Operational and Strategic Highlights – FY26

- Expanded capabilities across digital engineering, cloud, AI/ML, Generative AI, and data engineering services.
- AI/ML and Generative AI solutions contributed more than 10% of FY26 revenue and continued to be one of the fastest-growing service segments.
- Strengthened global client base across enterprises, SMEs, and tech companies in multiple geographies
- Scaled workforce to 500+ professionals with expertise across 50+ technologies
- Enhanced service portfolio with focus on AI/GenAI, cloud engineering, and data-driven solutions

- Maintained strong industry positioning supported by ISO 9001, ISO 27001, and SOC 2 certifications
- Adopted flexible engagement models including managed teams, staff augmentation, and project-based delivery
- Strengthened partnerships with global technology platforms such as Microsoft, Adobe, and Salesforce

Management Commentary

Commenting on the performance, Mr. Mukul Gupta, Chairman & Managing Director, CapitalNumbers Infotech Limited, stated:

“FY26 was an important year for CapitalNumbers as we continued investing in future growth while maintaining healthy profitability and a strong balance sheet. During the year, we expanded our AI and cloud capabilities, strengthened our international business development efforts, and continued building relationships with enterprise clients across key global markets. Strong client additions, growing demand for AI and cloud-based services, and disciplined financial management have supported our growth and profitability.

We remain focused on strengthening our service capabilities, expanding into new geographies, and leveraging emerging technologies to drive long-term value creation. With a robust pipeline and strong balance sheet, we are well positioned to sustain our growth momentum. With a continued focus on operational excellence, technology integration, and scalable platform-driven growth. Looking ahead, we remain focused on disciplined execution, expanding our AI-led service portfolio, strengthening enterprise relationships, and creating long-term value for shareholders.”
