Exports	25%	27%
After Market	4%	5%
Others	8%	7%

Proportionate Share of JV

Commenting on the performance Mr. Anuj Talwar, Jt. Managing Director, Talbros Automotive Components Limited said:

The Company has been consistently delivering strong financial performance over the last 7-8 quarters. In Q2FY23, the Company registered its highest ever quarterly sales of Rs. 161 crores, a growth of 12% YoY. EBITDA and PAT have also grown 8% and 17% to Rs. 22 crores and Rs. 13 crores, respectively. This has been due to increased volumes and improved efficiencies.

During the first quarter, the Company had received multi-year orders worth Rs. 400 crores from domestic and overseas customers across all the divisions including for EV's and varied segments. In Q2 FY23, the Company has begun implementation of these orders. We have begun the trials and our customers are very happy with the quality of our products. The order spans across newly invested technologies such as heat shields for which we have secured new customers in the Domestic PV space.

The Company is also in advance talks with multiple OEMs for new orders. We have invested heavily in new technologies for upgrading our products which will help us increase our share with existing customers and new customers across geographies which will help us grow and gain market share in the coming years

Our joint ventures are also doing well, and we plan to grow them by double digits in the future.

The issue of semi-conductors has been resolved with most of our customers. With easing supply chain restrictions, declining commodity costs, robust demand, new product launches, government initiatives, and the China plus one strategy, Talbros is in a sweet spot to grow at a faster pace and grab market share going ahead

About Talbro's Automotive Components Limited:

Talbro's Automotive Components Limited., the flagship manufacturing company of the Talbro's Group was established in the year 1956 to manufacture Automotive & Industrial Gaskets in collaboration with Coopers Payen of UK. Today Talbro's stands proud and tall as a mother brand of gaskets, chassis, rubber products and forgings in India. Talbro's Group portfolio also includes Mercedes Benz dealership for passenger cars.

TACL together with JV alliances has 8 manufacturing facilities at Haryana, Uttarakhand, and Maharashtra along with one materials division in Gurgaon and R&D technology center at Faridabad. The facilities are equipped to design, develop and manufacture products as per customer requirements competitively. The company has technical collaborations with Nippon Leakless Corporation – Japan and Sanwa Packaging – Japan.

Few of the marquee customers includes Bajaj Auto, Tata Cummins, Volvo Eicher India, Ashok Leyland, Escorts Group, Force Motors, Hero MotoCorp, Honda, Hyundai, John Deere, Mahindra & Mahindra, Maruti Suzuki, Suzuki, TAFE, Daimler India, Tata Motors, Simpsons, Carraro, Dana, Musashi, Spicer, GE and QH Talbro's besides a robust distribution network in the aftermarket.
