MANAGEMENT DISCUSSION & ANALYSIS

Outlook of Indian Economy:

As per the second advance estimate of national income, the growth of real Gross Domestic Product (GDP) for 2018-19 is estimated to be 7.0 percent. The growth rates of GDP at constant prices for the years 2015-16, 2016-17 and 2017-18 were 8.0 percent, 8.2 percent and 7.2 percent respectively. The growth rate of 7.2 % for FY 2018-19 is the highest among the major economies of the world. That this growth has been achieved due to lower inflation, improved current account balance and notable reduction in the fiscal deficit to GDP ratio makes it all the more creditable. In addition to the introduction of GST, the year also witnessed significant steps being undertaken towards resolution of problems associated with non-performing assets of the banks, further liberalization of FDI, etc., thus strengthening the momentum of reforms. However Concerns have been expressed about growing protectionist tendencies in some countries and it remains to be seen as to how the situation unfolds. Additionally, average crude oil in the vicinity of US\$ 65-75 per barrel in the current financial year and could rise further by another 10- 15 per cent in 2019-20. Some of these factors could have dampening effect on GDP growth in the coming year. However, with world growth likely to witness moderate improvement in 2020, expectation of greater stability in GST & transfer of reserve funds by the RBI to the Government, likely recovery in investment levels, and ongoing structural reforms, among others, should be supporting higher growth. On balance, country's economic performance should witness an improvement in 2019-20 over 2018-19.

Industry Overview:

Changing lifestyles and increasing demand for quality products are set to fuel the need for apparel. The sector contributes 14% to industrial production, 4% to India's GDP and constitutes 13% of the country's export earnings.

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand.

Agriculture Industry:

Given the importance of the agriculture sector, the Government of India, planned several steps for the sustainable development capacity building of agriculture. The 12th Five-Year Plan estimates the food grains storage capacity to expand to 35 MT. Also, 4 per cent growth would help restructure the agriculture sector in India in the next few years. Government has announced 100% FDI through FIPB route for marketing of food products that are produced or manufactured in India and also to make food trade and processing industry more efficient

Factors such as reduced transaction costs and time, improved port gate management and better fiscal incentives would contribute to the sector's growth. Furthermore, the growing use of genetically modified crops will likely improve the yield for Indian farmers.

U.K. GOENKA & CO. CHARTERED ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT To the Members of MAURIA UDYOG LIMITED

Report on the audit of the Financial Statements

We have audited the accompanying financial statements of Mauria Udyog Limited which comprise the standalone Balance Sheet as at 31 March 2019 and the standalone Statement of Profit and Loss (including other comprehensive income), standalone statement of changes in equity and standalone Cash Flow Statement for the year ended then and notes to the standalone financial statements, including the summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit and other comprehensive income, and its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable when the goods are delivered and titlehas passed, the Company has transferred to the buyer the significant risks and rewards of ownership of the goods and the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

We identified revenue recognition as a key audit matter because the Company and its external stakeholders focus on revenue as a key performance indicator. This could result in a risk that revenues overstated or recognized before control has been transferred.

How the matter was addressed in our audit

In view of the significance of the matter we applied the following audit procedures in this area, amongst other procedures, to obtain sufficient appropriate audit evidence:

- 1.We assessed the appropriateness of the revenue recognition accounting policies by comparing with applicable accounting standards
- 2. We evaluated the design of key controls and operating effectiveness of the relevant key controls with respect to revenue recognition on selected transactions.
- 3. We performed substantive testing for the revenue transactions using statistical sampling and tested the underlying documents supporting the sales.
- 4. We carried out analytical procedures on revenue recognised during the year to identify unusual variances.
- 5.We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognised in the appropriate financial period.
- 6. We tested manual journal entries posted to revenue to identify unusual items.

We do not modify our original opinion expressed above, based on these comments.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, other comprehensive and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
