KEY MILESTONES

* - Source: Derived from Futures Industry Association's Annual Volume Survey, March 2013

- The growth of the overall economy in India is expected to drive the underlying demand for commodities. The increase in physical market volumes may increase the hedging requirements of industry players, which influences derivative trading volumes.
- Commodity derivative volumes are generally a multiple of the underlying physical commodity volumes. In India, the volumes traded on commodity futures exchanges is very low as compared to the size of the physical market for the commodity. Thus, the potential for commodity derivatives is huge.

Commodity	Futures Multiplier Year 2014 (Global Benchmark Exchanges)	Futures Multiplier During Year 2014 (MCX)
Gold	59.0	5.0
Silver	148.0	34.0
Copper	90.0	13.0
CPO	12.0	1.0
Cotton	44.0	0.7
<i>Futures Multiplier refers to number of times future market's volume is in comparison with the physical market size.</i>		

THE SEBI- FMC MERGER - A GAME CHANGER

- Better market integrity as SEBI has power to raid, search, impose penal fines and take criminal action
- ‘Dabba’ Trade which according to AC Nielsen report was 3 times of the regulated commodity markets in 2013 (pre CTT) could get curbed
- Products like indices, options, weather derivatives and intangibles may be launched in future
- Institutions like FIIs, Banks, Mutual Funds may be allowed to enter commodity futures market going forward
- Enables commodity exchanges to launch complementary products such as currency derivatives
- Expected decrease in cost of compliance
- Fungibility of client margins

- Dealing with delivery-based commodities & quality issues
- Delivery and settlement processes among the commodity & stock exchanges differ significantly
- Escalating competition : The merger also allows equity exchanges to launch commodities
- Curbs on algorithmic trading : SEBI is mooting restrictions on algorithmic trading in order to curb market manipulation
- Registration and transaction cost: SEBI to charge a registration and turnover fee to commodity brokers and bring transaction cost charged by commodity brokers at par with equity markets.
- Regulation of Warehouses: Regulatory & Infrastructure related issues
- Regulation of Spot and Forward Trading
- The central government imposed a CTT of 0.01% on non-agricultural commodity futures transactions, which has
 - increased hedging cost
 - reduced liquidity

As a result of the high impact cost, many large corporates are hedging more than 90% of their needs on international exchanges; jobbers and day traders have stopped trading on these exchanges; trading on illegal platforms has increased manifold

- Conducting awareness, capacity building and stakeholder programmes

Category	Q1 - FY2015-2016	FY2014-2015	FY2013-2014
Hedgers/ Industrial Associations / Farmers	21	116	106
Retail Investors	48	249	84
Capacity Building / Stakeholder programmes	0	19	10
Total	69	384	200

- Educational programmes for broad basing the commodity market ecosystem
- Releasing “Dos and Don’ts” advertisements to enlighten market participants on the merits of trading on regulated commodity futures exchanges
- Releasing “Benefits of Hedging in India” advertisements across various reputed publications to educate the physical markets on the importance of using MCX for commodity price risk management
- Engaging with print and electronic media, coupled with evidence-based policy advocacy to create awareness and sensitise policymakers on various issues affecting the market
- Empowering market participants with relevant information through monthly newsletter (MCX CommNews) and commodity market review (Commodity Connect)
- MoU with Christ University, Bengaluru and KIIT School of Rural Management, Bhubaneswar to promote skill development, knowledge, research and financial literacy in the commodity space through various educational initiatives

Notes:

- These standalone unaudited financial results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company at their meetings held on August 8, 2015.
- The Statutory Auditors' have carried out a limited review of the standalone results for the quarter ended June 30, 2015.

3 The Company, along with Financial Technologies (India) Limited (FTIL), an erstwhile anchor investor/promoter of the Company, had provided an undertaking to Securities and Exchange Board of India (SEBI) to dilute its holding (equity and warrants) in Metropolitan Stock Exchange of India Limited (MSEI), (formerly known as MCX Stock Exchange Limited) within the permissible limit and within the time prescribed, i.e. June 19, 2015. This undertaking was given by the Company, at the request of MSEI, in order to assist MSEI in obtaining regulatory approval for starting new segments for trading and retaining its recognition under the Securities Contracts (Regulation) Act. Towards this end, the Company made serious efforts to dispose off the warrants. However, these efforts were significantly hampered by several factors that reduced the marketability of MSEI's warrants, such as consistently reducing market share and net worth which reduced the value and demand for the MSEI's shares and warrants. This made it difficult to dispose off the warrants. Since these factors were outside the Company's control, the Company approached SEBI seeking an extension of time to dispose off the warrants. The Company also requested SEBI to consider treating the Company on par with recognized Stock Exchanges so that the Company could hold upto 15% shareholding / warrants in MSEI. SEBI, however, did not grant the Company's requests. Despite these factors, the Company continued to make vigorous efforts to dispose off the warrants. The Company's efforts, however, were thwarted by MSEI, who announced a rights issue of equity shares on May 29, 2015 at par i.e. at Re.1 per share. Since the rights issue remained open until July 9, 2015, it was virtually impossible to dispose off all the warrants before June 19, 2015. Anticipating that MSEI would cancel the warrants and appropriate the deposit placed by the Company with MSEI against the warrants, the Company filed a Suit against MSEI before the Hon'ble Bombay High Court seeking an injunction against cancellation of the warrants and appropriation of the deposit. The Company also sought refund of the amount of Rs. 4,159.18 lakhs, being the amount of deposit presently held by MSEI against the warrants. Vide its interim orders dated July 9, 2015 and July 10, 2015, the Hon'ble High Court restrained MSEI from cancelling and / or extinguishing the warrants or any rights relating thereto, and from dealing in any manner with the remaining deposit of Rs. 4,159.18 lakhs till further orders. The Hon'ble Court also restrained MSEI from taking any steps in pursuance of any Board resolution that MSEI may have passed for cancellation of the warrants. By a further order dated August 3, 2015, the Hon'ble Court has recorded MSEI's statement that MSEI would deposit a sum of Rs. 2,000 lakhs in Court within a period of four weeks, on a without prejudice basis, to establish its bona fides. The matter is now scheduled to come up for hearing on September 8, 2015. In view of the above Court Orders, the Company has valued the warrants at its face value of Re.1 each and brought down the carrying cost by Rs. 4,258.89 lakhs. As the Company was only able to sell 148,277,938 warrants to various parties/entities at bids below its carrying cost, a loss of Rs. 1,348.31 lakhs was incurred on the sale of these warrants. Further, based on the market price determined on a weighted average basis for the sale of warrants by MCX, the equity shares have been brought to the lower of cost and this aforesaid market value. This is as per the Company's Accounting Policy on current investments and accordingly a provision of Rs. 333.00 lakhs has been made. The aggregate loss, diminution and provision of Rs. 5,940.20 lakhs on account of the investments in MSEI are exceptional in nature and are accordingly disclosed in the financial results. As on June 30, 2015, the Company held 6,65,99,408 equity shares of MSEI (valued at Rs. 736.80 lakhs at the rate of Rs. 1.11 per share) and 41,59,17,672 warrants of MSEI (valued at Rs. 4,159.18 lakhs) and 65,00,000 equity shares of MCX-SX CCL (valued at Rs. 650.00 lakhs).
