CHAIRMAN'S MESSAGE ►

Dear Shareholders,

It is my privilege to present the 33rd Annual Report of your Company for the Financial Year ended 31st March, 2017. The Financial Year 2016-17 was eventful from the global, national and company specific perspective. The Company has become listed company of India's most recognized Stock Exchange w.e.f. 14th July, 2017 under the SME Platform, through the Initial Public Issue of 31,92,000 equity shares of Rs. 10/- each at a premium of Rs. 14/- aggregating Rs. 766.08 Lakhs, which has turnaround the confidence achieved as well as its presence in the capital market for enhancement of the value of the shareholders as well as public recognition. This year was full of challenges as well as external dynamics and economical changes that impacted the operational performance of the Company.

The Company has achieved growth of 2.68% in its total revenue from operations. The export continues to contribute 75% of the total turnover. The Company is striving for enhancing its product portfolio and distribution network as well as making all the efforts for expanding its presence in global as well as local market. During the Financial Year 2016-17 profitability was decreased due to increased employee costs and loss incurred amounting to Rs. 52.48 Lakhs on demolition of part of the building due to running expansion at SEZ which was charged to the statement of Profit & Loss in the current Financial Year 2016-17.

During the year your company had also taken some strategic decisions like expansion of Company's SEZ Unit at Pithampur (M.P.) by setting up of complete manufacturing facilities for Food Grade/Pharma Grade Bags and FIBC and the same is in progress. Soon after completion of expansion and full fledged production at SEZ Unit, your company will be able to expand its customer base and cater to the requirements from food grade/pharma grade sections also. However, due to some external factors beyond the control of Management of Company; like scarcity of water and skilled labour supply have affected expansion activities and now it is expected to be completed by end of February, 2018. Management of your company is trying their best to complete the project well within the period mentioned above by end of February, 2018 positively.

Further that the Company has also taken its first move towards utilization of green & renewable energy by installation of Solar Power Generation System at Ujaas Solar Park, Sitamau (M.P.) on 23rd March, 2017. The Electricity as may be generated will be used for captive consumption at Company's Manufacturing Units situated at Pithampur (M.P.) which will result in operational efficiency and reduction in power cost.

Further I am happy to share that during the FY 2016-17 the Company was appointed as Del Credre Agent-cum-Consignment Stockist (DCA-cum-CS) of ONGC Petro-additions Limited (OPaL) for Madhya Pradesh at Indore for a period of 3 years vide its letter dated 30th March, 2017. This will strengthen the presence of your company in domestic market.

Further that I am happy to share that your Company has achieved BRC Certification "Grade A" from Intertek Certifications Limited, (a UKAS accredited body for certification) for meeting the requirements as set out in the BRC Global Standard for Packaging and Packaging Materials Issue 5: July 2015, for Company's separate clean room facilities situated at Unit-I for manufacturing of packaging material to be used for food and nonfood application.

The Company has gained experience of more than 3 decades and is committed to provide best quality products to its customers at all times. The Company will strive to achieve excellent performance in ensuing Financial Year and your company believes that our strategic initiatives will help us to deliver positive results and the Company will achieve targeted growth in long term.

At the close, I would like to thank entire team of COMSYN for their high level of efforts, commitment and dedication.

I would like to place on record my sincere appreciation to the Board of directors for their guidance. I would also like to place on record my heartfelt thanks to all the customers, business associates, suppliers, Bank of Baroda and Bank of India, bankers and authorities of the BSE and SEBI for their support. Lastly, I would like to extend my gratitude towards all our Shareholders for their continuing faith and confidence in the management of the Company and I look forward for their support, trust and confidence.

***With best wishes,
Sincerely,***

***Anil Choudhary

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(a) Industry structure and developments.

Global economic activity is picking up with a long-awaited cyclical recovery in investment, manufacturing, and trade, according to World Economic Outlook of International Monetary Fund. World growth is expected to rise from 3.1 percent in 2016 to 3.5 percent in 2017 and 3.6 percent in 2018. Stronger activity, expectations of more robust global demand, reduced deflationary pressures, and optimistic financial markets are all upside developments. But structural impediments to a stronger recovery and a balance of risks that remains tilted to the downside, especially over the medium term, remain important challenges. (Source: World Economic Outlook: International Monetary Fund)

The Economic Survey 2016-17 forecasts Indian Economy's growth rate of 6.75 to 7.5 per cent for Financial Year 2017-18 as compared to the growth rate of 6.1% in 2016-17. Even under this forecast, India would remain the fastest growing major economy in the world. The Survey further states that over the medium run, the implementation of the Goods and Services Tax (GST), follow-up to demonetization, and enacting other structural reforms should take the economy towards its potential real GDP growth of 8 per cent to 10 per cent. (Source: Economic Survey: 2016-17)

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Shri Narendra Modi, has launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy.

Growing steadily and taking significant strides since early 2000, the Indian FIBC industry has demonstrated its excellence to become one of the largest manufacturer and exporter in the world. FIBC gained prominence in the Indian packaging industry during the last decade and registered good growth on account of growing export of minerals, chemicals and polymer products which use FIBC for bulk packaging. The export of FIBC has increased consistently and at a higher rate when compared with other flexible packaging products. Production cuts by major FIBC producing regions such as Turkey, European countries and USA due to elevated cost of production presented an opportunity for India, resulting in a shift in sourcing from India, which is a low cost production centre. The Indian FIBC industry is growing rapidly and has overtaken Turkey to become the world's second largest producer after China.. (www.careratings.com)

The Global Flexible intermediate bulk container (FIBC) market will grow steadily during the next four years and in terms of units, will post a CAGR of more than 6% by 2021. It has been observed that the growth of the industries including food and horticulture due to the increase production and trade of horticulture products and chemicals, have boosted the demand for flexible bulk packaging. Additionally, the low-cost of shale gas, that is used as a major feedstock for the manufacturing chemicals, is inducing players in the chemical and fertilizer sectors to enhance the production of chemicals, which also increases the demand for FIBC bags. Moreover, the increased need to reduce the overall weight of bulk packaging and transporting materials will also drive the demand for FIBC containers in several other industrial sectors such as construction, boosting market growth in the coming years.

ANNEXURE –B TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”) referred to in Independent Auditors’ Report to the members of the Company on the financial statements for the year ended 31 March 2017

We have audited the internal financial controls over financial reporting of M/S Commercial Syn Bags Limited (“the Company”) as of 31 March 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or

improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
