- (i) The facility for voting through ballot paper shall be made available at the AGM and the members attending the meeting who have not cast their vote by e-voting shall be able to exercise their right at the meeting through ballot paper.
- (ii) The members who have cast their vote by e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.

The instructions for e-voting are as under:

**A. How do I vote electronically using NSDL e-Voting system?**

The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1 : Log-in to NSDL e-Voting system at <https://www.evoting.nsdl.com/>

Step 2 : Cast your vote electronically on NSDL e-Voting system.

**Details on Step 1 is mentioned below:**

How to Log-in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholders' section.
3. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below :

<b>Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical</b>	<b>Your User ID is:</b>
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

5. Your password details are given below:
  - a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
  - b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
  - c) How to retrieve your 'initial password'?

- (i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
  - (ii) If your email ID is not registered, your 'initial password' is communicated to you on your postal address.
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
  - a) Click on "Forgot User Details/Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
  - b) Physical User Reset Password? (If you are holding shares in physical mode) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
  - c) If you are still unable to get the password by aforesaid two options, you can send a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) mentioning your demat account number/folio number, your PAN, your name and your registered address.
1. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
2. Now, you will have to click on "Login" button.
3. After you click on the "Login" button, Home page of e-Voting will open.

**Details on Step 2 is given below:**

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see the Home page of e-Voting. Click on e-Voting. Then, click on Active Voting Cycles.
2. After click on Active Voting Cycles, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.
3. Select "EVEN" of company for which you wish to cast your vote.
4. Now you are ready for e-Voting as the Voting page opens.
5. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
6. Upon confirmation, the message "Vote cast successfully" will be displayed.
7. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
8. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

**General Guidelines for shareholders**

1. Institutional shareholders (i.e. other than individuals, HUF, NRI, etc.) are required to send scanned copy (PDF/JPG format) of the relevant Board Resolution/Authority letter, etc., together with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer through e-mail to [csshrutishah@gmail.com](mailto:csshrutishah@gmail.com), with a copy marked to [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in).
2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "Forgot User Details/Password?" or "Physical User Reset Password?" option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com) to reset the password.
3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) - Shareholders and remote e-voting user manual for members, available at the downloads Section of [www.evoting.nsdl.com](http://www.evoting.nsdl.com) or toll free no. 1800-222-990

**2. Management Analysis and Discussions****Discussion on financial performance with respect to operational performance**

During the year, your Company earned total revenues of Rs.41595.47 lacs compared with Rs. 39,905.02 lacs during the previous year, reflecting a growth of 4.06% over the previous year. The profit before tax stood at Rs. 351.06 lacs as compared to Rs. 758.05 lacs in the previous year. The Company has made a provision of tax totaling to Rs. 117.77 lacs and the profit after tax stood at Rs. 233.29 lacs for the current year. The Operating Profit (earnings before depreciation and interest and tax) decreased from Rs. 1597.60 lacs to Rs. 1132.40 lacs.

The Company has built a comprehensive brand portfolio across various verticals including software, server and security, and this has helped the company to increase its earnings. The company has a mix of products, services and technology integration in order to build opportunities for incremental revenue growth along with Non IT infrastructure for its clients.

**Review of Operations including IT Infra and Non IT Infra Industry Structure and Developments****IT Infra Structure and Developments**

Information Technology lies at the core of your Company's business. The sector prompted and shaped industrial growth and transformed the lifestyle of the citizens. The year under review was one of the most challenging ones in recent years. The year witnessed moderate growth in Global demand of IT products reflecting broad pricing pressures, government spending constraints from continued fiscal challenges, data center consolidation enabled by virtualization, accelerating cloud adoption and a shift toward lower-cost hardware products. In India although the sentiment continues to be positive, demand on the ground has not picked across product categories. From an IT products standpoint, the market remains sluggish. Projects, essentially driven out of investment in infrastructure by government and corporates, have slowed down and only old projects are being executed. Your Company has demonstrated its high adversity quotient and its capacity for implementing differentiated strategic solutions.

Given that India is one of the fastest growing markets in the world, all major brands in the enterprise and retail verticals, even those with an existing presence in the country, are keenly looking at ways to increase their market share. Our diversity in terms of a large bouquet of products lines and vendors and geographical reach has enabled your Company to take maximum advantage of the available growth opportunities. Your Company has embarked on the set up of a robust services platform that benefits both the brand and the end customer. This will involve offering complete parts planning, parts warehousing, forward

and reverse logistics, imts and re-exports, and assets recovery and e-waste management to provide a single-window fret-free parts management service to brands

Now a new trend is emerging where the enterprise focus is gradually shifting from capital expenditure to operating expenditure and billing style is changing from transaction to annuity, pay-per-use, and pay-per-click. The trend is not disruptive today and is at a nascent stage. But it is expected to evolve in the next decade. The strong fundamentals of business and the current model will continue to be in vogue but at a lower pace of growth as compared to the new tech trend. Looking ahead there are a few significant trends shaping the distribution business in general and IT distribution in particular. Your Company is engaged in monitoring and suitably adapting its strategy to participate and be relevant in the changed scenario.

Adoption of Cloud based infrastructure and solutions is gaining traction in India and there is a gradual acceptance on the part of organizations in the SMB sector to embrace this practice in order to shift their IT Infrastructure from a Capex to an Opex model. Cloud technology allows users access to applications over the Internet displacing the age-old practice of running programs by downloading software onto a physical server or computer. We aspire to position ourselves as a single company that acts as a bridge between the Cloud Technology providers and the End Customers by offering a complete bouquet of Cloud solutions and services. Your Company is looking to sell Cloud Solution as a product. As the demand pattern in India matures, your Company will evaluate appropriate Cloud business strategies and invest in this space accordingly. With growing dependence on IT, thanks to the Internet and mobility, uptime of devices be it PCs, Tablets or Smartphones, and enterprise assets like networking devices, servers and storage which support them, has become critical for running business applications and maintaining operational efficiencies. User organizations have therefore time and again necessarily refurbished their IT hardware from a plethora of vendors ending up with products from multiple brands. To complicate matters further, rapid strides in technology have successfully shortened product life cycles and put tremendous strain on parts availability for maintenance of assets beyond service life. Managing the uptime of heterogeneous IT hardware is therefore a huge challenge for user companies. Your company is looking to tap this into a big opportunity and offer single window SLA bound AMC service for heterogeneous hardware, which spans PCs, peripherals, and enterprise assets. Your Company's investment and engagement over the years has enabled it to develop a strong foothold catering to Enterprise & Infrastructure projects.

While strengthening and consolidating its core business, it is evaluating ways and means of transforming through better efficiencies and increased process driven automation. Your company is evolving into a Solution oriented partner for its vendors and customers. Pre-Sales and Technical Sales talents are deployed to help partners provide their customers with customized solutions to achieve their desired business outcomes even on the NON IT infra requirements of the clients.

#### **Industry**

Flue gas desulfurization (FGD) is a process that removes sulfur dioxide from the flue gas before its emission. This process is carried out during combustion in fossil fuel power plants such as coal and oil fired combustion units. When coal or oil is burned to produce energy, about 95% of the sulfur is converted into sulfur dioxide under standard temperature conditions. FGD can be characterized into wet & spray dry scrubbing, wet sulfuric acid process, SNOX flue gas desulfurization and dry sorbent injection system based on methods of desulfurization. Flue gas desulfurization technology has gained importance as a result of increasing air pollution due to sulfur dioxide released into the atmosphere during combustion processes. Flue gas desulfurization market has witnessed a significant growth in recent years due to stringent government policies relating to emissions of harmful gases in the environment.

Additionally, increasing demand for electricity coupled with dependence on coal for power production will further boost the demand for FGD systems. Rapid industrialization and increasing the need for electricity in emerging economies is expected to boost the demand for flue gas desulfurization systems in future. Technological advancements in the development of highly efficient systems may provide market participants with new opportunities. Additionally, decreasing the capital cost of FGD systems might provide opportunities for new participants in the market. However, operation and maintenance costs increase as a result of many reagents that are required to treat sulfur content in gases. Disposal of waste as a result of FGD processes considerably increases the operation and maintenance cost of flue gas desulfurization systems. Moreover, availability of alternative methods such as hydrosulfurization, fluidized bed combustion, and THIOPAQ may hinder the market growth in future.

**Technology**

There are two types of technologies used for flue gas desulfurization - wet and dry FGD systems. In dry FGD systems, reagents such as lime and limestone are injected directly into flue gas to remove sulfur dioxide, whereas, in wet FGD systems, the reagent is added to water to remove sulfur dioxide. Wet FGD systems are widely used in comparison to dry FGD and are expected to maintain dominance over the forecast period owing to high efficiency and low maintenance.

**Applications**

Application segments of flue gas desulfurization market include new FGD systems and reagents & replacements. Increasing electricity demand in emerging economies such as China and India owing to rapid industrialization and urbanization is expected to increase the number of coal-fired power plants. This, in turn, is expected to boost the demand for new FGD systems in the market. The demand for reagents & replacements was primarily for repair of parts such as pump impellers, nozzles, valves and filter belts among others in established FGD systems. The increasing use of reagents such as limestone, dibasic acid, and sodium hydroxide is further expected to boost the growth of reagents & replacements application segment in the market.

**Geography**

Asia Pacific emerged as the largest region for flue gas desulfurization market accounting for more than half of the market share in 2013, owing to stringent government regulations and presence of a large number of coal-fired power plants in India and China. Additionally, rising concerns over industrial air pollution is also a major driver of FGD market in this region. North America and Europe accounted for over 40% of the market share in 2013. The market in this region is primarily driven by demand for new FGD systems to retrofit existing power plants. In addition, replacement of obsolete parts in existing flue gas desulfurization systems is expected to boost the demand for flue gas desulfurization systems in the region.

**Key Players in the Market**

Some of the major companies in global flue gas desulfurization market include Alstom S.A., Babcock & Wilcox, Siemens Energy, Thermax, Ducon Technologies Inc., Hamon Research-Cottrell, Mitsubishi Heavy Industries, and Marsulex Environmental Technologies. Other companies include China Boqi, Chiyoda Corporation, Hitachi Power Systems America Ltd., Marsulex Environmental Technologies and Lonjing Environment Technology Co. Ltd.

**Ducon and FGD**

Ducon has supplied wet FGD systems on over 20,000 MW of combined power plant capacity. Ducon FGD systems can achieve over 99% sulfur dioxide removal efficiency. Ducon Flue Gas Desulfurization systems can also recover up to 90% of oxidized mercury in the flue gas.

Depending upon the reagent utilized, Ducon can select a packed tower, a spray tower or a Ventri-Rod Absorber (VRA™) (a proprietary Environeering unit) for the wet FGD application. For Dry Flue Gas Desulfurization systems, Ducon uses its proprietary two-fluid nozzle DRX-25 to atomize feed slurry in the spray reactor. Ducon can also provide a Circulating Reactor Dry FGD System suitable for applications of upto 3% sulfur coal and by utilizing dry lime, it can provide upto 97% SO<sub>2</sub> removal efficiency. Ducon provides either bag house filter or Electrostatic Precipitator for duct collection downstream. Ducon works with reputable vendors to provide Gas-to-Gas heat exchangers, fans, controls, and reagent handling & feeding systems.

Ducon has the capability to provide a complete global turnkey installations including effluent treatment systems.

**Strengths**

The inherent strength of your Company derives from its absolute belief in sound, sustainable business practices and an ability to continuously address the diverse needs of its customers. The strengths have enabled your Company to successfully articulate its various differentiated value propositions in the markets in which it operates. The strategic objective of the company is to build a sustainable organization that remains relevant to the agenda of the clients, while generating profitable growth for the investors. In order to do this, the company will apply the priorities of 'renew' and 'new' to our own business and cascade it to everything we do.

The Company provides the entire spectrum of Information Technology Infra and Non IT Infra. The strength of your Company is the brand and products diversification along with wide product range, dedicated group of talented professional who drive its business and relationships with its business partners and manage its support functions. The strategy to engage with clients on their large transformative programs, both in traditional IT areas as well as for their new digital business initiatives and non IT Infra. The company expands existing client relationships by providing them with a broad set of end-to-end service offerings and increase the size, nature and number of projects they do with them.

We believe our strong brand, robust quality process and our access to skilled talent base at lower costs of providing services places to us in a unique position to take advantage of the opportunities available. The Company is not dependent on any single technology or platform. The company has developed competencies in various technologies, platforms and operating environment, and offers a wide range of technology options for its clients to choose from, based on their needs.

### **Quality**

Your Company continues to strive towards operational and delivery excellences with a renewed focus on the path of business excellence. Customer Satisfaction and excellence in quality are key elements for succeeding in this competitive market. ### **Opportunities and threats**

#### **Opportunities**

We believe there is a growing demand for additional services and solutions from companies that already have an established global presence and existing infrastructure, which is why we are strategically focused on increasing our capabilities in these areas. Our diversification strategy continues to provide us with new growth opportunities. Looking towards the future, your Company will remain focused on agility, innovation and operational excellence. Focusing on strategic verticals and geographies will also lead to an increase in the list of potential customer base.

#### **Threats:**

Competition is the main threat to most tech outfits, considering the relentless product cycles, the typically rapid move toward commoditization in the sector and also changes in technology and markets, changes in government policy or regulations / legislation etc also brings challenges and treats to the smooth functioning of the Company. The focus of the Traditional IT service providers is slowly moving towards industry focused business solutions and digital-business enablement. As companies recognize the critical role of technology as an enabler to their business, the number of in-house technology centres of large enterprises as well as the number of new entrants in the market increases.

Since the IT Infra sector and Non IT Infra is exposed to high attrition rate due to more opportunities available in market for the employee, retaining existing talent pool and attracting new talented manpower is a major risk to the Company. The Company has initiated various measures to enhance the retention of employees during the year which includes, employee engagement surveys, transparent Performance Management System, to maintain employee-friendly culture in the organization.

### Risks and Concerns

The Company's objectives and expectations may be forward looking within the meaning of applicable laws and regulations. The competition from large international and Indian IT companies is increasing in the domestic market space. Actual results may differ materially from those expressed. Important factors that could influence the Company's operations include change in government regulations, tax laws, increased competition, economic and political developments.

The productive life of IT Infra and Non IT Infra resources and competencies is shrinking, thereby increasing the level of investment needed to meet the market requirements. The convergence of IT and Telecommunication industries, while provide huge growth opportunities to your Company, also exposes it to increased competition. In the IT industry, the ability to execute projects, build and maintain client partnerships and to achieve forecasted operating and financial results are significantly influenced by the organization's success in hiring, training and retaining highly skilled IT professionals. The market continues to be highly competitive for attracting and retaining IT professionals & this is compounded by the ever changing constraints around talent mobility primarily on account of regulatory requirements and also the evolving value propositions for a range of clients across geographies.

Both the number of incidents and the severity of cyber security threats are increasing globally and are becoming more widespread. This can put the company and the client data at risk, in the event that data confidentiality, integrity and availability is compromised, presenting a risk to the success and sustenance of the company.

### Internal control systems and their adequacy

The Company's well-defined organizational structure, documented policy guidelines, defined authority matrix and internal controls ensure efficiency of operations, compliance with internal policies and applicable laws and regulations as well as protection of resources.

The Company has the robust Management Information System, which is an integral part of the control mechanism. The Company has a well-defined delegation of power with authority limits for approving revenue as well as expenditure and processing payments. Your Company has an effective internal control and risk mitigation system, which are constantly assessed and strengthened with new/revised standards operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of its operations. The Company has made the employees responsible for establishing expectations and seeking feedback at every role that is assigned. The employees have been enabled to influence their network of peers to co-own goals. This has helped enable cross functional collaboration and interlock. Employees can give and receive help on their goals by making them public and also express their likelihood of reaching their goals. The company has put in place adequate systems of internal control commensurate with its size and the nature of its business. These systems provide a reasonable assurance in respect of financial and operational information, compliance with both applicable statutes, & corporate policies and safeguarding of the assets of the company.

Ducon Infratechnologies Limited has an audit committee, the details of which have been provided in the corporate governance report. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggest improvements to strengthen the same.

DUCON HOUSE, PLOT NO. A/4,  
ROAD NO. 1, MIDC, WAGLE  
INDUSTRIAL ESTATE, THANE-400604.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Ducon Infratechnologies Limited (formerly known as Dynacons Technologies Limited) (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information and representation pertaining to compliance provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2018 generally complied with the statutory provisions listed hereunder and based on the management representation, that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March 2018 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

The Company believes in adopting the 'best practices' that are followed in the area of Corporate Governance and has consistently endeavored to practice good Corporate Governance. The Company's philosophy on corporate governance is to conduct its business in a manner, which is ethical and transparent with all stakeholders in the Company, including shareholders, vendors, creditors and employees. The Company emphasizes the need for full transparency and accountability in all its transactions, in order to protect the interests of its stakeholders.

Ducon (formerly known as Dynacons) firmly believes that all its operations and actions must serve the underlying goal of long term value creation for its shareholders and its investors. Our corporate governance framework ensures that we make timely disclosures and share accurate information regarding our financials and performance, as well as disclosures related to the leadership and governance of Ducon Infratechnologies Limited ('the Company').

Pursuant to Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") the Company has executed fresh Listing Agreements with the Stock Exchanges. The Company is in compliance of the remaining part of regulation 17 to 27 read with Schedule V and clauses (b) to (k) of sub-regulation (2) of regulation 46 of SEBI Listing Regulations, as applicable, with regard to corporate governance. The policies and the code are reviewed periodically to ensure their continuing relevance, effectiveness and responsiveness to the needs of our stakeholders.

### 2. BOARD OF DIRECTORS

Ducon (formerly known as Dynacons) Governance structure broadly comprises the Board of Directors and the Committees of the Board at the apex level and the Management structure at the operational level. This layered structure brings about a harmonious blend in governance as the Board sets the overall corporate objectives and gives direction and freedom to the Management to achieve these corporate objectives within a given framework, thereby bringing about an enabling environment for value creation through sustainable profitable growth.

#### Composition and category

The present strength of Board of Directors is Six. The Board of Directors of your Company presently comprise of an Executive Chairman, Two Executive Directors, Three Non-Executive and Independent Directors. The Independent Directors with their diverse knowledge, experience and expertise bring in their independent judgment in the deliberations and decisions of the Board.

#### Role of Board of Directors

The primary role of the Board is that of trusteeship to protect and enhance shareholder value through strategic direction of the Company. As trustees, the Board has fiduciary responsibility to ensure that the Company has clear goals aligned to shareholder value and its growth. The Board exercises its duties with care, skill and diligence and exercises independent judgment. It sets strategic goals and seeks accountability for their fulfillment. It also directs and exercises appropriate control to ensure that the Company is managed in a manner that fulfills stakeholders' aspirations and societal expectations.

The Independent Directors have made disclosures confirming that there are no material, financial and/or commercial transactions between Independent Directors and the Company which could have potential conflict of interest with the Company at large.

None of the Directors on the Board hold directorships in more than ten public companies. Further none of them is a member of more than ten committees or chairman of more than five committees across all the public companies in which he is a Director. Necessary disclosures regarding Committee positions in other public companies as on March 31, 2018 have been made by the Directors. None of the Directors are related to each other.

Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI Listing Regulations read with Section 149(6) of the Act. The maximum tenure of independent directors is in compliance with the Act. All the Independent Directors have confirmed that they meet the criteria as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations read with Section 149(6) of the Act.

The Non-Executive Directors with their diverse knowledge, experience and expertise bring in their independent judgment in the deliberations and decisions of the Board.

Directors of the Company are provided with well structured and comprehensive agenda papers in advance. All material information is incorporated in the Agenda for facilitating meaningful and focused discussion in the meeting. Minutes of the Board Meetings/Committee Meetings are circulated to the Directors well in advance and confirmed at the subsequent meetings.

The Company has an Executive Chairman and the numbers of Independent Directors are half of the total number of Directors. The Company, therefore, can meet with the requirements of Regulation 17 (1) (a) & (b) of Securities And Exchange Board of India (Listing Obligations And Disclosure Requirements) Regulations, 2015 with the stock exchanges.

As required under Section 149(3) of the Companies Act, 2013, Ms. Ratna Jhaveri, a lady Director, has been appointed as an Independent Director on the Board.

## INDEPENDENT AUDITOR'S REPORT

### To The Members of Ducon Infratechnologies Limited

#### Report on the Ind AS Financial Statements

We have audited the accompanying financial statements of Ducon Infratechnologies Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

#### Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profits, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d. In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder.
- e. On the basis of written representation received from the directors of the company as on March 31, 2018 taken on record by the Board of Directors of the Company, none of the directors of the company are disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its Ind AS financial statements. Refer to Note 25.1 of Notes to Accounts forming part of Ind AS financial statements.

**"Annexure B" forming part of Independent Auditor's Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").**

We have audited the internal financial controls over financial reporting of Ducon Infratechnologies Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

---

## **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes forming part of the financial statements for the  
financial year ended 31st March, 2018**

---

**Note 1: Significant Accounting Policies**

**1.1 Basis of preparation**

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India and comply with Indian Accounting Standards (Ind AS). The company has prepared these financial statements to comply in all material respects in accordance with the Accounting Standards notified under the Companies Act, 2013 ("the Act") and in accordance with the accounting principles generally accepted in India. These financial statements have been prepared on an accrual basis and under the historical cost of convention. Upto the year ended March 31, 2017, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP". These financial statements are the Company's first Ind AS financial statements.

**2. Summary of significant accounting policies**

**a. Use of estimates**

The preparation of financial statements in conformity with Ind-AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

**b. Fixed assets**

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Gains or losses arising from sale of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is sold.

**c. Depreciation on tangible fixed assets**

Depreciation on Fixed Assets is being provided on "Useful Life" in the manner prescribed under the Schedule II of the Companies Act, 2013.

**d. Borrowing costs**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange difference arising from currency borrowings to the extent they are regarded as an adjustment to the interest cost.

**e. Impairment of tangible and intangible assets**

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

**f. Investments**

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investment.

Current investments are carried in the financial statement at lower of cost and fair value determined on an individual investment basis. Long-term investment is carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investment.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

**g. Financial Assets:**

**i. Financial Assets**

**A. Initial recognition and measurement**

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

**B. Subsequent measurement**

a) Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

**C. Other Equity Investments**

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

**D. Impairment of financial assets**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

The Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

## **ii. Financial liabilities**

### **A. Initial recognition and measurement**

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

There is no significant impact on valuation of Financial Assets at fair value through comprehensive income and hence not profit or loss on such valuation booked.

### **B. Subsequent measurement**

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

There is no significant impact on valuation of Financial Assets at fair value through comprehensive income and hence not profit or loss on such valuation booked.

## **Revenue recognition**

Revenue is recognized to the extent that is probable that the economic benefits will flow to the company and the revenue can be reliable measured. The following specific recognition criteria must also be met before revenue is recognized:

### **Sale of goods**

Revenue from sale of goods is recognized when all the risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods and performance of services to customers. If company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue.

### **Interest**

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

### **Dividends**

Dividend income is recognized with the company's right to receive dividend is established by the reporting date.

## **h. Foreign currency translation**

### **Foreign currency transaction and balances**

#### **Initial recognition**

Foreign currency transaction are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

#### **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

#### **Exchange differences**

The company accounts for exchange difference arising on translation/settlement of foreign currency monetary items as below:

Exchange difference arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset.

All other exchange differences are recognized as income or as expenses in the period in which they arise.

**I. Retirement and other employee benefits**

Retirement benefit in the form of provident fund, Employee State Insurance Contribution and Labour Welfare Fund are defined contribution scheme. The contribution to the above is charged to the statement of profit and loss for the year when the contributions are due.

The company operates defined benefit plan for its employee, viz., gratuity. The costs of providing benefits under this plan are determined on the basis of actuarial valuation at each year-end. Separate actuarial valuation is carried out for each plan using the projected unit credit method. Contribution towards gratuity fund for eligible employees is made by way of premium to Life Insurance Corporation of India and charged to the statement of profit and loss. Actuarial gains and losses, (if any) for the defined plan are recognized in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short – term employee benefit. The company measures the expected cost of such absences as the additional amount that is except to pay as a result of the unused entitlement that has accumulated at the reporting date.

The company treats accumulated leave excepted to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss immediately.

**j. Income taxes**

Tax expenses comprise current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situation where the company has unabsorbed or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognized unrecognized deferred asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

**l. Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

**m. Provisions**

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

**n. Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statement.
