1. Exceptional item comprises of full provision made by the company on account of negative price settlement of Crude Oil Derivative positions of the customers in Commodity Broking.

- Retail broking revenues are at all time high led by strong surge in volumes and market share gain across cash and derivative segment.
- In **Retail broking** business we have witnessed strong traction in new clients addition driven by franchisee and retail channel , total 86,900 clients acquired in Q1FY21, +166% YoY. Active clients have also registered 24% YoY growth at 0.41 mn as of June 2020.
- **Distribution** business AUM grew by 13% QoQ at Rs 102 bn. Current penetration of only ~15% on total client base, provides head-room for growth in AUM. We have started Insurance broking business a year back and have registered strong premium collection in first year of business envisaging future business potential.
- We are investing in talent and also expanding our reach with higher branch addition. We have hired ~500 employees and expanding our footprint in geographies like Southern and Northern part of the country. We believe that this will help us in new client acquisition and acquiring market share.
- MOFSL's overall ADTO grew 51% YoY to Rs 255 bn in Q1FY21. Overall market share (ex-prop) stood at 3.0% in FY21 supported by robust traction in high yield-cash market share.
- Broking business also runs a margin funding and LAS business, with total book size of ~Rs 5.4 bn as of Q1FY21.

Retail Broking & Distribution

- During lockdown, a new peak of 64% clients traded online and this averaged at 57%.
- Single day number of trades executed crossed 1 million for the first time.
- Advisors are in touch with +16000 unique clients on daily basis and are able to activate +500 accounts per day digitally.
- Focus towards development and infusion of entrepreneurial spirit in new and existing franchisees has led strong growth in client base as well as franchisee base (+45% YoY).
- Focus on banking partnership. Tie-up with AU Small Finance Bank for 3 in 1 (banking + demat + trading) account.
- Events like MOCA and MOBIC received huge response among retail clients and franchisees.

Institutional Broking

- Disruptions due to the Covid pandemic and consequent lockdown have caused disruptions in deal making activity.
- In the last quarter, we executed two buyback transactions, including a tender offer buyback.
- While the deal closures have been weak, our pipeline of deals went up further led by new mandates secured during the quarter.
- The team continues to engage on a wide cross-section of mandated transactions across capital markets and advisory. Sharp recovery in capital markets augur well for deal closures.

- In Q1FY21, AMC's profit impacted on account of lower average AUM post market correction in March month. However, at the quarter end closing AUM has shown growth of 18% QoQ at Rs 352 bn and in July 2020 AUM has reached pre-Covid level.
- In Q1FY21, MF AUM stood at Rs 196 bn (+23% QoQ), while PMS and AIF AUM stood at Rs 132 bn (+13% QoQ) and Rs 22 bn (+17% QoQ) respectively. Gross and net sales of AMC gained traction in Q1FY20 . Net sales is up by 17% QoQ led by strong inflows in Mutual Fund.
- Improvement in performance of several products supported gross as well as net flows during the quarter. Several schemes rank top quartile in performance over 1 year and since inception as of June 20.
- Reduction in redemption market share from 2.5% in Q1FY20 to 1.7% in Q1FY21 .
- Launched India's digitally first NFO of MO S&P 500 index fund amid Covid-19 crisis. The fund provides Indian investors an exposure to the performance of leading 500 companies listed in United States.

- SIP inflows in Q1FY21 was at Rs 3.85 bn (on realised basis). Average SIP ticket size at Rs 3,660 per month is higher than the industry average of Rs 2,550. Our SIP market share and proportion to total inflows are steady.
- Market share in MF Equity AUM continued to remain stable at 1.9% in Q1FY21. Overall industry witnessed a fall in equity flows owing to volatile equity market conditions.
- Efforts in offshore marketing have yielded modest results as of now. We remain committed to raise AUMs from offshore going forward.
- MOAMC launched Index funds which are India's 1st of its kind retail focused passive funds. These index funds provides easy, economical and effective way of investing to the customers.
- Our entry into passive category will help us to on-board clients from bottom of pyramid which are typically new to equity asset class or has lower risk appetite. Moreover, this has also ensured our presence in bottom as well as top of the equity product pyramid.
- MOAMC offers only passive international funds. That is because we are building an entire bouquet of passive funds in preparation for a world view where we believe that index funds will gain traction not for obvious reasons like alpha or lack of alpha, but because of simplicity, ease of choice and sticking to decisions, preferences of a minimalist thought process etc.

PAT	0	6	-97%	14	-99%

Note: Q1FY21 revenues are down QoQ on account of lower sale of high yielding alternate products.

- Wealth business revenue remained flat led by flattish AUM. However, sequential dip in revenue is on account of lower average AUM post market correction in March month. Also, challenging market conditions and adverse regulatory measures have impacted revenue stream.
- Opex remains elevated as business continues to be in investment phase .
- Currently, 44% of RMs are less than 2 years of vintage. RM productivity will pick up in line with their rising vintage. As existing RM vintage increases ,profitability of the business can improve commensurately.
- Trail based revenue model since inception has helped us to cover our fixed costs despite higher investment in RMs in recent past. Trail based revenues are ~67% of total revenues and covers ~73% of total fixed cost.
- Yield was at ~54 bps, with equity mix of ~62% in total AUM in Q1FY21.
- Open architecture model is enabling the incremental sales to be driven by non captive products, resulting in more diversified products offering.
- Focus on portfolio strategy implementation using Investment charters, technology solutions and higher yield.

- Disbursements in Q1FY21 were Rs 238 mn. While we were planning to ramp up disbursements from Q1FY21, this has been pushed back by at least 2 quarters due to the pandemic.
- Encouraging performance of new book sourced from April'18. Only 10 cases in NPA pool out of ~6000 cases disbursed. In new book, ~93% of disbursement was in <Rs 1.5mn ticket size.
- Proactive cost measures, process automation and consolidation of branches resulted in lowering of total cost on YoY basis.. Centralised credit appraisal for salaried employees to improve efficiency and lower operational cost
- Filed Section-138 against 3000+ customers and filed SARFAESI against 1300+ customers. Under Section-138, ~110+ accounts have received non-bailable warrants and 700+ bailable warrants received, whereas under SARFAESI, ~75 accounts have received DM order and 80+ properties under possession.
- 71% of the book out of the total book is never delinquent and 29% of the book has never bounced & never Delinquent. More-over, ~66% of our total cases have shown very low risk behaviour off MOHFL's loan book on BUREAU scrubbing analysis.

PAT	1,303	324	302%	-3,522	-

Note: Fund based revenues and PAT excludes Other Comprehensive Income

- Strong traction in fund based revenues are primarily on account of positive MTM during the quarter led by sharp improvement in market.
- Fund based book includes gains/loss on sponsor commitments cum investments in equity MF, PE funds, Real estate funds, AIF and strategic equity investments.
- Total equity investment including alternate funds was at Rs 18.6 bn as of Jun-20, since MTM of these gains are now included in earnings under Ind-AS reporting.
- Cumulative XIRR on total investments is ~11.6% (since inception).
- These investments have helped “seed” our new businesses, which are scalable, high-RoE opportunities. They also serve as highly liquid “resources” available for future investments in business, if required.

Covid-19 Impact

- The SARS-CoV-2 virus responsible for COVID -19 has spread across the globe and India, which has contributed to a significant decline in the economic activities. Government have introduced a variety of measures to contain the spread of the virus. On 24th March 2020 the Indian Government had announced nationwide lockdown which has been further extended till May 31, 2020 to contain the spread of virus. Further, In June month as well there was region specific lockdown implemented by states, thereby resulting in entire Q1 in lockdown. The primary services provided by the Company has been classified as an essential service and has been in operation consistently with minimal permitted staff. Given the digital business model and considering that the Company has not faced any material adversity of its financial position as at June 30, 2020 and considering other relevant facts and circumstances existing as of that date, the Company does not anticipate any material uncertainties which affects its liquidity position and also ability to continue as a going concern. The Company believes that it has taken into account the possible impact of known events arising out of COVID 19 pandemic in the preparation of financial results. The Company will continue to monitor for any material changes to future economic conditions.
- Further, as unlock begun in June month we gradually started opening all our branches and also resumed back normalcy in business.
- In our Home finance business, in accordance with the RBI guidelines relating to COVID-19 Regulatory Package, the Company granted a moratorium of three months on payments of instalments and/ or interest falling due between 1st March 2020 and 31st May 2020 to eligible borrowers. The period was further extended for 3 months till 31st August 2020 by RBI through its circular dated May 23, 2020. The Company has accordingly extended the moratorium option to its borrowers. For such accounts where the moratorium is granted, the asset /Stage-wise classification shall remain stand still during the moratorium period. (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification). The moratorium proportion has been continuously coming down month on month. The Company has recognised provisions as on 30th June 2020 towards its assets including loans based on the information available at this point of time including economic forecasts, in accordance with the Expected Credit Loss method. The Company believes that it has taken into account all the possible impact of known events arising out of COVID 19 pandemic in the preparation of financial results. The Company will continue to monitor for any material changes to future economic conditions. Moreover during Q1FY21, the company has made an additional Covid-19 related provision amounting to Rs 130 mn. At June 30, 2020, the company held Covid-19 related total provision of Rs 210 mn. This additional provision made by the Company is more than requirement as per the RBI guideline dated April 17, 2020.
