MANAGEMENT DISCUSSION AND ANALYSIS REPORT

In March 2020, the World Health Organisation (WHO) declared COVID-19 a global pandemic. Consequent to this, Government of India declared nation-wide lockdown on March 24, 2020, which has impacted normal business operations of the Company. Indian economy, which was firmly on the path of recovery in the second half of FY 2020-21, was hit by a rather unexpectedly virulent second wave of COVID-19

The Company has assessed the impact of this pandemic on its business operations and has considered all relevant internal and external information available up to the date of this report, to determine the impact on the Company's revenue from operations for foreseeable future and the recoverability and carrying value of certain assets such as property, plant and equipment, investments, inventories, trade receivables and MAT credit. The impact of COVID-19 pandemic on the overall economic environment being uncertain may affect the underlying assumptions and estimates used to prepare Company's financial results, which may differ from that considered as at the date of approval of the financials results.

The measures taken by the government to contain spread of the COVID-19 pandemic have had an impact on the economic activities as well as on the data collection mechanisms. Estimates are, therefore, likely to undergo sharp revisions for the aforesaid causes in due course. V-shaped economic recovery is expected due to mega vaccination drive, recovery in the services sector and strong growth in consumption and investment coupled with resurgence in high frequency indicators such as power demand, rail freight, e-way bills, GST collection, steel consumption, etc

Your Company delivered a strong performance in FY 2020-21 across businesses, leading to delivery of highest ever consolidated profit, despite macro-economic challenges.

The Company does not anticipate any challenges in its ability to continue as going concern or meeting its financial obligations.

INDIAN ECONOMY RECOVERY

There were a number of positive features of the Indian economy during the year under review.

A slowdown in economic growth and inflation weakened the country's currency rate nearly 2.83% in 2020 from INR71.28 to INR73.30 to a US dollar before recovering towards the close of the financial year.

Despite the gloomy economic scenario, foreign direct investments (FDI) in India increased 13% to USD57 billion in 2020.

India jumped 14 places to 63 in the 2020 World Bank's Ease of Doing Business ranking and was the only country in the emerging market basket that received positive FPIs of \$23.6 billion in 2020; the country ranked eighth among the world's top stock markets with a market capitalisation of \$2.5 trillion in 2020.

The per capita income was estimated to have declined by 5% from INR1.35 lacs in 2019-20 to INR1.27 lacs in 2020-21, which was considered moderate in view of the extensive demand destruction in the first two quarters of 2020-21.

OPPORTUNITIES AND THREATS

The COVID-19 pandemic led to changes in consumption habits. Digital played a pivotal role in economic recovery post pandemic. The new trend emerges like, WFH (work from home) has led to lesser mobility of people and higher stay at home. This has led to higher demand for bigger houses and improvement of home. Though the commercial space remains sluggish.

Despite of all these positive factors there are threats in the form of dumping, import of low-cost products from overseas, increasing number of manufacturers in both organized as well as unorganized sectors, volatile market, may recede the projected growth.

Global and macro-economic factors may lead to an impact in consumer demand and sharp inflation in commodity prices could create risks.

The government has taken important steps which have helped the Indian textile industry to capitalise on opportunities. These include: * providing adequate low-cost funding by banks. * Improving the country's export-import policies and continuation of export incentives. * Amending labour laws to help improve productivity and support smooth functioning. * Change in the definition of Micro, Small and Medium Enterprises (MSME), which form the backbone of the textile industry. *Faster

disbursement of the textile ministry's special fund for the sector.

As your company's FMCG brand is well established in the market and pan India presence with dedicated channel partners nationwide and emphasis on quality and manufacture of eco friendly products serve as the tools to withstand competition and move forward and achieve the estimated growth.

2. Outlook

There is an immense growth potential in Indian textiles and apparel industry due to several reasons. One, revival of demand in India's major export destinations two, rising per capita income and disposable income in the country three, shift in demographics four, changing lifestyles five, increasing demand for quality products, six, increase in participation of women in workforce seven, increased penetration of the organised retail and eight, highly focused approach and favourable policy support of the Government; all are set to fuel the demand of various textile and apparel products in the coming future.

The COVID-19 pandemic developed rapidly into a global crisis since the last month of March, 2020, forcing governments to enforce lock-downs of all economic activity. Your Company immediately shifted their focus towards ensuring the health and well-being of all employees, staffs and workers engaged across the offices and units in India. In the last week of March, 2020 the Company suspended its production and distribution facilities across India

temporarily and moved to 'work from home' (WFH) policy for all its employees and thereby reducing potential risk to them during the spread of the disease. Although there are uncertainties due to the pandemic, the Company is hopeful that it's the strong balance sheet position and inherent resilience of the business model will assist the Company navigate the challenges ahead and gain its market share.

Indian Textile Industry

The textiles and apparels sector is a major contributor to the Indian economy in terms of foreign exchange earnings and employment. Textile & garments industry in India is expected to reach US\$223 Billion by 2021 from US\$140.4 Billion in 2018. India is the third-largest textile manufacturing industry and contributes approximately 6% to the total textile production, globally. India ranks 2nd as the largest producer of textiles and garments and is the 5th largest exporter of textiles spanning apparel, home and technical products. The Indian textile industry is set for growth, buoyed by both strong domestic consumption as well as export demand. Favourable demographic, rising per capital income and a shift in customer preference to branded products is expected to revive the textile industry which has been severely impacted by the COVID-19 pandemic. The Government of India is working on major initiatives and reforms in the Textile sector, including launch of a 'Mega Integrated Textile Region and Apparel (MITRA) Park' scheme to establish seven textile parks with state-of-the-art infrastructure, common utilities and R&D lab over a three-year period; starting a focused product scheme; positioning the country as a global hub in the man-made fibre (MMF) and technical textiles segments. Competitive advantage, robust demand, favourable government policies, increasing investments and urbanisation are expected to be the key drivers for revival of the industry.

FMCG

Fast moving consumer goods (FMCG) is the fourth largest sector in the Indian economy. There are three main segments in the sector, i.e., food and beverages which accounts for 19% share; health care accounting for 31% share; and household and personal care accounting for 50% share. (Source: IBEF). The government has allowed 100% Foreign Direct Investment (FDI) in food processing and single-brand retail and 51% in multi-brand retail. This would boost employment, supply chain and high visibility for FMCG brands across organised retail markets which in turn would drive consumer spending and product launches. The sector witnessed healthy FDI inflows of US\$ 17.8 billion from April 2000 to September 2020. Fast moving consumer goods have a high inventory turnover and are contrasted with specialty items which have lower sales and higher carrying charges. Many retailers only carry FMCGs particularly hypermarkets, big-box stores, and warehouse club stores. Small convenience stores also stock fast moving goods; the limited shelf space is filled with higher turnover items. The COVID-19 pandemic has caused an unprecedented impact on the global economy. It has disabled global trade and cross border transactions like never before. The lockdown of countries and economies has resulted in the overnight evaporation of demand for all industries. Global supply chains have been hindered and it is expected that consumption will pick up gradually where it was disrupted.

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

The respective Board of Directors of the companies including its subsidiary are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its subsidiary and for preventing and detecting frauds and other irregularities ; the selection and application of appropriate accounting policies ; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls ,that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by Directors of the Holding company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to

influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- * Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- * Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- * Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the companies to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the companies to cease to continue as a going concern.
- * Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the

consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- * Obtain sufficient appropriate audit evidence regarding the financial information of the business activities within the Group and its associates and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such business activities included in the consolidated financial statements of which we are the independent auditors. For the business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the subsidiary company included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged

with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2021**A. CORPORATE INFORMATION**

M.K. EXIM (INDIA) Limited ("the Company") is a listed entity incorporated in India. The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

1. Significant Accounting Policies:**Basis of preparation:**

The Consolidated Financial Statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013. The Consolidated financial statements have been prepared under the historical cost convention on accrual and going concern basis. The accounting policies have been consistently applied by the company are consistent with those used in the previous year.

The Company's Consolidated Financial Statements are presented in Indian Rupees, which is also its functional currency.

Use of Estimates:

The preparation of financial statements are in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

2. PRINCIPLES OF CONSOLIDATION AND EQUITY ACCOUNTING

The consolidated financial statements relate to M.K. EXIM (INDIA) Limited ("the Company") and its subsidiary / associate company.

The financial statements of the Company and its subsidiary are combined on a line by line basis by

adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions. Profits or losses resulting from intra-group transactions that are recognized in assets, such as inventory and property, plant & equipment, are eliminated in full. Offset (eliminate) the carrying amount of the parent's investment in subsidiary. Non-Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company. Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Company's shareholders.

Associate is an entity over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investment in associate is accounted for using the equity method of accounting, after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint venture are recognised as a reduction in the carrying amount of the investment. When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealised gains on transactions between the group, its associate and joint venture companies are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group. The carrying amount of equity accounted investments are tested for impairment.

The Company MK Exim (India) Limited held

70.71% of holding in the equity shares of the Company Kolba Farm Fab Pvt Ltd at the beginning of the FY 2020-21. The Company Kolba Farm Fab Pvt Ltd issued shares in FY 2020-21 which resulted in reduction of holding of MK Exim (India) Limited in Kolba Farm Fab Pvt Ltd from 70.71% to 48.98%. Thus Kolba Farm Fab Pvt Ltd became associate company from subsidiary of MK Exim (India) Limited as on the reporting date 31.03.2021.

3. Tangible Fixed Assets: Fixed assets are stated at cost less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs relating to acquisition of tangible assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress.

4. Intangible Fixed Assets: Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

5. Impairment of Assets: The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

6. Depreciation and Amortisation: Depreciation on the fixed assets is provided under straight-line method as per the rates prescribed in Schedule II to the Companies Act, 2013 or at rates permissible under applicable local laws so as to charge off the cost of assets to the Statement of Profit and Loss over their estimated useful life, except on the following categories of assets:

- (i) Assets costing up to Rs.5,000/- are fully depreciated in the year of acquisition.
- (ii) Leasehold land and leasehold improvements are amortised over the primary period of lease.
- (iii) Intangible assets are amortised over their useful life of 5 years.

7. Foreign Currency Transaction : All Foreign currency transaction are recorded at the rates prevailing on the date. Foreign Currency transaction remaining unsettled at the Balance Sheet date are translated at the exchange rate prevailing at the Balance Sheet date or at the rate which is likely to be realized in certain specific cases. The exchange difference on settlements/conversion are credited/charged to profit. The Company has not entered into any forward exchange contract during the period.

8. Investments: Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises the purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired by the issue of shares or the other securities, the acquisition cost is the fair value of securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried at the lower of

cost and fair value determined on an individual investment basis. Long- term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the long term investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

- 9. Employee Benefits:** Employee benefits include provident fund, employee state insurance scheme and gratuity fund.

The company has taken a policy from Life Insurance Corporation of India for the payment of gratuity. The gratuity has been provided in books on accrual basis.

- 10. Inventories:** Stock in trade, stores and spares are valued at the lower of the cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Cost of stock in trade procured for specific projects is assigned by specific identification of individual costs of each item. Costs of stock in trade, that are interchangeable and not specific to any project is determined using the weighted average cost formula. Cost of stores and spare parts is determined using weighted average cost.

- 11. Borrowing Costs:** Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds.

- 12. Revenue Recognition:** Revenue from

Operations:- Sale and operating income includes sale of products, services, profit from partnership firms, income from job work services etc. Sale of goods are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961 and tax expense relating to overseas operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Deferred tax expense or benefit is recognized on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. In the situations where the Company is entitled to a tax holiday under the Income realized against future taxable profits. In the situations where the Company is entitled to a tax holiday under the Income tax Act, 1961 enacted in India, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate.

At each balance sheet date the Company re-assesses recognized and unrecognized deferred tax assets. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which the deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available. The Company recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum Alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT Credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued

by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the MAT Credit Entitlement at each balance sheet date and writes down the carrying amount of the MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

14. Earnings per share: Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

15. Provisions: A provision is recognized when there exists a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to present value and are determined based on best estimates required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

16. Cash and cash equivalent: Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short term deposits with banks with an original maturity of three months or less.

17. Provisions, Contingent Liabilities and Contingent Assets: Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made.

Contingent Liabilities is disclosed in Notes to the account for:-

- ♦ Possible obligations which will be confirmed only by future events nowholly within the control of the company or
- ♦ Present Obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the financial statement since this may result in the recognition of the income that may never be realized.

The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis Report and Business Responsibility Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- * Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- * In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Responsibilities of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements to give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and

cash flows of the company in accordance with the Ind AS and accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatements, whether due to fraud and error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the

underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph in the Independent Auditors' Report of even date to the members of M.K. Exim (India) Limited on the standalone financial statements for the year ended 31st March, 2021

Report on the Internal Financial Controls under Cause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of M.K. Exim (India) Limited ("the Company") as of 31st March, 2021 in the conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the

"Guidance Note") and the Standards on Auditing prescribed under section 143 (10) of the Act to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - i. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - ii. Provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- iii. Provide reasonable assurance regarding prevention of timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid reports under section 143(3)(i) of the Act adequacy and operating effectiveness of

the internal financial controls over financial reporting insofar as it relates to the branch at Mumbai, is based on the corresponding report on the auditors of Mumbai branch of the company. Our opinion is not qualified in respect of this matter.

1. Significant Accounting Policies:

Basis of preparation:

The Financial Statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on accrual and going concern basis. The accounting policies have been consistently applied by the company are consistent with those used in the previous year.

The Company's Financial Statements are presented in Indian Rupees, which is also its functional currency.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

2. **Tangible Fixed Assets:** Fixed assets are stated at cost less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Borrowing costs relating to acquisition of tangible assets which takes substantial period of

time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress.

3. **Intangible Fixed Assets:** Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

4. **Impairment of Assets:** The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

5. **Depreciation and Amortisation:** Depreciation on the fixed assets is provided under straight-line method as per the rates prescribed in Schedule II to the Companies Act, 2013 or at rates permissible under applicable local laws so as to charge off the cost of assets to the Statement of Profit and Loss over their estimated useful life, except on the following categories of assets

- (i) Assets costing up to Rs. 5, 000/- are fully depreciated in the year of acquisition.
- (ii) Leasehold land and leasehold improvements are amortised over the primary period of lease.

6. Foreign Currency Transaction : All Foreign currency transactions are recorded at the rates prevailing on the date. Foreign Currency transaction remaining unsettled at the Balance Sheet date are translated at the exchange rate prevailing at the Balance Sheet date or at the rate which is likely to be realized in certain specific cases. The exchange difference on settlements/conversion are credited/charged to profit. The Company has not entered into any forward exchange contract during the period.

7. Investments: Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises the purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired by the issue of shares or the other securities, the acquisition cost is the fair value of securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried at the lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the long term investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. is recognized in the year in which the timing differences originate.

At each balance sheet date the Company re-assesses recognized and unrecognized deferred tax assets. In the year in which the MAT Credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the MAT Credit Entitlement at each balance sheet date and writes down the carrying amount of the MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.
