**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****MANAGEMENT DISCUSSION & ANALYSIS REPORT**

We submit herewith our Management Discussion & Analysis Report on the Company's Business for the year ended 31st March, 2021. We have attempted to include on all specified matters to the extent relevant or within limits that in our opinion are imposed by the Company's competitive position.

**OVERVIEW OF GLOBAL ECONOMY**

The global economy reported de-growth of 3.5% in 2020 compared to a growth of 2.9% in 2019. This steep decline in global economic growth was largely due to the outbreak of the novel coronavirus and consequent suspension of economic activities across the world. COVID-19 effects came in as lockdown on manufacturing units across the world and that put challenges on the demand and supply side, where the availability of goods and services was impacted along with logistics. Economies world over are likely to experience a contraction in 2021. The IMF argues that recovery of the global economy could be weaker than projected as a result of lingering uncertainty about possible contagion, lack of confidence, and permanent closure of businesses and shifts in the behaviour of firms and households. The global economy is projected to grow by 5.5% in 2021 largely due to the successful roll-out of vaccines across the globe, coupled with policy support in large economies

**OVERVIEW OF INDIAN ECONOMY**

The outbreak of the novel coronavirus impacted the Indian economy during the first quarter of the year under review. The Indian economy de-grew 23.9 percent in the first quarter of 2020-21, the sharpest de-growth experienced by the country since the index was prepared.

The Indian and state governments selectively lifted controls on movement, public gatherings and events from June 2020 onwards. The result is that India's relief consumption, following the lifting of social distancing controls, translated into a full-blown economic recovery. A number of sectors in India - real estate, steel, cement, home building products and consumer durables, among others - reported unprecedented growth.

The Government of India's announcements aims at saving the lockdown battered economy by providing tax breaks, incentives for domestic manufacturing and credit guarantee for loans to MSMEs. RBI announced a slew of measures to address the liquidity concerns of financial institutions by means of targeted longterm repo operations to help ease liquidity of NBFCs, HFCs and MFIs. With IMD monsoon forecast coming at near normal levels, the agricultural sector could turn out to be the lone bright spot as winter crop (Rabi) is being harvested and the impact of this pandemic is not seen across the farmland areas of the country so far.

**COMPANY & INDUSTRY STRUCTURE**

India's construction industry is engaged in growth, which mainly includes real estate and urban development projects. Given the nation's objective to modernize infrastructure and bring about a 'smart' development in its cities, India is expected to emerge as the third largest construction market by 2025. Demands of Asbestos Cement Sheet market have grown during the past couples of years because of the industry's efforts in making in roads into rural markets. Demand of Asbestos Cement Pressure Pipes and Roofing sheets is encouraging due to policies of various States Government. Our Company operates Asbestos Cement Pressure Pipes and Roofing sheets under the brand name of JAI KIRTI. Asbestos Cement Pressure Pipes are used for Portable Water Supply, Casing Pipes in Bore well, Sewage, Irrigation and Roofing Sheet products are used as a roofing material for housing, warehousing and industrial purpose.

#### Report on the Audit of the Ind AS Financial Statements

#### Opinion

We have audited the Ind AS financial statements of A Infrastructure Limited ("the Company"), which comprise the balance sheet as at March 31, 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (herein referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (the Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards (SA's) are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the (ICAI's) Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

#### Description of Key Audit Matter

##### Revenue recognition (refer note No. 1 (10) to the Financial Statements)

The Key Audit Matter	How the matter was addressed in our audit
<p>Revenue Recognition</p> <p>Revenue is recognized when the control of the underlying products has been transferred to the customer. There is a risk of revenue being overstated due to fraud resulting from the pressure on management to achieve performance targets at the reporting period end.</p> <p>Revenue is measured net of discounts, rebates and incentives earned by customers on the Company's sales.</p>	<p>Our audit procedures included:</p> <ol style="list-style-type: none"> <li>Assessed the appropriateness of the company's revenue recognition accounting policies, including those relating to discounts, incentives and rebates by comparing with the applicable accounting standards;</li> <li>Tested the operating effectiveness of the general IT control environment and key IT application controls over recognition of revenue, calculation of discounts, incentives and rebates;</li> </ol>

<p>Due to the Company's presence across different marketing regions within the country and the competitive business environment, the estimation of the various types of discounts, rebates and incentives to be recognized based on sales made during the year is material and considered to be judgmental.</p> <p>Therefore, there is a risk of revenue being misstated as a result of faulty estimations over discounts, incentives and rebates and therefore considered as a key audit matter.</p>	<ul style="list-style-type: none"> <li>c) Performed test of details: <ul style="list-style-type: none"> <li>i) Agreed samples of sales, discounts, incentives and rebates to supporting documentation and approvals;</li> <li>ii) Obtained supporting documents for sales transactions recorded either side of year end as well as credit notes issued after the year ended to determine whether revenue was recognized in the correct period.</li> </ul> </li> <li>d) Comparing the historical discounts, rebates and incentives to current payment trends. We also considered the historical accuracy of the Company's estimates in previous years.</li> <li>e) Assessing manual journals posted to revenue to identify unusual items. and</li> <li>f) Considered the appropriateness of the company's description of the accounting policy, disclosures related to revenue, discounts, incentive and rebates and whether these are adequately presented in the financial statement.</li> </ul>
<p><b>Related Party Disclosures (Ind AS 24)</b></p> <p>The company has entered into several transactions with related parties during the year 2020-21. We identified related party transactions as a key audit matter because of risks with respect to completeness of disclosures made in the financial statements; non-compliance with statutory regulations governing related party relationships such as the Companies Act, 2013 and SEBI Regulations and the judgement involving assessing whether transactions with related parties are undertaken at arms' length.</p>	<ul style="list-style-type: none"> <li>a) In view of the significance of the matter we applied the following audit procedures in this area among others to obtain sufficient appropriate audit evidence:</li> <li>b) We carried out an assessment of the key controls to identify and disclose related party relationships and transactions in accordance with the relevant accounting standard.</li> <li>c) We carried out an assessment of compliance with the listing regulations and the regulations under the Companies Act, 2013, including checking of approvals/scrutiny as specified in Sections 177 and 188 of the Companies Act, 2013 with respect to the related party transactions.</li> <li>d) We considered the adequacy and appropriateness of the disclosures in the financial statements, relating to the related party transactions.</li> <li>e) For transactions with related parties, we inspected relevant ledgers, agreements and other information that may indicate the existence of related party relationships or transactions. We also tested completeness of related parties with reference to the various registers maintained by the Company statutorily.</li> <li>f) We have tested on a sample basis, Management's assessment of related party transactions for arm's length pricing.</li> </ul>

### Emphasis of Matter

We draw attention to note no. 57 of the financial statements which explains the management's assessment regarding the estimated impact of COVID-19 pandemic on the financial statements for the year ended 31st March, 2021. Further, the company will continue to closely monitor any material changes arising from future economic conditions and impact on its business.

Our opinion is not modified in respect of this matter.

**Other Matter**

Due to the COVID-19 pandemic, nationwide lockdown and other travel restrictions are imposed by the Government/ local administration, hence the audit processes were carried out electronically by remote access. The necessary records were made available by the management through digital medium and were accepted as audit evidence while reporting for the current period.

Our opinion is not modified in respect of this matter.

**Information Other than the Financial Statements and Auditors' Report Thereon**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Financial Statements**

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(A) As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on April 1, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at March 31, 2021 on its financial position in its financial statements - Refer Note 47 (i)(a) to the financial statements;
- ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**“ANNEXURE B”****ANNEXURE TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF A INFRASTRUCTURE LIMITED****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the Internal Financial Controls over financial reporting of **A Infrastructure Limited** (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Ind AS financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

New Delhi,  
30th June,2021

**1. Company Information and Significant Accounting Policies****A. Company Information:**

**A INFRASTRUCTURE LIMITED** (the 'Company') is a public limited company domiciled in India and is listed on the Bombay Stock Exchange (BSE). The Company is incorporated on 30th August 1980 and formerly known as 'Shree Pipes Ltd.' The Company is mainly engaged in the business of manufacturing of A.C. Pressure Pipes, Couplings, A.C. Sheet & Moulded Goods and laying & jointing of Asbestos Cement Products.

**B. Basis of Preparation****1. Statement of Compliance**

The financial statements are prepared on accrual basis of accounting and comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent applicable), applicable provisions of the Companies Act, 1956.

**2. Basis of measurement/Use of Estimates**

- (i) The Financial Statements are prepared on accrual basis under the historical cost convention except certain financial assets and liabilities that are measured at fair value. The methods used to measure fair values are discussed in notes to financial statements.
- (ii) The preparation of financial statements requires judgments, estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized

**3. Functional and presentation currency**

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (upto two decimals), except as stated otherwise.

**C. Significant accounting policies**

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

**1. Current and non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets including deferred tax asset are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities including deferred tax liability are classified as non-current.

## **2. Property Plant & Equipment**

### **2.1. Initial recognition and measurement**

Items of Property, Plant and Equipment are measured at cost less accumulated depreciation/amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset, inclusive of non-refundable taxes & duties, to the location and condition necessary for it to be capable of operating in the manner intended by management.

When parts of an item of property, plant and equipment have different useful lives, they are recognized separately.

Items of spare parts, stand-by equipment and servicing equipment which meet the definition of Property, Plant and Equipment are capitalized.

### **2.2. Subsequent costs**

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of Property, Plant and Equipment are recognized in Statement of Profit and Loss as incurred.

### **2.3. Derecognition**

Property, Plant and Equipment are derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment, and are recognized in the Statement of Profit and Loss.

### **2.4. Depreciation/Amortization**

Depreciation is recognized in Statement of Profit and Loss on a Straight-line method basis over the estimated useful lives of each part of an item of Property, Plant and Equipment. Leasehold lands are amortized over the lease term unless it is reasonably certain that the Company will obtain ownership by the end of the lease term.

Assets costing up to Rs. 5,000/- are fully depreciated in the year of acquisition.

Depreciation on additions to/deductions from Property, Plant and Equipment during the year is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed.

Where it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably, subsequent expenditure on a Property, Plant and Equipment along-with its unamortized depreciable amount is charged off prospectively over the revised useful life determined by technical assessment.

In circumstance, where a property is abandoned, the cumulative capitalized costs relating to the property are written off in the same period.

For charging depreciation falling useful life is considered based on the internal technical assessment by the management or as per Schedule III of Companies Act, 2013.

TYPE OF ASSETS	PERIOD
Leasehold Land	Lease period
Building	30 Years
Plant & Machinery	25 Years
Electric Installation	10 years
Laboratory Equipment's	10 Years
Computer	3 Years
Furniture & Fixtures	10 Years
Office Equipment	5 years
Vehicles	8 Years
Water Line Installation	25 Years

### 3. Capital work-in-progress

The cost of self-constructed assets includes the cost of materials & direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets.

### 4. Intangible assets and Intangible Assets under Development

#### 4.1. Initial recognition and measurement

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Expenditure incurred which are eligible for capitalizations under intangible assets are carried as intangible assets under development till they are ready for their intended use.

#### 4.2. Derecognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on disposal of an item of intangible assets are determined by comparing the proceeds from disposal with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

#### 4.3. Amortization

Intangible assets having definite life are amortized on straight line method over their useful lives. Useful life of computer software is estimated at 3 years. If life of any intangible asset is indefinite, then it is not amortized and tested for Impairment at the reporting date.

### 5. Borrowing Cost

Borrowing costs that are directly attributable to the acquisition, construction/exploration/development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are charged to revenue as and when incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization.

### 6. Inventories

Inventories are valued at the lower of cost and net realizable value.

- (i) The cost of raw materials, stores, components at factories are taken at weighted average rate, after providing for obsolescence.
- (ii) The cost of finished goods is determined by taking material, labour and related factory overheads including depreciation on Property, Plant and Equipment. The cost of work in process is taken at material cost and stage-wise overhead cost including depreciation on Property, Plant and Equipment.

Spare parts other than those capitalized as Property, Plant and Equipment are carried as inventory.

The diminution in the value of obsolete, unserviceable and surplus stores & spares is ascertained on review and provided for.

## **7. Cash and Cash Equivalent**

Cash and cash equivalent in the Balance Sheet comprises cash at banks, cash in hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of change in value.

## **8. Provisions, contingent liabilities and contingent assets**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/ independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

No contingent asset is recognized but disclosed by way of notes to accounts only when its recognition is virtually certain.

## **9. Foreign currency transactions and translation**

Transactions in foreign currencies are initially recorded at the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss in the year in which it arises.

Non-monetary items are measured in terms of historical cost in foreign currency are translated using the exchange rate at the date of the transaction. In situations, when the non-monetary assets/ liabilities are acquired by paying/ receiving foreign currency in advance then the same should be translated at a rate which exists on the date when such advance payment/receipt was made.

## **10. Revenue**

### **a) Revenue Recognition**

The company derives revenue primarily from sale of manufactured goods and related services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers of an amount that reflects the consideration the company expects to receive in exchange for products or services.

The company recognizes provision for sales return, based on historical results, measured on net basis of the margin of the sale. Therefore, a refund liability, included in other current liabilities, are recognized for the products expected to be refunded.

The company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Revenue in excess of invoicing are classified as contract assets while invoicing in excess of revenues are classified as contract liabilities.

**b) Other Income:**

**i) Interest Income**

For all financial instruments measured at amortized cost and interest-bearing financial assets classified as fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit or loss.

**ii) Dividend**

Dividend Income is recognized when the Company's right to receive is established which generally occurs when the shareholders approve the dividend.

**iii) Miscellaneous Income**

Other income is recognized in the Statement of Profit and Loss when increase in future economic benefits related to an increase in an asset or a decrease of a liability has arisen that can be measured reliably.

**11. Employee Benefits**

**11.1. Short Term Benefit**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognized for the amount expected to be paid under performance related pay if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**11.2. Post-Employment benefits**

Employee benefit that are payable after the completion of employment are Post-Employment Benefit (other than termination benefit). These are of two types:

**11.2.1. Defined contribution plans**

Defined contribution plans are those plans in which an entity pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident Fund and Employee State Insurance are Defined Contribution Plans in which company pays a fixed contribution and will have no further obligation.

**11.2.2. Defined benefit plans**

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

Company pays Gratuity as per provisions of the Gratuity Act, 1972. Leave Encashment payable at the end of the employment is also a post employment defined benefit plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian

government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a liability to the company, the present value of liability is recognized as provision for employee benefit. Any actuarial gains or losses are recognized in OCI in the period in which they arise.

## **12. Income Tax**

Income tax expense comprises current and deferred tax. Current tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years. Current income taxes are recognized under 'Income tax payable' net of payments on account, or under 'Tax receivables' where there is a debit balance.

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Deferred tax is recognized in profit or loss except to the extent that it relates to items recognized directly in OCI or equity, in which case it is recognized in OCI or equity.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Minimum Alternative Tax credit (MAT Credit) is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Additional income taxes that arise from the distribution of dividends are recognized at the same time when the liability to pay the related dividend is recognized.

## **13. Leases**

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be

exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

#### **14. Impairment of Non-financial Assets**

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount (higher of its fair value less costs to disposal and its value in use) is estimated.

An impairment loss is recognized if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognized in Statement of Profit and Loss. Impairment losses recognized in respect of CGUs are reduced from the carrying amounts of goodwill of that CGU, if any and then the assets of the CGU.

Impairment losses recognized in previous years are assessed at each reporting date. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

#### **15. Operating Segments**

In accordance with Ind AS 108 – 'Operating Segments', the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance. The Board of Directors is collectively the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108. For management purpose company is organized into major operating activity of A.C. Pressure Pipes & sheets manufactured in India.

#### **16. Dividends**

Dividends and interim dividends payable to a Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

#### **17. Material Prior Period Errors**

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest prior period presented, the opening balances of assets, liabilities and equity for the earliest prior period presented, are restated.

#### **18. Earnings Per Share**

Basic Earnings per Equity Share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

#### **19. Statement of Cash Flows**

Statement of cash flows is prepared in accordance with the indirect method prescribed in Ind AS-7 'Statement of cash flows'.

## **20. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### **20.1. Financial assets**

#### **Initial recognition and measurement**

All financial assets are recognized initially at fair value plus or minus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition or issue of the financial asset.

#### **Subsequent measurement**

##### **Debt instruments at amortized cost**

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in financial income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

##### **Debt instrument at FVTOCI (Fair Value through OCI)**

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

##### **Debt instrument at FVTPL (Fair value through profit or loss)**

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

#### **Equity investments**

All equity investments in entities other than subsidiaries and joint ventures are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instruments, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However the company may transfer cumulative gain or loss within the equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Equity investments in subsidiaries and joint ventures are measured at cost.

#### **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

#### **Impairment of financial assets**

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract assets resulting from transactions within the scope of Ind AS 11 and Ind AS 18, if they do not contain a significant financing component
- Trade receivables or contract assets resulting from transactions within the scope of Ind AS 11 and Ind AS 18 that contain a significant financing component, if the Company applies practical expedient to ignore separation of time value of money, and

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

## **20.2. Financial liabilities**

#### **Initial recognition and measurement**

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

#### **Subsequent measurement**

Financial liabilities are carried at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on acquisition and any material transaction that are an integral part of the EIR. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

#### **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or

modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

**Derivative financial instruments**

The Company uses forwards to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value on the reporting date. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

**Hedges that meet the criteria for hedge accounting are accounted for as follows:**

**a) Cash flow hedge**

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedge reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction.

**b) Fair Value Hedge**

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss.

**D. Recent Pronouncements in Indian Accounting Standard:**

Ministry of Corporate Affairs notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

**E. Major Estimates made in preparing Financial Statements**

**1. Useful life of property, plant and equipment**

The estimated useful life of property, plant and equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Useful life of the assets other than Plant and machinery are in accordance with Schedule II of the Companies Act, 2013.

The Company reviews at the end of each reporting date the useful life of property, plant and equipment, and is adjusted prospectively, if appropriate.

**2. Post-employment benefit plans**

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

**3. Provisions and contingencies**

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

**C) Defined benefit obligation**
**I) Actuarial assumption**

The following were the principal actuarial assumption at the reporting date:

(₹ In Lakhs)

Particulars	31-03-21	31-03-20
Discount rate*	6.16%	6.33%
Expected return on plan assets**	-	-
Annual increase in cost	-	-
Salary escalation rate***	5.50%	4.00%
Valuation Methodology	Projected Unit Credit Method	Projected Unit Credit Method

\* The discount rate of 6.16% p.a compound is assumed which is determined by reference to the market yield at the Balance Sheet Date on Government Bonds.

\*\* The expected rate of return on plan assets is determined considering several applicable factor mainly the composition of plan assets held, assessed risk of assets management and historical return from plan assets.

\*\*\* The estimates of future salary increase considered in actuarial valuation, taking account of inflation, seniority promotion and other relevant factors, such as supply and demand in the employment market

**II) Sensitivity analysis**

Reasonable possible change at the reporting date to one of the relevant actuarial assumption, holding other assumption constant, would have effected the defined benefit obligation by the amount shown below.

**Note No. 49 - Disclosure as per Ind AS 108 'Operating Segments'**

The Company is engaged in the business of manufacturing and laying the jointing of Asbestos Cement Products, which as per Indian Accounting Standard - 108 'Operating Segments' and in the opinion of the management, is considered to be the only reportable operating segment.

**Note No. 50 - Disclosure as per Ind AS 113 'Fair Value Measurement'**
**Fair Value Hierarchy**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:-

- recognised and measured at fair value and
- measured at amortised cost and for which fair values are disclosed in financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard.

Fair value are categorised into different level in a fair value hierarchy which are as follows:

**Level 1** Level 1 hierarchy includes financial instruments measured using quoted prices.

**Level 2** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market

**Level 3** If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

**Valuation Techniques used to determine fair values:**

Specific valuation technique is used to determine the fair value of the financial instruments which include:

- For Investments in Equity Investments- Quoted Market prices are used
- For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

An explanation of each level follows underneath the table:

**As at 31st March 2021**

**Note No. 55 - Licensing agreement with Gujarat Composite Ltd.**

The Company has entered into License Agreement with Gujarat Composite Limited (GCL-Licensor) on 07.04.2005 for running their unit for manufacturing of AC Sheet and Cement manufacturing units at Digvijaynagar, Ranip, Ahmedabad for a period of 84 month on license basis, extendable to further period of 84 months on mutual consent. As per the License Agreement upon expiry of license period, the GCL would be under obligation to take over all the current assets of A Infrastructure Ltd. (Licensee) pertaining to or in connection with the operation of AC Sheet and Cement manufacturing units at their book value and make the payment if any for this to the Licensee forthwith. Further, after expiry of the license period or the extended period, the Licensee shall vacate and handover the possession of AC Sheet and Cement manufacturing units to the Licensor upon receipt of payment if any due to be received from the Licensor under this agreement. The company served notice in March, 2012 to GCL to pay all dues including book value of current assets pertaining to or in connection with the operation of AC sheet and Cement manufacturing unit as per the license agreement. However the Licensor has failed to take over the possession of Unit by making payment of dues on expiry of the license period.

Subsequently an application dated 23.05.12 was filed by Labour Union viz Gujarat Mazdoor Panchayat, before the Hon'ble Industrial Tribunal Ahmedabad, where in tribunal vide its order dated 07.06.2012 directed A Infrastructure Ltd.

to run the Production activities & continue to pay wages, in the same manner to all those workers who are employed and utilized by A Infrastructure Ltd for the production activities at the factory situated at Digvijay Nagar, Ranip, Ahmedabad provided that no hindrance, obstructions and the like is caused by M/s GCL and/or other authorities. M/s GCL is party in the said proceeding and had given an undertaking to the Industrial Tribunal to this effect. In spite of several notices being served to Licensor from time to time, possession of the Unit has not been taken back by GCL. Based on the above facts, circumstances and uncertainty of time regarding taking back of the possession of the Unit by making payment of dues in terms of licence agreement, the company has decided not to charge interest on balance recoverable from GCL from Financial Year 2014-15 onwards. Further Bonus in addition to leave and license fees recoverable from GCL has also not been provided in the books since Financial Year 2014-15 onwards.
