# FROM THE DESK OF THE CHAIRMAN

# Dear Stakeholders,

FY22 was an eventful year with the country weathering two waves of COVID-19. The global economy is projected to have grown by 5.9% in 2021, the fastest rate recorded in over four decades. After recovering from a historic contraction of 7.3% in the preceding year, India's economy is estimated to have grown by 9.0% in FY22 surpassing pre-pandemic level.

The demand environment remained largely favourable with passenger vehicle and commercial vehicle segments clocking healthy growth whereas two wheeler and farm tractor segments had marginal decline. Semiconductor shortages continued in FY22. Supply chain and logistics related issues have been chaotic and last but not the least, commodity price increases globally and in India has been extremely challenging.

# **Group Performance**

The group aggregate Total Revenue grew 31% to ₹5,440 crore, highest ever revenue for the group. Though the growth was partially due to low base and commodity price adjustments, the group companies continued to gain market share with key customers, and grow the international business to post healthy growth. Through various cost savings and operational improvement initiatives, we were able to sustain the EBITDA margin despite significant increase in the material cost.

The group companies continued to focus on operational improvement initiatives to handle the inflationary pressures and saw good traction with new business development initiatives during this period.

# **Operating Companies**

Both the steering and light metal castings business of Rane (Madras) Limited experienced strong growth supported by increased off-take from domestic and international customers. Strong order book pipeline will support strong growth in the coming years.

Rane Light Metal Casting America (LMCA) has been able to sustain operational performance with continuation of TQM practices. LMCA continued to face challenges in the global supply chain shortage leading to deferment in launch of key new businesses and lower off take from existing customers. The focus for FY 2022-23 will be to build on the operational improvements, secure new businesses and hope for volume enhancement of our current business to ensure the long term sustainability of the Company.

Rane Engine Valve Limited (REVL) continued improving the operational performance across plants. REVL is focusing on growing its EV insulted business including non-auto business. Non-auto business grew 42% and contributes 25% of REVL sales. With the increase in volumes, we are looking at achieving a full turnaround and break even in 2022-23.

With the support of favourable market demand, Rane Brake Lining posted strong growth. Margin was significantly impacted due to commodity price increases.

Over the past 35 years, our relationship with ZF (erstwhile TRW) grew and we were able to bring in advanced technologies to customers in India. To enhance the cooperation and to take the relationship to the next level, we agreed to transfer 1% stake to the joint venture partner ZF. Also, the name of "Rane TRW Steering Systems Private Limited" was changed to "ZF Rane Automotive India Private Limited" (ZRAI) reflecting the transformation the company has undergone from steering products to include passive safety systems and increased cooperation between the joint venture partners. ZRAI benefited with the strong growth in Indian commercial vehicle segment and off-take from export customers.

Warranty issue continued to hurt the Rane NSK Steering Systems Private Limited. We made further warranty provisions based on the continued claims in FY22. We are confident that the countermeasure has adequately addressed the root cause and the claims are pertaining to the period prior to the countermeasure. With regard to the financial burden, we are in continuous discussion with the Joint Venture Partner NSK and our Customer to solve this

#### **CSR**

Rane's major CSR projects of Polytechnic College and CBSE School continued to flourish and make progress. Rane Polytechnic had 100% placements for 2020-21 batch and stepped into eleventh academic year 2021-22. Rane Vidyalaya stepped into fourth academic year 2021-22 with 459 students across LKG to Class VII.

# Looking forward

Though we are seeing headwinds in global economy and supply chain challenges, we remain optimistic about the demand environment in FY23. We are working across the supply chain to mitigate the challenges.

An excellent, dedicated and professional team of employees continue to drive the company's efforts on enhancing our market position and improving the operational performance.

On behalf of the entire Board of Rane Holdings Limited, I would like to thank all our stakeholders - Customers, Employees, Vendors, Investors, Bankers, Government, and most importantly our shareholders, who have conferred immense confidence in us, throughout this long journey.

Yours Sincerely, L Ganesh Chairman

# THE INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER AND JOINING VIRTUAL MEETINGS ARE AS UNDER

- (i) The voting period begins on Sunday, June 26, 2022 at 09:00 hrs (IST) and ends on Tuesday, June 28, 2022 at 17:00 hrs (IST). During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Wednesday, June 22, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple E-Voting Service Providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

# **EXPLANATORY STATEMENT**

Pursuant to Section 102(1) of the Companies Act, 2013

#### Item No. 4

Mr. Rajeev Gupta joined the Board of your Company on August 31, 2017 as an Independent Director. He is completing his first term of five years at the conclusion of this Eighty Sixth AGM.

Mr. Rajeev Gupta has an MBA from IIM Ahmedabad and B. Tech from IIT (BHU). He has 39 years of work experience, including 10 years in senior management roles in industrial businesses and 29 years in financial services.

Mr. Rajeev Gupta founded Arpwood Financial Group in 2012 with businesses in M&A investment banking and Private equity buyouts. Previously, he was a Partner of the Carlyle Group and Head of India buyouts from 2005 to 2010, and Joint Managing Director of DSP Merrill Lynch (from 1995 to 2005). Prior to DSP Merrill Lynch, Mr. Rajeev Gupta held leadership positions in various industrial companies.

Mr. Rajeev Gupta is an Independent Non-Executive Board member of United Spirits Ltd, EIH Ltd, T.V. Today Network Ltd, Vardhman Special Steels Ltd, TVS Capital Funds Pvt Ltd, SBFC Finance Pvt Ltd and Indian Energy Exchange Ltd. He is a member of the advisory board of Bain & Co India Ltd.

His contributions to board's discussions and decisions on various strategic matters especially on financial and investment related areas have been significant and beneficial to the Company.

Based on the recommendations of the NRC considering his expertise, experience and contribution and performance evaluation of directors, the Board of Directors has proposed to the shareholders his re-appointment in the second term as an Independent Director for a period of 5 (five) consecutive years with effect from conclusion of this Eighty Sixth AGM.

His re-appointment proposal is in line with the Company's policy on Director's appointment and remuneration and he shall not be liable to retire by rotation at the Annual General Meeting as provided under Section 152(6) of the Companies Act, 2013. He continues to fulfil the conditions for re-appointment as an Independent Director as specified in the Act and SEBI LODR.

Mr. Rajeev Gupta is not disqualified from being appointed as a Director in terms of section 164 of the Act and has consented for his re-appointment.

The Company has received a declaration from him that he meets with the criteria of independence as prescribed both under Section 149(6) of the Act and provisions of SEBI LODR, has registered with the Independent Director databank maintained by Indian Institute of Corporate Affairs (IICA) and is exempted from the requisite proficiency test.

In the opinion of Board, Mr. Rajeev Gupta fulfils the conditions for re-appointment as an Independent Director as specified in the relevant provisions of the Act and SEBI LODR and he is independent of management of the Company.

Other information relating to his re-appointment in accordance with Secretarial Standard -SS-2 and Regulation 36(3) of SEBI LODR is annexed to the Notice.

The terms and conditions of re-appointment as an Independent Director is available for inspection by members at the registered office of the Company during the working hours up to the date of AGM and also on the investor section of website of the Company www.ranegroup.com. His re-appointment will also be governed by the policy of the Company as applicable to the Board of Directors.

Mr. Rajeev Gupta is interested in the resolution as it relates to his own appointment. None of the other Directors and KMP of the Company and their relatives are concerned or interested, financial or otherwise in this resolution, except to the extent of their shareholding, if any, in the Company.

The Board recommends passing the resolution as set out at item no.4 of this notice as a **special resolution**.

# REPORT OF THE BOARD OF DIRECTORS

Your Board of Directors hereby present to you the Eighty Sixth Annual Report covering the operational and financial performance together with the accounts for the year ended March 31, 2022 and other prescribed particulars.

# 1. State of Company's affairs

The financial year 2021-22 started with India facing a second wave of COVID-19 pandemic. The economy bounced back strongly with output reaching prepandemic levels on the back of buoyant government spending and pick up in investments post lifting of restrictions. The automotive and auto components industry faced supply chain challenges on the back

of semiconductor shortage, shipping and logistics constraints.

The Company scaled up the production in line with the demand and worked on several cost optimization measures to mitigate the inflationary environment. The Company continued to enhance its customer relationships and increased its business share across several customers.

The Company's three main income streams are Dividend from investments, Trademark fee out of 'RANE' trademark ownership and Service fees from Rane Group Companies. The Company provides services in areas of Management consultancy, Information Technology, Business Development and Human Resource training, which are unique and tailor-made to each of the Rane

Group Companies in line with each subsidiaries and Joint Venture / Associate Companies vision and mission, business goals and operating models.

During the year, the Company invested an additional ₹30 Crores in subsidiary Rane (Madras) Limited and converted the outstanding 16,99,958 warrants

(conversion of 8,49,979 warrants on August 12, 2021 and conversion of 8,49,979 warrants on January 11, 2022) into equivalent equity shares having a face value of ₹10/- each fully paid-up ranking *pari-passu* in all respects with the existing equity shares, including dividend, if any. Pursuant to the conversion there were no outstanding warrants. This resulted to increase in shareholding of the Company in RML to 71.77%.

The Company on June 09, 2021 exercised call option and subsequently acquired 2,45,574 equity shares from the other existing shareholders of Rt4u. During the year, the Company infused ₹16.34 Crores by subscribing to a rights issue on September 29, 2021 (83,35,000 equity shares of ₹10/- each) and March 11, 2022 (80,01,600 equity shares of ₹10/- each). The acquisition / subscription resulted in an increase in shareholding of the Company to 98.59% (99.45% diluted basis).

The Company on March 08, 2022, subscribed to 5,15,463 warrants convertible into equivalent number of shares having a face value of ₹10/- each of REVL on payment of upto ₹3.75 crore, being the warrant subscription price (i.e. 25% of the issue price of ₹291.00/- per warrant). The warrants are convertible in one or more tranches within a period of eighteen (18) months from the date of allotment of warrants.

Due to the buyback of shares by subsidiary Company RBL which ended on April 26, 2021, the Company holding stands increased to 47.70%. Further, the Company during the year, acquired 1,80,000 equity shares of ₹10/- each fully paid up of RBL at an average price of ₹625.07 per equity share through open market purchase. The shareholding of the Company in RBL increased by further 2.33% to 50.03%. Consequent to this, RBL hitherto which was a subsidiary company by virtue of control on the Board of Directors, now falls under the class subsidiary on account of the Company's holding total voting power standing to have increased to more than 50%.

The Company on December 29, 2021 divested 1% (87,383 equity shares) of the total shareholding of ZRAI to the other joint venture partner ZF Automotive J.V. US LLC for a consideration of ₹20.16 crores. Pursuant to the transfer, RHL holds 49% and ZF holds the remaining 51% shareholding in the Company.

During the period under review, there was no change in management or control of RHL in Rane Group Companies, except for change of shareholding in RML, RBL, ZRAI and Rt4u as discussed above. The standalone financial highlights for the year under review are as follows:

#### 2. Economic Review

# 2.1. Global Economy

The global economy is projected to have grown by 5.9% in 2021, the fastest rate recorded in over four decades, despite supply-chain-related disruptions to industrial production and slowdown in the second half of the year due to various restrictions imposed by respective governments globally amid resurgence of infections led by new COVID variants. Global trade rebounded at a fast pace despite shipping and logistics constraints and supply chain issues such as semiconductor scarcity. However, supply constraints due to global labour and input shortages combined with a rapid increase in global demand post lifting of lockdown restrictions led to higher price inflation. Global inflation shock especially in the United States and some emerging market economies has resulted in global monetary policy normalisation by central banks.

After a strong rebound in 2021, the global economy growth is expected to moderate to 4.4% in 2022 as central banks across the world start unwinding fiscal and monetary policy support enacted to combat the pandemic-driven downturn on the back of rising concerns over potential inflationary pressures. The world economy is caught between the pandemic, geopolitical conflict, rising inflation and policy tightening. The growth in the US economy is expected to moderate to 4.0% in 2022 on the back of policy tightening amid rise in inflation while growth in China is likely to ease to 4.8% in 2022 due to the lingering effects of the pandemic as well as additional regulatory tightening. Though resurgence in COVID infections could disrupt economic activity and derail growth prospects, however widespread deployment of vaccines is likely to prevent such outcome. Concerns due to new variants of COVID-19, ongoing geopolitical conflict between Russia and Ukraine, supply-chain bottlenecks, rising

inflationary pressures and elevated levels of debt could act as major headwinds to growth.

# 2.2. Indian Economy

After recovering from a historic contraction of 7.3% in the preceding year, India's economy is estimated to have grown by 9.0% in FY22 surpassing pre-pandemic level, mainly on account of improved performance, especially in farm, mining, manufacturing and construction sectors. Economic damage caused by the second wave was short-lived with output reaching pre-pandemic levels on the back of buoyant government spending and pick up in investments post lifting of restrictions. Key indicators such as power consumption, railway freight, GST collections, e-way bills, etc., continued to point towards pickup in economic activity. Moreover, trade growth rebounded strongly reflecting robust economic recovery. Growth was driven by strong exports and domestic private investment. However, the lingering impact of the pandemic continued to weigh on consumer confidence and led to muted consumption demand. Healthy tax collections have provided the much-needed fiscal space for government to ramp up spending and boost economic growth.

According to International Monetary Fund (IMF), the Indian economy is expected to grow at 8.2% in FY23 on the back of improving investment outlook, improvement in credit growth and increase in infrastructure investment. The growth outlook will also be supported by ongoing structural reforms, a better than-expected financial sector recovery and gradual pickup in contactintensive services sector. The rapid vaccination drive across the country has ensured that the risk of future wave is minimised. Consumer confidence is expected to improve as the impact of the pandemic fades and businesses will accordingly ramp up spending to meet the demand thus fuelling economic growth. However, surge in infections due to new variants, geopolitical tension, rising inflation, high crude oil prices, etc., could dampen growth prospects.

# Industry Review

# 3.1. Global Automobile Industry

Despite healthy demand, U.S. new-light vehicle sales rebounded slightly by 3.1% year over year to 14.9 million units, due to production cuts owing to global shortage of semiconductors. The semiconductor shortage hurt all automakers, but some were hit harder than others. In addition to chip shortage, the COVID pandemic and related supply-chain problems resulted in constrained new-car and truck inventory at dealerships amidst strong demand thus driving up the average new vehicle price compared to last year. As per National Automobile Dealers Association (NADA), Battery Electric Vehicles

(BEV) continued to gain market share, accounting for 2.9% of all new-vehicle sales in 2021 with automakers spending billions of dollars as they prepare themselves to manufacture electric vehicles. Chip shortage issue is expected to linger in 2022 as well. NADA expects the U.S. new-vehicle sales to increase by 3.4% to 15.4 million in 2022 on the back of low inventory.

According to European Automobile Manufacturers' Association (ACEA), the European new-car registrations fell by 2.4% to 9.7 million units in 2021 due to continuing shortage of semiconductors that negatively impacted car production throughout the year. Almost a fifth of new cars sold across European markets, including the UK, were plug-in electric vehicles on the back of generous government subsidies as well as strict regulations introduced in 2020 that forced EU manufacturers to sell more low-emissions vehicles. The auto volume is expected to pick up in 2022 as the industry gradually works through supply chain headwinds and ramps up production to satisfy the pent-up demand.

The global automotive industry continued to face challenges due to shortage of semiconductors and restrictions imposed due to emergence of new COVID-19 variants which further aggravated the supply chain issues. Amid the ongoing uncertainty of input shortages, carmakers have been moving to set up partnerships with various suppliers. Also, with electrification trend continuing to gain momentum, automakers have started to set up joint ventures with battery manufacturers to secure future supplies. Tightening emissions regulations and government incentives are likely to boost global EV sales. The global auto industry is likely to witness positive momentum in 2022 with further recovery in demand and gradual easing of supply chain challenges. Moreover, the mobility landscape continues to transform rapidly with new business models and autonomous, connected, electric, and shared mobility trends which will provide next leg of growth for the industry.

# 3.2. Indian Automobile Industry

Indian automobile industry which had been witnessing strong recovery on account of low interest rate regime coupled with pent up demand, faced temporary headwinds during the start of the fiscal year due to second wave of pandemic which dented consumer sentiment and resulted in temporary shutdown of dealerships. Disruption in supply chain due to localized restrictions and shortage of semiconductors had an adverse impact on production. However, the industry witnessed sharp recovery once the impact of the pandemic subsided and lockdown restrictions were eased. The supply side issues pertaining to chips shortage hampered production during the second half of the fiscal year.

The strong underlying demand fuelled by new launches and need for personal mobility post second COVID wave resulted in the Passenger Vehicle (PV) segment growing at 19%. The growth was attributable to low base as well. Utility vehicle (UV) segment saw a huge uptrend led by launch of new models by key OEMs which resulted in growth of 43% whereas the Passenger Car (PC) segment volume grew by 4%.

Revival in demand in the infrastructure and construction sectors, improving fleet utilisation, freight availability/ rates and better financing along with increasing demand for e-commerce & last-mile delivery post the second wave of COVID helped strong uptick in Commercial Vehicle (CV) segment with volumes increasing by 29%. The Medium and Heavy Commercial Vehicles (M&HCV) segment witnessed volume recovery and registered increase of 50% owing to improvement in fleet utilization levels led by strong demand in cement, mining and steel segments and improving fleet operators' profitability supported by higher freight income. Demand for M&HCVs also benefitted from the rise in construction activity, especially in the residential housing segment. The Light Commercial Vehicles (LCV) segment reported volume increase of 18% supported by e-commerce, agriculture, and FMCG segment. The Small Commercial Vehicles (SCV) segment reported volume growth of 24%.

Two-wheelers witnessed decline of 3% on account of continued weak demand due to higher impact of COVID second wave in the rural market coupled with higher fuel prices, BSVI / commodity-related price hikes, higher-than-normal inventory levels, and deferrals in the re-opening of offices/educational institutions and chips shortages impacting premium motorcycles. Farm tractors experienced marginal decline compared to the previous year on the back of delayed Kharif harvest due to erratic rainfall.

#### 3.3. Indian Automotive Aftermarket Industry

The Indian automotive aftermarket is expected to witness healthy growth in the coming years on the back of revival in demand after temporary hiccups due to the pandemic induced slowdown. The increasing use of improved technologies and electronic components is driving demand for aftermarket service towards organised multi-brand outlets and garages. Constantly evolving and improving vehicle technology offers enormous potential for financially strong organized players to make necessary investment and offer high quality genuine parts, competitive pricing, on-time delivery, etc. and capitalize on the growth opportunities. Growing focus on digitization of aftersales services in the automotive industry will enable faster response to buyers' / market demands and will provide additional growth lever to the aftermarket.

# 3.4. Indian Auto Component Industry

Despite slow off-take in auto volumes due to ongoing shortage of semiconductors, persistent inflationary trend in commodity prices, rising logistics costs and availability of containers, the auto component demonstrated remarkable resilience due to increased value addition to meet regulatory compliance, strong exports, and traction in the domestic aftermarkets. Fast-paced developments in the mobility space due to increasing trend of connected, autonomous, shared, and electrified mobility is likely to further push industry growth momentum. Moreover, due to ongoing geopolitical risks, auto component makers are in the process of de-risking the supply chain through deep localisation and started processing more parts within the country, holding larger inventories, creating buffer stocks and entering into long-term contracts.

The PLI scheme will further incentivize investments in new-age automotive technologies such as automatic transmission assembly, sensors, ADAS, among others. The scheme will encourage component players to invest in cleaner technologies, increase R&D spend and enhance industry competitiveness globally. Resolution of supply side issues and increased focus by the auto industry on deep-localisation and the recent announcements of PLI schemes by the Government will help in creating state-of-the-art automotive value chain thereby increasing the industry's global competitiveness and establishing India as a global hub for auto component sourcing.

#### 4.2. Subsidiary Companies

# 4.2.1. Rane (Madras) Limited (RML)

# Operational Highlights

#### Rane (Madras) Limited (RML)

- There was significant inflation across all commodities and the company was able to manage this through back to back recovery from all major customers and also through various cost saving initiatives across all products.
- The Steering & Linkages division achieved their highest ever sales during the year. This was achieved through optimised capacity utilisation across all plants.
- RML also acquired a company, M/s. Yagachi
  Technologies Private Limited, manufacturers of
  Inner and Outer Ball joints. This facility is located
  in Maraimalai Nagar near Chennai supplying to
  a single customer, M/s. Mando Automotive India
  Limited.
- Won the following awards from customers:
  - o NPD Award from AL Defence.
  - o Zero PPM Quality award from DICV.

- o Exceptional Support and appreciation from ITI
- Best Quality performance award from TML Spare Parts Division.
- Steering & Linkages division also was awarded the "Great Place to Work" for a consecutive fourth year.
- In the Light Metal Casting business, significant focus was placed on operational improvement in the areas of manufacturing process, which resulted in reduction of internal rejections and thereby savings in cost. Specific initiatives were executed to improve the availability of the machines and cycle time reduction in Casting to improve productivity. These initiatives helped to improve the OEE enhancement of Diecasting machines and thereby improving the capacity.
- Light Metal Casting business in India has further strengthened its customer portfolio which has improved its capacity utilization and revenue growth.

# Rane Light Metal Castings Inc.

The U.S. subsidiary, Rane Light Metal Castings Inc. (LMCA) has been able to sustain operational performance with continuation of TQM practices. Positive results have been achieved in the areas of improved customer deliveries, quality and zero expedited freight cost. Improvement initiatives in tooling and consumable cost helped sustenance of cost metrics.

LMCA continued to face challenges in the global supply chain shortage leading to deferment in launch of key new businesses. This also had an impact in lower off take from existing customers resulting in unfavourable product mix impacting the profitability, given that a major portion of labour and salary cost are fixed in nature.

The focus for FY 2022-23 will be to secure new businesses that can ensure the long term sustainability of the Company.

# 4.2.4. Rane t4u Private Limited (Rt4u)

# Industry performance FY 2021-22

Logistics / Transportation is the lifeline of the modern economy. India is taking huge steps in streamlining this sector. The road sector in India which is a critical part of Logistics / Transportation is attracting huge investments apart from EV vehicle eco-system being promoted by all state & central governments. The emphasis on efficient and cost-effective mobility solutions for people both in urban and semi urban areas is increasing.

All these developments are pushing up the digitalization of transportation services and hence IOT / Telematics based services are witnessing growth.

# Operational Highlights

Company Business negatively impacted in FY21-22 particularly in Logistics segment as there was no opportunity to replace one-time Service Revenue from accounts like DHL. JSMDC Sand mining Project scale up got further delayed as new government and Sand block lease award got delayed. Karnataka Sand saw reduction in Revenue as mining activity went down significantly due to lock down and delayed environment clearance in some districts. Good entry into Electric Vehicle Battery IOT business in Q4 directly from OEM and Good pipeline of EV OEM engagement.

# Warranty Provision

RNSS has implemented measures so as to reduce the per unit return cost. The Warranty returns pertaining to the period prior to the countermeasures continue to be high and despite RNSS implementing measures to reduce the per unit return cost, an incremental provision of ₹161.60 crores provided in FY 2021-22 as warranty expenses for certain lots of products sold to a customer in the past. The provisions are made based on technical estimates, considering the production periods and the timing of the various countermeasures implemented. While there is a significant reduction in returned products beyond the implemented countermeasures, still residual returns exist in the market on account of this phenomena. RNSS along with its JV partner is in continuous discussions with the Customer to mitigate the risk arising out of such residual returns.

# 4.4. Opportunities and Threats

The Indian automotive industry is set for robust growth and return to pre-pandemic level of volume. Large scale digitization and advance analytics have enabled huge productivity improvement while technological innovations continue to transform the mobility landscape and present immense opportunities for the Indian automakers to take cognizance and gain competitive edge globally. The growth of shared, connected, and electric mobility presents immense opportunity for the industry and the transforming E-mobility ecosystem would require participation and collaboration across diverse stakeholder groups. Further, push for green mobility in the Budget with focus on battery swapping and charging infrastructure is likely to expedite EV adoption and give rise to new era of growth and open immense opportunities for the existing and new players in the industry.

Although, the industry continues to be on growth trajectory, supply side issues related to semiconductor shortage, increase in rawmaterial costs, high oil prices and resurgence of infections could pose headwinds for the industry in the short term. Moreover, prolonged Russia-Ukraine conflict could aggravate the semiconductor shortage issues thereby impacting production volume. Nevertheless, the Indian automotive industry remains exceptionally resilient and is on course to become the integrated manufacturing hub for automotive global supply chains on the back of supportive policies such as the Production - Linked Incentive (PLI) scheme, etc.

# 4.5. Outlook

The Indian automotive industry is back on strong footing and on course to reach the pre-pandemic level of sales on the back of buoyant demand. Despite challenges due to increase in commodity prices and supply chain issue resulting in shortage of semiconductor, the industry remains upbeat and continue to invest in new technologies as it prepares to cross the pre-pandemic levels of sales volume. Supportive government policies such as the extension of FAME-II scheme till 2024, PLI scheme for the auto and auto component and advanced chemistry cell bodes well for the industry.

# 5. Risk Management

The Company has laid down well-structured procedures for monitoring the risk management plan and implementing the risk mitigation measures. The risks are broadly classified into strategic risks, operational risks,

financial risks and statutory compliance risks. These risks are rated based on factors such as past year experience, probability of occurrence, probability of non-detection and its impact on business. The top management reviews the strategic risks, the risks with high probability and high impact every quarter and presents its report along with a risk mitigation plan to the Board of Directors on a half-yearly basis. The strategic risks are taken into consideration in the annual planning process with their mitigation plan. The business processes risks and the related controls are subjected to internal audit and reviewed on a quarterly basis. The risk ratings are revalidated with the top management as part of the internal audit process every quarter. The risks from extreme events are monitored as a part of a process across locations. The overall re-assessment of risks at the Company level is carried out and presented to the Board of Directors once in two years for their review.

#### 6. Human Resource Development and Industrial Relations

# 6.1. Talent Development Initiatives

In FY 2021-22, the Company focused on the following talent development initiatives:

# Leadership Development

High Potential Leadership Development program focusses on enhancing leadership capability of high potential talent at middle management level to enable them transition to leadership roles. 3 participants began their learning journey during the year wherein they were a part of a two day in-person assessment and development centre for measuring their competence against the business competencies that culminated into crafting their individual development plans to help them develop competencies to succeed in their work. Developmental inputs focussed on Rane leadership competencies such as intrapreneurship, build leadership that will facilitate career transitions to leadership roles.

# Managerial & Technical Competency Development

Rane Institute for Employee Development (RIED), our leadership development centre, acts as a key enabler in our journey towards pursuing business excellence through its vision of building core competencies for individual and business excellence. In FY 2021-22, 11 programs focusing on technical, general management and soft skills was organized by RIED. The company achieved 32 training man-days covering 20 employees.

# Fight against COVID

As part of Rane Group's initiatives to tackle COVID-19, social distancing norms were continuously practiced and awareness of good hygiene practices was emphasized. Wellness webinars on COVID measures, meditation practices etc. were conducted across companies. Vaccination awareness programs and drives were conducted at plant locations encouraging employees and their family members to get vaccinated.

# 6.2. Digital Initiatives

Learning Management System (LMS) - To ensure employees have adequate knowledge of the policies that are part of the governance & vigil mechanism and other key policies, e-learning modules were rolled out through our LMS during the year. These include Rane Compass - Rane's Policy on Ethical Standards of Behaviour, including policies on gifts and vendor relationship, Whistle Blower policy, policy on Prevention of Sexual Harassment of Women at Workplace, Prohibition of Insider Trading and Information Security Management System. These e-learning policies act as a refresher for existing employees and a learning for new joiners.

One-hour learning - As part of providing tailored content to employees at their fingertips, access to micro learning modules on "Stress Management" was provided to our employees. This gave them access to micro content designed by subject matter experts.

**Kick-start** - is a mobile application that provides consistent induction experience to all the new hires. The platform provides micro learning content on Rane Group's mission, products, policies etc. leading to enhanced learning results and business outcomes while improving the engagement levels significantly.

# 6.3. Industrial Relations

The Industrial Relations were generally cordial in all the plants.

The group level industrial relations council works towards the objective of creating a healthy working environment by promoting peace and harmony among all the segments of employees. The focus areas for the council includes interpretation and implementation of legislations, workforce mix planning for optimal deployment and sharing best practices.

# 7. Information Technology (IT)

Rane Data Centre (RDC) provides service delivery of IT infrastructure, application development and information

security across Rane Group companies. During the year, as a part of SAP S4 HANA migration journey, the project was kicked off in May 2021. The conversion process has been carried out with 2 mock drills (Conversion of ECC Production system to S4 QAS) to ensure that all issues are being addressed before actual production conversion. Access to the old archived data from SAP S4 Hana was also enabled. Overall the migration to this upgraded platform provides the scalability for taking up future projects.

To comply with the customer and regulatory requirements, RDC's continued engagement with group companies led to identifying and implementing projects in the operational areas that enhance efficiency levels on key processes. Necessary support to enable work from home during pandemic was done by implementing Remote Desktop Sharing tool. SD WAN project was initiated to upgrade the network backbone and thereby enabling businesses to use a combination of internet links.

As part of Industry 4.0 initiatives, the Centralized Overall Equipment Efficiency solution has been successfully completed by connecting a few plants machines to the centralized systems and the same shall be rolled out in other plants. Further, as part of digital factory initiatives, an end to end digital factory solution for RBL & RNSS implementation is in progress.

The Information Security Management System has been strengthened by implementing additional controls (Moving of content filtering to cloud, Next generation antivirus) & implemented required security measures to support work from home during the pandemic, also both Internal and External audits including training of Information Security Management (ISO 27001) were conducted remotely. RDC also recertified 4th time for ISO 27001. TISAX implementation is taken up in two plants initially and planned to roll out to other plants progressively based on business requirements.

# 8. Corporate Social Responsibility (CSR)

Rane Foundation, a public charitable trust founded in the year 1967, is the lead for implementing Rane Group's CSR initiatives. The Company's CSR vision is 'to be a socially and environmentally responsible corporate citizen'. The Company continues to focus on four thrust areas for its CSR activities – Education, Healthcare, Environment and Community Development. In FY 2021-22, the Group implemented several projects by primarily focusing on Education and Healthcare.

Rane Group companies contribute to various sustainability initiatives to improve the quality of life for the local communities. All the 27 manufacturing plants maintain the highest standards in continuously reducing industrial waste and pollutants. The company employees volunteer their time, management expertise and execution skills to help make life better for the society.

#### Education:

The Rane Polytechnic, established at Trichy in the year 2011, under the aegis of Rane Foundation has stepped into its eleventh academic year. The institution was accredited by the National Board of Accreditation (NBA) for its Diploma in Mechanical Engineering program in 2017 and re-accredited for 3 years till 2022 in 2019-20. Over the last few batches, 1700 students have completed their diploma program, and 175 students will complete the program in the academic year 2021-22. 100% of the students who opted for placements were placed through campus interviews.

The Rane Vidyalaya, established at Trichy in the year 2018 under the aegis of Rane Foundation has stepped into its fourth academic year. Rane Vidyalaya was recognized by Directorate of School Education, Tamil Nadu in 2018 and is affiliated to the Central Board of Secondary Education, New Delhi. In 2021-22, it reached a student strength of 459 in its fourth year of operations, operating from LKG to VII standard proving the need for a quality school in rural area.

#### Healthcare:

Rane Foundation and companies made significant contribution towards COVID relief measures to various relief funds and NGOs.

# 9. Internal Control Systems

The Company has put in place a robust internal control system to prevent operational risks through a framework of internal controls and processes. These controls ensure that the business transactions are recorded in a timely and complete manner in the financial records, resources are utilised effectively and the assets are safeguarded.

The internal audit function is outsourced to a professional firm of independent assurance service providers. The Audit Committee and the Board in consultation with the internal auditors, statutory auditors and operating management approve the annual internal audit plan. The scope also covers the internal financial controls and internal controls over financial reporting. The internal audit findings are placed before the Audit Committee at each of its quarterly meetings for review. The management's responses and counter measures are discussed in the Audit Committee meetings. This process ensures robustness of the internal control system and compliance with laws and regulations including resource utilization and system efficacy.

# 10. Cautionary statement

The information and opinion expressed in this Report may contain certain forward-looking statements, which the management believe are true to the best of its knowledge at the time of its preparation. Actual results may differ materially from those either expressed or implied in this report.

## Overview of projects implemented during FY 2021-22

The Company contributed to Rane Foundation (RF), the CSR arm of Rane Group, which primarily focuses on Education and Healthcare during the FY 2021-22.

## Education

The Rane Polytechnic, established at Trichy in the year 2011, under the aegis of Rane Foundation has stepped into its eleventh academic year. The institution was

accredited by the National Board of Accreditation (NBA) for its Diploma in Mechanical Engineering program in 2017 and re-accredited for 3 years till 2022 in 2019-20. Over the last few batches, 1700 students have completed their diploma program, and 175 students will complete the program in the academic year 2021-22. 100% of the students who opted for placements were placed through campus interviews.

The Rane Vidyalaya, established at Trichy in the year 2018 under the aegis of Rane Foundation has stepped into its fourth academic year. Rane Vidyalaya was recognized by Directorate of School Education, Tamil Nadu in 2018 and is affiliated to the Central Board of Secondary Education, New Delhi. In 2021-22, it reached a student strength of 459 in its fourth year of operations, operating from LKG to VII standard proving the need for a quality school in rural area.

## Healthcare:

Rane Foundation and companies made significant contribution towards COVID relief measures to various relief funds and NGOs.

# CORPORATE GOVERNANCE REPORT

# 1. Philosophy on Code of Governance

The Rane Group's time tested philosophy of Governance is based on principles of integrity, transparency and fairness. The Rane businesses seek enhancement of shareholder value within this framework. Directors' code of conduct and employee behaviour is nourished by this culture and is governed through a policy document "Ethical Standards of Behaviour - RANE COMPASS".

Rane Group, being a good corporate citizen, complies and abides by the laws and regulations of the land, both in letter and spirit. Our belief in good corporate citizenship enshrined in the Company's Code of Conduct, its policies, compliance with law and robust internal control systems, which are subjected to regular assessment, drives its effectiveness, reinforces integrity of management and fairness in dealing with all the stakeholders. This meets with all statutory and regulatory compliance including those under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, (SEBI LODR).

The Company recognises the rights of all its stakeholders and encourages co-operation between the Company and its stakeholders to enable their participation in the corporate governance process as enshrined in the Ethical Standards of Behaviour - RANE COMPASS.

#### 2. Board of Directors

## Composition, Attendance & Meetings

As on March 31, 2022, the Board comprises of Six (6) Directors including one Executive Chairman, one Executive Vice-Chairman and more than 50% of them being Independent Directors. There are no Alternate Directors on the Board. The Woman Director of the Company is an Independent Director. The composition of the Board is aimed at maintaining an appropriate

balance of skills, background, experience and knowledge of the Board for guiding the Company in achieving its objectives in a sustainable manner and the composition of the Board at end of FY 2021-22 is in conformity with Regulation 17 of SEBI LODR.

To the best of our knowledge and information furnished to the Board, total Directorships held by the Directors are within the limits prescribed under Section 165 of the Companies Act, 2013 read with Regulation 17A of SEBI LODR. None of the Independent Directors serve as Independent Director in more than seven (7) listed companies and where any Independent Director is serving as Whole-Time Director in a listed Company he / she serves as Independent Director in not more than three (3) listed Companies. Similarly, none of the Directors on the Board is a member of more than 10 Committees or Chairperson of more than 5 Committees across all listed and unlisted public Companies in which he / she is a Director in terms of Regulation 26 of SEBI LODR. The Directors periodically notify the Company about changes in the Directorship(s) / Committee position(s) as and when they take place.

During the FY 2021-22, the Board met six (6) times on May 27, 2021, August 06, 2021, November 02, 2021, December 29, 2021, February 08, 2022 and March 31, 2022 and requisite quorum was present throughout these meetings. Wherever required, the Company facilitates the participation of the Directors in Board / Committee meetings through video-conferencing or other audio visual means. The details of the Directors on the Board, their attendance at Board Meetings and Annual General Meeting held during the year, the number of Directorships and Committee member / Chairman position(s) held by them in other public companies as on March 31, 2022 are given below:

1. Does the Company have specified programmes/ initiatives/projects in pursuit of the policy related to Principle 8? Y/N. If Yes, details thereof.

Yes. The Rane Group of Companies primarily channelize their CSR initiatives through Rane Foundation. Through Rane Foundation the Company has established Rane Polytechnic at Trichy. The institution offers quality technical education and sustainable development to the rural youth. Rane Foundation is also setting up Rane Vidyalaya at Trichy. The school aims to provide a conducive learning environment to children and will develop qualified teachers and staff.

2. Are the programmes/projects undertaken through inhouse team/own foundation/external NGO/ Government structures/any other organization?

The projects are undertaken primarily through Rane Foundation. However, the Company also undertakes projects on its own as well as works in partnership with specialist organisations.

3. Have you done any impact assessment of your initiative?

No formal impact assessment was carried out. However, Rane group Companies have financially supported the various CSR initiatives of Rane Foundation. The Rane Polytechnic, established at Trichy in the year 2011, under the aegis of Rane Foundation has stepped into its tenth academic year. The institution was accredited by the National Board of Accreditation (NBA) for its Diploma in Mechanical Engineering program in 2017 and re-accredited for 3 years till 2022 in 2019-20. The impact of the initiative is visible as over the last four batches, 1,700 students have completed their diploma program. In the current year, 175 students completed their diploma program with 100% campus placement. The institution endeavours to offer quality technical education and sustainable development to the rural youth.

Rane Foundation has embarked on its next major project, a school 'Rane Vidyalaya' in Trichy. The school provides quality education to children in rural neighbourhood. The institution aims to provide a conducive learning environment to children, develop well-qualified teachers and support staff for the continuous improvement, and recognize the diversity of talent amongst children by promoting extra-curricular activities. The school is located in Theerampalayam, Manachanallur Taluk, and Trichy, will offer nursery and primary education to start with, and shall gradually scale to offer up to higher secondary education in due course of time. The school began functioning from the academic year 2018-19 with classes from Nursery to Class II and follows CBSE curriculum. Rane Vidyalaya is recognised by the Directorate of School Education, Tamil Nadu and has applied for affiliation with the Central Board of Secondary Education (CBSE). In 2021-22, it reached a student strength of 459. in its fourth year of operations, operating from LKG to VII standard proving the need for a quality school in rural area. # INDEPENDENT AUDITORS' REPORT

#### To the Members of Rane Holdings Limited

## Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the standalone financial statements of Rane Holdings Limited (the "Company"), which comprise the standalone balance sheet as at March 31, 2022, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

# **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone

Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

# **Emphasis of matter**

We draw attention to Note 2.3.3 of the standalone financial statements, which describes the economic and social consequences / disruption as a result of COVID-19 which impact matters relating to supply chain and customer demand of the subsidiaries and joint venture / associate entities, personnel available for work, being able to access offices etc.

Our opinion is not modified in respect of this matter.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

## The key audit matter

# Impairment of investment in subsidiary - Rane T4u Private Limited

Refer note 7 to the standalone financial statements.

The Company has an investment in subsidiary, Rane T4u Private Limited amounting to INR 4,560 lakhs (gross) as at March 31, 2022. The Company records the investment at cost less accumulated impairment losses. If triggers for an impairment exists, the recoverable value of the investment is estimated in order to determine the extent of the impairment loss, if any.

Due to significant losses incurred by the subsidiary, there is a risk that the carrying value of the investment is higher than its recoverable value as at the year end, thereby triggering impairment. Consequently, the Company carried out an impairment assessment and recognized an impairment loss of INR 1,781 lakhs during the year ended March 31, 2022. (resulting in a cumulative impairment loss of INR 3,338 lakhs and net carrying value of INR 1,222 lakhs).

# How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:

- Assessed the appropriateness of accounting policy for impairment as per relevant accounting standard.
- Assessed the design and implementation of key internal financial controls with respect to impairment of investment in its subsidiary and tested the operating effectiveness of such controls.
- Evaluated the objectivity, independence and competence of the valuation specialist engaged by Company.

# The key audit matter

The determination of the recoverable value of investments, which is based on the fair value less cost to sell, involves significant judgements and estimates including determination of comparable companies and transactions, implied market multiples and projected revenue.

We have identified the assessment of impairment as a key audit matter since it involves significant judgement in making the above estimate especially in view of the highly uncertain economic environment and hence the actual results may differ from those estimated at the date of approval of these financial statements.

## How the matter was addressed in our audit

- Evaluated the appropriateness of the key assumptions used in estimating the recoverable value such as comparable companies and transactions, implied market multiples and projected revenue used in the fair value less cost to sell model. This evaluation was based on our knowledge of the Company, its subsidiary and the industry, and observable market data, past performances, consistency with the Board approved plans and inquiries of the auditors of the subsidiary.
- Evaluated the sensitivity analysis of the key assumptions used in the impairment assessment.
- Involved our valuation specialist to assist us in evaluating the appropriateness of the valuation model, the assumptions and methodologies used by the Company for assessing the recoverable value of the investment in its subsidiary
- Assessed the adequacy of the disclosures relating to impairment of investment in its subsidiary in the standalone financial statements.

#### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises of reports such as Board's report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report (but does not include the standalone financial statements and our auditor's report thereon) which we obtained prior to the date of this Auditor's Report and the remaining sections of Annual report, which are expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this Auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report on the other information that we obtained prior to the date of this Auditors' Report.

When we read the remaining sections of Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

# Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act

with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)
   (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content
  of the standalone financial statements, including the
  disclosures, and whether the standalone financial
  statements represent the underlying transactions and
  events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and

timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

    - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
    - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
    - (ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in note 31.3(e) to the accounts, no funds have been received by the

Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.
- e) As stated in note 18.d to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- (C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

## Annexure B to the Independent Auditor's report

on the standalone financial statements of Rane Holdings Limited for the year ended March 31, 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

#### **Opinion**

We have audited the internal financial controls with reference to financial statements of Rane Holdings Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

#### Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal

financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

# Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

# Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Summary of significant accounting policies, critical judgements and key estimates

#### 1. Corporate Information

Rane Holdings Limited ("RHL" or "the Company") is the holding company whose main activity is investing in Rane group Companies that are engaged primarily in the manufacturing/marketing of components and providing technological services for the transportation industry, mainly the automotive sector. The Rane Group's investment profile includes subsidiaries and Joint venture/associate entities. The Company's income stream comprises of (i) dividend from the investments made in the group companies, (ii) trade mark fee for use of "RANE" trade mark and (iii) service fee from group companies for providing service in the areas of management, information technology, business development and infrastructure. The Company is a public limited Company incorporated in India with its registered office in Chennai, Tamilnadu, India. The Company is listed on the Bombay Stock Exchange Limited, Mumbai and National Stock Exchange of India Limited, Mumbai.

#### 2. Significant accounting policies

#### 1. Statement of compliance and basis of preparation

These standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

#### 2. Basis of measurement

The standalone financial statements have been prepared on the historical cost basis except for the following items:

| Items                                      | Measurement basis                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------|
| Certain financial assets and liabilities   | Fair value                                                                        |
| Net defined benefit<br>(asset) / liability | Present value of defined<br>benefit obligations less<br>fair value of plan assets |
| Certain investments                        | Fair value                                                                        |

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

#### 3. Use of estimates and Judgements

The preparation of the standalone financial statements in conformity with accounting principles generally accepted in India requires the management to make judgements, estimates and assumptions as considered in the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenues and expenses for the year and disclosure of contingent liabilities as of the Balance Sheet date. These estimates, judgement and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about the assumptions and estimates may result in outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

#### 3.1 Judgements

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the standalone financial statements is included in the following notes;

- Note 7 - Impairment testing for investments

#### 3.2 Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are as follows;

#### 3.2.1 Fair value measurements and valuation process

In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. Further details are given in note 41.

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

#### 3.2.2 Impairment of investments

The Company tests whether any of its investments have suffered any impairment on an annual basis. The recoverable value of the investment is determined based on fair value less cost to sell which require the use of assumptions. Refer note 7.

#### 3.2.3 Taxation

Tax expense is calculated using applicable tax rate and laws that have been enacted or substantively enacted. Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws and the amount and timing of future taxable income. In arriving at taxable profit and all tax bases of assets and liabilities, the Company determines the taxability based on tax enactments, relevant judicial pronouncements and tax expert opinions, and makes appropriate provisions which includes an estimation of the likely expected outcome of any open tax assessments / litigations. Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available. Further details are given in note 11, 33 and 35.

#### 3.2.4 Defined benefit plans

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases and mortality rates. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty. Further details are given in note 36.

# 3.3 Estimation of uncertainties relating to the global health pandemic from COVID-19

COVID-19 pandemic has rapidly spread throughout the world, including India. Governments have taken significant measures to curb the spread of the virus including imposing mandatory lockdowns and restrictions on activities. Consequently, the Company's offices had to be closed down / operate under restrictions for a period of time during last year. These measures have an impact on matters relating to supply chain and customer demand of the subsidiaries and joint venture/associate entities, personnel available for work, being able to access offices etc.

The Company has considered the possible effects that may result from the continued effect of the pandemic on the carrying amounts of assets (net of impairment losses), capital and financial resources, profitability, liquidity position, internal financial controls etc. In

developing the assumptions relating to the possible future uncertainties, the Company, as at the date of approval of these financial statements has used internal and external sources of information and based on current estimates expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements dependent on circumstances that evolve in the future. The Company will continue to closely monitor any material changes to future economic conditions.

#### 4. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

#### 5. Financial Instruments

#### i. Initial recognition

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (except trade receivables and contract

(All amounts are in INR lakhs unless otherwise stated)

asset) or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. Trade receivables and contract assets are measured at transaction price as per Ind AS 115.

#### ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost:
- Fair value through OCI debt investment;
- Fair value through OCI equity investment; or
- Fair value through profit and loss

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Financial assets: Subsequent measurement and gains and losses

| Financial assets at FVTPL          | These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss                                                                                                                                                                  |
|------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Financial assets at amortised cost | These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss. |

| Equity investments<br>FVOCI | at | These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.                                          |

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

#### iii. Derecognition

#### Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

#### Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

#### iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

#### 6. Property, plant and equipment

Items of property, plant and equipment are carried at cost, which includes capitalised borrowing costs, less accumulated depreciation and impairment losses, if any. The cost comprises its purchase price net of any trade discounts and rebates, including any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any directly attributable expenditure on making the asset ready for its intended use. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

#### Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

Capital work-in-progress: Assets which are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest (in case of qualifying assets).

Depreciation on property, plant and equipment has been provided on the straight-line method on the basis of estimated useful life determined based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. The useful lives of the assets are as below:

#### FOR THE YEAR ENDED 31 MARCH 2022

Freehold land is not depreciated.

Depreciation method, useful lives and residual values are reviewed at the end of each financial year.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

#### 7. Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in which the expenditure is incurred. The amortisation expense on intangible assets is recognised in the statement of profit and loss. An intangible asset is derecognised on disposal or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Intangible assets which comprise of Software licence has a useful life of 5 years.

#### Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

#### 8. Impairment

#### i. Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held).

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to profit or loss and is recognised in OCI.

#### Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

# ii. Impairment of property, plant and equipment and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its property, plant and equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cashgenerating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit and loss.

#### 9. Borrowings and borrowing costs

Borrowing are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit and loss over the period of the borrowings using the effective interest rate method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

#### 10. Leases

The Company's lease asset classes primarily consist of leases for IT Assets and vehicles. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are

re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented and lease payments have been classified as financing cash flows.

#### 11. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value

#### 12. Cash flow statement

Cash flows from operating activities are reported using the indirect method, whereby profit / (loss) is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated.

#### 13. Foreign currency transactions and translations

#### (i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.

#### (ii) Transactions and balances

In preparing the standalone financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are reinstated at the end of accounting period.

Exchange differences are recognised in profit or loss, except exchange differences arising from the translation of the following items which are recognised in OCI:

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

- equity investments at fair value through OCI (FVOCI);
- qualifying cash flow hedges to the extent that the hedges are effective.

#### 14. Revenue recognition

The Company derives revenues primarily from rendering management and information technology services to the subsidiaries and joint venture/associate entities and from Trade Mark fee in accordance with the terms of the agreements with the Group entities. Revenue is recognized upon transfer of control of promised services to customers (i.e. upon rendering of services) at an amount that reflects the consideration that the Company expects to receive in exchange for those services.

#### Dividend Income

Dividend income is accounted when the right to receive it is established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

#### Other income

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

#### 15. Employee benefits

#### Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

#### Defined contribution plans

#### Provident fund

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or

loss in the periods during which the related services are rendered by employees.

#### Superannuation fund

This is a defined contribution plan, where a portion of the eligible employees' salary, as per the choice exercised by the respective employees, is contributed towards superannuation fund administered by the Trustees and managed by Life Insurance Corporation of India (LIC). There are no further obligations for future superannuation benefits other than the annual contributions which is recognized as expense as and when due.

#### Defined benefit plans

#### Gratuity

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") administered by LIC covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses / gains are recognised in the other comprehensive income in the year in which they arise. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit and loss.

#### Other Long term employee benefits

#### Compensated absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. Those that are expected to be encashed after 12 months from the end of the year are treated as other long-term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

#### 16. Expenditure on Corporate Social Responsibility (CSR)

The Company accounts the expenditure incurred towards Corporate Social Responsibility as required under the Act as a charge to the statement of profit and

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

loss. As at the balance sheet date, an asset / liability is recognized for the difference between the amount spent and the amount required to be spent as per the provisions of the Act.

#### 17. Provisions and contingent liabilities

Provisions: Provisions are recognised when there is a present obligation as result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value unless the effect of time value of money is material. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

#### 18. Taxation

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

#### a. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

#### b. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

#### 19. Financial and Corporate guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and are subsequently measured at the higher of:

 the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

 the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

#### 20. Earnings per share

Basic earnings per share is computed by dividing the profit after tax (including the post tax effect of exceptional items, if any) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit after tax (including the post tax effect of exceptional items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the additional dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

#### 21. Investment in subsidiaries and Joint venture/associates

Investment in subsidiaries and joint venture/associate entities are measured at cost less accumulated impairment as per Ind AS 27.

#### 22. Dividend

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors.

#### 23. Segment reporting

The Company holds strategic investments in subsidiaries and joint venture/associate entities (collectively called "the Group") that are primarily engaged in single segment viz., manufacturing/marketing of components and providing technological services for Transportation industry and also provides consultancy and other services to the Group. Segment reporting information is provided in the consolidated financial statements of the group.

#### 24. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued time to time. On 23 March, 2022,MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

#### Ind AS 16 - Property Plant and equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributabe cost considered as part of cost of an item of property, plant and equipment. The effective date for adoption of this amendmnet is annual period begining on or after 1 April, 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

# Ind AS 37 - Provsions ,Contingent iabilities and Contingent Assets

The amendments specifies that the 'cost of fulfilling' a contract comprieses the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract(examples would be direct labour,materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impat is not expected to be material

#### Ind AS 103 - Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

#### Ind AS 109 - Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

As on 31 March, 2022, the company has compared the carrying value of its investment in a subsidiary with the market value of such investment and noted the need for impairment assessment. Consequently, the management has assessed the recoverable amount of the investment in subsidiary based on the present value of the future cash flows expected to be derived from the investment. The recoverable amount is established to be higher than the carrying amount of investment and hence no impairment was required to be recognised as at 31 March, 2022.

- 7.3 During the year ended 31 March 2022, the Company has acquired 1,80,000 equity shares of Rane Brake Lining Limited ("RBL"), a subsidiary company at prevailing market prices aggregating to ₹1,127 Lakhs through the Open market purchase.
- 7.4 During the year ended 31 March 2022, the Company has acquired 2,45,574 equity shares of Rane t4u Private Limited ("Rt4u"), a subsidiary company for a cash consideration of ₹14 Lakhs from existing shareholders of Rt4u and has acquired 1,63,33,660 equity shares by subscribing to Rights Issue(s) for an aggregate consideration of ₹1634 Lakhs.

As per requirements of Ind AS 36, the Company has assessed the recoverable value of its total investment, loans and other financial assets in its subsidiary and has accordingly recorded for an impairment loss amounting to ₹1,781 lakhs during the year ended 31 March 2022 (31 March 2021 ₹1,557 Lakhs). In order to carry out this assessment, the management determined the recoverable value of investments, based on the fair value less cost to sell model. This involved significant judgements and estimates including determination of comparable companies and transactions, implied market multiples and projected revenue.

The key assumptions used in the estimation of the recoverable value are set out below:

| Assumptions                        |      |
|------------------------------------|------|
| Enterprise value to sales multiple | 1.08 |
| Projected revenue growth rate      | 43%  |

The changes in the following assumptions in isolation of other assumptions and used in the impairment assessment would lead to a change in the fair value less cost to sell and consequently an additional impairment as at 31 March 2022 as noted below:

| Particulars                           | Amount |
|---------------------------------------|--------|
| Decrease in enterprise value to sales | 68     |
| multiple by 10%                       |        |
| Decrease in projected revenue by 10%  | 21     |

- 7.5 On 30 December 2021, the company's transferred 87,383 (nos.) equity shares representing 1% of the total shareholding in ZF Rane Automotive India Private Limited ("ZRAI") a joint venture/associate entity for a consideration of ₹2,016 Lakhs. Corresponding gain from such transfer aggregating to Rs. 1,970 Lakhs has been disclosed as 'Other income' (refer note: 27).
- 7.6 The Company designated the investments shown below as equity investments at FVOCI because these equity instruments represent investments that the Company intends to hold for long-term for strategic purposes.

#### FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

#### 36 Employee benefit plans

#### A. Defined contribution plans

The Company participates in a number of defined contribution plans on behalf of relevant personnel. Any expense recognised in relation to these schemes represents the value of contributions payable during the period by the Company at rates specified by the rules of those plans. The only amounts included in the balance sheet are those relating to the prior months contributions that were not due to be paid until after the end of the reporting period.

#### (a) Provident fund

In accordance with the Employee's Provident Fund and Miscellaneous Provisions Act, 1952, eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary.

The contributions, as specified under the law, are made to the Government.

#### (b) Superannuation fund

The Company has a superannuation plan for the benefit of its employees. Employees who are members of the superannuation plan are entitled to benefits depending on the years of service and salary drawn.

The Company contributes up to 15% of the eligible employees' salary to LIC every year. Such contributions are recognised as an expense as and when incurred. The Company does not have any further obligation beyond this contribution.

The total expense recognised in profit or loss of ₹ 105 Lakhs (for the year ended 31 March 2021: ₹ 96 Lakhs) represents contributions payable to these plans by the company at rates specified in the rules of the plans. As at 31 March 2022, contributions of ₹ 18 Lakhs (as at 31 March 2021: ₹ 16 Lakhs) had not been paid. The amounts were paid subsequent to the end of the respective reporting periods.

#### B. Defined benefit plans

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company makes annual contributions to Life Insurance Corporation of India (LIC). The Company accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation.

The defined benefit plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

| Investment risk | The present value of the defined benefit plan liability is calculated using a discount rate determined        |  |
|-----------------|---------------------------------------------------------------------------------------------------------------|--|
|                 | by reference to government/high quality bond yields; if the return on plan asset is below this rate, it       |  |
|                 | will create a plan deficit.                                                                                   |  |
| Interest risk   | A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset |  |
|                 | by an increase in the return on the plan's debt investments.                                                  |  |
| Salary risk     | The present value of the defined benefit plan liability is calculated by reference to the future salaries     |  |
|                 | of plan participants. As such, an increase in the salary of the plan participants will increase the plan's    |  |
|                 | liability.                                                                                                    |  |

The following table summarises the position of assets and obligations relating to the plans:

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and attrition. The sensitivity analyses have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

# 41.3 Financial risk management

The Company has adequate internal processes to assess, monitor and manage financial risks. These risks include market risk, credit risk and liquidity risk.

# 41.4 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

<sup>\*</sup> Fair value hierarchy (Level 1,2,3)

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

The Company is exposed to equity price risks arising from its investments in equity investments. However all the equity investments in group companies are strategic in nature and held for long term period rather than for trading purposes.

# 41.5 Foreign currency risk management

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company currently does not hedge or use derivative financial instruments to mitigate foreign exchange related risk exposures.

The carrying amounts of the Company's foreign currency denominated monetary assets at the end of the reporting period are as follows:

# 41.5.1 Foreign currency sensitivity analysis

The following table details the Company's sensitivity to a 5% increase and decrease against the relevant foreign currencies. 5% is the sensitivity rate used and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A negative number below indicates a decrease in profit or equity where the Indian Rupee strengthens by 5% against the relevant currency. For a 5% weakening of the Indian Rupee against the relevant currency, there would be a opposite impact on the profit or equity.

# 41.6 Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

# 41.6.1 Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for borrowings at the end of the reporting period. The analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used and represents management's assessment of the reasonably possible change in interest rates.

If interest rate had been 50 basis points higher / lower and all other variables were held constant, the Company's profit for the year ended 31 March 2022 would decrease / increase by ₹35 Lakhs (31 March 2021 ₹ 38 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowing.

# 41.7 Equity price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to equity price risks at the end of the reporting period.

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

If the fair value had been 1% higher / lower, profit for the year ended 31 March 2022 would increase / decrease by ₹45 Lakhs (31 March 2021: ₹ 45 Lakhs) as a result of the changes in fair value of equity investments which have been irrevocably designated at FVOCI.

# 41.8 Credit risk management

The Company's receivables are wholly from its subsidiary companies and Joint venture/associate companies. The Company did not have any history of bad debts in earlier years in respect of the receivables from the subsidiaries associate and Joint venture/associates. Further, the Company has assessed that there is no credit risk and thus no allowance for impairment of trade receivables was required to be recognised.

# 41.9 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

# 41.9.1 Liquidity and interest risk tables

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to

The table below provides details regarding the contractual maturities of financial liabilities including estimated interest payments as at 31 March 2022

# INDEPENDENT AUDITOR'S REPORT

To the Members of Rane Holdings Limited

Report on the Audit of the Consolidated Financial Statements

# Opinion

We have audited the consolidated financial statements of Rane Holdings Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its joint venture / associate entities, which comprise the consolidated balance sheet as at March 31, 2022, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on consolidated financial statements of such subsidiaries and joint venture / associate entities as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its joint venture / associate entities as at March 31, 2022, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

# **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its joint venture /

associate entities in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

# **Emphasis of matters**

We draw attention to:

- (a) Note 9.2 to the consolidated financial statements, relating to one of the equity accounted investee companies, wherein the component auditor has included an emphasis of matter in their audit report on special purpose condensed Ind AS financial statements regarding such entity's management's assessment of the special warranty obligations pending the ongoing discussions and negotiations amongst relevant parties.
- (b) Note 2.5.3 to the consolidated financial statements, which describes the economic and social consequences / disruption as a result of COVID-19 which impact matters relating to supply chain, customer demand, commodity prices, personnel available for work etc.

Our opinion is not modified in respect of these matters.

# **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports other auditors on consolidated financial statements of components audited by them, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# Description of Key Audit Matter

# The key audit matter

# Impairment of assets relating to Rane Light Metal Castings Inc., USA ('LMCA') - a cash generating unit

Refer note 2.12(ii) and 3 to the consolidated financial

The Group has identified LMCA as a separate cash generating unit ('CGU'), which has a carrying value of INR 15,476 lakhs as at March 31, 2022.

Due to significant losses incurred by LMCA, there is a risk that the carrying value of the CGU is higher than its recoverable value as at the year end, thereby triggering the impairment.

The determination of the recoverable value of the CGU, which is based on discounted cash flows, involves significant judgements and estimates, including estimates of revenue growth rate, terminal growth rate, discount rate and also those related to the possible effects of COVID-19.

We have identified the assessment of impairment of CGU as a key audit matter since it involves significant judgement in making the above estimates especially in view of the highly uncertain economic environment and hence the actual results may differ from those estimated at the date of approval of these financial statements.

# How the matter was addressed in our audit

In view of the significance of the matter, we applied the following audit procedures, in this area, among others to obtain sufficient appropriate audit evidence:

- Assessed the appropriateness of accounting policy for impairment as per relevant accounting standard.
- Assessed the design and implementation of key internal financial controls with respect to impairment of CGU and tested the operating effectiveness of such controls.
- Involved our valuation specialist to assist us in evaluating the appropriateness of the valuation model, the assumptions and methodologies used by the Company for assessing the recoverable value of the CGU.
- Evaluated the objectivity, independence competence of the valuation specialist engaged by the Group.
- Evaluated the appropriateness of the key assumptions used in estimating future cash flows such as revenue growth rate, discount rate, terminal growth rate, including the possible effects of COVID-19. This evaluation was based on our knowledge of the Group and the industry, and observable market data, past performances, consistency with the Board approved plans and inquiries of the auditors of the subsidiary.
- Performed procedures in respect of sensitivity analysis of the key assumptions used in the impairment assessment.
- Assessed the adequacy of the disclosures relating to impairment of CGU in the consolidated financial statements.

Recoverability of deferred tax assets recognized in one of the subsidiaries of the Company

Refer note 16 to the consolidated financial statements.

One of the subsidiaries of the Company (Rane Engine Valve Limited) has recognised deferred tax assets on deductible temporary differences, unused tax losses (unabsorbed depreciation) and for unused tax credits (MAT credit), that it believes are recoverable.

The recoverability of recognised deferred tax assets is dependent on the subsidiary company's ability to generate future taxable profits sufficient to utilize the deductible temporary differences and tax losses and to set off the unused tax credits.

Recognition of deferred tax assets has been identified as a key audit matter by the auditor of the subsidiary, due to the inherent uncertainty and significant judgement involved in forecasting the amount and timing of future taxable profits and the reversal of temporary differences, more specifically in light of the economic conditions associated with the nature and duration of Coronavirus (COVID-19) pandemic. In view of the significance of the matter, the auditor of the subsidiary has reported that the following audit procedures were applied, among others to obtain sufficient appropriate audit evidence:

- Reconciling tax losses/ credits and expiry dates to tax
- Assessing the accuracy of forecasts of future taxable profits by comparing the assumptions, such as projected growth rates, with business plans and assessing their consistency with forecasts used for impairment testing purposes appropriately factoring the probable impact of the COVID-19 pandemic; and
- Evaluating the adequacy of disclosures.

# Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises of reports such as Board's report, Management discussion and analysis, Corporate Governance report and Business Responsibility report (but does not include the financial statements and our auditors' report thereon) which we obtained prior to the date of this Auditor's Report and the remaining sections of Annual report, which are expected to be made available to us after that date.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report on the other information that we obtained prior to the date of this Auditor's Report.

When we read the remaining sections of Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

# Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its joint venture / associate entities in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group and of its joint venture / associate entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of

the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its joint venture / associate entities are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to

The respective Board of Directors of the companies included in the Group and of its joint venture / associate entities are responsible for overseeing the financial reporting process of each company.

# Auditor's Responsibilities for the Audit of the Consolidated **Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

■ FINANCIAL STATEMENTS

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture / associate entities to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of such entities or business activities within the Group and its joint venture / associate entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Other Matters

- We did not audit the financial statements of four subsidiaries including a step-down subsidiary, whose financial statements reflect total assets (before consolidation adjustments) of Rs. 93.013 lakhs as at March 31, 2022, total revenues (before consolidation adjustments) of Rs. 108,326 lakhs and net cash flows (before consolidation adjustments) amounting to Rs. 4,604 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (and other comprehensive income) of Rs. 736 lakhs for the year ended March 31, 2022, in respect of two of its joint venture / associate entities, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture / associate entities, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and joint venture / associate entities is based solely on the reports of the other auditors.
- The financial information of three subsidiaries including a step-down subsidiary, whose financial statements/ financial information reflect total assets (before consolidation adjustments) of Rs. 17,438 lakhs as at March 31, 2022, total revenues (before consolidation adjustments) of Rs. 611 lakhs and net cash outflows (before consolidation adjustments) amounting to Rs. 49 lakhs for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. These unaudited financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

# Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 (A) As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate/consolidated financial statements of such subsidiaries and joint venture / associate entities as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
  - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors of the Holding Company taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and joint venture / associate companies incorporated in India, none of the directors of the Group companies, its joint venture / associate companies, incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies and joint venture / associate companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate/consolidated financial statements of the subsidiaries and joint venture / associate entities, as noted in the "Other Matters" paragraph:
- a) The consolidated financial statements disclose the impact of pending litigations as at March 31, 2022 on the consolidated financial position of the Group and its joint venture / associate entities. Refer Note 42.a to the consolidated financial statements.
- b) The Group and its joint venture / associate entities did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended March 31, 2022.
- c) There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies and joint venture / associate companies incorporated in India during the year ended March 31, 2022.
- d) (i) The respective Managements of the Company, its subsidiaries and joint venture / associate entities which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and joint venture / associate entities respectively that, to the best of their knowledge and belief, as disclosed in the note 37.4 to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries and joint venture / associate entities to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries and joint venture / associate entities ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (ii) The respective Managements of the Company, its subsidiaries and joint venture / associate entities which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and joint venture / associate entities respectively that, to the best of their knowledge and belief, as

disclosed in the note 37.5 to accounts, no funds have been received by the Company or any of such subsidiaries and joint venture / associate entities from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries and joint venture / associate entities shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.
- As stated in note 21 to the consolidated financial statements, the Board of Directors of the Holding Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

Further, based on the consideration of the reports of other auditors, the dividend declared or paid during the year by the subsidiary companies and joint venture / associate companies incorporated in India is in compliance with Section 123 of the Act.

With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies and joint venture / associate companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary companies and joint venture / associate companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies and joint venture / associate companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

# Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of Rane Holdings Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, its its joint venture / associate entities, as of that

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, its joint venture / associate entities, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

# Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

# Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial

statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies, joint venture / associate entities in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

# Meaning of Internal Financial controls with Reference to **Consolidated Financial Statements**

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# **Other Matters**

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to three subsidiary companies, two joint venture / associate companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

# Summary of significant accounting policies, critical judgements and key estimates

# 1 Corporate Information

Rane Holdings Limited ("RHL" or "the Company') is the holding company whose main activity is investing and holding strategic investments in subsidiaries (collectively called "the Group") and joint venture / associate entities, that are primarily engaged in manufacturing/marketing of components and providing technological services for the transportation industry, mainly the automotive sector. The Company is a public limited Company incorporated in India with its registered office in Chennai, Tamilnadu, India. The Company is listed on the Bombay Stock Exchange Limited, Mumbai and National Stock Exchange of India Limited, Mumbai.

# 2 Significant accounting policies

# 1. Statement of compliance and basis of preparation

a. These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

# b. Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the respective entities in the Group operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Company's functional currency. All amounts have been rounded-off to the nearest lakhs, unless otherwise indicated.

# 2. Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

| Items                                                                        | Measurement basis                                                                 |
|------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| Certain financial assets<br>and liabilities (including<br>forward contracts) | Fair value                                                                        |
| Net defined benefit<br>(asset)/ liability                                    | Present value of defined<br>benefit obligations less<br>fair value of plan assets |
| Certain investments                                                          | Fair value                                                                        |

All assets and liabilities have been classified as current or non-current as per the Group's normal operating

cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

# 3. Principles of consolidation:

The consolidated financial statements relate to Rane Holdings Limited (referred as "the Company" or "the Holding Company"), its subsidiary companies (collectively referred to as "the group") and the Group's share of profit / (loss) in its joint venture / associate entities.

The Financial statements of the subsidiaries and joint venture / assciate entities used in the consolidation are drawn up to the same reporting date as that of the holding company i.e. 31 March 2022.

# 4. Basis of consolidation

# a. Subsidiaries

Subsidiaries are entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group consolidates the financial statements of the parent and its subsidiaries on a line by line basis, adding together like items of assets, liabilities, income and expenses. Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment.

# b. Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

# c. Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in profit and loss.

# d. Equity accounted investees

Interests in joint venture / associate entities are accounted for using the equity method. They are initially recognized at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit and loss and OCI of equity-accounted investees until the date on which significant influence or joint control ceases.

## Business combination

In accordance with Ind AS 103, the Company accounts for business combinations using the acquisition method when control is transferred to the Group. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognized in OCI and accumulated in equity as capital reserve if there exists clear evidence of the underlying reasons for classifying the business combination as resulting in a bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are generally recognized in profit or loss. Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured subsequently and settlement is accounted for within equity. Other contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognised in profit or loss.

# Use of estimates and Judgements

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in India requires the management to make judgements, estimates and assumptions as considered in the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenues and expenses for the year and disclosure of contingent liabilities as of the Balance Sheet date. These estimates, judgement and associated assumptions are based on historical experience and

other factors that are considered to be relevant. Actual results may differ from these estimates.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about the assumptions and estimates may result in outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

# 5.1 Judgements

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is included in the following notes;

- Note 6 - Impairment testing for goodwill

# 5.2 Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are as follows;

# 5.2.1 Fair value measurements and valuation processes

In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. Further details are given in note 48.

# 5.2.2 Impairment test of non-financial assets (Goodwill)

The Group tests whether goodwill has suffered any impairment on an annual basis. The recoverable amount of the cash generating unit (CGU) is determined to be the fair value less costs to sell in respect goodwill allocated to CGUs represented by the quoted market prices of the underlying listed investment and in the case of others, it is determined based on value-in-use calculations which require the use of assumptions. The calculations use cash flow projections and involves judgements. Further details are given in note 6.

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS.

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

# 5.2.3 Taxation

Tax expense is calculated using applicable tax rate and laws that have been enacted or substantively enacted. Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws and the amount and timing of future taxable income. In arriving at taxable profit and all tax bases of assets and liabilities, the Group determines the taxability based on tax enactments, relevant judicial pronouncements and tax expert opinions, and makes appropriate provisions which includes an estimation of the likely expected outcome of any open tax assessments / litigations. Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available. Further details are given in note 16, 38 and 42.

# 5.2.4 Defined benefit plans

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty. Further details are given in note 39.

# 5.3 Estimation of uncertainties relating to the global health pandemic from COVID-19

COVID-19 pandemic has rapidly spread throughout the world, including India. Governments have taken significant measures to curb the spread of the virus including imposing mandatory lockdowns and restrictions on activities. Consequently, the Group's manufacturing plants and offices had to be closed down / operate under restrictions for a period of time during the year. These measures have an impact on matters relating to commodity prices, supply chain matters, customer demand, personnel available for work and for being available to access offices etc.

The Group has considered the possible effects that may result from the economic and social consequences including the continued effect of the pandemic on the carrying amounts of assets (net of impairment losses), capital and financial resources, profitability, liquidity position, internal financial controls etc. In developing the assumptions relating to the possible future uncertainties, the Group, as at the date of approval of these financial statements has used internal and external sources of information and based on current estimates expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements depending on circumstances that may evolve in the future. The Group will continue to closely monitor any material changes to future economic conditions.

# Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

# **Financial Instruments**

# Initial recognition

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (except trade receivables and contract asset) or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. Trade receivables and contract assets are measured at transaction price as per Ind AS 115.

# Classification and subsequent measurement

# Financial assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- FVOCI debt investment;

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

- Fair value through OCI equity investment; or
- Fair value through profit and loss

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at **FVTPL**:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or EVOCI as described above are

measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

| Financial assets at FVTPL          | These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit and loss. However, see Note 2(7)(v) for derivatives designated as hedging instruments.                                                                                                      |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Financial assets at amortised cost | These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit and loss. Any gain or loss on derecognition is recognised in profit and loss.                  |
| Debt investments at FVOCI          | These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit and loss. |
| Equity investments at FVOCI        | These assets are subsequently measured at fair value. Dividends are recognised as income in profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit and loss.                                          |

liabilities: Financial Classification. subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit and loss. Any gain or loss on derecognition is also recognised in profit and loss. However, see Note 2(7)(v) for derivatives designated as hedging instruments.

# Derecognition

## Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

# Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit and loss.

# Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

# Derivative Financial instruments and Hedge Accounting

The Group holds derivative financial instruments to hedge its foreign currency and interest rate risk exposure. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value and changes therein are generally recognised in profit and loss.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'effective portion of cash flow hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in profit and loss

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in other equity remains there until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to profit and loss in the same period or periods as the hedged expected future cash flows affect profit and loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to profit and loss

# Property, plant and equipment

Items of property, plant and equipment are carried at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises its purchase price net of any trade discounts and rebates, including any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any directly attributable expenditure on making the asset ready for its intended use. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

# Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment.

Capital work-in-progress: Assets which are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest (in case of qualifying assets).

Depreciation on property, plant and equipment has been provided on the straight-line method on the basis of estimated useful life determined based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. The useful lives of the assets are as below:

| Asset                                         | Management<br>estimate of useful<br>life (in years) | Useful life as per<br>Schedule II<br>(in years) |

Freehold land is not depreciated.

Depreciation method, useful lives and residual values are reviewed at the end of each financial year.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit and loss.

# Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. Any gain or loss on disposal of an investment property is recognised in profit and loss.

# 10.1 Goodwill

Goodwill arising on the acquisition of a subsidiary represents the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses. Goodwill is not amortised.

# 10.2 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit and loss as incurred. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit and loss in which the expenditure is incurred. The amortisation expense on intangible assets is recognised in the statement of profit and loss. An intangible asset is derecognised on disposal or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

# Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

Intangible assets are amortised using straightline method over their estimated useful life as follows:

# 11. Non-current assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale in its present condition rather than through continuing use and are measured at the lower of carrying amount and fair value less costs to sell.

Once classified as held-for-sale, property, plant and equipment, intangible assets and investment properties are no longer depreciated or amortised.

# 12. Impairment

# Impairment of financial instruments

The Group recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group is exposed to credit risk.

`When determining whether the credit risk of a financial asset has increased significantly since initial recognition

and when estimating expected credit losses, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

# Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

# Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to profit and loss and is recognised in OCI.

# Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

# Impairment of property, plant and equipment and intangible assets including goodwill

At the end of each reporting period, the group reviews the carrying amounts of its property, plant and equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent

basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Goodwill and intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the combination. Cashgenerating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or cashgenerating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cashgenerating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cashgenerating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit and loss. An impairment loss in respect of goodwill is not subsequently reversed.

# 13. Borrowings and borrowing costs

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are

subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit and loss over the period of the borrowings using the effective interest rate method. Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

# 14. Leases

The Group's lease asset classes primarily consist of leases for land, buildings, plant and equipment, office equipment, vehicles etc. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (i) the contract involves the use of an identified asset (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

ROU assets and lease liabilities are measured based on lease term that includes periods covered by an option to extend the lease when it is reasonably certain that they will be exercised and periods covered by an option

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

to terminate the lease when it is reasonably certain that they will not be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented and lease payments have been classified as financing cash flows.

# 15. Inventories

Inventories are valued at the lower of cost on weighted average basis and estimated net realisable value (net of allowances) after providing for obsolescence and other losses, where considered necessary. The cost comprises of cost of purchase, cost of conversion and other costs including appropriate production overheads in the case of finished goods and work-in-progress, incurred in bringing such inventories to their present location and condition. Trade discounts or rebates are deducted in determining the costs of purchase. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

The comparison of cost and net realisable value is made on an item-by-item basis.

# 16. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

## 16.1 Cash flow statement

Cash flows from operating activities are reported using the indirect method, whereby profit / (loss) is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated.

# 17. Foreign currency

# Transactions and balances

In preparing the consolidated financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All nonmonetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are translated into the functional currency at the exchange rate at the reporting date.

Exchange differences are recognised in profit and loss, except exchange differences arising from the translation of the following items which are recognised in OCI:

- equity investments at fair value through OCI (FVOCI);
- qualifying cash flow hedges to the extent that the hedges are effective.

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

#### Foreign operations

The assets and liabilities of foreign subsidiaries including goodwill and fair value adjustments arising on acquisition, are translated into INR, the functional currency of the Company, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

# 18. Revenue recognition

The Group derives revenues primarily from various products and services related to manufacture and supply of auto components and providing technological services. Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

Revenue is recognized upon transfer of control of promised products or services to customers (i.e. when products are delivered to customers or when delivered to a carrier, as the case may be) at an amount that reflects the consideration that the Group expects to receive in exchange for those products or services. Revenue is reduced for estimated discounts and other similar allowances.

Revenue from services has been recognised as and when the service has been performed.

#### Other income

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

#### 19. Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received. Such grants are valued at fair value at the initial recognition.

Government grants are recognised in profit and loss on a systematic basis over the periods in which the Group

recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred income in the balance sheet and transferred to profit and loss on a systematic basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit and loss in the period in which they become receivable.

#### 20. Employee benefits

#### Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

# Defined contribution plans

#### Provident fund

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit and loss in the periods during which the related services are rendered by employees.

#### Superannuation fund

This is a defined contribution plan, where a portion of the eligible employees' salary, as per the choice exercised by the respective employees, is contributed towards superannuation fund administered by the Trustees and managed by Life Insurance Corporation of India (LIC). There are no further obligations for future superannuation benefits other than the annual contributions which is recognized as expense as and when due.

#### Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit and loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

# Compensated absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. Those that are expected to be encashed after 12 months from the end of the year are treated as other long-term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit and loss in the period in which they arise.

# 21. Expenditure on Corporate Social Responsibility (CSR)

The Group accounts the expenditure incurred towards Corporate Social Responsibility as required under the Act as a charge to the statement of profit and loss account. As at the balance sheet date, an asset / liability is recognized for the difference between the amount spent and the amount required to be spent as per the provisions of the Act.

#### 22. Research & development expenditure

Expenditure on research is recognized as an expense when it is incurred. Expenditure on development which does not meet the criteria for recognition as an intangible asset is recognized as an expense when it is incurred.

Items of property, plant and equipment and acquired intangible assets utilised for Research and Development are capitalized and depreciated in accordance with the policies stated for property, plant and equipment and intangible assets.

# 23. Provisions and contingent liabilities

Provisions: Provisions are recognised when there is a present obligation as result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value unless the effect of time value of money is material. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Provisions for warranty: The estimated liability for product warranties is recorded when products are sold. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise - being typically upto two years. The group accounts for the provision for warranty on the basis of the information available with

the Management duly taking into account the current and past technical estimates.

#### 24. Taxation

Income tax comprises current and deferred tax. It is recognised in profit and loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

#### Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

#### Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit and loss at the time of the transaction;
- temporary differences related to investments in subsidiaries and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

# 25. Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the group are initially measured at their fair values are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

# 26. Earnings per share

Basic earnings per share is computed by dividing the profit after tax (including the post tax effect of exceptional items, if any) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit after tax (including the post tax effect of exceptional items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the additional dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period,

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

#### 27. Dividend

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors.

#### 28. Segment reporting

The Group is engaged in the activities related to manufacture and supply of auto components and providing technological services for transportation industry. The Chief Operating Decision Maker (Board of Directors) review the operating results of the Group as a whole for purposes of making decisions about resources to be allocated and assess its performance, the entire operations are to be classified as a single segment, namely components for transportation industry.

# 29. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued time to time. On March 23, 2022,MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 - Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit and loss but deducted from the directly attributabe cost considered as part of cost of an item of property, plant and equipment. The effective date for adoption of this amendmnet is annual period begining on or after April 1,2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37 - Provsions, Contingent iabilities and Contingent Assets - The amendments specifies that the 'cost of fulfilling' a contract comprieses the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract(examples would be direct labour,materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impat is not expected to be material

Ind AS 109 - Annual Improvements to Ind AS (2021) - The amendment clarifies which fees an entity includes when it applies '10 percent' test of IND AS 109 in assessing whether to derecognise a financial liability. The group does not expect the amendment to have any significant impact in its financial statements.

#### Impairment assessment

The Group tested the assets relating to the Group's entity in the United States (Rane Light Metal Casting Inc.) for impairment. In order to carry out the above assessment, projections of future cash flows of the operating step-down subsidiary based on the most recent longterm forecasts, including selling price as well as volumes are estimated over the next five years. The estimation of sales volumes is based on management's assessment of probability of securing the new businesses in the future, adverse business impact and uncertainties arising due to COVID-19 pandemic to the extent known. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements depending on the circumstances that may evolve in the future.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

| Particulars                   | As at          | As at          |
|-------------------------------|----------------|----------------|
|                               | 31 March 2022  | 31 March 2021  |
| Discount rate                 | 8.20% to 9.20% | 7.80% to 8.80% |
| Terminal value growth rate    | 2.50%          | 2.50%          |
| Budgeted revenues growth rate | 15.38%         | 22.18%         |

Application of sensitivities over the above assumptions would not result in an impairment loss as at the year end.

#### 6.1 Impairment tests for goodwill

For impairment testing the carrying amount of goodwill was allocated to cash generating units as follows:

| Particulars                        | As at 31 March 2022 | As at<br>31 March 2021 |
|------------------------------------|---------------------|------------------------|
| Rane (Madras) Limited ('RML')      | 2,901               | 2,844                  |
| Rane Engine Valve Limited ('REVL') | 3,874               | 3,874                  |
| Rane Brake Lining Limited ('RBL')  | 114                 | 114                    |
| Rane Holdings Europe GmbH          | 2                   | 2                      |
| Rane t4u Private Limited           | 202                 | 365                    |
|                                    | 7,093               | 7,199                  |

The Group tests whether goodwill has suffered any impairment on an annual basis. The recoverable amount of the cash generating unit (CGU) is determined based on fair value less costs to sell in respect of goodwill allocated to CGUs represented by the quoted market prices of the underlying listed investment (being RML, REVL, RBL) using Level 1 inputs. The key level 1 input is the closing market value of each of these CGUs.

- In respect of the goodwill allocated to REVL related CGU, based on the market value of the underlying listed investment as at 31 March 2022, the Group noted a need for an impairment assessment. Consequently, the management has assessed the recoverable amount of the CGU based on the present value of the future cash flows expected to be derived therefrom. The recoverable amount is established to be higher than the carrying amount of CGU and hence no impairment was required to be recognised as at 31 March 2022.
- Goodwill allocated to Rane Holdings Europe GmbH CGU was not significant in comparison to the total carrying value of Goodwill.
- As regards the goodwill allocated to RT4U, the recoverable amount is determined based on the fair value less cost to sell model. This involves significant judgments and estimates including determination of comparable companies and transactions, implied market multiples and projected revenue.

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

The key assumptions used in the estimation of the recoverable value are set out below:

| Assumptions                        |      |
|------------------------------------|------|
| Enterprise value to sales multiple | 1.08 |
| Projected revenue growth rate      | 43%  |

Based on the assessment, management has recorded an impairment of ₹ 163 lakhs for Goodwill allocated to Rane t4u Private Limited.

Note 9.1: On 30 December 2021 the Company transferred 87,383 (nos.) equity shares representing 1% of the total shareholding in ZF Rane Automotive India Private Limited ("ZRAI") for a consideration of ₹2,016 Lakhs. The corresponding gain from such transfer aggregating to ₹1,564 lakhs has been disclosed as Other Income (refer note 30)

Note 9.2: Share of profit/(loss) of Joint Venture/associate entities disclosed in the consolidated financial statements includes the Group's share of exceptional expenditure recorded by Rane NSK Steering Systems Private Limited ('RNSS') for year ended 31 March 2022 amounting to ₹ 7,918 lakhs (31 March 2021: ₹ 8,678 lakhs). This exceptional expenditure was incurred by RNSS towards incremental warranty claims with respect to certain specific lots of products sold by RNSS to one of its customers. These amounts have been determined by the management of RNSS based on technical estimates. RNSS has determined the amount based on technical estimates and is currently in discussions with various parties to determine and conclude on certain aspects that may impact the quantum of the warranty liability. Based on its assessment and pending final outcome of such discussions and negotiations, RNSS believes that the provision carried by them as at 31 March 2022, is adequate.

#### 39 Employee benefit plans

#### A. Defined contribution plans

The Group participates in a number of defined contribution plans on behalf of relevant personnel. Any expense recognised in relation to these schemes represents the value of contributions payable during the period by the Group at rates specified by the rules of those plans. The only amounts included in the balance sheet are those relating to the prior months contributions that were not due to be paid until after the end of the reporting period.

The major defined contribution plans operated by the Group are as below:

#### (a) Provident fund

In accordance with the Employee's Provident Fund and Miscellaneous Provisions Act, 1952, eligible employees of the Group are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees of the Group in India and the Group make monthly contributions at a specified percentage of the covered employees' salary.

The contributions, as specified under the law, are made to the Government.

#### (b) Superannuation fund

The Group entities in India have a superannuation plan for the benefit of its employees. The Group entities in India contribute up to 15% of the eligible employees' salary to LIC every year. Such contributions are recognised as an expense as and when incurred. The group does not have any further obligation beyond this contribution.

The total expense recognised in profit / (loss) of ₹ 1,499 Lakhs (for the year ended 31 March 2021: ₹ 1,426 Lakhs) represents contributions payable to these plans by such entities at rates specified in the rules of the plans.

#### (a) Gratuity

The Group's entities in India have an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. Some of the entities in the Group makes annual contributions to gratuity funds established as trusts or insurance companies. The Group accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation.

The defined benefit plans typically expose the Group to actuarial risks such as investment risk, interest rate risk and salary risk.

| Investment risk | The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government/high quality bond yields; if the return on plan asset is below this rate, it will create a plan deficit. |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest risk   | A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.                                                                 |
| Salary risk     | The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.            |

(All amounts are in INR lakhs unless otherwise stated)

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' line item in the statement of profit and loss.

The remeasurement of the net defined benefit liability is included in other comprehensive income.

# (iv) Risk Exposure

The Group has invested the plan assets with the insurer managed funds. The entire plan assets are managed by Life Insurance Corporation of India (LIC). The data on plan assets has not been furnished by LIC. The expected rate of return on plan asset is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligation.

The estimates of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The expected rate of return on plan assets is based on the composition of plan assets held (through LIC), historical results of the return on plan assets, the Group's policy for plan asset management and other relevant factors.

#### (v) The principal assumptions used for the purposes of the actuarial valuations were as follows:

| Particulars                         | Valuation as at |                 |
|-------------------------------------|-----------------|-----------------|

| Current service cost             | 383             | 355            |
| C. Salary escalation rate +50 BP | 5.00% & 12.50%  | 5.00% & 12.50% |
| Defined Benefit Obligation       | 5,318           | 4,772          |
| Current service cost             | 383             | 356            |
| D. Salary escalation rate -50 BP | 4.00% & 11.50%  | 4.00% & 11.50% |
| Defined Benefit Obligation       | 4,838           | 4,343          |
| Current service cost             | 318             | 295            |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

# In respect of a US subsidiary of Rane (Madras) Limited [Rane Light Metal Casting Inc.]

#### A. Defined contribution plans

Rane Light Metal Castings Inc. has a 401k plan set up for its employees. The contributions payable to these plans by Rane Light Metal Castings Inc. are at rates specified in the rules of the schemes.

The total expense recognised in profit or loss of ₹ 108 Lakhs (for the year ended 31 March 2021: ₹ 114 Lakhs) represents contributions payable to these plans by LMCA at rates specified in the rules of the plans.

#### B. Defined benefit plans

#### Pension -

A participant is eligible for his normal retirement pension after the participant has attained age of 62 and terminates employment. A participant shall receive a monthly benefit payable at normal retirement age equal to:

- \$23:00 multiplied by years of benefit service from December 2003 to 10 October 2005; plus
- \$24:00 multiplied by years of benefit service from October 2005 to 09 October 2006; plus
- \$25:00 multiplied by years of benefit service from 09 October 2006, to 08 October 2007; plus
- \$26:00 multiplied by years of benefit service from 08 October 2007 to 16 December 2010; plus
- \$16:00 multiplied by benefit service after 16 December 2010.

# Disability benefit:

The benefit will be payable in the form of a lifetime pension until the earliest of: recovery, death or normal retirement date.

#### Death benefit:

If a participant dies after he/she has become vested under the Plan but before he/she begins to receive a retirement pension benefit, his/her spouse will receive a 50% survivor benefit if he/she has been married at least one year. The liability with regards to the Plan are determined by the actuarial valuation, performed by an independent actuary, at each balance sheet date using projected unit cost method. Rane Light Metal Castings Inc. contributes all ascertained liabilities to the registered investment companies which are held under a separate trust through custodian, Charles Schwab, as permitted by the Department of Labor, USA.

Rane Light Metal Casting Inc. is exposed to various risks in providing the above pension benefit which are as follows:

Interest rate risk: The plan exposes Rane Light Metal Castings Inc. to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements)

Investment risk: The probability or likelihood of occurrence of losses relative to the expected return on any particular investment

Salary escalation risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

Demographic risk: Rane Light Metal Casting Inc. has used certain mortality and attrition assumptions in valuation of the liability. LMCA is exposed to the risk of actual experience turning out to be worse compared to the assumption

Rane Light Metal Castings Inc. has generally invested the plan assets with the insurer managed funds. The insurance company has invested the plan assets in Government Securities, Debt Funds, Equity shares, Mutual Funds, Money Market Instruments and Time Deposits. The expected rate of return on plan asset is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligation.

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

#### Sensitivity analysis

| Particulars                                         | As at<br>31 March 2022 | As at<br>31 March 2021 |
|-----------------------------------------------------|------------------------|------------------------|
| Projected benefit obligation on current assumptions | 4,847                  | 4,892                  |
| Delta effect of +0.5% change in rate of discounting | (329)                  | (366)                  |
| Delta effect of -0.5% change in rate of discounting | 368                    | 412                    |

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods of assumptions used in preparing the sensitivity analysis from prior years.

#### Defined benefit liability and employer contributions

The weighted average duration of the defined benefit obligation is 10 years. The expected maturity analysis of undiscounted gratuity is as follows:

# 48.1 Capital management

For the purpose of the Group's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Group.

The Group's capital management is intended to create value for shareholders by achieving the long-term and short-term goals of the Group, maintain the Group as a going concern and maintain optimal capital structure.

The Group determines the amount of capital required on the basis of annual operating plan coupled with long-term and strategic investment and expansion plans. The funding needs are met through cash generated from operations, longterm and short-term bank borrowings.

The capital structure of the Group consists of net debt (borrowings offset by cash and bank balances as detailed in notes 23 and 19.a) and total equity of the Group.

The Group monitors the capital structure on the basis of debt to equity, debt to capital employed etc. and the maturity profile of the overall debt portfolio of the Group.

The Group is not subject to any externally imposed capital requirements.

# FOR THE YEAR ENDED 31 MARCH 2022

(All amounts are in INR lakhs unless otherwise stated)

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### 48.4 Financial risk management

The Group has adequate internal processes to assess, monitor and manage financial risks. These risks include market risk, credit risk, equity price risk and liquidity risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance. The primary market risk to the Group is foreign exchange risk. The Group uses derivative financial instruments to mitigate foreign exchange related risk exposures. The Group's exposure to credit risk is influenced mainly by the individual credit profile of each customer and the concentration of risk from the top few customers.

The risk management objective of the Group is to hedge risk of change in the foreign currency exchange rates associated with it's direct & indirect transactions denominated in foreign currency. Since most of the transactions of the Group are denominated in its functional currency (INR), any foreign exchange fluctuation affects the profitability of the Group and its financial position. Hedging provides stability to the financial performance by estimating the amount of future cash flows and reducing volatility.

#### 48.4.1 Market risk

Market risk is the risk that changes in the market prices - such as foreign exchange rates, interest rates and equity prices - will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Group operates on a global platform and a portion of the business is transacted in multiple currencies. Consequently, the Group is exposed to foreign exchange risk through its sales in the United States, European Union and other parts of the world, and purchases from overseas suppliers in different foreign currencies. The Group holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

# 48.5 Foreign currency risk management

The Group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange and option contracts.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

#### 48.5.1 Foreign currency sensitivity analysis

The Group is mainly exposed to US Dollar and EURO currencies. The following table details the group's sensitivity to a 5% increase and decrease against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. The sensitivity analysis includes loans to foreign operations within the Group where the denomination of the loan is in a currency other than the functional currency of the lender or the borrower. A negative number below indicates a decrease in profit or equity where the Indian Rupee strengthens by 5% against the relevant currency. For a 5% weakening of the Indian Rupee against the relevant currency, there would be a opposite impact on the profit or equity.

| Particulars             | Impact on profit or | loss for the year | Impact on total equity as at the end of the reporting period |           |  |  |
|-------------------------|---------------------|-------------------|--------------------------------------------------------------|-----------|--|--|

| EUR                     | -52                 | 52                | -                                                            | -         |  |  |
| GBP                     | -2                  | 2                 | -                                                            | -         |  |  |
| JPY                     | 32                  | -32               | -                                                            | -         |  |  |

In management's opinion, the sensitivity analysis is not a complete reflection of the inherent foreign exchange risk considering the fact that the exposure at the end of the reporting period does not reflect the exposure during the year.

#### 48.5.2 Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign currency forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank or a financial institution. It is the policy of the Group to enter into forward foreign exchange contracts to cover specific foreign currency payments and receipts within a specific range. The Group also enters into forward foreign exchange contracts to manage the risk associated with anticipated sales and purchase transactions ranging from 6 months to one year by covering a specific range of exposure generated. Adjustments are made to the initial carrying amount of nonfinancial hedged items when the anticipated sale or purchase transaction takes place.

The foreign exchange forward and options contracts mature within 12 months. The table below analyses the derivative financial instruments into relevant maturity groupings based on the remaining period as of the Balance Sheet date:

The Group has designated foreign exchange forward contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions. The related hedge transactions for balance in cash flow hedge reserve are expected to occur and reclassified to the Statement of Profit and loss within 3-12 months.

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instruments, including whether the hedging instruments is expected to offset changes in cash flows of hedged items.

If the hedge ratio for risk management purposes is no longer optimal but the risk management objective remains unchanged and the hedge continues to qualify for hedge accounting, the hedge relationship will be rebalanced by adjusting either the volume of the hedging instrument or the volume of the hedged item so that the hedge ratio aligns with the ratio used for risk management purposes. Any hedge ineffectiveness is calculated and accounted for in profit or loss at the time of the hedge relationship rebalancing.

# The reconciliation of cash flow hedge reserve for the year ended 31 March 2022 is as follows:

#### 48.5.3 Interest rate risk management

The Group adopts appropriate policies to ensure that the interest rate risk exposure is at a fixed rate. This is achieved partly by entering into fixed-rate instruments and partly by borrowing at a floating rate.

If interest rate had been 50 basis points higher / lower and all other variables were held constant, the Company's profit for the year ended 31 March 2022 would decrease / increase by ₹ 388 Lakhs (₹ 331 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowing.

# 48.6 Other price risks

The Group is exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Group doesn't actively trade these investments.

#### 48.6.1 Equity price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to equity price risks at the end of the reporting period.

If the fair value had been 1% higher / lower, profit for the year ended 31 March 2022 would increase / decrease by ₹ 45 lakhs (31 March 2021: ₹ 45 lakhs) as a result of the changes in fair value of equity investments which have been

irrevocably designated at FVOCI.

#### 48.7 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the group. Credit risk arises from cash and cash equivalents, investments carried at cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables. The carrying amounts of financial assets represent the maximum credit risk exposure.

The Group's trade and other receivables consists of a large number of customers, across geographies, hence the Group is not exposed to concentration risk.

#### 48.7.1 Expected credit loss for investments, loans and security deposits

The estimated gross carrying amount of default is Nil (31 March 2021: Nil) for investments, loans and deposits. Consequently there are no expected credit loss recognised for these financial assets. The credit risk on derivative financial instruments is limited because the counterparties are banks with high credit-ratings.

#### 48.7.2 Expected credit loss for trade receivables under simplified approach

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience based on: a) Past trend of outstanding receivables over a rolling period of past 24 months and b) actual amount of outstanding receivables as on the reporting date.

#### 48.8 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the respective board of directors, which has established an appropriate liquidity risk management framework for the management of the respective company's short-term, medium-term and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

# 48.8.1 Liquidity and interest risk

The following tables detail the Group's remaining contractual maturity with agreed repayment periods. The below information has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate at the end of the reporting period. The contractual maturity is based on the earliest date on which the Group may be required to pay.

The table below provides details regarding the contractual maturities of financial liabilities including estimated interest payments as at 31 March 2022
