MANAGEMENT DISCUSSION AND ANALYSIS

INDIAN ECONOMY

According to IMF, India is projected to grow at 7.3 per cent in 2019-20 and 7.5 per cent in 2020-21, supported by the continued recovery of investment and robust consumption amid a more expansionary stance of monetary policy and some expected impetus from fiscal policy, thus remaining the fastest growing major economy of the world.

Continued implementation of structural and financial sector reforms with efforts to reduce public debt remain essential to secure the Indian economy's growth prospects. Important steps have been taken to strengthen financial sector balance sheets, including through accelerated resolution of nonperforming assets under a simplified bankruptcy framework.

Recent Developments

With the improvement in the economic scenario, there have been various investments in various sectors of the economy. The M&A activity in India reached US\$ 129.4 billion in 2018 while private equity (PE) and venture capital (VC) investments reached US\$ 20.5 billion. Some of the important recent developments in Indian economy are as follows:

1. During 2018-19 (up to February 2019), merchandise exports from India have increased 8.85 per cent year-on-year to US\$ 298.47 billion, while services exports have grown 8.54 per cent year-on-year to US\$ 185.51 billion.
2. Net direct tax collection for 2018-19 had crossed Rs 10 trillion (US\$ 144.57 billion) by March 16, 2019, while goods and services tax (GST) collection stood at Rs 10.70 trillion (US\$ 154.69 billion) as of February 2019.
3. Proceeds through Initial Public Offers (IPO) in India reached US\$ 5.5 billion in 2018 and US\$ 0.9 billion in Q1 2018-19.
4. India's Foreign Direct Investment (FDI) equity inflows reached US\$ 409.15 billion between April 2000 and December 2018, with maximum contribution from services, computer software and hardware, telecommunications, construction, trading and automobiles.
5. India's Index of Industrial Production (IIP) rose 4.4 per cent year-on-year in 2018-19 (up to January 2019).

Government Initiatives

Some of the recent initiatives and developments undertaken by the government are listed below:

1. In February 2019, the Government of India approved the National Policy on Software Products – 2019, to develop the country as a software hub.
2. The National Mineral Policy 2019, National Electronics Policy 2019 and Faster Adoption and Manufacturing of (Hybrid) and Electric Vehicles (FAME II) have also been approved by the Government of India in 2019.
3. Village electrification in India was completed in April 2018.
4. The Government of India released the maiden Agriculture Export Policy, 2018 which seeks to double agricultural exports from the country to US\$ 60 billion by 2022.
5. Around 1.29 million houses have been constructed up to December 24, 2018, under Government of India's housing scheme named Pradhan Mantri Awas Yojana (Urban).

Road Ahead

India's Gross Domestic Product (GDP) is expected to reach US\$ 6 trillion by FY27 and achieve upper-middle income status on the back of digitisation, globalisation, favourable demographics, and reforms.

India's revenue receipts are estimated to touch Rs 28-30 trillion (US\$ 385-412 billion) by 2019, owing to Government of India's measures to strengthen infrastructure and reforms like demonetisation and Goods and Services Tax (GST).

A key concern for India is the health of the banking system, which is still dealing with a large amount of bad loans, and also heightened corporate vulnerabilities in several key sectors of the Economy.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

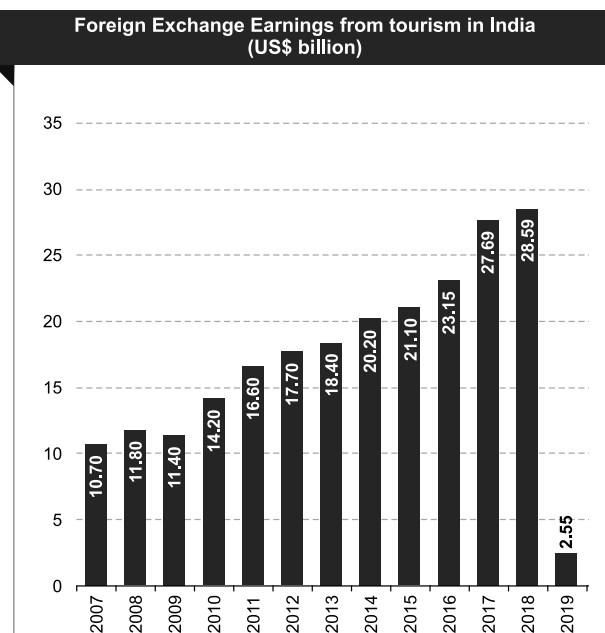

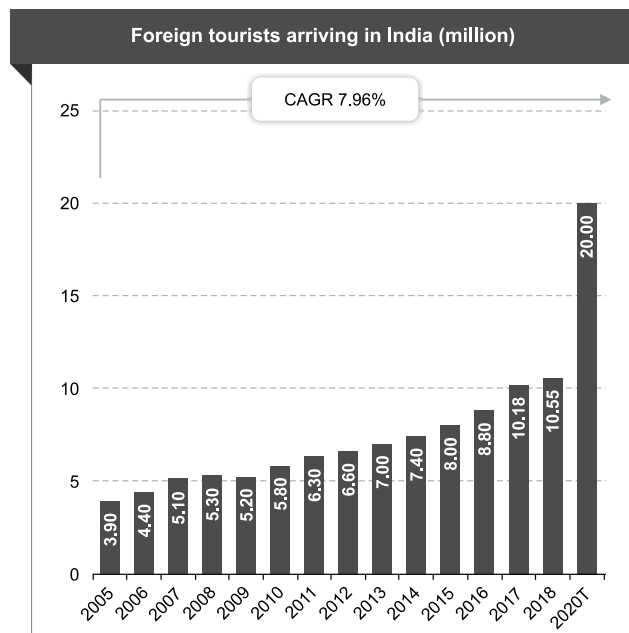

The Indian tourism and hospitality industry has emerged as one of the key drivers of growth among the services sector in India. Tourism in India has significant potential considering the rich cultural and historical heritage, variety in ecology, terrains and places of natural beauty spread across the country. Tourism is also a potentially large employment generator besides being a significant source of foreign exchange earnings (FEE) for the country. During 2018, FEEs from tourism increased 4.70 per cent year-on-year to US\$ 28.59 billion. FEEs during January 2019 was US\$ 2.55 billion.

During the period April 2000-December 2018, the hotel and tourism sector attracted around US\$ 12 billion of FDI, according to the data released by Department of Industrial Policy and Promotion (DIPP).

The Government of India has set a target of 20 million foreign tourist arrivals (FTAs) by 2020 and to double the foreign exchange earnings as well.

The Government of India is working to achieve 1 per cent share in world's international tourist arrivals by 2020 and 2 per cent share by 2025.

ASIAN HOTELS (WEST) LIMITED

Market Size

India is one of the most digitally-advanced traveller nation in terms of digital tools being used for planning, booking and experiencing a journey, India's rising middle class and increasing disposable incomes has continued to support the growth of domestic and outbound tourism.

Electronic tourist authorisations, known as E-Tourist Visa, launched by the Government of India have resulted in increase in number of tourist visa issued in the country. The facility has been extended to citizens of 166 countries, as of December, 2018.

During 2018, foreign tourist arrivals (FTAs) in India stood at 10.56 million, achieving a growth rate of 5.20 per cent year-on-year. FTAs in January 2019 stood at 1.10 million, up 5.30 per cent compared to 1.05 million year-on-year. During January 2019, arrivals through e-tourist visa increased by 21.10 per cent year-on-year to 0.29 million.

The travel and tourism sector in India accounted for 8 per cent of the total employment opportunities generated in the country in 2017, providing employment to around 41.6 million people during the same year. The number is expected to rise by 2 per cent annum to 52.3 million jobs by 2028.

Government initiatives:

Some of the major initiatives taken by the Government of India to give a boost to the tourism and hospitality sector of India are as follows:

- Under Budget 2019-20, the government allotted Rs 1,160 crore (US\$ 160.78 million) for development of tourist circuits under Swadesh Darshan.
- In March 2019, Rs. 720 crore had been allocated by Uttar Pradesh Government towards strengthening the infrastructure for tourism.
- The Government has also been making serious efforts to boost investments in tourism sector. In the hotel and tourism sector, 100 per cent FDI is allowed through the automatic route. A five-year tax holiday has been offered for 2, 3 and 4 star category hotels located around UNESCO World Heritage sites (except Delhi and Mumbai).

Road Ahead

India has a diverse portfolio of niche tourism products –cruises, adventure, medical, wellness, sports, MICE, eco-tourism, film, rural & religious tourism. The country's big coastline is dotted with a number of attractive beaches.

By 2020, medical tourism industry of India is expected to touch US\$ 9 billion. Further, International tourist arrivals are expected to reach 30.5 million by 2028.

2. OPPORTUNITIES, THREATS, RISKS AND CONCERNS

Industry has taken upwards turn after a long period. The main factor for this upward turn includes the rising purchasing power of domestic travellers, an increase in commercial development and foreign tourist arrivals and government-led initiatives aiming to stimulate the sector. The industry would also benefit from introduction of new forms of tourism and development of niche segments. Opportunities exist in ecotourism, adventure tourism and cruise tourism. With increasing environment awareness and consciousness among tourists and given efforts undertaken by the government and private players, the ecotourism segment is expected to record handsome growth in the coming years.

ASIAN HOTELS (WEST) LIMITED

The sector faces several challenges in terms of complex regulatory environment:

Government approvals and licenses - Hoteliers face regulatory constraint at every step in the process of development of hotels beginning from land acquisition stage (for which laws differ from state-to state) to approval by various ministries and associations on various matters.

Land availability and cost issues - The process of identifying new land parcels as per the requirement for hotels is a tedious task in India. Compared to international standards, where land costs accounts for 15-20% of the total project cost, in India this is often in the range of 40-50%. This is also one of the reasons for low development of budget & mid-market hotels in comparison to upscale luxury hotels as budget hotels with lower average rates are unlikely to become viable with such high land cost.

Human Capital - Indian hotels face the continued challenge of shortage of trained employees, especially at the manager and supervisor levels. Major reason for this shortage is absence of organized training and educational institutes for development of skilled employees.

Indian Online Travel Market

India's total internet subscribers' base as of June 2018 stood at about 512 million. India's e-commerce market was worth about \$2.5 billion in 2009, it went up \$38.5 billion in 2017. Approximately 75% of this is travel related. Also, as per the telecom regulator TRAI, at the end of June 2018, India had 1,147 million wireless subscribers. With this increased emergence of smartphone in India, providing an easy access to internet and various applications, it is readily becoming a major source of travel bookings including hotel bookings.

3. SEGMENT WISE PERFORMANCE

During the period under review, the Company is engaged in only one segment of Hotel Business hence segment wise performance is not applicable.

4. OUTLOOK

As per CARE, the industry can further register an overall healthy growth in revenue on back of economic growth due to recovery in the global conditions resulting in higher movement in the MICE segment and consistently growing middle class along with increasing disposable income. There are various other key factors that drive the market, including India's attractiveness as a medical tourism destination; steadily growing Meetings, Incentives, Conferences and Exhibitions (MICE) segment; and, an increasing fondness among millennial to travel. The hotel industry is expected to see an increase in room revenue at the rate of about 10-12% CAGR over the 5 years.

The long-term outlook for the Indian hospitality business continues to be positive, both for the business and leisure segments. The sector has potential for growth on the back of increases in disposable incomes, increase in foreign tourist arrivals, momentum from government-led initiatives, and the burgeoning middle-class population.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has standard operating procedures (SOP's). It has in place adequate reporting systems in respect of financial performance, operational efficiencies and reporting with respect to compliance of various statutory and regulatory matters. The Internal Auditors of the Company had regularly conducted exhaustive internal audits pertaining to all operational areas and their reports were placed before the Audit Committee for its review and recommendations.

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule no.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Asian Hotels (West) Limited
(L55101DL2007PLC157518)

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Asian Hotels (West) Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company, books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent based on the management representation letter/ confirmation, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019, according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

INDEPENDENT AUDITOR'S REPORT

To the Members of Asian Hotels (West) Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Asian Hotels (West) Limited ("the Company"), which comprise the Balance sheet as at March 31 2019, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 its profit/loss including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Contingent liabilities not provided for (<i>as described in note 39 of the standalone Ind AS financial statements</i>) :	
As of March 31, 2019, the Company has disclosed contingent liabilities of Rs.21.98 crores relating to tax and legal litigations. Taxation, and legal litigation exposures have been identified as a key audit matter due to the tax and legal claims against the Company. There is significant judgement required in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the consolidated Ind AS financial statements. Accordingly, tax and legal litigation exposures was determined to be a key audit matter in our audit of the standalone Ind AS financial statements.	Our audit procedures included, amongst others: a. Gained an understanding of the process of identification and assessment of tax and legal litigation exposures, and evaluated the design and tested the operating effectiveness of key controls. b. Obtained the Company's taxation and legal litigation cases summary and assessed the management's evaluation of expected tax and legal litigation exposures through assessment of underlying documents and discussions with the Company management. c. Obtained confirmation, where appropriate, from relevant third party legal counsel and made inquiries with them regarding material cases. Evaluated the objectivity, independence, competence and relevant experience of third party legal counsel. d. Engaged tax specialists to assess management's application and interpretation of tax legislation affecting the Company, and to consider the quantification of exposures in the various tax jurisdictions. e. Checked the adequacy of the disclosures with regard to facts and circumstances of the tax and legal litigations exposures

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

ASIAN HOTELS (WEST) LIMITED

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Re: Asian Hotels (West) Limited (the Company)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the company. As explained to us, the title deeds of land have been given as security (mortgage and charge) against the term loan taken from banks and therefore the same could not be made available to us for verification.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- (iii) (a) The Company, in the previous year had granted interest free unsecured loan to its subsidiary company (i.e. Aria Hotels and Consultancy Services Private Limited where it has substantial interest) covered in the register maintained under section 189 of the Companies Act, 2013. In our opinion and according to the information and explanation given to us, the terms and conditions of the loan were not prima facie prejudicial to the Company's interest.
- (b) The interest free unsecured loan granted by the Company to its subsidiary company covered in the register maintained under section 189 of the Companies Act, 2013 was repayable on demand. The loan has been repaid during the year by the subsidiary company.
- (c) There are no amounts of loans granted to companies, firms or other parties listed in the register maintained under section 189 of the Companies Act, 2013 which are overdue for more than ninety days.
- (iv) In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products/services of the Company.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, duty of custom, value added tax, goods and service tax, cess and other statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales-tax, duty of custom, value added tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues of income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax and cess on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
Maharashtra Value Added Tax Act, 2002	VAT Assessment demand	87.13	FY 2011-12	Joint Commissioner of Sales Tax (Appeal)

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF Asian Hotels (West) Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Asian Hotels (West) Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2019 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ASIAN HOTELS (WEST) LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

1. Corporate information

The Company was incorporated as Chillwinds Hotels Private Limited on January 8, 2007 under the provisions of Companies Act, 1956. The Company had entered into a Scheme of Arrangement and Demerger with Asian Hotels Limited pursuant to which Hotel Hyatt Regency, Mumbai was transferred to and vested in the Company. The name of the Company was changed to Asian Hotels (West) Limited w.e.f February 12, 2010.

The Company is listed on the National Stock Exchange and Bombay Stock Exchange.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and with Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

2.2 Summary of significant accounting policies

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Foreign currencies

The Company's financial statements are presented in INR, which is also the company's functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company's entities their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e.,

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

c. Fair value measurement

The Company measures financial instruments, such as, investment in quoted equity shares etc at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- a) Disclosures for valuation methods, significant estimates and assumptions.
- b) Quantitative disclosures of fair value measurement hierarchy (Note 45).
- c) Financial instruments (including those carried at amortised cost) (Note 45).

d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company in exchange for transferring control of goods and services to a customer and the revenue can be reliably measured, regardless of when the payment is being made. Effective April 1, 2018, the Company has applied Ind AS 115 which replaced Ind AS 18 revenue recognition. Revenue is measured at the fair value of the consideration received or receivable and net of rebates, Value Added Taxes, Goods and Service Tax and loyalty reward points. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Rendering of services

Revenue from rendering of hospitality services is recognised when the related services are rendered.

Rooms, food, beverages, banquet and other services

Income from guest accommodation is recognized on a day to day basis after the guest checks into the Hotels and are stated net of allowances. Sale of food and beverages are recognized at the point of serving these items to the guests. Revenue from other services is recognized as and when services are rendered. The company collects Value added tax (VAT), and GST on behalf of guests, and therefore, these are not economic benefits flowing to the company, hence, these are excluded from revenue.

Income from other allied services

In relation to laundry income, communication income, airport transfers income and other allied services, the revenue has been recognized by reference to the time of services rendered.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

e. Government grants

Government grants are recognised on accrual basis. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

If the grant received is to compensate the import cost of assets, and is subject to an export obligation as prescribed in the EPCG scheme, then the recognition of the grant would be linked to fulfilment of the associated export obligations.

f. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when

- The deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

ASIAN HOTELS (WEST) LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

g. Property, plant and equipment

Recognition and Measurement

Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment loss, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss within other income.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Type of asset	Useful lives estimated by the management (years)
Main building (RCC)	60 years
Main building (Non-RCC)	30 years
Components in Building (Roads)	10 years
Plant and machinery	Upto 15 years
Electrical installations and equipment	15 years*
Vehicles used in business of running them on hire	6 years
Vehicles other than those used in a business of running them on hire	8 years
Office equipment	5 years
Computers and data processing units:	
(a) Servers and networks	(a) 6 years
(b) End user devices such as desktops, laptops, etc.	(b) 3 years
Furniture and fittings	8 years

* The management, based on technical assessment of internal experts, has estimated the life of Electrical installations and equipment as fifteen year 15 years and accordingly, such assets are depreciated over the life of asset which is more than the life prescribed under the schedule II of the Companies Act, 2013.

h. Borrowing costs

Borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

i. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2016, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Company as a lessor

Leases in which the company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

j. Inventories

Inventories of food and beverages, liquor / wine & smokes and other operating supplies are valued at the lower of cost and net realisable value. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

k. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

i. Provisions and contingent liabilities

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

m. Retirement and other employee benefits

Defined Contribution

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

Defined Benefits

The Company operates a defined benefit gratuity plan in India wherein the cost of providing benefits under this obligation is determined on the basis of actuarial valuation at each year-end, which is carried out using the projected unit credit method.

Remeasurement gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past Service Cost are recognized in profit or loss on the either of:

- The date of the plan amendment or curtailment, and date that the company recognizes related restructuring costs.
- The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

Other long term employees benefits

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Remeasurement gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

n. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

ASIAN HOTELS (WEST) LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Financial assets

Initial recognition and measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost.
- Debt instruments at fair value through other comprehensive income (FVTOCI).
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL).
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments

All equity investments (other than investment in subsidiary) in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which IND AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

When Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Financial assets that are debt instruments and are measured as at FVTOCI.
- c) Lease receivables under Ind AS 17.
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18 (referred to as 'contractual revenue receivables' in these illustrative financial statements).
- e) Loan commitments which are not measured as at FVTPL.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Financial liabilities at amortised costs

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

ASIAN HOTELS (WEST) LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Other financial liabilities that are measured at amortised cost include security deposits taken by the Company.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets.

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

p. Cash dividend to equity holders

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

q. Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders after deducting preference dividend and attributable taxes by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Standards issued but not yet effective

Ind AS 116 – Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17

The Company intends to adopt these standards from 1 April 2019 and is currently in the process of assessing the impact of adoption of this standard which is expected to be significant

2. Company had received show cause cum demand notice of Rs. 515.51 lakhs on October 16, 2012 from Service Tax authorities for the period FY 2007-08 to 2011-12 towards wrong classification of services provided by Hyatt & its affiliates. Department disallowed cenvat credit on Hyatt payments due to wrong classification. Company has filed detailed reply and contesting all the claims with Commissioner of Service Tax. Company has received the favourable order from Commissioner on March 13, 2019 where in demand of Rs. 510.81 lakhs has been dropped and the demand of only Rs. 4.70 lakhs is confirmed. The confirmed demand amount has been paid on March 29, 2019.
3. Company had received notice from Principal Additional Director General, DGPM, Customs on December 27, 2017 towards service tax refund order of Assistant Commissioner amounting Rs. 55.56 lakhs. Cross objection is raised that department issued refund order without examination and finding of unjust enrichment. Vide order dated April 18, 2018 Principal Additional Director General, DGPM set aside the refund order earlier passed by Assistant Commissioner and rejected the sanctioned refund amount of Rs. 55.56 lakhs. The company had filed the appeal with CESTAT on 9th July 2018 against the said order and the hearing is awaited.
4. The Company had received property tax demand of Rs. 569.18 lakhs from Mumbai Municipal Corporate (“MMC”) based on capital value system which is retrospectively from April 01, 2010, out of which, the company had already booked and paid Rs. 302.63 lakhs in the books of accounts pertaining from Financial Year 2010-11 to 2014-15. The Hotels & Restaurant Association (Maharashtra) had filed a writ application in the High Court of Bombay against the new capital value system.

Hon’ble High Court had passed an interim Order on February 24, 2014 directing all petitioners to pay municipal property tax at pre-amended rates plus 50% of the differential tax between ratable value system and capital value system. On April 24, 2019 the Hon’ble High Court issued a final order to strikedown certain capital value rules and directed MMC to re fix the capital value. Till such period interim order of the Hon’ble High Court. will continue to operate.
5. The company had received letter dated December 15, 2017 from Additional Director General of Foreign Trade (DGFT) advising the Company to refund the Served from India Scheme (SFIS) benefit along with applicable interest. Against the show cause notice dated December 19th, 2017 from Directorate of Revenue Intelligence (DRI) seeking the refund of duty of Rs. 1200.21 lakhs towards the SFIS license availed, the Company has received stay order from Hon’ble High Court of Delhi restraining the authorities from proceeding to take any steps to recover the amount till the next date of hearing. The matter was held for hearing on Feb 19, 2018 and April 24, 2018 along with other connected matters on same issue. On both the dates Hon’ble Division Bench did not hold the Court and the matter was listed before the Division Bench on 13th & 20th March, 2019 wherein the learned counsel appearing for the respondents stated that the respondent shall withdraw the recovery notices impugned in listed petitions to await the judgment of the Supreme Court in M/s Cummins Technologies India Pvt. Ltd. v. Union of India and Ors.: SLP(C) No. 28830/2017. The Court further stated that the withdrawal of recovery notices are without prejudice to the rights and contentions of the respondents (Union of India & Ors) including the right to issue a fresh recovery notices, if any.
6. There are numerous interpretative issues relating to the Supreme Court (SC) judgement on PF dated 28th February, 2019. As a matter of caution, the company is depositing provident fund on a prospective basis from the date of the SC order. The company will create provision, on receiving further clarity on the subject.

Investment in subsidiaries and associates are measured at cost as per Ind AS 27, 'Separate financial statements' and hence, not presented here.

B Fair values hierarchy

The fair value of financial instruments as referred to in note (A) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

ASIAN HOTELS (WEST) LIMITED

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

(All amount in Rs. Lakhs, unless otherwise stated)

The management assessed that fair values of current loans, current financial assets, cash and cash equivalents, other bank balances, trade receivables, other receivables, short term borrowings, trade payables and other current financial liabilities approximate their respective carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- (i) Non-current investments, long-term loans and advances and non-current financial liabilities are evaluated by the Company based on parameters such as interest rates, individual creditworthiness of the customer and other market risk factors.
- (ii) The fair values of the Company's fixed interest-bearing liabilities, loans and receivables are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at 31 March 2019 was assessed to be insignificant.
- (iii) All the other long term borrowing facilities availed by the Company are variable rate facilities which are subject to changes in underlying interest rate indices. Further, the credit spread on these facilities are subject to change with changes in Company's creditworthiness. The management believes that the current rate of interest on these loans are in close approximation from market rates applicable to the Company. Therefore, the management estimates that the fair value of these borrowings are approximate to their respective carrying values.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, security deposits taken, employee related payables, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loan to subsidiary, security deposits given, employee advances, trade and other receivables, cash and short-term deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a Risk Management Compliance Board that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include investments, loans and borrowings, deposits and advances.

The sensitivity analysis in the following sections relate to the position as at 31 March 2019 and 31 March 2018.

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of floating to fixed interest rates of the debt and the proportion of financial instruments in foreign currencies are all constant in place at 31 March 2019.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions.

The following assumptions have been made in calculating the sensitivity analysis:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2019 and 31 March 2018..

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Foreign currency risk

The Company is exposed to foreign exchange risk in the normal course of its business. Multiple currency exposures arise from commercial transactions like sales, purchases, borrowings, recognized financial assets and liabilities (monetary items). Certain transactions of the Company act as natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Company adapts the policy of selective hedging based on risk perception of management. Foreign exchange hedging contracts are carried at fair value. Foreign currency exposures that are not hedged by derivative instruments outstanding as on the balance sheet date are as under:

Particulars	As at March 31, 2019		As at March 31, 2018	
	Foreign currency	Amount (Rs. lakhs)	Foreign currency	Amount (Rs. lakhs)
Trade payables				
USD	345,663.00	239.48	463,773.11	301.66

Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the Company's financial assets and financial liabilities at the reporting date, net of derivative contracts for hedging those exposures. Reasonably possible changes are based on an analysis of historic currency volatility, together with any relevant assumptions regarding near-term future volatility.

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables:

Customer credit risk is managed by Company subject to the policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored for any expected default in repayment.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 11. The Company does not hold collateral as security.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

(All amount in Rs. Lakhs, unless otherwise stated)

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2019 and 31 March 2018 is the carrying amounts of the financial instruments.

Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

(All amount in Rs. Lakhs, unless otherwise stated)

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2019 and March 31, 2018.

INDEPENDENT AUDITOR'S REPORT

To the Members of Asian Hotels (West) Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of Asian Hotels (West) Limited Company Limited (hereinafter referred to as "the Holding Company"), its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31 2019, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, their consolidated loss including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of audit procedures performed by us, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Contingent liabilities not provided for <i>(as described in note 38 of the consolidated Ind AS financial statements)</i> : As of March 31, 2019, the Group has disclosed contingent liabilities of Rs. 26.87 crores relating to tax and legal litigations. Taxation, and legal litigation exposures have been identified as a key audit matter due to the tax and legal claims against the Group. There is significant judgement required in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the consolidated Ind AS financial statements. Accordingly, tax and legal litigation exposures was determined to be a key audit matter in our audit of the consolidated Ind AS financial statements.	Our audit procedures included, amongst others: a. Gained an understanding of the process of identification and assessment of tax and legal litigation exposures, and evaluated the design and tested the operating effectiveness of key controls. b. Obtained the Group's taxation and legal litigation cases summary and assessed the management's evaluation of expected tax and legal litigation exposures through assessment of underlying documents and discussions with the Group's management. c. Obtained confirmation, where appropriate, from relevant third party legal counsel and made inquiries with them regarding material cases. Evaluated the objectivity, independence, competence and relevant experience of third party legal counsel. d. Engaged tax specialists to assess management's application and interpretation of tax legislation affecting the Group, and to consider the quantification of exposures in the various tax jurisdictions. e. Checked the adequacy of the disclosures with regard to facts and circumstances of the tax and legal litigations exposures

Deferred tax assets (as described in note 36 of the consolidated Ind AS financial statements) :	
<p>As of March 31, 2019, the consolidated financial statements of the Company include deferred tax assets of Rs. 29.33 crores recorded by the subsidiary company in respect of its brought forward tax losses including unabsorbed depreciation to the extent it is probable that the subsidiary company will generate future taxable profits against which these tax losses can be utilized.</p> <p>We considered this to be a key audit matter because there is significant judgement required to be exercised when deciding whether to recognize a deferred tax asset for tax loss carry forwards as well as when assessing the recoverability of recognized deferred tax assets</p>	<p>Our audit procedures included, amongst others:</p> <ol style="list-style-type: none"> Our audit procedures included the review of the relevant controls established by management for the process followed by the Group for forecasting taxable profit and for assessing the recoverability of the deferred tax assets. In relation to the recoverability of the deferred tax assets, we assessed the future taxable profits, key assumptions used, including their consistency with current year trends. We assessed that the applicable tax rates were taken into account and assessed the duration of the tax loss carryforwards was considered appropriately and performed sensitivity analysis; We assessed the disclosures in respect of the deferred tax asset balances including those disclosures related to significant accounting judgements and estimates.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the

ASIAN HOTELS (WEST) LIMITED

Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;

ASIAN HOTELS (WEST) LIMITED

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF ASIAN HOTELS (WEST) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Asian Hotels (West) Limited as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Asian Hotels (West) Limited (hereinafter referred to as the "Holding Company") and its one subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary company which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Consolidated Financial Statements

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ASIAN HOTELS (WEST) LIMITED

Opinion

In our opinion, the Holding Company and its subsidiary company, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ASIAN HOTELS (WEST) LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

1(A) Corporate information

Asian Hotels (West) Limited (the Company) was incorporated as Chillwinds Hotels Private Limited on January 8, 2007, under the Companies Act, 1956. The Company had entered into a Scheme of Arrangement and Demerger with Asian Hotels Limited pursuant to which Hyatt Regency, Mumbai was transferred to and vested in the Company. The name of the Company was changed to Asian Hotels (West) Limited w.e.f February 12, 2010.

The Company has one subsidiary "Aria Hotels and Consultancy Services Private Limited ("Aria"). The Company and Aria collectively is called "the Group". Aria has entered into Development Agreement, dated July 4, 2009, with Delhi International Airport Private Limited for acquiring Development Rights by way of a license over the specified area at the Airport site for developing, designing, financing, constructing, owning, operating and maintaining an upscale and Luxury hotel property till May 02, 2036 extendable up to May 02, 2066 (in case DIAL's term under Operation, Maintenance and Development Agreement (OMDA) is extended for additional period of 30 years). Aria has to pay an annual License Fee as stipulated in the Agreement. Also, Aria has entered into an "Infrastructure Development and Service Agreement" with DIAL on 4th July, 2009, for the use of infrastructure facilities and services being developed by DIAL. The Hotel has been in Operation since March 1, 2014.

The Company is listed on the National Stock Exchange and Bombay Stock Exchange. The registered office of the Company is located at 6th Floor, Aria Towers, JW Marriott Hotel, Asset Area - 4, Aerocity, Hospitality District, New Delhi - 110037. The consolidated financial statements were approved for issue in accordance with a resolution of the Directors.

1(B) Significant accounting policies

1.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and with Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

1.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as on 31 March 2019. Control is achieved when the group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those return through its power over the investee. Specifically, the Group controls an investee if and only if it has:

- Power over the investee
- Exposure, or rights, to variable returns from its involvement with the investee and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expense of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. Following consolidation procedure is followed:

- a. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.
- b. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Change in the Group's ownership interests in existing subsidiary

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognizes the assets (including goodwill) and liabilities of the subsidiary.
- De-recognizes the carrying amount of any non-controlling interests.
- De-recognizes the cumulative translation differences recorded in equity.
- Recognizes the fair value of the consideration received.
- Recognizes the fair value of any investment retained.
- Recognizes any surplus or deficit in profit or loss.
- Reclassifies the parent's share of components previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

1.3 Summary of significant accounting policies

a. Current versus non-current classification

The Group presents assets and liabilities in the consolidated balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

b. Foreign currencies

The Group's consolidated financial statements are presented in INR, which is also the Group's functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

ASIAN HOTELS (WEST) LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively)

c. Fair value measurement

The Group measures financial instruments, such as, investment in quoted equity shares, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- a) Disclosures for valuation methods, significant estimates and assumptions (Note 29).
- b) Quantitative disclosures of fair value measurement hierarchy (Note 44).
- c) Financial instruments (including those carried at amortised cost) (Note 44).

d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group in exchange for transferring control of goods and services to a customer and the revenue can be reliably measured, regardless of when the payment is being made. Effective April, 2018, the Group has applied Ind AS 115 which replaced Ind AS 18 revenue recognition. Revenue is measured at the fair value of the consideration received or receivable and net of rebates, Value Added Taxes, Goods and Service Tax and Loyalty Reward Points. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Rendering of services

Revenue from rendering of hospitality services is recognised when the related services are rendered.

Rooms, food, beverages, banquet and other services

Income from guest accommodation is recognized on a day to day basis after the guest checks into the Hotel and are stated net of allowances. Sale of food and beverages are recognized at the point of serving these items to the guests. Revenue from other

ASIAN HOTELS (WEST) LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

services are recognized as and when services are rendered. The group collects service tax, value added tax (VAT) and luxury tax on behalf of guests, and therefore, these are not economic benefits flowing to the group, hence, these are excluded from revenue.

Income from other allied services

In relation to laundry income, communication income, airport transfers income and other allied services, the revenue has been recognized by reference to the time of services rendered.

Interest income

For all financial instruments measured either at amortised cost or fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

License fee

License fee from sub license rights are recognised on accrual basis over the period of space / sub licensing agreement.

e. Government grants

Government grants are recognised on accrual basis. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

If the grant received is to compensate the import cost of assets, and is subject to an export obligation as prescribed in the EPCG scheme, then the recognition of the grant would be linked to fulfilment of the associated export obligations.

f. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

ASIAN HOTELS (WEST) LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

g. Property, Plant and Equipment

Recognition and Measurement

Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment loss, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss within other income.

Depreciation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Type of asset	Useful lives estimated by the management (years)
Main building (RCC)	Upto 60 years
Main building (Non-RCC)	30 years
Components in Building (Roads)	10 years
Plant and machinery	Upto 15 years
Electrical installations and equipment	15 years*
Vehicles used in business of running them on hire	6 years
Vehicles other than those used in a business of running them on hire	8 years
Office equipment	5-10 years*
Computers and data processing units:	
(a) Servers and networks	(a) 6 years
(b) End user devices such as desktops, laptops, etc.	(b) 3 years
Furniture and fittings	8 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

*The management, based on technical assessment of internal experts, has estimated the life of Electrical installations and equipment as fifteen years, office equipments as five to ten years and accordingly, such assets are depreciated over the life of asset which is more than the life prescribed under the schedule II of the Companies Act, 2013.

h. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

ASIAN HOTELS (WEST) LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible asset consist of Computer software in these financial statements which has been amortized as follows:

Intangible assets	Useful lives	Amortisation method used	Internally generated or acquired
Computer software	Finite (6 years)	Amortised on a straight-line basis over the period *	Acquired

i. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

j. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2016, the group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Group as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the group is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Group as a lessor

Leases in which the group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

k. Inventories

Inventories of food and beverages, liquor / wine & smokes and other operating supplies are valued at the lower of cost and net realisable value. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

i. Impairment of non-financial assets

The group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other fair value indicators.

The group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

m. Provisions and Contingent Liabilities

General

Provisions are recognised when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the financial statements.

n. Retirement and other employee benefits

Defined Contribution

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

Defined Benefits

The Group operates a defined benefit gratuity plan in India wherein the cost of providing benefits under this obligation is determined on the basis of actuarial valuation at each year-end, which is carried out using the projected unit credit method.

Actuarial gains and losses are recognised immediately in the consolidated balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

subsequent periods.

Remeasurement gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past Service Cost are recognized in profit or loss on the either of:

- The date of the plan amendment or curtailment, and date that the group recognizes related restructuring costs.
- The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The group recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Other long term employees benefits

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the consolidated statement of profit and loss and are not deferred. The Group presents the leave as a current liability in the consolidated balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Group has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

o. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which IND AS 103 applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 17
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18 (referred to as 'contractual revenue receivables' in these illustrative financial statements)
- e) Loan commitments which are not measured as at FVTPL

The group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

For recognition of impairment loss on other financial assets and risk exposure, the group determines that whether there has been a significant increase in the credit risk since initial recognition.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Financial liabilities at amortised costs

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. Other financial liabilities that are measured at amortised cost include security deposits taken by the Group.

Financial guarantee contracts

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

p. Cash and cash equivalents

Cash and cash equivalents in the consolidated balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

q. Cash dividend to equity holders

The Group recognises a liability to make cash or non-cash distributions to equity holders of the Group when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

r. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders after deducting preference dividend and attributable taxes by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Standards issued but not yet effective

Ind AS 116 – Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17

The Group intends to adopt these standards from 1 April 2019 and is currently in the process of assessing the impact of adoption of this standard which is expected to be significant

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Footnotes:

1. The Holding Company had received show cause cum demand notice of Rs. 515.51 lakhs on October 16, 2012 from Service Tax authorities for the period FY 2007-08 to 2011-12 towards wrong classification of services provided by Hyatt & its affiliates. Department disallowed cenvat credit on Hyatt payments due to wrong classification. Holding Company had filed detailed reply and contesting all the claims with Commissioner of Service Tax. The Holding Company had received the favourable order from Commissioner on March 13, 2019 where in demand of Rs. 510.81 lakhs had been dropped and the demand of only Rs. 4.70 lakhs is confirmed. The confirmed demand amount had been paid on March 29, 2019.
2. The Holding Company had received notice from Principal Additional Director General, DGPM, Customs on December 27, 2017 towards service tax refund order of Assistant Commissioner amounting Rs. 55.56 lakhs. Cross objection is raised that department issued refund order without examination and finding of unjust enrichment. Vide order dated April 18, 2018 Principal Additional Director General, DGPM set aside the refund order earlier passed by Assistant Commissioner and rejected the sanctioned refund amount of Rs. 55.56 lakhs. The Holding Company had filed the appeal with CESTAT on 9th July 2018 against the said order and the hearing is awaited.
3. The Holding Company had received property tax demand of Rs. 569.18 lakhs from Mumbai Municipal Corporation ("MMC") based on capital value system which is retrospectively from April 01, 2010, out of which, the holding company have already booked and paid Rs. 302.63 lakhs in the books of accounts pertaining from Financial Year 2010-11 to 2014-15. The Hotels & Restaurant Association (Maharashtra) had filed a writ application in the High Court of Bombay against the new capital value system.

Hon'ble High Court had passed an interim Order on February 24, 2014 directing all petitioners to pay municipal property tax at pre-amended rates plus 50% of the differential tax between ratable value system and capital value system. On April 24, 2019 the Hon'ble High Court issued a final order to strikedown certain capital value rules and directed MMC to re fix the capital value till such period interim order of the Hon'ble High Court. will continue to operate.

The subsidiary company had received Property Tax demand for the period 2009-10 to 2013-14 from South Delhi Municipal Corporation (SDMC) on 23/12/2013. The subsidiary company had challenged the said demand and had filed an appeal with the Hon'ble High Court of Delhi, inter alia on grounds of the jurisdiction of the SDMC and non provision of the infrastructural services by the said authority. Based on interim order of the Hon'ble High Court of Delhi, the subsidiary Company had paid and charged off Rs.41,115,435 (31 March 2018- Rs 33,911,689/- during previous year) for the period July 2009 to March 2019 at the tax rate of 10%.

However, during the earlier year, the SDMC raised the demand at the tax rate of 20%. Accordingly, differential amount of Rs. 41,034,016 (March 31, 2018- Rs 33,830,270/-) (excluding interest at the rate of 1% per month which is leviable as per demand notice and will be finalised on the conclusion of assessment) for the period July 2009 to March 2019 is considered as contingent liability.

4. The holding Company had received letter dated December 15, 2017 from Additional Director General of Foreign Trade (DGFT) advising the holding Company to refund the Served from India Scheme (SFIS) benefit along with applicable interest. Against the show cause notice dated December 19th, 2017 from Directorate of Revenue Intelligence (DRI) seeking the refund of duty of Rs. 1200.21 lakhs towards the SFIS licenses availed, the holding Company had received stay order from Hon'ble High Court of Delhi restraining the authorities from proceeding to take any steps to recover the amount till the next date of hearing. The matter was held for hearing on Feb 19, 2018 and April 24, 2018 along with other connected matters on same issue. On both the dates Hon'ble Division Bench did not hold the Court and the matter was listed before the Division Bench on 13th & 20th March, 2019 wherein the learned counsel appearing for the respondents stated that the respondent shall withdraw the recovery notices impugned in listed petitions to await the judgment of the Supreme Court in M/s Cummins Technologies India Pvt. Ltd. v. Union of India and Ors.: SLP(C) No. 28830/2017. The Court further stated that the withdrawal of recovery notices are without prejudice to the rights and contentions of the respondents (Union of India & Ors) including the right to issue a fresh recovery notices, if any.

The subsidiary Company had received letter dated December 29, 2017 from Additional Director General of Foreign Trade (DGFT) advising the subsidiary company to refund the Served from India Scheme (SFIS) benefit along with applicable interest. Against the show cause notice dated December 29th, 2017 from Additional Director General of Foreign Trade (DGFT) seeking the refund of duty of Rs. 477.90 lakhs towards the SFIS licenses availed, the subsidiary company has received stay order from Hon'ble High Court of Delhi restraining the authorities from proceeding to take any steps to recover the amount till the next date of hearing. Trade payables	25	3,455.89	2,662.05
Total		84,876.59	80,962.86

B Fair values hierarchy

The fair value of financial instruments as referred to in note (A) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The management assessed that fair values of current loans, current financial assets, cash and cash equivalents, other bank balances, trade receivables, other receivables, short term borrowings, trade payables and other current financial liabilities approximate their respective carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- (i) long-term loans and advances and non-current financial liabilities are evaluated by the Group based on parameters such as interest rates, individual creditworthiness of the customer and other market risk factors.
- (ii) The fair values of the Group's fixed interest-bearing liabilities, loans and receivables are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at 31 March 2019 was assessed to be insignificant.
- (iii) All the other long term borrowing facilities availed by the Group are variable rate facilities which are subject to changes in underlying interest rate indices. Further, the credit spread on these facilities are subject to change with changes in Group's creditworthiness. The management believes that the current rate of interest on these loans are in close approximation from market rates applicable to the Group. Therefore, the management estimates that the fair value of these borrowings are approximate to their respective carrying values.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, security deposits taken, employee related payables, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's

ASIAN HOTELS (WEST) LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

principal financial assets include investments, loan to subsidiary, security deposits given, employee advances, trade and other receivables, cash and short-term deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a Risk Management Compliance Board that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include investments, loans and borrowings, deposits and advances.

The sensitivity analysis in the following sections relate to the position as at 31 March 2019 and 31 March 2018.

The sensitivity analysis have been prepared on the basis that the amount of net debt, the ratio of floating to fixed interest rates of the debt and the proportion of financial instruments in foreign currencies are all constant in place at 31 March 2019.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions.

The following assumptions have been made in calculating the sensitivity analysis:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2019 and 31 March 2018..

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

	-50%	380.64
31-Mar-18	+50%	-377.26
	-50%	377.26

Foreign currency risk

The Group is exposed to foreign exchange risk in the normal course of its business. Multiple currency exposures arise from commercial transactions like sales, purchases, borrowings, recognized financial assets and liabilities (monetary items). Certain transactions of the Group act as natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Group adapts the policy of selective hedging based on risk perception of management. Foreign exchange hedging contracts are carried at fair value. Foreign currency exposures that are not hedged by derivative instruments outstanding as on the balance sheet date are as under:

Particulars	As at March 31, 2019		As at March 31, 2018	
	Foreign currency	Amount (Rs. lakhs)	Foreign currency	Amount (Rs. lakhs)

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group exposure to the risk of changes in foreign exchange rates relates primarily to the Group operating activities.

Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables:

Customer credit risk is managed by company subject to the policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored for any expected default in repayment.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 11. The Company does not hold collateral as security.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2019 and 31 March 2018 is the carrying amounts of the financial instruments.

Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

45 Capital management

For the purpose of the Group's capital management, capital includes issued equity share capital, preference share capital and all other equity reserves attributable to the shareholders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio between 43% and 48%. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables and cash and cash equivalents.

Particulars	As at	As at
	March 31, 2019	March 31, 2018
Total outstanding liability	99,045.60	95,237.28
Less : Cash and Cash equivalents	1,227.99	2,781.38
Net outstanding liability (A)	97,817.61	92,455.90
Total net worth (B)	12,187.44	12,535.05
Gearing ratio (A)/(A+B) (%)	88.92%	88.06%

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2019 and March 31, 2018.

The number and/or price of Securities shall be appropriately adjusted for corporate actions such as bonus, rights issue, stock split, merger, demerger, transfer of undertaking, sale of division or any such capital or corporate restructuring.

RESOLVED FURTHER THAT if any issue of Securities is made by way of QIP in terms of Chapter VI of the SEBI ICDR Regulations (hereinafter referred to as "Eligible Securities" within the meaning of the SEBI ICDR Regulations), the allotment of Eligible Securities, or any combination thereof as may be decided by the Board shall be completed within 12 (Twelve) months from the date of approval of the shareholders of the Company by way of special resolution for approving QIP or such other time as may be allowed under the SEBI ICDR Regulations at a price not less than the price determined in accordance with the pricing formula provided under Chapter VI of the SEBI ICDR Regulations, provided that the Board may, in accordance with the applicable law, offer a discount of not more than 5% or such percentage as permitted under applicable law on such price determined in accordance with the pricing formula provided under Chapter VI of the SEBI ICDR Regulations. The Eligible Securities shall be allotted on a fully paid basis (subject to allottees having the option to pay either full or part consideration for warrants, with the balance consideration being payable at or by the time of exercise of such warrants, where the tenure of any convertible or exchangeable Eligible Securities shall not exceed 60 months from the date of the allotment), and the aggregate of all QIPs made by the Company in the same financial year shall not exceed five times the net worth of the Company as per the audited balance sheet of the previous year.

RESOLVED FURTHER THAT in the event that the Equity Shares are issued to QIBs under Chapter VI of the SEBI ICDR Regulations, the "relevant date" for the purpose of pricing of the Equity Shares shall be the date of the meeting in which the Board decided to open the proposed issue of the Equity Shares and in the event that convertible securities (as defined under the SEBI ICDR Regulations) are issued to QIBs under Chapter VI of the SEBI ICDR Regulations, the "relevant date" for the purpose of pricing of such securities, shall be the date of the meeting in which the Board/ (including committee of the Board) decides to open the issue of such convertible securities or the date on which the holders of such other time as may be permitted by the SEBI ICDR Regulations, subject to any relevant provisions of applicable laws, rules, regulations as amended from time to time, in relation to the proposed issue of the convertible securities.

RESOLVED FURTHER THAT the relevant date for the determination of the applicable price for the issue of any other Securities shall be as per the regulations/guidelines prescribed by the SEBI, the Ministry of Finance, the RBI, the GOI through their various departments, or any other regulator, as the case may be, and the pricing of any Equity Shares issued upon the conversion of such Securities shall be made subject to and in compliance with the applicable rules and regulations.

RESOLVED FURTHER THAT in pursuance of the aforesaid resolutions:

- a) the Securities to be so offered, issued and allotted shall be subject to the provisions of the Memorandum and Articles of Association of the Company; and
- b) Any Equity Shares that may be created, offered, issued and allotted by the Company shall rank paripassu with the existing Equity Shares of the Company in all respects.

RESOLVED FURTHER THAT without prejudice to the generality of the above, subject to the applicable laws, rules, regulations and guidelines and subject to the approvals, consents and permissions, if any, of the governmental body, authority or regulatory institution including any conditions as may be prescribed in granting such approvals, consents or permissions by such governmental authority or regulatory institution, the aforesaid Securities may have such features and attributes or any terms or combination of terms that provide for the tradability and free transferability thereof in accordance with the prevailing practices in the capital markets including but not limited to the terms and conditions for issue of additional Securities and the Board be and is hereby authorized in its absolute discretion in such manner as it may deem fit, to dispose of such Securities that are not subscribed.

RESOLVED FURTHER THAT the Board be and is hereby authorized to issue and allot such number of Equity Shares as may be required to be issued and allotted upon the conversion of any Securities or as may be necessary in accordance with the terms of the offering, all such Equity Shares ranking paripassu with the existing Equity Shares in all respect.

RESOLVED FURTHER THAT in addition to all applicable Indian laws, the Securities issued pursuant to this Resolution shall also be governed by all applicable laws of any foreign jurisdiction where such Securities are proposed to be marketed or listed, or that may in any other manner apply in this relation.

RESOLVED FURTHER THAT for the purpose of giving effect to the resolutions described above, the Board or any Committee of Board thereof be and is hereby authorized on behalf of the Company to do all such acts, deeds, matters and things including but not limited to finalization and approval of the preliminary as well as final offer document(s), determining the form and manner of the issue, including the class of investors whom the Securities are to be issued and allotted, number of Securities to be allotted, issue price, face value, discounts permitted under the applicable law (now or hereafter), premium amount on issue/conversion of the Securities, if any, rate of interest, execution of various agreements, deeds, instruments, and other documents, including the private placement offer letter, creation of mortgage/charge in accordance with the provision of the Companies Act in respect of any Securities as may be required either on paripassu basis or otherwise, as it may in its absolute discretion deem fit, necessary, proper or desirable, and to give instructions or directions and to settle all questions, difficulties or doubts that may arise in regard to the issue, offer or allotment of Securities and utilization of the issue proceeds and to accept and to give effect to such modifications, changes variations, alterations, deletions, additions as regards the terms and conditions as may be required by the SEBI, the ROC, the lead managers, or other authorities or agencies involved in or concerned with the issue of Securities and as the Board or Committee thereof may in its absolute discretion deem fit and proper in the best interest of the Company without being required to seek any further consent or approval of the members or otherwise, and that all or any of the powers conferred on the Company and the Board pursuant to this Resolution may be exercised by the Board or Committee thereof as the Board has constituted or may constitute in this behalf, to the end and intent that the members shall be deemed to have given their approval thereto expressly by the authority of this Resolution, and all actions taken by the Board or any committee constituted by the Board to exercise its powers, in connection with any matter(s) referred to or contemplated in any of the foregoing resolutions be and are hereby approved, ratified and confirmed in all respects.

Explanatory Statement Pursuant to Section 102(1) of the Companies Act, 2013

ITEM NO. 4

Pursuant to the provisions of Sections 149, 150, 152 and Schedule IV of the Companies Act, 2013 read with rules thereunder, Mrs. Meeta Makhan, (hereinafter referred as the Appointee) was appointed as Independent Director of the Company for a period of five years upto March, 31, 2020. Since, the appointee will complete her initial term as Independent Director of the Company on March 31, 2020, she is eligible for re-appointment for one more term as per Section 149 of the Companies Act, 2013. Nomination and Remuneration Committee after carrying a detailed performance evaluation of the appointee (in its meeting held on 21st May, 2019) has found her performance as satisfactory and has recommended her re-appointment to the Board for the second term as provided in the resolution.

The Company has received a declaration from her confirming that she meets the criteria of Independence as prescribed under Section 149(6) of the Companies Act, 2013 and as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Board, she fulfils the conditions specified in the Companies Act. A copy of the draft letter for her re-appointment setting out the terms and conditions is available for inspection at the Registered Office of the Company on all working days between 11.00 a.m. and 1.00 p.m. upto the date of AGM and will also be available for inspection at the venue of the AGM.

In terms of Section 160 of the Companies Act, 2013, the Company has received a notice in writing from a member proposing the candidature of the appointee to be re-appointed as Independent Director as per the provisions of the Companies Act, 2013. Brief profile of the appointee is enclosed and detailed profile is available on www.asianhotelswest.com.

The Board considers that her continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mrs Meeta Makhan. Accordingly, the Board recommends the passing of resolution set out in Item No. 4 as a Special Resolution. Except Mrs. Meeta Makhan, to the extent of her shareholding, if any, none of the Directors or Key Managerial Personnel of the Company and their relatives, are in any way concerned or interested, financially or otherwise, in the resolution as set out in item no. 4 of the Notice.

ITEM NO 5 to 7

The members may note that in the 7th Annual General Meeting of the Company (held on 20th September, 2014), the members of the Company had re-appointed Mr. Sushil Kumar Gupta as Managing Director of the Company, for a period of five years w.e.f. 1st November, 2014 to 31st October, 2019 and in the same AGM members re-appointed Mr. Sudhir Gupta and Mr. Sandeep Gupta as Executive (Whole-time) Directors of the Company, for a period of five year w.e.f. 10th May, 2015 to 9th May, 2020.

The Board proposes to reappoint Mr. Sushil Kumar Gupta, as Managing Director of the Company for a further period of five years (effective 01st November, 2019 to 31st October, 2024) and Mr. Sudhir Gupta and Mr. Sandeep Gupta as Executive (Whole-time) Directors of the Company for a further period of five years (effective 10th May, 2020 to 9th May, 2025).

Your Company under the leadership of Mr. Sushil Kumar Gupta, Mr. Sudhir Gupta and Mr. Sandeep Gupta transformed from a Company having one Luxury Hotel Property at Mumbai to a Hotel group having approx 1000 Rooms Group Company, having presence in Delhi and Mumbai. **The Company, through its Subsidiary, has set up 5 Star deluxe Hotel under the Brand J W Marriott at New Delhi, Near IGI Airport, New Delhi in 2013.**

It is expected that the profits of the company may be inadequate in the current and ensuing financial years, to pay the remuneration to aforesaid Directors. Considering their key role in the growth of the company in terms of turnover and profits and keeping in view of the requirement to maintain the compensation levels in line with the industry standards, and in anticipation of inadequate profits, the approval of the shareholders is being sought by way of Special Resolution for the appointment and payment of remuneration to Mr. Sushil Kumar Gupta, Managing Director; Mr. Sudhir Gupta, Executive (Whole-time) Director and Mr. Sandeep Gupta, Executive (Whole-time) Director of the Company, in compliance with limits laid down in Section II of Part II of Schedule V to the Companies Act, 2013.

Further Section 196 read with Schedule V of the Act provides that no company shall appoint any person as managing director, who has attained the age of 70 years, unless his appointment is approved by a special resolution. As Mr. Sushil Kumar Gupta has attained the age of 75 years, hence it is intended to seek approval of the members through special resolution to comply with the relevant provisions of the Act.

Further Mr. Sushil Kumar Gupta, Mr. Sudhir Gupta and Mr. Sandeep Gupta shall not be entitled to any sitting fees for attending Board/Committee Meetings of the Company.

Accordingly, the following special resolution(s) for re-appointment for period of 5 years and payment of the minimum remuneration (for period of 3 Years only) are placed before the shareholders for approval:

- (i) Mr. Sushil Kumar Gupta, Managing Director for the period from 01st November, 2019 to 31st October, 2024.
- (ii) Mr. Sudhir Gupta, Executive (Whole-time) Director for the period from 10th May, 2020 to 9th May, 2025.
- (iii) Mr. Sandeep Gupta, Executive (Whole-time) Director for the period from 10th May, 2020 to 9th May, 2025.

None of the Directors / Key Managerial Personnel of the Company / their relatives, other than Mr. Sushil Kumar Gupta, Mr. Sudhir Gupta and Mr. Sandeep Gupta, are in any way, concerned or interested, financially or otherwise, in the Special Resolution set out at Item No. 5-7 of the Notice.

The details of the appointment and remuneration as set out in the resolution may be regarded as an abstract of the terms and conditions and memorandum of concern or interest for the purpose of Section 196, 197 read with Schedule V of the Companies Act, 2013 and the requirements of the said Act may be deemed to have been sufficiently complied with.

Further, a statement containing required information as per section II of Part II of Schedule V of the Companies Act, 2013 is annexed herewith which forms part of this Explanatory Statement.
