Company Overview

Historical Financials

H1FY25 Financials

Mr. Virendra Gupta
Chairman & Managing Director

“Premier Roadlines has maintained a strong focus on operational and financial excellence, as reflected in our H1 results. The first half of the year typically faces challenges in Project Logistics and Over-Dimensional Cargo (ODC) transport due to monsoons, limited infrastructure project approvals, and election-related delays this year. As a result, we focused more on General Logistics and less on ODC and Project Logistics during this period. A key achievement was securing our first defense sector order, along with significant contracts for the transportation of renewable energy related products, heavy transformers, machinery, motors, and generator consignments. These milestones highlight our expertise and commitment to quality service.

We have acquired PRL Supply Solutions as a wholly owned subsidiary, this will enhance our service offerings in supply chain management across international markets. With PRL Supply Chain Solutions, we now deliver end-to-end logistics, including Ocean Freight, Air Freight, Project Logistics, and Warehousing & Distribution. This acquisition will allow us to provide customized logistics solutions to meet the unique needs of our clients.

Looking to H2, we anticipate increased demand for Project Logistics and ODC as more projects gain approval, construction activity intensifies, and our economy is poised for growth. We are excited about the path ahead and remain committed to executing on these opportunities.”

Robust Financial Performance Continues in H1FY25

Revenue from Operations (Rs Cr)

EBITDA (Rs Cr) & Margin (%)

PAT (Rs Cr) & Margin (%)

- H1 typically experiences delays in Project Logistics and Over-Dimensional Cargo (ODC) transport due to heavy rains, limited infrastructure project approvals, and this year delays were caused by elections as well. **As a result, we focused more on General Logistics during the first six months which led to lower margins compared to FY24**

- ROE and ROCE stood at **18%** and **19%**
- The Debt-to-Equity ratio stood at **0.05x**
- Cash Flow from Operations totaled **Rs 3.5 Crs**

Segment-wise Revenue Mix (H1FY25)

Number of Orders (#)

Average Revenue per Order (in Rs)

Number of Customers served (#)

- The change in Average Revenue Per Order is attributed to a change in Revenue Mix (as explained on the previous slide).
- Although the number of customers served has declined, the total number of orders has increased, indicating repeat orders from existing customers.
- In H2 we anticipate increased demand for Project Logistics and ODC as more projects gain approval, construction activity intensifies, and our economy is poised for growth. This expected surge in demand will help us achieve better numbers for the year.

Expanding Services with PRL Supply Chain Solutions (Subsidiary)

We have acquired PRL Supply Chain Solutions, As a wholly owned subsidiary of Premier Roadlines. This will enhance our service offerings in supply chain management across international markets. With PRL Supply Chain Solutions, we now deliver end-to-end logistics, including Ocean Freight, Air Freight, Project Logistics, and Warehousing & Distribution.

Building an Asset Right Model

Invest in acquiring and developing niche assets with limited availability through third-party vendors. This approach aims to enhance value for clients and expand service to previously untapped customer segments. Only a selective number of these assets will be acquired.

Tapping Into New Industries

Extend services to additional industrial sectors along with expanding customer base in existing industrial sectors.

Nurturing Partnerships to Build a Stronger Brand

Establish strong, mutually beneficial Long-term relationships with transporters, Small Fleet Owners and Agents & Customers.

Continue to build brand image by providing quality services

Focus on adhering to the quality standards to get repeat orders

Expanding Transport Network

Aggressively penetrate domestic markets by expanding our transportation network to increase visibility and establishing additional branches in new locations.

Expanding Services

Offering comprehensive, end-to-end logistics solutions through our wholly owned subsidiary, PRL Supply Chain Solutions, including Ocean Freight, Air Freight, ODC Road Movement, Warehousing & Distribution
