## ANNEXURE TO THE NOTICE

## EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013

## ITEM NO. 3 :

The current tenure of Mr. Chetan Mehra (DIN: 00022021) as the Managing Director of the Company is due to expire on November 30, 2026. The Board of Directors at its meeting held on May 28, 2026, upon the recommendation of the Nomination and Remuneration Committee (NRC) and subject to the approval of the shareholders at the ensuing Annual General Meeting, approved his re-appointment for a further period of three (3) consecutive years effective from December 1, 2026, up to November 30, 2029.

Mr. Chetan Mehra has been instrumental in navigating the company through challenging macroeconomic conditions in the renewable energy sector. Considering his extensive leadership experience of nearly four decades, heightened responsibilities, and the prevailing market benchmarks for executive personnel in the industry, the NRC and the Board deem it just, equitable, and in the best interest of the Company to increase his fixed salary from Rs. 26,00,000/- per annum to Rs. 50,00,000/- per annum, effective from August 1, 2026 and continuing into his ensuing re-appointment term.

Given the capital-intensive and cyclical nature of the wind power sector, the Company's net profits calculated under Section 198 may occasionally be inadequate to absorb this increase within standard statutory thresholds. Therefore, as a matter of abundant regulatory caution and to ensure uninterrupted strategic leadership, approval is being sought via Special Resolution to protect and pay this revised remuneration as Minimum Remuneration in strict compliance with Part II, Section II of Schedule V to the Companies Act, 2013.

## STATEMENT CONTAINING INFORMATION REQUIRED UNDER SCHEDULE V OF THE COMPANIES ACT, 2013

## I. GENERAL INFORMATION

1. **Information about the Industry:** Karma Energy Limited is primarily engaged in the generation of green power from renewable energy sources, specifically wind and solar energy infrastructure projects.
2. **Date or expected date of commencement of commercial production:** The Company is an established operational utility entity; commercial production and power generation commenced several years ago.
3. **In case of new companies, expected date of commencement of activities as per project approved by financial institutions appearing in the prospectus:** Not Applicable.
4. **Financial performance based on given indicators:**
  - o Total Revenue (FY 2025-26): Rs. 1305.36 Lakh
  - o Net Profit / Loss after Tax (FY 2025-26): Rs. 104.93 Lakh
5. **Foreign investments or collaborations, if any:** The Company does not maintain any direct major foreign joint ventures or institutional collaborations, outside of minor foreign portfolio investments held within standard regulatory limits.

## II. INFORMATION ABOUT THE APPOINTEE MANAGING DIRECTOR - MR. CHETAN MEHRA

1. **Background details:** Mr. Chetan Mehra is a seasoned serial entrepreneur and a core promoter of the Weizmann Group. He possesses exceptional multi-disciplinary exposure spanning over 39 years across textile manufacturing, financial services, housing finance, and renewable asset development.
2. **Past remuneration:** Rs. 26,00,000/- per annum (plus standard perquisites and statutory retires).
3. **Recognition or awards:** Highly regarded within the green energy domain for being an early-mover and pioneering private sector wind farm integration in India.

## 19<sup>th</sup> Annual Report 2025-26

4. **Job profile and his suitability:** As Managing Director, he commands the overall strategic vision, project execution, asset management, and corporate compliances of the Company. His profound familiarity with the asset footprint of Karma Energy makes him uniquely positioned to lead the company's next phase of growth.
5. **Remuneration proposed:** Fixed annual salary of Rs. 50,00,000/- (Rupees Fifty Lakh only) together with standard perquisites, allowances, and statutory retiral components as detailed in the body of the resolution.
6. **Comparative remuneration profile with respect to industry, size of the company, profile of the position and person:** The proposed fixed structure of Rs. 50.00 Lakh per annum is highly conservative and trends far below the average compensation matrices paid to executive directors and chief executives within listed micro/mid-cap infrastructure companies in India.
7. **Pecuniary relationship directly or indirectly with the company, or relationship with the managerial personnel, if any:** Apart from the direct managerial remuneration being sought and his fractional shareholding as a member of the promoter group, Mr. Chetan Mehra does not have any conflicting material pecuniary relationships with the Company.

### III. OTHER INFORMATION

1. **Reasons of loss or inadequate profits:** The renewable power generation business remains intensely subject to environmental variables (wind velocity, grid breakdown, and seasonal yield variations) coupled with historic low-tariff power purchase agreements (PPAs) that restrict aggressive top-line expansions.
2. **Steps taken or proposed to be taken for improvement:** The Company is actively implementing rigorous plant-level cost-containment programs, enhancing preventative maintenance timelines to increase turbine uptime, and evaluating strategic capital allocations to flatten cash flow volatility.
3. **Expected increase in productivity and profits in measurable terms:** These operational enhancements and strict over-head cost controls are aimed at strengthening operational EBITDA margins and stabilizing net earnings over the upcoming 24 to 36 months.

### IV. DISCLOSURES

The structural details concerning components of remuneration, performance incentives, stock options, and tenure notices are set forth comprehensively in the Corporate Governance Report attached to the Board's Report for the financial year ended March 31, 2026.

#### INTEREST OF DIRECTORS AND KEY MANAGERIAL PERSONNEL

Except Mr. Chetan Mehra himself, none of the other Directors, Key Managerial Personnel (KMPs) of the Company, or their immediate relatives are deemed to be concerned, interested, or financially conflicted in the passing of this Special Resolution.

The Board of Directors strongly recommends the resolution set out at Item No. 3 for shareholder approval via Special Resolution.

By Order of the Board

Place : Mumbai

Date : 28<sup>th</sup> May, 2026

## 19<sup>th</sup> Annual Report 2025-26

### Non Compliance / Strictures / Penalties Imposed

- A. The Company has received notice from NSE on 21st November, 2024 for non-compliance of Regulation 17(1), 18(1) and 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 30th September, 2024 and levied a penalty of Rs. 422440/- and another notice from NSE on 17th March, 2025 for non-compliance of Regulation 17(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 31st December, 2024 and levied a penalty of Rs.141600/- which has since been paid.
- B. SEBI had issued a SCN on 05.11.2024 on the following matters
- Not taking prior approval of Shareholders before entering in to a related party transaction, the value of which is exceeding 10% of the Annual Turnover as per last Audited Accounts during April – September 2023.
  - Having not updated the Related Party Policy pursuant to amendments made in SEBI Listing Regulations.

The Company had replied in details admitting the slippage but was never intentional and had also obtained post facto approval of Shareholders who approved the transaction with overwhelming majority of 99.97%.

Adjudication was held on 03.12.2024 where the Company indicated their intention for pursuing Settlement process.

Post hearing, SEBI informed that they have worked out the settlement penalty at Rs.29.25 lakh.

The Company on 14.01.2025 offered a Settlement amount of Rs.7.80 Lakh based on SEBI Settlement Regulation and Calculator considering the parameters as applicable to the two matters where deviation from Listing Regulations was observed and SCN issued. However SEBI rejected the representation on 27.02.2025 and stated that they ignore merits in deciding penalty on settlement.

The Company made a fresh representation to the Adjudication officer in SEBI to reduce the Penalty amount considering the fact that Settlement Commission does not go into the merits of the matter while determining the settlement amount.

A hearing concluded on 13.05.2025 and order was issued on 10<sup>th</sup> July, 2025 imposing a penalty of Rs.2.00 Lakh on the company which the company had promptly remitted.

- C. The Company has received notice from BSE on 6<sup>th</sup> April, 2026 for non-compliance of Regulation 17(1), of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 30th September, 2024 and levied a penalty of Rs. 365800/- and for non-compliance of Regulation 17(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for the quarter ended 31st December, 2024 and levied a penalty of Rs.141600/- which has since been paid.

### KARMA ENERGY LIMITED

#### MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT

## BUSINESS REVIEW

### General Economy

The conflict in West Asia has caused acute disruption of global supply chains. This has posed a big challenge for the global economy – higher prices and lower global growth. Merchant Shipping has been severely impaired. In this environment, monetary policy in every country faces a difficult trade-off and more so for India as it is highly dependent on crude oil imports and has also had the adverse effect on exports through sea. This has necessitated anchoring inflation expectations through policy tightening while reducing its impact on growth forgone. Also, equity valuations stand corrected. In the scenario of the turmoil in global financial markets, the US dollar has rallied well against most global currencies.

Despite the gloomy global scenario, on the domestic front, the Indian economy remained resilient in 2025-26. Real GDP is estimated to grow by 7.6 per cent on year to year, as per the Estimates of the new GDP series (base year 2022-23). Private consumption and fixed investment contributed significantly to overall growth, while net external demand remained softened. On the supply side, estimated real GVA growth of 7.7 per cent was driven by buoyant services sector and robust manufacturing activity.

In the above environment, the Government's focus on scaling up domestic manufacturing in several strategic and frontier sectors announced in the Union Budget 2026-27, GST rationalization, promises well for India's maintaining the growth trajectory. Taking all these factors into consideration and on the assumption that the adverse impact of the conflict would remain contained in the near term, real GDP growth for 2026-27 is projected at 6.9 per cent.

Both Direct tax and Indirect tax mainly GST collections were buoyant, reflecting the Indian entities all round growth and compliance despite the challenges.

### Company Business

The renewable power generation, which is the business of the Company, though the central have been optimistic, due to pessimistic approach of many regulatory commissions and most of the State utilities, Wind power has lost its bite. In many states tariffs have not being encouraging and sale to third parties are being discouraged by imposing high open access charges under one pretext or other and thus providing continued support to conventional energy since state electricity boards have not been able to come to terms even after about three decades with renewable power due to its vagaries and each time assuming that renewable power has come off age and can compete with conventional power even though the facts are just the opposite. In fact it is seen that present environment in Green Energy is only for Big Players with deep pockets developing in terms of thousands of MW and it has become history when many a small and medium entities entered the Green Energy sector and laid the foundation for rapid growth.

## **19<sup>th</sup> Annual Report 2025-26**

The performance of the Company is directly linked to the Renewable Energy Policies of both Centre and State Governments, effectiveness of Nodal Agencies and formulation of encouraging policies and implementation thereof by State Electricity Regulatory Commissions.

Further the Ministry of Power has paved the way for realizing regular dues in Installments along with interest for delays. Also they developed an online portal “Prapti” where the generators can register and input their Invoice details so that State Electricity Companies are forced to settle dues n due date to avoid interest and adverse report from Central power Ministry. This has facilitated regular cash flow leading the Company pre-paying the term loans availed from Bank and become DEBT FREE.

The Company has now about 30.50 MW Power generating wind farms and had closed down loss making and low tariff wind farms in AP and a unit in TN.

## **OUTLOOK, OPPORTUNITIES AND THREATS**

As far as Company’s operations are concerned like any other renewable energy entity many adverse regulatory changes had its effect on it. The Company continues to take steps for cost reduction, tight cash flow management, policy changes to mitigate the downturn. Also more wind mills which due to passage of time has outlived its technical life and continuing its operation even with good operation and maintenance may prove uneconomical as tariff remains fixed for many years with no adjustment to inflation or factual cost of repairs and establishment costs has been retired.

Considering the huge outlay needed to achieve the targets set by the Central Government, only big business houses are jumping into the Green Power bandwagon as their pockets are deep and may be able to absorb the running losses in the RE Business which they may leverage against growth in their other core businesses. Further due to their size, they are able to negotiate better with utilities.

## **RISKS AND CONCERNS**

On the Renewable Energy Sector, the considerable delay in processing or decision making by state utilities and State Electricity Regulatory Commission and also the higher judicial authorities have been resulting in considerable strain on the sustainability of small wind farms and also impeding the future projects. It is seen that present environment in Green Energy is only for Big Players with deep pockets with many a small and medium entities who had entered the Green Energy sector more than two decades back closing their units.

The experience of the Company has been that inordinate delays in adjudication of the matters by Electricity Regulatory Commission, Appellate Tribunal for Electricity and even High courts result in acute pressure on the Company due to huge mismatch in inflow and outflow of funds. In the wind power business the expenses are more or less fixed, the delayed receipt of generation proceeds necessitate that company has to resort to temporary borrowings to tide over the mismatch. This is also a concern as it has to bear the brunt of finance cost. However with Central Power Ministry introducing an online portal “Prapti” for monitoring settlement of Invoices of power generators by the utilities has helped the Company to tackle the liquidity issues and is now debt free for past 2-3 years.

The Management Discussions and Analysis explaining the objectives of the company, the opportunities and threats, the outlook for the future, the risks and concerns have to be read with the meaning of relevant applicable laws and regulations. The actual physical performance may differ materially from those explained hereinabove.

## INTERNAL CONTROL SYSTEM

The company has a system of internal controls to ensure that all its assets are properly safeguarded and protected against loss from unauthorized use or disposal. Further all the internal control system is practiced by the company to ensure that all transactions are authorized, recorded and reported correctly.

The Company has an Audit Committee of Directors which reviews the adequacy of internal controls.

## MATERIAL DEVELOPMENT IN HUMAN RESOURCES

The business in which the company is engaged does not call for large manpower resources.

The company has a team of able and experienced professionals. The work culture and value system in the company is designed to provide each employee the adequate space, freedom and guidance to bring out their full potential and provide personal growth opportunities within the organization. The human resource assets have been ably supporting the company despite the issues which the company is facing in its chosen field.

## SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

Sr. No.	Parameters	F.Y. 2025-26	F.Y. 2024-25
1	Debtors Turnover	41.95%	92.68%
2	Inventory Turnover	18.53%	22.97%
3	Interest Coverage Ratio	-4.79	10.42
4	Current Ratio	2.19	3.83
5	Debt Equity Ratio	0.06	0.21
6	Operating Profit Margin (%)	83.81%	121.55%
7	Net Profit Margin (%)	-9.59%	16.18%
8	Return on Net Worth	2.62%	3.60%

### Notes:

The ratios are in respect of ordinary activities and hence exclude impact of other comprehensive income.

- a) The variation in Debtors Turnover Ratio is due to recovery of old dues of FY 2022-23 from State Utilities in FY 2025-26 resulting in improved ratio as compared to FY 2024- 25.
- b) The interest coverage ratio became adverse pursuant to loss for the year due to higher Operation and Maintenance Costs, repairs to Wind mills at different sites as against healthy ratio in FY 2024-25.

**19<sup>th</sup> Annual Report 2025-26**

- c) The Current ratio strictly improved as the Company could realise old dues of FY 2022-23 from Utilities in FY 2025-26 and also settled certain old payables in FY 2025-26, but in FY 2024-25 Receivables included old dues from Utilities.
- d) Improved Debt Equity ratio is also due to recovery of old dues of FY 2022-23 from State Utilities in FY 2025-26 facilitating payment of certain liabilities.
- e) The variation in Operating Margin, Net Profit Margin and Return on Net Worth are all attributable to operating profits in FY 2024-25 being good due to expenses control and scrapping the loss making wind farm in Andhra Pradesh after 28-30 years of operation. However in F.Y. 2025-26 the Operation and Maintenance cost and repair to wind mills at different sites were on a higher side and despite improved turnover the margins were affected.
- f) Adverse Net Profit Margin is due to higher Operation and Maintenance Costs, repairs to Wind mills at different sites resulting in loss for the year despite improved turnover.
- g) Return on Net Worth reduced due to loss for the year pursuant to higher Operation and Maintenance Costs, repairs to Wind mills at different sites during FY 2025-26 despite improved turnover.

**INDEPENDENT AUDITOR'S REPORT**  
**To the Members of KARMA ENERGY LIMITED**  
**Report on the Audit of Financial Statements**

**Opinion**

We have audited the accompanying financial statements of **KARMA ENERGY LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Emphasis of matter:**

We draw attention to Note 40 to the financial statements, which describes the effects of restatement of the information for the year ended March 31, 2025 arising from recognition of prior period expense. Our opinion is not modified in respect of this matter.

**Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

**i. Valuation of unquoted financial assets held at fair value**

**Description of Key Audit Matter:**

The valuation of the Company's unquoted non-current investments held at fair value was a key area of audit focus due to the significance of the amount and complexity involved in the valuation process. The management makes significant judgements because of the complexity of the techniques and assumptions used in valuing some of the level 3 investment securities given the limited external evidence and unobservable market data available to support the Company's valuations.

The valuation of the level 3 investment securities are dependent on market conditions and key assumptions made. The determination of these assumptions is complex and requires the exercise of management judgements.

See Note 1.4 (I), Note 3 and Note 28 to the financial statements.

**Our response:**

- We assessed the design and operating effectiveness of the Company's key controls supporting the identification, measurement and oversight of valuation risk of financial assets.
- For valuations which involved significant management judgements, we evaluated the assumptions, methodologies and models used by the Company.
- We also assess the appropriateness of the methodologies used and found that these are reasonable in the context of the relevant investments.
- We examined the calculation of the inputs used for substantive and arithmetical accuracy by performing re calculations wherever required.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the back up of books of accounts is scheduled weekly instead of daily.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph '2.(b)' above on reporting under Section 143(3)(b) of the Act.
  - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer note 25 to the financial statements.

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;  
  
(b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and  
  
(c) Based on audit procedures performed, nothing has come to our attention that causes us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided in (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.
- vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Additionally, the audit trail of prior year has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective year.

## Annexure - A to the Independent Auditors' Report

(The Annexure referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of our report to the Members of **Karma Energy Ltd** of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of accounts and records examined by us in the normal course of audit, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.  
  
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its Property, Plant and Equipment by which all items of Property, Plant and Equipment are verified once in every two years. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the said programme, certain items of Property, Plant and Equipment were physically verified during the year and no material discrepancies were observed on such verification.
- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, capital work-in progress, according to the information and explanations given to us and based on the examination of the registered sale deed / title deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year. Accordingly, paragraph 3(i)(d) of the Order is not applicable.
- (e) According to the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory during the year. In our opinion, with regards to the nature and size of its inventories, the coverage and procedure of such physical verification carried out during the year were appropriate. Discrepancies noted during such physical verification were less than 10% of respective inventory classes. All discrepancies noted during the year were properly dealt with in the books of account.
- (b) During the year, the Company did not have any sanctioned working capital limits in excess of five crore rupees, in aggregate at any points of time during the year, from any banks or Financial Institutions on the basis of security of its current assets. Accordingly, clause 3(ii)(b) of the Order is not applicable.
- (iii) During the year, the Company has made investments in Mutual funds, granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

- (a) The Company has provided loans during the year and details of which are given below.
- A. Aggregate amount of loan granted during the year:
- Other party – Rs 1,345.48 Lakhs
- B. Balance outstanding as at Balance sheet date in respect of above:
- Other party – Rs. 953.81 Lakhs

The Company has not provided any guarantee or security, to companies, firms, Limited Liability Partnerships or any other parties during the year

## **Annexure - B to the Independent Auditors' Report**

(Referred to in paragraph 2(g) under "Report on Other Legal and Regulatory Requirement's" section of our report to the members of Karma Energy Limited of even date)

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

#### **Opinion**

We have audited the Internal Financial Controls with reference to the financial Statements of Karma Energy Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to Financial statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

#### **Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of Internal Control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system over Financial Reporting of the Company.

## **Meaning of Internal Financial Controls over Financial Reporting**

A company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Generally Accepted Accounting Principles. A company's Internal Financial Control over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with Generally Accepted Accounting Principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Notes to Financial Statements for the year ended 31.03.26

### Note No : 1 Corporate Information and Significant Accounting Policies, Judgments etc.

#### 1.1 CORPORATE INFORMATION

Karma Energy Limited ("the Company") is a Company domiciled in India, with its Registered Office situated at Empire House, 214, Dr. D. N. Road, Ent. A. K. Nayak Marg, Fort, Mumbai - 400001. The Company has been incorporated under the provision of Indian Companies Act 1956 and its equity shares are listed on National Stock Exchange and Bombay Stock Exchange in India. The location of its wind power plants are disclosed in the introduction to the annual report. The Company is engaged in generation of power from renewable sources like Wind.

#### 1.2 BASIS OF PREPARATIONS AND SIGNIFICANT ACCOUNTING POLICIES

##### A Basis of preparation and presentation

###### i) Statement of Compliance

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

The financial statements were authorised for issue by the Company's Board of Directors on **28.05.26**

###### ii) Functional and Presentation Currency

Company's financial statements are presented in Indian Rupees, which is also its functional currency. All amounts have been rounded off to two decimal places to the nearest lakhs and unless otherwise indicated.

###### iii) Basis of measurement

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- i Certain financial assets and liabilities,
- ii Defined benefit plans - plan assets / (liabilities)

#### 1.3 Use of Estimates and Judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

##### *Judgements*

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 41 – lease; whether an arrangement contains a lease and:
- Note 41 – lease classification

##### *Assumptions and estimation uncertainties*

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the financial year ended 31.03.26 is included in the following notes:

- Note 2 – useful life of Property, plant and equipment
- Note 22.1 – employee benefit plans
- Note 25 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

#### 1.4 Summary of significant accounting policies

##### a i) Ind AS 16 - Property, Plant and Equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.

##### ii) Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method and is recognised in the statement of profit and loss

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

<b>Assets</b>	<b>Management estimate of useful life</b>	<b>Useful life as per Schedule II of the Companies Act, 2013</b>
Plant and Machinery	22 Years	22 Years
Road - Non RCC	5 Years	5 Years
Office Equipment	5 Years	5 Years
Office Equipment's - Computer	3 Years	3 Years
Vehicle	8 Years	8 Years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on internal assessment and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions / (disposals) is provided on a pro-rata basis i.e. from / (up to) the date on which asset is ready for use / (disposed off).

**b Leases**

**As a lessee**

Ind AS 116 sets out principles for the recognition, measurement, presentation and disclosure of leases. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. For all leases except as noted above, a lessee is required to recognise a Right-Of-Use asset (ROU Asset) representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments in the balance sheet. Lessee will recognise depreciation of right-of-use assets and interest on lease liabilities in the statement of profit and loss.

The Company's leases primarily consist of leasehold lands. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of the lease, the Company recognizes a ROU and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and/or low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Currently, ROU assets are being amortised over a period of respective lease terms (being lower of lease term and estimated useful life of underlying assets).

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing activities in statement of cash flows."

**As a lessor**

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflation.

**c Borrowing Cost**

Borrowings are initially recognised at fair value (net of transaction costs incurred). Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of profit and loss over the period of the borrowings using the effective interest rate method. Subsequently all borrowings are measured at amortised cost using the effective interest rate method.

Borrowings are derecognized from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of financial liability that has been extinguished or transferred to another party and the consideration paid including any non-cash asset transferred or liability is assumed, is recognised in the statement of profit and loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

d Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

e **Inventories**

Items of inventories i.e stores and spares are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of components, stores and spares are determined on FIFO (First In First Out) basis.

f **Impairment of non-financial assets**

The Company assesses at each reporting date as to whether there is any indication that any asset or group of assets, called cash generating units may be impaired. If any such indication exists the recoverable amount of an asset or cash generating units is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating units to which the asset belongs.

For impairment testing, assets that do not generate independent cash inflows are grouped together into Cash Generating Units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis

g **Provisions and Contingent liabilities**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assumptions of the time value of money and the risks specific to the liability. The unwinding of discount is recognized as finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

Contingent Assets are disclosed, when some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

h **Employee Benefits Expense**

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 (collectively "new Labour Codes") - consolidating 29 existing labour laws. In accordance with the new Labour Codes, the Company has currently estimated and accounted for the incremental impact on retiral benefits under employee cost for the year ended March 31, 2026. The Company continues to monitor developments on the Rules to be notified by regulatory authorities, including clarifications / additional guidance from authorities and will continue to assess the accounting implications, basis such developments / guidance

**Short Term Employee Benefits :** The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

**Post-Employment Benefits :**

**Defined Contribution Plans -** A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

**Defined Benefit Plans** - The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation / superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act 1972 or otherwise contractually agreed with the employees.

The gratuity liability amount is contributed to the approved gratuity fund formed (LIC) exclusively for gratuity payment to the employees. The gratuity fund has been approved by Income Tax authorities.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

**i Tax Expenses**

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income, in which the current and the deferred tax is also recognised directly in equity or in other comprehensive income.

***Current tax***

Current tax is measured on the basis of estimated income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to tax authorities

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

***Deferred tax***

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax liability is generally recognised for all taxable temporary differences. Deferred tax asset (including in respect of carried forward tax losses and tax credits) are recognised to the extent it is probable that the taxable profit will be available against which deductible temporary differences can be utilised.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

**j Foreign currencies transactions**

Transactions in foreign currencies are initially recorded by the company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

**k Revenue recognition**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from sale of power is recognised net of cash discount over time for each unit of electricity delivered at the contracted rate.

Income from Sale of Entitlements from Wind Power Project is accounted for as and when sold and collection is certain.

The Company has adopted Ind AS 115 - 'Revenue from Contracts with Customers' with effect from 01.04.2018. Revenue from the sale of goods in the course of ordinary activities is recognised at the 'transaction price' when the goods are 'transferred' to the customer. The 'transaction price' is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods to a customer, excluding amounts collected on behalf of third parties (for example, goods and service tax). The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both. The goods are considered as 'transferred' when the customer obtains control of those goods.

**Interest Income** - Interest income is recognised using Effective Interest Rate (EIR) method.

Income on Inter Corporate Deposits is accounted for on time accrual basis.

**Dividend Income** - Revenue is recognised when the Company's right to receive the payment has been established.

## I Financial instruments

### i) Financial Assets

#### a Recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

A Financial asset is measured at amortized cost if it is held with objective to hold the asset in order to collect contractual cash flows as and when due.

A financial assets is measured at FVTOCI if it is held with an objective to achieve collecting contractual cash flows as and when due and selling financial assets.

A financial assets which is not classified under any of the above categories are measured at FVTPL.

#### b Investment in Associates and Subsidiaries

The Company has accounted for its investments in associates and subsidiaries at cost.

#### c Other Equity Investments

All other equity investments and equity instruments held for trading are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

#### d Impairment of financial assets

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

#### e Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

### ii) Financial liabilities

**Recognition and measurement** - All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

#### **Derecognition**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the statement of profit and loss.

### iii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

m **Cash and Cash Equivalents**

Cash and Cash Equivalents consist of cash on hand, cash at banks, demand deposits from banks and short term, highly liquid instruments.

n **Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

o **Classification of current / non current assets and liabilities**

All assets and liabilities are presented as current or non current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013 and Ind AS 1 Presentation of financial statements. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of current / non current classification of assets and liabilities.

p **Measurement of fair values**

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

q **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

## **1.5 ACCOUNTING JUDGEMENTS AND ESTIMATION OF UNCERTAINTY**

a **Depreciation and useful lives of Property, Plant and Equipment**

Property, plant and equipment are depreciated over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets. The depreciation for future periods is revised if there are significant changes from previous estimates.

b **Recoverability of trade receivable**

Judgements are applied in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required.

c **Provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

d **Defined benefit obligations**

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

#### **1.6 STANDARDS ISSUED BUT NOT YET EFFECTIVE**

Recent Indian Accounting Standard (Ind AS) pronouncements which are not yet effective Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

## Notes to Financial Statements for the year ended 31.03.26

### Note No

#### Note \*\*

1 Non Current Investment includes Quoted and Unquoted Equity Instruments.

The financial instruments are categorised into various levels based on the inputs used to arrive at fair value of measurements as described below:

**Level 1** : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period.

**Level 2** : The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

**Level 3** : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in Level 3.

#### c **Financial risk management**

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

##### i **Risk management framework**

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

##### ii **Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities.

The carrying amount of following financial assets represents the maximum credit exposure:

##### Trade and other receivables

Trade Receivables of the Company mainly consist of receivables from the state utilities and other parties. In respect of receivable from the state utilities, all written off amounts during the past years and current year were pertaining to specific disputes and not related to credit risk. Hence, in the opinion of the management there is no credit loss on receivable from the state utilities.

In respect of Other Receivables, there is no past history of credit loss from these parties, hence there is no expected credit loss on such receivables

##### iii **Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

##### **Exposure to liquidity risk**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments.

<b>Contractual cash flows</b>					
<b>31.03.26</b>	<b>Carrying Amount</b>	<b>Total</b>	<b>Upto 1 year</b>	<b>1-5 years</b>	<b>More than 5 years</b>
<b>Non-derivative financial liabilities</b>

<b>Contractual cash flows</b>					
<b>31.03.25</b>	<b>Carrying Amount</b>	<b>Total</b>	<b>Upto 1 year</b>	<b>1-5 years</b>	<b>More than 5 years</b>
<b>Non-derivative financial liabilities</b>					
Trade payables	76.28	76.28	76.28	-	-
Other financial liabilities	259.47	259.47	259.47	-	-
Long term borrowings (including Current Maturity)	103.86	24.69	24.69	-	-
Short term borrowings	24.69	24.69	24.69	-	-

##### iv **Market risk**

Market risk is the risk that changes in market prices – such as interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including payables and long term debt. We are exposed to market risk primarily related to interest rate risk. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating.

Inter-Corporate Deposits	-	-
	<b>79.14</b>	<b>103.86</b>

#### c Cash Flow sensitivity analysis for variable-rate instruments

An increase of 50 basis points in interest rates at the reporting date would have decreased gains as at year end by the amounts shown below. This analysis assumes that all other variables remain constant.

Particulars	Rupees in Lac	
	31.03.26	31.03.25
Variable rate instruments	0.40	0.52
<b>Cash flow sensitivity</b>	<b>0.40</b>	<b>0.52</b>

A decrease of 50 basis points in interest rates at the reporting date would have had equal but opposite effect on the amounts shown above, on the basis that all other variable remain constant.

#### d Price Risk

The Company investment in equity instruments in Subsidiaries and Associates are stated at cost and not required to be remeasured. Neither Profit or Loss nor Equity will be affected by the equity price risk of those instruments.

Further the Company investment in equity instruments carried at fair value through Other Comprehensive Income are subject to price risk which may not effect the total comprehensive income of the Company

To manage its price risk, the Company diversify its portfolio. Diversification of the portfolio is done based on internal review and limits decided by the management from time to time.
