India is a young country with a large proportion of the population below the age of 25. The future of India stands on the firm shoulders of its youth. Our objective at Zee Learn, is to empower this precious human resource by providing quality education and training to students and pave for them the pathway for better career opportunities and an enriching quality of life.

We focus on holistic development of students by addressing their physical, intellectual and emotional needs. We have designed technology-aided specific educational and training modules on the basis of specific needs of the learner.

With the awareness and affordability of quality education growing in India, we are optimistic of strengthening our performance further and contribute in nation building.

Message

from the CEO

Dear Esteemed Shareholders

It gives me immense pleasure to present to you the 12th Annual Report of your Company.

With the era of pandemic-induced uncertainty mostly behind us and normalcy returning to our socio-economic life, we, at Zee Learn are optimistic about our road ahead.

The year gone by had put a severe stress on all businesses and Zee Learn was no different. Our team of professional educators and trainers were quick to understand the gravity of the situation and shifted to online classes, so that students do not lose precious learning

At Zee Learn, we are evolving towards a hybrid mode of teaching, which is a mix of physical and digital teaching.

hours. Our teachers were also trained to cope with the changed circumstances. Despite the headwinds posed by the pandemic, our consolidated annual revenue for FY'22 stood at Rs. 282 crore, with an EBIDTA of Rs. 47 crore.

Our primary objective across our network of 2,200+ educational centres – including Kidzee, Mount Litera Zee School, Mount Litera School International, ZIMA, ZICA, MT Educare, and other institutes is to elevate human capital through quality education and development. We aim for holistic development of a student, which is not restricted to rote learning. We have built an enabling ecosystem, where the intrinsic potential of the student is allowed to blossom.

At Zee Learn, we are evolving towards a hybrid mode of teaching, which is a mix of physical and digital teaching. It is a flexible approach that takes into account any unpredictable circumstances that can adversely impact brick-and-mortar mode of education. We will continue to innovate and develop new products or learning tools, which will facilitate hybrid mode of learning. The hybrid mode is fast becoming popular across the world, so there is no reason why India should be left behind in the race.

With our presence across 20,000+ teachers, trainers, and support staff,

Zee Learn, along with its affiliates and subsidiaries, has a profound impact on the lives of lakhs of students.

Our portfolio includes the fastest expanding chain of K–12 schools in India, Mount Litera Zee School, and the country's most extensively spread preschool chain network, Kidzee.

We cater to the whole range of educational services with our array of innovative service offerings, which goes beyond our core segment of Pre K, K–12, and vocational courses to the supplementary categories as well, including Test Preparation and Tutorials. We have developed robust digital education ecosystems that will boost our brand offering. These ecosystems employ a pedagogically sound approach to improve learning outcomes. Our digital ventures, which include the Kidzee App, Kidzee Tab, Robomate, R+ notepad, and more, enable our students to expand their horizons.

With our innovative approaches, we are fast moving forward towards our overarching objective of serving the full lifecycle of educational needs. The strength of Zee Learn lies in content developed by our highly qualified and dedicated faculty members, who step out of the way to handhold students and deliver extraordinary outcomes. We are exploring opportunities to reimagine

education with flexible approaches that effectively cater to the holistic needs and aspirations of all students, as well as offer life-long learning.

With the motto of building the nation through education, we are relentlessly contributing in the field of education across age groups, all the while living up to our core values of integrity, ownership, leadership, trust and continuous learning. We believe that every child has a unique and infinite potential and we are committed to help children realise their capabilities. We are proud to partner our nation in this journey of empowerment.

I appreciate the hard work and dedication of our teachers, students, employees, and thank all stakeholders for keeping their faith in our vision and capabilities.

Thank you,

Ritesh Handa

Zee Learn Limited

Improving human capital through quality education and development

Zee Learn, a leading player in India's education sector, combines all aspects of education and skill development for holistic development of students, who are the future citizens of our nation.

Our Mount Litera Zee School is India's fastest expanding K-12 school chain, and Kidzee is our country's most extensively present preschool brand.

We have a built robust presence across all levels of education. Our preschool offering, Kidzee and Ankurum, are aimed at providing structured quality education. Our Mount Litera School International and Mount Litera Zee School are co-educational day school. Mount Litera School International provides outstanding education through a holistic International Baccalaureate curriculum.

Our supplementary education programmes include everything from vocational training to test preparation to tutorials. Mahesh Tutorials assists students with foundational coursework for competitive examinations and Secondary Education. While Lakshya, MT Science and MT Commerce support students in their higher secondary education and entrance exams.

We have established the Zee Institute of Media Arts (ZIMA), a TV and film training facility in Mumbai, to provide vocational education beyond the purview of conventional higher education. ZIMA provides diploma programmes in direction, acting, sound, editing, production, and cinematography. The nation's first full-fledged Classical and Digital Animation Training Academy, Zee Institute of Creative Art (ZICA), is another offering provided by us that provides training to young people in more than 15 cities across the nation in traditional 2D, contemporary 3D animation, and VFX.

Our offering in the training and employment sector, Liberium, helps businesses focus on their most pressing issues by delivering innovative and customised solutions.

The differentiation that we deliver

We have carved out a niche for ourselves in India's education sector. We leverage our advantages to enable continuous growth and expansion. Our diverse portfolio is supported by our continuous innovation and the unique academic experience we strive to offer.

Effective business model

We have developed a strong base for annuity-based business models in the preschool K-12 school, wherein its share of royalty is collected in advance. We are led by a stable, performance driven, coherent management team that has played a pivotal role in laying the strong foundation of the business and is now geared to take it to the next level.

Members in our R&D

Through a mix of degrees, diplomas and certificate courses, we offer a plethora of options to both fresh graduates and professionals. We are uniquely positioned to cater to the large unmet needs in child's

development in the education domain enabled by strong brands.

Our diverse portfolio helps increase the wallet share per customer by leveraging existing relationships with business partners resulting in higher revenue per centre/school. Our partnerships for creating or sourcing differentiated best in class products from across the world are strongly aligned with the Indian curriculum.

Strong geographical footprint

We have the India's widely present preschool chain over 1800+ centres. Additionally, we have built a strong franchise network and developed school infrastructure through Brick & Mortar K-12 schools. We leverage our asset-light business model to faster scale our operations, increased geographical penetration (currently present in about 20% cities across India) and enhanced control on the service delivery levels for desired outcomes.

Exceptional academic experience

At Zee learn, we have designed our courses in such way that it addresses the unique and different needs of children and youth. Our integrated parenting curriculum empowers parents to facilitate child development in the right manner.

We offer state-of-the-art infrastructure, contemporary technology-aided learning and teaching methods, well-researched proprietary content and constructive learning environment.

Continuous innovation

With an R&D team of over 60 members, we constantly focus on pedagogy, curriculum design and content creation. After years of research, we have created an integrated educational model, 'Litera Octave', which facilitates a deeper understanding of concept.

Our flexible pedagogy named 'Illume' observes children on pre-defined parameters and accordingly identifies the preferred learning style. We have also developed an in-house digital content and an activity-based learning programme that provides multiple pathways to learn from children.

Members in our R&D

The year 2021-22 innovative initiatives:

- **The Kidzee Learning Ferris program:**

A weekly series of highly interactive and engaging virtual centralised classes for children affected due to the pandemic lockdown of SARS COVID-19. This was initiated from September 2022 in the network.

- **Learn with Kidzee (ab ghar par bhi) level 1 and 2.**

Children in the age group of 1.5 year to 6 years most vulnerable to the zero years due to the pandemic. An interactive developmental interactive program (DIY) to assist parents in ensuring these

foundational and formative years are beneficial despite the challenges. A well balanced blend of Early years content in Virtual, Auditory and Kinaesthetic components; with instructional videos and integration of Augmented reality in an attractively designed home learning kit for level 1 and level 2 children. The objective was to ensure children's readiness for school.

- **Kidzee – Upgrade and Extension: K-2 and K5 (Kidzee+ MLZS Primary):**

The Kidzee Franchisee and the customer (Kidzee parent) delighted with the KIDZEE EXPERIENCE always expressed the need for continuity and extension of Kidzee services against the primary years of the child. The opportunity to upgrade Kidzee centers to class 1 and 2 in the current location was chosen by 84 franchisees of Kidzee, thus giving themselves to extend their business and also preparing themselves to adopt to NEP. The opportunity to add on to their existing business of Kidzee with MLZS Primary in exclusive and appropriate locations was chosen by 60 franchisees of Kidzee, thus adding on to their preschool business with a MLZS primary school.

- **These centers / schools were activated for operation from the academic year 2022-23.**

For the academic year 23-24 the company is in process of redefining its content strategy, pedagogy, curriculum for the preschool segment. For the same academic year the company is also in the process of upgrading the curriculum as per (NEP) the New Education Policy.

Growth

levers for the future

With a diversified portfolio of offerings in different sectors, we have numerous factors, augmenting our growth and expansion.

Preschool education sector

Increasing population and the rise in urbanisation, coupled with increased propensity to spend on quality education has boosted the preschool education sector in India. There has been a gap in demand and supply for pre-schools and we have capitalised on it by providing quality pre-schools. India's pre-school education sector is seeing astonishing growth for franchisee models.

School (K12) education sector

This sector is also witnessing a huge potential with private schools being preferred by Indian parents. The Government is also encouraging private players to enter into the market. The International Baccalaureate schools are also aiding the growth of the premium segment in India.

Higher education sector

The lockdown imposed due to COVID-19 pandemic has made the distance education programs operationally profitable from the first year itself. The Government colleges and universities are facing constraints in handling current demand as there is a growing importance and requirement of specialised and skilled manpower. Additionally, there is more foreign direct investment in the sector.

Test preparation and tutoring sector

The increased internet and smartphone penetration along with lack of quality coaching centres in Tier-2 and Tier-3 regions of the country is helping the preparation and tutoring sector. There has been a robust investment flow in the education technology space and advanced technologies have enabled to increase the reach of learning.

Vocational education sector

There has been a shortage of skilled workers in the growing economy which is giving an opportunity for the vocational education sector to flourish. The modernisation of formal vocational education and training (VET) and government policies supporting skill development has also served as a growth driver for the sector.

Employability sector

Women, youth, and high-skilled workers are positively impacted by the flexi-employment market trends post the pandemic. The government schemes are also providing a strategic framework for skill development for early school leavers and existing workers. These trends are catalysing the growth of the employability sector in India.

Management Discussion and Analysis

Indian Economy

In FY 2021-22, India remained on track to report rapid recovery, after the first wave of the pandemic. However, the nation reeled under a severe health threat with the onset of the second wave of Covid-19. Despite the crisis, the economic impact of the second wave was far more muted in comparison to the first wave. Supported by conducive fiscal measures, implemented through monetary, regulatory and liquidity policies undertaken by the RBI, the GDP bounced back in the second quarter, growing by 1.3% over FY 2019-20. The recovery continued in the third quarter of the fiscal but, the fourth quarter was somewhat marred by recurrent waves of the pandemic and geopolitical uncertainties.

After registering growth of 8.7% in FY 2021-22, the GDP is expected to grow by 7.4% in FY 2022-23. The IMF in its latest forecast has revised its GDP estimate of 8.2% owing to unfavourable external conditions and rapid policy tightening. However, despite these headwinds, India is projected to grow at a much faster pace in comparison to the developed economies of the US and China.

Indian Education industry

India is a significant participant in the global education market and has one of the largest networks of higher education institutions globally. However, prolonged shutdown of educational institutes in 2020, due to the Covid-19 pandemic, has largely impacted the sector. It has not only affected the educational institutes but, has also impacted students across the country.

The sector was estimated to be worth US\$ 117 billion in FY 20 and is expected to reach US\$ 225 billion by FY 25. India has over 250 million school-going students, more than any other country in the world. Alongside, the number of colleges in India has touched 42,343 in FY 20.

Indian K-12 industry

With 218 million students and 1.55 million K-12 schools, India is a significant player in the global education sector. School education in India has traditionally been associated with overcrowded classrooms and ineffective learning methods for students. However, due to increased private and public investment in education, improvement of educational facilities and technological advancements, schools have been modernised and are continuously aiming for better infrastructure facilities for students. Moreover, schools are consistently adopting formats for digital learning and smart classrooms. It has not only enhanced academic performance of students but, has also made teaching effective.

India is the most populous country in the world, after China, with a steadily growing population. As a result, millions of students are being enrolled in the formal education system every year. But, the shortage of educational facilities and inadequate number of schools continue to affect the delivery of quality education.

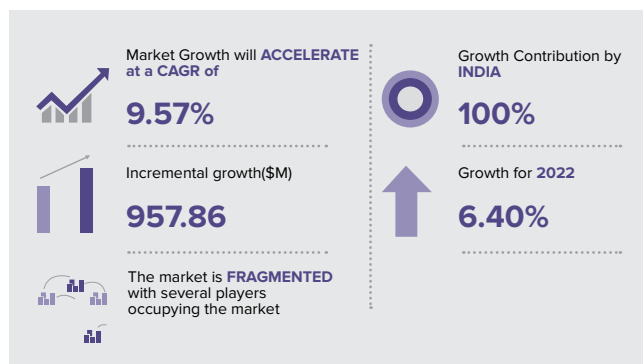

In recent times, however, government support has enabled a rapid development of the education sector in urban as well as rural areas. Along with a focus on improving the infrastructure of schools, adoption of advanced methods of learning have introduced smarter ways of imparting education. Smart classes, digital libraries and augmented reality has also made learning more participatory for students, demonstrating an immense opportunity landscape for the Indian school market.

Indian Preschool industry

The preschool education market has grown as one of the most lucrative segments of the Indian education industry. Mainly comprising of the organised and structured pre-primary education program for children in the age group of 2-5 years, it continues to attract new and established players from the industry. But, the Indian preschool sector still remains largely unorganised and structural changes are anticipated to usher improvements in the near future.

The preschool market size in India is growing at a CAGR of 9.57% and is expected to register an incremental growth of USD 957.86 million between 2021 and 2026¹. The availability of employment opportunities along with an emphasis on the education of the girl child has resulted in a rapid transition in this segment. The Indian government is also undertaking a number of programmes to encourage women's participation in the workforce. These factors have played an important role in fuelling the growing demand for preschools in the country.

PreSchool Market in India 2022-2026

Opportunities in Indian Education industry

- **Favourable Demographics:** A major proportion of India's population is below the age of 30, as per the 2011 census. With literacy rates at about 74% (as per the 2011 census) and relatively favourable demographics, demand for quality education is expected to continuously rise.
- **Urbanisation:** Rapid urbanisation continues to expand opportunities for income generation and this in turn has increased affordability and higher investment on education.
- **Demand-supply gap:** While the demand for quality education within the country continues to rise, there is a shortage of institutes offering higher education and vocational training. It is estimated that India requires an additional 200,000 schools, 35,000 colleges, 700 universities and 40 million seats in vocational training centres to adequately fulfil the demand for educational facilities.

Challenges

- **Lack of awareness about preschools-** In India, not many parents are aware of the benefits of preschool education. Moreover, the concept of preschools appeal to a targeted population staying in close proximity to the school. These factors often appear as a challenge for this segment.

- **Quality of education:** Government run schools, especially those in the rural areas, lack basic educational infrastructure. It not only impacts the quality of education but, also limits the introduction of modern methods of teaching and learning.
- **Preference for going abroad for higher studies:** More and more students are travelling abroad for higher studies and this remains a challenge for the domestic higher education industry.
- **Dismal enrolment rates for higher education:** Student enrolment rates for higher education are quite dismal across the country due to numerous factors ranging from regional to gender disparities.

Favourable government policies:

- The NEP, to be fully implemented over the course of the decade starting 2021-22, will have a strong focus on high-quality vocational education.
- In February 2022, the central government approved the 'New India Literacy Programme' for the period FY 2022-2027 to cover all aspects of adult education and align it to the National Education Policy 2020 and Budget Announcements of FY2022-23.
- The Unnat Bharat Abhiyan aims to meet the educational needs of rural communities by encouraging reputed higher education institutions (both public and private) to expand operations in rural areas.
- **NIPUN Bharat Mission:** On July 5, 5th July 2021, the government launched a National Mission on Foundational Literacy and Numeracy, 'National Initiative for Proficiency in Reading with Understanding and Numeracy' (NIPUN Bharat). It outlines priorities and actionable agenda for States/UTs to meet the objective of increasing proficiency in foundational literacy and numeracy for every child by grade 3.

Business Performance

Kidzee

Kidzee is a pioneer in ECCE (Early Childhood Care and Education). With 1800+ preschools in its network and over 600 cities across India and Nepal, Kidzee has touched the lives of more than 1 Million happy children.

As per the KIDZEE franchise model, the Kidzee Business Partner bears the establishment costs and pays one-time franchise fees. They also pay royalty per student under a revenue share agreement and child kit fee to the franchisor. The franchisees are provided with appropriate curriculum, content, illumine materials, child kits and other support services like Teacher Training, Counsellor Training, and Academic Delivery. Company offers Kidzee franchise to local education entrepreneurs, especially women, to run and manage Kidzee preschools.

Kidzee's Interactive iLLUME Programs being age appropriate, integrate a cohesive learning pedagogy that is designed to help children discover their unique potential and own individual learning style. At Kidzee, children are facilitated to realise their unique abilities in a systematic, synergetic, and self-paced manner and well supported to achieve the desired learning outcomes in sync with high level social, emotional, linguistic and other developmental milestones. Kidzee is driven by ethos of "What's Right For the Child" (WRFC) and the human rights of a child is premium. The right to trust, the right to gain respect and the right to live in an abuse free world is what shapes Kidzee's fundamental cult and ethos.

During the pandemic Kidzee educators delivered a seamless and engaging learning to the preschool learners. A DIY Learning kit was offered that envelops the alignment of developmental and Academic components in a form of gamification with structured learning outcomes on the concept of Learning through Play. The Kidzee app also ensures that children are free from the direct influence of internet, its commercials and an exclusive focus on the developmental domains.

At the start of FY 20-21, the company had 2,000+ centers. However, the onslaught of COVID pandemic and subsequent lockdowns resulted in a high attrition of centres as many Business Partners could not maintain the business sustainability amidst drastic fall in enrollments, high establishment costs and inability of the pre-school age-group to study online. This attrition of centers continued till first quarter of FY 21-22, which saw a second COVID wave of delta variant. However in FY 21-22, despite of two COVID waves and lockdowns of four and half months, company managed to add new centers from second quarter onwards. Last quarter of FY 21-22 also saw a huge surge in enrollments of students in centers for off-line study after two years of study-at-home and

on-line studying. As a result, the company could sign up 250 new centers and operationalised 146 new centers.

At Kidzee our educators are continuously upgrading our existing products and programmes. Kidzee learning kit includes ,

IMAGENIE KIT: which is based on top class augmented reality technology and is focussed on STEM development in children.

"Fun & Learn". Experiential Learning is a new age methodology which stimulates innovation in children. These thematic based products are exclusively designed on activities & board games which are graded for all four levels. These innovative board games are designed conceptualizing the global concept of "Power of Play".

KIDZEE APP: The Kidzee app supports the entire community of stakeholders at Kidzee. The customer - Parent, The consumer -Child, The facilitator & teacher, the Franchisee, the internal support mechanism of Academic delivery assisted by Information and Technology. The delivery link in the pandemic between the business and the customer. A repository of digitized academic content and curriculum.

LITTLE ARTIST BOX: This helps children to keep themselves occupied during vacations. The Activity box is designed keeping in mind skill development in children such as Fine Motor & Coordination Skills, language & speech skills, critical thinking and enhances their imagination and creative skills.

K2 and K5 format of Schools: A Proactive Approach towards New Opportunity.

Declaration of NEP (New Education Policy) 2020, resulted in new opportunities in education sectors. The new pedagogical and curricular structure of school education mandates first five years (Nursery, Jr. Kg, Sr. Kg. Grade 1 and Grade 2) as foundational years. Similarly Class 3 to 5 are mandated as preparatory stage. To cater to this new requirement, Company has come out with two new products – K2 and K5 formats of School. K2 format enables the existing Kidzee franchisee to upgrade from pure pre-school to foundational stage under the proposed NEP 2020. Furthermore, K5 format enables new business partners and franchisees to enter the education sector under new NEP 2020 with a lesser upfront investment than a full-fledged K12.

Benefits to the existing Kidzee franchisee to upgrade to K2 include the following:

- Expansion of business from pre-school to school as Kidzee to be the first to initiate this and our franchisees have a first mover advantage in the education sector.
- Good opportunity to rollover Sr. KG students to class 1 as a confirmed customer base.

- Capacity utilization of the Kidzee center in multiple shifts.
- Retention of child for a period of 6 continuous years.

Benefits to new business partners for signing up a new K5 center include the following:

- An opportunity to explore the K-12 segment in small portions with leading brand support and service.
- An opportunity to register a school under CBSE board in line with NEP with regulatory authorities.
- A future opportunity to upgrade to a full-fledged K12 MLZS school.

For FY21-22, the company upgraded 59 existing Kidzee centers to K2 and signed 65 new centers of K5 out of which the company operationalized 31 K5 centers.

Launch of Learn with Kidzee (LwK) - "Ab Ghar Par Bhi"

Closure of off-line pre-primary centers during pandemic and lockdown created a new opportunity for the company to launch a new product that catered to parents who wished to teach their kids at home. Learn with Kidzee (LwK) kits contain a complete end-to-end program that envisaged to assist the parents in making learning fun for the child with outcome-oriented activities. The program focuses on the various areas of learning like Language, Math, Concept, Sensory Motor, Self-Management, and Creative. The program also includes pre-recorded instructional videos for parents and rhyme videos for the child. Weekly support from our academic guides is a part of the Learn with Kidzee program to track children's achievements. The program is planned in such a way that parents can spend some quality time bonding with their child. Certain activities also require parental supervision like Augmented Reality, Interactive table-top games, etc.

LwK programme came with different Kits containing toys, learning resources and educational material for which catered to different age groups as follows:

For 1.6 – 2.6 years - Tubby's Tools (1 Month), Toto's Treasure (2 Months) and Zippy's Zone (3 Months)

For 2.6 – 4 years - Giffy's Gem (1 Month), Berry's Bundle (2 Months) and Dippy's Devices (3 months)

This programme ensured that the child would avoid the zero year of development during the lockdown. Furthermore, the children could learn at their own pace. Hence activities in the Learn With Kidzee boxes can be repeated as many times as required for the purpose of practice. There was an enthusiastic response from the market for the LwK kits, especially during the lockdown.

K-12

Mount Litera Zee Schools (MLZS) is India's leading school chain providing education to students from kindergarten to 12th grade under the aegis of CBSE Board. It aims to provide holistic and all rounded education to children that prepares them for the core skills of the 21st century.

MLZS curriculum covers Blended Learning Design (Lesson Plans), Student Leadership Programs, Digital Citizenship Program, Financial Literacy Program, Technology enabled Classrooms that focus on children to become confident Global Citizens. Students are groomed upon various soft skills of problem solving, creativity, growth mindset and analytical thinking in order to face the challenges that are beyond the circumference of the textbooks and school by engaging them in activities interwoven in the daily teaching learning process .

Educators and school leaders at MLZS undergo regular planned training that would keep them abreast with the latest pedagogical advancements in the education industry so as to focus on impactful positive curriculum transactions in the classrooms and create MLZS as a 21st century learning space. Taking this ahead in alignment with the tech enabled platform, MLZS introduced an online Teacher Training Program which has trained 2000+ educators and leader educators as per a well-defined need analysis framework packaged with modules of subject specific, child protection, pedagogical, leadership and inclusive education.

E-learning platform and App that has been a source of interactive videos, varied quizzes, worksheets, assessments so that students and educators discover various methods of learning and teaching.

With an objective of reinforcing the values of respect, integrity, honesty, patriotism along with the regular classroom teaching and learning practices, our students are regularly sensitized through Sanskaar, a bouquet of activities that bring in the awareness of strong values among the Mount Literans and they obviously enjoy the paradigm credits of Sanskaar. In the continuity of legacy of Sanskaar at MLZS, an Essay writing competition was announced on Gandhi Jayanti with topics that invoked the essence of patriotism among the Mount Literans from all over India, the winners and participants were presented with a token of appreciation to encourage the fervor of patriotism.

The company partners with local educational Trust from across the country who share the company's passion in furthering the cause of effective and highly quality and inclusive education, to all. The company provides hand holding to its partners in various areas of school management be it infrastructure planning & development, staff recruitment & training, sales & marketing, affiliation & statutory compliances. The range of services and

solutions provided by the company to its partners also includes Student Learning Resources, Blended Learning Curriculum, Teaching Materials and Assessments.

In FY 20-21 the company had 130 + Mount Litera Zee Schools pan-India. However, many business partners (trusts managing the Mount Litera Zee Schools) could not sustain the business of running and operating the schools in the COVID pandemic due to attrition of students whose parents could not afford the fees of schools under MLZS standard of education. As a result, many schools shut down the operations or chose to leave the MLZS franchisee arrangement. However, FY 21-22 saw strong enrollments and cessation of attrition of schools from the MLZS network. During the year, the company welcomed operationalisation of 4 new MLZS schools and signed up 3 new business partners.

- Dependency on franchisees and Business partners on ability to deliver Content and academics in a timely manner within the quality and compliance framework set by Zee learn.
- Changing government norms, policies and priorities.

Business outlook

The prolonged period of pandemic has created significant disruption in the education sector. The company made its best possible efforts to ensure there is no learning disruption by deploying various measures. The network retention and partner management remained a key focus area to maintain the brand leadership in the segments. The Company was severely affected by the COVID-19 pandemic in FY2020-21 and FY2021-22. However, the impact of the pandemic was mitigated to a certain extent by introduction of Lwk (Learn with Kidzee) home kits and introduction of new formats of K2 and K5 schools. Also the rebound in the the economy post-lockdowns, mild severity of Omnicron variant and fatigue from online learning mode contributed to the revival of the company. The company implemented various business continuity measure to mitigate business disruption and continues to remain highly focused on the cash-flows and liquidity management to navigate well out of the pandemic phase. The company is focused in building and enhancing its digital assets to provide the best in class teaching learning experiences across its product portfolio. The company has also managed to reverse the trend of attrition amongst the business partners with returning of earlier business partners who had dropped out due to pandemic and also signups of new business partners as our franchisees.

MANAGEMENT'S REPLY TO AUDITOR'S QUALIFICATION

A. The Statutory Auditor's qualification/observation and the Management's reply on the aforesaid qualification/observation in the Standalone Financial Statements of the Company for the financial year ended March 31, 2022 is as follows:

1. The Company has investment in equity shares of its subsidiary company viz MT Educare Limited (MTEL) which is carried at cost of Rs. 27,812.22 Lakhs. While MTEL on a consolidated basis has a positive net worth as at March 31, 2022, there has been significant decline in the market capitalization of MTEL which is listed on National Stock Exchange Limited (NSE) and BSE Limited (BSE). However as stated in the said note, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent agency, the management is of the opinion that no impairment is required to the said investments, and hence no adjustments have been considered by the Company to the carrying value of its investment in equity shares of MTEL as at March 31, 2022.

The management has carried out valuation of its investment in equity shares based on the valuation performed by an independent agency using the discounted future cash flows method, which is significantly dependent on achievement of certain key assumptions considered in the aforementioned valuation. Also the market capitalization of MTEL, which is listed on NSE and BSE, is significantly eroded. Further, MTEL and its subsidiary have defaulted in repayment of loan taken from Bank and Financial Institution and such loan is declared as Non-Performing Asset (NPA). Accordingly, owing to above events and uncertainties, we are unable to comment on the appropriateness of the carrying value of its investment in equity shares of MTEL and its consequential impact on the net loss, total comprehensive loss for the quarter/year ended March 31, 2022 and the financial position of the Company as at March 31, 2022.

The Company has investment in its equity shares of its subsidiary company viz MT Educare Limited (MTEL) which is carried at cost of Rs. 27,812.22 lakhs. While, MTEL on a consolidated basis has a positive net

worth as at March 31, 2022, there has been significant decline in the market capitalization of MTEL which is listed on BSE and NSE. However, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent valuer, the management is of the opinion that no impairment is required to the said investments, and hence no adjustments have been considered by the Company to the carrying value of its investment in equity shares of MTEL as at March 31, 2022.

2. Yes Bank Limited (Yes Bank) has invoked the Corporate Guarantee issued by the Company and its subsidiary i.e. Digital Ventures Private Limited (DVPL) upon non-repayment of credit facilities availed by four trusts/entity, and called upon the Company and DVPL to make payment of an amount of Rs. 44,962.56 lakhs (including interest and other charges upto July 31, 2021). As further stated in the note, subsequent to March 31, 2022, the Company has received notice from Yes Bank regarding filing of a petition under section 7 of the Insolvency and Bankruptcy Code, 2016 to initiate Corporate Insolvency Resolution Process (CIRP) of the Company, before the Hon'ble National Company Law Tribunal (NCLT), Mumbai, which is pending for admission in the NCLT. As further explained in the note, since the CIRP matter is pending for admission in the NCLT and considering expected revival of education industry post Covid-19 pandemic, the Company is of the opinion that no liability is required to be provided at this stage.

As stated in the note 8, DVPL has defaulted in repayment of loans availed from two lenders. In this regard, one of the lenders vide its notice dated February 14, 2022 issued to the Company has invoked the Corporate Guarantee issued by the Company on behalf of DVPL, and called upon the Company to pay an amount of Rs. 9,162 lakhs outstanding as at June 30, 2021 with further interest w.e.f. July 1, 2021 as per the terms of the sanction letters. As further stated in note 8, DVPL is in discussions with the lenders and evaluating various options including orderly restructuring of loans and the Company is of the opinion that an amicable resolution will be achieved at the earliest.

However, the Company has not provided for liability against above invocation of the Corporate Guarantees as at March 31, 2022 as required by the applicable Indian Accounting Standard (Ind AS). Further, in the absence of sufficient and appropriate evidence to substantiate management's conclusion on the resolution including restructuring of some of the credit facilities, we are unable to comment upon adjustments, if any, required on the net loss, total comprehensive loss for the quarter/year ended March 31, 2022 and the financial position of the Company as at March 31, 2022.

In respect of invocation of corporate guarantee of Rs. 44,962.56 Lakhs.

The four trusts/entity have been running all their operations under the brick and mortar model in pre-Covid-19 era and had switched to digital mode of imparting education during the lockdown. However, the trusts/entity have now started offline education and students are enrolling in schools and business recovery is envisaged. Since the CIRP matter is pending for admission before NCLT and considering expected revival of education industry post Covid-19 pandemic, the Company is of the opinion that no liability is required to be provided at this stage.

In respect of invocation of corporate guarantee of Rs. 9,162 Lakhs.

DVPL is in discussions with the lenders and evaluating various options including orderly restructuring of loans and the Company is of the opinion that an amicable resolution will be achieved at the earliest.

B. Further, the Auditors of the Company in their Report have also given certain qualification on Consolidated Financial Statements of the Company for the year ended March 31, 2022. The qualified opinion of the Statutory Auditors and the management reply thereto is as follows:-

3. In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial results of MTEL reported that MTEL has recognized net deferred tax assets of Rs. 6,959.96 lakhs based on the estimate that sufficient taxable profits would be available in future years against which deferred tax assets can be utilized. In the opinion of the other auditor, due to uncertainties over the estimated profits for future years and the existence of unutilized tax losses available, it is uncertain that MTEL would achieve sufficient taxable profits in future against which deferred tax assets can be utilized. Accordingly, the other auditor is unable to obtain sufficient appropriate audit evidence to corroborate the Management's assessment of recognition of deferred tax assets as at March 31, 2022. Had the deferred tax assets not been recognized, the net loss for the year ended March 31, 2022 would have been higher by Rs. 6,959.96 lakhs and other equity as at that date would have been lower by the said amount.
- The management has made internal assessment and have projected Profit & Loss for next 5 years and are of view to have sufficient taxable profits to utilize the DTA.*
4. In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial results of MTEL reported that MTEL has not provided interest w.e.f October 1, 2021 on loan taken from Bank and Financial Institution ("lenders") declared as Non-Performing Assets (NPA) and are under dispute with the lenders and also the matter is pending for admission in the National Company Law Tribunal (NCLT) by one of the lenders. Had the interest expenses been recognised the loss for the year ended March 31, 2022 would have been higher by Rs. 257.74 lakhs (excluding penal interest if any) and other equity as at that date would have been lower by the said amount.
- The matter is under dispute with the lenders and also matter is pending for admission in the National Company Law Tribunal (NCLT) by one of the lender. The Group is in discussions with lenders to find the resolution of the matter.*
5. There is goodwill of Rs 31,323.64 lakhs as at March 31, 2022 (carried at cost) in respect of acquisition of its subsidiary company viz MT Educare Limited (MTEL). While MTEL on a consolidated basis has a positive net worth as at March 31, 2022, there has been significant decline in the market capitalization of MTEL which is listed on National Stock Exchange Limited (NSE) and BSE Limited (BSE). However as stated in the said note, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent agency, the management is of the opinion that no impairment is required to the carrying value of goodwill, and hence no adjustments have been considered by the Holding Company to the carrying value of goodwill as at March 31, 2022.
- The management has carried out valuation of MTEL based on the valuation performed by an independent*

agency using the discounted future cash flows method, which is significantly dependent on the achievement of certain key assumptions considered in the aforementioned valuation. Also the market capitalization of MTEL, which is listed on NSE and BSE, is significantly eroded. Further, MTEL and its subsidiary have defaulted in repayment of loan taken from Bank and Financial Institution and such loan is declared as Non-Performing Asset (NPA). Accordingly, owing to above events and uncertainties, we are unable to comment on the appropriateness of the carrying value of goodwill and its consequential impact on the consolidated net profit/total comprehensive income for the quarter ended March 31, 2022, consolidated net loss/total comprehensive loss for the year ended March 31, 2022 and on the financial position of the Company as at March 31, 2022.

MTEL on a consolidated basis has a positive net worth as at March 31, 2022, there has been significant decline in the market capitalization of MTEL which is listed on BSE and NSE. However, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent agency, the Group is of the opinion that no impairment is required to the said goodwill, and hence no adjustments have been considered by the Company to the carrying value of goodwill as at March 31, 2022.

6. In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial results of MTEL reported that MTEL has loans and other receivables of Rs 8,402.36 lakhs (net of provisions on consolidated basis) outstanding as at March 31, 2022, from other parties having operations in the education sector, which are overdue/rescheduled. The management considers that COVID-19 has disrupted the operations of parties in education sector and such outstanding's have arisen primarily due to lockdowns. Even after withdrawal of lockdown, MTEL is facing difficulties in ramping up the business and the management considers that this has resulted in deferment of recovery process than envisaged but the same is considered as good and recoverable. Accordingly, owing to the aforementioned overdues/reschedulement, the other auditor is unable to comment upon adjustments, if any, that may be required to the carrying value of the outstanding receivables and further provisions, if any, required and the consequential impact on the Statement.

The management is of the opinion that COVID-19 pandemic and the subsequent lockdowns have disrupted the operations of parties in education sector. Although, even after the withdraw of lockdown, the Group / Company is facing difficulties in ramping up the business which has resulted in deferment of recovery process beyond what has been envisaged. We anticipate progress in business in the coming quarters which will enable recovery of the receivables in an orderly manner. At this present juncture, the management considers the outstanding dues to be good and recoverable.

7. Yes Bank Limited (Yes Bank) has invoked the Corporate Guarantee issued by the Holding Company and its wholly owned subsidiary i.e. Digital Ventures Private Limited (DVPL) upon defaults in repayment of credit facilities availed by four trusts/entity, and called upon the Holding Company and DVPL to make payment of an amount of Rs. 44,962.56 lakhs (including interest and other charges upto July 31, 2021). As further stated in the note, subsequent to March 31, 2022, the Holding Company has received notice from Yes Bank regarding filing of petition under section 7 of the Insolvency and Bankruptcy Code, 2016 to initiate Corporate Insolvency Resolution Process (CIRP) of the Holding Company, before the Hon'ble National Company Law Tribunal (NCLT), Mumbai, which is pending for admission in the NCLT. As further explained in the note, since the CIRP matter is pending for admission in the NCLT and considering expected revival of education industry post Covid-19 pandemic, the Holding Company is of the opinion that no liability is required to be provided at this stage.

However, the Holding Company has not provided for liability against above invocation of the Corporate Guarantee as at March 31, 2022 as required by the applicable Indian Accounting Standard (Ind AS). Further, in the absence of sufficient and appropriate evidence to substantiate management's conclusion on the resolution including restructuring of some of the credit facilities, we are unable to comment upon adjustments, if any, required on the consolidated net profit/total comprehensive income for the quarter ended March 31, 2022, consolidated net loss/total comprehensive loss for the year ended March 31, 2022 and on the financial position of the Company as at March 31, 2022.

The said trusts/entity have been running all their operations under the brick and mortar model in pre-covid era and had switched to digital mode of imparting education during the lockdown. However,

the trusts/entity have now started offline education and students are enrolling in schools and business recovery is envisaged. Since the CIRP matter is pending for admission before NCLT and considering expected revival of education industry post Covid-19 pandemic, the Holding Company is of the opinion that no liability is required to be provided at this stage.

C. The Management's reply to the Secretarial Auditor's qualification/observations in Secretarial Audit Report and Annual Secretarial Compliance Report is as follows:

1. Non-filing of E-form MGT 14 in connection with Board resolution dated June 9, 2021 for establishing subsidiaries and making investment therein. There have been certain delays in filing other e-forms under the Companies Act, 2013 during the year.

The Company has not incorporated any subsidiaries in connection to the Board resolution passed at the meeting of the Board on June 9, 2021. Non-filing of MGT-14 was an unintentional error.

2. The unspent Corporate Social Responsibility (CSR) budget for FY 2020-21 was not remitted to the Fund under Schedule VII as per Section 135 of the Companies Act, 2013, read with Rules thereunder.

During the COVID-19 period the Company has faced an extreme situation of inadequate cash flows and as the result of which the Company was only able to spend

towards CSR activity for the FY 21-22. The Management is of the strong opinion that the Company shall be able to recover its projected cash flows and transfer the said amount to a fund under Schedule VII in the near future.

3. As at March 31, 2022 the listed entity had 6 Directors. However, the Board strength during the period from June 15, 2021 till August 7, 2021 was 5.

The vacancy in the office of the Director was created due to the resignation of the Executive Director during the financial year, the Board filled the vacancy by appointing an Executive Director on August 7, 2021 within the prescribed timelines under the Companies Act, 2013 and non-compliance of listing regulation in the interim was set right.

4. Non-reporting to Stock Exchange of a minor deviation of reverse sell of 2 Equity Shares of the listed entity by an Active Designated Person as per deviation report submitted by Company. The Board had authorised issuance of warning letter to the designated person.

In respect to the minor deviation of reverse sell of 2 Equity Shares of the Company, the Compliance officer had issued warning letter to the designated person. Additionally considering Company's share price, the quantum of shares dealt with and non-availability of UPSI with such designated persons, there was no material effect of such deviation considering the basic principles/intent of the code.

FORM NO MR-3

SECRETARIAL AUDIT REPORT

For the Financial Year ended March 31, 2022

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule no.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Zee Learn Limited
CIN: L80301MH2010PLC198405

I have conducted secretarial audit for the compliance of applicable statutory provisions and the adherence to good corporate practices by **Zee Learn Limited** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing my opinion thereon.

Auditor's Responsibility:

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards requires that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of audit including internal, financial and operating controls, there is an unavoidable risk that some material misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.

Modified Opinion:

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company, the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarification given to me and the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID19 pandemic, I hereby report that in my opinion, the Company has, during the audit

period covering the financial year ended on March 31, 2022, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records made available to me and maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- i. Payment of Wages Act, 1936 and other applicable Laws
- j. The Bombay Shop Establishments Act, 1948
- k. Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

I have also examined compliance with the applicable requirements of the following:

- a. Secretarial Standards issued by the Institute of Company Secretaries of India with respect to board and general meetings.
- b. The Listing Agreements entered by the Company with National Stock Exchange of India Limited and BSE Limited read with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the Audit period under review, based on the said verifications and as per representations and clarifications provided by the management, I confirm that the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. as mentioned hereinabove, subject to following observations:

1. Non-filing of E-form MGT 14 in connection with Board resolution dated June 9, 2021 for establishing subsidiaries and making investment therein. There have been certain delays in filing other e-forms under the Companies Act, 2013 during the year.
2. The unspent Corporate Social Responsibility (CSR) budget for FY 2020-21 was not remitted to the Fund under Schedule VII as per Section 135 of the Companies Act, 2013, read with Rules thereunder.
3. During Audit period the Company had not complied with following requirements of SEBI Regulations:

Sr. No.	Compliance Requirement (Regulations/ circulars / guidelines including specific clause)	Deviation
1	Regulation 6(1) of SEBI LODR – Appointment of Company Secretary as Compliance Officer	Since the Listed entity did not have Company Secretary till June 29, 2021, the Chief Financial Officer was nominated as Compliance Officer under SEBI LODR
2	Regulation 17(1)(c) of SEBI LODR – Top 2000 Listed entity to have minimum 6 Directors on Board.	As at March 31, 2022 the Listed entity had 6 Directors. However, the Board strength during the period from 15th June 2021 till 6th August 2021 was 5.
3	SEBI (Prohibition of Insider Trading) Regulations, 2015	Non-reporting to Stock Exchange of a minor deviation of reverse sell of 2 Equity Shares of the Listed entity by an Active Designated Person as per deviation report submitted by Company. The Board had authorised issuance of warning letter to the Designated person

I further report that compliance of applicable financial laws including Direct and Indirect Tax laws by the Company has not been reviewed in this Audit since the same has been subject to review by the Statutory Auditors and other designated professionals.

I further report that as confirmed by Company Management, the Company is under no obligation to comply with the provisions of Right to Education Act 2005 and the said provisions are required to be complied by franchisees as per the franchise agreement(s).

I further report that:

As at March 31, 2022, the Board of Directors of the Company was duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in composition of Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Except for meeting(s) convened and held at shorter notice, adequate notice was given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting. As represented by the Management and recorded in the Minutes the decision at the Board Meetings were taken unanimously.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines etc.

CIN No- U72900MH2006PTC165215

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Digital Ventures Private Limited** (hereinafter called the Company), a Material Subsidiary of Zee Learn Limited, a Listed entity, in compliance with the requirements of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon

Auditor's Responsibility:

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards require that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of audit including internal, financial and operating controls, there is an unavoidable risk that some material misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.

Modified Opinion:

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarification given to me and the representations made by the Management, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022, generally complied with the statutory provisions listed hereunder

and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulations) Act, 1956 ('SCRA') and the rules made thereunder
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; - *Not Applicable to the Company during the Audit Period*
- (v) The following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act)
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 - *Not Applicable to the Company during the Audit Period*
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; - *Not Applicable to the Company during the Audit Period*
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; - *Not Applicable to the Company during the Audit Period*
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; - *Not Applicable to the Company during the Audit Period*

- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; - *Not Applicable to the Company during the Audit Period*
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act, 2013 and dealing with client; - *Not Applicable to the Company during the Audit Period*
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; - *Not Applicable to the Company during the Audit Period; and*
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018. - *Not Applicable to the Company during the Audit Period*
- (vi) As identified, no law is specifically applicable to the industry to which the Company belongs.

I have also examined compliance with the applicable clauses of the Secretarial Standards 1 & 2 issued by the Institute of Company Secretaries of India.

During the Audit period under review, based on the said verifications and as per representations and clarifications provided by the management, I confirm that the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. as mentioned hereinabove, subject to following observation:

1. The Company being subsidiary of a Public Limited, is deemed to be a Public Company and therefore is required to have minimum of 3 Directors as per Section 149 of the Companies Act, 2013. As at March 31, 2022, the Board of Directors of the Company comprised of only 2 (two) Directors as against minimum mandated 3 (three) and therefore violated Section 149 of the Companies Act, 2013. The vacancy caused in the office of Director due to resignation of Mr. Rakesh Agarwal w.e.f. December 18, 2021 has not been filled resulting in violation of Section 149 of the Companies Act, 2013.
2. The Company had not filed E-form MGT14 in connection with the Board resolution dated 12th August 2021 for approving Directors report for FY 2020-21, resulting in violation of Section 179(1)(g) of the Companies Act, 2013.

I further report that

- As mentioned in observation (1) above, the constitution of Board of Directors of the Company as at March 31, 2022 was not in compliance with the requirements of Section 149

of the Companies Act, 2013. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

- Except for meetings held at shorter notice, adequate notice was given to all directors to schedule the Board Meetings. Agenda and detailed notes to agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Majority decisions is carried through while the dissenting Member's views, if any, were captured and recorded as part of Minutes.

Based on management confirmation, I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the Audit period, following material event that had occurred, which had a bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations and guidelines.

- The Company had defaulted in repayment of loans due to consortium led by Axis Bank Limited and to Tamilnad Mercantile Bank Limited and the said loans have been classified as Non-Performing Asset by the said Banks. Axis Bank had invoked Corporate Guarantee issued by the Holding Company, Zee Learn Limited in connection with facilities availed by the Company.
- The Board of Director had with the approval of Sole Preference Shareholder, extended redemption period of 1,00,000 – 0.1% Non-Convertible Non-Cumulative Redeemable Preference Shares of Rs. 10/- each issued at Premium of Rs. 9562/- per share in 2013-14. The said Preference Shares post extension of 5 years shall now be due for redemption on March 31, 2027.

Auditor's Certificate on Corporate Governance

To
The Members of
Zee Learn Limited
CIN - L80301MH2010PLC198405

I have examined the compliance of conditions of Corporate Governance by **Zee Learn Limited** ('the Company') for the year ended March 31, 2022 as stipulated in Regulation 17 to 27 and Clause (b) to (i) of Sub-regulation (2) of Regulation 46 and para C and D of Schedule V of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations')

Management's Responsibility:

The compliance of conditions of Corporate Governance is the responsibility of the Company's Management. This responsibility includes the design, implementation, and maintenance of procedures by the Company for ensuring the compliance of conditions of Corporate Governance stipulated in SEBI Listing Regulations.

Auditor's Responsibility:

My responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance of conditions of Corporate Governance stipulated in SEBI Listing Regulations. It is neither an audit nor an expression of opinion on financial statements of the Company.

I have examined relevant records and documents maintained by the Company for the purpose of providing reasonable assurance of the compliance with Corporate Governance requirements by the Company.

Opinion:

Based on examination of relevant records and according to the information and explanation provided to me and representations provided by the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulation 17 to 27 and Clause (a) to (i) of Regulation 46(2) and para C and D of Schedule V of the SEBI Listing Regulations, except that the (i) Company did not have Company Secretary as Compliance Officer till June 29, 2021 and (ii) the Board of Company comprised of five (5) directors during the period from June 14, 2021 to August 7, 2021, as against minimum six (6) mandated under Listing Regulations.

I state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

To the Members of **Zee Learn Limited**

1. Qualified opinion

We have audited the accompanying standalone financial statements of **Zee Learn Limited** ("the Company"), which comprise the balance sheet as at 31 March 2022, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the 'Basis for qualified opinion' section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, of the state of affairs of the Company as at 31 March 2022, and its loss, total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

2. Basis for qualified opinion

a) As stated in note 59 to the standalone financial statements, Yes Bank Limited (Yes Bank) has invoked the Corporate Guarantee issued by the Company and its subsidiary i.e. Digital Ventures Private Limited (DVPL) upon non-repayment of credit facilities availed by Four Trusts/Entity, and called upon the Company and DVPL to make payment of an amount of Rs. 44,962.56 lakhs (including interest and other charges upto 31 July 2021). As further stated in the note, subsequent to 31 March 2022, the Company has received notice from Yes Bank regarding filing of petition under section 7 of the Insolvency and Bankruptcy Code, 2016 to initiate Corporate Insolvency Resolution Process (CIRP) of the Company, before the Hon'ble National Company Law Tribunal (NCLT), Mumbai, which is pending for admission

in the NCLT. As further explained in the note, since the CIRP matter is pending for admission in the NCLT and considering expected revival of education industry post Covid-19 Pandemic, the Company is of the opinion that no liability is required to be provided at this stage.

As further stated in note 33 to the standalone financial statements, DVPL has defaulted in repayment of loans availed from two lenders. In this regard, one of the lenders vide its notice 14 February 2022 issued to the Company has invoked the Corporate Guarantee issued by the Company on behalf of DVPL, and called upon the Company to pay an amount of Rs. 9,162 lakhs outstanding as at 30 June 2021 with further interest w.e.f. 01 July 2021 as per the terms of the sanction letters. As further stated in the said, DVPL is in discussions with the lenders and evaluating various options including orderly restructuring of loans and the Company is of the opinion that an amicable resolution will be achieved at the earliest.

However, the Company has not provided for liability against invocation of the above Corporate Guarantees as at 31 March 2022 as required by the applicable Indian Accounting Standard (Ind AS). Further, in the absence of sufficient and appropriate evidence to substantiate management's conclusion on the resolution including restructuring of some the credit facilities, we are unable to comment upon adjustments, if any, that may be required in the standalone financial statements for the year ended 31 March 2022.

b) As stated in note 57 to the standalone financial statements, the Company has investment in equity shares of its subsidiary company viz MT Educare Limited (MTEL) which is carried at cost of Rs. 27,812.22 Lakhs. While MTEL on a consolidated basis has a positive net worth as at 31 March 2022, there has been significant decline in the market capitalization of MTEL which is listed on National Stock Exchange Limited (NSE) and BSE Limited (BSE). However as stated in the said note, considering the revival of education business post Covid-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an

independent agency, the management is of the opinion that no impairment is required to the said investments, and hence no adjustments have been considered by the Company to the carrying value of its investment in equity shares of MTEL as at 31 March 2022.

The management has carried out valuation of its investment in equity shares based on the valuation performed by an independent agency using the discounted cash future cash flows method which is significantly dependent on the achievement of certain key assumptions considered in the aforementioned valuation. Also the market capitalization of MTEL, which is listed on National Stock Exchange Limited (NSE) and BSE Limited (BSE), is significantly eroded. Further, MTEL and its subsidiary have defaulted in repayment of loan taken from Bank and Financial Institution and such loan is declared as Non-Performing Asset (NPA). Accordingly, owing to above events and uncertainties, we are unable to comment on the appropriateness of the carrying value of its investment in equity shares of MTEL and its consequential impact on the net loss, total comprehensive loss for the year ended 31 March 2022 and the financial position of the Company as at 31 March 2022.

Our Opinion on the audited standalone financial statements for the previous year ended 31 March 2021 was also qualified in respect of the matter stated in para (b) above.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) prescribed under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's responsibility for the audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone financial statements.

3. Material Uncertainty relating to Going Concern

As stated in note 46 of the standalone financial statements, the Covid-19 pandemic has caused an adverse impact on the business operations of the Company and its financial health. Also, the Company and its subsidiaries have defaulted in repayments of their debt and other obligations. Further as

stated in para 2(a) above under Basis for qualified opinion, the Corporate Guarantees issued by the Company and its subsidiary, have been invoked by the lenders amounting to Rs. 54,124.56 lakhs and one of the lenders has also filed a petition initiating CIRP of the Company before the NCLT, which is pending for admission in the NCLT. These events indicate the existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, considering the management's re-evaluation and conclusion that the Company will have sufficient liquidity to continue its operations, demand for its product portfolio, improvement in projected cashflows and further based on business potential and the mitigating steps taken by the Company, the standalone financial statements have been prepared on going concern basis.

Our opinion is not modified in respect of the above matter

4. Emphasis of matter

- a) As stated in note 43 to the standalone financial statements, the Company has investments in its wholly owned subsidiary viz Digital Ventures Private Limited (DVPL) in the form of Equity shares, Convertible Debentures and Preference shares amounting to Rs 33,507.40 lakhs, loan and receivables of Rs. 21,946.19 lakhs aggregating to Rs. 55,453.59 lakhs as at 31 March 2022. As stated in the said note, during earlier years, the Company had given loan to DVPL to support its business operations and on account of delays in recovery of the same (including interest accrued thereon), the Company during the year has provided for Rs. 11,000 lakhs towards impairment loss under the expected credit loss model against the said loan/receivables and considers the balance amount of Rs. 10,946.19 lakhs as good and recoverable. As further stated in the said note, basis the valuation report issued by an independent agency, the management considers that no impairment is required to the other outstanding investments in DVPL of Rs. 33,507.40 lakhs as at 31 March 2022.
- b) We draw attention to note 58 to the standalone financial statements which state that the management has made an assessment of the impact of COVID-19 Pandemic on the Company's operations, financial performance for the year ended 31 March 2022 and financial position as at that date. Further, as stated in the said note, the Company has carried out assessment based on the current indicators of future economic conditions and projected cash flows for the next one year, and has concluded that it expects to fully recover the carrying values of its assets as 31 March 2022. Accordingly,

no adjustments have been made to the standalone financial statements. However, the extent of the impact of the COVID-19 pandemic on the Company's standalone financial statements is dependent upon future developments.

Our opinion is not modified in respect of the above matters.

5. Key Audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended 31 March 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matters described in the 'Basis for qualified opinion' section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue recognition

Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of Ind AS 115 "Revenue from Contracts with Customers"

- Sales are recognized when the control of the goods and services is transferred to the customer.
- Revenue is recognized at the amount that reflects the considerations to which the Company expects to be entitled in exchange for transferring goods or services to customer.
- Revenue is recognized over a time or point in time.
- The Company focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the control.

Auditor's Response

We assessed the Company's process of identifying the revenue accounting.

Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:

- Evaluated the design of internal controls relating to implementation of the Indian Accounting Standard (Ind AS) pertaining to revenue.

- Assessing the application of Company's accounting policies over revenue recognition and comparing the Company's accounting policies with revenue recognition with applicable Indian Accounting Standards.
- Identifying the nature of the revenues and identification of any unusual contract terms.
- Testing the revenue recognized including testing of Company's control on revenue recognition, when applicable. Our testing included tracing the information to agreements and payments.
- Assessing the revenue recognized with substantive analytical procedures, and
- Assessing the Company's disclosure on revenue recognition.

Our procedures did not identify any material exceptions.

6. Information other than the standalone financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board Report but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we will communicate the matter to those charged with governance.

7. Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that

give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

8. Auditor's responsibility for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

9. Report on other Legal and Regulatory requirements

I. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of Section 143(11) of the Act ("the Order"), and on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

II. As required by Section 143(3) of the Act, we report that:

- a) We have sought and except for the possible effects of the matters described in the 'Basis for qualified opinion' paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) Except for the possible effects of the matters described in the 'Basis for qualified opinion' section, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
- d) Except for the possible effects of the matters described in the 'Basis for qualified opinion' paragraph, in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting

Standards) Rules, 2015, as amended;

- e) The matters described in the 'Basis for qualified opinion' paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
- f) On the basis of written representations received from the directors of the Company as on 31 March 2022 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
- g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the 'Basis for qualified opinion' paragraph above;
- h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
- i) With respect to other matters to be included in the Auditor's Report in accordance with the requirements of Section 197 (16) of the act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts having any material foreseeable losses; and
 - iii. There are no amounts required to be transferred to the Investor Education and Protection Fund by the Company during the year.

- iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in note 60(a) to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief as disclosed in note 60(b) to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend has been declared or paid by the Company during the financial year covered by our audit.

Annexure - A

to the Independent Auditor's Report

Annexure referred to in paragraph 9(l) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of the Company on the standalone financial statements for the year ended 31 March 2022

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
- (a) (B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) As explained to us, the property, plant and equipment have been physically verified by the management and as informed, no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including Right to Use assets) and intangible assets during the year and hence clause (i)(d) of the Order is not applicable.
- (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, and hence clause (i) (e) of the Order is not applicable.
- ii. (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. As informed, no material discrepancies were noticed on physical verification carried out during the year.
- (b) The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from two banks on the basis of security of movable assets including current assets. According to the information and explanations given to us and on the basis of examination of records, no quarterly returns or statements are required to be submitted to the banks.
- iii. (a) According to the information and explanations given to us, the Company has not made any investments, provided guarantees or security during the year. The aggregate amount of loans granted during the year and balances outstanding as at the balance sheet date with respect to such loans given during the year are as under.

Name of the Party	Relationship	Amount during the year (Rs. in lakhs) *	Balance outstanding (Rs. in lakhs)
Digital Ventures Private Limited	Subsidiary	1,067.20	21,501.20
Academia Edificio Private Limited	Subsidiary	0.56	12.42
MT Educare Limited	Subsidiary	180.00	101.75
Mount Litera Education Foundation	Other Party	160.00	216.30

* excludes interest accrued for the year converted into loan

- (b) According to the information and explanations given to us, the Company has not made any investment, provided any guarantee or security during the year. In respect of loans granted during the year, in our opinion, the rate of interest and other terms and conditions on which such loans granted were, prima facie, not prejudicial to the interest of the Company.
- (c) In respect of loans granted, there is schedule of repayment of principal and payment of interest. Payment of principal and interest are as per the stipulation.
- (d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) According to the information and explanations given to us and on the basis of examination of records, no fresh loans have been granted during the year to settle the overdues of existing loans to the same parties.
- (f) According to the information and explanations given to us and on the basis of examination of records, there

are no loans or advances in the nature of loans granted during the year that are either repayable on demand or without specifying any terms or period of repayment.

- iv In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act.
- v The Company has not accepted any deposits or amounts which are deemed to be deposits, from the public within the directives issued by Reserve Bank of India and within the meaning of Sections 73 to 76 of the Act and the rules framed thereunder.
- vi The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under Section 148(1) of the Act and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have however not

made a detailed examination of such records with a view to determine whether they are accurate or complete.

- vii According to the records of the Company examined by us and information and explanations given to us:
 - a) Undisputed statutory dues including employees' state insurance, income tax, sales tax, service tax, goods and services tax, duty of customs, duty of excise, value added tax, cess and others as applicable have generally been regularly deposited with the appropriate authorities except for few delays in depositing Employee Provident Fund, Maharashtra Labour Welfare Fund and goods and services tax. There are no undisputed amounts payable in respect of aforesaid dues outstanding as at 31 March 2022 for a period of more than six months from the date they became payable.
 - b) There are no statutory dues referred to in sub-clause (a) above which have not been deposited as on 31 March 2022 on account of disputes except as under:

(b) According to the records of the Company examined by us, and information and explanations given to us, the Company has not been declared willful defaulter by any bank or government or any government authority.

(c) According to the records of the Company examined by us, and information and explanations given to us, the Company has not raised any term loans during the year and hence clause (ix)(c) of the Order is not applicable.

(d) According to the records of the Company examined by us, and information and explanations given to us, and on an overall examination of the financial statements of the Company, we report that funds raised on short-term basis have not been used for long-term purposes.

(e) According to the records of the Company examined by us, and information and explanations given to us, the Company has not taken any funds from entities during the year to meet the obligations of its subsidiaries.

(f) According to the records of the Company examined by us, and information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries.

x (a) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments).

(b) According to the records of the Company examined by us, and information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly or optionally convertible debentures during the year.

xi (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company, noticed or reported during the year, nor have been informed of any such case by the Management.

(b) There is no report required to be filed under sub-section (12) of section 143 of the Act, by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

- (c) According to the records of the Company examined by us, and information and explanations given to us, there were no whistle blower complaints received by the Company during the year.
- xii The Company is not a Nidhi company and hence clause (xii) of the Order is not applicable.
- xiii According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
- xiv (a) During the year, internal audit of the Company has been carried out by an independent firm of Chartered Accountants. In our opinion, the scope, coverage and frequency of the Internal Audit needs to be strengthened to commensurate with the size of the Company and the nature of its business.
- (b) We have considered the internal audit reports of the Company issued for the period under audit by the internal auditor.
- xv According to the records of the Company examined by us, and information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him.
- xvi (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934, and hence clause (xvi) (a), (b) and (c) of the Order is not applicable
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii According to the records of the Company examined by us, and information and explanations given to us, the Company has not incurred any cash losses in the current financial year and also in the immediately preceding financial year.
- xviii There has been no resignation of statutory auditor during the year and hence clause (xviii) of the Order is not applicable.
- xix As referred to in 'Material uncertainty related to Going concern' paragraph in our main audit report and on the basis of the financial ratios and ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions and further as stated in note 46 of the standalone financial statements, there exists a material uncertainty that may cast significant doubt on the Company's capability of meeting its liabilities existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.
- xx (a) In respect of other than ongoing projects, the Company, till date, has not transferred unspent amount of 163 lakhs, pertaining to financial year 2020-21, to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the Act.
- (b) There are no unspent amounts as at 31 March 2022 towards Corporate Social Responsibility (CSR) in respect of ongoing projects requiring a transfer to a special account in compliance with proviso of sub-section (6) of Section 135 of the said Act.

Annexure - B

to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 9(II)(h) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of the Company on the standalone financial statements for the year ended 31 March 2022

We have audited the Internal Financial Controls over financial reporting of Zee Learn Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for qualified opinion

According to the information and explanations given to us and based on our audit, the following material weakness has been identified in the Company's internal financial controls over financial reporting as at 31 March 2022:

The Company's internal financial control with regard to non-provision of liability against invocation of corporate guarantee as at 31 March 2022 as required by the applicable Indian Accounting Standard (Ind AS) (as fully explained in para 2(a) of the 'Basis for qualified opinion' of our main report) were not operating effectively, which could result in the Company not providing for adjustments, if any, that may be required to be made and its consequential impact on the standalone financial statements.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified opinion

In our opinion, to the best of our information and according to the explanations given to us, except for the possible effects of the material weakness described in the 'Basis for qualified opinion' paragraph above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company as at and for the year ended 31 March 2022, and the material weakness has affected our opinion on the standalone financial statements of the Company and we have issued a Qualified opinion on the standalone financial statements.

Notes forming part of the Standalone Financial Statements

1 Corporate Information

Zee Learn Limited ("the Company") was incorporated in State of Maharashtra on 4 January, 2010. The Company is one of the most diversified premium education companies which delivers learning solutions and training through its multiple products viz. Kidzee, Mount Litera Zee Schools, Mount Litera World Preschool, Zee Institute of Media Arts (ZIMA), Zee Institute of Creative Arts (ZICA) and E - Learning Online Education and Testing.

The standalone financial statements of the Company for the year ended 31 March 2022, were authorised for issue by the Board of Directors at their meeting held on 30 May 2022.

2 A Basis of preparation and Other significant accounting policies

a Basis of preparation

- i) These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as and when amended and other relevant provisions of the Act and rules framed there under and guidelines issued by Securities and Exchange Board of India (SEBI).

These standalone financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

ii) Functional and Presentation currency

These standalone financial statements are presented in Indian Rupees, which is also the Company's functional currency.

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (except per share data), unless otherwise stated. Zero '0.00' denotes amount less than ₹ 500/-.

iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

b Property, plant and equipment

- (i) Freehold land is carried at cost. Other property, plant and equipment acquired are measured on initial recognition at cost. Subsequent to initial recognition, property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. The carrying amount of the replaced part accounted for as a separate asset previously is derecognised. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in standalone statement of profit and loss when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.
- (ii) Capital work-in-progress comprises cost of property, plant and equipment and related expenses that are not yet ready for their intended use at the reporting date.

c Investment property

Investment property is land held for capital appreciation. Investment property is measured initially at cost including purchase price. It is measured and carried at cost.

d Intangible assets / Intangible assets under development

Intangible assets acquired or developed are measured on initial recognition at cost and stated at cost less

Notes forming part of the Standalone Financial Statements

accumulated amortisation and impairment loss, if any. Expenditure incurred on acquisition / development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development.

e Depreciation / amortisation on property, plant and equipment / intangible assets

Depreciable amount for property, plant and equipment / intangible assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

- (i) Depreciation on property, plant and equipment (except freehold land which is stated at cost) is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.
- (ii) Leasehold Improvements are amortised over the period of Lease or useful life of asset, whichever is lower.
- (iii) Intangible assets are amortised on straight line basis over their respective individual useful lives estimated by the management. The useful life of intangible assets are 3 years.

f Impairment of Property, plant and equipment / intangible assets

The carrying amounts of the Company's property, plant and equipment and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If there are indicators of impairment, an assessment is made to determine whether the asset's carrying value exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

An impairment is recognised in standalone statement of profit and loss whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. The recoverable amount is the higher of net selling price, defined as the fair value less costs to sell, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and risks specific to the asset.

An impairment loss for an individual asset or cash generating unit are reversed if there has been a change in estimates used to determine the recoverable amount since the last impairment loss was recognised and is only reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

g Derecognition of property, plant and equipment / intangibles / investment property

The carrying amount of an item of property, plant and equipment / intangibles / investment property is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the standalone statement of profit and loss when the item is derecognised.

h Leases

- (i) The Company's lease asset classes primarily consist of leases for building premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use assets ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Notes forming part of the Standalone Financial Statements

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

(ii) Operating lease / Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of rented premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

i Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-

term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

- (ii) For the purpose of the standalone statement of cash flows, cash and cash equivalents consist of cash at bank and on hand, short-term deposits and balances earmarked, as defined as they are considered an integral part of company's cash management.

j Inventories

Educational goods and equipments are valued at lower of cost or estimated net realizable value. Cost comprises cost of purchase, freight and other expense incurred in bringing the inventories to their present location and condition. Costs are taken on weighted average basis and specific identification method.

k Fair value measurement

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

All financial assets and financial liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- **Level 2** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- **Level 3** — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Notes forming part of the Standalone Financial Statements

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

I Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement of financial assets and financial liabilities

Financial assets are recognized when the company becomes a party to the contractual provisions of the financial instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the standalone statement of profit and loss.

(A) Financial assets

(1) Subsequent measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at Fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

(i) Debt instrument

(a) Amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of

principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

(b) Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- b) The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the standalone statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to standalone statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(c) Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with

Notes forming part of the Standalone Financial Statements

all changes recognized in the standalone statement of profit and loss.

(ii) Equity investments

The Company measures equity investments other than its subsidiaries at fair value through profit and loss. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to standalone statement of profit and loss. Dividends from such investments are recognised in standalone statement of profit and loss as other income when the Company's right to receive payment is established.

(iii) Investment in subsidiaries

Investment in subsidiaries are carried at cost less impairment loss in accordance with Ind AS 27 on "Separate Financial Statements."

(2) Derecognition of financial assets

A financial asset is derecognised only when

- a) The Company has transferred the rights to receive cash flows from the asset or the rights have expired or
- b) The Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

(3) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in

which the entity operates or any other appropriate basis. The impairment methodology applied

depends on whether there has been a significant increase in credit risk.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Expected credit loss :

The company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following.

- i) Trade receivables
- ii) Financial assets measured at amortised cost (other than trade receivables)
- iii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables, the company follows a simplified approach wherein an amount equal to lifetime ECL measured and recognised as loss allowance. Loss allowances for trade receivable are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12 month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In case of other assets, the company determines if there has been a significant increased in credit risk of the financial assets since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12 months ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance.

Notes forming part of the Standalone Financial Statements

(B) Equity Instruments and Financial Liabilities

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(i) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

(ii) Financial liabilities

Financial liabilities are recognized when company becomes party to contractual provisions of the instrument. The Company classifies all financial liabilities at amortised cost or fair value through profit or loss.

(a) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities measured at amortised cost

Financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the standalone statement of profit and loss.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated

upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the standalone statement of profit or loss.

(b) Derecognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit or loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Notes forming part of the Standalone Financial Statements

m Borrowings and borrowing costs

- (i) Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the standalone statement of profit and loss over the period of the borrowings using the EIR.
- (ii) Borrowing costs attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalised as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

n Provisions, contingent liabilities and contingent assets

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the standalone financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

o Revenue recognition

A. Revenue -

Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised only

when it can be reliably measured and it is probable that future economic benefits will flow to the Company. Transaction price is accounted net of Goods and Services Tax (GST). GST is not received by the Company on its own account, rather, it is collected by the Company on behalf of the government. Accordingly, it is excluded from revenue.

- (i) Sales - Educational goods and equipments /content is recognised upfront at the point in time when the goods/ equipments/ content is delivered to the customer via online/offline delivery, wherever applicable, while the Company retains neither managerial involvement nor the effective control.

(ii) Services

- a) Course fees and Royalty income is recognized over the duration of the course and as per agreed terms.
- b) Franchise fees is recognized as per the agreed terms of the agreement.
- c) Revenue from other services is recognised as and when such services are completed/performed.

- (iii) Interest income from financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

- (iv) Dividend income is recognised when the Company's right to receive dividend is established.

- (v) Other income including financial guarantee commission and premium on redeemable preference shares is recognised as per terms of agreement.

Notes forming part of the Standalone Financial Statements

B. Arrangements with Multiple Performance Obligations

The Company's contracts with customers may include multiple performance obligations. For such arrangements, the Company allocates revenue to each performance obligation based on its relative standalone selling price, which is generally determined based on the price charged to customers.

C. Contract assets and liabilities

Contract assets relate primarily to the Company's rights to consideration for work completed but not billed at each reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Company issues an invoice to a customer. Contract liabilities primarily relate to consideration received in advance from customers, for which the performance obligation is yet to be satisfied.

D. Variable consideration

If the consideration promised in a contract includes a variable amount, the Company estimates the amount of consideration to which the Company will be entitled in exchange for transferring the promised goods or services to the customer. Where customers are provided with discounts, rebates etc, such discounts and rebates will give rise to variable consideration. The Company follows the 'most likely amount' method in estimating the amount of variable consideration.

p Retirement and other employee benefits

(i) Short-term benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the standalone statement of profit and loss for the year in which the related services are rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

(ii) Defined benefit plans

- a) Post-employment and other long-term employee benefits are recognized as an expense in the standalone statement of profit and loss for the year in which the employee

has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques.

- b) Re-measurement of the net defined benefit liability, which comprises of actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest) are recognised in other comprehensive income in the period in which they occur.

(iii) Defined contribution plans

Payments to defined contribution retirement benefit schemes are charged to the standalone statement of profit and loss of the year when the contribution to the respective funds are due. There are no other obligations other than the contribution payable to the fund.

(iv) Leave entitlement and compensated absences

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Leave entitlement, other than short term compensated absences, are provided based on a actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the standalone statement of profit and loss in the period in which they occur.

q Transactions in foreign currency

- (i) The functional currency of the Company is Indian Rupees (₹).

Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.

- (ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or

Notes forming part of the Standalone Financial Statements

reported in previous financial statements are recognised as income or as expenses in the period in which they arise.

- (iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

r Income taxes

Tax expense comprises of current and deferred tax.

(i) Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the standalone statement of profit and loss, except to the extent they relate to items recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

s Impairment of non-financial assets

The carrying amounts of non financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of an asset's or cash generating unit's, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the standalone statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the standalone statement of profit and loss if there has been a change in the estimate of recoverable amount.

t Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares

Notes forming part of the Standalone Financial Statements

outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

u Share based payments

Equity settled share based compensation benefits are provided to employees under the various Employee Stock Option Schemes. The fair value of options granted under the Employee Stock Option Scheme is recognised as an employee benefits expense with a corresponding increase in equity as "Share options outstanding account". The total amount to be recognised is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees holdings shares for a specific period of time).

The total expenses are amortised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the service and non-market performance vesting conditions. It recognises the impact of the revision to original estimates, if any, in the standalone statement of profit and loss, with a corresponding adjustment to equity. In case vested options forfeited or expires unexercised, the related balance standing to the credit of the "Share options outstanding account" is transferred to "Retained earnings".

v Business combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

w Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

x Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

y Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses is classified as an exceptional item and accordingly, disclosed in the standalone financial statements.

2 B Critical accounting judgment and estimates

The preparation of standalone financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the

Notes forming part of the Standalone Financial Statements

reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the standalone financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

b Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

- i Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.
- ii Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Income Taxes

- i The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.
- ii Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.
- iii The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Company in which the deferred tax asset has been recognized.

e Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the standalone statement of profit and loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 48-, 'Employee benefits'.

f Fair value of financial instruments

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as

Notes forming part of the Standalone Financial Statements

possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

g Share-based payments

Estimating fair value for share-based payment requires determination of the most appropriate valuation model. The estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them.

h Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.

2 C Recent Indian Accounting Standards (Ind AS)

New standards adopted

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

IndAS 16--Property Plant and equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the standalone financial statement of profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

IndAS 37--Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

33 During the year, one of the subsidiaries viz Digital Ventures Private Limited (DVPL) has defaulted in repayment of loans availed from two Lenders. In this regard, one of the Lenders vide its notice dated 14 February 2022 issued to the Company, has invoked the Corporate Guarantee issued by the Company on behalf of DVPL and called upon the Company to make payment of an amount of ₹/lakhs 9,162 outstanding as at 30 June 2021 with further interest w.e.f. 01 July 2021 as per the terms of sanction letters. The pandemic Covid-19 had caused disruption in the activities especially in the education sector and there were restrictions on carrying out the operations of schools under the brick and mortar model. However, the schools are opening up and students are being enrolled in the schools. Further, DVPL is in discussions with the Lenders and evaluating various options including orderly restructuring of loans, and the Company is of the opinion that an amicable resolution will be achieved at the earliest.

45 Segment information

The Company has presented Segment information on the basis of the consolidated financial statements as permitted by Ind AS 108 - Operating Segments.

46 Going Concern

The Covid-19 pandemic has caused an adverse impact on the business operations of the Company and its financial health. The Company and its subsidiary company have received notices from Yes Bank and other lenders for invocation of corporate guarantees. Further Yes Bank Limited has filed petition in National Company Law Tribunal (NCLT) against the Company as corporate guarantor which is pending for admission in the NCLT. These events indicate the existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, the management has re-evaluated and concluded that the Company will have sufficient liquidity to continue its operations in an uninterrupted manner, demand for its product portfolio and improvement in projected cash flows through normal operations and timely monetization of assets. In view of above and further based on business potential and the mitigating steps being taken by the Company, these standalone financial statements have been prepared on going concern basis.

The Disclosures as per Ind AS 19 - Employee Benefits is as follows:

A Defined Contribution Plans

“Contribution to provident and other funds” is recognized as an expense in Note 28 “Employee benefit expenses” of the Statement of Profit and Loss.

B Defined Benefit Plans

The present value of gratuity obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave benefits (non funded) is also recognised using the projected unit credit method.

2	Expected rate of salary increase	6.00%	6.00%
3	Mortality	IALM (2012-14)	IALM (2012-14)

VII. Sensitivity Analysis

The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points

(₹ in Lakhs)

	Discount Rate	Salary Escalation rate
Impact of increase in 50 bps on DBO	111.08	129.76
Impact of decrease in 50 bps on DBO	130.23	111.33

Notes:

- The current service cost recognized as an expense is included in Note 28 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the Actuary.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

C Other long term benefits

The obligation for leave benefits (non funded) is also recognised using the projected unit credit method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 28 'Employee benefits expense'.

51 Financial instruments

(i) Financial risk management objective and policies

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables, lease liabilities and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade receivables, other receivables, cash and cash equivalents, other bank balances and other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

1) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term loan from banks and financial institutions. Non-convertible Debentures and Intercompany deposits carries fixed coupon rate and hence is not considered for calculation of interest rate sensitivity of the company.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(₹ in Lakhs)	
	Increase / decrease in basis points	Effect on Profit before tax
As on 31 March 2022	+ 50 / - 50	30.13
As on 31 March 2021	+ 50 / - 50	29.23

2) Foreign currency risk

The Company enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The Company analyses currency risk as to which balances outstanding in currency other than the functional currency of that Company. The management has taken a position not to hedge this currency risk.

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The following table sets forth information relating to foreign currency exposure:

(₹ in Lakhs)

Currency	Assets as at		Liabilities as at	
	31 March 2022	31 March 2021	31 March 2022	31 March 2021
United States Dollar (USD)	-	-	-	2.00

Foreign Currency sensitivity analysis

The following table demonstrates the sensitivity to a 10% increase / decrease in foreign currencies with all other variable held constant. The below impact on the Company's profit before tax is based on changes in the fair value of unhedged foreign currency monetary assets and liabilities at balance sheet date.

(₹ in Lakhs)

Currency	Sensitivity analysis			
	31 March 2022		31 March 2021	
	₹ decrease by 10%	₹ increase by 10%	₹ decrease by 10%	₹ increase by 10%
United States Dollar (USD)	-	-	0.20	(0.20)

3) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, deposits and loans given, investments and balances at bank.

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

(₹ in Lakhs)

Ageing of trade receivables	As at 31 March 2022	As at 31 March 2021
Trade Receivables (Unsecured)

Closing balance as at (B)	726.62	1,281.80
Net Trade receivable (A-B)	1,051.15	1,578.89

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include other debt instruments.

b) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The Company's principal source of liquidity is cash and cash equivalents and the cash flow i.e. generated from operations. The Company consistently generated strong cash flows from operations which together with the available cash and cash equivalents and current investment provides adequate liquidity in short terms as well as in the long term.

55 The Company has not been declared willful defaulter by any bank or financial institution or other lender.

56 No proceeding has been initiated or pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

57 The Company has investment in its equity shares of its subsidiary company viz MT Educare Limited (MTEL) which is carried at cost of ₹/lakhs 27,812.22 lakhs. While, MTEL on a consolidated basis has a positive net worth as at 31 March 2022, there has been significant decline in the market capitalization of MTEL which is listed on BSE and NSE. However, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent agency, the management is of the opinion that no impairment is required to the said investments, and hence no adjustments have been considered by the Company to the carrying value of its investment in equity shares of MTEL as at 31 March 2022.

58 The nation-wide lockdown due to spread of COVID-19 pandemic and other significant restrictions imposed on the movement had an impact on the education sector as most of the schools continued to remain shut for major part of the year ended 31 March 2022. However, during this period, the Company has taken lots of efforts to keep the disruption in the business to the minimum. In preparation of these standalone financial results, the Company has taken into account internal and external sources of information to assess possible impacts of the pandemic, including but not limited to the assessment of liquidity and going concern, recoverable value of its financial and non-financial assets, and the impact on revenues. Based on current indicators of future economic conditions, the Company expects to fully recover the carrying amount of its assets. Basis the Company's projected cash flows for the next one year, management has concluded that the Company will have sufficient liquidity to continue its operations.

59 Yes Bank Limited (Yes Bank) vide its notices dated 2 August 2021 and 9 August 2021 addressed to the Company and its subsidiary, viz Digital Ventures Private Limited (DVPL) respectively has invoked the Corporate Guarantee upon non-repayment of credit facilities availed by four trusts/entity, and called upon the Company and DVPL to make payment of an amount of /lakhs 44,962.56 (including interest and other charges upto 31 July 2021). The said notices have been received by the Company and DVPL on 10 August 2021. Subsequent to 31 March 2022, Company has received notice of the petition filed by Yes Bank under Section 7 of the Insolvency and Bankruptcy Code, 2016 to initiate Corporate Insolvency Resolution Process (CIRP) of the Company (as corporate guarantor) before National Company Law Tribunal (NCLT) and the matter is pending for admission in the NCLT. The said trusts/entity have been running all their operations under the brick and mortar model in pre-covid era and had switched to digital mode of imparting education during the lockdown. However, the trusts/entity have now started offline education and students are enrolling in schools and business recovery is envisaged. Since the CIRP matter is pending for admission in the NCLT and considering expected revival of education industry post Covid-19 pandemic, the Company is of the opinion that no liability is required to be provided at this stage.

60 a) The Company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other person or entities, including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

b) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the company shall (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

Consolidated Financial Statements

Independent Auditor's Report on the Consolidated Financial Statements

To the Members of **Zee Learn Limited**

1. Qualified opinion

We have audited the accompanying consolidated financial statements of Zee Learn Limited ('the Company' or 'the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") which comprise the consolidated balance sheet as at 31 March 2022, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements and on the other financial information of subsidiaries referred to in the 'Other matters' paragraph below, except for the effects/possible effects of the matters described in the "Basis for qualified opinion" section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, of the consolidated state of affairs of the Group as at 31 March 2022, and their consolidated loss, their consolidated total comprehensive loss, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

2. Basis for qualified opinion

a) As stated in note 55 in the consolidated financial statements, Yes Bank Limited (Yes Bank) has invoked the Corporate Guarantee issued by the Holding Company and its wholly owned subsidiary i.e. Digital Ventures Private Limited (DVPL) upon defaults in repayment of credit facilities availed by Four Trusts / entity, and called upon the Holding Company and DVPL to make payment of an amount of Rs. 44,962.56 lakhs (including interest and other charges upto 31 July 2021). As further stated

in the note, subsequent to 31 March 2022, the Holding Company has received notice from Yes Bank regarding filing of petition under section 7 of the Insolvency and Bankruptcy Code, 2016 to initiate Corporate Insolvency Resolution Process (CIRP) of the Holding Company, before the Hon'ble National Company Law Tribunal (NCLT), Mumbai, which is pending for admission in the NCLT. As further explained in the note, since the CIRP matter is pending for admission in the NCLT and considering expected revival of education industry post Covid-19 pandemic, the Holding Company is of the opinion that no liability is required to be provided at this stage.

However, the Holding Company has not provided for liability against above invocation of the Corporate Guarantee as at 31 March 2022 as required by the applicable Indian Accounting Standard (Ind AS). Further, in the absence of sufficient and appropriate evidence to substantiate management's conclusion on the resolution including restructuring of some of the credit facilities, we are unable to comment upon adjustments, if any, required on the consolidated net loss/total comprehensive loss for the year ended 31 March 2022 and on the financial position of the Group as at 31 March 2022.

b) As stated in note 59 in the consolidated financial statements, there is goodwill of Rs 31,323.64 lakhs as at 31 March 2022 (carried at cost) in respect of acquisition of its subsidiary company viz MT Educare Limited (MTEL). While MTEL on a consolidated basis has a positive net worth as at 31 March 2022, there has been significant decline in the market capitalization of MTEL which is listed on National Stock Exchange Limited (NSE) and BSE Limited (BSE). However as stated in the said note, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent agency, the management is of the opinion that no impairment is required to the carrying value of goodwill, and hence no adjustments have been considered by the Holding Company to the carrying value of goodwill as at 31 March 2022.

The management has carried out valuation of MTEL based on the valuation performed by an independent

agency using the discounted future cash flows method, which is significantly dependent on the achievement of certain key assumptions considered in the aforementioned valuation. Also the market capitalization of MTEL, which is listed on NSE and BSE, is significantly eroded. Further, MTEL and its subsidiary have defaulted in repayment of loan taken from Bank and Financial Institution and such loan is declared as Non-Performing Asset (NPA). Accordingly, owing to above events and uncertainties, we are unable to comment on the appropriateness of the carrying value of goodwill and its consequential impact on the consolidated net loss/ total comprehensive loss for the year ended 31 March 2022 and on the financial position of the Company as at 31 March 2022.

- c) In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL reported that MTEL has recognized net deferred tax assets of Rs. 6,959.96 lakhs based on the estimate that sufficient taxable profits would be available in future years against which deferred tax assets can be utilized. In the opinion of the other auditor, due to uncertainties over the estimated profits for future years and the existence of unutilized tax losses available, it is uncertain that MTEL would achieve sufficient taxable profits in future against which deferred tax assets can be utilized. Accordingly, the other auditor is unable to obtain sufficient appropriate audit evidence to corroborate the Management's assessment of recognition of deferred tax assets as at 31 March 2022. Had the deferred tax assets not been recognized, the net loss for the year ended 31 March 2022 would have been higher by Rs. 6,959.96 lakhs and other equity as at that date would have been lower by the said amount.
- d) In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL reported that MTEL has loans and other receivables of Rs 8,402.36 lakhs (net of provisions on consolidated basis) outstanding as at 31 March 2022, from other parties having operations in the education sector, which are overdue/rescheduled. The management considers that COVID-19 has disrupted the operations of parties in education sector and such outstandings have arisen primarily due to lockdowns. Even after withdrawal of lockdown, MTEL is facing difficulties in ramping up the business and the management considers that this has resulted in deferment of recovery process than envisaged but the same is considered as good and recoverable. Accordingly, owing to the aforementioned

overdues/reschedulement, the other auditor is unable to comment upon adjustments, if any, that may be required to the carrying value of the outstanding receivables and further provisions, if any, required and the consequential impact on the consolidated financial statements.

- e) In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL reported that MTEL has not provided interest w.e.f 1 October 2021 on loan taken from Bank and Financial Institution ("lenders") declared as Non-Performing Assets (NPA) and are under dispute with the lenders and also the matter is pending for admission in the National Company Law Tribunal (NCLT) by one of the lenders. Had the interest expenses been recognised the loss for the year ended 31 March 2022 would have been higher by Rs. 257.74 lakhs (excluding penal interest if any) and other equity as at that date would have been lower by the said amount.

The audit report for the previous year ended 31 March 2021, was also qualified in respect of the matters stated in (b) to (d) above.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's responsibility' for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the 'Other matters' paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

3. Material uncertainty relating to Going Concern

As stated in Note 66 of the consolidated financial statements, the Covid-19 pandemic has caused an adverse impact on the business operations of the Group and its financial health. Also, the Holding Company and its subsidiaries have defaulted in repayments of their debt and other obligations. Further as stated in para 2(a) above under Basis for qualified opinion, the Corporate Guarantees issued by the Company

and its subsidiary, have been invoked by the Yes Bank amounting to Rs. 44,962.56 lakhs and Yes Bank has also filed a petition initiating CIRP of the Company before the NCLT, which is pending for admission in the NCLT. These events indicate the existence of material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, considering the management's re-evaluation and conclusion that the Group will have sufficient liquidity to continue its operations, demand for its product portfolio, improvement in projected cashflows and further based on business potential and the mitigating steps taken by the Group, the consolidated financial statements has been prepared on going concern basis.

Our opinion is not modified in respect of this matter.

4. Emphasis of matters

- a) We draw attention to Note 45 to the consolidated financial statements which state that the management has made an assessment of the impact of COVID-19 Pandemic on the Group's operations, financial performance for the year ended 31 March 2022 and financial position as at that date. Further, as stated in the said note, the Group has carried out assessment based on the current indicators of future economic conditions and projected cash flows for the next one year, and has concluded that it expects to fully recover the carrying values of its assets as 31 March 2022. Accordingly, no adjustments have been made to the consolidated financial statements. However, the extent of the impact of the COVID-19 pandemic on the consolidated financial statements is dependent upon future developments.
- b) In one of the subsidiaries viz MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL (Refer note 63) regarding recoverability of long outstanding vocational trade receivables and unbilled receivables aggregating to Rs. 2,274.40 lakhs (net of provisions) outstanding as at 31 March 2022, which represent amounts recoverable from various Central and State Government/ Agencies projects in education/skill development sector. Based on the internal assessment of the management which includes considering the progress of the discussions with the relevant government parties, past trends, contractual rights and evidence of service delivery, realization of partial amounts during the year, the management is of the view that the aforesaid receivables (net of provisions) outstanding as at 31 March 2022 are good and recoverable.

- c) In one of the subsidiaries viz MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL (Refer note 64) regarding invocation of pledge held by one of the promoters of MT Educare Limited (MTEL) by the lender on account of repayment defaults by MTEL and its subsidiaries.

Our opinion is not modified in respect of the above matters.

5. Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended 31 March 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the "Basis for qualified opinion" section we have determined the matters described below to be the key audit matters to be communicated in our report.

a) Revenue recognition

Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of Ind AS 115 "Revenue from Contracts with Customers"

- Sales are recognized when the control of the goods and services is transferred to the customer.
- Revenue is recognized at the amount that reflects the considerations to which the Group expects to be entitled in exchange for transferring goods or services to customer.
- Revenue is recognized over a time or point in time.
- The Group focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the control.

Auditor's Response

We assessed the Group's process of identifying the revenue accounting.

Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:

- Evaluated the design of internal controls relating to implementation of the Indian Accounting Standard (Ind AS) pertaining to revenue.

- Assessing the application of Group's accounting policies over revenue recognition and comparing these accounting policies on revenue recognition with applicable Indian Accounting Standards.
- Identifying the nature of the revenues and identification of any unusual contract terms.
- Testing the revenue recognized including testing of Group's control on revenue recognition, when applicable. Our testing included tracing the information to agreements and payments.
- Assessing the revenue recognized with substantive analytical procedures, and
- Assessing the Group's disclosure on revenue recognition.

Our procedures did not identify any material exceptions.

6. Information other than the consolidated financial statements and auditor's report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report but does not include the consolidated financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we will communicate the matter to those charged with governance.

7. Management's responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated

financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

8. Auditor's responsibility for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they

could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business

activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

9. Other matter

We did not audit the annual financial statements of eleven subsidiaries whose annual financial statements/consolidated financial statements (before consolidation adjustments) reflect total assets of Rs. 1,16,576.35 lakhs as at 31 March 2022, total revenues of Rs. 17,179.60 lakhs, total net loss after tax of Rs. 3,717.29 lakhs, total comprehensive loss of Rs. 3,704.61 lakhs and total cash inflows of Rs. 160.43 lakhs for the year ended on that date, as considered in the consolidated financial statements. These annual financial statements/consolidated annual financial statements have been audited by other auditors whose reports have been furnished to us and our opinion on the consolidated financial statements, in so far as

it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of Section 143(3) of the Act, in so far as it relates to these subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above, and our 'Report on other Legal and Regulatory requirements' below, is not modified in respect of the above matter with regard to our reliance on the work done and the reports of the other auditors.

10. Report on other Legal and Regulatory requirements

- I. As required by the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of Section 143(11) of the Act ("the Order"), based on our audit and on the consideration of reports of the other auditors on the financial statements / consolidated financial statements and other financial information of the subsidiary companies, incorporated in India, referred to in the Other Matter paragraph, and according to the information and explanations given to us, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on the financial statements / consolidated financial statements as also the other financial information of the subsidiaries, as noted in the 'Other matter' paragraph :

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group in its consolidated financial statements;
- ii. The Group did not have any long-term contracts including derivative contracts having any material foreseeable losses; and
- iii. There are no amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India except in one of the subsidiaries viz MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL reported in their Auditor's Report the following instances of delay in transferring amounts, required to be transferred, to the investor Education and Protection Fund (IEPF):

Year	Amount (Rs. in lakhs)	Due date	Transferred to IEPF on	Delay in no. of days
2013-14	0.91	10 August 2021	07 September 2021	29
2013-14	0.60	10 February 2022	23 March 2022	42

- iv. invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (a) The Management has represented that, to the best of its knowledge and belief as disclosed in Note 68 (a) to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its subsidiary companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend has been declared or paid by the Holding Company and its subsidiary companies during the financial year covered by our audit and the immediately preceding financial year.
- (b) The Management has represented, that, to the best of its knowledge and belief as disclosed in Note 68 (b) to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or its subsidiary companies from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary companies shall, whether, directly or indirectly, lend or

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 10(II)(h) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of Zee Learn Limited on the consolidated financial statements for the year ended 31 March 2022.

We have audited the internal financial controls over financial reporting of Zee Learn Limited ("the Company" or "the Holding Company") and its subsidiary companies incorporated in India as of 31 March 2022, in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India, in terms of their reports referred to in the 'Other matter' paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for qualified opinion

According to the information and explanations given to us and based on our audit and consideration of the reports of the other auditors as referred to in 'Other matter' paragraph below, the following material weaknesses have been identified as at 31 March 2022:

- i) The Holding Company's internal financial control with regard to non-provision of liability against invocation of corporate guarantee as at 31 March 2022 as required by the applicable Indian Accounting Standard (Ind AS) (as fully explained in para 2(a) of the 'Basis for qualified opinion' of our main report) were not operating effectively, which could result in the Holding Company not providing for adjustments, if any, that may be required to be made and its consequential impact on the consolidated financial statements.
- ii) In one of the subsidiaries viz. MT Educare Limited (MTEL), the other auditor who audited the consolidated annual financial statements of MTEL reported that the internal financial controls in MTEL and certain of its subsidiaries (MTEL Group) with respect to evaluation of the recognition of deferred tax assets and recoverability of loans, trade receivables and other receivables to other parties and non provision of interest on loan from bank and financial institution which are under dispute with lenders in compliance with the applicable Indian Accounting Standard (Ind AS), were not operating effectively, which could result in MTEL Group not providing for adjustments, if any, that may be required to be made and its consequential impact on MTEL's consolidated financial statements.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors as referred to in 'Other matter' paragraph below, except for the effects of the material weaknesses described in the 'Basis for qualified opinion' paragraph above on the achievement of the objectives of the control criteria, the Holding Company and its subsidiaries incorporated in India have maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31 March 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements of the Holding Company as at and for the year ended 31 March 2022, and the material weaknesses have affected our opinion on the consolidated financial statements of the Group and we have issued a qualified opinion on the consolidated financial statements.

Other matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated financial statements in so far as it relates to eleven subsidiary companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary companies incorporated in India.

Our opinion is not modified in respect of this matter.

ii) Functional and Presentation currency

These consolidated financial statements are presented in Indian Rupees, which is also the Group's functional currency.

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (except per share data), unless otherwise stated. Zero '0.00' denotes amount less than ₹ 500.

iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the group's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

C Principles of consolidation

The consolidated financial statements incorporate the financial statements of Zee Learn Limited and entities controlled by Zee Learn Limited.

Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These consolidated financial statements are prepared by applying uniform accounting policies in use at the Group.

The consolidated financial statements incorporate the financial statements of the Holding Company and its subsidiaries (as listed in the table below).

2 A Summary of significant accounting policies

a Property, plant and equipment

- (i) Freehold land is carried at cost. Other property, plant and equipment acquired are measured on initial recognition at cost. Subsequent to initial recognition, property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the group depreciates them separately based on their specific useful lives. The carrying amount of the replaced part accounted for as a separate asset previously is derecognised. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in consolidated statement of profit and loss when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.
- (ii) Capital work-in-progress comprises cost of property, plant and equipment and related expenses that are not yet ready for their intended use at the reporting date.

b Investment property / investment property under development

Investment property is land held for capital appreciation. Investment property is measured initially at cost including purchase price. It is measured and carried at cost less accumulated depreciation and accumulated impairment, if any.

Expenditure incurred on acquisition / development of investment property which are not ready to use at the reporting date is disclosed under investment property under development.

c Non-current assets held for sale

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets classified as held for sale are not depreciated or amortized.

d Goodwill and impairment of goodwill

Goodwill is measured as the excess of the sum of the consideration transferred over the net of acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is allocated to each of the Group's cash generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination. A cash-generating unit to which goodwill has been allocated is tested for impairment annually or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each assets in the unit. Any impairment loss for goodwill is recognised directly in consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

e Intangible assets/Intangible assets under development

Intangible assets acquired or developed are measured on initial recognition at cost and stated at cost less accumulated amortisation and impairment loss, if any. Expenditure incurred on acquisition / development of

Notes forming part of the Consolidated Financial Statements

intangible assets which are not put / ready to use at the reporting date is disclosed under intangible assets under development.

f Depreciation / amortisation on property, plant and equipment / intangible assets / investment property

Depreciable amount for property, plant and equipment / intangible assets / investment property is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

- (i) Depreciation on property, plant and equipment (except freehold land which is stated at cost) is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.
- (ii) Leasehold Improvements are amortised over the period of Lease or useful life of asset, whichever is lower.
- (iii) Intangible assets are amortised on straight line basis over their respective individual useful life estimated by the management.

The useful life of intangible assets are as follows ;

Intangible assets	Useful life (in years)
Brand	7
Software including SAP	3-5
Content development	3
Development rights	30

- (iv) Depreciation / amortisation of investment property is provided on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

g Impairment of Property, plant and equipment / intangible assets/ investment property

The carrying amounts of the Group's property, plant and equipment and intangible assets are reviewed at each reporting date to determine whether there is any indication of impairment. If there are indicators of impairment, an assessment is made to determine whether the asset's carrying value exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of

the cash generating unit to which the asset belongs. An impairment is recognised in consolidated statement of profit and loss whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. The recoverable amount is the higher of net selling price, defined as the fair value less costs to sell, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and risks specific to the asset.

An impairment loss for an individual asset or cash generating unit are reversed if there has been a change in estimates used to determine the recoverable amount since the last impairment loss was recognised and is only reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

h Derecognition of property, plant and equipment / intangibles assets / investment property

The carrying amount of an item of property, plant and equipment / intangibles / investment property is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment / intangibles is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the consolidated statement of profit and loss when the item is derecognised.

i Leases

- (i) The Group's lease asset classes primarily consist of leases for building premises . The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (i) the contract involves the use of an identified asset (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the group has the right to direct the use of the asset. At the date of commencement of the lease, the

Notes forming part of the Consolidated Financial Statements

group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the group changes its assessment if whether it will exercise an extension or a termination option.

(ii) Operating lease / Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of rented premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are

considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

j Cash and cash equivalents

- (i) Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.
- (ii) For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash at bank and on hand, short-term deposits and balances earmarked, as defined as they are considered s integral part of Group's cash management.

k Inventories

Educational goods and equipments are valued at lower of cost or estimated net realizable value. Cost comprises cost of purchase, freight and other expense incurred in bringing the inventories to their present location and condition. Costs are taken on weighted average basis and specific identification method.

l Fair value measurement

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments.

All financial assets and financial liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Notes forming part of the Consolidated Financial Statements

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

m Financial instruments

Financial instruments is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement of financial assets and financial liabilities

Financial assets are recognized when the group becomes a party to the contractual provisions of the financial instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the consolidated statement of profit and loss.

(A) Financial assets

(1) Subsequent measurement

Financial assets are classified into the following specified categories: amortised cost, financial assets 'at Fair value through profit and loss' (FVTPL), 'Fair value through other comprehensive income' (FVTOCI). The classification depends on the Group's business model for managing the financial assets and the contractual terms of cash flows.

(i) Debt instrument

(a) Amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. This category generally applies to trade and other receivables.

(b) Fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets.
- b) The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the consolidated statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to consolidated statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(c) Fair value through Profit and Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does

Notes forming part of the Consolidated Financial Statements

not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is considered only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the consolidated statement of profit and loss."

(ii) Equity investments

The Group measures equity investments at fair value through profit and loss. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to consolidated statement of profit and loss. Dividends from such investments are recognised in consolidated statement of profit and loss as other income when the Group's right to receive payment is established.

(2) Derecognition of financial assets

A financial asset is derecognised only when

- a) The Group has transferred the rights to receive cash flows from the asset or the rights have expired or
- b) The Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

(3) Impairment of financial assets

The Group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised on the purchase, sale, issue or cancellation of the Group's own equity instruments.

Expected credit loss :

The Group applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following.

- i) Trade receivables
- ii) Financial assets measured at amortised cost (other than trade receivables)
- iii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables, the Group follows a simplified approach wherein an amount equal to lifetime ECL measured and recognised as loss allowance. Loss allowances for trade receivable are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12 month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate. In case of other assets, the Group determines if

Notes forming part of the Consolidated Financial Statements

there has been a significant increased in credit risk of the financial assets since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12 months ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance.

(B) Equity Instruments and Financial Liabilities

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(i) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

(ii) Financial liabilities

Financial liabilities are recognized when group becomes party to contractual provisions of the instrument. The Group classifies all financial liabilities at amortised cost or fair value through profit or loss.

(a) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities measured at amortised cost

Financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized

in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the consolidated statement of profit and loss.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit or loss.

(b) Derecognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

Notes forming part of the Consolidated Financial Statements

Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

n Borrowings and borrowing costs

- (i) Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the consolidated statement of profit and loss over the period of the borrowings using the EIR.
- (ii) Borrowing costs attributable to the acquisition or construction of qualifying assets till the time such assets are ready for intended use are capitalised as part of cost of the assets. All other borrowing costs are expensed in the period they occur.

o Provisions, contingent liabilities and contingent assets

The Group recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying

economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the consolidated financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

p Revenue recognition

A. Revenue-

Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised only when it can be reliably measured and it is probable that future economic benefits will flow to the Group. Transaction price is accounted net of Goods and Services Tax (GST). Since GST is not received by the group on its own account, rather, it is collected by the Group on behalf of the government. Accordingly, it is excluded from revenue.

- (i) Sales - Educational goods and equipments /content is recognised upfront at the point in time when the goods/ equipments/ content is delivered to the customer via online/offline delivery, wherever applicable, while the Group retains neither managerial involvement nor the effective control.
- (ii) Services
 - a) Course fees and Royalty income is recognized over the duration of the course and as per agreed terms.
 - b) Franchise fees / Management fees are recognized as per the agreed terms of the agreement.
 - c) Revenue related to coaching services to students/government is recognised based on time elapsed mode and revenue is straight lined over the period of course duration.
 - d) Revenue from sale of hardware/content is recognised upfront at the point in time when the hardware / content is delivered to the customer via online/offline delivery, wherever applicable, while the Group retains neither

Notes forming part of the Consolidated Financial Statements

managerial involvement nor the effective control.

In arrangements of providing both coaching services as well as hardware/content to students, the Group has applied the guidance in Ind AS 115 "Revenue from Contract with Customers", by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price.

- e) Revenue from government projects includes fees for services rendered and is recognised over the period of the training and coaching service duration, after taking into account the uncertainty involved in condition to be fulfilled vide the terms of contract.
- f) Manpower supply services/Reimbursement of expenses are recognised as per the agreed terms of agreement.
- g) Onboarding and recruitment charges are accounted when services are completed as per agreed terms.
- h) Revenue from other services is recognised as and when such services are completed/performed.
- (iii) Interest income from financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.
- (iv) Dividend income is recognised when the Group's right to receive dividend is established.

- (v) Other income including financial guarantee commission is recognised as per terms of agreement.

B. Arrangements with Multiple Performance Obligations

The Group's contracts with customers may include multiple performance obligations. For such arrangements, the Group allocates revenue to each performance obligation based on its relative standalone selling price, which is generally determined based on the price charged to customers.

C. Contract assets and liabilities

Contract assets relate primarily to the Group's rights to consideration for work completed but not billed at each reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Group issues an invoice to a customer. Contract liabilities primarily relate to consideration received in advance from customers, for which the performance obligation is yet to be satisfied.

D. Variable consideration

If the consideration promised in a contract includes a variable amount, the Group estimates the amount of consideration to which the Group will be entitled in exchange for transferring the promised goods or services to the customer. Where customers are provided with discounts, rebates etc, such discounts and rebates will give rise to variable consideration. The Group follows the 'most likely amount' method in estimating the amount of variable consideration.

q Retirement and other employee benefits

(i) Short-term benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the consolidated statement of profit and loss for the

Notes forming part of the Consolidated Financial Statements

year in which the related services are rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

(ii) Defined benefit plans

- a) Post-employment and other long-term employee benefits are recognized as an expense in the consolidated statement of profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques.
- b) Re-measurement of the net defined benefit liability, which comprises of actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest) are recognised in other comprehensive income in the period in which they occur

(iii) Defined contribution plans

Payments to defined contribution retirement benefit schemes are charged to the consolidated statement of profit and loss of the year when the contribution to the respective funds are due. There are no other obligations other than the contribution payable to the fund.

(iv) Leave entitlement and compensated absences

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Leave entitlement, other than short term compensated absences, are provided based on a actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the consolidated statement of profit and loss in the period in which they occur.

r Transactions in foreign currency

- (i) The functional currency of the Group is Indian Rupees ("₹").

Foreign currency transactions are accounted at the exchange rate prevailing on the date of such transactions.

- (ii) Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Exchange differences arising on settlement of monetary items or on reporting such monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.
- (iii) Non-monetary foreign currency items are carried at historical cost and translated at the exchange rate prevalent at the date of the transaction.

s Income taxes

Tax expense comprises of current and deferred tax.

(i) Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates

Notes forming part of the Consolidated Financial Statements

(and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the consolidated statement of profit and loss, except to the extent they relate to items recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

t Impairment of non-financial assets

The carrying amounts of non financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of an asset's cash generating unit's, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the consolidated statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the consolidated statement of profit and loss if

there has been a change in the estimate of recoverable amount.

u Earnings per share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except when the results would be anti-dilutive.

v Share based payments

Equity settled share based compensation benefits are provided to employees under the various Employee Stock Option Schemes. The fair value of options granted under the Employee Stock Option Scheme is recognised as an employee benefits expense with a corresponding increase in equity as "Share options outstanding account". The total amount to be recognised is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees holdings shares for a specific period of time).

The total expenses are amortised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the service and non-market performance vesting conditions. It recognises the impact of the revision to original estimates, if any, in the consolidated statement of profit and loss, with a corresponding adjustment to equity. In case vested options forfeited or expires unexercised, the related balance standing to the credit of the "Share options outstanding account" is transferred to "Retained earnings".

w Business combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

x Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

y Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

z Exceptional items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expenses is classified as an exceptional item and accordingly, disclosed in the consolidated financial statements.

2 B Critical accounting judgment and estimates

The preparation of consolidated financial statements requires management to exercise judgment in applying the Group's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the consolidated financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

b Useful life and residual values

The Group reviews the useful lives and residual values of property, plant and equipment and intangible assets at each financial year end.

c Impairment testing

- i Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.
- ii Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is

Notes forming part of the Consolidated Financial Statements

identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

d Income Taxes

- i The Group's tax charge is the sum of the total current and deferred tax charges. The calculation of the Group's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.
- ii Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.
- iii The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Group in which the deferred tax asset has been recognized.

e Defined benefit obligation

The costs of providing pensions and other post-employment benefits are charged to the consolidated statement of profit and loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 47, 'Employee benefits'.

f Fair value of financial instruments

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

g Share-based payments

Estimating fair value for share-based payment requires determination of the most appropriate valuation model. The estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them.

h Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts.

2 C Recent Indian Accounting Standards (Ind AS)

New standards adopted

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

IndAS 16–Property Plant and equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the consolidated financial statement of profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

IndAS 37–Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

VII. Sensitivity Analysis

The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points

Notes forming part of the Consolidated Financial Statements

47 Employee Benefits (Contd.)

VII. Sensitivity Analysis (Contd.)

(₹ Lakhs)

Particulars	Discount Rate	Salary Escalation rate
Impact of increase in 100 bps on DBO	106.15	135.80
Impact of decrease in 100 bps on DBO	138.34	106.34

Notes:

- (a) The current service cost recognized as an expense is included in Note 30 'Employee benefits expense' as gratuity. The remeasurement of the net defined benefit liability is included in other comprehensive income.
- (b) The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the Actuary.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

C Other long term benefits

The obligation for leave benefits (non funded) is also recognised using the projected unit credit method and accordingly the long term paid absences have been valued. The leave encashment expense is included in Note 30 'Employee benefits expense'.

Reasons for variance more than 25%

- (i) Return on equity ratio improved during the year due to decrease in net loss during the year as compared to previous year.
- (ii) Inventory turnover ratio improved due to decrease in outstanding inventory during the year and also increase in revenue during the year.
- (iii) Net profit ratio improved during the year due to decrease in net loss during the year.

51 Educational Infrastructure Projects under execution

During the earlier years, the Group had taken lands at four locations on lease and has acquired land at one location for the purposes of setting up of educational infrastructures. The Group has also acquired development rights to develop a piece and parcel of land, from Taleem Research Foundation at Mumbai, to build educational infrastructure. This development right is acquired for 30 years w.e.f 1 January 2010 against a lump sum development fee of ₹/lakhs 10,500. The civil work for construction of all these educational infrastructures is in progress and are at different stages of construction.

Holding company and subsidiaries forming part of the Group have not been declared willful defaulter by any bank or financial institution or other lender.

53 Financial Instruments

i) Financial risk management objective and policies

The group's principal financial liabilities, comprise loans and borrowings, trade and other payables, lease liabilities and other financial liabilities. The main purpose of these financial liabilities is to finance the group's operations. The group's principal financial assets include investments, loans, trade receivables, other receivables, cash and cash equivalents, other bank balances and other financial assets that derive directly from its operations.

The group is exposed to market risk, credit risk and liquidity risk. The group's management oversees the management of these risks.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

1) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The group's exposure to the risk of changes in market interest rates relates primarily to the group's long-term loan from banks. Non-Redeemable Debentures and Intercompany deposits carries fixed coupon rate and hence is not considered for calculation of interest rate sensitivity of the group.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the group's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(₹ in Lakhs)	
	Increase / decrease in basis points	Effect on Profit before tax
As on 31 March 2022	+ 50 / - 50	134.35
As on 31 March 2021	+ 50 / - 50	128.86

Notes forming part of the Consolidated Financial Statements

53 Financial Instruments (Contd.)

2) Foreign Currency risk

The group enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The group analyses currency risk as to which balances outstanding in currency other than the functional currency of that group. The management has taken a position not to hedge this currency risk.

The group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the insignificant impact and period involved on such exposure.

The following table sets forth information relating to foreign currency exposure:

(₹ in Lakhs)

Currency	Assets as at		Liabilities as at	
	31 March 2022	31 March 2021	31 March 2022	31 March 2021
United States Dollar (USD)	-	-	-	2.00
Arab Emirates Dirham (AED)	-	-	-	-

Foreign Currency sensitivity analysis

The following table demonstrates the sensitivity to a 10% increase / decrease in foreign currencies with all other variable held constant. The below impact on the group's profit before tax is based on changes in the fair value of unhedged foreign currency monetary assets and liabilities at balance sheet date.

(₹ in Lakhs)

Currency	Sensitivity analysis			
	31 March 2022		31 March 2021	
	₹ decrease by 10%	₹ increase by 10%	₹ decrease by 10%	₹ increase by 10%
United States Dollar (USD)	-	-	0.20	(0.20)
Arab Emirates Dirham (AED)	-	-	-	-

3) Credit risk

Credit risk is the risk of financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group's receivables from customers, deposits and loans given, investments and balances at bank.

The group measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data

Ageing of trade receivables

Balance as at	8,333.06	9,130.97
Net Trade receivable	10,299.73	9,135.97

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include other debt instruments.

b) Liquidity risk

Liquidity risk refers to the risk that the group cannot meet its financial obligations. The group's principal source of liquidity are cash and cash equivalents and the cash flow i.e. generated from operations. The group consistently generated strong cash flows from operations which together with the available cash and cash equivalents and current investment provides adequate liquidity in short terms as well in the long term.

Other Financial Liabilities	8,969.78	8,969.78	8,046.66	8,046.66

The management assessed that cash and cash equivalents and bank balances, trade receivables, other financial assets, certain investments, trade payables and other current liabilities approximate their fair value largely due to the short-term maturities of these instruments. Difference between carrying amount and fair value of bank deposits, other financial assets, other financial liabilities and borrowings subsequently measured at amortised cost is not significant in each of the year presented.

53 Financial Instruments (Contd.)

iv) Fair value hierarchy

The following table provides the fair value measurement hierarchy of the group's assets and liabilities.

Quantitative disclosures of fair value measurement hierarchy for assets and liabilities as at 31 March 2022

Financial assets	Fair Value as at		Fair Value Hierarchy	Valuation Technique(s) & key inputs used
	31 March 2022	31 March 2021		
Investment in Mutual funds	0.01	0.01	Level 1	Quoted in an active market
Total	0.01	0.01		

(₹ Lakhs)

Investments measured at fair value are tabulated above. All other financial assets and liabilities at amortised cost are in Level 3 of fair value hierarchy.

The fair values of the financial assets and financial liabilities included in the level 1 categories above have been determined in accordance with quoted in active market.

54 Events after the reporting period

No significant events have occurred after the balance sheet date which requires adjustment or disclosure in the consolidated financial statements of the Group.

55 Yes Bank Limited (Yes Bank) vide its notices dated 2 August 2021 and 9 August 2021 issued to the Holding Company and its subsidiary, viz Digital Ventures Private Limited (DVPL) respectively has invoked the Corporate Guarantee upon non-repayment of credit facilities availed by four trusts/entity, and called upon the Holding Company and DVPL to make payment of an amount of Rs. 44,962.56 lakhs (including interest and other charges upto 31 July 2021). The said notices have been received by the Holding Company and DVPL on 10 August 2021. Subsequent to 31 March 2022, Holding Company has received notice of the petition filed by Yes Bank under Section 7 of the Insolvency and Bankruptcy Code, 2016 to initiate Corporate Insolvency Resolution Process (CIRP) of the Company (as corporate guarantor) before National Company Law Tribunal (NCLT) and the matter is pending for admission before NCLT.

The said trusts/entity have been running all their operations under the brick and mortar model in pre-covid era and had switched to digital mode of imparting education during the lockdown. However, the trusts/entity have now started offline education and students are enrolling in schools and business recovery is envisaged. Since the CIRP matter is pending for admission before NCLT and considering expected revival of education industry post Covid-19 pandemic, the Holding Company is of the opinion that no liability is required to be provided at this stage.

56 Collateral / Security Pledged

Note: Net assets / Share of Profit of subsidiary are considered based on the respective audited standalone/consolidated financial statements without considering eliminations / consolidation IND AS adjustments.

59 The consolidated financial statements as at 31 March 2022 include goodwill having carrying value of Rs 31,323.64 lakhs on acquisition of its subsidiary company viz MT Educare Ltd (MTEL). While, MTEL on a consolidated basis has a positive net worth as at 31 March 2022, there has been significant decline in the market capitalization of MTEL which is listed on BSE and NSE. However, considering the revival of education business post COVID-19, brand potential of MTEL and its subsidiaries in the education market and considering the valuation carried out by an independent agency, the Group is of the opinion that no impairment is required to the said goodwill, and hence no adjustments have been considered by the Company to the carrying value of goodwill as at 31 March 2022.

60 During the year, one of the subsidiaries viz Digital Ventures Private Limited (DVPL) has defaulted in repayment of loans taken from two Lenders. In this regard, one of the Lenders vide its notice dated 14 February 2022 issued to the Holding Company has invoked the Corporate Guarantee issued by the Holding Company on behalf of DVPL and called upon the Holding Company to make payment of an amount of Rs. 9,162 lakhs outstanding as at 30 June 2021 with further interest w.e.f. 01 July 2021 as per the terms of sanction letters.

The pandemic Covid-19 had caused disruption in the activities especially in the education sector and there are restrictions on carrying out the operations of schools under the brick and mortar model. However, the schools are opening up and students are being enrolled in the schools. Further, DVPL is in discussions with the Lenders and evaluating various options including orderly restructuring of loans and is of the opinion that an amicable resolution will be achieved at the earliest.

61 The Holding Company and its subsidiaries (together referred to as the Group) have loans and other receivables of Rs 8,402.36 lakhs (net of provisions on consolidated basis) outstanding as at 31 March 2022 from other parties having operations in the education sector, which are overdue. The management is of the opinion that COVID-19 pandemic and the subsequent lockdowns have disrupted the operations of parties in education sector. Although, even after the withdrawal of lockdown, the Group is facing difficulties in ramping up the business which has resulted in deferment of recovery process beyond what has been envisaged. The Group anticipates progress in business in the coming quarters which will enable recovery of the receivables in an orderly manner. At this present juncture, the management considers the outstanding dues to be good and recoverable.

62 MT Educare Limited and its subsidiary (MT and its subsidiary) have taken loan from Bank and Financial Institution ("lenders") and have applied for One Time Restructuring (OTR) but were rejected by the lenders and accordingly was declared as Non-Performing Assets (NPA). Subsequently one of the lender filed petition in NCLT against the MT and its subsidiary which was pending for admission in the NCLT. Since there are disputes w.r.t the claims and the matter is before NCLT, the MT and its subsidiary have not recognized the interest expense there upon w.e.f 01 October 2021 amounting to Rs. 257.74 lakhs (excluding penal interest if any).

Notes forming part of the Consolidated Financial Statements

- 63** The Group has undertaken various Central and State Government/ Agencies, projects in education/skill development sector. Most of these projects are complete and partial recoveries have been made during the year. However, as at 31 March 2022, Rs. 2,274.40 lakhs (net of provisions) is still receivable from the concerned department/ agency which is mainly on account of delays/ long process. In the opinion of the management, such balances are fully recoverable however, necessary provision has been made wherever required.
- 64** The subsidiary company viz MT Educare Limited (MT) had taken loan from Bank (Lender) which was secured against the pledge of equity shares of MT held by one of the promoters of MT. The pledge was invoked by the lender during the year and Rs 228.76 lakhs is adjusted against the dues owed by MT.
- 65** During the year, the subsidiary company viz MT Educare Limited (MT) and its subsidiaries (together referred to as MT Group) had carried out Confirmation/ reconciliation process with most of its vendors and others parties including certain advances other than related parties and accordingly effect of these reconciliations have been considered in other income amounting to Rs. 835 lakhs.
- 66** The Covid-19 pandemic has caused an adverse impact on the business operations of the Group and its financial health. The Group and certain subsidiary companies have defaulted in their debt obligations and further the Holding Company/subsidiary have received notices from Yes Bank and other lenders for invocation of corporate guarantees. Further, Yes Bank has filed a petition in National Company Law Tribunal (NCLT) against the Holding Company as corporate guarantor which is pending for admission in the NCLT. These events indicate the existence of material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. However, the management has re-evaluated and concluded that the Group will have sufficient liquidity to continue its operations in an uninterrupted manner, demand for its product portfolio and improvement in projected cash flows through normal operations and timely monetization of assets. In view of above and further based on business potential and the mitigating steps being taken by the Group, these consolidated financial results have been prepared on going concern basis.
