- ▶ EBITDA/ton decreased by 3% to Rs.3302 in 9MFY26 vs. Rs.3387 in 9MFY25.

Commenting on the performance,

**Mr. Ajay Kumar Bansal,**

Chairman and Managing Director, Hi-Tech Pipes Ltd. Said, “

During the quarter, the Company delivered its highest-ever quarterly performance, with revenues growing 41% year-on-year to Rs.1,070 crore and volumes reaching a record 135,067 tonnes. While EBITDA improved modestly, profitability was impacted by softer HRC prices, leading to a temporary decline in PAT. Despite we remain focused on strengthening operating leverage and improving margins. I am pleased to note the commencement of commercial production at our Sanand Unit–2 Phase II and the Jammu (Kathua) facility, with Sikandrabad expected to follow shortly, significantly enhancing our scale and product mix. With installed capacity nearing 1 million tonnes and demand supported by infrastructure, renewable energy projects, and export opportunities, the Company is well positioned for sustained long-term growth.
