was organised wherein students were given a chance to visit the Adani Port, Adani Power and Adani Wilmar facilities to get an insight into the large-scale business activities carried out in each. The objective behind organising such trips was to encourage young minds to develop an interest in all sorts of enterprises, infrastructure development and encourage them to dream big. The Group believes that all young students should be given an exposure, which can help them recognise their potential to motivate them to work towards the same. The project, with a motto of inspiring young minds to

become entrepreneurs, innovators and achievers of tomorrow, has facilitated more than 1.5 lacs students across the nation.

The project has facilitated port visits for 27,946 students from 343 institutions in Mundra, during 2015-16 FY. Another 1,986 students and teachers visited the Tiroda power plant during FY15-16. Apart from these Initiatives,

the Foundation provided school kits to 4,323 students from 55 schools to promote education among the needy students from Udupi region. School uniforms were provided to 30 students and solar table lamps have been distributed to 109 students in Tiroda. Adani Foundation provided assistance to needy students as and when required.

In another well-contemplated step to support 40 municipal schools in Ahmedabad, the Foundation has transformed sanitary infrastructure of schools through an NGO. The transformation proved so impactful that children and teachers have appreciated it. Students of the adopted schools have access to clean drinking water, safe and clean toilets and proper blackboards in the classes.

Community healthcare

The objective behind the healthcare initiatives of the Foundation is to provide 'affordable and accessible healthcare to all'. To provide good medical facilities even to the remotest of the villages; the Group has started mobile healthcare units and rural clinics along with various other programmes.

Mobile healthcare units

In Mundra, the Foundation operates two MHCUs (mobile healthcare units). These MHCUs have helped reduce transit time, hardship and expenses of 70,411 patients from 34 villages and five fisher folk settlements during FY 15-16. Around 113 types of general and lifesaving medicines were available in these units. These MHCUs proved to be a boon for the rural women, children and senior citizens. In Tiroda as well, basic healthcare services were provided by MHCUs on regular basis in 17 villages (22 locations) near Adani Power Maharashtra Limited. In FY15-16, 43,471 treatments were provided free of cost. Besides, the Foundation operated 12 rural clinics (11 in Mundra and one in Shimla) providing free healthcare services. A total of 66,513 free treatments were provided by the rural clinics during the year under review.

Other healthcare initiatives

Adani Foundation provides medical support, primary healthcare and financial assistance for ailments such as renal problems, paralysis, tumour removals, neurological and heart problems, blood pressure, diabetes, among others. In 2015-16, around 447 patients were supported while 11 patients received dialysis support twice a week on a regular basis.

Health cards for senior citizens were a major project implemented by the Foundation. Under this scheme, Health Cards given to senior citizens provided cashless medical services at our empanelled hospitals. The project is popularly known as Vadil Swasthya Yojana and covered 7,487 senior citizens from 66 villages of Mundra and nearby talukas.

With an objective to curb

malnourishment, the Adani Foundation supported the ICDS programme. Regular interventions of the Foundation showed positive results. Of 120 identified malnourished children, 111 recovered fully and only nine children are under treatment now.

Anaemia in women and adolescent girls is a common health problem especially in rural India. This is primarily due to the unavailability of sufficient iron content in food. Adani Foundation commenced an anaemia reduction and awareness programme in the villages of Tiroda. This programme benefited 1,271 women and adolescent girls. 1,500 women and adolescent girls from previous camps also availed the facility of CBC blood tests conducted by the healthcare team.

Sustainable livelihood development

Livelihood development needs to bring about holistic development in communities. The Foundation has been working towards empowering community members by augmenting livelihood opportunities and providing necessary training for honing entrepreneurial skills.

Adani Skill Development Centre

Adani Foundation is continuously creating an environment where youth and women get to hone skills for enhanced employability. The Foundation through the ASDC (Adani Skill Development Centre) is raising the social status of people belonging to the lowest strata of society, empowering them with soft skills and technical training to facilitate livelihood earning. In 2015-16, ASDC trained 1,016 candidates out of which 578 were women. Most women and youth trained in ASDC were able to secure decent jobs in various organisations.

Servicing the fisher folk community

In order to generate alternate sources of income for the fisher folk especially during fishing off-season, the Adani Foundation introduced mangrove nursery development and plantation programme. Men and women from the communities were trained in mangrove nursery development and plantation, moss cleaning, among others. The programme generated 3,681 man-days of work. This programme, apart from being an income generation activity for the fisher folk, also ensured environmental sustainability. Upon requests from the fisher folk, fishing nets, ropes, buoys, ice boxes, crates, weighing scales, anchors, solar lights, among others were distributed on a regular basis for facilitating livelihoods. The Foundation also supported 42 Pagadiya fishermen by providing avenues of painting, which ensured

a total of 7,020 person-days of employment.

The Foundation actively worked with the fisher folk community of Mundra across various community engagement activities. To promote camaraderie within the community, a bicycle marathon was organised for the fisher folk; 16 teams from the fisher folk community participated in a cricket tournament named Adani Premier League.

Women's empowerment

The Foundation started training programme with two major women groups in Mundra. Both groups (60 women in total) successfully completed their training in preparing washing powder, phenyle, utensil cleaning liquids and hand washes, among others. They have started a shop at Shantivan Colony, Mundra, Saheli Mahila Gruh Udyog, and reported a profit.

Farmer support programme

Adani Foundation is engaged in the agricultural and animal husbandry sectors. The Foundation collaborated with the KVK (Krishi Vigyan Kendra) and took 30 farmers from five villages of Mundra on an exposure tour to make them aware about agriculture technologies.

The Foundation, along with 1,050 farmers from 35 villages of Tiroda region, effectively implemented an SRI (System of Rice Intensification) on 1,050 acres of farmland. Adani Foundation empowered them with training in low-water, labour-intensive

and organic methods. Under its SLD (Sustainable Livelihood Development) programme, Adani Foundation supported farmers by providing each with five kilograms of paddy (Siri NP - 405) seeds and 50 kilograms of vermin compost for taking up SRI. The programme achieved its prime objective of promoting organic methods of paddy cultivation. In the Tiroda region, the SRI method assisted 1,000 farmers in reducing their cultivation costs by 33% and increasing their crop productivities by 51%. The farmers reaped ₹5 crore in turnover against an investment of ₹20 lac by the Adani Foundation.

Besides, 1,108 farmers and 5,464 cattle benefitted following the intervention of the Foundation in association with the Animal Husbandry Department for regular vaccinations, first aid, deworming, and infertility treatment drives in 17 villages of the Tiroda region.

Bio-gas plant provision

In 2015-16, the Adani Foundation constructed 22 biogas plants for 22 households of Tiroda. This is expected to save about 5 tonnes of fire wood across each household annually. Moreover, this will reduce respiratory problems among women. Community members were explained the benefits of biogas. The community members contributed ₹4,000 per household as their share in the biogas project. Besides, 2,535 trees were planted at 20 different locations in Tiroda..

G-Auto

Adani Foundation extended its support to G-Auto to ensure better

incomes and lifestyles for auto rickshaw drivers of Ahmedabad. Harnessing modern technologies,

additional facility charges were reduced, generating benefits for passengers.

Rural infrastructure development

The rural infrastructure development programme helps the Adani Foundation build strong community relationships. The infrastructure development works are well-designed, planned and built for the betterment of education, community health, agriculture and living standards for communities.

The Foundation carried out various village development activities, including construction of individual household toilets and installation of safe drinking water facilities. Under the Machhimar Shudhh Jal Yojana for the fisher folk community, which envisions providing potable water to the fisher folk, water tank platforms were constructed and tanks were installed to provide potable water to the fisher folk community; reducing the drudgery of women to walk long distances to fetch drinking water.

A total of 85,000 litres of water was supplied across seven different settlements on a daily basis, benefiting 596 families.

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Personnel) Rules, 2014]

To

The Members

Adani Ports and Special Economic Zone Limited

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Adani Ports and Special Economic Zone Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Adani Ports and Special Economic Zone Limited's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2016 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Adani Ports and Special Economic Zone Ltd ("the Company") for the financial year ended on March 31, 2016 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;

MANAGEMENT DISCUSSION AND ANALYSIS

The discussion hereunder covers financial results and subsidiaries development of Adani Ports and Special Economic Zone Limited (APSEZL) for the financial year 2015-16 and its business outlook for the future. This outlook is based on assessment of the current business environment and Government policies. The change in future economic and other developments are likely to cause variation in this outlook.

Economic Outlook:

The global economy which was expected to be on a revival path at the start of 2015 was held back due to falling commodity prices coupled with the increasing financial turbulence in major economies (source: Un.org WESP). World economy is struggling to generate stronger growth and grew at 3.1% in 2015. IMF expects that world economy to grow at 3.2% in 2016 (IMF Projection April 2016). Emerging countries lacklustre economy growth of 4.0% put a brake on the global recovery. Advanced economies' growth, at 1.9% in 2015 has been slightly disappointing .

US economy stumbled due to weak export stemming from the strong dollar along with weaker domestic demand as well as decline in the investment but labour market indicators continued to improve.

In Japan, growth came out significantly lower than expected during the fourth quarter, reflecting in particular a sharp drop in private consumption.

Economic activity in other Asian advanced economies which are closely integrated with China such as Hong Kong and Taiwan weakened in 2015, owing in part to steep declines in exports and subdued domestic demand.

Growth in China was in contrast slightly stronger than previously forecast, reflecting resilient domestic demand, especially consumption. Robust growth in the services sector offset recent weakness in manufacturing activity.

India has emerged as the fastest growing major economy in the world in 2015. The improvement in India's economic fundamentals has accelerated in 2015 with the combined impact of strong government reforms, RBI's inflation focus supported by benign global commodity prices.

Despite the uncertainties in the global economy, India's GDP

growth gained momentum with a five years high growth rate at 7.6% in 2015-16 (Central Statistics office). The Economic Survey 2015-16 had forecasted that the Indian economy will be growing by more than 7% for the third successive year in 2016-17 and can start growing at 8% or more in next two years.

Industry Structure:

Ports:

Indian Scenario:

India's goal of emerging as a modern economy depends on its ability to sustain economic growth of over 8% annually over the next decade. To do so, the Government of India has identified development and modernization of the country's economic infrastructure as a priority area. The development and growth of ports, in particular, is crucial as they play a vital role in the country's overall economic development.

Buoyed by the levels and changes of demand both in the domestic and global activity, cargo traffic at India's 12 major ports witnessed an increase of 25.03 MMT during the financial year 2015-16 as compared to financial year 2014-15.

Cargo traffic at India's 12 major ports stood at 606.37 MMT during the financial year 2015-16 as compared with 581.34 MMT handled during financial year 2014-15. During the first three quarters of 2015-16, cargo traffic handled at India's major ports recorded growth of 4.3% in the first quarter (April-June), 3.8% in the second quarter (July-September) and 1.4% in the third quarter (October- December). Volume of seaborne cargo is essentially in the nature of derived demand and is mainly shaped by the levels and changes in both the global and domestic activity. The growth for the first three quarters of 2015-16 stood at 3.2 % which accelerated to 4.3% for the period of April to March.

Mundra Port, the flagship port of APSEZL handled cargo volume of 109.02 MMT in financial year 15-16 and ranked 1st in terms of cargo handled amongst Indian commercial ports.

Special Economic Zone:

The Special Economic Zone Policy was framed in April, 2000 with an objective to increase the exports, attract Foreign Direct Investment and to accelerate the economic growth of the country. Your Company's Multi-product SEZ at Mundra is the largest notified SEZ in the country with notified area of 6456.3349 Hectares. Exports from Mundra SEZ upto March, 2016 was about ₹12,729 crores (cumulative). Mundra SEZ with its multi-modal connectivity including road, rail, sea port and airport is expected to attract more and more investments in the coming years.

Further, based on approvals from Government of India your company has set up a Free Trade Warehousing Zone (FTWZ) in an area of 168.41 Hectares and another multi-product SEZ over an area of 1856.5335 Hectares at Mundra.

As the above three SEZs are adjacent to each other, your company has also approached Government of India for clubbing of these SEZs into one multi-product SEZ with combined area of about 8481.28 Hectares. The proposal has since been approved by Government of India.

Performance Overview:

During the year under review the performance of your Company is encouraging. The Company has been leading across all the fronts and Mundra Port continues to be the largest commercial port in India by handling 109.02 MMT of cargo in financial year 2015-16 and total cargo handled across all Adani Ports is 151.51 MMT during the year under review.

Your Company maintained better than industry growth record and registered a 5% growth in cargo volumes in financial year 2015-16 as compared to financial year 2014-15. The company would continue to lead innovative practices, adoption of technology and setting examples of efficient port operations.

Performance Highlights:

Your Company operates 8 ports / terminals spread over 5 maritime states of India - Gujarat, Goa, Andhra Pradesh, Tamil Nadu and Odisha and developing 2 more. Your company operates 16 terminals having 40 berths to handle dry, liquid and container cargo and 2 single point mooring facilities.

Your Company's operational facilities has pan India presence and is equipped with all the modern cargo handling facilities which are not only best in class but capable of handling

biggest vessels calling at Indian ports in dry, liquid and container categories globally.

Your Company has entered into an agreement to operate the terminal at Kattupalli Port in the state of Tamil Nadu having 2 berths.

With this, your Company has been successful in establishing its presence across majority of the Indian coastline.

The Company also provides other services, including infrastructure, leasing and logistics services at the Mundra Port through its surrounding infrastructure, including the Mundra SEZ, which the Company has developed and operates. Mundra SEZ is one of the largest operating port-based multi-product special economic zones in India.

Three broad categories of cargo handled at your ports are bulk, containers and crude oil. Your Company's port services include marine, handling intra-port transport, storage, other value-added and evacuation services for a diverse range of customers, primarily terminal operators, shipping lines and agents, exporters, importers and other port users. This helps your Company to diversify its income sources, eliminate revenue leakage, reduce financial risk and compete more effectively. Consequently, your Company's cargo and service mix has a significant effect on its results of operations.

Our key performance highlights for the year under review are as under:

Mundra

- APSEZ, Mundra announced inauguration of PCS (Port Community System) on February 1, 2016.
- Longest ever container vessel (365.9m) berthed at Mundra port AICTPL. She sailed out with a record draft of 16.2 meters surpassing the previous maximum draft of 15.7 meters. The vessel also became the deepest laden container vessel handled at Indian Port.
- Two coastal container services have started at AMCT (IWCS & PML), Mundra.
- MV Martha Oldendorff, GRT – 1,06,884 was highest GRT vessel handled at Mundra Multi Purpose Terminal.

- Achieved a new milestone by handling 10 rakes in a day.
- Highest coal dispatch (by Road) in March, 2016 - 2,25,073MT (previous best 1,80,724MT)

Hazira

- Hazira Port has done particularly well in import of rock phosphate (between Hazira / Kandla / Mundra and Tuna) for 2015-16. Gypsum imports have also increased.
- First Sulphur vessel handled at Hazira in the month of March, 2016.

Goa

- Handled 1.81 MMT in financial year 2015 -16 which records a 210% growth on YoY basis. Total 51 Nos. of vessels have been handled in financial year 2015-16.

Kattupalli

- 115,227 TEUs handled during 2015-16. Grown 146% in Container and 114% in Break Bulk on year on year basis.
- Organized trade meet "KONNECT WITH KATTUPALLI" which received overwhelming response from customers & Stakeholders.

Logistics

- Hit the landmark figure of 100,000 MT coil movement by Rail in 2015-16 ex-Mundra. Coil warehouse annual volume was also a record at above 165,000 MT.
- Cargo and container tracking system has been developed and started to roll out. Web Service for exchange of data is under development.

New Ports:

Significant expansion plans of your Company have been completed and your Company is in process of implementing certain other expansion projects. Your Company is in process of developing Container Handling Terminal at Ennore Port, Tamil Nadu.

Your company has won the concession to develop and operate the deep water container port at Vizhinjam in Kerala. This port has the potential to emerge as an international port servicing the port requirements of southern India and emerging as a global transshipment hub on account of its

close proximity to the international trade routes.

Besides, the company has commenced work on developing new container terminals at Mundra. The work on LNG and LPG terminals is under progress at Mundra and Dhamra.

Special Economic Zone:

As part of strategy for cluster based development, two separate clusters i.e (i) an Electronics Manufacturing Cluster (EMC) including solar energy equipment & its ancillary units and (ii) a Mega Food Park are being developed within the SEZ over an area of 259.70 Hectares and 23.10 Hectares respectively.

In addition to the 16 co-developers approved by Government of India for providing various infrastructure facilities, as at March 31, 2016, total 32 entities have obtained approval for setting up of their units in the SEZs. Some of them have already started operations & export activities. Some are under construction. These units have already invested about ₹1840 crores.

This will effectively contribute to the landmark "make in India" initiative of the Government of India.

Other Group Developments:

- Adani Petronet (Dahej) Port Private Limited, a Joint Venture company with Petronet LNG Ltd., is the developer of Solid Cargo Port Terminal at Dahej in Gujarat. The cargo handling operations at the port is highly mechanized. The port is well connected with road and railway. The port handled 8.19 mmt of cargo during the year.
- Adani Hazira Port Private Limited had commenced commercial operations in financial year 2013-14. Emerging as an important port for liquids and container handling, the port handled 12.27 mmt of cargo during the year.

- Adani International Container Terminal Private Limited, a 50:50 Joint Venture between Mediterranean Shipping Company Group and the Company is engaged in developing, operating and maintaining Container Terminal-III at Mundra Port. The terminal handled 15.68 mmt of cargo during the year. The terminal is one of the most mechanized container terminal of India and boasts at handling the largest container vessel ever to visit Indian Ports.

Competition:

APSEZL is able to compete against state-run as well as private ports because of factors such as state-of-art port infrastructure facilities including deep draft direct berthing facilities, domain expertise in the port services industry, established customer relationships and ability to facilitate port based development, consistent high-quality service and our ability to flexibly meet our customers' requirements including flexibility in tariffs. Despite common hinterland in northwest India which is shared with these ports, APSEZL has been successful in attracting substantial cargo increase year after year and the trend is expected to continue in the future as well. With its state of art container handling, storage and evacuation infrastructure, APSEZ's Mundra and Hazira Ports have emerged as preferred 'Port of Call' to key global liners.

Risk, Opportunity and Threats:

APSEZL has a formal risk assessment and management system which periodically identifies risk areas, evaluates their consequences, initiates risk mitigation strategies and implements corrective actions where required. The Audit Committee reviews the report on risk management on quarterly basis and recommends corrective actions for implementation. The risk assessment developed at APSEZ as per OHSAS 18001 standards are reviewed regularly or as and when any change in system/ process takes place or any incident takes place.

The Port Sector in India offers immense growth potential based on the anticipated growth in international trade and coastal shipping in India. With increased vessel sizes, liners prefer ports with deep draft, longer quay, lengths, high mechanization and developed evacuation infrastructure. For an integrated ports development and operation like APSEZ,

there are ample opportunities to grow organically as well as inorganically.

Management control, internal control and internal audit system and their adequacy:

The Company has put in place strong internal control systems and best in class processes commensurate with its size and scale of operations.

A well-established multidisciplinary Management Audit & Assurance Services consists of professionally qualified accountants, engineers and SAP experienced executives which carries out extensive audit throughout the year, across all functional areas and submits its reports to Management and Audit Committee about the compliance with internal controls and efficiency and effectiveness of operation and key processes and risks.

Some Key Features of the Company's Internal controls system are:

- Adequate documentation of Policies & Guidelines.
- Preparation & monitoring of Annual Budgets through monthly review for all operating & service functions.
- Management Audit department prepares Risk Based Internal Audit (RBIA) Scope with the frequency of audit being decided by risk ratings of areas / functions. Risk based scope is mutually accepted by various functional heads / process owners / CEO & CFO.
- The entire internal audit processes are web enabled and managed on-line by Audit Management System (AMS).
- The Company has a strong Compliance Management System which runs on an online monitoring system.
- Company has a well-defined Delegation of Power with authority limits for approving revenue & capex expenditure.
- Company uses ERP system to record data for accounting, consolidation and management information purposes and connects to different locations for efficient exchange of information.
- Apart from having all policies, procedures and internal audit mechanism in place, Company periodically engages outside experts to carry out an independent review of the effectiveness of various business processes.
- Internal Audit is carried out in accordance with auditing standards to review design effectiveness of internal control system & procedures to manage risks, operation of monitoring control, compliance with relevant policies & procedure and recommend improvement in processes and procedure.

The audit committee of the Board of directors regularly reviews the adequacy & effectiveness of internal audit environment and monitor implementation of internal audit recommendations including those relating to strengthening of company's risk management policies & systems.

Human Resource Development:

APSEZL being the largest private port developer and operator is a premier workplace that attracts talent from all over the country. The Company provides a conducive work environment which motivates employees to put in their best efforts to achieve our ambitious targets and growth plans. Their talent and commitment fuel our vision to handle more than 300 MMT of volumes by the year 2020.

Human Resource Department is instrumental in building employees capabilities through structured talent acquisition and its development through technical and need based training. APSEZL enjoys harmonious employee relations which have been built over the years by taking various HR initiatives to enhance the employee morale.

Yes, the Company has identified the disadvantaged, vulnerable and the marginalized sections within the local communities around its sites of operations.

3. Special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders:

The Company as a business entity firmly believes and endorses notions of sustainable community development, especially for the vulnerable and marginalized sections. Across its business locations, it strives to create an environment of coexistence where there is an equitable sharing of resources followed by sustained growth and development. The Company since its inception has been promoting CSR activities in its operational areas through the Adani Foundation. With conscious efforts, the company has been strategically supporting a number of initiatives run by the Foundation under the domains of education, community health, sustainable livelihood development and rural infrastructure development. The following Adani Foundation initiatives have been supported by the Company across various regions.

Education:

The Foundation believes that Education is the stepping stone to improve the quality of life, especially for the needy and the most vulnerable. The main objective behind the educational initiatives is to provide 'quality' education with a unique learning experience to young minds.

Adani Vidya Mandir (AVM), Bhadreshwar provides "Free of Cost" quality education to the deserving young minds coming from the weaker economic backgrounds. Presently, AVM, Bhadreshwar is empowering 379 meritorious students with primary education out of which 111 students are coming from fisher-folk communities. DPCL DAV Public School, Dhamra supported by Adani Foundation is providing quality english medium education at a subsidized cost to nearly 300 students from the periphery villages. Apart from this the Foundation has initiated and implemented several educational programmes benefitting nearly 9,940 students.

Project Udaan, an inspirational exposure tour has benefitted 7,869 students. The tour is facilitated by Adani Group with an objective to acquaint the students with the port terminal activities. These visits help students to understand the functioning of ports and the role of ports in trade and economic growth of the country. The visits are aimed to facilitate young minds

to get inspired so that they could become entrepreneurs, innovators and achievers of tomorrow.

Community Health:

The major objective behind the health initiatives of the Foundation is to provide "affordable and accessible health care to all". To provide good medical facilities even to the remotest of the villages; the Foundation has started Mobile Healthcare Units & rural clinics in its functional areas.

Community healthcare facilities are being catered through Mobile Health Care Units (MHCU), at remote rural locations. The MHCU has reached out to 79,520 patients. Apart from MHCUs rural clinics are catering to health needs of 66,513 patients. The Foundation has facilitated awareness campaigns, medical support, primary health care and financial assistance benefitting 32,474 patients.

Senior Citizen Health Card Scheme is a unique health based initiative of the Foundation. The scheme primarily focusses on the rural senior citizens with a quest to support them with necessary health based assistance. The Senior Citizen Health Card scheme currently is spread across 66 villages in Kutch District; with a total number of beneficiaries being for 7,487 senior citizens.

Also the Foundation with an objective to curb malnourishment had identified 120 children with support of ICDS and helped recovery and normalisation of 111 children.

Sustainable Livelihood Development:

Livelihood is one of the major components that the Foundation has been working towards empowering the community members by augmenting livelihood opportunities with income generating initiatives and honing their skills by providing them with necessary trainings for enhancing employability and entrepreneurial abilities.

Adani Foundation through Adani Skill Development Centre (ASDC) is creating an environment where every youth and women gets some employable skill through training. In the year 2015-16, ASDC trained 1016 candidates out of which 578 were women. Many of the students trained in ASDC have been able to secure jobs in various organizations. While fisher-folks have been provided with employment during non-fishing months through trainings on mangrove plantations and avenues of painting works to generate alternate source of income, a total of 3,681 and 7,020 man-days of employment, in mangrove plantation and painting works respectively,

have been provided to the community members during the financial year. Apart from these, 2,285 fishermen have benefitted through various welfare and support programmes of the Foundation.

Adani Foundation supported Self-Help Groups (SHGs) have benefitted 116 women. Apart from SHG, the Foundation is dedicated to provide the farmers with technological support in agriculture which involves practical trainings and exposure visits. A total of 118 farmers went on various exposure trips to Krishi Vikas Kendra (KVK) to learn various technologies used in agriculture.

Rural Infrastructure Development:

Our Rural Infrastructure Development program helps us in building a strong community relationship. Our infrastructure development is well designed, planned and built for the betterment of education, community health, agriculture and living standards for the communities.

The Foundation has carried out various village development activities including construction of individual household toilets and installation safe drinking water facilities. Besides, a total of 140 shelters have been handed over to fisher-folk families at Juna Bandar and another 110 shelters have been constructed at Luni Bandar.

Other Activities

The Foundation is supporting Mandeep Jangra (Boxing), Inderjeet Singh (Shot put), Khushbir Kaur (Race Walker), Malaika Goel (Air Gun), Sanjivani Jadhav (Athletics), Ankita Raina (Tennis) and Pinki Rani (Boxing) heading to Rio and other international events.

- Entire treated sewage is reused for horticulture purpose
- Municipal Solid Waste is sent for recovery of valuable materials. Remaining material is decomposed

through waste destruction machine and thereby reducing the burden on MSW landfills

- Used Oil/Spent Oil is recycled through oil recovery
- Oil is recovered from pigging activities through compression and thereby reduces the volume of pigging to be treated.
- Oily cotton waste is reused as a fuel in co-processing at cement kiln
- Kitchen/Food waste is converted to manure which is used for horticulture requirements.
- Oil Water Separator is installed for recovery of oil.

These initiatives are already under consideration at other port locations to achieve the goal of making APSEZ – a zero waste company.

The Company has started process for sustainability reporting as per GRI-G4 guidelines.

7. Number of show cause / legal notices received from CPCB / SPCB which are pending as of end of financial year.

Yes, the Company is a member of the following key associations:

- Confederation of Indian Industry
- Federation of Indian Export Organisations
- Federation of Indian Chamber of Commerce and Industry
- The Associated Chambers of Commerce and Industry of India
- Ahmedabad Management Association
- Gujarat Chamber of Commerce and Industry

2. Have you advocated / lobbied through above associations for the advancement or improvement of public good? Yes/No; If yes specify the broad areas (Governance and Administration, Economic Reform, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others):

Yes, through its membership in the above bodies, the Company has advocated on the key areas of energy security and electricity pricing, food security with respect to edible oil and pulses, increasing the productivity of coal mining, and improving the logistics and rail connectivity of ports.

Principle 8: Business should support inclusive growth and equitable development

1. Does the company have specified programme / initiatives/ projects in pursuit of the policy related to principle 8? If yes details thereof.

The Company through Adani Foundation promotes notions of equitable and inclusive growth and development. Adani Foundation is the CSR arm of the Adani group of companies. Since its inception in 1996, the Foundation has been working in a number of prominent areas to extend its support to people in need. Working closely with the communities, Adani Foundation has been able to assume the role of a facilitator by creating an enabling environment for many. With its human-centric approach, Adani Foundation always strived to make processes sustainable, transparent and replicable. Adani foundation is currently operational in 12 states of India and is working towards an integrated development of the communities with its core focus on Education, Community Health, Sustainable Livelihoods Development and Rural Infrastructure Development.

It lays a special focus on the marginalized sections of the communities. Through its activities in the above areas, the Adani Foundation has been able to reach out to more than 1470 villages/towns and over 4,00,000 families touching their lives to make a positive difference.

2. Are the programmes/projects undertaken through in-house team / own foundation /external NGO/Govt. structure /any other organisation?

Adani Foundation is the well-structured and developed Corporate Social Responsibility (CSR) arm of Adani Group. The Foundation having its passionate and committed workforce in each of the functional locations has been able to carry out the activities with dedication. Adani Foundation, in various locations has also created a very meaningful partnerships with several Government agencies, Government supported organizations, non-governmental organizations, community service organizations and the CSR network of other corporate houses.

3. Have you done any impact assessment of your initiative?

Yes, impact assessments of the ongoing CSR programs and need/outcome assessment at grass root level through participatory rural appraisals are conducted at regular intervals to evaluate and continually improve the program implementation and outcomes.

4. What is the Company's direct monetary contribution to community development projects and details of projects undertaken?

The Company's monetary contribution to community development projects in financial year 2015-16 was ₹40.81 crores. The focus areas of the Company's community development projects are outlined in response to Question 5 under Section B.

5. Have you taken steps to ensure that community development initiative is successfully adopted by the community? Please explain in 50 words.

Adani Foundation, through its interventions tries to design and implement various activities with a focus on the existing social fabric and structure. The various programs try to ensure an equal participation from various groups (project beneficiaries wise, gender wise and age group wise) of the society to create a space for interaction and indulgence. Mobilization being the first step for any program gives enough scope for such interactions at the community level, effects of which are expected to percolate down the individual family units. Starting with activities like social mapping, designing, implementation to monitoring and assessment / evaluation, community participation from different groups is ensured. The same essence could be found across different programs.

Our community engagement is strengthened through conducting third-party need assessment surveys, participatory rural appraisals as well as formation of Village Development Committees (VDCs) and Cluster Development Advisory Committee (CDAC), and Advisory Council with representation from the community, Government and the Company. This high level of engagement and participation of community members lead to a greater sense of ownership among the people, ensuring successful adoption and sustained outcomes.

Principle 9: Business should engage with and provide value to their customers and consumers in a responsible manner

Customers have always been pivotal in shaping our strategies and developing business. In order to enhance our Customer Centricity levels way ahead of the market place, we have

established a dedicated Customer Service Cell (CSC). The CSC would be single point of contact for all the customers trying to reach out and interact with us. We have already had initial success at CSC and customers have appreciated this initiative.

1. What Percentage of customer complaints / consumer cases are pending as on the end of financial year 2015-16?

There are no customer complaints / consumer cases pending as of end of financial year 2015-16.

2. Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. /Remarks (additional information)

The Company does not manufacture any product, hence this is not applicable.

3. Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last five years and pending as of end of FY 2016?

There are no such pending cases against the Company in a court of law.

4. Did your company carry out any consumer survey / consumer satisfaction trends?

Company actively seeks function-wise feedback from various stakeholders. For example, vessel feedback is collected from vessel masters for vessels handled at the Port. Similarly, transporters' and port users' feedback is sought by security function. The output of the survey was in form of concise actionable points and the same helped the port improvise the services and infrastructure provided by the port to various port users.

Independent Auditor's Report

To the Members of
ADANI PORTS AND SPECIAL ECONOMIC ZONE LIMITED

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Adani Ports and Special Economic Zone Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in

accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016, its profit, and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to:

- (a) Note 36(m) of the accompanying standalone financial statements regarding recognition of Minimum Alternate

Tax ('MAT') credit entitlement in respect of certain interest income based on the consideration that the Company would be able to claim tax holiday benefit on the same, as per provision of section 80IAB of the Income Tax Act, 1961, more fully described in the said note.

- (b) Note 39 of the accompanying standalone financial statements regarding the basis of recognition of certain projects service revenue during the previous year, as more fully described in the said note.
- (c) Note 42 of the accompanying standalone financial statements regarding the accounting treatment followed by, as per the composite scheme of arrangement between Adani Enterprises Limited and the Company, approved by the High Court of Gujarat.

Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

Annexure 2 to the Independent Auditors' Report of even date on the standalone financial statements of Adani Ports and Special Economic Zone Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of

ADANI PORTS AND SPECIAL ECONOMIC ZONE LIMITED

We have audited the internal financial controls over financial reporting of Adani Ports and Special Economic Zone Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of

internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance

regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 CORPORATE INFORMATION

Adani Ports and Special Economic Zone Limited ('the Company', 'APSEZL') is in the business of development, operations and maintenance of port infrastructure has linked multi product Special Economic Zone (SEZ) and related infrastructure contiguous to Mundra Port. The initial port infrastructure facilities at Mundra including expansion thereof through development of additional terminals and south port terminal infrastructure facilities are developed pursuant to the concession agreement with Government of Gujarat (GoG) and Gujarat Maritime Board (GMB) for 30 years period effective from February 17, 2001. The Company has expanded port infrastructure facilities through approved supplementary concession agreement (pending to be concluded) which will be effective till the year 2040, whereby port infrastructure has been developed at Wandh, Mundra to handle coal cargo. The said agreement is in the process of getting signed with GoG and GMB although the part of the Coal terminal at Wandh is recognised as commercially operational w.e.f. February 01, 2011.

The Container terminal facilities (CT-1) initially developed was transferred under sub-concession agreement between Mundra International Container Terminal Limited (MICTL) (erstwhile Adani Container (Mundra) Terminals Limited) and the Company entered into, on January 7, 2003 wherein APSEZL has given rights to MICTL to handle the container cargo for a period of 28 years i.e. up to February 17, 2031. Similarly container terminal facilities developed at South Port location (CT-3) has been leased under approved sub concession agreement dated October 17, 2011 to (50:50) joint venture company, Adani International Container Terminal Private Limited (AICTPL) co-terminate with main concession agreement with GMB. The said sub-concession agreement is pending to be concluded with GOG and GMB.

The Multi Product Special Economic Zone at Mundra is developed by the Company as per approval of Government of India vide their letter no. F-2/11/2003/EPZ dated April 12, 2006 as amended from time to time till date. The Company has also taken approval of Ministry of Commerce and Industry to set up Free Trade and Warehousing Zone vide letter no. F.1/16/2011-SEZ dated January 04, 2012. The Company has received approval from Ministry of Commerce and Industry on April 24, 2015 for setting up of additional Multi Product Special Economic Zone at Mundra Taluka over an area of 1,856 hectares. During the year the Company has received approval for clubbing of three notified SEZ in Mundra vide letter dated March 15, 2016 of Ministry of Commerce and Industry, Department of Commerce (SEZ Section).

2 BASIS OF PREPARATION

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013 read with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis under the historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year except for the change in accounting policy explained below.

2.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Change in Accounting Policy

i) Component Accounting

The company has adopted Schedule II to the Companies Act, 2013, for depreciation purposes, from April 01, 2015. The company was previously not identifying components of tangible assets separately for depreciation purposes; rather, a single useful life/ depreciation rate was used to depreciate each item of tangible asset.

Due to application of Schedule II to the Companies Act, 2013, the company has changed the manner of depreciation for its tangible assets. Now, the company identifies and determines separate useful life for each major component of the tangible asset, if they have useful life that is materially different from that of the remaining asset. These component are depreciated separately over their useful lives, the remaining components are depreciated over the life of the principal assets. The company has used transitional provisions of Schedule II to adjust the impact of component accounting arising on its first application. If a component has zero remaining useful life on the date of Schedule II becoming effective, i.e. April 01, 2015, its carrying amount, after retaining any residual value, is charged to the opening balance of retained earnings. The carrying amount of other components, i.e., components whose remaining useful life is not nil on April 01, 2015, is depreciated over their remaining useful life.

Notes to the Financial Statements for the year ended March 31, 2016

Had the company continued to use the earlier policy of depreciating tangible asset, the profit for the current period would have been lower by ₹ 29.06 crore (net of tax impact of ₹ 7.89 crore) and the tangible asset would correspondingly have been lower by ₹ 36.95 crore.

On the date of component accounting becoming applicable i.e. April 01, 2015, there was no component having zero remaining useful life. Hence, no amount has been directly adjusted against retained earning.

ii) Derivative Accounting

From the current financial year, the Company has early adopted the "Guidance Note on Accounting for Derivative Contracts" issued by the Institute of Chartered Accountants of India, except the guidance related to hedge accounting which requires recognition of all derivative contracts on the balance sheet and measured at fair value. Had the Company followed the same accounting policy as in the previous year, net profit for year ended March 31, 2016 have been lower by ₹ 43.50 crores. The cumulative impact of all derivative contracts outstanding as at that date of the Guidance Note becoming effective, amounting to ₹ 0.40 crores is recognised in reserves as at April 01, 2015 as a transition adjustment in accordance with the transitional provision of the Guidance Note.

iii) Stores and Spares (Insurance Spares) Accounting

During the current year, the Company capitalise spare parts, stand-by and servicing equipment which the company intends to use the same during more than a period of 12 months and whose use is expected to be irregular. The spare parts capitalized in this manner are depreciated prospectively over the remaining useful lives of the respective mother assets.

Had the company continued to use the earlier policy of classifying stores and spares as inventories, its financial statements for the period would have been impacted as below:

Inventories would have been higher by ₹ 39.51 crores, Fixed Assets would have been lower by ₹ 39.51 crores, depreciation would have been lower by ₹ 4.81 crores, and profit for the current period would have been higher by ₹ 4.81 crores

b) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c) Tangible Fixed Assets

- i) Fixed assets (including Capital work in progress) are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price, borrowing costs if capitalisation criteria are met directly attributable cost of bringing the asset to its working condition for the intended use. Items of Stores and Spares that meet the definition of Fixed Assets are capitalised at cost and depreciated over their useful life. Otherwise such items are classified as inventories. Borrowing cost relating to acquisition / construction of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.
- ii) Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.
- iii) The company adjusts exchange differences arising on translation/settlement of long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset to the cost of the asset and depreciates the same over the remaining useful life of the asset. In accordance with MCA circular dated August 09, 2012,

Notes to the Financial Statements for the year ended March 31, 2016

exchange differences adjusted to the cost of fixed assets are total differences, arising on long term foreign currency monetary items pertaining to acquisition of a depreciable asset, for a period. In other words, the Company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference. The depreciation on such foreign exchange difference is recognised from first day of the financial year.

- iv) Gains or losses arising from derecognition/ sale proceeds of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- v) The Company identifies and determine cost of each component / part has cost which is significant to the total cost of the assets has useful life that is materially different from that of the remaining asset.

d) Expenditure on new projects and substantial expansion

Expenditure directly relating to construction / development activity (net of income, if any) is capitalized. Indirect expenditures incurred during construction period which are specifically attributable to construction of a project, is capitalized as part of Project cost Other indirect expenditures (including borrowing costs) incurred during the construction period which are not specifically attributable to construction of a project, is charged to the statement of profit and loss.

e) Depreciation on tangible fixed assets

- i) Depreciation on fixed asset is calculated on Straight Line Method (SLM) based on the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013 except for the assets mentioned in para (ii) below for which useful lives estimated by the management. The Identified component of fixed assets are depreciated over their useful lives and the remaining components are depreciated over the life of the principal assets.
- ii) The Company has estimated the following useful life to provide depreciation on its certain fixed assets based on assessment made by expert.

Assets	Estimated Useful Life
Leasehold Land – Right to Use	Over the balance period of Concession Agreement and approved Supplementary Concession Agreement by Gujarat Maritime Board, as applicable. As mentioned in note -1
Leasehold Land Development	Over the balance period of Concession Agreement and approved Supplementary Concession Agreement by Gujarat Maritime board as applicable as mentioned in note 1.
Marine Structure, Dredged Channel, Building RCC Frame Structure	50 Years as per concession agreement
Dredging Pipes - Plant and Machinery	1.5 Years
Nylon and Steel coated belt on Conveyor - Plant and Machinery	4 Years and 10 Years respectively
Inner Floating and outer floating hose, String of Single Point Mooring - Plant and Machinery	6 Years
Fender, Buoy installed at Jetty - Marine Structures	5 - 10 Years
Bridges, Drains & Culverts	25 Years as per concession agreement
Carpeted Roads – Other than RCC	10 Years
Tugs	20 Years as per concession agreement

- iii) At the end of the sub-concession agreement and supplementary concession agreement, all contracted immovable and movable assets shall be transferred to and shall vest in Gujarat Maritime Board ('GMB') for consideration equivalent to the Depreciated Replacement Value (the 'DRV'). Currently DRV is not determinable, accordingly, residual value of contract asset is considered to be the carrying value based on depreciation rates as per management estimate/ Schedule II of the Companies Act, 2013 at the end of concession period.

Notes to the Financial Statements for the year ended March 31, 2016

- iv) The residual value, useful life and method of depreciation of fixed assets are reviewed at each year end and adjusted prospectively, if appropriate.

f) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in an amalgamation in the nature of purchase is their fair value as at the date of amalgamation. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized on straight line basis over the estimated useful economic life. A summary of amortisation policies applied to the Company's intangible assets is as follows:

Intangible Assets	Estimated Useful Life
Goodwill arising on the amalgamation of Adani Port Limited	Over the balance period of Concession Agreement computed from the Appointed Date of the Scheme of Amalgamation i.e. 28 Years.
Software applications	5 Years based on management estimate.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of asset is significantly different from previous estimates, the amortisation period is changed accordingly. If there is a significant change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the change pattern. Such changes are accounted for in accordance with AS 5- Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

g) Impairment of tangible and intangible assets

- i) The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. The asset's recoverable amount is the higher of the asset's or cash generating unit's (CGU), net selling price and value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the asset. In determining net selling price, relevant market transactions are taken in to account, if available. If no such transactions can be identified, an appropriate valuation model is used.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Borrowing Costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition or construction of an assets (including inventories of specific projects) that necessarily takes substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur except where expenses are adjusted to securities premium account in compliance with section 52 of the Companies Act, 2013.

i) Leases

Where the Company is the lessee

Finance leases including rights of use in leased land, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at inception of the lease term at the

Notes to the Financial Statements for the year ended March 31, 2016

lower of the fair value of land and present value of the minimum lease payments and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance cost in the statement of profit and loss.

A leased asset is depreciated/amortised on a straight line basis over the useful life of the asset. However, If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, the capitalized leased assets is depreciated/amortised on a straight line basis over the shorter of the estimated useful life of the asset or the lease term.

Leases, wherein the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

Where the Company is the lessor

Leases, including rights to use in leased / sub leased land, in which the company transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under a finance lease are recognized as a receivable at an amount equal to the net investment in the lease. After initial recognition, lease rentals are apportioned between principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment outstanding in respect of the finance lease. The interest income is recognized in statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

Leases in which the company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

j) Investments

Investments, which are readily realizable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long - term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long - term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

k) Inventories

Stores and Spares: Valued at lower of cost and net realizable value. Cost is determined on a moving weighted average basis. Cost of stores and spares lying in bonded warehouse includes custom duty accounted for on an accrual basis. Stores and Spares which do not meet the definition of fixed assets are accounted as inventories.

Costs incurred that relate to future contract activities are recognised as "Project Work in Progress".

Project work in progress comprise specific contract costs and other directly attributable overheads including borrowing costs which can be allocated on specific contract cost is, valued at lower of cost and net realisable value.

Net Realizable Value in respect of store and spares is the estimated current procurement price in the ordinary course of the business.

Notes to the Financial Statements for the year ended March 31, 2016

l) Royalty on Cargo

Waterfront royalty is paid at concessional rate in terms of rate prescribed by Gujarat Maritime Board (GMB) and notified in official gazette of Government of Gujarat, wherever applicable.

m) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

i) Port Operation Services

Revenue from port operation services including cargo handling, storage and rail infrastructure are recognized on proportionate completion method basis based on service performed. Revenue on take-or-pay charges are recognized for the quantity that is the difference between annual agreed tonnage and actual quantity of cargo handled. The amount recognised as a revenue is exclusive of service tax and education cess where applicable.

Income in the nature of license fees / royalty is recognised as and when the right to receive such income is established as per terms and conditions of relevant agreement.

ii) Income from Long Term Leases

As a part of its business activity, the Company leases/ sub-leases land on long term basis to its customers. In some cases, the Company enters into cancellable lease / sub-lease transaction, while in other cases, it enters into non-cancellable lease / sub-lease transaction apart from other criteria to classify the transaction between the operating lease or finance lease. The Company recognises the income based on the principles of leases as per Accounting Standard – 19, Leases and accordingly in cases where the land lease / sub-lease transaction are cancellable in nature, the income in the nature of upfront premium received / receivable is recognised on operating lease basis i.e. on a straight line basis over the period of lease / sub-lease agreement / date of Memorandum of understanding takes effect over lease period and annual lease rentals are recognised on an accrual basis. In cases where land lease / sub-lease transaction are non-cancellable in nature, the income is recognised on finance lease basis i.e. at the inception of lease / sub-lease agreement / date of Memorandum of understanding takes effect over lease period, the income recognised is equal to the present value of the minimum lease payment over the lease period (including non-refundable upfront premium) which is substantially equal to the fair value of land leased / sub-leased. In respect of land given on finance lease basis, the corresponding cost of the land and development costs incurred are expensed off in the statement of profit and loss.

iii) Deferred Infrastructure Usage

Income from infrastructure usage fee collected upfront basis from the customers is recognised over the balance contractual period on straight line basis.

iv) Development of Infrastructure Assets

In case the Company is involved in development and construction of infrastructure assets where the outcome of the project cannot be estimated reasonably, revenue is recognised when all significant risks and rewards of ownership in the infrastructure assets are transferred to the customer and all critical approvals necessary for transfer of the project are received / obtained.

v) Contract Revenue

Revenue from construction contracts is recognized on a percentage completion method, in proportion that the contract costs incurred for work performed up to the reporting date stand to the estimated total contract costs indicating the stage of completion of the project. Contract revenue earned in excess of billing has been reflected under the head "Other Current Assets" and billing in excess of contract revenue has been reflected under the head "Other Current Liabilities" in the balance sheet. Full provision is made for any loss in the year in which it is first foreseen and cost incurred towards future contract activity is classified as project work in progress.

Income from fixed price contract - Revenue from infrastructure development project / services under fixed price contract, where there is no uncertainty as to measurement or collectability of consideration is recognised based on milestones reached under the contract.

Notes to the Financial Statements for the year ended March 31, 2016

vi) Interest

Interest is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate. Interest income on land leases is included under the head "Revenue from operations" and other interest income is included under the head "Other income". Interest income also include interest earned from multi year payment terms with customers and is included under the head "Other income".

vii) Dividends

Revenue is recognized when the Company's right to receive payment is established by the balance sheet date.

n) Foreign Currency Translation

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

The Company accounts for exchange difference arising on translation / settlement of foreign currency monetary items as below:

- a) Exchange differences arising on long-term foreign currency monetary items (including funds used for projects work in progress) related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset.
- b) Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary Item Translation Difference Account" and amortized over the remaining life of the concerned monetary item.
- c) All other exchange differences are recognized as income or as expenses in the period in which they arise.

For the purpose of (a) and (b) above, the company treats a foreign monetary item as "long-term foreign currency monetary item", if it has a term of 12 months or more at the date of its origination.

In accordance with MCA circular dated August 09, 2012, exchange differences for this purpose, are total differences arising on long term foreign currency monetary items for the period. In other words, the Company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

iv) Forward Exchange Contracts entered into to hedge foreign currency risk of an existing asset/ liability

The premium or discount arising at the inception of forward exchange contracts is amortized as an expense/ income over the life of the contract. Exchange differences on such contracts, except the contracts which are long term foreign currency monetary items, are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the period. Any gain/loss arising on forward contracts which are long term foreign currency monetary items is recognized in accordance with paragraph (iii) above.

v) Derivative instruments

The Company enters into derivative contracts such as Cross Currency Swaps, Interest rate swaps, Foreign currency future options and swaps foreign currency forward contract to hedge foreign currency future transactions in respect of which firm commitment are made or which are highly probable forecast transactions not in the scope of AS 11. From current year onwards, the Company has voluntarily adopted the "Guidance Note on Accounting for Derivative Contracts" issued by the Institute of Chartered Accountants of India. Accordingly, the Company account for its derivatives at fair value with changes in fair value being recognised in the statement of profit and loss. All derivative contracts are recognised on the balance sheet and measured at fair value.

Notes to the Financial Statements for the year ended March 31, 2016

o) Retirement and Other Employee Benefits

i) Provident fund and superannuation fund

Retirement benefits in the form of Provident Fund and Superannuation Fund Schemes are defined contribution schemes and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due as employee renders the service. There are no other obligations other than the contribution payable to the respective funds.

ii) Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The Company has taken an insurance policy under the Group Gratuity Scheme with the Life Insurance Corporation of India (LIC) to cover the gratuity liability of the employees.

iii) Leave Benefits

Accumulated leave, which is expected to be utilised within the next twelve months, is treated as short term employee benefits. The Company measures the expected cost of such absence as the additional amount that is expected to pay as a result of the unused estimate that has accumulated at the reporting date. The company treats accumulated leave expected to be carried forward beyond twelve months as long term compensated absences which are provided for based on actuarial valuation as at the end of the period. The actuarial valuation is done as per projected unit credit method. The company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve month after the reporting date.

iv) Actuarial Gains/ Losses

Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

p) Income Tax

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date. The Company is eligible and claiming tax deductions available under section 80IAB of the Income Tax Act, 1961 w.e.f FY 2007-08.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has carry forward unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

In view of Company availing tax deduction under Section 80IAB of the Income Tax Act, 1961, deferred tax has been recognized in respect of timing difference, which reverse after the tax holiday period in the year in which the timing difference originate and no deferred tax (assets or liabilities) is recognised in respect of timing difference which reverse during tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. For recognition of deferred tax, the timing difference which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Notes to the Financial Statements for the year ended March 31, 2016

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference share dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Provisions

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best management estimates.

s) Segment Reporting Policies

The Company's operating businesses are organized and managed separately according to the nature of services provided, with each segment representing a strategic business unit that offers different services, the risk and return profile of individual business unit, the organisational structure and internal reporting system of the Company. The analysis of geographical segments is not required as the Company's operations are within single geographical segment i.e. India.

t) Cash and Cash equivalents

Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank and in hand and short-term investments with an original maturity of three months or less.

u) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize contingent liabilities but discloses its existence in the financial statement.

b) Financial risk objectives and policies

In the ordinary course of business, the Company is exposed to risks resulting from exchange rate fluctuation and interest rate movements. It manages its exposure to these risks through derivative financial instruments. It uses derivative instruments such as Cross Currency Swaps, Interest rate swaps, foreign currency future options and foreign currency forward contract to manage these risks. These derivative instruments reduce the impact of both favourable and unfavourable fluctuations.

The Company's risk management activities are subject to the management, direction and control of Central Treasury Team of the Adani Group under the framework of Risk Management Policy for Currency and Interest rate risk as approved by the Board of Directors of the Company. The Company's central treasury team ensures appropriate financial risk governance framework for the Company through appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

The decision of whether and when to execute derivative financial instruments along with its tenure can vary from period to period depending on market conditions and the relative costs of the instruments. The tenure is linked to the timing of the underlying exposure, with the connection between the two being regularly monitored. The Company

Notes to the Financial Statements for the year ended March 31, 2016

is exposed to losses in the event of non-performance by the counterparties to the derivative contracts. All derivative contracts are executed with counterparties that, in our judgment, are creditworthy. The outstanding derivatives are reviewed periodically to ensure that there is no inappropriate concentration of outstanding to any particular counterparty.

Further, all currency and interest risk as identified above is measured on a daily basis by monitoring the mark to market (MTM) of open and hedged position. The MTM is derived basis underlying market curves on closing basis of relevant instrument quoted on Bloomberg/Reuters. For quarter ends, the MTM for each derivative instrument outstanding is obtained from respective banks. Interest rate risk

The Company is exposed to changes in interest rates due to financing, investing and cash management activities. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company enters into interest rate swap contracts or interest rate future contracts to manage its exposure to changes in the underlying benchmark interest rates.

Foreign currency risk

Exchange rate movements, particularly the United States Dollar (USD) and Euro (EUR) against Indian Rupee (INR), have an impact on the company's operating results. The Company manages its foreign currency risk by entering into currency swap for converting INR loan into other foreign currency for taking advantage of lower cost of borrowing in stable currency environment. The Company also enters into various foreign exchange contracts to mitigate the risk arising out of foreign exchange rate movement on foreign currency borrowings or trade payables. Further, to hedge foreign currency future transactions in respect of which firm commitment are made or which are highly probable forecast transactions (for instance, foreign exchange denominated income) the Company has entered into foreign currency forward contracts as per the policy of the Company.

Notes to the Financial Statements for the year ended March 31, 2016

32. The Company has been availing tax holiday benefit u/s 80IAB of the Income Tax Act, 1961 on the taxable income. However, in view of the amendment in Income Tax Act, 1961 w.e.f. April 1, 2011 by Finance Act 2011, the Company is liable to pay Minimum Alternate Tax (MAT) on income from the financial year 2011-12. Based on the amendment, the Company has made provision of ₹ 624.34 crore (previous year ₹ 450.60 crore) for current taxation based on its book profit for the financial year 2015-16 and has recognised MAT credit of ₹ 607.82 crore (previous year ₹ 510.79 crore) (read with note 36(m)) as the management believes, it has convincing evidence in view of strategic volumes of cargo available with the Company and higher depreciation charge for accounting purposes than the depreciation for income tax purposes in the future period, whereby, the MAT credit will be utilized post tax holiday period w.e.f. financial year 2017-18.

Independent Auditor's Report

To the Members of

ADANI PORTS AND SPECIAL ECONOMIC ZONE LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Adani Ports and Special Economic Zone Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") its associates and joint controlled entities, comprising of the consolidated Balance Sheet as at March 31, 2016, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10)

of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, its associates and jointly controlled entities as at March 31, 2016, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

- (a) Note 38 (u) of the accompanying consolidated financial statements regarding recognition of Minimum Alternate Tax ('MAT') credit entitlement in respect of certain interest income based on the consideration that the Company would be able to claim tax holiday benefit on the same, as per provision of section 80IAB of the Income Tax Act, 1961, more fully described in the said note.
- (b) Note 40 of the accompanying consolidated financial statements regarding the basis of recognition of certain projects service revenue during the previous year, as more fully described in the said note.
- (c) Note 44 of the accompanying consolidated financial statements regarding the accounting treatment followed

by, as per the composite scheme of arrangement between Adani Enterprises Limited and the Company, approved by the High Court of Gujarat.

Our conclusion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, we report, to the extent applicable, that:

- (a) We / the other auditors whose reports we have relied upon, have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the auditors who are appointed under Section 139 of the Act, of its subsidiary companies, associate companies and jointly controlled companies incorporated in India, none of the directors of the Group's companies, its associates and jointly controlled companies incorporated in India is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, associate companies and jointly controlled companies incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, its associates and

jointly controlled entities – Refer Note 38 to the consolidated financial statements;

- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 9 to the consolidated financial statements in respect of such items as it relates to the Group, its associates and jointly controlled entities;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, associates and jointly controlled companies incorporated in India.

Other Matter

The accompanying consolidated financial statements include total assets of ₹ 8,114.18 crores as at March 31, 2016, and total revenues and net cash inflows of ₹ 1,631.58 crores and ₹ 72.81 crores for the year ended on that date respectively, in respect of 12 subsidiaries, which have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements also include the Company's share of net loss of ₹ 4.33 crores for the year ended March 31, 2016, as considered in the consolidated financial statements, in respect of an associate, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate, is based solely on the reports of such other auditors

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Annexure 1 to the Independent Auditors' Report of even date on the consolidated financial statements of Adani Ports and Special Economic Zone Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of
ADANI PORTS AND SPECIAL ECONOMIC ZONE LIMITED

In conjunction with our audit of the consolidated financial statements of Adani Ports and Special Economic Zone Limited as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Adani Ports and Special Economic Zone Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the

Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating

effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, in so far as it relates to these twelve subsidiary companies and one associate company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary and associate companies incorporated in India.

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India as specified under section 143(10) of the Act, the consolidated financial statements of the Holding Company, which comprise the Consolidated Balance Sheet as at March 31, 2016, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report dated May 3, 2016 expressed an unqualified opinion.

2. PRINCIPLES OF CONSOLIDATION

The Consolidated financial statements relates to the Adani Ports Group which comprises the financial statements of APSEZL and its subsidiaries, associates and joint ventures (hereinafter collectively referred to as "the Group") as at March 31, 2016. In the preparation of consolidated financial statements, investment in the subsidiaries, associates and joint venture have been accounted for in accordance with Accounting Standard (AS) 21 - 'Consolidated Financial Statements', AS 23 - 'Accounting for Investments in Associates in Consolidated Financial Statements' and AS 27 - 'Financial Reporting of Interests in Joint Ventures', as notified under Section 133 of the Companies Act 2013 read with paragraph 7 of the Companies (Accounts) Rules, 2014. Consolidated financial statements have been prepared on the following basis:

- i) Subsidiaries are fully consolidated from the date of acquisition and incorporation, being the date on which the Group obtains control, and continues to be consolidated until the date that such control ceases (including through voting rights). Subsidiaries have been consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses after eliminating all significant intra-group balances and intra-group transactions. The unrealized profits resulting from intra-group transactions that are included in the carrying amount of assets are eliminated in full and unrealized losses resulting from intra-group transactions that are deducted in arriving at the carrying amount of assets are also eliminated unless cost cannot be recovered.
- ii) The excess of the cost to the Company of its investment in subsidiaries over the Company's portion of equity on the acquisition date is recognized in the financial statements as goodwill and is tested for impairment annually. When there is excess of Company's portion of equity of the Subsidiary over the cost of the investment then it is treated as Capital Reserve.
- iii) Minority interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the statement of profit and loss and consolidated balance sheet, separately from parent shareholders' equity. Where accumulated losses attributable to the minorities are in excess of their equity, in the absence of the contractual obligation on the minorities, the same is accounted for by the Parent Company.
- iv) Translation of the financial statements of non integral foreign subsidiaries for incorporation in the consolidated financial statements have been done using the following exchange rates:
 - (a) Assets and liabilities have been translated by using the rates prevailing as on the date of the balance sheet.
 - (b) Income and expense items have been translated by using the average rate of exchange prevailing during the year, which approximates to the exchange rate prevailing at the transaction date.
 - (c) Exchange difference arising on translation of financial statements of non integral operations as specified above is recognised in the Foreign Currency Translation Reserve until the disposal of net investment.
- v) The difference of the proceed from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as of the date of disposal is recognised in the consolidated statement of profit and loss being the profit or loss on disposal of investment in subsidiary.
- vi) Financial statements of the subsidiaries, joint venture and associates are prepared for the same reporting year as the parent company, using consistent accounting policies. As far as possible, the consolidated financial statements have been prepared using uniform accounting policies, consistent with the Company's standalone financial statements for like transactions and other events in similar circumstances and are presented, to the extent possible, in the

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

same manner as the Company's standalone financial statements. Any deviation in accounting policies is disclosed separately.

- vii) In case of associates where the Company has significant influence or hold directly or indirectly through subsidiaries 20% or more of equity shares, investment in associates are accounted for using equity method in accordance with AS 23 – 'Accounting for Investments in Associates in Consolidated Financial Statements', as notified under Section 133 of the Companies Act 2013 read with paragraph 7 of the Companies (Accounts) Rules, 2014. The Company accounts for its share in the change in the net assets of the associates, post acquisition, after eliminating unrealized profits and losses resulting from transactions between the Company and its associates in the statement of profit and loss. The difference between the cost of investment in the associates and the share of net assets, at the time of acquisition of shares in the associates, is identified in the financial statements as Goodwill or Capital Reserve, as the case may be.
- viii) In case of joint venture, the interest in the assets, liability, income and expense are consolidated using proportionate consolidation method. Intra group balances, transactions and unrealized profit / losses are eliminated to the extent of companies proportionate share.

3. BASIS OF PREPARATION

The consolidated financial statements of the Group has been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Group has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013 read with paragraph 7 of the Companies (Accounts) Rule 2014. The consolidated financial statements have been prepared on an accrual basis under the historical cost convention. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year except for the changes in accounting policy explained below.

3.1 Summary of Significant Accounting Policies

a) Change in Accounting Policy

i) Component Accounting

The Group has adopted Schedule II to the Companies Act, 2013, for depreciation purposes, from April 01, 2015. The Group was previously not identifying components of tangible assets separately for depreciation purposes; rather, a single useful life/ depreciation rate was used to depreciate each item of tangible asset.

Due to application of Schedule II to the Companies Act, 2013, the Group has changed the manner of depreciation for its tangible assets. Now, the Group identifies and determines separate useful life for each major component of the tangible asset, if they have useful life that is materially different from that of the remaining asset. These component are depreciated separately over their useful lives, the remaining components are depreciated over the life of the principal assets. The Group has used transitional provisions of Schedule II to adjust the impact of component accounting arising on its first application. If a component has zero remaining useful life on the date of Schedule II becoming effective, i.e., April 01, 2015, its carrying amount, after retaining any residual value, is charged to the opening balance of retained earnings. The carrying amount of other components, i.e., components whose remaining useful life is not nil on April 01, 2015, is depreciated over their remaining useful life.

Had the Group continued to use the earlier policy of depreciating tangible asset, the profit for the current period would have been lower by ₹ 36.76 crore (net of tax impact of ₹ 9.83 crore) and the tangible asset would correspondingly have been lower by ₹ 46.59 crore.

On the date of component accounting becoming applicable i.e. April 01, 2015, there was no component having zero remaining useful life. Hence, no amount has been directly adjusted against retained earning.

ii) Derivative Accounting

From the current financial year, the Group has early adopted the "Guidance Note on Accounting for Derivative Contracts" issued by the Institute of Chartered Accountants of India, which requires recognition of all derivative contracts in the balance sheet and measured at fair value. Had the Group followed the same accounting policy as in the previous year, net profit for the year ended March 31, 2016 have been lower by ₹ 71.27 crores. The cumulative impact of all derivative contracts outstanding as at that date of the Guidance

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

Note becoming effective, amounting to ₹ 0.40 crores is recognised in reserves as at April 01, 2015 as a transition adjustment in accordance with the transitional provision of the Guidance Note.

iii) Stores and Spares Accounting

During the current year, the Group capitalise spare parts, stand-by and servicing equipment which the Group intends to use the same during more than a period of 12 months and whose use is expected to be irregular. The spare parts capitalized in this manner are depreciated prospectively over the remaining useful lives of the respective mother assets.

Had the Group continued to use the earlier policy of classifying stores and spares as inventories, its financial statements for the period would have been impacted as below:

Inventories would have been higher by ₹ 50.16 crores, Fixed Assets would have been lower by ₹ 50.16 crores, depreciation would have been lower by ₹ 5.65 crores, and profit for the current period would have been higher by ₹ 5.65 crores.

b) Use of estimates

The preparation of consolidated financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c) Tangible Fixed Assets

- i) Fixed assets (including Capital work in progress) are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price, borrowing costs if capitalisation criteria are met directly attributable cost of bringing the asset to its working condition for its intended use. Items of Stores and Spares that meet the definition of Fixed Assets are capitalised at cost and depreciated over their useful life. Otherwise such items are classified as inventories. Borrowing cost relating to acquisition / construction of fixed assets which take substantial period of time to get ready for the intended use are also included to the extent they relate to the period till such assets are ready to be put to use.
- ii) Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the consolidated statement of profit and loss for the period during which such expenses are incurred.
- iii) The Group adjusts exchange differences arising on translation/settlement of long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset to the cost of the asset and depreciates the same over the remaining useful life of the asset. In accordance with MCA circular dated August 09, 2012, exchange differences adjusted to the cost of fixed assets are total differences, arising on long term foreign currency monetary items pertaining to acquisition of a depreciable asset, for a period. In other words, the Group does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference. The depreciation on such foreign exchange difference is recognised from first day of the financial year.
- iv) Gains or losses arising from derecognition/ sale proceeds of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- v) The Group identifies and determine cost of each component / part has cost which is significant to the total cost of the assets has useful life that is materially different from that of the remaining asset.

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

d) Expenditure on new projects and substantial expansion

Expenditure directly relating to construction / development activity (net of income, if any) is capitalized. Indirect expenditures incurred during construction period which are specifically attributable to construction of a project, is capitalized as part of Project cost. Other indirect expenditures (including borrowing costs) incurred during the construction period which are not specifically attributable to construction of a project, is charged to the consolidated statement of profit and loss.

e) Depreciation on tangible fixed assets

i) Depreciation on fixed asset is calculated on Straight Line Method (SLM) based on the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013 except for the assets mentioned in para (ii) below for which useful lives estimated by the management. The Identified component of fixed assets are depreciated over their useful lives and the remaining components are depreciated over the life of the principal assets.

ii) The Group has estimated the following useful life to provide depreciation on its certain fixed assets based on assessment made by expert. :

Assets	Estimated Useful Life
Leasehold Land – Right to Use	Over the balance period of Concession Agreement or Sub-Concession Agreement.
Leasehold Land Development	Over the balance period of Concession Agreement or Sub-Concession Agreement by Gujarat Maritime Board, other Major Port Trust authorities, State Government authorities etc. as applicable.
Marine Structure, Dredged Channel, Building RCC Frame Structure	50 Years as per concession agreement/Over the balance period of concession agreement as applicable.
Dredging Pipes - Plant and Machinery	1.5 Years
Nylon and Steel coated belt on Conveyor - Plant and Machinery	4 Years and 10 Years respectively
Inner Floating and outer floating hose, String of Single Point Mooring - Plant and Machinery	6 Years
Fender, Buoy installed at Jetty - Marine Structures	5 - 10 Years
Bridges, Drains & Culverts	25 Years as per concession agreement
Carpeted Roads – Other than RCC	10 Years
Non Carpeted Roads - Other than RCC	3 Years
Tugs	20 Years as per concession agreement

iii) At the end of the sub-concession agreement and supplementary concession agreement, all contracted immovable and movable assets shall be transferred to and shall vest in Grantor (government authorities/ port trust authorities). In cases, where the Group is expected to receive consideration of residual value from grantor at the end of concession period, the residual value of contracted immovable and movable assets is considered as the carrying value at the end of concession period based on depreciation rates as per management estimate/Schedule II of the Companies Act, 2013 and in other cases it is Nil.

iv) The residual value, useful life and method of depreciation of fixed assets are reviewed at each year end and adjusted prospectively, if appropriate.

f) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in an amalgamation in the nature of purchase is their fair value as at the date of amalgamation. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized on straight line basis over the estimated useful economic life. A summary of

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

amortisation policies applied to the Group's intangible assets is as follows:

Intangible Assets	Estimated Useful Life
Goodwill arising on the amalgamation of Adani Port Limited	Over the balance period of Concession Agreement computed from the Appointed Date of the Scheme of Amalgamation i.e. 28 years.
Software applications	5 Years based on management estimate.
License Fees paid to Ministry of Railway (MOR) for approval for movement of Container Trains	Over the license period of 20 years.
Right of use to develop and operate the port facilities	Over the balance period of Sub-Concession Agreement.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of asset is significantly different from previous estimates, the amortisation period is changed accordingly. If there is a significant change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the change pattern. Such changes are accounted for in accordance with AS 5 - Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the consolidated statement of profit and loss when the asset is derecognized.

g) Impairment of tangible and intangible assets

- i) The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Group estimates the asset's recoverable amount. The asset's recoverable amount is the higher of the asset's or cash generating unit's (CGU), net selling price and value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the asset. In determining net selling price, relevant market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For budget periods, a long term growth rate is calculated and applied to project future cash flows after fifth year.

- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Borrowing Costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition or construction of an assets (including inventories of specific projects) that necessarily takes substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur except where expenses are adjusted to securities premium account in compliance with section 52 of the Companies Act, 2013.

i) Leases

Where the Company is the lessee

Finance leases including rights of use in leased land, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at inception of the lease term at

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

the lower of the fair value of the land and present value of the minimum lease payments and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance cost in the consolidated statement of profit and loss.

A leased asset is depreciated / amortised on a straight line basis over the useful life of the asset. However, If there is no reasonable certainty that the Group will obtain the ownership by the end of the lease term, the capitalized leased assets is depreciated /amortised on a straight line basis over the shorter of the estimated useful life of the asset or the lease term.

Leases, wherein the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the consolidated statement of profit and loss on a straight-line basis over the lease term.

Where the Company is the lessor

Leases, including rights to use in leased / sub leased land, in which the Group transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under a finance lease are recognized as a receivable at an amount equal to the net investment in the lease. After initial recognition, lease rentals are apportioned between principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment outstanding in respect of the finance lease. The interest income is recognized in the consolidated statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the consolidated statement of profit and loss.

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income is recognized in the consolidated statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the consolidated statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the consolidated statement of profit and loss.

j) Investments

Investments, which are readily realizable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long - term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the consolidated financial statements at lower of cost and fair value determined on an individual investment basis. Long - term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the consolidated statement of profit and loss.

k) Inventories

Stores and Spares: Valued at lower of cost and net realizable value. Cost is determined on a moving weighted average basis. Cost of stores and spares lying in bonded warehouse includes custom duty accounted for on an accrual basis. Stores and Spares which do not meet the definition of fixed assets are accounted as inventories.

Costs incurred that relate to future contract activities are recognised as "Project Work in Progress".

Project work in progress comprises specific contract costs and other directly attributable overheads including borrowing costs which can be allocated on specific contract cost is valued at lower of cost and net realisable value.

Net Realizable Value in respect of store and spares is the estimated current procurement price in the ordinary

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

course of the business.

l) Government Grant

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the consolidated statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

m) Royalty on Cargo

Waterfront royalty is paid at concessional rate in terms of rate prescribed by Gujarat Maritime Board (GMB) and notified in official gazette of Government of Gujarat, wherever applicable.

n) Contribution for Services

In case of a subsidiary company, MPSEZ Utilities Private Limited, the initial/upfront contributions received from the customers against power connection are recognized as capital receipts and accounted as Capital Reserve. Subsequently, the amounts are amortised over the life of the assets and adjusted from depreciation charge in the consolidated statement of profit and loss.

During the year, the subsidiary company has received ₹ 3.10 crore (Previous year ₹ 0.09 crore) as contribution.

o) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

i) Port Operation Services/Multi-Model cargo storage cum logistic service

Revenue from port operation services/multi-model and transportation service including cargo handling, storage and rail infrastructure are recognized on proportionate completion method basis based on the service performed. Revenue on take-or-pay charges are recognized for the quantity that is the difference between annual agreed tonnage and actual quantity of cargo handled. The amount recognised as a revenue is exclusive of service tax and education cess where applicable.

Income in the nature of license fees / royalty is recognised as and when the right to receive such income is established as per terms and conditions of relevant agreement.

ii) Income from Long Term Leases

As a part of its business activity, the Group leases/ sub-leases land on long term basis to its customers. In some cases, the Group enters into cancellable lease / sub-lease transaction, while in other cases, it enters into non-cancellable lease / sub-lease transaction apart from other criteria to classify the transaction between the operating lease or finance lease. The Group recognises the income based on the principles of leases as per Accounting Standard – 19, Leases and accordingly in cases where the land lease / sub-lease transaction are cancellable in nature, the income in the nature of upfront premium received / receivable is recognised on operating lease basis i.e. on a straight line basis over the period of lease / sub-lease agreement / date of Memorandum of understanding takes effect over lease period and annual lease rentals are recognised on an accrual basis. In cases where land lease / sub-lease transaction are non-cancellable in nature, the income is recognised on finance lease basis i.e. at the inception of lease / sub-lease agreement / date of Memorandum of understanding takes effect over lease period, the income recognised is equal to the present value of the minimum lease payment over the lease period (including non-refundable upfront premium) which is substantially equal to the fair value of land leased / sub-leased. In respect of land given on finance lease basis, the corresponding cost of the land and development costs incurred are expensed

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

off in the consolidated statement of profit and loss. In case of Subsidiary Company, Mundra SEZ Textile and Apparel Park Private Limited (MITAP), the upfront premium received/receivable under Long Term Leases/Infrastructure Usage Agreement is recognized as income pro-rata over the period of sub-lease agreement. (The income of MITAP in the books of APSEZL constitutes 3.03% of the total unamortized amount under Long Term Lease/Infrastructure Usage Agreements.)

iii) Deferred Infrastructure Usage

Income from infrastructure usage fee collected on upfront basis from the customers is recognised over the balance contractual period on straight line basis.

iv) Development of Infrastructure Assets

In case the Group is involved in development and construction of infrastructure assets where the outcome of the project cannot be estimated reliably, revenue is recognised when all significant risks and rewards of ownership in the infrastructure assets are transferred to the customer and all critical approvals necessary for transfer of the project are received / obtained.

v) Non Scheduled Aircraft Services

Revenue from chartered services is recognized when the service is performed under contractual obligations.

vi) Utilities Services

Revenue is recognized as and when the service performed under contractual obligations and the right to receive such income is established. Delayed payment charges are accounted as and when received.

vii) Contract Revenue

Revenue from construction contracts is recognized on a percentage completion method, in proportion that the contract costs incurred for work performed up to the reporting date stand to the estimated total contract costs indicating the stage of completion of the project. Contract revenue earned in excess of billing has been reflected under the head "Other Current Assets" and billing in excess of contract revenue has been reflected under the head "Other Current Liabilities" in the balance sheet. Full provision is made for any loss in the year in which it is first foreseen and cost incurred towards future contract activity is classified as project work in progress.

Income from fixed price contract - Revenue from infrastructure development project/ services under fixed price contract, where there is no uncertainty as to measurement or collectability of consideration is recognised based on milestones reached under the contract.

viii) Interest

Interest is recognized on a time proportion basis taking into account the amount outstanding and the applicable rate. Interest income on land leases is included under the head "Revenue from operations" and other interest income is included under the head "Other income". Interest income also include interest earned from multi year payment terms with customers and is included under the head "Other income".

ix) Dividends

Revenue is recognized when the Group's right to receive payment is established by the balance sheet date.

p) Foreign Currency Translation

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

The Group accounts for exchange difference arising on translation / settlement of foreign currency monetary item is as below:

- a) Exchange differences arising on long-term foreign currency monetary items (including funds used for projects work in progress) related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset.
- b) Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary Item Translation Difference Account" and amortized over the remaining life of the concerned monetary item.
- c) All other exchange differences are recognized as income or as expenses in the period in which they arise.

For the purpose of (a) and (b) above, the company treats a foreign monetary item as "long-term foreign currency monetary item", if it has a term of 12 months or more at the date of its origination.

In accordance with MCA circular dated August 09, 2012 exchange differences for this purpose, are total differences arising on long term foreign currency monetary items for the period. In other words, the Company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

iv) **Forward Exchange Contracts entered into to hedge foreign currency risk of an existing asset/ liability**

The premium or discount arising at the inception of forward exchange contracts is amortized as an expense/ income over the life of the contract. Exchange differences on such contracts, except the contracts which are long term foreign currency monetary items, are recognized in the consolidated statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the period. Any gain/loss arising on forward contracts which are long term foreign currency monetary items is recognized in accordance with paragraph (iii) above.

v) **Derivative transactions**

The Group enters into derivative contracts such as Cross Currency Swaps, Interest rate swaps, Foreign currency future options and swaps foreign currency forward contract to hedge foreign currency future transactions in respect of which firm commitment are made or which are highly probable forecast transactions not in the scope of AS 11. From current year onwards, the Group has voluntarily adopted the "Guidance Note on Accounting for Derivative Contracts" issued by the Institute of Chartered Accountants of India. Accordingly, the Group accounts for its derivatives at fair value with changes in fair value being recognised in the statement of profit and loss. All derivative contracts are recognised on the balance sheet and measured at fair value.

vi) **Translation of integral and non-integral foreign operation**

The assets and liabilities of a non-integral foreign operation are translated into the reporting currency at the exchange rate prevailing at the reporting date. Their statement of profit and loss are translated at exchange rates prevailing at the dates of transactions or weighted average weekly rates, where such rates approximate the exchange rate at the date of transaction. The exchange differences arising on translation are accumulated in the foreign currency translation reserve. On disposal of a non-integral foreign operation, the accumulated foreign currency translation reserve relating to that foreign operation is recognized in the consolidated statement of profit and loss.

q) **Retirement and Other Employee Benefits**

i) **Provident fund and superannuation fund**

Retirement benefits in the form of Provident Fund and Superannuation Fund Schemes are defined contribution schemes and the contributions are charged to the consolidated statement of profit and loss of the year when the contributions to the respective funds are due as employee renders the service. There are

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

no other obligations other than the contribution payable to the respective funds.

ii) Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The Group has taken insurance policy under the Group Gratuity Scheme with the Life Insurance Corporation of India and Tata AIG Life Insurance Company Limited to cover the gratuity liability of the employees.

iii) Leave Benefits

Accumulated leave, which is expected to be utilised within the next twelve months, is treated as short term employee benefits. The Group measures the expected cost of such absence as the additional amount that is expected to pay as a result of the unused estimate that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months as long term compensated absences which are provided for based on actuarial valuation as at the end of the period. The actuarial valuation is done as per projected unit credit method. The Group presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve month after the reporting date.

iv) Actuarial Gains/ Losses

Actuarial gains/losses are immediately taken to the consolidated statement of profit and loss and are not deferred.

r) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date. The Company is eligible and claiming tax deductions available under section 80IAB of the Income Tax Act, 1961 w.e.f FY 2007-08. Some of the subsidiaries and joint venture company are eligible for section 80IA benefits.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has carry forward unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

In view of the Group availing tax deduction under Section 80IAB/80IA of the Income Tax Act, 1961, deferred tax has been recognized in respect of timing difference, which reverse after the tax holiday period in the year in which the timing difference originate and no deferred tax (assets or liabilities) is recognised in respect of timing difference which reverse during tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period. For recognition of deferred taxes, the timing difference which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the consolidated statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the consolidated statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

s) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference share dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

t) Provisions

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on best management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best management estimates.

u) Segment Reporting Policies

i) Identification of segments:

The Group's operating businesses are organized and managed separately according to the nature of services provided, with each segment representing a strategic business unit that offers different services, the risk and return profile of individual business unit, the organisational structure and internal reporting system of the Group. The analysis of geographical segments is based on the geographical location of the customers.

ii) Inter segment transfers:

The Group generally accounts for intersegment sales and transfers as if the sales or transfers were to third parties at current market prices.

iii) Unallocated Items:

Includes general corporate income and expense items which are not allocated to any business segment.

v) Cash and Cash equivalents

Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank and in hand and short-term investments with an original maturity of three months or less.

w) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize contingent liabilities but discloses its existence in the financial statement.

b) Financial risk objectives and policies

In the ordinary course of business, the Company is exposed to risks resulting from exchange rate fluctuation and interest rate movements. It manages its exposure to these risks through derivative financial instruments. It uses derivative instruments such as Cross Currency Swaps, Interest rate swaps, foreign currency future options and foreign currency forward contract to manage these risks. These derivative instruments reduce the impact of both favourable and unfavourable fluctuations.

The Company's risk management activities are subject to the management, direction and control of Central Treasury Team of the Adani Group under the framework of Risk Management Policy for Currency and Interest rate risk as approved by the Board of Directors of the Company. The Company's central treasury team ensures appropriate financial risk governance framework for the Company through appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

The decision of whether and when to execute derivative financial instruments along with its tenure can vary from period to period depending on market conditions and the relative costs of the instruments. The tenure is linked to the

Notes to the Consolidated Financial Statements for the year ended March 31, 2016

timing of the underlying exposure, with the connection between the two being regularly monitored. The Company is exposed to losses in the event of non-performance by the counterparties to the derivative contracts. All derivative contracts are executed with counterparties that, in our judgment, are creditworthy. The outstanding derivatives are reviewed periodically to ensure that there is no inappropriate concentration of outstanding to any particular counterparty.

Further, all currency and interest risk as identified above is measured on a daily basis by monitoring the mark to market (MTM) of open and hedged position. The MTM is derived basis underlying market curves on closing basis of relevant instrument quoted on Bloomberg/Reuters. For quarter ends, the MTM for each derivative instrument outstanding is obtained from respective banks. All gain / loss arising from MTM for open derivative contracts and gain / loss on settlement / cancellation / roll over of derivative contracts is recorded in statement of profit and loss.

Interest rate risk

The Company is exposed to changes in interest rates due to financing, investing and cash management activities. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company enters into interest rate swap contracts or interest rate future contracts to manage its exposure to changes in the underlying benchmark interest rates.

Foreign currency risk

Exchange rate movements, particularly the United States Dollar (USD) and Euro (EUR) against Indian Rupee (INR), have an impact on the company's operating results. The Company manages its foreign currency risk by entering into currency swap for converting INR loan into other foreign currency for taking advantage of lower cost of borrowing in stable currency environment. The Company also enters into various foreign exchange contracts to mitigate the risk arising out of foreign exchange rate movement on foreign currency borrowings or trade payables. Further, to hedge foreign currency future transactions in respect of which firm commitment are made or which are highly probable forecast transactions (for instance, foreign exchange denominated income) the Company has entered into foreign currency forward contracts as per the policy of the Company.

- 33.** The Company has been availing tax holiday benefit u/s 80IAB of the Income Tax Act, 1961 on the taxable income. However, in view of the amendment in Income Tax Act, 1961 w.e.f. April 1, 2011 by Finance Act 2011, the Company is liable to pay Minimum Alternate Tax (MAT) on income from the financial year 2011-12. Based on the amendment, the Company has made provision of ₹ 624.34 crore (previous year ₹ 450.60 crore) for current taxation based on its book profit for the financial year 2015-16 and has recognised MAT credit of ₹ 607.82 crore (previous year ₹ 510.79 crore) (read with note 38 (u)) as the management believes, it has convincing evidence in view of strategic volumes of cargo available with the Company and higher depreciation charge for accounting purposes than the depreciation for income tax purposes in the future period, whereby, the MAT credit will be utilized post tax holiday period w.e.f. financial year 2017-18.

MAT credit of ₹ 5.78 crore (previous year ₹ 15.94 crore) has been recognised in subsidiary entities, Adani Logistics Limited and Adani Hospitals Mundra Private Limited.

ANNEXURE TO NOTICE**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013****For Item No. 6**

The Board of Directors at its meeting held on December 28, 2015 had appointed Mr. Karan Adani as Chief Executive Officer (CEO) of the Company w.e.f. January 1, 2016.

Mr. Karan Adani holds a degree in economics from Purdue University, USA. He started his career by learning the intricacies of the port operations at Mundra. He has been looking after the operations since 2009 and now looks after the strategic development of all Adani ports in India. He aims to build the Group's identity around an integrated business model, backed by his sound understanding of new processes, systems and macro-economic issues, coupled with his growing experience.

The Board of Directors on the recommendation of Nomination and Remuneration Committee at its meeting held on May 3, 2016 had approved payment of remuneration to Mr. Karan Adani, CEO upto Rs. 1.50 crores per annum including salary, perks and other benefits w.e.f. September 1, 2016. The remuneration proposed to be paid to Mr. Karan Adani is commensurate with his experience and is in line with industry standards. Further, the Board of Directors on recommendation of the Nomination and Remuneration Committee is authorised to revise the remuneration payable to Mr. Karan Adani in compliance with the provisions of the Companies Act, 2013.

Since, Mr. Karan Adani is son of Mr. Gautam S. Adani, Chairman and Managing Director and nephew of Mr. Rajesh

S. Adani, Director of the Company and his remuneration is covered under Section 188 of the Companies Act, 2013; prior approval of the shareholders by way of an ordinary resolution at the General Meeting is required.

Information in compliance with Section 188 of the Companies Act, 2013 and Rule 15 (3) of the Companies (Meetings of Board and its Powers) Rules, 2014 is as stated below:

- 1) Name of the related party : Mr. Karan Adani
- 2) Name of the Director or Key Managerial personnel who is related : Mr. Gautam S. Adani, Chairman and Managing Director and Mr. Rajesh S. Adani, Director
- 3) Nature of relationship : Mr. Karan Adani is son of Mr. Gautam S. Adani and nephew of Mr. Rajesh S. Adani
- 4) Nature, material terms, monetary value and particulars of the contract or arrangement: Mr. Karan Adani has been appointed as a Chief Executive Officer of the Company w.e.f. January 1, 2016.

The Board of Directors on the recommendation of Nomination and Remuneration Committee at its meeting held on May 3, 2016 has approved payment of remuneration upto Rs. 1.50 crores per annum including salary, perks and other benefits w.e.f. September 1, 2016 with the power to increase/revise the remuneration as may be decided by the Board or Committee thereof, from time to time in compliance with the provisions of the Companies Act, 2013.

- 5) Any other information relevant or important for the members to take a decision on the proposed resolution: Mr. Karan Adani has been appointed under a contract of employment pursuant to which he may function according to directions as may be given by the Company from time to time. Contract will continue as long as he remains an employee as per the contract of employment.

The Board of Directors recommends the said resolution for your approval.

Except Mr. Gautam S. Adani, Mr. Rajesh S. Adani, Mr. Karan Adani and their relatives, none of the other Directors or Key Managerial Personnel or their relatives is, in anyway, concerned or interested in the said resolution.

For Item No. 7

The Company proposes to have flexibility to infuse additional capital, to tap capital markets and to raise additional long term resources, if necessary in order to sustain rapid growth in the business, for business expansion and to improve the financial leveraging strength of the Company. The proposed resolution seeks the enabling authorization of the members to the Board of Directors to raise funds to the extent of ₹ 10,000 Crores (Rupees Ten Thousand Crores Only) or its equivalent in any one or more currencies, in one or more tranches, in such form, on such terms, in such manner, at such price and at such time as may be considered appropriate by the Board (inclusive at such premium as may be determined) by way of issuance of equity shares of the Company ("Equity Shares") and/or any instruments or securities including Global Depository Receipts ("GDRs") and/or American Depository Receipts ("ADRs") and/or convertible preference shares and/or convertible debentures (compulsorily and/or optionally, fully and/or partly) and/or non-convertible debentures (or other securities) with warrants, and/or warrants with a right exercisable by the warrant holder to exchange or convert such warrants with equity shares of the Company at a later date simultaneously with the issue of Foreign Currency Convertible Bonds ("FCCBs") and/or Foreign Currency Exchangeable Bonds ("FCEBs") and/or any other permitted fully and/or partly paid securities/instruments/warrants, convertible into or exchangeable for equity shares at the option of the Company and/or holder(s) of the security(ies) and/or securities linked to equity shares (hereinafter collectively referred to as "Securities"), in registered or bearer form, secured or unsecured, listed on a recognized stock exchange in India or abroad whether rupee denominated or denominated in foreign currency by way of private placement or otherwise.

The Special Resolution also seeks to empower the Board of Directors to undertake a Qualified Institutional Placement (QIP) with Qualified Institutional Buyers (QIBs) as defined

by SEBI under Issue of Capital and Disclosure Requirements Regulations, 2009. The Board of Directors may in their discretion adopt this mechanism as prescribed under Chapter VIII of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2009. Further in case the Company decides to issue eligible securities within the meaning of Chapter VIII of the SEBI Regulations to Qualified Institutional Investors, it will be subject to the provisions of Chapter VIII of the SEBI Regulations as amended from time to time. The aforesaid securities can be issued at a price after taking into consideration the pricing formula prescribed in Chapter VIII of the SEBI (ICDR) Regulations. Allotment of securities issued pursuant to Chapter VIII of SEBI Regulations shall be completed within twelve months from the date of passing of the resolution under Section 42 and 62 of the Companies Act, 2013 ("Act"). This Special Resolution gives (a) adequate flexibility and discretion to the Board to finalise the terms of the issue, in consultation with the Lead Managers, Underwriters, Legal Advisors and experts or such other authority or authorities as need to be consulted including in relation to the pricing of the Issue which will be a free market pricing and may be at premium or discount to the market price in accordance with the normal practice and (b) powers to issue and market any securities issued including the power to issue such Securities in such tranche or tranches with/without voting rights or with differential voting rights.

The detailed terms and conditions for the issue of Securities will be determined in consultation with the advisors and such Authority/Authorities as may be required to be consulted by the Company considering the prevailing market conditions and other relevant factors.

The consent of the members is being sought pursuant to the provisions of Section 42, 62 and other applicable provisions of the Act and in terms of the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Since the resolution involves issue of Equity Shares to persons other than existing members, special resolution in terms of Section 42 and 62 of the Act is proposed for your approval. The amount proposed to be raised by the Company shall not exceed ₹10,000 Crores (Rupees Ten Thousand Crores Only).

The Equity shares, which would be allotted, shall rank in all respects pari passu with the existing Equity Shares of the Company, except as may be provided otherwise under the terms of issue/offering and in the offer document and/or offer letter and/or offering circular and/or listing particulars.

The Board of Directors recommends the said resolution for your approval.

None of the Directors or any key managerial personnel or

any relative of any of the Directors of the Company or the relatives of any key managerial personnel is, in anyway, concerned or interested in the above resolution.

For Item No. 8

As per the provisions of Section 42 of the Companies Act, 2013 ("Act") read with rules made thereunder, a Company offering or making an invitation to subscribe to redeemable secured/ unsecured Non-Convertible Debentures (NCDs) on a private placement basis is required to obtain the prior approval of the members by way of a Special Resolution. Such approval by a Special Resolution can be obtained once a year for all the offers and an invitation for such debt securities to be made during the year.

It is proposed to offer or invite subscriptions for redeemable secured/ unsecured non-convertible debentures including subordinated debentures, bonds, and/ or other debt securities, etc., on private placement basis, in one or more tranches, during the period of one year from the date of passing of the Special Resolution by the members, within the overall borrowing limits of the Company, as may be approved by the members from time to time, with authority to the Board to determine the terms and conditions, including the issue price of the debt securities, interest, repayment, security or otherwise, as it may deem expedient and to do all such acts, deeds, matters and things in connection therewith and incidental thereto as the Board in its absolute discretion deems fit, without being required to seek any further consent or approval of the members or otherwise to the end and intent that they shall be deemed to have given their approval thereto expressly by the authority of the Resolution. Accordingly, the approval of the members is being sought by way of a Special Resolution under Section 42 and other applicable provisions, if any of the Act read with rules made thereunder.

The Board of Directors recommends the said resolution for your approval.

None of the Directors or any key managerial personnel or any relative of any of the Directors of the Company or the relatives of any key managerial personnel is, in anyway, concerned or interested in the above resolution.

For Item No. 9

In terms of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000, the Foreign Institutional Investors (FIIs)/ SEBI approved sub-accounts of FIIs/ Foreign Portfolio Investors (FPIs) can, in aggregate, hold upto 24% of paid-up capital of the Company.

The shareholders at its Annual General Meeting held on August 9, 2015 have approved limit upto an aggregate of 40% of paid up equity share capital of the Company.

To make more space for FIIs/FPIs to invest in the equity share capital of the Company, it is proposed to increase the present limit of FIIs/FPIs shareholding upto an aggregate limit of 49% of the paid up equity share capital of the Company.

As per the regulations, the limit may be increased upto the sectorial cap / statutory ceiling, as applicable, by the Company concerned by passing a resolution by its Board of Directors followed by passing of a Special Resolution to that effect by the members.

The Board of Directors recommends the said resolution for your approval.

None of the Directors or any key managerial personnel or any relative of any of the Directors of the Company or the relatives of any key managerial personnel is, in anyway, concerned or interested in the above resolution.
