MANAGEMENT AND DISCUSSION ANALYSIS

The Management of the Company is pleased to present its Report on Industry scenario including Company's performance during the financial year 2019-20.

1. Industry Structure and Developments

The Indian textile industry is one of the largest in the world with a large raw material base and manufacturing strength across the value chain. The uniqueness of the industry lies in its strength both in the hand-woven sector as well as in the capital intensive mill sector. The Central Govt. is giving big boost to value added segment of the industry. This will enhance employment with minimum investment.

The Indian textile Industry has inherent linkage with agriculture, culture and traditions of the country making for its versatile spread of products appropriate for both domestic and export markets. The textile industry contributes to 4% of India's GDP and to 15% of the country's export earnings. With over 45 million people employed directly, the textile industry is one of the largest sources of employment generation in the country.

In keeping with goal of making India's development inclusive and participative, the Government focus has been on increasing textile manufacturing by building the best-in-class manufacturing infrastructure, upgradation of technology fostering innovation, enhancing skills and traditional strengths in the textile sector. Govt of India is also taking keen interest in developing technical textiles.

2. Opportunities and Threats

The Indian Textile industry is supported by rich resources of raw materials availability in India. It is one of the largest producers of cotton in the world and is well placed in manufacturing of fibres like polyester, silk, viscose, jute, etc. It is rich in availability of highly trained manpower and has a huge advantage due to lower wage rates. India is highly competitive in spinning sector and has presence in almost all processes of the value chain. Indian garment industry is very diverse in size, manufacturing facility, type of apparel produced, quantity and quality of output, cost, and requirement for fabric etc. It comprises suppliers of ready-made garments for both, domestic or Exports markets. In view of escalating trade conflicts between US & China we can witness a good opportunity for growth of madeup and garments in India.

However, low cotton yield, higher contamination in cotton, higher power cost, low labour productivity are some of the factors which are creating tough competition with countries like Bengladesh, Sri Lanka, Vietnam etc. The preferential trade agreements which those less developed economies enjoy with USA, EU & Canada also puts Indian Garmenters at a disadvantage.

The expanding demand in technical textiles has provided a big opportunity to Indian textile sector. Continuous innovation in technical textiles has provided very cost effective textile products with appropriate usages in various segments like hygiene, medical, geotextiles, automotives, industrial, etc. Increase in rate of duty by U.S on imports of textiles and clothing from China will give opportunity to improve India's export. Presently COVID-19 has adversely impacted demand for textile products and recovery may take some time as presently retail outlets of apparel are not adequately functioning. However, in long term Indian Textile Industry will have good opportunities to growth as the pattern of sourcing will see shift globally.

3. Segment-wise or product-wise performance

The overall business of the Company is divided into two verticals: one is traditional textile business which include yarn, knitted fabric and knitted garment business and second is technical textile business which include nonwoven fabric and its converted products like wet and dry wipes. Company has recently ventured into manufacturing of cosmetic products.

Traditional textile business is struggling due to imbalances in the state government subsidies and disparity in raw material & sale price due to competition from duty free countries like Bangladesh, Vietnam etc. In addition adversities due to COVID-19 has posed a big challenge to this segment to our Company. In view of retail being adversely affected, technical textile and its converted products business is improving with good demand.

4. Risks and Concerns

The following may be considered as a risk and concerns for the Indian textile industry:

- 1. Competition from low cost countries.
- 2. Favourable trade agreements of less developed countries with USA, EU, UK & Canada.
- 3. High power cost.
- 4. Labour advantage gradually diminishing because of increasing wage cost.
- 5. Low competitiveness in man-made fibres.
- 6. Continuity of COVID-19 pendmic affecting retailers and reducing consumer demand.

5. Internal Control System and their adequacy

The company has Internal Control System commensurate with the size, scale and complexity of its operations. The framework has been designed to provide reasonable assurance with respect to recording and providing reliable financial and operational information, complying with applicable laws, safeguarding assets from unauthorized use, executing transaction with proper authorization and ensuring compliance with corporate policies. The controls, based on the prevailing business conditions and processes have been tested during the year and no reportable material weakness in the design or effectiveness was observed.

The Company uses ERP platform to keep the Internal Control System framework robust and our Information Management Policy govern the platforms. The system, standard operating procedures and control are implemented by the executive leadership team and are reviewed by the internal audit team whose findings and recommendations are placed before the Audit Committee.

The scope and authority of the Internal Audit function is defined in the Internal Audit Charter. To maintain its objectivity and independence, the Internal Audit Function Report to The Chairman of the Audit Committee. The Internal Audit team develop an annual audit plan based on the risk profile of the business activities. The Internal Audit plan is approved by the Audit Committee, which also reviews compliance to the plan.

The Internal Audit team monitors and evaluates the efficiency and adequacy of internal control system in the Company, its compliance with operating system, accounting procedures and policies at all location of the Company and its subsidiaries. Based on the report of internal audit function, process owners undertake corrective action(s) in their respective area(s) and thereby strengthen the control. Significant audit observations and corrective action(s) thereon are presented to the Audit Committee.

6. Outlook

The world economy faces considerable uncertainty and weak international sentiments due to COVID-19. Non utilization of capacities due to lack of demand and availability of workforce does not indicate a good outlook for traditional textile industry in short term. However, technical textile has shown surge in demand which will lead to increased consumption. In long term India textiles industry will have good opportunity due to shifting of sourcing from China to other countries and India will be one of the major beneficiary.

7. Financial performance with respect to operational performance.

The same is referred to Audited Financial Statement which is forming part of the Annual Report of 2019-20.

8. Human Resources / Industrial Relations

The Company believes that the human resources are the most critical element responsible for growth. Company strives towards attracting, retaining and developing the best talent required for the business to grow. The employees are regularly provided with training and development programmes to enhance their skills and focus on career progression. Company nurtures a work culture that leads to employee satisfaction, unflagging motivation and high retention rate.

Company HR policies ensure working together with the employees for their personal and professional development and at the same time aligning their goals with those of the Company to create a win-win situation. Company focus on ensuring transparent, safe, healthy, progressive and engaging work environment is aimed at creating leaders of the future. Employees have a sense of belongingness and feel empowered in driving business profitability. The well-disciplined workforce which has served the Company for thirty years lies at the very foundation of the company's major achievements. The focus is on adopting best practices to ensure better work life balance for the employees of the Company.

Ginni Filaments Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Ginni Filaments Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities* for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Kev Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters

Adoption of Ind As 116 Leases

As described in Note 2 to the financial statements, the company has adopted Ind AS 116 Leases (Ind AS

116) in the current year. Ind As 116 introduces a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet.

The Lease liabilities are initially measured by discounting future lease payments during the lease term as per contract/ arrangement. Adoption of the standard involves significant judgements and estimates including, determination of the discount rates and the lease term.

Additionally, the standard mandates detailed disclosures in respect of transition.

Refer Note 5, 19 and 24 to the Financial Statements.

How our audit addressed the key audit matter

Our audit procedures on Adoption of Ind As 116 included the following:

- Assesses and tested the new processes and controls in respect of the lease accounting standard (Ind AS 116);
- Assesses the company's evaluation on the identification of leases based on the contractual agreements and our knowledge of the business;
- Upon transition as at 1 April, 2019:
 - Evaluated the method of transition and related adjustments.
 - Tested completeness of the lease data by reconciling the company's operating lease commitments to data used in computing ROU assets and the lease liabilities.
- On a statistical sample, we performed the following procedures:
 - assessed the key terms of and conditions of each lease with the underlying lease contracts; and
 - evaluated computation of lease liabilities and challenged the key estimates such as, discount rates and the lease term.
- Assessed and tested the presentation and disclosures relating to Ind AS 116 including, disclosures relating to transition.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design
 and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate
 to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than
 for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion
 on whether the Company has adequate internal financial controls system in place and the operating effectiveness of
 such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

(i) Due to the COVID-19 related lockdown, we were unable to observe the management's year end physical verification of inventory, we have performed alternate procedures to audit the existence of inventory as per the guidance provided

in SA 501 "Audit Evidence – Specific Considerations for selected items" and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on these financial statements.

Our report on the Statement is not modified in respect of the above matter.

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Ginni Filaments Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ginni Filaments Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note') and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

GINNI FILAMENTS LIMITED

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note - 1 - Company overview

Ginni Filaments Ltd is a textile Company manufacturing cotton yarn, knitted fabric, non-woven fabric, garments, wipes and cosmetics at its factories located at Kosi kalan (U.P.), Panoli (Gujarat), Noida (U.P.) and Haridwar (Uttarakhand).

Note - 2 - Significant Accounting Policies

a. Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b. Use of estimate and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

c. Revenue recognition

Revenue is recognised at the fair value of the consideration received or receivable. The amount disclosed as revenue is net of returns and discounts.

The company recognizes revenue when the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the entity.

(i) Sales of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods are transferred to the buyer and the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

The performance obligation in case of sales of goods is satisfied at a point in time i.e. Revenue from export sales is recognized when the material is shipped to the customer while Domestic sales is recognized on the basis of ex-factory dispatch as may be specified in the contract.

(ii) Sale of services

Revenue from services is accounted for on the basis of work performed and rendering of services as per the terms of the specific contract.

(iii) Export Incentives

Export benefits/incentives are accounted for on accrual basis.

(iv) Insurance and Other Claims

In accordance with the consistent practice, insurance and other claims, to the extent considered recoverable, are accounted for in the year relevant to claim while the balance is accounted for on settlement.

d. Employee benefits

(i) Short term Employee Benefits

Short Term Employee Benefits are recognized as an expense on an undiscounted basis in the statement of profit and loss of the year in which the related service is rendered.

(ii) Post Employment Benefits

(a) Defined Contribution Plans

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution

payable to the provident fund scheme as an expense, when an employee renders the related service.

(b) Defined benefit plans

Gratuity

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Remeasurements comprising of actuarial gains and losses, on the net defined benefit liability are recognised in Other Comprehensive Income which are not reclassified to profit or loss in subsequent periods.

Compensated Absences

The liability with regard to accumulated compensated absences is determined by actuarial valuation, performed by an independent actuary at each balance sheet date using projected unit credit method. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Remeasurements are recognised in statement of profit & loss in the period in which they arise.

e. Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation / impairment loss, if any. Cost includes freight, duties, taxes, and other incidental expenses. Pre-operative expenses including eligible borrowing cost incurred during construction period are charged to Capital Work-in-Progress and on completion, the cost is allocated to the respective property, plant and equipment. Machinery spares which are specific to a particular item of the property, plant and equipment and if their use is expected to be irregular are capitalized as applicable.

f. Intangible assets

Intangible assets are stated at cost less accumulated amount of amortization. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use.

g. Depreciation and amortisation expenses

Depreciation on property, plant and equipment is provided on straight line method at the rate and in the manner prescribed in Schedule II of the Companies Act, 2013, w.e.f. 1st April, 2014 except in case of continuous Process plant. The depreciation on continuous Process Plant has been provided as per useful life technically evaluated by chartered engineer. Cost of leasehold land is amortized over the period of lease.

The Company has applied for the one time transition exemption of considering the carrying cost on the transition date i.e. April 1, 2016 as the deemed cost under IND AS and hence regarded thereafter as historical cost.

h. Inventories

Raw materials, stores and spares are valued at lower of cost and net realizable value.

Work in progress and finished goods, stock in trade and stock in transit are valued at lower of cost and net realizable value. The costs of work in progress and finished goods include costs of raw material, conversion cost and other costs incurred in bringing the inventories to their present location and condition. Waste is valued at net realizable value.

Cost of inventories is computed on weighted average.

i. Borrowing costs

Borrowing cost attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such asset up to the date when such asset is ready for its intended use. Other borrowing costs are charged to the Statement of Profit and Loss Account.

j. Government Grants

Capital grants relating to property, plant and equipment are reduced from the gross value of property, plant and equipment. Other capital grants are credited to capital reserve. Revenue grants are credited in Statement of Profit and Loss or deducted from related expenses.

k. Income taxes

Income tax expense represents the sum of current and deferred tax (including MAT). Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income, in such cases the tax is also recognised directly in equity or in other comprehensive income.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the balance sheet approach. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances

to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

I. Earnings per share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value.

m. Foreign Currency Transactions

The functional currency of the company is Indian rupee. These financial statements are presented in Indian rupee.

In preparing the financial statements, transaction in foreign currencies are recognised at the rates of exchange prevailing at the dates of the transactions. Exchange differences arising on foreign exchange transactions settled during the period are recognised in the Statement of profit & loss of the period.

The foreign currency monetary items are translated using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency shall be translated using the exchange rate at the date of the transaction. Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognised in profit or loss in the period in which they arise. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

n. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial Recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss. Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

(ii) Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

Financial liabilities

The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

o. Impairment of assets

(i) Financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss

(ii) Non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-inuse) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset.

p. Cash and cash equivalents

The Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with a maturity period of three months or less from the balance sheet date, which are subject to an insignificant risk of changes in value.

q. Provisions and Contingencies

A provision is recognized when there is a present obligation as a result of past event and it is probable that there will be an outflow of resources in respect of which a reliable estimate can be made. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised.

r. Leases

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount.

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

(i) General reserve

General Reserve represents the statutory reserve in accordance with Indian Corporate law wherein a portion of profit is apportioned to general reserve. Under Companies Act, 1956 it was mandatory to transfer amount before a company can declare dividend. However, under Companies Act, 2013 transfer of any amount to General reserve is at the discretion of the Company.

(ii) Securities Premium

Securities premium represents the amount received in excess of par value of securities. Premium on redemption of securities is accounted in security premium available. Section 52 of Companies Act, 2013 specify restriction and utilisation of security premium.

(iii) Retained earnings

Retained earnings represents amount that can be distributed by the Company to its equity shareholders is determined based on the financial statements of the Company and also considering the requirements of the Companies Act 2013.

(iv) Capital Redemption Reserve

Capital Redemption reserve is a statutory, non-distributable reserve created on account of redemption of redeemable preference shares as per the provisions of Companies Act, 2013 which can be utilised for issue of bonus shares.

(v) Debenture Redemption Reserve

The Company had earlier issued non convertible debentures and created debenture redemption reserve out of the profits available for payment of dividend as per the provisions of the Companies Act, 2013. During the previous year ended March 31, 2019, the Company had redeemed its debentures and transferred the balance of Debenture Redemption Reserve into General Reserve.

(vi) Equity Instruments Through Other Comprehensive Income

Reserve for equity instruments through other comprehensive income represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

c) Financial risk management

The company has a risk management committee which has the responsibility to identify the risk and suggest the management the mitigation plan for the identified risks in accordance with the risk management policy of the Company. The risk management policies are established to ensure timely identification and evaluation of risks, setting acceptable risk thresholds, identifying and mapping controls against these risks, monitor the risks and their limits, improve risk awareness and transparency.

These risks include market risk (including currency risk and interest rate risk), liquidity risk and credit risk.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise two types of risks: foreign currency risk, interest rate risk.

Foreign currency risk management

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions primarily with respect to USD, GBP and EURO. Foreign currency risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. The borrowings of the Company are principally denominated in rupees and US dollars with a mix of fixed and floating rates of interest. The Company has exposure to interest rate risk, arising principally on changes in base lending rate and LIBOR rates. The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like demand loans and working capital loans.

The following table provides a break-up of the Company's fixed and floating rate borrowings: -

(₹ in Lacs)

Particulars	As at March 31, 2020	As at March 31, 2019

Total borrowings	30,805.72	28,785.86	

^{*} adjusted with unmamortised processing fee

(ii) Liquidity risk management

Liquidity risk refers to the risk of financial distress or high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. The Company requires funds both for short term operational needs as well as for long term capital expenditure growth projects. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(iii) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Customer credit risk is managed centrally by the Company and subject to established policy, procedures and control relating to customer credit risk management. The company also assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments to overseas customers are generally covered by letters of credit.

The impairment analysis is performed on client to client basis for the debtors that are past due at the end of each reporting date. The company has not considered an allowance for doubtful debts in case of trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

- 49 During the previous year ended 31 March 2019, the Company has partly received insurance claim on account of loss of cotton stock/property occurred due to fire. As per the management's assessment, the balance amount of insurance claim amounting to ₹ 361.51 lacs outstanding as at 31 March 2020 is considered to be recoverable and the application has been filed with the arbitration authority.
- 50 Due to COVID-19 outbreak, Government of India declared lockdown on March 24, 2020 and the Company temporarily suspended the operations in some units of the Company in compliance with the lockdown instructions issued by the Central and State Governments. COVID-19 has impacted the normal business operations of the Company by way of interruption in production, supply chain disruption, unavailability of personnel, closure/lock down of production facilities etc, during the lock-down period.

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, inventories, property, plant & equipment and investments. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements, has used internal and external sources of information, economic forecasts and consensus estimates from market sources on the expected future performance of the Company. The Company expects there would not be any material change in the carrying amount of these assets.

- **51** Exceptional items during the current year amounting to ₹ 550.77 lacs includes gain on disposal of leasehold land amounting to ₹ 982.28 lacs netted off with the loss on write down of raw material/finished goods to its net realisable value amounting to ₹ 431.51 lacs due to sharp decline in raw material prices due to COVID-19.
