AI/ML opens up several new areas for performing feature extraction, georeferenced data analysis, spatial change detection and what-if analysis for micro-level Urban Planning, Transportation, Water and Food Security, Climate Change, Forestry and Mining.

Dear Shareholders,

This year was a pivotal year for your company. We crossed an important milestone and along the way also added many firsts to our portfolio of customers and markets.

Your company continues to be the leading Geospatial technology partner for customers in both public and private sectors and the work we deliver has helped government serve citizens better and businesses grow.

By 2025, one in every four new vehicles manufactured would be an autonomous vehicle. This is just one of the many rapidly changing aspects of how people are commuting, travelling, and working, which will have an impact on how smart cities of the future are built. Your company has been at the vanguard of developing and testing the basic building blocks of Autonomous Driving infrastructure. Through our partnerships and investment in technology innovation, your company is uniquely positioned to benefit from the advent of smart mobility.

Geospatial technologies also finding its rightful place in the development of artificial intelligence (AI) and machine learning (ML) technologies, providing a geo context to the content and algorithms. Your company continues to invest in innovation in AI and ML and we have made some good progress in the way we use these

Geospatial technology has one of the biggest impact on building of smart infrastructure. The accurate topographic surveys and models delivered by your company has enabled designing and constructing new roads, utility networks, telecom networks and smart cities

technologies for driving internal efficiencies and opening up new business opportunities. AI/ML opens up several new areas for performing feature extraction, geo referenced data analysis, spatial change detection and what-if analysis for micro-level Urban Planning, Transportation, Water and Food Security, Climate Change, Forestry and Mining.

Geospatial data is also one of the foundational elements of virtual reality (VR) development. Your company has seen some early success in immersive experience by presenting the geospatial data related to urban and infrastructure such that it becomes an essential element of government decision and policy making processes.

Geospatial data use has expanded beyond traditional consumers and is adding value to the retail, food security, healthcare, and financial markets, to name a few. Big data efforts in analysing large geospatial datasets in conjunction with other data analysis will open new, unexplored territories and a plethora of opportunities for your company.

Across the world, there is a growing focus on empowering the design and construction of smart cities, smart infrastructure and smart utilities. Closer home in India, we are witnessing a period of significant investment in infrastructure development. Geospatial technology has one of the biggest impact on building of smart infrastructure. The accurate topographic surveys and models delivered by your company has enabled designing and constructing new roads, utility networks, telecom networks and smart cities.

I am quite excited about the future possibilities and confident of reinforcing our position as the dominant player in the Geospatial industry in India and overseas.

Regards,  
Sajid Malik

# OUR SERVICES

## HIGH DEFINITION NAVIGATION MAPPING

Genesys is one of the few companies in the world with end to end capabilities in creating the next generation of navigation maps .

As the smartphone created a huge ecosystem for the usage of navigation maps - smart cars will drive the next demand for machine readable maps .

Autonomous driving requires high definition maps made with technologies like LIDAR and image recognition - which Genesys specialises in .

## GEOSPATIAL ENGINEERING

Genesys specializes in the generation, manipulation, management, and maintenance of data for GIS and other information management systems, and offers the full range of services necessary for successful geospatial data implementation.

These services are provided to various local, state and federal government agencies; large utility companies; and the private sector.

Our services are based on over twenty years experience in photogrammetric mapping; GIS consulting & data conversion; and geospatial information technology (IT).

**Consulting:** Genesys offers strategic and result-oriented Geospatial Consulting Services backed by an experienced team of geospatial professionals. Our services include Mapping/GIS Needs Assessments, QA/QC Analysis and Project Design.

## LiDAR ENGINEERING

---

LiDAR (Light Detection And Ranging) has become an established method for collecting very dense and accurate elevation values.

This active remote sensing technique is similar to radar but uses light pulses instead of radio waves.

### **Mobile LiDAR Survey and Mapping :**

Genesys is a pioneer in offering Mobile Mapping survey in India and has the country's largest fleet of mobile mapping units including sizeable number of High Definition (LiDAR) scanning systems.

### **Terrestrial LiDAR Survey and Mapping:**

Terrestrial laser scanning provides highly accurate, three-dimensional images enabling engineers to experience and work directly with real-world conditions by viewing and manipulating rich point-clouds in computer - aided design software.

### **Aerial LiDAR Scanning and Mapping:**

Aerial LiDAR typically involves scanning from an airplane or helicopter fitted with suitable laser scanner and is usually carried out for mapping large areas.

Genesys partners with expert Aerial LiDAR survey companies for aerial laser scanning and has an in-house team of experienced aerial LiDAR processing professionals.

## SOFTWARE DEVELOPMENT

---

Genesys has been in the forefront of designing and developing complex location based products and solutions for enterprises, government and consumers. Additionally, Genesys also has proven experience in executing end-to-end enterprise GIS projects using both open source and industry popular GIS platforms.

Remote e-voting facility will be provided by Central Depository Services Limited (CDSL).
- The instructions for e-voting are as under:
- A. The shareholders of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date viz. Thursday, September 20, 2018 may cast their vote electronically.
  - B. A shareholder can opt for only one mode of voting i.e. remote e-voting or voting through ballot or voting at venue of AGM. In case a shareholder votes through remote e-voting as well as sends his/ her vote through ballot form, the vote cast

through remote e-voting shall be considered and the voting through physical ballot shall not be considered by the scrutinizer.

- C. The shareholders who have cast their votes either through remote e-voting or ballot shall be entitled to attend the meeting, however, shall not be allowed to cast their vote again at the venue of the annual general meeting.
- D. The shareholders shall have one vote per equity share held by them. The facility of e-voting would be provided once for every folio/ client id, irrespective of the number of joint holders.
- E. The Company has appointed Mr. Sanam Umbargikar of M/s DSM & Associates, Company Secretaries in Practice (CP No 9394), as the Scrutinizer for conducting the e-voting process in a fair and transparent manner.
- F. The Scrutinizer shall immediately after the conclusion of the voting at the Annual General Meeting, first count the votes cast at the Annual General Meeting, thereafter unblock the votes cast through remote e-voting in the presence of at least 2 (Two) witnesses not in the employment of the Company. The Scrutinizer shall submit a consolidated Scrutinizer's Report of the total votes cast in favour of or against, if any, not later than 3 (Three) days after the conclusion of the Annual General Meeting to the Chairman of the Company
- G. The voting results of annual general meeting shall be declared by the Chairman or his authorized representative or anyone Director of the Company on/ or after annual general meeting within the prescribed time limits.
- H. The result of voting will also be placed at the website of the Company viz. [www.igenesys.com](http://www.igenesys.com) and also on [www.cdslindia.com](http://www.cdslindia.com).
- I. The scrutinizer's decision on the validity of all kinds of voting will be final.

## Instructions for Remote E-Voting

- I. The remote e-voting period will commence at 9.00 a.m. on Monday, September 24, 2018 and will end at 5.00 p.m. on Wednesday, September 26, 2018.
- II. During this period the eligible Members of the Company, holding shares either in physical form or in dematerialized form, may cast their vote electronically. The e-voting module shall be

disabled by CDSL for voting thereafter.

- III. The shareholders should log on to the e-voting website [www.evotingindia.com](http://www.evotingindia.com).
- IV. Click on Shareholders / Members

### 3. COMPANY OPERATIONS AND FUTURE OUTLOOK:

Genesys' business of Geospatial Services is spread almost equally between public and private sector. We forecast a robust demand for Geospatial Services in infrastructure development projects undertaken by Central and various State Governments in India.

On the industries front, Genesys is focused on Road, Telecom, and Urban sectors which has seen the high spend on GIS services, while it continues to explore new sunrise sectors of Water, Power, Crop Insurance and Mining. Genesys comprehensive services portfolio and investment in IP-based product platforms enables it to uniquely position itself as a premier partner in transformative initiatives undertaken by its customer.

Company's international focus has paid off as the share of international business in its revenue is expected to grow even further. The quality of revenue has also improved due to a steady international client base contributing to annuity revenues. The Company has been able to maintain its leadership position with rising international revenue.

On the productivity front, the company continues to invest in development of tools and process improvement which had helped decouple the revenue from resource ramp ups. Investments in Image recognition, Artificial Intelligence, Machine Learning, has begun bearing fruit and also opened up new business opportunities that require data processing and production in large volumes.

On a Standalone basis, your Company registered a total turnover of ₹ 11,888.74 lacs for the year as compared to 7,668.10 lacs in the previous year. The profits after tax stood at ₹ 3,100.49 lacs in the year 2017-18.

## 4. Risk Management

Your Company has an adequate risk management policy in place to mitigate risks arising out of the operations of the Company. The Company does not have a formal risk management committee in place due to in-applicability of Regulation 21 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015. However, the matters affecting the workings of the Company in terms of risks are rightly addressed by the Board as when necessary.

The criteria for applicability of Regulation 21 of the SEBI (LODR) Regulations, 2015 is to the top 100 listed entities, determined on the basis of market capitalisation as at the end of immediate previous financial year.

## 5. CODE OF CONDUCT

The Company has laid down a Code of Conduct under Regulation 26 of the SEBI (LODR) Regulations, 2015 for all its Board Members and Senior Management Personnel for avoidance of conflicts of interest. A copy of the Code of Conduct, which explicitly outlines the rights and responsibilities of Directors and Senior Management Personnel, is also available on the Company's website ([www.igenesys.com](http://www.igenesys.com)).

There were no financial and commercial transactions, in which Board Members and Senior Management Personnel had personal interest, which could lead to potential conflict of interest with the Company during the year.

The declarations with regard to compliance with the Code of Conduct have been received for the year 2017-18 from all the Board Members and Senior Management Personnel. A declaration signed by the Chairman and Managing Director of the Company, regarding affirmation of the compliance with the Code of Conduct by the Board Members and Senior Management Personnel is appended at the end of this report.

## 6. CODE FOR PREVENTION OF INSIDER TRADING PRACTICES

In accordance with The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, the Company had in place a Code of Conduct for Prevention of Insider Trading. Pursuant to the said Regulations, the Company has formulated 'Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information' and 'Code of Conduct to Regulate, Monitor and Report Trading by Insiders'.

The Company Secretary acts as Compliance Officer pursuant to this Code under the supervision of the Board for setting forth procedures and implementation of the Code for trading in Company's securities.

During the year under review, your Company has duly complied with the Code.

## 7. COMPANY'S POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION AND OTHER ATTRIBUTES

The Company appoints Non-Executive Directors, who possess high integrity with relevant expertise and experience so as to have a diverse Board. In case of appointment of Independent Directors, the Nomination & Remuneration Committee satisfies itself with regard

to the independent nature of the Directors vis-a-vis the Company so as to enable the Board to discharge its functions and duties effectively. The said Committee ensures that the candidate identified for appointment as a Director is not disqualified for appointment under the provisions of the Companies Act, 2013 and SEBI (LODR) Regulations, 2015.

The Nomination & Remuneration Committee considers the following attributes / criteria whilst recommending to the Board the candidature for appointment as a Director:

Qualification, expertise and experience of the Directors in their respective fields;

Personal, Professional or Business standing;

Diversity of the Board;

In case of re-appointment of Non-Executive Directors, the Board takes into consideration the performance evaluation of the Director and his engagement level.

On appointment, the concerned Director is issued a Letter of Appointment setting out in detail, the terms of appointment, duties, responsibilities and expected time commitments.

## 8. EVALUATION OF BOARD'S PERFORMANCE AND MEETING OF INDEPENDENT DIRECTORS

Pursuant to the provisions of the Companies Act, 2013 and the SEBI (LODR) Regulations, 2015, the Board has to carry out an annual performance evaluation of its own performance, and that of its Committees and individual directors. Schedule IV to the Companies Act, 2013 also stipulates that, the performance evaluation of the Independent Directors shall be done by the entire Board, excluding the director being evaluated.

The Nomination & Remuneration Committee of the Board is entrusted with the responsibility to formulate criteria for evaluation and evaluate the performance of the Independent Directors and also of the Board of Directors. The Board also individually evaluates annual performance of its own, of its Committees and individual directors thereof.

The performance evaluation of the Chairman was carried on the grounds of Qualification, Experience, Effectiveness, Leadership, Knowledge, Competency and on the basis of performance of the Company vis-a-vis the Chairman of the Company.

The Independent Directors were evaluated on additional criteria of independence and applicability of independent views and judgment in the decision-

making process of all matters considered important.

The exercise of Board's Evaluation was carried out through a structured evaluation process covering various aspects of the Boards functioning such as diversity in composition of the Board & Committees, its roles & responsibilities, experience & competencies, performance of specific/general duties & obligations and various other governance issues etc. The performance evaluation of Non-Independent Directors was carried out by Independent Directors at a separately convened meeting, where performance of the Board as a whole was evaluated and reviewed.

## 9. FAMILIARISATION PROGRAMME

Your Company has in place a familiarisation programme to enable the Independent Directors to understand the Company's business and operations in depth and to familiarize them with the process and functionalities of the Company and to assist them in performing their role as Independent Directors of the Company. The senior management makes presentation periodically to familiarise the Independent Directors with operations and functions of the Company.

## 10. RELATED PARTY TRANSACTION POLICY

All transactions entered into with Related Parties as defined under the Companies Act, 2013 and SEBI (LODR) Regulations, 2015 during the financial year were in the ordinary course of business and on an arm's length pricing basis and do not attract the provisions of Section 188 of the Companies Act, 2013. The Related Party Transactions are placed before the Audit Committee for their approval.

There were no materially significant transactions with related parties during the financial year which were in conflict with the interest of the Company. Suitable disclosure as required by the Accounting Standards (AS18) has been made in the notes to the Financial Statements.

The Board has approved a policy for related party transactions which has been uploaded on the Company's website i.e. [www.igenesys.com](http://www.igenesys.com)

## 11. POLICY FOR DETERMINING MATERIAL SUBSIDIARY

There is no material non-listed Indian Subsidiary

Company requiring appointment of Independent Director of the Company on the Board of Directors of the Subsidiary Company. The requirements of SEBI (LODR) Regulations, 2015 w.r.t. Subsidiary company have been complied with.

The Board has approved a policy for determining material subsidiaries which has been uploaded on the Company's website [www.igenesys.com](http://www.igenesys.com)

## 12. WHISTLE BLOWER POLICY / VIGIL MECHANISM

With the rapid expansion of business in terms of volume, value and geography, various risks associated with the business have also increased considerably. One such risk identified is the risk of fraud & misconduct. The Company has stayed true to its values of strength, performance and passion by forming Whistle Blower Policy / Vigil Mechanism. The Policy ensures that strict confidentiality is maintained whilst dealing with matters of fraud and mismanagement and also that no discrimination will be meted out to any person for a genuinely raised matter. The said policy has been uploaded on the Company's website [www.igenesys.com](http://www.igenesys.com).

It is also hereby affirmed that no personnel have been denied access to the member of the Audit Committee of the Company.

## 13. DISCLOSURES

## MANAGEMENT DISCUSSION AND ANALYSIS

### Industry Overview and Developments

As the world has become more mobile and technologically more developed, the need to locate people, places and things to derive useful information from location has gained increased importance. New geospatial techniques are being evolved to address the conventional problems more effectively in less time. The geospatial industry and its users are now aggressively testing these techniques to embrace them into the mainstream workflows of the organizations. The ability to visualize geographic data is becoming a standard and required part of many businesses. The rate of adoption of geospatial technology by new agencies continues to grow. The popularity of the location based searches for navigation purposes in web and mobile devices and growing demand of the location attributes in the social media platforms are testimony of the same.

### Global Outlook of Geospatial Industry

Demand for geospatial products is driven by an increasing global need for geographically correlated information. Digital technologies comprising of cyber-physical systems are dominating the industry. As per PWC the industry is witnessing growing demand of mobile devices, cloud computing, augmented reality and wearable technologies, multilevel customer interaction and profiling, big data analytics and advanced algorithms, smart sensors, advanced human-machine interfaces, Internet of Things platforms, blockchains, drones, robots, and location-detection technologies. Location is a common denominator in all of these technologies that can be leveraged for better understanding of the patterns and relationships. Decision making in the businesses are largely influenced by utilizing the intelligence of location. The acceptance is growing and providing a positive atmosphere for the industry. Spatial technologies will continue to operate collectively with most of these technologies to offer substantial value in new applications, many of which are perhaps not yet realized.

Broadly the geospatial technologies can be grouped into GIS/ Spatial Analytics (Desktop, Web/Cloud, Mobile), GNSS & Positioning (Navigation; Indoor positioning; Surveying), Earth Observation (Satellite remote sensing; Aerial mapping; Drones) and Scanning (LiDAR; Laser scanning; Radar). These technologies are used in isolation or in combination in different sector specific vertical domains like Urban, transport, infrastructure, mining, agriculture etc. to address the needs of the markets.

### Projects / initiatives undertaken by Genesys

During the financial year Genesys executed several challenging and interesting projects for its domestic and International customers. Genesys was the first company in India to venture into LiDAR Engineering and Data Processing and has invested into sizeable number of High Definition (LiDAR) scanning systems. Today, it has one of the largest LIDAR acquisition and processing capabilities in the world. Genesys executed many domestic and international projects during the financial year.

### Challenges and Opportunities

The global economy is facing massive disruption from digital technologies. Geospatial data is dynamic in nature and requires periodic updates as there are continuous changes in the real world. Unless it is project specific task, the data creation activity is not a onetime process. Without regular maintenance, the whole exercise of geospatial data creation becomes useless after a period. Therefore for large scale mapping in multiple disciplines, access to the latest satellite imagery/ fresh data acquisition through aerial or terrain survey techniques is required.

Though the GIS market in India has numerous growth drivers, market growth is curtailed by certain challenges. Lack of clarity in certain government geospatial policies pertaining to data acquisition and dissemination and its associated rules and regulations are delaying the market growth. Very high resolution datasets requires statutory clearances from the competent authorities and takes relatively long time. Aerial survey provides better quality data acquisition but the process to get the required permissions to fly in specific area of interest is also takes long time due to strict security processes followed by the government resulting into the delays to the time bound projects.

High initial set-up capital costs of the system and lack of authentic spatial data are the major factors restraining the growth of the domestic GIS market. For delivery of the projects which are low in the value chain, readily available human resources are not available. Industries need to impart trainings to the deliver quality products to its customers. Moreover, skill development of the workers and high maintenance costs of the database are the key factors limiting the adoption of these systems by small- and medium-scale industries.

The government, enterprises and the public are the three main users of geospatial information and applications. The government is the main user of most large geospatial information projects. Large enterprises are investing in creation of GIS datasets and integrating them into their organizational business work flow. The largest demand is for GIS data and with the opening up of the Indian economy, there is a great demand for Infrastructure Services. The major promising segments in India are urban, telecom, transport and infrastructure segments. Digital city construction and public geo information services strongly influence the development of the geo information industry.

The sectors of Telecom route mapping and urban property/ building taxations using emerging geospatial technology is gathering momentum. The focus of Genesys is to build capabilities in the areas of BIM and GIS integration. City GML is an important driver and Genesys is building its capability and capacity by virtue of its practice in ongoing projects. Cloud technology, open data, COTS and Open source software features and functionalities are being explored to add more value to the customers. Data acquisition through LiDAR mounted UAV and usage of the Internet of Things (IoT) are in the pipeline. Emphasis is laid on African and European geography to explore with the key offerings of Genesys in the sectors of Agriculture, mining and urban planning.

#### **Internal Control System and its adequacy**

The Company has requisite control process and systems in place to ensure effective and efficient monitoring of its operations, which are reviewed at periodic intervals in view of the growth and complexity in the nature of Company's business. Such processes and systems cover all the areas

of Company's operations, namely production/operations, purchase, sales, support services, etc. All our development centers, two in Mumbai and one in Bangalore are ISO 9001:2008 certified and subject to various audit process to ensure compliance. Considering the nature and size of the operations of the Company, the management believes, necessary internal control processes are in place and adequate to take care of the current need.

## ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Genesys International Corporation Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding

of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal

financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control

stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# NOTES FORMING PART OF FINANCIAL STATEMENTS

## FOR THE YEAR ENDED MARCH 31, 2018

### 1. Company's Background

Genesys International Corporation Limited (herein after referred as 'Company' or 'GICL') is engaged in providing Geographical Information Services comprising of photogrammetry, remote sensing, cartography, data conversion, state of the art terrestrial and 3D geo-content including location and other computer based related services.

The company is a public limited company incorporated and domiciled in India and has its registered office at Mumbai, Maharashtra.

The company has its Equity Shares listed on Bombay Stock Exchange and National Stock Exchange.

Authorisation of Financial Statements: The Financial Statements were authorized for issuance in accordance with a resolution of the Board of Directors in its meeting held on 30th May, 2018.

### 2. Significant Accounting Policies

#### A) Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as Ind-AS) notified under section 133 of Companies Act, 2013, read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act and rules there under.

These financial statements for the year ended 31st March, 2018 are the first financials with comparatives, prepared under Ind AS. For all previous periods including the year ended 31st March, 2017, the Company had prepared its financial statements in accordance with the accounting standards notified under section 133 of the Companies Act, 2013, read with Rule 7 of Companies (Accounting Standards) Rules, 2014(as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The Financial Statements have been prepared under historical cost convention basis except for certain financial assets and financial liabilities measured at fair value (refer accounting policies for financial instruments).

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an

existing accounting standard requires a change in the accounting policy hitherto in use.

The Company's financial statements are presented in Indian Rupees (₹), which is also its functional currency

#### B) Use of Estimates and Judgments:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

#### Critical estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognized prospectively. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- Estimation of Defined benefit obligation
- Estimation of current tax expenses and Payable
- Useful lives of property, plant and equipment
- Employee stock option compensation expenses and payable

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### C) Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/ non-current classification.

All the assets and liabilities have been classified as current/non-current as per the Company's normal operating cycle and other criteria set out in Division II to Schedule III of the Companies Act, 2013.

Based on the nature of services and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

### D) Revenue recognition and expenses

Revenues are recognized on accrual basis. Revenue from operations is accounted for on the basis of services rendered and billed to / accepted by clients.

Revenue from contracts, which are generally time bound fixed price contracts, is recognized over the life of the contract using the percentage-of-completion method, with contract costs determining the degree of completion. Losses on such contracts are recognized when probable. Revenue in excess of billing is recognized as unbilled revenue in the balance sheet; to the extent billings are in excess of revenue recognized, the excess is reported as unearned and deferred revenue in the balance sheet.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

Expenses are accounted for on accrual basis and provisions are made for all known liabilities and losses.

#### Interest Income:

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

#### Dividend Income:

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

#### Other Income:

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

### E) Property, Plant and equipment

Property, plant and equipment's (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost of acquisition includes directly attributable costs for bringing the assets to its present location and use.

The cost of an item of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, Plant and equipment.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the assets derecognized.

#### Depreciation:

Depreciation on PPE is provided as per straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of PPE in whose case the life of the items of PPE has been assessed

# NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

Assets costing individually ₹ 5,000/- or less are fully depreciated in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

## G) Borrowing Costs

Borrowing costs, if any, directly attributable to the acquisition of the qualifying asset are capitalized for the period until the asset is ready for its intended use. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

Other borrowing costs are recognized as expense in the period in which they are incurred.

## H) Financial Instruments

### Initial measurement

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition except for the trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to or deducted from the fair value on initial recognition.

### a) Subsequent measurement (Non derivative financial instruments)

#### 1. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### 2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

### 3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### 4. Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

### 5. Investment in Subsidiaries and Associates:

Investment in subsidiaries and Associates are measured at cost less impairment.

#### b) Share Capital – Ordinary Shares

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all its liabilities. Equity instruments recognized by the company are recognized at the proceeds received net of direct issue cost.

#### c) De-recognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

### I) Fair Value measurement of Financial Instruments

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market which can be accessed by the Company for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### J) Impairment of assets

#### (i) Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

#### (ii) Non-Financial Assets

##### Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### K) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at

fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

### L) Foreign Currency Transactions

All transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date when the relevant transactions take place.

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year. Monetary assets and liabilities in the form of Loans, Current Assets and Current Liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end closing exchange rate and the resultant exchange differences are recognized in the Statement of Profit and Loss.

The premium or discount arising at the inception of the forward exchange contracts related to underlying receivables and payables, if any, are amortized as an expense or income recognized over the period of the contracts. Gains or losses on renewal or cancellation of foreign exchange forward contracts are recognized as income or expense for the period.

Investments in overseas entity are recognized at the relevant exchange rates prevailing on the date of investments.

All transactions of the foreign branch during the year are included in the accounts at the rate of exchange prevailing at the end of the month in which the transactions took place. Net Gain / Loss in foreign currency transactions are recognized in the Statement of Profit and Loss. Monetary assets and liabilities are translated at the rates prevailing on the balance sheet date.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### M) Employee Benefits

**Short-term employee benefits** – Employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and are recognized in the period in which the employee renders the related service.

**Post-employment benefits (defined benefit plans)** – The employees' gratuity scheme is a defined benefit plan. In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity for the eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The present value of the obligation under such defined benefit plan is determined at each Balance Sheet date based on an actuarial valuation using projected unit credit method. The discount rate is based on the prevailing market yields of Indian government securities. Gains and Losses through re-measurement of the net defined benefit liability / (asset) are recognized in Other Comprehensive Income.

**Post-employment benefits (defined contribution plans)** – Contributions to the provident fund is defined contribution plan and is recognized as an expense in the Statement of Profit and Loss in the period in which the contribution is due. Both the employee and the Company make monthly contributions to the provident fund scheme equal to the specified percentage of the covered employees' basic salary.

**Long-term employee benefits** – Long-term employee benefits comprise of compensated absences and other employee incentives, if any. These are measured based on an actuarial valuation carried out by an independent actuary at each Balance Sheet date unless they are insignificant. Actuarial gains and losses and past service costs are recognized in the Statement of Profit and Loss.

### Employee Options

The fair value of the options granted under the value of the Company, Employee Option Plan is recognised as employee benefits expense with the corresponding increase in equity. The total

amount to be expensed is determined by the reference to the fair value of the options granted:

- including any market conditions (e.g., the entity's share price)
- excluding the impact of any service and non- market performance vesting conditions (profitability, sales growth targets and remaining an employee of the entity over the specified period), and
- including the impact of any non-vesting conditions (e.g. the requirement for the employee to save or holding shares for the specific period of time)

The total expense is recognised over the vesting period, which is the period over which all the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimate of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with the corresponding adjustments to equity.

### N) Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

#### a) Current Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

- Has a legally enforceable right to set off the recognized amounts; and

# NOTES FORMING PART OF FINANCIAL STATEMENTS

## FOR THE YEAR ENDED MARCH 31, 2018

- Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### b) Deferred Income Tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date.

Minimum Alternate Tax ('MAT') under the provisions of the Income Tax Act, 1961 is recognised as deferred tax in the Statement of Profit and Loss. The credit available under the Income Tax Act, 1961 in respect of MAT paid is recognised as an asset only when and to the extent it is probable that future taxable profit will be available against which these tax credit can be utilised. Such an asset is reviewed at each Balance Sheet date.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized.

Deferred tax assets and liabilities are offset only if:

- Entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- Deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority

### O) Earnings per Share (EPS)

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares

are determined independently for each period presented.

### P) Cash and Cash Equivalents

Cash and Cash equivalents comprises cash and calls on deposit with banks and corporations. The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalent.

### Q) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

### R) Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

### S) Provisions and Contingencies

Provisions are recognized when the Company has a present obligation as a result of a past event, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provision is not discounted to its present value and is determined based on the last estimate required to settle the obligation at the year end.

Contingent liabilities are not provided for and are disclosed by way of notes to accounts, where there is an obligation that may, but probably will not, require outflow of resources.

Where there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are neither recognized nor disclosed in the financial statements.

### 32. Employee Stock Option

Compensation Committee of the Board of Directors has granted two Options to eligible employees of the company. First 1,000,000 Options under 'GENESYS ESOP SCHEME-2010' ("the scheme") in October 2015 and Second 1,000,000 Option under 'GENESYS ESOP SCHEME-2017' ("the scheme") in December 2017 at the exercise prices, subject to requirements of vesting conditions. Both the options vest in equal tranches over a period of 3 years from the date of grant. Upon vesting, the employees can acquire one equity shares of ₹ 5 each for every option and secure allotment of company's shares at a price determined at the time of grant of options. The maximum contractual term for both the stock option plans are 5 years.

The stock compensation cost of 'GENESYS ESOP SCHEME-2010' ("the scheme") is computed under the intrinsic value method in compliance with IND AS and amortized on straight line basis over the total vesting period of 3 years. Intrinsic value is the amount by which the quoted market price of the underlying share as on the date of grant exceeds the exercise price of the option. The intrinsic value on the date of grant approximates the fair value. For the year ended March 31, 2018.

The new stock compensation cost of 'GENESYS ESOP SCHEME-2017' ("the scheme") is computed under the Fair Value method in compliance with IND AS 102. The Fair Value of the Options has been calculated using Black and Scholes Option Pricing model taking in to account the terms and conditions the scheme. As all Options are equity settled Fair value on the grant date of each vesting period is relevant and re measurement on each reporting date is not required. The amortisation of options are made on Graded Vesting basis over the total vesting period of 3 years. Significant assumptions to estimate the Fair Value and other relevant details of the option are as follows:

### B. Fair value measurements recognised in the statement of financial position:

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Cash and cash equivalents, Trade receivables, Other current Financial assets, Trade payable and other current Financial liabilities approximate their carrying amounts largely due to the short-term maturities or nature of these instruments.

FOR THE YEAR ENDED MARCH 31, 2018

### C. Financial risk management objectives:

#### Financial risk Factor:

The Company's activities exposes it to a variety of financial risks : Market Risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers

#### 1. Market Risk:

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

#### i. Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have a potential impact on the standalone statement of profit and loss and equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

A majority of the Company's foreign currency transactions are denominated in US Dollars. Other foreign currency transactions entered into by the Company are in Sterling Pound (GBP), Euro, Saudi Riyal, Kuwaiti Dinar, and UAE Dirham's. Thus, the foreign currency sensitivity analysis has only been performed in respective currencies.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, Company does not hedge its risks by using any derivative financial instruments.

Details of Foreign currency exposure are as follows:

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### 2. Credit Risk:

The credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to INR 417,632,983, INR 413,700,655 and INR 281,659,431 as on March 31, 2018, March 31, 2017 and April 1, 2016 respectively and unbilled revenue amounting to INR 329,538,704, INR 259,034,296 and INR 154,896,255 as on March 31, 2018, March 31, 2017 and April 1, 2016 respectively. Trade receivables and unbilled revenue are typically unsecured and are derived from revenue earned from different customers.

Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to which company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the group uses Expected Credit Loss Model (ECL) to assess the impairment loss or gain. The company uses the provision matrix to compute the ECL allowance for trade receivables and unbilled revenue. The provision matrix takes into account available external and internal credit risk factors such as company's historical experience for customers.

The detail percentage of revenues generated from top customers and top five customers are as follows:

Particulars	As at	
	31-Mar-18	31-Mar-17
Revenues generated from top five customers ₹	750,436,835	604,285,557
Revenues generated from top five customers (%)	67.68%	78.81%

#### Credit Risk Exposures:

The Allowances for ECL on customer balances for the year ended March 31, 2018 was ₹ 4,508,351 and As on March 31, 2017 was Nil

Particulars	As at	
	31-Mar-18	31-Mar-17
Balances at the beginning	₹	₹
Impairment losses as per ECL	4,508,351	-
Amounts Written off	-	-
<b>Balance at the end</b>	<b>4,508,351</b>	<b>-</b>

Credit risk on cash and cash equivalent is limited as company invest in deposits with banks and financial institutions with high rating assigned by international and domestic credit rating agencies. Investments include the maximum related party credit exposure at March 31, 2018 on account of carrying amount which is disclosed in note 36 on related party transactions. Based on the creditworthiness of the related parties, financial strength of related parties and its parents and past history of recoveries from them, the credit risk is mitigated.

### 3. Liquidity risk:

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

### 45. Transition to Ind AS

#### (i) Overall Principal

These are the Company's first standalone financial statements prepared in accordance with IND-AS

The Company has adopted Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. Ind AS 101-First-time Adoption of Indian Accounting Standards requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended 31st March, 2017 for the company, be applied retrospectively and consistently for all financial years presented. Consequently, in preparing these Ind AS financial statements, the Company has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

#### A. Exemptions and exceptions availed

**Set out below are the applicable IND-AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to IND-AS.**

##### 1. Property, Plant and Equipment

IND-AS 101 permits a first - time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to IND-AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

##### 2. Intangible Assets

The Company has elected to treat the carrying value as deemed cost for all items of Intangible Assets.

##### 3. Investment in Subsidiary and Joint Venture

IND-AS 101 permits a first - time adopter to carry investments in Associates, subsidiary and joint venture as per the previous GAAP carrying amount as its deemed cost as on the date of transition.

##### 4. Share Based Payments

The Company has elected not to apply the requirement of IND AS 102, only for those stock options which are already vested or settled and terms of for unvested options are not modified on the date of Transition to IND AS.

##### 5. Lease

The Company has elected to carry out assessment of Lease based on conditions prevailing as at the date of transition.

#### B. IND-AS mandatory exceptions

##### 1. Estimates

An entity's estimates in accordance with IND-AS, at the date of transition to IND-AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

IND-AS estimates as at 1st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for following items in accordance with IND-AS at the date of transition as these were not required under previous GAAP i.e. Impairment of financial assets based on expected credit loss model.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### 2. De-recognition of financial assets and liabilities

IND-AS 101 requires a first - time adopter to apply the de-recognition provisions of IND-AS 109 prospectively for transactions occurring on or after the date of transition to IND-AS. However, IND-AS 101 allows a first – time adopter to apply the de - recognition requirements in IND-AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply INDAS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the time of initially accounting for those transactions. The company has elected to apply the de-recognition provisions of IND-AS 109 prospectively from the date of transition to IND-AS."

### 3. Classification and measurement of financial assets

IND-AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to IND-AS.

### 4. Investments in subsidiaries and associates

IND-AS 101 allows an entity to account for investment in subsidiaries and associates at cost or in accordance with IND-AS 109. The Company has opted to recognise these investments at cost.

### 5. Foreign Currency Monetary Items

In terms of para D13AA of Ind-AS 101, the company may continue to account for foreign exchange differences relating to long-term foreign currency monetary items as per previous IGAAP. The company has elected to apply the same.

## C. Transition to IND AS - Reconciliation

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- I. Reconciliation of Balance sheet as at April 1, 2016 and March 31, 2017
- II. Reconciliation of Statement of Profit and Loss for the year ended March 31, 2017 and Other Equity as at April 1, 2016 and March 31, 2017

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2018

### (ii) Application of New and Revised Ind AS's

- a). Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018.
- b). Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, MCA has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The standard permits two possible methods of transition:

Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors

Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach). The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018.

The company will adopt the standard on April 1, 2018.

### 46. Statement of Management

- (a) The current assets, loans and advances are good and recoverable and are approximately of the values, if realized in the ordinary courses of business unless and to the extent if any stated otherwise in the Accounts. # INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF GENESYS INTERNATIONAL CORPORATION LTD

## Report on the Consolidated Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **GENESYS INTERNATIONAL CORPORATION LIMITED** (herein after referred to as "the Holding Company") and its subsidiaries [the Holding Company, its subsidiaries (including a step down subsidiary) together referred to as "the Group"]; and its associates (refer Note [1] to the attached consolidated Ind AS financial statements), comprising of the consolidated Balance Sheet as at March 31, 2018, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement for the year then ended and the consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

## Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matter stated in section 134(5) of the companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, including other comprehensive income, consolidated cash flows and statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act, read with relevant rules issued thereunder. The respective Board of Directors of the Companies included in the Group and its associate company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind AS Financial Statements by the Directors of the Holding Company, as aforesaid.

## Auditors' Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their report referred to in sub-paragraph 8 of the Other Matters paragraph below, other than the unaudited financial information as certified by the management and refereed to in sub-paragraph 9 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

## Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS, of the consolidated state of affairs of the Group and its associate as at March 31, 2018 and their consolidated total comprehensive income (comprising of consolidated profit and consolidated other comprehensive income), their consolidated cash flows and consolidated statement changes in equity for the year ended on that date.

## Other Matter

The consolidated Ind AS financial statements of the company have been prepared based on the unaudited consolidated financial statements of company's subsidiary

and company's step down subsidiary, furnished to us by the Management. We did not audit such consolidated financial statements of subsidiary and its step down subsidiary included in the consolidated financial results, whose consolidated financial statement reflect total assets of ₹25,632.01 lakhs as at 31st March, 2018, total revenue of ₹0.07 lakhs and Net Loss of ₹1,795.69 lakhs for the year then ended on that date. For the purpose of consolidation of accounts of the said subsidiary (including the step down subsidiary) with the company for the period ending March 31, 2018, necessary adjustments have been carried out and approved by the management and the same has been reviewed by us. Our opinion on the Consolidated Ind AS Financial Statements insofar as it relates to the amounts and disclosures included in respect of this subsidiary company and our report in terms of sub-section (3) of Section 143 of the Act insofar as it relates to the aforesaid subsidiary, is based on the report of the other auditor for the period ending December 31, 2017 and the material adjustments carried out by the management to commensurate with the period of the company. Our opinion on the Consolidated Ind AS Financial Statements and our report on other legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

The consolidated financial results include the unaudited financial statements, duly certified by the management, of one associate. The consolidated Ind AS financial statements also include associate's share of net loss of ₹0.84/- Lacs for the year ended March 31, 2018.

## Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS Financial Statements.
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS Financial Statements have been kept so far as it appears from our examination of those books.
  - (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including other comprehensive income), consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Ind AS Financial Statements.
  - (d) In our opinion, the aforesaid Consolidated Ind

AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with rules made thereunder.

- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2018 and taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of the subsidiary company incorporated in India, none of the directors of the Group Companies and its associate company incorporated in India is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and its associate company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - (i) The Consolidated Ind AS Financial Statements disclose the impact, if any, of pending litigations as at March 31, 2018 on the consolidated financial position of the Company and its associate company – Refer Note 33 to the Consolidated Ind AS Financial Statements.
  - (ii) The Group and its associate did not have any long-term contracts as at March 31, 2018 including derivative contracts for which there were any material foreseeable losses.
  - (iii) There were no amounts which required to be transferred to the Investor Education and Protection Fund by the Holding Company and its associate company incorporated in India, during the year ended March 31, 2018.

## ANNEXURE-A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

### Report on the Internal Financial Controls under Clause

#### (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2018, we have audited the internal financial controls over financial reporting of Genesys International Corporation Limited (hereinafter referred to as "the Holding Company") and its subsidiary and associate companies, which are companies incorporated in India, as of that date.

#### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiaries and its associate, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion internal financial controls of Holding company and its subsidiary and associates companies, which are companies incorporated India, based on our audit.. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants

of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of Holding company and its subsidiary and associate companies, which are companies incorporated india.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion to the best of information and according to the explanation given to us, the Holding Company,

its subsidiaries and its associate company which is incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED MARCH 31, 2018

### 1. Company's Background

Genesys International Corporation Limited (herein after referred as 'Company' or 'GICL') is engaged in providing Geographical Information Services comprising of photogrammetry, remote sensing, cartography, data conversion, state of the art terrestrial and 3D geo-content including location and other computer based related services.

The company is a public limited company incorporated and domiciled in India and has its registered office at Mumbai, Maharashtra.

The company has its Equity Shares listed on Bombay Stock Exchange and National Stock Exchange.

**Authorisation of Financial Statements:** The Consolidated Financial Statements were authorized for issuance in accordance with a resolution of the Board of Directors in its meeting held on 30th May, 2018.

### 2. Significant Accounting Policies

#### A) Basis of preparation of consolidated financial statements

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as Ind-AS) notified under section 133 of Companies Act, 2013 read with the relevant rules issued there under.

The consolidated financial statements for the year ended 31st March, 2018 are the first consolidated financials with comparatives, prepared under Ind AS. For all previous periods including the year ended 31st March, 2017, the Group had prepared its consolidated financial statements in accordance with the accounting standards notified under section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Accounting Standards) Rules, 2014 (as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The Group's Financial statements are presented in Indian Rupees (₹), which is also its functional currency.

The Consolidated Financial Statements have been prepared under historical cost convention basis except for certain financial assets and financial liabilities measured at fair value (refer accounting policies for financial instruments).

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

#### PRINCIPLES OF CONSOLIDATION

The consolidated financial statements relate to Genesys International Corporation Limited, (the 'Company'), its subsidiary companies and the Group's share of profit / loss in its associates. The consolidated financial statements have been prepared in accordance with the requirements of Ind AS 110, 'Consolidated Financial Statements' on the following basis:

- i) The financial statements of the subsidiary companies and associates used in the consolidation are drawn upto the same reporting date as that of the Company i.e., 31 March, 2018.
- ii) The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
- iii) The consolidated financial statements include the share of profit / loss of the associate companies which have been accounted for using equity method as per Ind AS 28 Accounting for Investments in Associates in Consolidated Financial Statements. Accordingly, the share of profit/ loss of each of the associate companies (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investments. The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment at each balance sheet date and impairment loss, if any, is provided for. On the other hand, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Group, it is recognised as

## NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements. The 'Goodwill' / 'Capital Reserve' is determined separately for each subsidiary company and such amounts are not set off between different entities.

- iv) The difference between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve as the case may be.
- v) Following subsidiary companies and associates have been considered in the preparation of the consolidated financial statements:

Name of the entity	Relation-ship	Country of Incorporation	Ownership held by	% of Holding and voting power either directly or indirectly through subsidiary as at	
				As at 31.03.2018	As at 31.03.2017
A.N. Virtual World Tech Limited	Subsidiary	Cyprus	Direct	59.37%	41.57%
Virtual World Spatial Technologies Private Limited	Step Down Subsidiary	India	In direct	-	-
Riransa genesys Geomatics Pvt. Ltd.	Associate	India	Direct	49%	-

### B) Use of Estimates and Judgments:

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if

material, their effects are disclosed in the notes to the consolidated financial statements.

### Critical estimates and judgments

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognized prospectively. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- a) Estimation of Defined benefit obligation
- b) Estimation of current tax expenses and Payable
- c) Useful lives of property, plant and equipment
- d) Employee stock option compensation expenses and payable

### C) Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/ non-current classification.

All the assets and liabilities have been classified as current/non-current as per the Company's normal operating cycle and other criteria set out in Division II to Schedule III of the Companies Act, 2013.

Based on the nature of services and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

### D) Revenue recognition and expenses

Revenues are recognized on accrual basis. Revenue from operations is accounted for on the basis of services rendered and billed to / accepted by clients.

Revenue from contracts, which are generally time bound fixed price contracts, is recognized

## NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEAR ENDED MARCH 31, 2018

over the life of the contract using the percentage-of-completion method, with contract costs determining the degree of completion. Losses on such contracts are recognized when probable. Revenue in excess of billing is recognized as unbilled revenue in the balance sheet; to the extent billings are in excess of revenue recognized, the excess is reported as unearned and deferred revenue in the balance sheet.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government

Expenses are accounted for on accrual basis and provisions are made for all known liabilities and losses.

#### **Interest Income:**

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

#### **Dividend Income:**

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

#### **Other Income:**

Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

### **E) Property, Plant and equipment**

Property, plant and equipment's (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost of acquisition includes directly attributable costs for bringing the assets to its present location and use.

The cost of an item of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on

borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, Plant and equipment.

Gains or losses arising from de-recognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the assets derecognized.

#### **Depreciation:**

Depreciation on PPE is provided as per straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of PPE in whose case the life of the items of PPE has been assessed as under based on technical estimate, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, manufacturer's warranties and maintenance support etc.

Particulars	Useful Life
Computer hardware (including servers & networks)	3 years
Imaging Systems	3 years
Other Assets	As per Useful Life specified in Schedule II

Depreciation / Amortization is charged on a pro-rata basis on assets purchased/ sold during the year, with reference to date of installation/ disposal.

Assets costing individually ₹ 5,000/- or less are fully depreciated in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

## NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

### F) Intangible Assets

Intangibles are stated at the acquisition price including directly attributable costs for bringing the asset into use, less accumulated amortization and impairment. Direct expenditure, if any, incurred for internally developed intangibles from which future economic benefits are expected to flow over a period of time is treated as intangible asset as per the Indian Accounting Standard on Intangible Assets.

#### Depreciation:

Depreciation on Intangible Assets is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act, 2013 except in case of following category of Intangible Assets in which case the life of the items of Intangible assets has been assessed as under based on technical estimate, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes etc.

Particulars	Useful Life
- Computer software	3 years
- GIS database	3 years
- Geo database	20 years

Depreciation / Amortization is charged on a pro-rata basis on assets purchased/ sold during the year, with reference to date of installation/ disposal.

Assets costing individually ₹ 5,000/- or less are fully depreciated in the year of purchase / installation.

Residual value is considered as Nil for all the assets.

### G) Borrowing Costs

Borrowing costs, if any, directly attributable to the acquisition of the qualifying asset are capitalized for the period until the asset is ready for its intended use. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

Other borrowing costs are recognized as expense in the period in which they are incurred.

### H) Financial Instruments

#### Initial measurement

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition except for the trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to or deducted from the fair value on initial recognition.

#### a) Subsequent measurement (Non derivative financial instruments)

##### 1. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding.

##### 2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely for payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

# NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED MARCH 31, 2018

### 3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### 4. Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

### 5. Investment in Subsidiaries and Associates:

Investment in subsidiaries and Associates are measured at cost less impairment.

#### b) Share Capital – Ordinary Shares

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all its liabilities. Equity instruments recognized by the company are recognized at the proceeds received net of direct issue cost.

#### c) De-recognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

#### I) Fair Value measurement of Financial Instruments

Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market which can be accessed by the Company for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the Consolidated financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### J) Impairment of assets

##### (i) Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

## NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

### (ii) Non-Financial Assets

#### **Intangible assets and property, plant and equipment**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### **K) Leases**

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

### **L) Foreign Currency Transactions**

All transactions denominated in foreign currency are recorded at the exchange rate prevailing on

the date when the relevant transactions take place.

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year. Monetary assets and liabilities in the form of Loans, Current Assets and Current Liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end closing exchange rate and the resultant exchange differences are recognized in the Statement of Profit and Loss.

The premium or discount arising at the inception of the forward exchange contracts related to underlying receivables and payables, if any, are amortized as an expense or income recognized over the period of the contracts. Gains or losses on renewal or cancellation of foreign exchange forward contracts are recognized as income or expense for the period.

Investments in overseas entity are recognized at the relevant exchange rates prevailing on the date of investments.

All transactions of the foreign branch during the year are included in the accounts at the rate of exchange prevailing at the end of the month in which the transactions took place. Net Gain / Loss in foreign currency transactions are recognized in the Statement of Profit and Loss. Monetary assets and liabilities are translated at the rates prevailing on the balance sheet date.

### **M) Employee Benefits**

**Short-term employee benefits** – Employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and are recognized in the period in which the employee renders the related service.

**Post-employment benefits** - The employees' gratuity scheme is a defined benefit plan. In accordance with the Payment of Gratuity Act, 1972, the Company provides for gratuity for the eligible employees. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The present value of the obligation under such defined benefit

### FOR THE YEAR ENDED MARCH 31, 2018

plan is determined at each Balance Sheet date based on an actuarial valuation using projected unit credit method. The discount rate is based on the prevailing market yields of Indian government securities. Gains and Losses through re-measurement of the net defined benefit liability / (asset) are recognized in Other Comprehensive Income.

**Post-employment benefits (defined contribution plans)** – Contributions to the provident fund is defined contribution plan and is recognized as an expense in the Statement of Profit and Loss in the period in which the contribution is due. Both the employee and the Company make monthly contributions to the provident fund scheme equal to the specified percentage of the covered employees' basic salary.

**Long-term employee benefits** – Long-term employee benefits comprise of compensated absences and other employee incentives, if any. These are measured based on an actuarial valuation carried out by an independent actuary at each Balance Sheet date unless they are insignificant. Actuarial gains and losses and past service costs are recognized in the Statement of Profit and Loss.

#### Employee Options

The fair value of the options granted under the value of the Company, Employee Option Plan is recognised as employee benefits expense with the corresponding increase in equity. The total amount to be expensed is determined by the reference to the fair value of the options granted:

- including any market conditions (e.g., the entity's share price)
- excluding the impact of any service and non- market performance vesting conditions (profitability, sales growth targets and remaining an employee of the entity over the specified period), and
- including the impact of any non-vesting conditions (e.g. the requirement for the employee to save or holding shares for the specific period of time)

The total expense is recognised over the vesting period, which is the period over which all the specified vesting conditions are to be satisfied. At the end of each period, the entity revises

its estimate of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with the corresponding adjustments to equity.

#### N) Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

##### a) Current Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

- Has a legally enforceable right to set off the recognized amounts; and
- Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

##### b) Deferred Income Tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized.

Deferred tax assets and liabilities are offset only if:

## NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

- Entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- Deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority

### O) Earnings per Share (EPS)

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

### P) Cash and Cash Equivalents

Cash and Cash equivalents comprises cash and calls on deposit with banks and corporations. The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalent.

### Q) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash

nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

### R) Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

### S) Provisions and Contingencies

Provisions are recognized when the Company has a present obligation as a result of a past event, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provision is not discounted to its present value and is determined based on the last estimate required to settle the obligation at the year end.

Contingent liabilities are not provided for and are disclosed by way of notes to accounts, where there is an obligation that may, but probably will not, require outflow of resources..

Where there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are neither recognized nor disclosed in the Consolidated financial statements.

### 32. Employee Stock Option

Compensation Committee of the Board of Directors has granted two Options to eligible employees of the company. First 1,000,000 Options under 'GENESYS ESOP SCHEME-2010' ("the scheme") in October 2015 and Second 1,000,000 Option under 'GENESYS ESOP SCHEME-2017' ("the scheme") in December 2017 at the exercise prices, subject to requirements of vesting conditions. Both the options vest in equal tranches over a period of 3 years from the date of grant. Upon vesting, the employees can acquire one equity shares of ₹ 5 each for every option and secure allotment of company's shares at a price determined at the time of grant of options. The maximum contractual term for both the stock option plans are 5 years.

The stock compensation cost of 'GENESYS ESOP SCHEME-2010' ("the scheme") is computed under the intrinsic value method in compliance with IGAAP and amortized on straight line basis over the total vesting period of 3 years. Intrinsic value is the amount by which the quoted market price of the underlying share as on the date of grant exceeds the exercise price of the option. The intrinsic value on the date of grant approximates the fair value. For the year ended March 31, 2018.

The new stock compensation cost of 'GENESYS ESOP SCHEME-2017' ("the scheme") is computed under the Fair Value method in compliance with IND AS 102. The Fair Value of the Options has been calculated using Black and Scholes Option Pricing model taking in to account the terms and conditions the scheme. As all Options are equity settled Fair value on the grant date of each vesting period is relevant and re measurement on each reporting date is not required. The amortisation of options are made on Graded Vesting basis over the total vesting period of 3 years. Significant assumptions to estimate the Fair Value and other relevant details of the option are as follows:

### B. Fair value measurements recognised in the statement of financial position:

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company's activities exposes it to a variety of financial risks : Market Risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers

#### 1. **Market Risk:**

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

##### Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have a potential impact on the standalone statement of profit and loss and equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company..

A majority of the Company's foreign currency transactions are denominated in US Dollars. Other foreign currency transactions entered into by the Company are in Sterling Pound (GBP), Euro, Saudi Riyal, Canadian Dollar, Australian Dollar and UAE Dirhams. However, the size of these transactions is relatively small in comparison to the US dollar transactions. Thus, the foreign currency sensitivity analysis has only been performed in relation to the US Dollar (USD).

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, Company does not hedge its risks by using any derivative financial instruments.

Details of Foreign currency exposure are as follows:

### 45. Transition to Ind AS

#### (i) Overall Principal

These are the Company's first financial statements prepared in accordance with IND-AS

The Company has adopted Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. Ind AS 101-First-time Adoption of Indian Accounting Standards requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended 31st March, 2017 for the company, be applied retrospectively and consistently for all financial years presented. Consequently, in preparing these Ind AS financial statements, the Company has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

#### A. Exemptions and exceptions availed

**Set out below are the applicable IND-AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to IND-AS.**

##### 1. Property, Plant and Equipment

ND-AS 101 permits a first – time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as at the date of transition to IND-AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

##### 2. Intangible Assets

The Company has elected to treat the carrying value as deemed cost for all items of Intangible Assets.

##### 3. Investment in Subsidiary and Joint Venture

IND-AS 101 permits a first – time adopter to carry investments in Associates, subsidiary and joint venture as per the previous GAAP carrying amount as its deemed cost as on the date of transition.

##### 4. Share Based Payments

The Company has elected not to apply the requirement of IND AS 102, only for those stock options which are already vested or settled and terms of for unvested options are not modified on the date of Transition to IND AS.

##### 5. Lease

The Company has elected to carry out assessment of Lease based on conditions prevailing as at the date of transition.

#### B. IND-AS mandatory exceptions

##### 1. Estimates

An entity's estimates in accordance with IND-ASs at the date of transition to IND-AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

IND-AS estimates as at 1st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for following items in accordance with IND-AS at the date of transition as these were not required under previous GAAP. Impairment of financial assets based on expected credit loss model.

## NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEAR ENDED MARCH 31, 2018

#### 2. De-recognition of financial assets and liabilities

IND-AS 101 requires a first – time adopter to apply the de-recognition provisions of IND-AS 109 prospectively for transactions occurring on or after the date of transition to IND-AS. However, IND-AS 101 allows a first – time adopter to apply the de – recognition requirements in IND-AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply INDAS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the time of initially accounting for those transactions.

The company has elected to apply the de-recognition provisions of IND-AS 109 prospectively from the date of transition to IND-AS.

#### 3. Classification and measurement of financial assets

IND-AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to IND-AS.

#### 4. Investments in subsidiaries and associates

IND-AS 101 allows an entity to account for investment in subsidiaries and associates at cost or in accordance with IND-AS 109. The Company has opted to recognise these investments at cost.

#### 5. Foreign Currency Monetary Items

In terms of para D13AA of Ind-AS 101, the company may continue to account for foreign exchange differences relating to long-term foreign currency monetary items as per previous IGAAP. The company has elected to apply the same.

### C. Transition to IND AS - Reconciliation

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- I. Reconciliation of Balance sheet as at April 1, 2016 and March 31, 2017
- II. Reconciliation of Statement of Profit and Loss for the year ended March 31, 2017 and Other Equity as at April 1, 2016 and March 31, 2017

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

# NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED MARCH 31, 2018

### (ii) Application of New and Revised Ind AS's

- a). Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018.
- b). Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, MCA has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The standard permits two possible methods of transition:

Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors

Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach). The effective date for adoption of Ind AS 115 is financial periods beginning on or after April 1, 2018.

The company will adopt the standard on April 1, 2018.

### 46. Statement of Management

- (a) The current assets, loans and advances are good and recoverable and are approximately of the values, if realized in the ordinary courses of business unless and to the extent if any stated otherwise in the Accounts. Provision for all known liabilities is adequate and not in excess of amount reasonably necessary. There are no contingent liabilities except those stated in the notes.
- (b) Balance Sheet, Statement of Profit & Loss and Cash Flow statement read together with the schedules to the accounts and notes thereon, are drawn up so as to disclose the information required under the Companies Act, 2013 as well as give a true and fair view of the statement of affairs of the Company as at the end of the year and results of the Company for the year under review.

## INSTRUCTIONS

1. Members may fill up the Ballot Form and send it to DSM & Associates, Company Secretaries in Practice, the Scrutinizer at G-1, Awaas Apartment, Ground Floor, Pipe Line Road, Andheri – East, Mumbai-400 093 so as to reach on or before 5.00 pm on September 26, 2018. Ballot Form received thereafter will strictly be treated as if not received.
2. The Company will not be responsible if the Ballot Form is lost in transit.
3. Unsigned, incomplete or incorrectly ticked forms are liable to be rejected and the decision of the Scrutinizer on the validity of the forms will be final.
4. In the event member casts his votes through both the processes, i.e. E-voting and Ballot Form, the votes in the electronic system would be considered and the Ballot Form would be ignored.
5. The right of voting by Ballot Form shall not be exercised by a proxy.
6. To avoid fraudulent transactions, the identity/signature of the members holding shares in electronic/demat form is verified with the specimen signatures furnished by NSDL/CDSL and that of members holding shares in physical form is verified as per the records of the share transfer agent of the Company. Members are requested to keep the same updated.
7. There will be only one Ballot Form for every Folio/DP ID/Client ID irrespective of the number of joint members.
8. In case of joint holders, the Ballot Form should be signed by the first named shareholder and in his/her absence by the next named shareholders. Ballot Form signed by a joint holder shall be treated valid if signed as per records available with the Company and the Company shall not entertain any objection on such Ballot Form signed by other joint holders.
9. Where the Ballot Form has been signed by an authorized representative of the body corporate/Trust/Society, etc. a certified copy of the relevant authorization/Board resolution to vote should accompany the Ballot Form.
10. Instructions for E-voting procedure are available in the Notice of the Annual General Meeting and are also placed on the website of the Company. ([www.igenesys.com](http://www.igenesys.com))
