MADHYA BHARAT AGRO PRODUCTS LIMITED

CHAIRMAN'S MESSAGE

Dear Shareholders,

I am pleased to present you the 23rd Annual Report of Madhya Bharat Agro Products Limited for the Financial Year ended 31st March, 2020.

This was the transformative year for your company as the company got migrated from National Stock Exchange SME Platform to Main Board of National Stock Exchange on 21st August 2019, which has added lot of liquidity to our shares.

In the financial year under review your company has seen growth in all aspects be it revenue or profit. We have grown as a company. Your company has taken several pre-emptive measures at various operational levels to ensure sustainable reduction in the cost of production with increased level of efficiency and output.

Now I would like to present the salient features of your Company's performance during the year 2019-20.

The revenues in current Financial Year stood at Rs. 13086.36 Lakhs recording a growth of 12.76% over last Financial Year and similarly the net profit of the Company in current Financial Year 2019-20 stood at Rs. 1483.75 Lakhs showing a growth of 29.78%. Profitability efficiency has shown considerable improvement during the year by recording an EBDIT v/s sales ratio of 26.70% as compared to last year ratio of 25.60%

In nutshell; Madhya Bharat Agro Products Limited today is in a better position to take another jump and will always put in active efforts to improve upon the performance and keep moving on the path of progress. All this have been achieved on the backdrop of a global economic slowdown. The prevailing economic scenario has brought about an atmosphere of uncertainty, touching all major global economies.

Further, I would like to mention that the Company is in the process to implementing 66000 MTPA Triple Super Phosphate (TSP) plant along with the 62700 MTPA Sulphuric Acid plant in the existing unit in Madhya Pradesh. We are in advance stage of implementation of three units viz; Beneficiated Rock Phosphate (BRP), Phosphoric Acid (PAP) and TSP units of TSP Projects. BRP and PAP units we expect to have trial run shortly. This expansion would help us in a big way in improving the top as well as bottom lines of the company in the coming years

We intend to build on this premise base and have set for ourselves new targets and embark on our growth journey with the view of maximizing every opportunity. At the same time we are

MADHYA BHARAT AGRO PRODUCTS LIMITED

building our capabilities by fine tuning our processes to improve overall ability to deliver on our promises.

I also take the pleasure of announcing that your Board of Directors has recommended a dividend payout of 5% amounting to Rs. 0.50 per share for the FY 2019-20.

Beyond business activities the Company has carried out various Corporate Social Responsibility (CSR) programs. The movement aims of Corporate Social Responsibility (CSR) to creating better living standards and environment for people within and around the organization. It aspires to create better future for local communities.

At the end of the year, with the heightening of COVID 19 pandemic, the international scenario has been gloomy. The emerging COVID 19 pandemic and worldwide slowdown, this have kept all economies affected, this lead to a shrinking consumer demand globally. However our product being used by agricultural sector, we do not for see any slowdown and the same is evident from the performance post COVID-19.

I would like to extend my heartfelt thanks and appreciation to the Board and all the employees for their strong teamwork and dedication in working with a shared vision and harmonious steps along with the Management of the Company. On top of it a big Thank you to our shareholders for continued confidence in the Company. Likewise, to all our customers, bankers, financial institutions, industry associations, suppliers, vendors and other stakeholders who have been instrumental and contributed to the Company's evolution over the years.

At the end, I say that we continue to invest in each of our operating businesses and equally important, in social initiatives that benefit all stakeholders in order to build a sustainable global enterprise. I thank you for your constant support and faith.

Thank you,
Yours sincerely

MADHYA BHARAT AGRO PRODUCTS LIMITED

COMPANY INFORMATION

Established in 1997 Madhya Bharat Agro Products Limited is one of the quality Fertilizer and Chemical manufactures of India in private sector. The Company founded By Mr. Shailander Jain, of Sagar but taken over by Ostwal Group in the month of September, 2004. At the time of taking over, the company's total production capacity was 60000 MT PA for SSP. Over the years, with various expansion, backward/forward integration and also with diversification, made itself immune to ups and down of SSP industry.

We are manufacturing Beneficiated Rock Phosphate (BRP), Sulphuric Acid (SA), Single Super Phosphate (SSP) and Phosphate Rich Organic Manure (Prom) which is used in large quantities for replenishing "P" (Phosphorus) in the soil and act as a fertilizer for the crop. Our Company has entered into backward integration by manufacturing of Beneficiated Rock Phosphate (BRP) and Sulphuric Acid which is used as a raw material for manufacturing of SSP. Company is also engaged in production of Sulphur Bentonite and some value added chemicals like oleum etc. Sulphuric acid is a mother chemical for all chemicals.

Present installed capacity of SSP 180000 TPY, BRP crushing capacity is 99000 TPY, Sulphur Bentonite 10000 TPY and Sulphuric Acid 36000 TPY & Oleum 9900 TPY.

With a view to expand our business, we are in process to introduce new product i.e Triple Super Phosphate (TSP) with complete backward integration by installing BRP plant, Sulphuric Acid Plant, Phosphoric Acid Plant.

BRP (Beneficiated Rock Phosphate)

Rock phosphate is mainly used for the production of single super phosphate & dia-ammonium phosphate by reacting the same with Phosphoric Acid.

SSP (Single Super Phosphate)

Single Super Phosphate is a fertilizer produced by treating Beneficiated/High grade Rock Phosphate with Sulphuric Acid. It is the carrier of phosphate (P_2O_5), the form of phosphorus usable by plant & is one of the world's most important fertilizers. SSP also provides the cheapest source of sulphur to the soil.

Single Superphosphate is produced by reacting naturally occurring phosphate rock with sulphuric acid. This process converts in soluble phosphates into forms more readily available to plants. The product is a low cost source of phosphorus and sulphur in a wide range of pasture situations. SSP is a traditional product for supplying phosphorus and sulphur to pastures, these are the main two nutrients required for pasture production. SSP helps in improving root growth and development which is most important for uptake of plant nutrient and water.

MADHYA BHARAT AGRO PRODUCTS LIMITED

Granulated Single Super Phosphate

SSP is normally produced in powder form but to increase its ease of sprinkling in farms and also to make it possible to feed SSP with sowing of seeds itself, demand of granulated SSP (GSSP) is growing. We have capability to convert SSP into GSSP to the extent of 120000 TPY

SA (Sulphuric Acid), Oleum 23%, Sulphur Bentonite

Sulphuric Acid and Oleum require Sulphur as raw material, which is easily available indigenous as well as imported. Sulphuric acid is used by us for production of SSP and sale in open market as well, We supply Oleum in Indian ordinance factory which use in manufacturing of Arms and Weapons for Indian Army, it also use by dyes intermediate and cellulose industry, We have Sulphur source near to unit at economic freight and competitive price from newly established Bharat Oman Refinery, a Govt. refinery.

ANNEXURE VIII**MANAGEMENT DISCUSSION & ANALYSIS REPORTS****INDUSTRY SCENARIO AND DEVELOPMENTS**

The Company is mainly engaged in the manufacturing of fertilizer and chemical products. Out of three main nutrient viz N, P & K, which every soil requires, we are in the business of producing P through SSP. The winner in this field is those manufacturers who have integrated facilities and we are one among them. Demand of P has regularly increased and the same is ever growing with additional land coming under cultivation. The product being a part of agriculture revolution, received always Govt. support. India still has capacity less than the demand and the deficit is met by imports.

OPPORTUNITIES

MBAPL has undertaken backward integration and there exists good scope for various expansion and development of new product due to availability of ample land and skill manpower. There exists ample scope for value addition product from Sulphuric Acid. Following opportunities are also available for MBAPL:

- Increase in product line covering Macro and Micro nutrients.
- MBAPL has approval for Phosphoric Acid plant, for new addition of P nutrient by way of TSP seems a good opportunity.
- The expansion activities chalked out by the company and optimization of production, introduction of value-added products at regular interval are favourable to the company.
- High Growth Potential.

THREATS

- Competition from other Fertilizer manufacturing companies and imports.
- The main threat to the industry is vagaries of monsoon.
- Frequent changes in Government policies for fertilizer industry particularly in subsidy quantum and disbursement procedure.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

Detail of Unit wise or Product wise performance is furnished separately in the Annual Report.

FUTURE OUTLOOK- EXPANSION & INFRASTRUCTURE PROJECT

The Company is in the process to implementing 66000 MTPA Triple Super Phosphate (TSP) plant along with the 62700 MTPA Sulphuric Acid plant in the existing unit in Madhya Pradesh. We are in advance stage of implementation of three units viz; Beneficiated Rock Phosphate (BRP), Phosphoric Acid (PAP) and TSP units of TSP Projects. BRP and PAP units we expect to have trial run shortly.

RISK & CONCERN

Our business is mostly dependent upon the growth of agriculture and Agri-products which are subject to substantial risks faced by the Monsoon in India. Weather condition such as delayed monsoon or less rainfall may affect our business, the dependence on Government policies which ultimately impact the overall performance of the industry. These are all factors which are beyond the control of the private enterprise and would continue to be a challenge.

INTERNAL CONTROL SYSTEM

The company has in place an adequate internal control system, which is commensurate with the size, scale and complexity of the company. The internal auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value terms. Independence of the audit compliance is ensured by the direct reporting of Internal Audit Division and Internal Auditors to the Audit Committee of the Board.

During the period under review the Internal Financial Control were tested and no reportable material weakness in the design or operation were observed.

OPERATIONAL PERFORMANCE

During the year under review, Your Company has achieved turnover of Rs. 13086.36 Lakh as against of Rs. 11605.33 Lakh and the net profit after tax for the current year stands at Rs. 1483.75 Lakh as against Rs. 1143.26 Lakh in previous year.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MADHYA BHARAT AGRO PRODUCTS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **MADHYA BHARAT AGRO PRODUCTS LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion

thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matters

| The key audit matter | How the matter was addressed in our audit |
|--|--|
| <p>Adoption of Ind AS 116, Leases</p> <p>As described in Note 2 to the standalone financial statements, during the current year the Company has adopted Ind AS 116, Leases ('Ind AS 116'), the new standard on lease accounting. The application and transition to this accounting standard is complex and is an area of focus in our audit .</p> <p>Ind AS 116 introduces a new lease accounting model wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on its balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract/ arrangement. Adoption of the standard involves significant judgements and estimates including, determination of the discount rates and the lease term.</p> <p>The Company adopted the full retrospective approach method to transition to Ind AS 116, consequently comparative financial information was not restated.</p> | <p>Our audit procedures on adoption of Ind AS 116 include the following:</p> <ul style="list-style-type: none"> • Evaluated the design and implementation of the processes and internal controls relating to implementation of the new lease standard. • Based on our evaluation of the contractual agreements entered into and our knowledge of the business, assessed the appropriateness of the leases identified by the Company. • Involved our internal valuation specialists to evaluate the reasonableness of the discount rates used in computing the lease liabilities. • On transition to Ind AS 116 with effect from 1 April 2019: <ul style="list-style-type: none"> ▪ Evaluated the method of transition and related adjustments. ▪ Tested completeness of the lease data by reconciling the Company's operating lease commitments as at 31 March 2019 to data used in computing the ROU asset and related lease liabilities. ▪ Selected samples using the statistical sampling approach. Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting

policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures

are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1) As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company does not have any pending litigations which would impact its financial position;
 - ii) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.
- 2) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of MADHYA BHARAT AGRO PRODUCTS LIMITED of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **MADHYA BHARAT AGRO PRODUCTS LIMITED** (the “Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of MADHYA BHARAT AGRO PRODUCTS LIMITED of even date)

- 1) In respect of the Company's fixed assets:
 - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) The Company has a regular program of physical verification of its property, plant and equipment, by which all property, plant and equipment are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were physically verified during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds / registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties taken on lease and disclosed as right-of-use-assets in the standalone financial statements, the lease agreements are in the name of the Company.
- 2) As per the information and explanation given to us, the inventories have been physically verified during the year by the management at reasonable intervals. No material discrepancy was noticed on such verification.
- 3) As per the information and explanations given to us and on the basis of the books of accounts, the company has not granted loans to any parties covered in the register maintained under section 189 of the Companies act, 2013. Thus clause iii (a), iii (b), iii(c) are not applicable.
- 4) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- 5) The Company has not accepted any deposits from the public within the meaning of the directives issued by the Reserve Bank of India, provisions of sections 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder.
- 6) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the same.

7) According to the information and explanations given to us, in respect of statutory dues:

- a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
- b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.
- c) Details of dues of Income Tax, Sales Tax, Service Tax, Excise Duty and Value Added Tax which have not been deposited as at March 31, 2020 on account of dispute are given below:

| Name of the statute | Nature of dues | Amount (Rs. In Lakhs) | Period to which the amount relates (Financial Year) | Forum where dispute is pending |
|--|----------------|--------------------------|---|---|
| Demand raised by commercial tax department for Entry tax for the F.Y.2012-13 | Sales Tax | 3.72 | 2012-13 | Appeal made to Appellate Authority ,APP DC Sagar Division |

- 8) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company did not have any outstanding loans or borrowings from financial institutions or Government and there are no dues to debenture holders during the year.
- 9) In our opinion and according to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.
- 10) To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- 11) In our opinion and according to the information and explanations given to us and based on examination of the records of the Company, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

1. GENERAL INFORMATION:

Madhya Bharat Agro Products Limited ("the Company") is a public limited company, incorporated in India having its registered office at 5-O-21, Basement, R.C. Vyas Colony, Bhilwara (Rajasthan) 311001. The equity shares of the Company are listed on NSE Limited. The company is engaged in the manufacturing of fertilizers & chemicals having manufacturing facility located Unit at Rajoua Distt. Sagar (M.P.) & Unit at Industrial Area, Village Sourai Teh.-Banda Dist.t Sagar (M.P.)

1.1 BASIS OF PREPARATION:

A. Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] Companies (Indian Accounting Standards) Amendment Rules, 2016.

These financial statements for the year ended 31st March, 2020 are the first financial statement under Ind AS. For all periods upto and including the year ended 31st March, 2019, the Company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India immediately before adopting Ind AS. The financial statements for the year ended 31st March, 2019 and the opening Balance Sheet as at 1st April, 2018 have been restated in accordance with Ind AS for comparative information. The Company followed the provisions of Ind-AS 101 in preparing its opening Ind AS Balance Sheet as of the date of transition i.e 1st April, 2018. Reconciliations and explanations of the effect of the transition from previous GAAP to Ind AS on the Company's Balance Sheet, Statement of Profit and Loss including Comprehensive income and Statement of Cash Flows are provided in the Notes.

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest Lakhs, except as stated otherwise.

C. Basis of measurement

The financial statements have been prepared under the historical cost convention on accrual basis. The following items are measured on each reporting date as under:

- Defined benefit plans- plan assets at fair value

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. For financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in the active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

D. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual result may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgments:

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements have been given below:

- Classification of leases into finance or operating lease
- Whether an arrangement contains a lease.
- Classification of financial assets: assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest on the principal amount outstanding.

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the subsequent period financial statements is included below:

- Estimation of current and deferred tax expense and asset/ liability.
- Estimated useful life of property, plant and equipment.
- Estimation of defined benefit obligation.
- Measurement and likelihood of occurrence of provisions and contingencies.
- Impairment of trade receivables.

E. Critical accounting estimates and judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

1. Useful lives of property, plant and equipment and Intangible Assets

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.

The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

2. Employee benefits

Defined benefit plans and other long-term benefits are evaluated with reference to uncertain events and based upon actuarial assumptions including among others discount rates, expected rates of return on plan assets, expected rates of salary increases, estimated retirement dates, mortality rates. The significant assumptions used to account for Employee benefits are described in Note no K.

3. Revenue Recognition

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Judgement is also required to determine the transaction price for the contract. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

4. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. Loss allowance for receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.

6. Taxes

Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

7. Contingencies

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies and obligations. Obligations relating to Project Executions is largely depends upon performance of services by respective contractors. For contingent losses that are considered

probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognised until the contingency has been resolved and amounts are received or receivable.

2. SIGNIFICANT ACCOUNTING POLICIES:

A. Current and non-current classification

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- a) It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) It is held primarily for the purpose of being traded;
- c) It is expected to be realized within twelve months after the reporting date; or
- d) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- a) It is expected to be settled in the Company's normal operating cycle;
- b) It is held primarily for the purpose of being traded;
- c) It is due to be settled within twelve months after the reporting date; or
- d) The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as noncurrent. Based on the nature of products and the time between the acquisition of assets for processing and their realization in Cash or cash equivalents, the Company has ascertained its normal operating cycle as 12 months for the purpose of Current / Noncurrent classification of assets and liabilities.

B. Property, plant and equipment (PPE)

PPE is recognized when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment, if any. Property, plant and equipment acquired on hire purchase basis are recognized at their cash values. For qualifying assets, borrowing costs are capitalized in accordance with the Company's accounting policy.

For transition to Ind AS, the Company has elected to adopt as deemed cost, the carrying value of PPE measured as per I-GAAP less accumulated depreciation and cumulative impairment on the transition date of 1st April, 2018.

PPE not ready for the intended use on the Balance Sheet date is disclosed as "capital work-in-progress.

Depreciation is recognized using straight line method so as to write off the cost of the assets (other than freehold land and properties under construction) less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined.

Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis.

Depreciation on additions to / deductions from, owned assets is calculated pro rata to the period of use.

Freehold land is not depreciated.

An item of Property, plant and equipment is derecognized when it is estimated that Company will not receive future economic benefits from its use or upon its disposal. Any gains and losses on disposal of such item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized in the statement of profit and loss.

C. Depreciation and amortization

Depreciation method, estimated useful lives and residual values are determined based on technical parameters / assessment, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

The estimated useful life of Property, Plant & Equipment is aligned to the useful life specified under Schedule II to the Companies Act, 2013 except useful life for computing depreciation in the following case:

| Assets | Useful life (Years) |
|-----------------------------|---------------------|
| Buildings | 30 -60 |
| Plant and Machinery | 8 -20 |
| Office Equipment | 5 |
| Furniture & Fixtures | 10 |
| Vehicles | 8 -10 |
| Computers | 3 |
| Energy Saving Equipment | 15 |
| Pollution Control Equipment | 15 |
| Electric Installations | 10 |

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the Property, Plant and Equipment are likely to be used.

Depreciation on additions to property, plant and equipment is provided on a pro-rata basis from the date of acquisition or installation, and in the case of a new project, from the date of commencement of commercial production.

Depreciation on an item of property, plant and equipment sold, discarded, demolished or scrapped, is provided up to the date on which such item of property, plant and equipment is sold, discarded, demolished or scrapped.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

D. Impairment of assets

As at the end of each accounting year, the Company reviews the carrying amounts of its PPE, investment property, intangible assets and investments in subsidiary company to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. The intangible assets with indefinite life are tested for impairment each year.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined:

- a) in the case of an individual asset, at the higher of the net selling price and the value in use; and
- b) in the case of a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

The amount of value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life. For this purpose, the discount rate (pre-tax) is determined based on the weighted average cost of capital of the Company suitably adjusted for risks specified to the estimated cash flows of the asset

For this purpose, a cash generating unit is ascertained as the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognized immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Statement of Profit and Loss.

E. Financial Instruments

i) Financial assets

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument.

All financial assets are recognized at fair value on initial recognition. Financial assets are subsequently classified as measured at:

- amortized cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

De recognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Impairment of financial assets

The Company recognizes loss allowances for expected credit losses on:

- Financial assets measured at amortized cost;

At each reporting date, the Company assesses whether financial assets carried at amortized cost has impaired and provisions are made for impairment accordingly. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

ii) Financial liabilities

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortized cost unless at initial recognition, they are classified as fair value through profit and loss.

Financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

Derecognise

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

iii) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

F. Borrowing costs

Borrowing costs attributable to the acquisition or construction of fixed assets are capitalised as part of cost of the assets, up to the date the asset is put to use. Other Borrowing cost is charged to Statement of Profit & loss in the year in which they are incurred.

G. Income tax

Income tax comprises current and deferred tax. It is recognized in statement of profit or loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets- unrecognized or recognized, are reviewed at each reporting date and are recognized /reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realized.

Minimum Alternate Tax ('MAT') credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the

specified period. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

H. Inventories

Inventories are valued at the lower of cost and net realizable value after providing for obsolesces and damages as under:

| | | |
|------|---|------------------------------------|
| (i) | Raw and packing materials, stores and spares including fuel | At Cost on FIFO basis |
| (ii) | Stock in trade and Finished Goods | At Cost plus appropriate overheads |

Cost includes cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in first out (FIFO) basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

I. Cash and cash equivalents

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

J. Foreign currency translation

- i) The functional currency and presentation currency of the Company is Indian Rupee.
- ii) Transactions in currencies other than the Company's functional currency are recorded on initial recognition using the exchange rate at the transaction date.

At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognized in profit or loss in the period in which they arise except for:

- A. exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- B. Exchange differences on transactions entered into in order to hedge certain foreign currency risks.

K. Employee benefits

i) Defined benefit obligations

a) Post-employment benefits (Gratuity):

The liability recognized in balance sheet in respect of gratuity (unfunded) is the present value of defined benefit obligation at the end of reporting period less fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using projected unit credit method.

Re measurement actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement if changes in equity and in the balance sheet.

b) Other employee benefits:

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method.

ii) Defined contribution plan

Company pays contributions to provident fund, employee pension scheme and employee state insurance as per statutes/ amounts as advised by the Authorities. The Company has no further obligations once the contributions have been paid. The contributions are accounted for as defined contribution plan and the contributions are recognized as employee benefit expense when they are due.

iii) Short-term benefits:

Liabilities for salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of reporting period in which the employees rendered the related services are recognized in respect of employee's service up to the end of reporting period and are measured at the amount expected to be paid when the liabilities are settled. These liabilities are presented as current employee benefit obligations in the balance sheet.

L. Provision and contingent liabilities

The Company sets up a provision when there is a present legal or constructive obligation as a result of a past event and it will probably requires an outflow of resources to settle the obligation and a reliable estimate can be made. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or where reliable estimate of the obligation cannot be made. Contingent liabilities are disclosed on the basis of judgment of the management/ independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

M. Revenue recognition

- A.** Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the Company expects to receive in exchange for those products or services.

B. Revenues from Products are recognized at a point in time when control of the goods passes to the customer, usually upon delivery of the goods.

C. The Company presents revenues net of indirect taxes in its Statement of Profit and loss.

D. Revenues in excess of invoicing are classified as contract assets (which may also refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which may also refer to as unearned revenues).

E. Government Subsidy

Subsidy has been recognized by the company on the basis of the notification received from the ministry of Chemicals and fertilizers from time to time.

F. Other Revenue :

- **Interest income**

Interest income is recognised as interest accrues using the effective interest method ("EIR") that is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

- **Rental income**

Rental income arising from operating leases or on investment properties is accounted for on a straight-line basis over the lease terms and is included in other non-operating income in the statement of profit and loss.

- **Insurance Claims**

Insurance claims are accounted for as and when admitted by the concerned authority.

N. Segment Accounting

The Managing Directors monitor the operating results of the business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The Operating segments have been identified on the basis of the nature of products. Segment revenue includes sales and other income directly identifiable with/ allocable to the Segment. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.

Segment result represent the profit before interest and tax earned by each segment without allocation of central administrative costs.

Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

The company has disclosed Business Segments as its primary segments. Reporting segments have been identified as Fertilizers and Chemicals, taking into accounts the nature of product, the different risk and returns, the organizational structure and the internal reporting system.

The company caters mainly to the need of domestic market. The direct export turnover is Nil during the year. As such there are no reportable geographical segments.

O. Leases:

As a Lessee

The Company implemented a single accounting model as per Ind AS 116, requiring lessees to recognize assets and liabilities for all leases excluding exceptions listed in the standard. The Company elected to apply exemptions to short term leases or for leases for which the underlying asset is of low value.

Based on the accounting policy applied the Company recognizes a right-of-use asset and a lease liability at the commencement date of the contract for all leases conveying the right to control the use of an identified assets for a period of time. The commencement date is the date on which a lessor makes an underlying asset available for use by a lessee.

The right-of-use assets are initially measured at cost, which comprises:

- The amount of the initial measurement of the lease liability,
- Any lease payments made at or before the commencement date, less any lease incentives,
- Any initial direct costs incurred by the lessee,
- An estimate of costs to be incurred by the lessee in dismantling and removing the underlying assets or restoring the site on which the assets are located.

After the commencement date the right-of-use assets are measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any re-measurement of the lease liability. Depreciation is calculated using the straight-line method over the shorter of lease term or useful of underlying assets.

The lease liability is initially measured at the present value of the lease payments that are not paid at that date. These include:

- fixed payments, less any lease incentives receivable;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable by the lessee under residual value guarantees;
- The exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease payments exclude variable elements which are dependent on external factors. Variable lease payments not included in the initial measurement of the lease liability are recognized directly in the profit and loss.

The lease payments are discounted using the Company's incremental borrowing rate or the rate implicit in the lease contract.

P. Earnings per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

31. FIRST TIME ADOPTION OF IND AS:

As stated in Note 1.1, these are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31st March, 2020, the comparative information presented in these financial statements for the year ended 31st March, 2019 and in the preparation of an opening Ind AS statement of financial position at 1st April, 2018 (the Company's date of transition). In preparing its opening Ind AS statement of financial position, the Company has adjusted amount reported previously in financial statements prepared in accordance with Indian GAAP (previous GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and the notes that accompany the tables.

Ind AS 101 allows first-time adopters certain exemptions/exceptions from the retrospective application of certain requirements under Ind AS. In preparing these financial statements, the Company has applied the following exemptions:

A. IND AS OPTIONAL EXEMPTIONS

i. Deemed cost for property, plant and equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

B. IND AS MANDATORY EXCEPTIONS

ii. Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1st April, 2018 are consistent with the estimates as at the same date made in conformity with previous GAAP

iii. Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

C. RECONCILIATIONS BETWEEN PREVIOUS GAAP AND IND AS

Ind As 101 requires an entity to reconcile Equity, Total Comprehensive Income and Cash Flow for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

Impact of Ind AS adoption on the Statement of Cash Flow for the year ended March 31, 2019

There were no material differences between the Cash Flow Statement presented under Ind AS and the previous GAAP.

D. NOTES TO FIRST TIME ADOPTION

1. Proposed Dividend

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend was recognized as a liability. Under Ind AS, such dividends are recognized when the same is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend and tax thereon of ₹ 109.53 Lakhs as at 31st March, 2018 and 31st March 2019 included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an equivalent amount.

2. Remeasurements of post-employment benefit obligations

Under Ind AS, re measurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognized in other comprehensive income instead of statement of profit and loss. Under the previous GAAP, these re measurements were forming part of the statement of profit and loss for the year. As a result of this change, the profit for the year ended 31st March, 2019 decreased by ₹ 0.93 Lakhs.

Under previous GAAP, gratuity Expenses paid are shown in Employee benefits expenses only. Under Ind AS, the Company had accounted Defined Benefit Plans according to Ind AS 19 Employee Benefits from date of transition and accordingly gratuity expenses are segregated in employee & finance cost.

3. Deferred Tax

Under previous GAAP, deferred tax was prepared using income statement approach. Under Ind AS, company has prepared deferred tax using balance sheet approach. Also, deferred tax have been recognized on the adjustments made on transition to Ind AS.

4. Other Comprehensive Income

Under Ind AS, all items of income and expense recognized in a period should be included in the statement of profit and loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognized in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re measurements of defined benefit plans and tax thereon. The concept of other comprehensive income did not exist under previous GAAP.

5. Under previous GAAP, the fixed assets of the Company were revalued and a revaluation reserve was created. Under Ind AS, the Company has adopted previous GAAP carrying value as deemed cost for PPE as on transition date and accordingly revaluation reserve has been transferred to retained earnings, depreciation related to revaluation of ₹ 7.33 Lakhs as at 31st March, 2018 adjusted under revaluation reserve has been reversed with corresponding adjustment to retained earnings. Consequently, there is no impact on the total equity as at 31st March, 2019.

6. Property, plant & Equipment includes Leasehold land. As a Lessee (Company's) lease hold land is accounted as Operating lease under previous GAAP and accounting policy is adopted as per AS 19. Under Ind As, The Company implemented a single accounting model as per Ind AS 116, requiring lessees to recognize assets and liabilities for all leases excluding exceptions listed in the standard. Based on the accounting policy applied the Company recognizes a right-of-use asset and a lease liability at the commencement date of the contract

for all leases conveying the right to control the use of an identified assets for a period of time. Depreciation is calculated using the straight-line method over the shorter of lease term or useful of underlying assets and accordingly company charged depreciation of Rs. 73.43 lacs in the year ended 31.03.2019.

7. A Lessee presents Interest Expense on the lease liability separately from the depreciation charged for the right of use asset. Interest expenses on the lease liability is a component of finance costs, which is presented separately in the statement of profit or loss.

8. Retained earnings

Retained earnings as at 1st April, 2018 has been adjusted consequent to the above Ind AS transition adjustments.

II. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk;
- liquidity risk; and
- market risk

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the mechanism of property defined framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor

risks and adherence to limits. Risk management policies and systems are reviewed by the board annually to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's Audit Committee oversees compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans given.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company Management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references.

No provision on such receivables has been recognised as on the reporting date.

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the cash flows generated from operations to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company's treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position comprising the undrawn borrowing facilities and cash and cash equivalents on the basis of expected cash flows. This is generally carried out in accordance with practice and limits set by the Company. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

iv. Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and commodity prices which will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market exposures within acceptable parameters, while optimising the return.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term borrowing. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost. Since all the borrowings are on floating rate, no significant risk of change in interest rate.

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss.

Commodity price risk

Commodity price risk for the Company is mainly related to fluctuations of raw materials prices linked to various external factors, which can affect the production cost of the Company. Company actively manages inventory and in many cases sale prices are linked to major raw material prices. To manage this risk, the Company enters into long-term supply agreement for Raw Material, identifying new sources etc. Additionally, processes and policies related to such risks are reviewed and managed by senior management on continuous basis.

33. Capital Management

The Company manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Company consists of net debt and the total equity of the Company. For this purpose, net debt is defined as total borrowings less cash and cash equivalents. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirements are met through short-term/long-term borrowings. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company. The Company's net debt to equity ratio is as follows:

| (Rs. in lakhs) | | | |
|--------------------------|-------------------|-------------------|-------------------|

39. Estimation of uncertainties relating to the global health pandemic from COVID-19 :

In March 2020, the World Health Organisation declared COVID-19 to be a pandemic. Consequent to this, Government of India declared a national lock down on March 24, 2020, which has impacted the business activities of the Company. The Company has been taking various precautionary measures to protect employees and their families from COVID-19. The Company has assessed the impact of this pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of these financial statements, in determination of the recoverability and carrying value of property, plant and equipment, other assets and in relation to other financial statement captions. Further

the impact assessment does not indicate any adverse impact on the ability of the company to continue as a going concern. The impact of COVID-19 pandemic on the overall economic environment being uncertain may affect the underlying assumptions and estimates used to prepare the Company's financial statements, which may differ from that considered as at the date of approval of these financial statements. The Company will continue to closely monitor any material changes to future economic conditions. The Company has resumed its business activities by reopening its factories and offices on a gradual basis in line with the guidelines issued by the Government authorities.
