Dear Sir/Madam,

Subject: Investor Presentation.

Pursuant to Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, please find enclosed herewith the Investor Presentation of the Company.

The same is also being made available on the website of the Company at www.indofarm.in.

We request you to take the above on record.

Thanking you, Yours faithfully, For **Indo Farm Equipment Limited**

Navpreet Kaur Company Secretary & Compliance Officer

Encl: As above

INVESTOR PRESENTATION MARCH, 2025

An ISO 9001:2015 Certified Company Manufacturing World Class Tractors, Cranes And Other Farm Equipments

INTRODUCTION

Indo Farm Equipment Limited, established in 1994 and headquartered in Chandigarh, is a leading manufacturer of construction machinery and agricultural equipment in India. The company operates a state-of-the-art manufacturing facility in Baddi, Himachal Pradesh, where it produces a wide range of products including tractors (ranging from 16 HP to 110 HP), and pick-and-carry cranes. These products are marketed under the "Indo Farm" and "Indo Power" brands, serving both domestic and international markets.

Over the years, Indo Farm has built a strong presence across key Indian states such as Punjab, Haryana, Uttar Pradesh, Maharashtra, Gujarat, and Rajasthan through an extensive dealer network. The company is also actively expanding its global footprint, exporting machinery to countries like Bhutan, Jordan, Yemen, Bangladesh, Nepal, Mexico, and Sudan.

With a focus on innovation, quality, and customer satisfaction, Indo Farm continues to strengthen its position in the agricultural and infrastructure equipment industry through strategic growth, operational efficiency, and plans for future expansion.

MISSION

To offer high quality multi featured fuelagricultural, industrial efficient and construction equipment at optimum cost and deliver world-class performance, backed by excellent after-sales service.

VISION

To be the most reliable, trustworthy and socially responsible agricultural and construction equipment manufacturer in the world.

BAROTA FINANCE LTD

WHOLLY OWNED SUBSIDIARY

RBI-registered (Non-Deposit Taking) NBFC

AUM of approximately

₹140 crore with a growing

customer base.

A wholly owned subsidiary of Indo Farm focused on financing Agriculture & Construction

Equipment.

BAROTA

FINANCE

Primarily in the business of financing the tractors that are sold by Indo Farm & other brands as well as pre-owned vehicles.

Currently having a Loan book of ~Rs.139.42 Crores having 6,000+ Active customers.

Barota intends to diversify into other verticals as well

TIMELINE

Commenced tractor production in Baddi, Himachal Pradesh, through a technical collaboration with Ursus, Poland.

2000

Introduced the 3series tractor range: 3065DI, 3050DI, 3040DI, and 3035DI.

2005

Started production at their own foundry division.

2007

Commenced production of Indo Power Green Gensets.

2009

Initiated production of the newgeneration crane model 16FN.

2011

2001

Launched the first tractor model, 2050 DI.

Established Barota
Finance Limited, an
NBFC subsidiary, to
provide financing
solutions to customers.

2017

2006

Began exporting engine parts to Ursus, Poland.

Introduced new tractor models: 20HP and 100HP.

2020

2008

Exported generator engines to UK-based Lister Pitter and achieved ISO 9001:2008

certification.

Released the Indo 3055 DI HT and 3060 DI HT tractor models.

2022

2010

Started production of harvester combines and launched 75HP and 90HP tractors.

Successfully launched IPO and got listed on NSE and BSE.

Acquired advanced tower crane manufacturing technology from China.

2025

2015

Began production of 26 HP 4×4 orchard tractors.

2019

Launched the Indo Power 30 FN crane.

2021

Launched the 1026e tractor model for the European market. 2023

Launched the Indo Farm 3055 NV PLUS, 3065DI, 3075DI IN BS-IV tractors, and Indo Power Pick and Carry cranes of the FN series (15, 18, 20, 23, and 30-ton capacities) in both 2-wheel and 4-wheel drive variants, compliant with BS-IV standards.

PRODUCT PORTFOLIO

Hydraulic Mobile Cranes

Key Features of the Pick & Carry Carnes

- CABIN WITH BETTER ERGONOMICS
- FOUR SIDE MORE VISIBILITY CABIN
- HEAVY DUTY WINCH & HEAVY DUTY DRAG WINCH
- HIGH GROUND CLEARANCE
- HIGH TORQUE ENGINES
- HEAVY DUTY TRANSMISSION
- LESS MAINTENANCE AND FUEL CONSUMPTION
- AIR BRAKES
- SAFE LOAD INDICATOR
- HYDRAULIC OUTRIGGER

Agricultural tractors

Key Features of the Tractors

- EFFICIENT ENGINE
- HIGH BACK-UP TORQUE
- HIGH PULLING POWER
- CONSTANT MESH GEAR BOX
- OIL EMMERCED BREAKS
- HIGH CAPACITY HYDRAULIC LIFT

INDUSTRIES WE SERVE

GEOGRAPHICAL FOOTPRINT

Indo Farm exports its products to over **30 countries**

Within India, Indo Farm operates through a comprehensive network comprising:

6 regional offices

173 dealers

Asia: Afghanistan, Bangladesh, Bhutan, Jordan, Kuwait, Myanmar, Nepal, Syria Africa: Algeria, Ethiopia, Gabon, Ghana, Kenya, Mauritius, Sudan

Europe: Belgium, Germany, Hungary, Italy

South America: Brazil, Chil

REPUTED SUPPLIERS

KEY BUSINESS STRENGTHS

Favorable Industry Landscape

India's farm mechanization is growing rapidly. The tractor market is set to grow at 8–9% CAGR, while construction equipment is expected to grow at 6–7% CAGR.

Integrated Manufacturing Facility

Indo Farm's plant manufactures key components like engines and hydraulics inhouse. It produces 40% of tractor and 60% of crane components by value internally.

Strong Product Portfolio

IIndo Farm offers a complete range of tractors and pick & carry cranes. Offers almost 100% of product range and approx. 80% of global market

Experienced Leadership

The company is led by a first-generation promoter, with the second generation handling operations. A skilled management team supports growth.

R&D and Innovation

The in-house R&D team develops new products and technologies. The company uses Ursus engine tech and exports to Lister Pitter. It also partners with Zeto globally.

Diverse Product Range

Indo Farm makes tractors from 20 to 100 HP in 2WD and 4WD. It also manufactures construction equipment (9–30 tons), tillers, and harvesters.

MANUFACTURING UNIT

Deep Backward Integration

Key Parts of Cranes- Major components manufactured in-house~ 65%+ in value terms.

CONSTRUCTION EQUIPMENT SECTOR

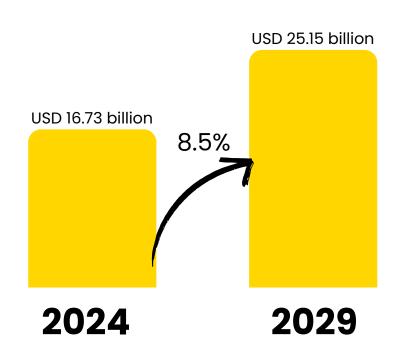

The Indian construction equipment (CE) industry is experiencing robust growth, driven by infrastructure investments, government initiatives like the National Infrastructure Pipeline (NIP) and Gati Shakti, and technological advancements such as Al, IoT, and automation. Valued at approximately USD 14.3 billion in 2024, the industry is projected to reach USD 29.5 billion by 2033, growing at a CAGR of 7.6%. Earthmoving equipment dominates the market with a 72% share, while material handling equipment, including cranes—a key product for Indo Farm Equipment Limited—accounts for 14%.

INDUSTRY OVERVIEW

AGRICULTURAL EQUIPMENT SECTOR

The Indian agricultural machinery market is valued at approximately USD 16.73 billion in 2024 and is projected to grow to USD 25.15 billion by 2029, reflecting a CAGR of 8.5%. Tractors dominate this sector, accounting for 86.9% of the market share. The growth is driven by factors such as increasing mechanization, government initiatives, and the need for enhanced productivity in agriculture.

ENVIRONMENTAL INITIATIVES

Eco-Friendly Tractors

Indo Farm designs tractors with lower emissions and optimized fuel consumption to reduce their carbon footprint. Indo Farm products are meeting all the emission norms of the country.

Community Engagement

The company promotes environmental awareness through campaigns like Earth Day and encourages sustainable farming practices among the agricultural community.

Sustainable Manufacturing

The company integrates environmentally conscious practices into its manufacturing processes, including modern waste handling technologies to minimize environmental impact.

Focused R&D

Indo Farm invests in research and development to create technology solutions tailored to various terrains and climates, aiming for greener operations.

REVENUE BREAKUP

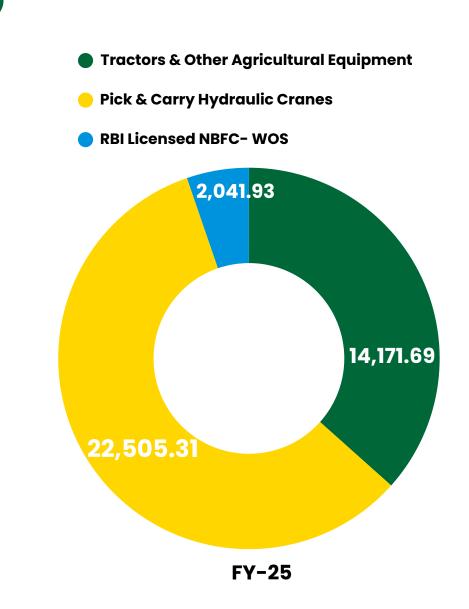

On the Basis of Products

(₹ in Lakhs)

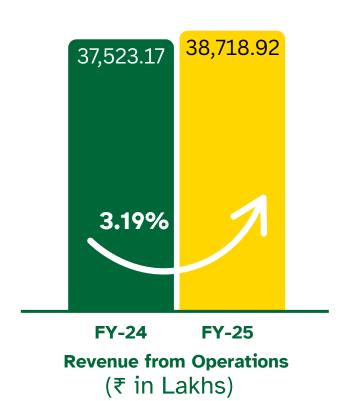

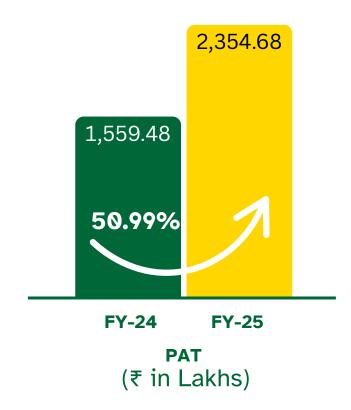

In **FY-24**, the revenue distribution between Tractors & Other Agricultural Equipment (₹18,408.51 Lakhs) and Pick & Carry Hydraulic Cranes (₹16,837 Lakhs) was **nearly balanced**, indicating a diversified product focus. However, in **FY-25**, there's a **clear shift** — **revenue from Cranes surged to ₹22,505 Lakhs**, significantly outpacing Tractors at ₹14,171.69 Lakhs.

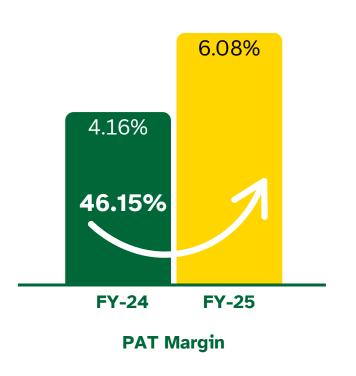

This highlights a **strategic move** or **growing market preference** toward Pick & Carry Hydraulic Cranes, showing our **increased focus and alignment with demand trends** in that segment.

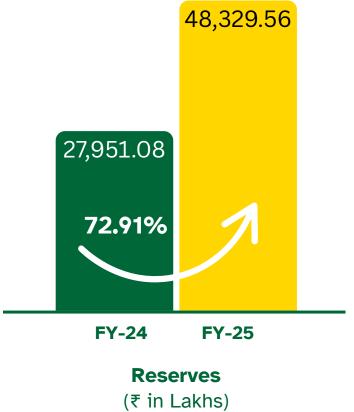

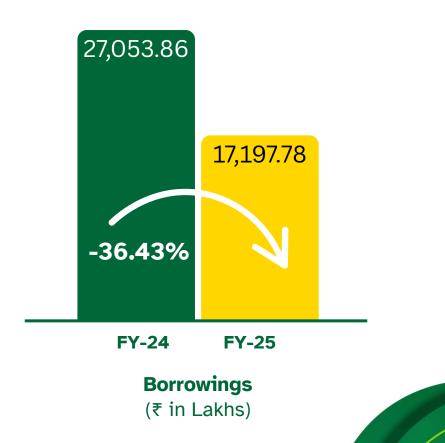

KEY RATIOS

FINANCIAL ANALYSIS

Revenue Momentum

A 3.19% increase in Revenue from Operations (₹37,523.17 lakhs in FY24 to ₹38,718.92 lakhs in FY25) reflects strong market positioning and demand. This growth emphasizes our ability to scale effectively.

Finance Cost Reduction

A **15.53% reduction** in Finance Costs reflects an efficient capital structure and lower interest burden, a key factor in enhancing profitability.

PAT

PAT grew by 50.99%, from ₹1559.48 Lakhs in FY24 to ₹2354.68 Lakhs in FY25, marking net profit growth aligned with business expansion and signaling overall financial health.

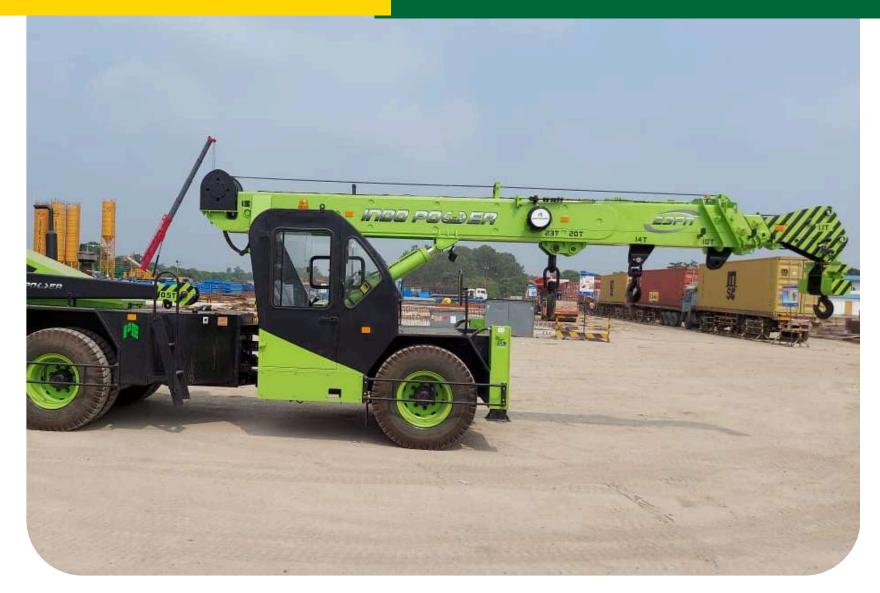

Strengthened Equity Base

Reserves increased from ₹27,951.08 lakhs in FY24 to ₹48,329.56 lakhs in FY25, reflecting strong retained earnings and a solid equity position, which bolsters the company's financial stability.

Borrowings

A **36.43%** drop in borrowings points to **reduced debt reliance**, improving the overall financial health and lowering interest burden.

Indo Farm Equipment Limited is in the process of setting up a new manufacturing unit dedicated to the production of Pick & Carry Cranes. The facility is being established near its existing plant in Baddi, Himachal Pradesh, with an **investment of ₹71.13 crore** funded through the proceeds of its recent IPO.

The new unit is expected to become operational in Q3 of FY 2025-26.

KEY GROWTH DRIVERS

Setting up new Dedicated Unit for Expansion of our Pick & Carry Cranes Manufacturing Capacity

Proposed Addition

Existing Capacity

3600 Units

1280 Units

4880 Total Units

The new unit is designed to enhance the company's crane manufacturing capacity by 3,600 units annually, taking the total installed capacity to 4,880 units per year.

Indo Farm Equipment Limited has acquired proven technology from **Sichuan** Hongsheng Heavy Machinery Co. Ltd, China, for the manufacturing of tower cranes. This strategic collaboration has been facilitated through Beida

COLLABORATIONS Commercial & Trade Company.

STRATEGIC

Sichuan Hongsheng, with over 40-50 years of industry experience, is a well-established name in the crane technology space.

technology includes advanced The mechanical systems and jib designs that allow for higher lifting capacities and longer horizontal reach, which are critical for modern construction needs.

The senior management team has onboarded seasoned professionals with experience in the manufacturing of tower cranes, aiming to strengthen operational capabilities and drive growth in this specialized sector.

THANK YOU
