MANAGEMENT DISCUSSION & ANALYSIS REPORT

BUSINESS & FINANCIAL PERFORMANCE

The Company being a registered NBFC with the Reserve Bank of India has been engaged in the business of financing activities, investment in Securities of Listed and Unlisted Companies and fee based advisory services in the field of Money market.

Further considering the pressure in Real estate market over last few years, the company is looking great opportunities in the field and initiated some investments in real estate as well during the year.

For FY 2016-17 on a standalone basis, the Company's profit after tax stood at ₹72.17 Lakhs as against ₹89.55 Lakhs in the PY.

Your Company as in the last few years continues to evaluate investment opportunities in asset based transactions with good growth prospects.

ECONOMIC & INDUSTRY OVERVIEW

The year 2016-17 saw rapid technological innovation, macroeconomic changes, fast changing business conditions, evolving consumer preferences and increasingly disruptive market environment that drove corporations to significantly rethink the manner in which they operate. India continued to witness steady economic growth despite a volatile internal and weak external environment. Decline in commodity prices, low fiscal deficit, depreciation of the rupee vis-a-vis the dollar and the demonetization exercise all resulted in disruption in the rural as well urban market conditions.

The Wholesale Price Index inflation inched up to 6.55% for the month ending February, on the back of the quick surge in economy in the remonetisation phase. Overall GDP growth in the fiscal settled at around 7.6%, driven by the industry and services sector. Structural shifts in inflation are due to lower oil prices, deceleration in agriculture prices & wages and improved household consumption. Revenue deficit and fiscal deficit targets for the next fiscal have been reduced to 2.1% and 3.2% of the GDP respectively, outlining the Government's intent to spend well within its means. The Government took steps to develop functional autonomy for the Railways by stopping the British era practice of announcing a separate Rail budget. The merger of Railways Budget with General Budget brings focus on a multi-modal approach for development of railways, highways and inland water transport.

Current account deficit (CAD) declined from 1% to 0.3% in the first half of the last fiscal. Foreign exchange reserves increased to \$361 billion in January, and are now large enough to cover 12-month's needs. However, the uncertainty around commodity prices especially oil is likely to have an impact of Government's finances in case of a rapid spike in oil prices.

The focus on incoming FDI and landmark policies like labour reforms, GST, Aadhaar based targeted subsidy is likely to fuel inclusive growth. The recent demonetization exercise resulting in brief but nationwide lull in the trading and business environment up till the middle of January. This led to a spurt in non-cash business transactions involving banks, credit & debit cards and payment wallets, amongst others. However, following the remonetisation, business has picked up faster than expected. The spurt in non-cash transactions, both business and retail, resulted in higher tax collections for both direct & indirect taxes benefiting the Government's fiscal agenda of containing the annual fiscal deficit defined within the budget.

The vision of the Central Government is likely to fuel inclusive growth. The same is apparent from industry wide appreciation for GST, which is rolled out from July 1, this year, and is being touted at the single biggest economic reform in the history of independent India. While, the initial taxation hiccups are likely in terms of compliance laws, business education and technological system upgradation, the mid to long term growth is likely to outdo any short term negative effects.

On account of the recent budget, the move to advance the budget date to early February was appreciated by the industry and public alike. The latest budget was a good mix of policies, with a larger focus on the rural populace by shifting the direction towards agricultural spending and rural industry. The income tax cut is also likely to augur well to lift the spending power of the middle class, which is likely to work well to help the economy bounce back from the demonetization phase. Along with an increased allocation for rural, agri and allied sectors by 24%, the thrust to agriculture, infrastructure, manufacturing, GST, black money, rural incomes and rural entrepreneurship, micro irrigation, and Government plans like the Antodya Scheme, MNREGA, mini labs in Krishi Vigyan Kendras, agricultural credit, Pradhan Mantri Gram Sadak Yojana, dairy processing fund, PM Kaushal Kendras shall directly boost the socio-economic environment.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The NBFCs saw moderation in rate of asset growth, rising delinquencies resulting in higher provisioning thereby impacting profitability. However, comfortable capitalisation levels and conservative liquidity management, continues to provide comfort to the credit profile of well run NBFCs inspite of the impact on profitability. NBFCs are likely to see an uptick in bad loans as they migrate towards tighter non-performing asset (NPA) recognition norms.

RBI has amended its KYC regulations to allow NBFCs, to open new accounts using one time pins (OTP), based on Aadhaar authentication on mobile to complete KYC procedure electronically.

Some of the key budget proposals are:

- ❖ Consideration in the form of interest and discounts to be included as exempt services for computation of CENVAT credit liable for reversal in case of banks, financial institutions and NBFCs.
- ❖ Systemically important NBFCs RBI regulated and above a certain net worth, to be categorised as QIBs and can participate in IPOs with specifically earmarked allocations.

OPPORTUNITIES

Structural changes in the financial services sector have created new opportunities for NBFCs. The success of NBFCs can be clearly attributed to their better product lines, lower cost, wider and effective reach, strong risk management capabilities to check and control bad debts, and better understanding of their customer segments. Not only have they shown success in their traditional bastions (passenger and commercial vehicle finance) but they have also managed to build substantial assets under management (AUM) in the personal loan and housing finance sector. Going forward, the latent credit demand of an emerging India will allow NBFCs to fill the gap, especially where traditional banks have been wary to serve. Improving macroeconomic conditions, higher credit penetration, increased consumption and disruptive digital trends will allow NBFC's credit to grow at a healthy rate of 7-10% (real growth rate) over the next three to five years.

THREATS

Growth of the Company's asset book, quality of assets and ability to raise funds depend significantly on the economy. Unfavourable events in the Indian economy can affect consumer sentiment and in turn impact consumer decision to purchase financial products. Competition from a broad range of financial service providers, unstable political environment and changes in Government policies / regulatory framework could impact the Company's operations.

RISK AND CONCERN

In this era of globalization the financial service sector has been integrated with the global markets and is becoming more complex and competitive with introduction of newer and complex products & transactions, stringent legislative and regulatory environment. The ability to manage risks across geographies, products, asset classes, customer segments and functional departments is of paramount importance for the hindrance-free growth of the organisation which helps in delivering superior shareholder value by achieving an appropriate tradeoff between risks and returns.

Risk is inevitable in business and there are various risks associated with your Company as well like portfolio risk, industry risk, credit risk, internal control risk, technology risk, regulatory risk, human resources risk and competition risk. The Company's focus of risk management is all about risk reduction and avoidance. It has comprehensive integrated risk management framework that comprise of clear understanding of the Company's strategies, policies, initiatives, norms, reporting and control at various levels. Timely and effective risk management is of prime importance to our continued success. The risk for the Company arises mainly out of the risks associated with the operations we carry. Experienced professionals review and monitor risks in our Company. We have comprehensive risk management policies and processes to mitigate the risks that are encountered in conducting business activities. The management also periodically reviews the policies and procedures and formulates plans for control of identified risks and improvements in the systems.

A risk/compliance update report is regularly placed before the Audit Committee/Board of Directors of the Company. The Directors/Audit Committee review the risk/ compliance update reports and the course of action taken or to be taken, to mitigate and manage the risks is taken.

HUMAN RESOURCES

The Company depends on the services of its management team and employees. Its inability to recruit and retain them may adversely affect its business.

The Company's future success depends substantially on the continued service and performance of members of its management team and employees. There is intense competition for experienced senior management and other qualified personnel, particularly office managers, field executives and employees with local knowledge in client procurement, loan disbursement and installment collections. Inability to hire additional or retain existing management personnel and employees, may impair the Company's ability to expand its business and adversely affect its revenue. Failure to train and motivate its employees properly may result in an increase in employee attrition rates, require additional hiring, divert management resources, adversely affect its origination and collection rates, increase the Company's exposure to high-risk credit and impose significant costs.

The Company has taken several actions to ensure that the talent pipeline for the Company is strong especially when it comes to key management positions. The Company also has a strong focus on ensuring that its employees are adequately trained in their job functions and on all compliance related trainings.

INTERNAL CONTROL AND THEIR ADEQUACY

To remain competitive, NBFCs are undertaking product and geographical expansion, which introduce new risks and challenge imposed by rapid growth. As Non Banking Finance Companies (NBFCs) grow and operate as regulated financial intermediaries, internal control becomes essential to long-term institutional viability. The number and types of stakeholders concerned with the NBFC's financial well-being increases; board members want to protect their reputations and fulfil their obligations; investors are interested in preserving capital; borrowers are concerned with continuous access to loans; depositors want to ensure the safety of their savings; and regulators want to protect the financial environment and depositor's interests. An effective system of internal control allows the NBFCs to assume additional risks in a calculated manner while minimizing financial surprises and protecting itself from significant financial loss. Thus, internal control is an integral component of risk management. The Internal control checks and internal audit programmes adopted by our Company plays an important role in the risk management feedback loop, in which the information generated in the internal control process is reported back to the Board and Management. The internal control systems are modified continuously to meet the dynamic changes in the business condition and to comply with applicable laws, regulations, statutory and accounting requirements. The Audit Committee of the Board of Directors, Statutory Auditors and the Business Heads are periodically apprised of the internal audit findings and the corrective actions taken. The Company has engaged a competent firm of Chartered Accountants to conduct internal audit, examine and evaluate the adequacy and effectiveness of the Internal Control System. The internal audit ensures that the systems designed and implemented, provides adequate internal control commensurate with the size and operations of the Company. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal controls systems and suggests improvements for strengthening them. The Company has a strong Management Information System which is an integral part of the control mechanism.

**OUTLOOK - 2017-18**

NBFCs have emerged as substantial contributors to the country's economic growth by having access to certain deposit segments and catering to the specialised credit requirements of certain classes of borrowers. Going forward, the government's initiatives like 'Make in India', 'Start up India' and 'Digital India' are expected to bolster development in India.

For a large and diverse country like India, ensuring financial access to fuel development and entrepreneurship is critical. With the launch of government-backed schemes (such as the Pradhan Mantri Jan-Dhan Yojana [PMJDY]), there has been a substantial increase in the number of bank accounts. As traditional banks are already under stress; NBFCs would be of vital importance and can fill the necessary credit demand gap. Therefore, the NBFCs need to be well integrated into the financial system to cater to the growing requirements of the economy. Additionally, the Indian consumer is aggressively adopting digital technology in his/her daily life. Thus, NBFCs need to rethink on their strategies to enhance their product portfolio, processes and customer experience. Besides, they also need to leverage on digital data for better credit decisions (based on analytics) and social media to serve customers better

C. Procedure for postal ballot

In compliance with Sections 108, 110 and other applicable provisions of the Act, read with related Rules, the Company provides electronic voting facility to all its Members, to enable them to cast their votes electronically.

The Company dispatches the postal ballot notices and forms along with postage pre-paid business reply envelopes to its Members whose names appear in the Register of Members/the List of beneficiaries as on a cut-off date. The Postal Ballot Notice is sent to members in electronic form to the email addresses registered with their depository participants (in case of electronic shareholding)/ the Company's Registrar and Transfer Agents (in case of physical shareholding). The Company also publishes a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the Act and the applicable Rules.

The Company engages the services of National Securities Depository Limited (NSDL) for the purpose of providing e-voting facility to all its Members. The Members have the option to vote either by physical ballot or by e-voting.

Voting rights are reckoned on the paid-up value of shares registered in names of Members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms are requested to return the forms duly completed and signed, to the Scrutinizer on or before the end of the voting period. Members desiring to exercise their votes by electronic mode are requested to vote before close of business hours on the last day of e-voting.

The Scrutinizer submits his/her report to the Chairman, after the completion of scrutiny and the consolidated results of the voting by postal ballot are then announced by the Chairman or Director authorised by the Board. The results are also displayed on the website of the Company, www.pmcfinance.in besides being communicated to the Stock Exchanges and the Registrar and Transfer Agent.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material mis-statement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2017;

**ANNEXURE - B TO THE AUDITORS' REPORT****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **PMC Fincorp Limited** ("the Company") as of 31st March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
