ANNUAL REPORT 2024-25

## Our Approach To Reporting

At Concord Biotech Limited, we are dedicated to reporting the financial and non-financial performance of our Company in compliance with the regulatory requirements of the Companies Act, 2013, and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. It offers a comprehensive and detailed overview of our business performance, showcasing how we manage our various stakeholders and create shared value through our corporate governance strategy and risk management, stakeholder engagement, and sustainability initiatives.

### Frameworks and Guidelines

The content and structure of this Annual Report are aligned with the regulatory requirements of NSE and BSE listings, as well as SEBI compliances. We are dedicated to adopting best practices in corporate reporting to promote transparency and enhance stakeholder engagement.

### Scope and Boundary

This Annual Report comprises all the relevant aspects of the operations of Concord Biotech Limited. It also consists of the desired statutory disclosures and audited annual financial statements for the year ended 31st March 2025.

### Assurance

Concord Biotech Limited's Board of Directors and its Committees have thoroughly reviewed the Report, ensuring its materiality, accuracy, and balance of disclosures. The Board opted not to seek independent assurance for the Report beyond the annual financial statements.

**I**N an era where the environmental impact of industries is under intense scrutiny, prioritising sustainable innovation has become more crucial than ever. It is no longer a desirable add-on but a core necessity for corporations.

Fermentation-based pharmaceuticals- a revolutionary approach that embodies sustainability without compromising efficacy.

Fermentation-based API production leverages the natural metabolic processes of microorganisms. These microorganisms are engineered to produce complex molecules that can be used as APIs.

Fermentation is a sustainable and efficient method for producing a wide range of valuable compounds. It generates fewer harmful byproducts, operates under milder conditions, and utilizes cost-effective raw materials.

The process is highly scalable, enabling rapid production of large quantities of target molecules. Moreover, fermentation is capable of generating complex and biologically active compounds such as antibiotics, enzymes, and other specialized molecules that are essential in various industries. These advantages position fermentation as a key technology for advancing cleaner and smarter production solutions.

EMBRACE THE FUTURE  
OF **SUSTAINABLE**  
INNOVATION!

At Concord, we have strategically positioned our business on the sustainability platform and have diligently worked for over more than a quarter century to cultivate our expertise and competencies in biotechnology.

### As we journeyed...

...we progressively created and scaled capacities that have cleared multiple stringent global regulatory audits such as the USFDA, EU GMP, WHO, MFDS (Korea), ANVISA (Brazil), FDCA, TMDA (Tanzania), DPML, United Arab Emirates Ministry of Health and Prevention, NMRA, FDA (Philippines), The Republic of Yemen and PMDA Japan.

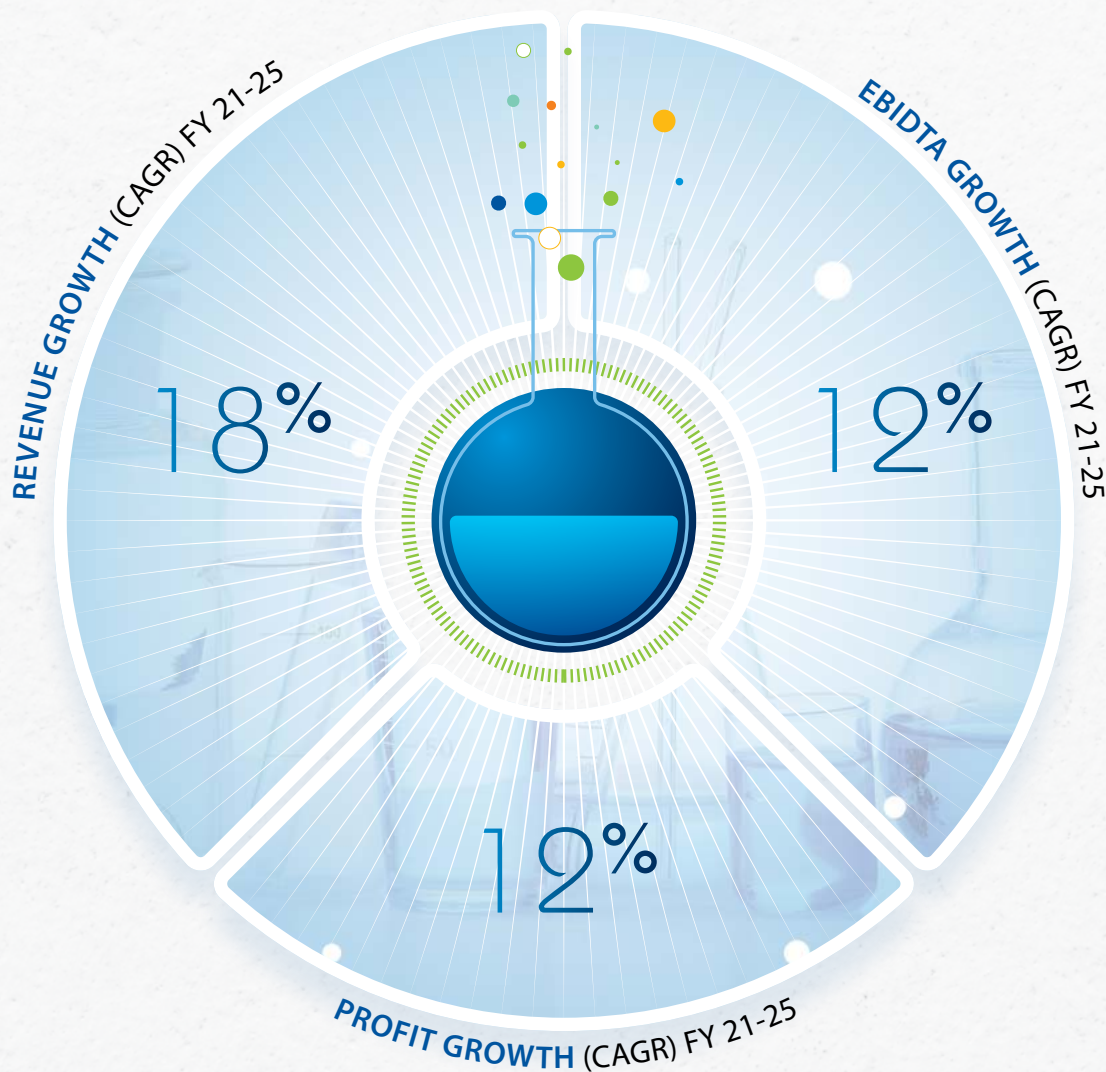

...we established a strong presence across the complex fermentation value chain to create a wide product portfolio of 30+ fermentation-based APIs and close to 100 approved Formulation products across markets.

...we widened our global footprint to 70+ countries, including regulated markets and catering to 250+ customers.

...and we graduated to a podium position in the complex biotechnology space.

While we recognise it was a difficult choice and an even more demanding journey, the results were undoubtedly worth the challenges and transformative experiences along the way.

As we reaffirm our dedication to widening our capabilities in fermentation-based APIs and Formulations, we realise that our penchant for excellence will not just be a step forward in advancing medical success; it's a leap toward a healthier planet and thriving communities!

## STATEMENT FROM THE CHAIRMAN'S DESK

Our strategic initiatives, focused on enhancing our commercialised APIs and pipeline products through our expertise in precision fermentation and injectable formulations, are crucial to our long-term growth. **These efforts not only secure our sustained success but also play a significant role in advancing global healthcare standards.**

SUDHIR VAID, *Chairman*

## DEAR STAKEHOLDERS,

As we celebrate Concord Biotech's 25th anniversary, I am filled with immense pride and gratitude for the remarkable journey we have undertaken in the biotechnology field.

**O**VER the past quarter-century, our unwavering commitment to innovation and excellence has driven us to attain unparalleled expertise in the fermentation process, enabling the development of groundbreaking new products and continuous process improvements. These achievements have not only propelled us to the forefront of the global fermentation industry but have also solidified our leadership position.

We have built a legacy of scientific advancement and industry leadership that will continue to inspire and guide us in the future. As we draw to a close a significant milestone in our journey, we reflect with profound pride and satisfaction on our accomplishments while looking forward to an even more promising future.

In this context, I am privileged to share our progress and the vision that drives us forward, framed around key themes that emphasises our global presence and the broader industry landscape and define our path.

### The Global Biotechnology sector is thriving

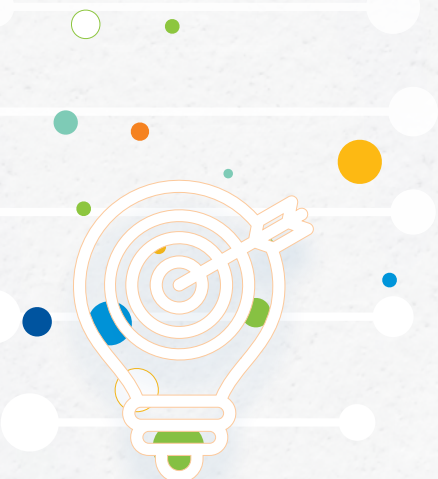

The global biotechnology sector is experiencing rapid growth, driven by advancements in biotechnological research and development. Valued at approximately US\$ 1.38 trillion in 2023, the market is projected to reach around US\$ 4.25 trillion by 2033, expanding at a compound annual growth rate (CAGR) of 11.8%. This growth is fuelled by increasing investments in R&D, the rising prevalence of chronic diseases, and the growing demand for personalised medicine. Key areas of innovation include genetic engineering, bio-pharmaceuticals, synthetic biology, and bio-based solutions aimed at enhancing human health, food security, and environmental sustainability. The integration of AI-driven drug discovery, CRISPR gene-editing, and sustainable bio-manufacturing is reshaping the industry, enabling faster drug development and more precise medical treatments. As a result, the biotechnology sector is poised to play a crucial role in addressing global healthcare challenges and advancing future healthcare standards.

At Concord, we are pleased to have established a strong presence in this dynamic ecosystem, utilising state-of-the-art scientific advancements to compete globally. Our international collaborations and expanding footprint across geographies exemplify our commitment to being one of the leading players in this transformative sector.

### Trends shaping the Global Fermentation Industry

The global fermentation industry in the pharmaceutical sector is undergoing significant changes driven by several key trends. Precision fermentation technology is becoming increasingly important, allowing for the efficient production of complex biological molecules essential for next-generation bio-therapeutics. The integration of artificial intelligence and machine learning is optimising fermentation processes, improving yields, and reducing costs. Investment in fermentation technology is increasing, with significant funding directed towards research and development. Strategic partnerships between pharmaceutical companies and academic institutions are fostering innovation and expanding capabilities. Regulatory support and government initiatives promoting renewable resources and reducing carbon footprints are also shaping the industry's future.

At Concord, we are proactively addressing this gap. The recent investments in Palvella Therapeutics, Inc., a company incorporated in the USA, establish a partnership to produce rare dermatological pharmaceuticals. This strategic collaboration with other industry stakeholders will position us to meet the increasing demand and ensure our leadership in this wave of consolidation. We have further strengthened our presence in the U.S. through the incorporation of Stellon Biotech Inc., which

will focus on the marketing, distribution, and commercialization of Concord Biotech's pharmaceutical and biotech products in the U.S. market. Stellon will manage end-to-end commercial operations, including warehousing, inventory planning, order processing, customer service, and regulatory compliance.

Additionally, we incorporated Concord Lifegen Limited as a wholly owned subsidiary to further strengthen our domestic marketing, sales, and distribution capabilities for pharmaceutical products. This move will allow us to establish a sharper market focus, enhance customer engagement, and create a stronger brand presence in India.

#### Biotechnology is a priority sector for governments globally

Governments around the world are increasingly recognising the potential of biotechnology to propel both economic and environmental advancement. In the United States, initiatives such as the National Biotechnology and Bio-manufacturing Initiative facilitate funding opportunities and encourage innovation. Domestically, India's Bioe3 policy and increased budgetary allocations indicate robust support for the biotechnology sector. This governmental support acts as a favourable impetus for our progress. We actively engage with policymakers to ensure our growth aligns with national priorities, enabling us to leverage available incentives and make meaningful contributions to a sustainable bio-economy.

#### USA policy updates for the Indian pharma industry

**Bio-Secure Act:** Alongside domestic growth, the industry is also adapting to global regulatory changes, such as the U.S Bio-Secure Act, which aims to reduce dependence on foreign biotech suppliers, particularly from China. This shift, combined with the China plus one strategy, presents an opportunity for Indian pharmaceutical companies to strengthen their foothold in the U.S market by aligning with stringent quality and compliance standards.

**Newly introduced US tariffs:** Recent changes in U.S. trade policy have introduced new tariffs that may affect pharmaceutical exports, including those from India. While a temporary exemption was granted, future adjustments could lead to increased costs and potential

disruptions. In response, companies are exploring strategies to mitigate these impacts, such as enhancing operational efficiencies and diversifying into new markets. These developments coincide with broader global shifts, including the China-plus-one strategy and the Bio-Secure Act, which are opening new avenues for growth. Concord Biotech is well-positioned to leverage these opportunities, supported by its robust manufacturing infrastructure across both API and formulation segments. Its facilities hold approvals from leading global regulatory agencies such as the U.S. FDA, EMA, and WHO, reflecting a strong commitment to quality and compliance. This reputation for reliability and excellence makes Concord a preferred partner for CDMO collaborations, enabling it to expand its global footprint and contribute meaningfully to the evolving pharmaceutical landscape.

#### Expanding to elevate care

In this context, our strategic initiatives, such as strengthening our pipeline of APIs driven by our expertise in precision fermentation and formulations, particularly injectables, ensure long-term growth and contribute to advancing future healthcare standards globally. Our precision fermentation platform is producing numerous promising candidates to support this commitment to innovation and expansion further. I am particularly enthusiastic that we received approvals from the US FDA to market Teriflunomide Tablets, 7 mg and 14 mg, for the treatment of relapsing forms of multiple sclerosis in the United States. This is an important addition to our portfolio and underscores our commitment to bringing high-quality therapies to global markets. These innovations exemplify our dedication to translating scientific advancements into tangible impacts. Moreover, Concord has more than 10 products in the pipeline, which are planned to be commissioned in the next 5-7 years.

#### Expanding formulation horizon through injectable

We are broadening our formulation capabilities with a dedicated emphasis on injectables. The worldwide demand for injectable bio-pharmaceuticals, including vaccines, monoclonal antibodies, and gene therapies, is experiencing substantial growth, propelled by their efficacy and precision. We have significantly invested in

advanced sterile manufacturing facilities to address this demand. Our recently commissioned injectable line will augment our product offerings, capitalising on Concord's fermentation expertise and establishing us as a reputable partner in providing life-saving treatments on a global scale.

#### In closing

As I reflect on our journey, I recognise that Concord is strategically positioned for a promising future within a dynamic global biotechnology landscape. Our successes are built upon three fundamental pillars: innovation, collaboration, and purpose. Therefore, in light of these challenges, I firmly assert that our integrated model and strategic focus on domestic and emerging markets empower us to adeptly navigate volatility. We are building a lasting legacy rooted in advancing human health, fostering sustainability, and creating enduring value for all stakeholders.

To our shareholders, I extend my gratitude for your trust; to our employees, your commitment propels us forward; and to our clients, I appreciate your enduring confidence during these challenging times. Collectively, let us confront the future with resilience, pragmatism, and steadfast optimism, for I am convinced that our best days lie ahead.

*Yours Sincerely,*

**SUDHIR VAID**  
Chairman

## ABOUT CONCORD BIOTECH LIMITED

# Our Excellence, Built on Over 25 Years of Relentless Dedication, Leads the Way in Fermentation-based APIs and Formulations

Concord Biotech Limited (Concord) is a biopharmaceutical company driven by research and innovation. Since its inception in 2000, Concord has transformed from a single-product entity into a comprehensive solution provider, excelling in the production of Active Pharmaceutical Ingredients (APIs) through fermentation, semi-synthetic processes, and finished formulations. Today, Concord delivers a wide range of products across diverse therapeutic segments.

Based in Ahmedabad, India, we run four advanced manufacturing facilities in Gujarat, driven by a team of skilled and experienced professionals. Through deep technical expertise, capital-intensive investments, optimal scale, regulatory clearances and efficient plant design, we have built formidable entry barriers-overcoming complex industry challenges and establishing fermentation capabilities that are difficult to replicate. This strategic differentiation has earned us a leadership position in India and globally.

## Vision

Create products through the Biotechnology route and Service offerings that enrich the lives of people by continually building on our expertise in Biotechnology.

## Mission

We strive to be a global power in the field of biotechnology-based products through research and development to create sustainable earnings growth and to establish long-term business success. We continue to reinforce our commitment to safety, health, and the environment. We endeavour for an environment where creativity and effectiveness are encouraged with the technologies for the niche market.

# What makes us unique?

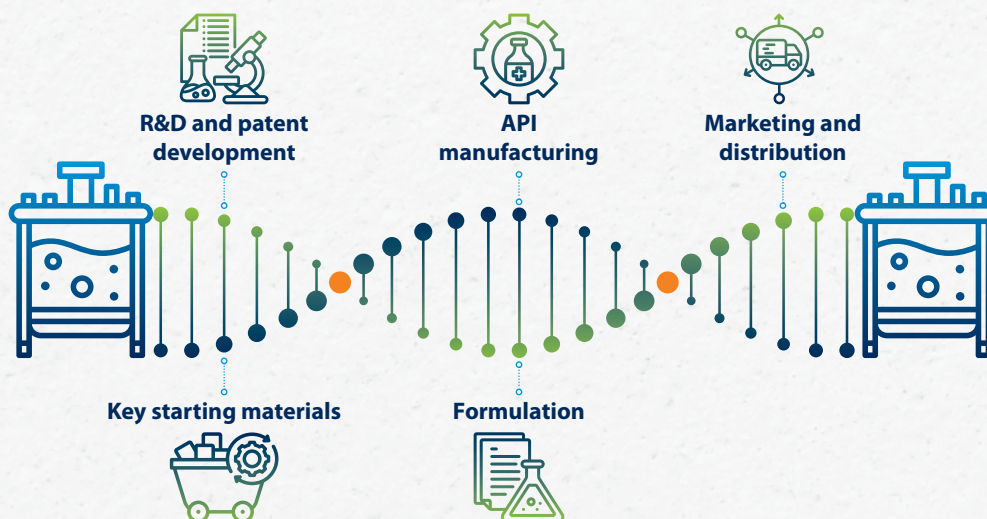

## Presence in every step of the fermentation value chain

At Concord, we are a global leader in fermentation-based API manufacturing, excelling in this specialised field with unparalleled expertise. Our end-to-end capabilities span the entire complex fermentation value chain, ensuring seamless execution from R&D to commercialisation.

Our integrated fermentation value chain significantly enhances efficiency, quality, and supply chain resilience throughout the entire process, facilitating seamless transitions from laboratory research to large-scale production. This system not only reduces costs and accelerates time-to-market but also ensures consistent compliance with regulatory standards.

Furthermore, it nurtures innovation, improves profit margins, and provides a substantial competitive advantage. Additionally, the integration of these processes promotes sustainability by minimising waste and enhancing energy efficiency, thereby effectively meeting market demands and regulatory compliance.

## Our integrated presence across the fermentation value chain:

## Our Key Strengths in the Value Chain

In over 25 years of experience developing and producing specialised, complex molecules.

Fermentation capacity of 1250 m<sup>3</sup> across two advanced API facilities.

Product portfolio of more than 30+ fermented-based APIs.

Considerable market share in the global immunosuppressants, oncology and anti-infectives.

## High entry barriers

Over the years, we have created entry barriers that protect our market share and profitability by deterring competitors from entering the market.

Our fermentation-based API vertical presents high barriers to entry.

- The complex nature of the sector
- Advanced technical skills restrict many from entering the field
- Substantial financial investment is

- needed for extensive infrastructure
- Difficulty in scaling operations limits entry to even major players
- Long gestation period

We leverage our strong capabilities to excel in the fermentation-based API field, characterised by:

- A diverse portfolio across various therapeutic areas

- Scaled manufacturing facilities with a consistent regulatory compliance record
- Flexible plant configurations ensuring robust operational efficiency

We further up the ante through our:

- Backward integration to the KSM level
- Regulatory approvals for global markets
- Creating a wide range of fermentation-based APIs.

## Superior position in the fermentation-based API business

We are a leading player in the Active Pharmaceutical Ingredient (API) sector, with specialized expertise in fermentation-based APIs across key therapeutic areas including immunosuppressants, oncology, anti-infectives, and antifungals. Our

strong product portfolio leverages niche expertise and backward integration for Key Starting Materials (KSMs), ensuring efficiency and quality. Our focus on expanding wallet share with existing customers and increasing our global

presence highlights our growth strategy. Led by industry veterans and committed to innovation, we have become a trusted leader in biotechnology, providing high-quality APIs that enhance medicine efficacy and promote a healthier future.

## Wide range of product portfolio

Our diverse range of fermentation products gives us a competitive edge globally. Covering various therapeutic areas, it showcases our advanced fermentation technologies and innovative

formulations. This strong offering, paired with top-notch manufacturing facilities, ensures quality, scalability, and compliance with international regulations. By meeting healthcare needs, we offer high-quality,

cost-effective solutions, establishing us as a trusted partner and leader in the pharmaceutical industry, exceeding competitors in global demands.

## Expansive Global presence

Our global presence offers a key advantage, serving over 250+ customers in 70+ countries with our APIs and formulations. This expands our market reach, diversifies revenue, provides varied resources, fosters collaboration, enhances brand recognition, and builds resilience against market fluctuations. It

also streamlines distribution, accelerates regulatory approvals, and shares innovative practices across regions.

We supply formulations primarily in India through government and corporate hospitals, while in the US and emerging markets in Asia, Africa, and Latin America,

we rely on distributor collaborations. Our APIs are supplied exclusively to pharmaceutical companies worldwide under a B2B model. Our strong focus on product quality and diverse offerings through an extensive global network allows us to meet client needs globally.

MESSAGE FROM THE **JOINT MANAGING DIRECTOR**

As we transition into fiscal year 2026, Concord is well-positioned for accelerated growth, supported by our enhanced capabilities, strategic investments, and **steadfast commitment to innovation and sustainability**

**DEAR SHAREHOLDERS,**

It is with great pleasure that I present the key highlights of Concord's performance for FY25. This year has witnessed substantial strategic advancements, notable operational achievements, and a steadfast commitment to sustainable growth. These factors position us favourably to attain our long-term objective of establishing ourselves as a market leader in fermentation-based active pharmaceutical ingredients (APIs) and formulations. I am pleased to outline our significant accomplishments and the promising focus areas we have identified for the current year and the future.

ANKUR VAID, *Joint Managing Director & CEO*

**Financial performance**

In FY25, our revenue from operations was ₹1,200.1 crore, exemplifying a remarkable 18% year-over-year growth. Our profitability remained healthy as evidenced by our EBITDA margin standing at 42.1%, and an increase of 21% in profit after tax (PAT) to ₹371.6 crore, accompanied by a PAT margin enhancement of 70 basis points to 31.0%. Furthermore, as of 31st March 2025, our debt-free status has significantly strengthened our financial position, enabling us to confidently pursue strategic growth opportunities.

**From Vision to Value, across every milestone**

Our journey of transforming strategic intent into measurable outcomes reflects our substantial achievements during FY25. I am pleased to share the significant progress we have made. Our unwavering commitment to innovation, sustainability, regulatory excellence, and the expansion of our global presence has been instrumental in shaping our success. These initiatives not only reinforce our leadership within the industry but also establish a robust foundation for sustainable growth and long-term value creation.

**Broader horizon, diminishing concentration**

In FY25, we made significant strides in diversifying our market presence and reducing customer concentration. Our formulation business saw robust growth, with revenues rising by 38% year-on-year for the full year ended March 2025, driven by strong acceptance across domestic, emerging and regulated markets. We expanded our sales and marketing team to over 200 members, enabling deeper market penetration in India and opportunistic forays into regulated markets. Simultaneously, our API business grew with new customer acquisitions and strengthened relationships with existing partners. By targeting niche markets with complex, fermentation-based products, we steadily increased our global market share while reducing reliance on a concentrated customer base, ensuring sustainable and diversified revenue streams.

**Launching our state-of-the-art injectable facility**

In FY25, we commissioned a state-of-the-art injectable facility at Valthera, beginning commercial production in Q4 FY25. This marks a key step in expanding our portfolio to include injectables alongside in-house API production. The plant will initially launch several products targeting the domestic market, with plans for emerging markets in FY26. This vertical strengthens Concord's position as a fully integrated player (**API + oral + injectable formulations**) while capitalising on the tender-driven growth opportunities.

**Unlocking new opportunities**

The Contract Development & Manufacturing Organisation (CDMO) segment emerged as a key growth driver for Concord in FY25. Initially viewed as a long-term opportunity, the increasing industry interest and growing number of inquiries have prompted us to reposition CDMO as a medium-term growth engine. We are actively engaging with potential partners and exploring collaborations with large innovators and established generic companies. Our expertise in fermentation-based APIs, complex formulations, and high-value products positions us as a reliable CDMO partner. Our proactive approach ensures we are well-placed to capitalise on this growing opportunity.

**Strategic investment in U.S.-based Company: A new horizon**

In line with our strategy to forge meaningful global partnerships, we invested in Palvella Therapeutics Inc., a U.S.-based biotechnology company focused on rare genetic skin diseases. This investment, made in FY25, aligns with our long-term growth objectives and paves the way for a collaborative partnership centred on the manufacturing and commercialisation of QTORIN, a therapy designed to address high unmet medical needs in dermatology. By strengthening our relationship with Palvella, we aim to expand our footprint in global markets and enhance our supply chain for innovative, high-value products.

Building on our momentum, we have further reinforced our presence in the United States through the incorporation of Stellon Biotech Inc. This newly established entity will spearhead the marketing, distribution and commercialization of Concord Biotech's pharmaceutical and biotech products in the U.S. Stellon will manage end-to-end commercial operations including warehousing, inventory planning, order processing, customer service, and regulatory compliance, while maintaining our uncompromising standards of quality and adherence to regulatory frameworks. It also opens avenues for strategic collaborations with affiliates and third-party partners. This initiative not only marks our direct commercial entry into a key global market but also supports our broader vision of expanding market access and unlocking greater value from our product pipeline across geographies.

**Emphasising Sustainability: Investing in renewable energy for the Dholka unit**  
Sustainability remains at the core of our business strategy. We aim to significantly lower our carbon footprint by transitioning to renewable energy sources and contributing to global climate action initiatives. In FY25, we took a significant step toward reducing our environmental impact by acquiring a 26% equity stake in Cleanmax Everglades Private Limited. This investment is dedicated to powering our Dholka plant in Gujarat with 6.6 MW wind capacity and 3.3 MW DC solar capacities. Beyond environmental benefits, this move ensures long-term financial advantages through reduced energy costs and enhanced operational efficiency, reinforcing our commitment to responsible and sustainable growth.

**Update on Regulatory Compliances**  
Our dedication to quality and regulatory compliance was reaffirmed through successful inspections conducted by regulatory authorities. Specifically, Concord underwent an inspection by

US-FDA at our Dholka API facility (Unit I). This facility has also seen successful completion of the inspection by the EU-GMP and Russian GMP. Further, inspection by EU-GMP and Saudi Food & Drug Authority (SFDA) was carried out at Valthera facility. Additionally, we obtained approval from the U.S Food & Drug Administration (USFDA) for Teriflunomide Tablets in dosages of 7mg and 14mg, thus facilitating our entry into a US\$402 million market within the United States and a global market valued at US\$908 million. This development significantly enhances our position within regulated markets. Our facilities remain committed to maintaining our reputation as a reliable pharmaceutical partner to global pharmaceutical companies.

#### A fresh perspective

The Indian pharmaceutical industry is undergoing a transformative evolution driven by the China Plus One strategy, the Bio-Secure Act, and recent United States tariff policies. The China Plus One strategy enhances India's position as a reliable alternative manufacturing hub within the global Active Pharmaceutical Ingredient (API) market. The Bio-Secure Act mitigates reliance on Chinese bio-pharmaceuticals while promoting global partnerships, consequently amplifying the demand for Indian APIs. However, the newly announced United States tariff policy may increase costs associated with Indian exports to the United States, thereby affecting profit margins.

In spite of these formidable challenges, the sector is poised to benefit from heightened global trust and investment, thereby stimulating growth and innovation. The Indian Contract Development and Manufacturing Organisation (CDMO) sector is expected to thrive as international companies seek dependable alternatives to China. This shift is likely to serve as a catalyst for India's emergence as a potential leader in the global pharmaceutical landscape, ultimately contributing to economic growth and advancements in healthcare.

#### Looking ahead

As we transition into fiscal year 2026, Concord is well-positioned for accelerated growth, supported by our enhanced capabilities, strategic investments, and steadfast commitment to innovation and sustainability.

I wish to express my sincere gratitude to our employees, partners, and shareholders for their continued trust and support. We are developing a stronger, more resilient Concord equipped to take the lead in the global pharmaceutical landscape.

*Yours Sincerely,*

**ANKUR VAID**

*Joint Managing Director & CEO*

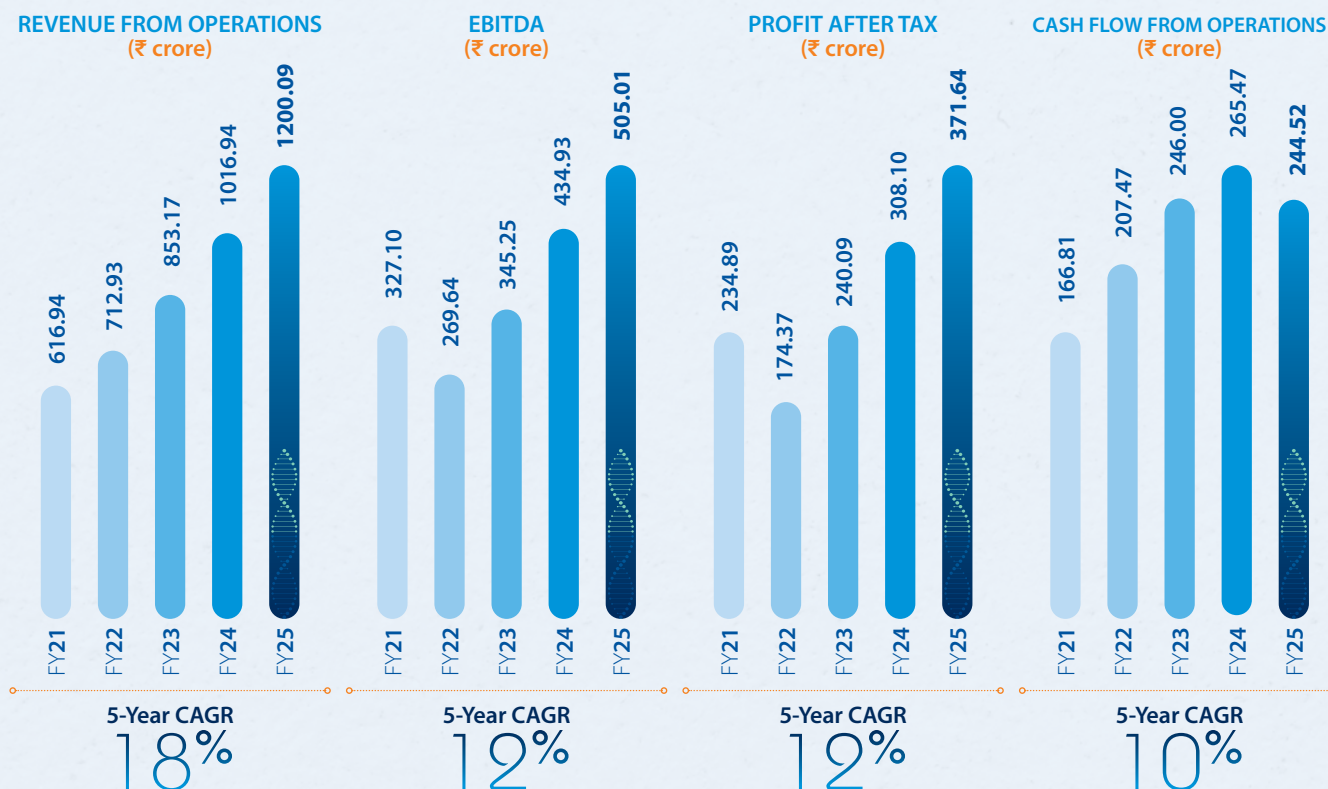

## KEY PERFORMANCE INDICATORS

Our progress is a testament to our consistent endeavors to improve our **commitment to excellence**

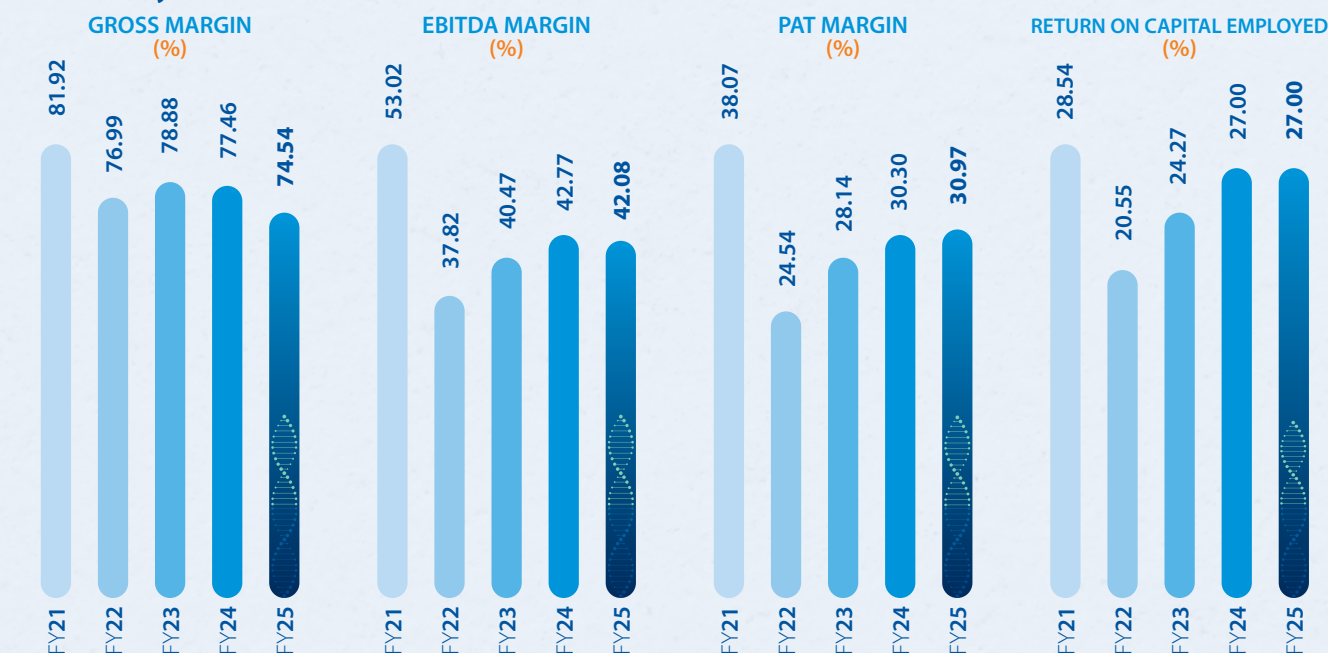

We rigorously adhere to financial discipline, embodying a firm commitment to prudent management and visionary foresight. These fundamental pillars augmented our revenue and EBITDA, reinforced by the resilience of our robust cash flow generation.

Our prudent approach to capital structure positions us favourably for pursuing our growth ambitions. Our ongoing commitment of being Debt Free coupled with generating free cash flow, provides us with the financial stability required for further expanding our business portfolio.

# The Evolving Landscape

## Transformative trends in Biotechnology through Fermentation

The global biotechnology market, particularly through the fermentation route, is being transformed by several key trends. AI and machine learning are revolutionising drug discovery and personalised medicine, while synthetic biology and advanced biomanufacturing are enhancing bio-based material production.

Fermentation technology is driving the development of sustainable and efficient production methods for complex molecules. Personalised medicine and genomics offer tailored treatments, and advances in cell and gene therapies provide new solutions for previously untreatable conditions. Additionally, there

is a growing emphasis on sustainability and green biotech, pushing companies toward eco-friendly innovations to enhance social responsibility.

### INDUSTRY POSITIVES

#### Precision Medicine

Using genetic profiling and biomarkers to develop targeted therapies tailored to individual patients leads to more effective treatments with fewer side effects.

#### Artificial Intelligence (AI)

Applying AI algorithms to analyse vast datasets, optimise clinical trials, and identify potential drug targets - accelerating drug discovery like never before.

#### Biologics and Biosimilars

The growing prominence of biopharmaceuticals like monoclonal antibodies and gene therapies, alongside a rising focus on developing biosimilars.

#### Digital Health Integration

Utilising digital tools like telemedicine, wearable devices, and mobile apps to improve patient engagement and monitor treatment outcomes.

#### Real-World Evidence (RWE)

Integrating real-world data from diverse sources to inform drug development and post-market surveillance.

#### Cell and Gene Therapies

Expanding research and development of cell-based therapies, including stem cell treatments, for conditions with limited treatment options.

#### Patient-Centric Clinical Trials

Designing clinical trials with patient needs at the forefront, including decentralised trial models and improved patient recruitment strategies.

#### Emerging Markets Growth

Increased focus on expanding access to medications in emerging markets due to rising healthcare demand and growing middle class.

#### Sustainability Initiatives

Incorporation of eco-friendly practices throughout the drug development and manufacturing process.

#### Data Analytics and Big Data

Leveraging big data to gain deeper insights into disease progression, identify new drug targets, and optimise treatment strategies.

#### Nanobiotechnology

The application of theranostics nanoparticles enables prompt diagnosis and treatment customisation.

#### Liquid biopsy

The global market for liquid biopsy is expected to grow from US\$4.6 billion in 2024 to US\$13.1 billion by 2029.

### INDUSTRY CHALLENGES

#### High Cost of Drug Development

Balancing innovation with affordability concerns and managing pricing pressures.

#### Regulatory Complexity

Navigating evolving regulatory

frameworks related to drug approval, data privacy, and clinical trial design.

#### Healthcare Gaps

Addressing disparities in healthcare access, particularly in emerging markets.

#### Intellectual Property Protection

Balancing patent expirations and generic competition while ensuring innovation.

#### India is spurring the Biotechnology space

The 2025-26 Union Budget demonstrates a strong commitment to advancing India's biotechnology sector, with an increased allocation of ₹20,000 crore for the Department of Biotechnology (DBT). This funding will support biomanufacturing, biotech research, and innovation under the National Manufacturing Mission, which will promote 'Make in India' across all industry sizes.

## OUR STRATEGIC BLUEPRINT

## A Roadmap to Sustainable Growth

We strive to broaden our footprint, elevate our product offerings, and strengthen our presence in key markets. Our unwavering commitment to excellence permeates every facet of our strategic initiatives, ensuring we deliver value to our stakeholders while driving long-term success.

## STRATEGY 1

## EXPANDING OUR PRODUCT BASKET

## Where we are

We are one of the leading global manufacturers of Fermentation-based APIs offering 30+ fermentation-based APIs

## Our aim

We have more than 10 new API Products in pipeline that we intend to commercialise over the next five to seven years. These products focus on oncology, anti-infectives, and antibacterial treatments

## STRATEGY 2

## WIDENING OUR THERAPEUTIC COVERAGE

## Where we are

Our product portfolio spans multiple therapeutic areas, with a particularly strong presence in immunosuppressants, anti-infectives, and oncology, driven by our expertise in fermentation-based APIs.

## Our aim

We aim to diversify our offerings by positioning ourselves as a comprehensive provider of fermentation-based API products across multiple therapeutic areas. This strategy not only broadens our opportunity landscape but also strengthens our relationships with existing and potential customers, fostering sustainable growth

## STRATEGY 3

## EXPANDING OUR GEOGRAPHIC FOOTPRINT

## Where we are

We serve 250+ customers in 70+ nations across the globe. Our global presence has been established through collaborations and tailored distribution models.

## Our aim

We aim to expand our sales and distribution network globally with specialised teams, targeting key markets such as the United States, Europe, Asia, Africa, and Latin America. By intensifying marketing efforts through partnerships and distributor models, and broadening our product portfolio, we strengthen our presence and foster sustainable growth.

## STRATEGY 4

## STRENGTHENING OUR FORMULATION BUSINESS

## Where we are

We offer 100+ products across chronic and lifestyle therapies, leveraging our oral solid dosage (OSD) delivery platform (tablets, capsules, oral suspensions). With our newly commissioned injectable plant, we are now equipped to expand our capabilities to include injectable formulations as well.

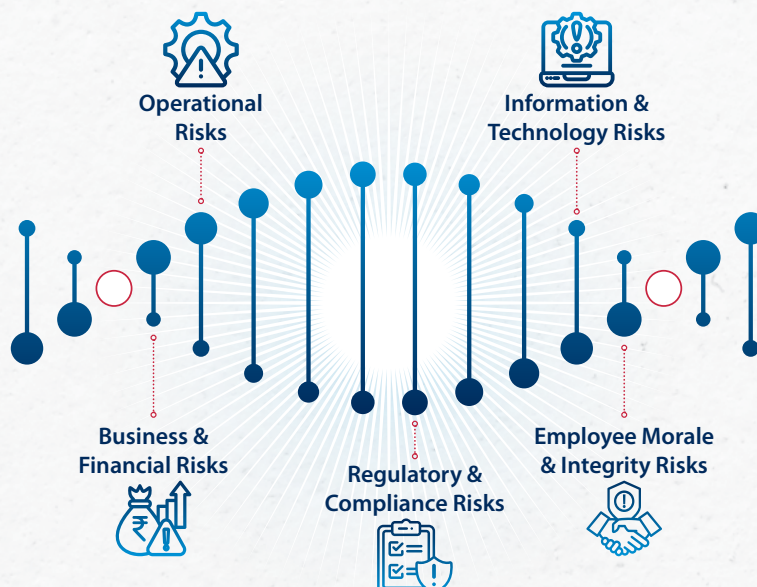

## Our aim

We will continue to expand our portfolio through our own development and in-licensing to address existing and new-age lifestyle ailments. Starting with our established oral solid dosage (OSD) business, we will further broaden our formulation delivery platform to include injectables, with our injectable plant already commissioned.

# Risk Management

At Concord, risk management is crucial for operational resilience and success. We identify, assess, and mitigate risks to protect our business and ensure growth. Through strong controls and constant monitoring, we aim to minimise disruptions, maintain compliance, and improve business performance.

Our risk management framework covers:

## BUSINESS & FINANCIAL RISKS

### Credit Risk Management

At Concord, we understand that delayed payments can cause cash flow issues affecting our financial stability.

**Mitigation:** To address this, we implement strong credit management practices, including monitoring receivables, setting credit limits, and conducting credit assessments. We also proactively manage Expected Credit Loss (ECL), ensuring accurate financial planning. By managing credit risk, we aim to sustain productivity and financial health while minimising operational disruptions.

### Foreign Exchange Risk Management

Fluctuations in exchange rates can lead to higher Cost of Goods Sold and potentially lower profit margins. Companies may need to adjust pricing in response to these changes, making financial forecasting more challenging.

**Mitigation:** To address these risks, we have implemented a comprehensive foreign exchange policy. This policy guides our actions and ensures we manage foreign exchange risks effectively, maintaining financial stability and supporting our strategic objectives.

## OPERATIONAL RISKS

### Capacity Utilisation & Risk Management

Inefficient capacity utilisation raises per-unit costs as fixed costs spread over fewer units, increasing production expenses. It strains resources, leading to higher maintenance costs and possible equipment failures. Additionally, it harms customer satisfaction due to lost sales or poor service.

**Mitigation:** To mitigate these risks, we fill capacity with sales orders and CDMO projects, optimising resource use and ensuring customer satisfaction.

### Production & Supply Chain Risk Management

Disruptions in production can stop production lines, causing delays in both production and sales, which may result in cash flow problems. Such interruptions could lead to surplus finished goods or insufficient raw materials, creating inefficient resource use, including labour and equipment. Although raw materials are abundantly available in India and other regions, macroeconomic factors can threaten their availability.

**Mitigation:** To address these challenges, we transport high-value finished products by air to guarantee prompt delivery.

### Customer Base Diversification Risk Management

High customer concentration can increase customers' bargaining power, leading to pressure for lower prices and a greater impact from changes in customer relationships.

**Mitigation:** To ensure stability and growth, we are expanding our customer base by targeting new markets, enhancing marketing efforts, and leveraging data analytics. Notably, our reliance on the top 10 customers has decreased from 48.2% in FY 20-21 to 35.8% in FY 24-25, demonstrating successful diversification and a reduced dependence on a few customers.

## REGULATORY RISKS

### Regulatory & Compliance

Quality control failures can lead to product recalls, increased costs, and damage to our brand. Additionally, regulatory scrutiny may halt production, while patent infringements can result in costly legal issues. Delays in license renewal can cause downtime and decrease productivity. Non-compliance can result in hefty fines, restrict market access, and disrupt supply chains.

**Mitigation:** To mitigate these risks, we invest in compliance, training, and quality assurance. We follow SOPs for quality and regulatory compliance, foster accountability, conduct audits, and consult legal experts. We also ensure timely payments to MSME vendors for compliance.

## ISO-14001: 2015 | ISO-45001: 2018

## INFO & TECH RISKS

### Cybersecurity & Data Protection

Cybersecurity threats result in financial losses, reputational damage, operational disruptions, and data theft, increasing security costs and regulatory penalties. Loss of critical data can halt operations, causing downtime and reduced productivity. Recovery costs, legal fees, fines, and revenue loss can be substantial, while regulatory bodies may impose stricter audits, complicating operations further.

**Mitigation:** To mitigate risks, we have implemented cybersecurity measures such as software updates, access controls, employee training, and an incident response plan. We employ data encryption, audits, and backup systems to safeguard against attacks. Our disaster recovery plan incorporates data backups, firewalls, antivirus software, and intrusion detection. Compliance training, monitoring, and maintenance ensure ongoing protection. Employee training on disaster recovery procedures and drills promotes preparedness for potential incidents.

## ADDITIONAL RISK FACTORS

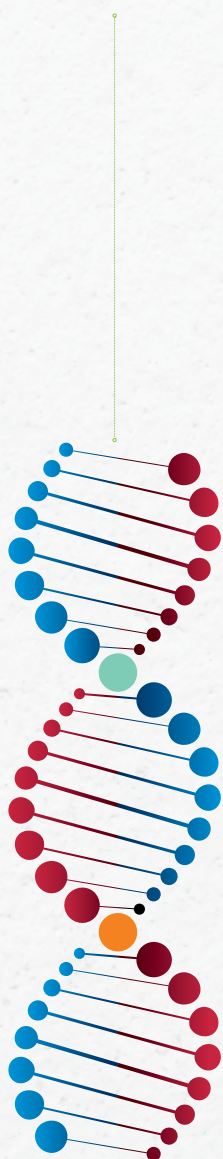

### Safeguarding Employee Morale & Operational Integrity

Low employee morale can reduce productivity and increase turnover. Conflicts may escalate to legal disputes, and negative posts can harm our reputation. Data breaches can lead to theft, compliance violations, and security issues.

**Mitigation:** To address these risks, we have adopted conflict resolution strategies, employee engagement initiatives, fair policies, and open communication. We are dedicated to reducing our carbon footprint, promoting sustainable practices, ensuring fair labour, and community engagement. A strong social media policy, access controls, monitoring, a crisis management plan and data protection measures uphold our transparency and ethics.

## INTELLECTUAL CAPITAL

### Driving Excellence in R&D

Our commitment to research and development, coupled with our innovative mindset, drives our agility in meeting evolving demands. This dedication is reflected in our comprehensive product range, which spans various doses and advanced technologies, supported by strong regulatory expertise.

Our primary focus has always been on creating specialised products with complex processes that are difficult to replicate, presenting challenges in development and manufacturing. Embracing this philosophy, we have developed our expertise in the biotechnology sector, which is both challenging and innovative. Utilising our

extensive expertise and cutting-edge technology, we maintain a leadership position in fermentation-based APIs. Our innovative research and development, combined with a commitment to sustainable practices, enables us to deliver high-quality APIs and formulations, providing a competitive advantage and long-term value to our stakeholders.

Our advanced R&D facilities, managed by a dedicated team, have developed a wide range of niche products. In the fiscal year 2025, we invested ₹27 crore in research and development initiatives, reaffirming our commitment to innovation.

### Advancing API & Formulations Through Innovation

#### API R&D EXCELLENCE

We possess unique expertise in isolating microbial strains, inducing mutations, and selecting strains through passive methods, as well as enhancing strain properties.

Our in-house capabilities empower us to foster innovation and effectively create new active pharmaceutical ingredients.

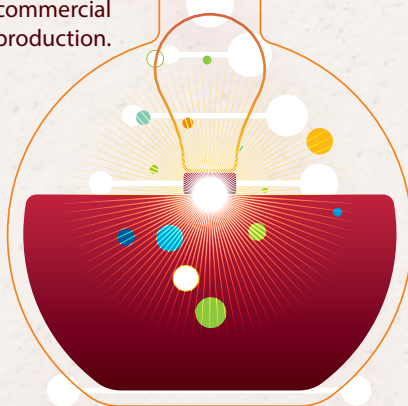

Our state-of-the-art fermenters and pilot plant facilities ensure the efficient transition of fermentation processes from laboratory settings to large-scale commercial production.

#### FORMULATIONS R&D LABORATORY

By focusing on developing formulations using advanced analytical techniques, we ensure our products meet the highest standards of quality and efficacy.

Alongside, we are also focused on **enhancing patient convenience and superior efficacy.**

Development of niche **therapeutic formulations** across key segments

# Enhancing Value Through Superior Manufacturing

At Concord, we steadfastly invest in world-class manufacturing equipment, processes, and systems to cultivate a portfolio of products that not only meet but surpass customer expectations. Our unwavering commitment to exceptional value and innovation ensures that each product epitomises our dedication to manufacturing and quality excellence.

### Seamless Integration for Manufacturing Mastery

Concord's core strength is rooted in its integrated manufacturing operations. Our continuous investments in cutting-edge technologies, efficient production processes, and robust operational frameworks enable us to produce reliable, high-quality products. Additionally, we

ensure strict compliance with rigorous regulatory standards while maintaining the agility to meet ever-increasing market demands. In recognition of these efforts, Concord Biotech received the 2024 DET **Hurun Award** for Outstanding Contribution to India's Manufacturing

Economy. The award was presented at the India Manufacturing Excellence Awards 2025, organised by Hurun India in collaboration with the Dubai Department of Economy and Tourism.

Through innovative methodologies and meticulous planning, we optimise resource consumption, reduce waste, and embrace sustainable production practices. By staying at the forefront of advancements and trends, we continually refine our practices, reinforcing our leadership in sustainability technology.

## Our World-Class Manufacturing Capabilities

### API

- Our API facilities are designed and operated in strict accordance with Current Good Manufacturing Practices (cGMP). They undergo inspections by various global regulatory authorities, including the USFDA, EUGMP, Japanese PMDA, Brazilian ANVISA, Korean MFDS, Russian GMP and Other Emerging Market approvals.
- Equipped with specialised clean rooms and lyophilisation capabilities, our facility enables us to maintain and cultivate various microorganisms with exceptional precision and care.
- Our advanced microbiological laboratory, staffed by well-qualified professionals, rigorously adheres to cGLP guidelines. Additionally, our facilities have been designated as an approved beneficiary of the API PLI Scheme.

### FORMULATION

- Our formulation facility meets global regulatory requirements and has been inspected by USFDA, EUGMP, Japanese PMDA, Brazilian ANVISA, Korean MFDS and Other Emerging Market approvals, demonstrating our dedication to current Good Manufacturing Practices (cGMP). This enables us to manufacture a wide range of solid oral dosage forms, oral liquids, oral suspensions, and complex solid dispersions.
- We utilise advanced equipment and automation to provide innovative, targeted solutions in niche therapeutic areas. Additionally, our facilities are equipped with advanced effluent treatment plants (ETPs) designed to achieve Zero Discharge.
- We have commissioned and started injectable production at our new state-of-the-art manufacturing facility in Valthera. This milestone underscores our commitment to expanding our capabilities and delivering high-quality, innovative solutions to meet the growing demands of the healthcare industry.

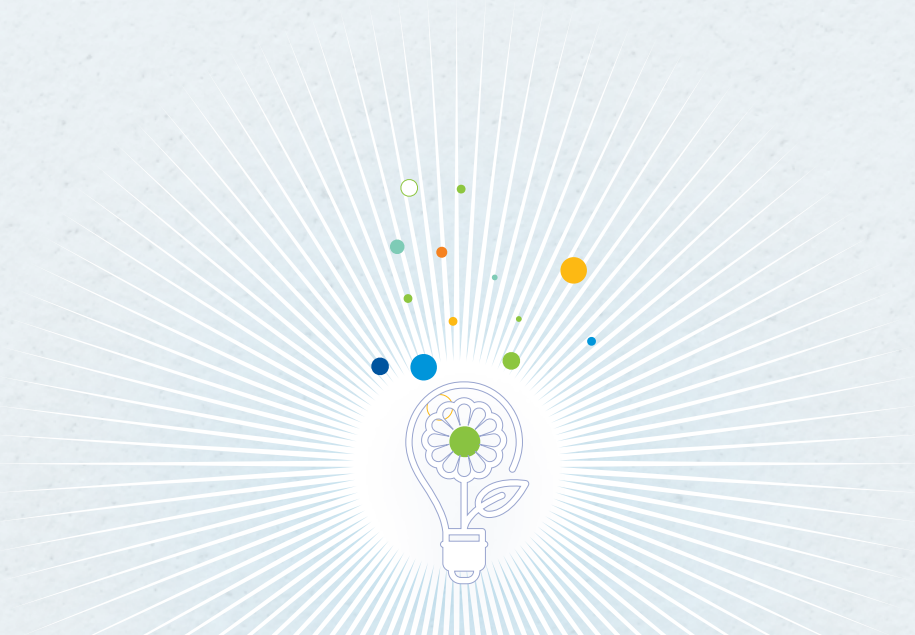

**Expanding Our Compliance**

Concord underwent inspections by the US-FDA, EU-GMP and Russian GMP at our Dholka API facility (Unit 1).

Further, our Valthera Facility (Unit-2) underwent inspection by EU-GMP and Saudi Food & Drug Authority (SFDA).

**Expanding Our Capabilities**

In Q4 of FY 2025, we commissioned our injectable business as a new strategic vertical, marking a key milestone in our growth journey. This addition brings a high-value revenue stream and strengthens our capabilities in complex formulations, positioning us for long-term, profitable expansion.

## FINANCIAL CAPITAL

### Strategic Financial Discipline at Concord

At Concord, financial discipline is at the heart of our strategic priorities. Leveraging our strong financial position, we have seized sectoral opportunities, enhanced our product portfolio, and expanded into new markets to maximise stakeholder value.

Our prudent capital allocation practices have also fostered long-term growth prospects.

#### Financial Capital: A Catalyst for Growth

We view financial capital as a driving force for creating stakeholder wealth. These resources encompass the funds available to us for enhancing capacities, strengthening capabilities, streamlining

processes, and producing world-class products. This ensures that our business processes remain relevant and efficient, resulting in increased productivity and yield over time while upholding the

integrity of our growth narrative. Our teams have worked diligently to build a robust balance sheet, providing ample legroom to expand business operations and sustain profitable growth.

#### FY25 Performance: Resilient & Strategic

In Fiscal Year 2025, we demonstrated a resilient performance despite facing numerous market challenges. Our strategic initiatives, efficient management practices, and robust operational capabilities substantially contributed to our financial progress.

#### Strong cash flow generation

The distinguishing feature of our business operations is our capability to maintain growth in the face of external challenges, along with our diligent emphasis on working capital management, which yields robust cash flow from operations.

### Net cash flow from Operations

(₹ crore)

#### Deleveraged position

Prudent cash management has enabled us to deleverage effectively, even amidst ongoing investments in capacity building. Over the past five years, we have invested significant amount to enhance our capacities and capabilities, yet we maintain the debt-free status. This strong financial position is a testament to our financial prudence, as our team has judiciously allocated cash generation towards capital projects.

## HUMAN CAPITAL

## Our Team, Our Strength

Our employees are the driving force behind our operations, fuelling our continued success. Their remarkable ingenuity, unwavering commitment, and resilient spirit have propelled us to become one of India's leading players in the biotechnology space. Our policies and practices are meticulously designed to foster an inclusive workplace where everyone feels valued and empowered.

We recognise that a diverse workforce enriches our organisational culture, broadens our outreach, and enhances our competitiveness in the pharmaceutical sector. Therefore, we strive to create an inclusive environment where employees feel valued and are encouraged to share their unique perspectives and talents. We take pride in our diverse culture, which is firmly rooted in the values of transparency, inclusion, collaboration, and excellence.

## Core principles of our Talent Management

Inclusion & Growth	Learning & Development	Health & Safety	Care
We are committed to attracting top-tier talent from outside the organisation while promoting deserving team members through structured processes that drive employee motivation and organisational excellence. We deeply value and respect our employees, actively seeking their feedback to create a supportive, fair, and enriching work environment. This approach not only fosters happiness and fulfillment but also empowers our workforce to achieve their full potential, driving our collective success.	We offer comprehensive training programs aimed at enhancing employee skills and knowledge, fostering overall development, and improving career advancement prospects. Our ongoing sessions cover a diverse range of topics, including Safety Training, Technology Introduction, Environmental Awareness, Quality Management Systems (QMS), Operational Training, and Skill Upgrading.	Our EHS (Environmental, Health, and Safety) department leads the charge in fostering a safety-focused culture, ensuring that our operations do not adversely affect individuals, processes, or the environment. We conduct regular process safety risk assessments at our facilities, covering both routine and non-routine work-related hazards. To achieve this, we implement procedures such as HAZOP (Hazard and Operability Study) and HIRA (Hazard Identification and Risk Assessment).	We prioritise employee well-being by offering comprehensive benefits and consistent support. Our initiatives ensure that all team members, receive the care and resources they need to thrive.

Two units are ISO 45001 certified for Occupational Health and Safety Management Systems (OHSMS).

By fostering a **people-first culture**, we continue to empower our workforce, ensuring they grow alongside us.

## NATURAL CAPITAL

# Sustainability at the core of our mission

At Concord, sustainability isn't just a commitment- it's a way of life. We proactively work towards minimising our carbon footprint through responsible product stewardship, optimised resource use, proactive climate action initiatives, and adopting sustainable practices. Our comprehensive policy framework and responsible practices drive us towards achieving our ambitious sustainability objectives, reflecting our unwavering commitment to a greener future.

### Cultivating Sustainable Growth

At Concord, we enhance our natural capital by committing to energy-efficient design, reducing emissions, and optimising operations. To conserve

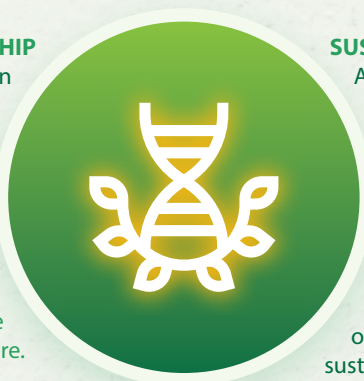

resources, we implement wastewater recycling, effluent treatment plants, and rainwater harvesting. Investing in renewable energy and effective

waste management minimises our environmental impact while promoting long-term responsibility.

### SUSTAINABILITY LEADERSHIP

Our vision for manufacturing centres on environmental sustainability, aiming to minimise adverse effects. Fuelled by our steadfast dedication to sustainability, we strive to lead globally in green initiatives.

At Concord Biotech, we are committed to preserving and conserving the environment, ensuring that our practices reflect our unwavering commitment to a sustainable future.

### SUSTAINABLE INNOVATION PATHWAY

At Concord, we relentlessly seek eco-friendly alternatives while enhancing current processes.

Through careful planning and innovative techniques, we optimise resource consumption, reduce waste generation, and adopt sustainable production practices.

By staying abreast of the latest advancements and industry trends, we consistently refine our practices to maintain our leadership in sustainability technology.

### Environmental Stewardship at Concord Biotech

At Concord, we acknowledge the significant environmental impact our operations can have on the surrounding ecosystem. Understanding this, we are dedicated to optimising energy management as a core component of our climate change strategy.

#### Our Energy Efficiency Measures

- **Energy-Efficient Design:** We have deployed energy-efficient design principles that significantly reduce energy consumption and emissions in our buildings.
- **Sustainable Manufacturing:** Our institutionalised sustainable manufacturing processes focus on reducing waste, recycling, and utilising agricultural materials to lower greenhouse gas (GHG) emissions from our production activities.
- **Advanced Technologies:** We have installed requirement-based insulation, smart thermostats, centrifugal air compressors, water chillers, and energy-efficient windows to optimise our energy usage and enhance overall efficiency.
- **Cleaner Energy Sources:** We have transitioned from furnace oil to natural gas for steam production, further reducing our carbon footprint and enhancing energy efficiency.
- **Tree Planting Initiatives:** We have carried out tree planting drives to offset the greenhouse gas emissions produced by our facilities.
- **Investment in renewable energy:** Concord Biotech acquired a 26% stake in Clean Max Everglades to install a hybrid renewable energy plant in Gujarat, featuring 6.6 MW wind capacity and 3.3 MWp DC solar capacity. This move ensures long-term sustainability and operational efficiency, enhances environmental responsibility, and reduces energy costs.

### Energy Consumption (GJ)

### EcoVadis Bronze Medal

Concord Biotech was awarded the Bronze Medal by EcoVadis, recognizing its strong commitment to sustainable practices and responsible operations in the global biotechnology sector.

### Water Management

At Concord Biotech, we are dedicated to responsible water management, recognising water as a vital shared resource. Our water management framework reflects our ongoing commitment to enhancing water use efficiency through advanced technologies and practices, alleviating pressure on shared resources by reducing our water footprint and aligning our water management practices with our broader sustainability goals to promote long-term environmental health.

#### Our Water Management Practices:

- **Recycling and Reclamation:** Institutionalising practices such as recycling, reclamation, and responsible wastewater management have significantly reduced water usage across our facilities.
- **Effluent Treatment Plants (ETPs):** Our ETPs are designed to achieve Zero Liquid Discharge, contributing to a substantial 90% reduction in sludge volume within our dewatering system.
- **Green Belt Development:** Using treated wastewater within our facilities for green belt development effectively reduces our reliance on freshwater sources.
- **Water Recycling and Rainwater Harvesting:** Increase the amount of treated wastewater recycled and implement rainwater collection systems to reuse water.

Our continuous dedication to water conservation and effective water management practices is evidenced by a notable reduction in water withdrawal and consumption over the past three fiscal years.

#### Water Withdrawal & Consumption (KL)

### Waste Management

Waste management is a crucial component of Concord Biotech's sustainability strategy. We are committed to minimising waste generation and promoting responsible disposal practices throughout our operations. To achieve this objective, we have implemented a range of initiatives focused on waste reduction, recycling, and adopting circular economy principles.

#### Waste Management Initiatives:

- **Recycling HDPE Bags:** Recycling HDPE bags for ETP sludge and MEE salt while selling excess bags to recyclers.
- **E-Waste Management:** Transferring e-waste to authorised recyclers.
- **Hazardous Waste Handling:** Managing hazardous waste through reuse, recycling, or proper disposal according to legal guidelines, including selling to recyclers, co-processing, or utilising TSDF sites.
- **ETP Sludge Management:** Reducing the moisture content of ETP sludge by 90% using a paddle dryer before disposal.
- **Biomedical Waste Disposal:** Channelling biomedical waste to certified incineration facilities.
- **Stakeholder Collaboration:** Collaborating with stakeholders to promote environmental equity and explore circular economy possibilities.
- **Eco-Friendly Alternatives:** Encouraging the adoption of eco-friendly options, such as jute bags instead of plastic.
- **Extended Producer Responsibility (EPR):** Coordinating the waste collection strategy with the EPR requirements submitted to the Pollution Control Boards.

#### Industry Recognition

Concord Biotech has been recognised as a winner in the prestigious ICAI Sustainability Reporting Awards 2023-24. Our unwavering commitment to sustainability reporting and our dedication to responsible business practices have set us apart as a trailblazer in promoting these essential initiatives.

## SOCIAL & RELATIONSHIP CAPITAL

# Harnessing Social Capital for Long-Term Resilience

Our robust relationships with stakeholders – communities, customers, employees, and regulators – constitute our social capital. This invaluable asset fosters trust, enhances collaboration, and promotes sustainable practices, leading to more efficient operations and improved compliance. Furthermore, strong social capital drives innovation increases community engagement and strengthens long-term business resilience.

At Concord, we strengthen our social capital through impactful Corporate Social Responsibility (CSR) initiatives, benefiting local communities. We promote healthcare, education, gender equality, and environmental sustainability, ensuring holistic growth. We aim to foster long-term social and economic progress by actively engaging in rural development projects.

## Our Key Interventions

### GYANJYOT

Benefitting individuals from vulnerable and marginalised groups.

### MORNING NUTRITION PROGRAMME

Providing nutritious meals to students at municipal schools in Dholka.

### 3 STEM LEARNING LABS

Supporting students in pursuing education in science, technology, engineering, and mathematics.

### SCHOLARSHIP PROGRAMME

Providing educational scholarships to deserving students from underprivileged communities.

### MOBILE MEDICAL UNITS

Delivering healthcare services to rural communities in Dholka, Valthera & Limbasi.

### VISION CENTRES

Offering eye care services to individuals from vulnerable groups.

### SPORTS SCHOLARSHIP

Awarding scholarships to promising athletes from vulnerable groups.

### SPREADING AWARENESS THROUGH MEDIA & EDUCATIVE SEMINAR

Raising awareness through media, educational sessions, and seminars to inform and empower our community.

### DONATION OF AMBULANCE/ MEDICINES

Providing ambulances and medicines to support healthcare accessibility & save lives in our community.

### PROGRAM ON PATIENT CARE

Implementing patient care programs to enhance health outcomes and improve quality of life.

## ISO Certifications

The company also received ISO-14001:2015 & ISO-45001:2018 Certifications. These certifications underscore our initiatives towards corporate social responsibility, driving a sustainable future, reducing ecological harm, and improving water quality.

**CSR Spent**

### Key Policies and Codes

Ensure ethical business conduct, regulatory compliance, and long-term value creation.

## Governance Pillars: Critical Aspects of Compliance & Security

### DATA SECURITY

Data security is vital for protecting sensitive research, intellectual property, and patient data from cyber threats. Robust security measures also ensure regulatory compliance, safeguard innovations, and maintain public trust.

To safeguard against cyber-attacks, we implement regular data backups, utilise firewalls, antivirus software, and intrusion detection systems. Additionally, we enforce strict access controls to ensure the security and integrity of our data.

### COMPLIANCE MANAGEMENT

A robust compliance management system ensures adherence to regulations, ethics, and industry best practices. Strong policies, regular audits, and employee training maintain data integrity and transparency. Effective compliance protects the company's reputation and fosters innovation within legal frameworks.

We conduct regular compliance audits to ensure adherence to all relevant regulations and maintain a dedicated compliance team to monitor regulatory changes and renew licenses promptly. Our robust tracking system manages all permits and approvals, while engagement with legal experts helps us navigate complex regulatory landscapes. Additionally, we foster a culture of compliance through regular training and awareness programs.

### VALUE-CHAIN GOVERNANCE

Value chain governance plays a crucial role in ensuring not just transparency and efficiency, but also strict compliance throughout the entire journey of research, production, and distribution. By maintaining strong oversight of partnerships, suppliers, and regulatory requirements, we can uphold the highest quality and ethical standards. Moreover, effective governance serves as a catalyst for innovation, fosters sustainability, and bolsters our global competitiveness, paving the way for a brighter future in all our endeavours.

At Concord, value-chain governance ensures seamless operations from R&D to distribution, enhancing value creation and maintaining high standards of quality and compliance. We prioritise innovation, adhere to rigorous quality control, and ensure regulatory compliance through regular audits and expert engagement. Our precise supply chain management and strong stakeholder engagement foster trust and confidence. Committed to sustainability and ethical standards, we minimise our environmental footprint and uphold responsible practices, delivering high-quality products efficiently and responsibly.

Governance with **Integrity**,

• Growth with **Purpose** 

At Concord, governance goes beyond compliance—it's about transparency, integrity, and sustainable growth, building trust and lasting value for all stakeholders.

OUR **ESTEEMED BOARD**

## Sustaining our excellence quotient through Vision & Insight

**MR. SUDHIR VAID**

*Chairman & Managing Director*

Mr. Sudhir Vaid, a Biotechnologist by profession, is a technocrat turned entrepreneur. He is a dedicated Philanthropist, who has made substantial contributions to society, particularly in the areas of Health, Education, Research, Rural Development and Women Empowerment. His unwavering commitment for improving healthcare access and quality has led to numerous initiatives that benefit underserved communities. After completing his studies in Microbiology from Punjab University in 1974, he started his career in Biotechnology and moved to different domestic and multinational biotechnology-based companies till he started his own business in the year 2000. He has around 50 years of experience in the development of biopharmaceutical products, production management, marketing and strategic planning. His last job assignment was as Director-Biotechnology with Ranbaxy Laboratories where he initiated and successfully completed biotechnology green field projects. This rich experience of setting

up green field projects and his risk-taking capabilities motivated him to start his own business. He established Concord in Dholka, Gujarat, in May 2000 and transformed it from a chemical facility into a biotechnology hub by producing immobilised enzymes using a recombinant strain.

As the driving force behind the company, he has made Concord grow by leaps and bounds, revolutionising Concord from a single product company to one of the global leaders in the area of fermentation-based biopharmaceuticals. He is a member of the Governing Body of Gujarat Biotechnology Research Centre and GSBTM, Government of Gujarat. He has also been appointed as Chairman of the Advisory Council of Gujarat Biotechnology University by Government of Gujarat, wherein he shares his rich experience in delivering innovative biotechnology solutions.

**MR. ANKUR VAID**

*Joint MD & CEO*

Mr. Ankur Vaid holds a Bachelor of Technology degree in Chemical Engineering from Rashtrasant Tukadoji Maharaj Nagpur University and an MBA from the Rochester Institute of Technology. He has been associated with our organisation since 2009 and possesses over 18 years of experience in the pharmaceutical industry. His involvement encompasses the marketing, commercial aspects, product development, and strategic decision-making processes within our company.

**MR. RAVI KAPOOR***Non-Executive Director***22+** years on the Board

Mr. Ravi Kapoor possesses a Bachelor's degree in Commerce and a Bachelor's degree in Law from Gujarat University, in addition to a Master's degree in Commerce from the same institution. Furthermore, he has acquired a Postgraduate Diploma in Intellectual Property Rights Law from the National Law School of India University in Bangalore. He is a member of the Institute of Company Secretaries of India and is duly authorised to practice as a Company Secretary. Additionally, he holds membership in the Indian Institute of Bankers and is an associate member of the All-India Management Association. He has been affiliated with the company since December 2003.

**MR. RAJIV AMBRISH AGARWAL***Non-Executive Director***17+** years on the Board

Mr. Rajiv Ambrish Agarwal possesses a Bachelor of Technology degree in Chemical Engineering from Banaras Hindu University. He has been affiliated with Rare Enterprises since 2006 and serves as a nominee for RARE Trusts. His primary focus is on advancing Rare Enterprises' strategic investments across various sectors. He has expertise in both B2B and B2C business models, which contribute to Rare Enterprises' private equity portfolio. His association with the Company commenced in June 2008.

He provides strategic leadership and drives organisational success through decision-making, team management, and business expertise.

**MS. BHARTI KHANNA***Independent Director***8+** years on the Board

Ms. Bharti Khanna possesses both a Bachelor's degree and a Master's degree in Pharmacy from the University of Delhi. Since January 2017, she has served as an Independent Director on our Board.

With her marketing expertise she combines strategic vision with decision-making, leading brand growth, customer engagement, and digital transformation while leveraging creativity, market insights, and cross-functional collaboration to drive competitive advantage and revenue success.

C	A brief on types of customers	Concord is a research-driven biopharmaceutical company operating across three strategic verticals: Active Pharmaceutical Ingredients (API), Finished Formulations, and Contract Research & Manufacturing Services (CRAMS). In the API segment, Concord collaborates with global formulation companies to supply high-quality APIs used in therapies such as immunosuppressants, oncology, and anti-infectives, including anti-bacterial and anti-fungal agents. The Finished Formulations division serves international markets including the United States, Latin America, the Middle East, and Southeast Asia. Domestically, Concord operates through both B2B and B2C channels, partnering with government and corporate hospitals to deliver healthcare solutions directly to end patients. In the CRAMS vertical, Concord supports global biopharmaceutical companies in fermentation, semi-synthetic APIs, and finished formulations, undertaking advanced activities such as strain improvement, media and process optimization, and scale-up from R&D to pilot and commercial production. With a robust portfolio catering to over 250 customers across more than 70 countries, Concord has built a reputation for quality, safety, and reliability over the past twenty-five years. Our products continue to play a vital role in enhancing healthcare delivery in both developed and emerging markets.

27. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	R&D and innovation	Opportunity	R&D investments drive green innovation, supporting environmental sustainability and strengthening ESG performance. Thoughtful R&D strategies, coupled with transparent disclosures, help stakeholders understand the organisation's approach and scale of commitment.	-	<b>Positive</b> Cutting-edge technological innovations position Concord at the forefront of industry breakthroughs, unlocking new opportunities for business growth.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2.	Quality management	Risk	Quality is of utmost importance in pharmaceutical manufacturing. Any compromise can have adverse effects, while consistently upholding high standards builds customer trust and reinforces reliability.	<ul style="list-style-type: none"> <li>A robust system is maintained to consistently ensure product quality and adherence to regulatory requirements</li> <li>Pharmacovigilance practices are actively implemented to monitor and mitigate product-related risks, supporting ongoing product enhancement</li> <li>A specialised team handles customer complaints through a dedicated web portal and toll-free number, enabling swift investigation and resolution</li> <li>All employees undergo mandatory pharmacovigilance training, reinforcing the organisation's commitment to safety and quality</li> </ul>	<b>Negative</b> Substandard product quality can lead to an increase in product recalls, resulting in both operational disruptions and reputational harm. This, in turn, negatively impacts customer satisfaction and trust.
3.	Supply chain disruption	Risk	Maintaining a stable supply chain is crucial for business continuity in the pharmaceutical industry. Hence, it is essential to implement proactive measures to anticipate, prevent, and mitigate potential disruptions.	<ul style="list-style-type: none"> <li>A well-integrated supply chain ensures uninterrupted global access to medicines</li> <li>Focus on cost-efficient and sustainable logistics, spanning from raw material sourcing to final product distribution</li> <li>Environmental compliance is upheld through mandatory audits for key vendors</li> <li>Providing guidance to partners on legal, regulatory, and ethical standards through a well-defined Supplier Code of Conduct.</li> </ul>	<b>Negative</b> Delays in raw material supply from vendors can cause late deliveries to customers, leading to reputational harm for the Company. Any disruption within Concord's value chain may negatively impact operations, potentially affecting product availability and increasing costs.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4.	Business conduct & ethics	Risk	Engaging in unethical behaviour and neglecting ethical standards can severely harm our reputation.	<ul style="list-style-type: none"> <li>Adhering to the core values of integrity, transparency, accountability, and ethical conduct</li> <li>Forming professional management teams and independent boards to strengthen governance</li> <li>Adopting global best practices in corporate governance and risk management</li> <li>Consistently safeguarding and creating long-term value across the Group</li> </ul>	<b>Negative</b> Reputational damage can adversely impact the Company's business growth and revenue.
5.	GHG emissions	Risk	GHG emissions present regulatory, market, physical, reputational, and financial risks. Key concerns include compliance expenses, declining demand, infrastructure damage, reputational harm, and potential investor pushback. Implementing mitigation strategies is essential to managing these risks and promoting long-term sustainability.	<ul style="list-style-type: none"> <li>Shifting to natural gas for steam generation</li> <li>Offsetting emissions through tree plantation initiatives</li> <li>Installing energy-efficient boilers and equipment, including LED lighting and solar-powered systems</li> </ul>	<b>Negative</b> The impact of GHG emissions includes regulatory compliance costs, revenue loss due to declining demand for unsustainable products, expenses from climate-related infrastructure damage, costs associated with reputation management and marketing, and higher borrowing costs.
6.	Water management	Opportunity	Water is a critical yet limited resource, and our processes require significant usage. To ensure responsible consumption, we have adopted Effluent Treatment Plants equipped with Zero Liquid Discharge (ZLD) systems.	-	<b>Positive</b> The adoption of ZLD leads to decreased reliance on freshwater, thereby reducing the Company's water sourcing expenses for its operations.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
7.	Inclusion and diversity	Opportunity	Concord is committed to cultivating a workplace culture that upholds diversity and inclusivity, reflected in its approach to recruitment, promotions, and leadership development at all levels of the organisation. The Company strongly values building a workforce that welcomes diverse perspectives and inclusive practices, spanning from entry-level positions to senior management.	-	<b>Positive</b> A diverse workforce comprising various genders, age groups, and ethnic backgrounds empowers Concord to drive growth, foster innovation, and effectively manage operational risks.
8.	Community engagement	Opportunity	We view it as our duty to support and care for the communities surrounding our operational areas.	-	<b>Positive</b> By empowering and uplifting the communities around us, we can prevent future grievances or concerns, thereby safeguarding our business from potential adverse outcomes.
9.	Data privacy & cybersecurity	Risk	Data breaches, along with unauthorised access to intellectual property and R&D data, can pose serious threats to Concord's operations.	Investing in the development of a strong digital infrastructure that enables data platforms across all functions.	<b>Negative</b> Unauthorised access to intellectual property or other confidential company information can lead to substantial financial losses for the organisation.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
10.	Employee health & safety	Risk	Failure to maintain a safe working environment can lead to legal liabilities. Workplace accidents and health issues may result in decreased productivity, while unsafe conditions can negatively affect employee morale, job satisfaction, and engagement.	<ul style="list-style-type: none"> <li>Maintaining a safe and healthy workplace by implementing well-defined protocols focused on employee wellbeing and safety</li> <li>Creating a work environment that attracts and retains talent by offering empowerment, growth opportunities, flexibility, competitive compensation, and a strong sense of purpose</li> <li>Enforcing stringent safety procedures and driving continuous process improvements across all locations to cultivate a zero-incident safety culture</li> <li>Providing employee training and strictly enforcing protocols to prevent, report, and address misconduct, including sexual harassment and discrimination</li> </ul>	<b>Negative</b> The lack of a safe and empowering workplace can lead to negative financial outcomes, including fines and penalties. It may also cause operational disruptions and reputational harm.
11.	End-user health & safety	Risk	Products that fail to meet quality standards can pose health risks to consumers, potentially leading to product recalls, financial losses, and reputational damage for the organisation. Such incidents may also result in litigation risks and diminished consumer trust.	<ul style="list-style-type: none"> <li>Conducting regular inspections of raw materials and finished products to detect any impurities or variations in composition.</li> </ul>	<b>Negative</b> Products that cause harm or fail to meet end-user standards can damage the Company's brand reputation and may lead to financial losses.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
12.	Waste management	Risk	Improper handling and disposal of waste can lead to environmental pollution, legal liabilities, and risks to human health. Regulatory violations may trigger increased scrutiny and cleanup obligations, which can disrupt operations and result in financial losses and reputational harm.	<ul style="list-style-type: none"> <li>Complying with regulatory requirements for waste management</li> <li>Ensuring responsible treatment of generated waste</li> <li>Implementing proper methods for waste disposal</li> </ul>	<b>Negative</b> Improper waste management can result in regulatory fines, environmental cleanup costs, legal expenses, and elevated insurance premiums. It may also cause reputational harm that affects business opportunities, increase operating costs, and ultimately impact profitability.

#### 2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No/NA)

If Yes, provide details of the same.

Yes. Concord acknowledges the significance of preventing and addressing conflicts of interest among Board members to ensure transparency, integrity, and ethical conduct throughout the organisation. To this end, the Company has put in place a dedicated policy to manage such situations. The policy requires both the Board of Directors and Senior Management Personnel to avoid any business, relationship, or activity that could conflict with the interests of Concord or negatively impact its reputation. Any scenario where personal interests may be at odds with those of the Company or its stakeholders is strictly forbidden. In instances where a potential conflict arises, necessary approvals are obtained from the Board, excluding members with a vested interest.

### PRINCIPLE 2 : Businesses should provide goods and services in a manner that is sustainable and safe

#### Essential Indicators

#### 1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY (2024-25)	FY (2023-24)	Details of improvements in environmental and social impacts
R & D	Nil	Nil	NA
Capex	0.04%	0.49%	Expenditure in ETP

#### 2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes, Concord has established procedures to ensure sustainable sourcing. A significant portion of our raw materials comprises agro-based compounds. To align with our long-term sustainability goals, we have implemented a due diligence system

that requires suppliers to provide specific details about their operations through our internally developed preliminary information questionnaire, which addresses various ESG parameters. This allows us to assess and select suppliers and vendors based on well-defined criteria, including their capabilities to recycle, repurpose, reprocess, or recover materials; their internal environmental and social controls; compliance with regulatory requirements; safety standards; and overall business practices.

**b. If yes, what percentage of inputs were sourced sustainably?**

100%

**3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for**

- (a) Plastics (including packaging) :** Concord ensures responsible handling of plastic waste, particularly HDPE bags used in operations. These bags are reused in-house to fill ETP (Effluent Treatment Plant) sludge and MEE (Multiple Effect Evaporator) salt. Any surplus HDPE bags are sold to authorized plastic recyclers in compliance with statutory recycling norms. This dual approach supports both reuse and recycling, reducing plastic waste disposal.
- (b) E-waste :** All electronic waste generated is sent to registered e-waste recyclers authorized by the relevant pollution control boards. The process is fully compliant with the E-Waste Management Rules, ensuring safe and environmentally sound disposal or recycling of obsolete electronic equipment.
- (c) Hazardous waste:** Concord follows stringent procedures to manage hazardous waste. Depending on the nature of the waste, it is:
- Reused within operations where feasible,
  - Recycled through registered recyclers,
  - Co-processed in cement kilns, or
  - Safely disposed of at authorized TSDFs (Treatment, Storage and Disposal Facilities).

ETP sludge, categorized as hazardous, is dried using paddle dryers to reduce moisture content by up to 90%, making it safer for disposal. Biomedical waste, where applicable, is sent to registered incineration facilities for environmentally sound treatment.

- (d) other waste:** In addition to the above, Concord manages non-hazardous operational waste in line with environmental regulations. Waste minimization and resource recovery are prioritized, and the company actively engages with stakeholders to promote a circular economy across its value chain. Efforts are ongoing to reduce waste generation and improve resource efficiency through continuous innovation and compliance-driven stewardship.

**4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No).**

If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards?

Yes, Extended Producer Responsibility (EPR) is applicable to our operations. Our waste collection and management practices are aligned with the EPR plan submitted to the respective Pollution Control Boards, ensuring compliance with regulatory requirements.

If not, provide steps taken to address the same.

NA

We have adopted the Life Cycle Assessment approach for our key products, which involves evaluating the sequential and interconnected stages of a product (or service) system — from the extraction of raw materials or natural resource generation to its final disposal.

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

In the pharmaceutical industry, the proportion of recycled or reused input materials in total production varies due to regulatory constraints. While 100% recycling is not always feasible owing to statutory requirements, Concord has established adequate facilities for solvent recovery to promote resource efficiency wherever possible.

#### 10. Health and safety management system:

##### a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No/ NA).

Concord's EHS department leads multiple initiatives aimed at cultivating a safety-first culture across the organization. Its core objective is to eliminate any adverse impact on individuals, operations, or the environment. This is achieved through the implementation of a comprehensive, 360-degree EHS management system that spans all business activities. The EHS team ensures full compliance with relevant legal and regulatory standards related to pollution control, workplace and plant safety, and the health of employees and contractors. By proactively identifying and mitigating risks, and by delivering thorough training to both management and staff, Concord significantly minimizes incidents and occupational health risks. Regular training programs not only support operational efficiency and productivity but also help maintain the highest standards of compliance related to quality and safety. The Company's API manufacturing units in Dholka and Limbasi, Gujarat, are certified under ISO 14001 and ISO 45001. The system offers 100% coverage, encompassing all internal and external stakeholders at the manufacturing sites, including employees, suppliers, and contractors, under its health and safety framework.

##### b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

The Company has implemented a robust risk management policy designed to proactively identify and address potential threats. Our risk management framework is structured to safeguard the organisation from a wide range of risks through

timely and appropriate actions. It is built to anticipate, evaluate, and mitigate risks effectively, thereby reducing their potential impact on business operations. Concord systematically identifies and documents all risks that could affect its operations and embeds them into its broader management systems to ensure informed decision-making. Routine process safety risk assessments are conducted to address workplace hazards, supported by the necessary permits for both routine and non-routine activities. The Company employs integrated process safety management systems to evaluate existing operations and new developments for associated risks. Various process safety studies—such as process hazard analysis, equipment safety evaluations using HAZOP, HIRA, EAI, PSSR, scenario analysis, and risk assessment matrices—are conducted by cross-functional teams. In addition, regular risk-based assessments and thorough audits are carried out to continuously monitor and enhance Concord's health and safety performance at the site level.

<https://www.concordbiotech.com/public/assets/pdf/Concord-Biotech-Limited-Risk-Management-Policy.pdf>

**c. Whether you have processes for workers to report the work related hazards and to remove themselves from such risks? Yes. At Concord's facilities, established protocols are in place for reporting near-misses, unsafe acts, hazardous conditions, and for tracking their resolution. These processes are periodically reviewed during management review meetings. To strengthen work-related risk management, several key initiatives have been implemented:**

- Employees are actively encouraged to report safety concerns through multiple channels, including regular departmental safety meetings. Concerns raised are promptly addressed through well-defined action plans with clear timelines and assigned responsibilities.
- In line with our standard operating procedure for 'Incident Reporting and Investigation,' all incidents are reported immediately to the appropriate supervisors. A multidisciplinary team then conducts a detailed analysis to determine root causes and recommend corrective actions.
- Our manufacturing plants use a structured Hazard Identification and Risk Assessment (HIRA) system to continuously monitor and evaluate workplace risks. Additionally, regular safety committee meetings—conducted in compliance with factory regulations—provide a forum for collaboration between management, employees, and contractors to jointly address health and safety matters.

**d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services?**

Yes. We provide our employees and workers with access to non-occupational medical and healthcare services, including complimentary health check-ups.

**11. Details of safety related incidents, in the following format:**

\*including in the contract workforce

**12. Describe the measures taken by the entity to ensure a safe and healthy work place.**

As part of Concord's continued commitment to ensuring a safe and healthy workplace, we have undertaken a comprehensive range of initiatives, including:

- Complying with all applicable legal and regulatory requirements related to pollution control, workplace safety, and the health of employees and contractors
- Carrying out regular risk assessments to proactively identify and mitigate potential hazards
- Implementing well-defined safety policies and procedures, delivering ongoing training on safety protocols and emergency preparedness, and providing employees with appropriate safety equipment and infrastructure
- Operating robust fire protection and prevention systems across all manufacturing sites
- Maintaining ISO 14001 and ISO 45001 certifications at our production facilities in Dholka and Limbasi

- Welcoming regular inspections by Indian regulatory bodies and international agencies such as the USFDA, EU-GMP, PMDA (Japan), ANVISA (Brazil), SFDA (Middle east region) and MFDS (Korea).

These initiatives reflect Concord's ongoing efforts to create a secure, compliant, and supportive work environment for all its employees.

(A) Employees (Y/N)	Yes
(B) Workers (Y/N).	Yes

**2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.**

Concord ensures that all statutory dues arising from its transactions with value chain partners are properly deducted and deposited in compliance with applicable laws and regulations. These processes are regularly monitored and verified through routine audits. The Company also systematically obtains relevant certificates and documentation from contractors, including proof of statutory payments such as Provident Fund (PF) contributions for contractual employees and workers. Additionally, Concord expects its value chain partners to maintain high ethical standards and conduct all business activities with integrity.

**3. Provide the number of employees / workers having suffered high consequence work related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:**

Note: As part of the vendor development process, the Company reviews all aspects of the vendor's health, safety, and working condition practices.

**6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.**

NA. Vendor qualification processes, including both physical and virtual audits, form an essential part of the Quality Assurance department's oversight for our key raw material suppliers.

**PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders**

**Essential Indicators**

**1. Describe the processes for identifying key stakeholder groups of the entity.**

A structured approach was adopted for stakeholder consultation across the organisation, involving the use of questionnaires and interviews. Internal stakeholders, particularly senior management and functional heads, identified Concord's key sustainability priorities. Consultations with external stakeholders were also carried out to assess the impact and effectiveness of our sustainability efforts. Subsequently, sustainability reports of industry peers were reviewed, and relevant government regulations were examined to incorporate the perspectives of customers and regulators. The gathered data was consolidated, considering the relative significance of each stakeholder. Stakeholders were then prioritised based on the extent to which they could influence the Company's performance and the impact the Company's performance could have on them.

**2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.**

### Leadership Indicators

**1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Relevant business and functional heads engage in consultations with their respective stakeholders. Any feedback obtained through these interactions is subsequently shared with senior management and/or the Board, as appropriate.

**2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics. (Yes/No)**

If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, Concord has carried out a comprehensive materiality assessment based on data and insights gathered from relevant stakeholders. This assessment thoroughly examined environmental, social, governance, and economic factors essential to the organisation's long-term sustainability and viability. As a result, key issues critical to our business sustainability were identified and prioritised, and corresponding goals were set to achieve our sustainability targets, thereby driving long-term value creation.

**3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

We place strong emphasis on the welfare of communities surrounding our manufacturing facilities, recognising them as a vulnerable or marginalised stakeholder group. To support their needs, we have implemented several initiatives, such as offering healthcare services, funding education and scholarships, promoting sports, and contributing to Army welfare programs.

**PRINCIPLE 5 Businesses should respect and promote human rights**

**Essential Indicators**

**1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:**

Note: Employees don't include other than Permanent Employees

**4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business?(Y/N)**

Yes, Concord is committed to preventing human rights violations and ensuring a safe, inclusive work environment. To support this, we have implemented a POSH (Prevention of Sexual Harassment) Policy, a grievance redressal mechanism, and a Whistle Blower Policy. Employees and contractors are encouraged to voice human rights-related concerns during Safety & Health Committee meetings. These concerns are addressed by the Site HR and EHS teams, operating under the supervision of the site head, and escalated to the corporate level when required. Relevant governance committees then review and deliberate on the matters in detail.

**5. Describe the internal mechanisms in place to redress grievances related to human rights issues.**

Our POSH and Whistle Blower policies enable employees to report any grievances. Additionally, concerns can be directly communicated to the Human Resources team via email.

**6. Number of Complaints on the following made by employees and workers:**

	FY (2024-25)			FY (2023-24)		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks

i) Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	Nil	Nil
ii) Average number of female employees/workers at the beginning of the year and as at end of the year	113	96
iii) Complaints on POSH as a % of female employees / workers	Nil	Nil
iv) Complaints on POSH upheld	Nil	Nil

**8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.**

Our Whistle Blower Policy ensures protection for individuals raising concerns in good faith, particularly in cases of discrimination and harassment. It strictly prohibits any form of harassment or retaliation against whistle blowers and prescribes disciplinary action, including termination, for supervisors or managers found engaging in such behaviour. The Policy emphasizes confidentiality, allowing whistle blowers to make anonymous disclosures, and guarantees fair treatment and comprehensive investigation of all complaints.

**9. Do human rights requirements form part of your business agreements and contracts? (Yes/No/NA)**

Yes. Human rights requirements form an integral part of our business agreements and contractual obligations. We ensure that all our partners, suppliers, and contractors adhere to relevant human rights principles, including the prohibition of forced labour, child labour, discrimination, and unsafe working conditions. These requirements are embedded in our contractual terms to promote ethical practices, accountability, and compliance with applicable laws and international standards on human rights.

**10. Assessments for the year:**

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	
Forced/involuntary labour	
Sexual harassment	100%
Discrimination at workplace	
Wages	
Others – please specify	-

The sites were assessed through internal reviews and third-party audits including TFS, ISO, and EcoVadis, covering key areas like child labour, forced labour, discrimination, wages, and workplace safety.

**11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.**

**2. Details of the scope and coverage of any Human rights due-diligence conducted**

None

**3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?**

Concord actively takes necessary measures to ensure a more inclusive and accessible workplace for its people. Our manufacturing units, administrative offices, and corporate headquarters are equipped with ramps, elevators, and other infrastructure to facilitate ease of access for individuals with disabilities.

**4. Details on assessment of value chain partners:**

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual harassment	
Discrimination at workplace	
Child Labour	
Forced Labour/Involuntary Labour	NA

**5. Has the entity implemented a mechanism for Zero Liquid Discharge?(Y/N/NA) If yes, provide details of its coverage and implementation.**

Yes. Every Concord facility is equipped with Effluent Treatment Plants (ETPs) designed to achieve Zero Liquid Discharge. These facilities treat wastewater generated from various sources including washing operations, utility blowdowns, restroom facilities, and cafeterias using cutting-edge technology.

The comprehensive treatment process involves multiple stages - ETP, reverse osmosis (RO), multiple effect evaporators (MEE), and agitated thin film dryers (ATFD). Once treated to meet regulatory standards, the processed water is recycled for irrigation, utility operations, and chemical preparation within the ETP system.

Our innovative Zero Liquid Discharge approach has achieved a remarkable 90% reduction in sludge volume through our dewatering systems. This commitment to environmental stewardship positions us as a key contributor to creating a sustainable future with minimized ecological impact for upcoming generations.

Beyond waste reduction, Concord's advanced treatment technologies enhance overall water quality while significantly lowering chemical oxygen demand (COD) levels. This dual benefit reduces our dependence on freshwater resources, ultimately increasing the availability of clean water for broader community use.

If yes, name of the external agency.

The data related to Scope 1 and Scope 2 greenhouse gas emissions and its intensity has been independently assessed by DQS, a recognized certifying agency. DQS has reviewed the submitted information and issued a letter of conformance, validating the accuracy and reliability of the reported data.

**8. Does the entity have any project related to reducing Green House Gas emission? (Y/N/NA)**

If Yes, then provide details.

Yes, we have several initiatives in place to reduce our GHG emissions

- Switching to natural gas to produce steam, in place of using furnace oil
- Implementing energy efficient boilers to reduce fuel consumption
- Implementing measures to improve transportation efficiency can reduce emissions from vehicles and logistics operations. This may involve optimising delivery routes, promoting carpooling or use of public transportation for employees
- Implementing sustainable manufacturing practices such as waste reduction, recycling, and using agricultural materials and petrochemicals can help lower GHG emissions associated with production processes
- Conducting tree plantation drives on a regular basis to offset GHG emissions generated through the Company's facilities  
Some examples for energy efficient measures adopted by Concord include:
- Installation of energy efficient centrifugal air compressors and water chillers
- Implementation of LED lighting to replace fluorescent lamps
- Installation of a waste steam recovery system
- Installation of requirement-based insulation and smart thermostats
- Upgrading HVAC systems, implementing energy management systems, upgrading windows, and incorporating energy efficient design principles all contribute to lowering energy consumption and emissions in buildings

The facilities undergo an annual audit in compliance with the Hon'ble High Court order dated 20<sup>th</sup> December 1996, for the Environmental Audit Scheme. The scheme was subsequently modified with significant changes outlined in Officer Order No. GPCB/EAS-C-28/301928 dated 23<sup>rd</sup> January 2015.

**10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.**

Concord has implemented a comprehensive waste management strategy focused on reducing hazardous and toxic waste, ensuring regulatory compliance, and promoting environmental sustainability across its operations.

To minimise hazardous waste generation, Concord uses fermentation-based API production processes instead of conventional chemical synthesis, significantly reducing reliance on toxic chemicals and raw materials. The company strictly adheres to Indian environmental laws and regulations, including the Environment Protection Act, 1986, Bio-Medical Waste Management Rules, 2016, and Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.

Our waste management approach is guided by the principles of reduce, reuse, and recycle, with an emphasis on fostering circular resource use within the communities we serve. Concord's Environment, Health, and Safety (EHS) policy governs our environmentally responsible waste practices.

Standard operating procedures are in place for categorising, segregating, minimising, handling, transporting, and disposing of various waste types. These procedures ensure safe disposal through authorised channels, including TSDFs (Treatment, Storage, and Disposal Facilities), CHWIFs (Common Hazardous Waste Incineration Facilities), and certified recyclers.

Waste generation and disposal activities are tracked through monthly reports, ensuring proper segregation, secure storage, and environmentally sound disposal via authorised waste handlers.

Concord has also invested in a robust effluent treatment plant featuring physio-chemical, biological, and advanced treatment systems to ensure safe treatment of liquid waste. Treated effluent is reused for gardening and is discharged safely within the factory premises.

**11. ## Independent Auditor's Report

To the Members of **Concord Biotech Limited**

### REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

We have audited the standalone financial statements of Concord Biotech Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2025, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025,

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Revenue Recognition

See Note 3.11 and 24 to standalone financial statements

The key audit matter	How the matter was addressed in our audit
Revenue from the sale of products is recognized when control over goods is transferred to a customer. The actual point in time when revenue is recognized varies depending on the specific terms and conditions of the sales contracts entered with customers. The Company has many customers and sales contracts with customers have distinct terms relating to the timing of revenue recognition.  We have identified the recognition of revenue from sale of products as a key audit matter considering revenue is a key performance indicator for the Company. Accordingly, there could be pressure to meet the expectations of investor/other stakeholders and/or to meet revenue targets for a reporting year. We have considered that there is risk of fraud related to revenue being overstated by recognition in the wrong period or before control has passed during the year and at the year end.	Our procedures included the following: <ul style="list-style-type: none"> <li>- Evaluated appropriateness of the Company's accounting policy for revenue recognition by comparing with applicable accounting standards;</li> <li>- Evaluated the design, implementation and operating effectiveness of Company's controls in respect of revenue recognition;</li> <li>- Tested revenue recognized during the year by selecting samples, through statistical sampling, and verifying the underlying customer contracts and proof of dispatch/delivery in accordance with the contractual terms agreed with the customers;</li> <li>- Tested revenue recognized near the year-end, using statistical sampling, to verify only revenue pertaining to current year is recognized based on underlying documents along with terms and conditions set out in customer contracts; and</li> <li>- Assessed journal entries posted to revenue to identify unusual items.</li> </ul>

#### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's reports thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

### **Management's and Board of Directors' Responsibilities for the Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or

in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements

regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matter

The standalone financial statements of the Company for the year ended 31 March 2024 were audited by the predecessor auditor who had expressed an unmodified opinion dated 23 May 2024.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
  - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e. On the basis of the written representations received from the directors as on 31 March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

    - (ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 42 (v) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 46 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- f. Based on our examination which included test checks, the Company has used an accounting

software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, other than the period where audit trail was not enabled in the previous year, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF CONCORD BIOTECH LIMITED FOR THE YEAR ENDED 31 MARCH 2025

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts/delivery has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. However the company is not required to file quarterly returns or statements. Accordingly clause 3 (ii) (b) of the order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in mutual funds and in companies, in respect of which the requisite information is provided in clause (a) to clause (f) as below to the extent applicable. The Company has not made any investments in firms or limited liability partnership.
- (a) The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. Accordingly, clause (iii) (a) of the Order is not applicable.
- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made, during the year are not prejudicial to the interest of the Company.
- (c) The Company has not provided any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. Accordingly, clause (iii) (c) of the Order is not applicable.
- (d) The Company has not provided any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. Accordingly, clause (iii) (d) of the Order is not applicable.
- (e) The Company has not provided any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. Accordingly, clause (iii) (e) of the Order is not applicable.

- (f) The Company has not provided any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. Accordingly, clause (iii) (f) of the Order is not applicable.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination

of the records with a view to determine whether these are accurate or complete.

- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- (c) In our opinion and according to the information and explanations given to us by the management, the Company

has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

- (d) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint venture as defined under the Act.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its joint venture (as defined under the Act).

- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- (xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

- (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) The Company is not part of any group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016 as amended). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.
- (xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- Also refer to the Other Information paragraph of our main audit report which explains that the other information comprising the information included in annual report is expected to be made available to us after the date of this auditor's report.
- (xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

**ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF CONCORD BIOTECH LIMITED FOR THE YEAR ENDED 31 MARCH 2025**  
**REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT**

**(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

**OPINION**

We have audited the internal financial controls with reference to financial statements of Concord Biotech Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

**MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS**

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the

audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

**MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

### 1. CORPORATE INFORMATION

Concord Biotech Limited (the Company) is a public limited company incorporated and domiciled in India, having registered office at 1482-86 Trasad Road, Dholka, Ahmedabad – 382225 and corporate office is located at B-1601 & B-1602, Mondeal Heights, S G highway, Ahmedabad-380051. The Company is engaged in research and development, manufacturing, marketing and selling of pharmaceutical products. The Company's API manufacturing facilities are located at Dholka and Limbasi, and its formulations facility at Valthera in the state of Gujarat, India.

The Company's equity shares have been listed on National Stock Exchange ("NSE") and on BSE Limited ("BSE") on August 18, 2023, by completing Initial Public Offering ("IPO") through offer for sale ("OFS") of 2,09,25,652 equity shares of face value of ₹ 1 each at an issue price of ₹ 741 per equity share by Helix Investment Holdings Pte Limited, Singapore ("selling shareholder").

### 2. BASIS OF PREPARATION AND PRESENTATION OF STANDALONE FINANCIAL STATEMENTS

#### 2.1. Statement of compliance

The standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) (as amended from time to time).

These standalone financial statements have been prepared for the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, March 31, 2025. These standalone financial statements were authorized for issuance by the Company's Board of Directors on May 29, 2025.

The Company adopted Disclosures of Accounting policies (Amendments to Ind AS 1) from 1st April, 2023, although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting the entities to provide useful, entity-specific accounting policy information that users need

to understand other information in the financial statement.

#### 2.2. Functional and Presentation Currency

The standalone financial statements are presented in Indian Rupees (₹), the currency of the primary economic environment in which the Company operates. All the amounts are rounded to the nearest rupee lakhs, unless otherwise indicated. Transaction and balances with values below ₹ 50,000 have been reflected as "0.00" in standalone financial statements. Transaction in foreign currencies are translated into respective function currencies of company at the exchange rates at the date of transaction.

#### 2.3. Basis of Measurement

##### Historical cost convention

The standalone financial statements have been prepared on the historical cost basis (i.e. on accrual basis), except for the following items:

- Investments in mutual funds, equity instruments for investment in Palvella Therapeutics Inc. and derivative instruments are measured at fair value and
- Net defined benefit assets/(liability) are measured at fair value of plan assets, less present value of defined benefit obligations.

#### 2.4. Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if the market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value measurement and/or disclosure purposes in the financial statements is determined on such a basis except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The Company regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values, then the finance team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### 2.5. Use of estimates and judgements

The preparation of the standalone financial statements in conformity with Ind AS requires Management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

**Judgement** – Note 8 a(i), whether Company has significant influence over an investee.

### 2.6. Assumptions and estimation uncertainties:

Key source of estimation of uncertainty at the date of standalone financial statements, which may cause material adjustment to the carrying amount of assets and liabilities within the next financial year, is in respect of:

- Useful lives of property, plant and equipment (Refer note no. 3.1)
- Leases-Company as a lessee (Refer note no. 3.5)
- Valuation of Inventories (Refer note no. 3.6)
- Employee benefits (refer note no.3.8)
- Provisions & Contingent Liabilities (Refer note no. 3.9)
- Recognition of deferred tax assets (Refer note no. 3.12)
- Impairment of financial assets (Refer note no. 3.7)
- Estimate of expected return (Refer note no. 3.11)
- Measurement of ECL allowance for trade and finance receivables. (Refer note no. 3.7.3)

### 2.7. Current versus non-current classification:

Based on the time involved between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has identified 12 months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

## 3. MATERIAL ACCOUNTING POLICIES

### 3.1. Property, Plant and Equipment

#### i. Recognition and measurement

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and any accumulated impairment losses. The cost of Plant, Property & Equipment comprises of its purchase price, non-refundable taxes & levies, freight and other incidental expenses related to the acquisition and installation of the respective assets. Borrowing cost attributable to financing of acquisition or construction of the qualifying Property, Plant and Equipment is capitalized to respective assets when the time taken to put the assets to use is substantial.

When major items of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

and equipment. The cost of replacement of any property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefit associated with the item will flow to the Company and its cost can be measured reliably.

Capital work-in-progress comprises cost of Property, Plant and Equipment those are not yet installed and ready for their intended use at the Balance sheet date.

Pre-operative expenditure comprising of revenue expenses incurred in connection with project implementation during the period up to commencement of commercial production are treated as part of the project costs and are capitalized. Such expenses are capitalized only if the project to which they relate, involve substantial expansion of capacity or upgradation.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in profit and loss.

The cost of property, plant and equipment as at 1 April, 2016, the company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

### ii. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

### iii. Depreciation

Freehold land is carried at historical cost and not depreciated. Depreciation on Property, Plant and Equipment is provided using straight line method based as per the useful life prescribed in Schedule II to the Companies Act, 2013. Depreciation on assets added / disposed off during the year is provided on pro-rata basis with reference to month of addition / disposal. The estimated useful lives, residual values and depreciation method are reviewed at each financial year-end and changes in estimates, if any are accounted for on a prospective basis. The residual values are not more than 5% of the original cost of asset.

Class of Asset	Useful Life
Building	5 Years - 60 Years
Plant & Equipment	10 Years - 20 Years
Office Equipments	5 Years
Laboratory Equipments	10 Years
Computers	3 Years
Furniture & Fixtures	10 Years
Vehicles	3-5 Years

## 3.2. Intangible Assets

### i. Recognition and measurement

Intangible assets acquired separately are measured at cost of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and impairment losses if any.

Intangible assets (software & technical know-how) are amortised over the estimated useful life of three years which reflects the manner in which the economic benefit is expected to be generated. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis.

### ii. Subsequent Expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

### iii. Amortisation

Intangible assets are amortised on a straight line basis over the estimated useful life.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

The cost of intangibles as at 1 April, 2016, the Group's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

## 3.3. Foreign currency Transaction and Translation

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. The net gain or loss on account of exchange differences arising on settlement of foreign currency transactions are recognized as income or expense of the period in which they arise. Monetary assets and liabilities denominated in foreign currency as at the balance

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

sheet date are translated at the closing rate. The resultant exchange rate differences are recognized in the statement of profit and loss. Non-monetary assets and liabilities are carried at the rates prevailing on the date of transaction.

### 3.4. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments.

#### 3.4.1. Financial assets

##### (a) Classification of financial assets:

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financials Assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

##### (b) Recognition and initial measurement:

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

##### (c) Subsequent measurement:

###### • Amortised Cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments

of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains and losses and impairment expenses in other expenses.

- Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

these financial assets is included in other income.

### (d) Derecognition of financial assets:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset

When the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of financial asset, the financial asset is derecognised if the Company has not retained control over the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

### (e) Income recognition:

Dividend is accounted when the right to receive payment is established.

### (f) Cash and cash equivalents:

Cash and cash equivalents consists of cash on hand, bank balances, short demand deposits and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value. Short term means investments with original maturities / holding period of three months or less from the date of investments. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

### (g) Investments:

Investments in mutual funds are primarily held for the Company's temporary cash requirements and can be readily convertible in cash. These investments are initially recorded at fair value and classified as fair value through profit or loss.

### (h) Trade receivables:

Trade receivables are amounts due from customers for sale of goods or services performed in the ordinary course of business. Trade receivables are initially recognized at its transaction price which is considered to be its fair value and are classified as current assets as it is expected to be received within the normal operating cycle of the business.

## 3.4.2. Financial liabilities

The Company's financial liabilities include trade payables, loans, borrowing and derivative financial instruments.

### (a) Classification:

All the Company's financial liabilities, except for financial liabilities at fair value through profit or loss, are measured at amortised cost.

### (b) Initial measurement:

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities (other than financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial liabilities, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

### (c) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate Method. The Effective Interest Rate Method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including transaction costs and other premiums or

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

### **(d) Derecognition of financial liabilities:**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or waived off or have expired. An exchange between the Company and the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### **(e) Borrowings:**

Borrowings are initially recorded at fair value and subsequently measured at amortised costs using effective interest rate method. Transaction costs are charged to statement of profit and loss as financial expenses over the term of borrowing.

### **(f) Trade payables:**

Trade payables are amounts due to vendors for purchase of goods or services acquired in the ordinary course of business and are classified as current liabilities to the extent it is expected to be paid within the normal operating cycle of the business

### **3.4.3. Derivative Financial Instruments:**

The Company enters into derivative financial instruments to manage its foreign exchange rate risk. Derivatives are initially recognized at fair value at the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately.

### **3.5 Leases – Company as lessee**

At inception of a contract, the Company assesses whether a contract is or contains a lease. A contract is or contains a lease if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset the Company assesses whether contract involves the use of an identified asset, the Company has a right to obtain substantially

all of the economic benefits from the use of the asset throughout the period of use and the Company has the right to direct the use of the asset.

At the inception date, right-of-use asset ("ROU") is recognised at cost which includes present value of lease payments adjusted for any payments made on or before the commencement of lease and initial direct cost, if any. It is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. Right-of-use asset ("ROU") is depreciated using the straight-line method from the commencement date over the earlier of useful life of the asset or the lease term. When the Company has purchase option available under lease and cost of right-of-use assets ("ROU") reflects that purchase option will be exercised, right-of-use asset is depreciated over the useful life of underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

At the inception date, lease liability is recognised at present value of lease payments that are not made at the commencement of lease. Lease liability is subsequently measured by adjusting carrying amount to reflect interest, lease payments and remeasurement, if any.

Lease payments are discounted using the incremental borrowing rate or interest rate implicit in the lease, if the rate can be determined.

The Company has elected not to apply requirements of Ind AS 116 to leases that has a term of 12 months or less and leases for which the underlying asset is of low value. Lease payments of such lease are recognised as an expense on straight line basis over the lease term.

### **3.6 Inventories**

Inventories are Valued at the lower of cost and net realizable value.

The cost incurred in bringing the inventory to their existing location and conditions are determined as follows:

- Raw Material and Packing Material - Purchase cost of materials on FIFO basis.
- Finished Goods (Manufactured) and work in progress - Cost of purchase, conversion cost, and other costs attributable to inventories.
- Trading goods - Purchase cost on FIFO basis.

The cost of purchase of inventories comprises the purchase price, import duties and other taxes (other

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

than those subsequently recovered by the Company from taxing authorities), and transport, handling and other costs directly attributable to the bringing the inventory to their existing location and conditions. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sales. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realisable value is made on an item-by-item basis.

The Company considers various factors like ageing of inventory, product discontinuation, obsolete items and any other factor which impact the Company's business in determining the allowance for inventories. The Company considers the above factors and adjusts the inventory provision to reflect its actual experience on a periodic basis.

### 3.7 Impairment of Assets

#### 3.7.1 Financial Assets

At each balance sheet date, the Company assesses whether a financial asset is to be impaired. Ind AS 109 requires expected credit losses to be measured through loss allowance. The Company measures the loss allowance for financial assets at an amount equal to lifetime expected credit losses if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for financial assets at an amount equal to 12-month expected credit losses. Loss allowance for financial assets measured at amortised cost are deducted from gross carrying amount of the assets. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

#### 3.7.2 Non-financial Assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell or the value-

in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the profit or loss to such extent. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, such that the increase in the carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

#### 3.7.3 Presentation of allowance for ECL in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to profit or loss and is recognised in OCI.

#### 3.7.4 Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation;
- or
- the disappearance of an active market for a security because of financial difficulties.

## Notes to the **Standalone Financial Statements** for the year ended 31 March 2025

### 3.7.5 Write Off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 3 years past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

### 3.8 Employee Benefits

#### 3.8.1 Short term employee benefits

Short term benefits payable before twelve months after the end of the reporting period in which the employees have rendered service are accounted as expense in profit and loss account.

#### 3.8.2 Long term employment benefits

##### Defined Contribution Plans

Contributions to defined contribution plans (provident fund and other social security schemes) are recognized as expense when employees have rendered services entitling them to such benefits.

##### Defined Benefit Plans

The Company's net obligation in respect of an approved gratuity plan, which is defined benefit plan, is calculated using the projected unit credit method and the same is carried out by qualified actuary. The current service cost and net interest on the net defined benefit liability (asset) is recognized in the statement of profit and loss. Past service cost are immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise.

##### Compensated absences and earned leaves

The Company's current policy permit eligible employees to accumulate compensated absences

up to a prescribed limit and receive cash in lieu thereof in accordance with the terms of the policy. The Company measures the expected cost of accumulating compensated absences as the additional amount that the Company expects to pay as a result of unused entitlement that has accumulated as at the reporting date. The expected cost of these benefits is calculated using the projected unit credit method by qualified actuary every year. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

The liability in respect of all defined benefit plans and other long-term benefits is accrued in the books of account on the basis of actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Remeasurement gains and losses in respect of all defined benefit plans arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in other equity in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Any differential between the plan assets (for a funded defined benefit plan) and the defined benefit obligation as per actuarial valuation is recognised as a liability if it is a deficit or as an asset if it is a surplus (to the extent of the lower of present value of any economic benefits available in the form of refunds from the plan or reduction in future contribution to the plan).

Past service cost is recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits are already vested immediately following

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

the introduction of, or changes to, a defined benefit plan, the past service cost is recognised immediately in the Statement of Profit and Loss. Past service cost may be either positive (where benefits are introduced or improved) or negative (where existing benefits are reduced).

### 3.9 Contingent liabilities, contingent assets and provisions

#### (a) Contingent liabilities:

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the enterprise are disclosed as Contingent liability and not provided for. Such liability is not disclosed if the possibility of outflow of resources is remote.

#### (b) Contingent assets:

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

#### (c) Provisions (other than employee benefits):

A provision is recognized when as a result of a past event, the Company has a present obligation whether legal or constructive that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the obligation is expected to be settled more than 12 months after the end of reporting date or has no definite settlement date, the provision is recorded as non-current liabilities after giving effect for time value of money, if material. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

### 3.10 Government Grant

The Company recognizes government grants at their fair value only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received.

Government grants received in relation to assets are recognised directly to respective assets for which it

is received. Government grants, which are revenue in nature are either recognised as income or deducted in reporting the related expense based on the terms of the grant, as applicable.

### 3.11 Revenue recognition

Revenue is measured based on the transaction price adjusted for discounts and rebates, which is specified in a contract with customer. Revenue are net of estimated returns and taxes collected from customer.

Revenue from sale of goods is recognized at point in time when control is transferred to the customer and it is probable that consideration will be collected. Control is usually transferred upon the shipment, at the time of dispatch, delivery to or upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customer.

The transaction price is documented on the sales invoice and payment is generally due as per agreed credit terms with customer.

The consideration can be fixed or variable. Variable consideration is only recognised when it is highly probable that a significant reversal will not occur.

Revenue from services are recognised as the related services are performed, the contractual performance obligations are satisfied and there is no uncertainty related to the collection of the said revenue.

The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

#### Export entitlements

Export entitlements are recognised as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

#### Interest Income

Interest income is recognized using effective interest rate method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of financial instrument to:

- The gross carrying amount of the financial assets; or
- The amortised cost of the financial liabilities

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability.

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

### Estimate of Expected Return

Sales return is variable consideration that is recognised and recorded based on historical experience, market conditions and provided for in the year of sale as reduction from revenue. The methodology and assumptions used to estimate returns are monitored and adjusted regularly in line with trade practices, historical trends, past experience and projected market conditions.

### 3.12 Income Taxes

Income tax expense comprises current and deferred tax expense. Income tax expenses are recognized in statement of profit or loss, except when they relate to items recognized in other comprehensive income or directly in equity.

#### Current Tax

Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred Tax

Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the standalone financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax asset are recognized only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized.

Deferred tax assets and liabilities are offset when the Company has a legally enforceable right to do the same.

### 3.13 Earnings per share

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

### 3.14 Research and development

Expenditure on research activities is recognised in profit and loss as incurred.

Development expenditure is capitalized as part cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit and loss as incurred.

Subsequent to initial recognition, development expenditure is measured at cost less accumulated amortisation and any accumulated impairment loss.

### 3.15 Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the Chief Operating Decision Maker (CODM). All operating segments' operating results are reviewed regularly by the CODM to make decisions about resources to be allocated to the segments and assess their performance.

### 3.16 Share Capital

The paid-up equity capital of the company as on 31st March, 2025 was Rs. 1046.16 Lakhs. The said shares are listed on the BSE Limited and the National Stock Exchange of India Limited. There was no change in the paid-up capital of the company, during the year under audit.

## 4. Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

### Characteristics of Defined Benefit Plans and risk associated with them:

Valuation of defined benefit plan are performed on certain basic set of pre-determined assumptions and other regulatory framework, which may vary over time. Thus, Company is exposed to various risks in providing the above benefit plans which are as follows:

#### (i) Interest rate risk:

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (i.e. value of defined benefit obligation).

#### (ii) Salary escalation risk:

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan particulars in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

#### (iii) Demographic risk:

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumptions.

#### (iv) Investment risk:

The Company has funded with LIC fund, there is no significant investment risk. Further the present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

The following table sets out the status of the gratuity plan as required under Ind AS-19 and the amounts recognized in the Company's financial statements as at 31 March 2025:

\*\*Expected rate of return on plan assets is determined based on the nature of assets and prevailing economic scenario.

\*\*\* The estimate of future salary increases considered, takes into account inflation, seniority, promotion, increments and other relevant factors.

#### vii. Sensitivity Analysis for each significant actuarial assumption:

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lakhs)

Particulars	Year Ended 31 March 2025	Year Ended 31 March 2024
<b>Projected Benefit Obligation on Current Assumptions</b>	<b>1,035.79</b>	<b>877.91</b>
Impact of increase in discount rate by 1 %	(31.66)	(33.22)
Impact of decrease in discount rate by 1 %	34.12	36.30
Impact of increase in salary escalation rate by 1 %	30.75	32.99
Impact of decrease in salary escalation rate by 1 %	(29.21)	(30.91)
Impact of increase in employee turnover rate by 1 %	(6.61)	(5.33)
Impact of decrease in employee turnover rate by 1 %	6.91	5.60

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

#### (ii) Fair value hierarchy :

The fair values of the financial assets and liabilities are determined based on the price that would be received to sell an asset or paid to transfer a liability at the reporting date considering the fair value hierarchy as under:

Level 1: It includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely

as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

#### Fair value hierarchy

The following tables categorise the financial assets and liabilities held at fair value by the valuation methodology applied in determining their fair value.

(₹ in Lakhs)

As at 31 March 2025	Level 1	Level 2	Level 3	Total
<b>Financial Assets :</b>

<b>Financial Assets :</b>				
Investment in Mutual Funds	24,370.19	-	-	24,370.19
Derivative financial assets	-	12.12	-	12.12

#### Determination of fair values:

#### Basis of assumptions used to estimated the fair value of financial assets and liabilities that are measured at fair value on recurring basis :

**Investment in Mutual Funds:** The fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors.

**Derivative instruments:** For forward contracts, future cash flows are estimated based on forward exchange rates and forward interest rates (from observable forward exchange rates / yield curves at the end of the reporting period) and contract forward exchange rates and forward interest rates, discounted at a rate that reflects the credit risk of various counterparties.

Derivative instruments are financial contracts that derive their value from an underlying asset. Their main purpose is to mitigate financial risk and protect against price volatility. Given the uncertainties associated with export revenue from the sale of goods, company has engaged into derivative instruments, to hedge their risk against price fluctuations and safeguard their financial stability.

#### (iii) Financial Risk Management

The Company's activities are exposed to variety of financial risks. These risks include market risk (including foreign currency risk, interest rate risks and price risk), credit risks and liquidity risk. The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

#### A Market Risk :

Market risk refers to the possibility that changes in the market rates may have impact on the Company's profits or the value of its holding of financial instruments. The Company is exposed to market risks on account of foreign currency rates, interest rates and underlying equity prices.

#### A1 Foreign currency risk :

The Company's foreign currency risk arises from its foreign currency transactions and foreign currency borrowings.

## Notes to the Standalone Financial Statements for the year ended 31 March 2025

### 38 FINANCIAL INSTRUMENTS: FAIR VALUE AND RISK MANAGEMENT: (CONTINUED..)

The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the company.

The overall objective of the foreign currency risk management is to minimize the short term currency impact on its revenue and cash-flow in order to improve the predictability of the financial performance.

The major foreign currency exposures for the Company are denominated in USD. Additionally, there are transactions which are entered into in other currencies and are not significant in relation to the total volume of the foreign currency exposures. The Company hedges some trade receivables and future cash flows upto a maximum of 6 months forward based on historical trends, budgets and monthly sales estimates.

The following table sets forth information relating to foreign currency exposure:

#### Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD rates to the functional currency of entity, with all other variables held constant. The Company's exposure to foreign currency changes for all other currencies is not material. The impact on the Company's profit after tax is due to changes in the fair value of monetary assets and liabilities.

## Independent Auditor's Report

To the Members of **Concord Biotech Limited**

### REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

#### Opinion

We have audited the consolidated financial statements of Concord Biotech Limited (hereinafter referred to as the "Company") and its joint venture, which comprise the consolidated balance sheet as at 31 March 2025, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company, its joint venture as at 31 March 2025, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

#### Revenue Recognition

See Note 3.11 and 24 to standalone financial statements

The key audit matter	How the matter was addressed in our audit
Revenue from the sale of products is recognized when control over goods is transferred to a customer. The actual point in time when revenue is recognized varies depending on the specific terms and conditions of the sales contracts entered with customers. The Company has many customers and sales contracts with customers have distinct terms relating to the timing of revenue recognition.	Our procedures included the following:
We have identified the recognition of revenue from sale of products as a key audit matter considering revenue is a key performance indicator for the Company. Accordingly, there could be pressure to meet the expectations of investor/other stakeholders and/or to meet revenue targets for a reporting year. We have considered that there is risk of fraud related to revenue being overstated by recognition in the wrong period or before control has passed during the year and at the year end.	<ul style="list-style-type: none"> <li>- Evaluated appropriateness of the Company's accounting policy for revenue recognition by comparing with applicable accounting standards;</li> <li>- Evaluated the design, implementation and operating effectiveness of Company's controls in respect of revenue recognition;</li> <li>- Tested revenue recognized during the year by selecting samples, through statistical sampling, and verifying the underlying customer contracts and proof of dispatch/delivery in accordance with the contractual terms agreed with the customers;</li> <li>- Tested revenue recognized near the year-end, using statistical sampling, to verify only revenue pertaining to current year is recognized based on underlying documents along with terms and conditions set out in customer contracts; and</li> <li>- Assessed journal entries posted to revenue to identify unusual items.</li> </ul>

#### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's reports thereon. The annual report is expected to be made available to us after the date of this auditor's report.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company, its joint venture in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

### **Management's and Board of Directors Responsibilities for the Consolidated Financial Statements**

The Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Company including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company and the respective Management and Board of Directors of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Company and the respective Management and Board of Directors of its joint venture are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and the respective Board of Directors of its joint venture are responsible for overseeing the financial reporting process of each company.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may

cause the Company and its joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matters

- a. The consolidated financial statements of the Company and its joint venture for the year ended 31 March 2024 were audited by the predecessor auditor who had expressed an unmodified opinion dated 23 May 2024.
- b. The consolidated financial statements include the Company's share of net loss (and other comprehensive income, before consolidation adjustments) of Rs. 10.59 lakhs for the year ended 31 March 2025, as considered in the consolidated financial statements, in respect of one joint venture, whose financial information has not been audited by us or by other auditor. This unaudited financial information has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this joint venture, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid joint venture, is based solely on such financial information. In our

opinion and according to the information and explanations given to us by the Management, this financial information is not material to the Company.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial information certified by the Management.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. **A. As required by Section 143(3) of the Act, we report, to the extent applicable, that:**
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
  - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e. On the basis of the written representations received from the directors of the Company as on 31 March 2025 taken on record by the Board of Directors of the Company, incorporated in India, none of the directors of the Company are disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company being the only Company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

**B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:**

- a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2025 on the consolidated financial position of the Group. Refer Note 34(b) to the consolidated financial statements.
- b. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2025.
- c. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by Holding Company during the year ended 31 March 2025.
- d. (i) The management of the Holding Company whose financial statements have been audited under the Act has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 42 (iv) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (ii) The management of the Holding Company whose financial statements have been audited under the Act has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 42 (v) to the consolidated financial statements, no funds have been received by the Holding Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

- e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 48 to the consolidated financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

- f. Based on our examination which included test checks, the Company have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated

throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, other than the period where audit trail was not enabled in the previous year, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

**C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:**

In our opinion and according to the information and explanations given to us, the remuneration paid

during the current year by the Company being the only company to which such requirements of the Act are applicable to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Company being the only company to which such requirements of the Act are applicable is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

**(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

**OPINION**

In conjunction with our audit of the consolidated financial statements of Concord Biotech Limited (hereinafter referred to as "the Company") as of and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Company, as of that date.

In our opinion, the Company, has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

**MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS**

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with

ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

**MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### 1. CORPORATE INFORMATION

Concord Biotech Limited (the Company) is a public limited company incorporated and domiciled in India, having registered office at 1482-86 Trasad Road, Dholka, Ahmedabad – 382225 and corporate office is located at B-1601 & B-1602, Mondeal Heights, S G highway, Ahmedabad-380051. The Company is engaged in research and development, manufacturing, marketing and selling of pharmaceutical products. The Company's API manufacturing facilities are located at Dholka and Limbasi, and its formulations facility at Valthera in the state of Gujarat, India.

The Company's equity shares have been listed on National Stock Exchange ("NSE") and on BSE Limited ("BSE") on August 18, 2023, by completing Initial Public Offering ("IPO") through offer for sale ("OFS") of 2,09,25,652 equity shares of face value of ₹ 1 each at an issue price of ₹ 741 per equity share by Helix Investment Holdings Pte Limited, Singapore ("selling shareholder").

### 2. BASIS OF PREPARATION AND PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS

#### 2.1. Statement of compliance

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) (as amended from time to time).

These consolidated financial statements have been prepared for the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, March 31, 2025. These consolidated financial statements were authorized for issuance by the Company's Board of Directors on May 29, 2025.

The Company adopted Disclosures of Accounting policies (Amendments to Ind AS 1) from 1st April, 2023, although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting the entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statement.

#### 2.2. Functional and Presentation Currency

The consolidated financial statements are presented in Indian Rupees (₹), the currency of the primary economic environment in which the Company operates. All the amounts are rounded to the nearest rupee lakhs, unless otherwise indicated. Transaction and balances with values below ₹ 50,000 have been reflected as "0.00" in consolidated financial statements. Transaction in foreign currencies are translated into respective function currencies of group companies at the exchange rates at the date of transaction.

#### 2.3. Basis of Measurement

##### Historical cost convention

The consolidated financial statements have been prepared on the historical cost basis (i.e. on accrual basis), except for the following items:

- Investments in mutual funds, equity instruments for investment in Palvella Therapeutics Inc. and derivative instruments are measured at fair value and
- Net defined benefit assets/(liability) are measured at fair value of plan assets, less present value of defined benefit obligations.

#### 2.4. Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if the market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value measurement and/or disclosure purposes in the financial statements is determined on such a basis except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The Company regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values, then the finance team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### 2.5. Basis of consolidation

The company's interests in equity accounted investees comprise interest in joint venture.

A joint venture is an arrangement in which the company has joint control, whereby the company has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Interests in a joint venture are accounted for using the equity method. It is initially recognised at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the company's share of the profit or loss and other comprehensive income of equity-accounted investees, until the date on which significant influence or joint control ceases.

The carrying amount of such the investment is tested for impairment at each reporting date.

### 2.6. Use of estimates and judgements

The preparation of the consolidated financial statements in conformity with Ind AS requires Management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

**Judgement** – Note 8 a(i), whether Company has significant influence over an investee.

### 2.7. Assumptions and estimation uncertainties:

Key source of estimation of uncertainty at the date of consolidated financial statements, which may cause material adjustment to the carrying amount of assets and liabilities within the next financial year, is in respect of:

- Useful lives of property, plant and equipment (Refer note no. 3.1)
- Leases-Company as a lessee (Refer note no. 3.5)
- Valuation of Inventories (Refer note no. 3.6)
- Employee benefits (refer note no.3.8)
- Provisions & Contingent Liabilities (Refer note no. 3.9)
- Recognition of deferred tax assets (Refer note no. 3.12)
- Impairment of financial assets (Refer note no. 3.7)
- Estimate of expected return (Refer note no. 3.11)
- Measurement of ECL allowance for trade and finance receivables. (Refer note no. 3.7.3)

### 2.8. Current versus non-current classification:

Based on the time involved between the acquisition of assets for processing and their realization in cash and cash equivalents, the Group has identified 12 months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### 3. MATERIAL ACCOUNTING POLICIES

#### 3.1. Property, Plant and Equipment

##### i. Recognition and measurement

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and any accumulated impairment losses. The cost of Plant, Property & Equipment comprises of its purchase price, non-refundable taxes & levies, freight and other incidental expenses related to the acquisition and installation of the respective assets. Borrowing cost attributable to financing of acquisition or construction of the qualifying Property, Plant and Equipment is capitalized to respective assets when the time taken to put the assets to use is substantial.

When major items of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment. The cost of replacement of any property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefit associated with the item will flow to the Company and its cost can be measured reliably.

Capital work-in-progress comprises cost of Property, Plant and Equipment those are not yet installed and ready for their intended use at the Balance sheet date.

Pre-operative expenditure comprising of revenue expenses incurred in connection with project implementation during the period up to commencement of commercial production are treated as part of the project costs and are capitalized. Such expenses are capitalized only if the project to which they relate, involve substantial expansion of capacity or upgradation.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in profit and loss.

The cost of property, plant and equipment as at 1 April, 2016, the Group's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

##### ii. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

##### iii. Depreciation

Freehold land is carried at historical cost and not depreciated. Depreciation on Property, Plant and Equipment is provided using straight line method based as per the useful life prescribed in Schedule II to the Companies Act, 2013. Depreciation on assets added / disposed off during the year is provided on pro-rata basis with reference to month of addition / disposal. The estimated useful lives, residual values and depreciation method are reviewed at each financial year-end and changes in estimates, if any are accounted for on a prospective basis. The residual values are not more than 5% of the original cost of asset.

Class of Asset	Useful Life
Building	5 Years - 60 Years
Plant & Equipment	10 Years - 20 Years
Office Equipments	5 Years
Laboratory Equipments	10 Years
Computers	3 Years
Furniture & Fixtures	10 Years
<b>Vehicles</b>	<b>3-5 Years</b>

#### 3.2. Intangible Assets

##### i. Recognition and measurement

Intangible assets acquired separately are measured at cost of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and impairment losses if any.

Intangible assets (software & technical know-how) are amortised over the estimated useful life of three years which reflects the manner in which the economic benefit is expected to be generated. The estimated useful life of amortizable intangibles is reviewed at the end of each reporting period and change in estimates if any are accounted for on a prospective basis.

##### ii. Subsequent Expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### iii. Amortisation

Intangible assets are amortised on a straight line basis over the estimated useful life.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

The cost of intangibles as at 1 April, 2016, the Group's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

### 3.3. Foreign currency Transaction and Translation

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. The net gain or loss on account of exchange differences arising on settlement of foreign currency transactions are recognized as income or expense of the period in which they arise. Monetary assets and liabilities denominated in foreign currency as at the balance sheet date are translated at the closing rate. The resultant exchange rate differences are recognized in the statement of profit and loss. Non-monetary assets and liabilities are carried at the rates prevailing on the date of transaction.

### 3.4. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments.

#### 3.4.1. Financial assets

##### (a) Classification of financial assets:

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financials Assets are not reclassified subsequent to their initial recognition unless the company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on

the first day of the first reporting period following the change in the business model.

##### (b) Recognition and initial measurement:

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

##### (c) Subsequent measurement:

###### • Amortised Cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

###### • Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains and losses and impairment expenses in other expenses.

- **Fair value through profit or loss (FVTPL)**

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains / (losses) in the period in which it arises. Interest income from these financial assets is included in other income.

**(d) Derecognition of financial assets:**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset

When the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of financial asset, the financial asset is derecognised if the Company has not retained control over the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

**(e) Income recognition:**

Dividend is accounted when the right to receive payment is established.

**(f) Cash and cash equivalents:**

Cash and cash equivalents consists of cash on hand, bank balances, short demand deposits and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of change in value. Short term means investments with original maturities / holding period of three months or less from the date of investments. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

**(g) Investments:**

Investments in mutual funds are primarily held for the Company's temporary cash requirements and can be readily convertible in cash. These investments are initially recorded at fair value and classified as fair value through profit or loss.

**(h) Trade receivables:**

Trade receivables are amounts due from customers for sale of goods or services performed in the ordinary course of business. Trade receivables are initially recognized at its transaction price which is considered to be its fair value and are classified as current assets as it is expected to be received within the normal operating cycle of the business.

### 3.4.2. Financial liabilities

The Company's financial liabilities include trade payables, loans, borrowing and derivative financial instruments.

**(a) Classification:**

All the Company's financial liabilities, except for financial liabilities at fair value through profit or loss, are measured at amortised cost.

**(b) Initial measurement:**

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities (other than financial

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial liabilities, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**(c) Subsequent measurement:**

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate Method. The Effective Interest Rate Method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**(d) Derecognition of financial liabilities:**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or waived off or have expired. An exchange between the Company and the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

**(e) Borrowings:**

Borrowings are initially recorded at fair value and subsequently measured at amortised costs using effective interest rate method. Transaction costs are charged to statement of profit and loss as financial expenses over the term of borrowing.

**(f) Trade payables:**

Trade payables are amounts due to vendors for purchase of goods or services acquired in the ordinary course of business and are classified as current liabilities to the extent it is expected to be paid within the normal operating cycle of the business

**3.4.3. Derivative Financial Instruments:**

The Company enters into derivative financial instruments to manage its foreign exchange rate risk. Derivatives are initially recognized at fair value at the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in profit or loss immediately.

**3.5 Leases – Company as lessee**

At inception of a contract, the Company assesses whether a contract is or contains a lease. A contract is or contains a lease if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset the Company assesses whether contract involves the use of an identified asset, the Company has a right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use and the Company has the right to direct the use of the asset.

At the inception date, right-of-use asset ("ROU") is recognised at cost which includes present value of lease payments adjusted for any payments made on or before the commencement of lease and initial direct cost, if any. It is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. Right-of-use asset ("ROU") is depreciated using the straight-line method from the commencement date over the earlier of useful life of the asset or the lease term. When the Company has purchase option available under lease and cost of right-of-use assets ("ROU") reflects that purchase option will be exercised, right-of-use asset is depreciated over the useful life of underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

At the inception date, lease liability is recognised at present value of lease payments that are not made at the commencement of lease. Lease liability is subsequently measured by adjusting carrying amount to reflect interest, lease payments and re-measurement, if any.

Lease payments are discounted using the incremental borrowing rate or interest rate implicit in the lease, if the rate can be determined.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

The Company has elected not to apply requirements of Ind AS 116 to leases that has a term of 12 months or less and leases for which the underlying asset is of low value. Lease payments of such lease are recognised as an expense on straight line basis over the lease term.

### 3.6 Inventories

Inventories are Valued at the lower of cost and net realizable value.

The cost incurred in bringing the inventory to their existing location and conditions are determined as follows:

- (a) Raw Material and Packing Material - Purchase cost of materials on FIFO basis.
- (b) Finished Goods (Manufactured) and work in progress - Cost of purchase, conversion cost, and other costs attributable to inventories.
- (c) Trading goods - Purchase cost on FIFO basis.

The cost of purchase of inventories comprises the purchase price, import duties and other taxes (other than those subsequently recovered by the Company from taxing authorities), and transport, handling and other costs directly attributable to the bringing the inventory to their existing location and conditions. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sales. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realisable value is made on an item-by-item basis.

The Company considers various factors like ageing of inventory, product discontinuation, obsolete items and any other factor which impact the Company's business in determining the allowance for inventories. The Company considers the above factors and adjusts the inventory provision to reflect its actual experience on a periodic basis.

### 3.7 Impairment of Assets

#### 2.7.1 Financial Assets

At each balance sheet date, the Company assesses whether a financial asset is to be impaired. Ind AS 109 requires expected credit losses to be measured through loss allowance. The Company measures the loss allowance for financial assets

at an amount equal to lifetime expected credit losses if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for financial assets at an amount equal to 12-month expected credit losses. Loss allowance for financial assets measured at amortised cost are deducted from gross carrying amount of the assets. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Statement of Profit and Loss.

#### 3.7.2 Non-financial Assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell or the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the profit or loss to such extent. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, such that the increase in the carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

#### 2.7.3 Presentation of allowance for ECL in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to profit or loss and is recognised in OCI.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### 2.7.4 Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

### 3.7.5 Write Off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Company has a policy of writing off the gross carrying amount when the financial asset is 3 years past due based on historical experience of recoveries of similar assets. For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

### 3.8 Employee Benefits

#### 3.8.1 Short term employee benefits

Short term benefits payable before twelve months after the end of the reporting period in which the employees have rendered service are accounted as expense in profit and loss account.

#### 3.8.2 Long term employment benefits

Defined Contribution Plans

Contributions to defined contribution plans (provident fund and other social security schemes)

are recognized as expense when employees have rendered services entitling them to such benefits.

Defined Benefit Plans

The Company's net obligation in respect of an approved gratuity plan, which is defined benefit plan, is calculated using the projected unit credit method and the same is carried out by qualified actuary. The current service cost and net interest on the net defined benefit liability (asset) is recognized in the statement of profit and loss. Past service cost are immediately recognized in the statement of profit and loss. Actuarial gains and losses net of deferred taxes arising from experience adjustment and changes in actuarial assumptions are recognized in other comprehensive income in the period in which they arise.

Compensated absences and earned leaves

The Company's current policy permit eligible employees to accumulate compensated absences up to a prescribed limit and receive cash in lieu thereof in accordance with the terms of the policy. The Company measures the expected cost of accumulating compensated absences as the additional amount that the Company expects to pay as a result of unused entitlement that has accumulated as at the reporting date. The expected cost of these benefits is calculated using the projected unit credit method by qualified actuary every year. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

The liability in respect of all defined benefit plans and other long-term benefits is accrued in the books of account on the basis of actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Remeasurement gains and losses in respect of all defined benefit plans arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

income. They are included in other equity in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Any differential between the plan assets (for a funded defined benefit plan) and the defined benefit obligation as per actuarial valuation is recognised as a liability if it is a deficit or as an asset if it is a surplus (to the extent of the lower of present value of any economic benefits available in the form of refunds from the plan or reduction in future contribution to the plan).

Past service cost is recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits are already vested immediately following the introduction of, or changes to, a defined benefit plan, the past service cost is recognised immediately in the Statement of Profit and Loss. Past service cost may be either positive (where benefits are introduced or improved) or negative (where existing benefits are reduced).

### 3.9 Contingent liabilities, contingent assets and provisions

#### (a) Contingent liabilities:

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the enterprise are disclosed as Contingent liability and not provided for. Such liability is not disclosed if the possibility of outflow of resources is remote.

#### (b) Contingent assets:

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognised and disclosed only when an inflow of economic benefits is probable.

#### (c) Provisions (other than employee benefits):

A provision is recognized when as a result of a past event, the Company has a present obligation whether legal or constructive that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the obligation is expected to be settled more than 12 months after the end of reporting date or has no definite settlement date, the provision is recorded as non-current liabilities after giving effect for time value of money, if material. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

### 3.10 Government Grant

The Company recognizes government grants at their fair value only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received.

Government grants received in relation to assets are recognised directly to respective assets for which it is received. Government grants, which are revenue in nature are either recognised as income or deducted in reporting the related expense based on the terms of the grant, as applicable.

### 3.11 Revenue recognition

Revenue is measured based on the transaction price adjusted for discounts and rebates, which is specified in a contract with customer. Revenue are net of estimated returns and taxes collected from customer.

Revenue from sale of goods is recognized at point in time when control is transferred to the customer and it is probable that consideration will be collected. Control is usually transferred upon the shipment, at the time of dispatch, delivery to or upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customer.

The transaction price is documented on the sales invoice and payment is generally due as per agreed credit terms with customer.

The consideration can be fixed or variable. Variable consideration is only recognised when it

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

is highly probable that a significant reversal will not occur.

Revenue from services are recognised as the related services are performed, the contractual performance obligations are satisfied and there is no uncertainty related to the collection of the said revenue.

The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

### Export entitlements

Export entitlements are recognised as income when right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

### Interest Income

Interest income is recognized using effective interest rate method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of financial instrument to:

- The gross carrying amount of the financial assets; or
- The amortised cost of the financial liabilities

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

### Estimate of Expected Return

Sales return is variable consideration that is recognised and recorded based on historical experience, market conditions and provided for in the year of sale as reduction from revenue. The methodology and assumptions used to estimate returns are monitored and adjusted regularly in

line with trade practices, historical trends, past experience and projected market conditions.

### 3.12 Income Taxes

Income tax expense comprises current and deferred tax expense. Income tax expenses are recognized in statement of profit or loss, except when they relate to items recognized in other comprehensive income or directly in equity.

#### Current Tax

Current tax is the tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted by the end of reporting period by the governing taxation laws, and any adjustment to tax payable in respect of previous periods. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred Tax

Deferred taxes arising from deductible and taxable temporary differences between the tax base of assets and liabilities and their carrying amount in the consolidated financial statements are recognized using substantively enacted tax rates and laws expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax asset are recognized only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized.

Deferred tax assets and liabilities are offset when the Company has a legally enforceable right to do the same.

### 3.13 Earnings per share

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### 3.14 Research and development

Expenditure on research activities is recognised in profit and loss as incurred. Development expenditure is capitalized as part cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Group intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit and loss as incurred. Subsequent to initial recognition, development expenditure is measured at cost less accumulated amortisation and any accumulated impairment loss.

### 3.15 Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the Chief Operating

Decision Maker (CODM). All operating segments' operating results are reviewed regularly by the CODM to make decisions about resources to be allocated to the segments and assess their performance.

### 3.16 Share Capital

The paid-up equity capital of the company as on 31st March, 2025 was Rs. 1046.16 Lakhs. The said shares are listed on the BSE Limited and the National Stock Exchange of India Limited. There was no change in the paid-up capital of the company, during the year under audit.

## 4. Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

### 36 EMPLOYEE BENEFITS PLANS:

#### (a) **Defined contribution plans:**

The Company makes contributions towards provident fund, a defined contribution retirement benefit plan for qualifying employees. The provident fund is operated by the Regional Provident Fund Commissioner. The Company recognized ₹ 549.45 Lakhs (Previous Year ₹ 500.34 Lakhs) for provident fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

#### (b) **Defined benefit plans:**

The Company makes annual contributions to the Employee's Group Gratuity cash accumulation scheme of the LIC, a funded defined benefit plan for qualifying employees. The Scheme provides for payment to vested employees at retirement/death while in employment or on termination of employment as per the provisions of the Payment of Gratuity Act, 1972. Vesting occurs on completion of 5 years of service. The present value of the defined benefit obligation and the related current service cost are measured using the Projected Unit Credit Method as per actuarial valuation carried out at the balance sheet date.

#### **Characteristics of Defined Benefit Plans and risk associated with them:**

Valuation of defined benefit plan are performed on certain basic set of pre-determined assumptions and other regulatory framework, which may vary over time. Thus, Company is exposed to various risks in providing the above benefit plans which are as follows:

##### (i) **Interest rate risk:**

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (i.e. value of defined benefit obligation).

##### (ii) **Salary escalation risk:**

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan particulars in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### (iii) Demographic risk:

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumptions.

### (iv) Investment risk:

The Company has funded with LIC fund, there is no significant investment risk. Further the present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

**The following table sets out the status of the gratuity plan as required under Ind AS-19 and the amounts recognized in the Company's financial statements as at 31 March 2025:**

\* The discount rate is based on the prevailing market yields of government of India securities as at the balance sheet date for the estimated term of the obligations.

\*\*Expected rate of return on plan assets is determined based on the nature of assets and prevailing economic scenario.

\*\*\* The estimate of future salary increases considered, takes into account inflation, seniority, promotion, increments and other relevant factors.

### vii. Sensitivity Analysis for each significant actuarial assumption:

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lakhs)

Particulars	Year Ended 31 March 2025	Year Ended 31 March 2024
<b>Projected Benefit Obligation on Current Assumptions</b>	<b>1,035.79</b>	<b>877.91</b>
Impact of increase in discount rate by 1 %	(31.66)	(33.22)
Impact of decrease in discount rate by 1 %	34.12	36.30
Impact of increase in salary escalation rate by 1 %	30.75	32.99
Impact of decrease in salary escalation rate by 1 %	(29.21)	(30.91)
Impact of increase in employee turnover rate by 1 %	(6.61)	(5.33)
Impact of decrease in employee turnover rate by 1 %	6.91	5.60

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

#### (ii) Fair value hierarchy :

The fair values of the financial assets and liabilities are determined based on the price that would be received to sell an asset or paid to transfer a liability at the reporting date considering the fair value hierarchy as under:

Level 1: It includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

<b>Financial Assets :</b>				
Investment in Mutual Funds	24,370.19	-	-	24,370.19
Derivative financial assets	-	12.12	-	12.12

#### Determination of fair values:

#### Basis of assumptions used to estimated the fair value of financial assets and liabilities that are measured at fair value on recurring basis :

**Investment in Mutual Funds:** The fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors.

**Derivative instruments:** For forward contracts, future cash flows are estimated based on forward exchange rates and forward interest rates (from observable forward exchange rates / yield curves at the end of the reporting period) and contract forward exchange rates and forward interest rates, discounted at a rate that reflects the credit risk of various counterparties.

Derivative instruments are financial contracts that derive their value from an underlying asset. Their main purpose is to mitigate financial risk and protect against price volatility. Given the uncertainties associated with export revenue from the sale of goods, company has engaged into derivative instruments, to hedge their risk against price fluctuations and safeguard their financial stability.

#### (iii) Financial Risk Management

The Company's activities are exposed to variety of financial risks. These risks include market risk (including foreign currency risk, interest rate risks and price risk), credit risks and liquidity risk. The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

#### A Market Risk :

Market risk refers to the possibility that changes in the market rates may have impact on the Company's profits or the value of its holding of financial instruments. The Company is exposed to market risks on account of foreign currency rates, interest rates and underlying equity prices.

#### A1 Foreign currency risk :

The Company's foreign currency risk arises from its foreign currency transactions and foreign currency borrowings. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the company.

The overall objective of the foreign currency risk management is to minimize the short term currency impact on its revenue and cash-flow in order to improve the predictability of the financial performance.

## Notes to the Consolidated Financial Statements for the year ended 31 March 2025

### 38 FINANCIAL INSTRUMENTS: FAIR VALUE AND RISK MANAGEMENT: (CONTINUED..)

The major foreign currency exposures for the Company are denominated in USD. Additionally, there are transactions which are entered into in other currencies and are not significant in relation to the total volume of the foreign currency exposures. The Company hedges some trade receivables and future cash flows upto a maximum of 6 months forward based on historical trends, budgets and monthly sales estimates.

The following table sets forth information relating to foreign currency exposure:

#### A2 Interest rate risk :

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Company is exposed to fluctuations in interest rates in respect of term loan carrying a floating rate of interest. In respect of term loan, the Company has outstanding borrowing of ₹ 38.11 lakhs as at 31 March, 2025 (As at 31 March 2024: ₹ 622.98 lakhs) The following table demonstrates the sensitivity to a reasonable possible change on interest rates on that position of borrowing affected. with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate of borrowing as follows:

#### **Login method for Individual shareholders holding securities in demat mode is given below:**

The voting period begins on Saturday, 6th September, 2025 (9.00 a.m. IST) to Monday, 8th September, 2025 (5.00 p.m. IST). During this period shareholders of the Company, either in physical form or in dematerialized form, as on Tuesday, 2nd September, 2025 (the cut-off date) may cast their vote electronically. The e-voting module shall be disabled for voting thereafter.

#### **19. THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:**

**Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

**Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Saturday, 6th September, 2025 (9.00 a.m. IST) to Monday, 8th September, 2025 (5.00 p.m. IST). During this period shareholder's of the Company, either in physical form or in dematerialized form, as on Tuesday, 2nd September, 2025 (the cut- off date) may cast their vote electronically. The e-voting module shall be disabled for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs

and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.
