I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SHREE SECURITIES LTD** (hereinafter referred as 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March 2022 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2022, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999, and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 – **No events / actions occurred during the Audit Period in pursuance of this regulation;**

- (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 – **No events / actions occurred during the Audit Period in pursuance of this regulation;**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 – **No events / actions occurred during the Audit Period in pursuance of this regulation;**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 – **No events / actions occurred during the Audit Period in pursuance of this regulation;**
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 – **No events / actions occurred during the Audit Period in pursuance of this regulation;** and
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015; and
- (vi) Other specifically applicable laws to the Company.

I report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with all the laws applicable specifically to the Company.

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

I have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors including Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors for the Board Meetings, including Committees thereof, along with agenda and detailed notes on agenda at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting by the directors.
- All decisions at Board Meetings and Committee Meetings are carried out unanimously and recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that the compliance by the Company of applicable financial laws such as direct and indirect tax laws and maintenance of financial records and books of accounts have not been reviewed in this audit since the same have been subject to review by the statutory financial auditors, tax auditors and other designated professionals.

I further report that as per the explanations given to me and the representation made by the Management and relied upon by me, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, there was no other event/action having major bearing on the Company's affairs.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Directors have pleasure in presenting the Management Discussion and Analysis Report for the year ended on 31st March, 2022. This Report have been included in consonance with the Code of Corporate Governance as approved by the Securities and Exchange Board of India (SEBI).

The Management of the Company is presenting herein the overview, opportunities, threats and overall strategy of the Company and its outlook for the future. This outlook is based on Management's own assessment and it may vary due to Economic and other future developments in the Country.

ECONOMIC OVERVIEW

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF). According to the Economic Survey 2020- 21 the Indian economy is expected to grow at 6.9 to 8.10 per cent during FY 2021-22, despite the uncertainties in the global market.

Uncertainties, however, continue to loom over the global economy, which could have a cascading effect on the Indian economy. The build-up of financial vulnerabilities remains a key concern. Non-financial corporate debt has also grown rapidly in some emerging markets, necessitating a policy response. Other factors that could impact global investments are increase in trade barriers and regulatory realignments, while a rise in commodity prices could also adversely affect the non-OPEC (Organization of the Petroleum Exporting Countries) markets.

The overall forecast for the coming years appears positive, with growth rates for many of the Eurozone economies having been revised upwards. Germany, Italy and the Netherlands are, in particular, reflecting stronger momentum in domestic demand and higher external demand. In EMDEs (Emerging Markets & Domestic Economies), pickup of growth in commodity exports (forecast to rise to an average of 3.80% in 2021-22) is expected to boost growth to an average of 4.93% in 2021-22.

The Advance Estimates released by the Central Statistics Office, the growth rate of GDP at constant market prices for the year 2020-2021 is placed at 7.0%, as against 6.5% in 2021-22. The major driver for this estimate is the Government final consumption expenditure in the current year.

INDUSTRY OVERVIEW

There are several large and profitable opportunities for NBFC'S and the sector plays an important role in the Indian Financial system. The key is for the NBFC sector to grow in a prudential manner while focusing on financial innovation and in having in place, the adequate risk management systems and procedures before entering into risky areas.

The Indian financial services sector, comprising of a range of institutions from commercial and co-operative banks, pension funds and Non-Banking Financial Companies (NBFCs) to Mutual Funds, insurance companies, etc., is diverse and expanding rapidly. Over the years, the Government of India has initiated several reforms to liberalize this industry and expand its reach to individuals in the hinterlands and Micro, Small and Medium Enterprises (MSMEs) in need of credit and other financial services. Adding a further dimension, the Government and RBI have also allowed new entities such as Payment Banks and Small Finance Banks to enter the financial sector.

Financing needs in India have risen with the notable growth recorded by the economy over the past decade. NBFCs have played a major role in meeting this need, complementing banks and other financial institutions. The regulator constantly endeavors to balance the multiple objectives of financial stability, consumer and depositor protection and regulatory arbitrage concerns.

The financial sector in India predominantly comprises of the banking sector, with commercial banks accounting for more than 58% of the total assets held by the financial system. However, the role of the NBFC sector has been growing. The balance sheet of the NBFC sector expanded by 16.5% during financial year 2020-21. Despite the growth, NBFCs managed their asset quality better than the banks. Gross bad loans of the NBFC industry stood at 4.4% in March 2019, down from 4.9% in September 2019, when banks in general witnessed a rise. Net NPAs as a percentage of total advances also declined from 2.7% to 2.3%.

STRENGTHS :

At SSL we provide financial services through simple processes and simple procedures in sanction and disbursement of credit as well as timely, friendly and flexible terms of repayment aligned to the unique features of its clientele. Easy and fast appraisal and disbursements make the Company the preferred choice for many of its customers Customer Insight:

CHALLENGES :

Newer regulatory updates pose a constant challenge for smooth operations of the Company. With constant updates governing the functional aspects of financial institutions, there lie unseen challenges in the coming years. Focus on a particular market segment might affect the Company's portfolio & sustainability.

OPPORTUNITIES :

Business opportunities for finance companies are enormous as the new areas and segments are being explored. A larger segment of customers remain un-served by Banks and large sized Finance Companies. Your Company on its part is also well poised to seize new opportunities as they come. A rural middle income boom has led to rise in rural incomes. This has been fuelled by increased support prices and welfare schemes initiated by the government. Per capita Gross Domestic Product has grown faster in India's rural areas than in its urban centers. New opportunities like home equity, personal finance, and a foray into factoring and bill payment for the rural hard-to-reach customer may take the Company to new scales of success.

RISING PER CAPITA INCOME :

Increase in per capita income leads to creation of increasing wealth and positively impacts disposable incomes. This results in a significant investment multiplier effect on the Indian economy, further leading to increasing consumerism and wealth creation and positively impacting savings. Rising per capita income and stability in economic growth have played a role in increasing the pace of urbanization in the country. One of the notable factors behind the growth in the housing industry has been easy availability of finance. Availability of low interest rate finance has increased disbursement of loans among several financial players.

THREATS :

The major threat being faced by finance companies are regulatory changes, interest rates hiked by RBI, high inflation etc. The Company is also facing stiff competition from banks / financial institutions due to their ability to raise low cost funds which enables them to provide funds at much cheaper rate. Higher cost of funds might lead to reduced bottom line for the Company. Also, a lesser interest spread, or higher cost of lending might lead to customers turning away to cheaper source of funds. Asset quality deterioration may not only wipe the profits out of the Company but eat into its net worth. The Company must ensure it maintains minimal delinquency levels.

WEAKNESS :

The Company does not have strong network & link at remote areas of villages. The Company has significant business presence in the state of West Bengal only. The Company does not have all India

based network and establishments to reach out to large segment of people in the country in both semi-urban and rural areas whereas more than 90% of the unorganized sector has no link with banks and 60% of the rural consumers do not have bank accounts.

RISKS & CONCERNS

As a NBFC, your Company's growth and profitability are dependent on the functioning of Capital Markets. The Company is exposed to several market risks like credit risk, liquidity risk and interest rate risk. The volatility of the capital markets in which your Company operates is also a major cause of concern to the Company.

Risk is managed by using a set of credit norms and policies, as approved by the Board. SSL has a structured and standardized process including customer selection criteria, comprehensive credit risk assessment, which encompasses analysis of relevant quantitative and qualitative information to ascertain the credit worthiness of the borrower.

FINANCIAL PERFORMANCE

The details of the financial performance of the Company is given in the Directors' Report.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal control system commensurate with its size and business and has vigilant process to monitor the internal control system. The management has devised its internal control system to safeguard its assets, efficiency in operations and compliance of statutes. The Audit Committee of the Company consisting of Non-Executive Independent Directors, periodically reviews and recommends the financial statements of the Company. The Audit Committee also monitors the implemented suggestions.

INDEPENDENT AUDITOR'S REPORT

To the Members of **SHREE SECURITIES LIMITED**

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **SHREE SECURITIES LIMITED** ("*the Company*") which comprises the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2022, and profit/loss (financial performance) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report:

SN	Key Audit Matter	Auditor's Response
1	<p>Revenue Recognition and NPA</p> <p>Refer note 1, 14 and 3 of accompanied financial statements.</p> <p>The Company has to comply with prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it in the terms of NBFC – Non Systemically Important Non Deposit taking company (Reserve Bank) Directions, 2016.</p>	<p>Our procedures included, but were not limited to the following:</p> <ul style="list-style-type: none">• Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around compliance with prudential norms encompassing income recognition, income from investments, accounting standards, accounting for investments, asset classification, provisioning for bad and doubtful debts in the terms of Directions.• Examination of whether the management has framed and implemented policy for grant and demand of loans and other credit facilities.• Examination of whether advances and other credit facilities have been properly classified as standard/sub standard/doubtful/loss and that proper provision has been made in accordance with the Directions.• Examination in respect of a Non-Performing Assets, whether the unrealised income in respect of such assets has not been taken to the Profit & Loss Account on accrual basis.• Examination of whether all accounts which have been classified as NPAs in the previous year also continue to be shown as such in the current year also. If the same is not treated as a NPA in the current year, specific examination of such accounts to ascertain whether the account has become regular and the same can be treated as performing as per the Directions.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure-A** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure-B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.

- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impacts its financial position in its financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - v. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

**ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL
STATEMENTS OF SHREE SECURITIES LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the members of M/s. SHREE SECURITIES LIMITED

We have audited the internal financial controls over financial reporting of M/s. SHREE SECURITIES LIMITED ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

1. CORPORATE INFORMATION

The Company was incorporated on 23rd February, 1994 vide Corporate Identity No. L65929WB1994PLC061930 with the object to carry on the business of Finance and Investment in Shares and Securities.

M/s Shree Securities Ltd. stands as a professionally managed company wherein the overall management is vested in the Board of Directors, comprised of experienced persons in varied facets of the sector.

2. SIGNIFICANT ACCOUNTING POLICIES

i.

Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015. The Company has adopted Ind AS from April 1, 2019 with effective transition date as April 1, 2018. These financial statements have been prepared in accordance with Ind AS as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013 (the "Act"). The transition was carried out from Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 ("IGAAP" or "previous GAAP"). An explanation of how the transition to Ind AS has affected the previously reported financial position, financial performance and cash flows of the Company is provided in Note no 3.

ii.

Presentation of financial statements

The Balance Sheet, Statement of Profit and Loss (including other comprehensive income) and Statement of changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS. Amounts in the financial statements are presented in Indian Rupees.

iii.

Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services at the time of entering into the transaction.

Measurement of fair values:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Items	Measurement Basis
Certain financial assets and liabilities	Fair value
Property, plant and equipment	Value in use under Ind AS 36

Fair value for measurement and/or disclosure purposes for certain items in these financial statements is determined considering following methods: Fair value measurements under Ind AS are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- a) Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date
- b) Level 2: inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- c) Level 3: inputs are unobservable inputs for the valuation of assets or liabilities that the Company can access at measurement date. For details relating to valuation model and framework used for fair value measurement and disclosure of financial instrument refer to note 22.

iv.

Use of estimates and judgements

The preparation of financial statements requires the management of the Company to make judgements, assumptions and estimates that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses for the reporting period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in the financial statements have been disclosed as applicable in the respective notes to accounts. Accounting estimates could change from period to period. Future results could differ from these estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Judgements:

Information about judgements made in applying accounting policies that have a most significant effect on the amount recognised in the financial statements is included following Notes:

-classification of financial assets: assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest on the principal amount outstanding.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment during the year ending March 31, 2020 is included in the following Notes: -

Note (10) - useful life of property, plant, equipment and intangibles.

Note (9) - recognition of deferred tax assets: availability of future taxable profit against which carry forward deferred tax asset can be set off.

Note (22) - determination of the fair value of financial instruments with significant unobservable inputs.

v. **Interest**

Interest consists of consideration for (i) the time value of money; (ii) for the credit risk associated with the principal amount outstanding; (iii) for other basic lending risks and costs; and (iv) profit margin.

Interest income and expense are recognised using the effective interest method. The effective interest rate (EIR) is the rate that exactly discounts estimated future cash flows through the expected life of the financial instrument to the gross carrying amount of the financial asset or amortised cost of the financial liability.

The calculation of the EIR includes all fees paid or received that are incremental and directly attributable to the acquisition or issue of a financial asset or liability.

The interest income is calculated by applying the EIR to the gross carrying amount of noncredit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the creditimpaired financial assets (i.e. at the amortised cost of the financial asset after adjusting for any expected credit loss allowance (ECLs)). The Company assesses the collectability of the interest on credit impaired assets at each reporting date. Based on the outcome of such assessment, the interest income accrued on credit impaired financial assets are either accounted for as income or written off as per the write off policy of the Company.

The interest cost is calculated by applying the EIR to the amortised cost of the financial liability.

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any expected credit loss allowance. The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

vi. **Dividend Income**

Income from dividend on investment in equity and preference shares of corporate bodies and units of mutual funds are accounted when received or on accrual basis when such dividends have been declared by the corporate bodies in their annual general meetings and the CIC's right to receive payment is established.

vii. **Financial Instruments**

Financial assets and financial liabilities are recognised in the Company's balance sheet on trade date when the Company becomes a party to the contractual provisions of the instrument. A loan is recorded upon remittance of the funds to the counterparty/obligor. Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs and revenues that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value Through Profit and Loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs and revenues directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the statement of profit or loss.

If the transaction price differs from fair value at initial recognition, the Company will account for such difference as follows:

a) if fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets, then the difference is recognised in profit or loss on initial recognition (i.e. day 1 profit or loss);

b) in all other cases, the fair value will be adjusted to bring it in line with the transaction price (i.e. day 1 profit or loss will be deferred by including it in the initial carrying amount of the asset or liability).

After initial recognition, the deferred gain or loss will be released to profit or loss on a rational basis, only to the extent that it arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability

a) Financial assets

Classification

On initial recognition, depending on the Company's business model for managing the financial assets and its contractual cash flow characteristics, a financial asset is classified as measured at:

- 1) amortised cost;
- 2) fair value through other comprehensive income (FVTOCI); or
- 3) fair value through profit and loss (FVTPL).

Initial recognition and measurement

A financial asset is recognised on trade date initially at cost of acquisition net of transaction cost and income that is attributable to the acquisition of the financial asset. Cost equates the fair value on acquisition. A financial asset measured at amortised cost and a financial asset measured at fair value through other comprehensive income is presented at gross carrying value in the Financial Statements. Unamortised transaction cost and incomes and impairment allowance on financial asset is shown separately under the heading "Other non-financial asset", "Other non-financial liability" and "Provisions" respectively.

Assessment of Business model

An assessment of the applicable business model for managing financial assets is fundamental to the classification of a financial asset. The Company determines the business models at a level that reflects how financial assets are managed together to achieve a particular business objective. The Company's business model does not depend on management's intentions for an individual instrument, therefore the business model assessment is performed at a higher level of aggregation rather than on an instrument-by-instrument basis. The Company could have more than one business model for managing its financial instruments which reflect how the Company manages its financial assets in order to generate cash flows. The Company's business models determine whether cash flows will result from collecting contractual cash flows, selling financial assets or both. The Company considers all relevant information available when making the business model assessment. The Company takes into account all relevant evidence available such as:

- 1) how the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel and board of directors;
 - 2) the risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way in which those risks are managed; and
 - 3) how managers of the business are compensated (e.g. whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- 4) At initial recognition of a financial asset, the Company determines whether newly recognised financial assets are part of an existing business model or whether they reflect the commencement of a new business model. The Company reassesses its business models at each reporting period to determine whether the business model(s) have changed since the preceding period. For the current and prior reporting period the Company has not identified a change in its business model.

Based on the assessment of the business models, the Company has identified the three following choices of classification of financial assets:

- a) Financial assets that are held within a business model whose objective is to collect the contractual cash flows ("Asset held to collect contractual cash-flows"), and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI), are measured at **amortised cost**;
- b) Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets, ("Contractual cash flows of Asset collected through hold and sell model") and that have contractual cash flows that are SPPI, are subsequently measured at **FVTOCI**.
- c) All other financial assets (e.g. managed on a fair value basis, or held for sale) and equity investments are subsequently measured at **FVTPL**.

Financial asset at amortised cost

Amortised cost of financial asset is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. For the purpose of testing SPPI, principal is the fair value of the financial asset at initial recognition. That principal amount may change over the life of the financial asset (e.g. if there are repayments of principal). Contractual cash flows that do not introduce exposure to risks or volatility in the contractual cash flows on account of changes such as equity prices or commodity prices and are related to a basic lending arrangement, do give rise to SPPI. An originated or an acquired financial asset can be a basic lending arrangement irrespective of whether it is a loan in its legal form.

The EIR amortisation is included in finance income in the profit and loss statement. The losses arising from impairment are recognised in the profit and loss statement.

Financial asset at Fair Value through Other Comprehensive Income (FVTOCI)

Loans & Advances:

After initial measurement, basis assessment of the business model as "Contractual cash flows of asset collected through hold and sell model and SPPI", & equity instruments such financial assets are classified to be measured at FVTOCI. Contractual cash flows that do introduce exposure to risks or volatility in the contractual cash flows due to changes such as equity prices or commodity prices and are unrelated to a basic lending arrangement, do not give rise to SPPI. The EIR amortisation is included in finance income in the profit and loss statement. The losses arising from impairment are recognised in the profit and loss statement. The carrying value of the financial asset is fair valued by discounting the contractual cash flows over contractual tenure basis the internal rate of return of a new similar asset originated in the month of reporting and such unrealised gain/loss is recorded in other comprehensive income (OCI). Where such a similar product is not originated in the month of reporting, the closest product origination is used as a proxy. Upon sale of the financial asset, actual gain/loss realised is recorded in the profit and loss statement and the unrealised gain/ loss recorded in OCI are recycled to the statement of profit and loss.

Investments in equity instruments:

At initial recognition an entity at its sole option may irrevocably designate an investment in an equity instrument as FVOCI, unless the asset is:

- Held for trading, or
- Contingent consideration in a business combination.

Dividends are recognized when the entity's right to receive payment is established, it is probable the economic benefits will flow to the entity and the amount can be measured reliably. Dividends are recognized in profit and loss unless they clearly represent recovery of a part of the cost of the investment, in which case they are included in OCI. Changes in fair value are recognized in OCI and are never recycled to profit and loss, even if the asset is sold or impaired.

Financial asset at fair value through profit and loss (FVTPL)

Financial asset, which does not meet the criteria for categorization at amortized cost or FVTOCI, is classified as FVTPL. In addition, the Company may elect to classify a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Investment in equity, security receipt, mutual fund, non-cumulative redeemable preference shares and cumulative compulsorily convertible preference shares

Investment in equity, security receipt, mutual fund, non-cumulative redeemable preference shares and cumulative compulsorily convertible preference shares are classified as FVTPL and measured at fair value with all changes recognised in the statement of profit and loss. Upon initial recognition, the Company, on an instrument-by-instrument basis, may elect to classify equity instruments other than held for trading either as FVTOCI or FVTPL. Such election is subsequently irrevocable. If FVTOCI is elected, all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the gains or losses from OCI to the statement of profit and loss, even upon sale of investment. However, the Company may transfer the cumulative gain or loss within other equity upon realisation.

Reclassifications within classes of financial assets

A change in the business model would lead to a prospective re-classification of the financial asset and accordingly the measurement principles applicable to the new classification will be applied. During the current financial year and previous accounting period there was no change in the business model under which the Company holds financial assets and therefore no reclassifications were made.

viii. **Impairment of Financial Asset**

The Company is required to recognise Expected Credit Losses (ECLs) based on forward looking information for all financial assets at amortised cost, lease receivables, debt financial assets at fair value through other comprehensive income, loan commitments and financial guarantee contracts. No impairment loss is applicable on equity investments.

At the reporting date, an allowance (or provision for loan commitments and financial guarantees) is required on stage 1 assets at 12 month ECLs. If the credit risk has significantly increased since initial recognition (Stage 1), an allowance (or provision) should be recognised for the lifetime ECLs for financial instruments for which the credit risk has increased significantly since initial recognition (Stage 2) or which are credit impaired (Stage 3).

The measurement of ECL is calculated using three main components: (i) Probability of Default (PD) (ii) Loss Given Default (LGD) and (iii) the Exposure At Default (EAD). The 12 month ECL is calculated by multiplying the 12 month PD, LGD and the EAD. The 12 month and lifetime PDs represent the PD occurring over the next 12 months and the remaining maturity of the instrument respectively. The EAD represents the expected balance at default, taking into account the repayment of principal and interest from the balance sheet date to the default event together with any expected drawdowns of committed facilities. The LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

The Company applies a three-stage approach to measure ECL on financial assets accounted for at amortised cost and FVOCI. Assets migrate through the following three stages based on the change in credit quality since initial recognition.

Impairment of Trade receivable and Operating lease receivable

Impairment allowance on trade receivables is made on the basis of life time credit loss method, in addition to specific provision considering the uncertainty of recoverability of certain receivables.

Modification and De-recognition of financial assets**Modification of financial assets**

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between initial recognition and maturity of the financial asset. A modification affects the amount and/or timing of the contractual cash flows either immediately or at a future date. The Company renegotiates loans to customers in financial difficulty to maximise collection and minimise the risk of default. A loan forbearance is granted in cases where although the borrower made all reasonable efforts to pay under the original contractual terms, there is a high risk of default or default has already happened and the borrower is expected to be able to meet the revised terms. The revised terms in most of the cases include an extension of the maturity of the loan, changes to the timing of the cash flows of the loan (principal and interest repayment), reduction in the amount of cash flows due (principal and interest forgiveness). Such accounts are classified as Stage 3 immediately upon such modification in the terms of the contract. Not all changes in terms of loans are considered as renegotiation and changes in terms of a class of obligors that are not overdue is not considered as renegotiation and is not subjected to deterioration in staging.

De-recognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- 1) the rights to receive cash flows from the asset have expired, or
 - 2) the Company has transferred its rights to receive cash flows from the asset and substantially all the risks and rewards of the asset, or the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Write-off

Impaired loans and receivables are written off, against the related allowance for loan impairment on completion of the Company's internal processes and when the Company concludes that there is no longer any realistic prospect of recovery of part or all of the loan. For loans that are individually assessed for impairment, the timing of write off is determined on a case by case basis. A write-off constitutes a de-recognition event. The Company has right to apply enforcement activities to recover such written off financial assets. Subsequent recoveries of amounts previously written off are credited to the Statement of Profit and Loss.

Presentation of ECL allowance for financial asset:

Type of Financial asset	Disclosure
Financial asset measured at amortised cost	shown separately under the head "Provisions" and not as a deduction
Financial assets measured at FVTOCI	from the gross carrying amount of the assets
Loan commitments and financial guarantee contracts	shown separately under the head "Provisions"

Where a financial instrument includes both a drawn and an undrawn component and the Company cannot identify the ECL on the loan commitment separately from those on the drawn component, the Company presents a combined loss allowance for both components under "Provisions".

IX. Financial liability and equity

Financial liabilities and equity Debt and equity instruments issued are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

Financial liabilities

A financial liability is a contractual obligation to deliver cash or another financial asset or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company or a contract that will or may be settled in the Company's own equity instruments and is a non-derivative contract for which the Company is or may be obliged to deliver a variable number of its own equity instruments, or a derivative contract over own equity that will or may be settled other than by the exchange of a fixed amount of cash (or another financial asset) for a fixed number of the Company's own equity instruments.

Classification

The Company classifies its financial liability as "Financial liability at amortised cost" except for financial liability at Fair Value through Profit and Loss (FVTPL).

Initial recognition and measurement

Financial liability is recognised initially at cost of acquisition net of transaction costs and incomes that is attributable to the acquisition of the financial liability. Cost equates the fair value on acquisition. Company may irrevocably designate a financial liability that meet the amortised cost as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch (referred to as the fair value option).

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Equity

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

No gain/loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

X. Cash, Cash equivalents and bank balances

Cash, Cash equivalents and bank balances including fixed deposits, margin money deposits, and earmarked balances with banks are carried at amortised cost. Short term and liquid investments being subject to more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

XI. Property, plant and equipment**(a) Tangible**

Tangible property, plant and equipment (PPE) acquired by the Company are reported at acquisition cost less accumulated depreciation and accumulated impairment losses, if any. The acquisition cost includes any cost attributable for bringing asset to its working condition net of tax/duty credits availed, which comprises of purchase consideration, other directly attributable costs of bringing the assets to their working condition for their intended use. PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

(b) Intangible

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets. Expenses on software support and maintenance are charged to the Statement of Profit and Loss during the year in which such costs are incurred.

(c) Depreciation and Amortisation

Depreciable amount for tangible PPE is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible PPE deployed for own use has been provided on the straightline method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of Buildings, Computer Equipment, Vehicles, Plant and Machinery, Software, Licenses, Furniture and Fixture and Office Equipment in whose case the life of the assets has been assessed based on the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, etc. Depreciation method is reviewed at each financial year end to reflect expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life and residual values are also reviewed at each financial year end with the effect of any change in the estimation of useful life/residual value which is accounted on prospective basis. Depreciation for additions to/deductions from, owned assets is calculated pro rata to the remaining period of use. Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

Intangible Assets are amortised over the estimated useful life during which the benefits are expected to accrue, while Goodwill if any is tested for impairment at each Balance Sheet date. The method of amortisation and useful life are reviewed at the end of each accounting year with the effect of any changes in the estimate being accounted for on a prospective basis. Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the asset's revised carrying amount over its remaining useful life.

(d) De-recognition of property, plant and equipment and intangible asset

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit or Loss. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of Profit or Loss when the asset is derecognised.

XII Employee Benefits

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the year in which the employee renders the related service. The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

The company does not have any Defined Benefit/Contribution Plan, neither any Long term Employee Benefit as such.

XIII Earnings per share

Basic earnings per share has been computed by dividing the profit after tax available for equity shareholders by the weighted average number of shares outstanding during the year. Partly paid up shares are included as fully paid equivalents according to the fraction paid up. Diluted earnings per share has been computed using the weighted average number of shares and dilutive potential shares, except where the result would be anti-dilutive.

XIV Taxation

Income Tax

Income tax expense comprises current and deferred taxes. Income tax expense is recognized in the Statement of Profit and Loss, Other Comprehensive Income or directly in equity, when they relate to items that are recognised in the respective line items.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date. Current tax asset and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

XV. Goods and Services Tax

The company does not deal in taxable goods and service under GST but the company pays Sitting Fees to its Directors which is liable to GST under Reverse Charge Mechanism, hence the company is registered under Goods and Service Tax Act. Any GST input Tax credit is expensed as per relevant accounting standard for the expenses.

XVI.

Provisions, contingent liabilities and contingent assets

Provisions are recognised only when:

- (i) an entity has a present obligation (legal or constructive) as a result of a past event; and
- (ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) a reliable estimate can be made of the amount of the obligation

Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of:

- (i) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- (ii) a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

Contingent assets are not recognised in the financial statements.

XVII.

Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i. changes during the period in operating receivables and payables transactions of a noncash nature;
- ii. non-cash items such as depreciation, provisions, deferred taxes, unrealised foreign currency gains and losses, and undistributed profits of associates and joint ventures; and
- iii. all other items for which the cash effects are investing or financing cash flows

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

XVIII.

FIRST TIME ADOPTION OF IND AS (read with note 2(i))

The Company has adopted Ind AS as notified by the Ministry of Corporate Affairs with effect from April 1, 2019, with a transition date of April 1, 2018. The Financial Statements for the year ended March 31, 2020 are the first financial statements, that the Company has prepared under Ind AS. For all years up to and including the year ended March 31, 2019, the Company prepared its Financial Statements in accordance with Previous GAAP.

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared Financial Statements which comply with Ind AS for the year ended March 31, 2019 and the opening Ind AS Balance Sheet as at April 1, 2018, the date of transition to Ind AS.

In preparing these Ind AS Financial Statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as in Note 3. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). Note 3 explains the adjustments made by the Company in restating its Financial Statements prepared under Previous GAAP, including the Statement of Profit and Loss account for the year ended March 31, 2019 and the Balance Sheet as at April 1, 2018 and as at March 31, 2019.

<p>Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.</p> <p>Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the- counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.</p> <p>Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.</p>
