The sales by way of exports are Rs. 1909.55 lakhs during the year ended 31st March 2018 compared to Rs. 1914.85 lakhs in the previous year. 4 Analysis & Review

India is the world's second largest producer of textiles and garments after China. It is the world's third largest producer of cotton after China and the USA and the second largest cotton consumer after China. Indian textile industry currently estimated to be US\$108 billion and expected to reach US\$ 209 billion in the year 2021. The

industry is the second largest employment generator after agriculture by employing 45 million people directly and 60 million people indirectly.

The Indian textile industry presently contributes around 14 percent to industrial production, and 4 percent to GDP, 17 percent to the country's exports, and 21 percent employment. India has abundance of natural resources like cotton, jute and silk. Indian products are preferred for their fine designing, embellishment and craft. From the ages the Indian fabric designers and weavers are recognized as one of the best in the world. At present industry is growing at 9-10 percent with Indian economy. Indian textile industry currently possesses a share of 4.7% in world market of textiles and clothing.

Challenges

The Indian textile industry is highly fragmented and is being dominated by the unorganized sector and small and medium industries. The changing government policies at the state and central government levels are posing major challenges to the textile industry. The tax structure GST (Goods and Service Tax) makes the garments expensive. Another important threat is raising interest rates and labor wages and workers' salaries. There is higher level of attrition in the garment industry.

Although central government is wooing the foreign investors the investment is coming in the textile industry. The Indian textile industry has its own limitations such as accesses to latest technology and failures to meet global standards in the highly competitive export market. There is fierce competition from China, Bangladesh and Sri Lanka in the low price garment market. In the global market tariff and non-tariff barriers coupled with quota is posing major challenge to the Indian textile Industry.

The threats to the Company's product includes severe competition both in domestic and international markets leading to pricing pressures of finished goods, inflation, foreign exchange fluctuation, volatility in input cost, cotton crop, interest rates, power cost etc. Government Policies also play major role in the growth of the Industry.

The implementation of Goods and Service Tax (GST) with effect from July, 2017 had mixed impact on trade & commerce during the last fiscal. The impact of GST is particularly stark in the highly fragmented synthetic textile industry, which attracts different GST rates at different stages of production and sales. Working capital cost has gone up as the businesses have to wait for tax refunds to come through. Pending tax refunds have slowed down fresh investment and resulted into liquidity constraints.

The Company is experiencing pressure on margins due to severe competition from other low-cost countries like China. There is also a threat of high inflation rate as the prices of commodities have been increasing. Textiles being a labour intensive industry, rising labour and skilled human resources costs can put pressure on margins

Business Risks

As stated above, Export sales constitute about 83% of the total revenue during the year. Apart from fierce competition from China, Korea and Indonesia, the volatility of rupee vis a vis US dollars is a major business risk as all export invoices are issued in US Dollars. This is sought to be overcome by appropriate forward contracts.

Government initiatives

The Indian government has come up with a number of export promotion policies for the textiles sector. It has also allowed 100 per cent FDI in the Indian textiles sector under the automatic route.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph in the Independent Auditors' Report of even date to the members of M.K. Exim (India) Limited on the consolidated financial statements for the year ended 31st March, 2018.

Report on the Internal Financial Controls under Cause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of M.K. Exim (India) Limited ("the Holding Company") & its subsidiary company as of 31st March, 2018 in the conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiary are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143 (10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an

audit of internal financial controls and both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - i. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - ii. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- iii. Provide reasonable assurance regarding prevention of timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid reports under section 143(3)(i) of the Act adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to the subsidiary company, is based on the corresponding report on the auditors of subsidiary company. Our opinion is not qualified in respect of this matter.

Significant components of assets having a life shorter than the main asset, if any, is depreciated over the shorter life.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph in the Independent Auditors' Report of even date to the members of M.K. Exim (India) Limited on the standalone financial statements for the year ended 31st March, 2018.

Report on the Internal Financial Controls under Cause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of M.K. Exim (India) Limited ("the Company") as of 31st March, 2018 in the conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing

deemed to be prescribed under section 143 (10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - i. Pertain to the maintenance of records

- that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
 - iii. Provide reasonable assurance regarding prevention of timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
