The words and expressions used but not defined in this Draft Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “**SEBI Act**”), the SCRA, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 the Depositories Act and the rules and regulations made thereunder.

## CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

### Certain Conventions

In this Draft Red Herring Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, unless the context otherwise indicates or implies, refers to Manas Polymers and Energies Limited. All references in this Draft Red Herring Prospectus to “India” are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references in this Draft Red Herring Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

In this Draft Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

### Use of Financial Data

Unless the context requires otherwise, the financial information in this Draft Red Herring Prospectus is derived from our Restated Financial Information. Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the year ended on March 31, of that calendar year.

The degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, Indian GAAP, the Companies Act and SEBI ICDR Regulations. Any reliance by persons not familiar with the aforementioned policies and laws on the financial disclosures presented in this Draft Red Herring Prospectus should be limited. There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide a reconciliation of its financial statements with Indian GAAP, IFRS or U.S. GAAP requirements. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” and elsewhere in this Draft Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI ICDR Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “**Restated Financial Information**” beginning on page 169 of this Draft Red Herring Prospectus. There is no subsidiary of our Company as on date of this Draft Red Herring Prospectus. Our fiscal year commences on April 1 of every year and ends on March 31 of every next year.

For additional definitions used in this Draft Red Herring Prospectus, see the section “**Definitions and Abbreviations**” on page 6 of this Draft Red Herring Prospectus. In the section titled “**Main Provisions of the Articles of Association**”, on page 244 of this Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

### Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout this Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications.

Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in this Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI ICDR Regulations the section titled “**Basis for Issue Price**” on page 87 of this Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

### **Currency of Financial Presentation**

All references to “Rupees” or “INR” or “₹” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “**Industry Overview**” throughout this Draft Red Herring Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**”, “**Management's Discussion and Analysis of Financial Conditions and Results of Operations**” on page 28, 115 and 171 respectively of this Draft Red Herring Prospectus, unless otherwise indicated, have been calculated based on our restated financial information prepared in accordance with Indian GAAP.

This Draft Red Herring Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI ICDR Regulations. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

## FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus includes certain “forward-looking statements”. We have included statements in this Draft Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”.

Also, statements which describe our strategies, objectives, plans or goals are also forward-looking statements.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. We are primarily dependent upon few key suppliers for procurement of raw materials. Any disruption in the supply of these raw materials or fluctuations in their prices could have a material adverse effect on our business operations and financial conditions.
2. We are dependent upon few customers, for generating significant portion of our revenues, with whom we have not entered into any agreements. The loss of any one or more of our major customer would have a material adverse effect on our business, cash flows, results of operations and financial condition.
3. There have been instances in the past where we have not made certain regulatory filings with the RoC and there were certain instances of discrepancies in relation to certain statutory filings and corporate records of our Company.
4. We are required to obtain, renew or maintain certain statutory and regulatory permits and approvals required to operate our business and if we fail to do so in a timely manner or at all and our business, financial conditions, results of operations, and cash flows may be adversely affected.
5. Our Company’s logo “Manas Polymers and Energies Limited” is not registered with Registrar of Trademark and the trademark for our brand “Tuffpet” has been opposed. Any infringement of our brand name or failure to get it registered may adversely affect our business.
6. Our business is subject to seasonal volatility due to packaged mineral water and soft drinks sales in summer and winter seasons.
7. There are outstanding legal proceedings against our Company, Promoters, and certain of our Directors. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business, results of operations and financial condition.
8. Our premises are not owned by us and we have only leasehold rights over such premises. In the event we lose such rights or are required to negotiate it, our cash flows, business, financial conditions and results of operations could be adversely affected.
9. Our business is dependent and will continue to depend on our manufacturing facility, and we are subject to certain risks in our manufacturing process. Any slowdown or shutdown in our manufacturing operations or strikes, work stoppages or increased wage demands by our employees that could interfere with our operations could have an adverse effect on our business, financial condition and results of operations.
10. Under-utilization of our manufacturing capacities and an inability to effectively utilize our expanded manufacturing capacities could have an adverse effect on our business, future prospects and future financial performance. Our inability to accurately forecast demand for our products may have an adverse effect on our business, results of operations and financial condition.

For further discussion of factors that could cause our actual results to differ, see the Section titled “**Risk Factors**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on page 28, 115 and 171 respectively, of this Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company or our Directors or our Officers or Book Running Lead Manager or Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

## SECTION II- SUMMARY OF THE ISSUE DOCUMENT

The following is a general summary of the terms of the Issue included in this Draft Red Herring Prospectus and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Draft Red Herring Prospectus when filed, or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Draft Red Herring Prospectus, including the sections titled “Risk Factors”, “The Issue”, “Capital Structure”, “Objects of the Issue”, “Industry Overview”, “Our Business”, “Our Promoters and Promoter Group”, “Restated Financial Information”, “Outstanding Litigation and Other Material Developments” and “Issue Procedure” on pages 28, 53, 70, 80, 97, 115, 162, 169, 184 and 214 respectively of this Draft Red Herring Prospectus.

### SUMMARY OF BUSINESS

Our Company has rapidly established itself as a key player in the plastics (“PET”) and solar energy industries. Specializing in manufacturing premium food-grade PET preforms, bottles, and closure caps, Our Company is committed to quality and consumer satisfaction. With a manufacturing facility utilizing fully automated injection molding technology, we operate at a capacity of 4,000 MT per year, positioning ourselves for growth as we aim to become the market leader in the PET segment. Our dedication to high standards and innovative solutions supports the Indian food and beverage industry while advancing renewable energy initiatives.

For further details, please refer to the chapter titled “Our Business” on page 115 of this Draft Red Herring Prospectus

### SUMMARY OF INDUSTRY

Since PET's inception in 1957, India's plastics industry has evolved remarkably, marked by the introduction of various polymers like polystyrene, LDPE, PVC, and polypropylene. Today, it encompasses around 50,000 units, contributing approximately ₹3.5 lakh crore (USD 42.89 billion) to the economy. The sector's growth is driven by advancements in petrochemicals and processing technologies, facilitating diverse applications across industries such as packaging, agriculture, and healthcare. Notably, the industry is witnessing a shift towards sustainable practices, with increased recycling rates and the incorporation of bioplastics. With a robust export potential, India's plastics industry is well-positioned for significant expansion in the coming years.

For more details, please refer chapter titled “Industry Overview” on page 97 of this Draft Red Herring Prospectus

## SECTION III- RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risks described in this section are those that we consider to be the most significant to our business, results of operations, cash flow and financial condition as of the date of this Draft Red Herring Prospectus. The risks described below may not be exhaustive or the only ones relevant to us, the Equity Shares or the industry sectors in which we currently operate. Additional risks and uncertainties, not presently known to us or that we currently do not deem material may arise or may become material in the future and may adversely affect our business, results of operations, cash flows and/or financial condition. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks mentioned below. If any or a combination of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows, prospects and financial condition could be adversely affected, the trading price of, and the value of your investment in our Equity Shares could decline, and you may lose all or part of your investment. Furthermore, some events may be material collectively rather than individually.

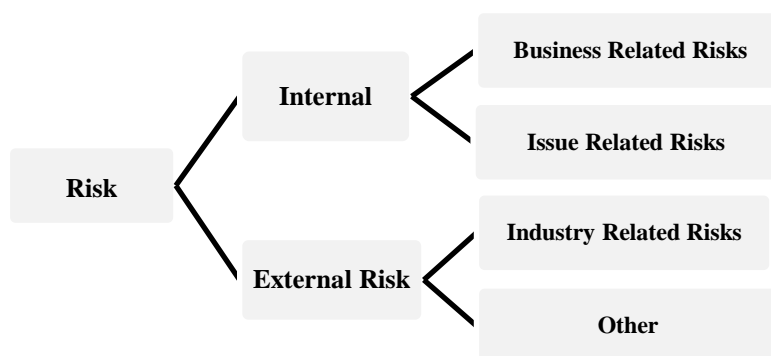

In order to obtain a more detailed understanding of our Company and our business, prospective investors should read this section in conjunction with “**Our Business**”, “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” and “**Restated Financial Information**” on pages 115, 171 and 169 respectively, as well as the other financial and statistical information included in this Draft Red Herring Prospectus. In making an investment decision, prospective investors must rely on their own examination of our Company and our business and the terms of the Offer including the merits and risks involved. Potential investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Offer. Potential investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to legal and regulatory environment which may differ in certain respects from that of other countries. Some of the information in the following section, including information with respect to our plans and strategies, contains forward-looking statements that involve risks, assumptions, estimates and uncertainties and other factors, many of which are beyond our control. Potential investors should read “**Forward-Looking Statements**” on page 22 for a discussion of the risks and uncertainties related to those statements.

Unless otherwise indicated or the context otherwise requires, the financial information included herein is derived from the Restated Financial Information, included in “**Restated Financial Information**” on page 168. Our financial year ends on March 31 of each year, and references to a particular year are to the 12 months ended March 31 of that year.

### MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some events may have material impact quantitatively;
- Some events may have material impact qualitatively instead of quantitatively.
- Some events may not be material individually but may be found material collectively.
- Some events may not be material at present but may be having material impact in future.

### INTERNAL RISKS

11. We are primarily dependent upon few key suppliers for procurement of raw materials. Any disruption in the supply of these raw materials or fluctuations in their prices could have a material adverse effect on our business operations and financial conditions.

Our primary raw materials comprising of polyethylene terephthalate (PET) and high-density polyethylene (HDPE), are derived from ethylene which is obtained from crude oil by-products. Crude oil prices are volatile and any major upward movement in the price of crude oil leads to increases in the prices of the ethylene. The prices of these raw materials may also fluctuate based on exchange rate, customs and duties levied on imports or changes in government policies with respect to these materials or the countries supplying the same. We may be unable to make adequate provisions for the price fluctuations and, consequently, any adverse fluctuations that we have not factored in or provided for may adversely affect the results of our operations and our financial conditions.

We procure our primary raw materials from few suppliers with whom we have not entered into any arrangement and, therefore, we cannot assure you that we shall always have availability of raw material at prices favourable to us. We are dependent upon few key suppliers for supply of some of our key input materials. During the three months period ended June 30, 2024 and for the last 3 Fiscals 2024, 2023 and 2022, our purchase from top 10 suppliers were ₹ 593.10 lakhs, 1,564.08 lakhs, 1,616.08 lakhs and 1,515.72 lakhs, constituting 97.31%, 99.66%, 94.51% and 99.40% respectively. While, as on date there is no cost for transportation of our primary raw material as the same are transported upto our manufacturing facility by the raw material supplier at its own cost, however, we cannot assure that in future such raw material suppliers will not impose cost for transportation of raw materials to our manufacturing facility. Inadequate supply of such raw materials caused either by a sudden change in the prices or imposition of any new taxes or for any other reason could have a material adverse effect on our business operations and financial condition. In case of loss of any of our existing suppliers for any reason, it would have a material adverse effect on our business operations and profitability.

For Fiscals 2022, 2023, 2024 and the three months ended June 30, 2024, our cost of materials consumed were ₹ 1,506.18 lakhs, ₹ 1,656.65 lakhs, ₹ 1491.33 lakhs and ₹ 621.83 lakhs, respectively, representing 80.54%, 81.39%, 75.46% and 73.16% of our revenue from operations respectively. If we cannot fully offset increases in the cost of raw materials, through increases in the prices for our products, we would experience lower margins and profitability, which would have a material adverse effect on our financial condition and results of operations.

Raw material supply and pricing can be volatile due to a number of factors beyond our control, including global demand and supply, general economic and political conditions, tariff disputes, transportation and labour costs, labour unrest, natural disasters, competition, import duties, the outbreak of infectious diseases, tariffs and currency exchange rates and there are inherent uncertainties in estimating such variables, regardless of the methodologies and assumptions that we may use.

Further, discontinuation of such supply or a failure of these suppliers to adhere to the delivery schedule or the required quality could hamper our production schedule and therefore affect our business and results of operations. There can be no assurance that demand, capacity limitations or other problems experienced by our suppliers will not result in occasional shortages or delays in their supply of raw materials. If we were to experience a significant or prolonged shortage of raw materials from any of our suppliers, and we cannot procure the raw materials from other sources, we would be unable to meet our production schedules for our key products and to deliver such products to our customers in a timely manner, which would adversely affect our sales, margins and customer relations. Any delay in the supply or delivery of raw materials to us by our suppliers in turn may delay our process of manufacture and delivery of products to our customers and this may have an adverse effect on our business, cash flows and results of operations. Additionally, our inability to predict market conditions may result in us placing supply orders for inadequate quantities of such raw materials. Therefore, we cannot assure you that we will be able to procure adequate supplies of raw materials in the future, as and when we need them and on commercially acceptable terms.

Our suppliers may be unable to provide us with a sufficient quantity of raw materials, at prices acceptable to us. Further, we may not be able to renegotiate our pricing or delivery terms on a reasonable basis or find suitable alternative suppliers in the future, which may affect our business, financial condition, cash flows and results of operations. Any extended interruption in the supply of raw materials could disrupt our operations and can have a material adverse effect on our business, results of operations or financial condition. Although we believe we have maintained stable relationships with our suppliers in the past, we cannot assure you that, we will be able to source adequate quantities of raw materials in a timely manner from our existing suppliers in the future or we will be able to find alternative suppliers at acceptable prices and quality levels. Our inability to do so may adversely affect our reputation, business, results of operations and cash flows.

12. ***We are dependent upon few customers, for generating significant portion of our revenues, with whom we have not entered into any agreements. The loss of any one or more of our major customer would have a material adverse effect on our business, cash flows, results of operations and financial condition.***

We are dependent upon few customers from whom, we derive significant portion of our revenues. For instance, our top ten customers for the three months period ended June 30, 2024 and Fiscals 2024, 2023 and 2022 accounted for 61.72%, 66.53%, 57.84% and 60.62% of our revenue from operations for the respective period/year. Our reliance on a limited number of customers for our business exposes us to risks, that may include, but are not limited to, reductions, delays or cancellation of orders from our significant customers, a failure to negotiate favorable terms with our key customers or the loss of these customers, all of which would have a material adverse effect on the business, financial condition, results of operations, cash flows and future prospects of our Company.

The following table sets forth the details of revenue from operations from our top customers:

(₹ in Lakhs unless stated in %)

Particulars	As at June 30, 2024		As at March 31, 2024*		As at March 31, 2023		As at March 31, 2022

\* Combined for the period April 1, 2023 to January 24, 2024 and January 24, 2024 to March 31, 2024

In addition, we have not entered into any agreements with our customers and the success of our business is accordingly significantly dependent on maintaining good relationship with them. The loss of one or more of these significant customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows.

Further, there is no guarantee that we will retain the business of our existing key customers or maintain the current level of business with each of these customers. In order to retain some of our existing customers, we may also be required to offer terms to such customers which may place restraints on our resources. Additionally, our revenues may be adversely affected if there is an adverse change in any of our customers' supply chain strategies or a reduction in their outsourcing of products we offer, or if our customers decide to choose our competitors over us or if there is a significant reduction in the volume of our business with such customers.

We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute agreements on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Further, the sales volume may vary due to our customers' attempts to manage their inventory, market demand, product and supply pricing trends, change in customer preferences etc., which may result in decrease in demand or lack of commercial success of our products, which could reduce our sales and adversely affect our business, cash flows, results of operations and financial condition.

Cancellation by customers or delay or reduction in their orders or instances where anticipated orders fail to materialize can result in mismatch between our inventories of raw materials and of manufactured products, thereby increasing our costs relating to maintaining our inventory and reduction of our margins, which may adversely affect our profitability and liquidity. Further, we may not find any customers or purchasers for the surplus or excess capacity, in which case we would be forced to incur a loss. Further, our inability to find customers for surplus products may result in excessive inventories which may become obsolete and may be required to be written off in the future.

Additionally, our customers have high and stringent standards for product quality and quantity as well as delivery schedules. Any failure to meet our customers' expectations could result in the cancellation or purchase orders. There are also several factors, other than our performance that could cause the loss of a customer, which include those customers who may demand price reductions, set-off any payment obligations, require indemnification for themselves or their affiliates, or replace their existing products with alternative products, any of which may have an adverse effect on our business, financial condition, results of operations and prospects.

In addition, we are exposed to payment delays and/or defaults by our major customers and our financial position and financial performance are dependent on the creditworthiness of our customers. There is no guarantee that all or any of our customers will honor their outstanding amounts in time and whether they will be able to fulfill their obligations, due to any financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. We may be subject to working capital risks due to delays or defaults in payment by clients, which may restrict our ability to procure raw materials and make payments when due. Such defaults/ delays by our customers in meeting their payment obligations to us may have a material effect on our business, financial condition and results of operations.

**13. *There have been instances in the past where we have not made certain regulatory filings with the RoC and there were certain instances of discrepancies in relation to certain statutory filings and corporate records of our Company.***

In the past, our Company has encountered certain instances where filings with the Registrar of Companies (RoC) were not made, or where discrepancies arose in our statutory filings and corporate records. These issues include non-filings, incorrect filings, and delays in submitting statutory forms, such as those related to the allotment of equity shares and the appointment and terms of Key Managerial Personnel (KMP). Additionally, typographical errors have been noted in both resolutions and RoC filings and also Company has identified discrepancies concerning the filing under Section 10A of the Companies Act, 2013 and Rule 9A of the Companies (Prospectus and Allotment of Securities) Rules, 2014. These compliance lapses have implications for the accuracy of shareholder records and may invite regulatory scrutiny. Adhering to these requirements is crucial for formalizing the allocation of securities; failure to comply introduces ambiguity regarding the proper authorization and approval of such allotments.

For better governance and compliance, the Company has appointed a Whole-Time Company Secretary and is working to establish a robust compliance framework to ensure that all requisite filings are made correctly and within the

timelines prescribed by the Companies Act, 2013 and rules made thereunder. However, there is no assurance that similar lapses will not occur in the future, nor that we will be able to rectify or mitigate such issues in a timely manner. To address these irregularities, the Company has *suo-moto* filed an Adjudication Application by filing Form GNL-1 under Section 454 of the Companies Act, 2013, vide SRN N05307780 & N05306899 dated October 22, 2024, with the Registrar of Companies. This application acknowledges the discrepancies resulting from human errors, typographical mistakes and non-compliance.

Although we have not yet received any notices from the Registrar of Companies or any other statutory authority regarding these non-compliances, there is a possibility that they may lead to penalties or other actions against the Company and its Directors in the future. For more details, please refer to the chapter titled “*Outstanding Litigation and Material Developments*” starting on page 184 of this Draft Red Herring Prospectus.

14. ***We are required to obtain, renew or maintain certain statutory and regulatory permits and approvals required to operate our business and if we fail to do so in a timely manner or at all and our business, financial conditions, results of operations, and cash flows may be adversely affected.***

We require certain statutory and regulatory licenses, registrations and approvals to operate our business, some of which our Company has either received, applied for or is in the process of application. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-renewal of the said permits and licenses would adversely affect our operations, thereby having a material adverse effect on our business, results of operations and financial condition. There can be no assurance that the relevant authorities will renew such licenses, registrations and approvals in a timely manner or at all. Further, these licenses, registrations and approvals are subject to several conditions, and we cannot assure that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant licenses, approvals and registrations. Failure by us to renew, maintain or obtain the required licenses or approvals, or cancellation, suspension, or revocation of any of the licenses, approvals and registrations may result in the interruption of our operations and may have a material adverse effect on our business, results of operations and financial condition. For further details, see the chapter titled “*Government and Other Statutory Approvals*” beginning on page 188.

15. ***Our Company’s logo “Manas Polymers and Energies Limited” is not registered with Registrar of Trademark and the trademark for our brand “Tuffpet” has been opposed. Any infringement of our brand name or failure to get it registered may adversely affect our business.***

Presently, our Company is using the logo  and we have applied for registration of the same under Class 21 of the Trademarks Act, 1999 vide an application dated October 24, 2024. Therefore, as on date we do not enjoy the statutory provisions that are accorded to a registered trademark. Further, we may not be able to detect any unauthorized use or infringement or take appropriate and timely steps to enforce or protect our intellectual property, nor can we provide any assurance that any unauthorized use or infringement will not cause damage to our business prospects. Further we cannot guarantee that the application made for registration of our trademark in future will be allowed. In case we are unable to obtain the registration for the said trademark in our name, our business revenues and profitability may be impacted. Further, our Promoter Mrs. Anju Bhadauria while operating the business of Manas Polymers had

made an application on February 14, 2023 for registration of the trademark  with the Registrar of Trademarks pursuant to the application bearing number 5807784 in Class 21 in India. However, the same has been objected. Mrs. Anju Bhadauria had filed a reply to the opposition in March 2024.

16. ***Our business is subject to seasonal volatility due to packaged mineral water and soft drinks sales in summer and winter seasons.***

Our Company’s major sales of its products are made to packaged mineral water supplier companies, sanitaryware companies, edible oil companies and soft drinks providers. The sales of these items are at peak in summer seasons and lower in winter seasons as per industry practices. As our Company products are supplied to these vendors, our major sales are done in summer seasons and lesser sales in winter seasons. In case of any variation in our sales number for any quarter or half year may not reflect true affairs of our company and any reliance placed on it might affect investors and other stake holders in general.

17. ***There are outstanding legal proceedings against our Company, Promoters, and certain of our Directors. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business, results of operations and financial condition.***

A summary of outstanding litigation proceedings involving our Company, Promoters, and Directors, as disclosed in “*Outstanding Litigation and Material Developments*” on page 184 in terms of the SEBI ICDR Regulations as at the date of this Draft Red Herring Prospectus is provided below.

We cannot assure you that any litigation matters, if initiated, will be settled in our favour, or that no (additional) liability will arise out of such proceedings. Further, such proceedings could divert management time and attention and consume financial resources in their defence. In addition to the foregoing, we could also be adversely affected by complaints, claims or legal actions brought by persons, before various forums such as courts, tribunals, consumer forums or sector-specific or other regulatory authorities in the ordinary course or otherwise, in relation to our products, our technology, our branding or our policies or any other acts/omissions. Further, we may be subject to legal action by our employees and/or ex-employees in relation to alleged grievances such as termination of their employment with us. There can be no assurance that such complaints or claims will not result in investigations, enquiries or legal actions by any courts, tribunals or regulatory authorities against us.

18. ***Our premises are not owned by us and we have only leasehold rights over such premises. In the event we lose such rights or are required to negotiate it, our cash flows, business, financial conditions and results of operations could be adversely affected.***

Our Company uses the land situated at Plot No. 3, Baraghata, Industrial Area, Jhansi, Road, Gwalior, District Gwalior, Madhya Pradesh, India, 474001 for registered office and our manufacturing facility. The said land was given on lease to Manas Polymers, the sole proprietorship concern of Ms. Anju Bhadauria by Governor of Madhya Pradesh and a Lease agreement was entered into on October 15, 2015 between M/s. Manas Polymers through proprietor Mrs. Anju Bhadauria and Governor of Madhya Pradesh, acting through General Manager District trade and Industries Centre Gwalior. Our Company has filed an application dated October 07, 2024 before the Governor of Madhya Pradesh, acting through General Manager District trade and Industries Centre Gwalior for change of name from Manas Polymers to our Manas Polymers and Energies Limited. While we have applied for the change of name from Manas Polymers to our Manas Polymers and Energies Limited, however, we cannot assure you that the Governor of Madhya Pradesh, acting through General Manager District trade and Industries Centre Gwalior would accord the approval to transfer the lease in the name of our Company. Further, our Company have entered into a lease or license agreement with Mrs. Anju Bhadauria on January 25, 2024 for the land situated at Sakedi, Teh. Shajapur, Shajapur, Madhya Pradesh-465001 which is being used by our Company for operating the 1.00 MW Solar Power Plant. For further details, see the chapter titled “**Our Business**” beginning on page 115. The lease or license agreement can be terminated, and any such termination could result in any of these offices and manufacturing facility being shifted to a different location. There can be no assurance that we will, in the future, be able to retain, renew or extend the lease for the existing locations on same or similar terms, or will be able to find alternate locations for the office and manufacturing facility on similar terms favourable to us, in time or at all. Accordingly, we may experience business disruption, and this may materially and adversely affect our business, financial condition and result of operations.

19. ***Our business is dependent and will continue to depend on our manufacturing facility, and we are subject to certain risks in our manufacturing process. Any slowdown or shutdown in our manufacturing operations or strikes, work stoppages or increased wage demands by our employees that could interfere with our operations could have an adverse effect on our business, financial condition and results of operations.***

We conduct our operations through our manufacturing facility located in Madhya Pradesh. and our business is dependent upon our ability to manage our manufacturing facility, including productivity of our workforce, which are

subject to various operating risks, including those beyond our control, such as the breakdown, failure of equipment or industrial accidents, severe weather conditions and natural disasters. Any significant malfunction or breakdown of our machinery, our equipment, our reactors, our automation systems, our IT systems or any other part of our manufacturing processes or systems (together, our “**Manufacturing Assets**”) may entail significant repair and maintenance costs and cause delays in our operations. While we have never experienced any malfunction or breakdown of our Manufacturing Assets, however, we cannot assure you that we shall not experience any malfunction or breakdown of our Manufacturing Assets in the future. If we are unable to repair Manufacturing Assets in a timely manner or at all, our operations may need to be suspended until we procure the appropriate Manufacturing Assets to replace them.

Further, there can be no assurance that in future, if we suffer accidents or if we are subject to shutdowns due to malfunctions, that we would be able to recover insurance costs covering all losses. Any uninsured losses in the future would adversely impact our results of operations and profitability. Additionally, any regulatory notices received indicating shortfall in quality or inadequacies of quality control measures or in our products could require us to make unplanned shutdowns to our manufacturing facility in the future, resulting in losses and operational difficulties. In addition, we may be required to carry out planned shutdowns of our facility for maintenance, statutory inspections, customer audits and testing, and equipment upgrades.

We may be subject to manufacturing disruptions due to contraventions by us of any of the conditions of our regulatory approvals, which may require our manufacturing facility to cease, or limit, production until the disputes concerning such approvals are resolved. Although we have not experienced any significant disruptions at our manufacturing facility in the past, we cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shutdown of our operations or the under-utilization of our manufacturing facility, which in turn may have an adverse effect on our business, financial condition and results of operations.

20. ***Under-utilization of our manufacturing capacities and an inability to effectively utilize our expanded manufacturing capacities could have an adverse effect on our business, future prospects and future financial performance. Our inability to accurately forecast demand for our products may have an adverse effect on our business, results of operations and financial condition.***

The success of our proposed backward integration and expected return on investment on capital expenditure is subject to, among other factors, our ability to utilize our existing and expanded manufacturing capacities. Under-utilization of our existing manufacturing capacities and an inability to effectively utilize our expanded manufacturing capacities in the future could have an adverse effect on our business, prospects and future financial performance.

We make significant decisions, including determining the levels of business that we will seek and accept, production schedules, personnel requirements and other resource requirements, based on our estimates of customer orders for our products. We adjust our production periodically to meet the anticipated demand of our customers or significantly reduce production of certain products depending on potential orders. Changes in demand for our products could make it difficult to schedule production and lead to a mismatch of production and capacity utilization. Any such mismatch leading to over or under utilization of our manufacturing facilities could adversely affect our business, results of operations and financial condition.

We may not be fully insured for all losses we may incur. Although we attempt to limit and mitigate our liability for damages arising from negligent acts, errors or omissions through contractual provisions, limitations of liability set forth in our contracts may not be enforceable in all instances or may not otherwise protect us from liability for damages. In addition, certain liabilities, such as claims of third parties for which we may be required to indemnify our clients, are generally not limited under those agreements. Although we believe we have adequate insurance coverage but that coverage may not continue to be available on reasonable terms or to be available in sufficient amounts to cover one or more large claims, and our insurers may disclaim coverage as to any future claim. Insurance coverage may be an inadequate remedy where the loss suffered is not easily quantifiable, for example, in the event of severe damage to our reputation. The successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have a material adverse effect on our business, reputation, results of operations, financial condition and cash flows.

21. ***Our Company has entered into related party transactions in the past and may continue to enter into related party transactions in the future, which may potentially involve conflicts of interest with the equity shareholders.***

Our Company have entered into certain related party transactions with our Promoter and Directors in the past which are in compliance with applicable provisions of Companies Act, 2013 and all other applicable laws. For details, see “**Annexure-VI Statement of Related Parties & Transactions**” as under the chapter titled “**Restated Financial Information**” beginning on page 169. While our Company believes that all such transactions have been conducted on the arm’s length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with unrelated parties. Further, it is likely that we may enter into related party transactions in the future and such transactions may potentially involve conflicts of interest. In terms of the Companies Act, 2013 and SEBI LODR Regulations, we are required to adhere to various compliance requirements such as obtaining prior approvals from our Audit Committee, Board and Shareholders for certain party transactions and our undertakes that such related party transactions shall not be done against the interests of the Company and its

shareholders as prescribed in the SEBI LODR Regulations. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

22. ***The operations and maintenance activities of our Solar Power Plant are outsourced to a third party service provider.*** Our Company owns a 1.0 MW Solar PV Power Plant located at Village-Kadodiya, Tehsil Tarana, district Ujjain, Madhya Pradesh. We had outsourced the installation, operations and maintenance activities to a third party service provider vide an agreement dated November 3, 2014. While our Company has entered into the aforesaid agreement with such third party service provider, the success of these activities depends significantly on the satisfactory performance of the third party service provider and their contractual obligations. Our operations of the Solar Power Plant are vulnerable to disruptions if the service provider backs out or fails to deliver as per the terms of the contract. While we have not experienced any significant disruptions, however, we cannot assure you that any such disruption due to the non-availability of the third party service provider may not occur in future. In such an event, we may face significant challenges in finding a suitable alternative to replace such service provider on short notice or may not find any alternative at all, which could adversely impact our business, future prospects, financial conditions and results of operation.
23. ***We have had negative cash flows from operating activities in the past and may, in the future, experience similar negative cash flows***

We have in the past, and may in the future, experience negative cash flows from investing and financing activities. The following table sets forth our net cash inflow/(outflow) from operating, investing and financing activities for the periods/years indicated:

(₹ in lakhs)

Particulars	Financials of Manas Polymers and Energies Limited		Financials of proprietorship business of Mrs. Anju Bhadauria		
	For the Period from April 1, 2024 to June 30, 2024	For the Period from January 25, 2024 to March 31, 2024	For the Period from April 1, 2023 to January 24, 2024	Financial year ended March 31, 2023	Financial year ended March 31, 2022
Net Cash Flow from Operating Activities	47.42	(81.65)	538.19	127.76	47.32
Net Cash Flow from Investing Activities	-	24.96	(456.21)	(143.21)	(30.96)
Net Cash Flow from Financing Activities	(163.85)	192.66	(89.61)	(23.70)	11.17

Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our business, financial condition and results of operations could be materially and adversely affected.

Any negative cash outflows from operating activities over extended periods, or significant cash outflows in the short term from investing and financing activities, could have an adverse impact on our cash flow requirements, business operations and growth plans. As a result, our cash flows, business, future financial performance and results of operations could be adversely affected. For further details, see “**Management's Discussion and Analysis of Financial Condition and Results of Operations**” on page 171 of this Draft Red Herring Prospectus.

24. ***We are dependent on our power purchase and wheeling agreement for solar energy based plants under REC mechanism (“PPA”) dated June 05, 2015 to sell power and generate our revenue from operations. Termination or change in the terms of the PPA could adversely affect our business, results of operations and financial condition.*** As on the date of this Draft Red Herring Prospectus, we have only one PPA and part of our revenue from solar power generation is dependent on this PPA. However, this PPA is also not originally in the name of the Company but was transferred to the Company, in the capacity of “successor of business” of M/s. Manas Power and Infrastructure (original party to the PPA), which our Company has acquired pursuant to the BTA. We depend on sales of electricity to certain private players which are identified as beneficiaries, at a predetermined ratio under this PPA, and our operations are dependent on this PPA along with sale of electricity to private players. Any changes, disruptions, or terminations of this agreement could significantly impact our ability to sell power and generate revenue. Termination of the PPA along with issues such as regulatory changes, contractual disputes, or financial instability of the counterparty could adversely affect our reputation, business, results of operations and cash flows.

25. **Our Promoters and Promoter Group have extended personal guarantees with respect to loan facilities availed by our Company and have provided their property as collateral security for loan facilities availed by our Company. Revocation of any or all of these personal guarantees or withdrawal of such property may adversely affect our business operations and financial condition.**

Our Promoter, Anju Bhadauria, Kavya Bhadauria and Vineet Bhadauria has extended personal guarantees in favour of certain banks with respect to the loan facilities availed by our Company from them. All promoters have provided his personal property as collateral for securing the loans availed by our Company. In the event any of these guarantees are revoked, our lenders may require us to furnish alternate guarantees or an additional security or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. In the event if the personal property of our Promoter is withdrawn, our lenders may require us to furnish alternate properties or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative properties in a timely manner or at all. If the properties are withdrawn, the ability of our Company to continue its business operations could be adversely affected. If our lenders enforce these restrictive covenants or exercise their options under the relevant debt financing agreements, our operations and use of assets may be significantly hampered, and lenders may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations.

26. ***Our business from solar power generation is dependent on limited customers which constitute 100% of our revenue from operations generated from supply of power. The loss of any of these off takers could have an adverse effect on our business, financial condition, results of operations and cash flows.***

Our solar power generation business relies on a limited number of customers, which account for 100% of our revenue from Power generation Business. The loss of any of these key off-takers could significantly impact our business, financial condition, results of operations, and cash flows.

In addition to these primary customers, our Company may sell any surplus or inadvertent flow of energy to various off-takers at the applicable average power purchase cost rate. However, if the financial condition of these off-takers deteriorates or if they are compelled to seek alternative sources for their renewable energy supplies, it could adversely affect the demand for electricity produced by our renewable power projects.

Given our reliance on these key off-takers for all our business revenue, the loss of any one of them or a substantial reduction in demand could have serious negative consequences for our operations and financial performance. We anticipate continuing our reliance on certain off-takers for renewable energy projects in the foreseeable future. Consequently, any failure to maintain strong relationships with these off-takers may adversely impact our business, results of operations, and cash flows.

We cannot assure you that we will be able to sustain our historic levels of business from these customers or that we will be able to replace them if we lose any of them. As we depend entirely on these customers for our revenue, the loss of even one could have a material adverse effect on our business, future prospects, results of operations, and financial condition.

27. ***We bid for sale of power on IEX/PXIL/HPX platform through a competitive bidding process, for which we are dependent on a third party "Trader Member" and we may not be able to qualify for, compete or win such projects, which could adversely affect our business prospects, cash flows and results of operations.***

Our Company has entered into an MoU with an energy solution company ("ESC") dated January 24, 2024, in terms of which ESC bids for sale of power on behalf of our Company and sell power on IEX/PXIL/HPX platform based on the volume and price as specified by our Company. ESC bids on behalf of our Company through a competitive bidding process, where projects are awarded following competitive bidding processes and satisfaction of prescribed qualification criteria such as past experience in handling projects.

While quality of products and offerings, manufacturing capacity and performance, as well as reputation, experience and sufficiency of financial resources are important considerations in authority decisions, there can be no assurance that we would be able to meet such qualification criteria, particularly for larger projects. We cannot assure you that we would bid where we have been prequalified to submit a bid or that our bids, when submitted or if already submitted, would be accepted.

In addition, the government conducted tender processes may be subject to change in qualification criteria, unexpected delays and uncertainties. There can be no assurance that the projects for which we bid will be tendered within a reasonable time, or at all. We are not in a position to predict whether and when we will be awarded a new contract. Projects awarded to us may be subject to litigation by unsuccessful bidders, which may result in delay in award of the projects and/or notification of appointed dates, for the bids where we have been successful, which may result in us having to retain unallocated resources and as a result, it would adversely affect our business, revenue from operations and cash flows going forward.

28. ***Our Company acquired the running business of Ms. Anju Bhadauria, Proprietorship through Business Transfer Agreement dated January 25, 2024 which contains certain terms and conditions. Inability to effectively service /***

***comply with such terms and conditions, comply with or obtain waivers of some covenants, as the case may be, may adversely affect our business, results of operations and financial conditions***

Our Promoter, Ms. Anju Bhadauria, was carrying on the business under a proprietorship firm which was taken over by our Company vide Business Transfer Agreement dated January 25, 2024. Further the Company may be unable to develop the said business effectively or in a profitable manner then it may have an adverse effect on the operation and profitability of the Company. For further details, relating to our history of our company. Please refer to the chapter titled “***History and Certain Other Corporate Matters***”, “***Our Business***” and “***Restated Financial Information***” on pages 146, 115 and 169. Inability to effectively comply any clauses of BTA agreement, comply with or obtain waivers of certain terms and conditions, as the case may be, may adversely affect our business, results of operations and financial conditions. Also, our Company may face regulatory proceedings w.r.t. to the Receipt / Payment of the Debtors / Creditors taken over etc. Further, the Company has applied or in some cases will apply, for the transition or endorsement of name of the Company on many of the documents, registration, bank account and other documents which are in the name of “M/s. Manas Polymers” and “M/s. Manas Power and Infrastructure”. Any delay in the said transition may require the Company to pay any penalty or refusal from any authority of such transition or endorsement which may affect the financial position and operation of our Company

29. ***Our Company operates under several statutory and regulatory permits, licenses and approvals. Our failure to obtain and/or renew any approvals or licenses in future may have an adverse impact on our business operations.***

Our Company requires several statutory and regulatory permits, licenses and approvals to operate the business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Our Company is required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Further, these permits, licenses and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant permits/ licenses/ approvals. Failure by our Company to renew, alter, maintain or obtain the required permits, licenses or approvals, or cancellation, suspension or revocation of any of the permits, licenses or approvals which may result in the interruption of our Company's operations and may have a material adverse effect on the business. For details, see the chapter titled “***Government and Other Approvals***” beginning on page 188.

30. ***Non-compliance with and changes in, safety, health, environmental and labour laws and other applicable regulations, may adversely affect our business, financial condition and results of operations.***

We are subject to laws and government regulations, including in relation to safety, health, environmental protection and labour. Please refer to “***Key Regulations and Policies***” on page 136 for such laws. These laws and regulations impose controls on air and water discharge, noise levels, storage handling, processing, transport or disposal of hazardous substances including employee exposure to hazardous substances and other aspects of our manufacturing operations. Further, our products, including the process of manufacturing and storage of such products, are subject to numerous laws and regulations in relation to quality, safety and health. Any of the foregoing could subject us to legal proceedings, which could lower our profits in the event we were found liable and could also adversely affect our reputation. Additionally, the government or the relevant regulatory bodies may require us to shut down our manufacturing plants, which in turn could lead to product shortages that delay or prevent us from fulfilling our obligations to customers.

Our operations, particularly at our manufacturing facility, are subject to stringent scrutiny, inspection and audit from third party environmental agencies, including governmental authorities to ensure our compliance with applicable laws and regulations. While we have not received any notice stemming from any scrutiny, inspection, audit or otherwise from any regulatory authorities, we cannot assure you that no notices will be issued by any regulatory authority in the future.

Moreover, these notices may also culminate in legal proceedings in the future, for which, we cannot assure you that fines, penalties or damages will not be imposed on us pursuant to such notices.

Furthermore, if the authorities deem that our responses do not sufficiently address the concerns raised in these notices, there is also a possibility that the environmental authorities may cancel, suspend or withdraw the approvals, permits or consents granted to us or may order the closure of the manufacturing unit until the concerns are sufficiently addressed or remedied. In the event that such environmental notices result in litigations, fines or the cancellation of our licenses, it could adversely affect our business, financial condition and results of operations. We are also required to obtain permits from governmental authorities for certain aspects of our operations. These laws, regulations and permits often require us to purchase and install expensive pollution control equipment or to make operational changes to limit impacts or potential impacts on the environment and/or health of our employees. Further, our compliance with these laws and regulations and our obtaining the necessary governmental permits are often a prerequisite for customer orders. Please refer to “***Government and Other Approvals***” on page 188.

With the expansion of our operations there can be no assurance that such non-compliances will not arise, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such non-compliances, in a timely manner or at all. We are also subject to the laws and regulations governing employees, including in relation to minimum wage and maximum working hours, overtime, working conditions, hiring and termination of employees, contract labour and work permits. We have incurred and expect to continue incurring costs

for compliance with such laws and regulations. We have also made and expect to continue making capital expenditures on an on-going basis to comply with all applicable environmental, health and safety and labour laws and regulations. These laws and regulations have, however, become increasingly stringent and it is possible that they will become significantly more stringent in the future. We cannot assure you that we will not be found to be in non-compliance with, or remain in compliance with all applicable environmental, health and safety and labour laws and regulations or the terms and conditions of any consents or permits in the future or that such compliance will not result in a curtailment of production or a material increase in the costs of production. Please refer to “**Key Regulations and Policies**” on page 136.

31. ***Trade Receivables and Inventories form a substantial part of our current assets and net worth. Failure to manage our trade receivables could have an adverse effect on our net sales, profitability, cash flow and liquidity.***

Our business is working capital intensive and hence, Trade Receivables forms substantial part of our current assets and net worth. Our, Trade Receivables as on June 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022 were ₹ 815.48 lakhs, ₹ 585.15 lakhs, ₹ 454.63 lakhs, ₹ 534.76 lakhs respectively. The Inventory as on June 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022 were ₹ 496.16 lakhs, ₹ 485.62 lakhs, 306.64 lakhs, 143.24 lakhs. The results of operations of our business are dependent on our ability to effectively manage our inventory (raw material and finished goods) and trade receivables.

We generally procure raw materials on the basis of management estimates based on past requirements and future estimates. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirements and purchase new inventory accordingly. However, if our management misjudges expected customer demand, it could cause either a shortage of products or an accumulation of excess inventory. Further, if we fail to sell the finished inventory we manufacture, we may be required to write-down our inventory or pay our suppliers without new purchases, or create additional vendor financing, all of which could have an adverse impact on our income and cash flows.

To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. However, if our management fails to accurately evaluate the credit worthiness of our customers, it may lead to bad debts, delays in recoveries and / or write-offs which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability.

32. ***A significant portion of our sales are concentrated in a single region i.e., Madhya Pradesh and the inability to operate and grow our business in this particular region may have an adverse effect on our business, financial condition, results of operations, cash flows and future business prospects.***

A significant portion of our revenue is derived from Madhya Pradesh, making our business vulnerable to regional economic fluctuations and regulatory changes. Any adverse developments in these states—such as economic downturns, changes in local laws, or increased competition—could lead to a substantial loss of revenue. Additionally, natural disasters or unforeseen events in these regions may further disrupt our operations and impact our financial performance. This geographical concentration poses a risk to our overall business stability, and any significant loss of revenue from these key areas could have a material adverse effect on our financial condition and results of operations.

33. ***We face competition, including from other large and established competitors, and we may fail to compete successfully against existing or new competitors, which may reduce the demand for our products which may lead to reduced prices, operating margins, profits and further result in decline in revenue.***

We face increasing competition from our existing and potential competitors in India and in overseas markets that may have substantially greater brand recognition, longer operating histories, greater financial, product development, sales, marketing, more experienced management, access to a cheaper cost of capital and other resources than we do. Some of our significant competitors in the organized segment includes listed peers.

Competition emerges not only from the organized sector but also from the unorganized sector and from both small and big players. Our Competitiveness also depends on the existing & new supply of products and our inability to compete with this intense competition; will have material adverse impact on our Company's financial position.

34. ***We require working capital for our smooth day-to-day operations of business and any discontinuance or our inability to acquire adequate working capital timely and on favourable terms may have an adverse effect on our operations, profitability and growth prospects.***

Our business demands working capital requirements. In case there are insufficient cash flows to meet our working capital requirement or we are unable to arrange the same from other sources or there are delays in disbursement of arranged funds, or we are unable to procure funds on favourable terms, it may result into our inability to finance our working capital needs on a timely basis which may have an adverse effect on our operations, profitability and growth prospects. We intend to continue growing by expanding our business operations. This may result in increase in the quantum of our current assets. Our inability to maintain sufficient cash flow, credit facility and other sources of fund, in a timely manner, or at all, to meet the requirement of working capital could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, see the chapter titled “**Objects of the Issue**” beginning on page 80.

35. ***We are exposed to counterparty credit risk and any delay in receiving payments or non-receipt of payments may adversely impact our results of operations.***

We are subject to counterparty credit risk and a significant delay in receiving large payments or non-receipt of large payments may adversely impact our results of operations. Our operations involve extending credit to our customers in respect of sale of our products and consequently, we face the risk of the uncertainty regarding the receipt of these outstanding amounts. Consequently, we face the risk of the uncertainty regarding the receipt of these outstanding amounts. As a result of such industry conditions, we have and may continue to have high levels of outstanding receivables.

(In ₹ Lakhs)

Particulars	For the period ended June 30, 2024	For the Year ended on		
		March 31, 2024	March 31, 2023	March 31, 2022
Trade Receivables	815.48	585.15	454.63	534.76

There is no assurance that we will accurately assess the creditworthiness of our customers. Further, macroeconomic conditions which are beyond our control, such as a potential credit crisis in the global financial system, could also result in financial difficulties for our customers, including limited access to the credit markets, insolvency or bankruptcy. Such conditions could cause our customers to delay payment, request modifications of their payment terms, or default on their payment obligations to us, all of which could increase our receivables. Timely collection of dues from customers also depends on our ability to complete our contractual commitments and subsequently bill for and collect from our clients. While we have not faced such incidents in the past, if we are unable to meet our contractual obligations, we may experience delays in the collection of, or be unable to collect, our customer balances, which could adversely affect our results of operations and cash flows.

36. ***There are certain discrepancies and non-compliances noticed in some of our corporate records relating to filing or returns and deposit of statutory dues with the statutory authorities.***

In the past, our Company has at several instances, delayed in filing our GST, PF, PT, ESIC returns, mainly due to timely non-available of populated data in the portal and deposit of statutory dues, as a result of which, we have been required to pay the late filing fees along with interest on delayed deposit of due taxes and statutory dues. Although the late filing fees levied are small but if we continue this practice, the accumulated amounts of each delay may adversely affect our cash flows. Further, no show cause notice has been issued against our Company till date, in respect of above, in the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected.

37. ***Our success largely depends upon the knowledge and experience of our Promoters, Directors, Key Managerial Personnel and Senior Management as well as our ability to attract and retain personnel with technical expertise. Our inability to retain our Promoters, Directors, Key Managerial Personnel and Senior Management or our ability to attract and retain other personnel with technical expertise could adversely affect our business, results of operations and financial condition.***

Any loss of our Promoters, Directors, Key Managerial Personnel and Senior Management or our ability to attract and retain them and other skilled personnel could adversely affect our business, results of operations and financial condition. We depend on the management skills and guidance of our Promoters and Board of Directors for development of business strategies, monitoring their successful implementation and meeting future challenges. Further, we also significantly depend on the expertise, experience and continued efforts of our Key Managerial Personnel and Senior Management. Our future performance will depend largely on our ability to retain the continued service of our management team. If one or more of our Key Managerial Personnel or Senior Management are unable or unwilling to continue in his or her present position, it could be difficult for us to find a suitable or timely replacement and our business, results of operations and financial condition could be adversely affected.

In addition, we may require a long period of time to hire and train replacement personnel when personnel with technical expertise terminate their employment with us. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting and retaining personnel with technical expertise that our business requires. The loss of the services of such persons could have an adverse effect on our business, results of operations, cash flows and financial condition.

There is significant competition for management and other skilled personnel in our industry in which we operate, and it may be difficult to attract and retain the personnel we require in the future, while the attrition rate for our employees since incorporation is not high and these positions have been appropriately filled and we have not faced any impact due to the resignations, we cannot assure that future resignations will not have impact the Company's business, financial condition, results of operations and prospects.

38. ***We depend on skilled personnel and if we are unable to recruit and retain skilled personnel, our ability to operate or grow our business could be affected.***

Our business operation requires skilled and creative manpower intensive and we engage a considerable number of skilled personnel every year to sustain our growth. Further, we spend significant time and resources in training the manpower we hire. Our success is substantially dependent on our ability to recruit, train and retain skilled manpower.

High attrition and competition for manpower may limit our ability to attract and retain the skilled manpower necessary for our future growth requirements. We cannot assure you that skilled manpower will continue to be available in sufficient numbers suitable to our requirements or that we will be able to grow our workforce in a manner consistent with our growth objectives, which may affect our business, financial condition, results of operations and prospects.

39. ***The industry in which we operate is labour intensive and our manufacturing operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.***

Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. Though we have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Although our employees are not currently unionized and we have in past not faced any instances of trouble from our labours, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

40. ***Our Company's failure to maintain the quality standards of the products or keep pace with the technological developments could adversely impact our business, results of operations and financial condition.***

Our products depend on customer's expectations and choice or demand of the customer as we also produce the products as per particular customer's needs. Any failure to maintain the quality standards may affect our business. Although we have put in place quality control procedures, we cannot assure that our products will always be able to satisfy our customers' quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products from our vendors, or any other unforeseen events could adversely affect our reputation, our operations and our results from operations. Also, rapid change in our customers' expectation on account of changes in technology or introduction of new products or for any other reason and failure on our part to meet their expectation could adversely affect our business, result of operations and financial condition. Our failure to anticipate or to respond adequately to changing technical, market demands and/or client requirements could adversely affect our business and financial results.

41. ***Our business operations rely on consistent solar weather conditions and unfavourable solar weather conditions could have a material adverse effect on our business, financial condition and results of operations.***

Solar power is highly dependent on weather conditions and the profitability of our operations depends not only on observed solar conditions at the project site but also on the consistency of those solar conditions. Unfavourable weather conditions such as monsoon could impair the effectiveness of solar power project; reduce their output beneath their rated capacity; require the shutdown of key equipment; impede the operation of solar power projects; and could materially and adversely affect our forecasted revenues and cash flows. Sustained unfavourable weather could have a material adverse effect on our business, financial condition and results of operations.

42. ***Our ability to pay dividends will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and other factors.***

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Additionally, under some of our loan agreements, we may not be permitted to declare any dividends, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof. Accordingly, realization of again on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see the chapter titled "Dividend Policy" on page 168.

43. ***Our success mainly depends on sectors specific to PET bottle industry in which we cater to and therefore as a result we may be affected by any disruptions in the industry. Any failure on our part to do so, may have an impact on the reputation of our products, which could have an adverse effect on our revenue, reputation, financial conditions, results of operations and cash flows.***

Our success mainly depends on sectors specific to PET bottle industry in which we cater to. The markets in which we and our customers operate is characterized by changing technology, evolving industry standards and demands for features, and continual product innovation. These conditions may also result in significant competition. If the end-user demand is low for our customers' products, there may be significant changes in the orders from our customers and we may experience greater pricing pressures. Therefore, risks that could harm the customers of our industry could, as a

result, adversely affect us as well. Our success is therefore dependent on the success achieved by our customers in developing and marketing their products. If our customers' technologies become obsolete or fail to gain widespread commercial acceptance, our customers may experience a reduced demand for their products which may affect our sales to such customers, operating margins depending on the nature of the product, and all of these combined may gradually result in a loss of customers including key ones. However, there can be uncertainty regarding the development and production of these products as planned and failure to anticipate or respond rapidly to advances in technology can have a material adverse effect on our business, results of operations, financial condition and cash flows. For further details, see the chapter titled "***Our Business***" beginning on page 115.

44. ***Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.***

Our business is significantly dependent on the efficient and uninterrupted operation of our technological infrastructure installed in our manufacturing facility that ensures smooth operations through various automated machines. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments. Our technology and machineries may become obsolete or may not be upgraded timely, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we have installed latest technology and that the chances of a technological innovation are not very high in our sector we shall continue to strive to keep our technology, plant and machinery in line with the latest technological standards. In case of a new found technology, we may be required to implement new technology or upgrade the machineries and other equipment's employed by us. Further, the costs in upgrading our technology and modernizing the plant and machineries are significant which could substantially affect our finances and operations.

45. ***Dependence upon third party transportation services for supply and transportation of our products are subject to various uncertainties and risks, and delays in delivery may result in rejection of products by customer.***

We have an in-house transportation facility comprising of 2 loading vehicles and we also rely on third party transportation and other logistic facilities at every stage of our business activity including for procurement of raw materials from our suppliers and for transportation of products to our customers. For this purpose, we hire services of transportation companies. However, we have not entered into any definitive agreements with any third-party transport service providers and engage them on a need basis. Additionally, availability of transportation solutions in the markets we operate in is typically fragmented. The cost of our goods carried by such third-party transporters is typically much higher than the consideration paid for transportation, due to which it may be difficult for us to recover compensation for damaged, delayed or lost goods. Our operations and profitability are dependent upon the availability of transportation and other logistic facilities in a time and cost-efficient manner. Accordingly, our business is vulnerable to increased transportation costs, transportation strikes and lock-outs, shortage of labour, delays and disruption of transportation services for events such as weather-related problems and accidents. Further, movement of goods encounters additional risks such as accidents, pilferage, spoilage, shrinkage and our inability to claim insurance may adversely affect our operations, results of operations and financial condition.

Although we have not experienced any material logistics and transport related disruptions in the past, any prolonged disruption or unavailability of such facilities in a timely manner could result in delays or non- or may require us to look for alternative sources which may not be cost-effective, thereby adversely affecting our operations, results of operations, cash flows and financial condition.

46. ***The activities carried out at our manufacturing facility can cause injury to people or property in certain circumstances.***

The activities carried out at our manufacturing facility may be potentially dangerous to our employees. While we employ safety procedures such as keeping fire safety equipment at all critical juncture points, periodic training of staff on safety procedures, providing protection equipment in handling of high temperature items to staff and necessary safety features in machines are also in place and are in working condition in the operation of our manufacturing facility and maintain what we believe to be adequate insurance, there is a risk that an accident may occur at any of our manufacturing facilities. An accident may result in personal injury to our employees, or the deployed at our facilities, destruction of property or equipment, manufacturing or delivery delays, environmental damage, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend such litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects.

Our continued operations at our manufacturing facility are critical to our business and any disruption, breakdown or failure of machinery, disruption to power sources or any temporary shutdown of our manufacturing facility, may have a material adverse effect on our business, results of operations, financial condition and cash flows.

Our manufacturing facility are subject to operating risks, such as breakdown or failure of machinery, power supply or processes, performance below expected levels of efficiency, obsolescence of equipment or machinery, labour disputes, natural disasters, industrial accidents and the need to comply with the directives of relevant government authorities. Our customers rely significantly on the timely delivery of our products and our ability to provide an uninterrupted and timely supply of our products is critical to our business. We also require substantial electricity for

our manufacturing facility which is sourced from state electricity boards. In case, the supply is not available for any reason, our production schedule may be hampered. Further, our customer relationship, business and financial results may be materially adversely affected by any disruption of manufacturing operations of our products, including as a result of any of the factors mentioned above.

47. ***Our Company has availed unsecured loans from our directors and directors' relatives, which may be recalled on demand.***

We have outstanding unsecured loan amounting to ₹ 192.19 Lakhs as unsecured loans from our promoters cum directors, which are repayable on demand to them. These loans may not be repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. In such cases, we may be required to repay the entirety of the unsecured loans together with accrued interest. We may not be able to generate sufficient funds at short notice to be able to repay such loans and may resort to refinancing such loans at a higher rate of interest and on terms not favourable to it. Failure to repay unsecured loans in a timely manner may have a material adverse effect on our business, results of operation financial condition and cash flow. For further details of our unsecured loans, see the chapter titled "**Financial Indebtedness**" beginning on page 181.

48. ***We are subject to the restrictive covenants of banks in respect of the Loans/ Credit Limits and other banking facilities availed from them.***

We have entered into agreements for availing debt facilities from lenders. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business. For further details, see the chapter titled "**Financial Indebtedness**" beginning on page 181 of this Draft Red Herring Prospectus.

49. ***Our inability to effectively manage our growth or to successfully implement our business plan and growth strategies could have an adverse effect on our business, results of operations and financial condition. The success of our business will depend greatly on our ability to effectively implement our business and growth strategies.***

Our growth strategies require us to develop and strengthen relationships with existing customers for our business who may drive high volume orders on an ongoing basis. To remain competitive, we seek to increase our business from existing customers and by adding new customers, as well as expanding into new geographical markets. Our success in implementing our growth strategies may be affected by:

- (i) our ability to maintain the quality of our products;
- (ii) our ability to increase our manufacturing capacities;
- (iii) the general condition of the global economy (particularly of India and the other markets that we currently or may operate in);
- (iv) our ability to compete effectively with existing and future competitors; and
- (v) changes in the Indian or international regulatory environment applicable to us.

Many of these factors are beyond our control and there is no assurance that we will succeed in implementing our strategies. While we have successfully executed our business strategies in the past, there can be no assurance that we will be able to execute our strategies on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could adversely impact our results of operations. We expect our growth strategies to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and growth strategies could have a material adverse effect on our business, financial condition and profitability.

50. ***Pricing pressure from customers may adversely affect our gross margin, profitability and ability to increase our prices.***

Our customers often pursue price reduction initiatives and objectives with their suppliers including us. Adopting cost cutting measures while maintaining stringent quality standards may lead to a decrease in our margins, which may have a material adverse effect on our business, financial condition, results of operations and future prospects. Our customers typically negotiate for larger discounts in price as the volume of their orders increases. If we are unable to efficiently generate sufficient cost savings in the future to offset price reductions or if there is any reduction in consumer demand for consumer goods, our sales, gross margin and profitability may reduce, which may have a material adverse effect on our business, financial condition, results of operations and future prospects.

51. ***There's a growing public and consumer demand for sustainable practices. Manufacturers who don't adapt to using recycled materials or producing less-polluting polymers risk losing market share.***

There is an increased awareness towards controlling pollution and many economies including India have joined in the efforts to ban plastic products. In case any plastic made product manufactured by us is banned in India or in any of the markets where we export our products, it could have a material and adverse effect on our business and results of operations.

Plastic takes many years to decompose and is very dangerous for other living beings. Many countries around the world are finding alternatives to the use of plastic products. While none of the measures taken so far have directly impacted our business, our Company cannot assure that future measures will not have a negative impact on our business. If the

Government of India legislates against the use of plastic products, it could have a material and adverse effect on our business and results of operations.

We use i) polyethylene terephthalate for producing ‘PET Preforms’ and ii) HDPE (High Density Polyethylene) for producing ‘Bottle Caps’ as raw materials. Both of these materials are one of the safest plastics and can be recycled very easily. Although the probability of PET and HDPE products to be banned is not likely to take place, however if in future any restriction on the use of recyclable PET and HDPE products for packing may adversely affect our business.

52. ***Our business operations rely on consistent solar weather conditions and unfavourable solar weather conditions could have a material adverse effect on our business, financial condition and results of operations.***

Solar power is highly dependent on weather conditions and the profitability of our operations depends not only on observed solar conditions at the project site but also on the consistency of those solar conditions. Unfavourable weather conditions could impair the effectiveness of solar power project; reduce their output beneath their rated capacity; require the shutdown of key equipment; impede the operation of solar power projects; and could materially and adversely affect our forecasted revenues and cash flows. Sustained unfavourable weather could have a material adverse effect on our business, financial condition and results of operations.

53. ***There is a limited pool of potential purchasers of third party sale of power which could have an adverse effect on our business, results of operations and cash flows.***

Since the transmission and distribution of electricity are controlled by the central and state utility providers in India, there is only a concentrated pool of potential buyers for third party sale of power generated by our projects, which may restrict our ability to negotiate favorable terms under new PPAs and could affect our ability to find new customers for the electricity generated by our plants. Further, if the financial condition of these central and state utility providers deteriorates or change in current policies compels them to source renewable energy change, then demand for electricity produced by our plants could be negatively affected.

54. ***We intend to utilise a portion of the Net Proceeds for funding our capital expenditure requirements i.e setting up of Solar Power Plant Project which may not be successful and may be less profitable or may be loss-making.***

Our Company intends to set up a 5 MW i.e. 5000 kW DC Solar PV Plant at Sakedi, Shajapur (“**Project**”) where the total estimated cost of setting up the Project is ₹ 2020 lakhs as per the proposal given by Pickrenue Energy Pvt Ltd. dated June 01, 2024 for which we propose to deploy a sum of ₹ 1,150.00 lakhs out of the Net Proceeds, to part finance the Project.

Any delay in acquisition of the plant and/ or machinery required for the proposed Project could lead to time and cost overruns and may have a material adverse effect on our business, results of operations and financial condition. We cannot assure you that we will be able to complete the construction of the Project within the expected estimated cost and on time which may result into cost escalations and time overruns.

The completion of the proposed Project is dependent on the performance of external agencies which are responsible for inter alia undertaking civil work, installation and commissioning of machinery and supply and testing of equipment. If the performance of these agencies is inadequate, it may result in incremental cost and time overruns which could adversely affect our business and results of operations. There can be no assurance that we will be able to complete the proposed Project in accordance with the proposed schedule of implementation and any delay could have an adverse impact on our growth, prospects, cash flows and financial condition.

Further, we will also be required to obtain various approvals including approvals which are routine in nature in due process of time, in the event of any unanticipated delay in receipt of such approvals, the proposed schedule of implementation and deployment of the Net Proceeds may be extended or may vary accordingly. Expanding our current operations can be risky and expensive, and we cannot assure you that we may be successful in meeting the desired cost-efficiencies and any consequent growth in our business. Our inability to procure such approvals or completion of the Project in the scheduled time may lead in an increase in capital expenditure and/ or in the extension of the proposed schedule implementation and deployment of Net Proceeds.

55. ***After the completion of the Issue, our Promoters will continue to collectively hold substantial shareholding in our Company.***

Currently, our Promoters own an aggregate of 99.92% of our issued, subscribed and paid-up Equity Share capital. Following the completion of the Issue, our Promoters will continue to hold approximately [●]% of our post-Issue Equity Share capital. For details of their shareholding pre- and post-Issue, see the chapter titled “**Capital Structure**” on page 70. By virtue of their shareholding, our Promoters will have the ability to exercise significant control over the outcome of the matters submitted to our shareholders for approval, including the appointment of Directors, the timing and payment of dividends, the adoption of and amendments to our Memorandum and Articles of Association, the approval of a merger or sale of substantially all of our assets and the approval of most other actions requiring the approval of our shareholders. The interests of our Promoters in their capacity as our Shareholders could be different from the interests of our other shareholders. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

56. ***The average cost of acquisition of Equity Shares by our Promoters could be lower than the Issue price.***

Our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price as may be decided by the Company in consultation with the Book Running Lead Manager. For further details regarding

average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, see the chapter titled “*Capital Structure*” beginning on page 70.

57. ***Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders’ approval.***

Our proposed objects of the Issue are set forth under “*Objects of the Issue*” on page 80. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act 2013, we cannot undertake any variation in the utilisation of the Net Proceeds without obtaining the shareholders’ approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the shareholders’ approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders’ approval may adversely affect our business or operations.

Further, our Promoters would be required to provide an exit opportunity to Shareholders who do not agree with our proposal to change the objects of the Offer or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders may deter our Promoters from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI. In light of these factors, we may not be able to undertake variation of objects of the Offer to use any unutilized proceeds of the Offer, if any, or vary the terms of any contract referred to in the Draft Red Herring Prospectus, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business and results of operations.

58. ***Certain key performance indicators for certain listed industry peers included in this Draft Red Herring Prospectus have been sourced from public sources and there is no assurance that such financial and other industry information is complete***

Pursuant to the requirements of the SEBI ICDR Regulations, we have included certain key performance indicators, comprising financial and operational information, for certain listed industry peers, in the “*Basis for Issue Price*” beginning on page 87 of the Draft Red Herring Prospectus. Although this information is sourced from and relied upon on the consolidated audited financial statements of the relevant listed industry peers as available on the websites of the Stock Exchanges, including the annual reports of the respective companies submitted to Stock Exchanges, there is no assurance that this information with respect to industry peers is either complete. There may be different methodologies and formulas used to compute the various ratios.

59. ***Any future acquisitions, joint ventures, partnerships, strategic alliances, tie-ups or investments could fail to achieve expected synergies and may disrupt our business and harm the results of operations and our financial condition.***

Our success will depend, in part, on our ability to expand our business in response to changing technologies, customer demands and competitive pressures. We have, in the past, explored and continue to explore opportunities on our own, through collaborations, tie-ups, strategic alliances, partnerships or joint venture across the country and regions of focus. In some circumstances, we may also decide to acquire, or invest in, complementary technologies instead of internal development. While we are currently evaluating opportunities and negotiating with several potential partners, we have not entered into any definitive agreements. The risks we face in connection with acquisitions may include integration of product and service offerings, co-ordination of R&D and marketing functions and the diversion of management’s time and focus from operating our business to addressing challenges pertaining to acquisition and integration. Our failure to address these risks or other problems encountered in connection with our acquisitions and investments could result in our failure to realize the anticipated benefits of these acquisitions or investments, cause us to incur unanticipated liabilities, and harm our business generally.

60. ***We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.***

We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. The proposed fund requirement for installation of solar power plant to facilitate backward integration at our manufacturing facility and funding working capital requirements, as detailed in the section titled “*Objects of the Issue*” is to be funded from the proceeds of this Issue. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We, therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled “*Objects of the Issue*” beginning on page 80 of Draft Red Herring Prospectus.

61. ***The Objects of the Issue for which funds are being raised, are based on our management estimates and have not been appraised by any bank or financial institution.***

The deployment of funds will be entirely at our discretion, based on the parameters as mentioned in the chapter titled “*Objects of the Issue*”. The fund requirement and deployment, as mentioned in the “*Objects of the Issue*” on page 80

of this Draft Red Herring Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter “**Objects of the Issue**” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter “**Objects of the Issue**” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

62. ***The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.***

Since, the Proceeds from Issue is less than ₹ 10,000 lakh, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. However, as per the Section 177 of the Companies Act, 2013 and applicable laws, the Audit Committee of our Company would be monitoring the utilization of the Issue Proceeds. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

63. ***Our insurance coverage may not be adequate to protect us against certain operating hazards and this may have a material adverse effect on our business.***

Our operations are subject to risks inherent in manufacturing facilities such as risk of equipment failure, work accidents, fire, earthquakes, flood and other force majeure events, acts of terrorism and explosions including hazards that may cause injury and loss of life, severe damage to and the destruction of property and equipment and environmental damage. Our significant insurance policies consist of New India Bharat Sookshma Udyam Suraksha Policy and New India Bharat Sookshma Udyam Suraksha Policy. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks such as machinery breakdown, goods in transit, product liability insurance and insurance in respect of assets situated at Administration office. Failure to effectively cover ourselves against the associated risks may potentially lead to material losses. There can be no assurance that our insurance policies will be adequate to cover the losses/ damages suffered or that such insurance coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. If we suffer a significant uninsured loss or if insurance claim in respect of the subject matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected.

64. ***Our employees may engage in misconduct or other improper activities, including noncompliance with regulatory standards and requirements.***

We are exposed to the risk of employee fraud or other misconduct. Misconduct by employees could include inventory loss and intentional failures to comply with any regulations applicable to us, to provide accurate information to regulatory authorities, to comply with manufacturing standards we have established, or to report financial information or data accurately or disclose unauthorized activities to us. There can be no assurance that we will be able to identify and deter such misconduct, and the precautions we take to detect and prevent this activity may not be effective in controlling unknown or unmanaged risk. Although we have had no material incidents of employee misconduct since incorporation, if our employees engage in any such future misconduct, we could face criminal penalties, fines, revocation of regulatory approvals and harm to our reputation, any of which could form a material adverse effect on our business, results of operations or financial condition.

65. ***Information relating to the installed manufacturing capacity of our manufacturing facility included in this Draft Red Herring Prospectus are based on various assumptions and estimates and future production and capacity may vary.***

Information relating to the historical installed capacity and estimated capacity utilization of our manufacturing facility included in this Draft Red Herring Prospectus is based on various assumptions and estimates of our management and the Chartered Engineer, see the chapter “**Our Business**” on page 115 for further details. Actual production volumes and capacity utilization rates, however, may differ significantly from the estimated production capacities and historical capacity utilization of our manufacturing facilities. Investors should therefore not place undue reliance on our historical installed capacity information for our existing manufacturing facility included in this Draft red Herring Prospectus.

66. ***In the event there is any delay in the completion of the Issue, there would be a corresponding delay in the completion of the objects / schedule of implementation of this Issue which would in turn affect our revenues and results of operations.***

The funds that we receive would be utilized for the Objects of the Issue as has been stated in the Chapter “**Objects of the Issue**” on page 80. The proposed schedule of implementation of the objects of the Issue is based on our management’s estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any

delay in the completion of the Issue, we may have to revise our business, development and working capital plans resulting in unprecedented financial mismatch and this may adversely affect our revenues and results of operations.

67. ***If we are unable to establish and maintain an effective internal controls and compliance system, our business and reputation could be adversely affected.***

We are responsible for establishing and maintaining adequate internal measures commensurate with the size and complexity of operations. Our internal audit functions make an evaluation of the adequacy and effectiveness of internal systems on an ongoing basis so that our operations adhere to our policies, compliance requirements and internal guidelines. We periodically test and update our internal processes and systems and there have been no past material instances of failure to maintain effective internal controls and compliance system. However, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to ensure effective internal checks and balances in all circumstances.

We take reasonable steps to maintain appropriate procedures for compliance and disclosure and to maintain effective internal controls over our financial reporting so that we produce reliable financial reports and prevent financial fraud. As risks evolve and develop, internal controls must be reviewed on an ongoing basis. Maintaining such internal controls requires human diligence and compliance and is therefore subject to lapses in judgment and failures that result from human error.

Further, our operations are subject to anti-corruption laws and regulations. These laws generally prohibit us and our employees and intermediaries from bribing, being bribed or making other prohibited payments to government officials or other persons to obtain or retain business or gain some other business advantage. We participate in collaborations and relationships with third parties whose actions could potentially subject us to liability under these laws or other local anti-corruption laws. While our code of conduct requires our employees and intermediaries to comply with all applicable laws, and we continue to enhance our policies and procedures in an effort to ensure compliance with applicable anti-corruption laws and regulations, these measures may not prevent the breach of such anti-corruption laws, as there are risks of such breaches in emerging markets, such as India. If we are not in compliance with applicable anti-corruption laws, we may be subject to criminal and civil penalties, disgorgement and other sanctions and remedial measures, and legal expenses, which could have an adverse impact on our business, results of operations and financial condition. Likewise, any investigation of any potential violations of anti-corruption laws by the relevant authorities could also have an adverse impact on our business and reputation.

68. ***Our Directors, Key Managerial Personnel and Senior Management may have interests other than reimbursement of expenses incurred and normal remuneration or benefits in our Company.***

Our Directors, Key Managerial Personnel and Senior Management may be interested in our Company, in addition to regular remuneration, sitting fees or benefits and reimbursement of expenses, to the extent of the Equity Shares held by them in our Company, and bonuses, dividend payable or other distributions on such Equity Shares. Our directors may be regarded as interested to the extent of the transactions entered into in the ordinary course of business with the companies in which our directors hold directorship and also in the Equity Shares held by them or by their relatives, if any, or that may be subscribed by or allotted to them or the companies, firms and trusts, in which they are interested as directors, members, partners, trustees and promoter, pursuant to this Offer. Further, our Promoter, are interested in promotion and formation of the Company.

69. ***We do not have documentary evidence for the educational qualification and experience of some of our Directors/Promoters.***

According to the SEBI (ICDR) Regulations, 2018, brief profiles of the Promoters, Directors and Key Managerial Personnel are required to be included in the chapter titled “***Our Management***” beginning on page 150. In our case, relevant copies of the educational qualifications of some Directors are not available for verification and hence we have relied on the information received from the concerned person. Further, we have relied on affidavits provided by such concerned persons to verify the authenticity of such disclosure.

70. ***Certain data mentioned in this Draft Red Herring Prospectus has not been independently verified.***

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

71. ***Subsequent to listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measures and Graded Surveillance Measures by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.***

SEBI and the Stock Exchanges, in the past, have introduced various pre-emptive surveillance measures with respect to the shares of listed companies in India (the “Listed Securities”) in order to enhance market integrity, safeguard the interests of investors and potential market abuses. In addition to various surveillance measures already implemented, and in order to further safeguard the interest of investors, the SEBI and the Stock Exchanges have introduced additional surveillance measures (“**ASM**”) and graded surveillance measures (“**GSM**”).

ASM is conducted by the Stock Exchanges on Listed Securities with surveillance concerns based on certain objective parameters such as price-to-earnings ratio, percentage of delivery, client concentration, variation in volume of shares

and volatility of shares, among other things. GSM is conducted by the Stock Exchanges on Listed Securities where their price quoted on the Stock Exchanges is not commensurate with, among other things, the financial performance and financial condition measures such as earnings, book value, fixed assets, net worth, other measures such as price-to-earnings multiple and market capitalization.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, and low trading volumes as a percentage of combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares being imposed by SEBI and the Stock Exchanges. These restrictions may include requiring higher margin requirements, limiting trading frequency or freezing of price on the upper side of trading, as well as mentioning of our Equity Shares on the surveillance dashboards of the Stock Exchanges. The imposition of these restrictions and curbs on trading may have an adverse effect on the market price, trading and liquidity of our Equity Shares and on the reputation and conditions of our Company. Any such instance may result in a loss of our reputation and diversion of our management's attention and may also decrease the market price of our Equity Shares which could cause you to lose some or all of your investment.

72. ***Investors other than retail (including non-institutional investors and Corporate Bodies) are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Amount) at any stage after submitting an Application.***

Pursuant to the SEBI ICDR Regulations, Investors other than retail (including non-institutional investors and Corporate Bodies) are not permitted to withdraw or lower their application (in terms of quantity of Equity Shares or the Amount) at any stage after submitting an Application. While our Company is required to complete Allotment pursuant to the issue within six Working Days from the issue Closing Date, events affecting the Applicants decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition, may arise between the date of submission of the Application and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the applicant's ability to sell the Equity Shares Allotted pursuant to the issue or cause the trading price of the Equity Shares to decline on listing.

73. ***We have in this Draft Red Herring Prospectus included certain Non-GAAP Measures that may vary from any standard methodology that is applicable across the industries in which we operate and may not be comparable with financial information of similar nomenclature computed and presented by other companies.***

Certain Non-GAAP Measures relating to our operations have been included in this Draft Red Herring Prospectus. For more information on the key performance indicators and non-GAAP financial measures used in this Draft Red Herring Prospectus, see "***Certain Conventions, Use of Financial Information and Market Data and Currency of Presentation—Non-GAAP financial measures***", on page 20. We compute and disclose such Non-GAAP Measures as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of Indian companies operating in the same industries as ours, many of which provide such Non-GAAP Measures and other industry related statistical and operational information. Such supplemental financial and operational information is therefore of limited utility as an analytical tool, and investors are cautioned against considering such information either in isolation or as a substitute for an analysis of our audited and restated financial statements as reported under applicable accounting standards disclosed elsewhere in this Draft Red Herring Prospectus. These Non-GAAP Measures and such other industry related statistical and other information relating to our operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and are not measures of operating performance or liquidity defined by generally accepted accounting principles, and therefore may not be comparable to financial measures and industry related statistical information of similar nomenclature that may be computed and presented by other companies in the same industry.

## **EXTERNAL RISK FACTORS**

1. ***Political instability and significant changes in Government policy could adversely affect economic conditions in India generally and our business in particular.***

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located elsewhere, including India. Adverse economic developments, such as rising fiscal or trade deficit, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in India is also affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of our Equity Shares.

**2. *Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition, and prospects.***

The regulatory and policy environment in which we operate is evolving and subject to change. Our business is subject to a significant number of state tax regimes and changes in legislations governing them, implementing them or the regulator enforcing them in any one of those jurisdictions could adversely affect our results of operations. The applicable categories of taxes and tax rates also vary significantly from state to state, which may be amended from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned, and expenditures incurred. Changes in the operating environment, including changes in tax law, could impact the determination of our tax liabilities for any given tax year. Taxes and other levies imposed by the Government or State Governments that affect our industry include GST, income tax and other taxes, duties or surcharges introduced from time to time and any adverse changes in any of the taxes levied by the Government or State Governments could adversely affect our competitive position and profitability. Such changes, including the instances mentioned below, may adversely affect our business, results of operations, financial condition and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy.

Additionally, the Government of India (“GoI”) has introduced (a) the Code on Wages, 2019; (b) the Code on Social Security, 2020; (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 which consolidate, subsume and replace numerous existing central labour legislations. While the rules for implementation under these codes have not been notified, the implementation of such laws could increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance. The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities.

For instance, companies can voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Any such future amendments may affect our other benefits such as exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us.

Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability. Further, the Government of India has announced the union budget for Fiscal 2025, pursuant to which the Finance Bill, 2024 (“**Finance Bill**”), has introduced various amendments. The Finance Bill has received assent from the President of India on February 15, 2024, and has been enacted as the Finance Act, 2024. We cannot predict whether any amendments made pursuant to the Finance Act, 2024 would have an adverse effect on our business, financial condition and results of operations. Furthermore, changes in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

There can be no assurance that the GoI will not implement new regulations and policies requiring us to obtain approvals and licenses from the GoI or other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment or change to governing laws, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent in the jurisdictions in which we operate may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

It may also have a material adverse effect on our business, financial condition, cash flows and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which could

materially harm our results of operations or cash flows. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

We are unable to determine the impact of any changes in or interpretations of existing, or the promulgation of, new, laws, rules and regulations applicable to us and our business. If that was to occur it could result in us, our business, operations or group structure being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

**3. *If inflation were to rise in India, we might not be able to increase the prices of our products at a proportionate rate in order to pass costs on to our customers thereby reducing our margins.***

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of transportation, wages, components and other expenses relevant to our business. Further, a rise in inflation in other countries, such as in the United States of America or United Kingdom, may lead to an increase in the interest rates in India and depreciation in the value of the Rupee which in turn make the components imported by our Company costlier.

Further, the Government of India has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

In recent months, consumer and wholesale prices in India have exhibited increased inflationary trends, as the result of an increase in crude oil prices, higher international commodity prices, and higher domestic consumer and supplier prices. The RBI has enacted certain policy measures and has recently increased the repo rates to curb inflation. However, these policies and steps taken by the RBI may not be successful. In February 2022, hostilities between Russia and Ukraine and recently in October 2023 hostilities between Israel and Palestine have commenced. The market price of oil and fuel have risen sharply since the commencement of these hostilities which may have an inflationary effect in India. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our customers, whether entirely or in part, and may adversely affect our business, financial condition and cash flows. In particular, we might not be able to control the increase in our expenses related to salaries or wages payable to our employees, reduce our costs or increase the price of our products to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected.

**4. *The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.***

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

**5. *A slowdown in economic growth in India could adversely affect our business.***

The structure of the Indian economy has undergone considerable changes in the last decade. These include increasing importance of external trade and of external capital flows. Any slowdown in the growth of the Indian economy or any future volatility in global commodity prices could adversely affect our business, financial condition and results of operations. India's economy could be adversely affected by a general rise in interest rates, fluctuations in currency exchange rates, adverse conditions affecting housing, tourism and electricity prices or various other factors. Further, conditions outside India, such as slowdowns in the economic growth of other countries, could have an impact on the growth of the Indian economy and government policy may change in response to such conditions. The Indian economy and financial markets are also significantly influenced by worldwide economic, financial and market conditions. Any financial or political turmoil or war especially in the United States, Europe or China or Asian emerging market countries, may have an impact on the Indian economy. Although economic conditions differ in each country, investors'

reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss of investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets, and could have an adverse effect on our business, financial condition and results of operations and the price of the Equity Shares.

**6. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.***

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

**7. *Financial instability in other countries may cause increased volatility in Indian financial markets.***

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, Russia and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions and economic developments globally could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. Following the United Kingdom's exit from the European Union ("**Brexit**"), there remains significant uncertainty around the terms of their future relationship with the European Union and, more generally, as to the impact of Brexit on the general economic conditions in the United Kingdom and the European Union and any consequential impact on global financial markets.

In addition, China is one of India's major trading partners and there are rising concerns of a possible slowdown in the Chinese economy as well as a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. In response to such developments, regulators implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption such as the recent collapse of the silicon valley bank, could have a material adverse effect on our business, financial condition and results of operation.

**8. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.***

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

**9. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the Draft Red Herring Prospectus.***

While facts and other statistics in the Draft Red Herring Prospectus relating to India, the Indian economy and the industry in which we operate has been based on various web site data that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled '**Industry Overview**' beginning on page 97 of this Draft Red Herring Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

**RISKS RELATED TO OUR EQUITY SHARES AND EQUITY SHARE HOLDERS**

**1. *The Offer Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Offer.***

The Offer price is based on numerous factors and may not be indicative of the market price for our Equity Shares after the Offer. The market price of our Equity Shares could be subject to significant fluctuations after the Offer and may

decline below the Offer Price. There can be no assurance that you will be able to resell your Shares at or above the Offer Price. Among the factors that could affect our Share price are quarterly variations in the rate of growth of our financial indicators, such as earnings per share, net profit and income; changes in income or earnings estimates or publication of research reports by analysts; speculation in the press or investment community; general market conditions; and domestic and international economic, legal and regulatory factors unrelated to our performance.

2. ***The Equity Shares have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.***

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is proposed to be determined in consultation with Lead Manager in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

3. ***The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.***

Prior to this Offer, there has been no public market for our Equity Shares. [●] is acting as Market Maker for the Equity Shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Offer due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could materially affect the price of our Equity Shares. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Offer, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Offer. For further details of the obligations and limitations of Market Makers, see the section titled 'General Information' on page 59 of this Draft Red Herring Prospectus.

4. ***There is no guarantee that our Equity Shares will be issued pursuant to the Issue will be listed on the EMERGE Platform of NSE in a timely manner or at all.***

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuance of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the Emerge Platform of NSE. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

5. ***The requirements of being a public listed company may strain our resources and impose additional requirements.***

With the increased scrutiny of the affairs of a public-listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange which requires us to file unaudited financial results on a half-yearly basis. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge, and we cannot assure that we will be able to do so in a timely manner.

6. ***There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.***

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

- 7. *You will not be able to sell immediately on Stock Exchange any of the Equity Shares you purchase in the Offer until the Offer receives appropriate trading permissions.***

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in the Draft Red Herring Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with the Companies Act, 2013, in the event that the permission of listing the Equity Shares is denied by the stock exchange, we are required to refund all the monies collected to investors.

- 8. *You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.***

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹100,000, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020, and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source.

The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Historically, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares.

Further, we cannot predict whether any tax laws or other regulations impacting it will be enacted or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, financial condition, results of operations and cash flows. The Government of India had announced the union budget for financial year 2025 and the Finance Act, 2024 received assent from the President of India on February 15, 2024. There is no certainty on the impact that the Finance Act, 2024 may have on our business and operations or in the industry we operate in.

- 9. *Any future issuance of Equity Shares may dilute your shareholdings, and sales of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.***

Any future equity issuances by our Company may lead to the dilution of investors' shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Offer, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

- 10. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.***

Our Articles and Indian law govern our corporate affairs. Legal principles relating to these matters and the validity of corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a corporate entity in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as one of our Shareholders than as a shareholder of a corporate entity in another jurisdiction.

- 11. *Our Company has not paid any dividends till now and there can be no assurance that we will pay dividends in future. Our ability to pay dividends in the future will depend upon a variety of factors such as future earnings, financial condition, cash flows, working capital requirements, and restrictive covenants in our financing arrangements.***

Our Company has not paid any dividends till now and there can be no assurance that we will pay dividends in future. Our ability to pay dividends in the future will depend on our earnings, financial condition and capital requirements. Dividends distributed by us will attract dividend distribution tax at rates applicable from time to time. There can be no assurance that we will generate sufficient income to cover our operating expenses and pay dividends to our shareholders, or at all. Our ability to pay dividends could also be restricted under the existing or certain financing arrangements that we may enter into.

- 12. *Foreign investors are subject to foreign investment restrictions under Indian laws which limit our ability to attract foreign investors, which may adversely affect the market price of the Equity Shares.***

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain restrictions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of Equity Shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of the Equity Shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/tax clearance certificate from the income tax authority. We cannot assure investors that any required approval from the RBI or any other Indian government agency can be obtained on any particular terms, or at all.

#### Notes:

- The Issue is being made in terms of Chapter IX of the SEBI ICDR Regulations, as amended from time to time. This Issue is being made by our Company in terms of [Regulation of 229 (1) and Regulation 253 (1) of SEBI ICDR Regulations read with Rule 19(2)(b)(i) of SCRR wherein not less than 25% of the post – issue paid up equity share capital of our Company are being issued to the public for subscription.
- The present Issue has been authorized by the Board of Directors vide a resolution passed at its meeting held on July 18, 2024 and by the Shareholder of our Company, vide a special resolution passed pursuant to Section 62(1)(c) of the Companies Act, 2013 at the Extra Ordinary General Meeting held on August 1, 2024.
- The SEBI ICDR Regulations permit the issue of securities to the public through the Book Building Process, which states that, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation on a proportionate basis to Retail Individual Bidders and not more than 50% of the Net Issue shall be allotted on a proportionate basis to QIBs, subject to valid Bids being received at or above the Issue Price. Accordingly, we have allocated the Net Issue i.e. not more than 50% of the Net Issue to QIB and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Investors and not less than 15% of the Net Issue shall be available for allocation to Non-institutional bidders.
- Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with Book Running Lead Manager and the Designated Stock Exchange, subject to applicable laws.
- Our Company may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to

*Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allotment in the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, see “**Issue Procedure**” on page 214 of this Draft Red Herring Prospectus.*

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein not more than 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the Book Running Lead Manager allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations (the “**Anchor Investor Portion**”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price. All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Designated Stock Exchange.

**All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non-Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/Issue Period. Allocation to the Anchor Investors will be on a discretionary basis.**

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on

a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI ICDR Regulations, all the investors (except Anchor Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public issue may use either ASBA facility for making application or also can use UPI as a payment mechanism with ASBA for making application.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see “**Issue Procedure**” on page 214 of this Draft Red Herring Prospectus.

**Illustration of the Book Building and Price Discovery Process:** Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20/- to ₹ 24/- per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00
2,000	21	5,000	166.67
2,500	20	7,500	250.00

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the Book Running Book Running Lead Manager, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “**Issue Procedure**” on page 214 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

The time for applying for Retail Individual Bidder on Bid/Issue Closing Date maybe extended in consultation with the Book Running Lead Manager, RTA and NSE taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid Cum Application Forms prior to the Bid/Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

## **WITHDRAWAL OF THE ISSUE**

Our Company in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice will be issued by our Company within two (2) Working Days of such withdrawal, providing reasons for not proceeding with the Issue. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared, and the Stock Exchange will also be informed promptly. The Book Running Lead Manager, through the Registrar to the Issue, will instruct the SCSBs and Sponsor Bank (in case of RII's using the UPI Mechanism), to unblock the ASBA Accounts within one (1) working Day from the day of receipt of such instruction.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the Final Listing and Trading Approvals of the Stock Exchange with respect to the Equity Shares issued through the Prospectus, which our Company will apply for only after

Allotment; and (ii) the registration of Prospectus with RoC.

If our Company withdraws the Issue after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will file a fresh Draft Red Herring Prospectus / Red Herring Prospectus / Prospectus with the Stock Exchange where the Equity Shares may be proposed to be listed.

## DETAILS OF MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Book Running Lead Manager has entered into Market Making Agreement dated [●] with the following Market Maker to fulfill the obligations of Market Making for this Issue:

<b>Name</b>	[●]
<b>Address</b>	[●]
<b>Tel no</b>	[●]
<b>Fax no</b>	[●]
<b>Email id</b>	[●]
<b>Website</b>	[●]
<b>Contact person</b>	[●]
<b>Market Making Registration No.</b>	[●]

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with NSE to fulfill the obligations of Market Making) dated [●] to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issuer.

[●], registered with EMERGE Platform of NSE “NSE Emerge” will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker(s) shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the National Stock Exchange of India Limited (EMERGE platform of NSE) and SEBI from time to time.
3. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and EMERGE Platform of NSE from time to time.
5. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Equity Shares of Market Maker in our Company reaches to 25% or upper limit (including the 1.45% of Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker(s) under this Issue over and above 25% equity shares would not be taken into consideration of computing the threshold of 25% of the Issue. As soon as the Equity Shares of Market Maker in our Company reduce to 24% of the Issue Size, the Market Maker will resume providing 2-way quotes.
6. There shall be no exemption/threshold on downside. However, in the event the Market Maker(s) exhausts his inventory through market making process, the Stock Exchange may intimate the same to SEBI after due verification.
7. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given

by him.

8. There would not be more than five market makers for a script at any point of time. These would be selected on the basis of objective criteria to be evolved by the Exchange which would include capital adequacy, networth, infrastructure, minimum volume of business etc. The Market Maker(s) may compete with other market maker for better quotes to the investors. At this stage, [●] is acting as the sole Market Maker.
9. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
10. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market for instance due to system problems, any other problem. All controllablereasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non- controllable reasons would be final.
11. The shares of our Company will be traded in continuous trading session from the time and day our company gets listed on EMERGE Platform of NSE and the Market Maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
12. The Market Maker(s) shall have the right to terminate said arrangement by giving a three months' notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement. In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory market making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 10.00 a.m. to 5.00 p.m. on working days.
13. **Risk containment measures and monitoring for Market Makers:** NSE Emerge Exchange will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
14. **Punitive Action in case of default by Market Makers:** The Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.  
  
The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

No person connected with the Issue, including, but not limited to, our Company, the members of the Syndicate, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.

18. Our Company presently does not intend or propose to alter its capital structure for a period of six (6) months from the Bid/Issue Opening Date, by way of split or consolidation of the denomination of Equity Shares, or by way of further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares), whether on a preferential basis, or by way of further public issue of Equity Shares, or otherwise. However, if business needs of our Company so require, our Company may further issue Equity Shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise after the date of the listing of equity shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement or any other

purpose as the Board may deem fit, if an opportunity of such nature is determined by its Board of Directors to be in the interest of our Company.

19. There neither have been and there will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of the Draft Red Herring Prospectus until the Equity Shares have been listed on the Stock Exchange or all application monies have been refunded, as the case may be.
20. As on the date of filing of this Draft Red Herring Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer.
21. As on the date of this Draft Red Herring Prospectus, none of the shares held by our Promoters/ Promoter Group are subject to any pledge.
22. We here by confirm that there will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of the Draft Red Herring Prospectus until the Equity Shares offered have been listed or application money unblocked on account of failure of Issue.
23. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law. Our Company will comply with such disclosure and accounting norms as may be specified by SEBI from time to time.
24. Our Company shall ensure that any transactions in Equity Shares by our Promoters and the Promoter Group during the period between the date of filing the Draft Red Herring Prospectus and the date of closure of the Issue, shall be reported to the Stock Exchanges within 24 hours of the transaction.
25. All Equity Shares issued pursuant to the Issue shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Red Herring Prospectus.
26. As on the date of this Draft Red Herring Prospectus, the Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Book Running Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
27. There are no safety net arrangements for this Issue.
28. As per RBI regulations, OCBs are not allowed to participate in this Issue.
29. This Issue is being made through the Book Building Method.
30. Our Promoters and the members of our Promoter Group will not participate in the Issue.
31. Our Company has not made any public issue or rights issue of any kind or class of securities since its incorporation.
32. Further, this Issue is being made in terms of Chapter IX of the SEBI ICDR Regulations.
33. Our Company has not raised any bridge loans which are proposed to be repaid from the proceeds of the Issue.
34. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under chapter titled ***“Issue Procedure”*** beginning on page 214 of this Draft Red Herring Prospectus. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253(2) of SEBI ICDR Regulations, as amended from time to time.
35. An investor cannot make an application for more than the number of Equity Shares offered in this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investor.
36. An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this

Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post-Issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock- in shall be suitably increased so as to ensure that 20% of the post Issue paid-up capital is locked in.

37. Under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines.
38. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this Issue.

## SECTION VII- PARTICULARS OF THE ISSUE

### OBJECT OF THE ISSUE

The issue comprises of fresh issue of up to 29,04,000 equity shares of our company at an issue price of ₹ [●] per equity share aggregating up to ₹ [●]. We intend to utilize the proceeds of the issue to meet the following objects:

1. Funding of capital expenditure requirements towards setting up of Solar Power Plant;
2. Funding of capital expenditure requirements towards purchase of Fixed Assets; and
3. General corporate purposes.

(Collectively referred as the “Objects”)

In addition, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchange and enhancement of our Company’s brand name. It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

The main objects clause and the objects ancillary to the main objects clause as set out in the Memorandum of Association enables our Company to undertake its existing activities and the activities for which funds are being raised by our Company through the Issue.

### FRESH ISSUE

The details of the proceeds of the Fresh Issue are summarized below:

Particulars	Amount (in Lakhs)
Gross Proceeds from the Fresh Issue <sup>1</sup>	[●]
Less: Issue related expenses <sup>2</sup>	[●]
Net Proceeds of the Fresh Issue	[●]

<sup>1</sup>. The amount utilized for general corporate purposes shall not exceed 25% of the Gross Proceeds from the Issue.

<sup>2</sup>. These expenses do not include any GST chargeable or TDS deductible.

### Requirement of Funds

Our Company intends to utilize the Net Fresh Issue Proceeds for the following Objects (“Objects of the Issue”):

1. Funding of capital expenditure requirements towards setting up of Solar Power Plant;
2. Funding of capital expenditure requirements towards purchase of Fixed Assets; and
3. General corporate purposes.

In addition to the aforementioned objects, our Company intends to strengthen its capital base and expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges, including among other things, enhancing the visibility of our brand and our Company among our existing and potential customers.

We believe that listing will enhance our corporate image and brand name and create a public market for Equity Shares of our Company in India and further enable us to avail future growth opportunities. Our Company is engaged in the process of setting up of Solar Plant and installation of Machinery. The main object clause and the ancillary object clause of the Memorandum of Association of our Company enable us to undertake our existing activities and the activities for which we are raising funds through the Issue. The existing activities of our Company are within the object clause of our Memorandum. The Fund requirement and deployment is based on internal management estimates and has not been appraised by any bank and financial institution.

<sup>(1)</sup> To be finalised upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC

Note: The amount utilized for general corporate purposes shall not exceed 25% of the Gross Proceeds from the Issue.

The above-mentioned fund requirement will be met from the proceeds of the Issue. We intend to fund the shortfall, if any, from internal accruals.

*Since the fund requirements set out for the aforesaid Objects of the Issue are proposed to be met entirely from the Net Proceeds and internal accruals. Accordingly, we confirm that we are in compliance with the requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI (ICDR) Regulations, 2018 through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Net Proceeds and existing identifiable internal accruals.*

The fund requirements are based on internal management estimates and have not been appraised by any bank or financial institution or any other independent agency. These are based on current conditions and are subject to change in the light of changes in external circumstances or costs or other financial conditions and other external factors.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans. As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the chapter titled "**Risk Factors**" on page 28 of this Draft Red Herring Prospectus.

#### **Details of the objects:**

#### **1) Funding of capital expenditure requirements of our Company towards set up of Solar Power Plant**

We proposed to utilize ₹ 1,150.00 Lakhs for funding of capital expenditure requirements towards set up of Solar Power Plant from the Net Proceeds. Our Company has received quotations from various suppliers for such solar power system and is yet to place any orders or enter into definitive agreements towards set up of such solar power plant.

Our Company is embarking on a strategic initiative to set up a Solar Power Plant with the primary objective of generating and selling renewable energy to external customers. This investment will allow us to capitalize on the growing demand for clean and sustainable energy solutions, positioning us as a key player in the renewable energy market. The funding for this project will be directed towards developing the necessary infrastructure to ensure efficient energy production and distribution. By selling the energy generated from our solar plant, we aim to create a stable revenue stream while contributing to environmental sustainability. This initiative reflects our commitment towards harnessing renewable resources and providing cost-effective, eco-friendly energy.

**(₹ in lakhs)**

1	Solar Power Panel, Invertor, Transformer, Cables, EPC (Plant & Machinery Civil Work including Switch Yard Erection & Installation, Water Piping, Land Development, Lightning, Internal Roads.  Quotation Ref. No.: Pickrenew/2024-25/05	Pickrenew Energy Private Limited	October 22, 2024	December 31, 2024	Solar Power Plant	2020.00

The above price includes design, supply, erection and commissioning and technical operation & Maintenance of the project. Our company has not placed any order and has not paid any advance till the date of this Draft Red Herring Prospectus for above object.

**Notes:**

- We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.
- Quotation received from the vendor mentioned above is valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of the vendor and there can be no assurance that the same vendor would be engaged to eventually supply the solar power plant at the same costs.
- The solar power plant to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of other objects, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of solar power plant for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- We are not acquiring any second-hand solar power plant.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of plant proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost.

## 2) Funding of capital expenditure requirements towards purchase of Fixed Assets

In order to expand our manufacturing capabilities to support existing and/or new customers, our Company intends to make capital expenditure towards installation of additional machineries. #### Notes:

1. Source: All the information for listed industry peers mentioned above is on a consolidated basis (unless otherwise available only on standalone basis) and is sourced from their respective investor presentation/ annual reports available in public domain. The ratios have been computed as per the following definitions.
2. Revenue from operations represents the revenue from sale of service & product & other operating revenue of our Company as recognized in the Restated financial information.
3. Total income includes revenue from operation and other income
4. EBITDA means Earnings before interest, taxes, depreciation and amortization expense, which has been arrived at by obtaining the profit before tax/ (loss) for the year / period and adding back finance costs, depreciation, and amortization expense.
5. EBITDA margin is calculated as EBITDA as a percentage of total income.
6. Net Profit for the year/period represents the restated profits of our Company after deducting all expenses.
7. Net Profit margin is calculated as restated profit & loss after tax for the year/period divided by total income.
8. Return on net worth is calculated as Net profit after tax, as restated, attributable to the owners of the Company for the year/ period divided by Average Net worth (average total equity). Average total equity means the average of the aggregate value of the paid-up share capital and other equity of the current and previous financial year/period.

9. Return on Capital Employed is calculated as EBIT divided by capital employed, which is defined as shareholders' equity plus non-current liabilities.
10. Debt- equity ratio is calculated by dividing total debt by total equity. Total debt represents long term and short term borrowings. Total equity is the sum of equity share capital and other equity.
11. Interest coverage ratio is defined as Earnings before interest and taxes (EBIT) divided by finance cost for the year/period.
12. Days Working Capital is arrived at by dividing working capital (current assets less current liabilities) by revenue from operations multiplied by the number of days in the year/period (365/90).

#### WEIGHTED AVERAGE COST OF ACQUISITION:

##### The Price per share of our Company based on the primary/ new issue of shares (equity / convertible securities).

Our Company has not issued any Equity Shares or convertible securities, excluding shares issued under ESOP and issuance of bonus shares, during the 18 months preceding the date of this Draft Red Herring Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Issue capital before such transaction(s) and excluding ESOPs granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days except the following:

Date of Allotment	No. of equity shares allotted <sup>#</sup>	Face Value (Rs.)	Issue Price (Rs.) <sup>#</sup>	Nature/Reasons for allotment	Nature of Consideration	Total Consideration (in Rs.)
On incorporation*	8,00,000	10/-	1.25	Subscription to the MOA	Cash	10,00,000.00
February 16, 2024	40,72,000	10/-	12.50	Preferential Allotment	Other than Cash	5,09,00,000.00
<b>Weighted Average cost of acquisition (WACA) per share for primary transactions</b>						<b>10.65</b>

\*The MoA of our Company was signed on January 16, 2024. However, our Company was incorporated on January 19, 2024.

<sup>#</sup>Adjusted for bonus shares pursuant to a resolution of Board of Directors dated March 21, 2024, the Company has allotted seven bonus shares of face value ₹ 10/- each for every one existing fully paid-up equity share of face value ₹ 10/- each

##### The price per share of our Company based on the secondary sale / acquisition of shares (equity / convertible securities).

There have been no secondary sale / acquisitions of Equity Shares, where the promoter, members of the promoter group, or shareholder(s) having the right to nominate director(s) in the board of directors of the Company are a party to the transaction (excluding gifts), during the 18 months preceding the date of this Draft Red Herring Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-issue share capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

Since there is an eligible transaction of our Company reported in (a) above in accordance with paragraph (9)(K)(4)(a) of the SEBI ICDR Regulations and no transaction to report under (b) therefore, the price per Equity Share of our Company based on the last five primary and secondary transactions in equity Shares (secondary transactions where the promoter, promoter group, or shareholder(s) having the right to nominate director(s) on our Board, are a party to the transaction), not older than three years prior to the date of this Draft Red Herring Prospectus, irrespective of the size of transactions, has not been computed.

#### GLOBAL OUTLOOK

Global growth is projected to be in line with the April 2024 World Economic Outlook (WEO) forecast, at 3.2 percent in 2024 and 3.3 percent in 2025. However, varied momentum in activity at the turn of the year has somewhat narrowed the output divergence across economies as cyclical factors wane and activity becomes better aligned with its potential. Services price inflation is holding up progress on disinflation, which is complicating monetary policy normalization. Upside risks to inflation have thus increased, raising the prospect of higher-for-even-longer interest rates, in the context of escalating trade tensions and increased policy uncertainty. To manage these risks and preserve growth, the policy mix should be sequenced carefully to achieve price stability and replenish diminished buffers.

Global activity and world trade firmed up at the turn of the year, with trade spurred by strong exports from Asia, particularly in the technology sector. Relative to the April 2024 WEO, first quarter growth surprised on the upside in many countries, although downside surprises in Japan and the United States were notable. In the United States, after a sustained period of strong outperformance, a sharper-than-expected slowdown in growth reflected moderating consumption and a negative contribution from net trade. In Japan, the negative growth surprise stemmed from temporary supply disruptions linked to the shutdown of a major automobile plant in the first quarter. In contrast, shoots of economic recovery materialized in Europe, led by an improvement in services activity. In China, resurgent domestic consumption propelled the positive upside in the first quarter, aided by what looked to be a temporary surge in exports belatedly reconnecting with last year’s rise in global demand. These developments have narrowed the output divergences somewhat across economies, as cyclical factors wane and activity becomes better aligned with its potential.

#### A Waxing and Waning Outlook

IMF staff projections are based on upward revisions to commodity prices, including a rise in nonfuel prices by 5 percent in 2024. Energy commodity prices are expected to fall by about 4.6 percent in 2024, less than projected in the April WEO, reflecting elevated oil prices from deep cuts by OPEC+ (the Organization of the Petroleum Exporting Countries, including Russia and other non-OPEC oil exporters) and reduced, but still present, price pressure from the Middle East conflict. Monetary policy rates of major central banks are still expected to decline in the second half of 2024, with divergence in the pace of normalization reflecting varied inflation circumstances.

*Growth is expected to remain stable.* At 3.2 percent in 2024 and 3.3 percent in 2025, the forecast for global economic growth is broadly unchanged from that in April (Table 1). Under the hood, however, offsetting growth revisions have shifted the composition.

Among advanced economies, growth is expected to converge over the coming quarters (Figure 2). In the United States, projected growth is revised downward to 2.6 percent in 2024 (0.1 percentage point lower than projected in April), reflecting the slower-than-expected start to the year. Growth is expected to slow to 1.9 percent in 2025 as the labor market cools and consumption moderates, with fiscal policy starting to tighten gradually. By the end of 2025, growth is projected to taper to potential, closing the positive output gap.

In the euro area, activity appears to have bottomed out. In line with the April 2024 projection, a modest pickup of 0.9 percent is expected for 2024 (an upward revision of 0.1 percentage point), driven by stronger momentum in services and higher-than-expected net exports in the first half of the year; growth is projected to rise to 1.5 percent in 2025. This is underpinned by stronger consumption on the back of rising real wages, as well as higher investment from easing financing conditions amid gradual monetary policy loosening this year. Continued weaknesses in manufacturing suggest a more sluggish recovery in countries such as Germany.

In *Japan*, the strong *shunto* wage settlement is expected to support a turnaround in private consumption starting in the

second half. But the expectation for 2024 growth is revised downward by 0.2 percentage point, with the downward adjustment largely reflecting temporary supply disruptions and weak private investment in the first quarter.

The forecast for growth in *emerging market and developing economies* is revised upward; the projected increase is powered by stronger activity in Asia, particularly China and India. For *China*, the growth forecast is revised upward to 5 percent in 2024, primarily on account of a rebound in private consumption and strong exports in the first quarter. In 2025, GDP is projected to slow to 4.5 percent, and to continue to decelerate over the medium term to 3.3 percent by 2029, because of headwinds from aging and slowing productivity growth. The forecast for growth in India has also been revised upward, to 7.0 percent, this year, with the change reflecting carryover from upward revisions to growth in 2023 and improved prospects for private consumption, particularly in rural areas.

With regard to Latin America and the Caribbean, growth has been revised downward for 2024 in Brazil, reflecting the near-term impact of flooding, and in Mexico, due to moderation in demand. However, growth has been revised upwards in 2025 for Brazil to reflect reconstruction following the floods and supportive structural factors (for example, acceleration in hydrocarbon production). For the Middle East and Central Asia, oil production and regional conflicts continue to weigh on prospects. The growth forecast for 2024 in Saudi Arabia has been revised downward by 0.9 percentage point; the adjustment reflects mainly the extension of oil production cuts. Projected growth in Sudan is revised markedly downward, as persisting conflict takes a larger toll on the economy. The forecast for growth in sub-Saharan Africa is revised downward, mainly as a result of a 0.2 percentage point downward revision to the growth outlook in Nigeria amid weaker than expected activity in the first quarter of this year.

Trade makes a recovery. World trade growth is expected to recover to about 3¼ percent annually in 2024–25 (from quasi stagnation in 2023) and align with global GDP growth again. The uptick in the first quarter of this year is expected to moderate as manufacturing remains subdued. Although cross border trade restrictions have surged, harming trade between geopolitically distant blocs, the global trade-to-GDP ratio is expected to remain stable in the projection.

Global inflation will continue to decline. In advanced economies, the revised forecast is for the pace of disinflation to slow in 2024 and 2025. That is because inflation in prices for services is now expected to be more persistent and commodity prices higher. However, the gradual cooling of labor markets, together with an expected decline in energy prices, should bring headline inflation back to target by the end of 2025. Inflation is expected to remain higher in emerging market and developing economies (and to drop more slowly) than in advanced economies. However, partly thanks to falling energy prices, inflation is already close to prepandemic levels for the median emerging market and developing economy.

### **Not Yet in the Clear**

Overall, risks to the outlook remain balanced, as in the April 2024 WEO, but some near-term risks have gained prominence. These include upside risks to inflation that stem from a lack of progress on services disinflation and price pressures emanating from renewed trade or geopolitical tensions. Risks of persistent inflation in the services sector are tied to both wage and price setting, given that labor accounts for a high share of the costs in that sector. Higher nominal wage growth, which in some cases reflects the catch-up of real wages, if accompanied by weak productivity, could make it difficult for firms to moderate price increases, especially when profit margins are already squeezed. This could lead to further stickiness in wage and price inflation. The escalation of trade tensions could further raise near-term risks to inflation by increasing the cost of imported goods along the supply chain. Bumpiness along the remaining disinflation path could destabilize the return to price stability if short-term expectations spike upward as a result of disappointing inflation data.

The risk of elevated inflation has raised the prospects of higher-for-even-longer interest rates, which in turn increases external, fiscal, and financial risks. Prolonged dollar appreciation arising from rate disparities could disrupt capital flows and impede planned monetary policy easing, which could adversely impact growth. Persistently high interest rates could raise borrowing costs further and affect financial stability if fiscal improvements do not offset higher real rates amid lower potential growth (see IMF Blog).

The potential for significant swings in economic policy as a result of elections this year, with negative spillovers to the rest of the world, has increased the uncertainty around the baseline. These potential shifts entail fiscal profligacy risks that will worsen debt dynamics, adversely affecting long-term yields and ratcheting up protectionism. Trade tariffs, alongside a scaling up of industrial policies worldwide, can generate damaging cross-border spillovers, as well as trigger retaliation, resulting in a costly race to the bottom. By contrast, policies that promote multilateralism and a faster implementation of macrostructural reforms could boost supply gains, productivity, and growth, with positive spillovers worldwide.

### **Future-Proofing the Economy**

As output gaps start to close and inflation recedes, policymakers face two tasks: persevering with restoring price stability and addressing the legacies of recent crises, including replenishing lost buffers and durably uplifting growth. In the near

term, this will require careful calibration and sequencing of the policy mix. In countries where upside risks to inflation—including those arising through external channels—have materialized, central banks should refrain from easing too early and remain open to further tightening should it become necessary. Where inflation data encouragingly signal a durable return to price stability, monetary policy easing should proceed gradually, which would simultaneously provide room for the required fiscal consolidation to take place. Fiscal slippages over the past year in some countries could require a stance significantly tighter than envisaged. As the space for fiscal maneuver narrows, commitments to achieving fiscal consolidation targets should be earnestly adhered to, aided by sound fiscal frameworks and resource mobilization (see Chapter 1 of the April 2024 Fiscal Monitor).

In emerging market and developing economies, recent policy divergences highlight the need to manage the risks of currency and capital flow volatility. Given that economic fundamentals remain the main factor in dollar appreciation, the appropriate response is to allow the exchange rate to adjust, while using monetary policy to keep inflation close to target. Foreign reserves should be used prudently and preserved to deal with potentially worse outflows in the future, in line with the IMF's Integrated Policy Framework. To the extent possible, macroprudential policies should mitigate vulnerabilities from large exposures to foreign-currency-denominated debt.

Near-term challenges aside, policymakers must act now to revitalize declining medium-term growth prospects. Striking differences in productivity trends across countries since the pandemic suggest that not all factors are cyclical and that decisive policy action is needed to enhance business dynamism and reduce resource misallocation to arrest weaknesses (see Chapter 3 of the April 2024 WEO). Further boosting labor supply, especially by better integrating women and immigrants—key segments contributing to economic resilience in advanced economies—will mitigate demographic pressures, adding to potential growth gains. While emigration of the young and educated population can take a toll on source countries, the costs can be mitigated. Policies that help leverage diaspora networks, maximize the benefits from remittances, and expand domestic labor market opportunities are possible avenues (see Chapter 4 of the October 2016 WEO).

Finally, the misuse of inward and domestically oriented policies compromises the ability to tackle global challenges—such as climate change—in regard to which multilateral cooperation and trade are vital. These policies are also often inadequate to address domestic issues, as they increase fiscal pressures and risk further distortions such as resource misallocation. All countries should thus scale back on use of trade-distorting measures and strive instead to strengthen the multilateral trading system.

## INDIAN ECONOMY

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 295.36 lakh crores (US\$ 3.54 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.6% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the second half of FY24. During the period April-June 2025, India's exports stood at US\$ 109.11 billion, with Engineering Goods (25.35%), Petroleum Products (18.33%) and electronic goods (7.73%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

### Market size

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 173.82 lakh crores (US\$ 2.08 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 8.2% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. India's current account deficit (CAD) narrowed to 0.7% of GDP in FY24. The CAD stood at US\$ 23.2 billion for the 2023-24 compared to US\$ 67.0 billion or 2.0% of GDP in the preceding year. This was largely due to decrease in merchandise trade deficit.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

## **Recent Developments**

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.

As of July 5, 2024, India's foreign exchange reserves stood at US\$ 657.15 billion.

In May 2024, India saw a total of US\$ 6.9 billion in PE-VC investments.

Merchandise exports in June 2024 stood at US\$ 35.20 billion, with total merchandise exports of US\$ 109.96 billion during the period of April 2024 to June 2024.

India was also named as the 48th most innovative country among the top 50 countries, securing 40th position out of 132 economies in the Global Innovation Index 2023. India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.

In June 2024, the gross Goods and Services Tax (GST) stood at highest monthly revenue collection at Rs. 1.74 lakh crore (US\$ 20.83 billion) vs Rs. 1.73 lakh crore (US\$ 20.71 billion)

Between April 2000–March 2024, cumulative FDI equity inflows to India stood at US\$ 97 billion.

In May 2024, the overall IIP (Index of Industrial Production) stood at 154.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 136.5, 149.7 and 229.3, respectively, in May 2024.

According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.08% (Provisional) for June 2024.

Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 13.89 billion) in India during January - (up to 15th July) 2024.

The wheat procurement during Rabi Marketing Season (RMS) 2024-25 (till May) was estimated to be 266 lakh metric tonnes (LMT) and the rice procured in Kharif Marketing Season (KMS) 2024-25 was 400 LMT.

## **Government Initiatives**

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

1. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
2. On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
3. On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to

traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.

4. On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
5. On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
6. From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'Aatmanirbhar Bharat' and 'Local goes Global'.
7. To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
8. Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).
9. Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antyodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.
10. The Amrit Bharat Station scheme for Indian Railways envisages the development of stations on a continuous basis with a long-term vision, formulated on December 29, 2022, by the Ministry of Railways.
11. On October 7, 2022, the Department for Promotion of Industry, and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).

## Road Ahead

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

## INDIA'S PLASTICS INDUSTRY:

Since its small but promising start in 1957 when Polystyrene production started, India's plastic industry has gone from strength to strength. The timeline of Indian polymer production can be summed up as follow19s57: - Polystyrene, 1959 - LDPE, 1961 - PVC, 1968 - HDPE, and 1978 — Polypropylene. Plastics can be broadly divided into seven categories:

- ❖ PET- Polyethylene terephthalate
- ❖ HDPE- High-density polyethylene
- ❖ LDPE- Low-density polyethylene
- ❖ PVC- Polyvinyl chloride
- ❖ PP- Polypropylene
- ❖ PS- Polystyrene
- ❖ Others

Due to the enormous potential of the Indian market, local businesses have been encouraged to develop their technical skills, meet high-quality requirements, and expand their capabilities across a wide range of sectors of the growing plastics industry.

There have been phenomenal advancements in the petrochemical industry and combined with the progress in the plastic machinery sector, they have helped forward the plastic processing industry immensely. This has made it easier for plastic processors to increase their capacity to serve both the domestic and international markets. Currently the

Indian plastic processing industry comprises approximately 30,000 units that use injection molding, blow molding, extrusion, and calendaring to create a wide range of products. Plastic material is becoming increasingly important across various industries, and per capita consumption is rising quickly. Traditional materials are being quickly replaced by plastic technology, processing equipment, expertise, and cost-effective manufacturing. The ability to serve international markets results from the skills developed in most of this industry's areas combined with inherent abilities. The Indian plastics industry has advanced significantly over the past few decades, becoming one of the nation's most significant sectors with a considerable base.

The consumption of plastics in India has significant regional variation, with Western India accounting for 47%, Northern India for 23%, and Southern India for 21%. The end-use sectors of automotive, packaging (including bulk packaging), plastics applications, electronic appliances, etc., account for the majority of consumption in Northern India and are located mostly in Uttar Pradesh and Delhi-NCR. However, other regions, including Rajasthan, Punjab, Haryana, Uttarakhand J&K, and Himachal Pradesh, are anticipated to see growth in plastic processing due to increasing feedstock supply and a greater focus on the manufacturing sector.

Plastic materials, which were almost unknown until the 1920s, are now found in almost every facet of contemporary life, from the microchips in computers to the bags used to carry groceries. Plastic is essentially a set of materials, not just one, which is why it seems that it may be utilised almost anywhere. There are a vast variety of plastic material types, and many of them, like polyethylene, PVC, acrylic, etc., have efficient and adaptable qualities.

➤ **Polyethylene Terephthalate (PET):**

Often known as polyethylene terephthalate, is the primary material used to make plastics in category one. Because of its vast utility, it is ranked first. Due to its powerful ability to stop oxygen from getting in and tainting the goods within, it is mostly used for food and beverage packaging.

➤ **High-Density Polyethylene (HDPE):**

High-Density Polyethylene is a durable resin used for various products, including shampoo bottles, playground equipment, caps, milk jugs, recycling bins, and shopping bags. It is thicker and more rigid than PET because it is formed of long, unbranched polymer chains. It is also fairly tough, impact-resistant, and resistant to temperatures up to 120° C without any negative effects. Given that HDPE is one of the most easily recycled plastic polymers, most recycling facilities accept it for disposal.

➤ **Low-Density Polyethylene (LDPE):**

Unlike HDPE, LDPE is characterized by low-density molecules, giving this resin a thinner and more flexible design. It has the simplest structure of all plastics, making it easy and cheap to produce. Used in plastic bags, six-pack rings, various containers, dispensing bottles, and most famously for plastic wraps, it is not often recycled through curb side programs.

➤ **Polyvinyl Chloride (PVC):**

As a synthetic plastic polymer, polyvinyl chloride is the world's third most extensively manufactured plastic. There are essentially two types of it: stiff and flexible. PVC is frequently used in buildings and construction to create pipes and profiles for doors and windows. It may be softer and more flexible when combined with other materials and used for flooring, wiring, and plumbing insulation. PVC is currently replacing conventional building materials, including wood,

metal, concrete, rubber, ceramics, etc., in various applications because of its adaptable qualities, such as lightness, durability, and ease of processing. PVC is still scarcely recyclable despite its many benefits and the plastics industry's attempts to make it more recyclable; as a result, it should be avoided wherever possible.

➤ **Polypropylene (PP):**

The market for polypropylene, the second-most frequently manufactured commodity plastic, is anticipated to expand even further during the next years. It is tough and durable, can tolerate extreme temperatures, and is used in disposable diapers, ethical components, thermal vests, yogurt containers, Tupperware, and even clothing. PP is typically utilized for living hinges because of its high resistance to fatigue (the thin piece of plastic that allows a part of a product to fold or bend from 1 to 180 degrees).

➤ **Polystyrene (PS):**

The sixth type of plastic on the list is polystyrene, which comes in solid and foamed forms. Due to its low cost per unit weight and ease of production, this resin is used in a wide variety of products, including disposable tableware, insulation, packaging materials, and drinking cups. Styrofoam, perhaps better known by its brand name, is extremely flammable and hazardous because it can release harmful chemicals, especially when heated. It is considered to be one of the worst kinds of plastic in terms of the environment since it is not biodegradable. Due to its low specific gravity, polystyrene foam floats on water and blows in the wind. It can have catastrophic impacts on the health of birds or marine animals that may ingest it since animals do not identify it as artificial and may mistake it for food. In addition, polystyrene is not separated and recycled when it is permitted, and curbside pickup recycling services do not take it.

➤ **Other Plastics:**

Plastic will be included in group number seven if it cannot be distinguished from the six categories described above. The most well-known polymers in this class are polycarbonates (PC), used to create robust, durable products. In order to protect the eyes, polycarbonate is frequently used to make lenses for safety, sports, and sunglasses. However, they may also be found on compact discs (CD) and, more frequently, on smartphones. The usage of these resins has generated debate in recent years because, when they are flushed at high temperatures, they emit bisphenol A (BPA), a chemical that is listed as potentially dangerous to the environment.

Additionally, because BPA does not decompose in landfills, it will remain persistent in the environment and eventually make its way into water bodies, leading to aquatic contamination. These plastics are seldom ever recycled. two industries comes up to almost 46%. Electronics, home goods, and other industrial uses make up the market for plastic's remaining applications. The building, furniture, and transportation industries together account for the remaining plastic application.

### **Important plastic Applications in various industries:**

The two main industries where plastic is used in India are the packaging and agricultural industries. The overall application of plastic in India from these two industries comes up to almost 46%. Electronics, home goods, and other industrial uses make up the market for plastic's remaining applications. The building, furniture, and transportation industries together account for the remaining plastic application.

➤ **Plastic Applications in Agriculture:**

Plasticulture is the practice of using plastic materials in horticulture and agriculture. A wide range of plastic agriculture applications promises to revolutionise Indian agriculture and usher in the "Second Green Revolution." Various approaches can be used to maximize the number and quality of crops and other farm products. The following are some of the main uses of plasticulture:

- ❖ Drip Irrigation System
- ❖ Sprinkle Irrigation System
- ❖ Ponds and Reservoir Linings
- ❖ Plastic Mulching
- ❖ Greenhouse
- ❖ Plastic Tunnel

The use of plasticulture can significantly reduce costs, which can result in increased crop quality and yield. Applications of plasticulture provide advantages in terms of conservation of water, water use efficiency and fertiliser use efficiency. Each application can significantly reduce water use by 30% to 100%. The total loss of water due to seepage may be reduced to zero in the case of agricultural ponds walled with plastic film, which is very advantageous. Additionally, effective fertiliser usage may reduce expenses, which is again beneficial to farmers.

➤ Plastic Applications in the Food Processing Industry:

Plastics are mostly used in packaging for the processing of food. Plastics are popular because of their qualities and wide range of uses. It is extremely adaptable, lightweight, resistant to corrosion, moisture- proof and mouldable into attractive shapes. Processed foods come in both flexible and rigid packaging. Plastic monolayer or multilayer sheets are the main components of flexible packaging. The most common polymers found in multilayered laminated sheets are PVC, PET, PP, and PE. 62% of the polymers used in the flexible packaging industry are polyethylene and polypropylene. Small and medium-sized enterprises dominate the flexible packaging market, with processed foods being its main use. Additionally, with the introduction of new Indian norms that are closer to international norms, packaging regulations have grown stricter, which is also encouraging the use of plastics in packaging. The food processing industry and the usage of plastics in it are expected to grow rapidly as a result of rising personal income, customer demand for packaged goods, and changing food habits.

➤ Plastic Applications in Road Infrastructure:

Plastics are known for their durability, and the material has a long life. Mixing of shredded plastics along with asphalt base creates a strong base and improves the overall quality of the public roads.

✓ Under the Pradhan Mantri Gram Sadak Yojana (PMGSY), the Government of India has been using plastics for road construction. The Asian Development Bank (ADB), in support of PMGSY, has already sanctioned loans worth US\$ 2.31 billion to construct over 22,000 km of all-weather roads in Assam, Chhattisgarh, Madhya Pradesh, Odisha, and West Bengal. The use of plastics significantly improves the quality of these roads and provides better, durable all-weather roads. As of January 2019, under PMGSY, 46.1% of the roads constructed were using waste plastics.

✓ The Indian Road congress also formulated guidelines for using waste plastics in the construction of roads. The Ministry of Road Transport & Highways had published regulations requiring the use of waste plastic in the periodic resurfacing of the pavement on National Highways and the paving of service roads within a 50- kilometer radius of urban centers with a population of at least 5 lakh people.

✓ In October 2022, during Special Campaign 2.0, Border Road Organisation (BRO) used waste plastic materials to resurface roads. In this project, 1.0 km on Roing-Koronu-Paya road under Project Udayak in Arunachal Pradesh, 4.5 km on Phuentsholing-Thimphu Road under Project Dantak in Bhutan, and 2.5 km on Balipara-Charduar-Tawang Road under Project Varta were resurfaced.

✓ Plastic Applications in Healthcare Industry: In recent years, India has been a major destination for medical tourism. As a result, there is more need for products made of polymers, such as syringes, implants, fluid bottles, disposable wear, and medical equipment. An improvement in living standards has also raised the demand for sanitary products and infant care items, which has led to arise in the need for polymer.

➤ Plastic Applications in Automobile Industry:

Plastics are frequently used in car claddings to reduce weight and prevent corrosion from salt and water on metal surfaces, which helps to increase fuel efficiency. Although plastics have been used both externally and internally for many years, many vehicle manufacturers have turned to producing bioplastics and polymers instead of depending on plastics made from fossil fuels in an effort to reduce their carbon footprint and advance sustainability. Some of the advanced plastics used in the automotive industry are as follows:

- Poly-Vinyl Chloride
- Polypropylene
- Polyamide
- Polystyrene
- POM (polyoxymethylene)

➤ Plastic Applications in Electronics:

High-performance thermoplastic and thermosetting polymers are extensively used in the electronics industry. Almost all engineering thermoplastics (ETPs) are used in some form of electronics component, but standard nylons (polyamides) and thermoplastic polyesters (typically polybutylene terephthalate) are by far the two most common polymer families. This is particularly true among connectors, which make up the majority of the market for electronics components.

**Market Dynamics:**

The plastics industry is currently home to about 50,000 industries, most of which are micro, small, and medium-sized enterprises (MSMEs). These enterprises contribute Rs. 3.5 lakh crore (US\$ 42.89 billion) to India's economy and employ more than 50,000 people. The country recycles plastic at a rate of 60%, which is higher than that of developed nations. The "Make in India," "Skill India," "Swachh Bharat," and "Digital India" initiatives of the government are increasing plastic production, and by 2027, it is expected that the plastics industry will generate Rs. 10 lakh billion (US\$ 122.54 billion) annual revenue, with two lakh tonnes of exports.

Given that polymer is a crucial raw ingredient for plastic, the plastic industry in India is closely related to the petrochemicals sector. As a result, both upstream and downstream activities are included in the plastic industry's value chain. While the upstream market is dominated by big firms, the downstream market is far more diversified, with many small and medium-sized businesses engaged in the production of plastic goods. Strong polymer production capabilities support the Indian plastic processing industry, ensuring the supply of raw materials. The majority of the essential raw materials, such as PVC, high-density polyethylene, low-density polyethylene, and polypropylene, are produced domestically.

#### **Upstream:**

Petrochemical companies in India are primarily responsible for this section, which involves the production of polymers.

#### **Downstream:**

Plastic processing companies are responsible for this process, which involves turning polymers into plastic goods. Industries, including automotive, construction, electronics, healthcare, textiles, and fast-moving consumer goods (FMCG), among others, are the primary customers of plastic products. The downstream producers serve the needs of numerous industries throughout the nation.

#### **Category-wise exports scenario:**

The Plastics Export Promotion Council (PLEXCONCIL), established by the Ministry of Commerce & Industry, Department of Commerce, Government of India, is one of several Export Promotion Councils (EPCs) launched by the Government to promote India's image abroad as a reliable supplier of high-quality products in order to increase the country's exports. PLEXCONCIL is an apex body of the plastics industry in India and represents more than 2,500 exporters who manufacture and trade various plastics-related products, from raw materials to semi-finished and finished goods.

According to the export data from PLEXCONCIL, growth in FY 2021-22 was favorable at 35.40%, with exports of US\$ 13.35 billion. The main category, plastic raw materials, made up 31.70% of all PLEXCONCIL product exports and experienced positive growth of 26.55% in FY 2021-22. Plastic films and sheets were the second largest category, comprising 15.2% of the total exports, and grew 32.7% over the previous year.

During September 2022, India exported plastic products worth US\$ 945 million, and the cumulative value of plastic exports from April-September 2022 stood at US\$ 6,687 million. The exports of the number of product panels, including writing instruments, stationery, medical plastics, flexible and rigid packaging, plastic pipes and fittings, and miscellaneous products, increased in September 2022.

#### **Country-wise exports scenario:**

The export trajectory of PLEXCONCIL products, as shown, suggests that exports during FY 2021-22 were very robust, particularly to nations like the US, China, the UAE, the UK, Italy, Netherlands, Spain, and Belgium, among others. Europe was the most significant region in terms of regionality, followed by the NAFTA and WANA nations. The total value of exports to the US, the largest consumer of the Indian plastic industry, stood at US\$ 2,430.8 million in FY 2021-22, an increase of 63.6% YoY. China is the second largest consumer of plastic export products from India, and the total value of exports stood at US\$ 883.49 million in FY 2021-22. The US, China, the UAE, the UK and Italy together constituted 36.92% of the total plastic exports in FY 2021-22.

In order to gauge the market potential for Indian plastic exports with the European market, PLEXCONCIL engaged with Switzerland Global Enterprise, Advantage Austria, Aussenwirtschaft Austria, and VDMA Plastics and Rubber Machinery, Germany, among others, to further strengthen the partnership with the European region, which is the second largest export destination for the Indian plastics industry.

### Major Indian Players in the Plastics Industry:

Indian businesses are primarily in charge of the country's plastic processing industry. Almost 85% of the market is dominated by small and medium-sized enterprises. An important portion of players in this sector are unorganised. However, in the organised sector, a few key businesses dominate their respective categories and command a sizeable portion of the market. Some of the leading domestic plastic processing companies in India that manufacture finished goods are mentioned below:

Sr. No.	Company	Key Product
	Supreme Industries Ltd	Plastic Drainage Pipes and Moulded Furniture
	Astral Poly Technik Ltd	CPVC Piping, Piping for agriculture applications and Conduit Pipes
	VIP Industries Limited Ltd	Plastic Luggage, bags, vanity cases
	Responsive Industries Ltd	PVC Flooring, Artificial Leather
	Nilkamal Ltd.	Plastic molded furniture
	Wim Plast Limited	Plastic Furniture, Material Handling products, Plastic ball pen, thermoware products
	Peacock Industries Ltd.	Industrial Plastic Products, Healthcare plastic items

Polymer is one of the primary goods produced by the petrochemical industry. Since polymers are lighter and more flexible, they are used to make plastic products, including HDPE, LLDPE/LDPE, polypropylene, PVC pipes and fittings, and polystyrene. With an 18% growth rate, one of the industrial sectors that is helping to drive the Indian economy is polymer production. More than 4 million people work in the polymer manufacturing business.

Some of the major polymer manufacturers in India are as follows:

Sr. No.	Company	Key Product
	Finolex Industries Limited	PVC, Methanol, Ethylene Dichloride
	Haldia Petrochemicals Limited	Polypropylene and Polyethylene
	Reliance Industries Limited	Mono Ethylene Glycol, Polypropylene and Paraxylene
	Indian Oil Corporation Ltd.	Paraxylene/Purified Terephthalic Acid
	ONGC Petro Additions Ltd.	Ethylene, Propylene, LLDPE/HDPE, and Polypropylene.
	Chemplast Sanmar Limited (Sanmar Group)	PVC resins
	DCW Ltd.	PVC resins, Polyethylene, and Recycled Polymers.

### Government Initiatives:

The government has deregulated the petrochemical sector and allowed 100% FDI under the automatic route to promote fresh investments in the plastic industry. Some of the government's other initiatives to support the plastic industry have been mentioned below.

- The Central Institute of Petrochemicals Engineering & Technology (CIPET) is a premier national institution under the Ministry of Chemicals and Fertilizers, Government of India. The main goal of CIPET is to support the expansion of the plastics sector through a coordinated programme of education and research. The Institute has developed and progressed over time, forging deeper relationships with various businesses in an effort to produce resource-saving and commercially viable plastic-based innovations.
- The Central Institute of Petrochemicals Engineering & Technology (CIPET) has established a Center for Skilling and Technical Support (CSTS) in Vijayawada, Andhra Pradesh, to offer diploma and postgraduate diploma programmes, as well as skill development training programmes in the area of plastics engineering & technology. The Center offers technical/consulting services to the plastics industry in the areas of testing, manufacturing, and designing composites and molds for plastics.
- A program to establish "Centres of Excellence (CoEs)" has also been put into action to enhance India's current petrochemical technology and research environment and encourage the creation of new uses for polymers and plastics.

Under this scheme, the Department of Chemicals and Petrochemicals has approved eight Centres of Excellence across various reputed Government Institutions in the country since 2015.

### **Plastic Parks Scheme:**

The Department of Chemicals & Petrochemicals under the Government of India proposed a scheme to establish plastic parks with cutting-edge infrastructure using a cluster development model. The objectives of this plan were:

- To make the domestic downstream plastic processing industry more competitive, capable of absorbing more polymers, and increase value-addition by implementing cutting-edge, R&D-driven strategies.
- Invite more investments in the sector to assure value addition and higher exports by expanding capacity and production, building quality infrastructure, and other means.
- Obtain environmentally sustainable growth by utilising modern waste management techniques, recycling, etc.
- Adopt a cluster development strategy to accomplish the aforementioned goals due to the advantages of resource optimisation and economies of scale.

Up to 50% of the project cost may be covered by grants from the Central Government, subject to a cap of Rs. 40 crore (US\$ 4.9 million) per project. The State Government, beneficiary industries, and loans from financial organisations will cover the project's remaining costs. The funding will cover the following:

- Infrastructure, including water supply, roads, drainage, effluent treatment plant, electricity, incinerator, etc.
- Buildings for administration, hostels, canteens, labour facilities, training, incubation, plastic recycling, warehousing, research & development, etc. Support for administrative and other management functions and the CEO's compensation during the project's execution.
- In order to ensure that the ability of the beneficiary and member firms is appropriately improved in order to absorb, implement, and sustain the proposed initiatives, the plan shall also support initiatives that are soft in nature. These might include surveys, studies, raising awareness and generating sensitization, skill-building and training at various levels, exposure trips, etc.

On the back of this scheme, the Department of Chemicals and Petrochemicals has authorised the construction of ten plastic parks across the country, six of which are in the states of Assam, Madhya Pradesh (two parks), Odisha, Tamil Nadu, and Jharkhand. The implementation of these six plastic parks is in varying phases. The Detailed Project Reports (DPRs) for the establishment of plastic parks in the States of Uttarakhand and Chhattisgarh are being evaluated for the establishment of the remaining four parks, and a proposal for the establishment of two more parks is in the works.

### **Startup Initiatives:**

The number of plastic-related startups has seen a boost in India over the past few years. These startups are based on plastic recycling and provide a green alternative solution to using plastics. Some of these startups are:

- ✓ Bambrew offers Plant-based Packaging

Mr. Vaibhav Anant is the creator of the Bangalore-based Bambrew, established in 2018. In India, Bambrew is a one-stop shop

for creative packaging solutions. It provides a variety of 100% handcrafted, reusable goods and the ideal natural replacement for single-use plastics in the B2B market to eliminate plastic consumption in the packaging business. The firm carefully selects every item created from bamboo, sugarcane, and seaweed. The business targets top global players in the E-commerce, retail, FMCG,

F&B, Pharmaceutical, and other industries that significantly contribute to the production of plastic trash.

- ✓ Chuk

A fantastic replacement for plastic dinnerware, CHUK is a 100% compostable and biodegradable tableware brand that employs agri-residue to create toxin-free items. The business seeks to positively alter the catering and food ecology by putting it down the "greenway" with its unbleached, environmentally friendly, carcinogen-free, and sanitary variety of products. Each of the company's FDA-approved products features a robust and stylish appearance in addition to being microwaveable, ovenable, and freezable. This dynamic flexibility is what gives CHUK and its goods their widespread recognition. The catering and food ecosystem participants are among the significant target population.

- ✓ Pappco Greenware

The Mumbai-based startup offers seven distinct product lines totaling more than 150 items, including plates, glasses, and bowls made from sugarcane, wheat straw, bamboo, and other materials. These items may be microwaved for up to one hundred degrees Celsius. Additionally, it uses bioplastics made from plants, algae, or microbes.

#### ✓ Beco

Beco (Be Eco), a consumer product company, was established in 2017 by Mr. Aditya Ruia, Mr. Anuj Ruia, Mr. Punit Batra, and Mr. Akshay Varma. The startup is renowned for producing environmentally friendly substitutes for single-use plastic items, including kitchen towels, toilet paper, and tissues.

Most of Beco's products are entirely environmentally friendly because they are made from corn starch and bamboo pulp. It has been utilising a particular variety of bamboo known as Moso, which is found primarily in China, Maharashtra, and some areas of northeastern India.

#### Conclusion:

India's plastic industry will play a significant role as India sprints towards becoming a global manufacturing hub. Currently, with a renewed focus towards preserving the environment, numerous industries are modifying their plastic to make it more environmentally friendly. This is a complicated task, as there are multiple distinct plastic grades, and each one requires a separate recycling procedure; some forms of weak plastic cannot be recycled in a way that is profitable for business. In order to handle this, corporations are engaging in a variety of CSR initiatives by allocating funds and resources to solve these problems, and protect the environment from plastic waste pollution. The goal is to utilise plastic as effectively as possible without affecting or endangering the nature around us.

According to India Plastics Pact's (IPP) Roadmap to 2030, the target is to eliminate all unnecessary plastic waste and items, and make 100% of plastic packaging reusable, recyclable or compostable by the year 2030. The starting point is to establish a list of plastic packaging products that are unneeded or troublesome, and take action to solve them through redesign and innovation. New technology and higher-quality plastic will also help India progress towards this goal.

#### Short Indian plastics industry and exports:

##### Introduction

The Indian plastic industry is one of the leading sectors in the country's economy. The history of the plastic industry in India dates back to 1957 with the production of polystyrene. Since then, the industry has made substantial progress and has grown rapidly. The industry is present across the country and has more than 2,500 exporters. It employs more than 4 million people in the country and constitutes 30,000 processing units; among these, 85-90% belong to small and medium enterprises. India manufactures various products such as plastics and linoleum, houseware products, cordage, fishnets, floor coverings, medical items, packaging items, plastic films, pipes, raw materials, etc. The country majorly exports plastic raw materials, films, sheets, woven sacks, fabrics, and tarpaulin. The Government of India intends to take the plastic industry from a current level of Rs. 3 lakh crore (US\$ 37.8 billion) of economic activity to Rs. 10 lakh crore (US\$ 126 billion) in 4-5 years.

10 Plastic Parks have been approved in the country by The Department of Chemicals and Petrochemicals. Among these, six plastic parks have received final approval from the following states – Madhya Pradesh (two parks), Assam (one park), Tamil Nadu (one park), Odisha (one park), and Jharkhand (one park). These parks are intended to boost employment and attain environmentally sustainable growth.

##### Export Trend

In FY24 (Until February 2024), India's plastic exports stood at US\$ 10.43 billion. During this period, the exports of human hair & related products, medical items, plastic pipes and FRP & composites grew by 12.7%, 8.9%, and 13.8%, respectively, over the same period last year.

In February 2024, the exports of Floorcoverings, leathercloth & Laminates witnessed a growth of 19.7%.

The cumulative exports of plastics and related materials during 2022-23 were valued at US\$ 11.96 billion. This was a 10.4% decrease from the 2021-22 exports valued at US\$ 13.35 billion. Plastic raw materials were the largest exported category and constituted 27.76% of the total exports in 2022-23; it recorded a growth of 21.5% over the previous year. Plastic films and sheets were the second largest category, comprising 15.13% of the total exports, but declined by 10.6% over the previous year.

In February 2024, the exports of plastics and linoleum from India were valued at US\$ 996.9 million. During the same period, medical items of plastics; FRP & composites; packaging items; cordage fishnets & monofilaments and floorcoverings, leathercloth, & laminates recorded strong growth. The cumulative exports for April-February 2024 declined by 4.4% year-on-year (YoY) to US\$ 10.43 billion.

### Export Destinations

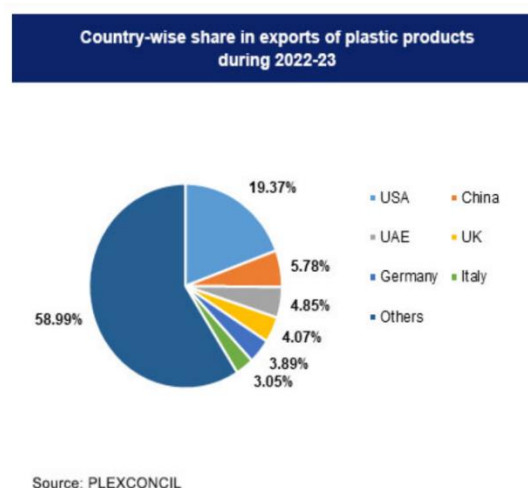

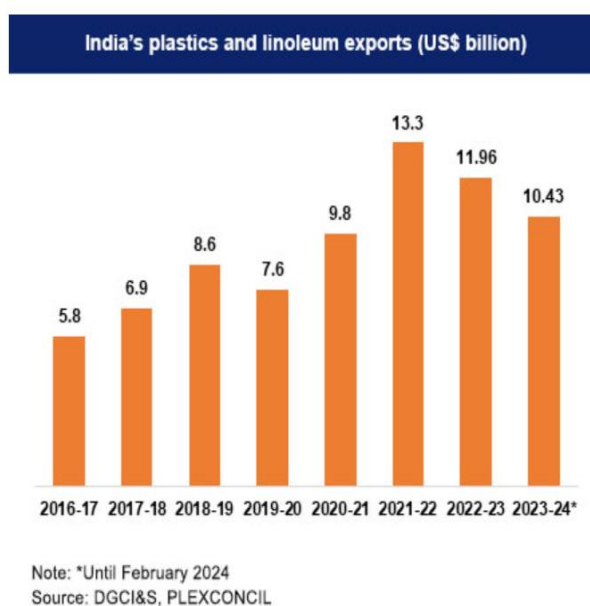

India exports plastic to more than 200 countries in the world. The top five consumer and houseware product importing countries are the USA, Germany Japan, the UK, and France. India largely exports plastic and related products to the USA, China, the UAE, the UK, Germany, Italy, Bangladesh, etc. The total value of exports to the USA, the largest consumer of the Indian plastic industry, stood at US\$ 2.31 billion in 2022-23, a decrease of 4.71% YoY. China was the second largest consumer of plastic export products from India and the total value of exports stood at US\$ 690.95 million. The USA and China constituted 19.37%, and 5.78%, of the total plastic exports in 2022-23. The total plastic exports from India to France during 2022-23 was around US\$ 211.4 million. In order to boost exports to France and Europe, PLEXCONCIL collaborated with the Indo-French Chamber in the first quarter of 2021-22. The Minister for Commerce and Industry, Mr. Piyush Goyal, recently urged industry to adopt international standards to help it expand its global footprint. India has recently signed a free-trade agreement with UAE and Australia, which will give the plastics industry new opportunities.

### Government Initiatives

The Plastic Export Promotion Council (PLEXCONCIL) has set a target to increase the plastic exports of the country to US\$ 25 billion by 2027. There are multiple plastic parks that are being set up in the country in a phased manner that will help improve the plastic manufacturing outputs of the country. Under the plastic park schemes, the Government of India provides funds of up to 50% of the project costs or a ceiling cost of Rs. 40 crore (US\$ 5 million) per project.

Government initiatives like "Digital India", "Make in India", and "Skill India" will also boost India's Plastic industry. For instance, under the "Digital India" program, the government aims to reduce the import dependence on products from other countries, which will lift the local plastic part manufacturers.

The government also launched a program for building Centres of Excellence (CoEs) to develop the existing petrochemical technology and promote the research environment pertaining to the sector in the country. This will aid in promoting and developing new applications of polymers and plastics in the country. Additionally, about 23 Central Institute of Plastics Engineering & Technology (CIPET) have been approved to accelerate financial and technological collaboration for promoting skills in the chemicals and petrochemicals sector.

## Governing Body

### The Plastic Export Promotion Council (PLEXCONCIL)

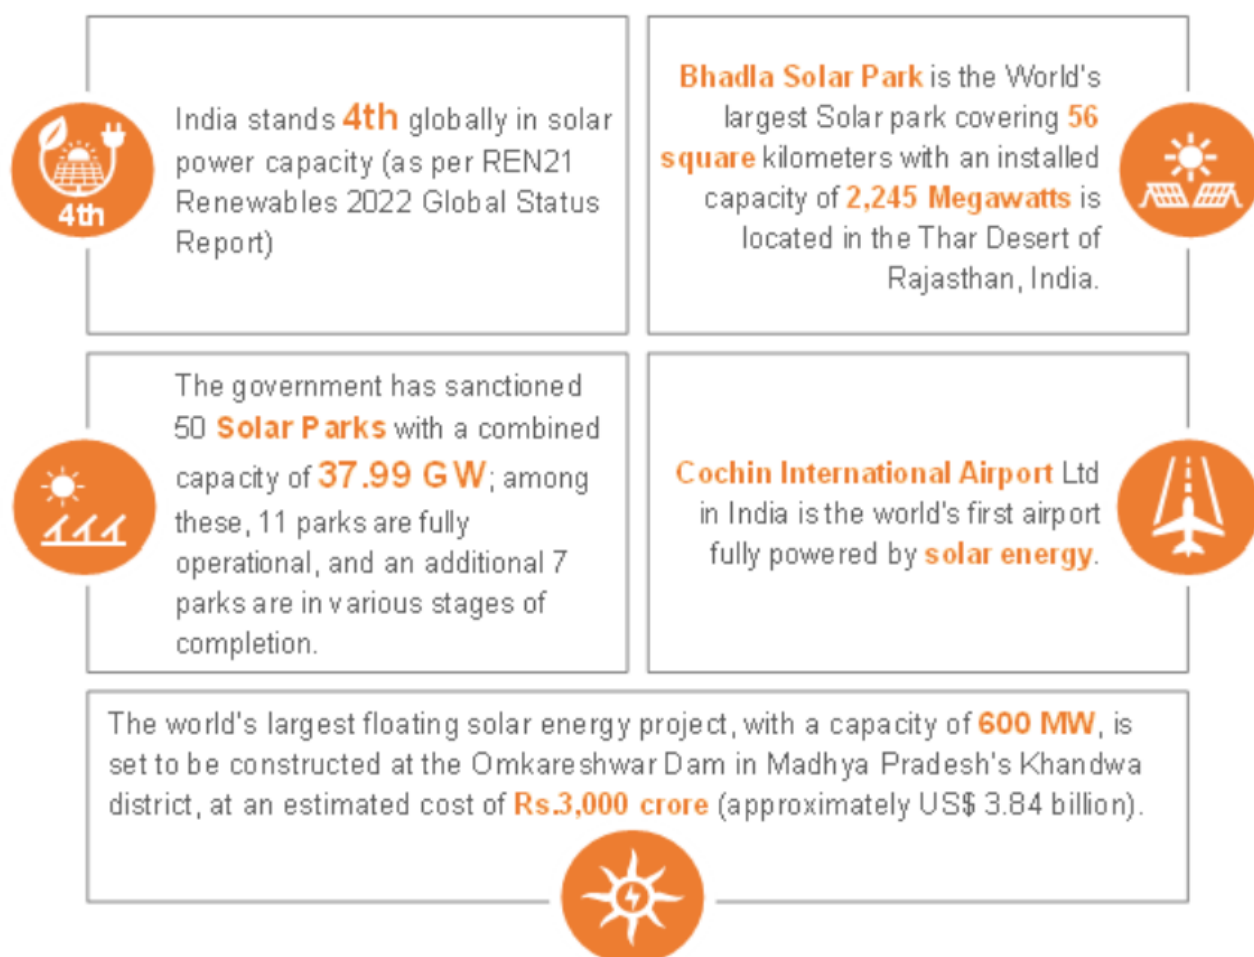

PLEXCONCIL was established by the Ministry of Commerce and Industry in 1955. The main objective of this non-profit organization is to highlight India as a reliable supplier of high-quality products. PLEXCONCIL is the apex body of the plastics industry in the country and represents more than 2,500 exporters who manufacture and trade plastics products ranging from plastic raw materials to semi-finished and finished items.

### INDIA'S SOLAR POWER REVOLUTION:

India is leading the renewable energy revolution, with a strategic emphasis on solar power to meet its growing electricity needs. The 14th National Electricity Plan (NEP14), introduced in May 2023, aims to double the country's electricity generation capacity by 2032, with solar energy poised to play a pivotal role. This blog provides an insightful overview of India's energy landscape, highlighting the significant growth of the solar sector, underscored by government initiatives and the potential for future development. It outlines solar energy's environmental and economic benefits, the government's strategies to boost solar adoption, and the anticipated impact on the global clean energy market.

**India's coal-to-clean energy transition led by solar:**

India has undergone a notable transformation in its power landscape since 2017, when solar energy constituted merely 1% of its power mix. Envisaging a substantial departure from the coal-dominated trajectory of the past decade, the NEP14 outlines ambitious targets for India. If successfully realised, the plan anticipates a surge in solar power's share from 5% to 25% between 2022 and 2032, marking a pivotal period of expansion. India plans to more than double its electricity generation capacity from 399.5 GW in 2022 to approximately 849 GW by 2032. The NEP14 emphasizes a robust focus on renewable energy, particularly solar power, which is projected to grow from 66.78 GW in 2023 to 366 GW by 2032, constituting half of the total growth. India's solar capacity is expected to increase at a CAGR of 22.7% through 2023–27 to achieve its initial target of installed capacity of 185.6 GW until 2027, which is further expected to increase to 364.6 GW by 2032, as per NEP14.

Source: Central Electricity Authority, Central Electricity Regulatory Commission

The graph shows a big shift to cleaner energy, with solar capacity jumping 24 times in the last nine years, hitting 66.7 GW in May 2023, thus contributing 16% to the overall installed capacity. The government has set a target to elevate this share to 43% of the total installed capacity, as illustrated in the graph above. This is the opposite of what has been seen in the past decade. Until 2022, coal was driving India's power growth. Total power generation, including imports, shot up by 564 TWh between FY2012 and FY2022 (928 TWh to 1,492 TWh). Notably, 83% of this growth (467 TWh) came from more coal power.

### Multi-faceted benefits of solar energy:

Solar energy offers varied benefits, making it an important player in the pursuit of sustainable and efficient power sources.

#### ✓ Clean and green energy:

Unlike traditional energy sources that contribute to environmental pollution, solar energy is clean and green. It generates electricity without emitting harmful pollutants, safeguarding the environment.

#### ✓ Independence from other energy sources:

The advent of solar energy has alleviated the burden on traditional energy sources. Its increasing use has reduced pressure on other forms of energy, promoting a more sustainable and balanced energy ecosystem.

#### ✓ Low maintenance:

Solar power systems require minimal maintenance. Occasional cleaning, typically twice a year, and replacing inverters every 5–10 years are the primary upkeep requirements. This translates to low maintenance costs in addition to the initial investment.

✓ **Enhanced safety:**

Solar power is inherently safer than conventional energy sources, both in terms of usage and maintenance. The lower risk associated with solar power contributes to a secure and reliable energy solution.

✓ **Electricity bill reduction:**

Harnessing solar energy for electricity needs significantly reduces electricity bills. The extent of savings depends on individual energy requirements, relieving consumers from escalating electricity costs.

✓ **Versatile applications:**

Solar energy finds application in diverse sectors. It can generate electricity and heat through solar thermal technology, provide power to off-grid areas, support industrial processes, ensure clean water supply, and even serve household needs.

✓ **Technological advancements:**

The widespread adoption of solar energy has driven technological innovation and industrial growth. Ongoing advancements in solar technology are expected to propel industrial development further, promising a bright future for this sustainable energy source.

The utilisation of solar panels not only facilitates electricity savings but also contributes to environmental preservation and technological progress, marking a significant shift towards a sustainable energy future.

**Government initiatives to navigate the challenging landscape:**

The expansion of solar power in India necessitates considerable growth in domestic solar module manufacturing and the production of upstream raw materials, currently reliant on imports from Europe or China. To address this issue, the government has launched schemes such as the Production Linked Incentive (PLI) and the Scheme for Promotion of Manufacturing of Electronics Components and Semiconductors (SPECES) to stimulate local manufacturing. Additionally, India's grid infrastructure needs an overhaul to handle the variable nature of renewable energy. To this end, the government has announced a US\$ 35 billion (Rs. 2.8 lakh crores) package to enhance the inter-state transmission network for renewable energy evacuation. Financing is as another critical determinant of NEP14's success. In order to tackle this, the Reserve Bank of India (RBI) has prioritised financing for the renewable energy sector by including it in the priority lending sector.

The government is actively promoting the transition to solar power as a key strategy for addressing environmental concerns and meeting the country's growing energy needs. This proactive approach reflects India's dedication to reducing its carbon footprint and embracing cleaner, more environmentally friendly alternatives to conventional energy sources. Some of the initiatives are mentioned below:

✓ **Foreign Direct Investment:**

The government has allowed foreign direct investment of up to 100% under the automatic route.

✓ **Production Linked Incentive (PLI) Scheme:**

The primary objective of the scheme is to boost domestic module manufacturing and reduce dependence on imports. With a substantial outlay of US\$ 2.9 billion (Rs. 240 billion), the scheme aims to achieve GW-scale manufacturing capacity in high-efficiency solar photovoltaic (PV) modules.

An integrated capacity of 8,737 MW has been added under the PLI (Tranche I). The Indian government has approved a substantial expansion in domestic solar PV module manufacturing, allocating a capacity of 39,600 MW across 11 companies under the PLI Scheme for High-Efficiency Solar PV Modules (Tranche II). With an investment of US\$ 1,686.2 million (Rs. 14,007 crores), this initiative is set to unfold in phases: 7,400 MW by October 2024, 16,800 MW by April 2025 and the final 15,400 MW by April 2026. This move, expected to attract US\$ 11,200.3 million (Rs. 93,041 crores) in investment, would significantly boost the sector, creating over 101,487 jobs, including 35,010 direct and 66,477 indirect roles, and marking a pivotal step towards India's sustainable energy future.

✓ **Proposed solar cities and parks:**

In this scheme, the government has authorized 50 solar parks across 12 states, aiming for a total capacity of 37,990 MW. To date, 11 solar parks with a capacity of 8,521 MW have been fully completed, while 7 parks are partially completed, adding 3,985 MW to the total. Within these parks, solar projects amounting to 10,237 MW have been successfully developed.

✓ **Waiver of Inter-State Transmission System (ISTS):**

The Ministry of Power has issued a waiver of ISTS charges for inter-state sale of wind and solar power for projects to be commissioned by 30th June 2025.

✓ **Setting up of Project Development Cell for attracting and facilitating investments.**

✓ **Providing standard bidding guidelines** for the tariff-based competitive bidding process for procurement of power from grid-connected solar PV and wind projects.

✓ **Launch of Green Term Ahead Market (GTAM):**

This market was launched to facilitate the sale of renewable energy power, including solar power, through exchanges.

✓ **PM-KUSUM Scheme:**

The scheme aims to add 30.8 GW of solar power by March 2026, focusing on the agricultural sector. This includes establishing decentralised solar plants, converting diesel pumps to solar-powered ones and solarising grid-connected agriculture pumps. The initiative mandates using locally produced solar modules, cells, motor pump sets, controllers and related systems.

✓ **Pradhan Mantri Suryodaya Yojana:**

Launched in January 2024, the scheme will provide rooftop solar installations to 10 million households.

**India's bold vision for solar energy leadership:**

India possesses a significant solar energy potential, with an annual incidence of approximately 5,000 trillion kWh across its landmass, where most regions receive 4–7 kWh per square meter daily. Recognising this, the National Institute of Solar Energy has evaluated the country's solar potential of about 748 GW, assuming 3% of the wasteland area will be covered by solar PV modules.

During its G20 presidency, India unveiled the 'Roadmap of Solar Energy for Universal Energy Access', highlighting solar energy's critical role in ensuring widespread access to electricity and driving socio-economic progress. The Interim Union Budget for 2024–25 further underscores this commitment by considerably increasing funding for green infrastructure. Specifically, the budget for the central sector scheme on grid-connected solar power has seen a substantial increase to US\$ 1,204 million (Rs. 10,000 crores) in 2024–25, up from the revised estimate of US\$ 572.6 million (Rs. 4,757 crores) in 2023–24, demonstrating the government's strong support for solar energy development.

The Indian government has ambitious goals for 2030, targeting 500 GW of non-fossil-fuel-based capacity, which includes 280 GW of solar and 140 GW of wind power. To achieve these targets, the government plans to auction approximately 50 GW of renewable energy capacity annually over the next five years, with central renewable energy agencies such as Solar Energy Corporation of India Limited (SECI), National Hydroelectric Power Corporation (NHPC), and Satluj Jal Vidyut Nigam Limited (SJVN) playing key roles in this initiative. The solar energy sector is expected to be a key driver of this green transition, supported by favourable policies, robust manufacturing capabilities and a skilled workforce. India aims to position itself as a global leader in clean technology manufacturing, with projected investments of US\$ 350–400 billion annually by 2030, as reported by KPMG, highlighting significant investment opportunities for global investors in the Indian solar energy market.

In pursuit of its 2030 objectives, India is not only focused on expanding its solar energy capacity but also on ensuring that 50% of its total energy needs are met through renewable sources. This ambitious strategy aligns with global climate objectives and establishes India as a key player in the global effort to combat climate change. The growth of the solar power sector in India is seen not just as a pathway to energy security but also as a driver of economic growth and job creation, with the potential to generate 5–6 million jobs by 2030 and possibly 9–10 million by 2047, thereby boosting the national economy.

**Conclusion:**

India's commitment to enhancing its solar energy capacity is a key component of its sustainable development and energy independence strategy. India is well positioned to execute its plans to leverage solar power to meet a substantial portion of its energy needs by 2032, backed by government initiatives and investment in technology. As India advances towards meeting its renewable energy goals, the solar sector is expected to drive not only environmental benefits but also economic growth and job creation, underscoring India's role in the global transition to renewable energy.

## OUR BUSINESS

Some of the information in the following section, especially information with respect to our plans and strategies, contain certain forward-looking statements that involve risks and uncertainties. You should read **“Forward Looking Statements”** on page 22 of this Draft Red Herring Prospectus for a discussion of the risks and uncertainties related to those statements. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our Company’s strengths and its ability to successfully implement its business strategies may be affected by various factors that have an influence on its operations, or on the industry segment in which our Company operates, which may have been disclosed in **“Risk Factors”** on page 28 of this Draft Red Herring Prospectus. This section should be read in conjunction with such risk factors.

This section should be read in conjunction with the **“Industry Overview”** on page 97 of this Draft Red Herring Prospectus. Our financial year ends on March 31 of each year, and references to a particular Financial Year are to the 12-month period ending March 31 of that year.

Unless otherwise stated, or the context otherwise requires, the financial information used in this section is derived from our **“Restated Financial Information”**, included in this Draft Red Herring Prospectus on page 169.

Unless the context otherwise requires, in this chapter, reference to “Manas”, “we”, “us”, “our”, “Company” or “Our Company” refers to Manas Polymers and Energies Limited.

### OVERVIEW

We are primarily engaged in the business of manufacturing and supply of premium food-grade PET preforms and PET bottles, jars and closure caps. We sell our products i.e. PET preforms and PET bottles, jars and closure caps to the PET (plastics) industry. We are also engaged in the renewable power generation and distribution as an independent power producer (IPP).

Initially, the business of our Company was started by Mrs. Anju Bhaduria in the year 2015 as a sole proprietorship concern under the name and style of *“M/s. Manas Power and Infrastructure”* wherein the renewable power generation and distribution business was being carried out by M/s. Manas Power and Infrastructure and, also in the year 2017 as a sole proprietorship concern by under the name and style of *“M/s Manas Polymers”* wherein the manufacture and supply of premium food-grade PET preforms, PET bottles, jars and closure caps was being carried out by M/s. Manas Polymers to cater to the PET (plastics) industry. Mrs. Anju Bhaduria who commenced the aforesaid business possessed the requisite experience, expertise and in-depth industry knowledge which gives us the key competitive advantage and enables us to expand our geographical and client presence in the existing industry, while exploring new growth avenues. In addition to Mrs. Anju Bhaduria, Mr. Vineet Bhaduria and Mr. Dhruv Bhaduria was also responsible for spearheading the growth of the business and aptly supported the business along with a dedicated team. Our Company was incorporated on January 19, 2024 for the purpose of expansion of our business and, accordingly, our Company acquired the business of *“M/s. Manas Polymers”* and *“M/s. Manas Power and Infrastructure”* in terms of a Business Transfer Agreement dated January 25, 2024 on a going concern basis. Mrs. Anju Bhaduria, our Promoter was appointed as a director in our Company and since then she is looking after the overall business operations of our Company.

Our Company acquired the proprietorship concerns of Mrs. Anju Bhaduria under the name and style of *“M/s. Manas Polymers”* and *“M/s. Manas Power and Infrastructure”* by way of a Business Transfer Agreement dated January 25, 2024 to expand our business of PET plastic and renewable energy for an aggregate consideration of ₹ 509.00 Lakhs. Mrs. Anju Bhaduria started the business of generating and distribution of renewable energy in the year 2015 and forayed in the business manufacturing and selling of PET preforms in the year 2017.

**Our business verticals:** We derive our revenue from two major business verticals:

## A. Independent Power Producer

We are engaged into renewable power generation and distribution business and operate as an independent power producer (“**IPP**”) in Madhya Pradesh. Over the years, we have developed, operated and maintained utility scale solar power projects and generate revenue through sale of electricity to various off-takers including private corporations, state government-backed entities and to the state’s power grid for balance of units generated (if any). Currently, our solar power project (which started as a pilot plant) have a capacity of ~1.00 MW at a single location. Further, for expanding the portfolio, we have identified the land wherein we intend to set-up another solar power project having capacity of ~5 MW at Sakedi, Teh. Shajapur, Shajapur- Madhya Pradesh – 465001. For further details, see the chapter titled “*Objects of the Issue*” beginning on page 80 of this Draft Red Herring Prospectus. We started the development of solar projects in Madhya Pradesh under the proprietorship firm of Mrs. Anju Bhadauria (our Promoter) since 2017, which our Company had acquired in terms of business takeover agreement dated January 25, 2024. We had started this business to capitalize on the opportunities in the Indian renewable energy industry.

Our Company has entered into an engineering, procurement, construction, and commissioning agreements dated November 3, 2014 (hereinafter referred to as the “**Agreement**”) with a private limited company located in Gwalior for the installation of solar systems, specifically focusing on the development of solar projects. The scope of services include not only the installation of solar equipment but also the comprehensive management of the solar projects post-installation which will entail overseeing the operational efficiency, maintenance, and performance monitoring of the solar systems to ensure optimal functionality and adherence to project specifications. Through this collaboration, we aim to contribute to sustainable energy solutions and enhance the efficiency of solar energy utilization for our client.

## PP&WA

### Power Purchase Agreement

Further, our Company entered into a Memorandum of Understanding (“**MoU**”) on June 27, 2024 with an energy solution company located at New Delhi (“**ESC**”). This MoU is designed to facilitate our Company’s engagement as a client of ESC for the sale of Renewable Energy Certificates (“**RECs**”) on platforms such as IEX, PXIL, and HPX. Under this MoU, ESC will submit bids for RECs on behalf of MPEL, enabling MPEL to efficiently participate in the REC market.

## B. PET (Plastic) Manufacturing and Trading

Mrs. Anju Bhadauria (our Promoter) have started the business in the year 2017 as a proprietorship concern, which was later acquired through the Business Transfer Agreement dated January 25, 2024 by our Company. We manufacture and supply premium food-grade PET preforms, PET bottles, jars and closure caps to the PET (plastics) industry. Our manufacturing facility having an area admeasuring 1533.45 sq. ft. is situated at Plot No. 3, Baraghata, Industrial Area, Jhansi, Road, Lashkar, Gwalior-474001, Gird, Madhya Pradesh, India.

## Certification & Product Compliance

### Zed Bronze Certificate

The ZED Bronze Certificate represents a significant achievement for MSMEs in India, affirming their dedication to quality, sustainability, and responsible manufacturing practices. By adopting the ZED framework, enterprises not only improve their operational efficiency but also contribute to a greener and more sustainable industrial landscape. Our Company received the Red Bronze certificate on June 30, 2023 in the name of M/s. Manas Polymers vide certificate bearing number UDYAM-MP-20-0003116.

### WHO-GMP Certificate

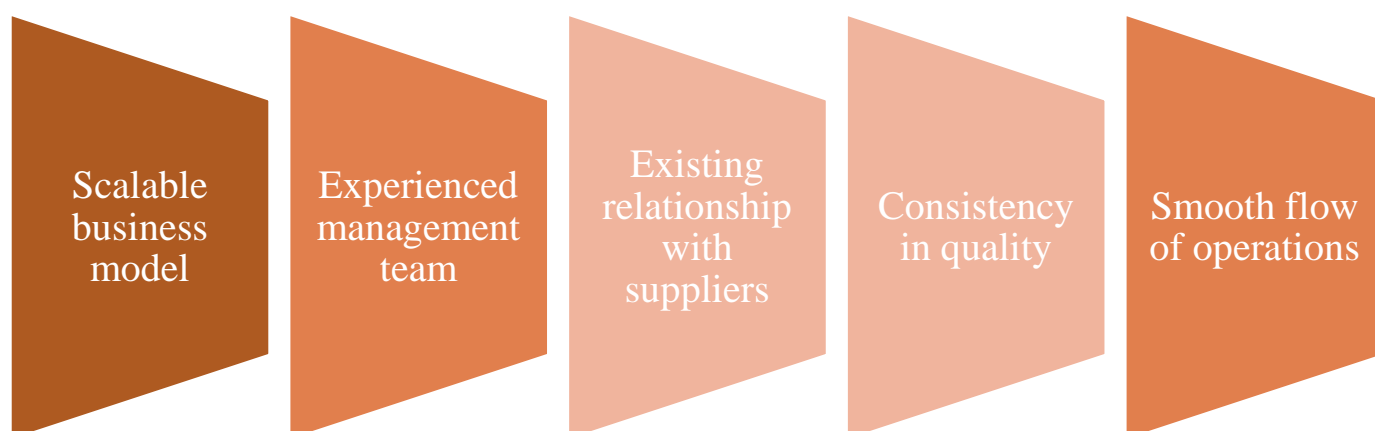

The World Health Organization (WHO) Good Manufacturing Practices (GMP) certificate is an important tool in the global pharmaceutical industry. While the WHO does not certify pharmaceutical products themselves, it does provide a framework for ensuring that manufacturing sites adhere to high-quality standards. The WHO-GMP certificate is based on a model that outlines the essential principles of good manufacturing practices, aimed at safeguarding public health by ensuring the safety, efficacy, and quality of pharmaceutical products. Our Company received the WHO-GMP Certificate on February 9, 2024 vide certificate bearing number IQMCB1111A.

### ISO Certification

Our Company have received the following ISO certificates for its products:

1. ISO 9001: 2015 - Quality Management Systems (QMS)
2. ISO 14001: 2025- Environmental Management Systems (EMS)
3. ISO 3100: 2018 Risk Management.

## OUR STRENGTH:

### 1. Scalable business model:

Our business is dependent on the orders placed by our clients and comprises of optimal utilization of our in-house processing facilities and achieving consequent economies of scale. We believe that this business model has been

successful and scalable for us in the last few financial years. The expansion of our business is basically due to the potential development and possibilities of new markets both domestic and international, by adopting aggressive marketing strategy of the product, innovation in the product range and by maintaining the consistent quality and keeping up the trust of our clients.

## **2. Experienced management Team:**

We have a qualified and professional management team with significant experience in all operational aspects of our business. We believe that the industry experience of our management team and their ability to deliver consistent sales growth are our significant strengths. Our management comprises of professionals who have the requisite experience, expertise, academic background and relevant industry experience. Our Promoter, Anju Bhadauria were carrying on the business as a proprietorship concern and was supported by Mr. Vineet Bhadauria and Mr. Dhruv Bhadauria to operate the business of manufacturing and supplying premium food-grade PET preforms, PET bottles, jars and closure caps to cater to the PET (plastics) industry and the business of renewable power generation and distribution, which was later acquired by our Company vide the Business Transfer Agreement dated January 25, 2024. We believe that our management team's in-depth understanding of target markets and consumer demand and preferences has enabled us to continue to grow our business. We believe that our experience, knowledge and human resources will enable us to drive the business in a successful and profitable manner. which gives us the key competitive advantage and enables us to expand our geographical and client presence in the existing industry, while exploring new growth avenues.

## **3. Existing relationship with suppliers**

We have established and maintained enduring relationships with our suppliers. We buy raw materials like low-density polyethylene, high-density polyethylene, and low-density polyethylene in bulk from reputable vendors in order to manufacture our products. We feel that our strong ties with suppliers will enable us to continue to build our business. We receive timely and high-quality supplies of our raw materials because of our partnerships with our suppliers, which makes it possible for us to control our inventory and provide our clients with high-quality products in a timely manner, resulting into repeat business from such clients.

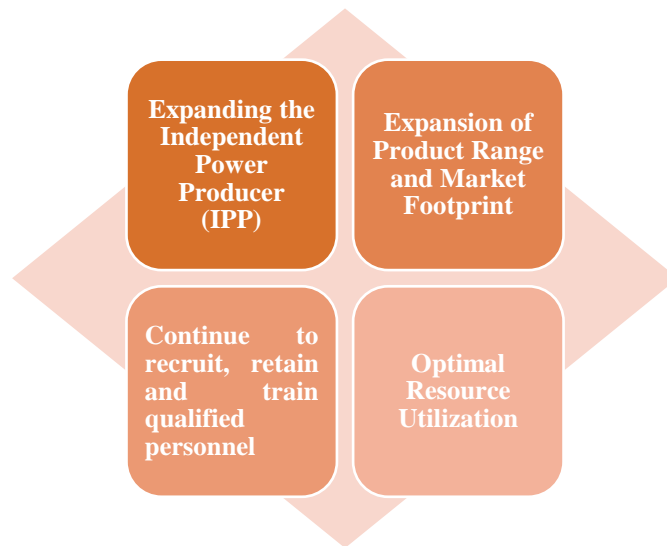

## **4. Consistency in quality:**

We are committed towards quality of our products. Our determination towards quality is demonstrated by well-defined quality and safety procedures at various stages of our manufacturing process from procurement of raw material to distribution of our products. Owing to the expertise of our experienced and trained team forming part of our Quality Division all our products are manufactured strictly as per the regulatory standards. Our manufacturing facility have a fully equipped Quality Division with experienced and qualified staff to carry out quality checks and inspections at all the stages of our manufacturing process. We have necessary infrastructure to test our raw materials and finished products to match the quality standards as specified by the relevant customers.

## **5. Smooth flow of operations:**

We have maintained good relationship with our major clients. We are successful in building a strong client base for our business. Our existing relationships help us to get repeat business from our clients, which has helped us to maintain a long-term working relationship with our clients and improve our customer retention strategy. We believe that our existing relationship with our clients represents a competitive advantage in adding new clients and increasing our business.

## **OUR STRATEGY:**

### 1. Expanding the Independent Power Producer (IPP) Model:

We are committed to enhancing our footprint in the renewable energy sector by expanding our Independent Power Producer (IPP) model. By increasing our renewable power generation capabilities, we aim to contribute to a sustainable energy future while diversifying our revenue streams. This initiative will not only support our growth strategy but also align with our commitment to environmental responsibility and clean energy solutions. Currently, our solar power project (which started as a pilot plant) have a capacity of ~1.00 MW at a single location. We have also identified the land wherein we intend to set-up another solar power project having capacity of ~5 MW at Sakedi, Teh. Shajapur, Shajapur- Madhya Pradesh – 465001 which will help us in expanding our portfolio in renewable energy segment. For further details, see the chapter titled “*Objects of the Issue*” beginning on page 80.

### 2. Expansion of Product Range and Market Footprint:

We aim to significantly expand our domestic presence by introducing a diverse range of new products tailored to meet the evolving needs of our customers. In addition, we will strategically target new geographical markets across India to broaden our reach and capture a larger share of the market. Currently, we market our products in ~16 states of India of which majority portion of the revenue comes from the state of Uttar Pradesh, Madhya Pradesh, Haryana, Jammu and Kashmir, Gujarat, and Rajasthan.

### 3. Optimal Resource Utilization:

Continuous improvement is fundamental to our operational strategy, driving us to consistently evaluate and refine our processes. We engage in thorough analyses to pinpoint bottlenecks and inefficiencies that may hinder our performance. By identifying these areas for improvement, we can streamline our operations, ensuring that every step in our workflow is optimized for maximum effectiveness.

This rigorous approach enables us to allocate our resources more strategically, reducing waste and lowering operational costs. As we enhance our efficiency, we also elevate the quality of our service delivery, ensuring that our customers receive timely and reliable solutions.

Ultimately, this commitment to continuous improvement not only strengthens our current operations but also positions us for sustainable growth in the future. By fostering a culture of innovation and adaptability, we can respond more effectively to market changes and customer needs, securing our competitive advantage in an ever-evolving landscape.

### 4. Continue to recruit, retain and train qualified personnel:

We believe that our growth depends on our ability to hire and retain experienced, motivated and well-trained members of our management and employee teams. We intend to continue to recruit, retain and train qualified and skilled personnel. We plan to empower management leadership to excel by decentralizing operational decision-making to those who best know the business needs of each plant, and to encourage the building of our knowledge base by sharing best practices from different locations.

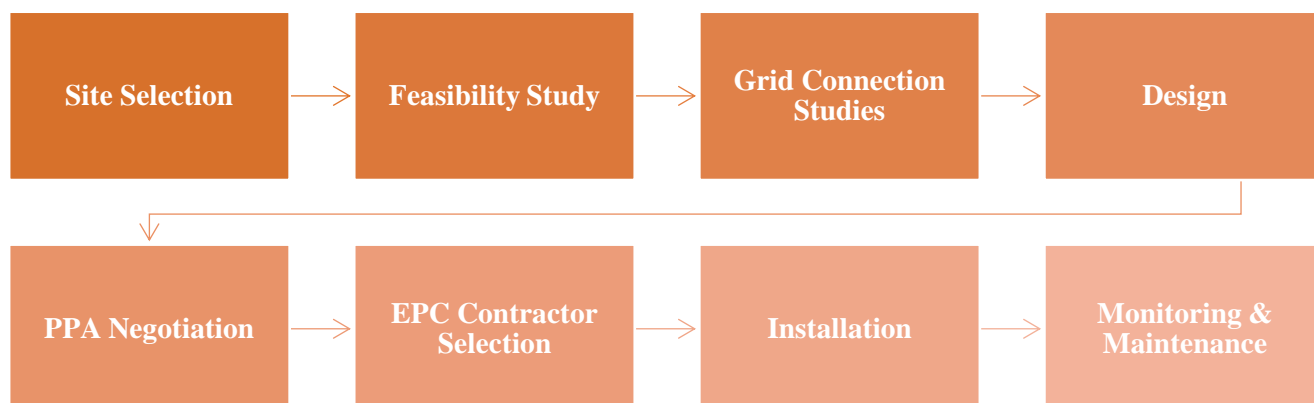

## Our Project and Products

### A) Solar Power Plant (Renewable Energy Project) (Independent Power Producer Model)

Our Company is engaged into renewable power generation and distribution business and operate as an independent power producer (“**IPP**”) in Madhya Pradesh. Over the years, we have developed, operated and maintained utility scale solar power projects and generate revenue through sale of electricity to various off-takers including private corporations, state government-backed entities and to the state’s power grid for balance of units generated (if any). Currently, our solar power project (which started as a pilot plant) have a capacity of ~1.00 MW at a single location. Our Company generates revenue by selling the units generated by the said solar power project and has entered into agreements with private customers at an average selling price of ₹ 3.65 per unit. We have also identified the land wherein we intend to set-up another solar power project having capacity of ~5 MW at Sakedi, Teh. Shajapur, Shajapur- Madhya Pradesh – 465001 which will help us in expanding our portfolio in renewable energy segment. For further details, see the chapter titled “*Objects of the Issue*” beginning on page 80.

With the proposed expansion of our portfolio, we intend to enhance our capabilities and offerings and emphasized our commitment to sustainable energy thereby ensuring that we remain responsive to evolving market dynamics while maintaining our presence as one of the key players in the renewable energy sector.

Below is a glimpse of our project which is situated at Village-Kadodiya, Tehsil- Tarana, District Ujjain, Madhya Pradesh - 456665:

- **Site Selection:** Identifying suitable land with ample sunlight, proximity to transmission lines, and access to necessary permits including environmental and other land use regulations.

- **Feasibility Study:** Conducting technical, financial, and environmental assessments to determine the project's viability.
- **Grid Connection Studies:** Performing grid impact assessments and securing grid connection agreements with the utility.
- **Design:** Detailed engineering of the solar farm, including layout planning, selection of solar technology (PV modules, inverters, tracking systems), and electrical infrastructure.
- **PPA Negotiation:** Finalizing the financial structure, securing financing, and negotiating Power Purchase Agreements (PPAs) with off-takers.
- **EPC Contractor Selection:** Choosing an Engineering, Procurement, and Construction (EPC) contractor responsible for constructing the project considering various parameters including rates, maintenance support, etc.
- **Installation:** Clearing land, grading, and setting up the infrastructure (roads, fencing, etc.). Installing solar PV panels, inverters, and other electrical systems, including wiring and power conversion infrastructure, building necessary grid interconnection equipment, substations, and transformer systems.
- **Monitoring and Maintenance:** Implementing long-term operations and maintenance (O&M) plans to ensure optimal performance and lifespan of the system. This involves regular cleaning, inverter checks, and monitoring power output.

## B) PET preform & Others

We manufacture and supply premium food-grade PET preforms, PET bottles, jars and closure caps to cater to the PET (plastics) industry. Our manufacturing facility having an area admeasuring 1533.45 sq. ft. is situated at Plot No. 3, Baraghata, Industrial Area, Jhansi, Road, Lashkar, Gwalior-474001, Gird, Madhya Pradesh, India. We had started the business in the year 2017 as a proprietorship concern, which was later acquired by our Company through the Business Tranfer Agreement dated January 25, 2024 from Mrs. Anju Bhadauria.

### Raw materials:

In our plastic manufacturing operations, we procure a variety of polymers to produce a diverse range of products. The primary polymers we utilize include High-Density Polyethylene (HDPE) in various grades, as well as Polypropylene (both Homo Polymer and Co-Polymer) in different specifications. Additionally, we incorporate Low-Density Polyethylene (LDPE), PET, and other materials to meet our production needs.

To ensure a steady supply of high-quality raw materials for our plastic manufacturing operations, we actively source polymers from several reputable suppliers. By carefully selecting our partners, we maintain consistency in our manufacturing processes and uphold our commitment to delivering superior products to our clients. Our focus on quality procurement enables us to adapt to market demands and continue providing exceptional value in our offerings.

### Our Products:

#### A. PREFORMS:

##### 1. Pet Preforms -Alaska:

 <p><b>Pet Preforms -Alaska</b></p>	<p>Alaska or Three Start (TST) Preforms are commonly used to manufacture PET bottles for packaged drinking water. They have a standard neck diameter of 26 to 28 millimeters. These PET preforms can be used for making containers that hold up to two litres of packaged drinking water.</p> <p>Products made from PET preforms are clear and transparent. Using PET preforms is the fastest and easiest way to manufacture bottles and containers for various uses. The surface of the final manufactured product is smooth and has a sheen to it, which is capable of attracting the buyer's attention. PET preform products have a glass like appearance but are not as fragile in their handling. They are sturdier and more durable than glass products. The different variety of preforms are majorly differentiated by the finish of their neck.</p>
<p><b>Product Varieties:</b></p>	<ul style="list-style-type: none"> <li>• Preform 23 gm TST</li> <li>• Preform 21 gm TST</li> <li>• Preform 19 gm TST</li> <li>• Preform 18.7 gm TST</li> <li>• Preform 14 gm TST</li> <li>• Preform 13 gm TST</li> </ul>

## 2. PCO (Short Neck):

 <p><b>PCO (Short Neck)</b></p>	<p>PCO (Plastic Closure Only) bottles are manufactured using PCO preforms, which come in two variants: long neck PCO 1810 and short neck PCO 1881. The short neck PCO 1881 has a 28 mm neck diameter and fewer threads than the long neck PCO 1810. PCO preforms are used to make PET bottles for packaging carbonated soft drinks and juices.</p> <p>We manufactured only short neck PCO 1881 which has a 28 mm neck diameter and fewer threads than the long neck PCO 1810.</p>
<p><b>Product Varieties:</b></p>	<ul style="list-style-type: none"> <li>• Preform 28mm 13 gm</li> <li>• Preform 28mm 12.5 gm</li> <li>• Preform 28mm 10 gm</li> <li>• Preform 28mm 40 gm</li> <li>• Preform 28mm 50 gm</li> </ul>

## 3. Roll-On Pilfer-Proof (ROPP) PET Preforms:

 <p><b>ROPP- PET Preforms</b></p>	<p>ROPP preforms are PET preforms that are used in manufacturing PET bottles for pharmaceutical applications. They have a neck diameter of 28MM. ROPP bottles have a roll-on cap that can be applied automatically in an assembly line.</p>
<p><b>Product Varieties:</b></p>	<ul style="list-style-type: none"> <li>• Preform-10 gm, 19 gm, 21 gm and 23 gm ROPP</li> </ul>

## 4. CTC Preforms:

 <p><b>CTC Preforms</b></p>	<p>CTC preforms are commonly used for packaging edible oil. These preforms can be used to manufacture PET bottles that can hold around a liter of edible oil. CTC preforms are heavier than most other variants have a 29-millimeter neck diameter.</p>
<p><b>Product Varieties:</b></p>	<ul style="list-style-type: none"> <li>• Preform- 10 gm, 15 gm and 23 gm CTC</li> </ul>

## 5. Jars Preforms:

	<p>Jar preforms are the initial stage in the process of making plastic jars and containers. They are shaped like a test tube with a threaded neck and are then blown and moulded into the desired shape. Jar preforms used for both edible and non-edible storage and multiple storage capacities up to 6 liters.</p>

## FLOWCHART – PET PREFORM MANUFACTURING PROCESS:

- **Raw Material Preparation:** Select and prepare PET resin pellets, ensuring proper storage to prevent moisture absorption. Additives may be included to enhance properties.
- **Resin Drying:** Dry the PET resin in a desiccant dryer at 160-180°C to reduce moisture content below 0.02%, preventing defects in the final product.
- **Hopper Feeding:** Transfer dried resin to a hopper feeder for consistent flow into the injection molding machine.
- **Melting the PET Resin:** Heat the resin in the injection molding machine to 240-280°C, transforming it from solid to molten while maintaining precise temperature control.
- **Injection Molding:** Inject the molten resin into a preform mold under high pressure, ensuring complete and uniform filling.
- **Cooling and Solidification:** Cool the mold to solidify the PET, using cooling channels to ensure rapid heat dissipation and prevent warping.
- **Ejection:** Open the mold and use ejection pins to carefully remove the solidified preforms without damage.

## B. BOTTLE:

### 1. Bottle (Alaska Neck Bottle):

**Bottle (Alaska Neck Bottle)**

The Alaska neck is a type of bottle neck used for making PET bottles, especially for drinking water. The neck of a bottle is the upper part that holds the closure. The Alaska neck is designed to be leak-resistant and can keep drinks at their desired temperature for hours and leak-proof seal preserving integrity of contents.

## 2. Bottle (Soda Bottle PCO):

**Bottle (Soda Bottle PCO)**

Soda bottle caps: PCO is a type of cap used for soda bottles. For example, the Greenpet 28mm PCO 1881 CSD Soda Bottle Cap is a PCO cap for soda bottles.

## 3. Bottle (CTC Neck Bottle):

**Bottle (CTC Neck Bottle):**

The CTC Neck Bottle is a type of bottle designed specifically for use in the pharmaceutical and medical industries. CTC stands for "Controlled Temperature Container," and these bottles are engineered to maintain a controlled environment for sensitive materials.

## C. PET JARS:

### 1. PET Jars:

**PET Jars**

PET jars are containers made from polyethylene terephthalate (PET), a type of plastic known for its strength, clarity, and recyclability. PET is a popular choice for packaging because it is lightweight, resistant to impact, and has good barrier properties that help protect contents from moisture and air.

PET jars are commonly used in a variety of industries for packaging products such as: food and beverages, pharmaceuticals and household products.

The clarity of PET jars allows for a clear view of the contents, which can be advantageous for both aesthetic and practical reasons. Additionally, PET is often chosen for its ease of recycling, making it a more environmentally friendly option compared to some other plastics.

- Preform 120/75 gm, 120/78 gm, 120/80 gm and 180/86 gm

Our Company is also engaged in supplies of caps for bottles and jar preforms. This is an integral part of the entire value chain in the packaging industry, serving sectors like food and beverage, pharmaceuticals, and cosmetics. This business involves various cap types, such as screw, snap-on, and pump caps, tailored to specific applications. Similarly, preforms, mainly made from PET and PP, are essential for producing high-quality containers. Market dynamics hinge on supply and demand, influenced by trends in sustainability and convenience.

#### 1. Aklash Caps:

Aklash Caps refers to a brand or type of caps used primarily in the packaging industry. Specifically, Aklash Caps are known for their use in sealing and closing various types of containers, including bottles and jars. These caps are often designed to provide secure closures, which are essential for maintaining the integrity and freshness of the product inside the container.

#### 2. CTC Caps:

CTC caps, or crown stopper caps, are a type of bottle cap used to seal and close containers like bottles, jars, tubes, jugs, and cans. CTC caps are known for being durable, easy to open and close, and resistant to stress cracking. They are also made from high-grade plastics and don't react with the contents of the container.

#### 3. Jar Caps with Handles:

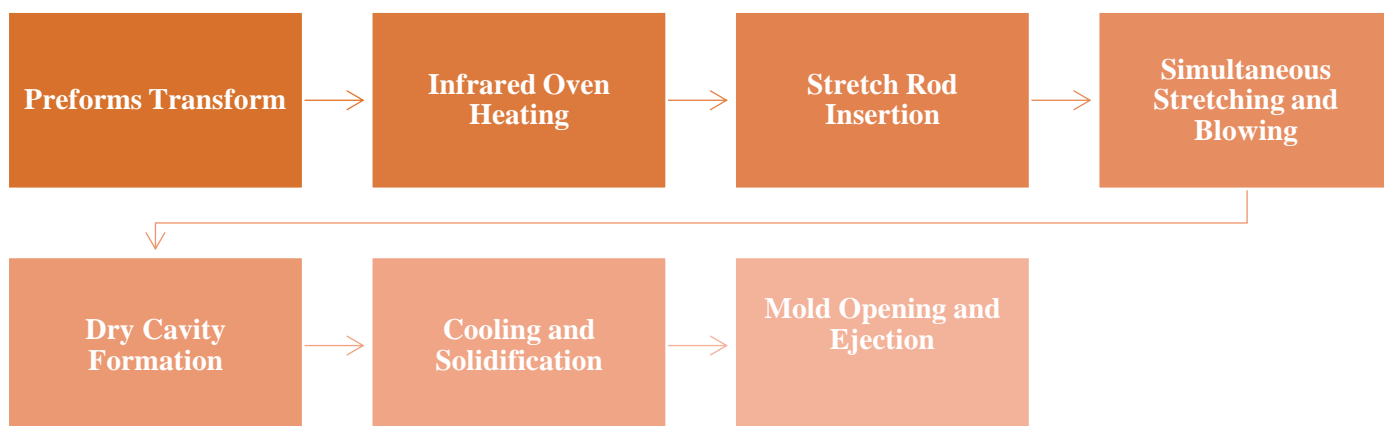

Jar caps with handles are caps that have a handle to make them easier to hold and carry, and less likely to slip. They are often used for big jars that require easy lifting.

#### 4. PCO Caps:

PCO stands for Plastic Composite Overcap, which is a type of bottle cap used for food and beverages. PCO caps are made from a combination of materials, usually a plastic outer shell and a polyethylene liner. They are known for their sealing properties, pilfer-proof design, and compatibility with many different bottles.

### FLOWCHART – PET BOTTLE/JAR MANUFACTURING PROCESS:

- **Preforms Transform:** Preforms are produced via injection molding, shaped like small bottles with specific neck dimensions and wall thickness.
- **Infrared Oven Heating:** Preforms are heated in an infrared oven to around 90-100°C, making the PET pliable for shaping.
- **Stretch Rod Insertion:** A stretch rod is inserted into each preform to facilitate stretching during the blowing process.
- **Simultaneous Stretching and Blowing:** High-pressure air expands the preform while the stretch rod pulls it vertically, forming the final bottle shape.
- **Dry Cavity Formation:** As the preform expands, a dry cavity forms in the mold, defining the bottle's dimensions.
- **Cooling and Solidification:** The bottle is cooled within the mould to solidify the PET and retain its shape.
- **Mold Opening and Ejection:** The mould opens, and the finished bottles are carefully ejected for quality inspection and packaging

#### **Existing Capacity and Capacity Utilisation:**

### **Human Resource**

The following table sets forth a breakdown of our employees by department:

Department	Number of Employees
Administration Department	4
Accounts Department	2
Sales & Marketing Department	1
Production Department	16
Dispatch and Logistics Department	4
<b>Total</b>	<b>27</b>

Our Company does not have a supplier to provide labours on contract basis. We have total 27 employees on our payroll as on June 30, 2024.

### **Utilities And Infrastructure Facilities**

#### **Infrastructure Facilities**

Our registered office and manufacturing facility (Unit I) is situated at Plot No.3, Baraghata, Industrial Area, Jhansi, Road, Lashkar, Gwalior-474001, Gird, Madhya Pradesh, India.

Our Solar Project Plant (Unit II) is situated at Village-Kadodiya, Tehsil- Tarana, District Ujjain, Madhya Pradesh.

Our registered office and manufacturing facility is equipped with machinery, computer systems, servers, relevant software and other communication equipment, uninterrupted power supply, internet connectivity, security and other facilities, which are required for our business operations to function smoothly.

#### **Power**

Our registered office and manufacturing facility (Unit I) and Unit II has an adequate power supply position from the state supply utilities. Our Company has sanctioned power from Madhya Pradesh Madhya Kshetra Vidyut Vitaran Company Limited, Bhopal.

#### **Water**

Water is required in manufacturing process and for human consumption and adequate water sources are available from Industrial area water supply as provided by Government of Madhya Pradesh. The requirements are fully met at the existing premises.

### **Technology & Internet**

We have adequate computer systems, servers and other communication equipment's, internet connectivity, security and other facilities, which are required for our business operations to function smoothly.

### **Export and export obligation**

Our Company does not have any export obligation as on the date of this Draft Red Herring Prospectus.

### **Collaborations / performance guarantee**

As on the date of filing of this Draft Red Herring Prospectus, our Company has not entered into any collaborations, or any performance guarantee.

### **Insurance**

Our Company has taken insurance policy related to our registered office cum manufacturing units. The following are the details of the same:

\*Our company is yet to file an application for change of name from M/s. Manas Polymers to Manas Polymers and Energies Limited pursuant to the Business Transfer Agreement dated January 25, 2024.

We maintain general insurance with various covers for our registered office premises and manufacturing facility and solar power plant. We believe that the level of insurance we maintain is appropriate for the risks of our business and is comparable to that maintained by other companies in our markets operating in the same business lines.. For details, see “**Risk Factors**– *An inability to maintain adequate insurance cover in connection with our business may adversely affect our operations and profitability.*” on page 28.

### **Sales and Marketing**

The effectiveness of our marketing and sales network is crucial to our success in the manufacturing of plastic bottles and our solar energy initiatives. Our long-standing, robust relationships with clients form the foundation of our business. Our team's expertise, coupled with our commitment to prompt and high-quality service, is essential for building and expanding our market presence. By leveraging our sustainable practices and innovative solutions, we aim to enhance client satisfaction and drive growth across both our manufacturing and renewable energy sectors.

### **Competition**

In the global plastics and renewable energy industry, we face competition from a diverse array of domestic and international manufacturers and traders. Our competition includes both small and large players, each vying for market share in the plastic product sector. Organized competitors focus on delivering high-quality, consistent products, timely service, and value-added offerings.

As we navigate this competitive landscape, we recognize that our key differentiators lie in our commitment to technology and innovation, consistent product quality, prompt availability, and strong customer relationships. By combining our expertise in plastic manufacturing with our advancements in renewable energy solutions, we aim to set ourselves apart and enhance our competitive edge in this evolving market.

The statements produced below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions and may not be exhaustive, and are only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional legal advice. We are subject to a number of Central and State legislations which regulate substantive and procedural aspects of the business. Additionally, the business activities of our Company require sanctions, approval, license, registration etc. from the concerned authorities, under the relevant Central and State legislations and local bye-laws.*

*For details of regulatory approvals obtained by us in compliance with the applicable regulations, see “Government and Other Approvals” on page 188 of this Draft Red Herring Prospectus.*

### **LAWS RELATED TO OUR BUSINESS**

#### ***Micro, Small and Medium Enterprises Development Act, 2006 and Industries (Development and Regulation) Act, 1951 (“MSMED Act”)***

The MSMED Act *inter-alia* seeks to provide for facilitating the promotion and development and enhancing the competitiveness of micro, small and medium enterprises. The MSMED Act *inter-alia* empowers the Central Government to classify by notification, any class of enterprises including *inter-alia*, a company, a partnership, firm or undertaking by whatever name called, engaged in the manufacture or production of goods pertaining to any industry specified in the First Schedule to the Industries (Development and Regulation) Act, 1951 as:

- (i) a micro enterprise, where the investment in plant and machinery does not exceed ₹25,00,000/- (Rupees Twenty- Five Lakhs Only);
- (ii) a small enterprise, where the investment in plant and machinery is more than ₹25,00,000/- (Rupees Twenty -Five Lakh Only) but does not exceed ₹5,00,00,000/- (Rupees Five Crores Only); or
- (iii) a medium enterprise, where the investment in plant and machinery is more than ₹5,00,00,000/- (Rupees Five Crores Only) but does not exceed ₹10,00,00,000/- (Rupees Ten Crores Only).

In case of enterprises engaged in providing or rendering of services, the enterprise may be classified as:

- (i) a micro enterprise, where the investment in equipment does not exceed ₹10,00,000/- (Rupees Ten Lakhs Only);
- (ii) a small enterprise, where the investment in equipment is more than ₹10,00,000/- (Rupees Ten Lakhs Only) but does not exceed ₹2,00,00,000/- (Rupees Two Crores Only); or
- (iii) a medium enterprise, where the investment in equipment is more than ₹2,00,00,000/- (Rupees Two Crores Only) but does not exceed ₹5,00,00,000/- (Rupees Five Crores Only).

The MSMED Act also *inter-alia* stipulates that any person who intends to establish, a micro or small enterprise or a medium enterprise engaged in rendering of services, may at his discretion and a medium enterprise engaged in the manufacture or production of goods as specified hereinabove, file a memorandum of micro, small or medium enterprise, as the case may be, with the prescribed authority.

#### ***The Bureau of Indian Standards Act, 2016***

The Bureau of Indian Standards Act, 2016 provides for the establishment of bureau for the standardisation, marking and quality certification of goods. Functions of the bureau include, *inter alia*, (a) recognizing as an Indian standard, any standard established for any article or process by any other institution in India or elsewhere; (b) specifying a standard mark which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian standard; and (c) conducting such inspection and taking such samples of any material or substance as may be necessary to see whether any article or process in relation to which the standard mark has been used conforms to the Indian Standard or whether the standard mark has been improperly used in relation to any article or process with or without a license. A person may apply to the bureau for grant of license or certificate of conformity, if the articles, goods, process, system or service confirms to an Indian Standard.

#### ***The Bureau of Indian Standards Act, 2018 (“BIS Rules”)***

The Bureau of Indian Standards Rules have been notified, in supersession of the Bureau of Indian Standards Rules, 1987, in so far as they relate to Chapter IV A of the said rules relating to registration of the articles notified by the Central Government, and in supersession of the Bureau of Indian Standards Rules, 2017 except in relation to things done or omitted to be done before such supersession. Under the Bureau of Indian Standards Rules, the bureau is required to establish Indian standards in relation to any goods, article, process, system or service and shall reaffirm, amend, revise or withdraw Indian standards so established as may be necessary.

### ***The Legal Metrology Act, 2009 (“Legal Metrology Act”) and Legal Metrology (Packaged Commodities) Rules, 2011***

The Legal Metrology Act, along with the relevant rules, establishes and enforces standards of weights and measures, regulates trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or numbers. Any transaction relating to goods or a class of goods shall be as per the weight, measurements or numbers prescribed by the Legal Metrology Act. The Central Government is empowered to appoint a director to exercise the powers and to discharge duties. The Legal Metrology Act prohibits the manufacture, packing, selling, importing, distributing, delivering, offer for sale of any pre-packaged commodity if such does not adhere to the standard regulations set out.

The Legal Metrology (Packaged Commodities) Rules, 2011 are ancillary to the Legal Metrology Act, and set out to define various manufacturing and packing terminology. It lays out specific prohibitions where manufacturing, packing, selling, importing, distributing, delivering, offering for sale would be illegal and requires that any form of advertisement where the retail sale price is given must contain a net quantity declaration. Circumstances which are punishable are also laid out.

### ***The Electricity Act, 2003 (“Electricity Act”)***

The Electricity Act provides for, inter alia, generation, transmission, distribution, trading and use of electricity. Under the Electricity Act, the transmission, distribution and trade of electricity are regulated activities that require licenses from the Central Electricity Regulatory Commission (“CERC”), the State Electricity Regulatory Commissions (“SERCs”) or a joint commission (constituted by an agreement entered into by two or more state governments or the central government in relation to one or more state governments, as the case may be). The generating company is required to establish, operate and maintain generating stations, tie-lines, sub-stations and dedicated transmission lines. Further, the generating company may supply electricity to any licensee or even directly to consumers, subject to availing open access to the transmission and distribution systems and payment of transmission charges, including wheeling charges and open access charges, as may be determined by the relevant electricity regulatory commission. In terms of the Electricity Act, open access means the nondiscriminatory provision for the use of transmission lines or distribution system or associated facilities with such lines or system, by any licensee or consumer or a person engaged in generation in accordance with the regulations specified by the relevant electricity regulatory commission. Under the Electricity Rules, 2005, as amended, if the captive generating plant is established by an affiliate company, the captive user must hold no less than 51% of the ownership in that affiliate company.

The Electricity Act promotes co-generation and generation of electricity from renewable sources of energy by requiring the relevant SERCs to: (i) provide suitable measures for grid connectivity and sale of electricity from such sources; and (ii) specify a percentage of the total consumption of electricity in the area of distribution licensees for purchase of electricity from such sources, known as renewable purchase obligations (“RPOs”). The Ministry of Power, Government of India (the “MoP”), has, from time to time, notified the long-term growth trajectory of RPOs for solar and non-solar power, uniformly for all states and union territories. The MoP, through an order dated July 22, 2022 (F. No. 09/13/2021-RCM) has notified the RPO trajectory for a period of eight years i.e., Fiscal 2023 to Fiscal 2030. It includes trajectory for wind renewable purchase obligations, hydro power renewable purchase obligations and other renewable purchase obligations.

Under the Electricity Act, the appropriate commission shall specify the terms and conditions for the determination of tariff, and one of the guiding factors in doing so shall be the promotion of co-generation and generation of electricity from renewable sources of energy. The SERCs under the Electricity Act are also required to promote co-generation and generation of electricity from renewable sources of energy by providing suitable measures for connectivity with the grid and sale of electricity to any person, and also specify, for purchase of electricity from such sources, a percentage of the total consumption of electricity in the area of a distribution license.

The Electricity (Amendment) Bill, 2022 was introduced in Lok Sabha on August 8, 2022. The key provisions of the Bill are the operation of the multiple DISCOMS in the same area, cross-subsidy balancing fund, license for distribution in multiple states, payment security, renewable purchase obligation, selection committee for SERCs, etc. The Electricity (Amendment) Bill, 2022, is yet to be implemented.

### ***Central Electricity Regulatory Commission (Terms and Conditions for Tariff Determination from Renewable Energy Sources) Regulations, 2020 (“Tariff Regulations”)***

The Tariff Regulations prescribe the criteria that may be taken into consideration by the CERC while determining the tariff for the sale of electricity generated from renewable energy sources. The CERC shall determine project specific tariff for solar PV power projects, based on financial principles such as, inter alia, debt equity ratio, loan tenure and interest on loan, interest on working capital and any incentive, grant or subsidy from the Central or State Government.

### ***Electricity (Promoting Renewable Energy Through Green Energy Open Access) Rules, 2022***

The MoP notified the Electricity (Promoting Renewable Energy Through Green Energy Open Access) Rules, 2022 on June 6, 2022. These rules are notified for promoting generation, purchase and consumption of green energy including the energy

from waste-to-energy plants. Consumers are entitled to demand supply of green power from discoms and the discoms would be obligated to procure and supply green power to eligible consumers.

These rules have streamlined the overall approval process for granting open access. Time bound processing by bringing uniformity and transparency in the application as well as approval of open access through a national portal had been mandated. Further, the MoP, notified the Electricity (Promoting Renewable Energy through Green Energy Open Access) Amendment Rules, 2023 on January 27, 2023, applicable on generation, purchase and consumption of green energy including waste-to-energy plants. It provides details for renewable purchase obligation (“**RPO**”), green energy open access, nodal agencies, procedure for the grant of green energy open access, banking and cross subsidy surcharge. It also provides for tariff for green energy which shall be determined by the appropriate commission.

#### ***Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2024***

Pursuant to a notification bearing reference no. No.L-1/268/2022/CERC dated March 15, 2024, the Central Electricity Regulatory Commission notified CERC (Terms and Conditions of Tariff) Regulations, 2024, which shall remain in force for a period of five years from April 1, 2024 to March 31, 2029. It aims for determination of different tariff components for a generating company (coal and gas based and large hydro) and a transmission licensee, taking into consideration, the target to be a net-zero country by 2070, revised Intended Nationally Determined Contributions (“**INDCs**”) submitted by India and ensure steady growth of power sector.

#### ***Central Electricity Regulatory Commission (Terms and Conditions for Tariff Determination from Renewable Energy Sources) Regulations, 2017***

The Central Electricity Regulatory Commission has announced the Central Electricity Regulatory Commission (Terms and Conditions for Tariff Determination from Renewable Energy Sources) Regulations, 2017 (“**Tariff Regulations**”), which prescribe the criteria that may be taken into consideration by the relevant electricity regulatory commissions while determining the tariff for the sale of electricity generated from renewable energy sources which include, among others, return on equity, interest on loan and working capital, operations and maintenance expenses, cost of capital and depreciation. Pursuant to the National Tariff Policy, the CERC is required to determine the rate of return on equity which may be adopted by the relevant electricity regulatory commissions to determine the generic tariff, keeping in view the overall risk and prevalent cost of capital, which factors are also to be taken into consideration by relevant electricity regulatory commissions while determining the tariff rate. The Tariff Regulations prescribe that the normative return on equity will be 14%, to be grossed up by the prevailing Minimum Alternate Tax (“**MAT**”) as on April 1st of the previous year for the entire useful life of the project.

The Tariff Regulations also provide the mechanism for sharing of carbon credits from approved clean development mechanism projects between renewable energy generating companies and the concerned beneficiaries. Under the Tariff Regulations, the project developer is entitled to retain 100% of the gross proceeds on account of clean development mechanism project benefit in the first year after the date of commercial operation of the generating station. Subsequently, in the second year, the share of the beneficiaries will be then progressively increased by 10% every year until it reaches 50% after which the clean development mechanism project proceeds are to be shared equally between the generating company and the beneficiaries. Further, under the Determination of Green Tariff under Electricity (Promoting Renewable Energy Through Green Energy Open Access) Rules, 2022, for incentivising the use of renewable energy, the MoP has clarified that in no case the green tariff should be higher than the sum of average power purchase cost of renewable energy, surcharge at the rate of 20% of average cost of supply.

#### ***Central Electricity Regulatory Commission Power Market Regulations 2021***

The Central Electricity Regulatory Commission has notified the CERC (Power Market) Regulations, 2021, which came into effect on August 15, 2021. These regulations apply to Power Exchanges, market participants other than Power Exchanges, and the OTC Market.

#### ***Renewable Energy Certificates Regulations (“REC Regulations”)***

The Central Electricity Regulatory Commission notified the REC Regulations on January 29, 2020 which has been amended from time to time. REC Regulations was enacted to develop the market in electricity from nonconventional energy sources by issuance of transferable and saleable credit certificates (“REC Mechanism”).

The REC Mechanism provides a market based instrument which can be traded freely and provides means for fulfilment of RPOs by the distribution utilities/consumers. Under the REC Regulations, there are two categories of certificates, i.e. solar certificates issued to eligible entities for generation of electricity based on solar as renewable energy source and non-solar certificates issued to eligible entities for generation of electricity based on renewable energy sources other than solar. The REC Regulations determine the quantum of such certificates to be issued to the eligible entities and the method of dealing

in the certificates.

The National Load Despatch Centre is the central agency which oversees the REC Mechanism, including, inter alia, registration of eligible entities, issuance of certificates, maintaining and settling accounts in respect of certificates, acting as repository of transactions in certificates and such related functions of the REC Mechanism as may be assigned by the CERC. There are certain conditions which are now imposed on electricity generating company, distribution licensee and captive generation plant to be eligible to apply for REC.

The Central Electricity Regulatory Commission (Terms and Conditions for Renewable Energy Certificates for Renewable Energy Generation) Regulations, 2022 (“**REC Regulations**”) has been notified May 9, 2022 (No. RA- 14026(11)/1/2022-CERC). It is envisaged that REC Regulations would address the concerns raised by stakeholders during the operational experience of last one decade and would bring required flexibility in the renewable energy certificates market. Under the REC Regulations, National Load Despatch Centre (“**NLDC**”) would continue to be the central agency for the REC Mechanism and would act a repository for transactions of certificates along with responsibility of registration of eligible entities and issuance of certificates. The NLDC would be responsible for various functions such as, registration of eligible entities, issuance of certificates, maintaining and settling account for certificates, acting as repository of certificate transactions, maintaining registry and carrying out any other function that may be assigned by the commission from time to time for smooth and effective implementation of REC Mechanism.

### ***Net Metering Regulations***

These regulations have been formulated by various states to promote the generation of electricity from renewable energy sources in respect of the grid connected solar rooftop photovoltaic systems. These regulations regulate the supply of excess electricity from an eligible consumer allowing the consumer to export the excess quantum of electricity produced from his premises to the distribution licensee. Under these regulations, the eligible consumer can avail the benefit of the excess quantum supplied to be carried forward to the next billing cycle as credited units of electricity. According to the MoP Electricity (Rights of Consumer) Rules 2020 amendment, the net metering will be allowed for the prosumers for load up to 500 kW or up to the sanctioned load whichever is lower and gross metering for loads above 500 kW.

### ***Forecasting Regulations***

The state electricity regulatory commissions of certain states, including Karnataka, Andhra Pradesh and Gujarat have introduced regulations prescribing forecasting requirements with penalties for any deviations. The primary objective is to facilitate large-scale grid integration of solar generating stations and maintaining grid stability and security. These regulations apply to all solar generators connected to the respective state grids, including those connected through pooling stations, and selling generated power within or outside the state or consuming power generated for self-consumption.

### ***Grid Connected Solar Rooftop Programme***

The aim of this initiative is to achieve a cumulative capacity of 40,000 MW from the rooftop solar projects by 2022. Phase-II of the Grid Connected Solar Rooftop Programme was approved by the Cabinet Committee on Economic Affairs (“**CCEA**”) and provides for central financial assistance for residential rooftop solar installations up to 40% for rooftop systems up to a capacity of 3 kW and 20% for those with a capacity of 3-10 kW and 20% for those with a capacity of 3-10 kW. The Phase II also focuses on increasing the incentives for DISCOMs based on achievement of certain installed capacity. Phase-II of Grid Connected Rooftop Solar programme has further been extended up to March 31, 2026 without any financial application.

### ***Production linked incentive scheme (“PLI Scheme”)***

The aim of the PLI scheme is to boost domestic manufacturing and cut down on import bills. The PLI scheme provides companies incentives on incremental sales from products manufactured in domestic units. Along with inviting foreign companies to set up shops in India, the PLI scheme also aims to encourage local companies to set up or expand existing manufacturing units. The PLI scheme was initially rolled out for mobile and allied equipment, pharmaceutical ingredients, and medical devices manufacturing. The government aims to expand the ambit of the PLI scheme to include as many as ten more sectors, such as food processing and textiles. In the union budget 2021-2022, the government has introduced provisions for renewable energy sector. The government has committed nearly 1.97 lakh crores, over a period of five years starting financial year 2021-2022 for, inter alia, high efficiency solar PV modules. The PLI scheme will also incentivise new gigawatt scale solar PV manufacturing facilities in India.

### ***Factories Act, 1948***

The Factories Act, 1948 ("Factories Act") aims at regulating labour employed in factories. A "factory" is defined as "any premises...whereon ten or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on, or whereon twenty or more workers are working, or were 81 working on any day of the preceding twelve months, and in any part of which a manufacturing process is carried on without the aid of power, or is ordinarily so carried on...". The main aim of the said Act is to ensure adequate safety measures and to promote the health and welfare of the workers employed in factories initiating various measures from time to time to ensure that adequate standards of safety, health and welfare are achieved at all the places.

## **ENVIRONMENTAL LAWS**

We are subject to various environmental laws and regulations as the operation of our establishments might have an impact on the environment. The basic purpose of such statutes is to control, abate and prevent pollution. In order to achieve these objectives, Pollution Control Boards, have been set up in each state and at a central level. Relevant environmental consents must be obtained under the Environment (Protection) Act, 1986, the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981. These consent orders are required to be renewed periodically.

### ***The Environment Protection Act, 1986 (the "Environment Protection Act") and the Environment (Protection) Rules, 1986 (the "Environment Protection Rules")***

The Environment Protection Act was enacted to act as an "umbrella" legislation designed to provide a framework for coordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorises the Central Government to protect and improve environment quality, control, and reduce pollution.

The Environment Protection Rules framed under the Environment Protection Act lay down specific provisions regarding standards for emission or discharge of environmental pollutants, prohibition of carrying out industrial activities in certain geographical locations, procedures for function of environmental laboratories and submission of samples.

### ***Water (Prevention and Control of Pollution) Act, 1974 ("Water Act") and Air (Prevention and Control of Pollution) Act, 1981 ("Air Act")***

The basic purpose of these statutes is to control, abate and prevent pollution. In order to achieve these objectives, Pollution Control Boards ("PCBs"), which are vested with diverse powers to deal with water and air pollution, have been set up in each State of India. The PCBs are responsible for setting the standards for maintenance of clean air and water, directing the installation of pollution control devices in industries and undertaking inspection to ensure that industries are functioning in compliance with the standards prescribed. These authorities also have the power to carry out search, seizure and investigation if the authorities are aware of or suspect pollution that is not in accordance with such regulations. All industries and factories are required to obtain consent orders from the PCBs, which are indicative of the fact that the factory or industry in question is functioning in compliance with the pollution control norms. These consent orders are required to be renewed annually. In exercise of the powers conferred by Section 63 of the Water Act, the Central Government, after consultation with the Central Pollution Control Board for the Prevention and Control of Water Pollution has formulated the Water (Prevention and Control of Pollution) Rules, 1975. Further, the State Governments in consultation with respective State Pollution Control Boards have formulated rules to prevent and control air and water pollution in terms of the power granted to them under the applicable provisions of the Water Act and the Air Act.

### ***The Water (Prevention and Control Of Pollution) Cess Act, 1977***

The Water Pollution Cess Act has been enacted to provide for the levy and collection of a cess on water consumed by persons carrying on certain industries to augment the resources of the central pollution control board and state pollution control boards. The Water Pollution Cess Act also provides for a rebate to the extent of 25% of the cess payable, in favour of persons who, being liable to cess under the Water Pollution Cess Act, install any plant for the treatment of sewage or effluents. However, this rebate is not applicable to persons consuming water in excess of the maximum prescribed quantity or who fail to comply with the provisions of section 25 of the Water Act or who fail to adhere to standards laid down by the Central Government under the Environment Act.

### ***National Environmental Policy, 2006***

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

1. Conservation of Critical Environmental Resources

2. Intra-generational Equity: Livelihood Security for the Poor
3. Inter-generational Equity
4. Integration of Environmental Concerns in Economic and Social Development
5. Efficiency in Environmental Resource Use
6. Environmental Governance
7. Enhancement of resources for Environmental Conservation.

#### ***The Plastic Waste Management Rules, 2016***

Plastic has multiple uses and the physical and chemical properties lead to commercial success. However, the indiscriminate disposal of plastic has become a major threat to the environment. In particular, the plastic carry bags are the biggest contributors of littered waste and every year, millions of plastic bags end up in to the environment vis-a-vis soil, water bodies, water courses, etc. and it takes an average of one thousand years to decompose completely. In view thereof, the Plastic Waste Management Rules, 2016 was enacted (a) to bring in the responsibilities of producers and generators, both in plastic waste management system and to introduce collect back system of plastic waste by the producers/brand owners, as per extended producers responsibility; (b) to introduce collection of plastic waste management fee through pre-registration of the producers, importers of plastic carry bags/multilayered packaging and vendors selling the same for establishing the waste management system; (c) to promote use of plastic waste for road construction as per Indian road congress guidelines or energy recovery, or waste to oil etc. for gainful utilization of waste and also address the waste disposal issue; and (d) to entrust more responsibility on waste generators, namely payment of user charge as prescribed by local authority, collection and handing over of waste by the institutional generator and event organizers.

#### ***The Municipal Solid Wastes (Management and Handling) Rules, 2000 as superseded by Solid Waste Management Rules, 2016***

The Waste Management Rules, 2000 applied to every municipal authority responsible for collection, segregation, storage, transportation, processing and disposal of municipal solid wastes. Any municipal solid waste generated in a city or a town, was required to be managed and handled in accordance with the compliance criteria and the procedure laid down in Schedule II of the Waste Management Rules, 2000. The Waste Management Rules, 2000 make the persons or establishments generating municipal solid wastes responsible for ensuring delivery of wastes in accordance with the collection and segregation system as notified by the municipal authority. The Waste Management Rules, 2000 have been superseded by the Waste Management Rules, 2016 which stipulate various duties of waste generators which, inter alia, include segregation and storage of waste generated by them in the manner prescribed in the Waste Management Rules, 2016; separate storage of construction and demolition waste and payment of user fee for solid waste management as specified in the bye-laws of the local bodies.

#### ***Environmental Impact Assessment Notification, 2006 (along with the Environment Protection Act, 1986)***

Additionally, under the Environmental Impact Assessment Notification, 2006 and its subsequent amendments, projects are required to mandatorily obtain environmental clearance from the concerned authorities depending on the potential impact on human health and resources.

#### ***Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “Hazardous Wastes Rules”)***

The hazardous Waste Rules define the term -“hazardous waste” and any person who has control over the affairs of a factory or premises or any person in possession of the hazardous or other waste is classified as an "occupier". In terms of the Hazardous Waste Rules, occupiers have been, inter alia, made responsible for safe and environmentally sound handling of hazardous wastes generated in their establishments and are required to obtain license/ authorisation from the respective State PCB for generation, processing, treatment, package, storage, transportation, use, collection, destruction, conversion, offering for sale, transfer or similar activities in relation to hazardous waste. The Hazardous Waste Rules also prescribe the hierarchy in the sequence of priority of prevention, minimization, reuse, recycling, recovery and co-processing. Further, State PCBs are mandated to prepare an inventory of the waste generated, waste recycled, recovered and utilized including co-processed, re-exported and disposed, based on annual returns received from occupiers and operators, and submit it to the Central Pollution Control Board on an annual basis.

#### ***Public Liability Insurance Act, 1991 (“Public Liability Act”)***

The Public Liability Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substance. A list of hazardous substances covered by the Public Liability Act has been enumerated by the Government of India by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute a sum equal to the premium paid on the insurance policies towards the environment relief fund.

#### **LABOUR AND EMPLOYMENT RELATED LAWS**

The various labour and employment related legislation that may apply to our operations, from the perspective of protecting the workers' rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include the following:

1. Contract Labour (Regulation and Abolition) Act, 1970
2. Employees' Provident Funds and Miscellaneous Provisions Act, 1952
3. Employees' State Insurance Act, 1948
4. Minimum Wages Act, 1948
5. Payment of Bonus Act, 1965
6. Payment of Gratuity Act, 1972
7. Payment of Wages Act, 1936
8. Maternity Benefit Act, 1961
9. Industrial Disputes Act, 1947 and Industrial Dispute (Central) Rules, 1957
10. Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013
11. Employees' Compensation Act, 1923
12. Employees' Deposit Linked Insurance Scheme, 1976
13. The Employees' Pension Scheme, 1995
14. The Child Labour (Prohibition and Regulation) Act, 1986
15. The Equal Remuneration Act, 1976 and Equal Remuneration Rules, 1976
16. The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979
17. Building and Other Construction Workers Regulation of Employment and Conditions of Service Act, 1996
18. Industrial Employment (Standing Order), Act, 1946
19. The Trade Unions Act, 1926 and the Trade Union (Amendment) Act, 2001

In order to rationalize and reform labour laws in India, the Government has enacted the following codes:

- a. Code on Wages, 2019, which regulates and amalgamates wage and bonus payments and subsumes four existing laws namely – the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, and the Equal Remuneration Act, 1976. It regulates, inter alia, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employees.
- b. Industrial Relations Code, 2020, which consolidates and amends laws relating to trade unions, the conditions of employment in industrial establishments and undertakings, and the investigation and settlement of industrial disputes. It subsumes and simplifies the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947.
- c. Code on Social Security, 2020, which amends and consolidates laws relating to social security, and subsumes various social security related legislations, inter alia including the Employee's State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. It governs the constitution and functioning of social security organisations such as the employee's provident fund and the employee's state insurance corporation, regulates the payment of gratuity, the provision of maternity benefits and compensation in the event of accidents that employees suffer, among others.
- d. Occupational Safety, Health and Working Conditions Code, 2020, which amends and consolidates laws regarding the occupational safety, health and working conditions of persons employed in an establishment. It subsumes various enactments including, among others, the Factories Act, 1948 and the Contract Labour (Regulation and Abolition) Act, 1970.

While certain portions of the Code on Wages, 2019, have now been enforced by the Ministry of Labour and Employment, the remainder of these codes shall become effective on the day that the Government shall notify for this purpose.

***The Contract Labour (Regulation and Abolition) Act, 1970 ("CRLAA")***

The CLRAA regulates the employment of contract labour in establishments in which 20 or more workmen are employed or were employed on any day of the preceding 12 months as contract labour. It governs their conditions and terms of service and provides for abolition of contract labour in certain circumstances.

The CLRAA requires every contractor to whom the CLRAA applies to obtain a license and not to undertake or execute any work through contract labour, except under and in accordance with such license. Further, the CLRAA imposes certain obligations on the contractor in relation to establishment of canteens, restrooms, drinking water, washing facilities, first aid, other facilities and payment of wages to ensure the health and welfare of the contract labourers. However, in the event the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time period. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRAA.

## **REGULATIONS RELATED TO FOREIGN TRADE AND INVESTMENT**

### ***The Foreign Direct Investment***

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP offers an updated circular. The reporting requirements for any investment in India by a person resident in India under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 are specified by the RBI. Regulation 4 of the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 vide notification No. FEMA. 395/2019-RB dated 17.10.2019 issued by the RBI stipulates the reporting requirement for any investment in India by a person resident outside India. All the reporting is required to be done through the Single Master Form (SMF) available on the Foreign Investment Reporting and Management System (FIRMS) platform at <https://firms.rbi.org.in>. Under the current FDI Policy 2020, FDI in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates.

### ***Foreign Exchange Management Act, 1999 (“FEMA”) and Regulations framed thereunder***

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the DIPP. As laid down by the FEMA no prior consents and approvals are required from the RBI, for FDI under the ‘automatic route’ within the specified sectoral caps.

In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

### ***Ownership restrictions of FIIs***

Under the portfolio investment scheme, the total holding of all FIIs together with their sub-accounts in an Indian company is subject to a cap of 24% of the paid-up capital of a company, which may be increased up to the percentage of sectoral cap on FDI in respect of the said company pursuant to a resolution of the board of directors of the company and the approval of the shareholders of the company by a special resolution in a general meeting. The total holding by each FII, or in case an FII is investing on behalf of its sub-account, each sub-account should not exceed 10% of the total paid-up capital of a company.

### ***Foreign Trade (Development and Regulation) Act, 1992***

The FTA is the main legislation concerning foreign trade in India. The FTA, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code (“IEC”) number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract penalty under the FTA.

### ***The Conservation of Foreign Exchange and Prevention of Smuggling Activities Act, 1974***

COFEPOSA came into force for the reason to provide preventive detention and to protect and augment the guidelines of foreign exchange. The Act also aims to control smuggling activities and other issues in relation to these activities. COFEPOSA confers power on the Central and the State Governments to issue orders for detaining a person if it is satisfied that the person has acted detrimental to the protection and intensification of foreign exchange. The Government shall also issue order of detention on the ground that the person has engaged in the activity of smuggling goods, assists any person in smuggling goods, transports or conceals such goods, harbouring any person employed in the smuggling activities or does any other activity related with smuggling. Such an order shall be issued by the Joint Secretary to the Central Government or Secretary to the State Government or any senior officer authorized by the Government.

#### ***Laws related to Overseas Investment by Indian Entities***

Overseas investment by Indian entities are governed under Foreign Exchange Management Act, 1999 under which the Central Government of India have notified Foreign Exchange Management (Overseas Investment) Rules, 2022 in suppression of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2004 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property Outside India) Regulations, 2015. Followed by the rules, RBI have vide notification no. RBI/2022-2023/110, A.P. (DIR Series) Circular No.12 dated August 22, 2022 have issued Foreign Exchange Management (Overseas Investment) Directions, 2022 and Foreign Exchange Management (Overseas Investment) Regulations, 2022. These legislations frame the investment fields, mode and cap for various sectors and regions, by any person resident in India and the reporting requirements.

### **STATE RELATED LEGISLATIONS**

#### ***The Madhya Pradesh Shops and Establishments Act, 1958***

The establishments are required to be registered under the provisions of local shops and establishment's legislation applicable in the relevant states. The objective of the act, irrespective of the state, is to regulate the working and employment conditions of worker employed in shops and establishments including commercial establishments. The act provides for fixation of working hours, rest interval, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. The Madhya Pradesh Shops and Establishments Act, 1958 govern the Company's shops and establishment in Madhya Pradesh.

#### ***Madhya Pradesh Goods and Services Tax Act, 2017 and the Madhya Pradesh Goods and Services Tax Rules, 2017***

Gujarat Goods and Services Tax Act, 2017 came into force w.e.f. June 09, 2017 which provides for the levy of GST on intra-state and interstate supply of goods or services or both. It was introduced as The Constitution (One Hundred and First Amendment) Act 2016, following the passage of Constitution 101st Amendment Bill. GST-registered businesses are allowed to claim tax credit to the value of GST they paid on purchase of goods or services as part of their normal commercial activity. Administrative responsibility rests with a single authority to levy tax on goods and services. The Gujarat Goods and Services Tax Rules, 2017 came into force w.e.f. June 22, 2017 which provides for the procedures relating to composite Levy and Registration for various categories of taxable person and the formats of the various forms to be submitted with the GST authority in prescribed time limit.

### **GENERAL LEGISLATIONS**

Various general legislations that may apply to our operations, would include the following:

1. Companies Act, 2013
2. The Customs Act, 1962
3. Consumer Protection Act, 2019 ("Consumer Protection Act")
4. Competition Act, 2002
5. Indian Contract Act, 1872
6. Specific Relief Act, 1963
7. Sale of Goods Act, 1930
8. The Registration Act, 1908 Code of Civil Procedure, 1908
9. Code of Criminal Procedure, 1973
10. Arbitration and Conciliation Act, 1996
11. Negotiable Instruments Act, 1881
12. Indian Stamp Act, 1899
13. Information Technology Act, 2002
14. Limitation Act, 1963

### **INTELLECTUAL PROPERTY LEGISLATIONS**

#### ***The Trade Marks Act, 1999 ("Trade Marks Act")***

The Trade Marks Act governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India.

It provides for the application and registration of trademarks in India. It also provides for exclusive rights to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. Under the provisions of the Trade Marks Act, an application for trade mark registration may be made with the Controller General of Patents, Designs and Trademarks by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trade mark in the future. Once granted, a trade mark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides penalties for infringement, falsifying or falsely applying for trademarks. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trade mark in India and other countries has been made available to owners of Indian and foreign trade marks. It also seeks to simplify the law relating to the transfer of ownership of trade marks by assignment or transmission and to bring the law in line with international practices.

#### **OTHER APPLICABLE LAWS**

##### ***The Digital Personal Data Protection Act, 2023 (“DPDP ACT”)***

The DPDP Act was notified on August 11, 2023 and is yet to come into effect. It replaces the existing data protection provision, as contained in Section 43A of the Information Technology Act. The DPDP Act shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint and different dates may be appointed for different provisions of the DPDP Act. The DPDP Act seeks to balance the rights of individuals to protect their digital personal data with the need to process personal data for lawful and other incidental purposes.

##### ***Approvals from Local Authorities***

Setting up of a factory or manufacturing/housing unit/establishments entails the requisite planning approvals to be obtained from the relevant Local Panchayat(s) outside the city limits and appropriate Metropolitan Development Authority within the city limits. Consents from the State Pollution Control Board(s), the relevant state Electricity Board(s), the State Excise Authorities, Sales Tax, are required to be obtained before commencing the building of a factory or the start of manufacturing operations.

##### **Other Indian laws**

In addition to the above, our Company is also required to comply with the provisions made under SEBI regulations and other applicable laws and regulations imposed by the Central and State Governments and other authorities for its day-to-day operations, including the Companies Act and rules framed thereunder, various central and state tax laws, municipal laws and fire safety laws including Bhartiya Sakshya Adhiniyam Act, 2023 Bhartiya Nyaya Sanhita, 2023 to the extent applicable.

## Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Madhya Pradesh.

**The Equity Shares have not been, and will not be, registered under the U.S. Securities Act 1933, as amended (the “Securities Act”) or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S of the Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.**

**The Equity Shares have not been, and will not be, registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.**

Bidders are advised to ensure that any Bid from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder where required must agree in the Allotment Advice that such Bidder will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.

## Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

## Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as the holder of the Equity Shares; or
- to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.**

<sup>1</sup>Our Company, in consultation with the Book Running Lead Manager, may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations.

<sup>2</sup>Our Company, in consultation with the Book Running Lead Manager, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI ICDR Regulations.

<sup>3</sup>UPI mandate end time and date shall be at 5.00 p.m. on Bid/Issue Closing Date

*\*In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100/- per day for the entire duration of delay exceeding four Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable. The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within three (3) Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.*

Bid-Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Applicants. The time for applying for Retail Individual Applicants on Bid/ Issue Closing Date maybe extended in consultation with the Book Running Lead Manager, RTA and NSE taking into account the total number of applications received up to the closure of timings.

On the Bid/ Issue Closing Date, the Bids shall be uploaded until:

- (i) 4.00 P.M. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 P.M. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the Book Running Lead Manager and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum-Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00

P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum- Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid- Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid/ Issue Period. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/ Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/ Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the Book Running Lead Manager, for reasons to be recorded in writing, extend the Bid/ Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the Book Running Lead Manager and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

### **Minimum Subscription and Underwriting**

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including involvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond eight days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the Company fails to obtain listing or trading permission from the stock exchanges where the specified securities are proposed to be listed, it shall refund through verifiable means the entire monies received within four days of receipt of intimation from stock exchange(s) rejecting the application for listing of specified securities, and if any such money is not repaid within four days after the issuer becomes liable to repay it, the issuer and every director of a company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

Further, in accordance with Regulation 268(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (fifty).

In terms of Regulation 260 of the SEBI ICDR Regulations, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled “**General Information - Underwriting**” on page no. 59.

Further, in accordance with Regulation 267 of the SEBI ICDR Regulations, the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Further SEBI vide its circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, has mandated that ASBA applications in public issues shall be processed only after the application monies are blocked in the bank accounts of the investors. Accordingly, Stock Exchanges shall, for all categories of investors viz. QIBs, NIIs and RIIs and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

1. Our Company in consultation with the BRLM, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price Anchor Investor Allocation Price. In the event of under-subscription or non-Allotment in the Anchor Investor Portion, the balance Equity Shares in the Anchor Investor Portion shall be added to the Net QIB Portion. For details, see “**Issue Procedure**” on page 214.
2. Subject to valid Bids being received at or above the Issue Price. This is an Issue in terms of Rule 19(2)(b) of the SCRR in compliance with Regulation 6(1)) of the SEBI ICDR Regulations.  
Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in the Non-Institutional Portion or the Retail Portion would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange, on a

proportionate basis. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill-over from other categories or a combination of categories. Eligible Employees Bidding in the Employee Reservation portion can Bid up to a Bid Amount of ₹ 0.50 million. However, a Bid by an Eligible Employee in the Employee Reservation Portion will be considered for allocation, in the first instance, for a Bid Amount of up to ₹ 0.20 million. In the event of under subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹ 0.20 million, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 0.50 million. Further, an Eligible Employee Bidding in the Employee Reservation Portion can also Bid in the Net Issue and such Bids will not be treated as multiple Bids subject to applicable limits. The unsubscribed portion if any, in the Employee Reservation Portion shall be added back to the Net Issue. SEBI through its UPI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days (“**UPI Phase I**”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“**UPI Phase III**”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of the Draft Red Herring Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories). These circulars are effective for initial public offers opening on/or after May 1, 2021, and the provisions of these circulars, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stockbrokers, Depository Participants (DP), Registrar to an Issue and Share Transfer Agent (RTA) that have been notified by SME

Platform of National Stock Exchange of India Limited (“**NSE EMERGE**”) to act as intermediaries for submitting Application Forms are provided on [www1.nseindia.com/emerge](http://www1.nseindia.com/emerge) For details on their designated branches for submitting Application Forms, please see the above mentioned website of NSE EMERGE.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/Issue Closing Date, in accordance with the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, the Bidder shall be compensated at a uniform rate of ₹100/- per day for the entire duration of delay exceeding three Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, has reduced the timelines for refund of Application money to four days.

*The BRLM shall be the nodal entity for any issues arising out of public issuance process.*

Our Company and the BRLM, members of the syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the GID and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus, when filed.

Further, the Company and the BRLM are not liable for any adverse occurrence’s consequent to the implementation of the UPI Mechanism for application in this Issue.

#### **PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE**

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

**Phase I:** This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RII had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six working days.

**Phase II:** This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing would continue to be six Working Days during this phase.

**Phase III:** This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“**T+3 Notification**”). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI Mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

## **PART A**

### **BOOK BUILDING PROCEDURE**

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue Paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(1) of Chapter IX of SEBI ICDR Regulations via book building process wherein not more than 50% of the Net Issue shall be allocated on a proportionate basis to QIBs, provided that our Company may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

***Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders’ depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.***

### **BID CUM APPLICATION FORM**

#### **MAXIMUM AND MINIMUM APPLICATION SIZE**

##### **1. For Retail Individual Bidders**

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹2,00,000.

##### **2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs)**

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹2,00,000 and in multiples of [●] Equity Shares thereafter. An Application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹2,00,000 for being considered for allocation in the Non-Institutional Portion. Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

#### **METHOD OF BIDDING PROCESS**

Our Company in consultation with the Book Running Lead Manager will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Edition of Hindi regional newspaper [●] (Hindi being the regional language of Madhya Pradesh) where the registered office of the Company is situated, each with wide circulation at least two Working Days prior to the Bid/ Issue Opening Date. The Book Running Lead Manager and the SCSBs shall accept Bids from the Bidders during the Bid/ Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Edition of Hindi regional newspaper [●] (Hindi being the regional language of Madhya Pradesh) where the registered office of the Company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Retail Individual Bidders, should approach the Book Running Lead Manager or their authorized agents to register their Bids. The Book Running Lead Manager shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the Book Running Lead Manager (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder/ Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a Book Running Lead Manager or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another Book Running Lead Manager or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the Book Running Lead Manager /the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form.
- f) The Book Running Lead Manager shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “*Escrow Mechanism - Terms of payment and payment into the Escrow Accounts*” in the section “**Issue Procedure**” beginning on page no 214.
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and

consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

#### **BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS**

- a) Our Company in consultation with the Book Running Lead Manager, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the Book Running Lead Manager, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
- e) The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other applicants.

#### **PARTICIPATION BY ASSOCIATES /AFFILIATES OF BOOK RUNNING LEAD MANAGER AND THE SYNDICATE MEMBERS**

The Book Running Lead Manager and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Book Running Lead Manager and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

## **BIDS BY FPI INCLUDING FII'S**

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Issue, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (blue in colour).

## **BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S**

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIF's.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

14. The SCSBs shall be given one day after the Bid/Issue Closing Date to send confirmation of Funds blocked (Final

certificate) to the Registrar to the Issue.

15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

#### **BUILD OF THE BOOK**

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the Book Running Lead Manager at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Issue Period.

#### **WITHDRAWAL OF BIDS**

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

#### **PRICE DISCOVERY AND ALLOCATION**

- a) Based on the demand generated at various price levels, our Company in consultation with the Book Running Lead Manager, shall finalise the Issue Price and the Anchor Investor Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the Red Herring Prospectus. For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the Book Running Lead Manager and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under subscription applicable to the Issuer, Bidders may refer to the Red Herring Prospectus.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
- f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the Book Running Lead Manager, subject to compliance with the SEBI Regulations.

**Illustration of the Book Building and Price Discovery Process:** Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20/- to ₹ 24/- per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

<b>Bid Quantity</b>	<b>Bid Amount (₹)</b>	<b>Cumulative Quantity</b>	<b>Subscription</b>
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹22.00 in the above example. The Issuer, in consultation with the Book Running Lead Manager, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

#### **BASIS OF ALLOCATION**

- a) The SEBI ICDR Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the Draft Red Herring Prospectus. For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the Book Running Lead Manager and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Red Herring Prospectus.

## **ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT**

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to Draft Red Herring Prospectus. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

### **Flow of Events from the closure of bidding period (T DAY) Till Allotment:**

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

### **Process for generating list of allottees: -**

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.

On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

- d) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the Book Running Lead Manager, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- e) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

- f) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

- g) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
- Each successful Bidder shall be allotted [●] equity shares; and
  - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Draft Red Herring Prospectus.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹2,00,000/-Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director/ Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI ICDR Regulations.

## RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “**FDI Policy**”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/ RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“**Restricted Investors**”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

### **Investment conditions/ restrictions for overseas entities**

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management. (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/ statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer

of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

### **Investment by FPIs under Portfolio Investment Scheme (PIS)**

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

### **Investment by NRI or OCI on repatriation basis**

The purchase/ sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “**Capital Instruments**”) of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

### **Investment by NRI or OCI on non-repatriation basis**

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“**US Securities Act**”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “**Prospectus Directive**”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorized. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date

of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.
