**Mumbai, May 8<sup>th</sup>, 2026:** Krystal Integrated Services Limited (KISL), a well-diversified service provider in integrated facility management services, Staffing solutions, Security services, Catering and Waste management across India, is pleased to announce its audited financial results for the fourth quarter and year ended March 31<sup>st</sup>, 2026.

**Commenting on the performance, Mr. Sanjay Dighe, CEO & Whole Time Director, Krystal Integrated Services Ltd, said,**

*“FY26 reflects steady progress in our transition towards a more resilient, margin-accretive business model. The corporate segment continues to be our key growth driver. We have added 177+ new corporate clients during the year, and the combined multi-year new business value from these additions stands at over INR300 crores. We expanded our footprint significantly, adding 255+ new sites across the country, strengthening our national accounts portfolio.*

*At the core of this evolution is our ‘Krystal 2.0’ strategy—a disciplined rebalancing of our business mix, focused on quality-led growth. We are strengthening our position as a partner of choice for multinational corporations and leading Indian conglomerates, driven by deeper client relationships, a wider service portfolio, and experienced leadership across verticals.*

*We are expanding our presence in manufacturing-led sectors such as pharmaceuticals, automotive and defence, while scaling higher-margin adjacencies including EPC, power and lighting, water and wastewater, solid waste management, solar and technical O&M. We have also secured our first solar order from DMER, marking our entry into this emerging segment.*

*Operationally, we are enhancing execution through a calibrated shift towards a more skilled workforce and continued capability building—enabling greater cross-selling and increased wallet share.*

*While this recalibration shapes our near-term trajectory, it strengthens the foundation for sustainable, high-quality growth. With a robust pipeline and a sharper focus on value-accretive engagements, we remain confident of delivering consistent growth and improved return profiles going forward.”*
