MESSAGE FROM THE MANAGEMENT

Dear Shareholders, Members of the Board, Employees, Customers, Business Partners and Stakeholders, It gives me great pleasure to present the Annual Report of Faalcon Concepts Limited for the financial year 2025–26.

The year under review has been a significant year in Faalcon's journey. We have continued to strengthen our presence in the facade industry, enhance our execution capabilities and build a stronger foundation for sustainable and scalable growth.

India's expanding real estate, infrastructure and commercial development landscape continues to create meaningful opportunities for the facade and building-envelope industry. With increasing emphasis on design, quality, energy efficiency and technically advanced building solutions, we believe the long-term prospects of the sector remain encouraging.

Faalcon is focused on participating meaningfully in this opportunity. During the year, we continued to strengthen our capabilities across facade solutions, glass and glazing, fabrication and project execution, while remaining committed to quality, safety, timely delivery and customer satisfaction.

Our objective is clear—to build Faalcon into a professionally managed, execution-focused and trusted facade company, capable of undertaking larger and increasingly complex projects.

The momentum has continued beyond the financial year. During the current financial year, the Company has secured significant orders, including a ₹101.92 crore work order for Splendor ONYX, Sector 142, Noida, followed by a ₹5.25 crore work order for an office building in Sector 44, Gurugram. These wins are an encouraging reflection of the confidence placed in Faalcon's capabilities and provide a strong foundation for our next phase of growth.

As we move forward, our priorities remain focused on growth, operational excellence, technology, people and disciplined execution. We are strengthening the organisation and its capabilities to support larger opportunities while maintaining financial prudence and high standards of governance.

We recognise that sustainable growth is built on strong fundamentals—quality execution, customer trust, capable people, financial discipline and responsible governance. These principles will continue to guide Faalcon as we move forward.

We remain confident in the long-term potential of the industry and committed to creating a stronger, more resilient and scalable organisation that delivers sustainable value to our shareholders and stakeholders.

The next phase of Faalcon is about building scale with discipline, delivering with excellence and creating lasting value.

I sincerely thank our employees for their dedication, our customers and business partners for their continued trust, and our shareholders and Board for their confidence and support.

We look forward to the opportunities ahead and to building a stronger Faalcon together.

Warm Regards,
Ekta Seth
Chairman & Managing Director

We have audited the internal financial controls over financial reporting of **Faalcon Concepts Limited** ("the Company") as of **March 31, 2026** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. ✉ sharmasharmaca@gmail.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **March 31, 2026**, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Falcon Concepts Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of **Falcon Concepts Limited** ("the Holding Company") as of and for the year ended **March 31, 2026**, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary company incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the respective company's business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness

exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **March 31, 2026**, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1 Company Background

Falcon Concepts Limited (the “Company”) was originally incorporated as Faalcon Concepts Private Limited on 24 May 2018 under the provisions of the Companies Act, 2013. Subsequently, the Company was converted into a Public Limited Company and consequently its name was changed to Faalcon Concepts Limited with effect from 25 May 2023.

The principal business of the Company is to undertake jobs as interior and exterior decorators, consultants, designers, repairers, furnishers, cleaners, and to render services in the field of decoration.

During the year, the Company acquired a 53% equity stake in Chrome Coaters Private Limited, which has consequently become a subsidiary of the Company. These consolidated financial statements comprise the financial statements of the Company and its subsidiary (together referred to as "the Group") and represent the first consolidated financial statements prepared by the Group.

2 Summary of Significant Accounting Policies

A. Basis of preparation of financial statements

The consolidated financial statements of the Group have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Group has prepared these consolidated financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 (as amended) and Companies (Accounts Standards) Rules, 2016. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of these consolidated financial statements are consistent with those used by the Parent in its standalone financial statements. Chrome Coaters Private Limited — Country of incorporation: India; Proportion of ownership: 53%; Date of acquisition: This being the first year of consolidation, the previous-year figures represent the standalone financial statements of the Parent

C. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management of the Company to make estimates and assumptions that affect the reported balances of assets, liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Difference between the actual result and estimates are recognized in the period in which the results are known / materialized. Significant estimates used by management in the preparation of these financial statements includes estimates of the economic useful lives of property, plant and equipment.

D. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be easily measured.

- a) In case of revenue from contracts with customers, revenue is recognised as per the terms of contract and on percentage of Completion basis.

Revenue earned in excess of billings done during the year are classified as unbilled revenue while billing in excess of revenue earned is classified as unearned revenue.

Interest is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

E. Property, plant and equipment

(ii) Gratuity is a post employment benefit and is a defined benefit plan. The liability recognized in the Balance Sheet represents the present value of the defined benefit obligation at the Balance Sheet date less the fair value of plan assets (if any), together with adjustments for unrecognized past service costs. The Company's obligation in respect of the plan is provided for based on actuarial valuation carried out as at the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gain or loss arising from experience adjustments and changes in actuarial assumptions are credited or charged to the Statement of Profit and Loss in the year in which such gain or loss arise.

(iii) All short term employee benefits are recorded as expenses. Short term employee benefits including salaries, non monetary benefits (such as medical care).

K. Tax expense

Tax expense comprises current tax and deferred tax at the applicable enacted or substantively enacted rates. Current tax represents the amount of income tax payable in respect of the taxable income for the reporting period. Tax liability has been computed as per section 115BAA of the Income Tax Act, 1961. Deferred tax represents the effect of timing difference between taxable income and accounting income for the reporting period that originates in one period and is capable of reversal in one or more subsequent periods. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognized only to the extent that there is virtual certainty that sufficient taxable income will be available to realize these assets. All other deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realize these assets.

L. Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturity of three months or less.

M. Impairment

At each Balance Sheet date, the Company reviews the carrying amounts of its assets to determine whether there is any indication of impairment based on internal or external factors. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognized immediately as income in the Statement of Profit and Loss.

N Leases

Leases where the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lower of the fair value of the leased assets at inception and the present value of minimum lease payments. Lease payments are apportioned between the finance charge and the outstanding liability. The finance charge is allocated to periods during the lease term at a constant periodic rate of interest on the remaining balance of the liability.

Leases where the lessor retains substantially all the risks and rewards of ownership are classified as operating leases. Lease rentals in respect of assets taken under operating leases are charged to statement of profit and loss on a straight line basis over the lease term unless other systematic basis is more representative of the time pattern of the benefit.

O. Contingent liabilities

The Company creates a provision where there is a present obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
