Annexure-II (Contd.) to Director Report**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****INTRODUCTION**

The Indian textile industry has significant role in the Indian economy. It brings in the net foreign exchange earnings and contribution to the GDP. The textiles sector is the second largest provider of employment after agriculture. Thus, the growth and all round development of this industry has a direct bearing on the improvement of India's economy and Textiles exports from India is expected to touch US\$ 185 billion by the year 2024-25.

India is the one of the World's largest producers of textiles specially the yarns. The Indian Textiles Industry accounts for about 24% of the World's spindle capacity and 8% of Global rotor capacity. The potential size of the Indian textile and apparel Industry is expected to reach US\$ 223 Billion by 2021.

RISK AND CONCERN

Management Discussion and Analysis mainly comprise the statements which may, inter alia, involve predictions based on perceptions and may, therefore, be prone to risks and uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which may be forward looking within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

The important factors that could make a difference to the Company's operations include availability and cost of raw material, cyclical demand and pricing of the products, changes in Government regulations, tax regimes, economic developments within India and the countries in which the Company conducts business, India's Free Trade Agreements with other countries, prevailing exchange rate of INR against other currencies, availability of skilled and unskilled workforce and other incidental factors. The shareholders are cautioned to keep this in view in conjunction with the Company's financial statements.

CORE BUSINESS AND PRODUCTS

The core business of the Company is manufacturing and marketing of spun synthetic blended yarn, wool and wool mix yarn, spun synthetic and worsted fabrics, cotton & linen fabrics besides readymade garments. The Company also produces shirting and technical fabrics. Treves Banswara Private Limited, the Joint venture Company, is producing automotive fabrics. The Company perceives good scope for increase in demand, production and sale of its products.

OUTLOOK

Your Company's future growth is built on two parallel growth drivers viz., domestic consumption of fabrics & garments and large global opportunities in textiles & clothing.

For the FY 2017-18, the estimated total revenue of the Company is expected to be ₹1300 Crores, which is about 4.50% higher than the actual revenue for the year 2016-17. The Company is focused towards increase in sales of value-added products in yarn, fabric and readymade garments. As the Company increases its share of value added products, its EBITDA margin is expected to improve.

On the whole the outlook for the Company continues to remain positive.

INDUSTRY STRUCTURE, ITS DEVELOPMENT

Under the Foreign Trade Policy 2015- 2020, the export obligation for domestic procurement of capital goods under EPCG has been reduced from 90% to 75%. The said Policy has also introduced a single Merchandise Exports from India Scheme (MEIS) as against 5 different schemes for rewarding merchandise exports with different kinds of scripts with varying conditions. This has simplified the procedure/documentation to get the export benefits quickly, which will promote textile exports from India.

During the year under review, the consumer demand continued to be sluggish across the textile and apparel sector, resulting in continuous pressure on sales and margins. The textile industry is labour intensive and as the Central Government's Scheme i.e. National Rural Employment Guarantee Scheme, has provided more opportunities for workers; The Textile Industry is facing labour shortage particularly since November, 2016. The availability of the requisite labour for running the plants has become very difficult.

The Government has proposed the implementation of Goods and Services Tax (GST) for textile industry also. The Tax rate under Goods and Services Tax (GST) is awaited.

A comparative position of the Company's manufacturing capacities in the last 2 financial years is as under.

During the year under review, the Company invested ₹ 67 crores (previous year - ₹ 30.29 crores) for modernization of its production capacities. The capital-work-in-progress at ₹ 4.00 crores (previous year ₹ 7.86 crores) with advances to capital goods' suppliers aggregating ₹ 3.44 crores (previous year ₹ 3.04 crores) at the end of the respective periods.

OPPORTUNITIES & THREATS:

The Company is consuming about 29% of its yarn production for its fabric manufacturing and about 20% of its fabric production for its garment conversion. The Company is looking for more avenues for forward integration and, as such, the availability of the material from the preceding stage is a big advantage. Your Company produces all types of yarns and fabrics i.e. polyester viscose lycra, dyed RFD, cotton piece dyed, linen, all wool and wool blends etc. Thus, your Company is a single source of supply for all these types of fabrics. It has flexibility to increase fabric production as per market demand. The Company has its own design studio and has developed world class range which is being displayed to the customers within and outside India. As there is variety of fabrics available in its product line, your Company anticipates deeper penetration in the domestic and international markets. We expect to increase the business with the new customers while retraining and strengthening the volumes with the existing clientele.

The Government of India has since announced the biggest tax reform in the country by implementing the Goods and Services Tax (GST). As ours is Composite Mill, we procure the fiber as raw material. The tax payment at the initial point of input will be lower in comparison to the others competitors in the non composite set up. This may create a competitive edge for the Company.

In view of implementation of the Goods and Services Tax (GST) in India, the overall last price of products will increase; further the textile industry mainly yarns and fabrics which was enjoying the benefit of No Duty will fall into the tax bracket. It will reduce the overall export incentives being given to the textiles. The Indian textile products will therefore become costlier in the Goods and Services Tax (GST) therefore regime.

ANNEXURE 2 TO THE AUDITORS' REPORT

Referred to in our report of even date to the members of BANSWARA SYNTEX LIMITED on the accounts for the year ended 31st March, 2017

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **BANSWARA SYNTEX LIMITED** ("the Company") as of 31st March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial control over financial reporting included obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal controls over financial reporting criteria established by the Company considering the components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over

financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its jointly controlled entity, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over

financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one jointly controlled company which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated India.

Dear Shareholders,

RE: Green Initiative in Corporate Governance: Go Paperless

The Ministry of Corporate Affairs (MCA) has taken a “Green Initiative in Corporate Governance” (Circular No. 17/2011 dated 21.04.2011 and Circular No. 18/2011 dated 29.04.2011) allowing paperless compliances by Companies through electronic mode. Companies are now permitted to send various notices /documents to its shareholders through electronic mode to the registered e-mail addresses of shareholders.

This move by the Ministry is welcome since it will benefit the society at large through reduction in paper consumption and contribution towards a Greener Environment. It will also ensure prompt receipt of communication and avoid loss in postal transit.

Keeping in view the underlying theme and the circular issued by MCA, we propose to send all documents to be sent to Shareholders like General Meeting Notices (including AGM), Audited Financial Statements, Directors’ Report, Auditors’ Report, etc. henceforth to the shareholders in electronic form, to the e-mail address provided by them and made available to us by the Depositories. Please note that these documents will also be available on the Company’s website www.banswarasyntex.com for download by the shareholders. The physical copies of the Annual Report will also be available at our Registered Office in Banswara (Rajasthan) for inspection during office hours.

In case you desire to receive the above mentioned documents in electronic mode, you are requested to send this form duly completed in all respects to the registered office of the Company for registering your e-mail address. Please note that you will be entitled to be furnished free of cost, with a copy of the Balance Sheet of the Company and all other documents required by law to be attached thereto including the Statement of Profit & Loss Account and Auditors’ Report, upon receipt of a requisition from you, any time, as a member of the Company.

We are sure, that as a responsible citizen, you will whole-heartedly support this initiative and will co-operate with the Company in implementing the same.

CIN:L24302RJ1976PLC001684**Dear Shareholders,**

SEBI, vide its letter No.DCC/FITTCIR-3/2001 dated 15th October 2001, has advised that all companies should mandatory use Electronic Clearing Services (ECS) facility for distributing dividends or other cash benefits to the investors wherever available. In the absence of availability of ECS facility, the companies may use warrants for distributing the Dividends.

Currently, ECS facility is available at locations specified by RBI. We request all the shareholders to give their bank details so that all future Dividend payments can be remitted through ECS. In case of shareholders staying at locations not currently covered by ECS, the bank account details will be used for suffixing along with the name of the shareholder on the dividend warrants issued in future.
