Introduction

TCIEXPRESS established in 1996, is now a leader in TIME DEFINITE express distribution in India.

TCIEXPRESS has demerged from TCI (Transport Corporation of India Limited) with a vision to maintain this LEADERSHIP IN EXPRESS, ON TIME DELIVERY AND CUSTOMER SERVICE above all. Being a young, vibrant yet experienced Service provider, TCIEXPRESS has honed itself with advanced technology and deep domain-expertise to offer customised solutions for express delivery. The company announced its listing on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE) from December 15, 2016 with a credit rating of A1+ (ICRA) and A+ (CRISIL) and registered a robust revenue growth in 2016-17.

The wide spectrum of our services which includes Surface Express, Domestic and International Air Express, E-Com Express, Priority Express and Reverse Express are spread across multiple industry segments such as Automobile spare parts, Pharmaceuticals, retail, e-commerce, Telecom and 50 % Revenue contributor as SMEs. With largest reach domestically, we are expanding our footprints globally as well.

We leverage technology like CCTV surveillance, Central Control Monitoring, GPS enabled vehicles, ERP linked branches to offer seamless services to our internal and external customers.

Our consistency in performance is strongly based on our two core competencies – Speed and service excellence; they have helped us to offer Day definite express delivery solutions to all our customers. We have presence across the country servicing more than 40,000 pickup and delivery points with 4000+ containerised vehicles. TCIEXPRESS is well equipped to offer solutions to 670 out of 675 districts in India. There are 28 sorting centers which are strategically placed across the country to ensure a channelized process. We have spread our global footprints in various parts of the globe by servicing 202 countries. With 28 air gateways, we ensure a swift delivery service across the world.

Chairman's Message

Our Company has been growing meticulously with its wide distribution network locally and globally with its current 550+ owned centres covering more than 40,000 locations.

I sincerely thank our customers, vendors, stakeholders. These are momentous times with many structural changes happening in economy and business environment. Last year, we made good progress on many fronts, including building out strategic platforms, technology, and overall business growth. I am happy to see the incredibly talented and dedicated people at TCIEXPRESS working as a team for achieving growth and customer satisfaction.

TCIEXPRESS is a specialist in express distribution in India. Established in 1996, as one of the foremost divisions of its parent company Transport Corporation of India Limited (TCIL), and demerged with a vision to maintain the leadership in door-to-door express business in India that places customer satisfaction through on time delivery services at the highest order.

Our Company has been growing meticulously with its wide distribution network locally and globally with its current 550+ owned branches covering more than 40,000 locations. We are well equipped to offer time-definite solutions to 670 out of 675 districts in India.

With our wide spectrum of services comprising Surface express, Domestic and International air express, E-commerce last mile delivery, Priority and Reverse express services, we intent to play an important role in shaping and building India.

At TCIEXPRESS, customer satisfaction has always been our primary goal with a proven commitment to excellence in express delivery services.

Chairman, TCIEXPRESS

MD's Message

We were able to achieve this growth primarily through internal efforts, and also because of positive economic sentiments of the country.

I am pleased to present our Annual Report for the year ended 31st March 2017. The results are strong and promising, we have witnessed a net revenue increase of 14% to 755.24 crores. We were able to achieve this growth primarily through internal efforts, and also because of positive economic sentiments of the country.

Over the years, changes in India across customer needs, macro and micro economic conditions, fuel cost escalations, and various other challenges, our company's core focus has continued to remain towards customer service excellence, with growth and profitability.

I am positive with India's fastest GDP growth, implementation of GST, infrastructure investment and increased logistics demand will bring in positive impact to our company.

Financial results for the year ended 31st March 2017:

- Net Revenue increased by 14%
- EBITDA stands at 67.63 crores
- Profit after Tax (PAT) jumped by 44% to Rs 40.71 Crores.
- Interim dividend is at 80%

Business Update

TCIEXPRESS surface growth in sync with GOI Initiative to improve road infra

India has the second largest road network across the world at 5.23 million km. This road network transports more than 64.9 percent of all goods in the country and 85 per cent of India's total passenger traffic.

Road transportation has gradually increased over the years with the improvement in connectivity between cities, towns and villages in the country.

During FY17-18, Government of India allocated USD 9.51 billion for development of national highways across the country.

The Indian roads carry 65 per cent of its freight and movement of freight by roads is growing at a rapid rate.

Cognizant of the need is to create an adequate road network to cater to the increased traffic and movement of goods, Government of India has earmarked 20 per cent of the investment of US\$ 1 trillion reserved for infrastructure during the 12th Five-Year Plan (2012-17) to develop the country's roads.

Since our 86% revenue share comes from Surface express and Government push to improve road infra would support our business objectives.

GDP growth is expected to be between 6.75 and 7.50 per cent in 2017-18. During October-December 2016, both exports and imports grew at the rate of 5 per cent, starting a long-awaited recovery.

Growth rate of industrial sector is estimated to moderate to 5.2 per cent in 2016-17 from 7.4 per cent last fiscal. Many new initiatives have been taken by the Government in the form of Make-in-India, Invest India, Start Up India and e-biz Mission Mode Project. Such national e-governance plans are facilitating investment and ease of doing business in the country.

The GST will create a common Indian market, improve tax compliance and governance, boost investment and growth; it is also a bold new experiment in the governance of India's cooperative federalism. To conclude, it can be said that we are on the correct mode of business.

Management Discussion & Analysis

Moving towards an era of new possibilities

Express industry in India, a fast growing industry segment. In India, it has come a long way from its origin in late 1990s to the modern form. Since then industry has invested in information technology, set up good processes and proprietary systems capable for handling large volumes. The Indian GDP is at \$ 2.3 tn and 13% of that is spent on logistics sector which is \$ 300 bn. Road transportation contribute 60% out of that (180 Bn \$) which is majorly under Unorganized regime (Approx 90%). Express industry is small but forms a significant segment of the logistics industry. TCIEXPRESS carries \$ 7 bn worth Shipment every year and the opportunity to convert into premium segment of Express is humongous. The growth in current business segment and expansion of new industry verticals segments will be the demand drivers for the express industry, in addition to the increase in reach through expansion of network and new products.

As a labour intensive industry, the express industry is estimated to presently employ about 17.9 lakhs persons, directly and indirectly. Based on the growth estimates for the industry, the employee base of the industry, direct and indirect, is expected to grow to 27.2 lakhs by 2020-21.

The express industry offers an integrated shipment delivery services to its customers. The customer thus needs to deal with only one operator. Express services also provide visibility of the shipments to the customers through the tracking mechanism.

However, the operations of the express industry are complex, involving multiple activities and parties. The express industry is a fragmented industry with large number of players, estimated at about 2500. However, there has been considerable consolidation of the industry over the years and the large organized players, including government postal department, presently have about 72% share of the industry revenue with the mid-size organized players estimated to have another 15% share while small size players have the residual market share.

The larger players have wide networks with presence in national and international locations. The medium size players have a regional focus with limited presence across other regions. The smaller players have much smaller networks, limited to few cities and towns. The larger players have made considerable investment in network and processes including information technology infrastructure and transport assets and are able to handle large volumes across multiple locations.

Logistics as a Percentage of GDP

2015 nominal GDP at current USD

In Indian Modal Split is heavily skewed towards Road

Future Aspects

Express transportation sector is expected to grow 12-14%. The country's express transportation sector is poised for accelerated growth, led by GDP revival, ramp up in transport infrastructure, e-commerce penetration and government initiatives like 'Make in India.' Thus making way for clearer roads and faster express transportation in India.

Digitally enabled and cloud-based solutions in the logistics industry will rearrange how the logistics business operates, rendering obsolete old business models. Asset light companies will prevail that use technology as their forefront in offering customer solutions, and managing internal processes. Companies like TCIEXPRESS will offer increasingly sophisticated shipping solutions, and making transportation possible on even handhelds. Digitization will transform how virtually every stakeholder in these linked businesses — original equipment manufacturers (OEMs), Express Transportation companies, and local delivery businesses — will operate. Disruption will be a challenge, but there is enough latent demand to fulfil in the organised manner.

Few Other aspects which would positively impact Express transportation sector-

Increased mechanisation use instead of manual labour

Lesser use of air mode

In the long run, there will be lesser dependency on the air mode in the express industry for transferring goods from one place to another. Infact, more stress will be given on transferring goods through rail and road.

EXIM and commodities will shift to Rail

Development of dedicated rail freight corridors will promote shift of haulage of EXIM containerized cargo, and commodities by rail from road.

With various National Highways Development Project in action like the Golden Quadrilateral connecting four metropolises, the East-West Corridor joining Porbandar to Silchar, there will be faster movement of express on highways.

Fuel price reduction

A reduction in the cost of fuel has positive impacts across many different aspects of a business. Shipping costs for supplies, raw materials or finished products will likely witness freeing of capital for other expenses or permitting an increase in a company's reserve fund.

Impact on macro economic changes in India

GST

- Rationalizing the impact of taxes on Production, Distribution and Inventory management.
- Would lead to faster movement of goods, increase consumption.
- Consolidation of warehouses and emergence of point to point model
- Increase in manufacturing hubs.
- Positive impact for TCIEXPRESS

DFC/Diamond quadrilateral

- Creation of additional dedicated rail freight capacity.
- Will reduce unit cost of transportation since movement would be from road to rail.
- Increased bulk multi modal movement for improved productivity & efficiency.
- Will result in development of logistic Warehouses in the vicinity of Freight Corridor.
- No impact on TCIEXPRESS.

Increased outsourcing of Logistics

- Growth in trend towards outsourcing of logistics in non traditional industries.
- Bringing in more focus from Industry perspective.
- Positive for TCIEXPRESS.

E-commerce driven growth in consumption

- With increased per capita disposable income, consumption driven sectors will grow.
- Sectors like Fashion, Lifestyle, Telecom and consumable durables etc. will get a boost .
- Positive for TCIEXPRESS.

LEADER IN EXPRESS

Challenges vs Solutions

The road transport in India has emerged as a dominant part of the transport system of the country, it has come to occupy a pivotal position in the overall transportation system. Though India is a low-cost service provider, the logistics cost remains an alarming factor due to the regulatory and tax structure challenges system in the country. However, TCIEXPRESS has a positive outlook and is ready to overcome the challenges.

1 Diesel Price Fluctuation

- Diesel price fluctuation is the most uncertain cost of operation and has been sporadic in last 4 years.
- To mitigate the impact, TCIEXPRESS has added DFS (Diesel fuel surcharge) in its contracts, both with vendors and customers.

2 Delay in Inter State Check Posts

- The inter-state movement of goods in India is subject to multiple taxes and clearances.
- Implementation of GST is expected to streamline the processes and reduce a lot of these delays.

3 Lack of infrastructure

- Infrastructure has remained a concern for Express Industry, be it cargo terminals at airports or road conditions.
- Government of India has taken multiple initiatives so as to reduce the gaps.

4 Unorganized local players

- Unorganized local players have always been a threat to the industry.
- Post GST, TCI EXPRESS might see some consolidation to happen.

Auditor's Report

Independent Auditor's Report

To the Members of TCI Express Limited

Report on the Financial Statements

We have audited the accompanying financial statements of TCI Express Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2017 the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Principles generally accepted in India, including Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act; for safeguarding the assets of the Company; preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material

misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2017 and its Profit and its cash flows for the year ended on that date.

Report on Other legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, (hereinafter referred to as the "order"), and on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with the Accounting Standards Specified under Section 133 the Act, read with Rule 7 of the Companies (Accounts) Rule, 2014.

- e) on the basis of written representations received from the directors as on 31st March 2017 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2017, from being appointed as a director in terms of section 164(2) of the Act.
- f) with respect to the adequacy of the internal financial control over financial reporting of the company and the operating effectiveness of the such control, refer to our separate report in Annexure "B".
- g) with respect to other matter to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, in our opinion and to the best of our information and according to the explanations given to us :
 - i) The Company does not have any pending litigations which would impact its financial position.
 - ii) The Company did not have any long terms contract including derivative Contracts for which there were any material foreseeable losses.

Annexure B to The Independent Auditors' Report

Referred to in paragraph 2(f) of the Independent Auditors' Report of even date to the members of **TCI Express Limited** on the financial statements for the period ended 31st March, 2017.

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013.

We have audited the internal financial controls over financial reporting of TCI Express Limited ("the Company") as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether

due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls

over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(31) SIGNIFICANT ACCOUNTING POLICIES

31.1 Basis of Preparation of the Financial Statements

The Financial Statements have been prepared on accrual basis, under the historical cost convention, and in compliance with the Accounting Standards specified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules 2014 .

31.2 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised.

31.3 Cash Flow Statement :

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash

flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

31.4 Operating Cycle :

The Company has adopted its normal operating cycle as twelve months based on the nature of products and the time between the acquisition of assets for processing and their realisation, for the purpose of current / non-current classification of assets and liabilities.

31.5 Classification of Current / Non-Current Assets and Liabilities

All assets and liabilities are presented as Current or Non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. The company has ascertained its operating cycle as 12 months for the purpose of Current / Non-current classification of assets and liabilities.

31.6 Fixed Assets

Fixed assets are stated at carrying amount i.e. cost less accumulated depreciation. Cost includes freight, duties, taxes and other expenses incidental to acquisition and installation.

For New Projects, all direct expenses and direct overheads (excluding services provided by employees in Company's regular payroll) are capitalized.

31.7 Impairment of Assets

At each Balance Sheet date a review is carried out for any indication of impairment in the carrying amount of assets. If the carrying amount of an asset exceeds the recoverable amount, which is the greater of the estimated net realisable value or the value in use of an asset, provision for impairment is made for such excess. A previously recognised provision for impairment is reviewed at each Balance Sheet date to determine its continuance or reversal.

31.8 Depreciation

Depreciation on Fixed Assets has been provided on straight line method in terms of life span of assets specified in Schedule II of the Companies Act, 2013.

Depreciation is recognized in the Statement of Profit and Loss from the date on which the asset is acquired while the depreciation on asset sold during the year is recognized in the Statement of Profit and Loss till the date of sale of asset.

31.9 Borrowing Costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time i.e., more than twelve months to get ready for its intended use. All borrowing costs are charged to the Statement of Profit and Loss.

31.10 Recognition of Income and Expenditure

- (a) Income and expenditure are recognized on accrual basis in accordance with the applicable accounting standards and provision is made for all known losses and liabilities.
- (b) Freight income is accounted when goods are delivered by the company to customers.
- (c) Freight expenses are accounted when hired vehicles deliver goods to the Company at destination.
- (d) Having regard to the size of operations and the nature and complexities of the Company's business, freight received/paid in advance is accounted as income/expense on payment.
- (e) Year-end liability in respect of claims for loss and damages is provided as calculated by claims recovery agents.

31.11 Employee Benefits

Liability for employee benefits, both short and long term, for present and past services which are due as per the terms of employment are recorded in accordance with AS 15 "Employee Benefits"

Defined contribution plans:

The Company's contribution to provident fund, employee state insurance scheme and labour welfare fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Gratuity and Leave Encashment

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's base salary and the tenure of employment. Gratuity liability is paid to the Gratuity trust set up by the Transport Corporation of India Limited (Demerged Company). A provision for gratuity liability to employees is made on the basis of actuarial valuation.

A provision for leave encashment liability to employees is made on the basis of actuarial valuation.

31.12 Foreign Exchange Transactions:**(a) Initial recognition**

All transactions in foreign currency are recorded at the rate of exchange prevailing on the dates when the relevant transactions take place.

(b) Treatment of exchange differences

Any income or expense on account of exchange difference either on settlement or translation is recognised in the Statement of Profit and Loss.

31.13 Earning per share

(a) Basic earning per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

(b) For computing the diluted Earnings per share, the net profit or loss attributable to the Equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of the dilutive potential equity shares.

31.14 Taxation

Provision for tax is made for both current and deferred taxes. Provision for current income tax is made on the current tax rates based on assessable income.

The company provides for deferred tax based on the tax effect of timing differences resulting from the recognition of items in the accounts and in estimating its current tax provision. The effect on deferred taxes of a change in tax rate is recognized in the year in which the change is effected.

Deferred Tax Liabilities are recognised for all taxable timing differences. Deferred Tax Assets are recognised only when there is reasonable certainty that future taxable income will be available against which such deferred tax assets can be realised. When there are carried forward losses or depreciation under tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable income. Deferred tax assets, if any, are reviewed at each Balance Sheet date to evaluate their continuance at the amounts at which they are carried.

31.15 Contingent Liabilities and Assets

Contingent liabilities are not recognised but are disclosed as required in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

(32) Previous year figure's have been regrouped/rearranged wherever considered necessary.
