MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF THE ECONOMY

The textiles and garments industry is one of the largest and most prominent sectors of Indian economy, in terms of output, foreign exchange earnings and employment generation. The textile Industry is crucial to the Indian economy in terms of contribution to GDP and employment. It contributes about 4% to the GDP, accounts for over 14% of total industrial production, generates 8% of the Central excise revenue and contributes around 35% of gross export earnings in trade and 16% of gross export earnings. The Indian textile industry currently provides employment to more than 35 Million people. As stated in late January, by Ministry of Textiles, the transformation of the textile industry from a degrading to a rapidly developing industry has become the biggest achievement of the Central Government.

INDUSTRY OUTLOOK

The Indian industry is amongst the very few in the world that is truly vertically integrated from raw material to finished products. It contains within itself, fibre-production, spinning, knitting and weaving, as well as apparel manufacture. Indian industry has consistently remained flexible in terms of production quantity and lead time. The policy environment that was unfavorable to large-scale manufacturing in the past has also created an unintended strength - a base of design, product development and merchandising capability. A major gap in Indian industry is its fragmented industry structure with a dominance of small scale industries. Small scale also brings with it the problem of productivity. Smaller companies often do not have the resources to invest in appropriate technology or retraining, or in the re-engineering of processes. While skilled Indian labor is inexpensive in absolute terms, due to lower productivity levels, much of this advantage is lost by small firms.

FUTURE OUTLOOK

On the Global Economic front, the Factors that contributed to the gloom during the year under review do not seem to have withered away thus casting uncertainty for the year ahead. On the Domestic front, as inflation is unlikely to moderate substantially, expected upward revision of price of fuel items, electricity and coal is on the anvil and high interest rates are collectively expected to create a difficult business atmosphere. As for the Indian Textile Industry, with the expectation of good monsoon, stabilization of prices of raw material at acceptable levels, improvement in micro economic factors, growing middle class and young population and continued urbanization, gives us a glimpse of hope for a moderate growth in 2013-14.

Your Company being a domestic player, redesign distribution network, dynamic marketing strategies and introduction of quality products, your Company expects to continue its good performance in the ensuing year.

FORWARD LOOKING STATEMENTS

Statement in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be forward looking statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include raw material availability and prices, cyclical demand and pricing in the Company's principal markets, changes in Government, regulations, tax regimes, economic developments within India and the countries in which the Company conducts business and other incidental factors.

SWOT ANALYSIS OF THE INDIAN TEXTILE & APPAREL INDUSTRY

Strengths

- Abundant raw material availability
- Availability of low-cost skilled labour
- Presence across the value chain
- Growing domestic market

Weaknesses

- Fragmented Industry
- Impediments due to historical regulations
- Low productivity
- Low cost competitiveness with regards to other developing nations
- Technological obsolescence

Opportunities

- Opening up of entire market by the end of Agreement on Textile and Clothing (ATC)
- Research and new product development can help the companies to move across the value chain

Threats

- Increased competition in the domestic markets
- Cheaper imports
- Outdated regulatory framework
- Increased importance of adherence to ecological and social norms

The textile industry is fiercely competitive. The threat of competition emerges not only from the organized as well as the disorganized sector and from both small and big players. At the international level, the company is in direct competition with companies in nations having a low cost base such as Philippines, China and Bangladesh etc. We are also in direct competition with the leading apparel and fabric manufacturers of India as well as the local brands.

Internal Control Systems and their Adequacy

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorised, recorded and reported correctly. The internal control is exercised through documented policies, guidelines and procedures. It is supplemented by an extensive program of internal audits conducted by in house trained personnel. The audit observations and corrective action taken thereon are periodically reviewed by the audit committee to ensure effectiveness of the internal control system. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of persons.

Financial and operational performance

The financial statements have been prepared in compliance with the requirements of the Companies Act, 1956 and Generally Accepted Accounting Principles in India. Please refer Board Report on performance review.

Human Resources

The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity: to contribute to developing and achieving individual excellence and

departmental objectives and continuously improve performance to realize the full potential of our personnel. The Company is giving direct employment to 26 employees.

Economic slowdown pinches retail sector

The economic slowdown has been affecting the global retail sector significantly, both from the demand side and supply side. The global demand has been falling consistently over the past one year following the crisis in the US mortgage market. The resultant job losses and the fall in income have aggravated the impact on consumer demand. Besides, job uncertainty (in anticipation of job losses) has led to drop in consumer spending. On the supply side, however, many retailers are slowing down their expansion plans and many real estate developers are falling behind schedules in their shopping mall projects, considering the credit crunch. The economic slowdown has deeply affected the Indian organised retail sector in terms of deceleration in retail sales growth, footfalls, store expansions, employment rates and most importantly, profitability.

Cautionary Statement

Statements made herein describing the Company's expectations or predictions are "forward-looking statements". The actual results may differ from those expected or predicted. Prime factors that may make a difference to the Company's performance include market conditions, input costs, govt. regulations, economic developments within/ outside country etc.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
Thomas Scott (India) Limited

1. We have audited the accompanying financial statements of Thomas Scott (India) Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2013, the Statement of Profit & Loss and Cash Flow Statement for the year then ended, and summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.
2. The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 of India (the "Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
3. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards on Auditing issued by the Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.
4. An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
5. In our opinion, and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India:
 - (a) in the case of Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
 - (b) in the case of Statement of Profit and Loss, of the loss for the year ended on that date; and
 - (c) in the case of Cash Flow Statement, of the cash flows for the year ended on that date.
6. As required by the Companies (Auditor's Report) Order, 2003 as amended by the Companies (Auditor's Report) (Amendment) Order, 2004 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act (hereinafter referred to as the 'Order') and on such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the order.

7. As required by Section 227 (3) of the Act, we report that:

- (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- (c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of accounts;
- (d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Act;
- (e) On the basis of written representations received from the directors as on March 31, 2013 and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2013 from being appointed as a director in terms of clause (g) of sub section (1) of section 274 of the Act.
- (f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.

Note 1

SIGNIFICANT ACCOUNTING POLICIES:**1. Basis of preparation of Financial Statements**

The financial statements have been prepared to comply in all material respects with the standards notified under the Companies (Accounting Standards) Rules, 2006 and the relevant provisions of Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which impairment is made and revaluation is carried out and derivative instruments. The accounting policies have been consistently applied by the Company and except for the changes in accounting policy discussed more fully below, are consistent with those used in previous year.

2. Use of Estimate

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates. Any revision to accounting estimates is recognised in accordance with the requirements of the respective accounting standard.

3. Fixed Assets

Fixed assets are stated at cost (or re-valued amounts, as the case may be), less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Financing costs relating to construction of fixed assets are also included to the extent they relate to the period till such assets are ready to be put to use. Financing costs not relating to construction of fixed assets are charged to the income statement.

Depreciation

Depreciation on the fixed assets has been provided for on written down value method at the rates prescribed and in the manner specified in Schedule XIV to the Companies Act, 1956.

Impairment

- (i) The carrying amounts of assets are reviewed at each balance sheet date if there are impairment indicators. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the WACC.
- (ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.
- (iii) A previously recognised impairment loss is increased or decreased based on reassessment of recoverable amount, which is carried out if the change is significant. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

4. Intangible Assets

Intangible assets include miscellaneous expenditures that are capitalized if specific criteria are met and are amortised over their useful life, generally not exceeding 5 years. The recoverable amount of an intangible asset that is not available for use or is being amortized over a period exceeding 5 years should be reviewed at least at

each financial year end even if there is no indication that the asset is impaired.

5. Leases

Where the Company is the lessee

Finance leases, where substantially all the risks and benefits incidental to ownership of the leased item, are transferred to the company, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged to income. Lease management fees, legal charges and other initial direct costs are capitalised.

If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease item, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Profit and Loss Account on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Profit and Loss Account. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the P&L Account.

6. Inventories

Inventories are valued at lower of cost or net realisable value. Raw material and manufactured finished goods are valued at cost. Cost is determined on using average cost method.

7. Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

(i) Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Sales revenue is net of sales returns, discounts and rebates.

(ii) Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

(iii) Dividends

Revenue is recognised when the shareholders' right to receive payment is established by the balance sheet date. Dividend from subsidiaries is recognised even if same are declared after the balance sheet date but pertains to period on or before the date of balance sheet as per the requirement of revised schedule VI of the Companies Act, 1956.

8. Foreign Exchange Transaction

- (i) Transaction denominated in foreign currencies is normally recorded at the exchange rate prevailing at the time of the transaction.
- (ii) Monetary items denominated in foreign currency as at the balance sheet date are translated at the year end exchange rate.

- (ii) Premium on forward cover contracts in respect of import of raw material is charged to profit & loss account over the period of contracts except in respect of liability for acquiring fixed assets, in which case the difference are adjusted in carrying cost of the same.

9. Employee benefits

- (i) Retirement benefits in the form of Provident Fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the statutory authority are due.
- (ii) Gratuity liability are defined benefit obligations and are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.

10. Current Tax and Deferred Tax

- (i) Provision for current tax is made after taking into consideration benefits admissible under the provision of the Income Tax Act, 1961.
- (ii) Deferred tax resulting from timing difference between the book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date.

11. Earning per share

Basic EPS is computed using the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and diluted equity equivalent shares outstanding during the year except where the results would be anti-dilutive

12. Cash Flow Statement

Cash flow statement is reported using the indirect method as specified in the Accounting standard (AS)-3, 'Cash Flow Statement' issued by The Institute of Chartered Accountants of India.

13. Provision, Contingent Liabilities and Contingent Assets

Provision involving substantial degree of estimation in measurement is recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.
