THE YEAR THAT WAS

FINANCIAL HIGHLIGHTS

- GPL's total income decreased by 24% and stood at INR 1,733 crore
- EBITDA increased by 42% to INR 401 crore
- Net profit increased by 30% to INR 207 crore
- An important contributor to the strong profit growth has been our flagship project 'The Trees' which attained revenue recognition much ahead of schedule

SALES HIGHLIGHTS

GPL registered booking volume of 3.1 million sq. ft. and booking value of INR 2,020 Cr in a weak real estate market. Below are the highlights:

Godrej Golf Links, Noida

- First GPL project in Noida
- Sold over 6 lakh sq. ft. of villas with a booking value in excess of INR 300 crore in a single day
- Sold more than 1 million sq. ft. with a booking value of INR 563 crore despite weak market conditions
- Serves as a reflection of GPL's brand strength, sales capability and ability to successfully attract customers across the country's leading real estate markets

Godrej Greens, Pune

- Witnessed an overwhelming customer response despite being launched immediately after the government's demonetization announcement
- Sold 420,088 sq. ft. with a booking value of INR 187 crore in FY17

CONTINUED SUCCESS IN BUSINESS DEVELOPMENT

- FY17 has been a strong year for business development
- Added 7 new projects with a saleable area of 18 million sq. ft.

STRONG FOCUS ON EXECUTION

- Delivered 4.55 million square feet in FY17, which includes 3.27 million square feet of residential and 1.28 million square feet of commercial space across four cities

GLOBAL RECOGNITION FOR SUSTAINABILITY INITIATIVES

- GPL was ranked 2nd in Asia & 5th globally by GRESB (Global Real Estate Sustainability Benchmark) - An industry driven organization which assesses Environmental, Social and Governance (ESG) performance of real estate assets globally. GRESB is widely recognized as the global standard for portfolio level ESG reporting and benchmarking in the real asset sector.
- Godrej One office premises (Commercial Interiors) received USGBC LEED Platinum Rating. This is one of the first such certifications in the country

OTHER HIGHLIGHTS

- GPL opened its second international representative office in Singapore
- 60 awards received in FY17

MESSAGE FROM THE **EXECUTIVE CHAIRMAN**

Pirojsha Godrej
Executive Chairman,
Godrej Properties

In the past two years, we were the largest publicly listed developer in India by booking value. While we are proud of this achievement, further increasing operational scale and efficiency is a critical goal for your company. Our goal is to consistently be amongst the top three developers by booking value in each city we operate in, but especially in Mumbai, NCR, Bangalore, and Pune.

Dear Shareholders,

I'd like to start by thanking our outgoing Chairman, my father Adi Godrej. His foresight in starting Godrej Properties, and his constant support and guidance, have played an essential role in making your company what it is today. We look forward to his continued guidance in his capacity as Chairman Emeritus.

Your company is at a very exciting juncture. India's economy, with the benefits of rapid GDP growth, favourable demographics, and transformational urbanization, is rife with opportunity. And within this context, we believe the Indian real estate sector is likely to be the fastest growing major sector in the country over the next decade. A recent Morgan Stanley report predicted a 16% compounded annual growth rate in the Indian real estate sector over the next decade; the analysis drew a comparison between China in 2004 and India in 2015, when on many important economic indicators the two country's economies were very similar. In China, the value of real estate sold between 2004 and 2015 has grown at 22% annually and has created a property sector worth \$1.3 trillion in 2015. Compare this to the estimated 2015 size of \$105 billion for the Indian property sector, which Morgan Stanley estimates will exceed \$500 billion over the next decade. Your company's presence in what might be the fastest growing major sector in India, in what is likely to be the fastest growing economy in the world over the next decade, places the scale of our opportunity in context.

While the opportunity is immense, the competition from our capable peers, both domestic and international, will be strong. To emerge as a clear leader in this sector, we will have to deliver excellence across various aspects of our operations. Three fundamental areas of focus will be customer centricity, employee engagement, and operational scale and efficiency.

Real estate customers in India have struggled in recent decades. A lack of adequate regulatory oversight has allowed many developers to shortchange their customers while a challenging government policy environment has meant that even well intentioned developers have often struggled to deliver up to their customers' expectations. There are important signs of change, including the Real Estate Regulation and development Act (RERA), which promises to bring sweeping reforms to the sector. Factors like good governance, on-time delivery, and high-quality construction will increasingly become hygiene factors in the Indian real estate sector. Companies that are unable or unwilling to consistently deliver against these factors will become increasingly irrelevant. The leaders in the sector will have to combine consistent excellence in those areas with an ability to offer their customers differentiated product design and outstanding service experiences. The country's leading real estate developers will also have to be able to deliver this customer experience in all parts of the country because the leaders a decade from now will be national, not regional, players. This is not an easy task, especially in

a sector as dynamic and unpredictable as real estate. Your company will endeavor to delight its customers. We will do this by constantly learning more about them, pushing ourselves to anticipate their requirements, and insisting on a culture that puts our customers interests above other considerations.

We fundamentally believe our competitive advantage lies in being an employer of choice; we want to attract the best talent, and empower and motivate that talent. In the real estate sector, where many companies do not offer high quality work environments, we have a great opportunity to differentiate ourselves. While Godrej Properties has been rated the sector's best employer across several studies, we have a lot of work to do to ensure we become one of the country's most exciting workplaces across sectors. To this end, a core tenet of our talent strategy is diversity and inclusion. We have improved our gender diversity ratio from 19% women employees five years ago to 27% at the end of FY17. We've adopted openly progressive and inclusive diversity policies that welcome women and LGBT talent into our organization. We are focused on fostering excellence and commitment, but also on rewarding our team through competitive remuneration and flexible work opportunities including through flexi-time, part-time, and work-from-home options. We also focus deeply on

ensuring disproportionate rewards for our top performers and exciting career growth opportunities for all our employees.

In the past two years, we were the largest publicly listed developer in India by booking value. While we are proud of this achievement, further increasing operational scale and efficiency is a critical goal for your company. Our goal is to consistently be amongst the top three developers by booking value in each city we operate in, but especially in Mumbai, NCR, Bangalore, and Pune. These four markets represent half of India's real estate market by volume, and nearly two-thirds of India's real estate market by value. As one of the only developers with a strong presence across each of these markets, we believe achieving this goal will make us India's largest real estate developer by booking value. Achieving our goal of consistent market leadership will offer numerous advantages, but it will only bring significant value creation if it is coupled with strong efficiency metrics. Given our strong brand and unique business model (i.e., partnering with landowners for our developments rather than acquiring land on an outright and capital intensive basis), we believe we must generate returns much above industry averages. Our medium term goal is to generate a return on equity of above 20%. The combination of consistently being the country's leading

Godrej One, Vikhroli

Planet Godrej, Mumbai

developer by booking value, through leadership in each of the four largest markets, and also delivering a 20% return on equity can generate a powerful and self-sustaining value creation engine for your company.

Achieving these twin goals is, of course, easier said than done. No developer in India, including Godrej Properties, has yet been able to achieve either of the two goals. Nevertheless, we do believe these goals, while ambitious, are within reach and we are actively taking the steps required to reach them. We've created strong and empowered regional leadership teams who have full accountability for their own P&L and are supported by functional centers of excellence in our head office. We believe this is a critical step to ensuring a scalable and agile presence with quick and responsive decision-making. We have also designed our compensation plans to align our teams' rewards tightly with their own performance.

With rapid consolidation underway in the sector - which will only accelerate with the enforcement of RERA - we believe there is opportunity for more impactful business development. Our business development strategy is focused on entering new micro-markets within our target cities and prioritizing projects that can be turned around quickly. In FY17, we added seven new projects with a saleable area of 18 million square feet. To ensure we are able to effectively monetize

these new projects, we will continue building our sales distribution capabilities. Adding to our existing presence in Dubai, we opened our second international representative office in Singapore in FY17. Our Greater Noida project is a prime example of what this trifecta of objectives can produce. With successful business development in a large new micro market, a quick turnaround to launch, and strong sales reach and capabilities, we delivered over one million sq. ft. of sales in this project in FY17, despite weak market conditions.

We are frequently asked about our ability to ensure our execution and project delivery keep pace with the scale of our growth. We believe our scale gives us more, not less, control over the quality of our operations. We have built the necessary team capabilities, processes, and systems to ensure delivery against time, quality, and budget goals. This is not to say that execution in this industry isn't challenging, but construction execution is unlikely to be a major constraint to our growth, because we understand how important consistent delivery is, and we've mapped our execution to benefit from scale, not suffer from it. The results support this contention: we delivered 4.55 million sq. ft. of real estate across the country in FY17 and have now delivered over 15 million sq. ft. in the last four years thereby demonstrating that our execution is keeping pace with our sales scale-up.

One project that we are especially excited about is our large project in Vikhroli. The scale of land owned by our Group combined with its outstanding location, connectedness to all parts of the city, and proximity to vast open green spaces combine to make this India's most exciting real estate project. Our early steps towards seizing this opportunity through the development of our flagship project, The Trees, have progressed well. We first launched residences in the project in FY16 and in FY17 we achieved revenue recognition for the project. While clearly beneficial from a financial perspective as demonstrated by the project's disproportionate contribution to the 30% net profit growth GPL delivered in FY17, what really excites us about this project is the opportunity to have a meaningful impact on the quality of urbanization at the city level. We will leave no stone unturned to ensure that Vikhroli is established as the country's most exciting modern urban location. We are confident that if this aspiration is met, the value creation for your company will be tremendous.

We care about having a positive impact on the world around us, and as a result, we choose to focus on sustainable development and safety. On sustainability, we've made a lot of progress in recent years. In FY17, GPL was ranked 2nd in Asia and 5th globally by the Global Real Estate Sustainability Benchmark (GRESB), which is an industry-driven organization that assesses Environmental, Social, and Governance (ESG) performance of real estate companies globally. GRESB is widely recognized as the global standard for portfolio-level sustainability and governance reporting in the real asset sector. We aim to be the leaders in driving higher standards around safety at construction sites in India. We have invested in training, and we employ dedicated safety managers who have the authority to stop all work at site if they deem conditions to be unsafe. In FY17, we received 13 recognitions for our safety practices from a variety of third party organizations, including the British Safety Council and the Construction Industry Development Council.

Don't let the current chatter fool you: the long-term outlook for the Indian real estate sector is bright. Urbanization, demographic changes, and improving affordability will drive growth over the next decade. Nearly 5 million Indians move into urban areas every year. Families are increasingly choosing to live in nuclear family units with dual incomes, thereby increasing each family's disposable income, and the demand for housing. Already, in the past decade, these demographic changes, along with others, have pushed the average age of

a first time homebuyer in India down by more than ten years to about thirty. In the coming decade, GDP growth, and the resulting income growth, combined with an improving mortgage-to-GDP ratio and lower interest rates, will make property prices more affordable to a larger number of Indians. A cyclical downturn combined with demonetization and the implementation of the Real Estate Regulation Act has created short-term uncertainty in the sector. However these same factors will lead to consolidation and improved governance in the sector, which in turn will drive improved consumer confidence. The combination of this improved consumer confidence with far improved affordability that is the result of rising incomes, stagnant prices, and reduced interest rates will propel the sector in a very positive direction over the next several years. The government has put in place many policy reforms to encourage real estate development, especially in the affordable housing space, which will lend further impetus to the growth of the sector. We expect 2017 to be a transition year but the years ahead are likely to be very exciting ones for real estate development in India. Our brand, national presence, demonstrated track record, and capabilities put us in a strong position to remain on a high growth trajectory.

My colleague, Mohit Malhotra, who in April took the reins as CEO of your company, has several traits that make him the ideal CEO for the company right now. Mohit is driven and ambitious; his work in developing GPL's business development capabilities and in driving our performance in NCR are two examples of Mohit's ability to think big and execute well. He knows how to combine high-level strategic imperatives and detailed ground-level execution in a holistic manner; this is a rare skill and one that I believe will help him tremendously in taking Godrej Properties forward. I look forward to continuing to work closely with Mohit and the incredibly talented GPL team as we embark on the next leg of this exciting journey.

Our team at Godrej Properties is excited about the future and I am grateful to them for their tireless efforts and strong results. Thanks to our customers, joint venture partners, and business associates for their support. Finally, a big thank you to all our shareholders for your continued belief in Godrej Properties.

Best Wishes,

Pirojsha Godrej

MANAGEMENT DISCUSSION & ANALYSIS

GLOBAL ECONOMY

According to The World Economic Outlook (WEO) update, economic activity is projected to pick up pace in 2017 after a subdued 2016. However, there is a wide dispersion of possible outcomes given the uncertainty surrounding the policy stance of the U.S. administration and its global ramifications.

Global output growth is estimated at about 3 percent in 2016. This stable average growth rate, however, masks divergent developments in different country groups. There has been a stronger-than-expected pickup in growth in advanced economies matched by an unexpected slowdown in some emerging market economies.

Among advanced economies, activity rebounded strongly in the United States after a weak first half. It is expected to get a further lift from stimulus measures and projected to grow at 2.3% for 2017. The International Monetary Fund (IMF) has upgraded its UK growth forecast after the Brexit vote and it expects the British economy to expand by 1.5 per cent for 2017 from an earlier projection of 1.1 per cent – the single biggest upgrade for any major economy. Growth projections for 2017 have also been revised upward for Germany, Japan and Spain mostly on account of a stronger than expected performance during the latter part of 2016.

The primary factor underlying the strengthening global outlook for 2017–18 is the projected pickup in emerging market and developing economies (EMDEs') growth. The WEO expects gradual normalization of conditions in a number of large economies that are currently experiencing macroeconomic strains. EMDE growth is currently estimated at 4.1 percent in 2016, and is projected to reach 4.5 percent for 2017. Global growth could accelerate more strongly if policy stimulus turns out to be larger than currently projected in the United States or China. Notable negative risks to growth include a possible shift towards inward-looking policy platforms and protectionism, a sharper than expected tightening in global financial conditions, increased geopolitical tensions, and a more severe slowdown in China.

Actual image

INDIAN ECONOMY

Per the World Bank report, India's economic growth is expected to see an uptick at 7.2% in FY2017-18. It is expected to further accelerate to 7.5% in 2018-19 underpinned by a recovery in private investments, which are expected to be crowded in by the recent increase in public capex and an improvement in the investment climate. The implementation of the GST could prove to be a significant "upside risk" to economic activity in 2017-18.

According to the Central Statistics office (CSO), the Indian economy is estimated to grow at 7.1% in FY17. Consumer inflation moderated to 4.5% in FY17 and is likely to remain below 5% in FY18. The decline in global oil prices that began in late 2014 has improved the external current account and fiscal positions, and helped lower inflation. In addition, continued fiscal consolidation, by reducing government deficits and debt accumulation, and an anti-inflationary monetary policy stance have helped to cement macroeconomic stability. The Goods and Services tax (GST) has been identified as one of the most important tax reforms post-independence. It will enhance the efficiency of production and movement of goods and services across Indian states. The GST will unify India into a single market with easy compliance, broaden the tax base and improve productivity. While there remains a potential for disruption in the short run, given the scale of change, the long term potential of this reform is immense.

India continues to be one of the fastest growing large economies despite the slowdown due to the government's decision of demonetization. The Indian economy is on a strong growth trajectory, which coupled with its commitment to fiscal discipline exhibited over the last three years suggests that its deficit and debt ratios are likely to decline significantly going forward.

REAL ESTATE SECTOR

The residential property market witnessed improved traction in the first six months of CY2016. Barring NCR, other markets performed well in the first half of the year as compared to previous years with Mumbai and Bengaluru leading the way. The overall positive sentiment was attributed to a host of factors including political stability, regulatory environment, improved infrastructure, strong investments, approval to the GST bill, and amendments to REITs. However the sector witnessed a visible temporary slowdown since the announcement of the government's demonetization policy.

On 8th November, 2016, the government announced the demonetization of ₹500 and ₹1,000 denomination notes, thereby rendering 86% of the cash in circulation as invalid. The government also placed various restrictions on the convertibility of domestic money and bank deposits. While the broad motive of the Government of India behind this announcement was to curb the menace of fake currency notes and abolishing

unaccounted money, the impact of this move was felt across all the sectors including real estate. This move created a real dent in the residential real estate sector, pulling back the last quarter trend of residential sales substantially across the cities. As a result sales weakened further in CY2016 as compared to CY2015, which was one of the worst years itself. On the contrary, the office market continued to perform steadily in 2016 and the overall transaction volume by the year end remained at par with 2015.

Beyond the short term demand factors, the long-term potential of Indian real estate continues to be robust. According to a Morgan Stanley research report, India's property sector is expected to grow at a CAGR of 16% for the next decade up from 12% growth witnessed in the last 6 years. Demand drivers include a rise in per capita income (from US\$ 1,500 in 2015 to US\$ 3,500 in 2025), rise in the median age of the population within the home buying range (30-40 years), continuing urbanization and an improving regulatory framework. With a confluence of these favorable factors the Indian property market has the potential to replicate the growth of Chinese developers in the last decade.

Affordability is a key factor in demand for homes. A note by property consultant JLL India says that individual purchasing power has improved over the last few years as income has risen at a faster rate than home prices. Importantly, there is a strong inverse relationship (correlation of 82%) between inflation rate and growth in home loans. Lower inflation elevates consumer confidence through financial stability and has a strong influence on the decision to borrow to buy a house. With inflation expected to remain low and range-bound, given increased housing affordability and purchasing power, the environment is conducive for housing demand to revive.

In line with the government's reformist approach to boost the real estate and housing sectors that hold key to the GDP growth, the budget has provided a big push to this sector through a number of initiatives. The infrastructure status accorded to affordable housing is a game changing move that will open up more institutional sources for developers to raise funds at competitive price. The interest subvention scheme on home loans for buyers in the budget segment will encourage a lot of buyers who are looking to purchase their first home. The implementation of RERA and GST, lower home

The residential real estate sector is going through a critical transition phase post demonetization as transaction activity has slowed down considerably. While demonetization has had a negative impact in the short term, it will eventually help improve governance standards in real estate and provide a level playing field for organized developers.

loan interest rate regime and fiscal benefits for taxpayers in the Union Budget has improved sentiment which is extremely important for the revival of the sector. The sector will witness a transformation in 2017 on account of the implementation of various policy changes as developers recalibrate their businesses to the changing environment.

RESIDENTIAL MARKET

According to property research firm Knight Frank, the residential market of the top eight cities in India started off on a positive note in 2016. H1 CY2016 witnessed an increase of 7% in sales volume with sales of more than 135,000 units as compared to 126,620 units in H1 2015. The second half of 2016 continued the positive trend, with Q3 CY2016 sales volume showing a positive growth and sales volume across the top eight cities was holding steady at 67,000 – 68,000 units per quarter since Q1 CY2016. The sector lost momentum since the launch of the government's demonetization campaign in November 2016. Against this backdrop, most of the developers refrained from announcing new launches and buyers turned cautious before committing on purchases. Sales volume dropped by 44% YoY in Q4 CY2016 and new launches fell by 61% YoY during the same period. The sharp fall makes 2016 the worst year in terms of sales and launches ever since the global financial crisis of 2008. Total sales volume in the top eight cities dropped by 9% in CY2016 to 244,680 units from 267,960 units in CY2015.

NCR

The NCR residential market has been in a downward slide since 2010, and CY2016 was no different. New launches in NCR dwindled to 26,735 units in 2016 registering a drop of 58% YoY. Piling up inventory, lack of consumer confidence due to litigations and infrastructure delays were some of the major factors that have decelerated new launches in NCR. Sales volume dropped by 53% YoY in Q4 CY2016 and new launches fell by a massive 73% during the same period making it one of the worst affected markets due to demonetization.

Mumbai

The Mumbai Metropolitan Region (MMR) residential market witnessed strong growth momentum in H1 CY2016. Residential launches and sales grew by 29% and 23%, respectively, over the same period last year. However, in H2 CY2016, the market suffered a big blow with both launches and sales decreasing by 53% and 26% respectively. The announcement of demonetization disrupted market sentiment as buyers preferred to defer their purchases. However since the beginning of 2017, markets are showing early signs of improvement.

Bengaluru

The Bengaluru residential market has been under some pressure in the last two years, after observing a peak in 2013. While launches were already on a decline, owing to factors such as the increasing unsold inventory in the city, Bruhat Bengaluru Mahanagara Palike's (BBMP) drive to confront the encroachment of lake beds led to further curbing of new launches. Sales decreased by 7% and new launches declined by 17% in CY2016 compared to the previous year.

The residential real estate sector is going through a critical transition phase post demonetization as transaction activity has slowed down considerably. While demonetization has had a negative impact in the short term, it will eventually help improve governance standards in real estate and provide a level playing field for organized developers. The implementation of RERA and Benami Transactions (Prohibition) Amendment Act (BTPAA) will lead to an increase in compliance costs for unorganized developers. This will pave way for consolidation in the sector as landowners seek to partner with reputable developers through the joint development model, and cash starved developers monetize their land banks by selling it to developers with strong balance sheets having access to institutional funding.

Housing demand will get a big boost with interest rates on home loans becoming cheaper following steep cut in lending rates by major banks. Post demonetization, home loan rates have also fallen to 8.25 - 8.65%, and are at the lowest levels in the last eight years.

OFFICE MARKET

The office market across the top six cities of India performed steadily in CY2016 despite major challenges such as uncertainty due to Brexit, US elections and slowdown in IT/ITeS sector. According to property research firm Knight Frank, CY2016 closed with total transactions of 40.6 million sq. ft. which is marginally lower than 41.1 million sq. ft. of space transacted in CY2015.

The potential demand for office space was much higher in 2016, but many occupiers had to either delay or curtail their leasable area due to shortage of good quality office space in prime locations of cities such as Bengaluru, Pune and Chennai. Additionally, the top six cities witnessed new supply addition of 29 million sq. ft. down from 35 million sq. ft. in 2015. The shortage of office space can be further explained by studying the vacancy trend over the last six years. The vacancy level, which peaked at 20% in 2012, has been falling gradually with each passing year and is currently at one of its lowest levels in recent history at 13%. For cities like Bengaluru and Pune, this number is in single digits at 6% and 8% respectively.

OPPORTUNITIES

Rapid Urbanization

The Economic Survey 2016-17 describes an India on the move. Migration has almost doubled, to an annual flow of 9 million a year for 2011-16, from 5.5-6 million a year between 2001-11. India's urban population is forecasted to almost double from 410 million in 2014 to over 583 million by 2030. At present, there is a shortage of 18.8 million homes across urban centers of India. The effect of urbanization is the most profound in Tier-1 cities where a huge influx of migrants is causing housing demand to surge. This trend has significantly increased the demand for housing in the urban context.

Middle income housing

The government of India has significantly enhanced the scope of the interest subsidy scheme targeted at middle income housing. This scheme covers households earning up to INR 18 lakh per annum with an upper limit on carpet area of 110 square meters and with no cap on the value of the house. This enhances the coverage of the scheme as it will cover a vast majority of middle income population in major metro and Tier 1 cities.

Under this scheme, The Government of India through a lending institution (banks/NBFCs) will give an interest subsidy of 3% for a home loan till INR 9 lakhs and 4% for a home loan till INR 12 lakhs. This will be subject to income classifications of MIG-1 (annual income of INR 12 lakhs) or MIG2 (annual income of INR 18 lakhs) with the house being bought under 90/110 square meters limit. The home loan subsidy under the scheme will directly be taken from the government and credited to the home loan seeker's bank account by the lending institution via Aadhar. Since the scheme does not cap the value of the house, it implies that any middle income housing project can qualify under the scheme subject to the family buying it is falling under the above income limits. This is a powerful catalyst to drive home ownership.

Monetary Easing

Housing demand will get a big boost with interest rates on home loans becoming cheaper following steep cut in lending rates by major banks. Post demonetization, home loan rates have also fallen to 8.25 - 8.65%, and are at the lowest levels in the last eight years. A rollback in rates positively impacts sentiment and encourages home buyers and real estate developers.

REAL ESTATE REFORMS

Real Estate (Regulation and Development) Act, 2016

The Real Estate (Regulation and Development) Act, 2016 is a Government of India initiative to bring about the much needed transparency and order to the real estate transactions by creating a systematic and a uniform regulatory environment, thereby protecting consumer interest and making real estate developers accountable for timely completion of projects. From 1 May 2017, the entire Act has been brought into force by the Central Government (except in the State of Jammu and Kashmir) thereby embarking the beginning of a new era in the real estate sector of the country. So far, only a few states have come up with their rules. Below are certain key provisions of the act.

Actual image

Disclosures to be made by the developer during project registration:

- Brief on developer entity and details of the projects launched by the developer over last five years along with their current status, any delay in completion, details of pending cases, details of type of land and pending payments
- Authenticated copies of approvals and commencement certificate, the sanctioned plan, layout plan and specifications of the proposed project/phase as sanctioned by the competent authorities
- Plan of development works to be executed in the proposed project and the proposed facilities to be provided
- Location details of the project along with demarcation of land dedicated for the project

- Proforma of the allotment letter, agreement for sale, and the conveyance deed proposed to be signed with the allottees
- Names and addresses of real estate agents for the project
- Names and addresses of the contractors, architect, structural engineer, and other persons associated with the development of the proposed project

Declaration to be made by the developer during project registration:

- Developer has a legal title to the land on which the development is proposed along with legally valid documents with authentication of such title, if such land is owned by another person
- The land is free from all encumbrances, or as the case may be details of the encumbrances on such land including any rights, title or interest

- Time period within which the project/phase is to be completed
- 70% of the amount realized from the project, from time to time, shall be deposited in a separate account to be maintained in a scheduled bank to cover the cost of construction and the land cost and shall be used only for that purpose
- The developer shall withdraw the amounts from the separate account, to cover the cost of the project, in proportion to the percentage of completion of the project, duly certified by an engineer, an architect and a chartered accountant

Responsibilities of Developer/Promoter of Real Estate Project

- A developer is not allowed to advertise, market, book, sell or offer for sale, or invite persons to purchase any real estate project (apartment, building, plotted land) or part of it, without registering the real estate project with the Real Estate Regulatory Authority established under the Real Estate Act. This is required for all projects in which

the land proposed to be developed is greater than 500 square meters or number of apartments to be sold is greater than 8.

- A developer shall not accept more than 10% of the sale consideration without entering into an 'agreement for sale' with the buyer and registering the same. The agreement of sale is to be in the prescribed format and should specify details related to project plans, configurations, project delivery timelines, payment schedule, etc.
- Modifications in sanctioned plans, layout plans, building specifications and open areas could be undertaken only after receiving consent from two-thirds of the allottees. In case of structural defects, deficiency in quality/provision of services or inadequacy in any other promoter obligation as per the sale agreement, it needs to be rectified by the developer free of cost if brought to his notice within 5 years of handing over the possession.
- If the developer is unable to deliver the project as per the terms of the registered sale agreement and if the allottee wishes to withdraw from the project, the developer is liable

to return the sale consideration received till date along with interest at rate specified by the real estate regulator. If the allottee does not wish to withdraw, developer is required to pay interest (at the specified rate) every month to the allottee till the handing over of the possession.

Updates on project web page

Developer needs to update the following information in the project webpage on the authority's website to be accessed by public

- Details of project registration
- Sanctioned project plans, layout plans along with specifications
- Stage-wise time schedule of project completion including civic infrastructure
- Quarterly updates on sales, approvals (received & pending) and construction status

In addition, real estate agents are not allowed to facilitate sale or purchase of any real estate project (plot, apartment, building) without being registered with the relevant real estate regulatory authority. Such agents are then allowed to facilitate sale/purchase of only those real estate projects that are registered with the real estate authority.

The implementation of the Act, in its true spirit will have a far-reaching impact on the real estate sector and will transform the entire paradigm in which the sector operates and the manner in which different stakeholders interact with each other. With restricted fungibility of funds across projects, well capitalized developers should not face any issues. Smaller unorganized players will be negatively impacted on account of this provision, which should lead to customer preference for organized players with sound project delivery track record. The severe cost of non-adherence will discourage smaller, one-time players from entering real estate development leading to high entry barriers.

Finalization of REIT regulations

The Real Estate Investment Trusts (REIT) structure consists of a single company or group, owning and managing assets on behalf of their investors. REITs primarily invest in completed real estate assets that generate revenue and the majority of their earnings are distributed among investors. REITs are thus a low-risk investment avenue providing regular income. Globally REITs have proven to be an attractive investment option ensuring participation from retail investors, pension funds and insurance companies.

According to a report by KPMG, rent-generating real estate assets spread over 1.73 billion sq. ft. worth \$121 billion are likely to benefit from the REIT opportunity in India. Of these total assets that can be listed under REITs, rent-yielding office inventory is spread over 537 million sq. ft. valued in excess of \$70 billion or worth more than 50% of valuation of total assets. In the past eight years, SEBI has amended the REITs rules several times, aiming to promote investments modelled along the lines of mutual funds in real estate.

Union Budget 2017

Union Budget 2017 proposed several positive measures for the real estate sector. Below are some of the key measures:

Affordable Housing

In a move to provide impetus to the affordable housing segment, the Union Budget has assigned infrastructure status to affordable housing projects. This will result in better access to funding (including land funding), longer tenure loans and lower cost of funding for developers. The qualifying size of affordable houses has been amended from built up area to carpet area (carpet area of 30 and 60 square meters in metros and non-metro cities respectively) to expand the ambit of homes which fall under this category.

The Union Budget 2016-17 provided 100% deduction benefits to real estate developers for any profits arising out from affordable housing projects, subject to the satisfaction of certain conditions including the project being completed within 3 years. However, a building requires a large number of other approvals, including fire NOC, approvals for height, environmental clearance, etc., which are time consuming. As a result it was extremely difficult for developers to complete projects within 3 years from receiving the building/ layout plan approvals. The Finance Bill, 2017 proposes to increase this time limit to five years which is in line with realistic delivery timelines.

The affordable segment will also benefit from an increased allocation of INR 3.96 lakh crore to infrastructure sector and INR 64,000 crores for national highways. Connectivity is an important factor for feasibility of locations for affordable housing and development of new infrastructure facilitates better connectivity.

The affordable housing segment has seen limited participation from private developers despite high demand. Profit linked exemption along with the infrastructure status for affordable housing will incentivize developers to undertake more affordable housing projects, thus increasing private player's participation in the sector.

GPL sold over 6 lakh sq. ft. of villas with a booking value well in excess of ₹ 300 crore in a single day. For FY17, we managed to sell more than a million sq. ft. in this project with a booking value of INR 563 crore. We are proud of this achievement given that this was our first ever project in Noida and the launch was executed at a time when market conditions were very unsupportive.

Long term capital gains concessions

The holding period for capital gains arising from immovable property has been reduced from 36 months to 24 months. Further, the base year for indexation benefits will be shifted from April 1, 1981 to April 1, 2001. These steps are expected to reduce the capital gains tax burden on property sellers, improve liquidity and enhance the marketability of real estate as an asset class.

Abolition of Foreign Investment Promotion Board (FIPB)

Over the last two years, the government has implemented several reforms to encourage Foreign Direct Investment (FDI) in India. As more than 90% of the total FDI inflows currently take place through the automatic route, the government has decided to do away with the FIPB in 2017-18. This is in conjunction with the government's view to further liberalize FDI norms and attract foreign investors. Under the automatic route for FDI, the foreign investors will not require any prior approval from the FIPB and will only be subject to laws defined for each sector.

Capital gains tax liability changed for Joint Development Agreement (JDA)

If a joint development agreement is signed for the development of property, then the capital gains tax will only be paid in the year of completion of the project. Apart from several other

measures to reduce capital gains tax, this step will provide tax relief not only to the landowner but also the developer, thereby decreasing their liability.

THREATS & CHALLENGES

Regulatory Hurdles

Unfavourable changes in government policies and the regulatory environment can adversely impact the performance of the sector. There are substantial procedural delays with regards to land acquisition, land use, project launches and construction approvals. Retrospective policy changes and regulatory bottlenecks may impact profitability and affect the attractiveness of the sector and companies operating within the sector.

Funding Problems

The RBI has set sectoral caps for the total maximum exposure of banks to real estate including individual housing loans and lending to developers for construction finance which is quite low and is curtailing the growth of the sector. Absence of long term funding from banks is forcing developers to look at alternative sources of funds most of which do not offer affordable interest rates.

Shortage of Manpower & Technology

Despite being the second largest employer in the country the construction sector as a whole faces manpower shortage. Further the sector is heavily dependent on manual labour which increases the timelines for construction companies and results in supply getting deferred. Hence technologically less labour intensive alternative methods of construction need to be adopted on a large scale through training and skill development of manpower.

ABOUT GODREJ PROPERTIES LIMITED

Godrej Properties Limited (GPL) is the real estate development arm of the Godrej Group, which was started in 1897 and is today one of India's most successful conglomerates. Godrej Properties brings the Godrej Group philosophy of innovation, sustainability, and excellence to the real estate industry. Each Godrej Properties development combines a 120 year legacy of excellence and trust with a commitment to cutting-edge design and technology. Godrej Properties is currently developing residential, commercial and township projects spread across approximately 13 million square meters (133 million square feet) in 12 cities.

Throughout its operations, GPL aims to deliver superior value to all stakeholders through extraordinary and imaginative spaces created out of deep customer focus and insight. GPL has always embraced the notion that collaboration is the essence of excellence. To that end, we have worked with the best designers, architects and contractors within India and around the globe to deliver imaginative and sustainable spaces. By bringing together the best talent in the global real estate sector, GPL works to create developments that will last into the future and foresee the needs of each and every resident.

a. Leveraging the Godrej brand

We believe that the 'Godrej' brand is instantly recognizable across India due to its long standing presence in the Indian market, the diversified businesses in which the Godrej Group operates and the trust it has developed over the course of its operating history. We believe that the strength of the 'Godrej' brand and its association with trust, quality and reliability help us in many aspects of our business.

These include entering into joint development agreements, expanding to new cities and markets and formulating business associations. The brand has also helped us build

deeper relationships with our customers, service providers, process partners, investors and lenders all of which has led to us acquiring a strong position within the sector. In addition, GPL's association with the Godrej Group provides accessibility to several land parcels owned by Godrej Group companies enhancing the scope of our development portfolio significantly.

b. Sales performance

FY17 was a tough year for the real estate sector. Your Company registered booking volume of 3.1 million sq. ft. and booking value of INR 2,020 Cr in a weak real estate market. Below are the highlights:

Godrej Golf Links, Noida

Your Company launched Godrej Golf Links in Greater Noida in the first week of November 2016 at a time when the NCR market was in the midst of a major slowdown. GPL sold over 6 lakh sq. ft. of villas with a booking value well in excess of ₹ 300 crore in a single day. For FY17, we managed to sell more than a million sq. ft. in this project with a booking value of INR 563 crore. We are proud of this achievement given that this was our first ever project in Noida and the launch was executed at a time when market conditions were very unsupportive.

This also reinforces our belief that even in a slow market there remains strong demand for good projects in good locations from trusted developers. The Noida launch serves as a reflection of our brand strength, sales capability and ability to successfully attract customers across the country's leading real estate market.

Godrej Emerald, Thane

Godrej Emerald was one of the fastest to launch projects in Mumbai and we managed to register robust sales despite fairly challenging market conditions. We sold ~3 lakh square feet with a booking value in excess of INR 250 crore in FY17.

Godrej Greens, Pune

Godrej Greens witnessed an overwhelming customer response despite being launched immediately after the government's demonetization announcement. We sold 420,088 sq. ft. with a booking value of INR 187 crore in FY17.

c. Business development

GPL added 7 new projects with saleable area of 18 million sq. ft. in FY17. The government's announcement of demonetization

in addition to implementation of RERA has changed the structural dynamics of the real estate sector. The sector is likely to see a shift towards organized developers as non-serious players with low reputes will find it difficult to comply with the increased scrutiny from regulators and home buyers. This will lead to an increase in joint development agreements and mergers & acquisitions which will benefit companies operating in the organized sector. Budget 2017 has also proposed a change in the capital gains tax liability for joint development agreement (JDA) to develop real estate projects. The capital gains tax will only be paid in the year of completion of the project and not at the onset. This is expected to promote the JDA model as an efficient way of acquiring land parcels in a capital-scarce environment. We are well placed to capitalize on the opportunities in the business development space given the robust systems and processes we have built over the past few years. Our strong brand and solid governance framework provides us with a strong advantage in increasing the depth of our presence across the country's leading real estate markets while maintaining a capital light development strategy. Below is the table which gives details on our business development activity in FY17.

MANAGEMENT DISCUSSION & ANALYSIS

Particulars	Saleable Area (million sq. ft.)	Business Model
Godrej Golf Links, Greater Noida	4	Profit sharing – 40%
Sarjapur 1, Bengaluru	9	DM fee – 12% of Revenue
Sarjapur 2, Bengaluru	1	Godrej Residential Investment Platform II
Bavdhan, Pune	0.56	Profit sharing – 45%
Bellary Road, Bengaluru	0.8	Area sharing – 90%
Godrej Tranquil, Mumbai	1	DM fee – 11% of Revenue
Godrej 24, Pune	1.7	Godrej Residential Investment Platform II

d. Customer Centricity

GPL is one of first companies in the Indian real estate domain to establish customer experience enrichment protocols. The organizational philosophy is 'Customer First' rather than 'Business First'. GPL has adopted a comprehensive Customer Experience Transformation strategy to enhance customer satisfaction across touch points across functions in the organization. The aim is to bring dynamic data, marketing processes and value-added services to a unified decision supporting platform through iterative phases of customer acquisition, retention and cross selling. Timely delivery is a critical component of this strategy. GPL has delivered 4.55 million square feet in FY17, which includes 3.27 million square feet of residential and 1.28 million square feet of commercial space across four cities. To build on the legacy of trust we have inherited, GPL has created a distinctive customer-centric culture which aims to deliver a high quality customer experience. Below is the list of projects we have delivered in FY17.

Particulars	Saleable Area (million sq. ft.)
Godrej Garden City, Ahmedabad	1.86
Godrej BKC, Mumbai	1.28
Godrej Platinum, Bengaluru	0.55
Godrej E-City, Bengaluru	0.53
Godrej Serenity, Mumbai	0.18
Godrej Horizon, Pune	0.10
Godrej Gold County, Bengaluru	0.05

e. Expanding international presence

Your Company opened its second international representative office in Singapore. Singapore is an important market opportunity for GPL and our presence will help us to address the needs of the large Indian diaspora located in Singapore and neighboring geographies. A stable government coupled with a depreciating rupee has made Indian real estate an attractive destination for NRIs. The demonetization drive and implementation of the Real Estate Regulatory Act (RERA) have further improved the confidence of non-resident Indians to invest in the Indian residential market.

f. Global recognition for sustainability initiatives

GPL was ranked 2nd in Asia & 5th globally by GRESB (Global Real Estate Sustainability Benchmark) - An industry-driven organization which assesses Environmental, Social and Governance (ESG) performance of real estate assets globally. GRESB is committed to rigorous and independent evaluation of the sustainability performance of real assets across the globe. GRESB data is used by more than 200 institutional investors, listed property companies and fund managers and is backed by all leading international real estate associations and industry bodies. It provides investors the tools to benchmark their investments against each other based on property type, country and regional peer groups. GRESB is widely recognized as the global standard for portfolio-level ESG reporting and benchmarking in the real asset sector.

In addition, Godrej One, our headquarters received a LEED Platinum Rating under the Commercial Interiors segment from the US Green Building Council (USGBC). This is one of the first such certifications in the country. The Indian Green Building Council (IGBC) awarded the IGBC Green Champion Award to Mr. Pirojsha Godrej at the IGBC Green Champions Awards 2016. The Green Champions Award is an honor bestowed by IGBC to individuals for their contribution to the sustainability of India's built environment.

g. Sustainable development

To demonstrate our commitment to sustainable practices, Godrej Industries Limited & Associated Companies (GILAC) initiated the 'Godrej Good & Green' program to achieve specified environmental targets by the year 2020. Under the ambit of this initiative, at GPL we have committed ourselves to the triple bottom line approach of People, Planet & Profit.

We follow a comprehensive approach to sustainable development from an early design phase through the construction period. In our integrated process, the way we design our developments takes on key importance. Utilizing tools such as energy modeling allows us to reduce energy consumption in buildings which in turn reduces their operational carbon footprint. Our focus on sustainable development covers environmental parameters including site selection and planning, pedestrian friendly developments, indoor environmental quality, maximizing day lighting and natural ventilation, water and energy efficiency and responsible material sourcing. We integrate the concept of sustainable development across our operations.

Sustainability is one of the key principles that underscores our design led approach and is a part of the GPL Design Studio's mandate. This has allowed us to leverage sustainable design as an innovation mechanism and has proved useful for us to action our goal that all of our buildings should be certified green under credible external ratings systems such as the Indian Green Building Council (IGBC), Leadership in Energy and Environmental Design (LEED) etc. We look at sustainability at a larger organizational level. As a part of the Godrej group, we are one of the founding members of the IGBC, which is actively involved in promoting green building concepts in India. Godrej Properties has cofounded the Sustainable Housing Leadership Consortium (SHLC) a voluntary, collaborative effort with leading Indian housing sector companies to drive sustainability in India's housing market. Brought together by the International Finance Corporation (IFC), a member of the World Bank Group, the SHLC's focus and mandate is to promote sustainable urban development.

In the previous financial year, we have extended our commitment to sustainability across all domains of our business and assessed sustainability along the lines of the Global Reporting Initiative Generation 4 (GRI G4) guidelines. The Global Reporting Initiative (GRI) is a comprehensive framework for product responsibility and ensuring triple bottom line sustainability for business. It is a non-financial disclosure of performance indicators that cover social, environmental &

economic aspects. This assessment has ensured a continuous integration of sustainable practices across operations at GPL. We have base-lined our consumption patterns and are now able to monitor and assess efficiency in operational practices, processes, technologies and materials and understand our environmental footprint. We have initiated cross functional learnings and best practices as well as mitigation and offset projects to reduce our environmental footprint that will in turn help us fulfil our Good & Green 2020 vision.

h. Health and safety management system

We give high priority to the health and safety of our employees. An effective way of ensuring this is building a safety culture, where safety is the responsibility of each and every employee. The company has a robust health and safety management system which has comprehensive safety checks at each step of the project starting from the contractor pre-qualification stage. We have a dedicated safety team at each site which is entrusted with the responsibility of promoting safety among all employees. This team undertakes numerous awareness and training programs besides creating and executing a monthly safety activity plan for each site. The safety committee at sites are composed of management and worker representatives and the average ratio is about 50%, as per statutory requirement.

Contract health and safety management system

This proactive system starts well before awarding the contract with safety assessment of prospective contractors through the pre-qualification (PQ) process, assessment of business risk and initiating required mitigation plan based on the PQ score of the contractor. Also, in the pre-qualification stage we give preference to contractors who are OHSAS 18001 (Occupational Health and Safety Assessment Series) certified. The contractor who is brought on board is briefed in a joint safety kick-off meeting and the subsequent mobilization phase is guided and audited by a safety and health infra tracker. The contractor signs a legal undertaking while rolling out the site health and safety plan. This also provides guidelines to the contractors for undertaking work at the site.

Hazard Identification and Risk Assessment (HIRA)

A cross functional Hazard Identification and Risk Assessment (HIRA) team is formed at each site before the commencement of work. While the primary responsibility of this team is to conduct a detailed HIRA exercise, it also gives training on HIRA to the workers.

Health Surveillance Program

As part of our health surveillance program, a pre-employment medical examination is conducted for workers being employed at our project sites. Personnel who operate machinery or drive vehicles undergo thorough medical examination at the time of being employed as well as at regular intervals of time.

Training and Awareness Campaign

We believe that skill enhancement, capability building and awareness are the strongest pillars of our safety and health management system. Thus, we give special impetus to awareness programs, skill training sessions, motivational campaigns and health camps. In the reporting year we conducted more than 5,800 safety training sessions with more than 171,000 attendees. Events like National Safety Day, World Environment Day, Road Safety Week and Fire Service Day are celebrated across our sites as they provide important platforms to create awareness about health and safety.

Safety Audit

Safety auditing is a periodic review of the entire occupational health and safety management system, including the policy and programs aimed to prevent workplace accidents/incidents. We conduct a safety audit on a quarterly basis. The analysis of safety audit gives us scope for further improvement in health and safety management system.

i. Human Capital

As part of the 120 year old Godrej Group, we are fortunate to have a proud legacy built on the strong values of trust, integrity and respect for others. At the same time, our exciting and ambitious growth plans allow us to offer unparalleled career opportunities relatively early on in a person's career. Core to our employer brand, is the philosophy of tough love. We expect a lot from our team members, differentiate on the basis of performance and potential through career opportunities and rewards and lay particular emphasis on developing,

mentoring and training. In line with our operational scale-up we have increased our total employee strength by 5% to 1,004 employees during the year.

At GPL, we recognize and value the diversity of our people, their perspectives and experiences. Women comprise 27% of our total workforce which is one of the highest women participation rates in the real estate sector. Our women leaders succeed in roles across all aspects of our operations. Their contributions have been instrumental in GPL reaching its current position of strength. We are fully committed to sustain our efforts to recruit, retain, and grow our women leaders. We strive to ensure women friendly policies, facilities, and development opportunities to nurture talent and create an enabling work environment. Inclusivity is a central tenet of our culture and organizational value system. Fostering diversity has made us a stronger and more productive organization.

THREATS, RISKS AND CONCERNS

1. Industry Cyclicity

The real estate market is inherently a cyclical market and is affected by macroeconomic conditions, changes in applicable governmental schemes, changes in supply and demand for projects, availability of consumer financing and illiquidity. Your Company has attempted to hedge against the inherent risks through a business model comprising joint ventures, residential platforms, and development management through a pan-India presence. However, any future significant downturn in the industry and the overall investment climate may adversely impact business.

2. Statutory Approvals

The real estate sector in India is heavily regulated by the central, state and local governments. Real estate developers are required to comply with a number of laws and regulations, including policies and procedures established and implemented by local authorities in relation to land acquisition, transfer of property, registration and use of land. These laws often vary from state to state. Several of your Company's projects are in preliminary stages of planning and any delay in obtaining approvals could warrant revised scheduling of project timelines.

OUTLOOK

A cyclical downturn combined with demonetization and the implementation of the Real Estate (Regulation and Development) Act, 2016 has created short-term uncertainty in the sector. However these same factors will lead to consolidation and improved governance in the sector, which in turn will drive improved consumer confidence. The combination of this improved consumer confidence with far improved affordability that is the result of rising incomes, stagnant prices, and reduced interest rates will propel the sector in a very positive direction over the next several years. The infrastructure status accorded to affordable housing is a game changing move that will open up more institutional sources for developers to raise funds at competitive price. This move will encourage leading developers to enter this segment. We expect 2017 to be a transition year for the sector with things starting out slow but seeing a dramatic improvement during the year. Our brand, national presence, demonstrated track record, and capabilities put us in a strong position to disproportionately benefit from any improvement in the environment and will allow us to remain on a high growth trajectory in the years ahead.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

TO THE MEMBERS

The Directors have pleasure in presenting the Thirty-Second Directors' Report of your Company along with the financial statements for the financial year ended March 31, 2017.

1. OPERATING RESULTS :

Total Comprehensive Income	123.94	22.12

The Company has adopted Indian Accounting Standards (Ind AS) with effect from April 01, 2016 prescribed under section 133 of the Companies Act, 2013.

2. DIVIDEND:

In terms of the Regulation 43A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations"), the Dividend Distribution Policy of the Company is appended as Annexure I to this Report and also available on the website of the Company at <https://www.godrejproperties.com/investor/corporategovernance>.

Your Company has been growing rapidly over the last few years. Given the significant weakness in the real estate market over the period, there have been significant business development opportunities available for the Company. The upcoming implementation of the Real Estate Regulatory Act, 2016 has given further impetus to consolidation in the industry and your Company believes there is considerable opportunity for your Company to add new projects at attractive valuations. With these kind of opportunities available and with our ambition to considerably scale the business, it is important for the Company to conserve cash. With this objective of investing strongly in new project opportunities, the Board of Directors have therefore not recommended any dividend for the financial year ended March 31, 2017.

3. SHARE CAPITAL :

During the financial year ended March 31, 2017, the Company had issued and allotted 104,326 equity shares of ₹ 5/- each of the Company to its eligible employees on exercise of options granted under the Godrej Properties Limited Employee Stock Grant Scheme, 2011. Consequently, the issued, subscribed and paid-up equity share capital of the Company has increased to 216,364,692 equity shares of ₹ 5/- each. The Company has neither issued shares with differential rights as to dividend, voting or otherwise nor issued shares (including sweat equity shares) to the employees or Directors of the Company under any Scheme.

4. OVERVIEW OF OPERATIONS:

For the full financial year, GPL's total income decreased by 24% and stood at ₹ 1,733 crore on a consolidated basis. However, EBITDA increased by 42% to ₹ 401 crore and net profit increased by 30% to ₹ 207 crore. An important contributor to the strong profit growth has been our flagship project 'The Trees' which attained revenue recognition much ahead of schedule.

The Company managed to demonstrate strong value addition to its development portfolio despite the current uncertainties and challenges in the real estate environment. GPL added 7 new projects with saleable area of 18 million sq. ft. The new projects signed are located in Bangalore, Pune, National Capital Region and Mumbai. The projects added are all of substantial size and are in line with the Company's long term strategy of focusing on value accretive and risk efficient models.

From a sales perspective, despite a weak year on the whole due to regulatory approval delays resulting in a low number of new residential project launches, the projects which we were able to launch received an encouraging response. GPL registered booking volume of 3.1 million sq. ft. and booking value of ₹ 2,020 crore in an otherwise weak real estate market.

One project in particular that stood out in FY 2017 was Godrej Golf Links, our first project in Noida. GPL launched Godrej Golf Links in Greater Noida in the first week of November 2016 at a time when the NCR market was in the midst of a major slowdown. We sold over 6 lakh sq. ft. of villas with a booking value well in excess of ₹ 300 crore in a single day. For FY17, we managed to sell more than a million sq. ft. in this project with a booking value of ₹ 563 crore. We are proud of this achievement given that this was our first ever project in Noida and the launch was executed at a time when market conditions were very unsupportive. Godrej Greens in Pune also witnessed an overwhelming

customer response despite being launched immediately after the government's demonetization announcement. We sold 420,088 sq. ft. with a booking value of ₹ 187 crore in FY17 at Godrej Greens.

On the operational front, we successfully delivered 4.55 million sq. ft. across four cities. We have now delivered over 15 million sq. ft. of real estate in the last four years which we believe demonstrates that our operational delivery is keeping pace with our sales acceleration over the past few years.

Sustainable development is an important part of our Company's vision and we have received several recognitions for our leadership in environmental sustainability in FY17. GPL was ranked as the 2nd best developer in Asia and 5th best globally for its leadership in sustainable development by Global Real Estate Sustainability Benchmark Report (GRESB). Godrej One received LEED Platinum Rating for the office premises under the Commercial Interiors segment from the US Green Building Council (USGBC). This is one of the first such certifications in the country. GPL also received significant external recognition with a total of 60 awards being received in FY17.

5. FUTURE PROSPECTS AND OUTLOOK OF THE COMPANY:

A cyclical downturn combined with demonetization and the implementation of the Real Estate (Regulation and Development) Act, 2016 has created short-term uncertainty in the sector. However these same factors will lead to consolidation and improved governance in the sector, which in turn will drive improved consumer confidence. The combination of this improved consumer confidence with far improved affordability that is the result of rising incomes, stagnant prices and reduced interest rates will propel the sector in a very positive direction over the next several years. The infrastructure status accorded to affordable housing is a game changing move that will open up more institutional sources for developers to raise funds at a competitive price. This move will encourage leading developers to enter this segment. We expect 2017 to be a transition year but the years ahead are likely to be very exciting ones for real estate development in India. Our brand, national presence, demonstrated track record and capabilities put us in a strong position to disproportionately benefit from any improvement in the environment and will allow us to remain on a high growth trajectory in the years ahead.

We will continue to pursue new projects through joint development agreements with land owners. In addition, we have also diversified our execution model by undertaking projects as a Project Development Manager on a fee basis. Our mission is to seek superior long-term growth in shareholder

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

value by maximizing returns through optimal financing and fiscal discipline. The Company's primary growth focus shall be on 4 key markets of Mumbai, NCR, Bengaluru and Pune, while at the same time opportunistically pursuing other key markets. The residential investment platform will enable us to enter projects which require large upfront capital investment.

On the operational front, the company shall be focusing on quick launch turnaround times and swift execution and delivery of projects. The company will continue to improve its project execution capabilities across regions, strengthened through continuously improving internal processes and internal capability building. In addition, a customer centric approach to growth, operational efficiency, optimizing return on capital and developing crisis and risk management capabilities will continue to remain the Company's focus areas.

6. DEPOSITORY SYSTEM:

Your Company's equity shares are available for dematerialisation through National Securities Depository Limited and Central Depository Services (India) Limited. As on March 31, 2017, 99.98 % of the equity shares of the Company were held in dematerialised form.

7. SCHEME OF AMALGAMATION OF HAPPY HIGHRISES LIMITED WITH THE COMPANY:

Happy Highrisers Limited ("HHL"), a wholly owned subsidiary of the Company, was amalgamated with the Company in terms of the Scheme of Amalgamation ("Scheme") sanctioned by the National Company Law Tribunal vide its order dated March 29, 2017. The petition for the Scheme was originally filed by HHL with Hon'ble High Court of Judicature at Bombay for approval of the Scheme. Consequent to enforcement of provisions of Companies (Compromise, Arrangements and Amalgamations) Rules, 2016 relating to merger, arrangement etc. with effect from December 15, 2016, cases relating to merger/amalgamations pending immediately before such date before any High Court, stood transferred to the National Company Law Tribunal (Tribunal/NCLT).

Accordingly, the order for approving the said Scheme was passed by the National Company Law Tribunal, Mumbai Bench. The appointed date of the Scheme was May 01, 2016. The Scheme has come into effect from April 25, 2017.

8. EXTRACT OF ANNUAL RETURN:

The Extract of Annual Return as provided under Section 92(3) of the Companies Act, 2013 (the "Companies Act") and as prescribed in Form No. MGT-9 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, is appended as Annexure II to this Report.

The CSR Policy is available on the website of the Company at www.godrejproperties.com/investors.

19. VIGIL MECHANISM:

The Company has established a vigil mechanism for directors, employees and other stakeholders to report their genuine concerns, details of which have been given in the Corporate Governance Report forming part of this Annual Report.

20. ANNUAL EVALUATION OF PERFORMANCE OF THE BOARD:

The Company conducted a formal Board Effectiveness Review as part of its efforts to evaluate, identify improvements and thus enhance the effectiveness of the Board of Directors (Board), its Committees and individual directors. This was in line with the requirements mentioned in the Companies Act and SEBI LODR Regulations.

The Corporate HR team of Godrej Industries Limited and Associate Companies (GILAC) worked directly with the Chairman and the Nomination and Remuneration Committee of the Board, to design and execute this process which was adopted by the Board. Each Board Member completed a confidential online questionnaire, providing vital feedback on how the Board currently operates and how it might improve its effectiveness.

The survey comprised of four sections and compiled feedback and suggestions on:

- Board processes (including Board composition, strategic

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

orientation and team dynamics);

- Individual committees;
- Individual Board members; and
- Chairman's Feedback Report

The following reports were created, as part of the evaluation:

- Board Feedback Report
- Individual Board Member Feedback Report
- Chairman's Feedback Report

The overall Board Feedback Report was facilitated by Mr. Keki Dadiseth along with the Independent Directors. The Directors were vocal about the Board functioning effectively, but also identified areas which show scope for improvement. The Individual Committees and Board Members feedback was shared with the Chairman. Following his evaluation, a Chairman's Feedback Report was also compiled.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

ANNEXURE I TO THE DIRECTOR'S REPORT

1. BACKGROUND AND APPLICABILITY:

The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Regulations") require the top 500 listed companies (by market capitalisation) to disclose a Dividend Distribution Policy in the annual report and on the corporate website.

The Board of Directors ("Board") of Godrej Properties Limited ("Company") has adopted this Dividend Distribution Policy to comply with these requirements.

The Company currently has only one class of shares, viz. equity, for which this policy is applicable. The policy is subject to review if and when the Company issues different classes of shares.

2. DIVIDEND DISTRIBUTION PHILOSOPHY:

The Company is committed to driving superior value creation for all its stakeholders. The focus will continue to be on sustainable returns, through an appropriate capital strategy for both medium term and longer term value creation. Accordingly, the Board would continue to adopt a progressive and dynamic dividend policy, ensuring the immediate as well as long term needs of the business.

3. DIVIDEND:

Dividend represents the profit of the Company, which is distributed to shareholders in proportion to the amount paid-up on shares they hold. Dividend includes Interim Dividend.

The Dividend for any financial year shall normally be paid out of the Company profits for that year. This will be arrived at after providing for depreciation in accordance with the provisions of the Companies Act, 2013. If circumstances require, the Board may also declare dividend out of accumulated profits of any previous financial year(s) in accordance with provisions of the Act and Regulations, as applicable.

4. CIRCUMSTANCES UNDER WHICH SHAREHOLDERS CANNOT EXPECT DIVIDEND:

The Board will assess the Company's financial requirements, including present and future organic and inorganic growth opportunities and other relevant factors (as mentioned elsewhere in this policy) and declare Dividend in any financial year.

Notwithstanding the above, the shareholders of the Company may not expect Dividend under the following circumstances:

- a. Whenever it undertakes or proposes to undertake a significant expansion project requiring higher allocation of capital
- b. Significantly higher working capital requirements adversely impacting free cash flow
- c. Whenever it undertakes any acquisitions or joint ventures requiring significant allocation of capital
- d. In the event of inadequacy of profit or whenever the Company has incurred losses

5. INTERIM AND FINAL DIVIDEND:

The Board may declare one or more Interim Dividends during the year. Additionally, the Board may recommend Final Dividend for the approval of the shareholders at the Annual General Meeting. The date of the Board meeting in which the Dividend proposal will be considered, will be provided to the stock exchanges, as required by Listing Regulations.

6. FINANCIAL PARAMETERS AND OTHER INTERNAL AND EXTERNAL FACTORS THAT WOULD BE CONSIDERED FOR DECLARATION OF DIVIDEND:

- Distributable surplus available as per the Act and Regulations
- The Company's liquidity position and future cash flow needs
- Track record of Dividends distributed by the Company
- Payout ratios of comparable companies
- Prevailing Taxation Policy or any amendments expected thereof, with respect to Dividend distribution
- Capital expenditure requirements considering the expansion and acquisition opportunities
- Cost and availability of alternative sources of financing
- Stipulations/ Covenants of loan agreements
- Macroeconomic and business conditions in general
- Providing of unforeseen event and contingency with financial implications

- Any other relevant factors that the Board may deem fit to consider before declaring Dividend.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

ANNEXURE III TO THE DIRECTORS' REPORT

NOMINATION & REMUNERATION POLICY (DIRECTORS, KMP & SENIOR MANAGEMENT)

INTRODUCTION

In pursuance of the Company's philosophy to consider its employees as its invaluable assets, to pay equitable remuneration to all Directors, Key Managerial Personnel (KMP) and employees of the Company, to harmonize the aspirations of human resources consistent with the goals of the Company and, in terms of the provisions of the Companies Act, 2013, this policy on nomination and remuneration of Directors, Key Managerial Personnel and Senior Management has been formulated by the Nomination & Remuneration Committee and approved by the Board of Directors.

OBJECTIVE

The objective and purpose of the Policy are as given below:

1. To lay down criteria and terms and conditions with regard to identifying persons who are qualified to become Directors (Executive and Non-Executive) and persons who may be appointed in Senior Management and Key Managerial positions and to determine their remuneration.
2. To carry out evaluation of the performance of Directors, as well as Key Managerial and Senior Management Personnel.
3. To provide them reward linked directly to their effort, performance, dedication and achievement of Organization's goals as entrusted on them.
4. To retain, motivate and promote talent and to ensure long term retention of talented managerial persons and create competitive advantage.

In the context of the aforesaid objectives the following policy has been framed and recommended by the Nomination & Remuneration Committee jointly with the Human Resources Department of the Company and adopted by the Board of Directors at its meeting held on 2nd August, 2014.

DEFINITIONS

1. Board means Board of Directors of the Company.
2. Directors means Directors of the Company.
3. Committee means Nomination & Remuneration Committee of the Company as constituted or reconstituted by the Board.
4. Company means Godrej Properties Limited
5. Independent Director means a director referred to in Section 149 (6) of the Companies Act, 2013.
6. Key Managerial Personnel (KMP) means-
 1. Executive Chairman and / or Managing Director;
 2. Whole-time Director;
 3. Chief Financial Officer;
 4. Company Secretary;
 5. Such other officer as may be prescribed under the applicable statutory provisions / regulations.
 6. Senior Management
7. Senior Management means personnel of the Company occupying the position of Chief Executive Officer, Chief Operating Officer, Executive Vice President or Vice President of any unit / division of the Company. Unless the context otherwise requires, words and expressions used in this policy and not defined herein but defined in the Companies Act, 2013 as may be amended from time to time shall have the meaning respectively assigned to them therein.

This Policy is divided in two parts: Part – A covers the appointment and nomination and Part – B covers remuneration and perquisites etc.

PART – A

POLICY FOR APPOINTMENT AND REMOVAL OF DIRECTOR, KMP AND SENIOR MANAGEMENT

Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

ANNEXURE IV TO THE DIRECTORS' REPORT

INFORMATION PURSUANT TO SECTION 134(3)(m) OF THE COMPANIES ACT, 2013, READ WITH THE RULE 8(3) OF THE COMPANIES (ACCOUNTS) RULES, 2014 IN RESPECT OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

A. CONSERVATION OF ENERGY

I. (A) Steps taken for conservation of energy:

Godrej Properties Limited ('GPL' or the 'Company') constantly endeavors to achieve energy conservation by adopting green building practices certified by the Indian Green Building Council ('IGBC'). As an internal mandate each project strives to achieve the minimum level of "Silver" certification under the relevant rating system specified by IGBC. From the Project inception stage, through design and execution, to post-occupancy the Company constantly work with internal and external team members to meet the Energy Performance Index benchmarks set by BEE and TERI.

The following best practices are in place to achieve this objective:

1. Comprehensive Energy modeling during the design stage to realize energy conservation while meeting the functional requirements for both residential and commercial projects.
2. Building envelope design and material selection using passive cooling techniques where possible.
3. Use of high efficiency glazing that cuts down heat ingress while maintaining optimum day lighting and noise levels.
4. Use of high energy efficiency equipment – e.g. Elevators, water pumps, STP.
5. Solar PV lighting in external common areas in several projects to reduce dependence on fossil fuels.
6. Effective preventive and predictive maintenance system for maintaining all energy intensive equipment i.e., DG sets for energy generation, cranes, hoists, loaders, excavators, trucks and other transport vehicles.
7. Installation of energy efficient chillers with partial loading.
8. Encouraging occupants to lead a greener lifestyle by using high efficiency ACs and refrigerators (BEE 5 star rated) through a formal handover event.

II. Steps taken by the Company for utilizing alternate sources of energy:

GPL ensures that all projects are green building certified. As part of the green building, we often integrate solar energy for the development. Two of our sites are using solar energy during the construction process to offset the carbon emissions of the projects' construction process. As per the new amendment in IGBC Green Homes, the requirement of Renewable Energy requires it to meet 2.5% to 7.5% of the common lighting demand. This makes it more feasible for us to incorporate this in future projects.

III. Capital Investment on Energy Conservation Equipment:

There was no capital investment made on energy conservation equipments during the year under review.

B. TECHNOLOGY ABSORPTION

I. The efforts made towards technology absorption:

(a) Technical Initiatives:

- Deployment of machines to substitute partly or fully manual work.
- Use of pre-fabrication fully or partly at site to increase reliability.
- The improvement of existing or the development/ deployment of new construction technologies to speed up the process and make construction more efficient.
- Researching the market for new machines, materials and developing methodologies for their effective use in our project sites.
- Solar technologies for common area, parking and street lighting.
- Solar water heating for residential buildings.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

- LEDs for common area lighting.
- LEDs for use in GPL office buildings.

(b) Process Initiatives:

- The organization of the work with the help of scheduling, structuring of work force in tandem with job descriptions and closing time gaps to ensure efficiency
- In depth planning of construction activities/ procedures which in turn will result in stable levels of quality, shorter time lines and reduced consumptions of man and material at site.
- Standardization of building elements and parts, introducing rules and regulations based on national and international standards and internal classifications.
- The usage of special sub-contractors/consultants to realize tasks efficiently.
- Operational energy consumption and performance indicators are being monitored for all projects i.e. annual energy consumption per square foot of saleable area for all in-construction projects and for GPL administrative offices

II. The benefits derived like product improvement, cost reduction, product development or import substitution:

- Operational cost reductions due to the green building guidelines being followed
- Healthier environment for the residents with Low VOC paints and enhanced daylighting

III. Information regarding imported technology (imported during last 3 years):

The Company has not imported any technology since incorporation

IV. Expenditure incurred on Research & Development: Nil

C. FOREIGN EXCHANGE EARNINGS AND OUTGO:

During the financial year 2016-17, expenditure in foreign currencies in terms of actual outflow amounted to ₹ 7.87 Crore (Previous Year ₹ 4.76 Crore) on account of professional & consultation fees and expenses incurred for business promotion. The Company has not earned any foreign exchange during the year.

REPORT ON CORPORATE GOVERNANCE

Company's Philosophy on Code of Governance

Corporate governance is an ethically driven business process that is committed to values aimed at enhancing an organization's wealth generating capacity. This is ensured by conducting business with a firm commitment to values, while at the same time, meeting stakeholders' expectations.

Strong leadership and effective corporate governance practices have been the Company's hallmark inherited from the Godrej culture and ethos. The Company continues to focus its resources, strengths and strategies to be among the nation's leading real estate companies, while continuing to be the most trusted name in the industry.

At Godrej Properties, it is imperative that business is conducted in a fair and transparent manner. The corporate governance framework ensures effective engagement with various stakeholders and helps the Company evolve with changing times. It oversees business strategies and ensures fiscal accountability, ethical corporate behaviour and fairness to all stakeholders comprising of regulators, employees, customers, vendors, investors and the society at large.

The guiding principles and practices are summarised in this Corporate Governance Report. These are articulated through the Company's Code of Conduct for Board of Directors and Senior Management, Policies and Charters of various Committees of the Board and Company's Disclosure Policies. These Policies seek to focus on enhancement of long term shareholder value without compromising on Ethical Standards and Corporate Social Responsibilities.

The Company has executed fresh Listing Agreements with the Stock Exchanges pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 ("SEBI LODR Regulations")

THE GOVERNANCE STRUCTURE

1) BOARD OF DIRECTORS

a) Board Structure

The Company has an optimal combination of executive, non-executive and independent directors to maintain the independence of the Board from the management, which

is in conformity with the requirement of Section 149(4) of the Companies Act, 2013 (the Act) and Regulation 17 of SEBI LODR Regulations. As of March 31, 2017, the Board of Directors of the Company consisted of 12 (twelve) Directors drawn from diverse fields/professions, which includes the Managing Director & Chief Executive Officer, 1 (one) Executive Director and 10 (ten) Non-Executive Directors, of which 7 (seven) are Independent Directors. Since the Chairman of the Board is a Non-Executive Non-Independent Director till March 31, 2017, and belongs to Promoter Group of the Company, more than half i.e. 58% of the Board of the Company comprises Independent Directors, as detailed below:

BUSINESS RESPONSIBILITY REPORT

PHILANTHROPIC EFFORTS OF THE GODREJ GROUP

The Godrej Group has been at the forefront of philanthropic and social activities for several decades. Twenty-four per cent of the shares of the Godrej Group's holding company, Godrej & Boyce, are held in a trust that invests back in initiatives that support the environment as well as improve the quality and availability of healthcare and education. Through investment and oversight by the trust, a large tract of mangrove forests in Mumbai have been protected, developed, and maintained for several years and serve as a second set of lungs for the city. The Godrej Group has continually supported education and supports the Udayachal pre-primary and primary schools, which focus on the all-round development of children. The Udayachal high school has been accredited with the International School Award in recognition of the school incorporating global education into its curriculum and innovation into classroom teaching.

In addition, the Godrej Group has supported initiatives in healthcare through the Godrej Memorial Hospital, which aims to provide quality healthcare at affordable costs. One such initiative is our partnership with 'Smile Train', a US-based NGO, which helps in performing corrective cleft lip and palate surgeries for children from low-income families. The Group offers surgery and hospitalisation to the patients free of cost.

Workplace Giving

Since December 2016, GPL has been supporting Teach For India, World Wild Life Fund and Save the Children India under its Workplace Giving (payroll) program. Under Workplace Giving, employees voluntarily donate a fixed amount every month from their salaries to the selected NGOs. These organizations are selected after due diligence from the Good & Green team.

Teach For India

Since its inception in 2009, GCPL has been supporting Teach for India, which is a nationwide movement of outstanding college graduates and young professionals who will commit 2 years to teach full-time in under-resourced schools and who will become lifelong leaders working from within various sectors towards the pursuit of equity in education. In 2009, Teach for India began its journey in the classrooms with 78 Fellows (or teachers) in 2 cities across 34 schools and reached out to 3,000 children. The movement has grown in 2016-17 to

cover 353 schools in 7 cities with approximately 1,100 fellows, positively impacting nearly 39,500 children.

GODREJ GOOD & GREEN

In conjunction with our vision of 'Brighter Living' for all stakeholders, we have developed a long-term vision for playing an active part in creating a more inclusive and greener India. This vision has been named 'Godrej Good & Green', which is founded on shared value initiatives. The concept of shared value is defined as policies and operating practices that enhance the competitiveness of a company while simultaneously advancing the economic and social conditions in the communities in which it operates. As part of this initiative, the Group aspires to create a more employable Indian workforce, a greener India and innovate for good and green products by 2020.

Specifically, our Group-level goals for 2020 as part of this vision are as follows:

- Training 1 million rural and urban youth in skilled employment
- Achieving zero waste to landfill, carbon neutrality, and a positive water balance along with reducing our specific energy consumption and increasing the proportion of renewable energy resources
- Procuring one-third of our portfolio revenues comprise good and/or green products and services: defined as products that are environmentally superior or address a critical social issue (e.g. health, sanitation, and disease prevention) for consumers at the bottom of the income pyramid.

We have a comprehensive CSR policy (<http://www.godrej.com/policies.html>) that outlines programmes and projects we undertake to create a positive impact on our stakeholders. We have a CSR committee in place to review, monitor, and provide strategic inputs for our sustainability efforts.

Over the years, we have aligned our sustainability efforts with national priorities and the needs of our local communities to deliver high-impact programmes that are easy to scale up. Our skill-building initiatives are linked to the National Skill Development Mission. Furthermore, our community development initiatives in areas surrounding our manufacturing units are focused on improving the teaching-learning environment.

BUSINESS RESPONSIBILITY REPORT

We have undertaken several integrated watershed development programmes in partnership with NABARD. These large scale water management projects have been undertaken in drought - prone regions to restore the ecological balance by harnessing, conserving & developing degraded natural resources, and thus providing sustainable livelihood in the region.

In line with the Swachh Bharat Mission, we have initiated several community waste management projects across India by involving colleges local municipalities & societies in deferent parts of the city.

In addition, we run an intensive community awareness and behavior change programme to combat malaria in regions that report a high Annual Parasitic Index (API) through our Elimination of Vector- Borne Endemic Diseases (EMBED) programme. The mainstay of this programme is propagating clean surroundings.

We are supporting renewable energy projects in rural India to address the shortage of energy supply in line with the Deen Dayal Upadhyaya Gram Jyoti Yojana of the Government of India.

Our community projects are supplemented by Brighter Giving, a structured volunteering platform through which our team members can offer their time and skills to help address an NGO's needs. Through Brighter Giving, Godrejites can volunteer their time, knowledge, and skills to help address the specific needs of a non-profit organisation on a project basis.

Brighter Giving also serves as a channel through which our team members can connect with and learn more about Good & Green. The programme has a long-term goal, seeking to enable and drive meaningful initiatives for our non-profit partners and/or their beneficiaries. Volunteers accomplish this by using their professional skills and expertise to develop relevant, implementable, and sustainable solutions for the organisation's with which they work.

Principle 3 : Businesses should promote the wellbeing of all employees

Code of Conduct:

GPL focuses on ensuring the well-being of all our team members. The safety and health of our team members is extremely important to us and we are committed to building and maintaining a safe and healthy workplace. Ensuring diversity, zero discrimination, safety, health and other attributes essential to a healthy and good working environment are part of our Code of Conduct. All employees who join GPL demonstrate their commitment to follow the Code of Ethics by signing in their acceptance to adhere to the same. The Code of Conduct is also available on the internal employee portal. Examples of a few of the principles of this code of conduct are listed below:

A. Diversity, Anti-discrimination and Equal Opportunities Policy:

We recognize merit and perseverance and encourage diversity in the Company. We do not tolerate any form of discrimination on the basis of nationality, race, colour, religion, caste, gender, gender identity or expression, sexual orientation, disability, age, or marital status and will allow for equal opportunities for all the team members.

We value diversity within the Godrej Group and are committed to offering equal opportunities in employment. We do not discriminate against any team member or applicant for employment. Godrej Industries Limited and Associate Companies also subscribes to the CII-ASSOCHAM Code of Conduct for Affirmative Action.

Ms. Nisaba Godrej serves as the Diversity Ombudsman for the team members and seeks to resolve any complaints or queries which are raised in relation to this.

At the sourcing stage we ensure that diversity profiles are forming part of talent pool being assessed for any role, merit being the sole criterion for selection. We are driving our efforts to make all our workplaces and functions conducive for women.

B. Prevention of sexual harassment:

We are committed to creating and maintaining an atmosphere in which our team members can work together, without fear of sexual harassment, exploitation or intimidation. We have ensured compliance with the Sexual Harassment

of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (the “Act”). We have constituted an Internal Complaints Committee in accordance with the Act and updated the Group’s policy to ensure that women are protected against sexual harassment at the workplace. Every team member is made aware that the Godrej Group is strongly opposed to sexual harassment and that such behaviour is prohibited both by law and the Group policy. We take all necessary action(s) required to prevent and correct behaviour that violates this policy.

C. Safety and Health:

We remain committed to protecting and building a safe and healthy workplace.

GPL is committed to building and maintaining a safe and healthy workplace and provides a safe and healthy working environment, equipment and systems of work for all team members. The Company provides the information, training and supervision needed for this purpose.

Furthermore, we are committed to the health and well-being of our team members and have an onsite medical centre, hospital and children’s day care facility within the Godrej Vikhroli campus.

Womens Area

A women’s area has been designed for Godrej Group women employees as a resting and nursing space especially for expecting mothers, new mothers and women with special needs. However, other women may also use this space if needed.

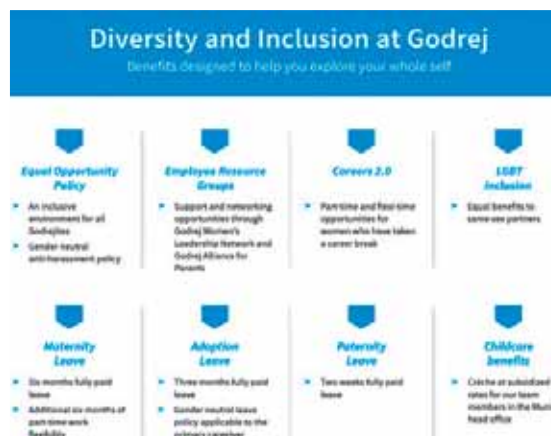

Some of the facilities provided are:

1. Three resting rooms with mini fridge inside
2. Lounge seating with magazines and newspapers
3. Tea/Coffee station available throughout the day during operational hours
4. First aid and essential medicines

Progressive Human Resource Policies:

GPL prides itself as a great place to work, a fact recognised and acknowledged externally as well. HR policies like flexible work hours, work from home

arrangements, part-time work, to name a few, go a long way in ensuring that our team members successfully strike a work-life balance.

A. Maternity and Paternity Leave and Benefits Policy:

We are one of the leading companies in India to provide a fully paid six months maternity leave and benefits and a flexible work arrangement for a maximum duration of 6 months, from the date one resumes work. We also have three months adoption leave and benefits and paternity leave and benefits options.

B. Late Night Cab Facility and Uber for Business:

The safety and well-being of all Godrejites is something we care deeply about. We have a late night cab facility for our Mumbai based team members for their safe travel from work to home when working late in the office.

The Company further provides Uber for Business service, which can be availed by employees travelling for Company related work.

C. Careers 2.0 Programme:

A recent initiative from the Godrej Industries Group is the Career 2.0 programme, which provides a transition platform for women professionals who have taken a career break but now wish to return to work. The objective of this initiative is to tap the leaking talent pipeline of high potential performers & facilitate their re-entry into the corporate world. The participants are offered attractive project stipends to work on live business projects on a flexi/part time basis.

BUSINESS RESPONSIBILITY REPORT

D. Sustenance Allowance Policy:

We also provide sustenance allowance to our specially abled team members. This financial support is provided to our team members who require additional infrastructure and safe travel from home to office. The objective is to ameliorate the living conditions and provide better opportunities and sustenance to specially abled employees of GPL.

Under its Brighter Giving volunteering program, the volunteers were partnered with local NGOs that serve diverse communities and work on women empowerment, education, holistic child development through mentoring and working with differently abled people.

GPL volunteers worked on various projects with NGOs, including designing their marketing strategies, creating HR policies and organizational structure, teaching basic design skills and conducting career counselling sessions for adolescents from marginalized communities. With 6-12 month commitments, employees have been able to create an impact in their projects.

Employees also participated in Standard Chartered Mumbai Marathon (SCMM) 2015 to support and raise funds for Teach for India. The funds raised by employees are further used to provide better education facilities to children from marginalized background.

Employees celebrated and participated in events at the labor camps at Ahmedabad region. 200 children from the age group of 2 to 12 years were involved in celebrating Christmas.

A career counseling session was organized for children from multiple NGOs to expose them to the workings of organizations such as Godrej and hence incentivize education. This was followed by an educational trip to the mangroves.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GODREJ PROPERTIES LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **GODREJ PROPERTIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit (financial performance including other comprehensive income), cash flows and the changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at March 31, 2017, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditors' Report to the members of the Company on the standalone Ind AS financial statements for the year ended March 31, 2017.

Statement on Matters specified in paragraphs 3 & 4 of the Companies (Auditor's Report) Order, 2016:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) As explained to us, the Company has a programme for physical verification of fixed assets at periodic intervals. In our opinion, the period of verification is reasonable having regard to the size of the company and nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. The inventory includes construction work in progress and cost of development rights in identified land. Physical verification of inventory has been conducted at reasonable intervals by the Management. No material discrepancies were noticed on such verification.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Therefore, the provisions of sub-clauses (a), (b) and (c) of paragraph 3(iii) of the Order are not applicable.
- iv. In our opinion and according to the information and explanations given to us, provisions of Section 186 of the Act in respect of loans and guarantees given and investments made have been complied with by the Company. In our opinion and according to the information and explanations given to us, the Company has not advanced any loans to the persons covered under Section 185 or granted securities under Section 186 of the Act.
- v. In our opinion and according to the information and explanations given to us, the Company has complied with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder, with regard to deposits accepted from the public.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government of India for maintenance of cost records under sub-section (1) of section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have generally been made and maintained. We have not, however, made a detailed examination of the records with a view to examine whether they are accurate and complete.
- vii. (a) According to the information and explanations given to us and the records examined by us, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues with the appropriate authorities, wherever applicable and there are no such outstanding dues as at March 31, 2017, for a period of more than six months from the date they became payable.
- (b) According to the information and explanation given to us there are no dues outstanding of Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise and Value Added Tax on account of any dispute other than the following:

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 2 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the standalone Ind AS financial statements for the year ended March 31, 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GODREJ PROPERTIES LIMITED** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the “Guidance Note on Audit of Internal Financial Controls Over Financial Reporting” issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Note 1

Basis of accounting and preparation of Financial Statements

a) Company Overview

Godrej Properties Limited ("the Company") is engaged primarily in the business of real estate construction, development and other related activities. The Company is a public limited Company incorporated and domiciled in India having its registered office at Godrej One, 5th Floor, Pirojshanagar, Eastern Express Highway, Vikhroli, Mumbai-400079. The Company is listed on BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE).

The Financial Statements of the Company for the year ended March 31, 2017 were approved by the Board of Directors and authorised for issue on May 4, 2017.

b) Basis of accounting

The Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 ("the 2013 Act"), and the relevant provisions and amendments, as applicable. The Financial Statements have been prepared on accrual basis under the historical cost convention except certain assets measured at fair value.

These financial statements are the Company's first Ind AS financial statements and are covered by Ind AS 101, First-time adoption of Indian Accounting Standards (Ind AS 101). The transition to Ind AS has been carried out from the accounting principles generally accepted in India ("Indian GAAP") which is considered as the "Previous GAAP" for purposes of Ind AS 101. Under previous GAAP financial statements were prepared in accordance with the Accounting Standards notified under section 133 of the Act read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ("Indian GAAP") and other relevant provisions of the Act as applicable.

c) Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into Cash & Cash Equivalents and range from 3 to 7 years. Accordingly project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non current based on a period of twelve months.

d) Functional and Presentation Currency

These financial statements are presented in Indian rupees, which is the functional currency of the parent company. All financial information presented in Indian rupees has been rounded to the nearest crore.

e) Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

i) Evaluation of percentage completion

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentages of completion, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined.

NOTES FORMING PART OF FINANCIAL STATEMENTS

ii) Useful life and residual value of property, plant and equipment and intangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on internal technical evaluation. Assumptions are also made, when the Company assesses, whether an asset may be capitalised and which components of the cost of the asset may be capitalised.

The estimation of residual values of assets is based on management's judgment about the condition of such asset at the point of sale of asset.

iii) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

iv) Share based Payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which depends on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Company uses Black-Scholes model. The assumptions used for estimating fair value for share-based payment transactions are disclosed in Note 40.

v) Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgement is required in establishing fair values. Changes in assumptions relating to these assumptions could affect the fair value of financial instruments.

f) Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of Cash Flows'. These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of Cash Flows'. The amendments are applicable to the Company from April 1, 2017. The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is currently evaluating the effect of the above amendments.

g) Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Level 1: quoted prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Significant Accounting Policies

a) Business Combination

- i) The Company accounts for each business combination (other than common control transactions) by applying the acquisition method. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another.
- ii) The Company measures goodwill as of the applicable acquisition date at the fair value of the consideration transferred, including the recognised amount of any non-controlling interest in the acquiree, less the net recognised amount (measured at fair value) of the identifiable assets acquired and liabilities (including contingent liabilities in case such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably) assumed. When the fair value of the net identifiable assets acquired and liabilities assumed exceeds the consideration transferred, a bargain purchase gain is recognised as capital reserve.
- iii) Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Company to the previous owners of the acquiree, and equity interests issued by the Company. Consideration transferred also includes the fair value of any contingent consideration. Consideration transferred does not include amounts related to settlement of pre-existing relationships.
- iv) Transaction costs that the Company incurs in connection with a business combination are expensed as incurred.
- v) Put options issued to non-controlling interests are recognised as a liability and the subsequent changes in the put option are recognised directly in reserves.
- vi) Common control transactions are accounted for based on pooling of interests method where the assets and liabilities of the acquiree are recorded at their existing carrying values, the identity of reserves of the acquiree is preserved and the difference between consideration and the face value of the share capital of the acquiree is transferred to capital reserves.

The financial information in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements irrespective of the actual date of the combination.

b) Property, Plant and Equipment & Depreciation

i) Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

NOTES FORMING PART OF FINANCIAL STATEMENTS

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognised from financial statement, either on disposal or when no economic benefits are expected from its use or disposal. The gain or loss arising from disposal of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, plant and equipment recognised in the statement of profit and loss account in the year of occurrence.

ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii) Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on Property, Plant and Equipment of the Company has been provided as per the written down value method as per the useful lives of the respective item of Property, Plant and Equipment.

Assets costing less than INR 5,000/- are depreciated at 100% in the year of acquisition.

Assets acquired on lease and leasehold improvements are depreciated over the period of the lease on straight line basis.

c) Intangible Assets

i) Recognition and Measurement:

Items of Intangible Assets are measured at cost less accumulated amortisation and impairment losses, if any. The cost of intangible assets comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

ii) Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii) Amortisation

Intangible assets are amortised over their estimated useful life on Straight Line Method.

Trademark is amortised over a period of 20 years.

Intangible Assets (other than trademark) are amortised over a period of six years.

d) Impairment of Non Financial Assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Goodwill on business combination is not amortised but it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

e) Foreign currency transactions/translations

Transactions in foreign currencies are translated to the Company's functional currency at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at that date.

Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in the income statement in the period in which they arise.

f) Investment in Subsidiaries, Joint Ventures and Associate

Investments in equity shares of Subsidiaries, Joint Ventures & Associates are recorded at cost and reviewed for impairment at each reporting date.

g) Financial instruments

I. Financial Assets

i) Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii) Initial recognition and measurement

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

iii) Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified in three categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through profit or loss
- Equity investments

iv) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

NOTES FORMING PART OF FINANCIAL STATEMENTS

- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

v) Debt instruments at Fair Value through Profit or Loss

Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

vi) Equity investments

All equity investments other than investment in subsidiaries, joint venture and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

vii) Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- the Company has transferred substantially all the risks and rewards of the asset, or
- the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

viii) Impairment of financial assets

The Company applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance
- Trade receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

II. Financial Liabilities

i) Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost.

NOTES FORMING PART OF FINANCIAL STATEMENTS

ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

iii) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to loans and borrowings.

iv) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

v) Offsetting of financial instruments

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

III. Share Capital

i) Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares are recognised as a deduction from equity.

ii) Treasury shares

The Company has created an Employee Stock Options Trust (ESOP) for providing share-based payment to its employees. The Company uses ESOP as a vehicle for distributing shares to employees under the employee remuneration schemes. The ESOP buys shares of the company from the market, for giving shares to employees. The Company treats ESOP as its extension and shares held by ESOP are treated as treasury shares.

Treasury shares are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are deducted from treasury shares.

h) Inventories

Inventories comprising of completed flats and construction-work-in progress are valued at lower of Cost or Net Realisable value.

Construction Work in Progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Company.

i) Revenue Recognition

The Company is following the "Percentage of Completion Method" of accounting. As per this method, revenue from sale of properties is recognised in Statement of Profit & Loss in proportion to the actual cost incurred as against the total estimated cost of projects under execution with the Company on transfer of significant risk and rewards to the buyer.

NOTES FORMING PART OF FINANCIAL STATEMENTS

In accordance with the “Guidance Note on Accounting for Real Estate Transactions” (for entities to whom Ind AS is applicable), construction revenue on such projects, measured at the fair value (i.e. adjusted for discounts, incentives, time value of money adjustments etc.), have been recognised on percentage of completion method provided the following thresholds have been met:

- i) All critical approvals necessary for the commencement of the project have been obtained;
- ii) The expenditure incurred on construction and development costs is not less than 25 per cent of the total estimated construction and development costs;
- iii) At least 25 percent of the saleable project area is secured by contracts or agreements with buyers; and
- iv) At least 10 percent of the contract consideration is realized at the reporting date in respect of such contracts and it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentages of completion, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined. Revenue from projects is recognised net of revenue attributable to the land owners. Losses, if any, are fully provided for immediately.

The Company has been entering into Development & Project Management agreements with land-owners. Accounting for income from such projects, measured at fair value, is done on accrual basis as per the terms of the agreement.

Company receives maintenance amount from the customers and utilizes the same towards the maintenance of the respective projects. Revenue is recognised to the extent of maintenance expenses incurred by the Company towards maintenance of respective projects. Balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Interest income is accounted on an accrual basis at effective interest rate.

Dividend income including share of profit in LLP is recognised when the right to receive the same is established.

j) Income tax

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in equity or in OCI.

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognised amounts; and
- Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and
- The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

k) Employee Benefits

i) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided.

Defined benefit plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognised immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

ii) Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Re-measurements are recognised in Statement of Profit and Loss in the period in which they arise.

l) Share-based payment transactions

Employees Stock Options Plans ("ESOPs") and Employee Stock Grant Scheme ("ESGS"): The grant date fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the options. The expense is recorded for each separately vesting portion of the award as if the award was, in substance, multiple awards. The increase in equity recognised in connection with share based payment transaction is presented as a separate component in equity under "Employee stock grant scheme reserve". The amount recognised as an expense is adjusted to reflect the actual number of stock options that vest.

NOTES FORMING PART OF FINANCIAL STATEMENTS

m) Leases

i) Finance Lease

Agreements are classified as finance leases, if substantially all the risks and rewards incidental to ownership of the leased asset is transferred to the lessee.

ii) Operating Lease

Agreements which are not classified as finance leases are considered as operating lease.

Operating lease payments/income is recognised as an expense/income in the statement of profit or loss on a straight line basis over the lease term.

n) Borrowing Cost

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the projects upto the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period which they are incurred.

o) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

p) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

q) Provisions and Contingent Liabilities

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed in the Notes. Contingent liabilities are disclosed for

- i) possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- ii) present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised in the Financial Statements.

NOTES FORMING PART OF FINANCIAL STATEMENTS

r) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

s) Transition to Ind AS

As stated in Note b, the Company's financial statements for the year ended March 31, 2017 are the first annual financial statements prepared in compliance with Ind AS.

The adoption of Ind AS was carried out in accordance with Ind AS 101, using April 1, 2015 as the transition date. Ind AS 101 requires that all Ind AS standards that are effective for the first Ind AS Financial Statements for the year ended March 31, 2017, be applied consistently and retrospectively for all fiscal years presented.

All applicable Ind AS have been applied consistently and retrospectively wherever required. The resulting difference between the carrying amounts of the assets and liabilities in the financial statements under both Ind AS and Previous GAAP as of the Transition Date have been recognised directly in equity at the Transition Date.

In preparing these financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101 as explained below:

i) Exemptions from retrospective application:

- Business combination exemption: The Company has applied the exemption as provided in Ind AS 101 on non-application of Ind AS 103, "Business Combinations" to business combinations consummated prior to the date of transition (April 1, 2015). Pursuant to this exemption, goodwill arising from business combination has been stated at the carrying amount under Previous GAAP.
- Share-based payment exemption: The Company has elected to apply the share based payment exemption available under Ind AS 101 on application of Ind AS 102, "Share Based Payment", to grants which remain unvested on April 1, 2015.
- Property, Plant and Equipment; and intangibles exemption: The Company has elected to apply the exemption available under Ind AS 101 to continue the carrying value for all of its property, plant and equipment and intangibles as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (April 1, 2015).

ii) Reconciliations: The following reconciliations provide a quantification of the effect of significant differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101:

- equity as at April 1, 2015;
- equity as at March 31, 2016; and
- total comprehensive income for the year ended March 31, 2016.

b) Measurement of Fair Value

The Company uses the Discounted Cash Flow valuation technique (in relation to Fair Value of asset measured at amortised cost) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined are classified as Level 2.

c) Risk Management Framework

The Company's Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

d) Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit Risk
- (ii) Liquidity Risk
- (iii) Market Risk.

NOTES FORMING PART OF FINANCIAL STATEMENTS

(i) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments in debt securities, loans given to related parties and project deposits.

The carrying amount of financial assets represents the maximum credit exposure.

Trade Receivables

Customer credit risk is managed by requiring customers to pay advances through progress billings before transfer of ownership, therefore substantially eliminating the Company's credit risk in this respect.

The Company's credit risk with regard to trade receivable has a high degree of risk diversification, due to the large number of projects of varying sizes and types with numerous different customer categories in a large number of geographical markets.

Based on prior experience and an assessment of the current economic environment, management believes there is no credit risk provision required. Also the Company does not have any significant concentration of credit risk.

The ageing of trade receivables is as follows:

INR (in Crore)

Particulars	March 31, 2017	March 31, 2016	April 1, 2015
More than 6 Months	38.62	47.31	49.93
Others	65.36	27.81	56.72
	103.98	75.12	106.65

The amounts reflected in the table above are not impaired as on the reporting date.

Investment in Debt Securities, Loans to Related Parties and Project Deposits

The Company has investments in compulsorily convertible debentures / optionally convertible debentures, loans to related parties and project deposits. The settlement of such instruments is linked to the completion of the respective underlying projects. Such Financial Assets are not impaired as on the reporting date.

Cash and Bank balances

Credit risk from Cash and Bank balances is managed by the Company's treasury department in accordance with the company's policy.

(ii) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The company has access to funds from debt markets through bank loan, commercial papers, fixed deposits from public and other debt instruments. The Company invests its surplus funds in bank fixed deposit and debt based mutual funds.

(iii) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rate and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Currency Risk

Currency risk is not material, as the company's primary business activities are within India and does not have significant exposure in foreign currency.

NOTES FORMING PART OF FINANCIAL STATEMENTS

b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the management in structuring the Company's borrowings to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

The interest rate profile of the Company's interest bearing financial instruments as reported to the management is as follows:

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Company by the amounts indicated in the table below. Given that the Company capitalises interest to the cost of inventory to the extent permissible, the amounts indicated below may have an impact on reported profits over the life cycle of projects to which such interest is capitalised. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

Note 38 Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

The Board of Directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages by a sound capital position.

The Company monitors capital using a ratio of 'Net Debt' to 'Equity'. For this purpose, net debt is defined as total borrowings and put option liability less Cash & Bank Balances and Other Current Investments.

The Company's net debt to equity ratios are as follows:

INR (in Crore)

Particulars	March 31, 2017	March 31, 2016	April 1, 2015
Net Debt	3,313.99	2,757.04	2,168.85

NOTES FORMING PART OF FINANCIAL STATEMENTS

Note:

(a) Obligation to acquire non controlling interest in a subsidiary (Put Option)

The Company has granted put option to non controlling interests in one of its subsidiary, which gives the investor a right to sell their interests at guaranteed return to the Company on agreed terms. On transition to Ind AS, such put option has been classified as a financial liability payable to the investor and is re-measured at each reporting date and the difference is adjusted in equity.

(b) Inventories

The Company has undertaken a detailed exercise to determine the manner of expense allocation to inventory in context the of the requirements of Ind AS and accordingly have realigned allocation of expenses to project inventory.

(c) Proposed Dividend

Proposed dividend recognised under Indian GAAP has been derecognised under Ind AS. Under Ind AS, dividend on equity shares is recognised on receipt of approval from the relevant authority.

(d) Employee Benefits

Under Ind AS, the ESOP Trust is consolidated in the Company's Separate Financial Statements as the ESOP Trust was established by the Company for the administration of Employee Stock Option Plan of the Company. The Trust is merely acting as a Branch of the Company.

(e) Financial instruments

Under Indian GAAP, investments in mutual funds were measured at lower of cost or market value while under Ind AS, such investments are required to be measured at fair value with the resultant gain or loss being recognised in profit or loss.

Under Ind AS, investments in debentures instruments are required to be measured at amortised cost with interest income determined with reference to the effective interest rate.

(f) Deferred Taxes

Under Ind AS, deferred tax on account of fair value adjustment in relation to past schemes of amalgamation and on other Ind AS differences has been appropriately recognised.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GODREJ PROPERTIES LIMITED

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **GODREJ PROPERTIES LIMITED** ("the Holding Company") and its subsidiaries, (the Holding Company and its subsidiaries collectively referred to as "the Group"), its associate and its joint ventures comprising of the consolidated Balance Sheet as at March 31, 2017, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Statement of Cash Flows, consolidated Statement of Changes in Equity, for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group including its associate and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act. The respective Board of Directors of the companies / Designated Partners of the Limited Liability Partnerships included in the group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Group and its associate and its joint ventures and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by another auditor in terms of their report referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of another auditor on separate financial statements and on the other financial information of a subsidiary, the

aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs (financial position) of the Group, its associate and joint ventures as at March 31, 2017, and their consolidated profit (financial performance including other comprehensive income), their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matter

We did not audit the financial statements of one subsidiary, whose financial statements reflect total assets of ₹ 9.39 Crore as at March 31, 2017 and net assets of ₹ 7.49 Crore as at March 31, 2017, total revenue of ₹ 9.78 Crore and net cash inflows amounting to ₹ 8.23 Crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by another auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the reports of the other auditor.

Our opinion above on the consolidated financial statements, and our report on Other Legal & Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of another auditor on separate financial statements and the other financial information of the subsidiary, as noted in the 'other matter' paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditor.
 - c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Group Companies, associate and joint venture companies incorporated in India as on March 31, 2017, and taken on record by the Board of Directors of the respective Group Companies, associate and joint venture companies incorporated in India, none of the directors of the Group companies, are disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Group, associate and joint ventures and the operating effectiveness of such controls, refer to our separate report in "**Annexure A**"; and

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 1 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the consolidated Ind AS financial statements for the year ended March 31, 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GODREJ PROPERTIES LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary companies, its associate company and joint venture companies, incorporated in India, as at March 31, 2017 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, its associate company and joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, its subsidiary companies, its associate company and joint venture companies incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its associate company and joint venture companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company, its subsidiary companies, its associate company and joint venture companies which are companies incorporated in India, considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Note 1

Basis of accounting and preparation of Consolidated Financial Statements

a) Group Overview

Godrej Properties Limited ("the Company") including its subsidiaries, limited liability partnerships and joint ventures, collectively referred to as ("the Group") is engaged primarily in the business of real estate construction, development and other related activities. The Company is incorporated and domiciled in India having its registered office at Godrej One, 5th Floor, Pirojshanagar, Eastern Express Highway, Vikhroli, Mumbai - 400079 and is listed on BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE.)

The Financial Statements of the Group for the year ended March 31, 2017 were approved by the Board of Directors and authorised for issue on May 4, 2017.

b) Basis of accounting

The financial statements of the subsidiaries, jointly controlled entities and associate used in the consolidation are drawn upto the same reporting date as that of the Company, i.e. March 31, 2017.

The Consolidated Financial Statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with the Section 133 of the Companies Act, 2013 ("the 2013 Act"), and the relevant provisions and amendments, as applicable. The Consolidated Financial Statements have been prepared on accrual basis under the historical cost convention except certain assets measured at fair value.

These financial statements are the Group's first Ind AS financial statements and are covered by Ind AS 101, First-time adoption of Indian Accounting Standards (Ind AS 101). The transition to Ind AS has been carried out from the accounting principles generally accepted in India ("Indian GAAP") which is considered as the "Previous GAAP" for purposes of Ind AS 101. Under previous GAAP financial statements were prepared in accordance with the Accounting Standards notified under section 133 of the Act read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ("Indian GAAP") and other relevant provisions of the Act as applicable.

c) Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and range from 3 to 7 years. Accordingly project related assets & liabilities have been classified into current & non current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non current based on a period of twelve months.

d) Functional and Presentation Currency

These consolidated financial statements are presented in Indian rupees, which is the functional currency of the parent company. All financial information presented in Indian rupees has been rounded to the nearest Crore.

e) Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the Consolidated Financial Statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/ materialise.

i) Evaluation of percentage completion

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentages of completion, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined.

ii) Evaluation of control

The assessment as to whether the Group exercises control, joint control or significant influence over the entities in which it holds less than 100 percent voting rights.

The Group makes assumptions, when assessing whether it exercises control, joint control or significant influence over entities in which it holds less than 100 percent of the voting rights. These assumptions are made based on the contractual rights with the other shareholders, relevant facts and circumstances which indicate that the Group has power over the potential subsidiary or that joint control exists. Changes to contractual arrangements or facts and circumstances are monitored and are evaluated to determine whether they have a potential impact on the assessment as to whether the Group is exercising control over its investment.

iii) Useful life and residual value of property, plant and equipment and intangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on internal technical evaluation. Assumptions are also made, when the Group assesses, whether an asset may be capitalised and which components of the cost of the asset may be capitalised.

The estimation of residual value of assets is based on management's judgment about the condition of such asset at the point of sale of asset.

iv) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

v) Share based Payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which depends on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For the measurement of the fair value of equity-settled transactions with employees at the grant date, the Group uses Black-Scholes model. The assumptions used for estimating fair value for share-based payment transactions are disclosed in Note 40.

vi) Fair value measurement of financial instruments

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgment is required in establishing fair values. Changes in assumptions relating to these assumptions could affect the fair value of financial instruments.

f) Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of Cash Flows'. These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of Cash Flows'. The amendments are applicable to the Group from April 1, 2017. The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Group is currently evaluating the effect of the above amendments.

g) Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Significant Accounting Policies

a) Basis of Consolidation

i) Business combination

- The Group accounts for each business combination (other than common control transactions) by applying the acquisition method. The acquisition date is the date on which control is transferred to the acquirer. Judgment is applied in determining the acquisition date and determining whether control is transferred from one party to another.
- The Group measures goodwill as of the applicable acquisition date at the fair value of the consideration transferred, including the recognised amount of any non-controlling interest in the acquiree, less the net recognised amount (measured at fair value) of the identifiable assets acquired and liabilities (including contingent liabilities in case such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably) assumed. When the fair value of the net identifiable assets acquired and liabilities assumed exceeds the consideration transferred, a bargain purchase gain is recognised as capital reserve.
- Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Group to the previous owners of the acquiree, and equity interests issued by the Group. Consideration transferred also includes the fair value of any contingent consideration. Consideration transferred does not include amounts related to settlement of pre-existing relationships.
- Transaction costs that the Group incurs in connection with a business combination are expensed as incurred.
- On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

- Put options issued to non-controlling interests are recognised as a liability and the subsequent changes in the put option are recognised directly in reserves.
- Acquisitions of non-controlling interests are accounted for as transactions with equity holders in their capacity as equity holders. The difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity.
- Common control transactions are accounted for based on pooling of interests method where the assets and liabilities of the acquiree are recorded at their existing carrying values, the identity of reserves of the acquiree is preserved and the difference between consideration and the face value of the share capital of the acquiree is adjusted with capital reserves.

The financial information in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements irrespective of the actual date of the combination.

ii) Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Group is exposed to, or has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases. For the purpose of preparing these consolidated financial statements, the accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Group.

Upon loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in the consolidated statement of Profit & Loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost and the differential is recognised in Statement of profit or loss. Subsequently, it is accounted for as an equity-accounted investee depending on the level of influence retained.

iii) Associates and jointly controlled entities (equity accounted investees)

Associates are those entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the entities but is not control or joint control of those policies. Significant influence is presumed to exist when the Group holds between 20% and 50% of the voting power of another entity.

Joint arrangements are those arrangements over which the Group has joint control, established by contractual agreement and requiring unanimous consent for strategic financial and operating decisions. Investments in associates and jointly controlled entities are accounted for using the equity method (equity accounted investees) and are initially recognised at cost. The carrying value of the Group's investment includes goodwill identified on acquisition, net of any accumulated impairment losses. The Group does not consolidate entities where the non-controlling interest ("NCI") holders have certain significant participating rights that provide for effective involvement in significant decisions in the ordinary course of business of such entities. Investments in such entities are accounted by the equity method of accounting. When the Group's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest (including any long-term investments) is reduced to zero and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

iv) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in full while preparing these consolidated financial statements. Unrealised gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee.

v) Acquisition of non-controlling interests

Acquisition of some or all of the non-controlling interest ("NCI") is accounted for as a transaction with equity holders in their capacity as equity holders. Consequently, the difference arising between the fair value of the purchase consideration paid and the carrying value of the NCI is recorded as an adjustment to retained earnings that is attributable to the parent company. The associated cash flows are classified as financing activities. No goodwill is recognised as a result of such transactions.

b) Property, Plant and Equipment & Depreciation

i) Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, Plant and Equipment are derecognised from financial statement, either on disposal or when no economic benefits are expected from its use or disposal. The gain or loss arising from disposal of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment recognised in the statement of profit and loss account in the year of occurrence.

ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

iii) Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on Property, Plant and Equipment of the Group has been provided as per the written down value method as per the useful lives of the respective item of Property, Plant and Equipment.

Assets costing less than INR 5,000/- are depreciated at 100% in the year of acquisition.

Assets acquired on lease and leasehold improvements are depreciated over the period of the lease on straight line basis.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

c) Intangible Assets

i) Recognition and Measurement:

Items of Intangible Assets are measured at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible assets comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

ii) Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

iii) Amortisation

Intangible assets are amortised over their estimated useful life on Straight Line Method.

Trademark is amortised over a period of 20 years.

Intangible Assets (other than trademark) are amortised over a period of six years.

d) Impairment of Non Financial Assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Consolidated Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

Goodwill on business combinations is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of Profit and Loss, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

e) Foreign currency transactions/translations

Transactions in foreign currencies are translated to the respective functional currencies of entities within the Group at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at that date.

Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in the consolidated income statement in the period in which they arise.

In case of foreign operations whose functional currency is different from the parent company's functional currency, the assets and liabilities of such foreign operations, including goodwill and fair value adjustments arising upon acquisition, are translated to the reporting currency at exchange rates at the reporting date. The income and expenses of such foreign operations are translated to the reporting currency at the average exchange rates prevailing during the year. Resulting foreign currency differences are recognised in other comprehensive income/ (loss) and presented within equity as part of FCTR. When a foreign operation is disposed of, in part or in full, the relevant amount in the FCTR is transferred to the consolidated income statement.

f) Financial instruments

i) Financial Assets

i) Classification

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

ii) Initial recognition and measurement

The Group recognises financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

iii) Subsequent measurement

For the purpose of subsequent measurement, the financial assets are classified in three categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through profit or loss
- Equity investments

iv) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Debt instruments at Fair Value through Profit or Loss

Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

v) Equity investments

All equity investments other than investment in subsidiaries, joint venture and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

vi) Derecognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- the Group has transferred substantially all the risks and rewards of the asset, or
- the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

vii) Impairment of financial assets

The Group applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

II Financial Liabilities

i) Classification

The Group classifies all financial liabilities as subsequently measured at amortised cost.

ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

iii) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to loans and borrowings.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

iv) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

v) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

III. Share Capital

i) Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares, are recognised as a deduction from equity.

ii) Treasury shares

The group has created an Employee Stock Options Trust (ESOP) for providing share-based payment to its employees. The group uses ESOP as a vehicle for distributing shares to employees under the employee remuneration schemes. The ESOP buys shares of the company from the market, for giving shares to employees. The group treats ESOP as its extension and shares held by ESOP are treated as treasury shares.

Treasury shares are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in capital reserve. Share options exercised during the reporting period are deducted from treasury shares.

g) Inventories

Inventories comprising of completed flats and construction Work-in-Progress are valued at lower of cost or net realisable value.

Construction Work in Progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Group.

h) Revenue Recognition

The Group is following the "Percentage of Completion Method" of accounting. As per this method, revenue from sale of properties is recognised in Statement of Profit & Loss in proportion to the actual cost incurred as against the total estimated cost of projects under execution with the Group on transfer of significant risk and rewards to the buyer.

In accordance with the "Guidance Note on Accounting for Real Estate Transactions" (for entities to whom Ind AS is applicable), construction revenue on such projects, measured at the fair value (i.e. adjusted for discounts, incentives, time value of money adjustments etc.), have been recognised on percentage of completion method provided the following thresholds have been met:

- i) All critical approvals necessary for the commencement of the project have been obtained;
- ii) The expenditure incurred on construction and development costs is not less than 25 per cent of the total estimated construction and development costs;
- iii) At least 25 percent of the saleable project area is secured by contracts or agreements with buyers; and

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

- iv) At least 10 percent of the contract consideration is realised at the reporting date in respect of such contracts and it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentages of completion, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the financial statements for the period in which such changes are determined. Revenue from projects is recognised net of revenue attributable to the land owners. Losses, if any, are fully provided for immediately.

The Group has been entering into Development & Project Management agreements with land-owners. Accounting for income from such projects, measured at fair value, is done on accrual basis as per the terms of the agreement.

Group receives maintenance amount from the customers and utilises the same towards the maintenance of the respective projects. Revenue is recognised to the extent of maintenance expenses incurred by the Group towards maintenance of respective projects. Balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

Interest income is accounted on an accrual basis at effective interest rate.

Dividend income including share of profit in LLP is recognised when the right to receive the same is established.

i) Income tax

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in equity or in OCI.

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- has a legally enforceable right to set off the recognised amounts; and
- Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes (including those arising from consolidation adjustments such as unrealised profit on inventory etc.).

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Deferred tax assets and liabilities are offset only if:

- the Group has a legally enforceable right to set off current tax assets against current tax liabilities; and
- The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

j) Employee Benefits

i) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided.

Defined benefit plans

The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method.

Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognised immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognised in Consolidated Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Consolidated Statement of Profit and Loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

ii) Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Re-measurement are recognised in Consolidated Statement of Profit and Loss in the period in which they arise.

k) Share-based payment transactions

Employees Stock Options Plans ("ESOPs") and Employee Stock Grant Scheme ("ESGS"): The grant date fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the options. The expense is recorded for each separately vesting portion of the award as if the award was, in substance, multiple awards. The increase in equity recognised in connection with share based payment transaction is presented as a separate component in equity under "Employee stock grant scheme reserve". The amount recognised as an expense is adjusted to reflect the actual number of stock options that vest.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

l) Leases

i) Finance Lease

Agreements are classified as finance leases, if substantially all the risks and rewards incidental to ownership of the leased asset is transferred to the lessee.

ii) Operating Lease

Agreements which are not classified as finance leases are considered as operating lease.

Operating lease payments/income are recognised as an expense/income in the statement of profit or loss on a straight line basis over the lease term.

m) Borrowing Cost

Borrowing costs are interest and other costs that the Group incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the projects upto the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period which they are incurred.

n) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

o) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

p) Provisions and Contingent Liabilities

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed in the Notes. Contingent liabilities are disclosed for

- i) possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- ii) present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised in the Consolidated Financial Statements.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

r) Transition to Ind AS

As stated in Note b, the Group's consolidated financial statements for the year ended March 31, 2017 are the first annual consolidated financial statements prepared in compliance with Ind AS.

The adoption of Ind AS was carried out in accordance with Ind AS 101, using April 1, 2015 as the transition date. Ind AS 101 requires that all Ind AS standards that are effective for the first Ind AS Consolidated Financial Statements for the year ended March 31, 2017, be applied consistently and retrospectively for all fiscal years presented.

All applicable Ind AS have been applied consistently and retrospectively wherever required. The resulting difference between the carrying amounts of the assets and liabilities in the consolidated financial statements under both Ind AS and Previous GAAP as of the Transition Date have been recognised directly in equity at the Transition Date.

In preparing these consolidated financial statements, the Group has availed certain exemptions and exceptions in accordance with Ind AS 101 as explained below:

i) Exemptions from retrospective application:

- Business combination exemption: The Group has applied the exemption as provided in Ind AS 101 on non-application of Ind AS 103, "Business Combinations" to business combinations consummated prior to the date of transition (April 1, 2015). Pursuant to this exemption, goodwill arising from business combination has been stated at the carrying amount under Previous GAAP.
- Share-based payment exemption: The Group has elected to apply the share based payment exemption available under Ind AS 101 on application of Ind AS 102, "Share Based Payment", to grants which remain unvested on April 1, 2015.
- Property, plant and equipment and intangibles exemption: The Group has elected to apply the exemption available under Ind AS 101 to continue the carrying value for all of its property, plant and equipment, investment properties and intangibles as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (April 1, 2015).
- The following requirements of Ind AS 110 are applied prospectively from the date of transition to Ind AS (provided that Ind AS 103 is not applied retrospectively to past business combinations):
 - To attribute total comprehensive income to non-controlling interests irrespective of whether this results in a deficit balance
 - To treat changes in a parents ownership interest as equity transactions
 - To apply Ind AS 110 to loss of control of a subsidiary

ii) Reconciliations: The following reconciliations provide a quantification of the effect of significant differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101:

- equity as at April 1, 2015;
- as at March 31, 2016;
- total comprehensive income for the year ended March 31, 2016; and
- cash flow statement as on March 31, 2016.

b) Measurement of Fair Value

The Company uses the Discounted cash flow valuation techniques (in relation to Fair Value of Assets measured at amortised cost) which involves determination of present value of expected receipt/payment discounted using appropriate discounting rates. The fair value so determined are classified as Level 2.

INR 0.00 represents amount less than INR 50,000

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

c) Risk Management Framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board of Directors has established the Risk Management Committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Audit Committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

d) Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit Risk
- (ii) Liquidity Risk and
- (iii) Market Risk.

(i) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers, investments in debt securities, loans given to related parties and project deposits.

The carrying amount of financial assets represents the maximum credit exposure.

Trade Receivables

Customer credit risk is managed by requiring customers to pay advances through progress billings before transfer of ownership, therefore, substantially eliminating the credit risk in this respect.

The credit risk with regard to trade receivable has a high degree of risk diversification, due to the large number of projects of varying sizes and types with numerous different customer categories in a large number of geographical markets.

Based on prior experience and an assessment of the current economic environment, management believes there is no credit risk provision required. Also the Group does not have any significant concentration of credit risk.

The ageing of trade receivables are as follows:

Particulars	INR (in Crore)		
	March 31, 2017	March 31, 2016	April 1, 2015
More than 6 Months	108.47	107.07	88.61
Others	113.35	64.81	90.49
	221.82	171.88	179.10

The amounts reflected in the table above are not impaired as on the reporting date.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

Investment in Debt Securities, Loans to Related Parties and Project Deposits

The Group has investments in compulsorily convertible debentures / optionally convertible debentures, loans to related parties and project deposits. The settlement of such instruments is linked to the completion of the respective underlying projects. Such Financial Assets are not impaired as on the reporting date.

Cash and Bank balances

Credit risk from Cash and Bank bank balances is managed by the Company's treasury department in accordance with the Company's policy.

(ii) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Management monitors rolling forecasts of the Group's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Group has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other Debt instrument. The Group invests its surplus funds in bank fixed deposits and debt based mutual funds.

(iii) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rate and interest rates – will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

a) Currency Risk

Currency risk is not material, as the Group's primary business activities are within India and does not have significant exposure in foreign currency.

b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Group's interest rate position. Various variables are considered by the management in structuring the Group's borrowings to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

The interest rate profile of the Group's interest bearing financial instruments as reported to the management of the Company is as follows.

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit/loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Group by the amounts indicated in the table below. Given that the Group capitalises interest to the cost of inventory to the extent permissible, the amounts indicated below may have an impact on reported profits over the life cycle of projects to which such interest is capitalised. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

Note

(a) Consolidation

Under Ind AS, classification of subsidiary for consolidation is based on control and not just shareholding which has resulted in certain subsidiaries being classified as joint ventures. Further under Indian GAAP, joint ventures were consolidated with reference to the proportionate consolidation method.

Based on the principles of Ind AS, these joint ventures have been consolidated with reference to the equity method of accounting whereby only GPL's share of profit & loss in such entities will be directly credited to Statement of Profit & Loss account instead of line by line / proportionate consolidation. Further due to equity method of accounting, interest has been grossed up on the JV projects. Interest income has been classified under other income and corresponding interest expenses have been included as part of finance cost.

(b) Obligation to acquire Non Controlling interest in a subsidiary

The Company has granted put option to non controlling interest in its subsidiary, which gives the investor a right to sell their interests at guaranteed return to the Company. On transition to Ind AS, such put option has been classified as a financial liability payable to the investor and is re-measured at each reporting date and difference is adjusted in equity.

(c) Inventories

The Group has undertaken a detailed exercise to determine the manner of expense allocation to inventory in context of the requirements of Ind AS and accordingly have realigned allocation of expenses to project inventory. Further, acquisition of stake in a subsidiary has been classified as an asset acquisition and consequently the Goodwill as per Indian GAAP (representing cost of land) has been reclassified to project inventory.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

(d) Proposed Dividend

Proposed dividend recognised under Indian GAAP has been derecognised under Ind AS. Under Ind AS dividend on equity shares is recognised on receipt of approval from the relevant Authority.

(e) Employee Benefits

Under Ind AS, the ESOP Trust is consolidated in the Company's Separate Financial Statements as the ESOP Trust was established by the Company for the administration of Employee Stock Option Plan of the Company. The Trust is merely acting as a Branch of the Company.

(f) Financial instrument

Under Indian GAAP, investments in mutual funds were measured at lower of cost or market value while under Ind AS, such investments are required to be measured at fair value with the resultant gain or loss being recognised in profit or loss. Under Ind AS, investments in debentures and other debt instruments are required to be measured at amortised cost with interest income determined with reference to the effective interest rate.

(g) Deferred Taxes

Under Ind AS, deferred tax on account of fair value adjustment in relation to past schemes of amalgamation and on other Ind AS differences has been appropriately recognised.

(h) Bank Overdrafts

The Group has availed bank overdrafts repayable on demand. Under Ind AS, bank overdrafts repayable on demand which form an integral part of the cash management process are included in cash and cash equivalents for the purpose of presentation of cash flows. Under Indian GAAP, bank overdrafts used to be considered as part of borrowings and movement in bank overdrafts were shown as part of financing activities.

During the e-voting period, Members of the Company, holding shares either in physical form or in dematerialized form, as on Cut off date, may cast their vote electronically. A person who is not a Member as on the Cut off date should treat this Notice for information purpose only. The remote evoting module shall be disabled for voting thereafter. Once the vote on a resolution is cast by the Members, the Members shall not be allowed to change it subsequently.
- (ii) In case of any query/ grievance pertaining to remote e-voting, please visit Help & FAQ's and e-voting user manual available to the download section available at the Karvy's website <https://evoting.karvy.com> or contact details of Karvy at toll free no. 1800-3454-001 or email at evoting@karvy.com.
- (iii) The voting rights of the Members shall be in proportion to the paid-up value of their shares in the equity capital of the Company as on Cut off date.
- (iv) The Board of Directors ("Board") has appointed Mr. Ashish Kumar Jain, of M/s A K Jain & Co, Practicing Company Secretaries, as the Scrutinizer to scrutinize that the remote e-voting process and voting at the meeting is conducted in a fair and transparent manner.
- (v) The Scrutinizer shall within a period not exceeding three (3) days from the conclusion of the e-voting period unblock the votes in the presence of at least two (2) witnesses not in the employment of the Company and shall make a Scrutinizer's Report of the votes cast in favour or against, if any, and forward it to the Chairman of the Company.
- (vi) In case of Members who are entitled to vote but have not exercised their right to vote by electronic means, the Chairman will offer an opportunity to such Members to vote at the Meeting for all businesses specified in the accompanying Notice. For abundant clarity, please note that the Members who have exercised their right to vote by electronic means may attend the AGM but shall not be entitled vote at the Meeting. A Member can opt for only single mode of voting i.e. either through remote e-voting or voting at the AGM. If a Member casts votes by both modes, then voting done through e-voting shall prevail and Ballot shall be treated as invalid.

NOTICE

- (vii) The Results of remote e-voting and poll voting at the meeting on resolutions shall be aggregated and declared on or after the AGM of the Company and the resolutions will be deemed to be passed on the AGM date subject to receipt of the requisite numbers of votes in favour of the Resolutions.
- (viii) The Results declared along with the Scrutinizer's Report(s) will be available on the website of the Company (www.godrejproperties.com) and on Karvy's website (<https://evoting.karvy.com>) immediately after the declaration of the results and the same will be communicated to the BSE Limited and the National Stock Exchange of India Limited.

18. Route map showing directions to reach venue of the AGM is given at the end of the Annual Report.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 3

The Members of the Company at the 29th Annual General Meeting had appointed Kalyaniwalla & Mistry LLP, Chartered Accountants, (Firm Registration no.: 104607W) as the Statutory as well as Tax Auditors of the Company, to hold office from the conclusion of 29th Annual General Meeting of the Company until the conclusion of the 32nd Annual General Meeting.

As per the provisions of the Companies Act, 2013 ("the Act"), no listed company shall appoint an audit firm as auditors for more than two terms of five consecutive years. The Act also provided for additional transition period of three years from the commencement of the Act i.e. 1st April, 2014. Accordingly, the term of the present Auditors, Kalyaniwalla & Mistry LLP expires at the conclusion of the forthcoming Annual General Meeting.

For the purpose of appointment of new Auditors, the Audit Committee after considering the back-ground of various firms e.g. experience, partner and staff strength etc., recommended BSR & Co. LLP, Chartered Accountants, Firm Registration No. 101248W/W-100022, Mumbai as the Company's new Statutory Auditor.

BSR & Co. was constituted on 27 March 1990 having firm registration no. 101248W. It was converted into a Limited Liability Partnership i.e. BSR & Co. LLP on 14 October 2013 with firm registration no. 101248W/W-100022. The registered office of BSR & Co. LLP is at 5th Floor, Lodha Excelus, Apollo Mills Compound, N. M. Joshi Marg, Mahalaxmi, Mumbai, Maharashtra - 400 011 .

BSR & Co. LLP is a member entity of BSR & Associates, a network registered with the Institute of Chartered Accountants of India. The other entities which are part of the BSR & Associates network include BSR & Associates LLP, BSR & Company, BSR and Co, BSR and Associates, BSR and Company, BSRR & Co, BSSR & Co and BBSR & Co.

BSR & Co. LLP is registered in Mumbai, Gurgaon, Bangalore, Kolkata, Hyderabad, Pune, Chennai, Chandigarh, Ahmedabad, Vadodara, Noida and Kochi.

The Board of Directors based on the recommendation of the Audit Committee recommends the appointment of the BSR & Co. LLP, Chartered Accountants, Firm Registration No. 101248W/W-100022, Mumbai as the Statutory Auditors of the Company to the Members for their approval. If approved by the Members, the appointment of BSR & Co. LLP, Chartered Accountants as a Statutory Auditor will be for a period of five years commencing from the conclusion of Thirty Second Annual General Meeting till the conclusion of the Thirty Seventh Annual General Meeting (subject to ratification of the appointment by Members at every Annual General Meeting held after this Annual General Meeting).

BSR & Co. LLP, Chartered Accountants have confirmed that their appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act and that they are not disqualified to be appointed as statutory auditor in terms of the provisions of Section 139(1), Section 141(2) and Section 141(3) of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014. The Board of Directors recommend the Resolution at Item No. 3 of the Notice for your approval.

None of the Directors, Key Managerial Personnel and other relatives are concerned or interested in the Resolution at Item No. 3 of the Notice.

ITEM NO. 4

The Members at the Annual General Meeting held on July 28, 2012 had appointed Mr. Pirojsha Godrej as the Managing Director & Chief Executive Officer (MD & CEO) of the Company for a period of three years with effect from April 1, 2012.

The Board of the Company at its meeting held on January 27, 2015, and the Members of the Company at the Annual General Meeting of the Company held on August 04, 2015 approved the re-appointment of Mr. Pirojsha Godrej as MD & CEO of the Company, for a further period of three years with effect from April 01, 2015.

Mr. Adi. B. Godrej had step down from the Chairmanship of the Board with effect from April 01, 2017 and consequently, the Board of Directors of the Company has decided that Mr. Pirojsha Godrej after a successful stint as Managing Director & CEO shall move away from the routine day to day operations in order to focus on the long term future goals of the Company, while at the same time continuing to retain some critical

portfolios. Accordingly, the Board of Directors at its meeting held on February 02, 2017, based on the recommendation of Nomination & Remuneration Committee, had re-designated Mr. Pirojsha Godrej as Executive Chairman of the Company with effect from April 01, 2017 till the end of the tenure of his appointment as an Executive Director viz. March 31, 2018.

In addition the Board of Directors at its meeting held on May 04, 2017, revised the remuneration payable to Mr. Pirojsha Godrej with effect from April 01, 2017, subject to the approval of the Members of the Company.

Accordingly, the approval of the Members of the Company is sought to confirm and ratify the re-designation of Mr. Pirojsha Godrej as Executive Chairman and approve the revision in the terms & conditions of the remuneration payable to Mr. Pirojsha Godrej as mentioned in the Resolution at item no. 4 of this notice, with effect from April 1, 2017.

Nature of concern or interest of Directors:

None of the directors and/or key managerial personnel of your Company and their relatives, except Mr. Pirojsha Godrej, are concerned or interested, financially or otherwise, in the above Resolution.

The Board recommends the passing of the Resolution set out at Item No. 4 of this Notice.

ITEM NO. 5

The Board of the Company at its meeting held on February 11, 2015 and the Members of the Company at Annual General Meeting held on August 04, 2015 appointed Mr. Mohit Malhotra as an Executive Director of the Company for a period of three years with effect from April 01, 2015.

Mr. Mohit Malhotra has played a key role in the growth of the Company's business and has substantially contributed in taking the Organization to the current position. He has been instrumental in the acquisition of quality projects added over the past few years resulting in accelerated pace of growth and optimization of stakeholders' return. Keeping in view the additional roles and responsibilities and considering the performance of Mr. Mohit Malhotra, the Board at its meeting held on February 02, 2017, based on the recommendation of Nomination & Remuneration Committee, re-designated Mr. Mohit Malhotra as Managing Director & Chief Executive Officer of the Company with effect from April 01, 2017 for the remaining period of his tenure up to March 31, 2018.

In addition to the above, the Board at its meeting held on May 04, 2017, revised the remuneration payable to Mr. Mohit Malhotra with effect from April 01, 2017, subject to the approval of the Members of the Company.

Accordingly, the approval of the Members of the Company is sought to confirm and ratify the re-designation of Mr. Mohit Malhotra as Managing Director & Chief Executive Officer of the Company and approve the revision in the remuneration payable to Mr. Mohit Malhotra as Managing Director & Chief Executive Officer as mentioned in the Resolution at item no. 5 of this notice, with effect from April 01, 2017.

Nature of concern or interest of Directors:

None of the directors and/or key managerial personnel of your Company and their relatives, except Mr. Mohit Malhotra, are concerned or interested, financially or otherwise, in the above Resolution.

The Board recommends the passing of the Resolution set out at item no. 5 of this Notice.

ITEM NO. 6

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. R. Nanabhoy & Co., Cost Accountants, as Cost Auditors to conduct the audit of the cost records of the Company for the financial year 2017-18. In accordance with the provisions of Section 148 of the companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for passing Ordinary Resolution as set out at Item No. 6 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year 2017-18.

Nature of concern or interest of Directors:

None of the directors and/or key managerial personnel of your Company and their relatives are concerned or interested, financially or otherwise, in the above Resolutions.

ITEM NOS. 7 and 8

The Members of the Company had on June 19, 2014 by way of special resolutions passed through Postal Ballot had accorded its approval under Section 180(1)(a) and 180(1)(c) of the Companies Act, 2013 for borrowing of sums by the Company upto a limit not exceeding ₹ 22,50,00,00,000 (Rupees Two Thousand Two Hundred and Fifty Crores only) and to create securities for such borrowings by creation of mortgage, charge and/or hypothecation on movable and immovable assets of the Company.

NOTICE

Taking into account the business operations and future growth plans of the Company and to cater to the working capital needs, it is proposed to enhance the borrowing limits from ₹ 2,250 Crore to ₹ 2,750 Crore, notwithstanding that the monies to be borrowed by the Company together with monies already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) and remaining outstanding at any point of time will exceed the Company's paid up share capital and free reserves, that is to say, reserves not set apart for any specific purpose. The total amount up to which monies may be so borrowed by the Board and which shall remain outstanding at any given point of time shall not exceed the sum of ₹ 27,50,00,00,000 (Rupees Two Thousand Seven Hundred and Fifty Crores only). It is also proposed to create security for the borrowings by way of suitable mortgage, hypothecation or charge on all or any of the movable and/or immovable properties of the Company.

Nature of concern or interest of Directors:

None of the directors and/or key managerial personnel of your Company and their relatives, are concerned or interested, financially or otherwise, in the above Resolution.

Accordingly, the Board of Directors of your Company recommends the passing of resolutions as set out at Item Nos. 7 & 8 as the Special Resolutions.

ITEM NO.9

In order to finance, inter alia, the ongoing capital expenditure, acquisition of land, construction of the ongoing and/or forthcoming projects as also for repayment/ pre-payment, in full or part, of certain loans availed by Godrej Properties and certain subsidiaries, refinancing of part of the existing loans in order to reduce interest costs and for general corporate purposes, the Company proposes to borrow funds by issue of Secured/ Unsecured Redeemable Non-Convertible Debentures / Bonds ("NCDs"), in one or more tranches/ series on private placement basis.

The Board of Directors in its meeting held on May 04, 2017 has proposed to seek approval of Members to issue NCDs aggregating upto ₹ 500 Crore (Rupees Five Hundred Crore only) in one or more tranches, on private placement basis to the eligible investors as may be identified by the Board of Directors of the Company.

In terms of Sections 42 and 71 of the Companies Act, 2013 and Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, as amended, a Company shall not make a private placement of its securities unless the proposed offer of securities or invitation to subscribe to the securities has been previously approved by the Members of the Company by a Special Resolution. In case of an offer or invitation to subscribe to non-convertible debentures on private placement, the Company can obtain previous approval of its shareholders by means of a Special Resolution once a year for all the offers or invitations for such non-convertible debentures during the year.

Accordingly, the approval of the Members of the Company is sought to approve raising of funds by issue of NCDs, aggregating upto ₹ 500 Crore (Rupees Five Hundred Crore only) as mentioned in the Resolution at Item No.9 of this Notice which will be within the overall borrowing limits as approved by the Members of the Company.

Nature of concern or interest of Directors:

None of the directors and/or key managerial personnel of your Company and their relatives, are concerned or interested, financially or otherwise, in the above Resolution.

The Board recommends the passing of the Resolution set out at Item No. 9 of this Notice.
