MANAGEMENT DISCUSSION AND ANALYSIS

1. INDUSTRY OVERVIEW:

Polymer Based Packaging Industry has matured over past 25 years in this country. The industry had initially progressed in 1970 era in the developed economies like USA & EU. Over the years the industry was compelled to shift the manufacturing bases to satellite countries like Mexico and other East European countries due to uncontrollable increasing labour cost. This shift took place during 1985 to 1995. With increase in popularity in the NAFTA agreement and the formation of "European Union" the labour costs in these satellite countries went through the roof and highly labour oriented packaging industry once again started looking for the New Place to settle.

This was the same period when India experienced the "Polymer Revolution".

2. DOMESTIC BUSINESS OUTLOOK:

The Company is involved in producing various types of packaging material for the Domestic as well as Export Markets. In Domestic market, your Company remains one of the most active players for the packaging needs of the FMCG products such as Detergent Powder, Branded Salt and Branded Wheat flour etc.

The year under review was very successful and company has achieved a Top line growth of 46% and the profit before tax has increased by around 60%. Company continued to improve its operational profitability by conserving costs and improving efficiencies.

The Company has the philosophy of long term partnerships with clients while addressing their packaging requirements. The focused customer-centric approach of your Company has resulted in high levels of client satisfaction and retention resulting in high level of business growth year after year.

It is estimated that till the year 2015 the domestic Raffia Sector will double itself considering 2010 as a reference year. Presently around 3 Lac people are employed by this sector though out the country.

The management has initiated steps to increase the product base that has shown many positive results during the year 2010-11. The Company was able to increase its export by 34% vis a vis previous year. Company has also expanded its sales footprint from 18 Countries in the last year to around 29 Countries this year. There was also a steep growth of 51 % in the Domestic market that was achieved by launching new products such as "Aqua Save" which encompasses the Range of Water Storage Tanks from 250 Liters to 2000 Liters, Canal Liners and Pond Liners and various other property packaging products. The management is also in the process of creating a network of retail distributors for our new product range.

3. INTERNATIONAL BUSINESS OUTLOOK:

In recent years, the Company has acquired substantial share in the international market for various packaging needs for products like Construction Aggregates, Chemicals, Seeds, Fertilizers, and Cement & Food Grains etc. Some of the high value added products, the Company makes for the international market are Car/Automobile Covers, Container Liners, Anti Corrosive Packaging, Electrically conductive polymer based packaging etc.

In the past few years Company has set a very strong base across the globe distributing its products through various

Emmbi Polyarns Limited

distribution channels in around 29 countries. Company has reached a level where the Company can reap the fruits for all the hard work put in developing the product line and distribution network across the world. The global demand of the raffia sector, which is a principal focus product line of the Company, will show a tremendous growth in years to come.

4. NEW PRODUCTS:

As planned phase I of expansion from IPO proceeds was completed during the year increasing the production capacity of the company to the tune of 12000 MT per annum. Phase II of the expansion will be completed before 30th September, 2011.

Company will be focusing its marketing efforts in developing the network in the Rural India for the distribution of its Specialty product "Flexi Tank". This will give company a sound footage in the market of water storage which is estimated to be in the range of Rs. 10,000 crores.

Company was able to maintain the sale of its rural shopping bags through the rural weekly markets.

Your Company has developed skills and facility to manufacture "Technical Textile" that will be converted in various value added usages. These applications of Technical Textile are under development by the Company on its own and also along with the users.

5. OPPORTUNITIES AHEAD:

Your Company has maintained a steady growth inspite of intense competition and rising raw material prices due to its ability to adapt new technologies, product innovation, indentifying and meeting the customers' expectation in terms of high quality, prompt service & performance and development of new markets through retail distribution network. The management expertise and their association with the polymer packaging industry for the past decade have always been an added advantage to your Company.

The Company is focusing on new product development to increase its offerings to existing customers and also to tap demand from the new customers. The planned capacity addition will enable us to achieve growth and increase our geographical coverage. The Management intends to increase the share of higher value added products in total sales mix.

6. SEGMENTWISE OR PRODUCTWISE PERFORMANCE:

Your Company operates only in one segment which wide range of custom made products for the packaging need of the customers.

7. QUALITY MANAGEMENT SYSTEMS:

Management has initiated a new "Quality Value Programme" for the implementation of Various Quality Standards in the Company. Company has moved to next level of implementation of ISO – 22000 HACCP, a standard respected by the Food Grade Packaging Industry Globally. This would help the Company to penetrate the market of the high returns regime i.e. Food & Pharmaceutical Industry.

Your Company has successfully completed the process of up-gradation of its certificate from ISO 9001: 2000 to ISO 9001: 2008. This would position the Company with the latest level of global quality standard.

8. MEMBERSHIP OF EUROPEAN FIBC MANUFACTURING ASSOCIATION:

Your Company has the distinct honor to be a First Non European FIBC Manufacturing Company to be part of European FIBC Manufacturing Association. This affiliation would help the Company to gain much higher confidence in the products of the Company from European Customers.

9. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

Your Company has a system of internal controls which is commensurate with the size and nature of operations. These controls ensure that all the assets are safeguarded and protected against loss from unauthorized use or disposition and that the transactions are authorized, recorded and reported diligently. There are well established policies and procedures in place across your Company.

B. SIGNIFICANT ACCOUNTING POLICIES :

9 Contingent Liabilities :-

Contingent Liabilities are disclosed by way of Notes on Accounts. Provision is made in the accounts for those liabilities which are likely to materialise after the year end till the Finalisation of accounts and having effect on the position stated in the Balance Sheet as at the year end.

10 Employee benefits :

Provision for Gratuity and leave encashment are accounted on the basis of valuation made by the actuary.

11 Foreign Exchange Transactions :

- a) Transactions in Foreign Currency are accounted at the exchange rate prevailing on the date of Transactions. Exchange fluctuations between the transaction date and the settlement date in respect of Revenue Transactions are recognized in Profit & Loss A/c
- b) All export proceeds not realised at the year end are restated at the rate prevailing at the year end. The exchange difference arising there from has been recognised as income / expenses in the Current Year's Profit & Loss A/c alongwith underlying transaction.
- c) The premium or discount arising at the inception of forward exchange contract is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contracts is recognised as income or as expense for the year. None of the forward exchange contracts are taken for trading or speculation purpose.

12 Borrowing Costs :-

Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue.

13 Taxes on Income :-

Tax expense comprises both current and deferred tax.

Current tax is measured at the amount expected to be paid to the tax authorities, after taking into consideration benefits admissible under the provisions of the Income - Tax Act, 1961.

Deferred tax liabilities are recognised for future tax consequences attributable to the timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent periods and are measured using the tax rates and laws that have been enacted or substantively enacted as on the Balance Sheet date. Deferred Tax Asset is not recognised unless, in the management judgement, there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised.

14 Earning per Share :

The Company reports basic and diluted Earnings Per Share (EPS) in accordance with Accounting Standard 20 on "Earnings per share".

15 Excise : Excise duty deducted from turnover represents excise duty collected on sale of goods. Excise duty shown under expenditure represents difference between excise duty on opening and closing stocks of finished goods.
