Notice

(viii). All the documents referred in the accompanying notice will be available for inspection through electronic mode on all working days till the date of this Annual General Meeting.

3. Voting through electronic means

Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) the Secretarial Standard on General Meetings (SS-2) issued by the ICSI and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs from time to time the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as e-voting on the date of the AGM will be provided by NSDL.

4. The instructions for shareholders voting electronically are as under:

The remote e-voting period commences at 9.00 A.M. (IST) on Saturday, 7th June, 2024, and ends at 5.00 P.M. (IST) on Monday, 9th June, 2025. During this period, Members holding shares either in physical or de-materialized form as on the Cut-Off Date i.e., Tuesday, 3rd June, 2025, may cast their votes electronically. The e-voting module shall be disabled by NSDL for voting thereafter. Those Members, who will be present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.

The voting rights of Members shall be in proportion to their share in the paid-up equity share capital of the Company as on Tuesday, 3rd June, 2025 ("Cut-Off Date").

SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder's/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

SEBI vide its notification dated 24th January, 2022 has mandated that all request for transfer of securities including transmission and transposition request shall be processed only in dematerialized form. Accordingly, Members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or RTA i.e. Niche Technologies Pvt. Ltd. for assistance in this regard.

In terms of SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

EXPLANATORY STATEMENT:

Annexure - A

Item No. 1

Explanatory statement for item no. 4 is being provided in accordance with Section 102 of the Companies Act, 2013, and Regulation 37A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). As per provisions of Section 180(1)(a) of the Companies Act, 2013 and regulation 37A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, mandates that the Board of Directors of a company shall exercise the power to sell, lease or otherwise dispose of the whole or substantially the whole of any undertaking(s) of the company, only with the approval of the members of the Company by way of a special resolution.

Further as per provisions of Section 180 (1)(a) and other applicable provisions, if any, of the Companies Act, 2013 and rules made thereunder if the company want to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the company or where the company owns more than one undertaking, of the whole or substantially the whole of any of such undertakings, then it requires the approval of the shareholders by way of a special resolution through Postal Ballot as per Section 110 of the Companies Act, 2013 read with Rule 22 of the Companies (Management & Administration) Rules, 2014. But as per the Companies (Amendment) Act, 2017, any item of business required to be transacted by means of postal ballot, may be transacted at a general meeting by a company and is required to provide the facility to members to vote by electronic means under section 108, in the manner provided in that section. As the Company has more than 1,000 shareholders, the Company is providing facility to the members to vote electronically at the Annual General Meeting. Therefore, the Board recommends the Resolution as set out in Item No. 4 for approval of the Members as Special Resolution.

The Board of Directors of the Company, at its meeting held on April 24, 2025 had approved the resolution to sell / dispose - off its Wind – Mill situated at Coimbatore, Tamil Nadu on a slump sale basis (as defined under Section 2(42C) of the Income-Tax Act, 1961) as per the Term Sheet to be executed between the parties and as approved by the Board of Directors. The net proceeds from the sale of the Undertaking will be utilized for enhancement of working capital of the Company, future expansion program or general business purpose.

Further pursuant to Section 180(1)(a), of the Companies Act, 2013 and regulation 37A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, members of the Company are further requested to note that their consent to the Board is being sought by way of a Special Resolution to sell and transfer the property of the Company situated at Coimbatore, Tamil Nadu to M/s Vaishnav Wind Infra Pvt. Ltd. for a consideration of 2.76 crore subject to such adjustments and the terms and conditions as may be agreed upon as per the Term Sheet and any other document to be executed between the parties in connection with the slump sale and as approved by the Board of Directors of the Company.

None of the Directors, Key Managerial Personnel or Senior Management of the Company or their respective relatives are in anyway concerned or interested, either directly or indirectly in passing of the said resolution, save and except to the extent of their shareholding in the Company, if any.

Management Discussion and Analysis Report

a) INDUSTRY STRUCTURE AND DEVELOPMENTS

The world market is anticipated to grow at a rate of 3.3 percent in both the F.Y. 2025 and F.Y. 2026, which is well below the average historical growth rate of 3.7%. The pace of expansion is low by historical standards, owing to both near-term factors, such as still-high borrowing costs and withdrawal of fiscal support, and longer-term effects from the COVID-19 pandemic and Russia's invasion of Ukraine; weak growth in productivity; and increasing geo-economic fragmentation. Global headline inflation is expected to fall from an annual average of 6.8% in 2023 to 5.9% in 2024 and 4.5% in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. The latest forecast for global growth five years from now has been pegged at 3.1% which is lowest in decades. Despite these challenges, however, major economies except for Europe has managed to avoid recession and major emerging market economies did not suffer the jolts as was anticipated. However, the growth rate and market sentiments in the USA remained a major concern for economies around the world as they had felt the tremors for the same. In the middle of this environment, the Company, is operating in chemical trading and wind power segments and had a year full of challenges. Nevertheless, it anticipates improving its performance in the ongoing financial year.

b) OPPORTUNITIES AND THREATS

The Company which began its Chemical Trading Business in 2022 has expanded its range of offerings by diversifying into various chemicals. The Company has expanded its trading operations to include Crop Nutrient Chemicals thereby reducing its reliance on Formic Acid which was a major revenue contributor in the previous financial year. The Company holds a positive outlook on its wind power generation business, expecting a boost from the anticipated recovery of pending dues from power discoms. We are exploring one or two more products in the rubber industries so that we can have more focus in Kerala.

However, both business verticals of Company are subject to inherent business risks associated with them. The chemical business is susceptible to price and demand fluctuations, international currency fluctuations and cheaper imports from China. The power business may suffer delayed payments from power discoms which could impact the profitability of the Company. The suppliers are increasing in the market rapidly hence effecting the price and competitiveness of the products.

Competition from others suppliers put pressures to keep costs low. Hence upgrading infrastructure and adopting efficient processes are crucial for maintaining cost-competitiveness.

c) PRODUCTWISE PERFORMANCE

In the wind power segment and Trading Segment the Company has earned a revenue of Rs. 1688.61 Lakhs.

d) OUTLOOK

The Company is highly focused on increasing and expanding its present line of business by securing new clients and orders to increase its operational efficiency and performance.

e) RISK & CONCERNS

The primary risk for the Company is associated with the volatility in the domestic markets, any kind of uncertainty which might prevail in the markets, high competition because of new entrants in the market and cheaper imports, inability to secure new clients or any new implementation of rules or regulations which might affect the functioning of the business in long run. However, the Company is taking all possible measure to cope with all these challenges by continuous efforts at cost optimization, process improvements, diversification of products and improving efficiencies. Further, the company is also monitoring the market trends and adapting to changing conditions as needed

Management Discussion and Analysis Report

(f) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company maintains a robust system of internal controls to ensure that all transactions are authorized, recorded and reported correctly. Internal audits and checks are carried out regularly by Internal Auditors, an independent firm of Chartered Accounts. An Audit Committee headed by an independent and non- executive Director is in place to review the systems continuously.

(g) FINANCIAL & OPERATING PERFORMANCE

This has already been discussed in the Directors Report.

(h) HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONTS

The Company maintained a positive and cordial relations with its employees and any issues that arise are solved across the table in a very congenial atmosphere. There were 10 employees as on 31st March 2025.

(i) DETAILS OF SIGNIFICANT CHANGES (I.E. CHANGE OF 25% OR MORE AS COMPARED TO THE IMMEDIATELY PREVIOUS FINANCIAL YEAR) IN KEY FINANCIAL RATIOS, ALONG WITH DETAILED EXPLANATIONS

This has been discussed in the Notes to Financial Statements.

Independent Auditor's Report

To the Members of
Jayshree Chemicals Limited

Report on the Audit of the Ind AS financial statements

Opinion

We have audited the Ind AS financial statements of Jayshree Chemicals Limited ("the Company") which comprise the balance sheet as at 31st March 2025, the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Management's Responsibility for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial

Independent Auditor's Report

position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (2) As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position except as stated in note no. 30(1)(i).
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

Independent Auditor's Report

Annexure "B" to the Independent Auditors' Report

Annexure to the Independent Auditors' Report to the Members of Jayshree Chemicals Limited referred to in paragraph 2 (f) of Report on Other Legal and Regulatory Requirements in our Report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Jayshree Chemicals Limited as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

Annexure "B" to the Independent Auditors' Report

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes to Financial Statements

Note 1 OVERVIEW

Overview and Notes to the Financial Statements as at and for the year ended on 31st March 2025

1. Corporate Information

Jayshree Chemicals Limited (JCL) is a public limited company ("transferee") domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange ('BSE'), in India. The registered office of JCL is 14 N S Road Kolkata-700001. The Company is principally engaged in generation of wind-power in India. These financial statements are prepared in Indian rupees.

The financial statements were approved and adopted by the board of directors of the Company in their meeting held on 24th April 2025.

2. Compliance with Ind AS

These financial statements are prepared and presented in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time as notified under Section 133 of Companies Act, 2013, the relevant provisions of the Companies Act, 2013 ("the Act"), the guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

3. Basis of preparation of financial statements

These financial statements have been prepared on historical cost basis except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of supply of goods/services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

These standalone financial statements have been prepared by the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet dates and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

4. Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statement and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed. Accounting estimates can change from period to period. Actual results could differ from those judgments. Appropriate changes in estimates are made as management become aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which the changes are made and, if material, their effects are disclosed in the notes to the financial statements. The Company uses the following critical accounting judgments, estimates and assumptions in preparation for its financial statements:

Notes to Financial Statements

In the process of applying the Company's accounting policies, management has made the following key estimates, assumptions, and judgments, which have significant effect on the amounts recognised in the financial statement:

(a) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

(b) Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(c) Defined Benefit Plans

The cost of the employment benefits such as gratuity and leave obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables for specific countries. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 35.

(d) Insurance Claims

Insurance and other claims raised by the Company are accounted for when received owing to uncertainties involved

(e) Useful lives of property, plant and equipment and intangible assets

The Company reviews the useful lives and carrying amount of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in a change in depreciation and amortisation expense in future periods.

(f) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Assessing whether a contract contains a lease requires significant judgement. Significant judgement is also required in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

Notes to Financial Statements

- (A) An asset treated as current when it is:
- (i) Expected to be realized or intended to be sold or consumed in normal operating cycle
 - (ii) Held primarily for the purpose of trading
 - (iii) Expected to be realized within twelve months after the reporting period, or
 - (iv) Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.
- (B) A liability is current when:
- (i) It is expected to be settled in normal operating cycle
 - (ii) It is held primarily for the purpose of trading
 - (iii) It is due to be settled within twelve months after the reporting period, or
 - (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- All other liabilities are classified as non-current.

6. Reclassification of financial assets and liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no classification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments; a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to the external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period. Following the changes in business model, the company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

7. Summary of Material Accounting Policies Information

a. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

i. Sale of Goods

Sales are recognized when the substantial risks and rewards of ownership in the goods, including custody, are transferred to the buyer as per the terms of the contract and are measured at the fair value of the consideration received and receivable and net of trade discounts, allowable sales return and sales tax/value added tax/goods and service tax.

ii. Interest Income

Interest Income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

iii. Dividend

Dividend income is recognized when the right to receive dividend is established.

Notes to Financial Statements

b. Inventories

Inventories are stated at lower of cost and net realisable value. The cost is calculated on First in First Out (FIFO) method. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition and includes, where applicable, appropriate overheads based on normal level of activity. Net realisable value is the estimated selling price less estimated costs for completion and sale.

Obsolete, slow moving, and defective inventories are identified from time to time and, where necessary, a provision is made for such inventories.

c. Taxation

Income tax expense represents the sum of current and deferred tax (including MAT).

Current income tax assets and liabilities are measured at the amount to be recovered from or paid to taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Income tax expense is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

d. Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment of loss, if any.

Cost of any item of property, plant and equipment comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition.

Depreciation is provided on the straight line method by depreciating carrying amount of Property, Plant and Equipment over remaining useful life of the assets.

Depreciation methods, useful life and residual values are reviewed at each financial year end.

The useful life and residual value as per such review is normally in accordance with schedule II of the Companies Act 2013.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss on the date of disposal or retirement.

Notes to Financial Statements

e. Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful life on a straight line method.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

f. Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that a Property, plant and equipment may have been impaired. If any such indication exists, the Company estimates the recoverable amount of the Property, plant and equipment. If such recoverable amount of the Property, plant and equipment or the recoverable amount of the cash generating unit to which the Property, plant and equipment belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the Asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

g. Borrowing Costs

Interest and other costs connected with the borrowing for the acquisition / construction of qualifying fixed assets are capitalized up to the date that when such asset are ready for their intended use and other borrowing cost are charged to statement of profit & loss. Borrowing cost includes exchange difference to the extent regarded as an adjustment to the borrowing cost.

h. Lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component based on the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use

Notes to Financial Statements

assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

Company as a Lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

i. Foreign Currencies Translations

Transactions in foreign currencies are initially recorded in reporting currency by the Company at spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of nonmonetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or statement profit or loss are also recognised in OCI or statement profit and loss, respectively).

j. Provision and Contingencies

A provision is recognised if as a result of past event the company has a present legal or constructive obligation that is reasonably estimated and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by discounting the expected cash flow at a pre-tax rate that reflects current market assessments of the time value of the money and the risk specific to the liabilities.

Notes to Financial Statements

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements, if material, are disclosed by way of notes to the accounts.

Contingent assets are not recognised in the financial statements, as they are dependent on the outcome of legal or other processes.

k. Employee Benefits:

Expenses and liabilities in respect of employee benefit are recorded in accordance with Indian Accounting Standard (IND AS 19 employees benefit)

(i) Short Term Employees Benefit

Short Term Employee Benefits (i.e. benefits falling due within one year after the end of the period in which employees render the related service) are recognized as expenses in the period in which employee services are rendered as per the Company's scheme based on expected obligations on undiscounted basis.

(ii) Post-Employment Benefit Plans

Under Defined Contribution Plan, the contribution is payable in keeping with the related schemes are recognized as expenses for the year.

Under Defined Benefit Plan, the present value of the obligations is determined based on actuarial valuations using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by actuary at each Balance Sheet date. Actuarial gain /loss, if any, arising from experience adjustments and change in actuarial assumptions are charged or credited to Other Comprehensive income in the period in which they arise.

(iii) Other Long-Term Employee Benefits

Leave encashment/compensated absence is determined by valuations using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by actuary at each Balance Sheet date. Actuarial gain /loss, if any, arising from experience adjustments and change in actuarial assumptions are charged or credited to Other Comprehensive income in the period in which they arise.

l. Cash and Cash Equivalents

Cash and Cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash at banks and on hand and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Company's Cash Management.

m. Dividend

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividend is approved by the shareholders. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

n. Earnings Per Share

Basic Earnings per equity shares are calculated by dividing the net profit or loss before OCI for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the year.

For calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of share outstanding during the period are adjusted for the effect of all diluted potential equity shares.

Notes to Financial Statements

o. Financial Instruments**(a) Financial Assets***Initial Recognition and Measurement*

All financial Assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Subsequent measurement

- (i) Financial Assets carried at amortised Cost- A Financial Assets is subsequently measured at amortised cost, using effective interest rate (EIR) method, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest term on the principal amount outstanding.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

- (ii) Financial Assets at fair value through other comprehensive income- A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other Comprehensive income based on its business model., Further in case where the company has made an irrecoverable election based on its business model for its investments, which are classified as equity instrument the subsequent changes in fair value are recognised in other comprehensive income.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

- (iii) Financial assets at fair value through profit or loss - A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss

(b) Financial Liabilities*Initial recognition and Measurement*

Financial Liabilities are recognised at fair value on initial recognition and in case of loan and borrowing or payables net of directly attributable transaction costs.

Subsequent Measurement

Financial Liabilities are subsequently carried at amortized cost using effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

For trade and other payables maturing within one year from the Balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Notes to Financial Statements

(c) De-recognition of financial instrument

The company de-recognises the financial assets when contractual right to cash flow from financial assets expire or it transfer the financial assets and transfer qualities for de-recognition under IND AS 109. A financial liability or a part of a financial liability is de-recognised from the company's Balance Sheet when obligation specified in the contract is discharged or cancelled or expires.

(d) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

p. Fair value financial instruments

The company measure financial instrument at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In determining the fair value of its financial instruments, the company use various method and assumption that are based on market conditions and risks existing at each reporting date. The methods used to determine the fair value includes discounted cash flow analysis, available quoted market price and dealer quotes and valuation report etc. The method of assessing fair value results in general approximation of value and such value may never actually be realised.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or liability, the company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

q. Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised

Notes to Financial Statements

in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

r. New Standards / Amendments to Existing Standard issued but not yet effective upto the date of issuance of the Company's Financial Statement are disclosed below:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the company.

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Contract assets are initially recognised for revenue earned from supplying/providing products/services, as receipt of consideration is conditional on successful completion of milestone. Upon acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables. Contract liabilities include advances received to deliver products and invoices raised in excess of revenue to be recognised.

Note 41 FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Company's financial liabilities include Loan and borrowing, security deposits, retention money and Trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include investments, trade & other receivables, deposits and cash & cash equivalents.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Company uses derivative financial instruments to hedge certain risk exposures. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes.

The Company's activities expose it to Credit Risk, Liquidity Risk, Market Risk, and Equity Price Rise. The Company has a Risk management policy and its management is supported by a Risk management committee that advises on risks and the appropriate financial risk governance framework for the Company. The Risk management committee provides assurance to the Company's management that the Company's risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

A. Credit Risk- A risk that counterparty may not meet its obligations under a financial instrument or customer contract, leading to a financial loss is defined as Credit Risk. The Company is exposed to credit risk from its operating and financial activities.

Customer credit risk is managed by the respective marketing department subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company reviews the creditworthiness of these customers on an on-going basis. The Company estimates the expected credit loss on the basis of past data, experience and policy laid down in this respect. The maximum exposure to the credit risk at the reporting date is the carrying value of the trade receivables disclosed in Note 9 (Nine) as the Company does not hold any collateral as security. The Company has a practice to provide for doubtful debts as per its approved policy.

An impairment analysis is performed at each reporting date on an individual basis. The calculation is based on historical data of credit losses.

The ageing analysis of the receivables (gross of provision) has been considered from the date the invoice falls due.

B. Liquidity Risk- A risk that the Company may not be able to settle or meet its obligations at a reasonable price is defined as liquidity risks. The Company's treasury department is responsible for managing liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credits, Term loans among others.

C. Market Risk- A risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices is defined as Marketing Risk. Such changes in the value of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

(i) Foreign Currency Risk- A risk that the fair value or future value of the cash flows of a forex exposure will fluctuate because of changes in foreign exchange rates is defined as Foreign Currency Risk. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's import and foreign currency loan/ derivatives operating activities. The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange exposure. The management monitors the foreign exchange fluctuations on a continuous basis.

Derivative instruments and un-hedged foreign currency exposure:

The Company does not enter into any derivative instruments for trading or speculative purposes.

(ii) Interest rate risk- The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. The Company is not exposed to such risk as on 31st March, 2025.

Note 42 CAPITAL MANAGEMENT

The Company's objective when managing capital (defined as net debt and equity) is to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, while protecting and strengthening the Balance Sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes adjustments to it, in taking into consideration the economic conditions and strategic objectives of the Company.

For the purpose of the Company's capital management, capital includes issued capital, share premium and all other equity reserves. Net debt includes, interest bearing loans and borrowings, trade and other payables less cash and short term deposits.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches of the financial covenants of any interest bearing loans and borrowing for reported periods.
