We request you to take the same on record.

Thanking you,

For Shanti Gold International Limited

Vrushti Shah
Company Secretary & Compliance Officer
Encl: As above

Investor Presentation

May 2026
Q4 & FY26

Disclaimer

This presentation has been prepared by Shanti Gold International Ltd. (the “Company”) solely for information purposes and does not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and worldwide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Dispatch

Rigorous Quality Control: Ensuring Excellence at Every Step

Dedicated Quality Team:

Robust Quality Control & Tagging team comprises 27 highly skilled employees, dedicated to meticulous inspection

BIS Hallmarked Products:

All gold jewelry products are hallmarked by the Bureau of Indian Standards (BIS), affirming their purity and authenticity.

Jewelry Quality Control Process

01

Raw Material Inspection

- Gold purity Testing: XRF or fire assay for 22/18K gold
- Gemstone authenticity verification (e.g), GIA/IGI certification

02

Production Inspection

- Review 3D CAD Designs for accuracy and
- Check dimensions & gemstone placement accuracy
- Inspect cast pieces for porosity, or incomplete filling
- Verify gold weight to control material usage & cost

03

Stone Setting & Polishing

- Use 10X Loupe to inspect prongs & bezels
- Ensure alignment & uniform height of stones
- Confirm polish (high-shine or matte) is as per design

04

Hallmarking & final QC

- Check Hallmark stamping, product tag and SKU match
- Verify correct packing: invoice, certificate, box

Product Offerings

Wide range of intricately designed pieces — from wedding & festive to everyday jewellery, for every occasion and segment.

Bangles

Classic & contemporary designs

Necklaces

Bridal, festive & daily wear

Rings

Stackable, solitaire & statement

Jewellery Sets

Complete bridal & festive sets

Plain Gold (New)

Machine-made; high-volume line

Growth Drivers

Growth Strategies

Four strategic levers to accelerate Shanti Gold's next phase of growth

Capacity Expansion

- Upcoming Jaipur facility: +1,200 kg pa
- Upcoming Mumbai facility: +4,000 kg pa
- Positions as scalable manufacturing

North India Expansion

- Leveraging new upcoming facility to expand market as distribution hub
- Targeting underpenetrated markets with rising demand
- Building a balanced pan-India revenue mix

New Product Line

- Entry into machine-made plain gold jewellery
- High-volume, high-demand category
- New growth vertical beyond CZ casting jewellery

Export Markets

- Strengthening presence across 4 key international markets
- Participation in global trade exhibitions
- Focus on high-potential USA & UAE corridors
