**Sub: Clarification with regards to the Earnings Release in connection with the Audited Financial Results (Standalone and Consolidated) of the Company for the quarter and financial year ended March 31, 2023**

Dear Sir/Madam,

With reference to the captioned subject, kindly note that in the Earnings Release in connection with the Audited Financial Results (Standalone and Consolidated) of the Company for the quarter and financial year ended March 31, 2023 ("Earnings Release"), there has been a typographical error.

Under the head "FY23 Performance", it should be read as "Adjusted EBITDA margins improved from 26.7% to 28.7%". Accordingly, the updated Earnings Release is enclosed for records.

We confirm that except as referred above there is no other change in the aforesaid Earnings Release.

Kindly take the above on record and oblige.

Thanking You,  
Yours Sincerely,

For AGS Transact Technologies Limited

**Commenting on the performance Mr. Ravi B. Goyal, Chairman and MD, AGS Transact Technologies Limited said,** *“The performance for this quarter and full-year period has been muted due to external challenges and some delays in execution. For the quarter, our total income from revenue grew by 7% YoY. From an annual performance point of view, our total income from revenue fell by 5%. However, the PAT turned a leaf - from a loss of Rs. 825 Mn in FY22, we recorded a profit of Rs. 370 Mn. This is predominantly due to the reduced finance costs, change in revenue mix and improved cost rationalization.*

*During FY23, we have consciously moved towards a greater service mix with higher margins and are moving away from value dilutive businesses to unlock higher returns. These changes in our revenue mix are expected to improve our margins and help streamline our business lines. We have taken a provision of Rs.387 Mn in this quarter on account of certain aged receivables.*

*On the order book front, integration of the recently won order of 8,000 ATMs/CRMs under Managed Services Portfolio, is on track. We will continue to strengthen our order book in the coming quarters, based on rising trend of banks outsourcing ATM/CRM management. Additionally, the MHA guidelines and cassette swapping across ATM/CRM network will provide added revenue generating opportunities for our outsource and cash management business.*

*The Cash Management Market is poised for a strong growth over the next few years. As of FY23, the ATM Cash Management, Retail Cash Management and Dedicated Cash-in-transit Vans market cumulatively amounted to 3,920 crores and is expected to reach Rs. 7,900 crores by FY27. The cash in circulation now stands at Rs. 33.5 trillion, up from Rs. 31.5 trillion at the end of FY22 and Rs. 28.5 trillion at the end of FY21. This increase is in line with our commentary over the past few quarters and we are confident of the trend continuing, which will fuel the growth trajectory of the ATM/CRM network in the country.*

*On the overall strategy front, we aim to optimize our business lines, rationalize our costs by focusing on areas of strategic importance and therefore improve our unit economics significantly. From digital payments standpoint, we are leveraging our digital payment platform Ongo to provide payment-as-a-convenience to corporates, merchants and consumers through our complete portfolio mix entailing all-in-one Ongo POS and Value-added Services (VAS) like prepaid or loyalty programs.”*
