WHY FLAVOURS & FRAGRANCES?

The sense of smell is the first of all our senses to develop. Even before we are born, our sense of smell is fully formed and functioning.

A study indicates that 80% of the flavours we taste come from what we smell and that 75% of emotions are triggered by smell.

Flavours and Fragrances are an integral part of our day to day life, right from the aroma of a soap bar to the scent of a perfume, or from the taste of an ice

cream to other confectioneries. Although it accounts for only 1% - 5% of the total cost of a finished product, the popularity of the brands among consumers depend on flavours and fragrances.

A HERITAGE OF EXPERIENCE IN FLAVOURS, FRAGRANCES, CAMPHOR AND AROMA INGREDIENTS

Since inception, Oriental Aromatics Limited (Formerly Camphor & Allied Products Limited) has been a pioneer in the field of Terpene Chemistry in India.

Oriental Aromatics Limited, engaged in the business of manufacturing of flavours and fragrances since 1955, under the prolific leadership of Mr. Anil K. Bodani, took a successful step forward in 2008 by acquiring a controlling stake in Camphor and Allied Products Limited, which was a global supplier of Camphor and Aroma Chemicals, the key raw materials for the Flavour and Fragrance industry.

In 2017, Oriental Aromatics Limited was amalgamated with Camphor and Allied Products Limited and the name of Camphor and Allied Products Limited was later changed to Oriental Aromatics Limited with effect from 26th February, 2018.

Oriental Aromatics Limited (Formerly Camphor and Allied Products Limited), hereinafter referred to as “the Company”/ “OAL”, has benefited immensely as the amalgamation has resulted in Constructive synergies between the aroma ingredients and fragrance compounding business. Today the Company has garnered a significant footing in the global arena and is named amongst one of the few fully integrated F&F Companies worldwide.

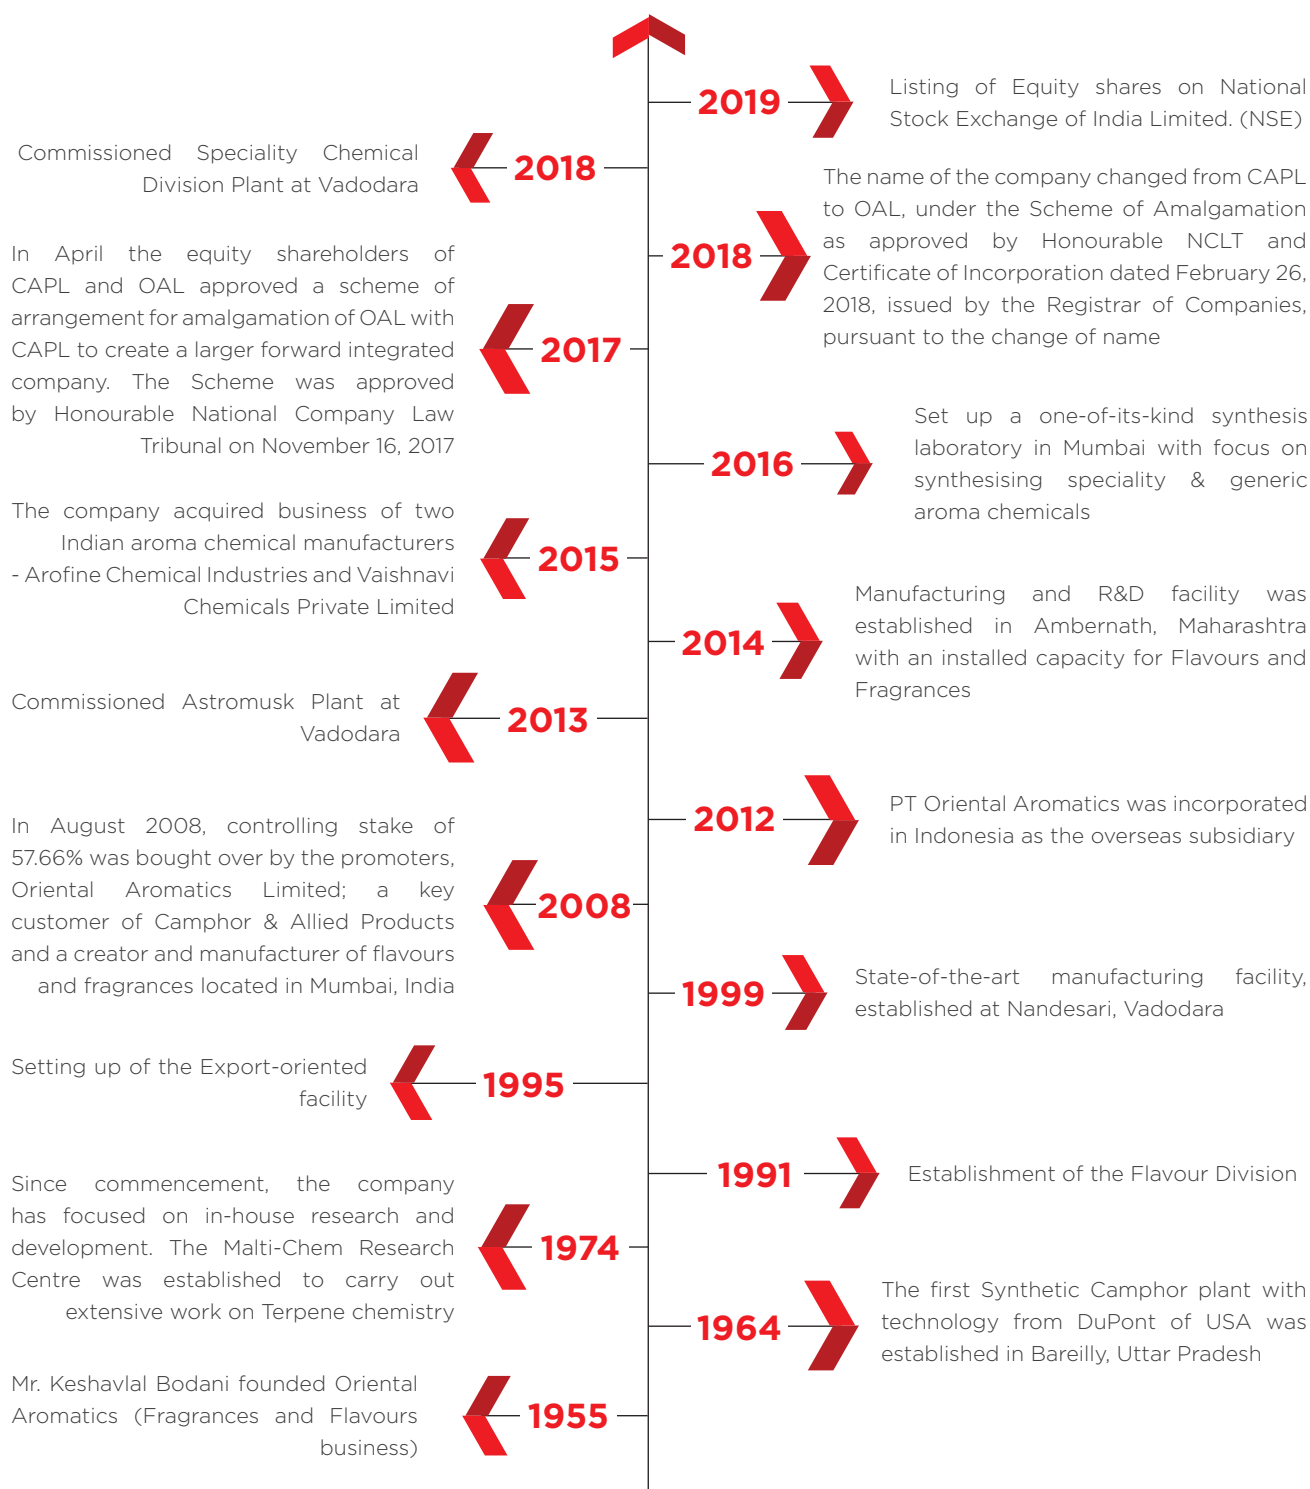

The Company is one of the largest manufacturers of variety of terpene chemicals, camphor and other speciality aroma chemicals, in India. The Company's vast product range includes Synthetic Camphor, Terpeneols, Pine Oils, Astromusk, perfumery chemicals, specialty chemicals and several other chemicals

finding applications in vast array of industries ranging from Flavours & Fragrances, Pharmaceuticals, Soaps & Cosmetics, Rubber & Tyre, Paints & Varnishes and many more.

The Company also provides custom designed fragrances that are found in fine fragrances, incense sticks, candles, and various FMCG products like soaps, shampoos, hair oils, detergents, etc. and it also provides flavours for ice-creams, bakeries, confectioneries, beverages, chewing gums, chocolates etc. The Company has evolved as a one shop solution provider for the fragrance and flavour industry.

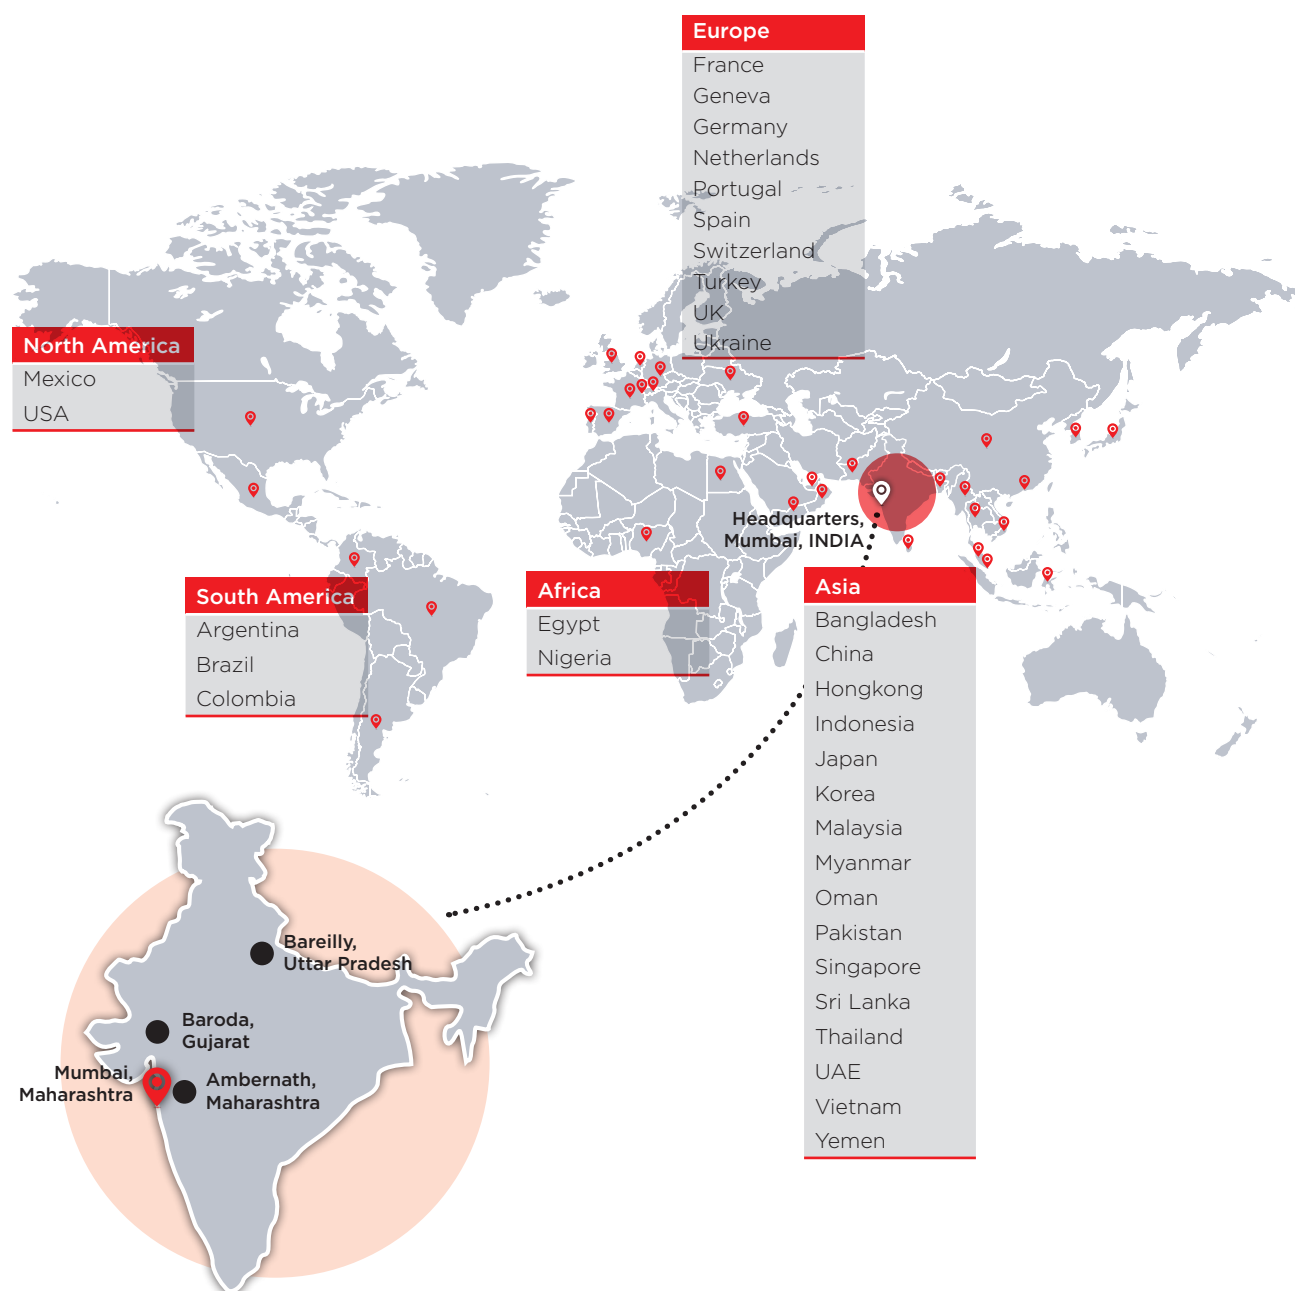

The continued trust reposed on us by our suppliers and customers is the legacy which has been built over years of perseverance and hard work of our team. Having consolidated our position, we are fervently looking forward to grow from strength to strength and raise the bar of performance year after year as we have laid the foundations for a future of orderly, sustainable and profitable growth.

OUR JOURNEY

GEOGRAPHICAL PRESENCE

Headquartered in Mumbai, India, OAL caters to customers all over the world and has gained a strong foothold in North America, Europe, and the Middle East.

R&D SETUP

The Company fosters excellence through innovation and gives utmost importance to Research and Development. The company has been investing in its R&D capabilities.

The aim is to create aroma ingredients which are high value, low volume and are generic in nature. We strive to continuously reengineer the current processes and to make the Company future ready by incorporating

green chemistry in its manufacturing process to make it one of the most sustainable manufacturers of Aroma Chemicals .

The Company has the following R&D labs:

Centre for Innovation at Mumbai, Maharashtra.

In 2016, Oriental Aromatics had also set up a Centre for Innovation, state-of-the-art R&D facility in Mumbai equipped with the infrastructure required for research and new product development. It is a state-of-the-art synthesis lab dedicated to research on aroma chemicals having between 20- 25 research associates. The technology involved is Head-space GC-MS, Flash chromatography, UV along with regular analytical set-up. It is also recognised by the Department of Scientific & Industrial Research (DSIR) of the Government of India.

It has well equipped bench scale laboratories to carry out various organic reactions like Aldol condensation, Oxidation, Reduction, hydrogenation, hydration, Acetylation, Esterification, Isomerization and many more in gm as well as in Kg scale.

It has the facility to carry out high pressure reactions and has various lab scale fractionating columns for separation and adequate analytical facility like GLC,

GCMS and other instruments to support the research work. Your company has fully equipped pilot plant at Vadodara unit along with utilities to scale up the processes.

In 2017-18 and 2018-19, our R&D unit has developed number of molecules of Aroma Chemicals and scaled them up into commercialization.

In 2018-19, R&D Centre has developed new encapsulation technology in perfume delivery system and has done new product development in personal and home care products.

Process re-engineering lab (pilot plant) at Vadodara, Gujarat

In 1974, OAL established an in-house R&D centre to carry out extensive work on Terpene chemistry. R&D centre is recognized by the Department of Scientific & Industrial Research (DSIR) of the Government of India and is well equipped with bench scale laboratories to carry out various organic reactions. Also, the centre has the facility to carry out high pressure reactions and has various lab scale fractionating columns for separation.

Over the years, the company was able to successfully develop several new products for the first time for turpentine chemical category having 47 patents. It developed several specialty chemicals catering to various industries such as soaps and detergents, cosmetics, flavours and fragrances, paints and varnishes, rubber and tyre, pharmaceuticals and many more.

MANUFACTURING PRESENCE

Ambernath, Maharashtra

There is a state-of-the-art manufacturing facility that started operations in 2014 with a total capacity of 6,000 MT per annum. It is a very versatile manufacturing facility capable of producing fragrances as well as flavours and it even has a modern R&D and QA infrastructure.

Bareilly, Uttar Pradesh

The Company established the First Synthetic Camphor plant backed by technology from DuPont, USA in 1964. This plant produces more than 12000 MT per annum of pine based chemicals annually and has chemical operations such as fractionation, esterification, saponification, hydrogenation, dehydrogenation, oxidation, peroxidation, pyrolysis, etc. The vast product range includes Pharma Grade accredited with WHO-GMP and USFDA, Synthetic Camphor (Technical Grade), Terpineols, Pine Oils, Isobornyl Acetate, Terpene Resins, etc.

Vadodara, Gujarat

The state-of-the-art manufacturing facility was set up at Vadodara, Gujarat in 1999 and having production capacity of more than 6,700 MT per annum of special aroma chemicals annually. Products manufactured at this plant are of international standards and 75% of the annual production is exported all over the world. The plant produces Alpha Pinene Epoxide, Alpha Campholenic Aldehyde, Musk, Astromusk, Sandalica, Sandalalcohol, etc. Chemical operations handled at this plant include epoxidation, peroxidation, hydrogenation, aldol condensation, cyclization, esterification, bromination, etc.

PRODUCT PORTFOLIO

FRAGRANCE

OAL delivers innovative fragrance formulations supplying fine fragrance and perfume raw materials. The Company continually strives to find the best balance between creativity and functional needs to develop fragrances with the highest acceptance and the best release performance in the final product.

FLAVOUR

The company caters to flavours used in oral hygiene, instant foods, beverages, health and wellness, dairy and snack foods. The flavours are formulated to give a food product a unique flavour and to maintain flavour consistency between different product batches or after recipe changes. OAL understands how important taste is to our sense of being i.e. sweet, salted, bitter, sour, spicy, savoury. Custom flavour manufacturing is one of OAL's specialties.

CAMPHOR

OAL is one of the established manufacturers of Camphor in India. Camphor has a wide variety of topical uses due to its antibacterial, antifungal, and anti-inflammatory properties to treat skin conditions, improve respiratory function, and relieve pain. It is also used for its scent, as an ingredient in cooking (mainly in India), as an embalming fluid, for medicinal purposes, and in religious ceremonies.

MESSAGE FROM THE CHAIRMAN AND MANAGING DIRECTOR

Dear Shareholders,

At the outset, I sincerely thank each one of you for being with us in our journey. It gives me immense pleasure to share with you the outstanding performance of your Company in the financial year 2018-19.

The financial year 2018-19 reflects the consolidated picture of the amalgamated entity. The operational synergies achieved by the amalgamation resulted in your company becoming one of the few forward integrated players in aroma chemicals in the flavour and fragrance industry. As a result, your company delivered one of its strongest performances for this financial Year.

On a standalone basis, the Company's revenue stood at INR 753 Cr, which represented an increase of 49% against the previous financial year, EBITDA stood at INR 116 Cr, which increased by 66%, and Net Profit was reported at INR 50 Cr, which increased by 64%.

Looking at the consolidated numbers, during the financial year 2018-19, the Company's revenue stood at INR 755 Cr, registering an increase of 49% against the previous financial year, EBITDA stood at INR 116 Cr which increased by 78% and Net profit was reported at INR 57 Cr, which increased by 129% against previous year.

Given a healthy business performance in FY19, the Board of Directors has recommended a dividend of INR 1 (20%) per equity share for the year.

Further, as a show of appreciation to our shareholders, the company had issued Bonus shares in the ratio of 1:1 in FY19, and also acted upon the feedback given by various shareholders to improve the liquidity of the shares by doing a stock split from INR 10 Face Value to INR 5, and by successfully listing the company on the National Stock Exchange of India Limited (NSE).

The largest market for flavour and fragrance is the US and UK and there is an increasing demand in the developing markets of the Asia Pacific (APAC) region. The restrictions imposed by the Chinese government on the domestic chemical industry to strictly adhere to environmental norms coupled with the trade tension between US and China has catapulted India to become the preferred choice. It is imperative for the global F&F industry to tide over crucial challenges such as inconsistent raw materials supply. Only those who have a complete command over the raw materials can make a global F&F company augment their business.

Flavours and fragrances are an integral part of our lives. As the disposable income per household increases in modern India, there is a mammoth requirement for the industry to cater to new flavours and fragrances. The tremendous growth in segments like confectionery, bakery, food and beverages as well as personal care products with changing urban lifestyles has fostered the F&F industry.

Our in-depth understanding of the consumer's requirements based on our market research has helped us strengthen our position in the industry, which has helped us leverage the plethora of opportunities available. Backed by an excellent distribution network, manufacturing expertise coupled with operational efficiency, the innovative and visionary approach has catalyzed your Company's growth. Your company's current product portfolio includes 200 Aroma chemicals which are further formulated into innovative flavours and fragrances and are supplied to renowned players in the industry.

By sourcing the raw materials well in advance, the problem faced due to the increase in raw material prices was successfully mitigated by your Company. Passing on the price increases to customers translated to commendable value in FY19, with volume growth and profit growth across all product categories.

For any successful organization to streamline its growth, a strong foundation of business practices and ethics is essential. Your company has adhered to its internal strengths and core strategies. Your Company has continued to progress by staying focused and by making continuous efforts to become sustainable. Your company will make further investments in certain chemistries to expand and strengthen the product portfolio. We are also planning to strategically stabilise, validate and fully utilise our Multi-Purpose Plant (MPP), which will play a crucial role.

Our opportunities ahead are enormous. By staying true to our mission and values, and by continually investing in building newer capabilities, your company is positioned perfectly to become the most valued partner for various FMCG companies.

As your company has spread its wings in both the domestic as well as international markets, our expertise in this dynamic flavours and fragrances industry will propel us to stay ahead of our competitors and be future ready.

On behalf of the Board and the entire Oriental Aromatics Team I express my profound thanks to the various State Government and the Central Government authorities, our stakeholders including our investors, regulators, bankers, rating agencies, customers, suppliers, advisors and employees for their whole-hearted support in our journey to achieving business excellence. I solicit their continued support in taking our Company to greater heights. Valuable suggestions, guidance and unflinching support of my colleagues on the Board are also gratefully appreciated.

I am confident that with the strength of our core capabilities and a dynamic team of professionals, your company is well-positioned for a great journey ahead.

Best Wishes,

Dharmil A. Bodani,

STATUTORY REPORTS

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY OVERVIEW

The global economy is expected to grow by approximately 2.7% in 2020. As per the World Bank, growth among emerging and developing economies is forecasted to fall to a 4 year low of 4% in 2019. The growth is constrained by sluggish investment and risks including rising trade barriers, renewed financial stress, and sharper than expected slowdowns in several major economies. Current economic momentum remains weak, while heightened debt levels and subdued investment growth in developing economies are holding countries back from achieving their potential. The growth in advanced economies is expected to gradually decline to about 1.7%. Thus, the further pickup in global activity will entirely be driven by emerging markets and developing economies.

The ongoing US-China trade war is snowballing fears about damage to global economic growth. The repercussions can be more volatile in both commodity prices and currencies. However, India is amongst the few economies that stand to benefit from the trade tensions as it can tap export opportunities in sectors like chemicals, textiles, agriculture, and the overall manufacturing sector.

INDIAN ECONOMY OVERVIEW

The Indian Gross Domestic Product has grown to 6.8% in Financial Year 2019. The decline in Gross Domestic Product growth is on account of multiple factors like, the fallout of Non-Banking Financial Companies, low credit growth, tight liquidity conditions, dismal growth in wages and flat exports owing to a global slowdown.

However, Gross Domestic Product growth rate is expected to bottom out in the coming quarters. RBI has cut key policy rates for the third time in a row this calendar year, for improving liquidity scenario. With Government continuing to roll out policies focusing

on rural population, there could be some relief to the ongoing distress and signs of recovery should be visible in the second half of the financial year.

For the long-term, the government has publicly announced its ambitious plans of becoming a USD 5 Tn economy by 2025 and the 3rd largest consumer market in the World by 2025. The government plans to make this dream come true through continued infrastructure spending, job creations, a rural focused approach and greater use of technology.

GLOBAL AROMA CHEMICALS INDUSTRY

Global Aroma Chemicals Market is expected to grow at a compounded annual growth rate of 6.8% to reach USD 6.48 Bn by 2023. Among the applications, the cosmetics and toiletries segment retained the largest market share in 2016 and is anticipated to show the same trend over the years. In terms of geographical regions, due to the stringent environment norms, expensive labour and reducing profit margins in other regions, particularly Europe and North America, various companies are shifting their manufacturing bases to APAC.

Growth Drivers:

The major trend witnessed in the global speciality aroma chemicals market is the shifting of production base to Asia Pacific. Growing population combined with rising disposable income in countries like India and China has fuelled the development of cosmetics, personal care, and home care products, which in turn has increased demand for fragrances, resulting in enhanced demand for aroma chemicals.

INDIAN AROMA CHEMICALS INDUSTRY

The Aroma market in India has flourished in the past few years on the grounds of new formulations as well

as active supply chain management. The market has been dominated by the global manufacturers lured by the bright growth prospects of food, home and personal care industries in India. Global players in the market have provided buoyancy to the supply chain of Flavour & Fragrance industry in India.

Growth Drivers:

Increasing demand for aroma chemicals in emerging economies, technological advancements and Change in consumer preferences, healthy and green sustainability package are among the factors driving the growth at the end-user markets. Change in the consumer preference would bring profitable prospects to the aroma chemicals market. Expanding market penetration and investment towards product innovation will help the aroma chemicals market to record strong development in the anticipated years.

Outlook:

OAL through its Innovation and creativity has adopted technologies that guarantee performance. The company has performed many tests and obtained certifications and is one of the prominent players in the growing market. Favourable macroeconomic factors like growing disposable income, preference towards personal wellness products and increased confectionery and bakery sales have raised the demand for the aroma chemicals established by OAL.

GLOBAL FLAVOUR & FRAGRANCE INDUSTRY

The global Flavour and Fragrance (F&F) market is valued at USD 21 Bn in 2018 and is projected to reach USD 35 Bn by 2028 growing at a compounded annual growth rate of 5.1%. Amongst the major global regions, the flavours and fragrances market is largest in the Asia-Pacific region where emerging countries like China and India are considered responsible for the dominance of Asia Pacific followed by North America and Western Europe. Considering the emerging trend for personal care, cosmetics, home care, therapy, oral care, and air freshener products, the fragrance segment is expected to grow. North America and Europe are predicted to register positive growth owing to concentration

of cosmetics industries in these particular regions. Also, the upward trend of health and wellness is anticipated to enhance the preference given to flavour and fragrance Industry. The growing number of retail stores and new product launches will supplement the demand for cosmetics, toiletries, perfumes, and soaps and detergents which will drive the growth for flavour and fragrance industry products.

Growth Drivers:

On the basis of its comprehensive research, Lucintel forecasts that, fine fragrances, and household and air care segments are likely to experience the highest growth in the forecast period. The demand for synthetic fragrances is also predicted to witness a significant CAGR as they are long lasting, emit strong fragrance, and offer a greater freedom of creativity to manufacturers. Moreover, synthetic fragrances are less expensive compared to natural variants. Growing number of retail stores, new product launches, and economic prices of personal care products are anticipated to be extremely influential factors contributing to the growth of the fragrance market.

INDIAN FLAVOUR & FRAGRANCE INDUSTRY

F&F ingredients production value in India is expected to reach USD 5.37 Bn by 2020, growing at approximately 12% compounded annual growth rate, increasing its share to 40% of the global market. A large constituent of the Indian speciality chemicals industry is the F&F industry. The industry will scale up its position soon to challenges given the entry barriers, and domination of the Multi-National Companies. The blending segment is dominated by global F&F houses constituting over 60%. The Indian market is at a nascent stage currently and is expected to witness explosive growth in the wake of growing urbanisation and rising awareness. Indian players who have scaled shall continue to exhibit strong growth, garnering market share in India and globally.

Fragrances are a significant component of FMCG products. Despite constituting less than 1% of a product's volume and under 10% of its total cost of production, fragrances are instrumental in creating a

distinct product association with the consumers. India is also defined by a big unorganised market for mixing of flavours and fragrances, estimated to be bigger than the organized market, but hard to quantify.

Growth Drivers:

There's a growing trend, with many of the consumers willing to experiment with new flavours and fragrances, which has resulted in additional sales in developed markets where consumers have higher disposable incomes. Therefore, they are willing to spend on non-essential sophisticated products across categories of food. Developing nations are seeing development of 13% compared to worldwide development of 4%. These geographies are now being targeted and the market expanded by large worldwide players traditionally from developed countries.

Source: (Chemarc Industry Reports)

Outlook:

OAL's journey is driven by the strengths that we have built over the years by means of dynamic engagement with our customers. It has been backed by a strong focus on innovation. It is a journey that is steered by our deep-rooted local understanding of the evolving consumer needs, globally. Flavours and Fragrances are important components of different consumer goods and packaged foods. Moreover, fragrance compositions add the fresh smell of pine to exotic top notes to fine perfumes and household cleaning products. Increasing demand for flavours and fragrances, growing demand for consumer products and raise in per capita spending on food and

consumer products in emerging countries are some of the key factors boosting the Company's growth. Further, increased penetration of FMCG products in rural areas, premiumisation of personal care and cosmetic products and higher demand for processed foods is likely to drive growth for the company.

CAMPBOR TABLETS MARKET

Camphor Tablets market was valued at USD 93.9 Mn in 2016 and is expected to reach USD 145.6 Mn by 2022, growing at a compounded annual growth rate of 7.6% during the forecast period.

OPPORTUNITIES AND THREATS

As Indian consumers graduate from using basic soaps and detergents to high end products such as skin creams, lotions, hair gels and other specialised cosmetics products, the quality and value of the flavours and fragrances used in these products are expected to increase. Catalysed by a rising global population and increasing urbanisation rates, the demand for processed foods and beverages has been witnessing a continuous growth creating a positive impact on the growth of the market. Moreover, driven by rising incomes, changing lifestyle and increasing consciousness towards physical appearance, the market for personal care products has also been witnessing strong growth creating a strong demand for flavours and fragrances. The company is committed to be positioned as a global player in the generic speciality aroma chemical space and the trends driving the market are consumer insights, their taste and preferences.

The chemical industry is at the crossroads today, finding it tough with rising input costs and dropping prices of the compounded products. Competition is seen in the aroma chemical industry in terms of quality, price and services rendered to the end user. However, still there is growth in absolute terms.

The Company has evolved as a complete F&F player due to forward integration of the business, with a

strong presence in aroma chemicals. Management believes that the Company will be one of the key beneficiaries of the robust demand scenario in the F&F market on account of amalgamation as well as wide product acceptability.

RISK AND CONCERNS

Any market share losses for the Company to the major global and domestic players will adversely impact the financials of the Company consequently, this would adversely affect aroma chemicals and F&F industry leading to lower capacity utilisations for the Company and impact the financials of the company.

Moving up the value chain for escaping stiff price competition is a concern for manufacturers in the F&F space. The markets are dominated by global Flavours & Fragrances houses, who are further strengthening their presence in India; Indian players are less likely to displace them in the near future. Any slowdown in the economic growth of the country will lead to a slowdown in the FMCG sector on account of sluggish consumption-led demand. Raw material price fluctuation and uncertainty of availability / short supply of raw materials can pose a threat to revenue and competitive position. Dependency on a few large clients could pose a risk to revenue. Indian players will need to optimise costs, build scale and invest in product development to succeed.

The Company monitors such risk through the oversight of the senior management personnel in each of its business segments. The Company understands that to ensure consistent business growth, it is essential to correctly assess the potential risk area wise and take necessary steps well in advance to mitigate the risk to a large extent before it becomes a potential hazard.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY:

The Company has put in place necessary internal control system commensurate with its size and

nature of business for facilitating accurate, reliable and speedy compilation of financial information, safeguarding the assets and interests of the Company and also ensuring compliance with various laws and rules & regulations thereunder.

The internal control system is designed in such a manner where various risks faced by the Company are identified and assessed. The internal control system provides for well-documented policies, guidelines, authorisations and approval procedures.

Internal Auditors conduct the audit on a regular basis and remedial measures are taken wherever necessary. The Audit Committee of the Board of Directors periodically reviews audit plans, observations and recommendations of the internal auditors as well as of external auditors with reference to significant risk areas, adequacy of internal Controls etc.

DISCUSSION OF FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

During the year under review, total revenues of the Company have significantly increased by ~49% from INR 50,570 lakh in 2017-18 to INR 75,255 lakh in 2018-19.

The aforesaid increase is mainly due to increase in sales price, better sales realisation and also operational efficiency brought about through better and optimum utilisation of resources and proper implementation of business policies, plans and strategies.

Raw material shortages led to some challenges during the first half of the financial Year but despite this the Company managed to achieve revenue growth because of Company's long-standing supplier relationships which helped in procuring raw materials at competitive prices. Also, as there was significant rise in the key raw material prices, the Company managed to increase the prices of the products to cover the hike.

For Standalone Performance and Consolidated performance the members may refer the Board's report.

HUMAN RESOURCES/INDUSTRIAL RELATIONS:

Our employees are our greatest asset and we are committed to attract, retain and recognise talent. We believe in providing our employees career growth while boosting a collaborative and fair working environment. We encourage fresh minds and new ideas. The Company constantly facilitates and encourages its employees at all levels to enhance their knowledge and skills and continuously seeks to inculcate within its employees, a strong sense of business ethics and social responsibility.

The industrial relations in manufacturing units of the Company continued to be cordial throughout the year. The Company had arranged seminars and workshops for its work force for their development and to equip them to adapt to the fast changing environment. In-house training programs are also conducted to enable the workforce to acquire necessary skills and update their knowledge. Necessary training and orientation in this regard is done on a regular basis. Your Company continuously benchmarks HR policies and practices with the best in the industry and carries out necessary improvements to attract and retain talent and build intellectual capital.

The total number of permanent employees in the Company are 612 as on 31st March, 2019.

DETAILS OF SIGNIFICANT CHANGES:

There were no significant changes (i.e. change of 25% or more as compared to the immediately previous Financial year) in the key financial ratios

[Debtors Turnover, Inventory Turnover, Interest Coverage Ratio, Current Ratio, Debt Equity Ratio, Operating Profit Margin (%) and Net Profit Margin (%)]

RETURN ON NETWORTH:

The Details of Return on Net Worth at standalone level are as under:

Financial year	2019	2018
Return on net worth (%) (Profit after tax/Net Worth)	12.72%	8.80%
Reason for change	The return on net worth increased from 8.80% to 12.72% due to better sales realisation and operational efficiency	

POLLUTION AND ENVIRONMENT CONTROL:

All our plants are designed with appropriate Waste Management Systems and operate in harmony with the surrounding ecosystem. Highest importance is always given by the Company to ensure that the environment remains relatively pollution free. Adequate pollution control facilities are installed at both the plants as per guidelines of pollution control authority and are run as per set norms. For safety, the work force is provided with appropriate safety equipments and necessary training is provided from time to time.

t. Share Transfer System:

During the year under review the applications for transfer of Shares held in physical form were received at the office of the registrar and share transfer agent (R&T Agent) of the Company, Sharex Dynamic (India) Pvt. Ltd. They attended to share transfer formalities at least once a week and forwarded the same to the Company for Share Transfer Committee's approval. The share transfers register and

reports were approved by the Committee of the Company. The same were then placed before every Board Meeting.

The Company obtains from CS Shreyans Jain of Shreyans Jain & Co., Practicing Company Secretary, half-yearly Certificate of Compliance with share transfer formalities as required under Regulation 40(9) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, and files a copy of the said Certificate with the stock exchange.

SEBI has amended the regulation 40(1) of the SEBI Listing Regulations, 2015 by introducing the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018, whereby except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form. Trading in Equity Shares of the Company through recognised Stock Exchanges is permitted only in dematerialised form with effect from 1st April 2019.

This was communicated to the members who hold the shares in physical form vide our letters dated 07.09.2018, 16.10.2018 and 16.11.2018. All the shareholders, who hold the shares in physical form are requested to dematerialize the shares at the earliest to avoid inconvenience in future, for transferring the shares.

Shares held in dematerialized form are electronically traded in the depository and the registrar and share transfer agent periodically receives from the depository the details of beneficiary holdings so as to update the records for sending all corporate communications and other matters.

u. National Electronic Clearing Service (NECS) Facility:

The Company, with respect to payment of dividend to shareholders shall endeavour to remit the dividend payment through National Electronic Clearing Service (NECS) to the shareholders having accounts with Branches of Banks covered under CBS (Core Banking Solution).

Equity Shareholders holding shares in physical form, who wish to avail the NECS facility, may send their NECS mandate to the Company's R & T Agent, in the event they have not done so earlier. Equity Shareholders holding shares in electronic mode may send the NECS mandate form to the concerned Depository Participant (DP) directly.

Further, pursuant to SEBI Circular dated 20th April, 2018 ref: SEBI/HO/MIRSD/DOPI/CIR/P/2018/73, letters were sent to all the shareholders by registered post on 14.05.2018, 19.06.2018 and 07.09.2018, requesting the shareholders to submit the said form to the Company's RTA- Sharex Dynamic (India) Private Limited for updating their PAN and Bank account details which would facilitate in receiving direct credits of dividends, refunds etc., from the Company and avoid postal delays and loss in transit.

v. Transfer of unclaimed/unpaid dividend to the Investor Education protection Fund (IEPF):

Under the provisions of Section 124 of the Companies Act 2013, amounts that remain unclaimed for a period of seven (7) years are to be transferred to the Investor Education and Protection Fund (IEPF) administered by the Central Government. Members can check the details of the unclaimed dividend amount on the website of the Company: www.orientalaromatics.com. The said information is also available on the Ministry of Corporate Affairs website www.mca.gov.in.

The unclaimed amounts that are due for transfer to the IEPF are as follows:

Financial Year	Date of declaration of Dividend	Unclaimed dividend amount as on 31 st March 2019 (Amount in ₹)	Due date of Transfer to IEPF
2013-2014	26 th September 2014	5,53,753	25 th October 2021

2016-2017	25 th September 2017	4,61,078	24 th October 2024
2017-2018	24 th September, 2018	4,16,290	23 rd October, 2025

Members who have not claimed their dividend amount may approach M/s Sharex Dynamic (India) Pvt. Ltd. for obtaining payments thereof immediately, before they are due to be transferred to the IEPF Authority.

In terms of the provisions of section 124(6) of the Companies Act, 2013 read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 as amended from time to time, all the shares in respect of which dividend has not been paid or claimed for seven consecutive years or more as provided under sub section (6) of Section 124 were transferred to the Special demat account of IEPF Authority. Accordingly, 45069 shares were transferred to IEPF Account on 16th November, 2018. The Company had sent notices to all such members in this regard and published newspaper advertisement and thereafter transferred the shares to the IEPF during the Financial year 2018-19. The details of the shareholders whose shares are transferred to IEPF Authority has been uploaded on the Company's website i.e. www.orientalaromatics.com

Further, upon transfer of shares all the benefits (like bonus etc) if any, accruing on such shares shall also be credited to Demat account of IEPF. Accordingly, 627620 shares post sub-division and bonus issue by the Company were credited to Demat account of IEPF.

The shares and unclaimed dividend transferred to the IEPF can however be claimed back by the concerned shareholders from the IEPF Authority after complying with the procedure under the IEPF Rules. The Member/ Claimant is required to make an online application to the IEPF Authority in the Form IEPF-5 (available on iepf.gov.in) along with the requisite fees as decided by the IEPF Authority from time to time. The Member/Claimant can file only one consolidated claim in a financial year as per the IEPF Rules. The Company has also sent request/reminder letters, to the shareholders whose shares were transferred in IEPF Account on 30th November, 2017, requesting them to claim their unclaimed dividend amount and equity shares by following the prescribed procedure under IEPF Rules.

Further, the Company had not declared any dividend for the FY 2011-12, hence no amount of unpaid dividend will be due for transfer to IEPF in the FY 2019-20.

FINANCIAL STATEMENTS

Independent Auditor's Report

To The Members of Oriental Aromatics Limited (Formerly known as Camphor and Allied Products Limited) Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Oriental Aromatics Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report and Corporate Governance report, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) To evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter:

Opening balances have been taken on the basis of the financial statements for the year ended 31st March, 2018 audited by another firm of Chartered Accountants, who have issued an unmodified report dated 31st May 2018.

Report on Other Legal and Regulatory Requirements

1. Pursuant to the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the Oriental Aromatics Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the best of our information and according to the explanations given to us, the Company has, broadly in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements for the year ended 31st March, 2019

(All amounts are in ₹ Lakh, unless stated otherwise)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES :

I. Background and Operations

Oriental Aromatics Limited (formerly known as Camphor and Allied Products Limited) is a Public limited company and based at Mumbai, Maharashtra, India. It is incorporated under Companies Act, 1956 and its shares are listed on Bombay Stock Exchange Ltd. The Company is engaged in business of manufacturing Fine chemicals i.e. camphor, perfumery & specialty aroma chemicals, fragrances and flavour.

II. Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that is measured at fair value;
- 2) assets held for sale - measured at fair value less cost to sell;
- 3) defined benefit plans - plan assets measured at fair value;

(iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised. Any revision to accounting estimates is recognised prospectively in current and future periods.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and judgments that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

i. Contingent Liabilities and Contingent Assets

ii. Measurement of defined benefit obligations

(c) Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item

will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Capital Work-in-progress

Property, Plant and Equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, less any recognised impairment loss. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for intended use.

Expenditure incurred during developmental and preliminary stages of the Company's new projects, are carried forward. However, if any project is abandoned, the expenditure relevant to such project is written off through the natural heads of expenses in the year in which it is so abandoned.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method, over the estimated useful lives of assets. Leasehold land is amortised over of period lease. Leasehold improvements are amortised over the period of lease or estimated useful lives which ever is lower.

The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Intangible assets

Intangible assets are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method

The group amortizes Intangible assets with a useful life using the straight-line method over the period of 3 to 5 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Lease**As a lessee****Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

(g) Contract balances:**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional

(i.e. only a passage of time is required to before payment of the consideration is due). Trade receivables are recognised at the value of sales less allowance for bad and doubtful debts and expected credit loss.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the company performs under the contract.

(h) Inventories

Inventories includes Raw Material, Work-in-Progress, finished goods, Stores & spares, Consumables and Packing Materials are valued at lower of cost and net realisable value. Materials in transit is valued at cost incurred till date.

Raw Materials – Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using First in first out (FIFO) basis.

Finished/Semi-Finished Goods – cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis/ moving average cost.

Stores, Spare Parts, Consumables, Packing Materials etc. – cost is determined on FIFO basis.

(i) Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

- * those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- * those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value . Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- * **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.
- * **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets'

cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

- * **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments."

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss."

(j) Derivative financial instruments

Derivative financial instruments such as forward currency contracts, option contract and cross currency swap, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(k) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividends on these preference shares are recognised in Statement of Profit and Loss as finance costs.

(l) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to revenue.

(m) Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

(n) Revenue from Contracts with Customers

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any. The Company considers whether there are other promises in the contract that are separate performance obligations to which the transaction price needs to be allocated."

Sale of goods -

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Other operating revenue - Export incentives -

Export Incentives under the, "Duty Draw back Scheme" , etc. is accounted in the year of export.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

(o) Employee benefits

Defined Contribution Plans such as Provident Fund etc., are charged to the Profit and Loss Account as incurred.

Defined Benefit Plans - The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

Re-measurement comprising of actuarial gains and losses arising from:

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods."

Other Long term Employee Benefits are recognised in the same manner as Defined Benefit Plans.

Termination benefits are recognised as and when incurred. However, the termination benefits which fall due more than twelve months after the Balance Sheet date are discounted using the yield on Government Bonds.

(p) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(q) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

(r) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(s) Research and Development

Revenue expenditure, including overheads on Research and Development, is charged out as an expense through the natural heads of account in the year in which incurred. Expenditure which results in the creation of capital assets is taken as Fixed Assets and depreciation is provided on such assets as are depreciable.

(t) Cash Flow Statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated

(u) Exceptional Items

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

(v) Cash Dividend

The Company recognizes a liability to pay dividend when the distribution is authorised and the distribution is no longer at the discretion of the Company i.e. when the dividend distribution is being approved by the shareholders. A corresponding amount is recognized directly in equity.

(w) Segment Report

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker(CODM). The Company has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

38 Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a finance committee, which evaluates and exercises independent control over the entire process of market risk management. The finance committee recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this finance committee include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

iii. Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customs, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

39 Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their

Notes to the Standalone Financial Statements for the year ended 31st March, 2019

(All amounts are in ₹ Lakh, unless stated otherwise)

carrying amounts largely due to short term maturities of these instruments.

- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Rates & UK Published PA (90) Annuity Rates suitably adjusted for Indian Lives.

F. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Current Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	PVO DR+1%	532.22	489.49
Salary Escalation Rate	PVO ER+1%	531.13	490.10
Employee Turnover	PVO ET+1%	511.79	507.21

Previous Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	PVO DR+1%	419.66	463.62
Salary Escalation Rate	PVO ER+1%	460.57	421.36

Notes to the Standalone Financial Statements for the year ended 31st March, 2019

(All amounts are in ₹ Lakh, unless stated otherwise)

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

Independent Auditor's Report

**To The Members of
Oriental Aromatics Limited
(Formerly known as Camphor and Allied Products Limited)**

Opinion

We have audited the accompanying consolidated financial statements of Oriental Aromatics Limited ("the Parent Company"), its subsidiary (hereinafter to be referred as "the Group") which comprises of consolidated Balance Sheet as at March 31, 2019, the consolidated statement of Profit & Loss (including other comprehensive income), the consolidated Statement of changes in equity and the consolidated Statement of cash flow for the year than ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March 2019, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	Auditor's response
<p>Commissioning of New Plant:</p> <p>During the year, the Company has commissioned a multiproduct plant having advanced and highly automated technology to produce Specialty Aroma Chemicals. Considering that, commissioning of such new plant involves multiple processes with the risk of materials movement and its accounting involving:</p> <ul style="list-style-type: none"> Defining of controls in various processes with regard to issue of materials, production processes and input output ratios Continuous refining of Bill of Material (BOM) in the system as the production efficiency/ experiences built up Management judgement and estimates defining the yields. <p>We have accordingly designated this as a focus area in the audit.</p>	<p>Our audit approach consisted testing of design and operating effectiveness of internal controls adopted by the Company and substantive testing around the materials consumption accounting procedures and computing inventories values.</p> <p>To address the risk of material consumption and inventory accounting, our audit procedures includes amongst other:</p> <ol style="list-style-type: none"> Analyzing the inventory consumption pattern, valuation process and practices Discussed with the Management and assessed the physical verification process adopted by the Company <p>The combination of these tests of controls and procedures performed, gave us a sufficient evidence to enable us to rely on the materials accounting for the purpose of our audit of the Consolidated financial statements.</p>

Information Other than the Consolidated Financial Statements and auditor's report thereon

The Parent Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report and Corporate Governance report but does not include the consolidated financial statement and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

- We did not audit the financial statements of a subsidiary included in the consolidated financial statements of the Group whose financial statements reflects total assets of ₹209.46Lakh as at March 31, 2019 (as at 31 March, 2018 ₹377.70Lakh); total revenue of ₹633.13Lakh and net loss of ₹185.87Lakh and net cash flow of ₹40.87Lakh for the year ended 31 March, 2019 (revenue of ₹154.54Lakh, net loss of ₹153.20 Lakh and net cash outflow of ₹317.29Lakh for the year ended March 31, 2018), as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the report of other auditors.
- Opening balances has been taken on the basis of the consolidated financial statements for the year ended 31st March, 2018 audited by another firm of Chartered Accountants, who have issued an unmodified report dated 31st May 2018.

Our opinion on the consolidated financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

Notes to the Consolidated Financial Statements for the year ended 31st March, 2019

(All amounts are in ₹ Lakh, unless stated otherwise)

1 General Information :

The consolidated financial statements comprise financial statements of Oriental Aromatics Limited ("the Parent Company") and its subsidiaries (hereinafter referred to as "the Group") for the year ended 31st March, 2019.

The Parent Company is a Public limited company and based at Mumbai, Maharashtra, India. It is incorporated under Companies Act, 1956 and its shares are listed on Bombay Stock Exchange Ltd. The Company is engaged in business of manufacturing Fine chemicals i.e. camphor, perfumery & specialty aroma chemicals, fragrances and flavour.

2 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES :

I. Statement of compliance:

The Consolidated financial Statements of the Group which comprise the Balance Sheet as at 31st March, 2019, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended 31st March, 2019, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as Consolidated Financial Statements') have been prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter ('Ind AS'), the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Consolidated Financial Statements have been approved by the Board of Directors in its meeting held on 27th May, 2019.

II. PRINCIPLES OF CONSOLIDATION

(i) Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

(ii) The acquisition method of accounting is used to account for business combinations by the group.

(ii) Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Deferred tax asset has been created on unrealized stock reserve.

(iii) Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, statement of comprehensive income, statement of changes in equity and balance sheet respectively.

(iv) The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised in a separate reserve within equity attributable to owners of the Company.

(v) When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2019

(All amounts are in ₹ Lakh, unless stated otherwise)

III. Foreign currency transactions

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

- exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interests as appropriate).

On disposal of foreign operations (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Group are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

- IV** For other accounting policies - Refer significant accounting policies mentioned in the standalone financial statement.

Total	37,509.74	32,916.19

B. Nature and purpose of reserves

- a) **Capital Reserve on Amalgamation** : During business combination, the excess of net assets taken over the cost of consideration paid is treated as capital reserve.
- b) **Security Premium Reserve** : The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve.
- c) **General Reserve** : The General reserve is created by way of transfer of profits from retained earnings for appropriation purposes. This reserve is utilised in accordance with the provisions of the Act.
- d) **Retained Earnings** : Retained earnings are the profits that the Company has earned till date, less any transfer to general reserve, dividends or other distribution paid to shareholder.
- e) **Foreign Currency Translation Reserve** : This reserve contains the accumulated balance of foreign exchange differences arising on monetary items that, in substance, form part of the Group's net investment in a foreign operation whose functional currency is other than Indian rupees. Exchange differences previously accumulated in this reserve are reclassified to profit or loss on disposal of the foreign operation.
- f) **Items of other Comprehensive income** : Difference between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustment within the plans, are recognised in 'Other Comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.
