MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis present the Industry overview, opportunities and threats, the Company's initiatives and overall strategy of becoming a market-driven service provider with various offerings. The Company is optimistic about capturing a substantial share of the global and domestic market amid the threats faced due to the liberalisation and increased competition from well-established companies from India and abroad.

Global Economic Outlook

The estimated value of the global (Contract Research Organization) CRO services market in revenue for 2023 is \$76.6 billion, with a projected growth to reach \$127.3 billion by 2028, representing a compound annual growth rate (CAGR) of 10.7% from 2023 to 2028. This growth is primarily attributed to factors such as the continuous expansion of pharmaceutical, biopharmaceutical, and medical device R&D pipelines, as well as technological advancements in the clinical trials process. Additionally, the increasing demand for novel clinical trial designs to support cell and gene therapies is expected to create growth opportunities for companies operating in this market.

The global pharmaceutical market is now estimated to be over USD 1.6 trillion and expected to grow at CAGR of about 6%

Though the pharmaceutical industry is developing at rapid pace, the pharmaceutical manufacturing companies are confronted with enormous challenges such as:

Cost & Pricing, New Medicines & Therapy dosages, changing regulatory landscape & growing digitization.

Indian pharma market is expected to grow to USD 130 Billion by 2030 thereby emerging as the 6 largest pharmaceutical market globally by absolute size. The growth of the pharmaceutical industry is globally driven by ageing population as well as about 1% increase in the global population at the same time

Indian Economy

India's GDP growth rate was 6.4% during FY 2023 due to a combination of factors such as expected global economic slowdown, strict monetary policies, and high oil prices. Despite these obstacles, India's growth rate remains higher than that of comparable economies, primarily due to strong domestic consumption and lower dependence on global demand.

The Indian pharmaceutical industry has been experiencing steady growth with a focus on generic medicines. It is expected that spending on pharmaceuticals in India will continue to increase, with a CAGR of 7.5–10.5% between 2023-27 to reach US\$ 35-39 Billion annually. The industry's continued focus on generics is a key factor to its growth, as they are typically priced lower than branded medicines. The industry's low-cost structure and its ability to produce large quantities of medicines have also made it a key player in the global pharmaceutical market.

India is the largest provider of generic drugs globally and is known for its affordable vaccines and generic medications. The Indian Pharmaceutical industry is currently ranked third in pharmaceutical production by volume after evolving over time into a thriving industry growing at a CAGR of 9.43% since the past nine years. Generic drugs, over-the-counter medications, bulk drugs, vaccines, contract research & manufacturing, biosimilars, and biologics are some of the major segments of the Indian pharma industry. India has the most number of pharmaceutical manufacturing facilities that are in compliance with the US Food and Drug Administration (USFDA) and has 500 Active Pharma Ingredients (API) producers that make for around 8% of the worldwide API market.

Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US and 25% of all medicine in the UK. The domestic pharmaceutical industry includes a network of 3,000 drug companies and ~10,500 manufacturing units. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers with a potential to steer the industry ahead to

greater heights. Presently, over 80% of the antiretroviral drugs used globally to combat AIDS (Acquired Immune Deficiency Syndrome) are supplied by Indian pharmaceutical firms. India is rightfully known as the “pharmacy of the world” due to the low cost and high quality of its medicines.

Manufacturing

Our Sales Strategy is to sell our products in bulk to Pharmaceuticals Manufacturers, Marketers and Traders, who in turn provide the channel for sales to customers. Our products are primarily used by other pharmaceutical companies and traders, who ultimately will market it to the distributors and retail customers. We do not sell our products under any brand name. Following are our major products (manufacturing dosage forms):

- Oral Liquid (Syrups/Suspensions/Dry Powders (βeta & Non βeta-Lactam)
- Tablets & Capsules (βeta & Non βeta-Lactam)
- External Preparations

Opportunities, Threats and Outlook

Vilin Bio Med Limited will be able to place itself in a strong position by expanding strategically, increasing its manufacturing capacities and enhancing capacities across the organization. The Company is looking at different opportunities in untapped markets and across a value chain. It plans for alliances with business associates in the Indian market, giving a huge boost to the selective products that it already deals in.

We are fully conscious of our responsibility toward our customers. Our efforts are directed toward the fulfillment of customer satisfaction through the quality of products. As the consolidation of this industry gains momentum, the need to develop a dedicated team of skilled manpower assumes urgency and importance.

We will continue to focus on training and motivation of manpower to develop teams of qualified and skilled personnel to effectively discharge their responsibilities in a number of projects and activities. It is, in this context, which we have been working towards promoting the skills and professionalism of our employees to cope with and focus on the challenges of change and growth.

Also the majority of the new entrants in an already overcrowded market is the major threat to the Company. These can affect the profitability of established players in the short run. In the long run, however, trusted players with strong brand equity will continue to prosper.

Internal control systems & their adequacy

The Company has strong and adequate internal control system suitable to its size and nature of business. We constantly upgrade our systems for incremental improvements. The Audit Committee of the Board regularly reviews our system. The systems ensure protection of assets and proper recording of transactions. Internal audit is carried out by an independent chartered accountants' firm on quarterly basis. The internal auditors' reports are regularly received by the Audit Committee. It is a regular practice to review the issues raised by statutory auditors by the Audit Committee.

Report on the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **M/s Vilin Bio Med Limited** ("the Company"), which comprises the Balance Sheet as of March 31, 2023, the Statement of Profit and Loss, Statement of Changes in Equity, Statement of Cash Flow for the year ended, and Notes to the Financial Statements, including a summary of Significant Accounting Policies and other explanatory information [hereinafter referred to as "Financial Statements"].

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act and accounting principles generally accepted in India, of the State of Affairs of the Company as at March 31, 2023, and its Profit, Changes in Equity and its Cash Flows for the Year ended on that date.

Basis for Opinion

We conducted our Audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements Section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of Financial Statements under the provisions of the Act and the Rules defined thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the Audit Evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are those matter that, in our professional judgement, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. During the year under consideration, we have no Key Audit Matters to report.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the Financial Position, State of Affairs, Profit (including Other Comprehensive Income) Changes in Equity and Cash Flows of the Company in accordance with the Accounting Principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with the Rules defined thereunder. This responsibility also includes maintenance of adequate Accounting Records in accordance with the provisions of the Act for safeguarding of the Assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate Accounting Policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the accuracy and completeness of the Accounting Records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a Going Concern, disclosing, as applicable, matters related to Going Concern and using the Going Concern Basis of Accounting unless the Board of Directors either intend to liquidate the Company or to cease the operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's Financial Reporting Process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an Audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform Audit Procedures responsive to those risks, and obtain Audit Evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of Internal Controls.
- Obtain an understanding of Internal Controls relevant to the Audit in order to design Audit Procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls System with reference to the Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of the Accounting Policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the Going Concern Basis of Accounting and, based on the Audit Evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a Going Concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the Audit Evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as Going Concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in:
 - (i) Planning the Scope of our audit work and in evaluating the results of our work; and
 - (ii) To evaluate the effect of any identified misstatements in the Financial Statements.
- We communicate with those charged with Governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in Internal Control that we identify during our audit.

We also provide those charged with Governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure - B to the Independent Auditor's Report of even date to the Members of M/s Vilin Bio Med Limited, on the Financial Statements for the Year ended March 31, 2023

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our Audit of the Financial Statements of M/s Vilin Bio Med Limited ('the Company') as at and for the year ended March 31, 2023, we have audited the Internal Financial Controls Over Financial Reporting ('IFCoFR') of the Company as at that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control Over Financial Reporting criteria established by the Company considering the essential components of Internal Control, as stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the Design, Implementation and Maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's Business, including adherence to the Company's Policies, the Safeguarding of its Assets, the prevention and detection of frauds and errors, the accuracy and completeness of the Accounting Records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our Audit. We conducted our Audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an Audit of the IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

Our Audit involves performing procedures to obtain Audit Evidence about the adequacy of the IFCoFR and their operating effectiveness. Our Audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the Internal Controls based on the assessed risk. The procedures selected depend on the Auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the Audit Evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Company's Internal Financial Controls Over Financial Reporting.

Meaning of Internal Financial Controls Over Financial Reporting

The Company's Internal Financial Controls Over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of Financial Reporting and the preparation of Financial Statements for external purposes in accordance with the Generally Accepted Accounting Principles. A Company's IFCoFR include those policies and procedures that:

- (i) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the Assets of the Company;
- (ii) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of the Financial Statements in accordance with the Generally Accepted Accounting Principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and Directors of the Company; and
- (iii) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's Assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the Inherent Limitations of the IFCoFR, including the possibility of collusion or improper Management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the Policies or Procedures may deteriorate.

Opinion

In our opinion and to the best of information and according to the explanations given to us, the Company has maintained, in all material respects, adequate Internal Financial Controls Over Financial Reporting and such controls were operating effectively as of March 31, 2023, based on the 'Internal Control Over Financial Reporting criteria' established by the Company, considering the essential components of Internal Control as stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Subsequent expenditure is capitalized only when it increases the future economic benefit s embodied in the specific to which it relates.

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short term deposits with banks with an original maturity of three months or less.

Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency are translated using the exchange rate at the date when such value was determined.

Treatment of exchange differences

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Company are recognized as income or expense in the statement of profit and loss.

(r) Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a Straight – line basis over the lease term.

(s) Employee benefits

All Employee Benefits payable for rendering the service such as Salaries, Wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A Liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(t) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a Present Obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Contingent Liability is disclosed in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or where no reliable estimate is possible. Contingent Liabilities are not recognised in Financial Statements but are disclosed in the Notes to Accounts. Contingent Asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Entity. Contingent Assets are not recognised in Financial Statements and are disclosed in the Notes when it is virtually certain that economic benefits will inflow to the Company.

(u) Earnings per share (EPS)

Basic EPS is computed using the weighted average number of equity shares outstanding during the period. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the results would be anti-dilutive.
