The reappointment of Mr. Rajendra Chhabra as Non-Executive Director in the Category of Professional Director by paying consultation fees on receipt of invoice raised by him on monthly basis and with mutual understanding between Board and Mr. Chhabra. He will continue as Non-Executive Director (NED).

Further, in terms of Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, listed entity is required to obtain the approval of members for payment of fees or compensation.

The appointment and remuneration of Mr. Rajendra Chhabra was also recommended and reviewed by the Nomination and Remuneration Committee and Audit Committee of the Board subject to approval of the members. His term shall be liable to retire by rotation and eligible for the remuneration.

Mr. Rajendra Chhabra (DIN: 00093384)

Mr. Rajendra Chhabra was an independent Director of the company, and he was holding this position in the company since March 14, 2001. He is a Practicing Chartered Accountant. Mr. Chhabra has vast knowledge in the field of Accounts and Finance. During his tenure since 2001, he has played very active and significant

role in setting up the complete transparency and integrity in finance functions of the Company. The Board had appointed him as Non-Executive Director in the category of Professional Director for a period of 3 (Three) years with effect from November 06, 2020 in its meeting held on November 06, 2020 and has reappointed as Non-Executive Director in the category of Professional Director for a period of 3 (Three) years with effect from November 06, 2023 and November 06, 2026 in its meeting held on August 04, 2023 and May 18, 2026 respectively, subject to approval of Members.

Mr. Rajendra Chhabra holds 18,300 Equity shares in the company. He is the sole proprietor of R. S. Chhabra & Co.

It is therefore resolution as contained in Item No.5 proposed for the approval of shareholders by way of Special Resolution. The Board recommends the resolution for the approval of Members of the Company.

Except Mr. Rajendra Chhabra, being an appointee and his relatives, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No.5 of the accompanying Notice of the meeting. Mr. Rajendra Chhabra is not related to any Director of the Company.

ITEM NO. 6 & 7: To approve payment of Remuneration of Mr. Rajendra Chhabra as Non- Executive Director in the category of Professional Director exceeding fifty per cent of the total Remuneration/ Compensation/fees payable to all the other Non-Executive of the Company

In terms of Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, listed entity is required to obtain the approval of members of the Company by way of Special Resolution for payment of remuneration to a single non-executive director exceeding 50% of the total remuneration payable to all non-executive directors.

Mr. Rajendra Chhabra was an independent Director of the Company, and he was holding this position in the company since March 14, 2001. He is a Practicing Chartered Accountant. Mr. Chhabra has vast knowledge in the field of Accounts and Finance. During his tenure since 2001, he has played very active and significant role in setting up the complete transparency and integrity in finance functions of the Company and hence to get the benefit of his vast experience and strategic guidance, The Board of Director had appointed him as Non-Executive Director in the category of Professional Director for a period of 3 (Three) years with effect from November 06, 2020 and has reappointed as Non-Executive Director in the category of Professional Director for a period of 3 (Three) years with effect from November 06, 2023 and November 06, 2026 for immense benefit to the Company.

The Company pays him consultation fees upon raising invoice on monthly basis which may be mutually decided by the Board and Mr. Rajendra Chhabra and payment of such consultation fees may be exceeding fifty percent of the total commission/remuneration/compensation payable to all non-executive Directors of the Company for the financial year 2026-27 (from the date of appointment on November 06, 2026) and Financial Year 2027-28, requiring approval of members in terms of aforesaid provision.

Hence, a resolution as contained in Item No. 6 & 7 is proposed for the approval of shareholders by way of special resolution. The Board recommends the resolution for the approval of Members of the Company.

None of the Directors except Mr. Rajendra Chhabra, Key Managerial Personnel and relatives thereof, are in any way concerned or interested, financially or otherwise, in the said resolutions.

ITEM NO.8: Commission to Non-Executive Directors

The Members had, at the Annual General Meeting of the Company held on September 19, 2016 and on July 20, 2021, passed an Special Resolution under Section 197 of the Companies Act, 2013, and approved the payment of commission to Non-Executive Directors of the Company, of a sum not exceeding one percent (1%) or three percent (3%) per annum of the net profits of the Company, calculated in accordance with the provisions of the Companies Act, 2013, subject to determination by the Board of Directors for each of the Non-Executive Directors for a period of five (5) years beginning with the financial year ended on April 01, 2026.

The approval was valid upto and including the financial year ended on March 31, 2031.

As per Regulation 17(6)(a) of the SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015, all fees / compensation payable to Non-Executive Directors, including Independent Directors shall require approval of the Members at the Annual General Meeting.

The current competitive business environment, stringent accounting standards and corporate governance norms require considerably enhanced levels of involvement of the Directors in the decision-making process. The responsibility of the Directors has become more onerous and the Directors are required to devote more time and attention to the business of the Company. It is therefore proposed to continue the payment of commission to the Non-Executive Directors of the Company for a period of five (5) years commencing from the financial year beginning on April 01, 2026. The Board of Directors will determine each year, the amount to be paid as commission to the Non-Executive Directors which expression includes the Independent Directors which shall not exceed one percent (1%) or three percent (3%) of the net profits of the Company for that year, as computed in the manner referred to in Section 198 of the Companies Act, 2013.

In view of the above, Members approval is being sought pursuant to Sections 197, 198 and other applicable provisions of the Companies Act, 2013 and Regulation 17(6) of SEBI (Listing Obligations and Disclosures Requirements), Regulations, 2015, for the payment of commission to the Non-Executive Directors of the Company for a period of five (5) years commencing from April 01, 2026. The payment of commission would be in addition to the sitting fees payable for attending the meetings of the Board and Committees thereof.

All the Non-Executive Directors of the Company are interested in the Resolution set out at Item No.8 of the accompanying Notice, since it relates to their respective remuneration.

The Board of Directors accordingly recommends the passing of this special resolution.

Except all Non-Executive Directors, none of the other Directors and Key Managerial Personnel of the Company and relatives thereof, are concerned or interested, financially or otherwise in the said resolution.

ANNEXURE – A

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT:

Your Company is key producer of Ethylene amines based in India having its plant at PCC Area, P.O. Petrochemicals; Vadodara. The Products Ethylene Amines find their application in various industry segments such as Active Pharmaceutical Ingredients & Pharma-Intermediates, Specialty Chemicals, Agro-chemicals, Resins, Water treatment chemicals, Petroleum production chemicals, Additives and in many other vital specific sub applications. The plant facility is equipped with up-to-date manufacturing equipment and supported by R & D Center and quality assurance department which are equipped with advanced equipment and analytical instruments. The Company has an excellent team of experienced and qualified professionals to manage day-to-day operations efficiently. For more details please visit www.dacl.co.in.

PERFORMANCE:

Total Standalone revenue (net of taxes) for the year 2025-26 amounted to ₹ 4,308.15 lakhs compared to ₹ 7,514.57 lakhs of the previous year 2024-25. The Standalone operating profit/(loss) after tax amounted to ₹ (1,111.37) lakhs compared to ₹ 448.73 lakhs in the previous year.

SEGMENT-WISE PERFORMANCE:

The company has identified and is working in two reportable primary segments viz. Specialty Chemicals and trading in Fruits and Vegetables. Thus, the disclosure particulars as per Ind AS-108 on Operating Segments Reporting are made part of this Annual Report in Note 40 of Standalone Financial Statements.

STRENGTHS & OPPORTUNITIES:

Your company is key manufacturer of ethylene amines in India which is a growth market. This offers regular opportunities & helps the company to cater to market needs very effectively. Over the years, the company has developed robust Systems which help to maintain and sustain the operations despite sever challenges it faces and is One of the premier suppliers of ethylene amines. Its geographical position & the vicinity to customers also offer added advantages in servicing the customers.

Ethylene Amines are building blocks for many industries & hence your company believes that this fact will continue to offer potential to grow by exploring manufacturing possibilities of derivatives based on homologues of Ethylene Amines.

CONCERNS & THREATS:

Since company's core business is Ethylene amines, any negative Development or upheavals taking place in the marketplace may affect the performance of the company. Fluctuating prices of certain key raw materials also have the potential to impact on performance in the short term.

The company also has to compete with competitors who are either forward or backward integrated & has the advantage of scale of economies & thus can swamp the markets with excess & lower priced or even duty-free products. Additionally threat of product substitution is imminent especially with Chinese product incursions.

OUTLOOK:

The Board of Directors has identified material impact on the operations and financials of the company as at March 31, 2026. Considering that the Company deals with Specialty Chemicals, there has been disruption with respect to operations including raw material cost, production and distribution activities.

The Company has experienced difficulties and uncertainty with respect to raw material costs, market demand, collections or liquidity. The company has witnessed decline in sales during FY 2025-26 is primarily attributable

to adverse geopolitical developments that have impacted international demand and customer ordering patterns. These factors were largely external and beyond the Company's control.

The Management is actively realigning its sales strategy and exploring alternate markets to mitigate the impact going forward. The Company will continue to closely monitor material changes to future economic conditions.

For the year 2026-27, though the prices of raw materials and products are influenced by external factors, the company is also making all possible efforts to improve the margins. The Company's focus will continue sustaining and maintaining the market share in certain industry segment where company enjoys market leadership position. This will be achieved by forging stronger relationship with customers and by negotiating and entering in to beneficial contracts with the suppliers of raw materials.

The Ethylene amines business is going through demand-supply imbalance on a global level and this is expected to continue in the year 2026-27 also. Your company is well aware of the challenging scenario lying ahead and taking necessary steps by planning activities properly at operational stages. Further, the company is also planning to introduce new products.

KEY DEVELOPMENT DURING THE YEAR:

During the previous year, the Company had allotted 9,06,390 warrants, each convertible into, or exchangeable for, 1 (one) fully paid-up equity share of the Company of face value of ₹ 10/- each ("Warrants") at a price of ₹ 552/- (Rupees Five Hundred Fifty-Two only) each to Promoter, Promoter group and other Shareholders vide resolution passed in a duly convened board meeting on October 01, 2024. HUMAN RESOURCE:

Human Resource (HR) department's primary objective is to strategically manage the organization's most valuable asset - its people. This involves attracting and hiring the right talent, fostering employee development through training and performance management, ensuring a positive and productive work environment, and aligning workforce capabilities with organizational goals. HR also plays a critical role in maintaining legal compliance, promoting employee engagement and retention, and driving a culture of continuous improvement and innovation to support long-term business success.

HR department facilitates different kinds of training in all aspects like functional, Safety, Environment, BBS, Compliance etc. It helps to enhance employee skills, improve performance, support career growth, increase efficiency, ensure compliance, and boost engagement. It helps the organization adapt to change, stay competitive, and achieve its goals effectively. In the current reporting period, the company has invested **1112 man-hours** in motivational training, alongside ongoing functional training programs. These efforts help the organization remain agile, competitive, and aligned with evolving business needs.

Our company prepares individual KRAs (Key Result Areas) and KPAs (Key Performance Areas) through structured meetings with the respective Heads of Departments (HODs). This collaborative approach ensures that every employee's responsibility and performance indicators are well-defined and aligned with their departmental goals. Importantly, all individual objectives are directly linked to the overall corporate objectives, creating a clear line of sight from personal performance to organizational success. This alignment drives accountability, enhances focus, and supports the achievement of strategic business outcomes.

In line with our growth strategy, the company has onboarded **21 new team members** across projects, R&D, and support functions. This includes skilled workmen, engineers, and managers who bring technical expertise and functional knowledge. Our company is aggressively focusing on employee retention by creating a supportive, engaging, and growth-oriented work environment. We are implementing targeted initiatives such as structured career development programs, competitive compensation, regular recognition and rewards, employee wellness activities, and open communication channels. By listening to employee feedback and addressing their needs proactively, we aim to build long-term trust, reduce turnover, and foster a committed, high-performing workforce aligned with our organizational goals.

In employee engagement, our company has formed engagement committee to plan celebration of various cultural & religious festival throughout the year. These celebrations kept working culture positive & vibrant throughout the year. The Engagement Committee is responsible for fostering a positive, inclusive, and motivating workplace culture. Its main role is to design and implement initiatives that boost employee morale, strengthen team collaboration, and enhance overall job satisfaction. This includes organizing events, recognizing employee achievements, gathering feedback, promoting wellness, and encouraging open communication. By actively engaging employees, the committee supports higher productivity, lower turnover, and a stronger connection between employees and organizational goals.

We strongly believe in promoting a healthy work-life balance, enabling our employees to spend quality time with their families, enjoy their social lives, and recharge mentally and physically. By supporting flexible and balanced work environments, we empower our team members to maintain personal well-being, which in turn enhances focus, productivity, and overall performance at work. A happy, well-balanced employee is key to both individual success and organizational growth.

We are committed to maintaining 100% legal compliance across all our HR practices and organizational operations. Upholding full compliance with applicable laws and regulations is fundamental to our ethical standards and business integrity. This commitment ensures a fair, safe, and transparent workplace for all employees while protecting the company's reputation and long-term sustainability.

KEY FINANCIAL RATIOS:

Ratio	FY 2025-26	FY 2024-25	Reason for significant change
Debtors Turnover Ratio (times)	3.94	4.54	The trade receivables turnover ratio declined during the year due to reduced sales.
Inventory Turnover Ratio (times)	0.73	1.47	Mainly due to inventory valuation and lower raw material consumption during the year.
Current Ratio (times)	5.58	7.83	Due to lower cash and bank balances, increased utilization of FDOD bank borrowings, higher cash outflow towards new capex, and reduced cash generation due to lower sales.
Operating Profit Margin (%)	(33.00)	9.32	Reduction in Revenue from operations.
Net Profit Margin (%)	(28.90)	6.29	The reduction in sales volume, provisioning ECL on receivables of the Trading Division, and revaluation of certain inventories at NRV were the key contributing factors.
Dividend Per Share (₹)	-	1.00	Dividend not declared
Earnings Per Share (times)			
Basic (₹)	(11.35)	4.59	Reduction in Net Profit margin and increase of Equity share
Diluted (₹)	(11.35)	4.58	Reduction in Net Profit margin and increase of Equity share
P/E Ratio (times)	-	68.54	Negative EPS
Return on Net Worth (%)	(3.73)	2.71	Declined due to lower EBITA along with higher capital employed following share issuance

Interest Coverage and Debt Equity Ratio is not relevant here as the company has not availed any long-term debt during the year. No major utilization of working capital loan during the year.

INDEPENDENT AUDITORS' REPORT

To the Members of

Diamines and Chemicals Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Diamines and Chemicals Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss including Other Comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manners so required and give a true and Fair view in conformity with the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('IndAS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cashflows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	How our audit addressed the key audit matter
1	Litigations and claims (Refer note 37(A)(b) to the standalone financial statements) The cases are pending with multiple tax authorities like Income Tax, Excise / Service Tax and Provident Fund Authority etc. In normal course of business, financial exposures may arise from pending proceedings and from litigation and claims. Whether a claim needs to be recognised as liability or disclosed as contingent liability in the standalone financial statements is	Our audit procedures, inter alia, included the following: · Evaluation of management's judgment of tax risks, estimates of tax exposures, other claims and contingencies. Past and current experience with the tax authorities and management's response on the subject matter were used to assess the appropriateness of management's best estimate of the most likely outcome of each uncertain contingent liability. · Understanding the current status of the tax assessments & other litigations and discussing selected matters with the entity's management.

Sr. No.	Key Audit Matter	How our audit addressed the key audit matter
	dependent on number of significant assumptions and judgments. The amounts involved are potentially significant and determining the amount, if any, to be recognised or disclosed in the standalone financial statements, is inherently subjective. We considered the above area as a key audit matter due to associated uncertainty related to the outcome of these matters and application of material judgement in interpretation of law.	- Assessing the entity's assumptions and estimates in respect of claims, included in the contingent liabilities disclosed in the standalone financial statements. - Assessment of the probability of negative result of litigation and the reliability of estimates of related obligations. Conclusion: Based on procedures described above, we did not identify any material exceptions relating to management's assertions, and treatment, presentation and disclosure of the subject matter in the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis/ Corporate Governance Report and Shareholder's Information but does not include the standalone financial statements and our auditors' report thereon. The above referred information is expected to be made available to us after the date of this audit report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Management and Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation

precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the

- company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material misstatement
- v. As stated in Note 16 (iii) to the standalone financial statements:
- (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
 - (b) The Board of Directors of the Company has not proposed any final dividend for the year.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility. The audit trail facility has been operating throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with and audit trail has been preserved by the Company as per the statutory requirements for record retention.

“ANNEXURE A” TO THE INDEPENDENT AUDITORS’ REPORT

The annexure referred to in our Independent Auditors’ Report to the members of **Diamines and Chemicals Limited** (“the Company”) on the standalone financial statements for the year ended March 31, 2026, we report that:

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment including, Right of use assets.
 (B) The Company has maintained proper records showing full particulars of Intangible Assets.
- (b) The Company has a regular program of physical verification of property, plant and equipment which, in our opinion is reasonable. The assets which were to be covered as per the said program have been physically verified by the management at reasonable intervals. In our opinion and according to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and based on our examination of the registered deeds provided to us, the title deeds of the immovable properties disclosed in the standalone financial statements are held in the name of the Company. In respect of immovable properties, i.e., land taken on lease and disclosed under Property, Plant and Equipment, the lease agreements are duly executed in favour of the Company, where the Company is the lessee.
- (d) The Company has not revalued its PPE (including Right of Use Assets) or intangible assets or both during the year, and hence reporting under clause 3(i)(d) of the Order is not applicable to the Company.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) In According to the information and explanations given to us, inventories, except for goods-in-transit, have been physically verified by the management at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification are appropriate. As explained to us and as per procedures performed by us, no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such physical verification as compared to the book records.
- (b) According to the information and explanations given to us, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets and the quarterly returns or statements filed by the company with such banks are in agreement with the books of account of the Company.
- iii. In respect of Investments made, guarantee or security provided or grant of loans and advances in the nature of loans, secured or unsecured to companies, firms, Limited liability partnerships or any other parties :

- (a) The Company has granted loans or provided advances in the nature of loans during the year to the following entities:

(A) Particulars	Loans
Aggregate amount granted/provided during the year:	
- Subsidiary	₹ 106.43 Lakhs
- Associate	₹ 28.00 Lakhs
Balance outstanding as at balance sheet date in respect of above cases:-	
- Subsidiary	₹ 673.94 Lakhs
- Associate	₹ 284.41 Lakhs

The Company has not provided any guarantee or security to any entity during the year.

- (b) In our opinion, according to the information and explanations given to us and audit procedure performed by us, the terms and conditions on which the loans and advances have been granted are not prima facie prejudicial to the interest of the Company.
- (c) In respect of loans granted by the Company to its subsidiary and associate, as referred above, the terms of repayment of principal and interest have not been stipulated, and also the Company has not demanded the repayment of principal, therefore we are unable to comment upon the regularity of repayment of principal and payment of interest.
- (d) Since there is no stipulation for payment of principal and interest amount of loan, reporting for overdue amount for more than ninety days under clause (3)(iii)(d) and (e) of the Order is not applicable.
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- (f) The company has granted loans and advances in the nature of loans without specifying any terms or period of repayment to related parties as defined in clause (76) of section 2 of the Companies Act, 2013, aggregating to ₹ 958.35 Lakhs, percentage thereof to total loans is 100%.
- iv. In our opinion and according to the information and explanations given to us, the Company has not provided any guarantees or security to the parties covered under section 185 of the Act and the Company has complied with the provisions of Section 185 and 186 of the Act in respect of the loans granted and investments made.
- v. According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are considered to be deemed deposits during the year, hence directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules made thereunder are not applicable to the Company. According to information and explanations provided to us, no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the order of the Central Government for maintenance of cost records under section 148(1) of the Companies Act, 2013 and are of the opinion that prima facie the prescribed records have been made and maintained. We have, however, not made a detailed examination of the records with a view to determining whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records, the Company has generally been regular in depositing with appropriate authorities undisputed statutory dues, including provident fund, income-tax, duty of customs, cess, goods and services tax and any other statutory dues applicable to it. Further, no undisputed amounts payable in respect of income tax, duty of customs, duty of excise, goods and services tax, cess and other statutory dues were in arrears as at March 31, 2026 for a period of more than six months from the date they become payable.
- (b) According to the information and explanations given to us, and based on our examination of the records of the Company and the procedures performed by us, there are no disputed statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2026 on account of disputes except the following:

Goods and Services Tax Act,2017	F.Y. 2017-18 to 2020-21	Commissioner of Goods and Service Tax (Appeals)	131.08	7.02

- viii. According to the information and explanations given to us and on the basis of examination of the records of the Company, there were no transactions relating to previously unrecorded income which requires to be record in books of accounts as surrendered or disclosed as income during the year in the tax assessment under the Income Tax Act, 1961 (43 of 1961).
- ix. a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowing or in the payment of interest to any lender during the year.
- b) According to the information and explanations given to us and on the basis of audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
- e) According to the information and explanations given to us and on overall examination of the records of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary and associate and hence reporting under clause 3(ix)(e) of the order is not applicable to the company.
- f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiary and associate company, and hence reporting under clause 3(ix)(f) of the Order is not applicable to the Company.

- x. (a) According to information and explanation given to us, the company has not raised any money by the way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under 3(x)(a) of the order is not applicable to the company.
- (b) According to the information and explanations give to us and based on our examination of the records of the Company, the Company had made preferential allotment of warrants in the previous year with receipt of 25% and balance amount 75% of warrant consideration has been received on conversion of share warrants in Equity shares during the current year. Based on the audit procedures performed and according to the information and explanations given to us, the requirements of Section 42 and Section 62 of the Companies Act, 2013 have been complied with in respect of the said preferential allotment of share warrants. The funds so raised have been utilised for the purposes for which they were raised.
- xi. (a) To the best of our knowledge and according to information and explanations given to us, no fraud by the company or no material fraud on the company has been noticed or reported.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) According to the information and explanations given to us, the Company has not received any whistle blower complaints during the year.
- xii. In our opinion, the Company is not a Nidhi company and therefore, reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
- xiv. (a) In our opinion and based on our examination, the company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year.
- xv. According to the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable to the Company.
- (b) In our opinion and according to the information and explanations given to us, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has incurred cash losses amounting to ₹ 629.84 Lakhs during the financial year covered by our audit but had not incurred cash losses in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year and accordingly, this clause is not applicable.
- xix. In our opinion and according to the information and explanations given to us, on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the

assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause (3)(xx)(a) of the Order is not applicable for the year.
- (b) The Company does not have any "ongoing project" for Corporate Social Responsibility (CSR) and accordingly reporting under clause (3)(xx)(b) of the Order is not applicable for the year.
- xxi. Reporting under this clause of the Order is not applicable at standalone financial statements' level.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **Diamines and Chemicals Limited** on the standalone financial statements of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub section 3 of Section 143 of the Act.

We have audited the internal financial controls with reference to standalone financial statements of **Diamines and Chemicals Limited** (“the Company”) as of March 31, 2026, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (“the Act”).

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the, “Guidance note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls with reference to Standalone Financial Statements and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company’s internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements for the year ended 31st March, 2026

1. Corporate Information

The Standalone Financial Statements of "Diamines and Chemicals Limited" ("the Company") (CIN: L24110GJ1976PLC002905) are for the year ended 31st March, 2026.

The Company is a domestic public limited company incorporated and domiciled in India and has its registered office at Plot No. 13, New IPCL Rd, PCC Area, Vadodara, Gujarat. The Company's shares are listed and traded on the BSE Limited and National Stock Exchange of India Limited. The Company is engaged in business of manufacturing and marketing of organic chemicals compounds.

1.1 Statement of Compliance

These Standalone Financial Statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified under Section 133 of The Companies Act, 2013 (the "Act") read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act as amended from time to time.

1.2 Recent pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under the Companies (Indian Accounting Standards) Rules, as issued from time to time.

(a) Lack of exchangeability – Amendments to Ind AS 21

MCA via notification dated 7 May 2025, announced amendments to Ind AS 21 "The Effects of Changes in Foreign Exchange Rates" to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its Standalone Financial Statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. The amendments are effective for annual reporting periods beginning on or after 1 April 2025. The amendments does not have any material impact on the Standalone Financial Statements.

(b) In August 2025, MCA notified the following amendments:

(i) Ind AS 1 – Presentation of Standalone Financial Statements (applicable w.e.f. April 1, 2025)

The amendment relates to classification of liabilities as current or non-current, including liabilities with covenants. In the context of classifying a liability as current, it does not have the right at the end of reporting period to defer settlement of liabilities for at least 12 months after the reporting date. The amendment also introduces guidance on classification of liabilities with covenants. The Company has determined that these amendments do not have any impact on its classification criteria of current and non-current liabilities.

(ii) Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures (applicable w.e.f. April 1, 2025)

The amendment requires entities to inform users of Standalone Financial Statements about the existence of supplier finance arrangements and explain the nature of such arrangements, the carrying amount of liabilities, and the range of payment due date. These amendments do not have any material impact on the Standalone Financial Statements.

(iii) Amendment to Ind AS 12 Income Taxes (applicable w.e.f. April 1, 2025)

The amendments clarify that the Standard applies to income taxes arising from tax law enacted or substantively enacted to implement the Pillar Two model rules published by OECD, including tax law that implements qualified domestic minimum top-up taxes described in those rules. The amendments introduce a temporary exception to the accounting requirements for deferred taxes in Ind AS 12, so that an entity would neither recognize nor disclose information about deferred tax assets and liabilities related to Pillar Two income taxes. These amendments do not have any material impact on the Standalone Financial Statements.

(iv) Amendment to Ind AS 1 (issued but not yet effective)

Where a covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the Standalone Financial Statements) agrees not to demand payment. The Company has reviewed the new pronouncements and based on its evaluation has determined that since the Company does not have any borrowings with covenant the breach of which makes loan repayable on demand, so there is no impact on the Standalone Financial Statements.

1.3 Basis of Preparation of Standalone Financial Statements

The Standalone Financial Statements have been prepared and presented on the historical cost convention on accrual basis except for certain financial instruments that are measured at fair values / amortized cost / net present value at the end of each reporting period, as explained in the accounting policies below. These accounting policies have been applied consistently over all the periods presented in these standalone financials statements.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Standalone Financial Statements' and Schedule III to the Companies Act, 2013.

The Standalone Financial Statements have been presented in Indian Rupees (INR), which is also the Company's presentation and functional currency. All values are rounded off to the nearest two decimal lakhs, unless otherwise indicated.

2. Material Accounting policies

(i) Property, Plant and Equipment

Property, Plant & Equipment (PPE) comprises of Tangible assets and Capital Work in progress. PPE are stated at cost, net of tax/duty credit availed, if any, after reducing accumulated depreciation and accumulated impairment losses, if any; until the date of the Balance Sheet. The cost of PPE comprises of its purchase price or its construction cost (net of applicable tax credit, if any), any cost directly attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Direct costs are capitalized until the asset is ready for use and includes borrowing cost capitalised in accordance with the Company's accounting policy.

Capital work in progress includes the cost of PPE that are not yet ready for the intended use.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Standalone Statement of Profit and Loss.

As per internal technical evaluation carried out by the management, the management of the company believes that its Property, Plant & Equipment are of such nature that separate components are not distinctly identifiable having different useful life. And therefore, Component level accounting and reporting is not practically feasible for the company.

Depreciation of these PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of Property, Plant and Equipment (other than Freehold land) less their estimated residual value, using the straight-line method over the useful life of PPE as stated in the Schedule II to the Companies Act, 2013 or based on internal technical evaluation. The management believes that the useful lives as assessed best represent the period over which management expects to use these assets.

Useful lives of following class of PPE as prescribed under Part C of Schedule II to the Companies Act, 2013 and adopted by the company are as under:-

Asset Description	Assets Useful life (in Years)
Buildings	30 - 60
R & D Equipments	10
Office Equipments	5
Computers	3
Server	6
Road	5
Furniture and Fixtures	10
Vehicle	8

Useful lives of following class of PPE are based on internal technical evaluation carried out by the Company which are as under:-

Asset Description	Assets Useful life (in Years)
Plant & Machinery	20
Plant & Machinery (Tank)	25
Wind Electric Generators	22

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to PPE during the year is provided for on a pro-rata basis with reference to the date of additions/deletions.

The low value assets costing Rs. 25,000/- or less are fully depreciated (net of residual value) in the year of purchase.

Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Leasehold improvements are amortized over the period of the lease.

Freehold land is not depreciated.

(ii) Intangible Assets

Intangible assets with finite useful life acquired separately, are recognised only if it is probable that future economic benefits that are attributable to the assets will flow to the enterprise and the cost of assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized over the estimated period of benefit, not exceeding ten years.

Intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised in the Standalone Statement of Profit and Loss when the asset is derecognised.

Intangible assets are amortised on Straight Line Method from the date they are available for use, over the useful lives of the assets as estimated by the Management as under:

Asset Description	Assets Useful life (in Years)
Software & Licenses	3

(iii) Impairment of non-financial assets

The Company reviews at each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Standalone Statement of Profit & Loss. If at the reporting period, there is an indication that there is change in the previously assessed impairment loss, the recoverable amount is reassessed and the asset is reflected at the lower of its recoverable amount and the carrying amount that is determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

An assessment is made at the end of each reporting period to see if there are any indications that impairment losses recognised earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates which has the effect of increasing the asset's recoverable amount since the previous impairment loss was recognised. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that has been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversals of Impairment loss are recognised in the Standalone Statement of Profit and Loss.

(iv) Investment in Subsidiary

The Company records the Investment in equity instrument of Subsidiary at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investment in subsidiary, the difference between net disposal proceeds and the carrying amounts are recognised in the standalone statement of profit and loss.

Investment in Associate

The Company records the investments in associate at cost less impairment loss, if any. On disposal of investment in associate, the difference between net disposal proceeds and the carrying amounts (including corresponding value of dilution in deemed investment) are recognized in the Statement of Profit and Loss.

(v) Share-based payments

The grant date fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, on a straight -line basis, over the vesting period, based on the Company's estimate of equity instruments that will eventually vest. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserves.

(vi) Inventories

Inventories are valued at lower of cost and net realisable value after providing for impairment and other losses, where considered necessary. The basis of determining the value of each class of inventory is as follows:

Inventories	Cost Formulae
Raw Material, packing materials, fuels and stores and spares	At first-in-first out basis (Net of eligible credit)
Raw Material (Goods in transit)	At invoice price
Work-in-progress	At Cost, comprising of processed raw material cost based on the stage of completion.
Finished Goods (Including in Transit)	At Cost, comprising of raw material cost, labour cost and appropriate proportion of manufacturing expenses and overheads.
Scrap	At lower of Cost or Net Realisable Value

(vii) Revenue and Income recognition:

(a) Revenue from Contracts with Customers

Revenues from sale of goods or services are recognised upon transfer of control of the goods or services to the customer in an amount that reflects the consideration which the company expects to receive in exchange for those goods or services.

Revenue is measured at the transaction price of the consideration received or receivable duly adjusted for variable consideration and customer's right to return the goods and the same represents amounts receivable for goods and services provided in the normal course of business. Revenue also excludes taxes collected from customers. Any retrospective revision in prices is accounted for in the year of such revision.

Revenue is recognised at a point in time on accrual basis as per the terms of the contract, when there is no uncertainty as to measurement or collectability of consideration. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

When sales discount and rebate arrangements result in variable consideration, appropriate estimates are made and estimated variable consideration is recognised as a deduction from revenue at the point of sale (to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not be required). The Company typically uses the expected value method for estimating variable consideration, reflecting that such contracts have similar characteristics and a range of possible outcomes.

The contract asset or a contract liability is recognised when either party to a contract has performed, depending on the relationship between the entity's performance and the

customer's payment. When the company has a present unconditional rights to consideration, it is recognised separately as a receivable.

(b) Interest Income

Interest on investments is booked on a time proportion basis taking into account the amounts invested and the rate of interest.

(c) Dividend Income

Dividend income is recognized when the right to receive the same is established.

(d) Export Incentives

Export incentives (Duty Drawback Scheme benefits) are accrued in the year when the right to receive the same is established in respect of exports made and are accounted to the extent there is no significant uncertainty about the measurability and ultimate realization/ utilization of such benefits/ duty credit.

(e) Other Income

Other income is recognized on accrual basis except when realization of such income is uncertain.

(viii) Foreign Exchange Transactions

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the spot exchange rates prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated using closing exchange rate prevailing on the last day of the reporting period.

Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.

Exchange differences on monetary items are recognised in the Standalone Statement of Profit and Loss in the period in which they arise.

(ix) Leases

As a lessee

The Company's lease assets primarily consist of lease for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases and corresponding Right-of-use Asset. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The Right-of-use Assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liability.

Right-of-use Assets are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

(x) Employees Benefits

Post Employment Benefit

(i) Defined Contribution Plan

The company's contribution to defined contribution plan paid/payable for the year is charged to the Standalone Statement of Profit and loss.

(ii) Defined Benefit Plan

The liabilities towards defined benefit schemes are determined using the Projected Unit Credit method. Actuarial valuation under the Projected Unit Credit method are carried out at the balance sheet date. Remeasurement gains/losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income (OCI). These gains/losses which are recognised in OCI are reflected in retained earnings and are not reclassified to Profit or Loss. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise it is amortized on straight-line basis over the remaining average period until the benefits become vested.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by plan assets. The plan assets are measured at fair value.

(iii) Short Term Employee Benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised undiscounted during the period employee renders services. These benefits include salaries, wages, bonus, performance incentives, etc.

(iv) Other Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at present value of the defined benefit obligation at the balance sheet date, using Projected Unit Credit method.

(xi) Borrowing Costs

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings.

General and specific borrowing costs attributable to acquisition and construction of qualifying assets is added to the cost of the assets upto the date the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use Capitalisation of borrowing costs is suspended and charged to the Standalone Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in the Standalone Statement of Profit and Loss in the period in which they are incurred.

(xii) Statement of Cash Flows

Standalone Statement of Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

(xiii) Income Taxes

Income tax expense represents the sum of the current tax and deferred tax.

(i) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Standalone Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Standalone Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets tax assets and liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(iii) Current and Deferred Tax Expense for the Year

Current and deferred tax expense is recognised in the Standalone Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(xiv) Financial Instruments

Financial assets and Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial

recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in the Standalone Statement of Profit and Loss. However, trade receivables which is a financial asset that do not contain a significant financing component are measured at transaction price.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial assets.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through OCI:

A financial asset shall be classified and measured at FVTOCI, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categories assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- (i) Level 1: Quoted Prices (unadjusted) in active markets for identical assets or liabilities
- (ii) Level 2: inputs are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- (iii) Level 3: inputs are unobservable for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

For assets and liabilities that are recognised in the Standalone Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy

by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

contract with customers and it is being satisfied at a point in time.

Impairment of financial assets:

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial Assets are measured at amortised cost e.g., deposits, trade receivables and bank balance

Simplified Approach

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade Receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

General Approach

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-months ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed. On that basis, the Company estimates provision on trade receivables at the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense (or income) in the Standalone Statement of Profit and Loss.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual right to receive the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised

in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Classification and Subsequent Measurement:

Financial liabilities:

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on liabilities held for trading are recognised in the Standalone Statement of Profit and Loss.

Other Financial Liabilities at amortised cost:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial liabilities and equity instruments:

- Classification as debt or equity:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

- Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by a Company are recognised at the proceeds received.

Derecognition of financial liabilities:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

Offsetting:

Financial assets and financial liabilities are offset and the net amount is reported in the Standalone Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(xv) Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign currency exchange rate risks.

Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at fair value at the end of each reporting period and changes are recognised in Standalone Statement of Profit and Loss.

(xvi) Segment Reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Making Body (CODM) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.

(xvii) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax with the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, with the aggregate of weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(xviii) Dividend

Provision is made in the accounts for the amount of any final dividend declared on the date of its approval by the shareholders. Interim dividends, if any, are recorded as a liability on the date of its declaration by the company's board of directors.

(xix) Research and Development

Research costs are charged to the statement of profit and loss in the year in which they are incurred.

Product development costs incurred on new products are recognised as intangible assets, when feasibility has been established, the Company has committed technical, financial and other resources to complete the development and it is probable that asset will generate probable future economic benefits. The costs capitalised include the cost of materials, direct labour and directly attributable overhead expenditure incurred up to the date the asset is available for use. Interest cost incurred is capitalised up to the date the asset is ready for its intended use, based on borrowings incurred specifically for financing the asset or the weighted average rate of all other borrowings if no specific borrowings have been incurred for the asset. Product development expenditure is measured at cost less accumulated amortisation and impairment, if any.

(xx) Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognised when, based on Company's present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities and Assets

Contingent liabilities are disclosed in the Standalone Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are disclosed in the Standalone Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

(xxi) Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Standalone Financial Statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

3. Critical Accounting Judgments, Estimates, Assumptions and Key Sources of Estimation Uncertainty

The preparation of the Company's Standalone Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the Standalone Financial Statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key estimates, assumptions and judgements

In particular, the Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the Standalone Financial Statements. Changes in estimates are accounted for prospectively.

(i) Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits.

(ii) Useful lives of Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

(iii) Contingent Liabilities

In the normal course of business, Contingent Liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed

in the Notes but are not recognised. Potential liabilities that are remote are neither recognised nor disclosed as contingent liability. The management decides whether the matters need to be classified as 'remote', 'possible' or 'probable' based on expert advice, past judgements, experiences etc.

(iv) Evaluation of Indicators for Impairment of Property, Plant and Equipment

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline in asset's value, economic or legal environment, market interest rates etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the idle assets etc.) which could result in significant change in recoverable amount of the Property, Plant and Equipment and such assessment is based on estimates, future plans as envisaged by Company.

(v) Actuarial Valuation:

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the income statement and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market.

(vi) Allowance for impairment of trade receivables

The expected credit loss is mainly based on the ageing of the receivable balances and historical experience. The receivables are assessed on an individual basis assessed for impairment collectively, depending on their significance. Moreover, trade receivables are written off on a case-to-case basis if deemed not to be collectable on the assessment of the underlying facts and circumstances.

(vii) Provisions

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(viii) Revenue Recognition:

The Company's contracts with customers include promises to transfer products to the customers. The Company assesses the products promised in a contract and identifies distinct performance obligations, if any, in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables. Judgement is also required to determine the transaction price for the contract. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over time. The Company considers indicators such as to who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc. The judgment is also exercised in determining the variable consideration, if any, involved in transaction price and also in estimating the impact of customer's right to return the goods, based on prior experience. The company has exercised judgments and concluded that it has only one performance obligation from each of its of its contract with customers and it is being satisfied at a point in time.

B. Defined Benefit Plans

The Company operates a defined benefit gratuity plan covering qualifying employees. Under this plan, eligible employees are entitled to a post-retirement benefit calculated at 15 days' salary for each completed year of service, up to the retirement age of 58 years, subject to a maximum payment ceiling of ₹ 20 lakhs. The benefit vests upon completion of five years of continuous service. The gratuity plan was governed by the provisions of the Payment of Gratuity Act, 1972 up to November 20, 2025 and thereafter by the applicable provisions of the Labour Codes notified by the Government of India. Once vested, the gratuity becomes payable upon retirement or termination of employment. The Company makes annual contributions to a group gratuity scheme administered by the Life Insurance Corporation of India (LIC) through its Gratuity Trust Fund. The liability

Notes to the Standalone Financial Statements for the year ended 31st March, 2026

towards the gratuity plan is determined based on actuarial valuations carried out at the end of each reporting period using the projected unit credit method, as prescribed under Ind AS 19 – Employee Benefits.

The Government of India has consolidated 29 existing labour legislations into a unified framework comprising four Labour Codes -The Code on Wages, 2019, The Industrial Relations Code, 2020, The Code on Social Security, 2020 and The Occupational Safety, Health and Working Conditions Code, 2020 (collectively referred to as “the Labour Codes”). These codes have been made effective from November 21, 2025 and the corresponding supporting central rules have been notified from May 8 ,2026. Accordingly, the Company has recognized a provision towards past service cost on gratuity payable to employees amounting to Rs. 4.62 Lakhs during the year ended March 31, 2026 which is included under “Employee benefits expense”. The State Rules are yet to be notified. The Company continues to monitor the developments and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments, as needed.

Gratuity is defined benefit plan and Company is exposed to following Risks:

Interest Risk :

A fall in the discount rate which is linked to the Government Securities Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk :

The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan’s liability.

Investment Risk :

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Mortality Risk :

Since the benefits under the plan is not payable for the life time and payable till retirement age only, plan does not have any longevity risk.

Total	1,346.16	1,095.17

The carrying value of Financial Assets and Financial Liabilities measured at amortised cost approximates to their fair values.

(B) Capital Management

The company's objective when managing capital is to:

- Safeguard its ability to continue as a going concern so that the Company is able to provide maximum return to stakeholders and benefits for other stakeholders.
- Maintain an optimal capital structure to reduce the cost of capital.

The Company's Board of Directors reviews the capital structure on a regular basis. As part of this review, the Board considers the cost of capital, risk associated with each class of capital requirements and maintenance of adequate liquidity.

(C) Fair Value Measurement:

This note provides information about how the Company determines fair values of various financial assets.

The following table gives information about how the fair values of these financial assets are determined.

(₹ in Lakhs)

Particulars	As at 31 st March, 2026			As at 31 st March, 2025		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
(a) Financial assets / liabilities at fair value through other comprehensive income (FVTOCI)						
Financial assets measured at fair value						
Investments in equity Shares -						
Quoted - (Refer Note-5(C))	932.16	-	-	1,495.65	-	-
Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.						
Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).						
Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).						

Notes to the Standalone Financial Statements for the year ended 31st March, 2026

(b) Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The carrying amount of financial assets and financial liabilities measured at amortised cost in the Financial Statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

There has been no transfers between level 1, level 2 and level 3 for the years ended 31st March, 2026.

(D) Financial risk management:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of borrowings (if any), trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations in selective instances. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations and investments. The company is exposed to market risk, credit risk, liquidity risk etc. The objectives of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital. The Company's capital structure is managed using equity and debt ratios as part of the Company's financial planning.

1. Market risk:

Market risk is the risk that changes in market prices- such as foreign exchange rates, interest rates and equity prices- will affect the Company's income or the value of its holdings of financial instrument. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return. The major components of market risk are foreign currency risk, interest rate risk and price risk.

A Foreign Currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise.

Foreign currency exposure as at 31st March are hedged as per the policy of the company

Particulars	As at 31 st March, 2026		As at 31 st March, 2025	
	Amount in Foreign currency	₹ in Lakhs	Amount in Foreign currency	₹ in Lakhs

Notes to the Standalone Financial Statements for the year ended 31st March, 2026

(a) Foreign Currency Sensitivity:

The Company is principally exposed to foreign currency risk against USD. Sensitivity of profit or loss arises mainly from USD denominated receivables and payables. As per management's assessment of reasonable possible changes in the exchange rate of +/- 5% between USD-INR currency pair, sensitivity of profit or loss only on outstanding foreign currency denominated monetary items at the period end is presented below:

(₹ in Lakhs)		
USD sensitivity at year end	For the year ended 31 st March, 2026	For the year ended 31 st March, 2025
Liabilities:		
Weakening of INR by 5%	(5.32)	(29.86)
Strengthening of INR by 5%	5.32	29.86

(b) Forward foreign exchange contracts

The Company enter into forward foreign exchange contracts to cover foreign currency payments in USD. The Company enters in to contracts with terms up to 120 days. Forward cover is obtained from bank for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction. Though the forward contracts are not designated as hedging instruments, they are used for hedging foreign currency exposure & out of the above, the details of exposures hedged using forward exchange contracts are given below as at year ended 31st March, 2026 and 31st March, 2025 are as under:

Outstanding contracts	Average exchange rates		Foreign Currency	
	31 st March, 2026	31 st March, 2025	31 st March, 2026	31 st March, 2025

In INR	-	329.31	-	322.92
Total	-	329.31	-	322.92

B Interest rate risk:

The Company invests the surplus fund generated from operations in bank deposits. Bank deposits are made for a period of up to 12 months and carry interest rate of 5%-7.25% as per prevailing market interest rate. Considering these bank deposits are short term in nature, there is no significant interest rate risk.

C Price risk:

The Company's equity securities price risk arises from investments held and classified in the balance sheet at fair value through OCI. The Company's equity investments in Securities are publicly traded.

Notes to the Standalone Financial Statements for the year ended 31st March, 2026

Price sensitivity analysis:

The sensitivity of profit or loss in respect of investments in equity shares at the end of the reporting period for +/-5% change in price and net asset value is presented below:

Other comprehensive income for the year ended 31st March, 2026 would increase / decrease by **₹ 46.61 Lakhs** (P.Y. ₹ 74.78 Lakhs) as a result of 5% changes in fair value of equity investments measured at FVTOCI.

2. Credit risk:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company. Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in equity instruments and trade receivables.

None of the financial instruments of the Company result in material concentrations of credit risks, which may result into financial loss for the company.

3. Liquidity risk:

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company may be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

INDEPENDENT AUDITORS' REPORT

To the Members of
Diamines and Chemicals Limited
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Diamines and Chemicals Limited (hereinafter referred to as "the Holding Company" or "the Company") and its subsidiary (collectively referred to as "the Group"), and its Associate which comprise the Consolidated Balance Sheet as at March 31, 2026, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditors on separate financial statements of the Associate as referred to in the "Other Matters" paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Associate as at March 31, 2026, and their consolidated total comprehensive income (comprising of loss and other comprehensive income), consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its Associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI), together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of these consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	How our audit addressed the key audit matter
1	Litigations and claims (Refer to note 36(A)(b) to the consolidated financial statements) In case of holding company, the cases are pending with multiple tax authorities like Income Tax, Excise/Service Tax and Provident Fund Authority etc.	Our audit procedures, inter alia, included the following: Evaluation of holding company's management's judgment of tax risks, estimates of tax exposures, other claims and contingencies. Past and current experience with the tax authorities and management's response on the subject matter were used to assess the appropriateness of management's best estimate of the most likely outcome of each uncertain contingent liability.

Sr. No.	Key Audit Matter	How our audit addressed the key audit matter
	In normal course of business, financial exposures may arise from pending proceedings and from litigation and claims. Whether a claim needs to be recognised as liability or disclosed as contingent liability in the consolidated financial statements is dependent on number of significant assumptions and judgments. The amounts involved are potentially significant and determining the amount, if any, to be recognised or disclosed in the consolidated financial statements, is inherently subjective. We considered the above area as a key audit matter due to associated uncertainty related to the outcome of these matters and application of material judgement in interpretation of law.	- Understanding the current status of the tax assessments & other litigations and discussing selected matters with the holding company's management. - Assessing the holding company's assumptions and estimates in respect of claims, included in the contingent liabilities disclosed in the consolidated financial statements. - Assessment of the probability of negative result of litigation and the reliability of estimates of related obligations. Conclusion: Based on procedures described above, we did not identify any material exceptions relating to management's assertions, and treatment, presentation and disclosure of the subject matter in the consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis, Corporate Governance Report and Shareholder's Information but does not include the consolidated financial statements and our auditors' report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its Associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group and its Associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its Associate for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records,

relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its Associate are responsible for assessing the ability of the Group and its Associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its Associate are also responsible for overseeing the financial reporting process of the Group and of its Associate.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group and its Associate have adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its Associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its Associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of the entities within the Group and its Associate to express an opinion on the consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial information of entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by the other

auditors, such other auditors remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and the subsidiary included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (i) We have audited the financial statements of wholly owned subsidiary, whose financial statements reflect total assets of ₹ 1,503.11 Lakhs as at March 31, 2026 (P.Y. ₹ 1,543.76 Lakhs), total revenues of ₹ 4.95 Lakhs (P.Y. ₹ 14.24 Lakhs), Net loss after tax ₹ (151.75) Lakhs (P.Y. ₹ (161.04) Lakhs), total comprehensive income (comprising of Loss and other comprehensive income) of ₹ (151.75) Lakhs (P.Y. ₹ (161.04) Lakhs) and net cash inflows/(onflows) amounting to ₹ (3.55) Lakhs (P.Y. ₹ 3.22 Lakhs) for the year ended on that date, as considered in the consolidated financial statements.

 - b. in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books except for the matter stated in paragraph (v) of point (i) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, in case of an Associate company;
 - c. the Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements;

- d. in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act;
- e. on the basis of the written representations received from the directors of the Group and taken on record by the respective Board of Directors of the Holding Company and subsidiary company and based on the separate audit report in respect of an Associate company as on March 31, 2026, which are companies incorporated in India, none of the directors of the Group companies and its Associate company incorporated in India is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. the modification relating to the maintenance of accounts and other matters connected therewith in case of an Associate company, are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph (v) of point (i) below on reporting under Rule 11(g).
- g. with respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Group and its Associate and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- h. with respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Holding Company to its directors is in accordance with the provisions of Section 197 read with Schedule V of the Act. The subsidiary company incorporated in India has not paid any remuneration to its directors during the year. Based on the auditors' report of Associate company incorporated in India, no remuneration has been paid by the Associate company to its directors during the year.

- i. with respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of other auditors on separate financial statements of the Associate, as noted in other matters paragraph:
 - i. the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its Associate- Refer Note 36(A)(b) to the consolidated financial statements;
 - ii. the Group and its Associate did not have any long term contracts including derivative contracts for which there were material foreseeable losses as at March 31, 2026;
 - iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group and its Associate incorporated in India.
 - iv. (a) the respective managements of the Group and Associate which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors respectively that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary or Associate to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary or Associate ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) the respective managements of the Group and Associate which are companies incorporated in India, whose financial statements have been audited under the Act,

have represented to us and other auditors respectively that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiary or Associate from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary or Associate shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. As stated in Note 15(iii) to the consolidated financial statements

- (d) The final dividend proposed in the previous year, declared and paid by the Holding Company during the year is in accordance with Section 123 of the Act, as applicable.
- (e) The Board of Directors of the Group companies and its Associate have not proposed any final dividend for the year.

vi. Based on our examination which included test checks that performed by us, the Group Companies have used accounting software for maintaining their respective books of account which has a feature of recording audit trail (edit log) facility. The audit trail facility has been operating throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with and audit trail has been preserved by the Company as per the statutory requirements for record retention. Further, based on the report of auditors of the Associate, the Associate has not enabled the feature of recording audit trail (edit log) facility in the accounting software for maintaining its books of account. Therefore, the question of reporting on audit trail operation, instances of its tampering and its preservation do not arise.

- 2. With respect to the matters specified in paragraph 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us in respect of Holding and Subsidiary company and by the auditors of Associate included in the consolidated financial statements, we report that there are no qualifications or adverse remarks in these CARO reports.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Diamines and Chemicals Limited** on the consolidated financial statements of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause(i) of Sub section 3 of Section 143 of the Act.

In conjunction with our audit of the Consolidated Financial statements of the Group as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to consolidated financial statements of **Diamines and Chemicals Limited** ("the Company") (hereinafter referred to as "the Holding Company") and its subsidiary (collectively referred to as "the Group") and its Associates company, which are company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary company and its Associate company are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of Holding Company, its subsidiary and its Associate, which are companies incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the, "Guidance note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls with reference to consolidated Financial Statements and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of Associate company, in terms of their report referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary and its Associate, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A Company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of other auditors referred to in the Other Matter paragraph below, the Holding Company, its subsidiary and its Associate, which are companies incorporated in India have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Group and its Associate considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to an Associate company, which is the company incorporated in India, is based on the corresponding report of the auditors of such company.

Our opinion is not modified in respect of above matter.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2026

1. Corporate Information

The Consolidated Financial Statements comprise Financial Statements of “Diamines and Chemicals Limited” (“the Holding company” or “Parent Company”) (CIN: L24110GJ1976PLC002905) and its subsidiary (collectively referred as “the Group”) and the Group’s interest in associate for the year ended March 31, 2026.

The Holding company is a domestic public limited company incorporated and domiciled in India having its registered office at Plot No. 13, PCC Area, P.O. Petrochemicals, Vadodara, Gujarat. The Holding Company’s shares are listed and traded on the BSE Limited and National Stock Exchange of India Limited.

The Holding company has its Wholly owned Subsidiary (DACL Fine Chem Limited) domiciled in India. The Group is mainly engaged in business of manufacturing and marketing of organic chemicals compounds.

1.1 Statement of Compliance

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified under Section 133 of The Companies Act, 2013 (the “Act”) read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act as amended from time to time.

1.2 Recent pronouncements

Recent Pronouncements

The Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under the Companies (Indian Accounting Standards) Rules, as issued from time to time.

(a) Lack of exchangeability – Amendments to Ind AS 21

MCA via notification dated 7 May 2025, announced amendments to Ind AS 21 “The Effects of Changes in Foreign Exchange Rates” to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its Consolidated Financial Statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity’s financial performance, financial position and cash flows. The amendments are effective for annual reporting periods beginning on or after 1 April 2025. The amendments does not have any material impact on the Consolidated Financial Statements.

(b) In August 2025, MCA notified the following amendments:

(i) Ind AS 1 – Presentation of Consolidated Financial Statements (applicable w.e.f. April 1, 2025)

The amendment relates to classification of liabilities as current or non-current, including liabilities with covenants. In the context of classifying a liability as current, it does not have the right at the end of reporting period to defer settlement of liabilities for at least 12 months after the reporting date. The amendment also introduces guidance on classification of liabilities with covenants. The Company has determined that these amendments do not have any impact on its classification criteria of current and non-current liabilities.

(ii) Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures (applicable w.e.f. April 1, 2025)

The amendment requires entities to inform users of Consolidated Financial Statements about the existence of supplier finance arrangements and explain the nature of such arrangements, the carrying amount of liabilities, and the range of payment due date. These amendments do not have any material impact on the Consolidated Financial Statements.

(iii) Amendment to Ind AS 12 Income Taxes (applicable w.e.f. April 1, 2025)

The amendments clarify that the Standard applies to income taxes arising from tax law enacted or substantively enacted to implement the Pillar Two model rules published by OECD, including tax law that implements qualified domestic minimum top-up taxes described in those rules. The amendments introduce a temporary exception to the accounting requirements for deferred taxes in Ind AS 12, so that an entity would neither recognize nor disclose information about deferred tax assets and liabilities related to Pillar Two income taxes. These amendments do not have any material impact on the Consolidated Financial Statements.

(iv) Amendment to Ind AS 1 (issued but not yet effective)

Where a covenant breach exists on or before the reporting date and, as a result, the liability becomes payable on demand on that date, the liability must be classified as current, even if the lender subsequently (i.e. after the reporting date but before approval of the Consolidated Financial Statements) agrees not to demand payment. The Company has reviewed the new pronouncements and based on its evaluation has determined that since the Company does not have any borrowings with covenant the breach of which makes loan repayable on demand, so there is no impact on the Consolidated Financial Statements.

1.3 Basis of Preparation of Consolidated Financial Statements

The Consolidated Financial Statements have been prepared and presented on the historical cost convention on accrual basis except for certain financial instruments that are measured at fair values / amortized cost / net present value at the end of each reporting period, as explained in the accounting policies below. These accounting policies have been applied consistently over all the periods presented in these consolidated financials statements.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Accordingly, all assets and liabilities have been classified as current or non-current as per the Group's operating cycle and other criteria set out in Ind AS-1 'Presentation of Consolidated Financial Statements' and Schedule III to the Companies Act, 2013.

Items included in the Consolidated Financial Statements of the Group are measured using the currency of the primary economic environment in which the Group operates ('functional currency'). The Consolidated Financial Statements of the Group are presented in Indian currency (INR), which is also the functional and presentation currency of the Group. All values are rounded off to the nearest two decimal lakhs, unless otherwise indicated.

1.4 Principles of Consolidation:

Subsidiary:

The Consolidated Financial Statements incorporate the Financial Statements of the Company and its subsidiaries (collectively referred as "the Group").

Subsidiaries are entities controlled by the Company. The Company controls an entity when it is exposed or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are consolidated from the date of their acquisition, being the date on which the Company obtains control and continue to be consolidated until the date that such control ceases.

The Consolidated Financial Statements are prepared using uniform accounting policies consistently for material like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's Consolidated Financial Statements except otherwise stated. When necessary, adjustments are made to the Consolidated Financial Statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

The Consolidated Financial Statements have been prepared by combining the Standalone Financial Statements of the company and its subsidiaries on a line-by-line basis by adding together the book values of like items of assets, liabilities, equity, income, expenses and cash flow after eliminating in full intra-group assets, liabilities, equity, income, expenses and cash flow relating to intra-group transactions and unrealized profits. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Such unrealized profit/losses are fully attributed to the Company.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in the consolidated statement of profit and loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill) and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to the consolidated statement of profit and loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109.

Associate:

The Group's interests in equity accounted investees comprise interests in associate.

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies. Interests in associate are accounted for using the equity method. They are initially recognised at cost which includes transaction costs. Subsequent to initial recognition, the Consolidated Financial Statements include the Group's share of profit or loss and OCI of equity accounted investees until the date on which significant influence ceases.

2. Material Accounting Policies

(i) Property, Plant and Equipment

Property, Plant & Equipment (PPE) comprises of Tangible assets and Capital Work in progress. PPE are stated at cost, net of tax/duty credit availed, if any, after reducing accumulated depreciation and accumulated impairment losses, if any; until the date of the Balance Sheet. The cost of PPE comprises of its purchase price or its construction cost (net of applicable tax credit, if any), any cost directly attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Direct costs are capitalized until the asset is ready for use and includes borrowing cost capitalised in accordance with the Group's accounting policy.

Capital work in progress includes the cost of PPE that are not yet ready for the intended use.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.

As per internal technical evaluation carried out by the management, the management of the group believes that its Property, Plant & Equipment are of such nature that separate components are not distinctly identifiable having different useful life. And therefore, Component level accounting and reporting is not practically feasible for the group.

Depreciation of these PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of Property, Plant and Equipment (other than Freehold land) less their estimated residual value, using the straight-line method over the useful life of PPE as stated in the Schedule II to the Companies Act, 2013 or based on internal technical evaluation. The management believes that the useful lives as assessed best represent the period over which management expects to use these assets.

Useful lives of following class of PPE as prescribed under Part C of Schedule II to the Companies Act, 2013 and adopted by the company are as under:-

Asset Description	Assets Useful life (in Years)
Buildings	30 - 60
R & D Equipments	10
Office Equipments	5
Computers	3
Server	6
Road	5
Furniture and Fixtures	10
Vehicle	8

Useful lives of following class of PPE are based on internal technical evaluation carried out by the Group which are as under:-

Asset Description	Assets Useful life (in Years)
Plant & Machinery	20
Plant & Machinery (Tank)	25
Wind Electric Generators	22

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to PPE during the year is provided for on a pro-rata basis with reference to the date of additions/deletions.

The low value assets costing ₹ 25,000/- or less are fully depreciated (net of residual value) in the year of purchase.

Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Leasehold improvements are amortized over the period of the lease.

Freehold land is not depreciated.

(ii) Intangible Assets

Intangible assets with finite useful life acquired separately, are recognised only if it is probable that future economic benefits that are attributable to the assets will flow to the enterprise and the cost of assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized over the estimated period of benefit, not exceeding ten years.

Intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised .

Intangible assets are amortised on Straight Line Method from the date they are available for use, over the useful lives of the assets as estimated by the Management as under:

Asset Description	Assets Useful life (in Years)
Software & Licenses	3

(iii) Impairment of non-financial assets

The Group reviews at each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Consolidated Statement of Profit & Loss. If at the reporting period, there is an indication that there is change in the previously assessed impairment loss, the recoverable amount is reassessed and the asset is reflected at the lower of its recoverable amount and the carrying amount that is determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

An assessment is made at the end of each reporting period to see if there are any indications that impairment losses recognised earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates which has the effect of increasing the asset's recoverable amount since the previous impairment loss was recognised. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that has been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis

over its remaining useful life. Reversals of Impairment loss are recognised in the Consolidated Statement of Profit and Loss.

(iv) Share-based payments

The grant date fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, on a straight-line basis, over the vesting period, based on the Holding Company's estimate of equity instruments that will eventually vest. At the end of each reporting period, the Holding Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserves.

(v) Inventories

Inventories are valued at lower of cost and net realisable value after providing for impairment and other losses, where considered necessary. The basis of determining the value of each class of inventory is as follows:

Inventories	Cost Formulae
Raw Material, packing materials, fuels and stores and spares	At first-in-first out basis (Net of eligible credit)
Raw Material (Goods in transit)	At invoice price
Work-in-progress	At Cost, comprising of processed raw material cost based on the stage of completion.
Finished Goods (Including in Transit)	At Cost, comprising of raw material cost, labour cost and appropriate proportion of manufacturing expenses and overheads.
Scrap	At lower of Cost or Net Realisable Value

(vi) Revenue and Income recognition:

(a) Revenue from Contracts with Customers

Revenues from sale of goods or services are recognised upon transfer of control of the goods or services to the customer in an amount that reflects the consideration which the group expects to receive in exchange for those goods or services.

Revenue is measured at the transaction price of the consideration received or receivable duly adjusted for variable consideration and customer's right to return the goods and the same represents amounts receivable for goods and services provided in the normal course of business. Revenue also excludes taxes collected from customers. Any retrospective revision in prices is accounted for in the year of such revision.

Revenue is recognised at a point in time on accrual basis as per the terms of the contract, when there is no uncertainty as to measurement or collectability of consideration. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

When sales discount and rebate arrangements result in variable consideration, appropriate estimates are made and estimated variable consideration is recognised as a deduction from revenue at the point of sale (to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not be required). The Group typically uses the expected value method for estimating variable consideration, reflecting that such contracts have similar characteristics and a range of possible outcomes.

The contract asset or a contract liability is recognised when either party to a contract has performed, depending on the relationship between the entity's performance and the customer's payment. When the group has a present unconditional rights to consideration, it is recognised separately as a receivable.

(b) Interest Income

Interest on investments is booked on a time proportion basis taking into account the amounts invested and the rate of interest.

(c) Dividend Income

Dividend income is recognised when the right to receive the same is established.

(d) Export Incentives

Export incentives (Duty Drawback Scheme benefits) are accrued in the year when the right to receive the same is established in respect of exports made and are accounted to the extent there is no significant uncertainty about the measurability and ultimate realization/ utilization of such benefits/ duty credit.

(e) other Income

Other income is recognised on accrual basis except when realization of such income is uncertain.

(vii) Foreign Exchange Transactions

Transactions in currencies other than the Group's functional currency (foreign currencies) are recognised at the spot exchange rates prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated using closing exchange rate prevailing on the last day of the reporting period.

Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.

Exchange differences on monetary items are recognised in the Consolidated Statement of Profit and Loss in the period in which they arise.

(viii) Leases

As a lessee

The Group's lease assets primarily consist of lease for land. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset;
- the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases and corresponding Right-of-use Asset. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The Right-of-use Assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liability.

Right-of-use Assets are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

(ix) Employees Benefits

Post Employment Benefit

(i) Defined Contribution Plan

The group's contribution to defined contribution plan paid/payable for the year is charged to the Consolidated Statement of Profit and loss.

(ii) Defined Benefit Plan

The liabilities towards defined benefit schemes are determined using the Projected Unit Credit method. Actuarial valuation under the Projected Unit Credit method are carried out at the balance sheet date. Remeasurement gains/losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income (OCI). These gains/losses which are recognised in OCI are reflected in retained earnings and are not reclassified to Profit or Loss. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise it is amortized on straight-line basis over the remaining average period until the benefits become vested.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by plan assets. The plan assets are measured at fair value.

(iii) Short Term Employee Benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised undiscounted during the period employee renders services. These benefits include salaries, wages, bonus, performance incentives, etc.

(iv) Other Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at present value of the defined benefit obligation at the balance sheet date, using Projected Unit Credit method.

(x) Borrowing Costs

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings.

General and specific borrowing costs attributable to acquisition and construction of qualifying assets is added to the cost of the assets upto the date the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use Capitalisation of borrowing costs is suspended and charged to the Consolidated Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in the Consolidated Statement of Profit and Loss in the period in which they are incurred.

(xi) Statement of Cash Flows

Consolidated Statement of Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals

of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

(xii) Income Taxes

Income tax expense represents the sum of the current tax and deferred tax.

(i) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets tax assets and liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(iii) Current and Deferred Tax Expense for the Year

Current and deferred tax expense is recognised in the Consolidated Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(xiii) Financial Instruments

Financial assets and Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in the Consolidated Statement of Profit and Loss. However, trade receivables which is a financial asset that do not contain a significant financing component are measured at transaction price.

Classification and Subsequent Measurement: Financial Assets

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial assets.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through OCI:

A financial asset shall be classified and measured at FVTOCI, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets:

In accordance with Ind AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following Financial Assets and credit risk exposure.

- a) Financial Assets are measured at amortised cost e.g., deposits, trade receivables and bank balance.

Simplified Approach

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade Receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

General Approach

For recognition of impairment loss on other Financial Assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the group reverts to recognising impairment loss allowance based on 12-months ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed. On that basis, the Group estimates provision on trade receivables at the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense (or income) in the Consolidated Statement of Profit and Loss.

Derecognition of financial assets:

The Group derecognises a financial asset when the contractual right to receive the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Classification and Subsequent Measurement:

Financial liabilities:

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on liabilities held for trading are recognised in the Consolidated Statement of Profit and Loss.

Other Financial Liabilities at amortised cost:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial liabilities and equity instruments:

- Classification as debt or equity:

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

- Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by a Group are recognised at the proceeds received.

Derecognition of financial liabilities:

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

Offsetting:

Financial assets and financial liabilities are offset and the net amount is reported in the Consolidated Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(xiv) Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign currency exchange rate risks.

Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at fair value at the end of each reporting period and changes are recognised in the Consolidated Statement of Profit and Loss.

(xv) Segment Reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Making Body (CODM) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group.

(xvi) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax with the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, with the aggregate of weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(xvii) Dividend

Provision is made in the accounts for the amount of any final dividend declared on the date of its approval by the shareholders. Interim dividends, if any, are recorded as a liability on the date of its declaration by the respective companies' board of directors.

(xviii) Research and Development

Research costs are charged to the statement of profit and loss in the year in which they are incurred.

Product development costs incurred on new products are recognised as intangible assets, when feasibility has been established, the Company has committed technical, financial and other resources to complete the development and it is probable that asset will generate probable future economic benefits. The costs capitalised include the cost of materials, direct labour and directly attributable overhead expenditure incurred up to the date the asset is available for use. Interest cost incurred is capitalised up to the date the asset is ready for its intended use, based on borrowings incurred specifically for financing the asset or the weighted average rate of all other borrowings if no specific borrowings have been incurred for the asset. Product development expenditure is measured at cost less accumulated amortisation and impairment, if any.

(xix) Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognized when, based on Group's present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities and Assets

Contingent liabilities are disclosed in the Consolidated Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are disclosed in the Consolidated Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

(xx) Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Consolidated Financial Statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

3. Critical Accounting Judgments, Estimates, Assumptions and Key Sources of Estimation Uncertainty

The preparation of the Group's Consolidated Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the Consolidated Financial Statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key estimates, assumptions and judgements

In particular, the Group has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the Consolidated Financial Statements. Changes in estimates are accounted for prospectively.

(i) Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits.

(ii) Useful lives of Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Group's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

(iii) Contingent Liabilities

In the normal course of business, Contingent Liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the Notes but are not recognised. Potential liabilities that are remote are neither recognised nor disclosed as contingent liability. The management decides whether the matters need to be classified as 'remote', 'possible' or 'probable' based on expert advice, past judgements, experiences etc.

(iv) Evaluation of Indicators for Impairment of Property, Plant and Equipment

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline in asset's value, economic or legal environment, market interest rates etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the idle assets etc.) which could result in significant change in recoverable amount of the Property, Plant and Equipment and such assessment is based on estimates, future plans as envisaged by Group.

(v) Actuarial Valuation:

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the income statement and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market.

(vi) Allowance for impairment of trade receivables

The expected credit loss is mainly based on the ageing of the receivable balances and historical experience. The receivables are assessed on an individual basis assessed for impairment collectively, depending on their significance. Moreover, trade receivables are written off on a case-to-case basis if deemed not to be collectable on the assessment of the underlying facts and circumstances.

(vii) Provisions

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(viii) Revenue Recognition:

The Group's contracts with customers include promises to transfer products to the customers. The Group assesses the products promised in a contract and identifies distinct performance obligations, if any, in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables. Judgement is also required to determine the transaction price for the contract. The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over time. The Group considers indicators such as to who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc. The judgment is also exercised in determining the variable consideration, if any, involved in transaction price and also in estimating the impact of customer's right to return the goods, based on prior experience. The group has exercised judgments and concluded that it has only one performance obligation from each of its contract with customers and it is being satisfied at a point in time.

38. Employee Benefits

The Company has classified various employee benefits as under:

A. Defined Contribution Plans

- i. Provident Fund
- ii. Superannuation Fund

The Provident Fund is operated by the Regional Provident Fund Commissioner and the Superannuation Fund is administered by the LIC of India as applicable for all eligible employees. Under the schemes, the Company is required to contribute a specified percentage of payroll costs to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities.

The Company has recognised the following amounts in the Statement of Profit and Loss:

Particulars	(₹ in Lakhs)	
	For the year ended 31 st March, 2026	For the year ended 31 st March, 2025
Contribution to Provident Fund	47.29	44.94
Superannuation Fund	2.67	2.61
Total	49.96	47.55

B. Defined Benefit Plans

The Company operates a defined benefit gratuity plan covering qualifying employees. Under this plan, eligible employees are entitled to a post-retirement benefit calculated at 15 days' salary for each completed year of service, up to the retirement age of 58 years, subject to a maximum payment ceiling of ₹ 20 lakhs. The benefit vests upon completion of five years of continuous service. The gratuity plan was governed by the provisions of the Payment of Gratuity Act, 1972 up to November 20, 2025 and thereafter by the applicable provisions of the Labour Codes notified by the Government of India. Once vested, the gratuity becomes payable upon retirement or termination of employment. The Company makes annual contributions to a group gratuity scheme administered by the Life Insurance Corporation of India (LIC) through its Gratuity Trust Fund. The liability towards the gratuity plan is determined based on actuarial valuations carried out at the end of each reporting period using the projected unit credit method, as prescribed under Ind AS 19 – Employee Benefits.

The Government of India has consolidated 29 existing labour legislations into a unified framework comprising four Labour Codes -The Code on Wages, 2019, The Industrial Relations Code, 2020, The Code on Social Security, 2020 and The Occupational Safety, Health and Working Conditions Code, 2020 (collectively referred to as "the Labour Codes"). These codes have been made effective from November 21, 2025 and the corresponding supporting central rules have been notified from May 8, 2026. Accordingly, the Company has recognized a provision towards past service cost on gratuity payable to employees amounting to ₹ 4.62 Lakhs during the year ended March 31, 2026 which is included under "Employee benefits expense". The State Rules are yet to be notified. The Company continues to monitor the developments and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments, as needed.

Gratuity is defined benefit plan and Company is exposed to following Risks:

Interest Risk :

A fall in the discount rate which is linked to the Government Securities Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2026

Salary Risk :

The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk :

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Mortality Risk :

Since the benefits under the plan is not payable for the life time and payable till retirement age only, plan does not have any longevity risk.

Valuations in respect of above have been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

Particulars	Valuation as at	
	31 st March, 2026	31 st March, 2025

viii. The expected rate of return on plan assets is determined after considering several applicable factors such as the composition of the plan assets, investment strategy, market scenario, etc.		
ix. The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.		
x. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.

41. Disclosures on financial instruments

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet items that contain financial instruments.

The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2 to the financial statements.

(A) Financial assets and liabilities:

The following table presents the carrying amounts and fair value of each category of financial assets and liabilities as at 31st March, 2026 and 31st March, 2025

(₹ in Lakhs)		
Particulars	As at 31 st March, 2026	As at 31 st March, 2025
I. Financial assets:		
Measured at fair value through Other Comprehensive Income (FVTOCI)		
(a) Investments in equity instruments (Quoted)	932.16	1,495.65
Total	932.16	1,495.65
Measured at amortised cost		
Trade receivables	546.71	1,384.34
Cash and cash equivalents	16.95	2,192.38
Other bank balances	3,257.63	1,947.24
Investment in Associate	87.41	111.00
Loan to Associate	350.75	299.72
Other financial assets	16.03	14.31
Total	4,275.48	5,949.00
II. Financial liabilities:		
Measured at amortised cost		
Borrowings	818.57	2.51
Trade payables	266.71	877.86
Other financial liabilities	264.14	220.95
Total	1,349.42	1,101.32

The carrying value of Financial Assets and Financial Liabilities measured at amortised cost approximates to their fair values.

(B) Capital Management

The Group's objective when managing capital is to:

- Safeguard its ability to continue as a going concern so that the Group is able to provide maximum return to stakeholders and benefits.
- Maintain an optimal capital structure to reduce the cost of capital.

The Group's Board of Directors reviews the capital structure on a regular basis. As part of this review, the Board considers the cost of capital, risk associated with each class of capital requirements and maintenance of adequate liquidity.

(C) Fair Value Measurement:

This note provides information about how the Company determines fair values of various financial assets.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2026

The following table gives information about how the fair values of these financial assets are determined.

(a) Financial assets / liabilities at fair value through other comprehensive income (FVTOCI)

Particulars	(₹ in Lakhs)					
	As at 31 st March, 2026			As at 31 st March, 2025		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial assets measured at fair value						
Investments in equity -						
Quoted (Refer Note-5(A))	932.16	-	-	1,495.65	-	-

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

(b) Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The carrying amount of financial assets and financial liabilities measured at amortised cost in the Financial Statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

There has been no transfers between level 1, level 2 and level 3 for the years ended 31st March, 2026

(D) Financial risk management:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of borrowings (if any), trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations in selective instances. The Company's principal financial assets include trade and other receivables and cash and cash equivalents that derive directly from its operations and investments. The company is exposed to market risk, credit risk, liquidity risk etc. The objectives of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital. The Company's capital structure is managed using equity and debt ratios as part of the Company's financial planning.

1. Market risk:

Market risk is the risk that changes in market prices- such as foreign exchange rates, interest rates and equity prices- will affect the Company's income or the value of its holdings of financial instrument. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return. The major components of market risk are foreign currency risk, interest rate risk and price risk.

A. Foreign Currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2026

Foreign currency exposure as at year end are hedged as per the policy of the company

Particulars	As at 31 st March, 2026		As at 31 st March, 2025	
	Amount in Foreign currency	₹ in Lakhs	Amount in Foreign currency	₹ in Lakhs
Payable USD	1,12,404.10	106.40	6,83,257.06	597.25

(a) Foreign Currency Sensitivity:

The Company is principally exposed to foreign currency risk against USD. Sensitivity of profit or loss arises mainly from USD denominated receivables and payables.

As per management's assessment of reasonable possible changes in the exchange rate of +/- 5% between USD-INR currency pair, sensitivity of profit or loss only on outstanding foreign currency denominated monetary items at the period end is presented below:

USD sensitivity at year end	(₹ in Lakhs)	
	For the year ended 31 st March, 2026	For the year ended 31 st March, 2025
Liabilities:		
Weakening of INR by 5%	(5.32)	(29.86)
Strengthening of INR by 5%	5.32	29.86

(b) Forward foreign exchange contracts

The Company enter into forward foreign exchange contracts to cover foreign currency payments in USD. The Company enters in to contracts with terms up to 120 days.

Forward cover is obtained from bank for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

Though the forward contracts are not designated as hedging instruments, they are used for hedging foreign currency exposure & out of the above, the details of exposures hedged using forward exchange contracts are given below as at year ended 31st March, 2026 and 31st March, 2025 are as under:

Outstanding contracts	Average exchange rates		Foreign Currency	
	31 st March, 2026	31 st March, 2025	31 st March, 2026	31 st March, 2025
USD-Sell	-	87.27	-	3,77,328.10

Outstanding contracts	Nominal Amounts		Fair Value	
	31 st March, 2026	31 st March, 2025	31 st March, 2026	31 st March, 2025
In INR	-	329.31	-	322.92
Total	-	329.31	-	322.92

B. Interest rate risk:

The Company invests the surplus fund generated from operations in bank deposits . Bank deposits are made for a period of up to 12 months and carry interest rate of 5%-5.10% as per prevailing market interest rate.

Notes to the Consolidated Financial Statements for the year ended 31st March, 2026

Considering these bank deposits are short term in nature, there is no significant interest rate risk. There is no significant utilisation of borrowings.

C. Price risk:

The Company's equity securities price risk arises from investments held and classified in the balance sheet at fair value through OCI. The Company's equity investments in Securities are publicly traded.

Price sensitivity analysis:

The sensitivity of profit or loss in respect of investments in equity shares at the end of the reporting period for +/-5% change in price and net asset value is presented below:

Other comprehensive income for the year ended 31st March, 2026 would increase / decrease by **₹ 46.61 Lakhs** (P.Y. ₹ 74.78 Lakhs) as a result of 5% changes in fair value of equity investments measured at FVTOCI.

2. Credit risk:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company. Financial instruments that are subject to concentrations of credit risk, principally consist of balance with banks, investments in equity instruments and trade receivables.

None of the financial instruments of the Company result in material concentrations of credit risks, which may result into financial loss for the company.

3. Liquidity risk:

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company may be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.
