SALES VOLUME UP BY 9%

Financial Highlights

- ❖ Sales Volume up by 6% Q3 Vs Q3
- ❖ EBDITA up by 14% -Q3 Vs Q3
- ❖ Net Profit increased by 5%-Q3 Vs Q3

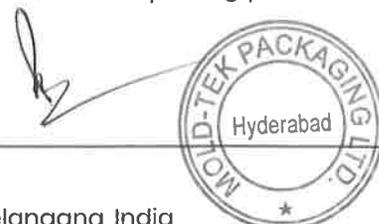

Company's performance for Q3 of F.Y.'2026: Mold-Tek Packaging Limited today announced financial results for the quarter ended December 31, 2025. In spite of Q3 being weak season, Mold-Tek delivered a decent overall volume growth of 6% in Q3 and 9.3% for 9 months, Food & FMCG-Packs (including Q-Pack) achieved 21.70% volume growth, despite a shorter festive period and extended monsoon, paints-pack posted a decent growth of 8%, Lubes-Packs registered a negative growth of 19.67% and Pharm-Pack recorded excellent volume growth of 190% which resulted into an overall sales volume growth of 5.97%, Q3 on Q3 basis.

Mold-Tek Packaging Limited Results Q3-FY'26 (Q3 FY26 vs Q3 FY25):

- Sales Volume increased by 5.92% to 9808 MT from 9259 MT in FY 2025
- Sales increased by 4.06 to ₹ 198.67 crores from ₹ 190.84 crores in the previous year
- EBDITA for the period increased by 13.81 % to ₹ 38.67 crores from ₹33.98 crores and Per Kg EBIDTA reached 39.43 per kg
- Net Profit increased by 5.20% to ₹ 14.35 crores from ₹ 13.64 crores in the corresponding period of previous year.

Mold-Tek Packaging Limited's Results for 9M FY'26:

- Sales Volume increased by 9.37% to 31,203.13 MT from 28,533 MT in FY 2025 with improved product mix
- Sales increased by 12.10% to ₹ 648.75 crores from ₹ 578.71 crores in the previous year
- EBDITA for the period increased by 19.83% to ₹ 125.55 crores from ₹ 104.78 crores and Per Kg EBIDTA reached 40.24 per kg
- Net Profit increased by 17.95% to ₹ 52.23 crores from ₹ 44.28 crores in the corresponding period of previous year.

MOLD-TEK

Packaging Limited

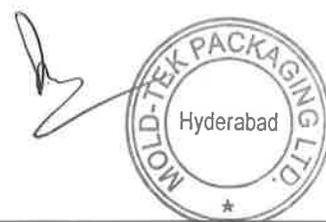

Commenting on the company's performance, **Mr. J. Lakshmana Rao, Chairman and Managing Director**, said: "We are glad Q3 annually weakest quarter ended with 6% moderate growth but this year season started from January itself wherein we achieved double digit sales growth". We expect Q4 to witness better volume growth.

Moldtek Consolidates Manufacturing Units in Hyderabad to Enhance Operational Efficiency: Moldtek has undertaken a strategic consolidation of its manufacturing operations in Hyderabad to enhance operational efficiency and improve customer service. As part of this initiative, the Company has closed Printing Unit-6 and Unit-2, with Unit-4 in the process of being closed, and has consolidated production activities at Unit-1 and Unit-10. This consolidation is expected to optimize administrative costs, reduce inter-unit transfers and wastage. The benefits of this consolidation are expected to be visible from Q1 of FY27.

Moldtek Signs MoU with Vibe Generation Holdings (UK) to produce High-Precision Caps & Closures: Moldtek is pleased to announce that it has entered a Memorandum of Understanding (MoU) with Vibe Generation Holdings, a UK-based technology and marketing company specializing in advanced intellectual property for caps and closures for high value products.

The collaboration is aimed at commercialising Vibe Generation's proprietary IP focused on safety-enhanced, high-precision, dimension-critical closures. The global market opportunity for this segment is estimated at USD 1 billion, and through this strategic MoU with Vibe Generations Holdings, Moldtek aims to generate revenues of around 25-30 million USD (INR 250 cr) in the next 5 years. Two product designs have been shared by Vibe and pilot moulds are expected to be ready by March,2026. These concepts can also be introduced in Indian Markets to improve pail performance and hence higher market share.

Pharma-Pack – Update: Pharma to grow strong clocking about 500% growth over the last 9 months. Though we might reach close to projected 32-35 crores this year, the projection for next year would be 50-55 crores. Over 25 clients have audited and approved our facility out of which commercial OSD order started from MNCs like MSN, Laurus in this quarter. The nutraceutical market dipped to its lowest in the last 5 years hence the numbers reduced owing consolidation. The strong news is that despite late entrant in this industry our regulatory market products took the reigns to show strong quarter on quarter growth. Growth from next year is expected to accelerate owing to new products and capacity expansion as we are venturing into Eye-droppers, Nasal spray and 28 CRC closures.

MOLD-TEK

Packaging Limited

MOU with Swiggy: Swiggy has entered into a Memorandum of Understanding (MoU) with MTPL to supply packaging solutions to its existing and prospective restaurant partners listed on the Swiggy platform. This partnership is expected to expand MTPL's customer reach, strengthen order visibility through Swiggy's extensive restaurant network, and create opportunities for scalable volume growth. The collaboration aligns with MTPL's strategy of deepening presence in high-growth food delivery and QSR segments while enhancing revenue stability and long-term growth potential. Several new packaging concepts & designs are under mold development and expected to be launched in next 2 quarters.

Grasim Industries Ltd.: The Company has commenced construction of a new factory building at Mahad to cater to the requirements of Grasim Industries. Currently, supplies to Grasim are being made from Unit-7 at Satara; upon completion of the Mahad facility, supplies will be transitioned to this location. This expansion is expected to improve supply-chain efficiency, reduce logistics costs, enhance service responsiveness, and strengthen the long-term relationship with a key customer, supporting sustainable revenue growth.

New customers: During this quarter, the Company has successfully bagged new orders from reputed Companies like Event Hub, Tungstan, Spectra Food, Tatva Simplex Private Limited and Thangam foods etc are from food industry and Bharuwa Agree Science Pvt Ltd and Biocon Pharma Limited, are from Pharma Industry.

About Mold-Tek Packaging Limited:

Mold-Tek Packaging Limited is the leader in manufacturing injection moulded rigid plastic packaging containers (BSE Scrip Code: 533080, NSE Symbol: MOLDTKPAC). Established in 1986, is one of the leading players in rigid plastic packaging in India. Publicly listed in 1993, has 12 Manufacturing Units, 2 stock points PAN India. Current installed Injection molding capacity of over 55,000 TPA. Mold-Tek has been the innovator and torch bearer in introducing many world class packaging products in India for Lubes, Paints, Food and FMCG products. Mold-Tek is the first Company in India to introduce "In-Mold Labeling (IML)" concept for decorating plastic containers using ROBOTS. IML enables photographic quality decoration with complete hygienic and hands-free production of containers suitable for food and FMCG products. Mold-Tek is the only packaging Company in the India to design and manufacture in house ROBOTS for the IML decoration apart from manufacturing IML Labels in-house.
