NOTES:

1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of the Special business under Item Nos. 3, 4, 5, 6 and 7 is annexed hereto.
2. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs (“MCA”) has vide its circular dated May 5, 2020 read with circulars dated April 8, 2020 and April 13, 2020 (collectively referred to as “MCA Circulars”) permitted the holding of the Annual General Meeting (“AGM”) through Video Conferencing (“VC”) / Other Audio- Visual Means (“OAVM”), without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 (“Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“the Listing Regulations”) and MCA Circulars, the AGM of the Company is being held through VC / OAVM.
3. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being proposed to be held pursuant to the said MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Attendance Slip and Proxy Form are not attached to this Notice.
4. Members holding shares in dematerialized form are requested to intimate all changes pertaining to their bank details, National Electronic Clearing Service (NECS), Electronic Clearing Service (ECS), mandates, nominations, power of attorney, change of address, change of name and e-mail address, etc., to their Depository Participant only and not to the Company’s Registrars and Transfer Agents, M/s. Beetal Financial & Computer Services (P) Limited. Changes intimated to the Depository Participant will then be automatically reflected in the Company’s records which will help the Company and M/s. Beetal Financial & Computer Services (P) Limited to provide efficient and better services.
5. In case you are holding Company’s shares in physical form, please inform Company’s RTA viz. M/s. Beetal Financial & Computer Services (P) Limited at Beetal House “3rd Floor, 99, Madangir, B/H, L.S.C., New Delhi-110062 by enclosing a photocopy of blank cancelled cheque of your bank account.
6. As per Regulation 40 of the Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. M/s. Beetal Financial & Computer Services (P) Limited are the Registrar & Share Transfer Agents (RTA) of the Company. All communications in respect of share transfers, dematerialization and change in the address of the members may be communicated to the RTA.
7. Members holding shares in the same name under different Ledger Folios are requested to apply for consolidation of such Folios and send the relevant share certificates to the RTA/Company.
8. Members who hold shares in physical form can nominate a person in respect of all the shares held by them singly or jointly. Members who hold shares in single name are advised, in their own interest to avail the nomination facility. Members holding shares in dematerialized form may contact their respective depository participant(s) for recording nomination in respect of their shares.

9. The Register of Members and Share Transfer Books of the Company shall remain closed from **December 18, 2020 to December 24, 2020 (both days inclusive)** for the purpose of compliance with the annual closure of Books as per Companies Act, 2013.
10. As per the provisions of the Companies Act, 2013, facility for making nominations is available to the members in respect of the shares held by them. Nomination forms can be obtained from the Company's Registrars and Transfer Agents by Members holding shares in physical form. Members holding shares in electronic form may obtain Nomination forms from their respective Depository Participant.
11. In accordance with the Companies Act, 2013 read with the Rules and in support of the 'Green Initiative in Corporate Governance' the Annual Reports are sent by electronic mode to those members whose shareholding is in dematerialised format and whose email ids are registered with the Depository for communication purposes. The members holding shares in physical form and who have not registered their email ID are requested to register their email ID addresses with Beetal Financial & Computer Services (P) Limited, the Company's Registrars and Share Transfer Agents.
12. Pursuant to Section 103 of Companies Act, 2013 at least 5 Members should be present online to form quorum for meeting of the Company.
13. Pursuant to Section 108 and other applicable rules & provisions issued in that behalf, your Company is offering e-Voting Facility for all shareholders of the Company as an alternate, to all its members to enable them to cast their votes electronically instead of casting their vote at the Meeting. Please note that the voting through electronic means is the only option this year, as due to COVID-19 pandemic no physical meeting will be held.
14. The Voting through an electronic means will commence on Monday, December 21, 2020 (9:00 a.m. IST) and will end on Wednesday, December 23, 2020 (5:00 p.m. IST). The members will not be able to cast their electronically beyond the date and time as aforesaid mentioned.
15. The members who wish to vote on the day of the Meeting can do the same through e-voting on the day of the Meeting by logging in through CDSL Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
16. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or Arrangements in which the Directors are interested under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice will be available for inspection in electronic mode.

E-VOTING

CDSL e-Voting System – For Remote e-voting and e-voting during AGM

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM will thus be held through video conferencing (VC) or other audio-visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding),

Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM is being uploaded on the website of the Company at www.aiml.in. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also hosted on the website of CDSL (agency for providing the e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com
7. The AGM is being convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

The state of affairs of the Company is presented as part of the Management Discussion and Analysis Report forming part of this Annual Report.

IMPACT OF COVID-19

The outbreak of the Wuhan Virus and its spread across the globe including the Indian sub-continent has contributed to a significant decline and volatility in the global and Indian financial markets and slowdown in economic activities. On March 11, 2020, the World Health Organisation (WHO), declared the Wuhan Virus as a pandemic and renamed it as Covid-19. This outbreak has had an immense impact on human life and also disrupted the social, economic and financial structures of the entire world. In India, the Central Government declared a national lockdown with effect from March 25, 2020. The lockdown is being gradually lifted from June onwards. During this period restrictions were imposed on movement for the entire population of the country as a preventive measure against the spread of the pandemic.

The Company has carried out its initial assessment of the likely adverse impact on economic environment and financial risk because of the Wuhan Virus (Covid-19). The Company is in the business of fabrication of heavy duty steel structures for infrastructure sector, which are connected with the construction activities that are in a way fundamental to the Indian economy. Although, there is a significant impact, on account of demand destruction, in the short term, the management believes that there may not be significant impact of the Wuhan Virus (Covid-19) pandemic on the financial position and performance of the Company, in the long-term. The Company expects the economic scenario to recover without there being a major impact on the carrying amount of all its moveable and immoveable Assets including receivables and restoration of the ordinary course of business based on information available on current economic conditions. These expectations are subject to uncertainty and may be affected by the severity and duration of pandemic. The Company is continuously monitoring any material change in future economic conditions.

4. Factories Act, 1948 and all allied State Laws.

The compliance of the provisions of Industrial laws, labour laws, other applicable laws, rules, regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedure on test basis and the data provided electronically. **Further no physical examination was carried out due to the pandemic COVID-19.**

I have also examined compliances with the applicable clauses of Secretarial Standards (SS-1 and SS-2) issued by the Institute of Company Secretaries of India, I have framed an opinion that the Company shall observe stricter compliances in this regard.

I have not examined compliance by the Company with applicable financial laws, like direct and indirect tax laws, since the same have been subject to review by statutory financial audit and other designated professionals.

During the period under review, the Company had complied with the provisions of the Act, rules, regulations, guidelines, standards, etc. mentioned above subject to the following observations:

1. ***In Accordance with the requirement of Section 398 read with Rule 7 of the Companies (Registration Offices and Fees) Rules, 2014, at few instances, the correspondences / documents authenticated by Director and/or Company Secretary were not having membership number and address, as applicable.***
2. ***It has been observed that there is generally a delay in intimating and filing of documents to Stock Exchange under various regulations of SEBI (LODR) Regulations, 2015.***

I further report that

- The Board of Directors of the Company is constituted with balance of Rotational Directors, Non-Rotational Directors, Independent Directors. Following changes in the composition of the Board of Directors took place during the period under review:
 - (i) Mr. Devinder Singh Sodhi resigned from the office of Director w.e.f June 14, 2019.
 - (ii) Mr. Gaurav Pabby resigned from the office of Director w.e.f August 17, 2019.
 - (iii) Ms. Anuradha Kapur resigned from the office of Director w.e.f October 14, 2019.
 - (iv) Mr. Ashwini Kumar Syal appointed as Additional Director w.e.f November 29, 2019.
 - (v) Ms. Rajiv Kapur Kanika Kapur appointed as Additional Director w.e.f November 29, 2019.
- All decisions in the board meetings and general meetings are carried and are recorded in the minutes of meetings of the Board of Directors and Members respectively.
- As per the records, the Company has generally filed all the forms, returns, documents and resolutions as were required to be filed with the Registrar of Companies and other authorities and all the formalities relating to the same are generally in compliance with the Act, subject to the observations of this report.
- The Director Non-Disqualification Certificate, as required under SEBI (LODR) Regulations, 2015 for the financial year ended March 31, 2019 was obtained from M/s B. Kaushik & Associates, Company Secretaries but due to clerical mistake (as informed by the management), name of M/s S. Khurana & Associates, Company Secretaries was mentioned in the Annual Report of the company for the financial year ended March 31, 2019.
- ***The Annual Report required to be filed under section 21 of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and the Rules there under has not been submitted by the Company, during the reporting period.***
- ***I have formed an opinion, that generally, to the extent possible company has complied with the applicable provisions of Companies Act, 2013 (subject to the further reporting, remark(s) and /or observation(s)), however, stricter compliance for the same shall be observed by the Company.***

I further report that during the audit period the Company had the following event(s) /action(s) having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.:

- Approval of Board of Directors has been accorded in the Board Meeting held on June 14, 2019 for Related Party Transaction(s) with M/s W.L.D Investment Private Limited (Holding Company) for an amount up to Rs. 20,00,00,000/- (Rupees Twenty Crores) to be received as an advance in one or more trench. Further, the company has received an amount of Rs. 10,60,75,000/- (Rupees Ten Crores Sixty-Lakhs Seventy-Five Thousand) during the reporting period from M/s W.L.D Investment Private Limited (Holding Company).

- Company availed loan from Vijaya Bank, Barakhamba Road Branch, Delhi ("the Bank") which was classified as NPA on September 28, 2015. The identification committee on wilful defaulters of the bank passed an order dated January 17, 2017 classifying the account of the company and name(s) of director as wilful defaulters. The company approached the Hon'ble High Court of Karnataka challenging the said order. The order of the Identification Committee of the bank was stayed by the order of Hon'ble High Court of Karnataka dated September 15, 2017. Further, the Hon'ble High Court of Karnataka instructed the bank vide order dated April 01, 2019 for providing opportunity of personal hearing before the committee of executives on wilful defaulters (COE) and the same has been given on July 18, 2019. Furthermore, the bank vide its letter dated August 19, 2019 allowed the company to submit further submission(s) / Representation(s), if any, within 15 days effective August 19, 2019.

The company vide letter dated August 31, 2019 has submitted their written response to the Bank and as per the information received from the management, the aforesaid matter is still pending for disposal.

- Approval of the Board of Directors was accorded in the Board Meeting held on August 14, 2019 for obtaining unsecured loan from Purbanchal Prestressed Limited for an amount not exceeding 3,75,00,000/- (Rupees Three Crores Seventy-Five Lakhs).
- There are various litigations pending against the company before Debt Recovery Tribunal for defaults in repayments / debts.
- The Board of Directors of the company has accorded their assent to extend the Corporate Guarantee of Rs. 18,00,00,000/- (Rupees Eighteen Crores) given to Afcons Infrastructure Limited for a period which is valid up to December 31, 2020. The said guarantee was given for the satisfactory performance and work supply as per the terms and conditions of the work order and towards to security of the raw material issued by Afcons Infrastructure Limited.
- There has been delay in payment of instalments and interest of term loans and other borrowings to the banks during the period under review. Hence, in view of the persisting defaults, entire term loan is under default.
- The company's accumulated losses as on March 31, 2020 have resulted in complete erosion of its net worth. Further, the company has classified all its borrowings as current liabilities, as the lenders of the company have classified the company as Non-Performing Assets (NPA). Furthermore, in view of the accounts being declared as NPA, the company is already in discussion with the lenders for resolution of the debt.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT 2019-20
1. GLOBAL ECONOMIC OVERVIEW

The global economy came across several uncertainties during the year 2019. Rising tensions in world trade, delay in the Brexit deal, disruptions in the oil market and an impending recession in some of the major economies created a negative sentiment across the world. This in turn affected consumer demand and business operations besides slowing investment decisions. These issues need to be addressed to bring back the flow and pace of the economic growth. The Great Lockdown, as a result of the pandemic brought upon by the Wuhan Virus (COVID-19), is projected to have an adverse impact on the global growth significantly starting from the calendar year 2020. The uncertainty relating to the effects of this pandemic on the economy are increasing the perceptions of risk and volatility, across the globe. According to estimates provided by International Monetary Fund, the global economy could witness a 3.0% fall in Fiscal 2020. Economies across the globe are trying to fight the current situation by injecting fiscal stimulus.

The sudden outbreak of the pandemic caused by the Wuhan Virus (COVID-19) has increased the already existing problems. The risk of a global recession in FY'20 was extremely high and the scenario was expected to be much worse than the FY'09 crisis. Global growth is projected at -4.9 percent in 2020, 1.9 percentage points below the April 2020 World Economic Outlook (WEO) forecast. The global impact of China's slowdown is already being felt around the world as the Wuhan virus outbreak has disrupted manufacturing supply chains and sharply curtailed energy and commodity demand. Also, what was previously a manufacturing-only recession has now spread to the services sector as well as.

2. INDIAN ECONOMY OVERVIEW

India emerged as the fifth-largest world economy in 2019 with a gross domestic product (GDP) of \$2.94 trillion. India jumped 14 places to 63 in the 2020 World Bank's Ease of Doing Business ranking.

India continues to be one of the most attractive economies of the world, however its growth rate during FY' 20, fell to 5% from 6.8% in FY 2018-19. Slower growth in rural income, fall in domestic demand and drying up of affordable credit from Non-Banking Financial Corporation (NBFCs) were the major reasons behind this muted growth. Besides,

the lower demand in the export markets also dragged down capacity utilisation of industries and dried up fresh investments. During the year, the Government of India undertook proactive initiatives such as reducing corporate tax rates rate to 22% from 25%; it announced a new tax rate of 15% for new domestic manufacturing companies, strengthening the Make-in-India initiative and offering credit guarantee for financially sound NBFCs. The Reserve Bank of India (RBI) also took up steps to ease monetary policy by reducing the repo rate to the tune of 185 basis points. Pushed by these fiscal and monetary policy initiatives, the economy had started coming back on the path of recovery and growth in the second half of the financial year.

However, the sudden outbreak of the pandemic caused by Wuhan virus COVID-19 in the fourth quarter of the year made things more difficult for the economy. With the lockdown coming into effect for the entire country, which was a necessary step to prevent its outspread, as much as 70% of economic activity, investment, exports and discretionary consumption came to a standstill. The severe disruptive impact on demand caused by the pandemic has created large cash flow gaps for corporates. However, looking into the current scenario, IMF has slashed down its expected growth rate for FY 2020-21 to 1.9% from the previously expected 5.6%, but a major turnaround of 7.4% is expected in FY 2021-22.

India's Economic Performance in 2019-20

- GDP growth moderated to 4.8 per cent in H1 of 2019-20, amidst a weak environment for global manufacturing, trade and demand.
- In 2019-20, fiscal deficit was budgeted at Rs 7.04 lakh crore (US\$ 99.56 billion) (3.3 per cent of GDP), as compared to Rs 6.49 lakh crore (US\$ 91.86 billion) (3.4 per cent of GDP) in 2018-19.
- Inflation increased from 3.3 per cent in H1 of 2019-20 to 7.35 per cent in December 2019-20 due to temporary increase in food inflation.
- Reforms undertaken during 2019-20 to boost investment, consumption and exports:
 - Speeding up the insolvency resolution process under Insolvency and Bankruptcy Code (IBC).
 - Easing of credit, particularly for the stressed real estate and NBFC sectors.
 - The National Infrastructure Pipeline for the period FY 2020-2025 launched.

Fiscal Developments

- Revenue Receipts registered a higher growth during the first eight months of 2019-20, compared to the same period last year, led by considerable growth in Non-Tax revenue.
- Gross GST monthly collections have crossed the mark of Rs 1 lakh crore (US\$ 14.15 billion) for a total of five times during 2019-20 (up to December 2019).

3. INDIAN INFRASTRUCTURE SECTOR

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. India was ranked 44 out of 167 countries in World Bank's Logistics Performance Index (LPI) 2018. India ranked second in the 2019 Agility Emerging Markets Logistics Index.

Investments

India requires investment worth Rs 50 trillion (US\$ 777.73 billion) in infrastructure by 2022 to have sustainable development in the country. India is witnessing significant interest from international investors in the infrastructure space. Some of the key investments made in the sector are listed below:

- Large investment in infrastructure has seen momentum as overall PE (private equity)/VC (venture capital) investment touched an all-time high of US\$ 14.5 billion in 2019.

- The largest deal was done by Abu Dhabi Investment Authority, Public Sector Pension Investment Board and National Investment and Infrastructure Fund as they made investment worth US\$ 1.1 billion in GVK Airport Holdings Ltd.
- In FY20, the cumulative growth of eight core industries stood at 0.6 per cent.
- As on 31 March, 26.02 million households got electricity connection under the Saubhagya Scheme.
- In 2019, infrastructure sector witnessed seven merger and acquisition (M&A) deals worth US\$ 1,461 million.

Government Initiatives

The Government of India is expected to invest highly in the infrastructure sector, mainly highways, renewable energy, and urban transport.

- In April 2020, the Government set a target of constructing roads worth Rs 15 lakh crore (US\$ 212.80 billion) in the next two years.
- In May 2020, Border Roads Organisation (BRO) achieved major milestone by digging up a 440-metre long tunnel below the busy Chamba town on Rishikesh-Dharasu road Highway (NH 94).
- Indian energy sector is expected to offer investment opportunities worth US\$ 300 billion over the next 10 years.
- NHAI will be able to generate revenue of Rs one lakh crore (US\$ 14.31 billion) from toll and wayside amenities over the next five years.
- In the Union Budget 2020-21, the Government has given a massive push to the infrastructure sector by allocating Rs 1,69,637 crore (US\$ 24.27 billion) to develop the transport infrastructure.
- Indian Railways has received an allocation of Rs 72,216 crore (US\$ 10.33 billion) under Union Budget 2020-21.

Achievements

Following are the achievements of the Government in the past four years:

- In March 2020, NHAI accomplished the highest ever highway construction of 3,979 km of national highways in FY20.
- Freight earnings in FY20 (till February 2020) stood at Rs 119,216.11 crore (US\$ 17.06 billion), while its gross revenue stood at Rs 183,092.74 crore (US\$ 26.20 billion) during the same period.
- Cargo traffic handled stood at 707.4 million tonnes (MT) in FY20.
- Electricity production in India reached 1,252.61 BU in FY20.
- The largest PE investment witnessed was the acquisition of Pipeline Infrastructure India by Canadian asset management firm Brookfield's for US\$ 1.9 billion in Q12019.
- India's rank jumped to 22 in 2019 from 137 in 2014 on World Bank's Ease of doing business - "Getting Electricity" ranking.
- Energy deficit reduced to 0.7 per cent in FY20 from 4.2 per cent in FY14.

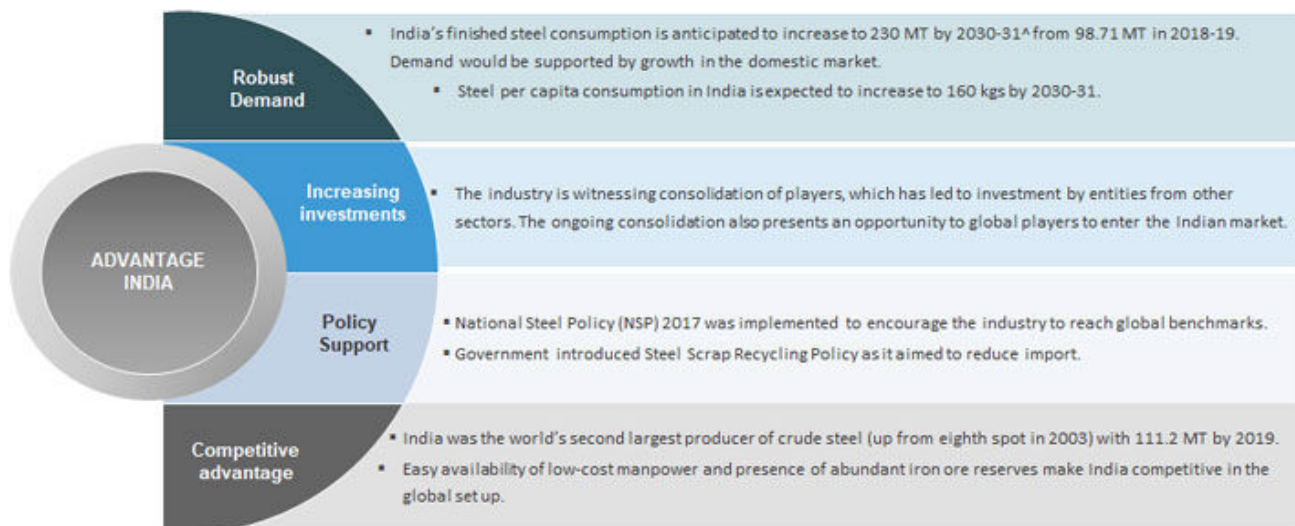

Road Ahead

The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs 5,000,000 crore (US\$ 750 billion) for railways infrastructure for the period 2018-2030.

India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for Development of Northeast to undertake strategic infrastructure projects for the region.

4. INDIAN STEEL FABRICATION INDUSTRY

India was the world's second-largest steel producer with production standing at 111.2 million tonnes (MT) in 2019. The growth in the Indian steel sector has been driven by domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is modern with state-of-the-art steel mills. It has always strived for continuous modernisation of older plants and up-gradation to higher energy efficiency levels.

Fabrication applies to the building of machines, super structures and other equipment, by cutting, shaping and assembling components made from raw materials by using various mechanical processes such as welding, soldering, forging, brazing, forming, pressing, bending and stress removal. The steel fabrication industry has traditionally been fragmented, labour intensive, and low on quality.

The demand for high quality and precision steel fabricated structures has resulted in the need for automated and high quality precision manufacturers. AIML has a huge opportunity to present itself as an organised player amongst its peer group backed by latest technology, experienced engineering team, proven track record of performance upto the customer expectations.

AIML doesn't have much completion in organised sector and has potential to capture a larger share of the business and turn it to its advantage. Today AIML is already become an established player for Large projects by executing Eastern Periphery Expressway ROBs. All Major ROBs in this Expressway have been completed by AIML in record time.

In infrastructure applications such as road/rail/metro bridges and spans, safety during and after erection of heavy structures has come into focus due to certain recent mishaps. This has led to an increasingly greater preference for factory made structures, as opposed to site fabrication, as the former are made in a quality controlled environment. AIML has recently fabricated another iconic steel bridges called HANCOCK BRIDGES for Mumbai.

5. OPPORTUNITIES & THREATS

AIML has positioned itself as a premium supplier and erector for Steel Bridges & supplier in power sector and has won orders from a number of the major power and infrastructure companies in the recent past including very prestigious projects of MG Setu over Ganga river Patna in Bihar, Chenab Bridge in J&K, and All ROBs of Eastern Periphery of NCR from NHAI.

Recently AIML has been approached by various Indian and Japanese teams for Rail Bridges for National High Speed Rail Corporation Limited (NHRCL) who is responsible for building maiden High Speed Corridor between Mumbai and

ALLIANCE INTEGRATED METALIKS LIMITED

Ahmedabad. Approx. Scope of Steel Superstructure bridges is estimated to be 1.0 Lac MT and Enabling Work of approximately 60,000 MT. In bridge Segments bagged Substantial orders from various key customers to be executed in 2019-20.

With the announcement of 24 New Expressways by the Indian Government significant opportunities in the Steel Bridge sector has opened up.

AIML is in a position to contribute significantly for this requirement with its specialized knowledge and technical expertise required for manufacture and supply of heavy structures and equipment related to power plants, roads & railways, bridges, steel plants and the oil and gas sector.

Furthermore, AIML's location is ideally suited for the large infrastructure projects being developed in the northern part of India.

With a renewed thrust on reforms and the announcement of various large scale infra projects the need for more roads, bridges and metro & rail lines is certain, thereby potentially opening up numerous opportunities for AIML.

The Company has adopted best in class manufacturing standards using high end European Equipment of latest technology and is constantly seeking to improve productivity to the highest levels. With opportunities now emerging in many of our targeted markets, the Company is focused on improving capacity utilization and fulfil the incremental demand for our products and services.

The Company has now graduated from making simple Plate girders to Complex Bridges like Truss bridge and Cable stay bridges and remains focused on the following growth areas.

Steel Bridges for Metro Projects

- More and More Indian cities are already in process of Expanding its Metro network, cities like Jaipur, Ahmedabad, Nagpur, Lucknow, Pune, Patna, Mumbai, Agra, Kanpur are setting up new metro lines or in process of expanding.
- AIML is most favored supplier of steel bridges to Delhi Metro (DMRC) which Not only handles projects in Delhi but also in other cities. AIML management is confident of replicating similar success in other metro projects in country.

Indian Railways

- Indian Railways has huge demand for its ever expanding new rail routes.
- Apart from that Govt has set up a new Department which is Monitoring the Health of the Existing Bridges and as per latest findings many rail bridges need immediate replacement due to either bad bridge health or its lower capacity to support higher axle loads.
- Indian Railways is Expanding its reach to Himachal, Uttarakhad, J&K, Laddakh, Arunachal Pradesh which will need about 1,50,000 tons of steel superstructures.
- States of Eastern UP and Bihar were declared for major revamp in Bridges adding approx. 3,00,000 Mt requirements this region Alone mainly over river Ganga and other major tributaries.

Rail Vikas Nigam Limited (RVNL)

AIML is presently Executing Rail Cum Road Bridge Spans for RVNL Ghazipur project in UP.

Apart from above RVNL has floated enquires for New Rail Projects in States of Uttarakhad and Madhya Pradesh

Maharashtra Rail Infrastructure Development Limited (MRIDL)

MRIDL is JV between Indian Railways and Govt of Maharashtra

MRIDL has been authorized to execute 200 ROBs in state of Maharashtra – AIML has bagged its maiden EPC tender from this organization

MRIDL is further working on new Rail projects between
Pune – Nashik

Nagpur – Nagbhir
Igatpuri – Manmad
Salwa – Butibori
Gadchandur – Adilabad

Dedicated Freight corridor

- GOI initiated 2 Major projects of DFCC from Delhi and Northern dry ports to Mumbai and Kolkata These are greenfield projects parallel to Existing Major rail connections

Estimated Steel bridges demand of both WDFCC and EDFCC combined itself is approx. 80,000 tons to be served in period of 2017-2022, AIML has 5500 MT Bridges order for EDFCC in hand, expects more orders from this segment in near future.

Road Projects

- With More and More Expressways being announced or expansion of carriage ways being done, there is Huge demand of ROB / RUBs by Tier -1 Road making EPC companies
- GOI has announced by 2020 all Railway Level Crossing where National Highways crosses it, will be having elevated ROB, thus adding to demand of Steel Super structures.
- NHAI in one of its decision has mandated that all NH shall have FOBs at regular intervals and near Hospitals and Schools, it's now mandatory to Build and FOB.
- 23 New Expressways add up objects which will have huge demand of Steel bridges in coming time

Smart City Projects

- With 64 cities earmarked for SMART CITY developments, demand for Steel FOB has increased, Each City getting funds for Smart city project has separate funds allocation for new FOBs to be put in place for Convenience and safety of its citizens.

Thermal Power Plant Projects

- TPP are still in slowdown despite BHEL picking up High MW power plants in neighboring countries.
- Contribution to demand will remain there from this sector but it will not be major role player.

Infrastructure markets (Construction)

- This segment has been very slow in last one decade despite many good steel structures making companies but in recent years many high rise buildings are being built using Steel structures specially for their Speed and NAV at the end of life.

This segment is yet to take off properly in India, once demand starts coming in there will no end of it as steel structure building are being more and more reliable in entire developed world and developing countries follow the same growth story.

6. AIML: STRATEGY AND OUTLOOK

AIML is a world class steel structures fabrication company delivering high levels of quality and performance. It has set up a state of the art, fully automated (including robotic processes) plant for steel structures fabrications ranging from medium to heavy projects.

The Company operates in a wide range of markets from heavy steel structures for infrastructure projects including road and rail and power projects to steel structures for building projects, with special focus on Steel Superstructures.

There is renewed optimism in all of these target customer segments - road, rail. power and Infra.

The Union Budget 2019-20 announced a number of measures to boost investments, which will provide opportunities for infrastructure and construction companies, specially rail and road sector Innovative funding structures have also been unveiled to improve availability of funds.

AIML's growth strategy for next 1-2 years will centered on:

AIML with its already 22000 tons orders in hand will adopt following strategy for its growth

OPERATIONS

1. Process – Since orders are repetitive, operations strategy will be changed from batch production to line production with some technological fixtures and processes in place
2. No Trial Assly – Cutting down Trial assembly time by switching to Mark No inspection and clearing the jobs
3. New Equipment – New low cost small equipment's will be added to supplement the CNC lines, thus balancing the capacities of critical processes

MARKETING

1. With its credentials of Large Steel spans, AIML will target Large Volume or Bigger projects, Cable stay project of Byet Dwarka in Gujrat with 11000 tons is one such project in final phases of finalization.
2. Try and participate in Small EPC projects, first Tender is already bagged from MRIDL for 64Cr Value, this opens up a high Value High margins market for AIML
3. Work out with Large EPC Companies from Pre bidding stage itself to lock tentative Orders
4. New orders to be negotiated with more assured Payment terms like LC or PDC.
5. For Improving of CASH Flow stage payments being proposed and secured.
6. Comprehensive focus on Orders with Erection shall be there, as orders with erection have better margins.

7. RISK AND CONCERNS

The Company is currently addressing the following risks and concerns through appropriate risk mitigation measures and strategies:

Strategic Risks: Strategic risks refer to those associated with the long-term strategy and plans of the Company, including risks related to the macro environment in which the Company operates. However, the Company has

adopted a focused approach and has employed various means to mitigate the risk. The risk of a rebound in steel prices is one of the key risks that the Company faces at this stage.

To hedge the same in 2019-20 the order being booked are more of free issued steel by customers or those with own Steel are being accepted with Price variation clauses where possible.

Operational Risks: Operational risks refer to risks impacting the operations of the Company. These include risks associated with the supply chain, employee productivity, health and safety of employees and environmental impact, and risks to business reputation. The Company is exposed to various risks which may impact the Company's reputation such as labour relations, product mix, innovations and effective deployment of technology.

The Company closely monitors the developments in the supply chain and takes effective steps to mitigate all operational risks.

Financial Risks: Liquidity constraint, which arose due to unfavorable market conditions in infrastructure space has affected the Company's performance. This has resulted in the Company not being able to meet its to its lenders as also non-availability of adequate non -fund based working capital lines has impacted in exploring new avenues for orders. This industry having long gestation period requires huge working capital facilities.

To rectify the situation, the Company has approached its lenders for restructuring of its debt and sanction of additional non fund based working capital facilities, which is expected to be approved in the near future. Once approved, the Company's operations are likely to improve substantially.

Legal and Compliance Risks: Legal and Compliance risks refer to risks arising from the outcome of legal proceedings and government and/ or regulatory action, which could result in additional costs. The Company is subject to various laws, regulations and contractual commitments.

AIML has policies, systems and procedures to enforce substantial compliance in this respect.

8. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company understands that with expanding operations and a constant evolution of technology, an effective internal control system is very important. AIML is committed to maintaining the highest standards of corporate governance and believes that a strong internal control framework is one of the most important pillars of corporate governance.

In-line with its philosophy and tenets, the Company has put in place adequate systems of internal control commensurate with its size and the nature of its operations. The systems have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information complying with applicable statutes, safeguarding of assets, executing transactions with proper authorisations and ensuring compliance of corporate policies.

AIML ensures that internal audit is conducted by a reputed firm having considerable experience in the sector on a regular basis. These audit reports are submitted to the Audit Committee which reviews it and takes note of the remedial measures taken by the concerned departmental heads with reference to the audit observations.

9. FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the annual ended 31st March, 2020, the Company generated revenues of Rs.5231.81 Lakhs as compared to Rs.9857.95 Lakhs in the previous financial year. EBITDA stood at Rs.1097.93 lakhs as compared to Rs.1890.28 Lakhs in previous financial year.

Particular	F.Y. 2019-20	F.Y. 2018-19	Year to Year Change	Explanation
Debtors Turnover	2.96	3.62	-0.66	Due to improved Collections
Inventory Turnover	0.20	0.16	0.04	Due to decrease in Inventory.
Interest Coverage Ratio	0.14	0.26	-0.12	Due to decrease in EBITDA

Current Ratio	0.15:1	0.26:1	-0.11:1	Due to decrease in Current Assets.
Debt Equity Ratio	39	36	3	Due to accumulation of Interest payable for the FY.
Operating Profit Margin (%)	-31%	-8%	23%	Due to decrease in Turnover.
Net Profit Margin (%)	-208%	-178%	30%	Due to decrease in Turnover.
Return on Net Worth (%)	-98.88	-151.59	-52.71%	Due to lower PAT as compared to previous year.

A number of the major Indian infrastructure projects, in the markets served by AIML, have been stalled for the last few years. The decline in the Company's revenues and EBITDA is a direct consequence of this slowdown. However, there is renewed optimism owing to a growing number of approved projects, a trend that is likely to lead to a recovery in AIML's revenues in times to come.

AIML monitors its financial position regularly and deploys a robust cash management system. The Company has also been able to arrange adequate liquidity at an optimum cost to meet its business and liquidity requirements. AIML would like to thank the financial institutions, shareholders and other stakeholders for their continuous support.

10. DEBT POSITION

During the period under review there was no change in the authorized and paid up capital of the Company.

13. HUMAN RESOURCES AND INDUSTRIAL RELATIONS

During the year, the Company delivered value to its customers and investors. This was made possible by the relentless efforts of each and every employee. The Company has developed a robust and diverse talent pipeline which enhances AIML's organizational capabilities for future readiness, further driving greater employee engagement. Our human resource program is focused on attracting the right talent, providing excellent on the job training opportunities, and finally giving them the growth opportunities consistent with their aspirations. In addition, the trust our employees place in us is evident in our ability to retain key employees and senior executives during FY2020 and work load has been readjusted for improved performance of employees at all levels.

AIML has always enjoyed strong industrial relations. The company has a systematic grievance redressal system to further strengthen these relationships. This system encourages employees to share their views and opinion with the management. The Company reflects on this feedback and incorporates relevant changes into the existing policies, systems and processes.

The Company had 499 employees as on 31st March, 2020 which includes contractor, departmental, contractual, trainees and staff executives. Industrial relations remained cordial during the year. The Directors would like to place on record their appreciation and recognition towards all its employees who continue to exude confidence and commitment toward the Company.

14. STATUTORY COMPLIANCE

The Whole Time Director makes a declaration to the Board of Directors every quarter regarding compliance with provisions of various statutes as applicable. The Company Secretary ensures compliance with the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and compliance with the guidelines on insider trading for prevention of the same.

15. CAUTION STATEMENT

The above mentioned statements are only 'forward looking statements' based on certain assumptions and expectations. The Company's actual performance could differ materially from those expressed/projected depending upon changes in various factors. The Company does not assume any responsibility to any change(s) in forward looking statements', on the basis of subsequent developments, information or events etc.

Important developments that could affect the Company's operations include a downward trend in the domestic automotive industry, competition, rise in input costs, exchange rate fluctuations, and significant changes in the political and economic environment in India, environmental standards, tax laws, litigation and labour relations.

INDEPENDENT AUDITORS' REPORT

**To the Members of
Alliance Integrated Metaliks Limited**

Report on the Audit of the Financial Statements**Qualified Opinion**

We have audited the financial statements of Alliance Integrated Metaliks Limited ("The Company"), which comprises the Balance Sheet as at 31 March 2020, and the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the Financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the *Basis for Qualified Opinion* section of our report, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and the loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

As referred to in Note: 3.38 of the Financial Statements, the trade payables, trade receivables and other loans and advances are subject to reconciliation / confirmation. Further, some of the term loan accounts with the banks are also subject to reconciliation / confirmation. The effect of consequential adjustment upon such confirmation/reconciliation, if any, on the Financial Statements is not ascertainable.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the Financial Statements.

Material Uncertainty Related to Going Concern

The Company incurred a net loss of Rs.11482.63 Lakhs during the year, its accumulated losses as on March 31, 2020 stood at Rs.80066.88 Lakhs and its net worth was negative at Rs.23465.46 Lakhs. Further, the Company's current liabilities exceeded its total current assets by Rs. 43801 Lakhs. The entire bank borrowings including term loans aggregating to Rs.43545.61 Lakhs have been classified as Non-Performing Assets (NPAs). These events or conditions, along with other matters as set forth in the Note: 3.31 of the Financial Statements, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Emphasis of Matter (EOM)**1. COVID-19 Developments**

The developments surrounding the Wuhan virus (Covid-19) have had a profound impact on people's health and on our society as a whole, as well as on the operational and financial performance of organizations. The situation changes on a daily basis giving rise to inherent uncertainty. The Company is confronted with this uncertainty as well which has been referred to in Note: 3.33 of the Financial statements, together with its evaluation thereof. We draw attention to these disclosures. Our opinion is not modified in respect of this matter.

2. Bank Borrowings

- (b) The Company has outstanding working capital loan of Rs.7763.46 Lakhs (as referred to in Note: 3.15 of the Financial Statements) and term loans aggregating to Rs.35782.16 Lakhs including interest

accrued and due thereon (as referred to in Note: 3.17 of the Financial Statements) which have been declared as non-performing assets (NPA) by these lenders as the repayments against these loans have become overdue. Our opinion is not modified in respect of this matter.

- (c) The Company has classified above referred overdue term loans together with interest accrued and due thereon as 'Other Financial Liabilities' as referred to in Note: 3.17 of the Financial Statements. Our opinion is not modified in respect of this matter.

3. Old Balances

- (b) The Company has written back old balances of current liabilities to an extent of Rs. 1369 Lakhs which in the opinion of the management are not payable as referred to in Note: 3.26 of the Financial Statements. Our opinion is not modified in respect of this matter.
- (c) Advances from Customers as referred to in Note: 3.18 of 'Other Current Liabilities' of the Financial Statements include (i) a sum of Rs.5057.93 Lakhs and (ii) a sum of Rs.228.10 Lakhs received from various parties with whom no business transaction has taken place in the current financial year. Our opinion is not modified in respect of this matter.

4. Impairment of Inventory

The Company has appointed a firm of Chartered Accountants to conduct an Inventory verification and valuation and as per their reports carried out impairment of inventory to the extent of Rs.3949 Lakhs as required by Ind AS 36 and referred to in Note: 3.26 of the Financial Statements. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters ("KAM") are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our audit report.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information then we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are Responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the state of affairs, profit & loss, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- A. As required by Section 143(3) of the Act, we report that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed pending litigations as at 31 March 2020 as referred to in Note:3.42 of the Financial statements which may have an impact on its financial position;
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - The Company did not have any amount required to be transferred to the Investor Education and Protection Fund by the Company; and
- C. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

With reference to the Annexure A referred to in the Independent Auditors' Report to the members of ALLIANCE INTEGRATED METALIKS LIMITED on the Financial Statements for the year ended 31st March, 2020, we report the following:

- i.
 - (a) According to the information and explanations given to us, the Company has generally maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (b) As explained to us, the property, plant and equipment, according to the practice of the Company have been physically verified during the year by the management at reasonable intervals. In our opinion, the frequency of physical verification of property, plant and equipment is reasonable having regard to the size of the Company and nature of its assets. According to the information and explanation given to us, no material discrepancies were noticed on such physical verification.
 - (c) As per information and explanation provided to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the company.
- ii. According to the information and explanations given to us, the inventories have been physically verified during current financial year by an external firm of Chartered Accountants. The frequency of physical verification, in our opinion, is reasonable having regard to the size of the company and nature of its business. Discrepancies reported arising out of impairment in the values of inventories to an extent of Rs.3949 Lakhs have been suitably dealt with in the books of accounts.
- iii. The Company, during the year, has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making of investments, providing guarantees and securities.
- v. The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Thus paragraph 3(v) of the Order is not applicable to the company.
- vi. According to the information and explanation given to us, maintenance of cost records has not been prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013 for any of the activities of the Company.
- vii. According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company is generally irregular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Goods and Services Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities.

According to the information and explanation given to us, no undisputed amounts payable in respect of provident fund, employees state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, Goods and Service Tax Act, cess and other material statutory dues were in arrears as at 31st March 2020 for a period of more than six months from the date they became payable.

According to the information and explanations given to us, there are no dues of Income tax or Sales tax or service tax or Goods and Services tax or duty of Customs or duty of Excise or Value added tax which have not been deposited by company on account of disputes.

- viii. The Company has outstanding loans or borrowings from various banks aggregating to Rs.43545 Lakhs including interest accrued and due thereon which have been declared as non-performing assets (NPA) by

these lenders as the repayment against these loans has become overdue. The Company has therefore defaulted on account of repayment of loans and interest thereon to this extent.

- ix. Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term loans during the year. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company.
- x. According to the information and explanations given to us and represented by the management and based on our examination of books and records of the Company, we have been informed that no case of fraud committed by the company or any fraud on the company by its officers or employees has been noticed or reported during the year.
- xi. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Act.
- xii. According to information and explanations given to us, the Company is not a Nidhi Company. Therefore, the provisions of clause 3 (xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations provided to us and based on our examination of the records of the company, all transactions with related parties are complying with sections 177 and 188 of Companies Act, 2013 where applicable and details of such transactions have been disclosed in the Ind AS financial statement as required by applicable Indian Accounting Standards.
- xiv. Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company.
- xv. Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company.
- xvi. In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF ALLIANCE INTEGRATED METALIKS LIMITED

Report on the internal financial controls with reference to the aforesaid Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of Alliance Integrated Metaliks Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

1. Company Overview and Significant Accounting Policies

M/s. Alliance Integrated Metaliks Limited (hereinafter referred to as "AIML" or "the Company") was established in the year 1989 under the name of B. S. Holdings and Credit Limited. The name of the company was changed to its present name in the year 2004.

The company has its production facility in Punjab to serve the Government and Private sector companies engaged in implementation of Power Plants, Roads, Bridges and Highways in India by fabrication and supply of related Heavy Steel structures and Equipment.

The customer list of the Company includes Delhi Metro Rail Corporation [DMRC], L&T, BHEL, AFCONS, HCC, Gyatri Projects Ltd, AshokaBuilcons Ltd, Sadbhav Engineering Ltd., SP Singla Pvt. Ltd., etc.

The Registered office of the company is situated at D-15, Pamposh Enclave, Greater Kailash – I, New Delhi – 110048. The shares of the company are listed on Bombay Stock Exchange.

2. Significant Accounting Policies

2.1 Basis Of Preparation Of Financial Statements

These financial statements are prepared in accordance with Indian Accounting Standards (IND AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values; the provisions of the Companies Act, 2013 (Act) (to the extent notified and applicable); and guidelines issued by the Securities and Exchange Board of India (SEBI). The IND AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 the relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued Indian accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The year-end figures are taken from the source and rounded to the nearest lacs.

2.2 Use Of Estimates

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.2.1 Useful lives of property, plant and equipment

The company reviews the useful life of property, plant and equipment at the end of each reporting period. The reassessment may result in change in depreciation expenses in future periods.

2.2.2 Valuation of deferred tax assets / liabilities

The company reviews the carrying amount of deferred tax assets / liabilities at the end of each reporting period.

2.2.3 Provisions and contingent liabilities

A provision is recognised when the company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are

reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. However the detail of existing contingencies Liabilities as on 31st March, 2020 is provided in Note no. 3.25.4.A contingent asset is neither recognized nor disclosed in the financial statements. However, if therealisation is virtually certain then the related asset ceases to be a Contingent Asset and therefore recognised.

2.3 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are exclusive of GST and net of returns, trade allowances, rebates, discounts, value added taxes.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

a. Sale of goods

The Company recognises revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is adjusted for variable consideration such as discounts, rebates, refunds, credits, price concessions, incentives, or other similar items in a contract when they are highly probable to be provided.

The amount of revenue excludes any amount collected on behalf of third parties. The Company recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer. In contracts where freight is arranged by the Company and recovered from the customers, the same is treated as a separate performance obligation and revenue is recognized when such freight services are rendered.

In revenue arrangements with multiple performance obligations, the Company accounts for individual products and services separately if they are distinct i.e., if a product or service is separately identifiable from other items in the arrangement and if a customer can benefit from it. The consideration is allocated between separate products and services in the arrangement based on their stand-alone selling prices. Revenue from sale of by products are included in revenue. Revenue from sale of goods is recognised when delivered and measured based on the bilateral contractual arrangements.

b. Contract balances

i. Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration including Trade receivables.

ii. Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract including Advance received from Customer

iii. Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects

it will have to return to the customer including volume rebates and discounts. The Company updates its estimates of refund liabilities at the end of each reporting period

iv. Construction contracts

When the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentives payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognized to the extent of contract cost incurred that it is probable will be recoverable. Contract costs are recognized as an expense in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

c. Dividend and interest income

Dividend income from investments is recognized when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Employee benefits

a. Long Term Employee Benefits

The liability for gratuity & leave encashment is determined using Projected Unit Credit [PUC] Method and is accounted for on the basis of actuarial valuation in Accordance with IND AS - 19. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Actuarial Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. The current service cost is included in the employee benefit expense in the statement of profit & loss account. The interest cost calculated by applying the discount rate to the net balance of defined benefit obligation, is included in the finance cost in the statement of profit & loss account.

b. Short-Term Employee Benefits

Short-term employee benefits include performance incentive, salaries & wages, bonus and leave travel allowance. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the services.

2.5 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the interest costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset.

Processing fee paid for borrowings is amortized over the term of long term loan through statement of profit & loss. All other borrowing costs are expensed in the period in which they occur.

Preference Shares are separated into equity and liability components based on the terms of the issue / contract. Interest on liability component of preference shares is determined using amortized cost method and is charged to the statement of profit & loss.

2.6 Depreciation & amortization

The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. Depreciation methods, useful lives and residual values are reviewed at each reporting period. Depreciation on additions/deductions to property, plant and equipment is provided on pro-rata basis from the date of actual installation or up to the date of such sale or disposal, as the case may be.

2.7 Impairment of Assets

The Company at each balance sheet date assesses whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction.

2.8 Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognised in net profit in the statement of profit and loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in other comprehensive income.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Minimum Alternative Tax [MAT] paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the company will pay normal income tax in future periods. Accordingly, MAT is recognized as an asset in the balance sheet when it is probable that future economic benefits associated with it flow to the company and the asset can be measured reliably.

2.9 Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation /amortization and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant & equipment also includes initial estimates of dismantling cost and restoring the site to its original position, on which the site is located. For transition to IND AS, the company has elected to continue with carrying value of all its property, plant and equipment recognized as on 01.07.2015 measured as per the previous GAAP in accordance with the principles of Part B of Schedule II of the Companies Act, 2013.

2.10 Financial Instruments

The company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets (except net investments) and financial liabilities (except borrowings) are recognised at fair value on initial recognition, except for trade receivables and security deposits, which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

Financial liabilities are subsequently carried at amortised cost using the effective interest method, except for contingent consideration recognised in a business combination, which is subsequently measured at fair value through profit and loss.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts are approximately at fair value due to the short maturity of these instruments.

De-recognition of financial instruments

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.11 Borrowings

Borrowings are initially measured at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Preference shares are separated into liability and equity components based on the terms of the issue / contract. On issuance of the preference shares, the fair value of the liability component is determined using a market rate for an equivalent instrument. This amount is classified as financial liability and is measured at amortized cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is recognized and included in equity. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the equity component is not re-measured in subsequent years.

2.12 Investments

a. Investment in subsidiaries

Investment held by the company in subsidiaries as on the date of transition date i.e. 01.07.2015 is valued at cost. Investments made in subsidiaries, after the transition date, have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

b. Investment in associates / Joint Ventures

Investment held by the Company in associates / joint ventures as on the date of transition date i.e. 01.07.2015 is valued at cost. Investments made in associates / joint ventures, after the transition date, have been valued at Fair Value through Other Comprehensive Income [FVTOCI].

c. Investment - Others

Current Investments

Quoted financial assets have been classified as FVTOCI and unquoted financial assets have been classified as Fair Value through Profit & Loss [FVTPL].

Non-Current Investments

Quoted long term investments have been classified as FVTOCI and unquoted long term investments are have been classified as FVTPL.

2.13 Inventories

- a. Raw Materials:** Goods under process and Finished Goods are valued at cost (Net of provision for diminution) or *Net Realisable value, whichever is lower.
- b. Waste and Scrap:** Waste and scrap is valued at Net Realisable Value.
- c. Valuation of Raw Materials:** Cost of inventories of Raw Materials and stores and Spares is ascertained on FIFO basis.
- d. Valuation of WIP:** Cost of goods under process comprise of cost of materials and proportionate production overhead. Cost of material for this purpose is ascertained on FIFO basis.
- e.** Provision for obsolescence in inventories is made, whenever required.

*Net Realizable Value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

2.14 Earnings per equity share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.15 Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

2.16 Cash Flow Statement

Cash flows are reported using the indirect method, except in case of dividend which has been considered on the basis of actual movement of cash with corresponding adjustments of assets and liabilities and where profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.17 Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.18 Leases

As a lessee, the Company recognises a Right-Of-Use of asset and a lease liability at the lease commencement date. The Right-Of-Use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the Right-Of-Use asset or the end of the lease term. The estimated useful lives of Right-Of-Use assets are determined on the same basis as those of property and equipment. In addition, the Right-Of-Use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments included in the measurement of the lease liability comprise the following: a) Fixed payments, including in-substance fixed payments; b) Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date; c) Amounts expected to be payable under a residual value guarantee; and d) the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is

recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. The company presents Right-Of-Use assets that do not meet the definition of investment in 'Property, Plant and Equipment' and lease liabilities in borrowing (Note No 3.13) and other current Liabilities (Note No 3.18)

Short-term leases and leases of low-value assets

The Company has elected not to recognise Right-Of-Use assets and lease liabilities for short-term leases of assets that have a lease term of upto 12 months. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

2.19 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.20 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the assets or liabilities, or in the absence of a principal market, in the most advantageous market for the assets or liabilities. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

For assets and liabilities that are recognised in the Financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions.
- Quantitative disclosures of fair value measurement hierarchy.
- Investment in unquoted equity shares
- Financial instruments

2.21 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

*** Diminution in value of inventory:** The old and slow-moving work-in-progress has been suitably impaired by Rs. 3949.23 Lakh and provided for in the books of accounts during the year on the basis of assessments made by the Stock Auditor in his report. The independent auditor also reviewed the subsequent selling prices in the ordinary course of business and compared the same against the carrying amount of work-in-progress on a sample basis at the reporting date. As at March 31, 2020, the total carrying amount of inventories was Rs. 3752.82 Lakh. The assessment of impairment of inventories involves significant estimation uncertainty, subjective assumptions and the application of significant judgment.

**** Liabilities Written Back:** The Company has written back Trade Payables to an extent of Rs. 1369.74 Lakh. These comprise old balances of accounts in which there were no transactions for at least three years. The management has exercised abundant caution before deciding to write back the balances. The balances were found to be not payable on the basis of reconciliation of accounts with the creditors.

Note No. 3.30 Segment Reporting

According to Ind AS 108, identification of operating segments is based on Chief Operating Decision Maker (CODM) approach for making decisions about allocating resources to the segment and assessing its performance. The business activity of the Company falls within one broad business segment viz. Fabrication of Steel Structure and the Revenue generated is within the country. Hence, the disclosure requirement of Ind AS 108 of 'Segment Reporting' is not considered applicable.

Note No. 3.31

The Company has accumulated losses of Rs.80066.88 Lakhs as on 31/03/2020 including a net loss of Rs.11482.63 Lakhs during the year ended 31/03/2020. The Company is facing liquidity issues as is reflected by current liabilities exceeding the current assets coupled with a negative net worth. While as this scenario could be interpreted as a material uncertainty for the company to continue as going concern the management is of the opinion that going concern basis of accounting is appropriate having regard to the fact that the Company not only continues to carry on the operations but are also generating a positive EBITDA (excluding exceptional item).

Out of the net excess current liabilities of Rs. 43801 lakh an amount of Rs 35782 lakh is attributable to Term Loans (including interest accrued) which have become NPA. The Company is already in discussion with the lenders for resolution of the debt.

Further, in view of the thrust provided by the Central Government to infrastructure projects in the country the order book of the Company is encouraging. Based on the above facts and the business projections formulated, the management is of the opinion that despite the above, maintaining a going concern basis of accounting is appropriate.

Note No. 3.32

Note No. 3.33 COVID-19 Developments

* The outbreak of the Wuhan Virus and its spread across the globe including the Indian sub-continent has contributed to a significant decline and volatility in the global and Indian financial markets and slowdown in economic activities. On March 11, 2020, the World Health Organisation (WHO), declared the Wuhan Virus as a pandemic and renamed it as Covid-19. This outbreak has had an immense impact on human life and also disrupted the social, economic and financial structures of the entire world.

In India, the Central Government declared a national lockdown with effect from March 25, 2020. The lockdown is being gradually lifted from June onwards. During this period restrictions were imposed on movement for the entire population of the country as a preventive measure against the spread of the pandemic.

The Company has carried out its initial assessment of the likely adverse impact on economic environment and financial risk because of the Wuhan Virus (Covid-19). The Company is in the business of fabrication of heavy duty steel structures for infrastructure sector, which are connected with the construction activities that are in a way fundamental to the Indian economy. Although, there is a significant impact, on account of demand destruction, in the short term, the management believes that there may not be significant impact of the Wuhan Virus (Covid-19) pandemic on the financial position and performance of the Company, in the long-term. The Company expects the economic scenario to recover without there being a major impact on the carrying amount of all its moveable and immoveable Assets including receivables and restoration of the ordinary course of business based on information available on current economic conditions. These expectations are subject to uncertainty and may be affected by the severity and duration of pandemic. The Company is continuously monitoring any material change in future economic conditions. The extent to which the Wuhan Virus (Covid-19) pandemic will impact the Company's future results will also depend on developments, which are highly uncertain, including amongst the other things, any new information concerning the severity of the pandemic and any action to contain its spread or mitigate its impact whether government mandated or elected by the company.

Total Financial assets	—	—	990.00	—	—	990.05

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level

The carrying amounts of financial assets and financial liabilities at amortised are considered to be the same as their fair values, due to short term nature. The fair values for loans, security deposits and investments in preference shares were calculated based on cash flows discounted using a current lending rate.

The Company has classified its investments in equity instrument as Fair Value through Profit and Loss category (FVTPL). Their valuation has been done unobservable inputs and accordingly they are classified as level 3 fair values in the fair value hierarchy

Note No. 3.37 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include Investment, loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations. Since all the term loans have already been Categorized as NPA and turned as payable on demand the impact of material risk and Liquidity risk have not been considered.

Moderate credit risk
Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.
