PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

Financial Data

Unless stated otherwise, the financial data included in this Draft Prospectus are extracted from the restated financial statements of our Company, prepared in accordance with the applicable provisions of the Companies Act and Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditors, set out in the section titled “Financial Statements, as Restated” beginning on page no. 142 this Draft Prospectus. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act and have been restated in accordance with the SEBI (ICDR) Regulations.

Our fiscal year commences on 1st April of each year and ends on 31st March of the next year. All references to a particular fiscal year are to the 12 months period ended 31st March of that year. In this Draft Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding-off. All decimals have been rounded off to two decimal points. There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly, to what extent, the financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices / Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in this Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act and Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditors, set out in the section titled “Financial Statements, as Restated” beginning on page no. 142 of this Draft Prospectus.

Currency and units of presentation

In this Draft Prospectus, references to “Rupees” or –RS or –Rs. or – ₹- are to Indian Rupees, the official currency of the Republic of India. All references to –\$, –US\$, –USD, –U.S. \$ or –U.S. Dollars are to United States Dollars, the official currency of the United States of America. All references to million / Million / Mn refer to one million, which is equivalent to ten lacs or ten lakhs, the word Lacs / Lakhs / Lac means one hundred thousand and Crore means ten millions and billion / bn. / Billions means one hundred crores.

Industry and Market Data

Unless stated otherwise, industry data used throughout the Draft Prospectus has been obtained or derived from industry and government publications, publicly available information, and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although our Company believes that industry data used in the Draft Prospectus is reliable, it has not been independently verified. Further, the extent to which the industry and market data presented in the Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of, the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

All statements contained in the Draft Prospectus that are not statements of historical facts constitute “forward-looking statements”. All statements regarding our expected financial condition and results of operations, business, objectives, strategies, plans, goals and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, our revenue and profitability, planned projects and other matters discussed in the Draft Prospectus regarding matters that are not historical facts. These forward-looking statements and any other projections contained in the Draft Prospectus (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections.

These forward-looking statements can generally be identified by words or phrases such as “will”, “aim”, “will likely result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- general economic and business conditions in the markets in which we operate and in the local, regional and national and international economies;
- Adverse natural calamities having significant impact on regions where we are having projects under implementation and areas in which we have operations;
- our ability to successfully implement strategy, growth and expansion plans and technological initiatives;
- our ability to respond to technological changes;
- our ability to attract and retain qualified personnel;
- the effect of wage pressures, seasonal hiring patterns and the time required to train and productively utilize new employees;
- general social and political conditions in India which have an impact on our business activities or investments;
- potential mergers, acquisitions, restructurings and increased competition;
- market fluctuations and industry dynamics beyond our control;
- changes in the competition landscape;
- our ability to finance our business growth and obtain financing on favorable terms;
- our ability to manage our growth effectively;
- our ability to compete effectively, particularly in new markets and businesses;
- changes in laws and regulations relating to the industry in which we operate changes in government policies and regulatory actions that apply to or affect our business;
- developments affecting the Indian economy;
- Any adverse outcome in the legal proceedings in which we are involved;
- Impact of covid-19 on our business and operations; and
- Global distress due to pandemic, war or by any other reason

For a further discussion of factors that could cause our current plans and expectations and actual results to differ, please refer to the chapters titled **“Risk Factors”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”** beginning on page no. 17, 86 and 210, respectively of this Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Forward looking statements reflect views as of the date of the Draft Prospectus and not a guarantee of future performance. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company / our Directors nor the Lead Manager, nor any of its affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Lead Manager will ensure that investors in India are informed of material developments until such time as the listing and trading permission is granted by the Stock Exchange(s).

SECTION III - RISK FACTORS

This section describes the risks that we currently believe may materially affect our business and operations. An investment in Equity Shares involves a high degree of risk. You should carefully consider the following, in addition to any forward-looking statements and the cautionary statements in this Draft Prospectus and the other information contained in this Draft Prospectus, before making any investment decision relating to the Equity Shares. Prospective investors should read this section in conjunction with the sections “Our Business”, “Industry Overview” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 86, 76 and 210, respectively, as well as other financial and statistical information contained in this Draft Prospectus. Prospective investors should carefully consider the risks and uncertainties described below, in addition to the other information contained in this Draft Prospectus before making any investment decision relating to our Equity Shares. The occurrence of any of the following events, or the occurrence of other risks that are not currently known or are now deemed immaterial, could cause our business, results of operations, cash flows, financial condition and prospects to suffer and could cause the market price of our Equity Shares to decline or fall significantly and you may lose all or part of your investment. This Draft Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. See “Forward-Looking Statements” beginning on page 10.

The risks described below are not the only ones relevant to us or the Equity Shares. Additional risks that may be unknown to us and some risks that we do not currently believe to be material could subsequently turn out to be material. Some risks may have an impact which is qualitative though not quantitative. Although we seek to mitigate or minimize these risks, one or more of a combination of these risks could materially and adversely impact our business, financial condition and results of operations. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Offer, including the merits and risks involved. Investors should pay particular attention to the fact that our Company is an Indian company and is subject to a legal and regulatory regime which in some respects may be different from that applicable in other countries. Investors should consult tax, financial and legal advisors about the particular consequences of an investment in the Issue.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section.

Internal risk factors

1. There are outstanding legal proceedings involving the Company, our Subsidiaries, our Directors and our Promoter.

There are outstanding legal proceedings involving the Company, its Subsidiaries, its Directors, its Promoters and Group Companies. These proceedings are either currently being, or have already been adjudicated by various courts, tribunals and other authorities. The following table sets out brief details of such outstanding proceedings:

2. ***Our business involves government authorities and agencies as they are entrusted with collection, treatment of disposal of Municipal Solid Waste. We are exposed to risks of similar government related business manifested in the form of delay in approvals, delayed payments, time and cost overruns and consequential disputes and litigations.***

Our business revolves around government authorities and agencies as they are the primary agencies entrusted with collection, treatment of disposal of Municipal Solid Waste. As a general trait in such businesses, we are exposed the risks of change in scope of work, delay in basic approvals and approvals of deviation, allotment of land, delayed or rejected payments, contractual disputes and litigations. Further, as most of the municipal corporations are politically elected, any change in political regime contributes to additional risk of delays and change in agreed terms of contracts. Besides, we are also exposed to potential disputes and litigations with our consortium partner, lenders or investors which accentuate due to such delays. MSW being a sensitive ecological matter, our projects are also delayed due to Public Interest Litigations and other injunctions. All these aspects collectively hamper the pace of execution of projects, results in time and cost overruns, locking up of our capital in slow moving / stalled projects which compels us to take redressal measures through appeals, Arbitration or litigations. While we take care to reduce the risks on foregoing accounts, we can not assure that our efforts would be able to completely eliminate these risks in our existing and future projects. In case these risks fructify and linger on for unreasonable periods or involve significant sums of money, our financial performance and business could be adversely affected

3. ***We are dependent on municipal authorities for a substantial proportion of our business and revenues. Many Municipalities have been struggling to fund various solid waste management projects from their own revenue receipts and are highly dependent on state/central grants/budget allocation. Any decline in the budgetary allocation towards MSW projects will have a material adverse impact on our business, financial condition, and results of operations.***

Our business and revenues are substantially dependent on projects awarded by municipal authorities. We expect contracts awarded by municipal authorities will continue to account for a substantial proportion of our business.

Municipal Corporations are responsible for developing action plans for MSW management and they need an adequate and recurrent cash flows for execution of MSW projects. Many Municipalities have been struggling to fund various solid waste management projects from their own revenue receipts. Any adverse changes in municipal policies, expenditures or fund allocations may lead to our agreements being restructured or renegotiated or terminated and could materially and adversely affect business, financial condition and results of operation.

4. ***MSW projects are typically awarded to us on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if new MSW projects are not awarded to us.***

MSW projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed technical and financial pre-qualification criteria. While track record, experience of project execution, adequate infrastructure service quality, health and safety records, qualified and experienced personnel including technical

staff, and sufficiency of financial resources are important considerations in awarding contracts, there can be no assurance that we would be able to meet such technical and financial qualification criteria, whether independently or together with other joint venture partners. Further, once prospective bidders satisfy the prequalification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur significant costs in the preparation and submission of bids, which are onetime non-reimbursable costs. We cannot assure you that we would be bidding for projects, where we are pre-qualified to submit a bid, or that our bids, when submitted or if already submitted, would result in projects being awarded to us.

5. ***Our Directors, our Company and our subsidiary Company have received notices from various Regulatory Authorities in the matter of investments into our subsidiaries by West Coast Ventures (India) Private Limited (WCV) an associate company of Maitreya Services Limited and Maitreya Plotters and Structures Private Limited (companies that are barred by SEBI from raising money from the capital market). The notices are related to collecting information and enquiring into the transactions between the Company and WCV. Our Company and SPV subsidiary accepted the equity investments from WCV in ordinary course of business, and although as of date, no action has been initiated by the regulatory authorities in this matter against our Company or our Directors, there is no assurance that our Company or our Directors may not be implicated in the process in which case time, efforts and legal expense may be involved in clearing our Company's and Directors' names***

In 2009, ORS was declared the successful tenderer for setting-up a waste management facility by Bruhat Bengaluru Mahanagar Palike ("BBMP). A special purpose vehicle, Organic Waste (India) Private Limited ("Bangalore SPV"), was set up to execute the project. In November 2014, WCV expressed its desire to invest Rs. 43 crores in the Bangalore project and a proposed project in Pune. Considering the inclination of WCV to invest in the Company / its subsidiary's projects and relying on its representations, our Company agreed in good faith and in the ordinary course of business to accept the investments for its business needs. Total net investments to the tune of Rs. 22.50 crores were received by Organic Recycling Systems (Rs. 19.75 Crores) and OWIPL (Rs. 2.75 crores) from West Coast Ventures (India) Private Limited (Rs. 19 crores) and associate companies (Rs. 3.50 crores). It later transpired that these companies were debarred companies by SEBI. Further, as per the terms agreed with WCV under MOU dated November 10, 2014, total funds to be brought in by WCV were to be appropriated towards equity share capital and since the agreed sum of amount as per the decided time frame was not provided by WCV, ORS sought damages through Arbitration proceedings. The Arbitration process resulted in awarding damages to the tune of Rs. 33.90 crores to be recovered by the Company from WCV. The award directs WCV to pay Rs. 11.40 crores (after appropriation of Rs. 22.50 crores) with interest at the rate of 8% per annum with effect from March 01, 2016. WCV approached NCLT to claim back the amounts as 'financial creditor'. The NCLAT order confirms that WCV is not a financial creditor and dismissed WCV's contention. The investigations against WCV and its associates, led to receipt of notices from regulators to our Company, Promoter / directors and subsidiary companies with regard to investments received from WCV. We have received notices from SFIO, MCA as well as EOW to be present and to file our replies on many occasions and these have been duly attended by us and our promoter / directors. One of the matters being investigated was whether our SPVs have been misused by the debarred companies for diversion of alleged illegal funds. We have submitted to the concerned agencies/authorities that the funds collected by our Company / subsidiary towards the equity share capital, were genuinely deployed for respective projects' capital expenditure and that the non-receipt of committed balance equity investments from the said entities led to non-completion and eventual abandonment of the projects, causing huge loss to us.

Although there is no liability on the Company to refund the amount received and on the contrary, Company holds an Arbitration award dated January 06, 2020 to claim Rs. 11.40 crores from WCV along with interest thereon from March 01, 2016. However, such decrees and awards are limited in scope and do not grant us any immunity from the ongoing investigations. The EoW and SFIO notices were received in 2018 and as of date no action has been initiated against us. A notice dated November 14, 2022 was received by our Company /subsidiaries / Promoters from EOW Wardha seeking similar information in relation to WCV investments and the same have been duly replied. Notice dated August 16,2022 from RoC has been received and our directors/ promoters have furnished the information sought . There is no assurance that our Company or Directors may not be implicated in this process and if so, it may involve time, efforts and legal expense to defend and eventually clear our names.

For further details, please see the section "Outstanding Litigation and Material Developments" beginning on page No. 216 of this Draft Prospectus.

6. ***There is a litigation against our material subsidiary SBESPL for a financial claim. Currently the matter is in appeal. If the final order is decided against us, it may lead to a financial loss to us.***

M/s Mahalaxmi Electromech filed a claim on 20.05.2015 (case no. 124/2015) of Rs.7,199,049/- (INR 4,446,800/- plus interest INR 2,752,249/-) before the Micro, Small and Medium Enterprises Council (MSME) Pune. Thereafter, the Hon'ble Facilitation Council heard the matter and ordered in favor of the Petitioner. It directed our Subsidiary SBESPL to pay an amount of INR.41,61,955. The Award was challenged before the District Court, Pune. The Learned District Judge has upheld the contentions of SBESPL and has passed a detailed order, prima facie holding that since Mahalakshmi was not registered under MSME Act, it could not insist on pre-deposit. Mahalaxmi Electromech, has challenged the Order of the Learned District Judge by filing a writ petition before the Hon'ble Bombay High Court. The Proceedings before the learned District Judge have not been stayed nor is the Order of the Learned District Judge set aside. SBESPL would respond in the matter as and when a notice is received in this regard.

There is no guarantee that the final orders will be in our favour, in which case SBESPL may have to pay the aforementioned amount along with further interest / damages to Mahalaxmi Electromech and will result in financial losses to the Subsidiary and to our Company.

For further details, please see the section “*Outstanding Litigation and Material Developments*” beginning on page 216 of this Draft Prospectus.

7. *Our Company has incurred losses in the previous years.*

Our Company has incurred net losses for reported financial periods. FY 2020-21 and FY 2021-22 were adversely affected by COVID-19 pandemic and underutilization of capacity. While we are hopeful of generating sufficient revenues in future, there can be no assurance that we will be successful in this endeavor and will turn profitable owing to changing market dynamics, regulatory changes, financial condition of our clients and other factors beyond our control. For further details, please see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on page 210.

8. *We have had negative cash flows in the past and may continue to have negative cash flows in the future.*

The following table sets forth our restated consolidated cash flows for the periods indicated:

(in ₹ lakhs)

Particulars	Fiscal 2023	Fiscal 2022	Fiscal 2021
Net cash generated from / (used in) operating activities	(2,370.47)	783.98	(22.15)
Net cash generated from / (used in) investing activities	(385.98)	(667.77)	(350.00)
Net cash generated from / (used in) financing activities	2,752.45	(184.47)	443.76

Our Company has incurred negative cash flows from operating activities for the Fiscal year ended 31, March 2023. We cannot assure you that our net cash flows will be positive in the future.

9. *We have made certain delayed payments of the principal and interest component on our borrowings / loans due to which there is high probability that such instances might re-occur.*

For the overdraft facility that the Company had used, there were several delays in paying interest to Standard Chartered Bank. Similarly, regarding the business loan we obtained from Bajaj Finance, there have been several instances where we have delayed the payment of interest component. We have also defaulted on various instances to pay the principal and interest that was due on time for the term loans that SBESPL obtained from Bank of Baroda. Though this delayed principal and interest payments to both the lenders has been made within a few days, there is no assurance or guarantee that we will be able to continually make such payments in time and we cannot guarantee that similar situations won't occur in the future, and that this will not expose us to further defaults. In such event it may further expose us to litigation by our lenders and other material adverse consequences for our business.

10. *If we are unable to protect our trademark/patent beyond the expiry period, others may be able to use our*

trademarks, patent and tradenames to compete more effectively.

We have obtained renewals for our Trademarks “DRYAD and “GREENDEVOUR” for a further period of ten years from 7 July 2020 and 24 September 2020 respectively. We have been granted a patent on our indigenously developed “Integrated process for pre-treatment and anaerobic digestion of waste and apparatus used therein” for a period of 20 years from 7 June 2014. We have also been granted patent for the equipment to be used in the “Integrated process for pre-treatment and anaerobic digestion of waste and apparatus used therein” for a period of 20 years from 7 June 2014. We cannot assure you that we will be able to obtain the renewal for the same in a timely manner or obtain it at all. As a result, we may be unable to prevent the use of these names or variations thereof by any other party or ensure that we will continue to have a right to use it. We further cannot assure you that third parties will not infringe upon our trademark, logo and/or trade name in a manner that may have a material adverse effect on our business prospects, reputation and goodwill.

11. Our actual cost in executing an MSW contract may vary substantially from the assumptions underlying our bid. We may be unable to recover all or some of the additional expenses, which may have an adverse effect on our business, financial condition, results of operations, and prospects.

Under the terms and conditions of most of our MSW contracts, we have escalation provisions in the cost estimates including materials, provisions for cost escalation due to increase or decrease in rates and price of labour, equipment, and other material inputs at the time of entering into the contract. However, some of our current ongoing contracts do not have any escalation clauses to cover any increase in the cost of power & fuel, material, labour and other inputs. Further, we may, in the future enter into contracts which may not contain price escalation clauses covering increase in the cost of fuel, labour and other inputs. Accordingly, our actual expense in executing the contract may vary substantially from the assumptions underlying our bid for several reasons, including, but not limited to unanticipated increases in the cost of fuel, material labour or other inputs, unforeseen construction conditions, delay in transfer of land by the government or obtaining rights of way, our inability to obtain requisite environmental and other approvals, permits and clearances resulting in delays and increased costs, delays caused by local weather conditions. Unanticipated increases in the price of materials, fuel costs, labour or other inputs not taken into account in our bid may also have compounding effects by increasing costs of performing other parts of the contract. Our ability to pass on increases in the cost of fuel, equipment, labour and other inputs may be limited in the case of contracts with limited or no price escalation provisions, and we cannot assure you that these variations in cost will not lead to financial losses to our Company.

12. We depend on a limited number of customers for a significant portion of our revenue. The loss of any of our major customer due to any adverse development or significant reduction in business from our major customer may adversely affect our business, financial condition, results of operations and future prospects.

We have in the past derived a significant portion of our revenue from limited number of customer and we may continue to derive a significant portion of our revenue from such customer. As our business is currently concentrated to a select number of customers, any adverse development with such customer, including as a result of a dispute with or disqualification by such major customers, may result in us experiencing significant reduction in our cash flows and liquidity.

Substantial portion of our business contracts are with municipal authorities. Thus, we derive a high proportion of our revenues from a small number of customers. Our major contracts relate to processing and disposal, aggregation and treatment of waste awarded by regional government authorities and agencies like Solapur Municipal Corporation, Kalyan Dombivali Municipal Corporation, etc. Government projects are typically awarded through a bidding process where the tender documents specify certain pre-qualification criteria which may vary from client to client and from project to project. Our business therefore requires that we satisfy the pre-qualified status with key clients. The loss of significant clients, or projects from such clients for any reason, including as a result of disqualification or dispute, may have a material and adverse effect on our business and results of operations.

13. Member of our Promoter Group, Mr. Suhas Bhand was implicated in a CBI case pertaining to issuance of Bank Guarantees wherein orders were initially passed against him. However the matter has been stayed on appeal. In the event the final orders passed against him, it may adversely impact business reputation of our Promoter Group.

Mr. Suhas Bhand, (father of the Promoter) was the Managing Director of M/s Cicon Environment Technology Ltd., Bhopal. . Certain Bank Guarantees were issued by Dena Bank, Bhopal in respect of which irregularities were alleged and an enquiry was made by CBI. The CBI Court while noting that no loss has been caused to the Bank and no financial benefits have accrued to Cicon in the transaction, considering certain procedural irregularities in issuance and invocation of the Bank Guarantees, convicted Mr. Suhas Bhand Section 13(1)(d), r/w Section 13(2)

of Prevention of Corruption Act 1988 and r/w Section 120-B of IPC .Smita Bhand of our Promoter group was also implicated, however, she was acquitted. Mr Suhas Bhand filed an appeal in the Hon'ble Madhya Pradesh High Court against the said conviction and the High Court vide Order dated 24.06.2019, observing certain merits in the appeal, suspended Mr. Suhas Bhand's sentence and granted bail. The said appeal is pending for final disposal. The litigation is related to our Promoter group and not against any of the Promoters, Directors or the Company or any of its Subsidiaries. However, an adverse final order may adversely impact the reputation of our promoter group and thereby our company.

For further details, please see the section “*Outstanding Litigation and Material Developments*” beginning on page 216 of this Draft Prospectus.

- 14. Solapur Bio-Energy Systems Pvt. Ltd., (SBESPL) our major revenue generating subsidiary was acquired by us from CICON Environment Technologies Ltd. (CICON) which was originally awarded the concession by Solapur Municipal Corporation (SMC) and the project was housed in SBESPL being the special purpose vehicle. CICON has since been struck off as a company from Register of Companies. Although, the acquisition of SBESPL was pursuant to an agreement dated 1st September 2008 between CICON and our Company and is also within the scope of Clause 16 of the Concession Agreement between CICON and SMC, no formal consent has been obtained from the SMC.**

Mr. Suhas Bhand, a Promoter of CICON who is also a member of our Promoter Group and CICON itself was involved in a CBI case and an adverse order was passed against Mr. Suhas Bhand, which is presently suspended on appeal. CICON has since been struck off from Register of Companies, though it is the initial awardee of the concession agreement by Solapur Municipal Corporation. It had transferred all its rights and liabilities to its SPV Solapur Bio-Energy Systems Pvt. Ltd. whose underlying shares have been later purchased by our Company vide Agreement dated 01.09.2008 and the Solapur project has been fully set up by SBESPL as per the terms of Concession Agreement.. However, there is no restriction in the concession agreement on transfer of underlying shares of the SPV. Rather the concession agreement in Clause 16 provides:

“AND WHEREAS SMC has agreed to allow CICON to form a "Special Purpose Vehicle (SPV)", if so desired by CICON, which may be a limited company or subsidiary company or joint company or any other business arrangement and or instrument for the project and obtaining necessary finance, expertise, technology backup or any other support to honour the LOI No. MCIPBIPHE-Degaonll21 dated 16th February, 2004, issued by SMC to CICON. In the case of forming SPV, as provided herein above, the plant shall be owned and operated by the said SPV, and all the rights and obligations under this agreement, shall be transferred with the said SPV, with the prior written permission of the Municipal Commissioner..”

Further vide letter dated 20.11.2009 by SMC to SPV says “ We hereby state that we do recognise M/s. Solapur Bioenergy Systems Pvt. Ltd. As Special Purpose Vehicle to own and operate the MSW Waste to Energy project being set up at Solapur. We further give our consent to M/S Solapur Bioenergy Systems Private Limited to mortgage the aforesaid land with the Financial Institution or Bank for the purpose of raising funds for the project”

The concession Agreement is does not specify any NOC requirement from SMC for change in control and accordingly we have not taken any formal NOC for such purchase of share or change in control. Further since 2009 this has been our wholly owned subsidiary and has been functioning under the terms of the concession agreement.

In light of the above, we have effected the share transfer in 2008 and we have been conducting business through the subsidiary Solapur Bioenergy Systems Private Limited for SMC.. Although we believe our action of acquiring SBESPL is well within the scope of the Concession Agreement and are fulfilling the requirements of the Agreement and receiving due payments from SMC, there is no assurance that in future this matter may not be viewed as a breach leading to dispute and thereby adversely impacting business of our subsidiary and our Company.

- 15. Any increase in or occurrence of our contingent liabilities may adversely affect our financial condition.**

As of March 31, 2023, our contingent liabilities as indicated in our Restated Financial Statements were as follows:

Contingent Liabilities	(Rs. In lakhs)
Income Tax demands / Notices before CIT Appeals / TDS	1,125.48
Bank Guarantees / Corporate Guarantees	365.51
Total	1,490.98

Any increase in our contingent liabilities or occurrence of these liabilities may materially and adversely affect our financial position, results of operations and cash flows.

16. *We have high working capital requirements. Our inability to meet our working capital requirements may have a material adverse effect on our business, financial condition and results of operations.*

Our business requires a significant amount of working capital, which depends upon the nature of the project. Generally, in our area of business, significant amounts of working capital are required towards financing the purchase of materials and equipment, advances to suppliers, margin monies towards bank guarantees.

Further, the processing and disposal of waste requires the Company to employ large numbers of workers and electricity and other fuel costs. In addition, a portion of the contract value, generally 10% or more of the value of the contract, is withheld by the client as security deposit / performance security and is released only upon the evaluation of the work or the completion date. Our working capital requirements will increase as we seek to expand our businesses. Our working capital requirements may also increase if, in certain contracts, payment terms include reduced advance payments or payment schedules that specify payment towards the end of a project. Delays in progressive payments or release of retention money or bank guarantees from our clients may increase our working capital needs. We may also experience significant cash outflows to satisfy any indemnity and liability claims, which may cause liquidity issues, due to which we might be unable to arrange for the appropriate earnest money deposit to bid for new projects. We may need to incur additional indebtedness and capital expenditures in the future to satisfy our working capital needs. Continued increases in working capital requirements may have an adverse effect on our financial condition and results of operations.

17. *We may not be able to collect receivables due from our customers, in a timely manner, or at all including additional moneys in respect of escalation costs, which may adversely affect our business, financial condition, results of operations and prospects.*

There may be delays in the collection of receivables from our customers. Our failure to collect such receivables due from our customers, in a timely manner, or at all, may adversely affect our business, financial condition, results of operations and prospects.

Additionally, we may, at times, be required to claim additional payments from our customers for additional work and costs incurred in excess of the contract price or amounts not included in the contract price. These claims may typically arise from changes in the initial scope of work or from delays caused by our clients. The costs associated with these changes or client caused delays may include direct costs such as labor and material costs associated with the performance of additional work, as well as indirect costs that may arise due to delays in the completion of the project, such as high fixed costs for maintaining idle labor and machinery while such projects are delayed or stalled.

We may not always have the escalation clauses in our project contracts in respect of the additional work to support our claims. Where we have escalation clauses in our project contracts, we may seek to enforce our contractual rights. However, our clients may interpret such clauses restrictively and dispute our claims. These claims are thus often subject to lengthy arbitration, litigation or other dispute resolution proceedings. We cannot assure you that we can recover adequately our claims. Our debtors may have insufficient assets to pay the amounts owed to us even if we win our cases. In addition, we may incur substantial costs in collecting against our debtors and such costs may not be recovered in full or at all from the debtors. As we often need to fulfil significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

For details, please see “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 142 and 210, respectively.

18. *Our ability to negotiate the standard form of Municipal contracts for our projects may be limited and certain unusual or onerous provisions may be imposed on us, which may restrict our flexibility in undertaking our business and thereby affect the efficient execution and profitability of our projects.*

A majority of our projects are awarded to us by Municipal authorities. Our ability to negotiate the terms of contracts with our clients, particularly governmental agencies, is limited and certain unusual or onerous provisions may be imposed on us. Annuity contracts typically have certain inherent risks associated with them, including fixed concession periods without automatic renewal, fixed payment intervals and terms, and our inability to renegotiate financial terms or to seek extension on the expiry of the initial term. The contract would also impose certain onerous

provisions on us including restrictions in relation right to terminate the contract unilaterally without assigning any reason, liability of defects arising after termination of agreements, commitment compliance with operation and maintenance requirements, right to change the scope of work and associated details unilaterally. These onerous conditions in Government contracts may affect the efficient execution of our projects and may have adverse effects on our profitability.

19. *Timely and successful completion of our projects is dependent upon the performance of the obligations by our clients or other related parties. Any failure or delay in the performance by our clients or related parties could adversely affect the timely execution of our projects and reputation.*

Our business is majorly dependent upon contracts awarded by municipal authorities. The commencement of our work often depends upon the performance of our clients or other related parties. These obligations may consist of sanctioning of money for the conduct of work, or certain permissions related to the accessibility to the concerned activity regions. Any delay on the part of our clients or any other authority whose involvement is necessary for the completion of the business activity, though not attributable to us, may cause material adverse effects to occur on the business.

20. *Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.*

Our operations are subject to government regulation and in respect of our existing operations we are required to obtain and maintain various statutory and regulatory permits, certificates and approvals including various environmental approvals, labour related and tax related approvals. Many of the Licenses and approvals are in the name of “*Organic Recycling Systems Private Limited*”, and our old, registered office address, the same are required to be updated/changed with various government/semi government authorities and various organizations.

Currently, with respect to the material approvals/ licenses with regards to our object of the issue, our Company has received the following patent :

- Patent no – 438004 ; Patent Application number – 202122036579 for MARUT drum and Segregation equipment.

We will be required to make applications for permits / approvals for our upcoming projects. There can be no assurance that the relevant authorities will issue or rectify such permits or approvals in time or at all. Failure or delay in obtaining or maintaining or renew the required permits or approvals within applicable time or at all may result in interruption of our operations. Further, the relevant authorities may initiate penal action against us, restrain our operations, impose fines/penalties or initiate legal proceedings for our inability to renew/obtain approvals in a timely manner or at all. Consequently, failure or delay to obtain such approvals could have a material adverse effect on our business, financial condition and profitability. If there is any failure by us to comply with the applicable regulations or if the regulations governing our business are amended, we may incur increased costs, be subject to penalties, or suffer disruption in our activities, any of which could adversely affect our business. For further details see “*Government and Other Approvals*” on page 230 of this Draft Prospectus.

21. *We are dependent on our directors and senior management and our inability to retain them and attract new key personnel may have an adverse impact on the functioning of our business.*

Our success is substantially dependent on the expertise and services of our directors namely, Sarang Bhand and Yashas Bhand and other members of our senior management. We cannot assure you that we will be able to retain any or all of the key members of our management. In the event we lose the services of any of the key members of our management, our business may be materially and adversely affected. For further details of our directors and management, please see the section “*Our Management*” beginning on page 120 of this Draft Prospectus. Also, the directors and promoter have received several notices from SFIO, ROC and EOW for investigation and enquiry into the finances of the Company. Though no proceedings are ongoing against them, still they are being investigated by these authorities. We cannot be assured of any further action that will be taken against them in connection to these matters. For further details, please see the section “*Outstanding Litigation and Material Developments*” beginning on page 216 of this Draft Prospectus.

22. *We may be liable for the non-performance of our consortiums.*

We have entered into consortium arrangement with Blue Planet Environmental Solutions India Private Limited for developing the Pallakad project through a SPV - Blue Planet Pallakad Waste Systems Pvt Ltd in our waste

management and processing business, including meeting pre-qualification criteria for the said project. A breach or inability of our partner to continue with the project, due to financial, legal or other difficulties, could result in us being required to bear increased and, at times, sole responsibility for the completion of the project and a greater share of the revenue risk of the project. In the event that a claim, arbitration award or judgment is awarded against the consortium, we will be responsible to the client for our share of the scope of work in the consortium.

23. *We operate in a highly competitive business and increased competitive pressure may adversely affect our results of operations.*

There are around 25 participants in the MSW management market offering various services. Many infrastructure and environment services companies are present in this market. Competitors can be categorized into two tiers – national and local. National participants are large infrastructure and environmental services firms. Local participants are largely small firms involved in making compost. Most of our contracts are won through a competitive bidding process. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. In selecting contractors for projects, clients generally limit the tender to pre-qualified contractors based on criteria such as experience, technical ability, past performance, reputation for quality, safety record, financial strength and the size of previous contracts executed in similar projects with them or otherwise. Our ability to meet the qualification criteria in our various business areas is critical to being considered for any project. Additionally, while these are important considerations, price is a major factor in most tender awards negotiated contracts, and our business is subject to intense price competition. Our competitors may be larger, better qualified, and may have better access to financial resources. Our inability to compete successfully with them could materially and adversely affect our business prospects and results of operations.

24. *We may not be able to successfully implement our growth strategy*

We are embarking on a growth strategy which involves increasing our geographical footprint, expanding our customer base, moving up the MSW value chain, focusing on operational efficiencies to improve returns. These strategic initiatives may require significant capital and other resources, as well as management attention, which could place a burden on our resources and abilities. Our diversification into some of these business verticals is at a nascent stage and we may not be able to properly assess the risks, economic viability and prospects of business opportunities in such verticals. As a result, we may not be successful in developing these businesses to the extent of and in accordance with our expectations and business strategies and there can be no assurance relating to any revenues from or profitability of such strategies we intend to pursue.

25. *We are exposed to significant cost variations on fixed-rate contracts.*

Under the terms and conditions of our contracts, we generally agree to a fixed rate for providing disposal waste aggregation and waste processing services. In certain contracts, there may be a clause for price variation covering cost of labour, material, fuel, etc. The actual expenses incurred by us while executing a fixed-price contract may vary substantially from our bid for various reasons, including but not limited to:

- unanticipated increases in the cost of equipment, materials or manpower.
- changes in taxes and duties;
- delays due to non-receipt of client approvals or payments at specific project milestones.
- delays associated with the delivery of equipment and materials to the project site;
- delays caused by local weather conditions;
- disputes arising out of the contract; and
- suppliers' or subcontractors' failure to perform;

Unanticipated costs or delays in performing a part of the contract can also have compounding effects by increasing costs of performing other parts of the contract. In addition, we may be required to pay liquidated damages to the client for any delay. These variations and the risks are generally inherent to the businesses in which we operate and may result in our revenues or profits being different from those originally estimated resulting in reduced profitability or losses on projects. Depending on the size of a project, these variations from estimated contract performance could have a significant adverse effect on our results of operations.

26. *Our indebtedness, including various conditions and restrictive covenants imposed on us under our financing agreements and could adversely affect our ability to grow our business or react to changes in our business environment.*

As of March 31, 2023, the outstanding amount under the borrowings of our Company, on a consolidated basis was Rs. 6,981.41 lakhs.

There can be no assurance that we will be able to generate enough cash flow from operations or that we will be able to obtain enough capital to service our debt or fund our planned capital expenditures. In addition, we may need to refinance some or all our indebtedness on or before maturity. There can be no assurance that we will be able to refinance our indebtedness on commercially reasonable terms or at all. If we cannot obtain alternative sources of financing or our costs of borrowings become significantly more expensive, our financial condition and results of operations will be materially and adversely affected. There are certain unsecured loans taken by us which can be recalled by the lenders at any time.

We are required to furnish financial and performance bank guarantees as part of our business. Our inability to arrange such guarantees or the invocation of such guarantees may adversely affect our cash flows and financial condition.

The agreements governing certain of our debt obligations include terms that restrict our ability to make capital expenditures and investments, declare dividends, merge with other entities, incur further indebtedness and incur liens on, or dispose of, our assets, undertake new projects, change our management and board of directors, materially amend or terminate any material contract or document and modify our capital structure. Certain credit facilities extended by the banks are repayable on demand. Further, under the terms of certain loan documentation, we are required to assign all the material project contracts, land documents, insurance policies, permits and approvals and all our other rights and interests related to certain projects in favour of the lenders. Certain loans from lending institutions and banks may require the cash inflows from projects to be deposited in escrow accounts opened with our lenders and the proceeds to be utilized in a manner as agreed between such lender and us. They may also require us to mortgage properties, etc. in lieu of the lending facility.

A failure on our part to comply with the terms of our loan agreements may result in an event of default under such agreements. In such a case, the lenders may, at their discretion, accelerate payment and declare the entire outstanding amounts under these loans due and payable, and in certain instances, enforce their security which has been constituted over our various assets and take possession of those assets, any of which could materially and adversely affect our liquidity, financial condition and business operations. In addition, to the extent that we cannot make payments on accelerated amounts, such non-payment could result in the cross-default and/or cross acceleration of some or all of our other outstanding indebtedness, and payment of penalty interest, which could also materially and adversely affect our liquidity, financial condition and business operations. For further details, please see “Financial Indebtedness” on page 204.

27. Our operations may be subject to contaminated waste and other risks and could expose us to material liabilities, loss in revenues and increased expenses and negatively impact employee morale.

Our operations may be subject to contaminated waste handling inherent in providing our services which include risks such as infections, exposition to harmful waste materials, equipment malfunctions, work accidents, fire or explosion, including hazards that may cause injury and loss of life, environmental damage. We may be unable to mitigate these risks through contractual limitations of liability, indemnities and insurance. Losses may arise from risks not addressed in our agreements or insurance policies, or we may be unable to obtain adequate insurance against some risks on commercially reasonable terms. Workplace accidents and high accident rates may expose us (or our consortium or joint venture partners) to litigation, take up our management’s time and resources and materially increase our future insurance and other operating costs. Additionally, the occurrence of any of these risks may also adversely affect public perception about our operations, the perception of our suppliers and clients and the morale and attrition rate of our employee. These liabilities and costs could have a material adverse effect on our business, results of operations and financial condition.

28. We are exposed to claims for inadequate performance and defects that may affect our projects and which may have an adverse effect on our business.

We are subject to deliver the goods and perform our service within the stipulated period under each of our contract. If we fail to deliver any or all of the goods or fail to perform our services under the stipulated period, a penalty is deducted. We may further be subject to claims resulting from inadequate performance and defects arising from procurement and/or management services provided by us. Further, we have faced delays in our past projects not particularly due to default from our end but due to actions of the parties involved who sometime create hindrances and do not cooperate in completion of the projects.

Actual or claimed defects in the quality of service could give rise to claims, liabilities, costs and expenses, relating

to loss of life, personal injury, damage to property, damage to equipment and facilities, pollution, inefficient operating processes, loss of production or suspension of operations. Any significant operational problems or the loss of our machines and equipment for an extended period of time could result in delays or incomplete projects or services and adversely affect our results of operations.

29. *We employ a significant number of personnel in our business operations which are a substantial part of our total expense and such number may increase substantially in future. We may be subject to work stoppages and face labour disruptions with our employees or contract workers in the future that would interfere with our operations and adversely impact our business and financial condition.*

For the Fiscals 2023, 2022 and 2021, our Restated Expenses on salaries, wages and bonus was Rs. 359.06 lakhs, Rs. 275.40 lakhs and Rs. 227.70 lakhs, respectively, constituting 17.36%, 12.02% and 11.23% respectively, of our Restated Consolidated total expense for such periods. Some of our business operations are labour intensive. The employees are also required to have certain skill sets and require necessary clearances from government agencies. There can be no assurance that we will be able to procure and train, on time or at all, sufficient employees for any project or that we will be able to successfully re-deploy such employees in our organization upon the completion of a project. We cannot guarantee that we will not experience any strike, work stoppage or other industrial action in the future. Also, our consortium and joint venture partners may experience strikes or other industrial action. Any such event could disrupt our operations, possibly for a significant period of time, result in increased wages and other costs and otherwise have a material adverse effect on our business, results of operations or financial condition.

30. *If more stringent labour laws or other industry standards in India become applicable to us, our profitability may be adversely affected.*

We are subject to a number of stringent labour laws. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for dispute resolution and employee removal and legislation that imposes financial obligations on employers upon retrenchment and periodic revisions to minimum wage. If labour laws become more stringent or are more strictly enforced, it may become difficult for us to maintain flexible human resource policies, discharge employees or downsize, any of which could have an adverse effect on our business, results of operations, financial condition and cash flows.

31. *We may be unable to sustain growth at historical levels. Our inability to manage growth may have an adverse effect on our business and results of operations.*

We have experienced steady growth in recent years. For example, as per our Restated Financial Statements, our total revenue has grown from Rs. 1,578.18 lakhs in Fiscal 2021 to Rs. 2,534.10 lakhs in Fiscal 2023, at a CAGR of 26.72% and our net loss, has decreased from Rs. 449.37 lakhs in Fiscal 2021 to a profit of Rs. 365.38 lakhs in Fiscal 2023. While no assurance can be given that the past increases in our revenue and profits will continue, if this growth continues, it will place significant demands on us and require us to continuously evolve and improve our operational, financial and internal controls across the organization. In particular, continued expansion increases the challenges involved in:

- i. recruiting, training and retaining sufficient skilled personnel;
- ii. adhering to health, safety and environment and quality and process execution standards that meet client expectations; and
- iii. developing and improving our internal administrative infrastructure, particularly our financial, operational, communications and other internal systems.

Any inability to manage our growth may have an adverse effect on our business and results of operations.

32. *Our insurance coverage may not adequately protect us against certain risks and claims and we may be subject to losses that might not be covered in whole or in part by our existing insurance coverage.*

We maintain insurance coverage of the type and in amounts that we believe are commensurate with our operations, including motor vehicles insurance, workers' compensation, accident and medical insurance. As on March 31, 2023, the total insurance coverage maintained by our Company was Rs. 6865.64 lakhs which was 0.70 times the

net assets of the Company as per the Restated Financial Statement for the period ended March 31, 2023. Under many of our contracts with clients, we are required to obtain insurance for the projects undertaken by us, and we may also purchase specific business operations insurance policies for individual projects. However, in some cases, we may have not obtained the required insurance, or our insurance policies may have lapsed prior to the completion of a delayed project. Further, we may not have obtained insurance cover for some of our projects that do not require us to maintain insurance. There are various other types of risks and losses for which we are not insured, such as loss of business, environmental liabilities and natural disasters, because they are either uninsurable or not insurable on commercially acceptable terms. Should an uninsured loss or a loss in excess of insured limits occur, we could incur liabilities, lose capital invested in that property or lose the anticipated future income derived from that business or property, while remaining obligated for any operational or financial obligation. Any such loss could result in a material adverse effect on our financial condition and results of operations.

33. *Our inability to attract and retain skilled personnel could adversely affect our business and results of operations.*

Our ability to meet future business challenges depends on our ability to attract and recruit talented and skilled personnel. We face strong competition to recruit and retain skilled and professionally qualified staff in all the businesses that we operate. We are not certain that we will be able to increase salaries at historical rates in future and maintain our profitability margins. Further, there can be no assurance that an increase in salary will result in increased retention. Our future performance will depend upon the continued services of these persons. An inability to retain employees in different categories may materially and adversely impact our business and results of operations. In addition, we cannot assure you that we will be successful in our efforts to retain or attract qualified personnel when needed.

34. *We have entered into certain transactions with related parties. These transactions or any future transactions with our related parties could potentially involve conflicts of interest.*

We have entered into certain transactions with related parties, including our joint venture partners, our Directors and our key managerial personnel and may continue to do so in future. The absolute value of all transactions entered into with our related party entities as per our Restated Financial Statements for the year ended March 31, 2023, was Rs. 1,211.78 lakhs. These transactions or any future transactions with our related parties could potentially involve conflicts of interest. For details of related party transactions, please see the sections “Our Management” and “Financial Statements”, beginning on pages 120 and 142, respectively, of this Draft Prospectus.

35. *Obsolescence, destruction, theft or breakdown of our equipment, or failure to repair or maintain such equipment, or the enforcement of any security rights over such assets, where such assets are mortgaged as security for our borrowings, may adversely affect our business, financial condition, results of operations, and prospects.*

To maintain our capability to undertake large projects, we seek to purchase equipment built with the latest technology and knowhow and keep them readily available for our project through careful and comprehensive repairs and maintenance. However, we cannot assure you that we will be immune from the associated operational risks such as the obsolescence of our equipment, destruction, theft or major equipment breakdowns or failures to repair our equipment, which may result in their unavailability, project delays, cost overruns and even defaults under our contracts.

We may not be able to acquire new equipment, repair or replace damaged or lost equipment in time or at all, particularly where such equipment is not readily available from the market, at commercially reasonable terms or at the time we require, or requires services from original equipment manufacturers. Additionally, rapid and frequent technology and market demand changes can often render existing technologies and other equipment obsolete requiring substantial new capital expenditure and/or write-downs of assets. Some of our major equipment or parts may be costly to replace or repair. We may experience significant price increases or delays in supply due to supply shortages, inflation, transportation difficulties or unavailability of bulk discounts. Such obsolescence, destruction, theft, breakdowns, repair or maintenance failure or price increases may not be adequately covered by the insurance policies availed by our Company and may have an adverse effect on our business, financial condition and prospects.

36. *We are subject to risks arising from interest rate fluctuations, which could adversely affect our business, financial condition and results of operations.*

Changes in interest rates could significantly affect our financial condition and results of operations. The interest rates of certain of our borrowings are subject to floating rates of interest based on changes in the prime lending

rate of the respective lenders, which are subject to renegotiation on a yearly basis. If the interest rates for our existing or future borrowings increase significantly, our cost of funds will increase. This may adversely impact our results of operations, planned capital expenditures and cash flows.

37. *Deployment of the Net Proceeds of the Fresh Issue are based on management estimates and have not been independently appraised.*

We intend to use the net proceeds of the Fresh Issue for purposes described in the section “*Objects of the Issue*” beginning on page 58 of this Draft Prospectus. The Net Proceeds of the Fresh Issue are based on management estimates, and our current business plans and such intended use of proceeds have not been appraised by any bank or financial institution. Since the quantum of the Fresh Issue does not exceed ₹ 1,000 million, we are not required to appoint any monitoring agency for the Issue. Because of the competitive and dynamic nature of the businesses that we operate, we may need to revise our expenditure and fund requirements due to changes in the cost structure, changes in estimates, changes in quotations, exchange rate fluctuations and external factors, which may not be within the control of our management. In the event of an increase in expenditure and fund requirements, we intend to try and meet these increased requirements through our internal accruals and additional debt or equity arrangements.

38. *Our Company, certain of our Subsidiaries and certain of our Group Companies have availed secured and unsecured loans, and may in the future avail, such loans that may be recalled by the lenders at any time.*

Our Company, certain of our Subsidiaries and certain of Group Companies have availed and may in the future avail, secured and unsecured loans which may be recalled by the lenders at any time. In such cases, the lender is empowered to require repayment of the facility at any point in time during the tenor. In case the loan is recalled on demand by the lender and our Company or the relevant Subsidiary or the relevant Group Company is unable to repay the outstanding amounts under the facility at that point, it would constitute an event of default under the respective loan agreements. As a result, of any such demand with respect to the loans of our Company and our Subsidiaries may affect our business, cash flows, financial condition and results of operations and any such demand with respect to the loans of our Group Companies may affect their business, cash flows, financial condition and results of operations. As on March 31, 2023, we had unsecured loans of Rs. 64.28 crores. As on March 31, 2023, we have secured loans of Rs. 5.54 crores.

For further details, see “*Financial Indebtedness*”, and “*Group Companies*” beginning on pages 204 and 136, respectively.

39. *We are subject to the risk of failure of, or weakness in, our internal control systems, which may have an adverse impact on our business, financial condition, results of operations and prospects.*

In order to manage our growth effectively, we must implement, upgrade and improve our operational systems, procedures and internal controls on a timely basis. If we fail to implement these systems, procedures and controls on a timely basis, or if there are weaknesses in our internal controls that would result in inconsistent internal standard operating procedures, we may not be able to meet our customer’s needs, hire and retain new employees or operate our business effectively. Moreover, our ability to sustain our rate of growth depends significantly upon our ability to select and retain key managerial personnel, maintaining effective risk management policies and training managerial personnel to address emerging challenges. We cannot assure you that our existing or future management, operational and financial systems, procedures and controls will be adequate to support future operations or establish or develop business relationships beneficial to future operations.

40. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements and capital expenditures.*

Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements and capital expenditures. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements.

We cannot assure you that we will be able to pay dividends in the future. For details of dividend paid by our Company in the past, see “*Dividend Policy*” on page 141 of this Draft Prospectus.

41. *The contracts in our order book may be adjusted, cancelled or suspended by our customers and, therefore our order book is not necessarily indicative of our future revenues or profit.*

There can be no assurance that our order book will actually be realized as revenues or, if realized, will result in profits. All of our contracts are subject to cancellation, termination, or suspension at the discretion of the customer at any stage of the contract. In addition, the contracts in our order book are subject to changes in the scope of services and products to be supplied as well as adjustments to the costs relating to the contracts or place of delivery. Projects can remain in order book for extended periods of time because of the nature of the project and the timing of the particular services required by the project. In addition, even where a project proceeds as scheduled, it is possible that contracting parties may default and fail to pay amounts owed. There may also be disputes in relation to our order book. Any delay, cancellation, dispute or payment default could adversely affect our business, results of operations and financial condition.

42. *Enforcement of pledge of shares held by our Company in our Subsidiaries, in favor of lenders to our Subsidiaries, may adversely affect our business and results of operations.*

Our Subsidiary SBESPL has pledged their shares to Bank of Baroda. If we fail to satisfy our debt service obligations as they become due, the lenders could exercise their creditors' rights, and enforce the pledge of shares held by our Company in such Subsidiaries. If this occurs, we would not be able to continue operate properly as our working capital would get lower. If we are unable to source funds to repay such indebtedness within the period specified by the creditors, the creditors could sell our shares to third parties. We may not be able to repurchase the shares and a large part of our Subsidiaries would be held by lenders and third parties which would adversely affect our business and the results of operation.

43. *The outbreak of COVID-19 or outbreak of any other severe communicable disease could have a potential impact on our business, financial condition and results of operations.*

An outbreak of a novel strain of coronavirus (COVID-19) was recognized by the World Health Organization as a public health emergency of international concern on January 30, 2020, and as a pandemic on March 11, 2020. The outbreak of COVID-19 has significantly and adversely impacted and will likely continue to impact economic activity and has contributed to significant volatility in global financial markets and led to operational challenges. It is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis, stagnation, recession or depression, despite monetary and fiscal interventions by governments and central banks globally. In particular, a number of governments and organizations have revised GDP growth forecasts for 2021 downwards in response to the economic slowdown caused by the spread of COVID-19, and it is possible that the COVID-19 pandemic will cause a prolonged global economic crisis or recession. In response to the COVID-19 outbreak, the governments of many countries, including India have taken preventive or protective actions, such as issuing advisories and imposing country or state wide lockdowns, including restrictions on travel and temporary closure of business operations and increased remote working protocols, which have significantly slowed down economic activity. On March 14, 2020, India declared COVID-19 as a notified disaster and imposed a nationwide lockdown announced on March 24, 2020. Since our Solapur waste processing plant was covered under essential services category, it was under operations during COVID-19. While there have been progressive relaxations and calibrated easing of lockdown measures by the Government, we cannot predict if stricter lockdowns will not be re-introduced or extended in the future.

External Risk Factors

44. *A decline in economic growth or political instability nationally or internationally or changes in the Government in India could adversely affect our business.*

Our performance and the growth of our business are necessarily dependent on the health and performance of the overall Indian economy. In the recent past, Indian economy has been affected by global economic uncertainties and liquidity crisis, domestic policy and political environment, volatility in interest rates, currency exchange rates, commodity and electricity prices, adverse conditions affecting agriculture, rising inflation rates and various other factors. Risk management initiatives by banks and lenders in such circumstances could affect the availability of funds in the future or the withdrawal of our existing credit facilities. The Indian economy is undergoing many changes and it is difficult to predict the impact of certain fundamental economic changes on our business. Conditions outside India, such as a slowdown or recession in the economic growth of other major countries, especially the United States, have an impact on the growth of the Indian economy. Additionally, an increase in trade deficit, a downgrading in India's sovereign debt rating or a decline in India's foreign exchange reserves could negatively affect interest rates and liquidity, which could adversely affect the Indian economy and our business. Any downturn

in the macroeconomic environment in India could adversely affect our business, financial condition, results of operation and the trading price of our Equity Shares. Volatility, negativity, or uncertain economic conditions could undermine the business confidence and could have a significant impact on our results of operations. Changing demand patterns from economic volatility and uncertainty could have a significant negative impact on our results of operations.

Further, our performance and the market price and liquidity of the Equity Shares may be affected by changes in exchange rates and controls, interest rates, government policies, taxation, social and ethnic instability and other political and economic developments affecting India. The GoI has traditionally exercised and continues to exercise a significant influence over many aspects of the economy. Our business, the market price and liquidity of the Equity Shares may be affected by changes in GoI policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India.

45. *We are subject to regulatory, economic, social and political uncertainties and other factors beyond our control.*

We are incorporated in and our operations are in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- changes in India's tax, trade, fiscal or monetary policies;
- prevailing regional conditions,
- any downgrading of India's debt rating by a domestic or international rating agency;
- financial instability in financial markets; and
- other significant regulatory or economic developments in or affecting India.

In addition, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations and financial condition and the price of the Equity Shares.

46. *If there is any change in tax laws or regulations, or their interpretation, such changes may significantly affect our financial statements for the current and future years, which may have a material adverse effect on our financial position, business and results of operations.*

Having our business operations in multiple jurisdictions, we are subject to varying central and state tax regimes. The applicable categories of taxes and tax rates also vary significantly from jurisdiction to jurisdiction, which may be amended from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned, and expenditure incurred. Our business and financial performance may be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business or the regulator enforcing them may adversely affect our results of operations.

To the extent that we are entitled to certain tax benefits in India which are available for a limited period of time, our profitability will be affected if such benefits will no longer be available, or are reduced or withdrawn prematurely or if we are subject to any dispute with the tax authorities in relation to these benefits or in the event we are unable to comply with the conditions required to be complied with in order to avail ourselves of each of these benefits. See "*Statement of Special Tax Benefits*" on page 68 for details in relation to possible tax benefits available to our Company. In the event that any adverse development in the law or the manner of its implementation affects our ability to benefit from these tax incentives, our business, results of operations, financial condition and prospects may be adversely affected.

Changes in the operating environment, including changes in tax law, could impact the determination of our tax liabilities for any given tax year. Taxes and other levies imposed by the Government of India that affect our industry include income tax, goods and services tax and other taxes, duties or surcharges introduced from time to time.

The tax scheme in India is extensive and subject to change from time to time and any adverse changes in any of the taxes levied by the Government of India may adversely affect our competitive position and profitability. We cannot assure you that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the countries in which we operate may materially and adversely affect our business, results of operations and financial condition. In addition, we may have to incur expenditure to comply with the requirements of any new regulations, which may also materially harm our results of operations. We are also subject to these risks in all our overseas operations depending on each specific country. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities. As a result, any such changes or interpretations may adversely affect our business, financial condition and financial performance. Further, changes in capital gains tax or tax on capital market transactions or sale of shares may affect investor returns.

47. Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

48. The ability of Indian companies to raise foreign capital may be constrained by Indian law.

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition.

Risks Relating to the Equity Shares and the Issue

49. We may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Previously, any gain realized on the sale of listed equity shares on or before March 31, 2018 on a stock exchange held for more than 12 months was not subject to long term capital gains tax in India if Securities Transaction Tax ("STT") was paid on the sale transaction and additionally, as stipulated by the Finance Act, 2017, STT had been paid at the time of acquisition of such equity shares on or after October 1, 2004, except in the case of such acquisitions of Equity Shares which are not subject to STT, as notified by the Central Government under notification no. 43/2017/F. No. 370142/09/2017-TPL on June 5, 2017. However, the Finance Act, 2018, now seeks to tax on such long-term capital gains exceeding ₹ 100,000 arising from sale of equity shares on or after April 1, 2018, while continuing to exempt the unrealized capital gains earned up to January 31, 2018 on such Equity Shares. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

50. Any future issuance of Equity Shares may dilute your shareholding and sales of our Equity Shares by our Promoter or other major shareholders may adversely affect the trading price of the Equity Shares.

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by us, including through exercise of employee stock options may dilute your shareholding in our Company, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoters or other significant shareholders may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences for us including difficulty in raising debt or equity financing. In addition, any perception by investors that such issuances or sales might occur may also affect the trading price of

our Equity Shares. We cannot assure you that we will not offer Equity Shares or that our shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

51. *The Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.*

The Issue Price of the Equity Shares will be determined by our Company and the Selling Shareholders in consultation with the Managers, and through the Book Building Process. This price will be based on numerous factors, as described under “*Basis for Issue Price*” on page 64 and may not be indicative of the market price for the Equity Shares after the Issue. The market price of the Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that the investor will be able to resell their Equity Shares at or above the Issue Price.

52. *The Equity Shares have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.*

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is proposed to be determined through a book-building process and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event, our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) day of receipt of such notification. Our Company shall also promptly inform BSE SME on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals from BSE SME, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Prospectus.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the Lead Manager have entered into a tripartite agreement on March 30, 2023 with Arihant Capital Markets Limited; the Market Maker for this Issue, duly registered with BSE SME to fulfill the obligations of Market Making:

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.

2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of BSE Limited and SEBI from time to time.
3. The Market Maker is required to comply with SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012 and SEBI ICDR Regulations and relevant Exchange Circulars requirement for Market Makers on SME platform.
4. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of BSE (in this case currently the minimum trading lot size is 600 equity shares; however, the same may be changed by the SME platform of BSE from time to time).
5. In terms of regulation 261(1) of SEBI ICDR Regulations 2018, the Market Making arrangement through the Market Maker will be in place for a period of three years from the date of listing of our Equity Shares and shall be carried out in accordance with SEBI ICDR Regulations and the circulars issued by the BSE and SEBI regarding this matter from time to time.
6. In terms of regulation 261(2) of SEBI ICDR Regulations 2018, The market maker or issuer, in consultation with the lead manager(s) may enter into agreements with the nominated investors for receiving or delivering the specified securities in market making, subject to the prior approval of the BSE SME.
7. The minimum depth of the quote shall be Rs. 1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
8. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
9. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
10. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
11. The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a three month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

13. **Risk containment measures and monitoring for Market Makers:** SME Platform of BSE will have all margins which are applicable on the BSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary

from time-to-time.

14. Punitive Action in case of default by Market Maker: SME Platform of BSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.

Price Band and Spreads: Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Markets Makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buyquote (including mandatory initial inventory of 5% of the Issue Size)
Upto Rs 20 crores	25%	24%
Rs 20 crores to Rs 50 crores	20%	19%
Rs 50 crores to Rs 80 crores	15%	14%
Above Rs 80 crores	12%	11%

The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size upto Rs. 250 crores, the applicable price bands for the first day shall be:

- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.
- The trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time. The following spread will be applicable on the SME platform:

S. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to sale price)
1	Upto 50	9
2	50 to 75	8
3	75 to 100	7
4	Above 100	6

The Marketing Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and/or norms issued by SEBI/BSE from time to time.

9. Details of Promoters' contribution locked in for three years

Pursuant to Regulations 236 and 238 of SEBI ICDR Regulations, an aggregate of 20% of the post-Issue paid up capital of our Company held by our Promoter, shall be considered as the minimum Promoters' contribution and locked-in for a period of three years from the date of Allotment ("**Promoters' Contribution**") and our Promoters' shareholding in excess of 20% shall be locked in for a period of one year from the date of Allotment.

The lock-in of the Promoters' Contribution would be created as per applicable law and procedures and details of the same shall also be provided to the Stock Exchanges before the listing of the Equity Shares.

Our Promoters have consented to the inclusion of such number of Equity Shares held by them, in aggregate, as may constitute

20% of the post-Issue Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner the Promoters' Contribution from the date of filing of this Draft Prospectus, until the commencement of the lock-in period specified above, or for such other time as required under the SEBI ICDR Regulations. Details of the Promoters' Contribution are as provided below:

Date of allotment of the Equity Shares	Nature of Allotment	Number of Equity Shares	Face value (₹)	Issue / acquisition/transfer price per Equity Share(₹)#	Nature of consideration	Percentage of Pre-Offer Equity Share Capital (%)	Percentage of Post- Offer Equity Share Capital (%)
Sarang Bhand							
September 20, 2022	Bonus (300:1)	15,39,855	10	Nil	Nil	29.62%	20.00%
		15,39,855	10			29.62%	20.00%

The Promoters' Contribution has been brought into the extent of not less than the specified minimum lot and from persons defined as 'promoters', as required under the SEBI ICDR Regulations.

The Equity Shares that are being locked-in are not ineligible for computation of Promoters' Contribution under the SEBI ICDR Regulations. In this computation, as per Regulation 15 of the SEBI ICDR Regulations, our Company confirms that the Equity Shares which are being locked-in do not, and shall not, consist of:

- Equity Shares acquired during the preceding three years (a) for consideration other than cash and revaluation of assets or capitalization of intangible assets is involved in such transactions; or (b) arising from bonus shares out of revaluation reserves or unrealized profits of our Company or bonus shares issued against Equity Shares which are otherwise ineligible for computation of Promoters' Contribution;
- Equity Shares acquired during the one year preceding the date of this Draft Prospectus, at a price lower than the price at which the Equity Shares are being offered to the public in the Issue; and
- Equity Shares held by the Promoters that are subject to any pledge or any other form of encumbrance.
- Our Company has not been formed by the conversion of a partnership firm into a company and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm.
- All the Equity Shares held by the Promoters are held in dematerialized form.

10. Details of share capital locked-in for one year:

Except for the Promoters' Contribution, which shall be locked-in as above, the entire pre-Issue capital of our Company shall be locked in for a period of one year from the date of Allotment.

11. Other requirements in respect of lock-in:

The Equity Shares held by the Promoters which are locked-in for a period of one year from the date of Allotment may be pledged as a collateral security for a loan granted by a scheduled commercial bank or public financial institution or a systemically important non-banking finance company or a housing finance company, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans. Provided that such lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the Equity Shares till the lock-in period has expired.

The Equity Shares held by the Promoters and subject to lock-in may be transferred to and among the Promoters, members of the Promoter Group or to any new promoter, subject to continuation of the lock-in in the hands of the transferees for the remaining period and in compliance with the SEBI Takeover Regulations, as applicable and such transferee shall not be eligible to transfer them till the lock-in period stipulated in the SEBI ICDR Regulations has expired.

Further, in terms of the SEBI ICDR Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue and subject to lock-in, may be transferred to any other person holding Equity Shares which are locked in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock-in in the hands of the transferee for the remaining period and compliance with the provisions of the SEBI Takeover Regulations, as applicable.

Our Company intends to utilize the Net Issue Proceeds for the following Objects (“*Objects of the Issue*”):

1. Reduction of the aggregate outstanding borrowings of our Company
2. Towards general corporate purposes

In addition to the aforementioned objects, our Company intends to strengthen its capital base and expects to receive the benefits of listing of the Equity Shares on BSE SME, including among other things, enhancing the visibility of our brand and our Company among our existing and potential customers.

We believe that listing will enhance our corporate image and brand name and create a public market for Equity Share of our Company in India and will further enable us to avail future growth opportunities. Our company is engaged in the business of providing engineering services focused on environmental solutions and provides waste management solutions across waste types and across the value chain. Our Company has been providing sustainable waste management solutions in India since 2008. Incorporated by technocrats our focus primarily has been on developing robust, cost effective & environment friendly technologies that are simple to operate. We have proven technology and capability of successfully running a Waste to Energy (WTE) plant developed on the back of anaerobic biomenthanation technology.

The main object clause and the ancillary object clause of the Memorandum of Association of our Company enables us to undertake our existing activities and the activities for which we are raising funds through the Issue. The existing activities of our Company are within the object clause of our Memorandum. The Fund requirement and deployment is based on internal management estimates and has not been appraised by any bank and financial institution.

Means of Finance:

The above-mentioned fund requirement will be met from the proceeds of the Issue. We intend to fund the shortfall, if any, from internal accruals.

The fund requirements mentioned above are based on the internal management estimates of our Company and have not been verified or appraised by any bank, financial institution or any other external agency. They are based on current requirements of our business and our Company may have to revise its estimates from time to time on account of various factors beyond its control, such as market conditions, competitive environment, costs of commodities and interest or exchange rate fluctuations. Consequently, the fund requirements of our Company are subject to revisions in the future at the discretion of the management. In the event of any shortfall of funds for the activities proposed to be financed out of the Net Proceeds as stated above, our Company may re-allocate the Net Proceeds to the activities where such shortfall has arisen, subject to compliance with applicable laws. Further, in case of a shortfall in the Net Proceeds, our management may explore a range of options including utilising our internal accruals or seeking debt financing.

The fund requirements set out for the aforesaid objects of the Issue are proposed to be met entirely from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Issue as required under the SEBI (ICDR) Regulations.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the chapter titled "**Risk Factors**" beginning on page no. 17 of this Draft Prospectus.

Details of the use of the proceeds

1. Reduction of the aggregate outstanding borrowings of our Company

Our Company has availed loans in the ordinary course of business for the purposes including but not limited to meeting working capital requirements, financing capital expenditure, meeting vehicle loan requirements, etc.

Our Company proposes to utilize an aggregate amount of Rs. 3750.40 lakhs from the Net Proceeds towards reduction of the aggregate outstanding borrowings of our Company. The selection of borrowings proposed to be prepaid, repaid (earlier or scheduled) out of the borrowings provided above, shall be based on various factors including (i) any conditions attached to

the borrowings restricting our ability to prepay the borrowings and time taken to fulfil such requirements, (ii) receipt of consents for prepayment or waiver from any conditions attached to such prepayment from our respective lenders, (iii) terms and conditions of such consents and waivers, (iv) levy of any prepayment penalties and the quantum thereof, (v) provisions of any law, rules, regulations governing such borrowings, and (vi) other commercial considerations including, among others, the interest rate on the loan facility, the amount of the loan outstanding and the remaining tenor of the loan. Payment of interest, prepayment penalty or premium, if any, and other related costs shall be made by us out of the Net Proceeds of the Fresh Issue.

Given the nature of these borrowings and the terms of repayment/ pre-payment, the aggregate outstanding loan amounts may vary from time to time. In addition to the above, we may, from time to time, enter into further financing arrangements and draw down funds thereunder. In such cases or in case any of the above loans are repaid/ pre-paid or further drawn- down prior to the completion of the Issue, we may utilize Net Proceeds towards repayment/ pre-payment of such additional indebtedness.

The repayment or pre-payment will help reduce our outstanding indebtedness and debt servicing costs on a consolidated basis, assist us in maintaining a favourable debt to equity ratio and enable utilization of our internal accruals for further investment in business growth and expansion. In addition, we believe that the debt-to-equity ratio of our Company on a consolidated basis will improve enabling us to raise further resources in the future to fund potential business development opportunities and plans to grow and expand our business in the future.

The following table sets forth details of certain borrowings availed by our Company, on a consolidated basis, which our Company plans to prepay or repay:

Sr. No.	Name of the lender	Outstanding amount to be repaid as at 10 th August, 2023 (in Rs. lakhs)	Repayment date / Schedule	Interest rate as at 10 th August, 2023	Nature of the loan	Purpose of the loan	Security
1.	Horizon Impex Private Limited	1,000.00	On or before 30.04.2024	13.5% p.a.	Inter-corporate deposit	Meeting working capital requirements	Unsecured
2.	Aegis Warehousing Services Private Limited	2,528.80	On or before 31.03.2028	12% p.a.	Inter-corporate deposit		Unsecured
3.	Prash Builders Private Limited	221.60	On or before 31.03.2028	6% p.a.	Inter-corporate deposit		Unsecured
	Total	3,750.40					

There are no pre-payment penalty clauses in any of the above borrowings. The auditor has certified *vide* his letter dated August 11, 2023 that the aforementioned borrowings have been deployed by the Company for the purposes mentioned in their respective agreement /sanction letter of such borrowings.

2. Towards general corporate purposes

In terms of the SEBI (ICDR) Regulations, the extent of the Net Proceeds proposed to be used for general corporate purposes is estimated not to exceed 25% of the proceeds of the gross issue.

Our management will have flexibility in applying Rs. [●] of the Net Proceeds towards general corporate purposes, including but not restricted to financing working capital requirements, capital expenditure, acquiring business premises, meeting exigencies, acquisition of businesses, etc. or any other purpose as may be approved by our Board, subject to compliance with the necessary provisions of the Companies Act.

Our management in accordance with the policies of the Board, will have flexibility in utilizing any amounts for general corporate purposes under the overall guidance and policies of our Board. The quantum of utilization of funds towards any of the purposes will be determined by the Board, based on the amount actually available under this head and the business

requirements of our Company from time to time.

Public Issue Expense

The estimated Issue related expenses include Issue Management Fee, Marketing Fee, Underwriting and Selling Commissions, Printing and Distribution Expenses, Legal Advisor's Fee, Advertisement Expenses, Registrar's Fees, Depository Fee, Stock Exchange charges and Listing Fee. The total expenses for this Issue are estimated to be approximately Rs. [●] Lakhs. All the Issue related expenses shall be met out of the proceeds of the Issue and the break-up of the same is as follows

Particulars	Expenses	% in Total Issue of expense	% of Total Issue Size

Appraisal by Appraising Agency

None of the Objects have been appraised by any bank or financial institution or any other independent third-party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including variations in interest rate structures, changes in our financial condition and current commercial conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals.

Bridge Financing Facilities

As of the date of this Draft Prospectus, our Company has not raised any bridge loans which are required to be repaid from the Net Proceeds.

Monitoring Utilization of Funds

As the size of the Fresh Issue does not exceed Rs. 10,000 Lakhs, in terms of Regulation 262 of the SEBI (ICDR) Regulations, 2018, our Company is not required to appoint a monitoring agency for the purposes of this Issue. Our Board and Audit Committee shall monitor the utilization of the Net Proceeds.

Pursuant to Regulation 32 of the SEBI (LODR) Regulation, 2015, our Company shall on a half yearly basis disclose to the Audit Committee the uses and application of the Net Proceeds. Until such time as any part of the Net Proceeds remains unutilized, our Company will disclose the utilization of the Net Proceeds under separate heads in our Company's balance sheet(s) clearly specifying the amount of and purpose for which Net Proceeds have been utilized so far, and details of amounts out of the Net Proceeds that have not been utilized so far, also indicating interim investments, if any, of such unutilized Net Proceeds. In the event that our Company is unable to utilize the entire amount that we have currently estimated for use out of the Net Proceeds in a Fiscal Year, we will utilize such unutilized amount in the next financial year. Further, in accordance with Regulation 32(1)(a) of the SEBI (LODR) Regulation, 2015 our Company shall furnish to the Stock Exchanges on a half yearly basis, a statement indicating material deviations, if any, in the utilization of the Net Proceeds for the objects stated in this Draft Prospectus.

Interim Use of Proceeds

Pending utilization of the Issue proceeds of the Issue for the purposes described above, our Company will deposit the Net Proceeds with scheduled commercial banks included in schedule II of the RBI Act.

Our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any listed Company or for any investment in the equity markets or investing in any real estate product or real estate linked products.

Variation in Objects

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the Issue without our Company being authorized to do so by the Shareholders by way of a special resolution through a postal ballot. Further, pursuant to Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, our Company shall on half- yearly basis disclose to the Audit Committee the applications of the proceeds of the Issue. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (“Postal Ballot Notice”) shall specify the prescribed details as required under the Companies Act. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in Hindi, the vernacular language of the jurisdiction where the Registered Office is situated. Our Promoters will be required to provide an exit opportunity to such shareholders who do not agree to the above stated proposal, at a price as may be prescribed by SEBI Regulations, in this regard.

Other Confirmations

There are no material existing or anticipated transactions with our Promoters, our Directors, our Company’s Key Managerial Personnel in relation to the utilization of the Net Proceeds. No part of the Net Proceeds will be paid by us as consideration to our Promoters, our Directors or Key Managerial Personnel except in the normal course of business and in compliance with the applicable laws.

BASIS FOR ISSUE PRICE

The Issue Price has been determined by our Company, in consultation with the Lead Managers, on the basis of assessment of market demand for the Equity Shares offered in the Issue and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 10 each and the Issue Price is 20 times the face value. Investors to see “*Our Business*”, “*Risk Factors*” and “*Financial Statements*” beginning on page no. 86, 17 and 142 respectively, to have an informed view before making an investment decision.

5. Comparison of Accounting Ratios with Listed Industry Peers

We believe there is no other listed company which is specifically comparable to us w.r.t our business model, size and financials.

6. The Issue Price is 20 times of the face value of the Equity Shares.

The Issue Price of ₹ 200 per Equity Share has been determined by our Company, in consultation with the Lead Managers, on the basis of assessment of market demand from investors for Equity Shares and, is justified in view of the above qualitative and quantitative parameters. Investors should read the above-mentioned information along with “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Financial Statements” beginning on page no. 17, 86, 210 and 142 respectively, to have a more informed view. The trading price of the Equity Shares could decline due to factors mentioned in “Risk Factors” beginning on page no. 17 and you may lose all or part of your investments.

7. Key Performance Indicators

Set forth below are details as of and for the Financial Years ended March 31, 2021, March 31, 2022 and March 31, 2023 along with appropriate explanation of the KPIs material to our business, as identified by our Company as would have a bearing upon the basis for the Issue Price. The KPIs disclosed below have been used historically by our Company to understand and analyze the business performance, which in result, help us in analyzing the growth of our business in comparison to our peers.

Further, the members of the Audit Committee have confirmed that there are no KPIs pertaining to our Company that have been disclosed to any investors at any point of time during the three (3) years period prior to the date of filing of the Draft Prospectus.

Our Company confirms that it shall continue to disclose all the KPIs included in this section on a periodic basis, at least once in a year (or any lesser period as determined by the Board of our Company), for a duration of one year after the date of listing of the Equity Shares on the Stock Exchange or till the complete utilisation of the proceeds of the Fresh Issue as per the disclosure made in section “Objects of the Issue”, whichever is later or for such other duration as may be required under the SEBI ICDR Regulations.

The KPIs included herein have been approved by the Audit Committee in its meeting dated August 4, 2023. Additionally, the KPIs have been certified by way of certificate dated August 11, 2023, issued by M/s. Jayesh Sanghrajka & Co. LLP, Chartered Accountants, who hold a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India. The certificate dated August 11, 2023 issued by M/s. Jayesh Sanghrajka & Co. LLP, Chartered Accountants has been included in “Material Contracts and Documents for Inspection – Material Documents” on page 316.

Particulars	FY 2022-23	FY 2021-2022	FY 2020-2021	CAGR
Revenue from Operations (₹ in lakhs)	2,471.93	1,461.37	1,252.38	40.49%
EBITDA (₹ in lakhs)	1,149.45	214.08	326.89	87.52%
EBITDA Margin (%)	46.50%	14.65%	26.10%	
PAT (₹ in lakhs)	365.38	(534.65)	(449.22)	N.A.
PAT Margin (%)	14.78%	(36.59%)	(35.87%)	
RoE (%)	21.76%	(49.67%)	(28.64%)	
RoCE (%)	13.06%	3.91%	5.41%	

Notes:

- “EBITDA” and “EBITDA margin” are Non-GAAP financial measures. EBITDA refers to our restated profit for the year/period, as adjusted to exclude (i) depreciation and amortization expenses, (ii) finance costs and (iii) total tax expenses. EBITDA Margin refers to the percentage margin derived by dividing EBITDA by revenue from operations.
- “RoE” means return on equity, which represents Profit after tax during the relevant year / period divided by Average Equity. Average equity is calculated as average of opening and closing balance of total equity for the year / period.

- “RoCE” means return on capital employed, which represents EBIT (Earnings before Interest and Tax) during the relevant year/period as a percentage of capital employed. Capital employed is the total of all types of capital, other equity, total borrowings, total lease liabilities and deferred tax liabilities (net) less deferred tax assets (net) as of the end of the relevant year/period.

Explanation for the KPIs regarding usage by management to historically analyze, track and monitor the operational and/or financial performance of the Company:

KPI	Description
Revenue from operations	Revenue from operations represents the total turnover of the business as well as provides information regarding the year over year growth of our Company
EBITDA	EBITDA provides information regarding the operational efficiency of the business and is considered by the management as an important element to monitor business growth in absolute term irrespective of the sales mix.
EBITDA Margin	EBITDA Margin is an indicator of the operational profitability and financial performance of our business. However, the same is not used to assess year-on-year performance since the margin is greatly affected by the sales mix as explained in the KPI of quantity sold and processed.
PAT	Profit after tax provides information regarding the overall profitability of the business from all the segments explained above.
PAT margin	PAT Margin is an indicator of the overall profitability and financial performance of our business in reference to the turnover.
RoE	RoE provides how efficiently our Company generates profits from shareholders’ funds
RoCE	RoCE provides how efficiently our Company generates earnings from the capital employed in the business

We shall continue to disclose these KPIs, atleast on an annual basis, for a duration that is at least the later of (i) one (1) year after the listing date; or (ii) till the utilization of the issue proceeds disclosed in the Objects of the Issue section of the Draft Red Herring Prospectus. We confirm that the ongoing KPIs would be certified by the Statutory Auditor of our Company.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY, ITS MATERIAL SUBSIDIARY AND SHAREHOLDERS OF THE COMPANY UNDER THE APPLICABLE DIRECT TAX LAWS

A. Direct taxation

Statement of special tax benefits available to Organic Recycling Systems Limited (formerly known as Organic Recycling Systems Private Limited) (the ‘Company’), Solapur Bio-energy Systems Private Limited and Organic Waste India Private Limited, its material subsidiaries (together referred to as ‘Group’) and its shareholders under the Income Tax Act, 1961 (the ‘Act’) (read with Income Tax Rules, circulars, notifications) as amended by the Finance Act, 2020 (hereinafter referred to as the ‘Income Tax Regulations’)

1. Special tax benefits to the Company under the Income Tax Regulations:

The Company has evaluated provisions of Section 115BAA and decided to opt for the lower corporate tax rate of 25.168% with effect from the Financial Year 2020-21. Such option has been exercised by the Company while filing its return for the Financial Year 2020-21 within the due date prescribed under sub-section (1) of section 139 of the Act.

2. Special tax benefits to the shareholders of the Company under Income Tax Regulations:

No special tax benefits are available to the shareholders of the Company under the Income Tax Regulations.

3. Special tax benefits to Solapur Bio-energy Systems Private Limited & Organic Waste India Private Limited, a material subsidiary of the Company, under the Income Tax Regulations:

As per Section 2 of chapter II of Finance Act, 2022 (Rates of Income-tax), Income-tax shall be charged at the rates specified in Part III of the First Schedule. Since the Company’s turnover is less than RS. 400 crore in the previous year 2021-22, it can avail special tax rate of 25% (plus applicable surcharge and health and education cess) on the total income.

Further, the Company has an option as per the provisions of Section 115BAA of the Income tax Act, 1961 (“the Act”) to opt for reduced tax rate of 22% (plus applicable surcharge and health and education cess) subject to fulfillment of certain conditions specified in the said Section. Under this option, the Company will not be eligible to claim some special exemptions and deductions. Further, in order to avail the benefit of lower tax rate, the Company has to opt for the same on or before the filing of Income-tax return for respective year. It is pertinent to note that in case where a Company does not opt for the lower tax rate, the Company would be liable to pay tax at the rate of 25% (plus applicable surcharge and health and education cess).

Notes:

1. These special tax benefits are dependent on the Company, its shareholders and material subsidiary fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company, its shareholders and material subsidiary to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company, its shareholders and material subsidiary may or may not choose to fulfil. The special tax benefits discussed in the Statement are not exhaustive.
2. The Statement is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer.

3. The Statement is prepared on the basis of information available with Management of the Company and there is no assurance that:
 - i. the Company, its shareholders and material subsidiary will continue to obtain these benefits in future;
 - ii. the conditions prescribed for availing the benefits have been/ would be met with; and
 - iii. the Revenue authorities/Courts will concur with the view expressed herein.
4. The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time.

SECTION VI – ABOUT OUR COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from reports publicly available documents and information, including, but not limited to, materials issued or commissioned by the Government of India and certain of its ministries, trade and industry-specific publications and other relevant third-party sources.

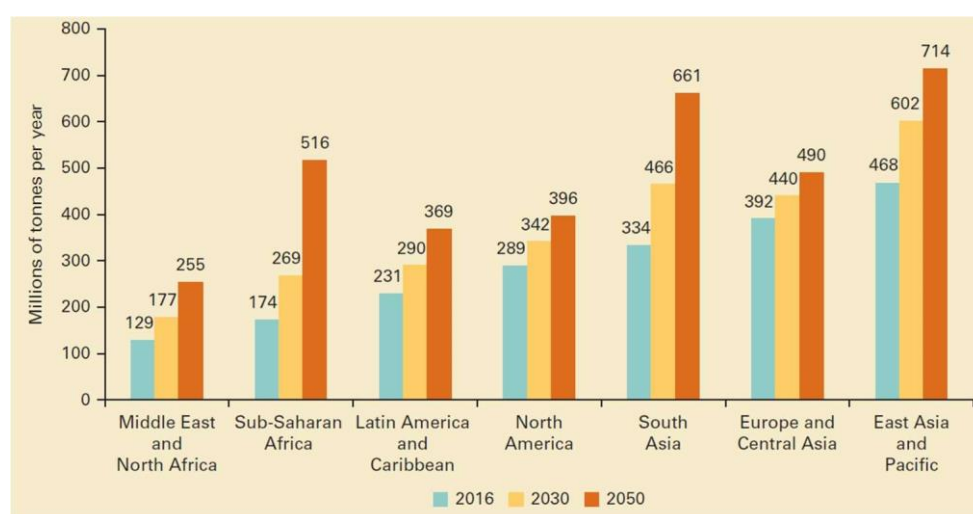

Industry websites and publications generally state that the information contained therein has been obtained from sources believed to be reliable, but their accuracy and completeness are not guaranteed, and their reliability cannot be assured. While the Company has exercised reasonable care in relying on such government, industry, market and other relevant data in this document, it has not been independently verified by the Company or any of its advisors, nor the Lead Manager or any of its respective advisors, and should not be relied on as if it had been so verified.

GLOBAL OVERVIEW OF WASTE MANAGEMENT (<https://openknowledge.worldbank.org/handle/10986/30317>)

The world generates 2.01 billion tonnes of municipal solid waste annually, with at least 33 percent of that—extremely conservatively—not managed in an environmentally safe manner. Worldwide, waste generated per person per day averages 0.74 kilogram but ranges widely, from 0.11 to 4.54 kilograms. Though they only account for 16 percent of the world’s population, high-income countries generate about 34 percent, or 683 million tonnes, of the world’s waste.

When looking forward, global waste is expected to grow to 3.40 billion tonnes by 2050, more than double population growth over the same period. Overall, there is a positive correlation between waste generation and income level. Daily per capita waste generation in high-income countries is projected to increase by 19 percent by 2050, compared to low- and middle-income countries where it is expected to increase by approximately 40% or more. Waste generation initially decreases at the lowest income levels and then increases at a faster rate for incremental income changes at low-income levels than at high income levels. The total quantity of waste generated in low-income countries is expected to increase by more than three times by 2050. The East Asia and Pacific region is generating most of the world’s waste, at 23 percent, and the Middle East and North Africa region is producing the least in absolute terms, at 6 percent. However, the fastest growing regions are Sub-Saharan Africa, South Asia, and the Middle East and North Africa, where, by 2050, total waste generation is expected to more than triple, double, and double respectively. In these regions, more than half of waste is currently openly dumped, and the trajectories of waste growth will have vast implications for the environment, health, and prosperity, thus requiring urgent action.

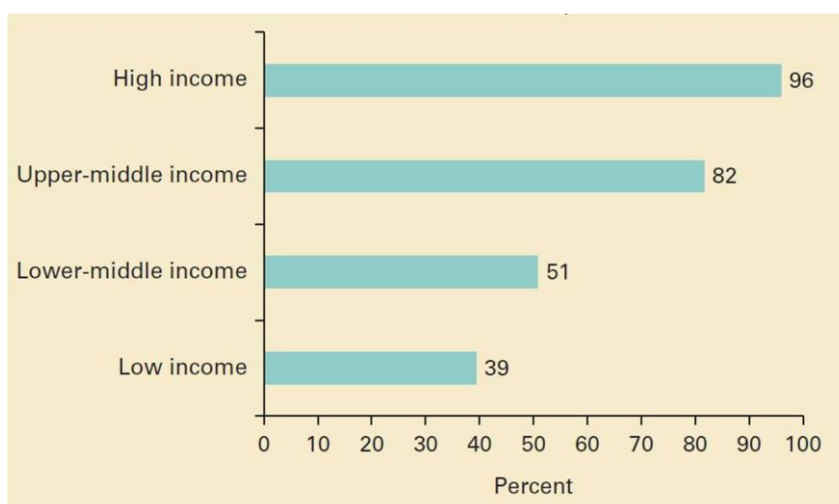

Projected waste generation, by region (millions of tonnes/year)

Waste collection is a critical step in managing waste, yet rates vary largely by income levels, with upper-middle- and high-income countries providing nearly universal waste collection. Low-income countries collect about 48 percent of waste in cities, but this proportion drops drastically to 26 percent outside of urban areas. Across regions, Sub-Saharan Africa collects about 44 percent of waste while Europe and Central Asia and North America collect at least 90 percent of waste.

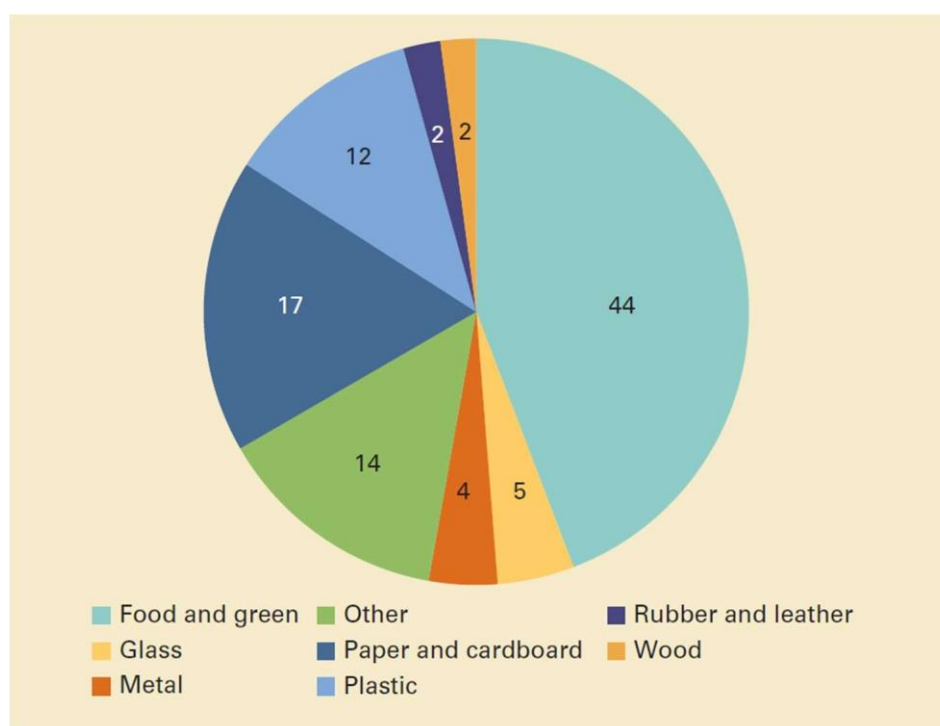

Waste collection rates, by income level (percent)

Waste composition differs across income levels, reflecting varied patterns of consumption. High-income countries generate relatively less food and green waste, at 32 percent of total waste, and generate more dry waste that could be recycled, including plastic, paper, cardboard, metal, and glass, which account for 51 percent of waste. Middle- and low-income countries generate 53 percent and 57 percent food and green waste, respectively, with the fraction of organic waste increasing as economic development levels decrease. In low-income countries, materials that could be recycled account for only 20 percent of the waste stream. Across regions, there is not much variety within waste streams beyond those aligned with income. All regions generate about 50 percent or more organic waste, on average, except for Europe and Central Asia and North America, which generate higher portions of dry waste.

Global waste composition (percent)

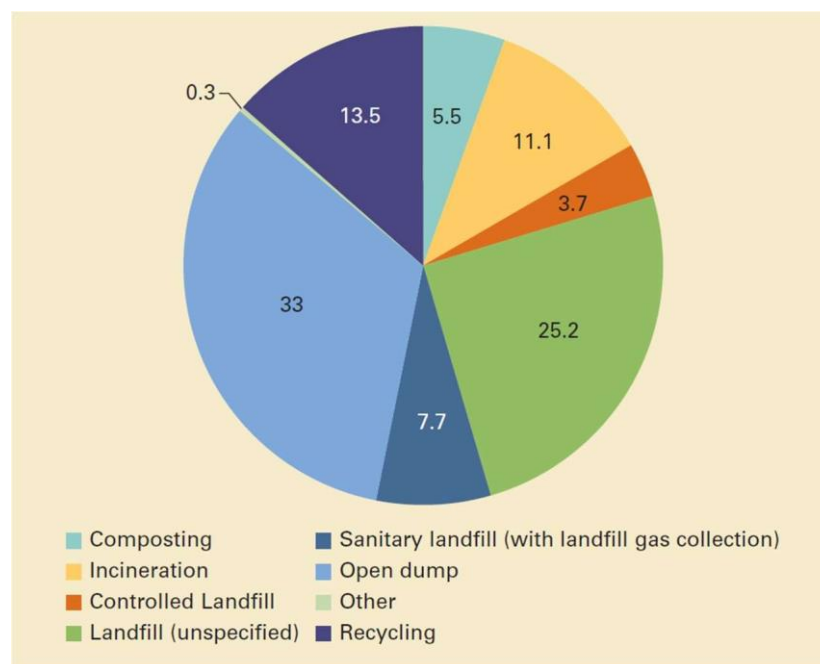

It is a frequent misconception that technology is the solution to the problem of unmanaged and increasing waste. Technology is not a panacea and is usually only one factor to consider when managing solid waste. Countries that advance from open

dumping and other rudimentary waste management methods are more likely to succeed when they select locally appropriate solutions. Globally, most waste is currently dumped or disposed of in some form of a landfill. Some 37 percent of waste is disposed of in some form of a landfill, 8 percent of which is disposed of in sanitary landfills with landfill gas collection systems. Open dumping accounts for about 31 percent of waste, 19 percent is recovered through recycling and composting, and 11 percent is incinerated for final disposal. Adequate waste disposal or treatment, such as controlled landfills or more stringently operated facilities, is almost exclusively the domain of high- and upper-middle-income countries. Lower-income countries generally rely on open dumping; 93 percent of waste is dumped in low-income countries and only 2 percent in high-income countries. Three regions openly dump more than half of their waste—the Middle East and North Africa, Sub-Saharan Africa, and South Asia. Upper-middle-income countries have the highest percentage of waste in landfills, at 54 percent. This rate decreases in high-income countries to 39 percent, with diversion of 36 percent of waste to recycling and composting and 22 percent to incineration. Incineration is used primarily in high-capacity, high-income, and land-constrained countries.

Global treatment and disposal of waste (percent)

Based on the volume of waste generated, its composition, and how it is managed, it is estimated that 1.6 billion tonnes of carbon dioxide (CO₂) equivalent greenhouse gas emissions were generated from solid waste treatment and disposal in 2016, or 5 percent of global emissions. This is driven primarily by disposing of waste in open dumps and landfills without landfill gas collection systems. Food waste accounts for nearly 50% of emissions. Solid waste-related emissions are anticipated to increase to 2.38 billion tonnes of CO₂-equivalent per year by 2050 if no improvements are made in the sector.

In most countries, solid waste management operations are typically a local responsibility, and nearly 70 percent of countries have established institutions with responsibility for policy development and regulatory oversight in the waste sector. About two-thirds of countries have created targeted legislation and regulations for solid waste management, though enforcement varies drastically. Direct central government involvement in waste service provision, other than regulatory oversight or fiscal transfers, is uncommon, with about 70 percent of waste services being overseen directly by local public entities. At least half of services, from primary waste collection through treatment and disposal, are operated by public entities and about one-third involve a public-private partnership. However, successful partnerships with the private sector for financing and operations tend to succeed only under certain conditions with appropriate incentive structures and enforcement mechanisms, and therefore they are not always the ideal solution.

Financing solid waste management systems is a significant challenge, even more so for ongoing operational costs than for capital investments, and operational costs need to be taken into account upfront. In high-income countries, operating costs for integrated waste management, including collection, transport, treatment, and disposal, generally exceed \$100 per tonne. Lower-income countries spend less on waste operations in absolute terms, with costs of about \$35 per tonne and sometimes higher, but these countries experience much more difficulty in recovering costs. Waste management is labour intensive, and costs of transportation alone are in the range of \$20–\$50 per tonne. Cost recovery for waste services differs drastically across income levels. User fees range from an average of \$35 per year in low-income countries to \$170 per year in high-income countries, with full or nearly full cost recovery being largely limited to high-income countries. User fee models may be fixed

or variable based on the type of user being billed. Typically, local governments cover about 50 percent of investment costs for waste systems, and the remainder comes mainly from national government subsidies and the private sector.

Status of Solid waste management in India (https://cpcb.nic.in/uploads/MSW/MSW_AnnualReport_2020-21.pdf)

The total quantity of Solid waste generated in the country is 160038.9 TPD of which 152749.5 TPD of waste is collected at a collection efficiency of 95.4%. 79956.3 TPD (50 %) of waste is treated and 29427.2 (18.4%) TPD is landfilled. 50655.4 TPD which is 31.7 % of the total waste generated remains un-accounted

Critical gaps & concerns

- i. Unaccounted waste: More than 31.7% of the solid waste generated in the state remains unaccounted for as per the Solid waste Management Report.
- ii. State-to-State variation in SWM: In addition to the overall gap of >25% reported in overall solid waste management, wide variation observed (0-100%) in state- to – state solid waste management. State-to-state processing of solid waste also shows wide variation (0- 85%).
- iii. Technology Adoption for SWM: While composting as a technology for Solid Waste Processing has been adopted by all States/ UTs; Waste to Energy Plants have been provided in only 6 States/ UTs Bio- methanation plants have not been provided in 14 States/UTs.

Landfill vs Dumpsites: Number of dumpsites in the country far exceeds the number of landfills sites; many states/UTs still do not have any landfill sites. Reclamation of dumpsites has started at a slow pace and some of the states/ UTs are yet to start the reclamation.

Areas requiring priority action

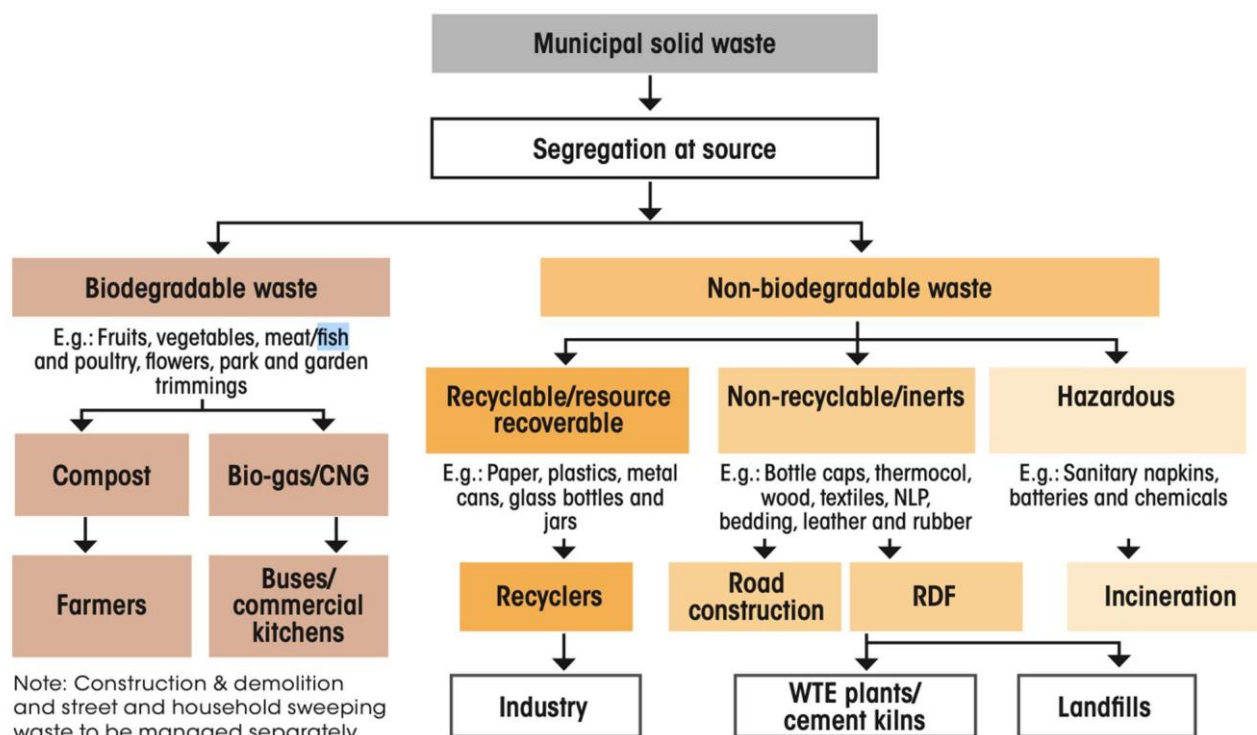

- i. Strengthening of infrastructure of SWM: State Urban Dept need to take up intensive measures for strengthening of infrastructure for Solid Waste Management including Solid Waste processing and remediation of dumpsites as well as adoption of technology for SWM.
- ii. Monitoring mechanism: SPCBs/ PCCs to follow a stringent mechanism to review implementation of Solid Waste Management Rules. Periodic review with District Administration/ State Urban Dept. to be conducted in accordance with Rule 16 (a) of SWM Rules. Issuing of Directions to concerned local authorities, Stakeholder consultation, and review through online portal to be adopted to strengthen enforcement.
- iii. Strengthening enforcement of SWM Rules: SPCBs/ PCCs need to strengthen enforcement both in terms of issuing authorization to Solid Waste Management facilities but also intensify environmental monitoring to ensure compliance with stipulated norms.
- iv. Data validation by SPCBs/ PCCs: SPCBs/ PCCS to validate the data submitted by the local authorities to ensure its authenticity& consistency,

The per capita per day solid waste generation has been estimated using the current (2021) estimated population and daily floating population. The per capita per day solid waste generation in the 28 cities is in the range of 0.19–0.99 kg and the average for all 28 cities is 0.39 kg. This is representative of the country-wide per capita waste generation, with bigger and more affluent cities adding more waste per day. For instance, Leh and Panaji, both tourist towns, have a much higher waste generation footprint than the country's average of 0.3–0.5 kg/day/person. Acts, Schemes, and Initiatives

ACTS (<https://cpcb.nic.in/>)

The following acts have been implemented and govern the overall waste management sector :

- SWM rules 2016
- Plastic waste management 2016
- Biomedical waste management rules 2016
- Hazardous and other waste management rules 2016
- E-waste rules 2016
- Battery waste management rules 2022
- Construction and demolition waste rules 2016

Salient Features of Solid waste Management Rules 2016 :

(<http://storage.unitedwebnetwork.com/files/26/24c903c44ec6d531ae67126ce12adc64.pdf>)

- Every Waste Generators shall segregate waste and store separately and hand over to Municipal workers or authorized waste pickers. Shall pay such user fee for solid waste management, as specified in the bye-laws of the local bodies.
- Departments of Fertilizers & Chemicals shall assist in market development for city compost and make available to companies (3/4 bags compost: 6/7 bags Fertilizers).
- Ministry of Agriculture shall make flexible Fertilizer Control Order, promote utilization of compost, testing facility for compost and issue guidelines.
- MNRE shall facilitate infrastructure for waste-to-Energy plants and provide subsidy.
- All industrial units using fuel and located within 100 km from an solid waste-based RDF plant shall make arrangements within six months from the date of notification of these rules to replace at least 5 % of their fuel requirement by RDF so produced.
- Non-recyclable waste having calorific value of 1500 kcal/kg or more shall not be disposed of on landfills and shall only be utilized for generating energy either or through refuse derived fuel or by giving away as feed stock for preparing refuse derived fuel.
- High calorific wastes shall be used for co-processing in cement or thermal power plants.

SCHEMES BY VARIOUS MINISTRIES:

Ministry of Housing & Urban Affairs

Swachh Bharat Mission 2.0 : (<https://sbmurban.org/storage/app/media/pdf/swachh-bharat-2.pdf>)

Swachh Bharat Mission (Urban) (SBM-U) had three major objectives: (a) achieving 100% Open Defecation Free (ODF) status, (b) ensuring 100% scientific Solid Waste Management (SWM), and (c) behavior change through 'Jan Andolan', by 2nd October 2019, in all statutory towns. The outlay of the Mission was Rs. 62,009 crores, including GoI share of Rs. 14,623 crores, and minimum State share of Rs. 4,874 crores. Balance funds (Rs. 42,535 crores) were to be generated through individual beneficiary contribution, PPP and other sources.

NSSO had undertaken an impartial assessment of the Mission in 2018. In its report of the 76th Round (with theme of Drinking Water, Sanitation, Hygiene and Housing Conditions of India: July – December 2018), the study found that 98% of toilets are being used in urban areas. Further, NITI Aayog has evaluated various Centrally Sponsored Schemes, including SBM-U, in its report dated 18th January 2021. Its recommendations include the following:

- a) need for continued investment in IHHLs and CT/PTs;
- b) need for focusing on entire sanitation value chain for inclusive sanitation, which also includes collection, containment, treatment, disposal and recycling of faecal waste and waste water;
- c) need for managing different types of solid wastes (including plastic, C&D and sanitary waste);
- d) need for budgetary support for disposal of legacy waste, management of plastic waste, C&D waste.

The above recommendations suggest, inter alia, the need for Mission to continue.

Moreover, the achievements under SBM- Urban need to be sustained in the long run with creation of adequate infrastructure, and their implementation needs to be accelerated manifold.

Hence, SBM-U 2.0 is needed, with the following areas of focus:

- to achieve the vision of a “Garbage Free” Urban India, more focus is required to be given to issues such as source segregation, collection & transportation, and processing, including effective management of Construction & Demolition waste, plastic waste management including reduction in single use plastic, and remediating all legacy dumpsites;
- to sustain the ODF status and prevent slippage, there is a need to ensure that all fecal sludge and waste(used) water are safely contained, transported, processed and disposed off, so that no untreated fecal sludge or used water pollutes the ground or water bodies;
- intensified focus is required to be given to IEC and behavior change through citizen outreach and Jan andolan, as well as capacity building and skilling of all relevant stakeholders, towards achieving the Mission’s objectives.
- Mission is now being extended for a period of 5 (five) years, from 1st October 2021 to 1st October 2026, as Swachh Bharat Mission (Urban) 2.0 (SBM-U 2.0), for completing the work remaining, institutionalizing ‘swachh’ behavior and making it sustainable. The Government of India in partnership with States/ UTs and ULBs is committed to make all cities ‘Garbage Free’ under SBM-Urban 2.0 in order to contribute to the achievement of the Sustainable Development Goals (SDG) 2030, which will ultimately improve the quality of life and ease of living of urban populations, thus leading to urban transformation.

Swachh Bharat Mission - Grameen (<https://swachhbharatmission.gov.in/SBMCMS/about-us.htm>)

Vision

The aim of Swachh Bharat Mission (Gramin) phase II is to ensure the open defecation free behaviours are sustained.

Objectives

- Open defecation free behaviours are sustained, and no one is left behind.
- Solid and liquid waste management facilities are accessible and reinforcing ODF behaviours and focus on providing interventions for safe management of solid and liquid waste in villages
- To encourage cost effective and appropriate technologies for ecologically safe and sustainable sanitation.
- To develop, wherever required, community managed sanitation systems focusing on scientific Solid & Liquid Waste Management systems for overall cleanliness in the rural areas.
- To create significant positive impact on gender and promote social inclusion by improving sanitation especially in marginalized communities.

GOBARDHAN SCHEME: Galvanising organic Bio-Agro Resource Dhan (<https://sbm.gov.in/gbdw20/images/Framework/Gobardhan.pdf>)

GOBAR-DHAN announced during the budget speech of the Hon’ble finance minister in Feb 2018, this initiative is to support the biodegradable waste recovery, conversion of rural waste into resource and create wealth for rural stakeholders.

Ministry of New & Renewable Energy

Waste To Energy Initiatives. (https://mnre.gov.in/img/documents/uploads/file_f-1618564141288.pdf)

A Waste to Energy Programme for recovery of Energy from Urban, Industrial and Agricultural Wastes/ Residues (WTE Programme) in the form of Biogas/BioCNG/Power is under implementation.

The WTE programme through grant of Central Financial Assistance supports the Sustainable Alternative Towards Affordable Transportation (SATAT) initiative of Ministry of Petroleum and Natural Gas wherein it is envisaged to set up 5000 CBG plants by 2023-24 with production target of 15 MMT of BioCNG. It will facilitate the creation of new employment opportunities and enhance farmers income thereby help realising the vision of “Annadaata se Urjadaata” and invigorate the rural economy.

The WTE programme is also aligned with the Swachh Bharat Mission by way of promoting Municipal Solid Waste (MSW) to power projects.

Under the Waste to Energy programme as on 31st Jan 2021, a total of five projects with a cumulative capacity of 74.7 MW power from Municipal Solid Waste (MSW) have been given in-principle approval by the Ministry for grant of Central Financial Assistance (CFA). These five projects are estimated to utilize around 6000 Tons/day of MSW towards generation of Electricity.

Subsidy, Grants and Incentive provided under the Scheme:

Central Financial Assistance (CFA) for projects of different categories is given in the form of capital subsidy to the promoters and in the form of Grants-in-Aid for other activities, as given below:

- i. Biogas generation: Rs.1.0 crore per 12000cum/day (Maximum CFA-Rs.10 crore/project)
- ii. Bio-CNG generation (including setting of Biogas plant): Rs.4.0 Crore per 4800Kg/day;
- iii. Power generation based on Biogas (Maximum CFA- Rs.10 crore/project):
 - Gas engine/turbine route: Rs.3.0 Crore per MW
 - Boiler+Steam turbine route: Rs.1.5 crore / MW
- iv. Power Generation (based on MSW/ RDF): Rs.5.0 crore /MW (Maximum CFA- Rs. 50 crore/project)
- v. Power (Based on BTG route): Rs.0.50 crore/MW (Maximum CFA - Rs.10 Crore/Project)
- vi. Biomass Gasifier:
 - Rs. 2,500 per kWe with dual fuel engines for electrical application
 - Rs.15,000 per kWe with 100% gas engines for electrical application
 - Rs. 2 lakh per 300 kWth for thermal applications.
 - Rs.10,000 per kWe for 100% producer gas engines with Gasifier system for electrical applications
 - Rs.8000 per kWe for 100% producer gas engine alone for electrical applications

Schemes Biogas Power (Off-Grid) Generation and Thermal Application Programme (BPGTP) :

The Ministry is implementing Biogas-based Scheme/Programme for promoting biogas generation for Off-grid/distributed and decentralized Renewable Power applications in the capacity range of 3 kW to 250 kW and also for thermal energy applications having biogas generation capacity in the corresponding matching size range of 30 M3 to 2,500 M3 per day. The organic bio-degradable wastes from various sources such as cattle dung/animal wastes, food and kitchen waste, poultry dropping and agro-industry waste etc., are the feed stock for Biogas plants.

The Biogas based Power Generation and Thermal Application Programme (BPGTP) is implemented through the Agriculture and Rural Development Departments of the States, Dairy Co-operatives, State Nodal Agencies (SNAs), Biogas Development and Training Centres (BDTCs), Khadi and Village Industries Commission (KVIC) and National Dairy Development Board (NDDB) from the year 2019-20.

New National Biogas and Organic Manure Programme (NNBOMP)

The NNBOMP scheme, a central sector scheme aims for setting up small Biogas Plants in the size range varying from 1 M3 to 25 M3. The NNBOMP's objectives is to provide green and clean renewable gaseous fuel for cooking, lighting and small power needs of the potential farmers, cattle farmers/ users including individual households and to facilitate management and utilization of biogas plant produced slurry as an organic enriched Solid Biogas Fertilizer. In India, Biogas plants have generally used cattle dung with the option of linking with sanitary toilets.

The new scheme Guidelines have been made effective since 01.04.2018, to make it reachable to all states/UTs making life style changing for remote, rural and semi-urban households/ dairy farmers /Agriculture farmers etc., as far as the supply of

clean and renewable gaseous fuel for cooking/lighting and biogas digested slurry is concerned. The biogas plant digested slurry is an excellent organic fertilizer /manure offering alternatives to replace costly chemical fertilizers such as Urea & DAP and have sustainable agriculture and soil health.

Biogas being a clean cooking fuel and produced from the wastes available at the doorsteps of the potential beneficiaries along with simultaneous production of organic nutrients enriched slurry provide opportunity to have reduction in cost/saving on an average by Rs. 9,000 to Rs. 12,000 per year, considering the plant size of 1 to 4 M3. The efforts of setting up biogas plants across the country are contributing towards doubling the income of Farmers.

Ministry of Petroleum & Natural Gas

National Policy On Biofuels 2018 (2022) (https://mopng.gov.in/files/uploads/NATIONAL_POLICY_ON_BIOFUELS-2018.pdf)

The Policy aims to increase usage of biofuels in the energy and transportation sectors of the country during the coming decade. The Policy aims to utilize, develop and promote domestic feedstock and its utilization for production of biofuels thereby increasingly substitute fossil fuels while contributing to National Energy Security, Climate Change mitigation, apart from creating new employment opportunities in a sustainable way. Simultaneously, the policy will also encourage the application of advance technologies for generation of biofuels.

The Goal of the Policy is to enable availability of biofuels in the market thereby increasing its blending percentage. Currently the ethanol blending percentage in petrol is around 2.0% and biodiesel blending percentage in diesel is less than 0.1%. An indicative target of 20% blending of ethanol in petrol and 5% blending of biodiesel in diesel is proposed by 2030. This goal is to be achieved by:

- (a) reinforcing ongoing ethanol/biodiesel supplies through increasing domestic production
- (b) setting up Second Generation (2G) bio refineries
- (c) development of new feedstock for biofuels
- (d) development of new technologies for conversion to biofuels.
- (e) creating suitable environment for biofuels and its integration with the main fuels.

Government is adopting a multi-pronged approach to promote and encourage use of biofuels by

- Blending ethanol in petrol through Ethanol Blended Petrol (EBP) Programme using ethanol derived from multiple feedstocks.
- Development of Second Generation (2G) ethanol technologies and its commercialization.
- Blending biodiesel in diesel through Biodiesel Blending Programme exploring multiple feedstocks including straight vegetable oil in stationary, low RPM engines.
- Focus on drop-in fuels produced from MSW, industrial wastes, biomass etc.
- Focus on advanced biofuels including bio-CNG, bio-methanol, DME, bio-hydrogen, bio-jet fuel etc.

Sustainable Alternative Towards Affordable Transportation (SATAT) Scheme:

(<https://satat.co.in/satat/about.html>)

'SATAT' (Sustainable Alternative Towards Affordable Transportation) scheme on Compressed Bio Gas (CBG) was launched by Hon'ble Minister, Petroleum & Natural Gas on 1.10.2018. The scheme envisages to target production of 15 MMT (million tons) of CBG by 2023, from 5000 Plants. Under SATAT scheme, entrepreneurs shall set up CBG plants, produce & supply CBG to OMCs for sale as automotive & industrial fuels. The initiative aims to produce compressed biogas (CBG) from Waste and Bio-mass sources like agricultural residue, cattle dung, sugarcane press mud, Municipal Solid Waste (MSW) and sewage treatment plant waste. PSU Oil Marketing Companies (OMCs) is inviting Expression of Interest (EoI) from potential entrepreneurs to set up CBG plants under SATAT scheme, and supply CBG to OMCs for sale as automotive & industrial fuel. The CBG Plant Owner shall be responsible for planning, preparation, engineering and execution of the project, including storage of raw material, operation and maintenance of the plant, maintaining final product output quantity and quality and managing the by-products & wastes from the plant as per existing central / state norms."

Waste Management Business Potential

<https://mohua.gov.in/upload/whatsnew/627b833ecac62Circular-Economy-in-waste-management-FINAL.pdf>

An analysis by MoHUA identifies significant potential for resource recovery from various waste categories through circular economy. For example, dry waste recycling has a potential to generate approximately Rs.11,836 crores per annum, and compost and Bio- CNG from wet waste can generate revenues of nearly Rs. 365 crores and Rs.1,679 crores per annum respectively. Similarly, C&D waste has the potential to generate revenues of approximately Rs. 416 crores per annum. A similar trend is seen in the liquid waste space with revenues amounting to Rs. 6,570 crores and Rs. 3,285 crores per annum for treated sludge and wastewater respectively.

BUSINESS OVERVIEW

Some of the information contained in the following discussion, including information with respect to our business plans and strategies, contains forward-looking statements that involve risks and uncertainties. You should read the chapter titled “Forward-Looking Statements” beginning on page no. 10 of this Draft Prospectus, for a discussion of the risks and uncertainties related to those statements and also the section —Risk Factors III for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements.

Our fiscal year is ending on March 31st of each year, so all references to a particular fiscal are to the twelve-month period ended March 31st of that year. The financial information used in this section, unless otherwise stated, is derived from our Consolidated Financial Information, prepared in accordance with Indian GAAP and Companies Act and restated in accordance with the SEBI Regulations.

Unless otherwise stated, reference to this section to “ORS”, “the Company”, or “our Company” are to “Organic Recycling Systems Ltd.”, and references to “we”, “our” or “us” are to the Company.

(1) DETAILS OF THE BUSINESS OF THE ISSUER:

Our company was incorporated on 29th August 2008 as a private limited company under the provisions of the erstwhile Companies Act, 1956 with the Registrar of Companies, Mumbai, Maharashtra in the name and style of Organic Recycling Systems Private Limited, bearing Corporate Identification Number U40106MH2008PTC186309. Subsequently, our Company was converted into a Public Limited Company pursuant to a special resolution passed by members in Extra-Ordinary General Meeting of Company held on 26th September 2022, and the name of our company was changed to Organic Recycling Systems Limited vide a fresh Certificate of Incorporation dated 29th September 2022, issued by the Registrar of Companies, Mumbai and Maharashtra. The Corporate Identification Number of our Company is U40106MH2008PLC186309.

Conspectus

We are an engineering company focused on environmental solutions and provide waste management solutions across waste types and across the value chain. Our Company has been a forerunner in providing sustainable waste management solutions in India since 2008. Incorporated by technocrats our focus primarily has been on developing robust, cost effective & environment friendly technologies that are simple to operate. We have proven technology and capability of successfully running one of India’s first Waste to Energy (WTE) plant developed on anaerobic biomethanation technology.

The anaerobic bio methanation technique has been recognized as a promising technology as per National Master Plan issued by Government of India, We have also set up a MSW processing and disposal plant in Solapur, Maharashtra to convert Municipal Solid Waste (MSW) into electricity and compost. The plant has been operational since 2013 with the plant being recognized as one of the case studies for best practices for MSWM under the Swachh Bharat Mission and various other reports. With the data collected over the years, our company is now a front runner for various EPC opportunities in the country and therefore providing solutions encompassing entire value chain for waste management.

Our Business verticals includes Build Own Operate Transfer (BOOT) model, Engineering Procurement and Commissioning (EPC) model and Supply of key equipment.

Waste Management is a very huge opportunity in India due to its demographics and consumption pattern. The sector is in its growth stage with very few players having the right technology and capability to provide sustainable solutions. Hence we are determined to enter into and become one of the leading technology & service providers in Asian, Middle Eastern, and African region for mitigating waste management challenges by promoting sustainable technological innovations right from door-step and community level solutions to large scale end-to-end infrastructure solutions for municipal waste management.

Our projects are implemented keeping in the mind positive social impact on environment & well-being for society at large. Driven by principles of circular economy, we are committed to recover maximum resources from waste thereby reducing burden on landfills.

Goal

Our goal is to integrate and develop a wide technological and service spectrum to provide solutions for managing various waste streams for resource recovery, recycling & upgradation & reduction of waste for final disposal and providing advisory services for the same.

Vision

To become champions of innovation and to provide cutting-edge technological solutions for mitigating energy, environment and waste management challenges.

Mission

To acquire, adapt and develop 'Technologies, products, services' and deploy viable waste management solutions while leveraging data collected & Information technology in all stages of the project life cycle, right from conceptualization to post project delivery, with conformance to Total Quality Management (TQM) standards.

History (Timeline)

2008	– Formation of Organic Recycling Systems Private Limited to develop & promote technology for scientific & sustainable treatment of waste using Anerobic Digestion Process.
2009	– Acquisition of Solapur project under 100% Wholly owned subsidiary called Solapur Bioenergy Systems Private Limited for a Concession Period of 29 years & 11 Months from Cicon Environment Technologies Limited.
2010	– Start of Construction of 300 TPD MSW Processing Facility under 100% Subsidiary - Solapur Bioenergy Systems Private Limited based on the inhouse developed & validated technology called DRYAD™ based on the Principals of Anerobic Digestion Process.
2011	– Secured tariff fixation for a Waste to Bioenergy Plant using Cost Plus Methodology from both MERC & CERC therefore setting precedent for the Tariff fixation system for Biogas Projects. – Solapur project availed Custom Duty Exemptions for a Waste Management Project
2013	– Solapur facility achieved grid connectivity & commissioned its Biogas to Power Plant in July 2013 with MSEDCL.
2014	– Started the Development of DRYCO-AD™ Technology for smaller application based on the same principal of DRYAD™ Technology & Anaerobic Digestion Process.
2016	– Commercialized the Descaled DRYCO-AD™ Technology with award of Project from Indian Oil Corporation Ltd to be implemented in Varanasi, Uttar Pradesh.
2018	– Secured contracts for setting up 5 TPD containerized bio-methanation plants for treating biodegradable waste to generate electricity and enriched organic manure and operation & maintenance of the plants for a period of 5 years at 10 different sites in Delhi: <ul style="list-style-type: none"> • 2 sites under the jurisdiction of East Delhi Municipal Corporation • 4 sites under the jurisdiction of South Delhi Municipal Corporation; and 4 sites under the jurisdiction of North Delhi Municipal Corporation
2019	– Secured 2 contracts from KSIDC for developing 200 TPD Integrated Waste Management & Processing Project each for Palakkad & Kannur Clusters in Consortium with Blue Planet Environmental Solutions India Private Limited. Our company has entered into contracts for setting up the projects and will be paid on completion of milestones.
2021	– Secured contract from Kolkata Municipal Corporation for construction of 5 TPD facility to process organic waste for generation of Bio-CNG
2022	– Received Work order for Construction of 100 TPD Integrated Solid Waste Management Facility along with operation & maintenance of the facility for a period of 3 years from Kalyan Dombivli Municipal Corporation – Patent granted for the invention “Integrated process for pre-treatment and anaerobic digestion of waste and apparatus used therein” for a period of 20 years w.e.f. June 2014
2023	– Patent granted for the invention “Integrated process for pre-treatment and anaerobic digestion of waste and apparatus used therein” for a period of 20 years w.e.f. June 2014”

Our Highlights

Our Competitive Strength :

1. Proven Technology & Capability

We are one of the forerunners in introducing Thermophilic Anaerobic Bio methanation Technique for Municipal Solid Waste Management in India. Anaerobic bio methanation technology is the most ideal for Indian conditions for treating organic waste and based on the same, ORS has developed, Patented DRY ANAEROBIC DIGESTION (DRYAD) technology which is capable of treating several kinds of waste and same is also proven through its use in Solapur plant which is operating since last 9 years. Through data collected, we have developed further technologies based on techno-commercial feasibility and client requirement such as LIPH-AD technology, a low cost anaerobic digestion process, MARUT - Pulverising and homogenising technology and many more as per the waste sector demands.

2. Penetration into Multiple Business Verticals

- Project developer & Technology Licensing with Engineering Procurement and Construction (EPC) division: We have agreements with Urban local bodies to develop projects and technology on BOOT and PPP Model and providing technological and engineering support through our EPC vertical.
- Product Vertical – Our product vertical is engaged in designing and supplying certain key equipment required to set up MSW projects. Our plan is to augment the offering by acquiring exclusive marketing rights / manufacturing rights for other key equipment related to MSW processing.
- Consulting vertical – We have an experienced and specialized team which will enable us to foray into providing consultancy and project management services and has a vertical to carry out R&D activities for development and implementation of future technologies as well as provide contract research services to various industries in the environmental sector.

3. Experience of our Promoters and management personnel

Our Promoter Mr. Sarang Bhand has a total experience of 17 years. He has played vital role in securing technological collaborations, contracts/ projects for the company. He has also been involved in project implementation, project planning, securing funding, stakeholder management, monitoring projects & securing compliances for ongoing projects.

He along with an experienced team of commercial and environmental specialists who have deep operational, technical & scale up expertise in waste management sector. This team has a combined 100+ years of experience in providing engineering solutions in waste management sector.

We also have an accomplished and diversified team having experience in the areas of operations, logistics, marketing and finance, which assists our Board in implementing our business strategies and furthering our growth. Our management team's collective experience and capabilities enable us to manage our business operations efficiently, enhance customer relationships as well as understand and anticipate market trends. We will continue to leverage the experience of our Promoters and management team and their understanding of the solid waste industry, to take advantage of current and future market opportunities. Through their loyalty, commitment and experience, we believe our management team has established a good reputation for our Company with our customers and has been instrumental in our growth by being able to rapidly respond to market opportunities, adapt to changes in the business landscape, customer demands and competitive environment and bring innovations to our business, marketing and strategy.

4. UN Sustainability Development Goals.

Our Company is Strongly Dedicated to Contribute to the Sustainability Goals. Our Business Model helps achieve certain UN Sustainability Development Goals. Of the 17 “Sustainable Development Goals” laid down by the UN, we believe that ORS touches on 5 of them and this is due to the emphasis of the Promoters on the Triple Bottom Line Approach (Social Welfare, Environment & Financial).

- SDG 7: Affordable and clean energy
- SDG 8: Decent work and economic growth
- SDG 11: Sustainable cities and communities
- SDG 12: Responsible Consumption and Production
- SDG 13: Climate Action

5. Lucrative Prospects of The Market

The average per capita per day solid waste generation in cities in India is estimated to be around 0.39 kg. (Source: Waste wise cities by CSE and NITI AAYOG)

As per the 2018-19 data from CPCB Annual report and Plastic waste management case study by MOUHA, MSW generated per day in India is around 1.5 lakhs tons per day and treated quantity is around 0.5 lakhs tons per day and plastic waste generated is around 0.26 lakh tons per day and plastic waste treated is around 0.15 lakhs tons per day with total market opportunity upto 60 Bn USD till 2025. Competition

The Indian waste management market is witnessing a healthy growth rate, owing to the high population density and increased industrial activity, which is generating high amount of waste.

The Indian Waste Management industry offers huge potential as only 30% of the recyclable waste is recycled currently¹. Shortage of proper policies for collection, disposal, and recycling and the lack of efficient infrastructure are few of the many reasons leading to poor waste management in the country. Many startups are coming up with innovative ideas to manage wastes, as well as convert them into valuable resources. However, India requires a fair amount of knowledge to tackle the

¹ <https://www.mordorintelligence.com/industry-reports/india-waste-management-market>

challenges plaguing this industry. Currently there are around 20-30 participants in the market offering various services. Some of the participants primarily focus on logistics providing only transportation and fleet management services. Whereas there are some which also concentrate towards infrastructure and environment services. Our main competitors are those entities which are involved in disposing of municipal waste. Landfills is one of the most popular methods of waste disposal in India, as more than 50% of the total solid waste generated is untreated and dumped into landfills, primarily due to inefficient waste management systems in India. Most of our contracts are won through competitive bidding process. Competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed.

Human resources and processes

We believe that motivated and empowered employees are the key to our operations and effective implementation of our business strategy. We focus on attracting and retaining finest possible talent. We focus on facilitating integration of our employees and encouraging the development of skills to support our performance. Our recruitment process is very selective and need-based. We have well documented procedures and standards in place which are followed during recruitment of new employees.

Health safety and environment

Our company and all our SPV's adhere to all the applicable health and safety requirements in all our operations. We aim to plan and design all our plants in a manner to reduce accidental and occupational health hazards to minimalistic levels. We assure such hazards are reduced through systematic evaluation and control of risks. We ensure high standards of safety, health and environment at our sites throughout the multiple stages of the project. We indulge in actively educating, communicating and imparting training on safety measures, health, hygiene and environment to all our laborer's, employees, contractors, consultants, and visitors. We focus on adopting the best practices to foster continuous improvement, benchmark Health, safety and environment performance and aim to comply with all applicable legal and other compliances attached to the project.

Usually, all contracts entered into with municipal corporations provide specific health and safety standards that require compliance throughout the course of the respective projects. Often third parties involved also provide certain health and safety guidelines to be complied with during the course of completion of contracts/agreements. Our company ensure adherence to all guidelines and requirements, and makes provisions of safety equipment such as gloves, gumboots, helmets, masks, uniforms etc. to all the staff on site in a timely manner. The company also conducts medical camps for all the staff working on various projects at all the sites at regular intervals and ensures provision of any medical aid towards improvement of health of the staff.

Measures Taken During the Pandemic

The company's operations were hampered during the lockdown to ensure safety for all the employees. Employees in the administrative, accounting, marketing, engineering and designing departments were asked to work from home to ensure safety and health of all. Office premises were closed throughout the multiple lock-downs declared by the authorities. We had provided all the necessary resources to our employees to operate from the safe abode of their homes. We also ensured the sanitization of all the office premises before restarting operations. Sanitization drives were also conducted at the plants for the safety and health of the staff. Appropriate masks were provided as per guidelines issued by the government authorities on timely basis for further safety and to ensure precaution in our fight against COVID-19. We ensured that all our staff at our premises vaccinated through Corporation designated medical centres.

(A) PRIMARY BUSINESS OF THE ISSUER;

Primary projects we undertake

Currently the company is focusing on waste management with vertical approach to centralized and Decentralized Processing & Disposal of MSW in a scientific manner and recovery of clean bio-fuel and other secondary raw materials for different streams of waste. This gives ORS a chance to participate in the bids floated by the Nodal Agencies (Municipal Corporations) and Private Industries in MSW, Agricultural & Industrial sectors. Ideally the tenders are based on processing waste in tons per day and the financial models in which these projects work vary from Turnkey, Built Own Operate and Transfer (BOOT) and Hybrid Annuity basis. We either participate directly or in consortium where the ultimate project is owned by the SPV created with our project partner. We have in the past have also acquired shareholding in SPV's, holding pre-existing concessions such as SBESPL

Presently we operate across two verticals namely;

Project developer & Technology Licensing with Engineering Procurement and Construction (EPC) division:

Under our project developer & technology licensing vertical we primarily focus on arrangements with Urban Local Bodies (ULBs) on BOOT basis and on Public Private Partnership (PPP) model. Wherein our revenue stream is focused on sale of power/Compressed Biogas (CBG), sale of compost and even sale of scrap (such as plastic waste through agglomerates/Producer Responsibility Organization (PROs)). One can witness the Waste to Energy Plant based on DRYAD™ technology in Solapur, Maharashtra. The plant is run on BOOT basis and is successfully operational in the sector at a commercial level. This 400 TPD waste management plant has been recognized as one of the best practices by Government of India under clean India (Swachh Bharat) campaign operated by us through our 100% Subsidiary - Solapur Bioenergy Systems Private Limited. Under our EPC division we primarily focus on Technological support and equity participation, but the terms vary from case-to-case basis. Our income stream in such projects revolves around our set EPC margins which are between 15% to 18%, operation and management fees and dividend income received from our equity share.

Product vertical

Our product vertical is engaged in designing and supplying certain key equipment required to set up MSW projects. Our plan is to augment the offering by acquiring exclusive marketing rights / manufacturing rights for other key equipment related to MSW processing.

Proposed additional line of business

Consulting vertical.

We intend to start our consulting section to offer businesses in the waste management sector technical and financial advisory services. We have a team of engineers and specialists in waste management, which is still an underdeveloped field. With the knowledge we have gained over the past ten years, the data we have gathered, and the technology we have access to, we hope to transform the waste management industry.

(B) PLANT, MACHINERY, TECHNOLOGY, PROCESS, ETC.

Our business is managed by a group of seasoned experts that are familiar with every facet of the recycling sector. With the most recent technical know-how, our company has been a significant force in the journey of achieving the environmental goals of the country. We have used the knowledge of our promoters to extend our capacities for the benefit of the business.

Our company, carries out waste processing in the following manners:

- a) On Municipality or Urban Local Body (ULB) Property: Our company processes the MSW at locations determined by the urban local bodies using its technology and knowledge. Our business establishes waste processing facilities to convert municipal solid waste (MSW) at regional locations into energy sources like bio-CNG, compost, etc. We have conducted such processing activities at local bodies of the municipalities of Delhi, Kolkata, Varanasi.
- b) On Plant: On sites that are leased from the ULB's, our company constructs specialised waste processing plants. Here, we have specialised machinery for processing and sorting MSW. Utilizing proprietary technology developed by our company, DRYAD™, MSW is processed to create compost, electricity, and other products. Our Solapur Plant is a one of its kind facility for processing MSW which has received several accolades.

Solapur Plant

One of our projects which we would like to highlight is our Solapur Plant. It is our first demonstration plant in Maharashtra. ORS through its subsidiary Solapur Bio-energy Systems Pvt. Ltd. (SBESPL) has commissioned a Waste to Energy Plant based on DRYAD™ technology in Solapur, Maharashtra in 2013. It is run on BOOT basis and is successfully operational in the sector at a commercial level. This 400 TPD waste management plant has been recognised as one of the case studies for best practices in MSWM by Government of India under clean India (Swachh Bharat) campaign.

The plant has capacity to process 400 TPD of waste to generate electricity and rich organic compost (*Suryodaya Green Gold Organic Compost*). The electricity generated is being wheeled (sold) to Maharashtra State Electricity Distribution Company Limited (MSEDCL). The compost generated from the plant is as per Fertilizer Control Order (FCO) norms and being sold to leading fertilizer companies.

Solapur Bio-energy Systems Pvt. Ltd. (SBESPL) bearing CIN: U40108MH2005PTC298301 a wholly owned subsidiary of ORSL has commissioned a Waste to Energy Plant based on DRYAD™ technology in Solapur, Maharashtra. It is run on BOOT basis and is successfully operational in the sector at a commercial level. The plant has the capacity to process 400 TPD of waste to generate electricity and rich organic compost (*Suryodaya Green Gold Organic Compost*). The electricity generated is being sold to Maharashtra State Electricity Distribution Company Limited (MSEDCL). The compost generated from the plant is as per Fertilizer Control Order (FCO) norms and being sold to leading fertilizer companies.

SBESPL has been purchased by ORSL vide a share transfer agreement dated September 1, 2022 from CICON which has since been struck off.

For details regarding the risk associated with Cicon Environment Technologies Ltd (CICON) kindly refer to our risk factors section starting on page No. 17 of this Draft Prospectus.

A land lease agreement was executed between Solapur Municipal Corporation (SMC) and Cicon Environment Technologies Ltd (CICON) wherein SMC has agreed to make available a plot of land admeasuring 9 Acres for a period of 29 years 11 months on lease basis from 1st July, 2004 to 30th May, 2035 to the Special Purpose Vehicle – Solapur Bioenergy Systems Private Limited.

Vide Concession Agreement dated 8.4.2004 SMC had agreed to allow CICON to form a “Special Purpose Vehicle” (SPV) being SBESPL. Vide Agreement to Takeover dated 1st September 2008 executed between CICON and ORS, CICON had approached ORS to play the role of Main developer/Investor/Promoter for the sole purpose of constructing, operating and maintaining the Project as per the terms and conditions of the concession agreement. Vide the takeover agreement CICON had agreed to transfer and ORS had agreed to assume the shareholding, management and control of the said SPV i.e., SBESPL along with the said project. Accordingly, SBESPL assumed all the rights and obligations under the said concession agreement.

Salient features of the plant:

Installed Capacity	400 TPD
Waste Delivered by ULB	300 TPD
Power generation capacity	3MW
Proposed CBG Generation capacity	3.5 tons per day
Dry Compost Generation Capacity	60 TPD
Dry Compost Generation	30 TPD
Type of waste processed	OFMSW, Press-mud & Biomass (Tendu Patta)

- Amongst the largest OFMSW digester in country operational since 2013
- Ministry of Urban Development has showcased Solapur Project as a case study for a model project under the “Swachh Bharat Abhiyaan”
- Operational plant based on bio methanation process (DRYAD™) in Solapur, Maharashtra
- FCO certified organic compost sold to leading fertiliser companies.
- The electricity is sold under Power Purchase Agreement (PPA) with MSEDCL since July 2013 which is valid for 20 years.

Our Solapur Plant is a hugely successful demo plant which uses the DRYAD™ technology developed inhouse to convert MSW waste into electricity and compost and the plant has been running successfully since last 9 years.

Technology used at Solapur Plant

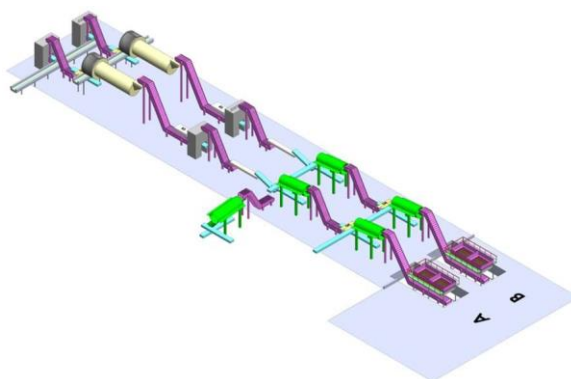

In our endeavor to provide an environmental friendly solution for treatment of MSW, we have developed our patented segregation technology and DRYAD™ – Anaerobic Digester Technology based on the principles of Thermophilic biomethanation.

The success of ORS lies in its managing two critical phases of process – the segregation system that has been developed as per India’s MSW waste characterization and enhancement in its Anaerobic Digester treatment. With this segregation system, the plant recovers almost 80-85 % of organic content from the unsegregated waste which is then transferred to a homogenization chamber for thermophilic treatment and then to the bio-digester tanks for biomethanation. The pictorial representation is shown below:

A. Segregation Technology

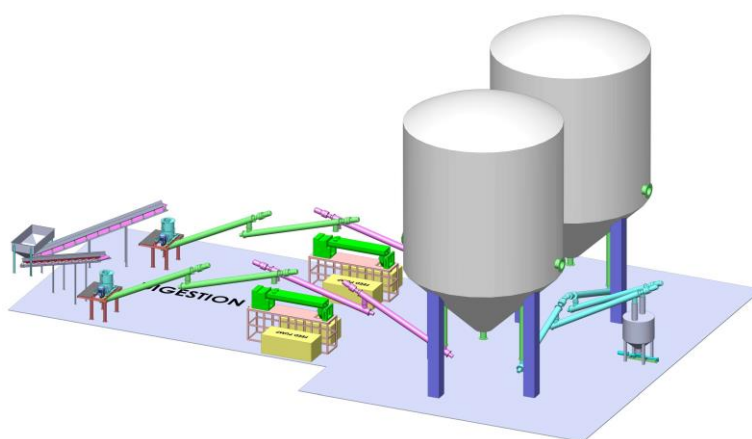

The segregation technology developed by ORS ensure separation of different stream of waste fraction and that it can be integrated with various processing technologies

B. Anaerobic Digestion

DRYAD™

The flexibility of the DRYAD™ technology allows the treatment of a wide range of different feed materials. The bio-gas generated from the process is used to generate energy & the digested residue is extracted from the digester, de-watered to a Total Solid (TS) content of about 50% and stabilized aerobically during a period of approximately one to two weeks. The aerobic maturation ensures complete stabilization of the material, which cannot be degraded any further under anaerobic conditions. The final product is hygienically very safe and stabilized as per the international standards. The process ensures multiple revenue streams from sale of renewable energy, bio-CNG, bio-fertilizer and Voluntary Emission Reduction (VERs) Credit generated through processing of MSW and other feed stocks.

Offtake arrangements (selling compost / biofuel / electricity/ Recyclables etc)

We have an off-take agreement for Compost with large fertilizer companies and a Power Purchase Agreement for electricity from our Solapur plant. We are currently negotiating off take agreements for plastics and other recyclables from our plant. We also have ongoing discussions with certain ULB's, State transport, PSU's for off take of CBG from our future projects. We may enter into confirmed agreements with either of the Oil PSU, ULB's or state transport, once we secure new projects as based on the region and presence of the said PSU in that region.

Also, we are closely working with recyclers for direct off take of recyclables being collected and sorted at various facilities that shall aid in-house projects as well as third party EPC projects as end to end solution provider.

Quality management

We aim to deliver high quality of service constantly at all stages of our project. Most of our contracts also have Quality Assurance System (QAS) in place. Our company plans and deploys the project as per the specification, standards and conditions mentioned in the Quality Assurance Plan (QAP). Our quality management function processes are primarily concerned with ensuring that the project satisfying the need for which it was undertaken. The results of quality management processes are fed back into the overall Project Management System for the purpose of not only improving the Project Quality Assurance System, but also to ensure that lessons learned can be utilized on future projects.

Insurance

The company has a policy which provides appropriate coverage in relation to the vehicle owned by the company. Our material subsidiary – Solapur Bioenergy System Private Limited (SBESPL) maintains a range of insurance policies to cover various assets, risks and liabilities. The policies provide appropriate coverage in relation to equipment and vehicle. Apart from this SBESPL also has a policy which covers the building, plant, machinery, raw material and finished goods. The whole plant in Solapur is insured at replacement value. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to materially insure our business and operations.

Suryodaya Green Gold Organic Compost

The organic compost produced by SBESPL is a dark brown to black coarse organic powder made from bio-degradable organic waste through DRYAD™ process. Its moisture content is 19.31 % with a bulk density of 0.60 gm/cm³. It is free from foul odour, plastics, glasses and other non-biodegradable waste. It is tested and approved as per FCO norms and is also free from hazardous sources spreading pests and diseases. Hence, it can be used effectively by farmers, nature lovers and consumers to yield good quality and quantity of crops.

SBESPL has been marketing, manufacturing and selling organic compost to the large-scale chemical and fertilizer companies. It's also sold directly to farmers across Maharashtra to improve the quality of their soil and yield good returns on their crops.

SBESPL Next Phase:

SBESPL project is now undertaking the second phase of activity focusing on dry waste fraction management. The company is engaged in exploring the following product development avenues :

1. Refused derived fuel (RDF): Our company is utilizing the processed MSW to generate RDF which is required by Cement Industries. Various quantities of the test material have been provided to cement manufacturers and have passed the criteria. Currently, commercial discussions are ongoing for long term off take. Potential to produce 50 TPD of RDF.
2. Biomass Pellets via tendu patta: The plant has started producing Biomass pellets and has provided Test material to co-gen industries which has shown good results. Currently, commercial discussion are ongoing for long term off take and with a target of further increasing production to a potential of 5TPD of biomass pellets.
3. Coconut waste to activated carbon : Our company is at the moment undertaking Research & Development to enhance the quality of carbon black or activated carbon derived from coconut waste.
4. Material Recovery Facilities (MRF): Deployed MRF at various locations under solapur municipal corporation to collect, segregate and sell good quality of recyclable plastics. Out of the 10TPD potential of MRF, the company has secured 1 TPD already at one of the transfer stations.

(C) DESCRIPTION OF SUBSISTING COLLABORATIONS, ANY PERFORMANCE GUARANTEE OR ASSISTANCE IN MARKETING BY THE COLLABORATORS, INFRASTRUCTURE FACILITIES FOR RAW MATERIALS AND UTILITIES LIKE WATER, ELECTRICITY, ETC.

Orders under execution:

MOU with White Organic Retail Limited (WORL) – The Company has entered into a Memorandum of Understanding with WORL on December 28, 2022, Mumbai to provide comprehensive solutions for agricultural waste management in the states of Punjab, Haryana and Maharashtra. Salient features of the MOU is given below :

WORL is in the business of retail and wholesale trading of agro produce, processing of Agriculture products and allied activities. With an objective to expand its footprints in agro waste processing, WORL has decided to collaborate with ORS to acquire projects in Agricultural waste management sector as ORS has experience in building and managing multiple waste management projects. As per the terms of the MOU, WORL has agreed to pay a sum of Rs. 6 crores (Rs. 60 lakhs to ORS and balance Rs. 540 lakhs to Solapur Bioenergy System Private Limited (SBSPL) towards one time technological and operational sub-license fee for exclusive partnership rights for development of 1,000 MT/day (aggregate) processing capacity plants in next 3 years. ORS shall be the exclusive EPC partner for the said projects. The overall value of such contracts, as and when finalized, is estimated to be over Rs. 300 crores to be developed over the next 3 years. As per the terms agreed between the parties, ORS and SBSPL have collectively received initial fees of Rs. 1 crore from WORL and the balance amounts are agreed to be remitted in instalments as per the progress.

- **EPC contract for setup of 100 TPD Composting facility at Kalyan Dombivali, Maharashtra**

Our Company directly has recently received contract for Construction of Integrated Solid Waste Management Facility (ISWMF) (Phase-I) along with Operation & Maintenance, at reserved site no 232 Dombivli (West) from Kalyan Dombivli Municipal Corporation .

The contract is for construction of waste management facility along with operation & maintenance (O&M) of the facility. The construction period is for 12 months followed by O&M of the facility for 3 years. The contract value is Rs. 22.74 crore.

Orders under negotiation :

- **EPC contract for setup of 200 TPD Waste Processing facility at Kannur, Kerala**

Our Company in consortium with M/s Blue Planet Environment Solutions India Pvt Ltd has bid and was awarded the concession to set up and operate an integrated solid waste management project with a Waste to Energy (WTE) plant with a minimum processing capacity of 200 TPD on DBFOT basis at Chelora Kannur District. The value of the contract is estimated to be about Rs. 77 Crores.

The project will be undertaken by an SPV named as Blue Planet Kannur Waste Solutions Private Limited in which our company owns 26 percentage equity ownership.

- **EPC contract for setup of 20 TPD Waste Processing facility at Munnar, Kerala**

The Company is in advanced stage of negotiations for an EPC contract for 20 TPD Municipal Solid Waste Processing and Disposal at Munnar, Kerala from Al Bucheri General Transport Est. The project involves processing of waste to generate bio gas & bio fertilizer (compost). The value of the contract would be Rs. 4.50 crore and the project duration would be 12 months. The proposed SPV for the same is Travancore Environmental Resources Management Private Ltd and we propose to own 26 percent equity ownership in the said SPV.

Orders completed:

Monetisation of Palakkad project -

ORS had entered into Engineering Procurement and Construction (EPC) Contract on December 14, 2020 with Blue Planet Palakkad Waste Solutions Private Limited (Blue Planet) for setup of 200 TPD Waste Processing facility at Palakkad, Kerala Blue Planet belongs to the Blue Planet Environmental Solutions group based in Singapore which specialises providing waste management and processing solutions for municipal solid waste (MSW), plastic / medical / e-waste etc. In this project, Blue Planet group is responsible for meeting the financial capacity requirements and ORS responsible for meeting the technical capacity requirements.

The Palakkad project was facing regulatory delays beyond the control of the parties concerned. Given that ORS had been continuously deploying resources for the project, and has now other multiple project opportunities. For better optimization, ORS has requested the Developer for an early resolution for services provided till date by ORS with an understanding to review the project once the Developers permissions are received and the land is allotted. Based on discussions, it was decided to amend the EPC Agreement for better utilisation of respective resources and accordingly amendment agreement dated December 31, 2022 was entered into between the parties. The salient features of the amendment agreement are given below :

The Purchaser (i.e. Blue Planet) and Contractor (i.e. ORS) have noted and agreed that despite constant efforts by each Party, there has been a significant delay in land allotment for the Project by KSIDC, and consequently the Contractor has only carried out the Basic Engineering and Detailed Engineering works under the EPC Contract.

The parties agree and acknowledge that the Contractor has completed all the basic and detailed engineering works.

The Purchaser hereby agrees to pay to the Contractor, the Contract Price in consideration of the performance by the Contractor of its obligations identified under this Contract Agreement. The Contract Price shall be an amount of Rs. 13,28,71,000/-, exclusive of GST, payable in relation to the Basic Engineering (Rs. 3,28,71,000/-) and Detailed Engineering works (Rs. 10,00,00,000/-). It was also agreed that upon receipt of the consideration as aforesaid, ORS shall proceed to repay outstanding loan availed from Standard Chartered Bank. The entire sum has been realized and the said loan also has been repaid on March 18, 2023.

- **EPC contract for setup of 5 TPD Organic Waste to CBG Processing facility at Kolkata, West Bengal**

Our Company has entered into a contract with Kolkata Municipal Corporation on 12 April 2021 for construction design, engineering, supply, installation, commissioning of a 5 TPD facility to process organic waste for generation of Bio-CNG at Dhapa dumping ground. The construction period is 90 days followed by operation & maintenance of the facility for a period of 5 years.

The Plant has been installed and commissioned on 26th September 2022. The contract value is Rs. 4.44 crore.

- **Product supply to Indian Oil Corporation Limited for Varanasi, Uttar Pradesh**

ORS was awarded a contract to undertake, install, commission and operation and Maintenance (O&M) of pre-fabricated containerized waste to Biogas plant under Build-Operate-Transfer Model at 10 sites in Varanasi. A tripartite agreement for the project was also executed on 24.06.2016 between M/s. Indian Oil Corporation Limited (IOCL), M/s. Varanasi Nagar Nigam and M/s. ORS.

The term of the contract also involved operation and maintenance activities of the project for a period of 3 years after project commissioning for all the 10 pre-fabricated containerized Organic Waste processing plants installed under the project.

The total value of this contract was Rs. 18.75 Crore.

However, the Varanasi Nagar Nigam was able to allocate only 3 out of the 10 identified locations for the said project. Accordingly, our Company has completed the commissioning of 5 TPD pre-fabricated containerized waste to Biogas plant on turnkey basis as well as its operation & maintenance under Build-Operate-Transfer Model at 3 sites in Varanasi.

- **Product supply to Delhi Municipal Corporation, Delhi**

Our Company in the year 2018 was awarded contracts for planning, designing, engineering, procurement, supplying, installation, testing, commissioning and comprehensive operation and maintenance of 5 MTPD containerized bio-methanation plants for treating biodegradable waste to generate electricity and enriched organic manure at 10 different sites in Delhi for a period of 5 years in.

- 2 sites under the jurisdiction of East Delhi Municipal Corporation valued at Rs. 6.38 Crores
- 4 sites under the jurisdiction of South Delhi Municipal Corporation valued at approximately Rs. 12 Crores; and
- 4 sites under the jurisdiction of North Delhi Municipal Corporation valued at Rs. 12.76 Crores.

Presently, the Company is operating & maintaining the above sites. Recently, the Company has filed arbitration petitions before Delhi High Court under section 9 & 11 of the Arbitration and Conciliation Act, 2015 for payment of outstanding dues from the corporation. The abovementioned projects have been terminated with effect from August 2022.

Orders cancelled / under litigation:

• Meerut Project

ORS was awarded a concession by the Nagar Nigam Meerut (NNM) in the year 2017 to design, construct and install a plant for treatment of 800 TPD MSW on a site admeasuring 15 acres on DBOOT basis. The land for the project was leased from NNM for a period of 25 years. A SPV called Meerut Bioenergy Systems Private Limited was created to undertake the project, The SPV is presently a wholly owned subsidiary of ORS

However, the said project never materialized as the state government had allotted the same project to another entity and is now subject of a pending proceeding with the Hon'ble Allahabad High Court. For further details please refer to our litigation chapter on page no. 216 of this Draft Prospectus.

• Organic Waste India Private Limited (OWIPL)

Bruhat Bangalore Mahanagar Palike (BBMP)

Organic Waste India Private Limited (OWIPL) was a Special Purpose Vehicle incorporated by ORS for undertaking the project at Bangalore. BBMP had granted M/s. Organic Waste India Pvt. Ltd. to investigate, study, design, engineer, procure, finance, construct, operate and maintain the Project facilities to receive 1000 MT per day of MSW from BBMP for a period of 20 years at Sy. No. 155, Mandur, Biderahalli Hobli, Bangalore. The term of the contract was 450 days i.e., 31.08.2009 to 24.11.2010. It received investments from Sunilhitech India Infra Private Limited (SHIL) and Vide MOU executed on 29.12.2014 shareholding of SHIL in OWIPL were transferred to ORS. In the meantime, OWIPL had set up an interim composting facility at the site for processing 300 TPD of MSW. OWIPL is now a wholly owned subsidiary of ORS having CIN: U40108MP1997PTC012063.

The said Integrated Waste Management Facility in Mandur could not be established fully and OWIPL proposed to shift the setting up of the said plant from Mandur to Kannur. Vide letter dated 05.01.2016. BBMP had informed OWIPL that the request for alternate land at Sy. No. 50, Kannur Village, Biderahalli Hobli, Bangalore East, Taluk, to the extent of 15 Acres had been approved vide Government Order dated 03.11.2015. In view of the grant of alternate land OWIPL was requested to submit a Bank Guarantee for an amount of Rs. 1,00,00,000/-

Unfortunately, this project has since been closed as no alternative land was eventually awarded. Further the subsidiary received equity investments by West Coast Ventures Private Limited which is under investigations from regulators. For further details refer to our litigation chapter and risk factor.

(D) PRODUCTS OR SERVICES OF THE ISSUER:

The Company along with its subsidiaries offers various product and service offerings. A summary of such products and service offerings along with the details of the end users and the marketing approach adopted by the company for each of these products and service lines is summarized below:

Sr.no.	Product	End User / Services provided	Marketing approach
1	Power generation	Electricity distribution company	Power Purchase Agreement

2	Compressed Biogas	Urban Local Body (ULB) /private industry/CNG Vehicle user / Public Sector Undertakings (PSU)	Offtake Agreement with ULB / PSUs
3	Compost	Farmers/Fertiliser company	<ul style="list-style-type: none"> • Agreement with large fertilizer companies. • Direct sale to farmers • Direct Retail
4	RDF	Cement industry & Waste to energy plant operators	Tie-up with cement industries near Solapur for co-processing.
5	Activated carbon	Gas and waste water industries	<ul style="list-style-type: none"> • Selling through dealers, who are already selling activated carbon • Direct to industries working with gas management systems
6	Biomass pellets	Biomass boilers, cement industries and power generation companies	<ul style="list-style-type: none"> • Agreement with power generation companies • Cement Industries • Biomass boiler suppliers.
5	Dry waste recycling	Aggregators & recyclers	Establishment of MRF at various location in solapur and tie-up with recyclers across Maharashtra, Gujarat, Andra Pradesh and Telengana
6	MLP under EPR	Cement industries	Agreement with PROs, who deal with EPR.
9	Laboratory analysis services	Waste water, waste management & fertiliser Industries	Long term agreement with industries having regular analysis requirement.

(2) BUSINESS STRATEGY:

- Taking Leverage of existing operational projects, we continue to bid for new opportunities in MSW sector so as to selectively consolidate BOOT portfolio in consortium with city gas distribution companies or private developers creating hybrid EPC opportunity.
- Continue to bid for direct EPC opportunities through public tenders floated by PSU's mandated to set-up MSW to CBG projects under SATAT Guidelines.
- Create technology licensing opportunities with private developers for setting up codigestion projects based on agro feedstocks.
- Expand regional footprint by partnering with localised developers/ city gas distribution companies/ integrated waste management companies.
- Create backward and forward integration by collaborating, acquiring, licensing technologies for feedstock management , gas purification and compression , retail pumps , EV charging stations so as to create an integrated platform across green fuel value chain.
- Create manufacturing facility to manufacture critical components , manage supply & servicing of proprietary equipment and localisation of licensed technology so as to improve margins in the value chain.
- Creation of consulting vertical through acquisition, , so as to provide consulting services as owner's engineers / Lender's engineers and other engineering services , feasibility studies / TEV studies to financial institutes, other project developers ensuring fair, transparent & arm's length contracts without creating conflict of interest.

- Capitalize on the growth opportunities in the MSW management sector by continued focus on developing, providing and executing technologies and services

The MSW management sector in India is poised for significant expansion and we intend to partake in the sectoral growth. Our business is largely dependent on our bidding for and winning new projects. We believe that our past experience, financial strength, acumen and resultant credentials will make us eligible to bid for most projects that come up for bidding in the MSW management sector. We will continue to pursue a broad range of projects in urban or semi-urban areas with limited counter-party risk and healthy operating margins in-line.

In addition to the public sector linked opportunities, we see a huge scope of opportunities in service and product division within waste management ecosystem. We will be focusing on developing various products that bridge the gap in existing technologies or process and also provide engineering services based on the data collected over 10 years.

Business development

The contracts are acquired through a tedious competitive bidding process. We have specialized experts on board who persistently approach and pitch to several municipal corporations across various cities in India. We aim to generate opportunities and assist authorities and corporations in recognizing the benefits of developing an MSW project/plant in their cities. We attempt to highlight the benefits of having a planned and organized MSW system in districts by exhibiting our plant at Solapur.

Additionally, potential prospects are brought to our attention through discussions with consultants and local contacts, existing clients and partners, as well as through publication of notifications for tender in local and national publications. On receipt of any opportunity we assess the requirement and liaisons with the design, engineering, accounts and operations team to prepare for the tendering and bidding.

(3) CAPACITY AND CAPACITY UTILISATION OF THE PLANT AT SOLAPUR:

Sr.no.	Product	Installed capacity	Average Capacity Utilisation in last three years
1	Organic fraction processing (daily)	200 TPD	100 TPD
2	Power generation (hourly)	3 MW	1.5 MW
3	Compost (daily)	60 TPD	30 TPD
4	RDF (daily)	100 TPD	54.50 TPD
5	Dry waste recycling (daily)	1 TPD	0.94 TPD
6	MLP under EPR (monthly)	100 Tons per month	To be initiated

(4) INTELLECTUAL PROPERTY RIGHTS:

Intellectual property

We have been granted a patent jointly with Mr Suhas Bhand on our indigenously developed “Integrated process for pre-treatment and anaerobic digestion of waste and apparatus used therein” for a period of 20 years from 7 June 2014. We had also applied for a patent (Application number 202122036579) for the equipment (MARUT) to be used in the patented process. The Patent Office, Government of India, has granted the Patent against the above application vide Patent No. 438004. The patent has been granted on July 10, 2023 for a period of 20 years from June 7, 2014.

Our Company holds one registered trademark in India, namely “DRYAD”. The trademark is in respect of services relating to design engineering for processing of organic waste and recovery of energy and compost; by the use of anaerobic digestion process; services relating to pre-treatment of mixed waste; scientific, research and technological services. The technology is capable of processing large quantity mixed Organic fraction from MSW, cow manure, Agro waste, press mud, Industrial Waste ranging from 50TPD to 1000TPD and can be customized to another biodegradable fraction as per the project requirement.

The flexibility of the DRYAD™ technology allows the treatment of a wide range of different feed materials. The bio-gas generated from the process is used to generate energy & the digested residue is extracted from the digester, dewatered to a Total Solid (TS) content of about 50% and stabilized aerobically during a period of approximately one to two weeks. The aerobic maturation ensures complete stabilization of the material, which cannot be degraded any further under anaerobic conditions. The final product is hygienically very safe and stabilized as per the international standards. The process ensures multiple revenue streams from sale of renewable energy, bio-CNG, bio-fertilizer and VERs Credit generated through processing of MSW and other feed stocks.

(5) PROPERTY:

Our registered office and corporate Office is located at 1003, 10th Floor, The Affaires, Plot No 9, Sector 17, Sanpada, Navi Mumbai, Mumbai City, Pin : 400705, India. This property is on rental basis.

Our Solapur Plant is situated on a land admeasuring nine acres leased from the Solapur Municipal Corporation for a period of 29 years and 11 months for the period from 1 July 2004 to 30 May 2035 through a land lease agreement between SMC and Cicon Environment Technologies Limited with a provision to transfer the rights of the lease agreement to the SPV named Solapur Bioenergy Systems Private Limited.

The act was enacted with the aim of state to provide Equal Pay and Equal Work as envisaged under Article 39 of the Constitution.

Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 imposes statutory liability upon the employers of every establishment in which 20 or more persons are employed on any day during an accounting year to pay bonus to their employees. It further provides for payment of minimum and maximum bonus and linking the payment of bonus with the production and productivity.

Contract Labour (Regulation and Abolition) Act, 1970

The Contract Labour (Regulation and Abolition) Act, 1970 (“CLRA”) has been enacted to regulate the employment of contract labour in certain establishments, the regulation of their conditions and terms of service and to provide for its abolition in certain circumstances. The CLRA applies to every establishment in which 20 or more workmen are employed or were employed on any day of the preceding 12 months as contract labour. The CLRA vests the responsibility on the principal employer of an establishment to which the CLRA applies to make an application to the registered officer in the prescribed manner for registration of the establishment. In the absence of registration, a contract labour cannot be employed in the establishment. Likewise, every contractor to whom the CLRA applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. To ensure the welfare and health of the contract labour, the CLRA imposes certain obligations on the contractor in relation to establishment of canteens, rest rooms, drinking water, washing facilities, first aid, other facilities and payment of wages. However, in the event the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time period. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRA.

Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1972 shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which ten or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf.. A shop or establishment to which this act has become applicable shall be continued to be governed by this act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five year period shall be relaxed in case of termination of service due to death or disablement.

Maternity Benefit Act, 1961

The Maternity Benefit Act, 1961 provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months’ notice shall apply any of the provisions of this act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

Child Labour Prohibition and Regulation Act, 1986

The Child Labour Prohibition and Regulation Act 1986 prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Employment of Child Labour in our industry is prohibited as per Part B (Processes) of the Schedule.

Trade Union Act, 1926 and Trade Union (Amendment) Act, 2001

Provisions of the Trade Union Act, 1926 provides that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive condition on the conduct of any trade or business etc.

The Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013

Maharashtra State Tax on Professions, Trades, Callings and Employments Act, 1975

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of the West Bengal, Jharkhand, Odhisa, Chattisgarh, Assam, Bihar, Tripura, Delhi, Haryana, Madhya Pradesh, Punjab, Uttar Pradesh, Uttarakhand, Himachal Pradesh, Tamil Nadu, Kerala, Karnataka, Telangana, Andhra Pradesh, Puducherry, Rajasthan, Maharashtra, Gujarat are empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are

charged on the incomes of individuals, profits of business or gains in vocations. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner.

OTHER LAWS

The Factories Act, 1948 (“Factories Act”)

The Factories Act, 1948 aims at regulating labour employed in factories. A “factory” is defined as “any premises wherein ten or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on, or whereon twenty or more workers are working, or were 81 working on any day of the preceding twelve months, and in any part of which a manufacturing process is carried on without the aid of power, or is ordinarily so carried on.”. The main aim of the said Act is to ensure adequate safety measures and to promote the health and welfare of the workers employed in factories initiating various measures from time to time to ensure that adequate standards of safety, health and welfare are achieved at all the places.

Under the Factories Act, the State Government may make rules mandating approval for proposed factories and requiring licensing and registration of factories. The Factories Act makes detailed provision for ensuring sanitary conditions in the factory and safety of the workers and also lays down permissible working hours, leave etc. In addition, it makes provision for the adoption of worker welfare measures. The prime responsibility for compliance with the Factories Act and the rules thereunder rests on the “occupier”, being the person who has ultimate control over the affairs of the factory. The Factories Act states that save as otherwise provided in the Factories Act and subject to provisions of the Factories Act which impose certain liability on the owner of the factory, in the event there is any contravention of any of the provisions of the Factories Act or the rules made thereunder or of any order in writing given thereunder, the occupier and the manager of the factory shall each be guilty of the offence and punishable with imprisonment or with fine. The occupier is required to submit a written notice to the chief inspector of factories containing all the details of the factory, the owner, manager and himself, nature of activities and such other prescribed information prior to occupying or using any premises as a factory. The occupier is required to ensure, as far as it is reasonably practicable, the health, safety and welfare of all workers while they are at work in the factory.

Industrial Disputes Act (“ID Act”) and Industrial Dispute (Central) Rules, 1957

The ID Act and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The ID Act was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872. The ID Act also sets out certain requirements in relation to the termination of the services of the workman. The ID Act includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lock-outs, closures, lay-offs and retrenchment.

Shops and establishments laws

Under the provisions of local Shops and Establishments laws applicable in various states, establishments are required to be registered. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

The Maharashtra Shop and Establishment (Regulation of Employment and Conditions of Service) Act, 2017 is applicable to our Company.

ENVIRONMENTAL LEGISLATIONS

The Environment Protection Act, 1986 and the Environment (Protection) Rules, 1986

The purpose of the Environment Protection Act ("Environment Protection Act") is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to (a) prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

The Public Liability Insurance Act, 1991

This Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

National Environmental Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

1. Conservation of Critical Environmental Resources
2. Intra-generational Equity: Livelihood Security for the Poor
3. Inter-generational Equity
4. Integration of Environmental Concerns in Economic and Social Development
5. Efficiency in Environmental Resource Use
6. Environmental Governance
7. Enhancement of resources for Environmental Conservation

Solid Waste Management Rules, 2016

The Solid Waste Management Rules, 2016 shall apply to every authority responsible for collection, segregation, storage, transportation, processing and disposal of solid wastes. The operator of a facility involved in collecting, segregating, storing, transporting, processing and disposal solid wastes and any other agency appointed for the management and handling of solid wastes is required to obtain authorizations from the State Pollution Control Board. Any solid waste generated is required to be managed and handled in accordance with the procedures specified in the Solid Wastes Rules.

INTELLECTUAL PROPERTY LEGISLATIONS

In general, the Intellectual Property Rights includes but is not limited to the following enactments:

- The Patents Act, 1970
- Indian Copyright Act, 1957
- The TradeMarks Act, 1999
- Design Act, 2000

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

Trademarks Act, 1999

The Trade Marks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

Designs Act, 2000

The Design Act, 2000 came into force in May 2001 to consolidate and amend the law relating to protection of designs. A design refers to the features of shape, configuration, pattern, ornamentation or composition of lines or colours applied to any article, in two or three dimensional or both forms. In order to register a design, it must be new and original and must not be disclosed to the public anywhere in India or any other country by publication in tangible form or in any other way prior to the filing date. A design should be significantly distinguishable from known designs or combination of known designs in order for it to be registerable. A registered design is valid for a period of 10 years after which can be renewed for a second period of 5 years, before the expiration of the original period of 10 years. After such period the design is made available to the public by placing it in the public domain.

GENERAL LAWS

Apart from the above list of laws – which is inclusive in nature and not exhaustive - general laws like the Indian Contract Act 1872, Specific Relief Act 1963, Negotiable Instrument Act 1881, The Information Technology Act, 2000, Sale of Goods Act 1930 and Consumer Protection Act 1986 are also applicable to the company.

OUR HISTORY AND CERTAIN OTHER CORPORATE MATTERS

Our Company was originally incorporated on August 29, 2008, as a private limited Company under the name and style of Organic Recycling Systems Private Limited under the provisions of Companies Act, 1956 with the Registrar of Companies, Mumbai vide CIN U40106MH2008PLC186309. Pursuant to shareholders' resolution passed at Extra Ordinary General Meeting held on Monday, September 26, 2022 our Company was converted into a Public Limited Company and the name of the Company was changed to Organic Recycling Systems Limited vide a fresh Certificate of Incorporation dated 29th September 2022 issued by Registrar of Companies, Mumbai.

Organic Recycling Systems Limited has been a forerunner in providing sustainable waste management solutions in India since 2008. We successfully set up India's first MSW processing and disposal plant based on DRYAD^(TM) process in Solapur, Maharashtra to convert Organic fraction of Municipal Solid Waste (OFMSW) into electricity and compost. Our Solapur plant was recognized as a case study under best practices for MSWM processing by the Swachh Bharat Mission by the Government of India. Our focus primarily has been on developing robust, cost effective & environment friendly technologies that are simple to operate. We are determined to become one of the leading technology providers in Asian region for mitigating waste management challenges by promoting sustainable technological innovations right from community level solutions to large scale end-to-end infrastructure solutions for effective handling & scientific processing & disposal of municipal wastes. Our projects are implemented keeping in mind positive social impact on environment & well-being for society at large. Driven by principles of circular economy, we are committed to recover maximum resources from waste thereby reducing burden on landfills.

The Audited Consolidated Financial Statements were prepared in accordance with generally accepted accounting principles in India (Indian GAAP) at the relevant time. The Group has prepared the Restated Consolidated Summary Statements to comply with in all material aspects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 ("the Act"), read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2006. The Restated Consolidated Summary Statements have been prepared on accrual basis and under the historical cost convention. The accounting policies are applied consistently in preparation of the Restated Consolidated Summary Statements. and are consistent with those used in preparation of the financial statement for year ended on March 31, 2023.

The Restated Statements and Other Financial Information have been prepared for inclusion in the Offer Document to be filed by the Group with the Securities and Exchange Board of India (SEBI) in connection with proposed Initial Public Offering of its equity shares, in accordance with the requirements of:

- (a) Sub clause (i), (ii) and (iii) of clause (b) of Sub-section (1) of Section 26 of Part 1 Chapter III of the Act read with Rule 4 of Companies (Prospectus and Allotment of Securities) Rules, 2014: and
- (b) Relevant provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2009, as amended (the "Regulation") issued by the Securities and Exchange Board of India (SEBI) on August 26, 2009, as amended from time to time in pursuance of the Securities and Exchange Board of India Act, 1992.

These Statements and Other Financial Information have been prepared after incorporating adjustments for the material amounts in the respective years to which they relate.

2.1 Basis of Consolidation

- i. The Restated Consolidated Summary Statements of the Group have been prepared in accordance with the Accounting Standard 21 'Consolidated Financial Statements'.
- ii. The Restated Consolidated Summary Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's separate financial statements.

- iii. The Restated Consolidated Summary Statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses in accordance with Accounting Standard-21 - "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India.
- iv. The difference between the cost of investment in the Subsidiaries over the net assets at the time of acquisition of the investment in the subsidiaries is recognised in the Restated Consolidated Summary Statements as Goodwill on Consolidation or Capital Reserve as the case may be. Investments made by the parent company in subsidiary companies subsequent to the holding-subsidiary relationship coming into existence are eliminated while preparing the Restated Consolidated Summary Statements.
- v. Intragroup balances, intragroup transactions and resulting unrealised profits or losses, unless cost cannot be recovered, are eliminated to the extent of share of the parent company in full.
- vi. In case of associate where the Company has significant influence or hold directly or indirectly through subsidiaries 20% or more of equity shares, investment in associates are accounted for using equity method in accordance with AS 23 – ‘Accounting for Investments in Associates in Consolidated Financial Statements’, as notified accounting standard by Companies Accounting Standards Rules, 2021. The Company accounts for its share in the change in the net assets of the associates, post acquisition, after eliminating unrealized profits and losses resulting from transactions between the Company and its associates in the statement of profit and loss.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle, and other criteria set out in the schedule III to the Companies Act, 2013. Based on the nature of product and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as up to twelve months for the purpose of current/non- current classification of assets and liabilities.

Current-Non current classification

All assets and liabilities are classified into current and non-current as follows:

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle;

- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realised within 12 months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a. It is expected to be settled in the Group's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due to be settled within 12 months after the reporting date; or
- d. The Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

3. Summary of significant accounting policies

- a. Presentation and disclosure

The Group has prepared the Restated Consolidated Summary Statements along with the relevant notes with the requirements of Schedule III of the Act.

- b. Use of estimates

The preparation of Restated Consolidated Summary Statements in conformity with Indian GAAP requires the management to make judgments, estimates and disclosure that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

- c. Cash and Cash Equivalent

Cash and cash equivalents for the purposes of restated consolidated cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

- d. Cash flow statement

Restated Consolidated Summary Statement of Cash Flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The Restated Consolidated Summary Statement of Cash Flows from operating, investing and financing activities of the Group are segregated based on the available information.

- e. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, installation or construction including other direct expenses incurred to bring the assets to its working condition for its intended use less accumulated depreciation, amortization, impairment, discardation and compensation.

Gains or losses arising from derecognition of Property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and

loss when the asset is derecognized.

f. Intangible assets

Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment loss, if any. Intangible assets are recognized only if it is probable that the expected future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably.

Technology Development

Expenditure incurred during research is charged to revenue when no intangible asset arises from such research.

Development expenditure is capitalised to the extent that it is expected that such asset will generate future economic benefits; adequate technical, financial and other resources required to complete the development and to use or sell the asset are available, and the expenditure attributable to the asset during its development can be measured reliably. The Group has filed its patent for 'DRYAD' Technology in June 2014. The Group has received the patent on June 16, 2022. In addition to it, the company had filed a patent for "Integrated Process for Pre-treatment and Anaerobic digestion of waste" and apparatus used therein (called as MARUT Drum and allied equipment) in June, 2014. The Company has been granted this patent on July 10, 2023.

Goodwill

Goodwill comprises the excess of purchase consideration over the parent's portion of equity of the subsidiary at the date on which investment in the subsidiary is made.

g. Depreciation & Amortisation

Depreciation on Property, Plant & Equipment is provided on the written down value method at the calculated rates on the basis of the useful life specified in Part C and in the manner prescribed under Schedule II of the Companies Act, 2013, as under:

Property, Plant & Equipment	Useful Life
Office Equipment	5 years
Furniture & Fixtures	10 years
Computers	3 years
Vehicles	8 Years
Building	30 years
Plant and Machinery	35 years

During the reporting periods, depreciation is provided at 100% on the written down value of assets which have retired from active use.

Intangible assets in the nature of software are amortised on a Straight Line Method over their useful lives of 3 years.

The Group has amortized the Technology Development cost over its estimated life over 10 years

The estimated useful lives of intangible assets and the amortisation period are reviewed at the end of each reporting date and the amortization method is revised to reflect the changed pattern, if any.

Goodwill has not been amortised because management is of the view that future economic benefits would be realised from the investment made in the subsidiaries.

h. Intangible Assets under Development

Intangible assets under development is stated at cost, net of accumulated impairment losses, if any. The cost comprises of direct salary cost incurred in development of Marut Drum, Phosphate Rich Organic Manure (PROM), Activated Carbon and In-vessel composting, Sugar King/Sugarcane Plus-Products, Co-digestion of Agri residue and other feedstock/ HRT Reactor / Pre-treatment of mixed biomass or waste, H₂S and Moisture scrubber Technology and Biochar to Brick/tiles application.

i. Revenue Recognition

Revenue is recognized based on the nature of activity to the extent it is probable that the economic benefits will flow to the Company and revenue can be reliably measured.

Revenue from Construction Contract

- a. For Engineering, Procurement and Construction ('EPC') and construction contracts, contract prices are either fixed or subject to price escalation clauses.
- b. Revenues are recognised on a percentage of completion method measured on the basis of stage of completion which is as per joint surveys and work certified by the customers.
- c. Profit is recognized in proportion to the value of work done (measured by the stage of completion) when the outcome of the contract can be estimated reliably. When the total contract cost is estimated to exceed total revenues from the contract, the loss is recognized immediately.
- d. Amounts due in respect of price escalation claims and/ or variation in contract work are recognised as revenue only if the contract allows for such claims or variations and/or there is evidence that the customer has accepted it and are capable of being reliably measured.

Accounting of Supply Contracts- Sale of goods

Revenue is recognised when there is a transfer of significant risks and rewards of ownership in goods to the buyer.

Interest Income

Interest income is recognised on time proportion basis taking into account amount outstanding and the applicable interest rate.

Service Income

Service income is recognised on the basis of completion of service method.

j. Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. Current investments are carried in the Restated Consolidated Summary Statements at lower of cost and fair value determined on an individual investment basis. All other investments are classified as long term investments. Long term investments are carried at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

k. Inventories

Inventories are stated at lower of cost or net realisable value. Cost is determined using the first-in, first-out (FIFO) method. The cost of finished goods and work in progress comprises cost of raw materials, direct labour, other direct costs and related production overheads. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

l. Foreign Currency Transactions

Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing on the date of the transaction. Monetary items denominated in foreign currencies outstanding in Restated Consolidated Summary Statements are restated at the rates prevailing on that date. The exchange differences arising on settlement / restatement of foreign currency monetary items are capitalized as part of the depreciable Property, Plant and Equipment to which the monetary item relates and depreciated over the remaining useful life of such assets. If such monetary items do not relate to acquisition of depreciable Property, Plant and Equipment, the exchange differences are charged to the Restated Consolidated Summary Statements. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

m. Retirement and other employee benefits

Short Term Employee Benefits

Short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised undiscounted during the period employee renders services.

Post-Employment Benefits

Group's contribution for the period paid/payable to defined contribution retirement benefit schemes are charged to Restated Consolidated Summary Statement of Profit and Loss. Group's liability towards defined benefit plan viz. gratuity is determined using the Projected Unit Credit Method as per actuarial valuation carried out at the reporting date. The benefit is unfunded. Actuarial gains and losses for both defined benefit plans are recognized in full in the period in which they occur in the Restated Consolidated Summary Statement of Profit and Loss.

n. Borrowing Cost

Borrowing costs attributable to acquisition and construction of qualifying assets are capitalized as a part of the cost of such assets up to the date when such assets are ready for its intended use. Other borrowing costs are charged to the Restated Consolidated Summary Statement of Profit and Loss in which they are incurred.

o. Earnings Per Share

Basic earning per share is calculated by dividing the net profit or loss for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

p. Operating Lease

Lease arrangements under the Group where risks and rewards incidental to ownership of an asset substantially vest with the lessor are classified as operating lease. Lease payments under an operating lease are recognized as expense in the Restated Consolidated Summary Statement as per terms of lease agreement.

q. Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Group operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the reporting period and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the Restated Consolidated Summary Statement of Profits and Losses.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Group re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax

assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

r. Impairment of Assets

At each reporting date, the Group assesses as to whether there is any indication that an asset is impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Restated Consolidated Summary Statement of Profits and Losses. If at the reporting date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. However, as per the assessment made by the Group as on the reporting date, there is no such indication of any impairment of any asset during the reporting period under report and therefore there is no effect of impairment loss in the Restated Consolidated Summary Statements for the period under report.

s. Impairment of Goodwill

Goodwill arising on acquisition represents a payment made by an acquirer in anticipation of future economic benefits. The future economic benefits may result from synergy between the identifiable assets acquired or from assets that individually do not qualify for recognition in the financial statements. Goodwill does not generate cash flows independently from other assets or groups of assets and, therefore, the recoverable amount of goodwill as an individual asset cannot be determined. As a consequence, if there is an indication that goodwill may be impaired, recoverable amount is determined for the cash-generating unit to which goodwill belongs. This amount is then compared to the carrying amount of this cash-generating unit and any impairment loss is recognised

t. Provisions and Contingencies

A provision is recognised when the Group has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the Restated Consolidated Summary Statement of Profits and Losses net of any reimbursement.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the Restated Consolidated Summary Statements.

XXXIV. Segment reporting

In accordance with the requirements of Accounting Standard 17 - "Segment Reporting", the Company has single reportable segment namely "Construction, Development and Maintenance of Waste-to-Energy projects, particularly in the Municipal Solid Waste sector. Hence AS-17 - "Segment Reporting" is not applicable.

XXXV. Registration of charges or satisfaction with Registrar of Companies

Following is the details of pending registration of charge with Registrar of Companies beyond the statutory period :

Nature of Loan	Lender	Due date for creation of charge	Reason for non creation
Car Loan	ICICI Bank	July 6, 2018	As per the common practice, charge on vehicle loan is created by the bank. The management was under impression that bank would have created the charge. However it is learnt that the bank failed to create charge as well as informed the management to create. Since the current outstanding is hardly INR 4.75 Lakhs and the same will be repaid in FY 2023-24. Hence no charge is created.

BUSINESS OVERVIEW

We are an engineering company focused on environmental solutions and provides waste management solutions across waste types and across the value chain. Our Company has been a forerunner in providing sustainable waste management solutions in India since 2008. Incorporated by technocrats our focus primarily has been on developing robust, cost effective & environment friendly technologies that are simple to operate. We have proven technology and capability of successfully running one of India's first Waste to Energy (WTE) plant developed on anaerobic biomethanation technology.

The anaerobic bio methanation technique has been recognized as a promising technology as per National Master Plan issued by Government of India, We have also set up a MSW processing and disposal plant in Solapur, Maharashtra to convert Municipal Solid Waste (MSW) into electricity and compost. The plant has been operational since 2013 with the plant being recognized as one of the case studies for best practices for MSWM under the Swachh Bharat Mission and various other reports. With the data collected over the years, our company is now a front runner for various EPC opportunities in the country and therefore providing solutions encompassing entire value chain for waste management.

Our Business verticals includes Build Own Operate Transfer (BOOT) model, Engineering Procurement and Commissioning (EPC) model and Supply of key equipment.

Waste Management is a very huge opportunity in India due to its demographics and consumption pattern. The sector is in its growth stage with very few players having the right technology and capability to provide sustainable solutions. Hence we are determined to enter into and become one of the leading technology & service providers in Asian, Middle Eastern, and African region for mitigating waste management challenges by promoting sustainable technological innovations right from door-step and community level solutions to large scale end-to-end infrastructure solutions for municipal waste management.

Our projects are implemented keeping in the mind positive social impact on environment & well-being for society at large. Driven by principles of circular economy, we are committed to recover maximum resources from waste thereby reducing burden on landfills.

PERFORMANCE OF THE COMPANY FOR THE PERIOD BEGINNING FROM APRIL 1, 2022 TO MARCH 31, 2023.

- Revenue:** The revenue for the year has increased significantly over the previous year on account of the following developments:

MOU with White Organic Retail Limited (WORL) – The Company has entered into a Memorandum of Understanding with WORL on December 28, 2022, Mumbai to provide comprehensive solutions for agricultural waste management in the states of Punjab, Haryana and Maharashtra. Salient features of the MOU is given below :

- WORL is in the business of retail and wholesale trading of agro produce, processing of Agriculture products and allied activities. With an objective to expand its footprints in agro waste processing, WORL has decided to collaborate with ORS to acquire projects in Agricultural waste management sector as ORS has 14 years of extensive experience in building and managing multiple waste management projects. As per the terms of the MOU, WORL has agreed to pay a sum of Rs. 6 crores (Rs. 60 lakhs to ORS and balance Rs. 540 lakhs to Solapur Bioenergy System Private Limited (SBSPL) towards one time technological and operational sub-licensee fee for exclusive partnership rights for development of 1,000 MT/day (aggregate) processing capacity plants in next 3 years. ORS shall be the exclusive EPC partner for the said projects. The overall value of such contracts is estimated to be over Rs. 300 crores to be developed over the next 3 years. **Monetisation of Palakkad project** - ORS had entered into Engineering Procurement and Construction (EPC) Contract on December 14, 2020 with Blue Planet Palakkad Waste Solutions Private Limited (Blue Planet) for setup of 200 TPD Waste Processing facility at Palakkad, Kerala (please refer page 97 of the draft Prospectus). Blue Planet belongs to the Blue Planet Environmental Solutions group based in Singapore which specialises providing waste management and processing solutions for municipal solid waste (MSW), plastic / medical / e-waste etc. In this project, Blue Planet group is responsible for meeting the financial capacity requirements and ORS responsible for meeting the technical capacity requirements.

The Palakkad project was facing regulatory delays beyond the control of the parties concerned. Given that ORS had been continuously deploying resources for the project, and has now other multiple project opportunities (like the one mentioned

in (a) above). For better optimization, ORS has requested the Developer for an early resolution for services provided till date by ORS with an understanding to review the project once the Developers permissions are received and the land is allotted. Based on discussions, it was decided to amend the EPC Agreement for better utilisation of respective resources and accordingly amendment agreement dated December 31, 2022 was entered into between the parties. The salient features of the amendment agreement are given below :

The Purchaser (i.e. Blue Planet) and Contractor (i.e. ORS) have noted and agreed that despite constant efforts by each Party, there has been a significant delay in land allotment for the Project by KSIDC, and consequently the Contractor has only carried out the Basic Engineering and Detailed Engineering works under the EPC Contract.

The parties agree and acknowledge that the Contractor has completed all the basic and detailed engineering works.

The Purchaser hereby agrees to pay to the Contractor, the Contract Price in consideration of the performance by the Contractor of its obligations identified under this Contract Agreement. The Contract Price shall be an amount of Rs. 13,28,71,000/-, exclusive of GST, payable in relation to the Basic Engineering (Rs. 3,28,71,000/-) and Detailed Engineering works (Rs. 10,00,00,000/-).

Execution of project at Kalyan Dombivali Municipal Corporation (KDMC) – The company has commenced execution of EPC contract as per terms of agreement with KDMC and revenues from the project have started to accrue from the FY 2023.

- **Expenses:** The Company and its subsidiaries have continued incurring expenses towards plant operations, engineering services and project management of the projects in hand. However, due to monetization of technology development through the MOU with WORL and the amendment of the EPC agreement for Palakkad, the overall operational expenses have reduced and resulted into an operational profit to the tune of Rs. 365.38 lakhs (including depreciation) and Rs. 861.20 lakhs (before depreciation) for financial year ended as on March 31, 2023.
- **Net worth:** The net worth of the Company as on March 31, 2023, was Rs. 2,550.07 lakhs.

Total Income: During the FY 2021-22 the restated revenue from operation of the company has increased to Rs. 1,461.37 lakhs as against Rs. 1,252.38 lakhs in the FY 2020-21. This represents a 17% increase YoY. This increase was mainly due to increase in volume of operation.

Other Income: Out of the total restated income, restated Other Income comprise an amount of Rs. 295.30 lakhs amounting to over 16% of the restated total income in FY 2021-22 and restated other income for FY 2020-21 stood at Rs. 325.80 lakhs which was about 20% of the restated total income. Besides the normal interest income, it included an amount of Rs. 283.77 lakhs in FY 2021-22 pertaining to profit of sale of assets and sundry balance written back which are non-recurring in nature. In FY 2020-21, sundry balance written back amounted to Rs. 303.76 lakhs which are non-recurring in nature.

Total Expenses: The total restated expenditure excluding depreciation, interest and tax amount, for the FY 2021-22 has increased to Rs.1,542.59 lakhs as against Rs.1,251.29 lakhs in the FY 2020-21. This represents a 23% increase YoY. This increase was mainly due to increase in volume of operation and expenses incurred for future growth during the FY.

Direct Cost & Changes in Inventories of Finished Goods and Work in Progress: The restated Direct Cost & Changes in Inventories of Finished Goods and Work in Progress for the FY 2021-2022 has reduced to Rs. 670.41 lakhs as against Rs.786.96 lakhs in the FY 2020-21. This represents a 15% decrease YoY. This decrease was mainly due to efficiency in managing inventory during the FY.

Employee Benefit Expenses: The restated Employee Benefit Expenses for the FY 2021-22 has increased to Rs.275.40 lakhs as against Rs.227.70 lakhs in the FY 2020-21. This represents a 21% increase YoY. This increase was mainly due to increase in volume of operation and hiring made for future growth during the FY.

Finance Cost: The restated Finance Cost for the FY 2021-22 has increased to Rs.152.74 lakhs as against Rs.131.42 lakhs in the FY 2020-21 which represents a 16% increase YoY.

Other Expenses: The restated Other Expenses for the FY 2021-22 has increased to Rs.596.78 lakhs as against Rs.236.63 lakhs in the FY 2020-21. This represents a 152% increase YoY. This increase was mainly due to increase in volume of operations, increased travelling & other expenses for new orders and provisioning of receivables during the FY.

Profit/ (Loss) for the period: The restated loss after tax for FY 2021-22 has increased to Rs.535.03 lakhs as against Rs.449.37 lakhs in the FY 2020-21. This represents a 19% increase YoY. This increase was mainly due to more than proportionate increase in other costs as highlighted above.

AN ANALYSIS OF REASONS FOR THE CHANGES IN SIGNIFICANT ITEMS OF INCOME AND EXPENDITURE IS GIVEN HEREUNDER:

1. Unusual or infrequent events or transactions

Except as described in this Draft Prospectus, during the periods under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

2. Significant economic changes that materially affected or are likely to affect income from continuing operations.

There are no significant economic changes that may materially affect or likely to affect income from continuing operations except the Covid-19 pandemic which is still to be controlled. However, Government policies governing the sector in which we operate as well as the overall growth of the Indian economy has a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

3. Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations.

Apart from the risks as disclosed under Section "Risk Factors" beginning on page 17 in the draft prospectus, in our opinion there are no other known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations.

4. *Expected Future changes in relationship between costs and revenues*

Our Company's future costs and revenues will be determined by demand/supply situation and Government Policies.

5. *Extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or increased sales prices*

Changes in revenue in the last financial years are as explained in the part "***Comparison of the financial performance***" of above.

6. *Total turnover of each major industry segment in which our Company operates*

The Company is mainly engaged in Construction, Development and Maintenance of Waste-to-Energy projects, particularly in the Municipal Solid Waste sector. Therefore, there are no separate reportable segments.

7. *Status of any publicly announced New Products or Business Segment*

Our Company has not announced any new product except as disclosed in the Draft Prospectus.

8. *Seasonality of business*

We do not believe our business to be seasonal.

9. *Competitive conditions*

Competitive conditions are as described under the Chapters "***Industry Overview***" and "***Our Business***" beginning on page 76 and 86 respectively of the draft prospectus.

10. *Details of material developments after the date of last balance sheet i.e., March 31, 2023.*

Except as mentioned in this draft prospectus, no material circumstances have arisen since the date of last financial statement until the date of filing the draft prospectus, which materially and adversely affect or are likely to affect the operations or profitability of our Company, or value of its assets, or its ability to pay its liability within next twelve months.

LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding (I) criminal proceedings, (II) actions taken by statutory or regulatory authorities, (III) disciplinary action including penalty imposed by the SEBI or stock exchanges against our Promoters in the last five Fiscals, including outstanding action, (IV) claims related to direct and indirect taxes in a consolidated manner, (V) details of any other pending material litigation which are determined to be material as per a policy adopted by our Board (“**Materiality Policy**”), in each case involving our Company, Promoters, Directors, Group Company and Subsidiary, (the “**Relevant Parties**”).

For the purpose of (V) above, our Board in its meeting held on October 4, 2022, has considered and adopted a policy of materiality for identification of material litigation involving the Relevant Parties.

In terms of the Materiality Policy, all pending litigation involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and statutory authorities, disciplinary action including penalty imposed by SEBI or stock exchanges against the Promoters in the last five Fiscals including outstanding action, and tax matters, would be considered ‘material’ if:

- the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of 25% of the revenue, assets/liabilities or net profit after tax (whichever is the lowest) of our Company as per the restated consolidated financial statements of our Company for the last full Fiscal, or
- the monetary liability is not quantifiable, however, the outcome of any such pending proceedings may have a bearing on the business, operations, performance, prospects, or reputation of our Company.

Except as stated in this section, there are no Outstanding Material Dues (as defined below) to creditors; or (ii) outstanding dues to small scale undertakings and other creditors.

Our Board, in its meeting held on October 4, 2022 determined that outstanding dues to creditors in excess of Rs. 50.00 lakhs or 2% of revenues (whichever is the higher) as per the restated consolidated financials for the period ended 31st March, 2023 shall be considered as material dues (“**Material Dues**”).

Unless otherwise stated to the contrary, the information provided is as of the date of this Draft Prospectus.

There are no pending or ongoing litigations, however, in relation to investigation against Maitri Suvarnaasiddhi Private Limited (MSSPL), Sunlet Systems and Ventures Private Limited (SSVPL) and West Coast Ventures (India) Private Limited (WCV), our Company has been asked to furnish information / documents in relation to investments received from WCV.

I. REGULATORY BODIES' ENQUIRY INTO TRANSACTIONS WITH WEST COAST VENTURES (INDIA) PRIVATE LIMITED (WCV)

BACKGROUND

ORS is a company engaged in the business of solid waste management and conversion of waste to energy for municipal corporations in India. In 2009, ORS was declared the successful tenderer for setting-up a waste management facility by Bruhat Bengaluru Mahanagar Palike ("BBMP"), a special purpose vehicle, Organic Waste (India) Private Limited ("Bangalore SPV"), was set up to execute the project. Sunil Hi-Tech India Infra Ltd ("Sunil Hi-Tech") expressed its interest during 2013 towards investing in the Bangalore SPV and invested total amount of Rs. 8.93 crores in Organic Waste India Private Limited. However, in or about May 2014, Sunil Hi-Tech expressed their inability to pursue further investments in the Bangalore SPV. Therefore, it was decided that Sunil Hi-Tech could only exit the arrangement if and when a new investor was found to take up the shares of the Bangalore SPV.

In November 2014, WCV expressed its desire to invest Rs. 43 crores in the Bangalore SPV and a proposed project in Pune. It was always understood that the payments made by WCV would be towards equity share application money for acquiring the equity shares of the Bangalore SPV from Sunil Hi-tech,, execution of the Bangalore SPV and Pune SPV.

On 8 November 2014, an initial amount of Rs. 50 lakhs was remitted by WCV as an advance towards equity in the Bangalore

and Pune projects. A Memorandum of Understanding for equity investments (MOU) was entered upon. From January 2015 onwards, WCV began to default in making payments as per agreed timelines. On 29 February 2015, ORSPL was declared as the successful bidder to the Pune SPV by PMC. To bring in the necessary capital, we called upon WCV to make the requisite payments towards the Pune project. However, it continued to fail.

When ORS attempted to procure a credit facility from banks, it asked for financial documents from WCV. In response to the above, the documents were provided by WCV and upon perusal, ORS noticed that the financial documents provided by them were not of WCV but belonged to a company called 'Maitreya Services Private Limited' in which certain discrepancies were noted. Therefore, ORS addressed to WCV requesting information on the discrepancies in the said balance sheet. However, no reply was forthcoming despite reminders.

ORS began enquiring into the antecedents of it. It was only at this advanced stage that ORS became aware that two associate companies of WCV namely, Maitreya Services Limited and Maitreya Plotters and Structures Private Limited (collective called "debarred companies") were barred by SEBI, from raising money from the capital markets, and directed to return money raised. At this stage, ORS was only aware that orders had been passed by SEBI against some associate companies of WCV, and therefore, ORS was of the view that the same had no direct bearing on its transaction with WCV.

Although the MoU anticipated a total equity investment of Rs 43,00,00,000/- by WCV, it only invested Rs.22,50,00,000/-. The said amounts were received in 18 instalments, of which, 16 instalments were paid by WCV and 2 (two) instalments were paid by one Sunlet Systems and Ventures (India) Private Limited ("Sunlet") on behalf of it. It is pertinent to note that of the total amount of Rs. 25,00,00,000/- received under the aforesaid instalments, a sum of Rs. 2,50,00,000/- was returned by ORSPL to WCV on 2nd April, 2015. Consequently, the net total investment by WCV for acquiring shares of the Bangalore and Pune SPVs was only Rs. 22,50,00,000/-, out of which an amount of Rs. 8,91,08,602/- had been utilized in making payments to Sunil Hi-Tech and the remaining had been invested in Bangalore and Pune SPV's.

On 2 September 2015, WCV announced its sudden withdrawal from the arrangement, citing a lack of funds. ORS addressed a letter to WCV terminating the MoU and on 19 April 2016 demanding damages. Ultimately on 18 June 2016 ORS addressed a notice to WCV invoking the arbitration clause of the MoU and referred the disputes thereunder to arbitration.

Summary :

Considering the inclination of WCV to invest in the Company / its subsidiary's projects and relying on its representations, our Company agreed in good faith and in the ordinary course of business to accept the investments for its business needs. As per the terms agreed with WCV under MOU dated November 10, 2014, total funds to be brought in by WCV were to be appropriated towards equity share capital and since the agreed sum of amount as per the decided time frame was not provided by WCV, ORS sought damages through Arbitration proceedings. The Arbitration process resulted in awarding damages to the tune of Rs. 33.90 crores to be recovered by the Company from WCV. The award directs WCV to pay Rs. 11.40 crores (after appropriation of Rs. 22.50 crores) with interest at the rate of 8% per annum with effect from March 01, 2016. Pursuant to this, ORS appropriated the sum of Rs. 22.50 crores as directed and the liabilities were written back with corresponding write off of initial expenses / capital WIP in the two projects where the sum was invested. WCV approached NCLT to claim back the amounts as 'financial creditor'. The NCLAT order confirms that WCV is not a financial creditor and dismissed WCV's contention. Thus, the amount received from WCV has been ordered to be appropriated towards damages taking into account breach of MOU and as such no equity was allotted due to breach of conditions. Further there is no liability on the Company to refund the amount received and on the contrary, Company holds an Arbitration award dated January 06, 2020 to claim Rs. 11.40 crores from WCV along with interest thereon from March 01, 2016.

In relation to the above transaction, following notices were received:

3) EOW NOTICE REGARDING WCV INVESTMENTS

- a. A notice bearing reference no. EOW/Nashik/787/2018 dated 10.05.2018 was sent by Economic Offence Wing (EOW), Nashik u/s 160 of Code of Criminal Procedure, 1973 to Mr. Suhas Bhand (Promoter Group) in relation to the investigation of Maitrey Group of Companies seeking details regarding the investments made by WCV to ORS. Detailed reply to this was filed on 23.05.2018. No further action has been taken on this matter since 2018.
- b. The Company and its material subsidiaries have received a notice under Section CRPC u/s 91 of Criminal Procedure Code, 1973 from EOW, Wardha dated 14.11.2022 seeking certain information in relation to the dealings with West Coast Ventures Pvt Ltd and its group companies. A reply to the said notice was made on November 23, 2022.

Whilst the aforementioned enquiries were in progress, the Company was into litigation with WCV with respect to the defaults committed by WCV in meeting its investment obligations under the MOU. The Arbitration process resulted in awarding damages to the tune of Rs. 33.90 crores to be recovered by the Company from WCV. The award directs WCV to pay Rs. 11.40 crores (after appropriation of Rs. 22.50 crores) with interest at the rate of 8% per annum with effect from March 01, 2016. The details of these proceedings are summarized below

ARBITRATION WITH WCV

Pursuant to this series of events we invoked arbitration through letter dated 18.06.2016, thereby seeking damages for abandonment of the agreement. The Arbitration proceedings culminated into an award in favor of ORS to the tune of Rs. 33.90 Crores as and by way of damages for WCV's breach of contract. ORS was permitted to appropriate the amounts received under the MOU towards the damages awarded. After having appropriated the sum of Rs. 22.50 Crores under the MOU against its damages awarded pursuant to the Arbitral Award dated 06.01.2020, ORS is yet to receive an amount of Rs. 11.40 Crores from WCV for the latter's breach of its contractual obligations. This matter is currently closed.

NCLT / NCLAT ORDER

During the pendency of the Arbitration proceedings, WCV filed proceedings before the Hon'ble NCLT dated 29.07.2017 under Section 7 of the IBC claiming to be a financial creditor. The matter was argued at length on behalf of both parties. ORS challenged the maintainability of the petition and the locus of WCV to file the petition as a financial creditor given that the amounts received by ORS were in the nature of equity investments which were per se non-refundable. The Mumbai Bench of the NCLT admitted the petition filed on behalf of WCV and delivered the order on 30.08.2018. The matter was thereafter carried in appeal by ORS before the Hon'ble NCLAT and the Order of the NCLT was set aside on 08.02.2019 since the amounts received under the MOU were in the nature of equity investments towards the Bangalore and Pune SPVs. Accordingly, the appointment of Interim Resolution Professional, Resolution Professional, moratorium, freezing of account and all other orders passed by Adjudicating Authority were declared illegal and set aside. This matter is currently closed.

II. Show cause notice issued against the Company:

Show Cause Notices (SCN) dated May 15, 2023 followed by SCN dated May 23, 2023 were received from Kolkata Municipal Corporation (KMC) alleging non-performance of Bio-CNG plant (commissioned during September 2022) and seeking explanation why KMC should not initiate process of termination of contract and black listing of ORS.

The Company responded with its submissions vide letter dated June 16, 2023 pointing out the following:

- a. The plant was commissioned within the defined timeframe and functioning well with waste feeding and biogas generation. Plant was commissioned as per protocol i.e with generation of biogas and readiness for input feed.
- b. As approvals were pending, plant was not taken to full capacity operation to avoid wastage of biogas and avoid expenses.
- c. Required infrastructure has been provided and the quality of methane gas has also been achieved. The plant is capable of supplying Bio CNG and is awaiting operational approval from PESO and WBPCB.
- d. Compost was not generated as the plant was not taken to full capacity and the digestate was recycled back to the digester to maintain a healthy culture.

Our Company further represented by a letter June 17, 2023 highlighting the difficulties faced during operations. A request for escalation in the contract price has been requested to KMC to enable smooth and efficient running of the operations.

No further communication has been received from KMC in this regard.

a. ORGANIC RECYCLING SYSTEMS VS MUNICIPAL CORPORATION OF DELHI (MCD):

ORS had entered contract during the year 2018 with the three erstwhile corporations of New Delhi for setting up 10 decentralized Waste to Energy Plants. Under the Contract, ORS had furnished performance bank guarantee aggregating to roughly 1.6 crores. ORS had initially filed three petitions during July 2022 under Section 9 of the Arbitration Act against the three erstwhile corporations which were withdrawn with liberty to re-file. Disputes had arisen between the parties on account of MCD's failure to make payment of the amounts due to ORS under the contract roughly to the tune of 13 Crores. MCD initiated steps to terminate the contract and invoke the performance bank guarantees in view whereof, ORS approached the Delhi High Court seeking, inter-alia, a stay on termination of the contracts and invocation of the performance bank guarantees. ORS has also invoked the Arbitration Clause contained in the contracts and filed a petition for constitution of the Arbitral Tribunal since the Corporation failed to concur in appointment of an Arbitrator. By the time the Section 9 petition was heard, the three erstwhile corporations had merged by virtue of the Municipal Corporation Amendment Act, 2022 and the Municipal Corporation of Delhi terminated the contracts and invoked the performance bank guarantees. ORS objected to the invocation by virtue of a petition under Section 9 of the Arbitration Act dated 22.07.22 and the Hon'ble Delhi High Court stayed the invocation dated 26.08.22 since the invocation was not in accordance with the terms of the guarantee.

Vide an Order dated 13th February 2023 passed in Arb. Pet. No. 886 of 2022 passed by the Hon'ble Delhi High Court, an Arbitral Tribunal comprising of Mr. Justice G. S. Sistani (Retd.) was constituted and presently the matter is sub-judice before the learned arbitrator. ORSPL has filed its statement of Claims before the learned arbitrator and has also filed its Application seeking refund of the monies wrongly received by the MCD by invoking the bank guarantees. The matter is now posted for hearing of the ORS's application on 11th October 2023.

b. ORGANIC RECYCLING SYSTEMS PRIVATE LIMITED VS. STATE OF U.P

ORS is a solid waste management company, and the respondents (Meerut Nagar Nigam) is a statutory local body created under U.P Nagar Nigam Act, 1959. They issued a tender on 01.12.2016 for building an 800 TPD (Tons Per Day) MSW (Municipal Solid Waste) plant to be used for treatment of municipal solid waste. Based on this, the Petitioners issued their Expression of

Interest on the tender on 07.12.2016 for designing, constructing, installing, and operating a plant for treatment of 800 TPD municipal solid waste. It was decided in the Concession Agreement dated January 2, 2017 that the ORS would incur the expenditure for setting up and operating the plant, and the other party must make available 800 Tons per day of waste. We submitted a “Detailed Project Report” (DPR) on 08.09.2017. However, the Meerut Nagar Nigam asked for a revised DPR for a 400 TPD plant instead of the agreed plant of 800 TPD. They explained the change based on evaluation done by the Regional Centre for Urban and Environmental Studies, Lucknow (State govt run institution) of the DPR and that the 800 TPD plant was now being split into two 400 TPD plants. Since we had already invested lot of resources into the 800 TPD plant and in order to avoid waste of these resources we accepted to devise DPR for 400 TPD plant. The revised DPR envisaged the total cost of the plant to be 122.26 Crore wherein 39.68 Cr was to be funded through equity share capital, 42.79 Cr through VGF and 39.78 Cr through loan. Thereafter, the Respondent issued another tender for the remaining 400 TPD plant on 17.10.2018, violating the Concession Agreement entered by the parties. Based on this, we filed a Writ Petition (Writ-C No. 37667 of 2018) dated 17.10.18 in the High Court under Article 226 for the breach of the Agreement. The High Court on 16.11.2018 directed that if any e-tender is opened then the same will be subject to final decision of the writ petition. However, in a meeting at the Investors Summit, the Principal Secretary of Govt of UP (Respondent 1) and the Nagar Nigam (Respondent 2), it was decided that establishment of Waste to Energy Plant in Meerut would be done by M/S IL&FS Environmental Infrastructure & Services Ltd (IEISL) (Respondent 3). We were aggrieved by the conduct of the Respondents and therefore filed a Writ Petition (Writ-C No. 3312 of 2019) dated 28.01.19. The second tender is in direct breach of the Agreement. Respondent 3 is a major defaulter of various loans taken from multiple banks and has been leveled as Non-Performing Asset. The matter is still pending to be argued.

a. C.B.I. Vs. Suhas & others (*Special Case: 06/2006*)

Suhas Bhand, (father of the Promoter) was the Managing Director of M/s Cicon Environment Technology Ltd., Bhopal, which was the original concessionaire for the Solapur project currently run by our SPV – Solapur Bioenergy Systems Pvt Ltd. He is accused of criminal conspiracy and fraud with Dena Bank. The Special Judge CBI, Bhopal, Madhya Pradesh acquitted Mr. Suhas Bhand under Section 420, 467, 468 & 471 of IPC and convicted Mr Suhas Bhand under Section 13(1)(d), r/w Section 13(2) of Prevention of Corruption Act 1988 and r/w Section 120-B of IPC directing him to undergo Rigorous imprisonment for three years with a fine of Rs.5000/- with default stipulation. Smita Bhand of our promoter group was also implicated, however, charges against her were not proved. Mr Suhas Bhand had filed an appeal in the Hon'ble Madhya Pradesh High Court against the said conviction and vide Order dated 24.06.2019 Mr. Suhas Bhand's sentence was suspended, and he was granted bail. However, the said appeal is pending disposal. The litigation is related to our promoter group and not against any of the Promoters, Directors or the Company or any of its subsidiaries.

a. SOLAPUR BIO-ENERGY SYSTEMS PRIVATE LIMITED (SBESPL) VS MICRO & SMALL ENTERPRISE FACILITATION COUNCIL, PUNE CIVIL MISC. APPLICATION NO. 757/2021

SBESPL is a part of Organic Recycling Systems (ORS) initiative to promote green field projects in environment and waste management sector. SBESPL sub contracted Mahalaxmi Electromech which is a private limited Company engaged in providing industrial consultancy services to complete the grid connectivity/evacuation work for the Project in Solapur. Despite numerous reminders, the contractor had significantly put off finishing the work that was contracted out to him. The total contract value was Rs.12,771,097/-out of which company had paid a sum of Rs.8,660,329/-against actual work done. Since the sub-contractor continued to delay completion of the work awarded to it under the contract, SBESPL levied a penalty of Rs.2,554,219/-in accordance with the terms of the contract. However, one of the partners of the Sub-Contractor did not agree to the penalty and Mahalaxmi Electromech filed a claim on 20.05.2015 (case no. 124/2015) of Rs.7,199,049/-(RS. 4,446,800/-plus interest RS. 2,752,249/-) before the Micro,Small and Medium Enterprises Council (MSME) Pune. The council ruled that the dispute be resolved through mutual consent. The settlement meeting took place on July 23, 2016, but it was unsuccessful despite SBESPL making a fair offer. Then after, the Hon'ble Facilitation Council heard the matter and ordered in favor of the Petitioner. It directed SBESPL to pay an amount of Rs.41,61,955. The Award was challenged before the District Court, Pune. Mahalaxmi sought directions from the court for SBESPL to make the mandatory deposit as envisaged under Section 19 of the MSME Act. The Learned District Judge ordered on 30.06.2022 the application was tenable and cannot be dismissed for alleged non-compliance.

SBESPL urged before the court that the principal contention was that since Mahalaxmi was not registered as an MSME at the time of award of the contract, it could not avail benefits under the provisions of the MSME Act, including the provisions with regard to Mandatory pre-deposit. The Learned District Judge has upheld the contentions of SBESPL and has passed a detailed order, prima facie holding that since Mahalaxmi was not registered under MSME Act, it could not insist on pre-deposit. A copy of the order could be provided. By virtue of a statement made in court by Mahalaxmi Electromech Lawyers, Execution proceedings have also been stayed though no order in this regard was passed.

a. M/s SOLAPUR BIO-ENERGY SYSTEMS PRIVATE LIMITED (SBESPL) VS ELIXIR ENGINEERING PVT LTD.

ORS owns a wholly owned Group company called Solapur Bio-Energy Systems Private Limited (hence referred to as SBESPL). SBESPL was incorporated specifically to establish and carry out the Municipal Solid Waste Management project at Solapur. After submitting a bid to complete the pipe and fitting work for the aforementioned project, Elixir Engineering Private Limited (hereinafter referred to as Elixir), was chosen to complete the work. According to the Contract's terms, time was the essence of the contract. But the Respondent (Elixir) didn't follow the deadlines, and the task it was subcontracted to was only finally finished in December 2012. Elixir falsely claimed that the work it had been finished and raised invoices even though it was still unfinished. To finish the job, a respondent representative secretly entered the site during off-hours, in a prohibited area that had been demarcated by SBESPL and operated a welding machine. The actions of the Respondent's representative caused a blast at the construction site leading to death of two people and injury to three others. Thereby, the matter for arbitration where we claimed a total sum of Rs. 9,46,36,233 in lieu of cost of damages and reconstruction, compensation paid to the families of the affected, delayed work damages and total loss from non-production of the Digester. The evidence in the matter has been closed and the matter is now posted for final arguments. The Arbitration proceedings are to resume after the matter is heard on merits. Both, Claimant and Respondent have filed their respective written submissions. Since there were several parties effected by this incident, several ancillary cases were also filed –

Pursuant to the press release no. PR. No. 85/2011 dated June 8, 2011, SEBI has launched a centralized web-based complaints redress system "SCORES". This would enable investors to lodge and follow up their complaints and track the status of redressal of such complaints from anywhere.

For more details, investors are requested to visit the website www.scores.gov.in. Our Board by a resolution on October 4, 2022 constituted a Stakeholders Relationship Committee. For further details, please refer to section titled "**Our Management**" beginning on page no. 120 of this Draft Prospectus.

STATUS OF INVESTOR COMPLAINTS

We confirm that we have not received any investor complaint during the three years preceding the date of this Draft Prospectus and hence there are no pending investor complaints as on the date of this Draft Prospectus.

DISPOSAL OF INVESTOR GRIEVANCES BY LISTED COMPANIES UNDER THE SAME MANAGEMENT AS OUR COMPANY

We do not have any listed company under the same management.

TAX IMPLICATIONS

Investors who are allotted Equity Shares in the Issue will be subject to capital gains tax on any resale of the Equity Shares at applicable rates, depending on the duration for which the investors have held the Equity Shares prior to such resale and whether the Equity Shares are sold on the Stock Exchanges. For details, please refer the section titled "**Statement of Tax Benefits**" beginning on page no. 68.

CAPITALIZATION OF RESERVES OR PROFITS

Save and except as stated in "**Capital Structure**" on page no. 47 of this Draft Prospectus, our Company has not capitalized its reserves or profits at any time since inception.

REVALUATION OF ASSETS

Our Company has not revalued its assets since incorporation.

SERVICING BEHAVIOR

There have been instances of defaults in the past in payment of statutory dues or of interest or principal in respect of our borrowings or deposits.

PAYMENT OR BENEFIT TO OFFICERS OF OUR COMPANY

Except statutory benefits upon termination of their employment in our Company or superannuation, no officer of our Company is entitled to any benefit upon termination of his employment in our Company or superannuation. Except as disclosed under sections titled "**Our Management**"; and "**Related Party Transactions**" beginning on page no. 120 and 195 respectively, none of the beneficiaries of loans and advances and sundry debtors are related to the Directors of our Company.

Mode of Payment of Dividend

Our Company shall pay dividend to the shareholders of our Company in accordance with the provisions of the Companies Act, 2013, as may be applicable, the AoA of our Company, the provisions of the Listing Regulations and any other rules, regulations or guidelines as may be issued by the Government of India in connection thereto and as per the recommendation by our Board of Directors and approved by our shareholders at their discretion and will depend on a number of factors, including but not limited to earnings, capital requirements and overall financial condition of our Company. We shall pay dividends in cash and as per provisions of the Companies Act, 2013 for further details in relation to dividends, please refer to sections titled, 'Dividend Policy' & 'Main Provisions of Article of Association', beginning on page no. 141 and 278 respectively, of this Draft Prospectus.

Face Value and Issue Price

The face value of the share of our Company is ₹ 10 per equity share and the Issue price is ₹ 200 per Equity Share (including premium of ₹ 190 per share). The Issue Price is determined by our Company in consultation with the Lead Manager and is justified under the Section titled, 'Basis for Issue Price', beginning on page no. 64 of this Draft Prospectus. At any given point of time there shall be only one denomination of the Equity Shares of our Company, subject to applicable laws.

Compliance with ICDR Regulations

Our Company shall comply with all requirements of the ICDR Regulations, as amended time to time.

Compliance with Disclosure and Accounting Norms

Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and the AoA, the Equity Shareholders shall have the following rights:

- Right to receive dividend, if declared.
- Right to receive annual reports and notices to members.
- Right to attend general meetings and exercise voting rights, unless prohibited by law.
- Right to vote on a poll either in person or by proxy, in accordance with the provisions of the Companies Act, 2013.
- Right to receive Offer for rights shares and be allotted bonus shares, if announced.
- Right to receive surplus on liquidation; subject to any statutory or preferential claims being satisfied.
- Right of free transferability of the Equity Shares, subject to applicable laws, including any RBI rules and regulations; and
- Such other rights, as may be available to a shareholder of a listed public limited company under the previous Companies Act, 1956 and Companies Act, 2013, as may be applicable, terms of the Listing Regulations and the MoA and AoA of our Company.

For further details on the main provision of our Company's AoA dealing with voting rights, dividend, forfeiture and lien, transfer and transmission and/ or consolidation/ splitting, etc., please refer to Section titled, '*Main Provisions of Articles of Association*', beginning on page no. 278 of this Draft Prospectus.

Market Lot and Trading Lot

The trading of the Equity Shares will happen in the minimum contract size of 600 Equity Shares and the same may be modified by the SME Platform of BSE Limited from time to time by giving prior notice to investors at large.

Allocation and Allotment of Equity Shares through this Draft Prospectus will be done in multiples of 600 Equity Shares subject to a minimum Allotment of 600 Equity Shares to the successful Applicants in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Number of Allottees

In accordance with the Regulation 268 of ICDR Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no Allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 Working Days of closure of Issue.

Joint Holders

Where 2(two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013, the First/ Sole Applicant, along with other joint Applicant, may nominate any one person in whom, in the event of the death of Sole Applicant or in case of joint Applicant, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013, any Person who becomes a nominee by virtue of this section shall upon the production of such evidence as may be required by the Board of Directors, elect either: To register himself or herself as the holder of the Equity Shares; or to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board of Directors may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the applicant would prevail. If the Applicants require changing the nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Issue

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice will be issued by our Company within two (2) Working Days of the Issue Closing Date, providing reasons for not proceeding with the Issue. The notice of withdrawal will be issued in the same newspapers where the pre-issue advertisements have appeared, and the Stock Exchange will also be informed promptly.

The Lead Manager, through the Registrar to the Issue, will instruct the SCSBs and Sponsor Bank (in case of RII's using the UPI Mechanism), to unblock the ASBA Accounts within one (1) working Day from the day of receipt of such instruction. If our Company withdraws the Issue after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will file a fresh Draft Prospectus with the stock exchange where the Equity Shares may be proposed to be listed. Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 shall be deemed to be incorporated in the deemed agreement of the Company with the SCSBs to the extent applicable.

The above timetable is indicative and does not constitute any obligation on our Company or the Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Issue Closing Date, the timetable may change due to various factors, such as extension of the Issue Period by our Company or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Application Forms and any revisions to the same will be accepted only between 10:00 a.m. to 5:00 p.m. (IST) during the Issue Period (except for the Issue Closing Date). On the Issue Closing Date, the Application Forms will be accepted only between 10:00 a.m. to 3:00 p.m. (IST) for retail and non-retail Applicants. The time for applying for Retail Individual Investors on Issue Closing Date maybe extended in consultation with the Lead Manager, Registrar and Share Transfer Agent and BSE SME taking into account the total number of Applications received up to the closure of timings.

Due to the limitation of time available for uploading the Application Forms on the Issue Closing Date, Applicants are advised to submit their Applications 1 day prior to the Issue Closing Date and, in any case, not later than 3:00 p.m. (IST) on the Issue Closing Date. Any time mentioned in this Draft Prospectus is IST. Applicants are cautioned that, in the event a large number of Application Forms are received on the Issue Closing Date, as is typically experienced in public Issue, some Application Forms may not get uploaded due to the lack of sufficient time. Such Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the Lead Manager is liable for any failure in uploading the Application Forms due to faults in any software/ hardware system or otherwise.

In accordance with ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application Amount) at any stage. Retail Individual Investors can revise or withdraw their Application Forms prior to the Issue Closing Date. Allocation to Retail Individual Investors, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Application Form, for a particular Applicant, the details as per the file received from BSE SME may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Minimum Subscription

This Issue is not restricted to any minimum subscription level. This Issue is 100% underwritten.

As per Section 39 of the Companies Act, 2013, if our Company does not receive the minimum subscription in the Issue or subscription level falls below aforesaid minimum subscription after the Issue Closing Date due to withdrawal of Applications or technical rejections or any other reason; or in case of devolvement of Underwriting, aforesaid minimum subscription is not received within 60 days from the date of Issue Closing Date or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares in the Issue, our Company shall forthwith refund the entire subscription amount received in accordance with SEBI Regulations, the Companies Act, 2013 and applicable laws including the SEBI circular bearing no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and every Director of our Company, who are officers in default, shall pay interest at the rate of 15% per annum.

In accordance with Regulation 260 (1) of the SEBI ICDR Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Issue through this Draft Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000 (Rupees One Lakh) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Arrangements for Disposal of Odd Lots

The trading of the Equity Shares will happen in the minimum contract size of 600 Equity Shares in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261 (5) of the ICDR Regulations, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the SME platform of BSE.

Restrictions on Transfer and Transmission of Shares or Debentures and on their Consolidation or Splitting

Except for lock-in of the pre-issue Equity Shares and Promoters' minimum contribution in the Issue as detailed in the Section titled, '*Capital Structure*', beginning on page no. 47 of this Draft Prospectus, and except as provided in the AoA of our Company, there are no restrictions on transfer and transmission and on their consolidation/ splitting of Equity Shares. For further details, please refer to the Section titled, '*Main Provisions of Articles of Association*', beginning on page no. 278 of this Draft Prospectus.

Allotment of Equity Shares in Dematerialized Form

In terms of Section 29 of the Companies Act, 2013, the Equity Shares shall be allotted only in dematerialized form. As per the existing ICDR Regulations, the trading of the Equity Shares shall only be in dematerialized form for all Applicants. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite Agreement dated July 6, 2022, between NSDL, our Company and Registrar to the Issue; and
- Tripartite Agreement dated July 6, 2022, between CDSL, our Company and Registrar to the Issue.

Migration to Main Board

In accordance with the BSE Circular dated March 10, 2014, our Company will have to be mandatorily listed and traded on the SME Platform of BSE Limited for a minimum period of two years from the date of listing and only after that it can migrate to the Main Board of the BSE as per the guidelines specified by SEBI and as per the procedures laid down under Chapter IX of the SEBI (ICDR) Regulations.

As per the provisions of the Chapter IX of the SEBI ICDR Regulation, our Company may migrate to the main board of BSE from the BSE start-up segment under SME Platform of BSE Limited on a later date subject to the following:

- If the Paid up Capital of the Company is likely to increase above ₹ 25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the Company has obtained in-principal approval from the main board), we shall have to apply to BSE for listing our shares on its Main Board subject to the fulfilment of the eligibility criteria for listing of specified securities laid down by the Main Board.
- If the Paid up Capital of the Company is more than ₹ 10 crores but below ₹ 25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter shareholders in favour of the proposal amount to at least twotimes the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The Equity Shares offered through this Issue are proposed to be listed on the SME Platform of BSE Limited, wherein the Market Maker to this Issue is shall ensure compulsory Market Making through the registered Market Makers of the BSE SME for a minimum period of 3 years from the date of listing on the SME Platform of BSE Limited. For further details of the agreement entered into between our Company, the Lead Manager and the Market Maker please refer to Section titled, '*General Information - Details of the Market Making Arrangements for this Issue*', beginning on page no. 39 of this Draft Prospectus.

New Financial Instruments

There are no new financial instruments such as deep discounted bonds, debenture, warrants, secured premium notes, etc. issued by our Company through this Issue.

All Applicants should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular SEBI/HO/CFD/DIL2/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the “General Information Document”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the Securities contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957, and the SEBI ICDR Regulations. The General Information Document is available on the websites of the Stock Exchange and the LM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue, especially in relation to the process for Applications by Retail Individual Bidders through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), Further pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. The final reduced timeline of T+3 days be made effective using the UPI Mechanism for applications by RIIs (“UPI Phase III”), as may be prescribed by SEBI. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of this Draft Prospectus.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Issue Closing Date, the Applicant shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days

Our Company and Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and is not liable for any amendment, modification or change in the applicable law, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that their Application are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Draft Prospectus and the Prospectus.

This section applies to all the Applicants, please note that all the Applicants are required to make payment of the full Application Amount along with the Application Form. Further, the Company and the LM are not liable for any adverse

occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

a. Phased implementation of Unified Payments Interface

SEBI has issued circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019, circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 and circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 (collectively the “UPI Circulars”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an Retail Individual had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six working days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three working days.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI payment mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Lead Manager.

FIXED PRICE ISSUE PROCEDURE

The Issue is being made in compliance with the provisions of Reg. 229(1) of Chapter IX of the SEBI (ICDR) Regulations, 2018 and through the Fixed Price Process wherein 50% of the Net Issue to Public is being offered to the Retail Individual Applicants and the balance shall be offered to Non Retail Category i.e. QIBs and Non-Institutional Applicants. However, if the aggregate demand from the Retail Individual Applicants is less than 50%, then the balance Equity Shares in that portion will be added to the Non retail portion offered to the remaining investors including QIBs and NIIs and vice-versa subject compliance with Regulation 253(2) of the SEBI ICDR Regulations and subject to valid Applications being received from them at or above the Issue Price.

Subject to the valid Applications being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Applicants shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Stock Exchange.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to

all successful Applicants will only be in the dematerialized form. The Application Forms which do not have the details of the Applicant's depository account including DP ID, PAN and Beneficiary Account Number/UPI ID (for RII Applicants using the UPI Mechanism), shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialized segment of the Stock Exchanges.

APPLICATION FORM

Copies of the Application Form and the abridged prospectus will be available at the offices of the Lead Manager, the Designated Intermediaries, and the Registered Office of our Company. An electronic copy of the Application Form will also be available for download on the websites of the BSE (www.bseindia.com), the SCSBs, the Registered Brokers, the RTAs and the CDPs at least one day prior to the Issue Opening Date.

All Applicants shall mandatorily participate in the Issue only through the ASBA process. ASBA Applicants (other than Applicants using the UPI mechanism) must provide either (i) the bank account details and authorization to block funds their respective ASBA Form, or (ii) the UPI ID (in case of RIIs), as applicable, in the relevant space provided in the Application Form and the Application Forms that do not contain such details will be rejected. Applications made by the RIIs using third party bank account or using third party linked bank account UPI ID are liable for rejection.

Retail Individual Investors submitting their application form to any Designated Intermediaries (other than SCSBs) shall be required to apply using the UPI Mechanism and must provide the UPI ID in the relevant space provided in the Application Form. Retail Individual Investors submitting their application form to any Designated Intermediaries (other than SCSBs) failed to mention UPI ID are liable to be rejected. Retail Individual Investors may also apply through the SCSBs and mobile applications using the UPI handles as provided on the website of the SEBI.

ASBA Applicants shall ensure that the Applications are made on Application Forms bearing the stamp of the Designated Intermediary, submitted at the Collection Centres only (except in case of Electronic Application Forms) and the Application Forms not bearing such specified stamp are liable to be rejected.

The prescribed colour of the Application Form for various categories is as follows:

Category	Colour⁽¹⁾
Resident Indians and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents and Eligible NRIs, FIIs, FVCIs, etc. applying on a repatriation basis	Blue

⁽¹⁾ *Excluding electronic Application Form*

Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a RII bidding using the UPI Mechanism) to the respective SCSB, where the Applicant has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchange. Stock Exchange shall validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchange. Stock Exchange shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Application details already uploaded

For RIIs using UPI Mechanism, the Stock Exchange shall share the Application details (including UPI ID) with Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIIs for blocking of funds. The Sponsor Bank shall initiate request for blocking of funds through NPCI to RIIs, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchange applying platform, and the liability to compensate RIIs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the Bankers to the Issue. The LM shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Issue for analyzing the same and fixing liability.

Electronic registration of Applications

The Designated Intermediary may register the Applications using the on-line facilities of the Stock Exchanges. The Designated

Intermediaries can also set up facilities for off-line electronic registration of Applications, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Issue on a regular basis before the closure of the Issue.

On the Issue Closing Date, the Designated Intermediaries may upload the Applications till such time as may be permitted by the Stock Exchanges and as disclosed in the Prospectus.

Only Applications that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 1:00 pm on the next working day following the Issue Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Issue Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”) or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws in the United States. Accordingly, the Equity Shares are being offered and sold outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Who Can Apply?

In addition to the category of Applicants set forth in the *General Information Document*, the following persons are also eligible to invest in the Equity Shares under all applicable laws, regulations and guidelines:

In case of HUFs, application shall be made by the Karta of the HUF.

Eligible NRIs applying on a non-repatriation basis may make payments by inward remittance in foreign exchange through normal banking channels or by debits to NRE / FCNR accounts as well as NRO accounts.

An applicant in the Net Public Category cannot make an application for that number of Equity Shares exceeding the number of Equity Shares offered to the public.

APPLICATION BY FPI

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA Rules, the total holding by each FPI shall be less than 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs could be upto 100%, being the sectoral

cap, of the paid-up Equity Share capital of our Company on a fully diluted basis.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company reserves the right to reject any Application without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Application Form for Non-Residents (blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“MIM Structure”), provided such Applications have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Applications received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Applications, FPIs making multiple Applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications are liable to be rejected. Further, in the following cases, the Applications by FPIs will not be considered as multiple Applications: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments (“ODI”) which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules.

APPLICATION BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS (VCF) AND FOREIGN VENTURE CAPITAL INVESTORS (FVCI)

The SEBI VCF Regulations, the SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of their investible funds in one investee company. A category III AIF cannot invest more than 10% of their investible funds in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of their investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any newscheme after the notification of the SEBI AIF Regulations.

Participation of AIFs, VCFs and FVCIs was subject to the FEMA Rules

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company in consultation with the LM, reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY INSURANCE COMPANIES

In case of Applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company in consultation with the Lead Manager reserves the right to reject any Application without assigning any reason thereof.

The exposure norms for insurers prescribed in Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 ("IRDAI Investment Regulations") are set forth below:

- a. Equity shares of a company: the lower of 10%⁽¹⁾ of the investee company's outstanding equity shares (face value) or 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or a reinsurer;
- b. The entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or a reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c. The industry sector in which the investee company operates: not more than 15% of the respective fund of a life insurer or a reinsurer or health insurer or general insurance or 15% of the investment assets, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (i), (ii) or (iii) above, as the

case may be.

** The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 500,000 million or more but less than ₹ 2,500,000 million.*

Insurer companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by the IRDA from time to time including the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 (“**IRDA Investment Regulations**”).

APPLICATION BY PROVIDENT FUNDS / PENSION FUNDS

In case of applications made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 25 Crores, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/ pension fund must be attached to the Application Form. Failing this, the Company reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY BANKING COMPANIES

In case of Applications made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company’s investment committee are required to be attached to the Application Form, failing which our Company in consultation with the LM, reserve the right to reject any Application without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended ("Banking Regulation Act"), and the Reserve Bank of India ("Financial Services provided by Banks") Directions, 2016, as amended is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt / corporate debt restructuring / strategic debt restructuring, or to protect the banks' interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in excess of 30% of the paid-up share capital of the investee company, (ii) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exception prescribed), and

(iii) investment in a non- financial services company in excess of 10% of such investee company’s paid up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial and non-financial services company cannot exceed 20% of the investee company’s paid-up share capital and reserves.

APPLICATION BY SYSTEMICALLY IMPORTANT NON-BANKING FINANCIAL COMPANIES

In case of Applications made by systemically important non-banking financial companies registered with RBI, a certified copy of the certificate of registration issued by the RBI, a certified copy of its last audited consolidated financial statements on a standalone basis and a net worth certificates from its statutory auditor(s), and such other approval as may be required by the Systemically Important NBFCs must be attached to the Application Form. Failing this, our Company in consultation with the LM, reserves the right to reject any Application, without assigning any reason thereof. Systemically Important Non-Banking Financial Companies participating in the Issue shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

APPLICATIONS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013 issued by SEBI. Such SCSBS are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBS. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

APPLICATION UNDER POWER OF ATTORNEY

In case of Applications made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹ 250 million (subject to applicable laws) and pension funds with a minimum corpus of ₹ 250 million (subject to applicable laws), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable, must be lodged along with the Application Form. Failing this, our Company in consultation with the LM, reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof. Our Company in consultation with the LM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form, subject to such terms and conditions that our Company in consultation with the LM, may deem fit.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure any single Application from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in the Draft Prospectus or the Prospectus

In accordance with RBI regulations, OCBs cannot participate in the Issue.

Information for the Applicants

In addition to the instructions provided to the Applicants in the *General Information Document for Investing in Public Issues*, Applicants are requested to note the following additional information in relation to the Issue.

1. The Issue Period shall be for a minimum of three Working Days and shall not exceed ten working days. The Issue Period may be extended, if required, by an additional three working days, subject to the total Issue Period not exceeding ten working days.
2. The relevant Designated Intermediary will enter each Application into the electronic bidding system as a separate Application and generate an acknowledgement slip (“**Acknowledgement Slip**”), for each price and demand option and give the same to the Applicant. Therefore, an Applicant can receive up to three Acknowledgement Slips for each Application Form. It is the Applicant’s responsibility to obtain the TRS from the relevant Designated Intermediary. The registration of the Application by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/allotted. Such Acknowledgement will be non-negotiable and by itself will not create any obligation of any kind. When an Applicant revises his or her Application (in case of revision in the Price), he /she shall surrender the earlier Acknowledgement Slip and may request for a revised TRS from the relevant Designated Intermediary as proof of his or her having revised the previous Application.
3. In relation to electronic registration of Applications, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and/or the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Prospectus or the Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.
4. In the event of an upward revision in the Price, Retail Individual Applicants could either (i) revise their Application or (ii) shall make additional payment based on the revised Price (such that the total amount i.e., original Application Amount plus additional payment does not exceed ₹ 200,000. The revised Applications must be submitted to the same Designated Intermediary to whom the original Application was submitted. If the total amount (i.e., the original Application Amount plus additional payment) exceeds ₹ 200,000, the Applicant will be considered for allocation under the Non-Institutional Portion. If, however, the Retail Individual Applicant does not either revise the Application or make additional payment the number of Equity Shares applied for shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the Retail Individual Applicant and the Retail Individual Applicant is deemed to have approved such revised Application.

5. In the event of a downward revision in the Price, Retail Individual Applicant may revise their Application; otherwise, the excess amount paid at the time of Application would be unblocked after Allotment is finalised.
6. Any revision of the Application shall be accompanied by instructions to block the incremental amount, if any, to be paid on account of the upward revision of the Application.

The Applicants should note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic system of the Stock Exchanges does not match with the PAN, DP ID and Client ID available in the database of Depositories, the Application Form is liable to be rejected.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India has from time to time made policy pronouncements on Foreign Direct Investments (“**FDI**”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade (“**DPIIT**”) issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “**FDI Policy**”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

Under the current applicable sectoral cap, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present our Company is in the business of sustainable technology provider in solid waste management. As these sectors/activities are not specifically listed under the FDI Policy 2020, it shall come under the Permitted Sectors category, hence 100 % foreign direct investment through automatic route is permitted subject to applicable laws/regulations, security and other conditionalities.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“**Restricted Investors**”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

i. Investment by FPIs under Portfolio Investment Scheme (PIS):

FPIs are permitted to subscribe to Equity Shares of an Indian Company in a public issue without the prior approval of the RBI, so long as the price of the Equity Shares to be issued is not less than the price at which the Equity Shares are issued to residents. SEBI registered FPIs have been permitted to purchase shares of an Indian company through Issue, subject to total FPI investment being within the individual FPI investment limit of below 10% of the total paid-up equity capital of the Indian Company on a fully diluted basis and subject to the aggregate limit of all FPIs put together being 24% of the total paid-up equity capital of the Indian company on a fully diluted basis. However, this aggregate limit of 24% may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body, respectively before

March 31, 2020. With effect from April 01, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as laid out in sub-paragraph (b) of paragraph 3 of Schedule I of the FDI Policy, 2020, with respect to its paid-up equity capital on a fully diluted basis or such same sectoral cap percentage of paid-up value of each series of debentures or preference shares or share warrants. The aggregate limit as provided above may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively before March 31, 2020. The Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively; however, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

ii. Investment by NRI or OCI on repatriation basis:

As per Schedule 3 of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, an NRI or OCI may purchase or sell shares of a listed Indian company on repatriation basis, on a recognized stock exchange in India, subject to the conditions that NRIs or OCIs may purchase and sell shares through a branch designated by an authorized dealer for the purpose; and the total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the company.

iii. Investment by NRI or OCI on non-repatriation basis

As per Schedule 4 of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, purchase by an NRI/OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, on non-repatriation basis of shares and convertible debentures or warrants issued by a company without any limit either on the stock exchange or outside, it will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. However, NRI/ OCI, including a company, a trust and a partnership firm incorporated outside India and owned and controlled by NRIs/OCIs, is prohibited from making any investment, under Schedule 4, in capital instruments or units of a Nidhi company or a company engaged in agricultural/ plantation activities or real estate business or construction of farmhouses or dealing in transfer of development rights.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

		The Board may, from time to time, make rules as to the terms on which (if it deems fit) a new Share warrant or coupon may be issued by way of renewal in case of defacement, loss or destruction.	
		Lien	
Company's lien on shares	i.	The Company shall have a first and paramount lien—	
		a. on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and	
		b. on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the Company:	

		<p>Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this clause.</p> <p>The fully paid shares shall be free from all lien.</p>	
Lien to extend to dividends, etc.		The Company's lien, if any, on a share shall extend to all dividends or interest, as the case may be, payable and bonuses declared from time to time in respect of such shares.	
Waiver of lien in case of registration		Unless otherwise agreed by the Board, the registration of a transfer of shares shall operate as a waiver of the Company's lien.	
		The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:	
		Provided that no sale shall be made:	
		<p>a. Unless a sum in respect of which the lien exists is presently payable; or</p> <p>b. Until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency or otherwise as the Board may permit.</p>	
Validity of sale		i. To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof.	
Purchaser to be registered holder		ii. The purchaser shall be registered as the holder of the shares comprised in any such transfer.	
		iii. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.	Purchaser not affected
		The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share.	Validity of Company's receipt
		i. The net proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.	Application of proceeds of sale

		Dematerialisation of Shares	
Company entitled to dematerialize its shares, debentures and other securities		Notwithstanding anything contained in the Articles, the Company shall be entitled to dematerialize its shares, debentures and other securities and to offer any shares, debentures or other securities proposed to be issued by it for subscription in a dematerialized form and on the same being done, the Company shall further be entitled to maintain a register of members / debenture-holders / other security-holders with the details of members / debenture-holders / other security-holders holding shares, debentures or other securities both in materialized and dematerialized form in any media as permitted by the Act.	
Option to hold shares in electronic or physical form		Every person subscribing to or holding securities of the Company shall have the option to receive security certificates or to hold the securities in electronic form with a Depository. If a person opts to hold his security with a Depository, the Company shall intimate such Depository the details of allotment of the security, and on receipt of the information, the Depository shall enter in its records the name of	

		the allottee as the beneficial owner of the security.	
Beneficial owner deemed as absolute owner		Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears as the beneficial owner of the shares, debentures and other securities in the records of the Depository as the absolute owner thereof as regards receipt of dividends or bonus on shares, interest / premium on debentures and other securities and repayment thereof or for service of notices and all or any other matters connected with the Company and accordingly the Company shall not (except as ordered by a court of competent jurisdiction or as by Law required and except as aforesaid) be bound to recognize any benami trust or equity or equitable, contingent or other claim to or interest in such shares, debentures or other securities as the case may be, on the part of any other person whether or not it shall have express or implied notice thereof.	
		In the case of transfer of shares, debentures or other securities where the Company has not issued any certificates and where such shares, debentures or other securities are being held in an electronic and fungible form, the provisions of the Depositories Act, 1996 shall apply. Provided that in respect of the shares and securities held by the Depository on behalf of a beneficial owner, provisions of Section 9 of the Depositories Act, 1996, shall apply so far as applicable.	Shares, debentures and other securities held in electronic form
		Every Depository shall furnish to the Company, information about the transfer of securities in the name of the beneficial owner at such intervals and in such manner as may be specified by the bye-laws of the Depository and the Company in that behalf.	Information about transfer of securities
		Except as specifically provided in the Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in electronic form so far as they apply to shares in physical form subject however to the provisions of the Depositories Act, 1996.	Provisions to apply to shares in electronic form
		Calls on Shares	
		i. The Board may, from time to time subject to the provisions of Section 49 of the Act and any other applicable provisions of the Act, Rules and the terms on which the shares may have been issued, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times: Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.	Board may make calls
Notice of call		ii. Each member shall, subject to receiving at least fourteen days' notice in writing specifying the time or times and place of	

		payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.	
Board may extend time for payment		iii. The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call, in respect of one or more members as the Board may deem appropriate in any circumstances.	
Revocation or postponement of call		iv. A call may be revoked or postponed at the discretion of the Board.	
Call to take effect from date of resolution		A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.	
Liability of joint holders of shares		The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.	
When interest on call payable		i. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any as the Board may determine.	
Board may waive interest		ii. The Board shall be at liberty to waive payment of any such interest wholly or in part.	
Sums deemed to be calls		i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of the Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.	
Effect of non-payment of sums		ii. In case of non-payment of such sum, all the relevant provisions of the Articles as to payment of interest and expenses, for future or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.	
Payment in anticipation of calls may carry interest		The Board :	
		i. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and	
		ii. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate as may be prescribed under the Act.	
		If by the conditions of allotment of any shares, the whole or part of the amount of issue price thereof shall be payable by instalments, then every such instalment shall, when due, be paid to the Company	Installments on shares to be duly paid

		by the person who, for the time being and from time to time, is or shall be the registered holder of the share or the legal representative of a deceased registered holder.	
		All calls shall be made on a uniform basis on all shares falling under the same class.	Calls on shares of same class to be on uniform basis
		Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time to time be due from any member in respect of payment of any such money shall preclude the forfeiture of such shares as herein provided.	Partial payment not to preclude forfeiture
		The provisions of the Articles relating to calls on shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.	Provisions as to calls to apply mutatis mutandis to debentures etc.

Estate of deceased member liable		ii. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.	

		i. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—	Transmission Clause
		a. to be registered himself as holder of the share; or	
		b. to make such transfer of the share as the deceased or insolvent member could have made.	
		ii. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.	Board's right unaffected
		The Company shall be fully indemnified by such person from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.	Indemnity to the Company
		i. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.	Right to election of holder of share
		ii. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.	Manner of testifying election
		iii. All the limitations, restrictions and provisions of the Articles relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.	Limitations applicable to notice
Claimant to be entitled to same advantage		<p>A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company.</p> <p>Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.</p>	
		The provisions of the Articles relating to transmission by operation of Law shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.	Provisions as to transmission to apply <i>mutates mutandis</i> to debentures, etc.
		Forfeiture of Shares	

		c. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.	If call or instalment not paid notice must be given
		The notice aforesaid shall:	Form of notice
		i. Name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and	
		ii. State that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.	
		If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.	In default of payment of shares to be forfeiture
		When any share shall have been so forfeited, notice of the forfeiture shall be given to the defaulting member and an entry of the forfeiture with the date thereof, shall forthwith be made in the register of members but no forfeiture shall be invalidated by any omission or neglect or any failure to give such notice or make such entry as aforesaid.	Entry of forfeiture in register of members
Effect of forfeiture		The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.	
Forfeited shares may be sold, etc.		i. A forfeited share shall become the property of the Company and may be sold or otherwise disposed off on such terms and in such manner as the Board thinks fit.	
Cancellation of forfeiture		ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.	
Members till liable to pay money owing at time of forfeiture		i. A member whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares.	
Members till liable to pay money owing at time of forfeiture and interest		ii. All such monies payable shall be paid together with interest thereon at such rate as the Board may determine, from the time of forfeiture until payment or realisation. The Board may, if it thinks fit, but without being under any obligation to do so, enforce the payment of the whole or any portion of the monies due, without any allowance for the value of the shares at the time of forfeiture or waive payment in whole or in part.	

Cease of liability		iii. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.	
Certificate of forfeiture		i. A duly verified declaration in writing that the declarant is a Director, the manager or the secretary, of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;	
Title of purchaser and transferee of forfeited shares		ii. The Company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of:	
Transferee to be registered As holder		iii. The transferee shall thereupon be registered as the holder of the share; and	
		iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.	Transferee not affected
		Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the register of members in respect of the shares sold and after his name has been entered in the register of members in respect of such shares the validity of the sale shall not be impeached by any person.	Validity of the sales
		Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate(s), if any, originally issued in respect of the relative shares shall (unless the same shall on demand by the Company has been previously surrendered to it by the defaulting member) stand cancelled and become null and void and be of no effect, and the Board shall be entitled to issue duplicate certificate(s) in respect of the said shares to the person(s) entitled thereto.	Cancellation of share certificate in respect of forfeited shares
		The Board may, subject to the provisions of the Act, accept a surrender of the share certificate for any forfeited share from or by any member desirous of surrendering them on such terms as they think fit.	Surrender of share certificates
		The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.	Sums deemed to be calls
		The provisions of these Articles relating to forfeiture of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.	Provisions as to forfeiture of shares to apply

			<i>mutatis mutandis</i> to debentures, etc.
		The Company may, from time to time, by Ordinary or Special resolution, as may be applicable, increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.	
Power to alter share capital		Subject to the provisions of section 61 of the Act, the Company may, by ordinary resolution:	
		i. Consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;	
		ii. Convert all or any of its fully paid-up shares in to stock, and reconvert that stock in to fully paid-up shares of any denomination;	
		iii. sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;	
		iv. cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.	
Shares may be converted into stock		Where shares are converted into stock—	
		<p>i. The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near there to as circumstances admit:</p> <p>Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.</p>	
Right of stock holders		ii. The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.	
		iii. Such of the Articles of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those Articles shall include “stock” and “stockholder” respectively.	
		The Company may, by a Resolution, as specified under the Act, reduce in any manner and with, and subject to any incident authorised and consent required by Law,-	Reduction of capital
