The Warp and Weft of Memories and Learnings

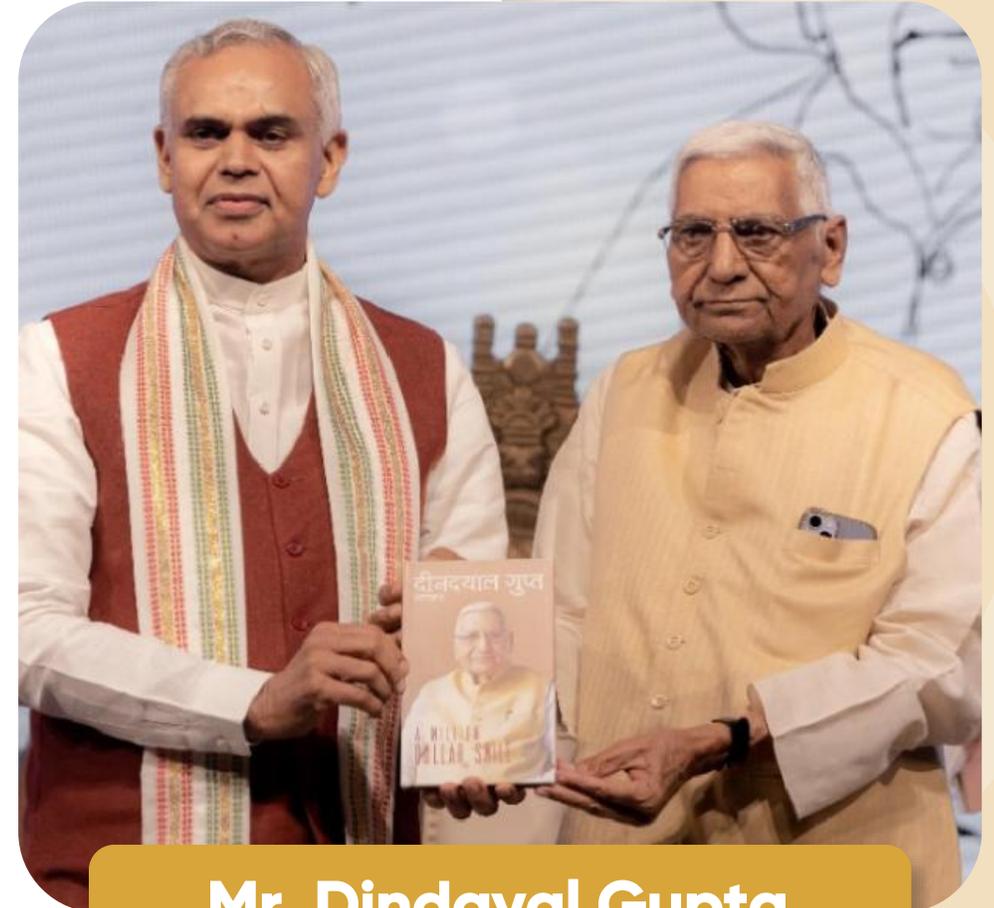

Over a glittering function attended by the city glitterati, the Biography of **Shri Din Dayal Gupta, Chairman Emeritus, Dollar Industries Limited**, was launched amidst much fanfare. The book was launched by **Shri Acharya Devrat, Hon'ble Governor of Gujarat**.

'A Million Dollar Smile' chronicles the journey of a young man with dreams in his eyes and a strong conviction in his beliefs who came to the city of joy from a small town of Manheru in Haryana way back in 1962 and started his hosiery business. Over 50 years, Dollar Industries under his leadership has created innumerable benchmarks in its field and graduated from being a hosiery to an apparel brand of international repute with their fibre to fashion methodology.

“

From a dream to the reality of creating a market-responsive, multi-brand company that continues to retain its leading position in its category, my life has largely evolved around Dollar Industries. However, there are other facets to it - the struggle, the learning lessons, the presence of human pillars who ensured that I don't crumble and fall on the way. This book touches upon all of it. At my age, I hope it will not only make for an interesting read but also serve as a reminder about how flexibility and openness to change is important as we carry on in life

Management Commentary

We are pleased to report another quarter of stable performance with continued focus on profitability. Operating Revenue for the quarter stood at ₹3,884 millions, reflecting a 2.0% growth YoY.

During the quarter, demand conditions remained steady, though revenue growth was modest due to continued competitive intensity and pricing pressures. In this environment, the company maintained a prudent approach with a strong focus on cost discipline, operating efficiency, and protecting earnings quality, rather than pursuing growth at the expense of profitability. This approach helped support margin stability during the quarter.

Gross Profit increased 4.6% YoY to ₹1,417 millions in Q3 FY26, with Gross Profit Margin expanding by 91 bps YoY to 36.5%. Operating EBITDA for the quarter stood at ₹388 millions, with a margin of 10.0%. For the nine-month period, Operating EBITDA increased by 12.6% YoY to ₹1,420 millions with Operating EBITDA margin expanding by 41 bps YoY to 11.3%, reflecting continued emphasis on protecting operating profitability through efficiency measures.

Profit After Tax for the quarter stood at ₹184 millions, with a PAT margin of 4.7%. For the nine-month period, PAT increased by 21.1% YoY to ₹749 millions with PAT Margin expanding by 63 bps YoY to 5.9%.

The Company believes that, given current industry dynamics, prioritising profitability and operating leverage over aggressive topline growth is a prudent and sustainable approach. The objective is not to choose between growth and margins, but to sequence them appropriately, with margin stability and earnings quality taking precedence in the current environment.

Turning to brands performance, our premium brand Force NXT continued its growth momentum registering year on year value and volume growth of 26.5% and 48.1% respectively in Q3 FY26. For the nine months ended FY26, Force NXT recorded value growth of 16.7% and volume growth of 27.1% respectively, driven by increasing consumer preference for differentiated, high quality products.

On the distribution front, we continued to witness steady traction across modern trade, e-commerce, and quick-commerce channels during Q3 FY26, contributing 12.8% of overall revenue. For the nine months period, these channels recorded strong value growth of 36.0% and volume growth of 38.9%, contributing 11.6% to overall revenue.

Looking ahead, as the operating environment normalises, we expect growth to follow, supported by a stronger cost base and improved operating leverage. The Company remains opportunity-led rather than target-led on growth, with a continued focus on returns and cash flows.
