ENAbling Excellence

Through our commitment to performance we have been

.....ENAbling **Product excellence** by producing and using highest quality of “ENA” or Extra Neutral Alcohol

.....ENAbling **Marketing excellence** by pioneering branding at the bottom of the pyramid ‘IMIL’ market as well as creating innovative ‘IMFL’ brands

.....ENAbling **Organizational excellence** achieved through our unique 360° business model, allowing for high capacity utilization

.....ENAbling **Manufacturing excellence** by establishing world-class, fully integrated, earth-friendly distilleries that produce reliable products at better efficiencies

ENAbling Product Excellence

The Extra Neutral Alcohol that is fractioned in our multi-pressure columns assures higher purity than conventional re-distillation techniques thereby providing safer and better tasting beverages. In addition, stringent controls over the natural fermentation process ensures that every batch of ENA is ENAbling excellence, day after day.

In fact, we were the 1st company to use this high quality ENA for producing IMIL even before the Government started to mandate it.

ENAbling Marketing Excellence

Our product excellence has ENAbled us to pioneer branding in the IMIL space with launch of India's 1st ENA based country liquor brand– Nimboo. As a first for the industry, we gave the bottom of the pyramid consumer a better tasting product, along with superior packaging that the consumers otherwise expect from other FMCG lines. This has led to a higher value perception of our brands. Little wonder then, that every day we are redefining 'country liquor' in India.

ENAbling PAN India IMIL leadership

We envisage ourselves as becoming PAN India IMIL leaders, making the most of opportunities emerging in new markets.

ENAbling Organizational Excellence

Led by a blend of experience-led wisdom and youthful exuberance, Globus Spirits operates with high standards of Corporate Governance creating value for all of its stakeholders.

RIGHT STRATEGY

Our unique 360° business model has been perfected over two decades. Our approach allows for greater control on quality of our consumer products and higher utilization of ENA facilities enabling us to generate healthy returns.

RIGHT PARTNERS

We believe strong partnerships, whether it be in the form of relationships with customers, employees or investors, are critical in growth of a company. We have tirelessly worked towards building the right kind of partnerships and have established deep relationships with stakeholders.

RIGHT VALUES

We operate on high standards of governance, fair and transparent in all our dealings whether internally or with

our customers, suppliers, and dealers. We encourage a culture of participation and truthfulness.

RIGHT TEAM

A strong team, unified in its vision, is critical to the success of any organisation. Over the years, we have built a dynamic and robust team backed by deep industry experience, reflected in a well defined and effective organisation structure.

ENAbling Manufacturing Excellence

Our manufacturing facilities are ENAbling excellence by maximising yields from raw material. Our fully operational production units allow us to maximise alcohol yield while maximising production of by-products leading to complete utilisation of the raw material.

These facilities are also ENAbling a clean environment with a zero-pollution footprint and cogeneration of power using renewable biomass as fuel.

ENAbled excellence in our manufacturing facilities helped us achieve in Fiscal 2021:

- ~138 million litres of production with zero discharge
- End to end production of ~15 million cases of bottled beverages
- ~86% utilization of operating capacity, ~25% used in-house for value added products
(Minor Disruptions in West Bengal due to COVID-19 pandemic and floods in Bihar facility led to lower utilization)
- Over 5 years of relationship with India's top 2 IMFL companies

ENAbling Excellence at Unibev

Our premium segment venture, Unibev, is ENAbling excellence by creating a disruption in the market with a robust portfolio of differentiated brands having an age claim. Unibev is an Asset Light Model for your company and has come out with disruptive exclusive USP with value proposition for consumers. Unibev's merger in Globus Spirits is expected to be completed by next year.

Unibev is focusing on high margin, low volume fast growing premium segment which has hitherto been dominated by a few selected brands. The sharp rise in discretionary spends, increasing number of aspiring consumers and lack of options for consumers makes this category particularly attractive. Unibev, backed by an experienced team having a strong track record of creating successful brands, is poised to leverage these trends.

Unibev's L'Affaire Napoleon Premium French brandy, created with 3-Year-Old matured grape spirit, was launched in Puducherry in December 2017. Since then, Unibev has launched Governor's Reserve whisky created with 12-Year-Old matured scotch and Oakton Barrel Aged whisky created with 18-Year-Old matured scotch. Unibev is now present in 10 states in India mainly in South India and parts of East and West India.

Chairman's Message

Dear Shareholder,

This year has been an unprecedented and challenging year with the Covid-19 pandemic affecting lives and businesses around the world. We are grateful that during this testing time, your company has emerged stronger and continued to deliver strong growth on the back of the commitment of the proficient team and support from all the stakeholders.

The first quarter of the fiscal saw a small disruption in our operations which recovered in the second quarter and remained strong for the rest of the year. In addition, the robust demand in consumer segment and firm bulk realizations boosted profitability during the fiscal. Your Company's proactive steps towards changing market dynamics and various cost rationalization measures translated into commendable results during the fiscal. During the year under review, your Company reported revenues (net of excise duty) of ₹ 1,231 crores, a growth of 5.3% over the previous year. EBITDA grew by 103% to reach ₹ 261 crores and net profit increased from ₹ 50 crores in fiscal 2020 to ₹ 141 crores in fiscal 2021, translating into an EBITDA margin of 21.1% and net profit margin of 11.4%.

The Consumer segment, which was morphing into an hour-glass shaped market, continues to help your Company with its strong presence in the mass market as well as the premium segments. Consumer segment share grew to ~43% during the fiscal ended 2021 compared to 35% in FY20. This helped drive up ROCE which came in at 29% as against 15% in FY20.

Despite the COVID-19 challenges, our consumers have continued to support us with their brand loyalty, helping us to grow the overall consumer segment volume by 11% year-on-year. In addition, the average value has also witnessed improvement on the back of better product mix during the fiscal. Coming to our markets – Rajasthan, where the new segment of medium liquor continues to drive margins, was a strong performer this fiscal. This was followed by Haryana where proactive steps of the Government to curb the illicit liquor trade has helped push demand into the organized segment. West Bengal is also seeing a recovery after Covid-19 led headwinds. Your company also re-entered Delhi market in small scale during fiscal FY21 and will continue to make opportunistic sales in the state. Overall, with the growth in rural India the Consumer business demand for IMIL will withhold and witness resilient growth.

Premium segment consists of Unibev brands which has an established presence in Pondicherry, Karnataka, Telangana, Andhra in the South and West Bengal, Chhattisgarh, Odisha in the Middle and the East, and Maharashtra, Goa in the West. Amid pandemic, competition has realigned their strategies and your company is in the same process. Going forward, your company will be making sharper choices with respect to prioritizing geographies, brands, basis our right to win, new

profitability equations based on recent and expected excise policy changes and the required investments. On the trading side, Unibev primary sales for FY21 stood at 86.13% of the same period last year, despite retail point of sale not operating fully, and considering disturbed trading conditions due to increase in excise duties by most of the states in the immediate wake of the pandemic.

Our secondary sale for the FY 20-21 stood at 88.85% of the same period last year. In wake of a challenging trading environment, your company is prudent with all our investments on expansion. Super Premium product launch of Seventh Heaven blended with up to 21-Year-Old Scotch is on track and will be introduced in premium outlets in select states based on profits salience. Our vision to grow our premium segment business remains constant.

On the manufacturing segment of our business, we are seeing positive structural changes. The Government of India's thrust towards ethanol blending will continue to drive demand in the bulk alcohol segment. The Government of India has achieved remarkable results in its ethanol blending targets during the fiscal and have advanced the blending target of 20% to 2025 from 2030 earlier. This has created a new line of organic growth for the Company.

To capitalize on this opportunity, your Company has decided to undertake a strategic expansion of its capacities with the setting up of a 140 KLPD at West Bengal with total capital outlay of Rs. 110 crores and is expected to be operational by Q3FY22. Your Company has also expanded the distillery capacity at Rajasthan from 140 KLPD to 160 KLPD and also looking to expand capacity in the states of Bihar by 140 KLPD and Jharkhand in the next year. This will take the overall distillery capacity from current 500 KLPD to 940 KLPD in the next 2-3 years.

During the fiscal, a slew of cost efficiency measures coupled with strategic growth initiatives helped your company generate healthy cash flows even during a challenging year. The cash generated from business has utilized towards strengthening of Balance sheet, both for funding capex as well as reduction of debt. The Company's total gross debt has come down to ₹ 176 crores in FY21. The finance cost has also reduced to ₹ 18 crores against ₹ 23 crores in FY20, aided by lowering debt as well as cost of debt. These efforts have enhanced your company's profitability with the ROE improving to 24% from 11% in FY20.

Currently your Company is at the stage where there is a plethora of opportunities. Macro-economic growth from structural changes in market dynamics should thrive the demand going forward. The large vaccination drive shall also help the economies move rapidly towards normalcy. In addition, the new capacity additions and strong balance sheet is likely to take your Company to new heights going forward.

With this, I would like to take this opportunity and thank all the employees and stakeholders for their support and patience.

Basic EPS	41.06	48.90	20.60	17.33
Diluted EPS	41.06	48.90	20.60	17.33

PERFORMANCE OVERVIEW

During the year under review the company reported a growth of 32% in revenue as compare to previous year and PBT has been increased by ₹ 134.27crores from the previous year and also PAT has been increased by ₹ 58.94 crores from the previous year. The Basic and Diluted EPS of the Company is ₹ 41.06/- as compared to ₹ 20.60/- in the previous year.

THE YEAR IN PERSPECTIVE

The fiscal 2020-21 was characterised as a challenging and unprecedented year for most industries. Despite the COVID-19 pandemic, your company has been able to face this challenge head-on and have been able to deliver a robust performance. In FY20-21, your Company reported a growth of 5.3% in net revenues to reach ₹ 1,231 crore and 103% growth in EBITDA to reach ₹ 261 Crores with operating margin of 21%. Net profit grew from ₹ 50crores in FY19-20 to ₹ 141 Crores in the year under review. Profitability improved significantly on the back of higher share of Consumer Business driven by volume and value growth and higher realizations in manufacturing business.

The share of consumer business grew to 43% in FY20-21 from 35% in FY19-20. The consumer business comprising value segment grew by 24% during the year. The Company's key markets like Rajasthan state performed well with the introduction of Medium Liquor segment which got a good response and performance; The Haryana market improved in the past fiscal on the back of Government's support to eradicate the illicit liquor market, whereas the West Bengal market had few COVID-19 related headwinds and is recovering. Our markets share improved both in Rajasthan to almost 29% and in Haryana 10% during the year under review.

Your Company has been working on building a strong portfolio of premium segment brands under the Unibev umbrella currently with 3 brands spread across 10 states, our volumes in premium segment de-grew by around 14% in primary, the secondary performance witnessed a de-growth of 11%.

- (a) The ratio of the remuneration of each director to the median remuneration of the employees of the Company

Executive Directors	Ratio to the Median Remuneration*
Mr. Ajay Kumar Swarup	93.41
Mr. Shekhar Swarup	81.45
Mr. Manik Lal Dutta	23.16
Dr. Bhaskar Roy	35.24
Non-Executive Directors (Sitting Fees only)	
Sh. Santosh Kumar Bishwal	1.16
Sh. Vivek Gupta	1.16
Sh. Kunal Agarwal	0.46
Sh. Sunil Chadha	0.52
Ms. Ruchika Bansal	0.23

* for the purpose of comparison 12 months salary has been considered for all the employees even though any employee has worked for less than 12 months

- (b) **The percentage increase in remuneration of each Director, Chief Executive Officer, Chief Financial Officer, Company Secretary or Manager, if any, in the financial year**

Name of the Person	% increase in Remuneration
Mr. Ajay Kumar Swarup (Managing Director)	38%
Mr. Shekhar Swarup (Joint Managing Director)	40%
Mr. Manik Lal Dutta (Executive Director)	21%
Dr. Bhaskar Roy (Executive Director)	20%
Sh. Santosh Kumar Pattanayak (Company Secretary)	8%

- (c) **The percentage increase in the median remuneration of employees in the financial year**

3% (Since there is lot of variation in the no. of employees during the current year as compare to previous year, comparison of the exact median remuneration may not be accurate.)

- (d) **The number of permanent employees on the rolls of Company as on 31/03/2021: 568**

- (e) **The average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration**

The average increase in salaries of employees other than managerial personnel in 2020-21 was 10% approximately. Percentage increase in the managerial remuneration for the year was also approximately 25.40%.

- (f) **The affirmation that the remuneration is as per the remuneration policy of the Company**

The Company's remuneration policy is driven by the success and performance of the individual employees and the Company. Through its compensation package, the Company endeavors to attract, retain, develop and motivate a high performance staff. The Company follows a compensation mix of fixed pay, benefits and performance based variable pay. Individual performance pay is determined by business performance and the performance of the individuals measured through the annual appraisal process. The Company affirms remuneration is as per the remuneration policy of the Company.

PECUNIARY RELATIONSHIP OR TRANSACTIONS OF NON-EXECUTIVE DIRECTORS

During the year, the Non-Executive Directors of the Company had no pecuniary relationship or transactions with the Company.

Annexure I

to the Directors' Report 2020-21

Particulars required under Rule 8 (3) of the Companies (Accounts) Rules, 2014.

(A) Conservation of Energy

Conservation of energy is a high priority area for the Company and the Company has proper system for reduction of consumption of energy.

a) Energy Conservation Measures Taken:

- 1) Setting up evaporators for all plants to concentrate effluent which will give value addition of final product as cattle feed, zero discharge for environmental protection and water availability as hot condensate for process reuse, saving on use of fresh cold water and heat/energy saving.
- 2) Recycle of hot high temperature spent lyes and hot condensate streams for process/boiler and saving fresh cold DM water and energy in terms of heat saving with hot spent lyes.
- 3) Lowering the steam pressure in jet cookers to enable generation of power from steam used and reduce steam consumption to 50% of the present usage.

b) Additional Investments & Proposals, if any, being implemented for reduction of consumption of Energy:

- 1) Increasing alcohol percentage in fermentation thereby lowering effluent quantity generation and production at lower steam consumption per liter of product.
- 2) Reconfiguration of high temperature streams to reduce steam consumption in process such as liquefaction & evaporation.

c) Impact of measures at (a) & (b) above for reduction of energy consumption & consequent impact on the cost of production of goods:

-As mentioned in point (a)

(B) Technology Absorption

FORM - B

(Form for Disclosure of Particulars with respect to Absorption.)

- (i) The Company's plants are based on indigenous technology which has been fully absorbed.
- (ii) The Company does not have separate Research & Development Section. However, steps are being taken continuously for:
 - a Improvement in product quality
 - b Improvement in productivity
 - c Improvement in cost effectiveness
- (iii) Expenditure of R & D Nil

(C) Foreign Exchange earnings & Outgo

	2020-2021	2019-2020
Foreign Exchange earnings (Export Sale)	INR 49.38crores	INR 19.82crores
Foreign Exchange used (Import of Machine)	NIL	NIL

Secretarial Audit Report

For the financial year ended 31 March, 2021

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Globus Spirits Limited
CIN: L74899DL1993PLC052177

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s Globus Spirits Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2021, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- (i) The Companies Act, 2013 ("the Act") and the rules made thereunder, as applicable;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under

the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), wherever applicable :-

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (d) The Securities and Exchange Board Of India (Share Based Employee Benefits) Regulations, 2014
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act 2013 and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and;
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under

review were carried out in compliance with the provisions of the Act. Ms. Ruchika Bansal has been a Director of the Company since March 28, 2015. She has been formally appointed as an Independent woman director on the Board of the Company in the Board Meeting held on August 24, 2020 to be effective since April 1, 2020.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance except wherever a meeting was duly called on shorter notice as per the prescribed procedure, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the Company has initiated the process to amalgamate its subsidiary, Unibev Limited (formerly Uber Blenders and Distillers Limited) into and with itself and the same is in advance stage. Except this event, the Company has not undertaken any such events as public or rights or preferential issue of shares, debentures or sweat equity; redemption or buy-back of securities; major decisions by the Members in pursuance to Section 180 of the Companies Act, 2013; reconstruction; Foreign Technical Collaboration or any other like event(s)/action(s) having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, et cetera.

Management Discussion & Analysis

MACROECONOMIC SCENARIO

With the second wave impacting several countries, global economic prospects remain uncertain even as economies began opening one year into the pandemic. Economic recoveries are diverging across countries and sectors, reflecting variation in pandemic-led disruptions and the extent of policy support that is being provided by national and local governments.

While the Indian economy witnessed disruption amid Covid-19 pandemic in line with global economies which caused an 8% contraction in 2020, India witnessed a stronger than expected recovery compared to other emerging markets. According to IMF, the Indian economy

is expected to grow at 12.5% in 2021. With most high-frequency indicators continuing to strengthen in Fiscal 2021, the economic recovery that commenced after the opening of the economy is expected to strengthen further in FY22 (Source: <https://www.ibef.org/economy/monthly-economic-report>).

INDIAN SPIRITS INDUSTRY

The Indian spirits industry holds great potential in India with its 1.3 billion population that is the demographic sweet spot for the consumer industry. With one of the youngest population make-ups in the world with ~50 % of its population below the age of 25; and ~65% of the population below the age of 35, coupled with rapid urbanization that is expected to enhance disposable income, the Indian Spirits Industry is set for a strong growth path.

The Indian Spirits industry consists of two distinctive markets differentiated based on target audience, product characteristics and distribution network:

1. Indian Made Indian Liquor (IMIL)
2. Indian Made Foreign Liquor (IMFL)

Parameter	IMIL	IMFL
Likely Consumer Segment differs in size and status	Socio-economic D, comprising ~40% of population excluding below poverty line population	More affluent, socioeconomic sections C and upwards
Growth is more in sync with population growth	~11% CAGR** for households with Household Premium ness Index (HPI) * between 6-10 (~SEC D)	Higher growth in IMFL with increasing affluence in India: e.g., ~14%+ CAGR for households with HPI >10 (SEC C+)
Taste Preference	Local fruit flavour dominated market, varies with states	North India - Whisky East India - Rum South India - Brandy & Rum
Point of Purchase	State Government Regulated vends; Banned in Southern India, apart from dry states	Standalone retail outlets, department stores and Government owned shops in some states like Delhi
Excise Control	Highly regulated: Distillery must for selling in the state of sale Excise of ₹ 15 per Proof Litre	Less restricted than IMIL, but higher excise duties of minimum of ₹ 40 per Proof Litre
Alcohol Content	~30% on average Earlier made from Rectified Spirits, now increasingly trending towards ENA	42.8% IMFL is made from ENA (higher purity 96%)
Min Retail Price	₹ 30-40 per nip (smallest size)	Starts from ₹ 80 per nip (economy brands)
Brand Loyalty	Low with high distributor power and price sensitive consumer; now changing in line with increasing brand consciousness	High with multiplicity of purchase options and more affluent consumer

The Indian market is shaping into an hourglass shaped market with product development efforts being aimed either at the top where margins are high or at the base where volumes are high, backed with high growth as well.

IMIL Industry

IMIL is evolving from a restricted quota-based, commoditized market to a consumer driven brand based industry. The main attractiveness of this market lies in its sizable base, comprising SEC-D and below which could translate into ~40% of total population (excluding Below Poverty Line).

The growth in this segment is expected to be driven by growing consumer base, rising rural incomes and consumption, conversion from illicit/ toddy to IMIL with increasing awareness about health and quality, conducive regulatory policies and aided by growth in population. In the short run, the IMIL industry could benefit from lower discretionary incomes, which would push up the demand for lower priced liquor.

WHO, in 2010, estimated the illicit and unreported segment at ~75% of the reported market. Though this percentage may have reduced since then, it would still be sizable representing a large opportunity for the IMIL industry. The State Governments are expected to play an important role in this conversion. While they are developing the organized IMIL market to prevent hooch tragedies, the excise revenue potential is also significant.

IMFL Industry

After experiencing rapid growth during 2001 to 2011 period, growth in the IMFL segment slowed down significantly and has been flat for the last few years. The mass segment has borne the brunt with volumes declining though this has been partly offset by growth in the premium segment.

Nonetheless, the market at present is still dominated by strong national brands at low price points. The 300+ million cases market is undergoing a transformation with newer entrants, challenging the traditional labels and more so in the higher price points. There are high potential niche opportunities that are emerging in the space.

Covid-19 impact and subsequent recovery

The Covid-19 pandemic has rendered the last fiscal as a challenging and unprecedented year, for most industries. For the alcohol beverage industry, it has meant that key consumption events such as celebrations have gone down, restaurants, pubs and bars have been shut and demand for alcohol from these centres has seen a downward trend. However, there has been an uptick and compensatory demand that has been flowing from in-home consumption leading to increased sales through

shops and home deliveries. While this has been playing out largely in urban areas and metros, rural India, Tier II and Tier III cities - have been leading the charge in bringing the economy back on its feet.

Over the past year, there has been a recalibration of levies on alcohol as a lot of state governments turned to ad-hoc charges being implemented. States that imposed the "corona-cess" on liquor in May 2020 to compensate for the revenue deficit during Covid-19 lockdown saw sale of alcohol plummeting by more than half during the relaxation phase. The following table summarises some of the actions taken by the states:

State	Rate hike during Covid-19	Recent Development
Rajasthan	10% increase in excise duty on IMFL	Withdrew the hike but only for beer
Delhi	70% Covid Cess on MRP	Rolled back 70% covid cess & increased VAT by 5%
Karnataka	11% increase in excise duty	
Andhra Pradesh	75% increase in excise duty	Reduced by 2-30%
Telangana	15% Covid Cess on MRP	
West Bengal	30% additional sales tax	Reduced to 15%
Odisha	30% Covid Cess on MRP	
Punjab	Additional excise of ₹ 10 per bottle	
Tamil Nadu	15% increase in excise duty	
Kerala	35% Covid Cess on IMFL	
Assam & Meghalaya	25% increase in excise duty	Withdrew the hike
Uttar Pradesh	Hike of ₹ 5 to ₹ 400 depending upon type and size	
Jammu & Kashmir	50% increase in excise duty	Withdrew the hike
Goa	20% increase in excise duty	

BUSINESS OVERVIEW

In Fiscal 2021, despite the pandemic, the consolidated Net Revenue (net of excise duty) of ₹ 1,230.7 crore was higher by 5.3% year-on-year from ₹ 1,168.8 crore in Fiscal 2020. Profitability improved phenomenally with EBITDA almost doubling to ₹ 261 crore from ₹ 128 crore in Fiscal 2020 and

Net Profit after Tax rose almost 3x to ₹ 140.8 crore from ₹ 49.7 crore in Fiscal 2020. This significant jump can be attributed to a higher share of consumer business, better realisations on bulk alcohol, lower finance costs on account of paring of debt, lower tax rate on account of ATIA deduction and MAT credit and other cost rationalisation measures that your Company undertook. This performance was achieved despite the pandemic led restrictions in the initial period as well as the floods in Bihar.

Net Revenue Breakup

(Revenues in Rs Crore)

BUSINESS SEGMENTS

Manufacturing Segment

The manufacturing business revenue, comprising (a) Bulk alcohol manufacturing (b) Franchisee IMFL (third party bottling) and c) By-Products, was ₹ 702 crore during Fiscal 2021. Manufacturing revenues were impacted by lower production of bulk alcohol due to Covid-19 and flood disruptions in Bihar, combined with higher captive requirements for the consumer business.

Bulk Alcohol: The bulk alcohol division is the backbone of your company's 360° business model and provides high quality Extra Neutral Alcohol to the other divisions, ensuring a sustainable competitive advantage. Several structural changes that were set in motion over the past few years are beginning to play out and this is further strengthening our play. Ethanol blending in India has reached more than 7.2 per cent — the first time it has reached this level — in the first four months of the ethanol supply year 2020-21 (December to November), putting the country on course to meet the target of 10 per cent blending by 2022.

For the Fiscal 2021, bulk alcohol sales for your Company were 103 million bulk litres as compared to 110 million bulk litres in Fiscal 2020. Despite the impact of Covid-19 in the initial part of the fiscal and disruptions due to floods in Bihar, the capacity utilisation was at 86%. Of the total production, ~25% of the

production was used for value added products, i.e., consumer business and franchisee bottling, balance remaining thereafter being sold externally. The bulk realisations at ₹ 53.2 per litre in Fiscal 2021 as against ₹ 52.5 per litre in Fiscal 2020, underscores the structural shift that has played out.

Franchisee Bottling: With the dine-in segment and hotel sales impacted, our bottling operations saw a subdued year with 2.8 million cases as opposed to 4 million cases bottled in FY20. Your Company has bottling contracts with ABD India in the state of Rajasthan and with United Spirits in the states of Haryana and West Bengal to manufacture their flagship brands. Your company's strong management, deepened relations backed by captive high quality Extra Neutral Alcohol (ENA) gives unmatched value to top IMFL companies.

By-products: Our other products, that is, Animal Feed Supplements (AFS), CO₂ and Hand Sanitisers has been a strong focus area for the Company. The By-product segment contributed about 11% to the Total Income. The market prospects for AFS remain promising though prices are volatile due to linkage to soya which is an agricultural commodity.

Consumer Business

The consumer business revenue, comprising largely of Value segment (IMIL) and Premium Segment (IMFL), has shown strong performance in Fiscal 2021 and grew by ~26% year-on-year to reach ₹ 529 crore from ₹ 421 crore in Fiscal 2020, on the back of higher volumes and better product mix.

Value Segment

This segment has seen itself morph on the back of changing demand due to increase in income in the rural and semi urban markets. As a strong player in this segment and a market leader in some, we have been able to post strong growth even during these challenging times. Rajasthan which comprised almost 70% of volumes in Fiscal 2021, witnessed strong growth on the back of continued demand and increasing acceptance and demand for our medium liquor product which helped lead to growth despite the pandemic headwinds. Haryana volumes picked up and helped us gain almost 2% points in market share on the back of state Government efforts to streamline the liquor trade in the state. West Bengal continues to grow with minor hiccups due to change in excise policy which saw decline in volumes. Your company re-entered the Delhi market in the second half of Fiscal 2021 on a small scale. The consolidated value segment sale stood at 12.3 million cases in Fiscal 2021 as against 11.0 million cases in Fiscal 2020.

IMIL Brand Portfolio

Nimboo

1st IMIL brand in India positioned as awesome mix of natural lemon flavor with strong yet smooth blend profile

Narangi

Popular dark spirits' brand

Positioned as refreshing and juicy as Orange

Goldee

1st mixed fruits blend in IMIL Latest launch

Smooth palette with an explosion of mixed fruits flavour in its aftertaste. A refreshing blend inspired by the local fruits of Haryana.

Heer Ranjha

Tribute to the most popular romantic tales of the region. Smooth blend to enjoy straight up.

Ghoomer

Tribute to Rajasthani folk dance ;

Blend popular in the harsh winter months of the desert region

Note: Value Segment: Includes all country liquor and Medium Liquor Brands

Premium Segment

Your Company has been working on building a strong portfolio of brands under Unibev Limited, a subsidiary company which is in the process of being merged with Globus Spirits Limited. With an established presence in Pondicherry, Karnataka, Telangana, Andhra in the South and West Bengal, Chhattisgarh, Odisha in the Middle and the East, and Maharashtra, Goa in the West, your Company is hopeful of reviving expansion strategies in the forthcoming year. In wake of a challenging trading environment, your company ensured prudent steps by calibrating investments for expansion based on the regional scenarios. Our product launch of Seventh Heaven blended with up to 21-Year-Old Scotch is on track and this will be introduced in premium outlets in select states.

Unibev operates on an asset-light model with contract manufacturing arrangements. The size of the semi premium whisky segment is 20 million cases, whereas premium whisky is 8.5 million cases and super premium whisky is 1 million cases annually. The segments present a significant opportunity for growth.

Expansion Plan

Your Company plans to expand in those areas that continue to remain deficit in ENA for beverage and Ethanol for petrol blending.

- Our upcoming facility in West Bengal with a capacity of 140-kilo litre per day capacity plant is a brownfield expansion with an estimated capex of ₹ 1,100 Million that is expected to come online in the third quarter of Fiscal 2022.
- The debottlenecking of the Rajasthan Plant from 140 kilo litre per day to 160 kilo litre per day sets us up for strong success in the forthcoming years
- Planning to expand the Bihar plant capacity by ~ 140 kilo litre per day
- Also planning a greenfield expansion in the state of Jharkhand
- Your Company is evaluating expansion in other states as well.

Financial Highlights

- Net Revenues at ₹ 1,231 Crores, up by 5.3% y-o-y

- EBITDA at ₹ 261 Crores with EBITDA margin of 21.1%
- PAT at ₹ 141 Crores, with margin of 11.4 %

Environmental Compliance

Your Company is a zero-wastewater discharge company. We care for the environment as we believe in the philosophy of sustainable development. Air pollution is controlled through the installation of relevant control devices like ESPs which help in bringing air discharge to within permissible limit. Following are the steps we have undertaken in the new expanded capacity:

Air Pollution

- a) Step forward to achieving zero discharge (explained below)
- b) Air Pollution control through installation of the relevant Control devices with ESPs
- c) Air pollution control through collection, purification, and sale of CO₂. All Carbon dioxide generated in fermentation shall be collected purified and sold to buyers including soft drink manufacturers and others thus abating air pollution.
- d) Proper disposal of all effluent related products such as spent grain and fly ash. Spent Grain shall be sold as cattle feed (see below) and fly ash/ash disposed off for land fill or for brick making.

Details of Zero Discharge – Liquid Discharges

Achieved through the following steps:

1. Separation of spent grain from spent wash: The spent wash emerging from distillation (waste) would be passed through suitable equipment for the separation of spent grain.
2. Evaporation of Spent Wash: The lean spent wash would then be evaporated and concentrated to syrup in an evaporator specially put for the purpose which is integrated with the Distillation plant. This would be required to enable its drying later.
3. Mixing the concentrated spent wash with spent grain: The syrup spent wash and the spent grain obtained would be mixed to form Wet Grain which can be disposed as cattle feed.
4. Drying the same to powder: To improve on the quality of the Wet grain produced above the same would be dried and sold as dried cattle feed.

Water Management

1. All water re-circulated to process with or without treatment thus no discharge of any water stream.
2. Surplus water used in make ups or in the boiler and cooling towers after treatment.
3. Condensate from process reused in the boiler as boiler feed water.
4. Condensate from evaporator reused in the process after treatment.
5. All cooling water is through recirculation.
6. All bottle washing water reused after treatment in the process or used for horticulture.

Thus, achievement of zero discharge on all streams as per requirement of the Pollution Boards

R&D Activities in Globus (Technology)

- a) Higher efficiencies of conversion: The expansion was done with the state-of-the-art latest technologies to get the best conversions to alcohol at the highest efficiencies. This would be in line with the best practices being followed. We are also working on improving conversions not only of starch but also to alcohol with new strain enzymes and yeasts.
- b) Improving Distillation techniques and translating that to the plant in the expansion – Multi-pressure: To improve both on quality and energy consumption the distillation plant shall be of the multi-pressure design which would give us the benefit of both. The quality would be matched with the best alcohol available in the country.
- c) Looking at alternate disposals of spent grain: To keep in line with the requirements of government regulations we would look at the waste as cost centre and are looking at alternative markets in the cattle feed segment for its best disposal at the best price. Branding of the product is also being examined.
- d) Looking at better blends as final product diversification: With better quality alcohol available we are moving to higher segments in the potable alcohol sector with better blends and brands and would be launching further brands in the future to build our market.

Risk Management

The nature of our business is such that it is subject to certain risks at different points of time. Some of these include escalation in the cost of raw materials and other inputs, increasing competitive intensity from other players, changes in regulation from central and state governments, changes in supplier-distributor relationship, labour shortage. Your company has always had a proactive approach when it comes to risk management where it periodically reviews the risks and strives to develop appropriate risk mitigation measures for the same. To enhance this focus, your company has formed a Risk Management Committee to frame, implement and monitor risk management plan.

Internal Control Systems

Your Company has ensured that stringent and comprehensive controls are put in place to ensure the optimal and efficient utilization of resources and to ensure safety and protection of all assets from unauthorized use. An extensive program of internal, external audits along with periodic reviews by the management is carried out to ensure compliance with the best practices.

Human Capital Overview

Your Company considers human capital a core area for sustainable growth and has been making conscious efforts to engage and develop human capital at all levels. The Human Resource Department of your Company is highly focused on enhancing stakeholder value by ensuring a fit between the management of an organization's employees, and the overall strategic direction of the company. Over the years your company has been able to build a team of qualified, dedicated & motivated professionals. The working atmosphere provided to the employees is aimed at creating a sense of ownership which helps them to shoulder greater responsibilities. As on 31st March 2021, the employee (excluding casual) count for the company stood at 568 compared to 519 on 31st March 2020.

Disclaimer

Certain statements in this MDA may be forward looking within the meaning of applicable laws and regulations. Actual results may differ from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in domestic industry, significant changes in the political environment, changes in tax laws & excise duties, litigation, and labour relations.

Report on corporate governance

for the year ended march 31, 2021

Your Company believes in conducting its affairs with the highest levels of integrity, with proper authorizations, accountability, disclosure and transparency. The Company strongly believes in maintaining a simple and transparent corporate structure driven solely by business needs. Shareholders' interests are on utmost priority and the management is only a trustee to carry out the activities in a truthful and fruitful manner.

The details of the Corporate Governance compliance by the Company as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the below mentioned period are as under:

- Regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations) for the period from April 01, 2020 to March 31, 2021.

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance is the system by which companies are directed and managed. A good corporate governance structure encourages companies to create value (through entrepreneurship, innovation, development and exploration) and provide accountability and control systems commensurate with the risks involved.

Globus Spirits Ltd. believes in adopting and carrying out sound corporate governance practices to build the trust of the stakeholders in the company. It strives to observe superior corporate governance principles in each activity it undertakes. The company follows cardinal principles of corporate performance, transparency, integrity and accountability in order to maximize the shareholders' long-term wealth while simultaneously achieving the goal of shareholder protection.

1.1 Key Board activities during the year

The Board provides and critically evaluates strategic direction of the Company, management policies and their effectiveness. Their main function is to ensure that long-term interests of the stakeholders are being served. The agenda for Board's review / strategic review includes a detailed analysis and review of annual strategic and operating plans and capital allocation and budgets. Frequent and detailed interaction sets the agenda and provides the strategic roadmap for future growth of the Company. Voluntary Corporate Governance Guidelines of the Ministry of Corporate Affairs, Government of India broadly outlines a framework for corporate sector on important

parameters like appointment of directors, guiding principles to remunerate directors, responsibilities of the Board, risk management, the enhanced role of Audit Committee and conduct of Secretarial Audit.

1.2 Role of the Company Secretary in Overall Governance Process

The Company Secretary ensures that all relevant information, details and documents are made available to the directors for effective decision making at the meetings. He is primarily responsible to ensure compliance with applicable statutory requirements and is the interface between the Company and the regulatory authorities.

1.3 Selection and Appointment of New Directors on the Board

Considering the requirements of the skill-sets on the Board, eminent persons having an independent standing in their respective field/profession and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee for appointment of new Directors on the Board. The number of directorships and memberships in various committees of other companies by such persons is also considered.

1.4 Familiarization Program of Independent Directors

The Independent directors of our Company are eminent personalities having wide experience in the field of business, finance, education, industry, commerce and administration. Their presence on the Board has been advantageous and fruitful in taking business decisions. Independent Directors with management expertise and wide range of experience are appointed as per the Governance guidelines of the Company. The new Board members are also requested to access the necessary documents / brochures, Annual Reports and internal policies available at our website (www.globusspirits.com) to enable them to familiarize with the Company's procedures and practices. Updates on relevant statutory changes encompassing important laws are regularly intimated to the Independent Directors.

1.5 Prevention of Insider Trading

Pursuant to the SEBI (Prohibition of Insider Trading) Regulations, 2015, Code of Conduct for Prevention of Insider Trading and Code of Corporate Disclosure Practices for prevention of insider trading is in place. The objective of the Code is to prevent purchase and/or sale of shares of the Company by an insider on

the basis of unpublished price sensitive information. Under this Code, Designated persons (Directors, Advisors, Officers and other concerned employees / persons) are prevented from dealing in the Company's shares during the closure of Trading Window. All the designated employees are also required to disclose related information periodically as defined in the Code. The aforesaid Code is available at the website of the Company (www.globusspirits.com).

1.6 Vigil Mechanism

Your Company has established a mechanism called 'Vigil Mechanism' for directors and employees to report to the appropriate authorities of unethical behavior, actual or suspected, fraud or violation of the Company's code of conduct or ethics policy and provides safeguards against victimization of employees who avail the mechanism. The policy permits all the directors and employees to report their concerns directly to the Management/Chairman of the Audit Committee of the Company. The policy has been communicated to the employees by uploading the same on the website of the Company (www.globusspirits.com). The employees can directly contact on the email address as mentioned in the 'Vigil Mechanism Policy' uploaded at the website of the Company. During the year under review no personnel was denied access to the Audit Committee.

2. BOARD OF DIRECTORS

Composition

The Board of Directors of the Company consists of an optimal mix of Executive and Non-Executive & Independent Directors. The present Board consists of 9 Directors comprising one Chairman who is a Non-Executive - Independent Director, one Managing Director, one Joint Managing Director, two Executive Directors, three Independent Directors and one Independent Woman Director.

The Directors have in-depth knowledge of business and bring with them their respective expertise in the fields of strategy, management, finance and economics among others. The Board provides leadership, strategic guidance, objective and independent view to the Company's management while discharging its fiduciary responsibilities, thereby ensuring that management adheres to high standards of ethics, transparency and disclosure.

The Board also meets the requirement of the minimum number of Independent Directors being not less than one third of the Total Directors. The size and composition of the Board conforms to the requirements of Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company issued letter of appointment to the Independent Director as per Schedule IV

to the Companies Act, 2013 and the terms and conditions of their appointment have been disclosed on the website of the Company (www.globusspirits.com).

None of the Directors hold Chairmanship of more than 5 Committees or Membership in more than 10 committees across all Public Limited Companies.

Board Functioning & Procedure

Globus Spirits Ltd. believes that at the core of its corporate governance practice is the Board, which oversees how the management serves and protects the long-term interests of all stakeholders of the Company. An active, well-informed and independent board is necessary to ensure the highest standards of Corporate Governance.

Globus Spirits Ltd. believes that composition of board is conducive for making decisions expediently, with the benefit of a variety of perspectives and skills, and in the best interests of the Company as a whole rather than of individual shareholders or interest groups.

In accordance with the provisions of Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board meets at least once in every quarter to review the quarterly results and other items of agenda. The agenda is sent in advance to the Directors along with the draft of relevant documents and explanatory notes.

The Company is under the process of development and implementation of the plans for orderly succession for appointment to the Board of Directors and to senior management.

During the financial year 2020-21, 4 (Four) Board Meetings were held on June 16, 2020, August 24, 2020, November 09, 2020 and February 08, 2021. The maximum gap between any two Board Meetings was less than one hundred and twenty days. All material information was circulated to the directors before the meeting or placed at the meeting, including minimum information required to be made available to the Board as prescribed under Part A of Schedule II of Regulation 17 of the Listing Regulations. During the year, separate meeting of the Independent Directors was held on February 08, 2021 without the attendance of non-independent directors and members of the management.

The Company has proper systems to enable the Board to periodically review compliance reports of all laws applicable to the Company, as prepared by the Company as well as steps taken by the Company to rectify instances of non-compliances.

The Composition of Board of Directors as on March 31, 2021, their qualifications, attendance during the year at the Board meetings and the last Annual General Meeting, Number of other Directorships, Committee memberships

and Chairmanships held by them are given below:

I = Independent, N-Nominee Director, W-Woman Director

* Represents Directorships and Committee Memberships/Chairmanships in Indian Public Limited Companies only and it only covers the Membership/Chairmanship of Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee.

- Mr. Richard Pilero has resigned from the Board of Directors of the Company w.e.f. 08th February 2021.

Private Limited Companies, Foreign Companies and companies under Section 8 of The Companies Act, 2013 are excluded for the above purposes.

Sh. Shekhar Swarup, the Joint Managing Director of the Company is the son of Sh. Ajay K. Swarup, the Managing Director of the Company and none of the other director is related to inter-se with any other Director on the Board in terms of the definition of "relative" given under the Companies Act, 2013.

It is further being confirmed by the Board of Directors that the Independent Directors fulfill the conditions specified in these regulations and are independent of the Management.

Skill Matrix of the Board

The Board has identified the following skills/ expertise/ competencies fundamental for effective functioning of the Company which are currently available with the Board:

Strategic Leadership Skills	Appreciation of long-term trends, strategic choices and experience in guiding and leading management teams
Financial and Risk Management	Wide-ranging financial skills, accounting and reporting, corporate finance and internal controls, including assessing quality of financial controls. Identify the key risks to the Company and monitor the effectiveness of the risk management framework and practices
Governance	Experience in developing governance practices, serving the best interest of all stakeholders, maintaining board and management accountability, effective stakeholder engagements and commitment to highest standards of corporate ethics and values.
Health, Safety, environment and sustainability	Experience and knowledge of working on environment, health, safety, sustainability and corporate social responsibility activities directly or as a part of operational responsibility for long term value creation.
Industry and sector experience or knowledge	Knowledge and experience to provide strategic guidance to the management.

Directors seeking re-appointment: As required by Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, details of Directors seeking re-appointment / appointment are forming part of the notice of 28th Annual General Meeting.

CODE OF CONDUCT & CODE OF ETHICS

The Board of Directors has adopted the Code of Conduct and Ethics for Directors and Senior Management personnel. The Code is available on the Company's website (www.globusspirits.com).

A declaration signed by the Managing Director of the Company is given below:

This is to certify that, to the best of my knowledge and belief, for the financial year ended on March 31, 2021, all Board members and Senior Management Personnel have affirmed compliance with the code of Conduct for Directors and Senior Management respectively.

DISCRETIONARY REQUIREMENTS

(1) CHAIRMAN OF THE BOARD

The Board of Directors of the Company has a Chairman who is a Non-Executive & Independent Director.

(2) SHAREHOLDERS' RIGHTS

As the Company's quarterly results are published in leading English newspapers having circulation all over India and in a Hindi newspaper widely circulated in the region, the same are not sent to each household of shareholders.

(3) MODIFIED OPINIONS IN AUDIT REPORT

There is no qualification contained in Audit Report.

(4) SEPARATE POST OF CHAIRMAN AND MANAGING DIRECTOR

The Company has separately appointed Chairman and Managing Director.

(5) REPORTING OF INTERNAL AUDITOR

The Internal Auditors reports directly to the Audit Committee.

REQUEST TO SHAREHOLDERS

Demat of Shares:

Shareholders are requested to convert their physical holding to demat/ electronic form through any of the DPs to avoid any possibility of loss, mutilation etc., of physical share certificates and also to ensure safe and speedy transaction in securities.

Consolidation of Multiple Folios:

Shareholders, who have multiple folios in identical names and order are requested to apply for consolidation of such folios and send the relevant share certificates to the Company.

Registration of Nominations:

Section 72 of the Companies Act, 2013 provides facility for making nominations by shareholders in respect of their holding of shares. Such nomination greatly facilitates transmission of shares from the deceased shareholder to his / her nominee without having to go through the process of obtaining succession certificate / probate of the will, etc. It would therefore be in the best interest of the shareholders holding shares in physical form registered as a sole holder to make such nominations. Shareholders, who have not availed nomination facility, are requested to avail the same by submitting the nomination form to the Company or STA. This form will be made available on request. Investors holding shares in demat form are advised to contact their DPs for making nominations.

Updation of address:

Shareholders are requested to update their addresses registered with the Company, directly through the STA, to receive all communications promptly. Shareholders, holding shares in electronic form, are requested to deal only with their DPs in respect of change of address, furnishing bank account number, etc.

GREEN INITIATIVE IN CORPORATE GOVERNANCE

In compliance with the provisions of section 20 of the companies act, 2013, permits circulation of Annual Report through electronic means to such of the members whose e-mail addresses are registered with NSDL or CDSL or with the Company to receive the documents in electronic form and physical copies to those shareholders whose e-mail addresses have not been either registered with the Company or with the DPs. To support this green initiative of the Government, members are requested to register their e-mail addresses and also intimate changes, if any, with the DPs, in case shares are held in dematerialized form and with the STA, in case the shares are held in physical form.

Compliance

The Certificate dated 8th August 2021 obtained from our statutory auditors DELOITTE HASKINS & SELLS, Gurgaon forms part of this Annual Report.

Auditor's Certificate on Corporate Governance

**TO
THE MEMBERS OF GLOBUS SPIRITS LIMITED**

INDEPENDENT AUDITOR'S CERTIFICATE ON CORPORATE GOVERNANCE

1. This certificate is issued in accordance with the terms of our engagement letter dated July 15, 2020.
2. We, Deloitte Haskins & Sells, Chartered Accountants, the Statutory Auditors of Globus Spirits Limited ("the Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on March 31, 2021, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations).

Managements' Responsibility

3. The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditor's Responsibility

4. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
5. We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.
6. We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

8. Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the Listing Regulations (as amended) during the year ended March 31, 2021.
9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Nil.

4. Did your Company carry out any consumer survey/ consumer satisfaction trends?

No.

Independent Auditor's Report

Report on the Consolidated Financial Statements

TO THE MEMBERS OF GLOBUS SPIRITS LIMITED Report on the Audit of the Consolidated financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Globus Spirits Limited ("the Parent") and its subsidiaries, (the Parent and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report and annexures to the Board Report including Management's Discussion and Analysis, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Board Report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our

knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- When we read the Board Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting

from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for

the purposes of our audit of the aforesaid consolidated financial statements.

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent as on March 31, 2021 taken on record by the Board of Directors of the Company none of the directors of the Group companies is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting for the reasons stated therein.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer Note 17 and Note 33 to the consolidated financial statements.
 - ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts. Refer Note 41 (c) to the consolidated financial statements.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent and there were no amounts which were to be transferred to the Investor Education and Protection Fund by its subsidiary company incorporated in India. Refer Note 33 to the consolidated financial statements.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of Globus Spirits Limited (hereinafter referred to as "the Parent") and its subsidiary company as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal

financial controls system over financial reporting of the Parent and, its subsidiary company, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1 - General information and Significant Accounting Policies

Note 1.1 - General information

Globus Spirits Limited (the Parent Company) and its subsidiaries (together referred as "the Group") is primarily engaged in the business of manufacture and sale of Indian Made Indian Liquor (IMIL), Indian Made Foreign Liquor (IMFL), Bulk Alcohol hand sanitizer and Franchise Bottling.

Note 1.2 - Statement of compliance

These consolidated Ind AS financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under the Companies (Indian Accounting Standards) Rules, 2015.

Note 1.3 Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and subsidiary as below :

Name of the entity	Relationship	Country of incorporation	Shareholding as on March 31, 2021	Shareholding as on March 31, 2020
Unibev Limited (Formerly known as M/s Uber Blenders & Distillers Limited)	Subsidiary	India	99.79%	97.94%

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

Consolidation of a subsidiary begins when the Company obtains the control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

The financial statements of India Paryavaran Sahayak Foundation (IPSF), a company incorporated under section 8 of Companies Act, 2013 have not been considered for consolidation given the objective of investment in this company is not to obtain economic benefits from its activities.

Profit or loss and each component of the other comprehensive income are attributed to the owners of the Company and to the non-controlling interest. Total comprehensive income of the subsidiary is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies into in with the Company's accounting policies.

All intra Company assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Company are eliminated in full on consolidation.

Note 1.4 - Significant Accounting Policies

I Basis of preparation and presentation

The financial statements have been prepared on accrual basis under the historical cost basis except for certain financial instruments which are measured at fair value at the end of each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis,

except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

Use of estimates and critical accounting judgments

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented. Estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of useful lives of property, plant and equipment and provision for employee benefits.

II Revenue recognition

Sale of goods

The Group derives revenue from manufacture and sale of Indian Made Indian Liquor (IMIL), Indian Made Foreign Liquor (IMFL), Bulk alcohol and Franchise Bottling.

The Group has applied Ind AS 115 'Revenue from contracts with customers' with effect from 1 April 2018, using the retrospective method with restatement of comparative period. Upon application of Ind AS 115, Revenue is recognized upon transfer of control of promised goods to the customers. The point at which control passes is determined by each customer arrangement when there is no unfulfilled obligation that could affect the customer's acceptance of goods.

At contract inception, the group assesses its promise to transfer products or services to a customer to identify separate performance obligations. Where the contracts include multiple performance obligations, the transaction price is allocated to each performance obligation based on the standalone selling prices

Revenue is measured based on the transaction price i.e. the consideration to which the group expects to be entitled from a customer, net of returns and allowances, trade discounts and volume rebates. Revenue includes both fixed and variable consideration. Variable consideration arises on the sale of goods as a result of discounts and allowances given and accruals for estimated future returns and rebates. Revenue is not recognised in full until it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The methodology and assumptions used to estimate rebates and returns are monitored and adjusted regularly in the light of contractual and legal obligations, historical trends and past experience. Once the uncertainty associated with the returns and rebates is resolved, revenue is adjusted accordingly. Revenue includes excise duty but excludes goods and services tax.

Revenue from manufacture and sale of products from tie-up manufacturing arrangements

The subsidiary has entered into arrangements with tie-up manufacturers (TMU), where-in TMUs manufacture and sell on behalf of the Company. Accordingly, the transactions of the tie-up units under such arrangements have been recorded on gross basis as if they were transactions of the subsidiary.

Critical judgements

Judgement is required to determine the transaction price for the contract

Transaction Price: The transaction price could either be a fixed amount of customer consideration or variable consideration with elements such as discounts and incentives. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period.

Rendering of services

Revenue from bottling contracts with brand franchise is recognised in the accounting period in which the services are rendered and related costs are incurred in accordance with the agreement between the parties.

Other Operating income

Income from export incentives are recognised on an accrual basis.

Other income

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

III Property, plant and equipment

- i. Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any.

All items of property, plant and equipment have been measured at fair value at the date of transition to Ind-AS. The Group has opted for such fair valuation as deemed cost as at the transition date i. e. April 01, 2016.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition or construction. All upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight line basis.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Government Grants related to purchase of property, plant & equipments are presented in the balance sheet as a deduction from the carrying amount of property, plant and equipment.

- ii. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets.

- iii. Capital work-in-progress

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

IV Intangible assets :

Intangible assets including those acquired by the Group are initially measured at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

i. Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

ii. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful economic lives using straight line basis, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life
Software- ERP	3 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Intangible assets under development

Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group will be recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software so that it will be available for use
- management intends to complete the software and use or sell it
- there is an ability to use or sell the software
- it can be demonstrated how the software will generate probable future economic benefits
- adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- the expenditure attributable to the software during its development can be reliably measured.

Expenditure on intangible assets eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

V A. Depreciation / amortisation

- i. Depreciation has been provided on the cost of the assets less their residual values on straight line method on the basis of estimated useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Estimated useful lives of the assets is as given below :

Asset	Useful Life
Buildings (including roads)	10-60 years
Plant and machinery	5-25 years
Furniture and fixtures	10 years
Computers and data processing units	3-6 years
Electrical installations and equipment	10 years
Vehicles	8 years
Office equipments	5 years

- ii. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

B. Impairment

(i) Financial assets

The Group recognizes loss allowances using the expected credit loss for the financial assets which are not measured at fair value through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime expected credit loss.

(ii) Non - financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost of disposal and the value-in-use) is determined on an individual asset basis to determine the extent of the impairment loss (if any). An impairment loss is recognised in the statement of profit or loss. The Group reviews at each reporting date if there is any indication that an asset may be impaired.

Non financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

VI Foreign currency transactions

Transactions in foreign currency are recorded on initial recognition at the exchange rate prevailing at the time of transaction.

Monetary items (i.e. trade receivables) denominated in foreign currency are reported using the closing exchange rate on each balance sheet date.

The exchange differences arising on the settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded / reported in previous financial statements are recognised as income / expense in the period in which they arise.

VII Financial instruments

Initial recognition

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of financial asset or financial liabilities, as appropriate, on initial recognition.

Subsequent measurement

(i) Financial assets carried at amortised cost :

A financial asset is subsequently measured at amortised cost if it is held in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets carried at fair value through other comprehensive income (FVTOCI):

A financial asset is subsequently measured at FVTOCI if it is held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.

(iii) Financial assets carried at fair value through profit or loss (FVTPL):

A financial asset which is not classified in any of the above categories (i.e. amortised cost or through other comprehensive income) are subsequently measured at fair value through profit or loss.

(iv) Financial liabilities :

Financial liabilities are subsequently measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

VIII Inventories

Inventories are valued at the lower of cost (weighted average basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary.

Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

IX Employee benefits

The Group has various schemes of employee benefits such as provident fund, employee state insurance scheme and gratuity fund, which are dealt with as under:

- i. The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.
- ii. For defined benefit plans in the form of gratuity fund the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.
- iii. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive which are expected to occur within twelve months after the end of the period in which the employee renders the related service.
- iv. The Group use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognized because of the impact of the asset ceiling

The cost of short-term compensated absences is accounted when the absences occur.

X Contingent assets/liabilities and provisions

Contingent assets are not recognised. However, when realisation of income is virtually certain, then the related asset is no longer a contingent asset, and is recognised as an asset.

Contingent liabilities are disclosed after evaluation of the facts and legal aspects of the matter involved, in line with the provisions of Ind AS 37. The Group records a liability for any claims where a potential loss probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Group provides disclosures in the financial statements but does not record a liability in its financial statements unless the loss becomes probable.

Provisions are recognised when the Group has a present obligation (legal / constructive) as a result of a past event, for which it is probable that a cash outflow may be required and a reliable estimate can be made of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

XI Leases

The Company as a lessee

From 1 April 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- i fixed payments (including in -substance fixed payments), less any lease incentives receivable.
- ii variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date.
- iii amounts expected to be payable by the Company under residual value guarantees.
- iv the exercise price of a purchase option if the Company is reasonably certain to exercise that option and
- v Payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If the rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- i where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- ii uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company, which does not have recent third-party financing, and
- iii makes adjustments specific to the lease, e.g. term, country, currency and security.

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Variable lease payments that depend on sales are recognised in profit or loss in the period in which the condition that triggers those payments occurs.

Right-of-use assets are measured at cost comprising the following:

- i the amount of the initial measurement of lease liability
- ii any lease payments made at or before the commencement date less any lease incentives received
- iii any initial direct costs, and
- iv restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying assets useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit and loss account. Short term leases are the leases with a lease term of 12 months or less. Low-value assets comprise IT equipments and small items of office furniture.

XII Earnings per share

Basic earnings / (loss) per share is calculated by dividing the net profit / (loss) for the current year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average share considered for calculating basic earnings / (loss) per share, and also the weighted average number of shares, which would have been issued on the conversion of all dilutive potential equity shares.

XIII Income taxes

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e. in other comprehensive income. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group.

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss i.e. in other comprehensive income. when there is uncertainty over income tax treatments. The current and deferred tax asset or liability shall be recognized and measured by applying the requirements in Ind AS 12 based on the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates determined by applying this appendix. Deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

XIV Use of estimates and judgement

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the grouping disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

(i) Useful lives and residual value of property, plant and equipment and intangible assets:

Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc and same is reviewed at each financial year end.

(ii) Deferred tax assets :

The Group has reviewed the carrying amount of deferred tax assets including MAT credit entitlement at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

(iii) Transaction Price - Sale of goods:

The transaction price could either be a fixed amount of customer consideration or variable consideration with elements such as discounts and incentives. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period.

(iv) Defined benefit plans/ Other Long term employee benefits:

The cost of the defined benefit plans and other long term employee benefit plans related to sick leaves and casual leaves are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. The management considers the interest rates of government securities based on expected settlement period of various plans.

XV Operating cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

XVI Government grants, subsidies and export incentives

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.

Government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

Government grants related to purchase of property, plant and equipments are presented in the balance sheet as a deduction from the carrying amount of property, plant and equipments.

XVII Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset are added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

XVIII Derivative contracts

The Group enters into derivative contracts in the nature of foreign currency forward contracts with an intention to manage its exposure to foreign currency rate risks. Further details of derivative financial instruments are disclosed in note 40.

The Group uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

XIX Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

XX Business Combination:

Ind AS 103 - Business Combinations" Business combinations arising from transfers of interests in entities that are under the common control.

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interests method. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved as they appear in the financial statements of the Company in the same form in which they appeared in the financial statements of the acquired entities. The difference, if any, between the consideration and the amount of share capital of the acquired entities is treated as capital reserve. Transaction costs are expensed as they are incurred in respective periods.

Note 38 : Leases

The Group leases land, offices, and motor vehicles. Rental contracts are typically made for fixed periods of 03 years to 08 years, but may have extension options. Land has a lease term of 99 years.

The Group has adopted Ind AS 116, effective annual reporting period beginning April 01, 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard recognized on the date of initial application (April 01, 2019).

On adoption of Ind AS 116, the Group recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of Ind AS 17, Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of April 01, 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on April 01, 2019 was 11%.

For leases previously classified as finance leases the entity recognised the carrying amount of the lease asset and lease liability immediately before transition as the carrying amount of the right of use asset and the lease liability at the date of initial application. The measurement principles of Ind AS 116 are only applied after that date.

Practical expedients applied

In applying Ind AS 116 for the first time, the Group has used the practical expedients permitted by the standard:

- applying a single discount rate to a portfolio of leases with reasonably similar characteristics
- relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review - there were no onerous contracts as at April 01, 2019.
- accounting for operating leases with a remaining lease term of less than 12 months as at April 01, 2019 as short-term leases
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The Group has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Group relied on its assessment made applying Ind AS 17 and Appendix C to Ind AS 17, Determining whether an Arrangement contains a Lease.

Measurement of right-of-use assets

The associated right-of-use assets for property leases were measured on a modified retrospective basis with ROU assets equal to lease liability on the date of transition.

Adjustments recognised in the balance sheet on April 01, 2019

The implementation of Ind AS 116 has resulted in recognizing a lease liability of ₹ 101.35 lakhs and 'Right to use' (RoU) assets of ₹ 228.37 lakhs (including prepaid portion of interest free security deposit) as at April 01, 2019. Further, in respect of leasehold land which were classified as operating leases applying Ind AS 17, an amount of ₹ 1,006.47 lakhs has been reclassified from other current / non-current assets to RoU assets, and in respect of Motor Vehicle leases that were classified as finance leases applying Ind AS 17, an amount of ₹ 180.56 lakhs has been reclassified from property, plant and equipment to RoU assets.

The changes to ROU assets for the year ended March 31, 2021 are as follows:

(₹ in Lacs)

Particulars	As at March 31, 2021	As at March 31, 2020
Right-of-use assets		
Land lease	1,273.62	995.75
Motor Vehicle leases	275.36	279.91
Building leases	662.44	198.83
Total	2,211.42	1,474.49

Note:-

Additions to the right-of-use assets during the current financial year are ₹ 1,132.20 Lacs.

(₹ in Lacs)

Particulars	As at March 31, 2021	As at March 31, 2020
Lease liabilities		
Current	252.27	145.27
Non-current	565.97	143.96
Total	818.24	289.23

Note:-

The weighted average discount rate applied to lease liabilities as at April 1, 2020 is 8.00% for the remaining lease term.

Amounts recognised in the Statement of Profit and Loss

The Statement of Profit or Loss shows the following amounts relating to leases:

(₹ in Lacs)

Particulars	Notes	As at March 31, 2021	As at March 31, 2020
Depreciation charge on right-of-use assets			
Land leases		13.67	10.72
Building leases	30	229.03	116.31
Motor vehicles leases		36.34	39.10
Total		279.04	166.13

(₹ in Lacs)

Particulars	Notes	As at March 31, 2021	As at March 31, 2020
Interest expense (included in finance costs)	29	72.51	29.08

The total cash outflow for leases for the year ended March 31, 2021 is ₹ 282.41 Lacs.

Rent expense recorded for short-term leases was ₹ 355.09 Lacs for the year ended March 31, 2021.

The details of contractual maturities of lease liabilities as at March 31, 2021 on an undiscounted basis are as follows:

(₹ in Lacs)

Particulars	As at March 31, 2021	As at March 31, 2020
1. Payable not later than 1 year	278.25	159.19
2. Payable later than 1 year and not later than 5 years	661.50	161.48
Total	939.75	320.67

Extension and termination options

Extension and termination options are included in a number of property and equipment leases across the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension and termination options held are exercisable only by the Group and not by the respective lessor.

Note 39 - Financial instruments by categories

The criteria for recognition of financial instruments is explained in significant accounting policies note 1.

Note 40 - Capital management

The Group manages its capital to ensure that the Group will be able to continue as a going concern while maximising the return to stakeholders through optimisation of the debt and equity balance.

For the purpose of the Group's capital management, capital includes equity capital, securities premium and all other equity reserves attributable to the equity shareholders.

The Group Risk management committee reviews the capital structure on a quarterly basis. The committee considers the cost of capital and risks associated with the capital.

Note 41 - Financial risk management

The Group is exposed to various financial risks arising from underlying operations and finance activities. The Group is primarily exposed to credit risk, liquidity risk and market risk.

Financial risk management within the Group is governed by policies and guidelines approved by the senior management and board of directors. These policies and guidelines cover foreign currency risk, credit risk and liquidity risk.

(a) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group if the counterparty defaults on its obligations.

The Group is exposed to credit risk from its operating activities, primarily trade receivables.

To manage trade receivables, the Group periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and ageing of such receivables.

The Group also makes general provision for lifetime expected credit loss based on its previous experience of write off in previous years.

The movement in credit loss allowance is as under:

		(₹ in Lacs)
Particulars		Trade receivables
Opening balance		0.41
Loss Allowances-		
Trade Receivables - credit impaired		28.35
Trade Receivables which have significant increase in credit risk		-
Written off during the year		-
Balance at the End		28.76

(b) Liquidity risk management

(i) The Group manages liquidity by ensuring control on its working capital which involves adjusting production levels and purchases to market demand and daily sales of production and low receivables. It also ensures adequate credit facilities sanctioned from bank to finance the peak estimated funds requirements. The working capital credit facilities are continuing facilities which are reviewed and renewed every year.

		(₹ in Lacs)	
Particulars		As at March 31, 2021	As at March 31, 2020
Total committed working capital limits from Banks		6,700.00	4,700.00
Utilized working capital limit		2,728.33	447.58
Unutilized working capital limit		3,971.67	4,252.42

(ii) Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities. The amount disclosed in the table are the contractual undiscounted cash flow.

		(₹ in Lacs)

As at March 31, 2020					
Non-derivatives					
Borrowing *		4,489.87	13,279.61	-	17,769.48
Trade payable		10,848.90	-	-	10,848.90
Other financial liabilities		476.77	-	-	476.77
Lease Liability		145.27	143.96	-	289.23
Total non-derivatives liabilities		15,960.81	13,423.57	-	29,384.38

* Excludes utilized working capital limit disclosed above under liquidity risk management.

(c) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument that will fluctuate because of changes in market prices. Market risk comprise of three types of risk i.e interest rate risk, foreign currency risk and other price risk.

Financial instruments affected by market risk include trade receivables and advances.

The Group enters into derivative contracts to manage its exposure to foreign currency risk.

Foreign Currency risk management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the Group is attributable to Group's operating activities.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period demoninated in Rupees are as follows :

Particulars	Assets		Liabilities	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
USD	123.27	-	86.80	261.52
Total	123.27	-	86.80	261.52

(₹ in Lacs)

Foreign currency sensivity analysis

The Group is mainly exposed to USD.

The following table details the Group's sensitivity to a 1% increase and decrease in the Rupee against the foreign currency. The sensitivity analysis includes only outstanding foreign currency denominated monetary item as tabulated above and adjusts their translation at the period end for 1% change in foreign currency rates. A positive number indicates an increase in profit before tax or vice-versa.

Particulars	For the year ended March 31, 2021		For the year ended March 31, 2020	
	strengthenens by 1%	weakens by 1 %	strengthenens by 1%	weakens by 1 %
Impact on profit / (loss) for the year * USD	0.36	(0.36)	(2.62)	2.62

(₹ in Lacs)

* Holding all other variable constant

Forward foreign exchange contracts

The Group uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business. The Group manages its foreign currency risk by hedging transactions that are expected to occur within of 2 to 3 months for hedges of forecasted sales. When a derivative is entered into for the purpose of being a hedge, the Group negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions, the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivatives contracts outstanding at the end of the reporting period :

Outstanding Contracts	No of deals		Foreign Currency (FCY (\$)) Lacs		Nominal Amount (Rs Lacs)	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
USD/INR buy forward	-	7	-	9.21	-	688.29

(₹ in Lacs)

* Sensitivity on the above derivatives contracts in respect of foreign currency exposure is insignificant

Note 42 - Employee benefits plans

Defined benefits plans

Gratuity scheme - The Group makes contributions for gratuity for qualifying employees. The scheme provides for a lumpsum payment to vested employees at retirement, death while in employment or on termination of employment.

Note 46- Fair value hierarchy

None of the group's financial assets are measured at fair value at the end of each reporting period.

Note 47 Scheme of Amalgamation

On March 12, 2020, the Board of Directors of Globus Spirits Limited ("Parent Company") approved a Scheme of amalgamation ("the Scheme") between the Company and its subsidiary Unibev Limited ("transferor Company"), their respective shareholders and creditors subject to obtaining requisite regulatory and other approvals. The Scheme of amalgamation has been filed by the Parent Company with the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE). Presently, the Parent Company is in the process of seeking requisite approvals from National Company Law Tribunal (NCLT). NCLT vide its order dated April 27, 2021 has listed the matter for final hearing on July 22, 2021.

With effect from the Appointed Date, i.e. 1 April 2019, the Parent Company shall stand amalgamated with transferor Company. All assets and liabilities and the entire business of the Transferor Company shall, pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Act, without any further act, instrument, deed, matter or thing be and stand transferred to and vested in Parent Company, as a going concern so as to become, the undertaking of the Parent Company by virtue of and in the manner provided in the Scheme.

Note 48 Goods and Services Tax deposited under protest

In June, 2020, Directorate General of Goods and Services Tax (GST) Intelligence (DGGI) carried out search proceedings at various premises of the Parent; at factories and at head office. The Parent has not received any claim/ demand notice from the Goods and Services Tax Department. Pursuant to the aforesaid search proceeding the Parent has voluntarily deposited ₹ 1,989.97 Lacs under protest towards GST liability which may arise on account of issue regarding classification of one of the item sold by the Parent for the period July, 2017 to December, 2020. The Parent has filed writ petition before Hon'ble Delhi High Court on February 17, 2021 challenging the action of DGGI and seeking refund of amount deposited by the Parent. The petition was heard by the Hon'ble High Court in February, 2021 and March, 2021, pursuant to which DGGI has filed its reply and the Parent has filed its counter reply. The matter is pending disposal at Hon'ble High Court and the next hearing in the matter is scheduled on July 23, 2021. On the basis of legal opinion obtained, the Management is confident that ultimately no liability will devolve on the Parent and the Parent will be able to get refund of amount deposited from the Department.

Note 49 Dividend paid/ proposed

The Parent has paid final dividend amount to ₹ 287.99 Lacs (₹ 1 per equity share (par value of ₹ 10 each)), basis the dividend declared by the board of directors in their meeting held on June 16, 2020. The payment was made post approval of the shareholders in the Annual General Meeting (AGM) of the Company. The dividend was paid on the 5th working day from the date of declaration of the final dividend by the shareholders in the AGM. For the financial year 2020-21, the Board of Directors of the Parent recommended a final dividend of ₹ 2 per equity share (par value of ₹ 10 each). This payment is subject to the approval of shareholders in the Annual General Meeting (AGM) of the Parent. The dividend will be paid on the 5th working day from the date of declaration of the final dividend to the shareholders. In view of COVID-19 the Parent is working on an AGM date. The book closure date for the purpose of the payment of final dividend and AGM date will be announced in due course.

Note 50 Code on Social Security, 2020

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

Note 51 Subsequent Events

All events or transactions that have taken place between March 31, 2021 and date of signing of the consolidated financial statements and for which the Indian Accounting Standard 10 – 'Events after the Reporting Period' ("Ind AS 10") requires disclosure/adjustment are disclosed and/or adjusted in the consolidated financial Statements.

Note 52 - Approval of financial statements

The consolidated financial statements were approved for issue by the Board of Directors on June 14, 2021.

Independent Auditor's Report

Report on the Standalone Ind AS Financial Statements

TO THE MEMBERS OF GLOBUS SPIRITS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Globus Spirits Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report and annexures to the Board Report including Management's Discussion and Analysis, but does not include the standalone financial statements and our auditor's report thereon. The Board Report is expected to be made available to us after the date

of this auditor's report.

- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Board Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting for the reasons stated therein.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended.

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone

financial statements; Refer Note 17 and Note 33 to the financial statements.

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Note 41(c) to the financial statements.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. Refer Note 33 to the financial statements.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Globus Spirits Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely

preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal

financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has maintained, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2021, based on the criteria for internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) In respect of the Company's fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / Ikrarnama/ Shapathpatra/ Memorandum of Entry provided to us, we report that, the title deeds, comprising all the immovable properties of land, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans are held in the name of the Company based on the Memorandum of Entry/ confirmations from lenders. In

respect of immovable properties of land and buildings that have been taken on lease and disclosed as right of use asset in the financial statements, the lease agreements are in the name of the Company.

- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals other than for stock lying with third parties for which confirmations have been obtained and goods in transit for which subsequent receipts have been verified and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanations given to us, the Company has granted unsecured loans (including interest accrued thereon) aggregating to Rs. 1,490.15 Lacs outstanding as at March 31, 2021 (Rs. 734.27 Lacs amount outstanding as at March 31, 2020) including provision for doubtful loans (including interest accrued thereon) amounting to Rs. 361.95 Lacs as at March 31, 2021 (refer note 6.1 to the standalone financial statements) to its subsidiary, which is a party covered in the register maintained under section 189 of the Companies Act, 2013. In respect of these loans:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, *prima facie*, not prejudicial to the Company's interest.
 - (b) According to the information and explanations given to us, the above loans are receivable on demand, which as informed to us, have not been recalled by the Company. The schedule of repayment of principal and payment of interest has not been stipulated and in the absence of such schedule, we are unable to comment on the regularity of the repayments or receipts of principal amounts and interest.
 - (c) According to the information and explanations given to us, the above loans are receivable on demand, which as informed to us, have not been recalled by the Company. Accordingly, there is no overdue amount remaining outstanding as at the balance sheet date.

The reporting under clauses (iii)(b) and (c) above has been done without considering the loan (including interest accrued there on) provided for amounting to Rs. 361.95 Lacs in respect of its subsidiary.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year. In respect of unclaimed deposits, the Company has complied with the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government

under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

- (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Goods and Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues applicable to it to the appropriate authorities. Also, refer Note No. 33 of Standalone financial statements regarding management's assessment on certain matters relating to the provident fund.
- (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
- (c) Details of dues of Sales Tax, Excise Duty, Income Tax, Service Tax and Goods and Services Tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

(Rs in Lacs)					
Name of statute	Nature of Dues	Forum where dispute is pending	Period	Amount due*	Amount unpaid*
Excise Laws	Excise Duty	High court	FY 1995-96, 2004-10	169.69	169.69
		Appellate authority up to commissioner's level	FY 1996-97	11.11	11.11
Sales Tax Laws	Sales Tax	Supreme Court	FY 2004-06, 2007-08, 2009-10	324.68	324.68
		Haryana Tax Tribunal	FY 2010-17	1,084.01	1,084.01
		Appellate authority up to commissioner's level	FY 2017-18	765.03	765.03
Goods and Services Tax Laws	Goods and Services Tax	Appellate authority up to commissioner's level	FY 2017-18	7.50	7.50
Service Tax Laws	Service Tax	Appellate authority up to commissioner's level	FY 2013-17	107.97	107.97
Income Tax Laws	Income Tax	Appellate authority up to commissioner's level	AY 2017-18	196.61	196.61

* Amount as per demand orders including interest and penalty wherever indicated in the Order.

There were no dues of Customs Duty and Value Added Tax which have not been deposited as at March 31, 2021 on account of disputes.

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions and banks. The Company has not taken any loan or borrowing from government and has not issued any debentures.

(ix) In our opinion and according to the information and explanations given to us, money raised by way of term loans have been applied by the Company during the year for the purposes for which they were raised, other than temporary deployment pending application of proceeds. The Company has not raised moneys by way of initial public offer (including debt instruments) during the year.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has paid managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of CARO 2016 is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Notes forming part of the standalone financial statements for the year ended March 31, 2021

Note 1 - General information and Significant Accounting Policies

Note 1.1 - General information

Globus Spirits Limited (the Company) is a public Company domiciled in India and incorporated under the provisions of the Companies Act. The registered office of the Company is located at F-0, Ground Floor, The Mira Corporate Suites, Plot No. 1 & 2, Ishwar Nagar, Mathura Road, New Delhi - 110065. The Company is primarily engaged in the business of manufacturing and sale of Indian Made Indian Liquor (IMIL), Indian Made Foreign Liquor (IMFL), Bulk Alcohol, Hand Sanitizer and Franchise Bottling.

Note 1.2 - Statement of compliance

These standalone Ind AS financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under the Companies (Indian Accounting Standards) Rules, 2015.

Note 1.3 - Significant Accounting Policies

I Basis of preparation and presentation

The financial statements have been prepared on accrual basis under the historical cost basis except for certain financial instruments which are measured at fair value at the end of each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

Use of estimates and critical accounting judgments

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Group to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented. Estimates and the underlying assumptions are reviewed on an

ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of useful lives of property, plant and equipment and provision for employee benefits.

II Revenue recognition

Revenue from contracts with customers

Sale of goods

The Company derives revenue from manufacture and sale of Indian Made Indian Liquor (IMIL), Bulk alcohol and Franchisee Bottling.

The Company has applied Ind AS 115 'Revenue from contracts with customers' with effect from 1 April 2018, using the retrospective method with restatement of comparative period. Upon application of Ind AS 115, Revenue is recognized upon transfer of control of promised goods to the customers. The point at which control passes is determined by each customer arrangement when there is no unfulfilled obligation that could affect the customer's acceptance of goods.

At contract inception, the company assesses its promise to transfer products or services to a customer to identify separate performance obligations. Where the contracts include multiple performance obligations, the transaction price is allocated to each performance obligation based on the standalone selling prices.

Revenue is measured based on the transaction price i.e. the consideration to which the Company expects to be entitled from a customer, net of returns and allowances, trade discounts and volume rebates. Revenue includes both fixed and variable consideration. Variable consideration arises on the sale of goods as a result of discounts and allowances given and accruals for estimated future returns and rebates. Revenue is not recognised in full until it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The methodology and assumptions used to estimate rebates and returns are monitored and adjusted regularly in the light of contractual and legal obligations, historical trends and past experience. Once the uncertainty associated with the returns and rebates is resolved, revenue is adjusted accordingly. Revenue includes excise duty but excludes goods and services tax.

Critical judgements

Judgement is required to determine the transaction price for the contract

Transaction Price: The transaction price could either be a fixed amount of customer consideration or variable consideration with elements such as discounts and incentives. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period.

Rendering of services

Revenue from bottling contracts with brand franchise is recognised in the accounting period in which the services are rendered and related costs are incurred in accordance with the agreement between the parties.

Other Operating income

Income from export incentives are recognised on an accrual basis.

Other income

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

III Property, plant and equipment

- i. Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. All items of property, plant and equipment have been measured at fair value at the date of transition to Ind-AS. The Company has opted for such fair valuation as deemed cost as at the transition date i. e. April 01, 2016.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition or construction. All upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight line basis.

Subsequent costs are included in the assets's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Government Grants related to purchase of property, plant & equipment's are presented in the balance sheet as a deduction from the carrying amount of property ,plant and equipment.

- ii. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets.
- iii. Capital work-in-progress
Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

IV Intangible assets :

Intangible assets including those acquired by the Company are initially measured at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

i. Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

ii. Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful economic lives using straight line basis, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life
Software- ERP	3 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Intangible assets under development

Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the company will be recognised as intangible assets when the following criteria are met:

- i It is technically feasible to complete the software so that it will be available for use
- ii Management intends to complete the software and use or sell it
- iii There is an ability to use or sell the software
- iv It can be demonstrated how the software will generate probable future economic benefits
- v Adequate technical, financial and other resources to complete the development and to use or sell the software are available, and
- vi The expenditure attributable to the software during its development can be reliably measured

Expenditure on intangible assets eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

V A. Depreciation / amortisation

- i. Depreciation has been provided on the cost of the assets less their residual values on straight line method on the basis of estimated useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Estimated useful lives of the assets is as given below :

Asset	Useful Life
Buildings (including roads)	10-60 years
Plant and machinery	5-25 years
Furniture and fixtures	10 years
Computers and data processing units	3-6 years
Electrical installations and equipment	10 years
Vehicles	8 years
Office equipment's	5 years

- ii. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

B. Impairment

(i) Financial assets

The Company recognizes loss allowances using the expected credit loss for the financial assets which are not measured at fair value through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime expected credit loss.

(ii) Non - financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost of disposal and the value-in-use) is determined on an individual asset basis to determine the extent of the impairment loss (if any). An impairment loss is recognised in the statement of profit or loss. The Company reviews at each reporting date if there is any indication that an asset may be impaired. Non financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

VI Foreign currency transactions

Transactions in foreign currency are recorded on initial recognition at the exchange rate prevailing at the time of transaction.

Monetary items (i.e. trade receivables) denominated in foreign currency are reported using the closing exchange rate on each balance sheet date.

The exchange differences arising on the settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded / reported in previous financial statements are recognised as income / expense in the period in which they arise.

VII Financial instruments

Initial recognition

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of financial asset or financial liabilities, as appropriate, on initial recognition.

Subsequent measurement

- i Financial assets carried at amortised cost : A financial asset is subsequently measured at amortised cost if it is held in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- ii Financial assets carried at fair value through other comprehensive income (FVTOCI): A financial asset is subsequently measured at FVTOCI if it is held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- iii Financial assets carried at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories (at amortised cost or through other comprehensive income) are subsequently measured at fair value through profit or loss.

- iv Investment in subsidiary : Investment in subsidiary is carried at cost less impairment, if any, in the separate financial statements.
- v Financial liabilities : Financial liabilities are subsequently measured at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

VIII Impairment of investments

The Company reviews its carrying value of long term investments in equity shares of subsidiary carried at cost at the end of each reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

IX Inventories

Inventories are valued at the lower of cost (weighted average basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary.

Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

X Employee benefits

The Company has various schemes of employee benefits such as provident fund, employee state insurance scheme and gratuity fund, which are dealt with as under:

- i The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.
- ii For defined benefit plans in the form of gratuity fund the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.
- iii The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive which are expected to occur within twelve months after the end of the period in which the employee renders the related service.
- iv The Company's use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognized because of the impact of the asset ceiling

The cost of short-term compensated absences is accounted when the absences occur.

XI Contingent liabilities and provisions

Contingent liabilities are disclosed after evaluation of the facts and legal aspects of the matter involved, in line with the provisions of Ind AS 37. The Company records a liability for any claims where a potential loss probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosures in the financial statements but does not record a liability in its financial statements unless the

loss becomes probable. Provisions are recognised when the Company has a present obligation (legal / constructive) as a result of a past event, for which it is probable that a cash outflow may be required and a reliable estimate can be made of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

XII Leases

The Company as a lessee

From 1 April 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- i fixed payments (including in-substance fixed payments), less any lease incentives receivable.
- ii variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date.
- iii amounts expected to be payable by the Company under residual value guarantees.
- iv the exercise price of a purchase option if the Company is reasonably certain to exercise that option and
- v Payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If the rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- i where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- ii uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company, which does not have recent third-party financing, and
- iii makes adjustments specific to the lease, e.g. term, country, currency and security.

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Variable lease payments that depend on sales are recognised in profit or loss in the period in which the condition that triggers those payments occurs.

Right-of-use assets are measured at cost comprising the following:

- i the amount of the initial measurement of lease liability
- ii any lease payments made at or before the commencement date less any lease incentives received
- iii any initial direct costs, and
- iv restoration costs.

Right-of-use assets are generally amortised over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying assets useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit and loss account. Short term leases are the leases with a lease term of 12 months or less. Low-value assets comprise IT equipments and small items of office furniture.

XIII Earnings per share

Basic earnings / (loss) per share is calculated by dividing the net profit / (loss) for the current year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The number of shares used in computing diluted earnings per share comprises the weighted average share considered for calculating basic earnings / (loss) per share, and also the weighted average number of shares, which would have been issued on the conversion of all dilutive potential equity shares.

XIV Income taxes

Provision for current taxation is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss i.e. in other comprehensive income when there is uncertainty over income tax treatments. The current and deferred tax asset or liability shall be recognized and measured by applying the requirements in Ind AS 12 based on the taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates determined by applying this appendix. Deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

XV Use of estimates and judgement

The preparation of the financial statements in conformity with recognition and measurement principles of Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. The following are the key assumptions concerning the future, and other sources of estimation uncertainty at the end of the reporting period that may have risk of causing a material adjustment to the carrying amounts of assets and liabilities in future are:

- i Useful lives and residual value of property, plant and equipment and intangible assets: Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc and same is reviewed at each financial year end.
- ii Impairment of investments : The Company has reviewed its carrying value of long term investments in equity of subsidiary carried at cost at the end of each reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- iii Deferred tax assets : The Company has reviewed the carrying amount of deferred tax assets including MAT credit entitlement at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.
- iv Transaction Price - Sale of goods: The transaction price could either be a fixed amount of customer consideration or variable consideration with elements such as discounts and incentives. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period.
- v Defined benefit plans/ Other Long term employee benefits: The cost of the defined benefit plans and other long term employee benefit plans related to sick leaves and casual leaves are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. The management considers the interest rates of government securities based on expected settlement period of various plans.

XVI Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

XVII Government grants, subsidies and export incentives

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grants related to purchase of property, plant and equipment's are presented in the balance sheet as a deduction from the carrying amount of property, plant and equipment's.

XVIII Borrowing costs

Borrowing costs include interest and amortisation of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss as and when incurred. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset are added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

XIX Derivative contracts

The Company enters into derivative contracts in the nature of foreign currency forward contracts with an intention to hedge its existing assets and liabilities and highly probable transactions in foreign currency. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for Foreign currency transactions and translations.

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

XX Cash and Cash Equivalents

Cash comprises of cash on hand and bank. Cash equivalents are short term balances, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

XXI Business Combination:

Ind AS 103 - Business Combinations" Business combinations arising from transfers of interests in entities that are under the common control.

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interests method. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved as they appear in the financial statements of the Company in the same form in which they appeared in the financial statements of the acquired entities. The difference, if any, between the consideration and the amount of share capital of the acquired entities is treated as capital reserve. Transaction costs are expensed as they are incurred in respective periods.

Note 38 : Leases

The Company leases land, offices, and motor vehicles. Rental contracts are typically made for fixed periods of 3 to 8 years, but may have extension options. Land has a lease term of 99 years.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 01, 2019 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard recognized on the date of initial application (April 01, 2019).

On adoption of Ind AS 116, the Company recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of Ind AS 17, Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of April 01, 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on April 01, 2019 was 11%.

For leases previously classified as finance leases the entity recognised the carrying amount of the lease asset and lease liability immediately before transition as the carrying amount of the right of use asset and the lease liability at the date of initial application. The measurement principles of Ind AS 116 are only applied after that date.

Practical expedients applied

In applying Ind AS 116 for the first time, the Company has used the practical expedients permitted by the standard:

- i applying a single discount rate to a portfolio of leases with reasonably similar characteristics
- ii relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review - there were no onerous contracts as at April 01, 2019.
- iii accounting for operating leases with a remaining lease term of less than 12 months as at April 01, 2019 as short-term leases
- iv excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- v using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The Company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Company relied on its assessment made applying Ind AS 17 and Appendix C to Ind AS 17, Determining whether an Arrangement contains a Lease.

Measurement of right-of-use assets

The associated right-of-use assets for property leases were measured on a modified retrospective basis with ROU assets equal to lease liability on the date of transition.

Adjustments recognised in the balance sheet on April 01, 2019

The implementation of Ind AS 116 has resulted in recognizing a lease liability of ₹ 101.35 lakhs and 'Right to Use' (RoU) assets of ₹ 228.37 lakhs (including prepaid portion of interest free security deposit) as at April 01, 2019. Further, in respect of leasehold land which were classified as operating leases applying Ind AS 17, an amount of ₹ 1,006.47 lakhs has been reclassified from other current / non-current assets to RoU assets, and in respect of Motor Vehicle leases that were classified as finance leases applying Ind AS 17, an amount of ₹ 180.56 lakhs has been reclassified from property, plant and equipment to RoU assets.

The changes to RoU assets for the year ended March 31, 2021 are as follows:

(₹ in Lacs)		
Particulars	As at March 31, 2021	As at March 31, 2020
Right-of-use assets		
Land lease	1,273.62	995.75
Motor Vehicle leases	275.36	279.91
Building leases	657.94	180.15
Total	2,206.92	1,455.81

Note:-

Additions to the RoU assets during the current financial year are ₹ 1,132.20 Lacs.

(₹ in Lacs)

Particulars	As at March 31, 2021	As at March 31, 2020
Lease liabilities		
Current	246.43	130.49
Non-current	565.97	139.27
Total	812.40	269.76

Note:-

The weighted average discount rate applied to lease liabilities as at April 1, 2020 is 8.00% for the remaining lease term.

Amounts recognised in the statement of profit and loss

The statement of profit or loss shows the following amounts relating to leases:

(₹ in Lacs)

Particulars	Notes	As at March 31, 2021	As at March 31, 2020

Note 41 - Financial risk management

The Company is exposed to various financial risks arising from underlying operations and finance activities. The Company is primarily exposed to credit risk, liquidity risk and market risk.

Financial risk management within the Company is governed by policies and guidelines approved by the senior management and board of directors. These policies and guidelines cover foreign currency risk, credit risk and liquidity risk.

(a) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company if the counterparty defaults on its obligations.

The Company is exposed to credit risk from its operating activities, primarily trade receivables.

To manage trade receivables, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and ageing of such receivables.

The Company also makes general provision for lifetime expected credit loss based on its previous experience of write off in previous years.

The movement in credit loss allowance is as under:

		(₹ in Lacs)
Particulars		Trade receivables
Opening balance		0.41
Loss Allowances-		
Trade Receivables - credit impaired		26.05
Trade Receivables which have significant increase in credit risk		-
Written off during the year		-
Balance at the End		26.46

(b) Liquidity risk management

(i) The Company manages liquidity by ensuring control on its working capital which involves adjusting production levels and purchases to market demand and daily sales of production and low receivables. It also ensures adequate credit facilities sanctioned from bank to finance the peak estimated funds requirements. The working capital credit facilities are continuing facilities which are reviewed and renewed every year.

		(₹ in Lacs)
Particulars	As at March 31, 2021	As at March 31, 2020
Total committed working capital limits from Banks	6,700.00	4,700.00
Utilized working capital limit	2,728.32	447.58
Unutilized working capital limit	3,971.68	4,252.42

(ii) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities. The amount disclosed in the table are the contractual undiscounted cash flow.

(₹ in Lacs)				
Particulars	Upto 1 year	Between 1 year to 5 years	Over 5 years	Total
As at March 31, 2021

Total non-derivatives liabilities	19,441.09	11,236.46	-	30,677.55
As at March 31, 2020				
Non-derivatives				
Borrowing *	4,489.87	13,278.97	-	17,768.84
Trade payable	10,570.77	-	-	10,570.77
Other financial liabilities	476.77	-	-	476.77
Lease Liability	130.49	139.27	-	269.76
Total non-derivatives liabilities	15,667.90	13,418.24	-	29,086.14

* Excludes utilized working capital limit disclosed above under liquidity risk management.

(c) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument that will fluctuate because of changes in market prices. Market risk comprise of three types of risk i.e interest rate risk, foreign currency risk and other price risk.

Financial instruments affected by market risk include trade receivables and advances.

The Company enters into derivative contracts to manage its exposure to foreign currency risk.

Foreign Currency risk management

Foreign currency risk also known as Exchange Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Foreign currency risk in the Company is attributable to Company's operating activities.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period demoninated in Rupees are as follows :

(₹ in Lacs)

Particulars	Assets		Liabilities	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
USD	123.27	-	86.80	261.52
Total	123.27	-	86.80	261.52

Foreign currency sensitivity analysis

The Company is mainly exposed to USD.

The following table details the Company's sensitivity to a 1% increase and decrease in the Rupee against the foreign currency. The sensitivity analysis includes only outstanding foreign currency denominated monetary item as tabulated above and adjusts their translation at the period end for 1% change in foreign currency rates. A positive number indicates an increase in profit before tax or vise-versa.

(₹ in Lacs)

	strengthenens by 1%	weakens by 1%	strengthenens by 1%	weakens by 1%
Impact on profit / (loss) for the year *				
USD	0.36	(0.36)	(2.62)	2.62

* Holding all other variable constant

Forward foreign exchange contracts

The Company uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business. The Company manages its foreign currency risk by hedging transactions that are expected to occur within of 2 to 3 months for hedges of forecasted sales. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions, the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivatives contracts outstanding at the end of the reporting period :

Outstanding Contracts	No of deals		Foreign Currency (FCY (\$) Lacs)		Nominal Amount (₹ Lacs)	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
USD/INR buy forward	-	7	-	9.21	-	688.29

* Sensitivity on the above derivatives contracts in respect of foreign currency exposure is insignificant

Note 46- Fair value hierarchy

None of the company's financial assets are measured at fair value at the end of each reporting period.

Note 47 Scheme of Amalgamation

On March 12, 2020, the Board of Directors of Globus Spirits Limited ("Company") approved a Scheme of amalgamation ("the Scheme") between the Company and its subsidiary Unibev Limited ("transferor Company"), their respective shareholders and creditors subject to obtaining requisite regulatory and other approvals. The Scheme of amalgamation has been filed by the Company with the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE). Presently, the Company is in the process of seeking requisite approvals from National Company Law Tribunal (NCLT). NCLT vide its order dated April 27, 2021 has listed the matter for final hearing on July 22, 2021.

With effect from the Appointed Date, i.e. 1 April 2019, the Company shall stand amalgamated with transferor Company. All assets and liabilities and the entire business of the Transferor Company shall, pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Act, without any further act, instrument, deed, matter or thing be and stand transferred to and vested in Company, as a going concern so as to become, the undertaking of Company by virtue of and in the manner provided in the Scheme.

Note 48 Goods and Services Tax deposited under protest

In June, 2020, Directorate General of Goods and Services Tax (GST) Intelligence (DGGI) carried out search proceedings at various premises of the company; at factories and at head office. The Company has not received any claim/ demand notice from the Goods and Services Tax Department. Pursuant to the aforesaid search proceeding the Company has voluntarily deposited ₹ 1,989.97 Lacs under protest towards GST liability which may arise on account of issue regarding classification of one of the item sold by the Company for the period July, 2017 to December, 2020. The Company has filed writ petition before Hon'ble Delhi High Court on February 17, 2021 challenging the action of DGGI and seeking refund of amount deposited by the Company. The petition was heard by the Hon'ble High Court in February, 2021 and March, 2021, pursuant to which DGGI has filed its reply and the Company has filed its counter reply. The matter is pending disposal at Hon'ble High Court and the next hearing in the matter is scheduled on July 23, 2021. On the basis of legal opinion obtained, the Management is confident that ultimately no liability will devolve on the Company and the Company will be able to get refund of amount deposited from the Department.

Note 49 Dividend paid/ proposed

The Company has paid final dividend amount to ₹ 287.99 Lacs (₹ 1 per equity share (par value of ₹ 10 each)), basis the dividend declared by the board of directors in their meeting held on June 16, 2020. The payment was made post approval of the shareholders in the Annual General Meeting (AGM) of the Company. The dividend was paid on the 5th working day from the date of declaration of the final dividend by the shareholders in the AGM.

For the financial year 2020-21, the Board of Directors recommended a final dividend of ₹ 2 per equity share (par value of ₹ 10 each). This payment is subject to the approval of shareholders in the Annual General Meeting (AGM) of the Company. The dividend will be paid on the 5th working day from the date of declaration of the final dividend to the shareholders. In view of COVID-19 the Company is working on an AGM date. The book closure date for the purpose of the payment of final dividend and AGM date will be announced in due course.

Note 50 Code on Social Security, 2020

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

Note 51 Subsequent Events

All events or transactions that have taken place between March 31, 2021 and date of signing of the financial statements and for which the Indian Accounting Standard 10 – 'Events after the Reporting Period' ("Ind AS 10") requires disclosure/adjustment are disclosed and/or adjusted in the financial Statements.

Note 52 Approval of financial statements

The standalone financial statements were approved for issue by the Board of Directors on June 14, 2021.
