Kochi, July 25 , 2013:

Muthoot Finance Ltd, the largest gold financing company in India in terms of loan portfolio, declared a net profit of Rs.194crs in the first quarter of FY14. Total income stood at Rs.1286crs. The company's standard asset provisioning stands at 0.31% at the end of the quarter against regulatory requirement of 0.25% .

Commenting on the results M G George Muthoot, Chairman stated "The company has delivered a stable performance in the quarter ended 30th June 2013 in an atmosphere marked by sharp fall in gold prices and consequent adverse perception about the gold loan sector. The quarter saw company taking sustained steps to address the fallout of sliding gold prices by restructuring the product portfolio and reinforcing risk management practices. The results of the quarter do reflect the pro-active steps taken by the company.

On the banking licence application he said “Considering our network in rural and semi-urban areas and experience gained in these areas , we are best positioned to deliver the last mile connectivity. We are ideally looking at going for next stage of growth through banking model which has its own advantages and disadvantages. Since advantages over weigh disadvantages , we look at strongly presenting our case before the regulators.”

Speaking on the occasion George Alexander Muthoot , Managing Director said “ Though there was a decline in loan portfolio by about 2% , the gold holding increased from 134tonnes as of March 2013 to 137tonnes as of June 2013 which indicates there is continued strong interest in the product inspite of fall in prices. The outstanding loan accounts increased from 63lakh loan accounts as at 31st March 2013 to 65lakh loan accounts as at 30th June 2013.We feel that demand continues to be robust. The YoY decline in profits during the quarter was on account of stagnation in loan growth and lower yield on liquidated loan accounts while expenses remaining high on account of lenders continuing the higher level interest and administrative expenses going up on account of addition of branches in the last one year.
