QUANTUM LEAP

If there is one thing that can be isolated as an element that has helped progress or bring paradigm changes in human evolution, it has to be Knowledge. And the key to absorbing the ever changing knowledge is education. Quality education is not only the key to a better future, but also a success mantra for civilised and prosperous society. It helps a nation to take a quantum leap in terms of economy and transformation of its society.

We, at Zee learn, are an advocate of this belief and have continuously endeavoured to bring a positive change in the Indian education sector through our innovative educational tools. We have been leading from the front and providing quality and world class education, starting from the Early Childhood Care and Education (ECCE) to K-12 school education to shape the individual's skills and make them future ready. We are spreading the light of education through our Kidzees, where our focus is to bring the curiosity and love of learning as the first stepping stone of a child's lifelong education process; and Mount Litera Zee Schools that is empowering the youth. We have stepped beyond the realm of K-12 to vocational and professional training through Zee Institute of Media Arts (ZIMA), Zee Institute of Creative Art (ZICA) and Zee Institute of Teaching Arts (ZITA). Looking at continuing our philosophy of providing world class and quality education beyond the schools, we took another quantum leap in the corporate world where we have introduced our Liberium division. The division's aim is to support corporate to focus on their core business and offer them the entire gamut of the HR responsibility, including payroll processing, recruitment, training, etc.

We have also acquired MT Educare Ltd., a coveted name in the education sector, to add to our existing educational offering. This is indeed an ideal marriage of two players who have revolutionised the education domain.

Some of our progressive approaches towards education including ImaGenie+, ImaGenie, Kidzee Learning Tablet that touches all age groups, right from preschoolers to adolescents and youth. Our offerings are not only helping students but also increasing parent's awareness about the nature of quality education.

Importantly, we continue to take our latest education tools to the Tier II and Tier III cities, a quantum leap in propagating education in areas which remained untouched before.

Education is the passport to the future; for tomorrow belongs to those who prepare for it today
- Malcolm X

QUANTUM LEAP... IN TECHNOLOGY

In our endeavour to provide high quality education to students in Preschools, K-12 schools and beyond, we envision a key role played by technology to transform education. Over the past many years, we have continued to build on our education knowledge base and added a layer of technology to effectively address learning needs at all levels. This has often brought a disruption in the areas where we operate and helped us race ahead of competition. The Company is the first in the Indian preschool segment to integrate Augmented Reality in learning with our ImaGenie offering for preschoolers and helping

the young learners to progress quickly and yet at their own pace along with higher engagement levels. Again, leveraging technology, our new product, 'Spell-English', under the ImaGenie+ umbrella provides an immersive language learning experience for the child. Importantly, our investment in technology has helped us to make the experience a holistic one as the programme encourages higher involvement of the parent, which ensures higher quality time for the child and fostering a positive experience around learning. With the acquisition of MT Educare, its technology offering, Robomate+, will improve face-to-face classroom training courses and provide online methodology for reaching students across geographies, not restricted to Indian boundaries.

Slowly and steadily, technology is taking over the entire education domain and we are confident that with our quantum leap in technology, as we become a torch-bearer in the high growth edutech market in India and beyond and offer the best engaging content to our students.

QUANTUM LEAP... FOR THE FUTURE

The Company has a strong presence in the Preschools and K-12 offerings through Kidzee and Mount Litera Zee Schools. For an above average growth, it is important for us to increase our footprint across the other segments in the education sector. While ZIMA and ZICA have helped us, the Company has been conspicuous by its absence in the high growth tutorial & test preparation and the government supported skill & vocational training segments.

Our acquisition of MT Educare Ltd. is in line with our vision to expand in these fast growing areas. MT Educare Ltd. has built a solid reputation in the education sector over the past 3 decades and will open doors for the Company in the test preparation/tutorials segment through MT Educare's other brands like Mahesh Tutorials, Lakshya and Chitale classes. MT Educare's significant presence in government supported skill and vocational training segment will help the Company to make rapid inroads in this segment. More importantly, we will cross pollinate technology and high quality teaching resources to the students of Mount Litera who will have access to very high-end content, curriculum, tutorials and test preparation opportunities giving a significant boost to the academic achievements of the schools in our network.

With the acquisition, we have taken a quantum leap towards a fast paced future as our combined education offerings would reach around 3.50 lakhs students, making the Company one of the biggest education companies globally in terms of number of students served.

THE WORLD OF ZEE LEARN

India's leading company in the education segment, Zee Learn provides a high-quality pedagogy starting from preschool till class 12. The Company also provides professional education in TV, Film training and Classical and Digital animation. Leveraging its years of experience in the education sector, the Company supports other schools to help improve their student outcomes and efficiency through structured school audits.

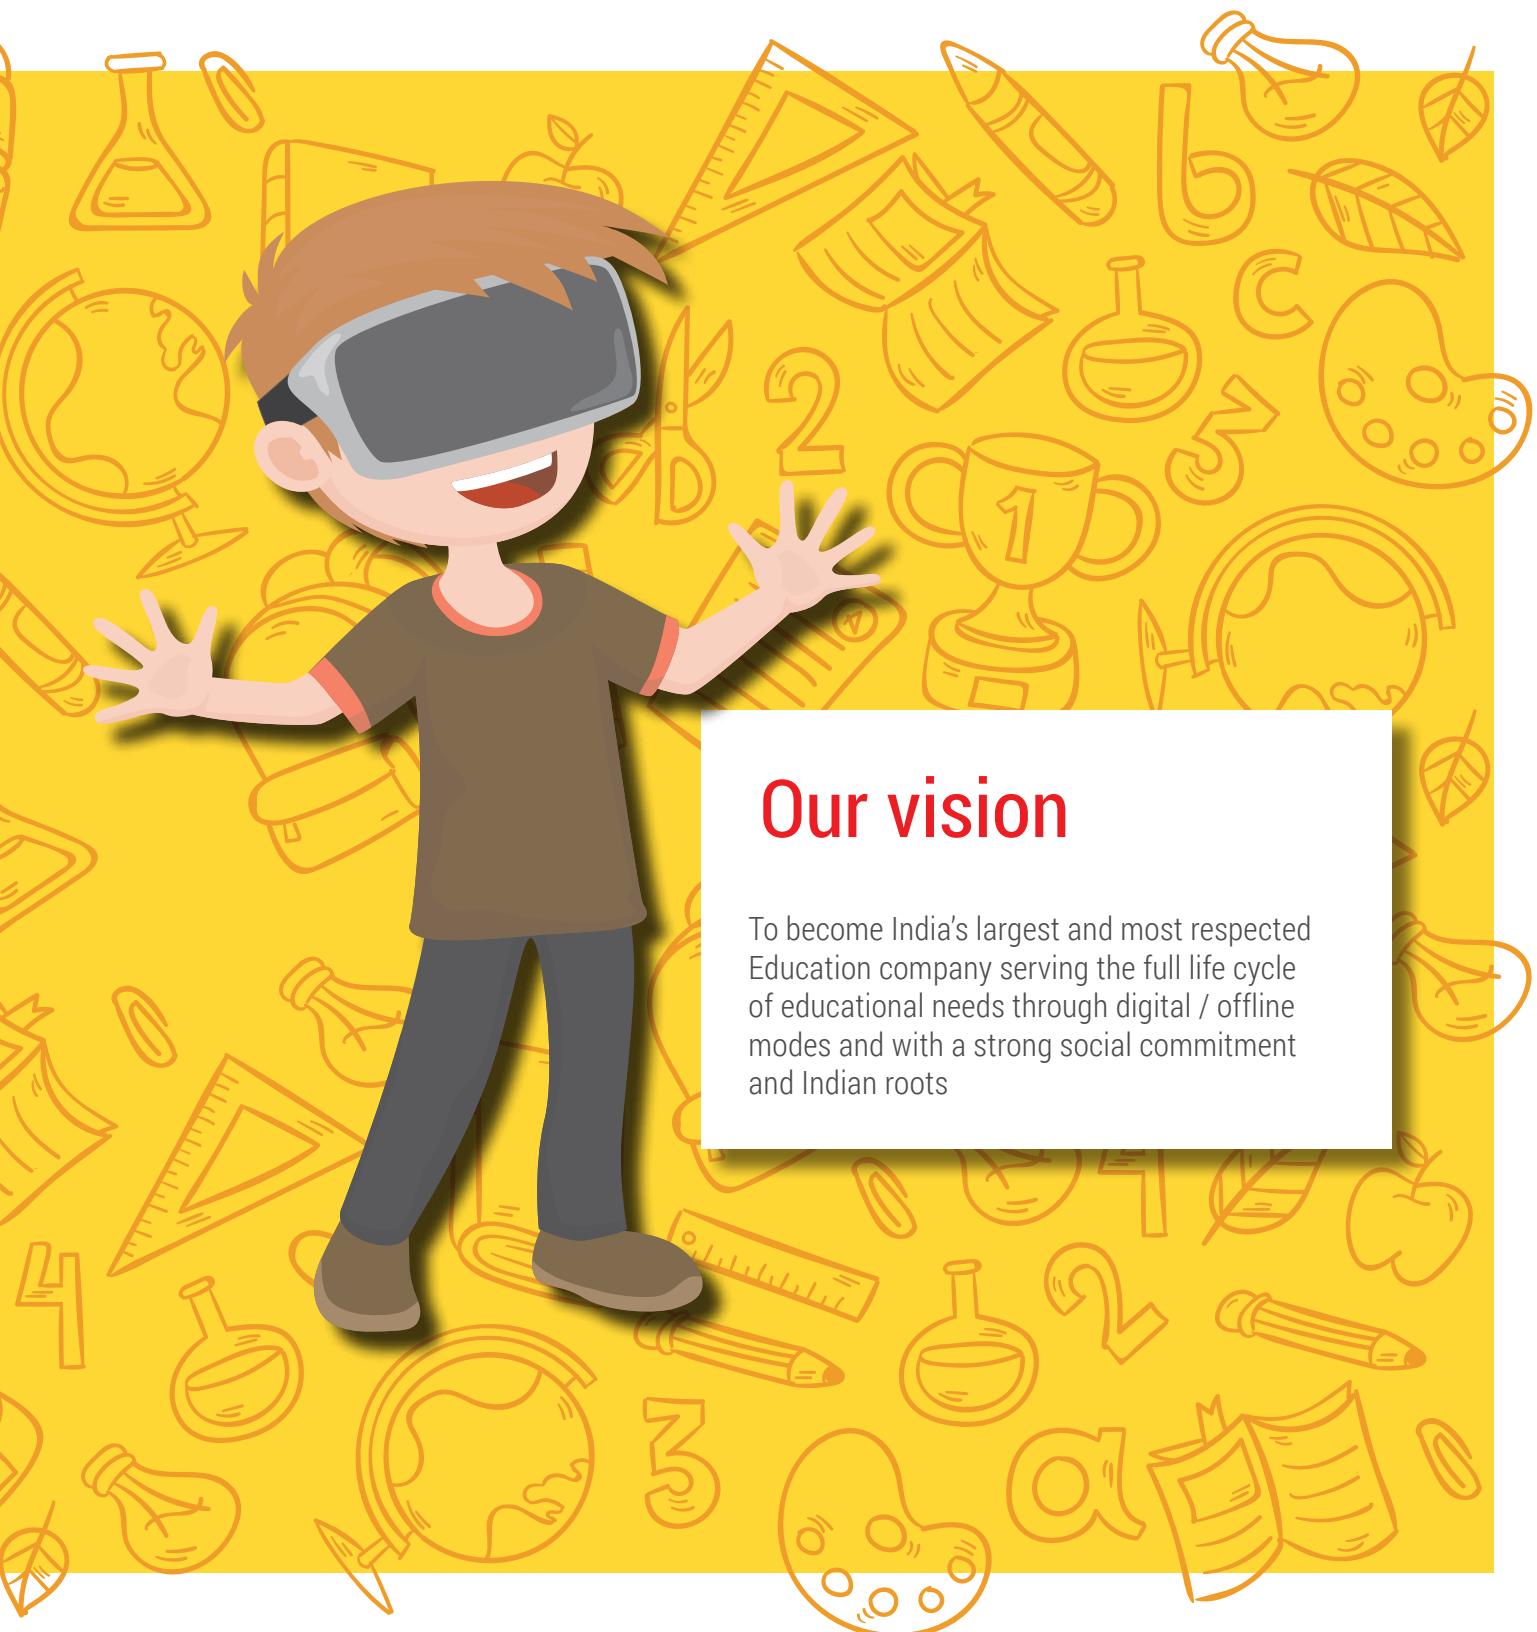

The Company has multiple brands catering to the diverse educational needs. With close to 122 schools in 100+ cities, the Company provides management support to Mount Litera Zee School chains, which is India's highly awarded fastest growing chain of K-12 schools. The Company has made an indelible mark in the preschooling segment with its pioneering efforts, Kidzee. Currently, there are over 1825 preschools in over 750 cities across India and the neighbouring country, and it has the distinction of being one of Asia's leading chain of the preschool network.

The Company endeavours to provide high-quality and world-class vocational education with its twin initiatives of Zee Institute of Media Arts (ZIMA) and Zee Institute of Creative Art (ZICA). ZIMA, a TV and Film training institute, offering courses in Direction, Acting, Sound, Editing, Production and Cinematography. ZICA is the nation's first full-fledged Classical and Digital Animation training academy and has a network in over 14 cities across the country.

Zee Learn is enabling other schools to improve their student outcomes with a comprehensive audit through the Zee Learn School Innovations program. The Company identifies the key gap and improvement areas and advice the schools to take corrective actions so that each school can assist their children to explore their true unique potential.

With acquisition of MT Educare Ltd., the Company will further build on MT Educare's repository of knowledge, Digital content and platform (Robomate) for enhancing its offerings to Mount Litera Zee Schools and will also significantly strengthen MT Educare's presence in the informal education sector through Zee Learn's partner network spread across India. The Company through MT Educare will offer Mount Litera Zee School students, coaching / test preparation for courses like IIT / Engineering, MBA, MBBS, CA, etc. at Pan India level.

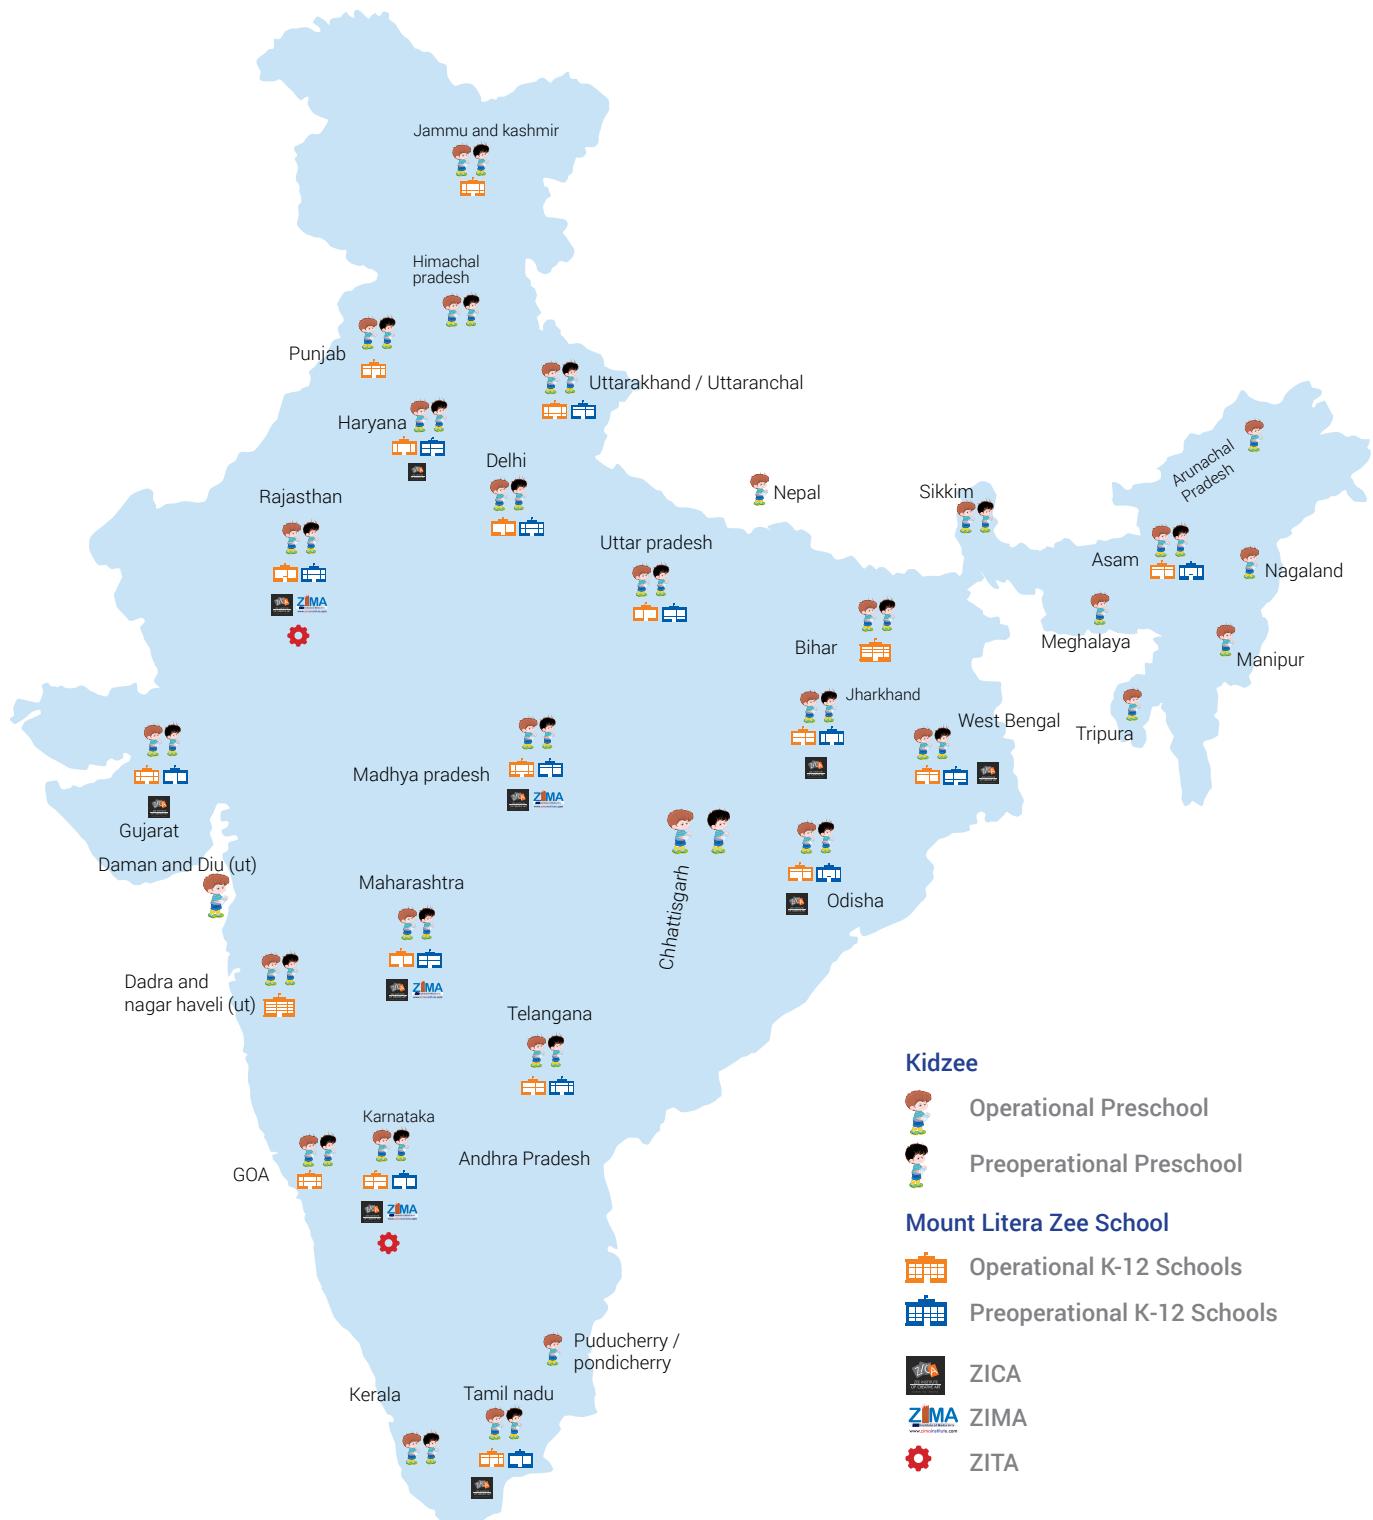

Our vision

To become India's largest and most respected Education company serving the full life cycle of educational needs through digital / offline modes and with a strong social commitment and Indian roots

CEO'S MESSAGE

Education is the key to a thriving, prosperous democracy and economic development. It is also an empowering tool to fight the many ills in our society. According to an OECD report, providing every child an access to education and the skills needed to participate fully in the society would boost GDP by an average 28% per year in the lower-income countries and 16% per year in the high-income countries for the next 80 years.

The education sector is witnessing multiple positive indicators and is at a crucial stage in its growth phase. The country's demographic advantage of a large young population coupled with low enrolment presents a huge opportunity to players in the education sector. We realise the immense potential of this segment, as the per capita income is surging rapidly and there is a growing aspiration of parents to give their children quality education. According to the estimates, the Indian education sector is poised to witness major growth in the years to come as India will have world's largest tertiary-age population and second largest graduate talent pipeline, globally by the end of 2020. The education sector in India was estimated at US\$ 91.7 billion in FY18 and is expected to reach US\$ 101.1 billion in FY19. This bears well for your Company as we have created robust networks in the key segments of the education sector - (ECCE) to K-12 to vocational training to test preparation/coaching. I am bullish about your Company's prospect as we continue to expand our networks in India and beyond, invest in technology to make learning a fun and enjoyable process and continue to constantly challenge ourselves to ensure that our students, our future global citizens, are equipped to handle the challenges of the global economy with élan and confidence.

As the need for quality education is increasing across the country, private players have been stepping in, to fill the huge gap and creating the necessary infrastructure for delivering quality education. With this philosophy of imparting quality education, we remained focused on developing and offering a differentiated, digitised and specialty product basket. This has helped the students/parents in our network, further strengthen our brands and helped our business partners.

Over the past so many years, Zee Learn has steadily continued to create a positive multiplier in the country by providing world-class education. It is indeed heartening to note that your Company has been providing quality education in the entire spectrum of Early Childhood Care and Education (ECCE), K-12 School Education and vocational. Your Company continued to explore opportunities in areas where it can continue to shape an individual and enhance his/ her productivity. With its youth and vocation education via Zee Institute of Media Arts (ZIMA) and Zee Institute of Creative Art (ZICA), your Company continued to empower the youth.

Over the past so many years, Zee Learn has steadily continued to create a positive multiplier in the country by providing world-class education. It is indeed heartening to note that your Company has been providing quality education in the entire spectrum of Early Childhood Care and Education (ECCE), K-12 School Education and vocational. The Company continued to explore opportunities in areas where it can continue to shape an individual and enhance his/ her productivity levels. With its youth and vocation education via Zee Institute of Media Arts (ZIMA) and Zee Institute of Creative Art (ZICA), the Company continued to empower the youth.

Beyond strengthening the content and leveraging technology, the Company continued to work on its strategy of expanding its network at a rapid pace. Over the last fiscal, your Company's Kidzee chain has expanded to cross the 1825 mark. The Mount Litera Zee School have touched the 122 mark. As we see an increasing demand from Tier II and Tier III cities, your Company rapidly expanded in these cities thereby significantly improving the quality of education on offer in these cities. A combination of measures including expanding the network, focus on content and technology saw your Company posting excellent numbers for the year. Your Company achieved 49% growth in its FY18 Operating Revenue to reach at ₹ 2,688 Mn. Operating EBITDA improved by 73% to ₹ 1021 Mn. and Profit after Tax grew by 47% to ₹ 493 Mn. Focused efforts put in by management and all stakeholders has fuelled this above average growth witnessed by your Company. It is indeed a moment of pride to see that the Consolidated Operating EBITDA for FY18 at ₹ 1021 Mn. surpassed your Company's FY13 Consolidated Revenue of ₹ 1008 Mn. – a significant growth for any business.

Your Company through its 100% subsidiary company, Liberium Global Resources Pvt Ltd, forayed into fast growing training and recruitment service through its innovative work force solutions which effectively connects people potential to business requirements of organisations. In this dynamic world of workplaces, corporates today need future-ready people management partners, who would help them to source and retain inspired, trained, and motivated workforce across geographies, quickly and sustainably. Liberium provides these essential services around training, lateral hiring, temporary staffing, human resource business process outsourcing and ensures quality services through soft skill training, pre-screening, better understanding of customer needs and absolute adherence to compliance.

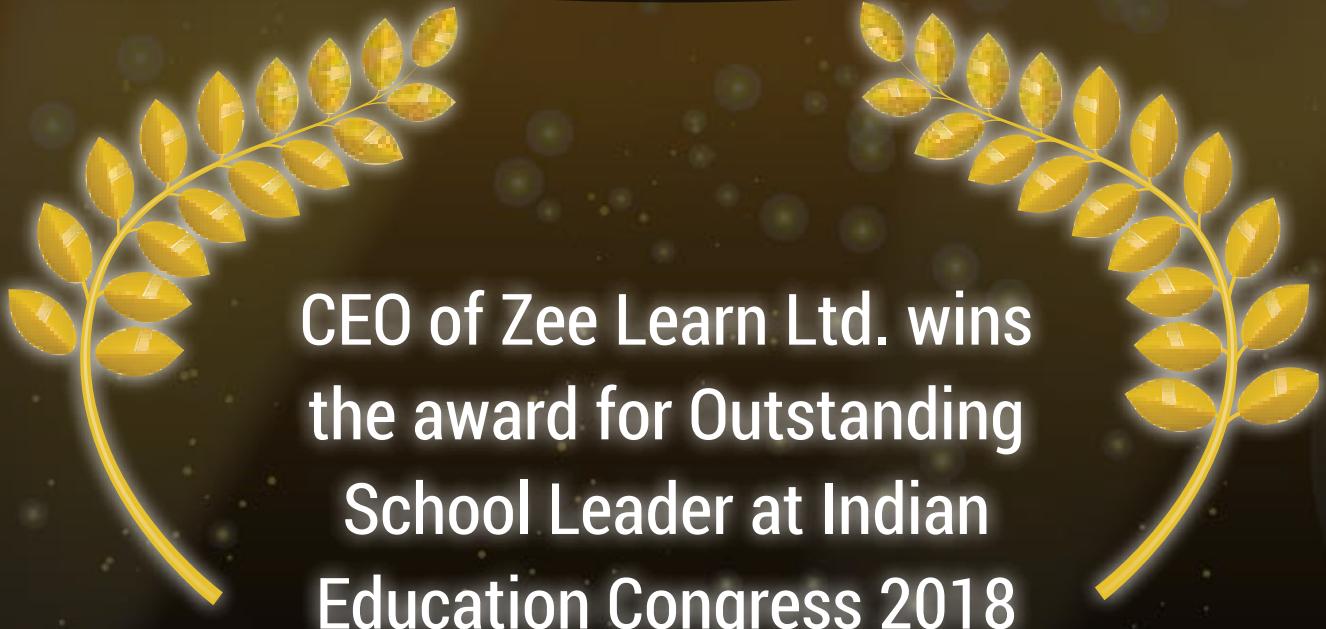

Towards the end of the financial year, your Company took a step to bring into its fold MT Educare Limited, a leader in the informal Education sector, with a diversified product portfolio. The addition of MT Educare Limited, your Company will get a strong footfall outside the four walls of the conventional education segment, which is test preparation, tutorials, etc., thus enabling us to service all the segments of the education

sector within and outside the schools and the college landscape. This association will help us achieve an unprecedented scale of growth. We will reach out to over 3.50 lakh students with a balanced education portfolio that spreads across formal and informal education segments. This will help your Company become one of the biggest names in education landscape of the country.

Your Company remains committed to spread quality education across the country through its various verticals and initiatives. Your Company will continue to focus each and every effort to deliver better value to our shareholders. I am sure that we will continue to grow at an exhilarating pace as each one of the Zee Learn's management and stakeholders will direct their energy towards achieving many more milestones and march in unison to fulfil our vision. I look forward to provide you with more exciting updates in the new financial year.

Best Regards,
Debshankar Mukhopadhyay

OUR BRANDS AND KEY INITIATIVES

The last decade has seen an increase in personal disposable income and rising standard of living. This has also led to a surge in parents' aspirations to ensure quality education for their child. While the trend was limited only to Metro and major urban centres in the past, recent years have seen the quest for quality and world-class education from Early Childhood Care and Education (ECCE) to K-12 education in Tier II and Tier III cities. The ECCE sector is seeing a slow shift from the highly fragmented and unorganised sector to organised branded preschools. While the organised sector is expanding rapidly, the industry remains under-penetrated and is less than 4 percent of the total market potential thus giving a huge opportunity for the companies in the segment in the coming years.

Recognising the rise of India and the demand for quality education, the Company started Kidzee, its preschool division, as a pioneering initiative to bring a structured and research-based curriculum to help preschoolers and the parent realise their children's unique learning style and discover their own creative and aesthetic potential. The effort has led to a revolution in this market and with the first mover opportunity; the Company is now a market leader with over 1825 centres running across 750+ cities across India and Nepal.

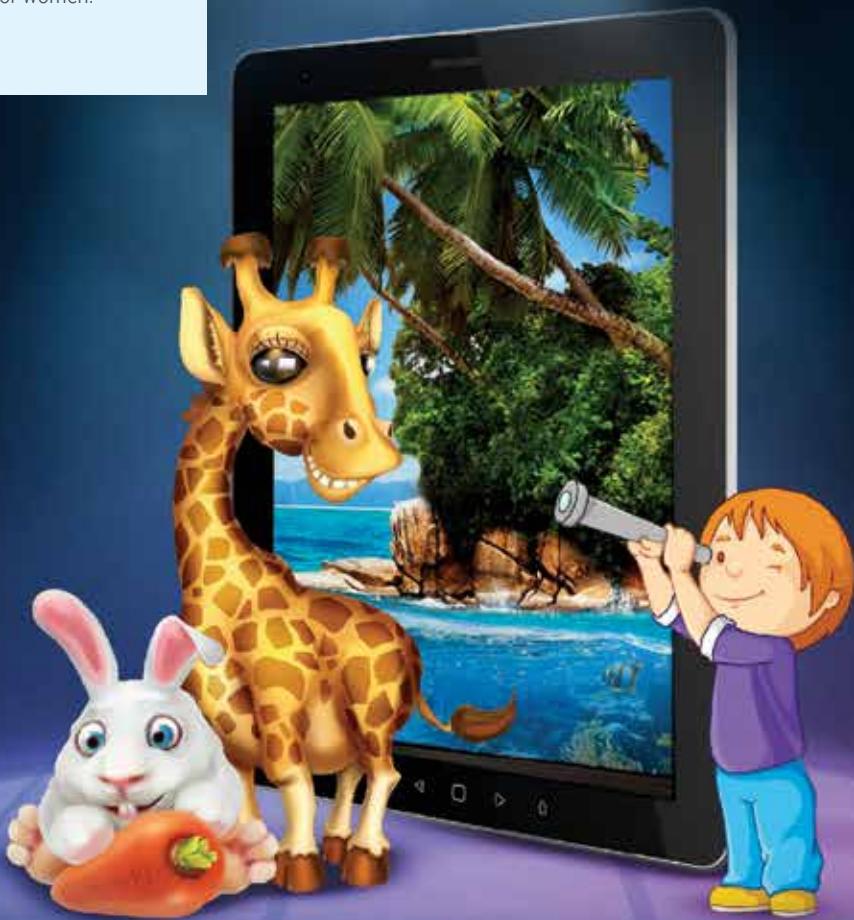

Even as the Company continued to expand the Kidzee network, this would not have been possible without keeping the child as the central theme in the entire learning process. Given the rich experience, the Company's unrelenting efforts to refine and refresh its curriculum, Interactive iLLUME, ensures that it caters to the learning styles of every child in a holistic way. With a research-based curriculum, it enables the child to learn in a self-paced and age-appropriate manner. The child-centric curriculum and the teaching pedagogy has time and again been lauded by the parents and have appreciated the efforts we have taken in bringing a world-class structure in the preschools segment.

Along with creating an industry of preschools, the Company continues to play a quiet significant role in empowering women in India. As a business philosophy, Kidzee centres are run by women and encourage each centre to employ women facilitators and support staff. Given the reasons like flexible timings, advanced academic training, technological and logistical backings, limited investment along with autonomy, the Company offers the ideal conditions to encourage women to start a Kidzee centre and be self-reliant and actively contribute towards nation building.

The Company continues to be bullish about the preschool industry in India, even as it continues to make deeper inroads in the country and beyond. According to CRISIL Research, the segment will grow at a CAGR of 23% between 2017 -2022.

The Company continues to reiterate its leadership role by strongly focusing on various elements associated with the preschool business in India right from pedagogy, child safety, smart technology adoption and employment for women.

KIDZEE APP

The year saw the Company roll out the new Kidzee App to fulfil the gap of all stakeholders – Parents, Partners and Teachers. The Company recognised the need of parents to have information and data of their child availability on their fingertips and as and when they want it. With the app, parents can now have all the information on the go. Furthermore, the app also helps the other stakeholders like partners and teachers in the seamless flow of data across various user groups and enables a smooth functioning of the centre.

The Company continued to progress on its child- centric philosophy and its belief that each child is unique and hence the content and teaching pedagogy must be customised to the need of the child. The Company had introduced its proprietary pedagogy, Interactive iLLUME, in 2015 and has become a clear differentiation as compared to other preschools. The

Interactive iLLUME was introduced after conducting a research carried out across 20,000 parents, 2,000 teachers and 130,000 children and building on its earlier iLLUME pedagogy tool. The Interactive iLLUME has been a huge success since it was launched, as the proprietary tool understands the learning needs of each child and then customises content to the preferred learning style of each child. The learning experience had major technology components in the form of creative audio-visuals for engagement and learning, CDs with original rhymes for concepts and phonics, talking pen and talking-pen-enabled books and cards and proprietary native apps for tablet devices. This approach ensures that no pressure is enforced on the child, hence they learn faster, but at their own pace. The child learns HOW to think rather than WHAT to think.

KIDZEE LEARNING TABLET

Leveraging on its extensive understanding of providing child-centric content, the Company introduced the Kidzee Learning Tablet as an edutainment tool to provide an engaging content that is child-friendly, age-appropriate and developmentally fundamental for children.

The year saw the Company adding more proprietary apps and multimedia content to the learning tablet. The Company continues to receive positive feedback from parents who can easily map and monitor the child's progress.

Annual Report 2017-18 | 23

Bringing in disruptive innovations in education has been embedded in our DNA. Last year, the Kidzee division introduced ImaGenie and became India's first preschool to integrate Augmented Reality in Learning. The Company ushered in a new age of learning within the network. The solution redefined children's time-tested favourite activities, i.e., colouring and puzzle solving and brought in hands-on interactive learning for higher engagement and longer retention. The content introduces new concepts to the child and evolves in a self-paced manner as the grade progresses.

This year, continuing on its path of adding new content for higher engagement, the Company introduced an upgrade to the Sr. KG Kit in the form of new puzzles under the topic 'Extinct Animals'. This was in line with the developmental milestones of the children and observing the acceptance of the product by the children over the last year

Even as the Company upgraded its content in its ImaGenie offering, in its quest to bring in better solutions to the preschool sector, it introduced a new product under the ImaGenie+ umbrella. Called the 'Spell-English', the new solution provides a value-added immersive language learning experience for the child.

The product is based on the basis of developing language – the 3Rs: Reading, 'Riting and 'Rithmetic. The product is offered from PG to Sr. KG and helps kids to have a productive learning experience from simple to complex activities, beginning with pattern tracing and letter introduction and extending to phonic introduction with rhymes and making sentences.

More importantly, the Company's experience with the preschooler indicates that the formative years are extremely important in developing the love for learning. The design of the ImaGenie+ is structured in ways to encourage the higher involvement of the parent, which ensures higher quality time for the child and fostering a positive experience around learning.

Mount Litera Zee School

Great School. Great Future

The Mount Litera Zee Schools (MLZS), a leader in the field of holistic, quality and state-of-the-art education, covers the entire spectrum of education from preschool to K-12. MLZS is the second largest network of schools in the private-aided category in India with over 122 schools, across 100+ cities in India. The Company has developed its unique, proprietary K-12 education model, Litera Octave, which provides students the opportunity to achieve their true, unique potential. Litera Octave is an integrated educational model that has been honed over years of research and development. It integrates various pillars such as content,

infrastructure, classroom design, assessment and systems that impact the child during his/her learning and development in school.

Zee Learn has worked tirelessly to strengthen the brand 'Mount Litera Zee School', as a leader in the education sector. Not only in terms of students enrolled and schools launched, the Company has also worked on further evolving the Mount Litera brand through a number of key community engagements in the form of on-ground activities, new marketing initiatives and outreach programmes aimed at further developing the dream of "I am Mount Literan", the seed which was planted last year and continues to grow and blossom.

The year saw the Company continuing to further build the Mount Litera brand across the country. The Company continues to be bullish about the education market and firmly believes that a high-quality of curriculum, good faculty and judicious usage of technology will be the key to making a difference and satisfying the aspiration of Indians for better education.

Key Initiatives

Litera OCTAVE

Our very first step towards bringing the quantum leap in education system; turning the curious minds of kids into creative geniuses was through Litera OCTAVE. The uniquely designed pedagogy of MLZS is an integrated educational model which is a result of profound research and development done over the years. It brings together the various quintessential elements of learning such as content, infrastructure, classroom design and assessment; which are crucial in a child's development and learning. The interactive life skill based programme focuses on holistic development - mental, emotional, social as well as physical. It ensures perfect blend of technology and effective use of e-content, one-of-its-kind blended learning design approach at par with very few schools globally. Mount Litera Zee School's objective is to create global leaders; to inculcate not only

intellectual knowledge but also to enhance overall personality. While we are the best in academics, we believe that it's equally important to keep our students rooted to the rich cultural heritage of our country. Bearing this thought in mind, we have raised the bar for ourselves by engaging students in activities based around art, culture and music.

Olympiad

MLZS believes in education beyond just learning from the text books. At MLZS, education is providing opportunity for children to explore. With this idea as the guiding principle, the MLZS Olympiad for the South and West Zone was hosted by MLZS Tirupur, conducted by Zee Learn Ltd. The Mount Litera Zee School Olympiad - South & West Zone, 2017 -The Challenge of the Champions, an Inter Mount Litera Zee School (IMLZS) competition, tests students on various mental and physical faculties.

The competition spanning 3 days included challenging activities, was a huge success with more than 400 students participated from 8 Mount Litera Zee Schools.

Environment Day

Environment conservation is into the DNA of Mount Litera Zee Schools. Across the country, MLZS students at Bengaluru, Gandhidham, Ichalkaranji, Maheshtala, Pathankot, Silvassa, Ratlam and Howrah propagated this cause with great vigor and enthusiasm during Environment Week. Through a variety of activities within school and beyond, they spread the message about the importance of conservation of environment far and wide.

With the guiding theme 'Save Nature', Senior Members of the school, teachers plus students spoke on various aspects of Environment Conservation, like tree plantation, kinds of pollution and its perils etc.

Caregivers

Contribution to the society is a cause that MLZS strongly believes in and makes multiple efforts to take this up through a variety of activities throughout the year. We had MLZS Nagothane and MLZS Udaipur, taking up 2 major activities to drill in this message deep within, with the events focused on caregivers.

Beginning the previous year, MLZS Nagothane continued with the 'Design For Change' activity this year as well, with a prime focus to boost their economic growth, informed decision making and overall development. Here, Class XII students teach the maids basic English and maids have shown remarkable improvement in spoken English.

On 1st May, i.e. Labour Day, MLZS Udaipur honored the caregivers of the school, as they expressed their gratitude and appreciation towards them, for they their selfless care and attention. Students performed a Nukkad Natak and relayed the message of humanity with a plea to treat the caregivers as humans and not as machines. There was a dance performance themed on oneness and unity. The Caregivers were felicitated with badges and boxes of sweetmeats, the programme concluded with the National Anthem.

Anti Child Abuse Program

Child Abuse is an issue which MLZS strongly cares about and this year was no exception. With the message of ## NO EXCUSE FOR CHILD ABUSE ##, various activities were organized across various MLZS centres, including walkathons, Nukkad Natak, opening an 'Awareness Counter' on the roadside. Banners, Posters, Placards and Pamphlets aided the students in these efforts.

K-12 School Chain of the Year By Indian Education Congress 2017

International School Award 2017 – 2020 by The British Council

Mount Litera School INTERNATIONAL

Zee Learn offers the International Baccalaureate (IB) curriculum through its Mumbai-based Mount Litera School International (MLSI). The Company aims to provide an interactive life skill-based programme focusing on a holistic development - mental, emotional, social and physical. Coupled with the extensive use of cutting-edge educational technology, the Company offers a one-of-its-kind blended learning design approach at par with very few schools globally.

During the year, MLSI received authorisation from the IB Organisation for its Middle Years Program (MYP). It is heartening to note that the inspecting team from IBO conducted a thorough check of the school including its philosophy, leadership and structure, resources and support, collaborative planning, written curriculum, and assessment practices. The authorisation was another step towards the Company's commitment of offering future ready programs along with holistic education.

Key Initiatives

Cultures Mela: Know the World

It is an innovative, hands-on way to know the world. Students across the Company's various schools spent 4 days in their classrooms learning about world's and Indian states' different cultures. Activities were conducted to transform the classrooms to showcase the culture of various countries and states they were studying. As part of the engagement and creating real-life learning experience, the students had to travel to other countries (classrooms) with their passports to learn about other cultures. The Mela also explored the rich Indian heritage as students travelled to various states to deep dive into their cultures. During the fest, the students got an opportunity to learn around 38 different countries including countries like Mexico, United Kingdom, France, Spain, Turkey, Jamaica, Canada,

Indonesia, Netherlands, Russia, Afghanistan, etc and Indian states and cities like Karnataka, West Bengal, Goa, Kashmir, etc. The cultural mela also saw the parents engage with the various activities as they not only helped in decorating, doing a craft, teaching a dance, telling stories, but also gave a chance to spend time with the students exploring the various cultures.

Fun fair for kids fighting cancer

To bring cheer in the lives of the kids fighting cancer, students of MLSI organised a fun fair for kids fighting cancer. As part of the school's 'Service with Smile' club in association with an NGO – Annam, the school invited around 40 kids from the Tata Memorial Centre for a morning of fun and frolic along with their parents to the school. A special guest of honour and a cancer survivor Anurag Basu also graced the occasion and shared his inspiring journey of emerging victorious from his battle with cancer.

Bookaroo, India's First Children Lit Fest to Mumbai

A proud moment for the school, MLSI brought Bookaroo, India's first children's literature festival to Mumbai. The carnival celebrated the joy of reading with over 20 well-established authors, storytellers, illustrators and poets to unveil their magic. The festival saw a range of literature for kids and the event facilitated the joy of reading through hands-on experiences like doodle wall, art, puppetry, reading under the tree, illustrations, etc. The two days event featured over 50 sessions of varying activities, which included dramatised readings, storytelling sessions, workshops on Haiku writing and Patua art with well-known authors and writers and performing artists, ensuring an enlightened and fun-filled weekend.

Meraki – A week- long riot of colours

MLSI had a three week long art festival – Meraki with celebrated painter and Padma Shri. awardee, Paresh Maity gracing the event on the final day. At the event, Mr. Maity conducted a special workshop for students on art appreciation as well as taught them some exciting techniques, colour schemes and composition styles to enliven their canvas.

The aim of the event was to highlight the importance of art in education as well as child development. The event showcased how art helps children in the development of various skills like fine motor skills, cognitive development, Math and language skills, etc. and also assist them to channel their inner creativity.

Mother's Day – Celebrating Motherhood

MLSI hosted a unique event for mothers with celebrity chef, Maria Goretti, to celebrate Mother's Day. Maria introduced mothers to healthy alternatives for snacks that were tasty yet nutritious. The objective of the event was to inculcate good eating habits at an early age and help children understand eating right is as important for a healthy body and all-round development.

According to a report released by FICCI, the Indian film industry is the largest in the world in the terms of number of films produced every year. The country witnesses the production of 2,000 films, in over 20 languages. In terms of revenue, the industry had a gross box office realisation of US\$2.1 billion in 2016 and expected to grow at 11% CAGR reaching US\$3.7 billion by 2020. The Indian TV industry is yet another big employment and revenue creator. Moreover, with the influx of digital media and content creators like Amazon Prime, Netflix and hundreds of mom and pop channels mushrooming on the web, the demand for film and media professional is on the rise.

The Company's ZIMA division, the creative and training academy for the film-making and media industry, continued to set new benchmarks in media and entertainment education across India. With a best-in-class and international standard curriculum for its courses coupled with cutting-edge technology and infrastructure, and highly experienced faculty from the Film and TV industry, the academy prepares its students to be industry-ready on completion of the courses. The division offers courses in possibly all domains of filmmaking, be it creative courses like Writing, Direction, Acting, Music and Film Appreciation or Technical courses of Cinematography, Sound Recording, Editing and even Production Designing, besides the integrated courses.

ZIMA continues to refresh, upgrade or add new courses to its portfolio as per the demand from the industry. The Company has the distinction of being India's first Autodesk and Steinberg certified training centre. Currently, ZIMA is operational at Mumbai, Noida and Jaipur.

Industry interaction has been a key theme at ZIMA. The year saw the institute conducting multiple workshops and inviting esteemed film personalities for guest lectures like Ballu Saluja (National award winner for *Lagaan*), Viveck Vaswani (Director/ writer/actor), Sunil Thapa (actor from Nepal), Rohit Jain (CEO – Short Reels), Simon Money (Faculty - UCA, UK), K.D Sathyam (Writer – *Mukkabaaz*, *Bollywood Diaries*) and Sandeep Sawant (Director – Marathi films) among others.

Kumar Raj, the winner of many international awards and alumni, visited ZIMA and showcased his work and interacted with the students.

ZIMA also conducted various college events at Wilson College, UMANG Festival (NM College), SNDT University, Vaayu Fest (NMIMS College), Detour (Jai Hind College), VJTI College (seminar by ZIMA Faculty), AAHAN 2018 (Usha Pravin Gandhi College), Meter Down (National College), SPACE 2018 (Bhavan's College).

As part of the hands-on training, the year saw ZIMA students visiting sets of Dance India Dance and Sa Re Ga Ma and post-production studio of Q-Lab. Also, experts from Yamaha Steinberg conducted a workshop for students (Sound dept.) in ZIMA.

Zee Institute of Creative Art (ZICA) is India's first full-fledged Classical and Digital Animation training academy offering training in 3D Animation, Visual Effects, Graphic Design and Web Design.

During the year, ZICA expanded its portfolio and introduced 3 new programs in Interior Design, Digital Marketing and Digital Photography. With a state-of-the-art and high-end animation tools, 2D animation facilities, 3D software, visual FX Labs and Imaging Technologies and the best of faculty, the institute has been focused on creating a stimulating environment for the students since the past two decades.

The Company's division continues to provide quality education to thousands of students every year and strives to help each student discover their unique creative potential.

The course content adopted by ZICA lays emphasis on the principles of art and design and fundamentals of animation. Leveraging its deep relationship with the industry, ZICA has refreshed its course, as per the industry demands to ensure that the students are ready for the profession after the completion of the course. The strong placement cell coupled with industry compliant courses helps the student find easy placements with well-known companies across the country.

ZICA is now operating in 14 centres across the country and includes major cities like Mumbai, Pune, Noida, Bengaluru, Chennai, Kolkata, Mangalore, Ranchi, Bhubaneswar, Guwahati, etc. The year also saw ZICA launching a new website.

Grass Root Marketing / Community Outreach

Health and Safety – I Care

'I Care', the Child Rights Initiative of Zee Learn, is designed to educate everyone around the child about Child Abuse and eventually prevent

such incidence. Given the growing incidence of child abuse in the country, the campaign aims to ensure that each child will experience a safe and secure, abuse-free environment not only at the Kidzee centre but even at their respective homes in society.

An all-inclusive programme, the initiative reaches out to Parents, Teachers, Staff, Partners and everyone who interacts with the child. As a part of the initiative, the caregivers are trained to recognise signs and enable the child to prevent abuse in any form.

The Company has been taking the programme to its growing Kidzee family and creating awareness in the society. In 2017-18, it touched over 90,000 parents through our outreach programme, up from 41,350 parents in the previous year.

MLZS Anand Nagar organises Walkathon

Students and faculty of MLZS Anand Nagar during walkathon.

■ STATE TIMES NEWS

JAMMU: Mount Litera Zee School (MLZS), Anand Nagar, Jammu and its junior wing Kidzee on Friday organised a Walkathon in the presence of Chairman, Parneesh Mahajan, Liaison Officer, Harvinder Singh Sisotra, Principal

Manikarnika Bhasin, Coordinator Radhika Mahajan, staff and students. The walkathon was flagged off by Chairman, Er. Parneesh Mahajan from the school to Colonel Colony Hazri Bagh, Talab Tilla, to make general public aware about Anti Abuse Day by

using banners, play-cards, pamphlets and by tagging the batches for the struggle against the fight for child abuse.

In addition to this, MLZS also organised an awareness counter to make the passers-by aware about the importance of Anti Abuse Day.

Health and Safety – Yoga Day

The international Day of Yoga is India's gift to the world and June 21 is now globally celebrated as the Yoga Day. The Company champions the cause of a healthy body with a healthy mind and the need to develop healthy habits at an early age. Every year Kidzee celebrates Yoga Day with great enthusiasm to spread the message of healthy wholesome living and imbibe a healthy lifestyle in young children. The activity is designed keeping in mind the developmental milestones of young children and only child-friendly Asanas are shared with the teachers to be practiced by young children.

On the occasion of International Day of Yoga, everyone is invited to the centre and the entire team is led by these young children.

Over a 100 centres participated in this activity with many communities organising events to celebrate Yoga and health.

Serve the Society

Beti Bachao, Beti Padhao

The Company takes up various government initiatives and promotes them in its network. As part of this, Kidzee promoted the Beti Bachao Beti Padhao initiative across all its centres with children conducting walk-a-thons, rallies and street plays to spread the message across the country.

The Company is proud to share that the Honourable Chief Minister of Bihar, Shri Nitish Kumar recognised the efforts of Kidzee and appreciated its contribution towards raising awareness about the 'Beti Bachao Beti Padhao' campaign. The Company has also been felicitated by the Honourable Governor of Bihar, Shri Satya Pal Malik for the work in this area.

Sukanya Samriddhi Yojana

Kidzee held the Sukanya Samriddhi Yojana camps across its centres to enable parents to enroll in the scheme by the Honorable Prime Minister of India. As part of this initiative, over 3,000 parents were reached out and 800+ accounts were opened at various Kidzee premises.

Management Discussion and Analysis

Economic Overview

Global economic review

Economic activity in 2017 ended on a high note as growth in the second half of the year was strongest since the second half of 2010, supported by recovery in investment. At 3.8%, global growth in 2017 was the fastest since 2011. Emerging Asia and emerging Europe witnessed strong growth and signs of recovery were visible in several commodity exporters. Stronger gross fixed capital formation and an acceleration in stock building contributed to the pickup in investment in advanced economies which registered 2.3% growth in 2017 as compared to 1.7% in 2016. This coupled with accommodative monetary policy, stronger balance sheets, and an improved outlook helped release pent-up demand for capital goods. Emerging market and developing economies (EMDEs) registered 4.8% growth in 2017 as compared to 4.4% in 2016 led by acceleration in private consumption. China saw revival in net exports and India witnessed strong pick up in private consumption. Brazil, Russia, Angola, Ecuador and Nigeria saw pick up in commodity exports. Other EMDEs saw higher fixed investment growth and stronger private consumption.

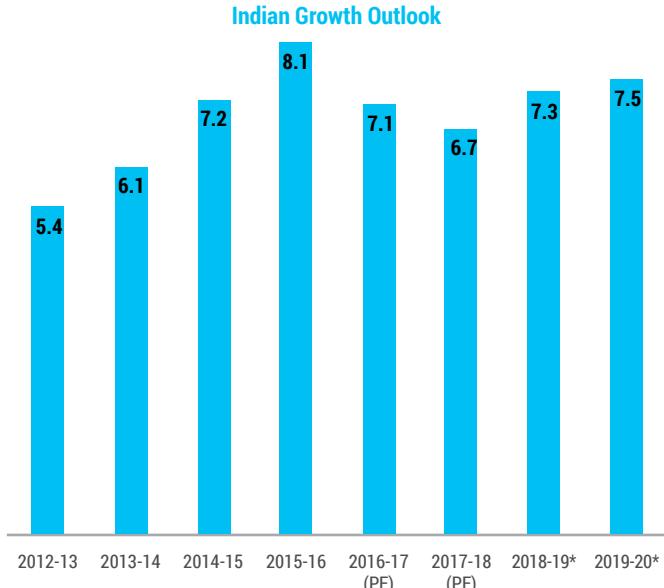

Source: IMF – World Economic Outlook, April 2018

With upbeat financial conditions, global growth is expected at 3.9% in both 2018 and 2019. Advanced economies are expected to grow at 2.5% in 2018 and 2.2% in 2019. Euro area economies are expected to grow, led by accommodative monetary policy. US economy will benefit from expansionary fiscal policy which is also expected to drive the economy

above full employment. With continued strong growth in emerging Asia and Europe and a modest upswing in commodity exporters, EMDEs are expected to grow at 4.9% in 2018 and 5.1% in 2019. Climate change, geopolitical tensions, and cyber-security breaches pose threats to the global growth outlook.

Indian economic review

Indian economy is on the cusp of a major change with a slew of reforms by the Government including Make in India, Digital India, Skill India, rural electrification drive, Smart Cities Mission, impetus on infrastructure, rising disposable income, low inflationary pressures, implementation of the Seventh Pay Commission, recovery in exports and private investments. These factors have together resulted in 6.7% GDP growth at constant prices in FY18 versus 7.1% in FY17, as per the provisional estimates issued by the Central Statistics Organisation (CSO). In the World Bank's Ease of Doing Business index, India's global ranking reached to 100th among 190 countries in 2018 as compared to 130th rank in the previous year. Acceleration in manufacturing, enhanced capacity utilisation, strong pick-up in activity in the services sector, low inflationary pressures and normal monsoon, work in favour robust economic growth.

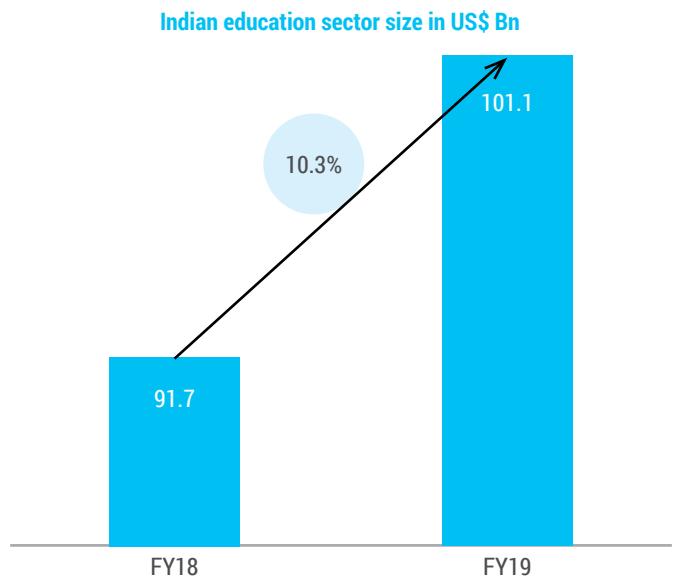

Source: CSO, World Bank

According to World Bank, the Indian economy is expected to be the fastest growing major economy in the World with 7.3% growth in FY19 and 7.5% in FY20, reflecting robust private consumption and strengthening investment. The Indian economic growth has been robust and resilient

in the recent past showing potential to deliver substantial growth in the coming years. The growth is expected to be supported by major economic reforms and fiscal measures undertaken by the government. Increasing non-performing assets in the banking sector, high crude oil prices and uncertainty in global growth due to plausible trade wars, pose risk to growth prospects. However, higher government spending ahead of elections, strong rural demand aided by normal monsoon, favourable conditions in labour market, continued spending on infrastructure sectors like roads, irrigation and power transmission bode well for the economic growth.

Industry Review – Education Industry

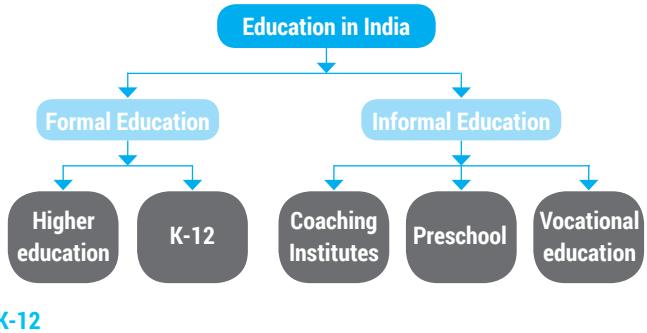

The education sector in India is estimated at US\$ 91.7 Bn in FY18 and is expected to reach US\$ 101.1 Bn in FY19. With approximately 28.1% of India's population in the age group of 0-14 years, educational sector in India provides great growth opportunity. With evolving times, the purpose of education has evolved from imparting knowledge to all-round development of students to groom them to be literate citizens. The schools guide the students to explore their potential and understand their passion while also develop their skills like language, technology, cross-cultural understanding etc. Schools are adopting innovative and practical teaching methods and have brought about a sea change in the teaching methodology with use of technology.

India holds an important place in the global education industry. India has one of the largest networks of higher education institutions in the world with 850 universities and 42,026 colleges. With both the Government and

the private sector stepping up to invest in the Indian education sector, the number of schools and colleges have seen an uptrend over the past few years. A total of 35.7 Mn people were enrolled in higher education institutes in FY17. India ranks 124th in literacy rates with literacy rate estimated at 75% in 2016. In 2017, 8% of the schools in India were RTE (Right to Education) compliant. Education spending is close to 2.7% of GDP in India in FY18 versus global average of 4.5%. Gross Enrolment Ratio (GER) in higher education was 25.2% in FY17, which the Government aims to increase to 30% by 2020. The country has become the second largest market for e-learning after the US and online education is expected to reach US\$ 1.96 Bn by 2021 with around 9.5 Mn users.

The Indian education system can be broadly classified into formal and informal with K-12 (schooling of lower primary, primary and secondary sections) and higher education (graduate and post graduate colleges) falling under the formal sector. The informal sector mainly comprises of preschools, coaching institutes and vocational education. Slowly with rising interest of parents and growing demand for quality, preschooling segment is becoming a part of formal education with many schools having preschools.

K-12

The current K-12 school system in India is one of the largest in the world with more than 1.5 Mn schools that have more than 250 Mn students. Private schools account for about 25% of total schools.

Based on the differential geography and income-levels of Indian population, three different sub-markets have emerged within private school segments namely:

- High-End Schools (having fees > ₹ 60,000 per annum),
- Mid-Market Schools (having fees between ₹ 12,000-60,000 per annum) and
- Affordable Private Schools (having fees < ₹ 12,000 per annum).

As per rules, schools are formed as non-profit organisations and any surplus generated is needed to be ploughed back into the improvement of the school.

With increasing awareness, private Indian players are collaborating with international brands to provide international standard quality education. Schools are investing in information and multimedia education technologies to provide better education infrastructure to students. Increase in technology has also influenced the education sector, due to which smart classes are gaining acceptance. Technology-driven learning is introducing a qualitative and quantitative difference to education. The introduction of online learning in Indian education system has changed its scenario, with its reach and economical access.

Higher Education

India's higher education system is the largest in the world with over 70 Mn students and it ranks second in terms of student enrolment in higher education. By 2025, the segment is expected to reach US\$ 35.03 Bn. This includes various institutions providing graduate courses in various streams and post graduate courses. Mostly higher education is controlled by government under various Central and State universities. However private players are foraying in a big way in post-graduate courses. With increasing need for formal education, higher education has become commonplace and increasing number of students are opting for post graduate courses with a view to secure more competitive jobs.

Preschools

There are close to 106 Mn children in 2-5 age group, out of which 60 Mn children go to preschool or an early childhood education centre. With a market size of US\$ 1.18 Bn, India has highest number of preschool children enrolled globally (*Source: Kaizen Education, 2014*). Currently, India has close to 0.5 Mn private preschools including both organised and unorganised.

The segment is majorly unregulated in the country with preschool education not being compulsory. The National Commission of Protection for Child Rights (NCPCR) has formed guidelines for private preschools to ensure child safety and bring uniformity and inclusiveness. All preschools are required to be registered with NCPCR and ensure police verification of all employees.

The preschool market is highly fragmented and competitive, with several local operators operating out of standalone centres without any standardised curriculum. Several K-12 schools are increasingly including preschools in their own campus offering nursery and kindergarten programs, though it continues to remain voluntary. Even though parents prefer organised preschools with standardised curriculum, the fees charged by them is high and parents from low-income segment group are unable to afford it. There are several players that are trying to build cost-effective centres to cater to low-income segment groups. In most big cities, there are chains of preschools catering to high and mid income segment people. Given the low penetration level of preschools, it is estimated to grow at 23 per cent CAGR over 2022.

Coaching institutes

With child development becoming the priority for parents, there has been a tremendous rise in coaching institutes which offer both curricular and extra-curricular activities. Coaching classes offer tuitions for all grades, preparation for entrance exams and coaching for higher education as well. In extra-curricular, coaching institutes cover everything from day-care to soft skill development to dance, art, craft, computer training, etc. There has been a tremendous rise in coaching institutes with increasing competitiveness and growing need for all-round development. Many schools offer extra-curricular activities in their campus to formalise these activities and provide an element of security and assurance to parents.

Manpower training

Teacher training is emerging as a huge demand area, as teacher quality is a big barrier to improvement in learning outcomes. Despite being the second largest education system in the world, there is serious shortage of good faculties in India. There is a huge requirement for both pre-service and in-service training for teachers. Of the 9 Mn teachers working in schools (K-12), only 80% are professionally trained. Pre-service teacher training has mainly been in the hands of government and private institutes that provide Bachelor's and Master's degree in education. Social enterprises have mainly been driven by non-profit models with some for-profit models emerging, given the need of the hour. While there is a strong need to change the policy to revamp teacher training in India, there is huge opportunity for entrepreneurs to design solutions that can help train teachers to be more effective in the classrooms.

Government Initiatives

The allocation for school education under the Union Budget 2018 was ₹ 850 Bn with strong focus on accelerating existing schemes and quality improvement. With a view to boost the Skill India Mission, two new schemes, Skills Acquisition and Knowledge Awareness for Livelihood Promotion (SANKALP) and Skill Strengthening for Industrial Value Enhancement (STRIVE), were approved with an outlay of US\$ 1.02 Bn in support by the World Bank. The Government of India has signed a Financing Agreement with the World Bank for International Development Association (IDA) credit of US\$ 125 Mn for the STRIVE Project.

Government initiatives to boost education sector growth

NITI Aayog is launching the Mentor India Campaign which will bring leaders and students together at more than 900 Atal Tinkering Labs (ATLs). As of June 2018, 5,441 schools were selected across India for establishing ATLs.

The Government of India will spend around US\$ 3.10 Bn to build six new Indian Institutes of Technology (IITs) by March 2024.

The Ek Bharat Shreshtha Bharat (EBSB) campaign is undertaken by Ministry of Human Resource Development to increase engagement between States, Union Territories, Central ministries, educational institutions and general public.

The Government has adopted The Model School Scheme to provide quality education in rural areas by setting up of 6,000 schools across the rural regions of the country.

HRD Ministry formed a panel of Central Advisory Board of Education to boost girls' education in Telangana with the help of the state government.

The new National Education Policy (NEP) to be launched by the Government considers education as an utmost important parameter in the country with strong focus on quality of education as well as innovation and research in the sector.

Pradhan Mantri Gramin Digital Saksharta Abhiyan (PMGDISHA) is aimed at providing digital literacy to 60 Mn rural households in the country by March 2019. As of January 2018, more than 10 Mn candidates were trained under the scheme.

Outlook

Increasing disposable incomes and willingness of people to spend on education is a key driver for the Indian education industry. India has the world's largest population of about 500 Mn in the age bracket of 5 to 24 years

and this provides a great opportunity for the education sector. The Indian education sector is set for strong growth, buoyed by a strong demand for quality education.

The education sector in India is poised to witness major growth in the years to come as India will have the world's largest tertiary-age population and second largest graduate talent pipeline by the end of 2020. The sector has been growing with double digits over the last decade and is expected to grow at 16% CAGR till 2020.

Education sector has seen a host of reforms and improved financial outlays in recent years that could possibly transform the country into a knowledge haven. With human resource increasingly gaining significance in the overall development of the country, development of the education infrastructure is expected to remain a key focus area.

The Government of India has taken several steps including opening of IIT's and IIM's in new locations as well as allocating educational grants for research scholars in most government institutions. Furthermore, with online modes of education being used by several educational organisations, the higher education sector in India is set for some major changes and developments in the years to come.

Performance Review

Kidzee

Kidzee has more than 1,825 operational preschools in over 750 cities across India and Nepal. Kidzee has so far touched the lives of more than 4,50,000 children since its inception in 2003. In FY18, the Company signed 354 preschools and added 259 centers under its umbrella.

The franchisee owner bears the establishment costs and an upfront franchisee fees. Further, it pays royalty each year under a revenue-share agreement and also student kit fee to franchisor. The franchisor provides the curriculum, content, kits and other necessary support like teacher training and advertising and marketing.

Its proprietary pedagogy, iLLUME sets Kidzee a class apart from other preschool chains. iLLUME is an approach that helps parents and teachers spot the unique potential in each child and help them realise it. Zee Learn offers franchise to local edupreneurs, especially women, to run and manage Kidzee preschools.

In FY18, the Company launched the new Kidzee App to fulfil the need gap of all stakeholders – Parents, Partners and Teachers. The app allows data to flow seamlessly across these user groups and enables a smooth functioning of the centre.

Kidzee introduced Imagenie, based on state-of-the-art Augmented Reality (AR) technology, designed around age-appropriate learning and

complements the classroom learning by continuing the learning process at home. Imagenie consists of Coloring sheets for PG and Nursery and Jigsaw puzzles for Jr. and Sr. KG. In FY18, the Company introduced an upgrade to the Sr. KG Kit in the form of new puzzles under the topic 'Extinct Animals' in line with developmental milestones of the children and observing the acceptance of the product by the children over the last year. The Company also introduced a new product under the Imagenie+ umbrella. The new product Spell-English, provides a value added immersive language learning experience for the child, based on the basis of developing language – the 3 R's: Reading, 'Riting and 'Rithmetic. The product is offered from PG to Sr. KG and is designed to evolve from simple to complex activities beginning with pattern tracing and letter introduction to phonic introduction with rhymes and making sentences. The Company also continues to upgrade the Kidzee Learning Tablet to provide engaging content that is child friendly, age-appropriate and developmentally fundamental for children.

Mount Litera Zee School

Mount Litera Zee Schools (MLZS) aims to provide Learner-Centred education with an integrated approach - where the child is at the centre of everything. Mount Litera Zee Schools were initiated to bring about a quantum leap in how school education is delivered to the modern day children. The Company partners with local educational trusts under various operating models. The range of services and solutions provided under these partnerships range across school set up assistance, teacher-training, assessment, teaching materials, student learning resources, branding. In addition, the Company runs five CBSE schools at Goa, Bhatinda, Karnal, Patiala, and Nagpur, having more than 3,000 students and also runs an IB school at BKC Mumbai, which has around 400 students.

In FY18, the Company signed 14 and added 7 K-12 Mount Litera Zee Schools taking the total count to 122 including 5 Company managed schools. The total number of K-12 kits dispatched in FY18 is around 56,000. The recurring revenues from the K-12 schools witnessed 4-5% increase in FY18. These schools enjoy around 90% retention rate.

Vocational training

Youth today is looking for vocational education, outside the ambit of traditional higher education. The Company's Zee Institute of Media Arts (ZIMA), a TV and film training institute, in Mumbai offers diploma courses in direction, acting, sound, editing, production and cinematography. Another offering from the company - Zee Institute of Creative Art (ZICA) is the nation's first full-fledged classical and digital animation training academy offering training in classical 2D, modern 3D animation, VFX, visual effects, graphic design and web design in 14 cities across India.

In FY18, ZICA introduced 3 new programs in interior design, digital marketing and digital photography. The institute has strong emphasis

on creating a stimulating environment for the students. ZICA focuses on the application of principles of art and design and fundamentals of animation to computer based digital animation and web design. A well laid out assessment procedure ensures the students' acceptability as distinguished professionals in the world of Animation. ZICA's placement cell provides placement assistance to all ZICA students across the country. ZICA training academy is equipped with high-end animation tools, 2D animation facilities, 3D software, visual FX Labs and Imaging Technologies. In FY18, ZICA launched a new website, which has received overwhelming response from the users.

ZIMA has international standard curriculum for all courses and a cutting-edge technology and infrastructure. It is India's first AUTODESK & STEINBERG Certified Training Centre. It has a highly experienced faculty from film and TV industry. ZIMA offers courses in most domains of filmmaking, with creative courses like writing, direction, acting, music and film appreciation or technical courses of cinematography, sound recording, editing and even production designing and integrated courses. Currently, ZIMA is operational at Mumbai, Noida and Jaipur. ZIMA with its expertise in film and TV and Journalism has aligned programs in "School of Film and TV" and "School of Journalism".

During FY18, workshops and guest lectures were conducted by various industry professionals like Mr. Ballu Saluja (won National award for Lagaan), Mr. Viveck Vaswani (Director/Writer/Actor), Sunil Thapa (Actor from Nepal), Rohit Jain (CEO – Short reels), Simon Money (Faculty - UCA, UK), K.D Sathyam (Writer – Mukkabaaz, Bollywood diaries), and Sandeep Sawant (Director – Marathi Films). Opportunities and Challenges

Business Outlook

The Company has a strong presence in the preschool and K-12 spaces of education sector. With the acquisition of MT Educare to be accomplished

Opportunities

- Large population with rapid urbanisation, increased disposable incomes and dual working families
- Growing popularity of formal educational institutes
- Willingness of parents to opt for private education versus Government education facilities
- Low penetration of formal preschools and coaching institutes and huge demand supply gap
- Growing popularity of private schools versus Government schools
- Low percentage of trained teachers in the system with a need for the same
- The Company plans to bid for government schools for providing Information and Communication Technology education platform
- The Company plans to enter EPO segment by providing solutions for process outsourcing and remote tutoring and classroom support to overseas students

Challenges

- Poor track record of Indian education companies impacting sentiment of parents
- Complex regulatory environment
- Rising real estate and rental costs
- Increased competition from unorganised players, restricting increase in fees to compensate for increased expenses
- Limited availability of quality teachers

in the next financial year, the Company expects to expand its footprint in the coaching institute space. MT Educare is a leading player in Western and Southern India, with strong brands like Lakshya, Mahesh Tutorials, Chitale Classes and Robomate.

Robomate is a very robust digital offering which has a potential of improving face-to-face classroom training courses and provide online methodology for reaching students across geographies, not restricted to Indian boundaries.

The acquisition will also provide the students of Mount Litera system access to very high-end content, curriculum, tutorials, and test preparation opportunities from Mahesh Tutorial especially for the students of the higher classes of IXth, Xth, XIth and XIIth. At the same time, MT Educare will get access to around 2,00,000 students of the Company and franchisee network of almost 2000 people who can be considered for becoming franchisees of offerings from MT Educare so as to provide it a pan-India base.

MT Educare has a strong presence in Government Vocational business and the Company is present in B2C Vocational business. The acquisition will also help strengthen the presence of the Company in the vocational business.

The Company is working to make its balance sheet asset light by divesting the real estate portfolio of the owned, operated schools. In case the Company is able to REIT out or divest these assets, while continuing to have the schools, it will help improve financial parameters and release significant funds which can be invested for future growth.

The Company is looking to increase its geographical footprint to be able to cater to lower strata of the population and may look to introduce new brands for the same.

The Board, at its meeting held on February 14, 2018 had accorded its approval to subscribe for 3,19,64,200 Equity Shares as preferential allotment in MT Educare Ltd. for an aggregate amount of ₹ 200 crores (₹ 200,00,00,000) approx. Post subscription, the Company would hold a 44.53% stake in MT Educare Ltd. Since the Company would acquire more than 26% of the paid up capital of MT Educare Limited, the open offer process under Regulation 3, 4 and other applicable provisions of the SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 was triggered pursuant to which the Company appointed M/s Axis Capital Limited, Merchant Banker as Manager to the Offer for the open offer process.

The acquisition of MT Educare Ltd is aligned with the Company's strategy to increase the footprint across various segments in the Education sector and consolidate its offerings through the digital track. This will further strengthen the Preschools and K-12 offerings through Kidzee & Mount Litera Zee Schools respectively and will also mark your Company's entry into the high growth market of Edutech through Robomate and will open doors for the test preparation / tutorials segment through MT Educare's other brands like Mahesh Tutorials, Lakshya and Chitale classes. This acquisition will also help the Company make inroads to the government supported skill and vocational training segment, where MT Educare has a significant presence. Post this acquisition, the education offerings on a consolidated basis would reach around 3.50 lakhs students, making the Company one of the biggest education companies globally in terms of number of students served.

NON-CONVERTIBLE DEBENTURES

EXTRACT OF REMUNERATION POLICY

The Board has approved a policy for Remuneration for Director(s) and Employees of the Company which inter alia includes:

i) Objective :

This Policy aims to attract, retain and motivate the Members of the Board of Directors, Senior Managers viz: CEO, and other employees who are at one level below the Key Managerial Personnel or Functional Heads of the Company, by remunerating them reasonably and sufficiently so as to run the operations of the Company successfully. The Policy reflects the Company's objectives for good corporate governance as well as sustained long-term value creation for shareholders.

ii) Guiding Principles :

The guiding principle of this Policy is that the remuneration and other terms of engagement / employment shall be competitive enough to ensure that the Company is in a position to attract, retain and motivate right kind of human resource(s) for achieving the desired growth set by the Company's management year on year thereby creating long-term value for all stakeholders of the Company.

While designing the remuneration package, efforts are to be made to ensure that the remuneration matches the level in comparable companies, whilst also taking into consideration requisite competencies, qualifications, industry experience, efforts required and the scope of the work.

The Nomination and Remuneration Committee while considering a remuneration package shall ensure balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the company and its goals.

The Nomination and Remuneration Committee believes that a successful remuneration policy must ensure that a significant part of the remuneration package should be linked to the achievement of corporate performance targets and a strong alignment of interest with stakeholders.

iii) Remuneration of Executive Members on the Board :

Any Executive Member(s) on the Board shall be paid remuneration which shall comprise of fixed monthly basic salary, perquisites such as House Rent Allowance or furnished / unfurnished housing accommodation in lieu thereof, car with or without chauffeur, telephone for office as well as personal use, reimbursement of medical expenses, leave travel allowance, club membership, stock options, statutory and non-statutory allowances such as education allowances, personal allowances, travel allowances, subscription allowances etc. as may be recommended by the Nomination and Remuneration Committee / Board of Directors and approved by the Members of the Company from time to time.

However, the overall remuneration of executive member(s) on the Board, where there are more than one, shall not exceed 10% of the net profit calculated in the manner provided under the Companies Act, 2013 and Rules framed thereunder, and shall not exceed 5%

in case there is only one executive member on the Board. In the event of loss or inadequacy of profit in any financial year during the currency of tenure of services of an executive member of the Board, the payment of remuneration shall be governed by the applicable limits prescribed under the Companies Act, 2013 and Rules framed thereunder, as amended from time to time, however such applicable limits will not apply to Executive Directors working in the capacity of Professional Directors, to that extent.

Executive Members of the Board including the Managing Director, if any, shall be employed under service contracts for a period not exceeding 5 (five) years at a time, on the terms & other conditions and remuneration as recommended by the Nomination and Remuneration Committee and approved by the Members of the Company at the General Meeting(s). Executive members of the Board shall not be eligible to receive any sitting fees for attending any meeting of the Board of Directors or Committee thereof.

iv) Remuneration of Non-Executive Members of the Board:

The remuneration payable to the Non-Executive member(s) of the Board shall be limited to a fixed amount of Commission each year, as may be determined and approved by the Board based on the time devoted, contribution made in the progress and guiding the Company for future growth. Aggregate of such sum shall not exceed 1% of net profit of the year on a stand-alone basis or such sum as may be prescribed by the Government from time to time, calculated in accordance with the provisions of the Companies Act, 2013 and relevant rules framed thereunder. Such remuneration shall in the form of commission payable to Non-Executive members of the Board and shall be in addition to the sitting fees payable to them for attending the meetings of the Board and / or Committees thereof, excluding Stakeholders Relationship Committee and Finance Sub-Committee and reimbursement of expenses for participation in the Board and other meetings. Independent Director(s) of the Company shall not be entitled to any stock option issued or proposed to be issued by

the Company. The performance of the non-executive members of the Board shall be reviewed by the Board on an annual basis.

v) Remuneration of Executive Management comprising of Senior Management & Key Managerial Personnel:

The Company believes that a combination of fixed and performance-linked pay to the Executive Management shall ensure that the company can attract and retain key employees. The performance-linked incentive based on Company performance and performance of the employee concerned each year shall be considered and approved by the Nomination & Compensation Committee, annually inter-alia for the Executive Management. Additionally subject to appropriate approval of shareholders, the Company may consider issuance of stock options to Senior Management.

The Nomination & Compensation Committee will from time to time consider proposals concerning the appointment and remuneration of the Key Managerial Personnel and ensure that the proposed remuneration is in line with industry standards in comparable companies. Such proposals then shall be submitted to the Board for approval. The remuneration of the members of the Executive Management may consist of the following components:

- Basic salary and Allowances
- Performance linked incentive / bonus
- Stock options
- Perquisites as per rules of the Company including Company car, telephone etc.

Executive Management shall not be eligible to receive any remuneration, including sitting fees, for directorships held in any of the Esse Group of Companies, whether listed or otherwise.

FORM NO MR-3
SECRETARIAL AUDIT REPORT
For the financial Year ended March 31, 2018

To,
The Members,
Zee Learn Limited
CIN No-L80301MH2010PLC198405

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Zee Learn Limited** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **31 March, 2018** complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March, 2018 according to the provisions of:

- i. The Companies Act, 2013 (the Act), amendments and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India (Amendment) Act, 2013 ('SEBI Act'):-

 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and amendments from time to time.
- d. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- e. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations');
- f. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014.
- vi. Other acts:

 - a. Employee Provident Fund and Miscellaneous Provisions Act, 1952
 - b. Employee State Insurance Act, 1948
 - c. Employees Liability Act, 1938
 - d. Employees Remuneration Act, 1938
 - e. Maternity Benefits Act, 1961
 - f. Minimum Wages Act, 1948
 - g. Payment of Bonus Act, 1965
 - h. Payment of Gratuity Act 1972
 - i. Payment of Wages Act, 1936 and other applicable Laws
 - j. The Bombay Shop Establishments Act, 1948

We have relied on the representation made by the Company, its officers and Reports of the Statutory Auditor for systems and mechanism framed by the Company for compliances under other Acts, Laws and Regulations applicable to the Company as listed in point vi.

I have also examined compliance with the applicable clauses of the Secretarial Standards 1 & 2 issued by the Institute of Company Secretaries of India.

During the Audit period under review, based on the said verifications and as per representations and clarifications provided by the management, I confirm that the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. as mentioned hereinabove.

I further report that:

- a) The Board of Directors of the Company is duly constituted. During the Audit period Mr. Surjit Banga, Independent Director of the

company resigned from the directorship of the company w.e.f. the closing hours of November 9, 2017 and Ms. Nandita Agarwal Parker was appointed as an Additional Director (Non-Executive independent director) of the company w.e.f. January 15, 2018.

- b) During the Audit Period Ms. Hemangi Patil resigned from the post of Company Secretary and Compliance Officer with effect from June 9, 2017. On resignation of Ms. Hemangi Patil, Mr. Umesh Pradhan, Chief Financial officer served as the Compliance officer. Mr. Umesh Pradhan ceased to be the Compliance officer of the Company on appointment of Mr. Bhautesh Shah as the Company Secretary and Compliance officer of the Company w.e.f. August 16, 2017.
- c) The Company has pursuant to Regulation 31A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 had reclassified shareholding of Promoters and their respective family members/ entities and persons acting in concert with them, from the "Promoters" of the Company during the audit period based on the request received from them. The said resolution was approved by the members at the Annual General Meeting of the Company held on September 28, 2017 and approved by the BSE Ltd. and National Stock Exchange of India Ltd. vide letter dated November 24, 2017 respectively.
- d) As at March 31, 2018, no Global Depository Receipts (GDRs) of the Company have remained outstanding, as all the GDRs have been converted into the underlying equity shares w.e.f. January 15, 2018 which forms part of the existing paid up share capital of the Company.
- e) The Board of Directors of Zee Learn Limited at its meeting held on February 14, 2018 had accorded its approval to subscribe for 3,19,64,200 equity shares of MT Educare Limited at a price of ₹ 62.57/- on preferential allotment basis. Post subscription, the Company would hold a 44.53% stake in MT Educare Ltd. Such investment/ acquisition triggered a requirement to make open offer under Regulation 3 and Regulation 4 of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (Takeover Code) by the company along with the Persons Acting in Concert i.e. M/s Sprit Infrapower and Multiventures Private Limited (Formerly Sprit Textiles Private Limited). The Public announcement was required to be made in terms

of Regulation 15 of the Takeover code. The Company appointed M/s Axis Capital Limited, Merchant Banker as the Manager to the Offer for the open offer process. Independent Auditor's Report

To
 The Members of
Zee Learn Limited

1. Report on the Standalone Ind AS financial statements

We have audited the accompanying Standalone Ind AS Financial Statements of Zee Learn Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Standalone Ind AS Financial Statements").

2. Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 (" the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

5. Other Matters

The comparative financial information of the Company for the year ended 31 March, 2017 and the transition date opening balance sheet as at 1 April, 2016 included in these standalone Ind AS financial statements, are based on the statutory financial statements prepared in accordance with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016 audited by us whose report for the year ended 31 March, 2017 and 31 March, 2016 dated 25 April, 2017 and 13 May, 2016 respectively expressed an unmodified opinion on those

standalone financial statements as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion on the standalone Ind AS financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters.

6. Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of section 143(11) of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
- II. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 6(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of the Company on the standalone Ind AS financial statements for the year ended 31 March, 2018.

We have audited the internal financial controls over financial reporting of Zee Learn Limited ("the Company") as of 31 March, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of

the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2018, based on the internal control over financial reporting

criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes forming part of the Financial Statements

1 Corporate Information

Zee Learn Limited ("the Company") was incorporated in State of Maharashtra on 4 January, 2010. The Company is one of the most diversified premium education companies which delivers learning solutions and training through its multiple products viz. Kidzee, Mount Litera Zee Schools, Mount Litera World Preschool, Zee Institute of Media Arts (ZIMA), Zee Institute of Creative Arts (ZICA) and E - Learning Online Education and Testing.

2 Significant Accounting Policies

a Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and guidelines issued by Securities and Exchange Board of India (SEBI).

These financial statements for the year ended 31 March 2018 are the first financials with comparatives, prepared under Ind AS. For all previous periods including the year ended 31 March 2017, the Company had prepared its financial statements in accordance with the accounting standards as prescribed under Section 133 of the Companies Act, 2013 (Act) read with Rule 7 of the Companies (Accounts) Rules, 2014, Companies (Accounts) Rules, 2016 and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') and guidelines issued by the Securities and Exchange Board of India (SEBI) used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1 April, 2016 being the date of transition to Ind AS.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

Reconciliations and descriptions of the effect of the transition has been summarised in note no. 47

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated. Zero '0' denotes amount less than ₹ 1,000/-

Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

b Property, plant and equipment

- (i) Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.
- (ii) Capital work-in-progress comprises cost of property, plant and equipment and related expenses that are not yet ready for their intended use at the reporting date.

c Investment property

Investment property is land held for capital appreciation. Investment property is measured initially at cost including purchase price. It is measured and carried at cost.

d Intangible assets

Intangible assets acquired or developed are measured on initial recognition at cost and stated at cost less accumulated amortisation and impairment loss, if any.

e Depreciation / amortisation on property, plant and equipment / intangible assets

Depreciable amount for property, plant and equipment / intangible fixed assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

- (i) Depreciation on property, plant and equipment is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.
- (ii) Leasehold Improvements are amortised over the period of Lease.
- (iii) Intangible assets are amortised on straight line basis over their respective individual useful lives estimated by the management.

f Impairment of Property, plant and equipment / intangible assets

The carrying amounts of the Company's property, plant and equipment and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If there are indicators of impairment, an assessment is made to determine whether the asset's carrying value exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

An impairment is recognised in statement of profit and loss whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. The recoverable amount is the higher of net selling price, defined as the fair value less costs to sell, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and risks specific to the asset.

An impairment loss for an individual asset or cash generating unit are reversed if there has been a change in estimates used to determine the recoverable amount since the last impairment loss was recognised and is only reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Impairment loss are recognised in the statement of profit and loss.

g Derecognition of property, plant and equipment / intangibles / investment property

The carrying amount of an item of property, plant and equipment / intangibles / investment property is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

h Leases

(i) Finance lease

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(ii) Operating lease

Lease of assets under which all the risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Operating Lease payments / revenue are recognised on straight line basis over the lease period in the statement of profit and loss account unless increase is on account of inflation.

i Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

j Inventories

Educational goods and equipments are valued at lower of cost or estimated net realisable value. Cost comprises cost of purchase, freight and other expense incurred in bringing the inventories to their present location and condition. Costs are taken on weighted average basis.

k Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial recognition

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

(ii) Subsequent measurement

(A) Financial assets

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at Fair value

through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

(B) Debt instrument

(a) Amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

(b) Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the Effective Interest Rate method.

c) Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument,

which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

(C) Equity investments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss. Dividends from such investments are recognised in statement of profit and loss as other income when the Company's right to receive payment is established.

Investment in subsidiaries, joint ventures and associates

Investment in subsidiaries, joint ventures and associates are carried at cost less impairment loss in accordance with IND AS 27 on "Separate Financial Statements". Refer note 5 for list of investments.

(iii) Derecognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the asset or the rights have expired or
- The Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

(iv) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology

applied depends on whether there has been a significant increase in credit risk.

Financial liabilities and equity instruments

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Company's own equity instruments.

(v) Financial liabilities subsequent measurement

Financial liabilities measured at amortised cost

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

Financial liabilities measured at fair value through profit and loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Derivatives, including separated embedded derivatives are classified as held for trading unless they are designated as effective hedging instruments. Financial liabilities at fair value through profit and loss are carried in the financial statements at fair value with changes in fair value recognised in other income or finance costs in the statement of profit and loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

(vi) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

I Borrowings and borrowing costs

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method.

Borrowing costs attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalised as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

m Provisions, contingent liabilities and contingent assets

The Company recognises provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

n Revenue recognition

Revenue is recognised to the extent it is probable that economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise.

- (i) Sales- Educational goods and equipments is recognised when the significant risk and rewards of ownership are passed onto the customers, which is generally on dispatch or agreed terms.
- (ii) Services
 - a) Course fees and Royalty income is recognised over the duration of the course and as per agreed terms
 - b) Franchise fees is recognised as per the agreed terms of the agreement.
 - c) Revenue from other services is recognised as and when such services are completed/performed.
- (iii) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.
- (iv) Dividend income is recognised when the Company's right to receive dividend is established.

o Retirement and other employee benefits

- (i) The Company operates both defined benefit and defined contribution schemes for its employees.

For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions.

For defined benefit plans, actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. All such plans are unfunded.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognised in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/ (asset)) are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

- (ii) Other long term employee benefits:

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(iii) Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognised in the period in which the employee renders the related service. The Company recognises the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability.

p Transactions in foreign currencies

- (i) The functional currency of the Company is Indian Rupees ("₹").
Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.
- (ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.
- (iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

q Accounting for taxes on income

Tax expense comprises of current and deferred tax.

(i) Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax assets and liabilities are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax

Current and deferred tax are recognised as income or an expense in the statement of profit and loss, except to the extent they relate to items are recognised in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

- (iii) **Minimum alternate tax (MAT)** paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognised as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the Company and the assets can be measured reliably.

r Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

s Share based payments

The Company recognises compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share based payment reserves.

t Business combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which

control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

u Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

v Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

w Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

x Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

There can be no assurance regarding the final outcome of these legal proceedings.

b Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

- i Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.
- ii Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Tax

- i The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.
- ii Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.
- iii The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Company in which the deferred tax asset has been recognised.

e Fair value measurement

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

-Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

-Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

-Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of reporting year during which the change has occurred.

f Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note no. 25, 'Employee benefits'.

Recent accounting pronouncements

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2018, notifying Indian Accounting Standard (Ind AS) 115 "Revenue from Contracts with Customers"; notifying amendments to Ind AS 12 "Income Taxes" and Ind AS 21 "The Effects of Changes in Foreign Exchange Rates". Ind AS 115,

amendments to the Ind AS 12 and Ind AS 21 are applicable to the Company w.e.f. 1 April 2018.

(i) Ind AS 115 "Revenue from Contracts with Customers"

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further this standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

(ii) Amendment to Ind AS

a) Ind AS 12 "Income Taxes"

The amendment considers that tax law determines which deductions are offset against taxable income and that no deferred tax asset is recognised if the reversal of the deductible temporary difference will not lead to tax deductions. Accordingly, segregating deductible temporary differences in accordance with tax law and assessing them on entity basis or on the basis of type of income is necessary to determine whether taxable profits are sufficient to utilise deductible temporary differences.

b) Ind AS 21 "The Effects of Changes in Foreign Exchange Rates"

The amendment to this Ind AS requires foreign currency consideration paid or received in advance of an item of asset, expense or income, resulting in recognition of a non-monetary prepayment asset or deferred income liability, to be recorded in the Company's functional currency by applying the spot exchange rate on the date of transaction.

The date of transaction which is required to determine the spot exchange rate for translation of such items would be earlier of:

- the date of initial recognition of the non-monetary prepayment asset or deferred income liability, and
- the date on which the related item of asset, expense or income is recognised in the financial statements

If the transaction is recognised in stages, then a spot exchange rate for each transaction date would be applied to translate each part of the transaction.

The Company is evaluating the disclosure requirements of these amendments and its effect on the financial statements.

3	Mortality	IALM (2006-08)	IALM (2006-08)	IALM (2006-08)

VII. Sensitivity Analysis

The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarises the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points

	(₹ Lakhs)	
	Discount Rate	Salary Escalation rate
Impact of increase in 100 bps on DBO	109.85	129.52
Impact of decrease in 100 bps on DBO	129.97	110.09

Notes:

- (a) The current service cost recognised as an expense is included in Note 25 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- (b) The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the Actuary.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

C Other long term benefits

The obligation for leave benefits (non funded) is also recognised using the projected unit credit method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 25 'Employee benefits expense'.

45 Financial instruments

(i) Financial risk management objective and policies

The Company's principal financial liabilities, comprise loans and borrowings, trade advances, deposits and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade receivables, other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, and other financial instruments.

1) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term loan from banks. compulsorily convertible Debentures and Intercorporate deposits carries fixed coupon rate and hence is not considered for calculation of interest rate sensitivity of the company.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(₹ Lakhs)	
	Increase / decrease in basis points	Effect on Profit before tax
As on 31 March 2018	+ 50 / - 50	17.55
As on 31 March 2017	+ 50 / - 50	18.36

2) Foreign currency risk

The Company enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The Company analyses currency risk as to which balances outstanding in currency other than the functional currency of that Company. The management has taken a position not to hedge this currency risk.

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The following table sets forth information relating to foreign currency exposure:

Currency	Assets as at			Liabilities as at			(₹ Lakhs)
	31 March 2018	31 March 2017	01 April 2016	31 March 2018	31 March 2017	01 April 2016	
United States Dollar (USD)	-	-	-	-	-	-	150.00

Foreign Currency sensitivity analysis

The following table demonstrates the sensitivity to a 10% increase / decrease in foreign currencies with all other variable held constant. The below impact on the Company's profit before tax is based on changes in the fair value of unhedged foreign currency monetary assets and liabilities at balance sheet date.

Currency	Sensitivity analysis				(₹ Lakhs)	
	31 March 2018		31 March 2017			
	₹ decrease by 10%	₹ increase by 10%	₹ decrease by 10%	₹ increase by 10%		
United States Dollar (USD)	-	-	-	-	15.00	
					(15.00)	

3) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, deposits and loans given, investments and balances at bank. The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

Ageing of trade receivables	(₹ Lakhs)		
	31 March 2018	31 March 2017	1 April 2016
Trade Receivables (Unsecured)			
Over six months	751.30	653.17	406.14
Less than six months	212.00	351.33	372.89
Total	963.30	1,004.50	779.03

	31 March 2018	31 March 2017
Movement in allowance for credit loss during the year was as follows :		
Opening Balance	75.19	-
Add :- Provided during the year	123.85	75.19
Less :- Reversal during the year	-	-
Balance as at	199.04	75.19
Net Trade receivable	764.26	929.31

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual fund units and non convertible debentures.

b) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The Company's principal source of liquidity are cash and cash equivalents and the cash flow i.e. generated from operations. The Company consistently generated strong cash flows from operations which together with the available cash and cash equivalents and current investment provides adequate liquidity in short terms as well in the long term.

47 First Time Adoption of Ind AS

These financial statements, for the year ended 31 March 2018, are the first, the Company has prepared in accordance with Ind AS. For the period up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the Company has prepared its financial statements to comply with Ind AS for the year ended 31 March 2018, together with comparative data as at and for the year ended 31 March, 2017, as described in the summary of significant accounting policies. In preparing its financial statements, the Company's opening balance sheet was prepared as at 1 April 2016, the Company's date of transition. The notes explains the principal adjustments made by the Company in restating its Previous GAAP financial statements, including the balance sheet as at 1 April, 2016 and the financial statements as at and for the year ended 31 March 2017.

1 Exemptions

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

a) Deemed cost option

The Company has opted to continue with the carrying value for all of its Property, plant and equipment as recognised in its previous GAAP financial statements as deemed cost at the transition date.

b) Business Combination

The Company has elected to apply Ind AS 103 Business Combinations prospectively from 1 April, 2016.

c) Investments in equity instruments

An entity may make an irrevocable election at initial recognition of a financial asset to present subsequent changes in the fair value of an investment in an equity instrument in profit and loss or other comprehensive income. Ind AS 101 allows such designation of previously recognised financial assets, as 'Fair value through profit and loss or other comprehensive income'.

The Company has accordingly designated certain equity instruments as at 1 April 2016 as fair value through profit and loss or other comprehensive income.

2 Exceptions

The following are the mandatory exceptions that have been applied in accordance with Ind AS 101 in preparing financial statements:

a) Estimates

The estimates at 1 April, 2016 and at 31 March, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences, if any, in accounting policies) apart from the following items where application of Previous GAAP did not require estimation:

i. Impairment of financial assets based on expected credit loss model

The estimates used by the Company to present amounts in accordance with Ind AS reflects conditions as at the transition date and as on 31 March 2016.

b) Derecognition of financial assets and financial liabilities

The Company has elected to apply the derecognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

c) Classification and measurement of financial assets

The Company has classified financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Explanations for reconciliation of Balance Sheet and Statement of Profit and loss and other Comprehensive income as previously reported under IGAAP to Ind AS**I Share Based Payments**

Under Indian GAAP, the company recognised only the intrinsic value for the long-term incentive plan as an expense. As per Ind AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period.

II Deposits

Under Indian GAAP, the company accounted for deposits received / given at transaction value. As Per Ind AS, the company has discounted the lease deposit to consider wherever the fair value is different from the the market.

III Financial guarantee obligation

The Company has issued the financial guarantee on behalf of its subsidiaries for the borrowings taken by them. The company has recognised financial guarantee obligation at fair value with corresponding debit as investment in subsidiary. Subsequently guarantee obligation is amortised as other income.

IV Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings were charged to statement of profit and loss. Under Ind AS, borrowings are recorded initially at fair value less transaction cost and are subsequently measured at amortised cost as per Effective Interest Rate (EIR) method.

V Remeasurements of defined benefit plans

Under the Indian GAAP, remeasurements i.e. actuarial gains and losses on the net defined benefit liability were recognised in the statement of profit and loss. Under Ind AS-19 Employee Benefits, actuarial gains and losses are recognised in other comprehensive income and not reclassified to statement of profit and loss.

VI Tax adjustments

Tax adjustments include deferred tax impact on account of differences between Indian GAAP and Ind AS.

Independent Auditor's Report

To

The Members of
Zee Learn Limited

1. Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS Financial Statements of Zee Learn Limited ("the Holding Company") and its subsidiaries (collectively referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

2. Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required

to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in subparagraph 5 below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group at 31 March, 2018 and their consolidated profit, consolidated total comprehensive profit, their consolidated cash flows and consolidated changes in equity for the year ended on that date.

5. Other Matter

- a) We did not audit the financial statements of two subsidiaries whose financial statements reflect total assets of ₹ 67,326.52 lakhs as at 31 March 2018, total revenues of ₹ 8,480.64 lakhs, total net profit after tax of ₹ 352.26 lakhs, total comprehensive income of ₹ 353.28 lakhs and net cash outflows of ₹ 409.11 lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial

statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of Section 143 (3) of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

- b) Our opinion on the consolidated Ind AS financial statements and our Report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.
- c) The comparative financial information of the Group for the year ended 31 March, 2017 and the transition date opening balance sheet as at 1 April, 2016 included in these consolidated Ind AS financial statements, are based on previously issued consolidated financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by us whose report for the year ended 31 March, 2017 and 31 March, 2016 dated 25 April, 2017 and 13 May, 2016 respectively expressed an unmodified opinion on those consolidated financial statements and have been restated to comply with Ind AS. Adjustments made to the said consolidated financial information prepared in accordance with the Companies (Accounting Standards) Rules, 2006 to comply with Ind AS have been audited by us.

6. Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of other auditors on separate financial statements of subsidiaries incorporated in India, referred in the Other Matters paragraph above we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;

Annexure - A to the Independent Auditor's Report

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 6(f) under 'Report on Other Legal and Regulatory Requirements' of our Report of even date to the members of the Zee Learn Limited on the consolidated Ind AS financial statements for the year ended 31 March 2018

We have audited the internal financial controls over financial reporting of Zee Learn Limited ("the Company" or "the Holding Company"), and its subsidiaries, incorporated in India as of 31 March, 2018, in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, and its subsidiaries incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiaries, incorporated in India, in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of

the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, and its subsidiaries incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to three subsidiaries incorporated in India, is based on corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

1 A Corporate Information

Zee Learn Limited ("the Company") was incorporated in State of Maharashtra on 04 January, 2010. The The Company along with its subsidiaries ("Group") is one of the most diversified premium education Group which delivers learning solutions and training through its multiple products viz. Kidzee, Mount Litera Zee Schools, Mount Litera World Preschool, Zee Institute of Media Arts (ZIMA), Zee Institute of Creative Arts (ZICA) and E - Learning Online Education and Testing. The Group is also in the business of providing and servicing school infrastructure on long-term lease agreements and training, manpower and other related activities.

The consolidated financial statements (hereinafter referred to as "financial statements") of the Group for the year ended 31 March 2018, were authorised for issue by the Audit Committee and by the Board of Directors at their meeting held on 7 May 2018.

B Basis of preparation of Consolidated Financial Statements

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act and guidelines issued by Securities and Exchange Board of India (SEBI).

These financial statements for the year ended 31 March, 2018 are the first financials with comparatives, prepared under Ind AS.

For all previous periods including the year ended 31 March 2017, the Group had prepared its financial statements in accordance with the accounting standards as prescribed under Section 133 of the Companies Act, 2013 (Act) read with Rule 7 of the Companies (Accounts) Rules, 2014, Companies (Accounts) Rules, 2016 and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') and guidelines issued by the Securities and Exchange Board of India (SEBI) used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1 April 2016 being the date of transition to Ind AS.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that

are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

Reconciliations and descriptions of the effect of the transition has been summarised in note 49.

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated. Zero '0' denotes amount less than ₹ 1,000/-

Current non-current classification

All assets and liabilities have been classified as current or non-current as per the group's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

C Principles of consolidation and equity accounting

The consolidated financial statements incorporate the financial statements of Zee Learn Limited and entities controlled by Zee Learn Limited.

Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group.

The consolidated financial statements incorporate the financial statements of the group, its subsidiaries (as listed in the table below).

2 Significant Accounting Policies

a Property, plant and equipment

- (i) Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.
- (ii) Capital work-in-progress comprises cost of property, plant and equipment and related expenses that are not yet ready for their intended use at the reporting date.

b Investment property

Investment property is land held for capital appreciation. Investment property is measured initially at cost including purchase price. It is measured and carried at cost.

c Intangible assets

Intangible assets acquired or developed are measured on initial recognition at cost and stated at cost less accumulated amortisation and impairment loss, if any.

d Depreciation / amortisation on property, plant and equipment / intangible assets

Depreciable amount for property, plant and equipment / intangible fixed assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

- (i) Depreciation on property, plant and equipment is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.
- (ii) Leasehold Improvements are amortised over the period of Lease.
- (iii) Intangible assets are amortised on straight line basis over their respective individual useful lives estimated by the management.

e Impairment of Property, plant and equipment / intangible assets

The carrying amounts of the Group's property, plant and equipment and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If there are indicators of impairment, an assessment is made to determine whether the asset's carrying value exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

An impairment is recognised in statement of profit and loss whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. The recoverable amount is the higher of net selling price, defined as the fair value less costs to sell, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and risks specific to the asset.

An impairment loss for an individual asset or cash generating unit are reversed if there has been a change in estimates used to determine the recoverable amount since the last impairment loss was recognised and is only reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Impairment loss are recognised in the statement of profit and loss.

f Derecognition of property, plant and equipment / intangibles / investment property

The carrying amount of an item of property, plant and equipment / intangibles / investment property is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

g Leases

(i) Finance lease

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(ii) Operating lease

Lease of assets under which all the risks and rewards of ownership are effectively retained by the lessor are classified

Notes forming part of the Consolidated Financial Statements

as operating leases. Operating Lease payments / revenue are recognised on straight line basis over the lease period in the statement of profit and loss account unless increase is on account of inflation.

h Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

i Inventories

Educational goods and equipments are valued at lower of cost or estimated net realisable value. Cost comprises cost of purchase, freight and other expense incurred in bringing the inventories to their present location and condition. Costs are taken on weighted average basis.

j Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial recognition

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

(ii) Subsequent measurement

(A) Financial assets

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at Fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the Group's business model for managing the financial assets and the contractual terms of cash flows.

(B) Debt instrument

(a) Amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

(b) Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.**
- b) The asset's contractual cash flows represent solely payments of principal and interest.**

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Group recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the Effective Interest Rate (EIR) method.

(c) Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates

Notes forming part of the Consolidated Financial Statements

a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

(C) Equity investments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss. Dividends from such investments are recognised in statement of profit and loss as other income when the Group's right to receive payment is established.

Investment in subsidiaries, joint ventures and associates

Investment in subsidiaries, joint ventures and associates are carried at cost less impairment loss in accordance with IND AS 27 on "Separate Financial Statements". Refer note 5 for list of investments.

(iii) Derecognition of financial assets

A financial asset is derecognised only when

- i) The Group has transferred the rights to receive cash flows from the asset or the rights have expired or
- ii) The Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

(iv) Impairment of financial assets

The Group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities and equity instruments

Debt or equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs. Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Group's own equity instruments.

(v) Financial liabilities-Subsequent measurement

- a) Financial liabilities measured at amortised cost

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

- b) Financial liabilities measured at fair value through profit and loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Derivatives, including separated embedded derivatives are classified as held for trading unless they are designated as effective hedging instruments. Financial liabilities at fair value through profit and loss are carried in the financial statements at fair value with changes in fair value recognised in other income or finance costs in the statement of profit and loss.

- c) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms

Notes forming part of the Consolidated Financial Statements

of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

(vi) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date.

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

k Borrowings and borrowing costs

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method.

Borrowing costs attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalised as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

l Provisions, contingent liabilities and contingent assets

The Group recognises provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not

require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

m Revenue recognition

Revenue is recognised to the extent it is probable that economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise.

(i) Sales-

Educational goods and equipments and television content is recognised when the significant risk and rewards of ownership are passed onto the customers, which is generally on dispatch or agreed terms.

(ii) Services

- a) Course fees and Royalty income is recognised over the duration of the course.
- b) Franchise fees is recognised as per the agreed terms of the agreement.
- c) Revenue from other services is recognised as and when such services are completed/Performed.

(iii) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

- (iv) Dividend income is recognised when the Group's right to receive dividend is established.
- (v) Lease income is recognised as per agreed terms of lease agreements.

Notes forming part of the Consolidated Financial Statements

n Retirement and other employee benefits

(i) The Group operates both defined benefit and defined contribution schemes for its employees.

For defined contribution schemes the amount charged as expense is equal to the contributions paid or payable when employees have rendered services entitling them to the contributions.

For defined benefit plans, actuarial valuations are carried out at each balance sheet date using the Projected Unit Credit Method. All such plans are unfunded.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognised in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses (excluding interest on the net defined benefit liability/ (asset)) are recognised in Other Comprehensive Income (OCI). Such remeasurements are not reclassified to the statement of profit and loss, in the subsequent periods.

(ii) Other long term employee benefits:

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

The Group presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for twelve months after the reporting date. Where Group has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(iii) Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognised in the period in which the employee renders the related service. The

Group recognises the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability.

o Transactions in foreign currencies

(i) The functional currency of the Group is Indian Rupees ("₹"). Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.

(ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.

(iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

p Accounting for taxes on income

Tax expense comprises of current and deferred tax.

(i) Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax assets and liabilities are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of transition. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively

Notes forming part of the Consolidated Financial Statements

enacted at the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax

Current and deferred tax are recognised as income or an expense in the statement of profit and loss, except to the extent they relate to items are recognised in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

(iii) Minimum Alternate Tax (MAT) paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognised as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the Group and the assets can be measured reliably.

q Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

r Share based payments

The Group recognises compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share based payment reserves.

Short term employee benefits are expensed at the undiscounted amount in the statement of Profit and loss in the year the employee renders services

s Business combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable

assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Business combinations between entities under common control is accounted for at carrying value.

Transaction costs that the Group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

t Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

u Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

v Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

w Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Group's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

Notes forming part of the Consolidated Financial Statements

b Useful lives and residual values

The Group reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

- i Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.
- ii Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Tax

- i The Group's tax charge is the sum of the total current and deferred tax charges. The calculation of the Group's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.
- ii Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.
- iii The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Group in which the deferred tax asset has been recognised.

When a distribution contract with an affiliate has expired and a new distribution contract has not been executed, revenues are based on estimated rates, giving consideration to factors including the previous contractual rates, inflation, current payments by the affiliate and the status of the negotiations on a new contract. When the new distribution contract terms are finalised, an adjustment to Subscription revenues is recorded, if necessary, to reflect the new terms.

e Fair value measurement

A number of Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of reporting year during which the change has occurred.

f Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate,

Notes forming part of the Consolidated Financial Statements

discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 26, 'Employee benefits'.

Recent accounting pronouncements

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2018, notifying Indian Accounting Standard (Ind AS) 115 "Revenue from Contracts with Customers"; notifying amendments to Ind AS 12 "Income Taxes" and Ind AS 21 "The Effects of Changes in Foreign Exchange Rates". Ind AS 115, amendments to the Ind AS 12 and Ind AS 21 are applicable to the group w.e.f. 1 April 2018.

(i) Ind AS 115 "Revenue from Contracts with Customers"

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further this standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

(ii) Amendment to Ind AS

a) Ind AS 12 "Income Taxes"

The amendment considers that tax law determines which deductions are offset against taxable income and that no deferred tax asset is recognised if the reversal of the deductible temporary difference will not lead to

tax deductions. Accordingly, segregating deductible temporary differences in accordance with tax law and assessing them on entity basis or on the basis of type of income is necessary to determine whether taxable profits are sufficient to utilise deductible temporary differences.

b) Ind AS 21 "The Effects of Changes in Foreign Exchange Rates"

The amendment to this Ind AS requires foreign currency consideration paid or received in advance of an item of asset, expense or income, resulting in recognition of a non-monetary prepayment asset or deferred income liability, to be recorded in the group's functional currency by applying the spot exchange rate on the date of transaction.

The date of transaction which is required to determine the spot exchange rate for translation of such items would be earlier of:

- the date of initial recognition of the non-monetary prepayment asset or deferred income liability, and
- the date on which the related item of asset, expense or income is recognised in the financial statements

If the transaction is recognised in stages, then a spot exchange rate for each transaction date would be applied to translate each part of the transaction.

The group is evaluating the disclosure requirements of these amendments and its effect on the financial statements.

43. Employee Benefits

The Disclosures as per Ind AS 19 - Employee Benefits is as follows:

A Defined Contribution Plans

"Contribution to provident and other funds" is recognised as an expense in Note 26 "Employee benefit expenses" of the Statement of Profit and Loss.

B Defined Benefit Plans

The present value of gratuity obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave benefits (non funded) is also recognised using the projected unit credit method.

VII. Sensitivity Analysis

The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarises the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points

(₹ Lakhs)

	Discount Rate	Salary Escalation rate
Impact of increase in 100 bps on DBO	112.77	133.15
Impact of decrease in 100 bps on DBO	133.61	113.00

Notes:

- (a) The current service cost recognised as an expense is included in Note 26 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- (b) The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the Actuary.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

C Other long term benefits

The obligation for leave benefits (non funded) is also recognised using the projected unit credit method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 26 'Employee benefits expense'.

46 Educational Infrastructure Projects under execution

In the preceeding year, the Group had taken lands at four locations on lease and has acquired land at one location for the purposes of setting up of educational infrastructures. The Group has also acquired development rights to develop a piece and parcel of land, from TALEEM Research Foundation at Mumbai, to build educational infrastructure. This development right is acquired for 30 years w.e.f. 1 January 2010 against a lump sum development fee of ₹/lakhs 10,500. The civil work for construction of all these educational infrastructures is in progress and are at different stages of construction.

47 Financial Instruments

i) Financial risk management objective and policies

The group's principal financial liabilities, comprise loans and borrowings, trade advances, deposits and other payables. The main purpose of these financial liabilities is to finance the group's operations. The group's principal financial assets include investments, loans, trade receivables, other receivables, and cash and cash equivalents that derive directly from its operations.

The group is exposed to market risk, credit risk and liquidity risk. The group's management oversees the management of these risks.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits and other financial instruments.

1) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The group's exposure to the risk of changes in market interest rates relates primarily to the group's long-term loan from banks. Compulsorily Convertible Debentures and Intercorporate deposits carries fixed coupon rate and hence is not considered for calculation of interest rate sensitivity of the group.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the group's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(₹ Lakhs)	
	Increase / decrease in basis points	Effect on Profit before tax
As on 31 March 2018	+ 50 / - 50	71.84
As on 31 March 2017	+ 50 / - 50	74.44

2) Foreign Currency risk

The group enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The group analyses currency risk as to which balances outstanding in currency other than the functional currency of that group. The management has taken a position not to hedge this currency risk.

The group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

Notes forming part of the Consolidated Financial Statements

The following table sets forth information relating to foreign currency exposure:

(₹ Lakhs)

Currency	Assets as at			Liabilities as at		
	31 March 2018	31 March 2017	31 March 2016	31 March 2018	31 March 2017	31 March 2016
United States Dollar (USD)	-	-	-	-	150.00	-

Foreign Currency sensitivity analysis

The following table demonstrates the sensitivity to a 10% increase / decrease in foreign currencies with all other variable held constant. The below impact on the group's profit before tax is based on changes in the fair value of unhedged foreign currency monetary assets and liabilities at balance sheet date.

(₹ Lakhs)

	31 March 2018		31 March 2017	
	₹ decrease by 10%	₹ increase by 10%	₹ decrease by 10%	₹ increase by 10%
United States Dollar (USD)	-	-	15.00	(15.00)

3) Credit risk

Credit risk is the risk of financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group's receivables from customers, deposits and loans given, investments and balances at bank.

The group measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

Less :- Reversal during the year	-	-
Balance as at	199.04	75.19
Net Trade receivable	1,507.04	4,983.62

Credit risk on cash and cash equivalents is limited as the group generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual fund units and non convertible debentures.

Notes forming part of the Consolidated Financial Statements

b) Liquidity risk

Liquidity risk refers to the risk that the group cannot meet its financial obligations. The group's principal source of liquidity are cash and cash equivalents and the cash flow i.e. generated from operations. The group consistently generated strong cash flows from operations which together with the available cash and cash equivalents and current investment provides adequate liquidity in short terms as well in the long term.

ii) Capital Management

For the purpose of the group's capital management, capital includes issued capital and all other equity reserves. The group manages its capital structure to ensure that it will be able to continue as a going concern while maximising the return to the stakeholders.

The management assessed that cash and cash equivalents and bank balances, trade receivables, other financial assets, certain investments, trade payables and other current liabilities approximate their fair value largely due to the short-term maturities of these instruments. Difference between carrying amount and fair value of bank deposits, other financial assets, other financial liabilities and borrowings subsequently measured at amortised cost is not significant in each of the year presented.

49 First Time Adoption of Ind AS

These financial statements, for the year ended 31 March 2018, are the first, the group has prepared in accordance with Ind AS. For the period up to and including the year ended 31 March 2017, the group prepared its financial statements in accordance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the group has prepared its financial statements to comply with Ind AS for the year ended 31 March 2018, together with comparative data as at and for the year ended 31 March, 2017, as described in the summary of significant accounting policies. In preparing its financial statements, the group's opening balance sheet was prepared as at 1 April 2016, the group's date of transition. The notes explains the principal adjustments made by the group in restating its Previous GAAP financial statements, including the balance sheet as at 1 April, 2016 and the financial statements as at and for the year ended 31 March 2017.

1 Exemptions

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The group has applied the following exemptions:

a) Deemed cost option

The group has opted to continue with the carrying value for all of its Property, plant and equipment as recognised in its previous GAAP financial statements as deemed cost at the transition date.

b) Business Combination

The group has elected to apply Ind AS 103 Business Combinations prospectively from 1 April, 2016.

Notes forming part of the Consolidated Financial Statements

c) Investments in equity instruments

An entity may make an irrevocable election at initial recognition of a financial asset to present subsequent changes in the fair value of an investment in an equity instrument in profit and loss or other comprehensive income. Ind AS 101 allows such designation of previously recognised financial assets, as 'Fair value through profit and loss or other comprehensive income'.

The group has accordingly designated certain equity instruments as at 1 April 2016 as fair value through profit and loss or other comprehensive income.

2 Exceptions

The following are the mandatory exceptions that have been applied in accordance with Ind AS 101 in preparing financial statements:

a) Estimates

The estimates at 1 April, 2016 and at 31 March, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences, if any, in accounting policies) apart from the following items where application of Previous GAAP did not require estimation:

i. Impairment of financial assets based on expected credit loss model

The estimates used by the group to present amounts in accordance with Ind AS reflects conditions as at the transition date and as on 31 March 2016.

b) Derecognition of financial assets and financial liabilities

The group has elected to apply the derecognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.

c) Classification and measurement of financial assets

The group has classified financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

Explanations for reconciliation of Balance Sheet and Statement of Profit and loss and other Comprehensive income as previously reported under IGAAP to Ind AS

I Share Based Payments

Under Indian GAAP, the group recognised only the intrinsic value for the long-term incentive plan as an expense. As per Ind AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period.

II Deposits

Under Indian GAAP, the group accounted for deposits received / given at transaction value. As Per Ind AS, the group has discounted the lease deposit to consider wherever the fair value is different from the market.

III Financial guarantee obligation

The group has issued the financial guarantee on behalf of its subsidiaries for the borrowings taken by them. The group has recognised financial guarantee obligation at fair value with corresponding debit as investment in subsidiary. Subsequently guarantee obligation is amortised as other income.

IV Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings were charged to statement of profit and loss. Under Ind AS, borrowings are recorded initially at fair value less transaction cost and are subsequently measured at amortised cost as per Effective Interest Rate (EIR) method.

V Remeasurements of defined benefit plans

Under the Indian GAAP, remeasurements i.e. actuarial gains and losses on the net defined benefit liability were recognised in the statement of profit and loss. Under Ind AS-19 Employee Benefits, actuarial gains and losses are recognised in other comprehensive income and not reclassified to statement of profit and loss.

VI Tax adjustments

Tax adjustments include deferred tax impact on account of differences between Indian GAAP and Ind AS.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 5

The Board, on the recommendation of the Audit Committee, has approved the appointment of M/s Vaibhav P. Joshi & Associates, Cost Accountants (Firm Registration No 101329) to conduct the audit of the cost records of the Company relating to its Education Services for the Financial Year ending March 31, 2019 on a remuneration of ₹ 75,000/- (Rupees Seventy Five thousand) plus applicable taxes and reimbursement of out of pocket expenses.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor has to be ratified by the shareholders of the Company.

Accordingly, consent of the members is sought for passing an ordinary resolution as set out at Item No. 5 of the Notice for ratification of the remuneration payable to the Cost Auditor for the Financial Year ending March 31, 2019.

Your Board recommends the ordinary resolution as set out in Item No. 5 for approval of Members.

None of the Directors and /or Key Managerial Personnel of the Company or their relatives is in any way concerned or interested in this ordinary resolution set out in Item no. 5.

Item No. 6

The existing Articles of Association (AOA) are based on the Companies Act, 1956 and several regulations in the existing AOA contain references to specific sections of the Companies Act, 1956. With the enactment of the Companies Act, 2013, various provisions of the Companies Act, 1956 have been repealed and new provisions have been added. In view of the same, the existing Articles of Association of the Company need to be re-aligned as per the provisions of the new Act. Given the number of changes, it is felt expedient to replace the existing Articles of Association with the new Articles of Association.

In terms of Section 14 of the Companies Act, 2013, the consent of the Members by way of Special Resolution is required for adoption of new set of Articles of Association of the Company. The draft Articles of Association are available for inspection by the Members at the registered office of the Company on all working days (except Saturdays, Sundays and Public Holidays) between 11:00 am to 5:00 p.m upto the date of this Annual General Meeting and the same are also available on the Company website www.zeelearn.com and shall also be available for inspection at the AGM.

The Board recommends the Special Resolution set forth in Item No. 6 of the Notice for approval of the Members.

None of the Directors or Key Managerial Personnel of the Company including their relatives are interested or concerned in the Resolution except to the extent of their shareholding, if any, in the Company.

Item No.7

Based on recommendation of the Nomination & Remuneration Committee, the Board of Directors at the meeting held on October 25, 2015, had approved appointment of Mr. Ajey Kumar, as an Executive Director for a period of 5 years which was approved by the members of the Company vide Postal Ballot / e-voting process on December 18, 2015. As per the terms of his appointment he was eligible for grant of stock options from the Company as an Executive Director or otherwise but without any remuneration as of then.

Under the able guidance of Mr. Ajey Kumar, the Company has shown a commendable performance in term of jump in revenues of the Company from ₹ 1215.83 millions in FY15 to ₹ 1863.43 millions in FY18. The Company's profit (before tax) has grown manifold from ₹ 96.23 million in FY15 to ₹ 713.66 millions in FY18. The Company has also started new lines of synergistic businesses and has done acquisitions under the guidance of Mr Ajey Kumar thus opening new vistas for the Company's growth. In light of the stellar performance of the Company under his guidance and the need for more intensive guidance from him, it is proposed to re-designate / appoint him as Managing Director for the balance part of his tenure. Mr. Ajey Kumar based on the terms of his earlier appointment was eligible for stock options of the Company as an Executive Director or otherwise but no remuneration was then payable to him. In line with his increased inputs and efforts that are required in the Company and in order to remunerate him commensurate with his role, abilities and responsibilities the Board of Directors based on the recommendation of the Nomination and Remuneration Committee at its meeting held August 9, 2018 and subject to the requisite regulatory approvals including approval of members, have approved the re-designation / appointment of Mr. Ajey Kumar from Executive Director to Managing Director of the Company w.e.f October 1, 2018 till the end of the tenure of his appointment

viz. October 24, 2020 with remuneration as detailed in the Item No.7 of the Notice. Further, as a Managing Director or otherwise, he shall be eligible to such number of stock options as may be recommended by the Nomination and Remuneration Committee from time to time, over and above the stock options which have already been granted to him under the earlier grant/s as an Executive Director or otherwise.

The terms and remuneration as mentioned in the resolution may be altered and varied by the Board based on the recommendation of the Nomination and Remuneration Committee. While the Company's operations are profitable, the overall managerial remuneration including remuneration proposed to be paid to Mr. Ajey Kumar, may exceed the limits prescribed under Section 197 of the Companies Act, 2013. Further in the event of loss or inadequacy of profits in any financial year, the remuneration, ie. allowances, perquisites, reimbursements, stock options, retirement benefits, variable pay etc., as detailed in the resolution (with such increase as may be approved by the Board) will be payable as minimum remuneration subject to the provisions of Schedule V of the Companies Act, 2013.

However, since Mr. Ajey Kumar is a Professional director without any direct or indirect interest in the Capital of the Company as prescribed in the Companies Act, 2013 and/or its Subsidiary(ies) and further since Mr. Ajey Kumar is not related to any Directors or Promoters of the Company or its subsidiary(ies), the remuneration proposed to be paid to Mr. Ajey Kumar shall not require approval of the Central Government as per Clause B of Section II of Part II of Schedule V of the Companies Act, 2013. In this regard it may be noted that the Company has not committed any default in repayment of its debts or interest thereon.

Requisite details relating to the proposal as prescribed in Schedule V of the Companies Act, 2013 is mentioned herein:

General Information of the Company: Zee Learn Limited is India's leading company in the Education segment with the fastest growing chain of K-12 schools (MLZS - Mount Litera Zee Schools) and Asia's No 1 chain of Preschools (Kidzee) in its portfolio. The Company also operates in the Vocational segment through ZIMA – Zee Institute of Media Arts (for film and media training), ZICA – Zee Institute of Creative Arts (for animation and graphics courses) and ZITA - Zee Institute of Teaching Arts (for teacher's training courses). Through its various offerings Zee Learn Ltd. has over 2 Lakhs students in their schools across 700 plus cities.

Financial Performance of the Company: During FY 17-18, the Standalone operations of the Company cloaked revenue of ₹ 1863.43 million and the operations during the year resulted in Net Profit (before tax) of ₹ 713.66 million. Relevant financial details along with highlights and indicators of past and current performance of the Company forms part of the Audited Financial statements of the Company for FY 2017-18.

Information about Mr. Ajey Kumar:

Particulars	Information
DIN	02278096
Education Qualifications	B.E. (E&C) from Delhi College of Engineering and MBA from FMS, Delhi University.
Experience	Mr. Ajey Kumar is a senior professional who has global experience in Strategy, Business Leadership, Turnarounds and Startups. He has worked in reputed companies like HUL, Lupin, Ethypharm etc. and has expertise in areas like Consumer goods, Life Sciences, Wellness, Education, Services, Real Estate etc.

Considering the qualification and experience of Mr. Ajey Kumar and the remuneration drawn by the professionals with similar experience in other entities comparable to size and scale of operations of the Company, your Board feels that the proposed remuneration is fair, just and reasonable and therefore recommends the Special Resolution as set out respectively, in Item No. 7 for your approval.

Mr. Ajey Kumar holds 16,00,943 equity shares of the face value of ₹ 1/- each in the Company and is not related to other Directors or Key Managerial Personnel of the Company.

It is proposed to seek the Members' approval for the payment of above said remuneration to Mr. Ajey Kumar in his capacity as a Managing Director and making him eligible for getting further grants of stock options as a Managing Director or otherwise over and above the stock options granted to him earlier, in terms of the applicable provisions of the Act and the relevant Rules made thereunder. This Explanatory Statement may also be considered as the requisite abstract under Section 190 of the Companies Act, 2013 setting out the terms and conditions of re-designation / appointment of Mr. Ajey Kumar as the Managing Director of the Company.

None of the Directors and/or Key Managerial Personnel of the Company or their relatives, except Mr. Ajey Kumar (who is the subject of the proposed resolutions) is in any way concerned or interested in the resolutions detailed in Item No.7 of the Notice.

Item No.8

The Board at its meeting held on May 7, 2018 based on the recommendation of the Audit Committee approved the transaction pertaining to issue

of Corporate Guarantee to Taleem Research Foundation, a trust and a related party as per the Indian Accounting Standard, subject to the approval of Shareholders at the ensuing Annual General Meeting of the Company. Taleem Research Foundation had taken a term loan from YES Bank Limited towards payment of security deposit to the extent of ₹ 160,00,00,000 (Rupees One hundred sixty crores) towards usage of Brand name "Mount Litera School International" belonging to the Company and security deposit of ₹ 150,00,00,000 (Rupees one hundred fifty crores) to the subsidiary of the Company i.e Digital Ventures Pvt. Ltd. for the operation and management of the Mount Litera School International at BKC, Mumbai. As per the one of the conditions of the term loan extended to Taleem Research Foundation, a Corporate Guarantee is required to be given by the Company to Yes Bank Ltd. for the term loan facility extended to Taleem Research Foundation aggregating to ₹ 310,00,00,000 (Rupees Three hundred ten crores). Since the aggregate value whereof is estimated to exceed materiality threshold prescribed in Listing Regulation 23 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 the approval of the shareholders is required.

As per Listing Regulations, all related parties of the Company, including Promoters, entities forming part of Promoter Group, Directors, Key Managerial Personnel and their relatives shall not vote to approve this resolution.

Since the proposed related party transactions to be done by the Company with Taleem Research Foundation for providing Corporate Guarantee in lieu of the security deposit extended by Taleem Research Foundation would be beneficial to the Company by way of increased liquidity and strengthening its cash flow, your Board recommends the Ordinary resolution as set out in Item No. 8 of the Notice for your approval.

None of the Directors and/or Key Managerial Personnel of the Company or their relatives are in any way concerned or interested in the resolution as detailed in Item No. 8 of the Notice.
