THE MD'S DESK

Dear Shareholder,

It gives me great pleasure to present the annual report of the Company for the financial year 2010-2011 and share with you the success of the organization. I am pleased to inform you that in the financial year 2011, your company has crossed Rs. 1,000 crore landmark in revenue.

This year your company is celebrating its silver jubilee year. The Company over the years has grown and achieved remarkable change in scale and speed mainly on account of dedication and determination displayed by Vascon's team. Also, the mantra of not sacrificing quality, client satisfaction and corporate culture has worked in favor of us creating our goodwill.

Added to it the various recognitions and awards garnered by us during this period has stood as testimony of hard work, perseverance and passion that has gone behind creating the brand "Vascon".

Despite some pick-up in growth witnessed in the second half of FY2010, the current macro-economic environment seems challenging. This scenario is on account of high inflationary pressures that have led RBI adopting tightening measures by taking frequent interest rate hikes. However, we being present in tier 2 and tier 3 cities and in the affordable housing category, our company has seen minimal slowdown in demand.

We are confident that the Indian economy in coming years will continue its growth momentum. We believe that India's increasing outlay on infrastructure spending coupled with domestic consumption-led growth story is here to stay. And hence we have a positive outlook on all our business segments in future.

The MD's Desk

THE MD'S DESK

EPC

Our EPC business remains the backbone of the company and Vascon is one of the premier players in Engineering, Procurement and Construction sector with cumulative construction of over 32 million sq. ft.

EPC business has shown an excellent growth year on year on account of improved macro economic conditions. During the last year, your company has executed orders of around 7 million sq. ft. Fresh orders from third party have shown a growth of 33% from Rs. 912 crore in FY10 to Rs. 1,222 crore in FY11. Our revenue from EPC segment is up from Rs. 629 crore in FY10 to Rs. 706 crore in FY11.

The Company has built a reputation for delivering high quality projects and completing them ahead of schedule. During this fiscal we completed construction of a prominent project "Ruby Mills" in Mumbai and would in coming years add on value to new projects in terms of our superior execution skills. The Company intends to expand its clientele in terms of territory and scope of activities.

Real Estate

Your company has been instrumental in launching projects in its established area of Pune and Nashik in FY11. It included launch of "Windermere"- a premium end product offering 0.4 msft for sale. The project has been offered on invitation sale basis and has attracted high amount of interest on account of quality and ambience offered.

The company plans to commence further 8 residential projects with developable area of around 4 msft in FY12. This encompasses a rapidly developing suburb of Chennai with total potential area of development of over 11 million sq ft to be developed in four phases over a period of 6 to 8 years. We believe Chennai is a high growth residential market and we expect this project to deliver healthy volumes once the project is launched.

At Vascon, we are optimistic about the years ahead with our approach on real estate through joint development and joint venture model.

Hospitality

Your company in FY11, as a strategic investment, entered into two premium brands with 26% and 27.5% stake in Hyatt and Holiday Inn in Pune respectively. The Company at the same time exited its entire stake from Vista Do Rio for a consideration of Rs. 15 crore. The Company will continue its investment in hospitality segment to leverage its expertise developed in EPC business.

GMP

Last year your company has acquired GMP Technical Solutions Private Ltd, the leader in modular clean room and office partitions apart from offering HVAC, electrical and building management services (BMS). GMP offers complete solution engineering in clean room modular partitions, HVAC design and supply, integrated building management systems, electric systems and accessories, epoxy and vinyl flooring, and interlocking and access controls.

With the takeover, your company is better positioned to exploit the synergy in other verticals and will also enable the Company to participate in bidding full service contract. The acquisition has enhanced the Company's geographical footprint as GMP has offices in several cities in India and other countries.

To conclude, I'd like to place on record my gratitude to all our shareholders, investors, bankers, financial institutions, lenders, contractors, vendors, suppliers, and above all, our customers who have faith in our company. I would also like to thank each employee of our organization for their unstinted support, hard work and dedication. You all are responsible for making Vascon what it is today.

We shall remain committed to our core strength of quality and delivering results on time.

Yours sincerely,

*R. Vasudevan
Managing Director*

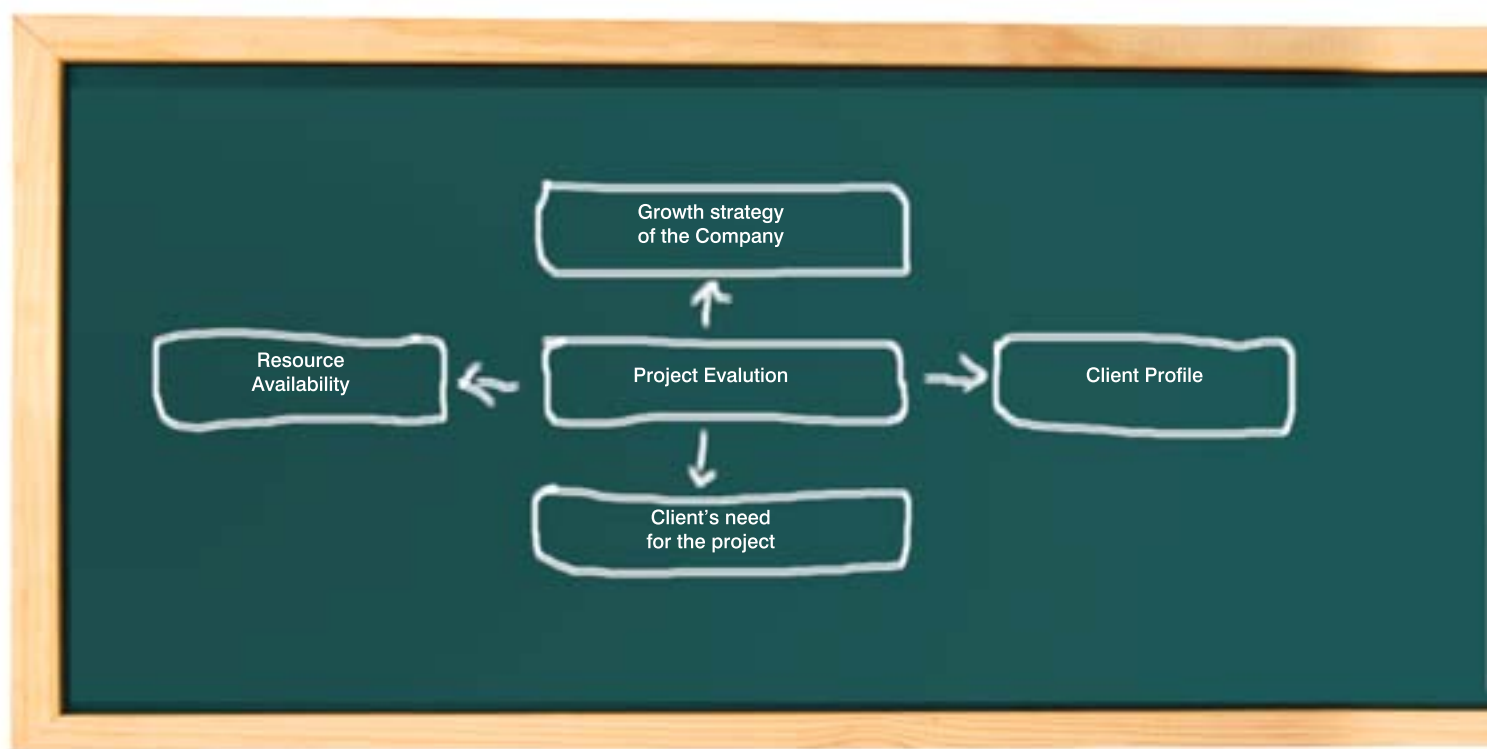

BUSINESS MODEL & REVIEW

ENGINEERING PROCUREMENT AND CONSTRUCTION (EPC) - STABILITY DRIVER

The Company commenced operations primarily as an EPC services company. Today the Company has 25 years of experience in providing EPC services, which includes constructing factories, hospitals, hospitality properties, office and residential complexes, shopping malls, multiplexes, IT parks and other buildings. The Company is known for its quality of construction, which can be easily concluded from number of repeated orders that the Company gets from its clients. The Company provides EPC services for its own projects as well as to third parties. As of March 31, 2011, the Company has completed more than 190 EPC contracts, with construction of over 32 million sq. ft. and is engaged in 90 ongoing EPC contracts, with an estimated total contract value of Rs. 41,390 million with an Order Backlog of Rs. 27,980 million out of which 66 EPC contracts were for third parties with the order size of Rs.25, 820 million and an Order Backlog of Rs. 14,600 million and 24 EPC Contracts were for projects developed by us or the other development entities with an order size of around Rs.15, 569 million and an order backlog of Rs. 13,380 million. Our third party EPC clients include various reputed clients such as Ruby Mills in Mumbai, Symbiosis Education Institutes, Sinhgad Education Society, Cipla Ltd., Dr. Reddy's Laboratories Ltd., Tata Housing, NBCC, Adani Township, Goa Institute of Management, etc.

EVALUATION PROCESS FOR THIRD PARTY ORDERS

Projects evaluations are done based on client need, client profile, resources availability and overall growth strategy of the Company.

COMPANY'S GROWTH STRATEGY FOR EPC BUSINESS

1. Diversifying geographical presence
2. Diversifying nature of projects
3. Focus on institutional contracts
4. Use of latest construction technology to reduce time and cost
5. Bidding for full service and bigger size contracts

Company is also closely working with various government agencies like NBCC (National Building and Construction Company) for their projects in residential and commercial segment.

Company is having sound footprint in healthcare and education sectors, where the government and private sector is planning huge investment. This will help the Company in bagging new contracts in these sectors going ahead.

BUSINESS MODEL & REVIEW

REAL ESTATE BUSINESS - SCALABILITY DRIVER

The Company's real estate development business comprises the development of residential and office complexes, as well as shopping malls, multiplexes, hospitality properties, IT parks and other buildings directly or indirectly through our subsidiaries or the other development entities. The Company has a Pan India presence in developing real estate projects. The Company and the other development entities have completed various real estate development projects, and in the process of developing various real estate projects, with an aggregate saleable area of over 66 million square feet.

In order to achieve efficiency of scale and focussed working, the Company has decided to outsource the non core activities like project approval, project management and marketing to Vascon Infrastructure Ltd. a company promoted with these as main objectives.

Company has strategically entered into the Real Estate business to

✓ Leverage its EPC experience

- The Company has a strong EPC base which helps the Company to rise above industry standards in terms of execution capabilities.
- Real Estate synergizes well with the EPC business; this not only helps the Company to grow faster but also to establish a niche in this space.

✓ Unique Business model focused on lower land acquisition costs

- Majority of Real Estate development is done through Joint Ventures (JVs) and Joint Development Agreements (JDAs), thereby reducing working capital requirement. The model also ensures against the blockage of capital and minimizes downside risk.
- Partnerships augurs well for local market dynamics.
- Company focus on real estate development in Tier II and Tier III cities in India: the idea being to focus on areas where the Company foresees significant value unlocking potential from its land holding.
- The Company also has diversified its Real Estate portfolio across India into cities like Pune, Nashik, Aurangabad, Thane, Chennai, Madurai, Goa, Hyderabad, Coimbatore, Belgaum and Chandigarh.

✓ Presence across the entire universe of projects

- Today the Company has established its presence in developing Residential and Office Complexes, IT parks, Shopping malls, Multiplexes, Hospitality properties and other buildings.
- The Company undertakes the entire spectrum of Real Estate Development activities including identification and acquisition of land, providing EPC services and sales and marketing of projects to operations of completed projects.

BUSINESS MODEL & REVIEW

HOSPITALITY BUSINESS - STRATEGIC INVESTMENT

As part of our growth strategy, the Company has developed number of hospitality properties and shopping malls and office complexes and intends to develop several others. We derive revenue from entities involved in owning and operating hospitality properties and service apartment complexes.

The primary reason to hold these properties is to tap the demand for the hospitality segment in and around our Real Estate development. Secondly, as the Company has expertise in construction, getting the investor who likes to save the lead time for construction, benefits both the parties.

The Company is also looking to expand its presence across the country, by making strategic investment in this segment, wherever a lucrative opportunity is available.

STORY BEYOND THE NUMBERS

EPC Segment

The Company has significant experience in providing EPC services, and has established a strong track record of designing and constructing a diverse range of projects. With 25 years of experience in the EPC services business, we have constructed factories, hospitals, hospitality properties, office and residential complexes, shopping malls, multiplexes, IT parks and other buildings.

The Company has established a track record of developing and constructing high quality and innovative projects. The Company has developed dedicated teams and processes to bid for, design and engineer, procure materials for and construct our projects in a cost-effective and quality-controlled manner. Company has also completed the implementation of SAP enterprise resource planning system to streamline operations, improve productivity and reduce costs.

The Company's EPC services business has contributed to the total income and intends to focus on growing such business, particularly as a result of significant infrastructure and other development opportunities in India and the commitment to these sectors by the Indian Central and State Governments.

The Company intends to take advantage of the significant growth opportunities in the Indian economy by not only diversifying into new locations but also by optimizing EPC services business and resources and entering into infrastructure development by participating in road development and other infrastructure related activities.

Real Estate Segment

Prior to 1998, the Company was primarily operating as an EPC services company. In the past 13 years, the Company has diversified into and has focused on real estate development. The Company intends to continue to build real estate development business and is committed to developing a diverse range of projects such as residential and office complexes, shopping malls, multiplexes, hospitality properties, IT parks, community centers and other buildings. The Company along with its development entities has completed various projects and is in the process of developing 66 million sq. ft. through its ongoing and forthcoming projects. While real estate development requires significant amounts of capital, the opportunities to grow revenues and profit in both commercial and residential real estate development business are significant.

The Company recognizes that land reserves are critical to this strategy and has developed a business model of entering into joint ventures and joint development agreements with land owners and other financial investors to provide for land and land development rights for its real estate development projects. The Company intends to continue to selectively enter into joint ventures and joint development agreements to increase the amount of land or land development rights available to us for development. This model also assists in reducing working capital investment and effectively utilizing EPC services and sales & marketing capabilities.

STORY BEYOND THE NUMBERS

Key Differentiators

Diversified Business Portfolio and Diverse Revenue Streams

The Company commenced its business as an EPC services company and has since, due to synergies between the two businesses, diversified into the real estate business as well. As a result, the Company currently has two main revenue streams. The benefits of having two revenue streams became especially apparent over the fiscal year 2009, when the real estate business in India witnessed a significant downturn due to the global economic slowdown. While our total income for the fiscal year 2009 decreased by 15.43% as a result of the decrease in real estate business, the Company's EPC services business, which grew substantially for the fiscal year 2009 as compared to the fiscal year 2008 helped offset the fall in revenue from the real estate business. Our EPC services business grew by 48.22% to Rs 4,481.38 million for the fiscal year 2009 compared to Rs 3,023.52 million for the fiscal year 2008.

The Company has created a diversified and sustainable business model with which it intends to increase shareholder wealth and grow our revenues. The Company believes that such a diversified business portfolio diminishes the risks associated with the dynamics of any particular industry while also simultaneously helping us to benefit from the synergies of operating diverse businesses.

Focus on optimizing resources

The Company generally enters into joint development agreements and/or joint ventures with land owners to acquire development rights to their land in exchange for a pre-determined portion of revenues or profits generated from the projects. This business model enables us to have development rights to significant parcels of land without having to invest large amounts of money to purchase such land. The Company's joint development agreements provide us with significant control over all aspects of the development and sales of our projects. In addition, in case of the other development entities, the Company either owns a majority interest in or controls such entities. As a result, management has control over our projects and can control important business decisions relating to such projects. In addition, the Company provides any and all EPC services to real estate development projects. This helps to closely monitor the management and operations of projects, as well as to apply a uniform management philosophy, including standardized processes for accounting, finance, marketing and sales, business and management review, to such businesses. As a result, the Company is able to optimize revenues and minimize operational, capital and other costs.

Focus on innovation

Innovation is the key to being successful in any business. The Company not only focuses on design and quality, but is committed to introducing innovations in its projects. It utilizes the experience and skills of employees to plan and carry out innovative developments that maximize the use of land and minimize the use of power and other natural resources.

Concepts such as dual feeder, electricity supply and automated temperature control systems are introduced by the Company to reduce the consumption of electricity. The Company has also introduced post-tensioned concrete technology in its commercial projects. The usage of tower cranes, concrete placer booms, automated stirrup making machines and shuttering systems have enabled the Company to use advanced technology to enhance construction speed, safety and efficiency.

The Company's commitment to quality and innovativeness is exemplified by a number of awards such as "The Best IT Infrastructure Company for 2008" from the Government of Maharashtra; "The Most Trusted Brand in 2008" from Amicus Enrio, New Delhi; Building Industry Leadership Awards 2008, from Builders Information Bureau, New Delhi; Gold Crown Award, 2008 for Vista Do Rio; the merit award for innovative design and development of a new project (with respect to the Nucleus Mall in Pune) at the 30th ICSC International Design and Development Awards and Best Employer Brand Award from Employer Branding Institute in 2011.

Established brand name for quality and reliability

The Company has established a well recognized brand name in the market. Customers associate the brand name with quality, transparency, reliability, ethics and value. The Company has developed long-term relationships with retail and corporate customers, joint venture entities parties, sub-contractors and suppliers, and its EPC services business enjoys repeat business with many of our EPC customers.

The Company has acquired a reputation for undertaking quality construction projects and completing them on a timely basis. The Company will continue to focus on performance and quality and timely project execution in order to seek to maximize customer satisfaction in both our EPC services and real estate development businesses. The Company will also continue to use technological tools and processes and strengthen its quality control team and will further enhance its engineering, architecture, design, construction and development teams to provide innovative and superior design and engineering in all its projects and services.

CORPORATE SOCIAL RESPONSIBILITY

VASCON MOORTHY FOUNDATION (VMF) COMPLETES THREE YEARS

Last year VMF has carried out various activities on Health & Hygiene, Education, Employee welfare etc., few of which are mentioned below.

HEALTH, HYGIENE & SAFETY

In 2010-2011, VMF was able to reach out to 40 sites all over India as against 14 sites in the previous year and 10 sites in 2008-2009.

To ensure good health of workers and their families, awareness programs on hygiene-related health issues were arranged. These interactive sessions were conducted by VMF staff on 13 sites in Baddi, Chennai, Coimbatore, Goa, Ludhiana and Pune. At some sites in Pune, the staffs were joined by PMC doctors or the visiting doctors on site. In all 1,910 workers participated in these programs.

Awareness talk at STES site, Pune

AIDS awareness programs were held at Ruby Tower and Kshitij, two sites in Mumbai. These programs were conducted with the help of Mumbai Districts AIDS Control Society.

Street plays were organized for workers at 13 sites in Maharashtra. These plays depicted how addictions like tobacco, alcohol, 'gutka', prostitution, etc. adversely affected the workers' health and family. 2,165 workers watched these plays which were followed by discussions.

Street Play at Windermere site, Pune.

259 children at 7 sites in Pune were immunized. Vitamins, Iron supplements and some first aid material was procured from Pune Municipal Corporation and distributed on sites in Pandharpur, Pune and Solapur.

VMF had started providing mid-day meals to children from January 2010. In the beginning there were only 60 children from 2 sites enjoying the meals. As of 31st March, 2011, 350 children from 9 sites were benefitting from this scheme.

EDUCATION

Education has always been VMF's priority. VMF ensures that children residing in the labor camps not only go to crèche on site, but also get enrolled in mainstream schools. Presently, there are 106 children attending mainstream schools from sites in Pune, Nashik and Solapur. To keep children and their parents motivated to continue formal education, VMF organized an Annual Day Program on 21st August, 2010. As of 31st March, 2011, there were 12 crèches (child development centres) in Maharashtra, Goa and Tamil Nadu.

Classroom at SPSPM, Solapur crèche (left).

A child being felicitated by the special guest

To enable the children of the migrant construction workers to have uninterrupted education, VMF started education sponsorship program in June 2009. The program has had a good response from workers. 15 children are residing in hostels today. These children are placed in hostels of Maher, Seva Sadan and Janseva Foundation.

EXTERNAL BENEFICIARIES

From June 2010, VMF has started the HIGHER EDUCATION SCHOLARSHIP LOAN PROGRAM. Under this program, deserving students are provided with a scholarship loan for their graduation studies. This year VMF has offered loan to two students.

A workshop on "self-expression through art and games" was conducted for standard 10th girls of St. Felix School.

EMPLOYEE WELFARE

VMF has provided financial and moral support for medical care in deserving cases and provided scholarship for children of deceased employees.

PLANS FOR THE FUTURE

VMF has following plans for the future:

- Find sponsors to educate more children.
- Convince more parents to enrol their children in hostels for uninterrupted education.
- Tie-up with Indian Institute of Entrepreneurship Development and Research (IIEDR) to provide technical Training to site workers for construction industry.
- Training site staff for maintaining labor camps.

REPORT ON CORPORATE GOVERNANCE

CERTIFICATE ON COMPLIANCE WITH CLAUSE 49 OF THE LISTING AGREEMENT BY VASCON ENGINEERS LIMITED

To the Members of VASCON ENGINEERS LIMITED

I have examined the compliance by VASCON ENGINEERS LIMITED ('the Company') of the requirements under Clause 49 of the Listing Agreement, entered into by the Company with the Stock Exchanges, for the year ended 31st March 2011.

In my opinion and to the best of my information and according to the explanations given to me, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the Listing Agreement.

The compliance of conditions of Corporate Governance is the responsibility of the management of the Company. My examination was limited to procedures adopted, and implementation thereof, by the Company for ensuring compliance with the conditions of Corporate Governance under Clause 49. The examination is neither an audit nor an expression of opinion on the financial statements of the Company.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

The Economic Scenario

India's GDP started to indicate recovery trends since Q4FY10. As per advance estimates the overall GDP growth rate for 2010-11 was 8.6 percent in comparison to 8.0 percent during 2009-10. Further Government is planning for maintaining high GDP growth in the range of 8.75-9.25% for 2011-12

According to the latest estimates available on the Index of Industrial Production (IIP), the general index registered a growth rate of 7.8 per cent in 2010-11 as compared to 10.5 per cent during April-March 2009-10. However, the index for six infrastructure sectors (comprising crude oil, petroleum refinery products, coal, electricity, cement and finished carbon steel) with a weight of 26.68 per cent in the Index of Industrial Production (IIP) grew by 5.9 per cent during April-March 2010-11, as compared to growth rate of 5.5 per cent achieved during the corresponding period in 2009-10.

The Indian economy compared to other economies have shown remarkable bounce back post recessionary phase and is today rated as one of the most attractive investment destinations across the globe. The net capital inflows to the extent of US\$ 18.8 billion in a single quarter as compared to US\$ 3.5 billion in the first quarter of FY2011 further strengthens the outlook for our country as a preferred investment destination. However, the current European crisis and inflationary conditions in India makes us predict that the recovery will be uneven in global context for some more time.

Industry Scenario

EPC and Infrastructure Sector

The biggest booster to the economic growth has been the construction industry. The growth in Construction Industry continues to outpace GDP growth for the last few years. In the recent union budget (28 Feb. 2011), it was seen that the spending in infrastructure projects will increase another 23%. In last four years, Indian Government's focus on investment in infrastructure projects has already seen a massive jump; further increase of 23% will only help the economy. It is estimated that total construction spending shall be doubled to Rs 12,189 billion during the period 2008-09 to 2012-13 from Rs 6,217 billion incurred during 2003-04 to 2007-08. There is a huge opportunity for infra spending in the segments of Construction Industry.

The Government is also seeking higher investments from the private players through the Public Private Partnership (PPP) Model by making necessary changes in the policy framework. There has been huge potential opportunities in all segments of Construction Industry more particularly, roads, highways, real estate and airports and further, it is expected that other sectors like power, SEZs, metros, ports and urban infrastructure will also be the key drivers for the coming years.

During the Twelfth Five Year Plan (2012-2017), the total investment in infrastructure is projected to be around INR 41 trillion (US\$1 trillion).

In 2009-10, expenditure worth approximately 7.2 per cent of the GDP was spent on infrastructure. The government aims to increase the country's infrastructure expenditure to 9 per cent of its GDP by 2014. Investment in the country's infrastructure sector has doubled over the last five years, from 4% of GDP to 8%.

Given the economic fundamentals and committed efforts of the government to drive growth, the future of the Indian economy, in particular construction industry, appears to be optimistic.

Real Estate

The real estate sector in India is of great importance. According to the report of the Technical Group on Estimation of Housing Shortage, an estimated shortage of 26.53 million houses during the Eleventh Five Year Plan (2007-12) provides a big investment opportunity.

The Indian real estate industry is expected to be valued at US\$ 180 billion (INR 8,640 billion) by 2020. The real estate sector in India is on a rapid growth trajectory. The real estate sector is a key growth driver of the country's economy. The contribution of the residential segment alone to India's gross domestic product (GDP) is around 5 to 6 per cent.

In a short span of time, the industry has evolved from a highly fragmented and unorganized market into a semi-organized market, with a large number of listed companies.

In the last decade, foreign domestic investments (FDI) in real estate, has increased due to the growing interest of foreign players in the Indian market. The real estate sector is one of the highest FDI-attracting sectors in India, with recorded FDI inflow of more than US\$ 8.9 billion (INR 403 billion) between April 2000 and September 2010. FDI of up to 100 per cent is allowed under the automatic route in most asset classes.

Favorable demographics (a young population and increasing urbanization) and growth in the services sector, especially the IT & ITeS sector, have primarily driven growth in the real estate industry.

Growth Drivers

Residential space

- ✓ **Rapid urbanization** - the urban population is estimated to reach 590 million by 2030.
- ✓ **Decreasing household size** - Growth in the number of nuclear families is leading to an increase in the number of households, especially middle-class households. India is expected to be home to 91 million middle-class households by 2030.

MANAGEMENT DISCUSSION AND ANALYSIS

- ✓ The growing working age population in the 15-60 age groups is expected to reach 918 million, or 64 per cent, of the population by 2025.
- ✓ The demand for affordable housing is growing, which is a priority segment for both the government and developers.
- ✓ The country's housing shortage in 2007 totalled 24 million units, and this is expected to increase to more than 26 million units by 2012.

Commercial office space

- ✓ The commercial real estate (CRE) segment (primarily office space) has expanded on the back of growth in the Indian economy.
- ✓ The influx of multinational companies (MNCs) and the growth of the services sector have driven the demand for office space.
- ✓ Progressive liberalization and the relaxation of FDI norms in various sectors have paved the way for growth in FDI in the real estate sector. This, in turn, has led to a burgeoning demand for office space from MNCs and other foreign investors.
- ✓ The demand for office space is expected to increase driven by the growth in the services industry, which includes telecom, financial services and IT & ITeS, which accounts for the maximum demand of commercial office space in the country.

Retail space

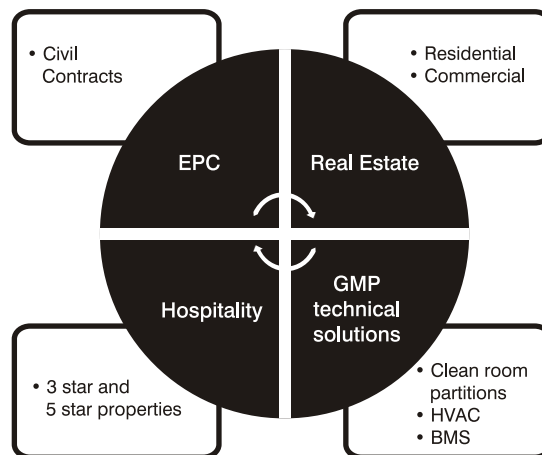

- ✓ Consumerism is increasing on the back of rising disposable income.
- ✓ Organized retailing has grown.
- ✓ The entry of international retailers has boosted industry growth.
- ✓ Expansion by domestic retailers has also given impetus to the industry.
- ✓ The share of organized retail in the total Indian retail trade pie is projected to grow at 40 per cent per annum.

Hospitality Space

- ✓ The hospitality segment has witnessed robust demand growth, primarily due to strong growth in tourism, including both business and leisure travel.
- ✓ India is becoming increasingly popular as a medical tourism destination.

A significant demand-supply gap characterizes the segment. The potential for budget hotels, service apartments, spas and other niche products is significant.

SWOT Analysis of our Business:

Strengths

1. Joint Venture Business Model

The Company's core strength lies in its unique joint venture business model wherein the Company enters into development agreements with land owners to acquire development rights for their land in exchange for a pre-determined portion of revenues, profits or developable area generated from the project. This model brings along capital efficiency and allows your Company to rapidly grow the business without blocking large amounts of capital in land purchases. For any given amount of capital, the joint venture model allows Vascon to do many more projects than it could if it had to buy the land. This leads to greater profitability at the company level and significantly reduces the exposure to risk in any one project. This model is expected to provide some cushion to profits during real-estate downturn.

2. Significant experience and strong track record

The Company has significant experience in providing EPC services, and has established a strong track record of designing and constructing a diverse range of projects. With over 25 years of experience in the EPC services business, Company has constructed across the real-estate category including factories, hospitals, hospitality properties, office and residential complexes, shopping malls, multiplexes, IT parks and other buildings.

3. Diversified portfolio of businesses and diverse revenue streams

The Company has currently has two main revenue streams, one from EPC and the other from Real Estate business. Also the Company has operations in a number of states and union territories of India. Company believes that such a diversified business portfolio diminishes the risks associated with the dynamics of any particular industry while also simultaneously helps us to benefit from the synergies of operating diverse businesses.

4. Strong project portfolio

The Company's current real-estate portfolio comprises of 66 msft. of developable area under various stages of planning or construction across various cities. Unlocking this portfolio in future will add significant value to our real-estate business segment.

5. Quality and strength of execution

The Company has a track record of developing and constructing high quality and innovative projects. It has dedicated teams and processes to bid for, design and engineer, procure materials for and construct projects in a cost-effective and quality-controlled manner. Company's execution capability of 10 msft. and being the recipient of the Platinum Leed award for some of its projects has added to its superior execution skills.

The Company currently is ISO 9001:2008 certified for our management systems and achieved ISO 14001:2004 certification for environmental procedures in 2006.

6. Qualified and proven project teams and experienced management

The Company has broader management bandwidth and an experience team with broad based skill sets. The diversity of expertise of employees gives the Company the flexibility to adapt to the needs of customers.

7. Established brand name

In over two decades of operations, the Company has established a well-recognized brand name in business. The Company believes that customers associate its brand name with quality, transparency, reliability, ethics and value. The Company has developed long-term relationships with retail and corporate customers as well as investors in the real estate market, joint venture entities parties, sub-contractors and suppliers, and its EPC services business, enjoy repeat business with many of its EPC customers.

Opportunities:

1. Ability to bid for Full-Service Contract

The Company has acquired GMP Solutions in FY11. This was mainly in order to be backward integrated and participate in modular clean room, office partitions, HVAC, electrical and building management systems. It will enable the Company to mature as a general contractor and participate in bidding of full service contracts.

2. Mid Segment Focus

Currently our economy is reeling under pressure of high interest rates and high inflation. However, the Company being into mid-sized category, the impact of the challenging scenario is expected to be minimized.

MANAGEMENT DISCUSSION AND ANALYSIS

Challenges

1. Execution

The Company is renowned for its superior construction capability and delivering remarkable real-estate projects. We expect increased construction orders and real estate portfolio to increase as we go ahead. This will pose challenges to complete projects within the stipulated time period and to maintain the quality levels showcased by our Brand till now. Company has been constantly working on it to handle our growing business.

2. Brand Recognition in Newer Cities

As the Company enters newer geographies and cities, the challenge on penetrating and competing with existing players comes along. Company will remain focused on adding new value creating developments and believes that our track-record will help it create a mark as a preferred player in the newly entered cities as well.

Threats

1. Industry Risk

Real estate segment usually follows the macro-economic trend. During challenging economic growth parameters, this segment being linked to government policies, interest rate, demand-supply conditions and the general liquidity scenario in the economy, may get impacted during the period.

The Company takes care to prevent itself from being vulnerable to the change in the economic scenario by adopting asset-light model and de-risking itself from vagaries of land prices and carrying out extensive research before entering into newer geographies.

2. Legal Approvals

Real estate development has to go through too many legal hassles. Any delay in getting approvals leads to delay in projects. Company ensures proper documentation process to smoothly carry out execution of projects.

Human Resource

Employees' Competitive Advantages

In today's fast-paced economy, competition is an issue of services and products. Company gives attention to a better service and best product and how this can be achieved through utilizing the talent of its human resources. Understanding sources of competitive advantage has become a major area of research in the field of strategic management. Competitive advantage concepts and models, competitive strategies and Human Resource practices have a significant impact on the

employees' performance. Management trusts its employees and gives them challenging assignments, in turn employees give commitment to accomplish the organizational objectives & goals with high performance.

Companies Growth in terms of Manpower

This year Company has bagged Asia's Best Employer Brand Award from Employers Branding Institute for Managing Health at Work category.

ANNEXURE TO AUDITOR'S REPORT

The annexure referred in our report to the Members of Vascon Engineers Limited for the year ended 31st March, 2011.

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the books of accounts and other records examined by us in the normal course of audit, we report that :

1. a) The Company is maintaining proper records showing full particulars of fixed assets.
- b) According to the information and explanations given to us, a major portion of the fixed assets has been physically verified by the management during the year. In our opinion, the frequency of verification of the fixed assets is reasonable having regards to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
- c) During the year, the Company has not disposed off substantial part of fixed assets which may affect the going concern status of the Company.
2. a) The Company is engaged mainly in the construction business. Majority of the stock of the Company are in form of developments/work in progress. The stock in the said form and stock of other materials have been regularly verified by the management during the year. In our opinion the frequency of verification is reasonable.
- b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of stocks followed by the management were reasonable and adequate in relation to the size of the Company and the nature of its business.
- c) The inventories which are in the form of work-in-progress/development keep on changing as work progresses. Due to its very nature it is not comparable with any book records. Except this, discrepancies noticed on verification between physical stock and book records were not material and have been properly dealt with in the books of accounts.
3. a) The Company has not granted any loans to Companies, firms, or other parties listed in the Register maintained under sec. 301 of the Companies Act, 1956 and hence the clauses (a)

to (d) of Paragraph 4(iii) of the Order are not applicable.

- b) The Company has taken loans from parties listed in Register maintained under section 301 of the Companies Act, 1956, the number of parties and the aggregate amount involved in the transaction during the year under review was as follows.

	Cur. Yr.	Prev. Yr.		Cur. Yr.	Prev. Yr.
No. of Parties	0	1	Amt. Involved Rs.	-	5,000,000

- c) The rate of Interest and other terms and conditions of such loans are, in our opinion, prima facie, not prejudicial to the interests of the Company.
- d) In respect of such loans taken by the Company, the Company is regular in repayment of the principal amounts as stipulated and payment of interest where applicable.
4. In our opinion, the Company has an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to the purchase of inventories and fixed assets and with regard to sale of goods and services. We have not observed continuing failure to correct major weaknesses in internal control systems.
5. According to the information and explanations given to us, the Company has not entered into any contract or arrangement, for purchases of goods and materials and/or sales of goods, materials and services, with the parties referred under S. 301 of the Companies Act, 1956. Hence, the provisions of clause 4(v) of the Companies (Auditor's Report) Order 2003 are not applicable.
6. In our opinion and according to the information and explanations given to us, in respect of the Deposits accepted by the Company from the public, the Company has complied with the directives issued by the Reserve Bank of India and the provisions of section 58A and 58AA and any other relevant provisions of the Companies Act, 1956 and Rules framed there under as may be applicable. According to the information and explanations given to us, no order has been passed by Company Law Board or the National Company Law Tribunal or any Court or any other Tribunal in regard to the above provisions.

ANNEXURE TO AUDITOR'S REPORT

7. The Company has set up an internal audit system for operations at some of its new distant locations. As informed to us, the Company is in the process of setting-up a formal internal audit system commensurate with the size and the nature of its business for its operations at all locations.
8. According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956 for any of the products of the Company.
9. a) According to the information and explanations given to us, the Company was generally regular in depositing with appropriate authority undisputed statutory dues in respect of Provident fund, Investor Education and Protection fund, Employee's State Insurance, Wealth Tax, Service Tax, Cess and other statutory dues as may be applicable, though there have been slight delays in few cases. There was no arrears of any statutory dues which were outstanding as at year end for a period of more than 6 months from the date they became payable except in case of Advance Income Tax, short paid to the extent of Rs 12,06,955/-.
- b) There were no disputed dues in respect of Income tax, Sales tax, Custom duty, Wealth tax, Service tax, Excise duty that have not been deposited except in respect of the particulars given here under :
10. In our opinion, the Company is not having any accumulated losses. The Company has not incurred cash losses during the financial year covered by our audit or the immediately preceding financial year.
11. In our opinion and according to information and explanations given to us, the Company has not defaulted in payment of dues to financial institutions and banks except in respect of payment of interest on term loan amounting to Rs. 84,38,778/- which became due for payment on 31st March, 2011 out of which Rs. 60,53,425/- was paid in April, 2011 after a delay of few days and the balance amount of Rs.23,85,353/- is still unpaid as of the date of signing of this report.
12. According to the information and explanations given to us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the Company is not a Chit fund or nidhi or mutual benefit fund/society. Therefore, the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order 2003 are not applicable.
14. In our opinion and according to the information and explanations given to us, the Company is neither dealing nor trading in shares, securities, debentures and other investments. The Company has invested surplus funds in Mutual Funds. The investments in mutual funds have been held by the company in its own name.
15. According to the information and explanations given to us and considering the fact the guarantees are granted in respect of loans availed by three subsidiaries and one joint venture entity, the terms and conditions of guarantee given by the Company for loans taken by others from bank or financial institutions are not, prima facie, prejudicial to the interest of the Company.
16. The Company has raised new term loans during the year. In our opinion and according to information and explanations given to us, on an overall basis, the term loans raised during the year, prima facie, have been applied for the purposes for which they were raised.

SCHEDULES ANNEXED TO AND FORMING PART OF THE PROFIT & LOSS ACCOUNT

FOR THE YEAR ENDED MARCH 31, 2011

Schedule No. 20

Notes To Accounts

(Figures in bracket pertains to previous year)

1 Background

Vascon Engineers Limited (Company) was incorporated on 1st January, 1986. The Company is engaged in the business of Engineering, Procurement and Construction services (EPC) and Real Estate Development directly or indirectly through its Subsidiaries, Joint Ventures and Associates.

2 Significant Accounting Policies followed:

2.1 Basis of Preparation of Financial Statements

The financial statements are prepared under historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles ("GAAP") comprising the mandatory Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI) and the provisions of the Companies Act, 1956, on accrual basis, as adopted consistently by the Company.

2.2 Use of Estimates

The preparation of financial statements in conformity with Indian Generally GAAP requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

2.3 Fixed Assets and Capital Work in Progress

- 2.3.1 Fixed assets are stated at cost of acquisition or construction, after reducing accumulated depreciation till the date of the Balance Sheet. The cost of an item of fixed asset comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price and includes borrowing cost relating to any specific borrowing attributable to the acquisition of the fixed assets as per the provisions of AS 16 "Borrowing Cost" issued by ICAI.

Assets under installation or under construction as at the Balance sheet date are shown as Capital work in progress. Advances paid towards acquisition of assets are also included under Capital work in progress.

- 2.3.2 Intangible assets are recognized as an asset only if it fulfills the criteria specified in AS 26 "Intangible Assets" issued by the ICAI.

2.4 Impairment

The assets are tested for impairment and the provision, is made wherever considered necessary based on economic utility of the asset as determined in accordance with the principles as laid down in AS 28 "Impairment of Assets" issued by ICAI.

2.5 Depreciation / Amortisation

Depreciation on fixed assets has been provided under written down value method at the rates and manner prescribed in schedule XIV to the Companies Act, 1956. Cost of lease rights of land has been amortized over a period of lease term. Software in nature of intangible asset has been amortised fully in the year in which the same is ready for use.

Cost of acquisition of share in partnership firm is amortised on systematic manner in proportion to the percentage of completed area of the project recognized as sale. Adjustments are made for any permanent impairment in value.

2.6 Investments

Investment are classified into current investments and long term investments. Current investments are carried at the lower of cost or fair value. Long term investments are carried at cost less provision made to recognise any decline in the value of such investments, other than temporary, in the opinion of the management. Any reduction in carrying amount and any reversals of such reductions are charged or credited to the profit and loss account.

2.7 Recognition of Revenue / Cost

2.7.1 Construction contracts

Revenue from fixed price construction contracts is recognized on the percentage of completion method. The stage of completion is determined by survey of work performed / completion of physical proportion of the contract work determined by technical estimate of work done / actual cost incurred in relation to estimated contract amount, as the case may be, and acknowledged by the contractee. Future

NOTES ANNEXED TO AND FORMING PART OF THE BALANCE SHEET

AS AT MARCH 31, 2011 AND PROFIT & LOSS ACCOUNT FOR THE YEAR ENDED MARCH 31, 2011

expected loss, if any, is recognized immediately as expenditure. In respect of unapproved revenue recognized, an adequate provision is made for possible reductions, if any. Contract revenue earned in excess of billing has been reflected under "Debtors" and billing in excess of contract revenue has been reflected under "Liabilities" in the balance sheet.

The Company provides for warranties and expected cost for completed projects, based on technical evaluation and past experience of meeting such costs net of the obligations on account of subcontractors.

2.7.2 Real estate development

(a) Completed Units

Revenue from sales of units is recognized as and when the underlying significant risk and rewards of ownership are transferred to the purchaser

(b) Units Under Development

Revenue from sales of such units is recognized as and when the underlying significant risk and rewards of ownership are transferred to the purchaser, taking into account materiality of the work performed and certainty of recoverability of the consideration. Revenue is recognized on proportionate basis as the acts are progressively performed, by applying the percentage of completion method as explained in AS-7 (Revised) Construction Contracts in compliance with the authoritative professional view.

The percentage completion is determined based on actual costs incurred thereon by the Company to total estimated cost with reference to the saleable area. Cost for this purpose includes cost of land / development rights, borrowing costs, overheads, construction and development costs of such properties as may be applicable.

The estimates of the saleable area and costs are reviewed periodically and effect of any changes in such estimates is recognized in the period in which such changes occur.

However, when the total project cost is estimated to exceed total revenues from the project, loss is recognized immediately.

2.7.3 Share of Profit/Loss from Partnership firm/ Association of Person is recognized as income during the relevant period on the basis of accounts made-up and allocation made by the firm / AOP in accordance with the Deed of Partnership / AOP Agreement.

2.7.4 **Interest Income** – Interest income is recognized on time proportion basis taking into account the amounts invested and the rate of interest.

AUDITOR'S REPORT

The Board of Directors of
VASCON ENGINEERS LIMITED

We have audited the attached Consolidated Balance Sheet of Vascon Engineers Limited and its subsidiaries and Joint Ventures (collectively called as "the Group"), as at 31st March, 2011, and also the Consolidated Profit & Loss Account and the Consolidated Cash flow Statement for the year ended as on that date annexed thereto. These financial statements are the responsibility of the Group's management and have been prepared by the management on the basis of separate Financial Statements and other Financial Information regarding components. Our responsibility is to express an opinion on these Financial Statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free from any material misstatements. An audit includes examining on test basis evidence supporting the amount of disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

We did not audit the financial statement of a Subsidiary, whose financial statement reflects total assets of Rs.139,60,15,094/- as at 31st March 2011, the total net profit of Rs. 13,45,66,694/- for the year then ended. These financial statements and other financial information have been audited by other auditors whose report has been furnished to us, and our opinion is based solely on the report of other auditors.

We did not audit the financial statement of three Joint Venture Entities, whose financial statements reflect total assets of Rs.36,85,93,683/- as at 31st March 2011, the total net profit of Rs. 12,99,837/- for the year then ended. These financial statements and other financial information have been audited by other auditors whose report has been furnished to us, and our opinion is based solely on the report of other auditors.

The financial statement of two Joint ventures, whose financial statement reflected the total assets of Rs.58,08,68,042/- as at March 31,2011 and net profit of Rs. 2,09,65,543/-for the year ended on that date are not audited as of the date of this audit report and have been included in the consolidated Financial Statements.

The financial statements of three associates for the year ended March 31st, 2011 are not audited as of the date of this report and share of profit/loss (net) Loss of Rs.82,62,736/- has been considered in the profit and loss account based on such an audited statement of accounts.

We report that the Consolidated Financial Statements have been prepared by the Company's management in accordance with the requirements of Accounting Standard (AS) 21, "Consolidated Financial Statements", Accounting Standard (AS) 23, "Accounting of investment in Associates" and Accounting Standard (AS) 27, "Financial reporting of Interest in Joint Ventures" issued by the Institute of Chartered Accountants of India.

Based on the audit and on the consideration of report of other auditor and to the best of our information and according to the explanations given to us the said Consolidated Balance Sheet, Profit and Loss Account and Cash Flow Statement read together with the notes thereon give a true and fair view in conformity with the accounting principles generally accepted in India.

- I. In the case of Balance Sheet, of the state of affairs of the Group as at 31st March, 2011;
- II. in the case Profit and Loss Account, of the Profit of the Group for the year ended on that date; and
- III. In the case of Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

(III) NOTES TO ACCOUNT

1 Statement of Significant Accounting Policy

A. Basis of Preparation of Financial Statement
The financial statements are prepared under historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles ("GAAP") comprising the mandatory accounting standards issued by the ICAI and the provisions of the Companies Act, 1956, on accrual basis, as adopted consistently by the Group.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted principles (GAAP) requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

C. Fixed Assets and Capital Work in Progress

Fixed assets are stated at cost of acquisition or construction, after reducing accumulated depreciation till the date of the Balance Sheet. The cost of an item of fixed asset comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price further adjusted by CENVAT credit and includes borrowing cost relating to any specific borrowing attributable to the acquisition of the fixed assets as per the provisions of AS - 16 "Borrowing Cost" issued by the ICAI. Assets under installation or under construction as at the Balance sheet date are shown as Capital work in progress. Advances paid towards acquisition of assets are also included under Capital work in progress.

Intangible assets are recognized only if it meets with all the criteria specified in AS - 26 "Intangible Assets" issued by the ICAI. In other cases such expenditure is written off during the period in which it is incurred.

Payment for leasehold land is amortized over the period of lease.

D. Impairment

The assets are tested for impairment and the provision, if applicable, is made wherever considered necessary based on economic utility of the asset as determined in accordance with the principles as laid down in AS - 28 "Impairment of Assets" issued by the ICAI.

E. Depreciation / Amortization

Depreciation on fixed assets has been provided under written down value method at the rates and manner prescribed in schedule XIV to the Companies Act, 1956. Cost of lease rights of land has been amortized over a period of lease term. Software in nature of intangible asset has been amortized fully in the year in which the same is ready for use.

F. Investments

Investments are classified into current investments and long term investments. Current investments are carried at the lower of cost or fair value. Long term investments are carried at cost less provision made to recognize any decline in the value of such investments, other than temporary, in the opinion of the management. Any reduction in carrying amount and any reversals of such reductions are charged or credited to the profit and loss account.

G. Recognition of Revenue / Cost

(a) Construction contracts

Revenue from fixed price construction contracts is recognized on the percentage completion method. The stage of completion is determined by survey of work performed / completion of physical proportion of the contract work determined by technical estimate of work done / actual cost incurred in relation to estimate contract amount, as the case may be, and acknowledged by the contract. Future expected loss, if any, is recognized as expenditure. In respect of unapproved revenue recognized, an adequate provision is made for possible reductions, if any. Contract revenue earned in excess of billing has been reflected under "Debtors" and billing in excess of contract revenue has been reflected under "Liabilities" in the balance sheet.

The Company provides for warranties and

AS AT MARCH 31, 2011 AND PROFIT & LOSS ACCOUNT FOR THE YEAR ENDED MARCH 31, 2011

technical evaluation and past experience of meeting such cost net of the obligations on account of subcontractors.

(b) Real estate development

(a) Completed Units

Revenue from sale of units is recognized as and when the underlying significant risk and rewards of ownership are transferred to the purchaser.

(b) Units Under Development

Revenue from sales of such units is recognized as and when the underlying significant risk and rewards of ownership are transferred to the purchaser, taking into account materiality of the work performed and certainty of recoverability of the consideration. Revenue is recognized on proportionate basis as the acts are progressively performed, by applying the percentage of completion method as explained in AS-7 (Revised) Construction Contracts in compliance with the authoritative professional view.

The percentage completion is determined based on actual costs incurred thereon by the Company to total estimated cost with reference to the saleable area. Cost for this purpose includes cost of land/development rights, borrowing costs, overheads, construction and development costs of such properties as may be applicable.

The estimates of the saleable area and costs are reviewed periodically and effect of any changes in such estimates is recognized in the period in which such changes occur.

However, when the total project cost is estimated to exceed total revenues from the project, loss is recognized immediately.

(c) Share of Profit/Loss from Partnership firm/ Association of Person is recognized as income on year-to-year basis on the basis of accounts made-up and allocation made by the firm/AOP in accordance with the Deed of Partnership/AOP Agreement.

(d) Interest Income - Interest income is recognized on time proportion basis taking into account the amounts invested and the rate of interest.

(e) Dividend Income - Dividend income is recognized as and when the right to receive the same is established.

O. Segment Reporting

The Company has disclosed business segment as the primary segment. Segment have been identified taking into account the nature of the activity, the differing risks & returns, the organizational substructure. The companies operation predominantly relate to EPC activity. Other business segments reported are Real Estate Development, Hotel & Manufacturing & BMS. The Company operates only in India. As such there are no reportable geographical segments.

P. Foreign currency transaction

(a) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(b) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(c) Exchange Difference

All exchange differences arising on settlement and conversion on foreign currency transactions are included in the profit and loss account, except in cases where they relate to the acquisition of fixed assets from outside India, in which case they are adjusted in the cost of the corresponding assets.

Q. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue and share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except where the results are anti-dilutive.

R. Employee Stock Option Scheme

Stock options granted to the employees under the stock options scheme are accounted as per the accounting treatment prescribed by Institute of Chartered Accountants of India. Accordingly, the excess of fair value over the exercise price of the options is recognized as deferred employee compensation and is charged to the profit and loss account on straight line basis over the vesting period of the options. The amortized portion of the cost is shown under reserves and surplus.

Dear Shareholder

RE: Green Initiative in Corporate Governance: Go Paperless

Government of India, Ministry of Corporate Affairs (“**Ministry**”) has initiated a “Green Initiative in Corporate Governance” by allowing paperless compliances by Companies through electronic mode. In terms of the recent Circular No. 17/2011 dated April 21, 2011 and Circular No. 18/2011 dated April 29, 2011 issued by the Ministry, Companies can now send notices / documents (including but not limited to notice calling Annual General Meeting, Audited Financial Statements, Directors' Report, Auditors' Report, etc.) through electronic mode to its Members, whose e-mail addresses are registered with the Company or with the concerned Depository which shall be deemed to be in compliance of the provisions of the Section 53 of the Companies Act, 1956, read with applicable provisions of Information Technology Act, 2000.

You would agree, it is a welcome move for the society at large as this will reduce paper consumption to a great extent and allow public at large to contribute towards a greener environment. This step will also help in speedy communication of the documents and also evade loss in postal transit. We are sure that you would appreciate the “Green Initiative” taken by the Ministry and hereby solicit your patronage and support in helping the Company to implement the e-governance initiatives of the Ministry.

Considering the below mentioned advantages of registration for e-communication, this is also a golden opportunity for every Member of **VASCON ENGINEERS LIMITED (the Company)** to contribute towards Corporate Social Responsibility initiative provided you all register your e-mail id with the Company or the concerned Depository Participant to receive above-mentioned notices / documents through electronic mode. You are not required to re-register unless there is a change in your e-mail address.

ADVANTAGES OF REGISTERING FOR E-COMMUNICATION:

- Contribute towards Corporate Social Responsibility
- Save costs on paper and on postage
- Receive communication promptly
- Reduce paper consumption and save trees
- Eliminate wastage of paper
- Avoid loss of document in postal transit

We find that either your e-mail id is not registered with the Depository Participant or you are holding shares in Physical form. We intend to send through electronic mode notices / correspondences, etc. of the Company henceforth. All you have to do is to register your e-mail id with the concerned Depository Participant or send the attached form duly filled to the Company's Registrar and Transfer Agent i.e. Karvy Computershare Private Limited (Transfer Agent), Plot No. 17 to 24, Vithal Rao Nagar, Madhapur, Hyderabad 500 081.

Please note that the documents sent by electronic means will also be available on the website of the Company at the below mentioned link in due course: www.vascon.com and the physical copies of these documents will be available at our Registered Office at Mumbai for inspection during office hours.

We therefore request you to contribute to the cause by updating your e-mail id with the concerned Depository Participant or sending the attached form duly filled to the Transfer Agent in the enclosed business reply envelope. You can also download the form from our website at the below mentioned link: www.vascon.com.

Kindly note that if you still wish to get a physical copy of all the communications, the Company undertakes to provide the same without any cost to you upon receipt of a requisition from you, any time. If you wish to continue to receive the above-mentioned notices / documents in physical form, you are requested to confirm the same.

Let's be part of this 'Green Initiative'.

Best regards,
For Vascon Engineers Limited

M. Krishnamurthi
Company Secretary & Compliance Officer
